PRICE, TWO CENTS

REV. FATHER O'BRIEN GAVE INTERESTING ADDRESS AT OUTREMONT CURLING CLUB

"Why We Are Irish Today", Subject of Address—Club Appropriately Decorated With Shamrocks and Clay Pipes—His Worship Mayor Beaubien Present—John Graham Presided.

Last Saturday evening the Outremont Curling Club held its annual St. Patrick's Night supper in honor of Ireland's patron saint. A large number of members, friends and many civic officials attended. For the occasion the committee in charge arranged a most elaborate display of green and white, Shamrocks, ferns, and various kinds of flowers were placed on the tables with real old fashioned clay pipes in green ribbons, to complete a real Irish atmosphere.

Following the supper the guest speaker Rev. Father M. J. O'Brien addressed the gathering on "Why We Are Irish Today." The speaker was well fitted to deal with the subject, as he has made a thorough study of the history of Ireland, and has gained much first hand knowledge of the development of Ireland in recent years. He has made several trips to the land of his forefathers for this purpose.

He told, how with the landing of St. Patrick there sprang up in the place of paganism the Gospel of Truth which has survived to the present day, despite foreign invasions that threatened to overthrow it. The speaker continued with a more modern discussion of the topic and described the prosperity of Ireland under the Free State Government.

Among those who contributed to the evening's entertainment were Bert Rogers who rendered selections of Irish music; Miss Jean Williamson presented Irish recitations. Next came Mrs. Smart who sang popular Irish composition. The entertainers were well applauded and the two ladies were presented with bouquets of roses. Tiny FitzGerald the soup spoon artist also well received.

Alderman Ernest Sayer, vice-president of the club and chairman of the boosts committee took the chair for the distribution of the boosts prizes. Many beautiful prizes were presented. Mr. Sayer was congratulated heartily on the splendid work and great enthusiasm that he has always shown in the interests of the club, whether there is work to be done, games to be played, or even other teams to be beaten. E. Sayer is always on top, and this opinion is shared by every member alike.

Regret was expressed by the president, Mr. John Graham at the absence of Mr. Ed. McCormick a member of the club who met with an accident several weeks ago. Mr. McCormick is making a speedy recovery and hopes to be back in harness shortly.

Those at the head table were: Rev. M. J. O'Brien, Rev. Mr. Morris, Rev. Father O'Rourke, Mayor Beaubien, Ald. Hudson, B. Heffernan. Past presidents, George Clark, B. Brown, L. R. Henderson, Wm. Mathews secretary, Sam Burrell treasurer.

John Graham president of the club presided.

LOCAL GROCER LAD HELD-UP

Thieves Get Sixty Dollars From Lionel Remeny

Last Saturday morning while delivering groceries for a local store, Lionel Remeny was confronted by two men. "Hands up" was the order that was issued, and the delivery boy immediately complied with their request. He was relieved of collection money to the amount of \$60 and the thieves made off.

Police are investigating the case although they have practically no clues to work on.

LOCAL RESIDENTS CAPTURE AWARDS

Miss L. Belfey, 1140 Lajoie Avenue, H. J. Woodman, 5920 Waverley street and J. Duchow, 1601 Park avenue, all residents of this district have been notified that they were successful in winning awards at the lucky attendance contest which was held at the greater Montreal Civic Show, and which was sponsored by the City Improvement League.

ANTI-REDS ATTACK COMMUNISTS

Four members of the Communist Children's Camp at Van Etten, which was threatened by a mob of 1,500 men and boys.

Undisputed Queen of the Pacific

PACIFIC OCEAN RECORDS

How New Times Compare With Old:	DEVS	HOURS	MIN.	
Yokohama to Vancouver 4280 miles	Empress of Japan	8	3	18
	Empress of Canada	8	10	53
Vancouver to Honolulu 2329 miles	Empress of Japan	4	15	50
	Previous Record	5	13	50
Honolulu to Yokohama 3379 miles	Empress of Japan	6	9	43
	Empress of Canada	7	6	11
Kobe to Yokohama 333 miles	Empress of Japan	15hrs	54m	
	Previous Record	19hrs		

Smashing record after record, the beautiful 26,000-ton Canadian Pacific liner "Empress of Japan" holds an established reputation as the queen of the Pacific Ocean, both in speed and comfort. Her latest accomplishment, on her last 4280-mile trip, eastbound from Yokohama to Vancouver, was to complete her journey in 8 days, 3 hours and 18 minutes, thus beating her own previous record by 3 hours and 40 minutes. Apart

from this she holds records between Vancouver and Honolulu; Honolulu and Yokohama and Yokohama and Kobe. The last-mentioned record is considered the ship's best speed performance. The commander of this great White Empress, Captain Samuel Robinson, indicated after her last trip that she has still more power in reserve and may well hang up another record in the near future.

Double Dedication Service At MacVicar Memorial

Last Sunday the MacVicar Memorial Church commemorated the twenty-fifth anniversary of the dedication of the first building constructed, and also the present enlarged edifice. The occasion was celebrated by special services both in the morning and evening. The preacher in the morning was Rev. W. D. Reid, D.D., who participated in the services in 1906 and again in 1913.

Rev. Dr. Reid, in his sermon reminded the congregation of the beloved minister whose name the church bears, the late Rev. Donald H. MacVicar, D.D., LL.D., who for some years was principal of the Montreal Presbyterian College, Montreal.

He cited his own personal contact with the ministers and congregation in the MacVicar Memorial Church. Taking the theme of "building" the speaker dwelt for some time on the many edifices that the people of Outremont had worshipped in, on the clergy who had ministered to them, and who had labored untiringly in the building up of the congregation.

Rev. George H. Donald, D.D., who conducted the evening service preached on the futility of impatience. Rev. Dr. Donald felt that there was a certain kind of impatience, which might with reason be considered as justifiable, such as the urge to disregard oft-repeated old sayings, which probably had but a modicum of truth about them in the first place. The people who were always in a hurry, wanting to take life in one stride as it were, with never a pause as to whether they were bound in their fever to be on their way, while living in a tremendous whirl all the while, seldom have the staying power necessary for prolonged struggle toward a definite goal. They regarded life as a hundred-yard dash, instead of a marathon, and their energies and enthusiasm were apt to be dissipated with too much of a spurt at the beginning of things forgetting that to last out the day, some conservation of strength is necessary. Wariness and prudence were two important words lacking in the vocabulary of many people today, and in their impatience to get things done they forget the necessary foundation laid by steady plodding day-after-day effort.

Patience Needed
 More patience was needed in dealing with one's fellow men, in the opinion of the speaker, who said that a rash ill-considered word or deed done in a moment of irritation could undo what years of consistent kindness and consideration had accom-

plished. He admitted that it took a tremendous effort to smother the irritation and preserve a courteous politeness towards people who, in countless ways, seemed determined to ruffle the equanimity of those with whom they come in contact, but life itself was much more worth while if "the peace of God, which passeth all understanding" was in the heart, a peace which could only come with a certain serenity of outlook and calmness of spirit. Patience to wait for God's bidding was a difficult thing to ask of a vigorous, energetic person, but the Almighty cannot be hurried, and it only adds vexation and mental worry to one's other troubles to fret and get upset, because "He moves in a mysterious way. His wonders to perform."

The late Field-Marshal Earl Haig, and the late Commander R. F. Scott, R.N., the Antarctic explorer, were described as naturally impatient, moody, irritable men, who so schooled themselves to remain cool in the face of imminent danger over long periods of time, that, having gained the mastery over their own natures they were recognized by their fellows, as the fit men to lead them in times of stress. The preacher concluded by saying that in this daily conquering of impatient irritability, inherent in so many people of this noisy nerve-wracking hurrying age, lay the remedy for much of the present restlessness and that as control over testiness was gained, a sense of serenity and comfort would fill the heart; thus would the promise "In your patience, ye shall possess your soul" be fulfilled.

Special music at both services was rendered by the choir, under the direction of Percy French, organist and choirmaster.

Joseph Jeremiard Found Dead by Housekeeper

Joseph Jeremiard, 51 years of age, of 6625 St. Dominique street, was found dead in bed by his housekeeper last Sunday evening. According to physician who effected an examination of the body it was learned that the man had been dead for several hours. The body was removed to the morgue where inquest was held.

Police learned from Miss Gordon who was proprietor of the house that shortly after 8 o'clock Saturday morning she left the house and did not return until Sunday evening, when she found the body. She immediately notified a physician and summoned the police.

Skeleton Key Opens Cafe

Burglars are again active in the North End with skeleton keys. Early last Sunday morning burglars entered the premises of the Villeneuve Cafe and tavern and carried away the safe, which was said to contain \$189 in cash. Police believe that a skeleton key was used. The safe was found in the basement of the building where it was left after the money was removed.

LOCAL FIREMEN OVERCOME BY GAS SUNDAY

L. B. Temple, of M. L. H. & P., Was Called to Use New Inhalator

Two firemen S. Lobeau and D. Hamel of the Laurier avenue west Station were partially overcome by illuminating gas while fighting a fire in the cellar of the home of L. Frost, at 4663 Clark Street, last Sunday afternoon. L. B. Temple head of the Montreal Light Heat and Power, Cons. emergency squad, used his new inhalator on the two men simultaneously, after which they resumed their duties as their condition was not serious.

A passing pedestrian first noticed the fire. He immediately summoned the firemen, who on arriving found no one at home. The fire had gained considerable headway and the cellar was a mass of flames. Firemen under the direction of Deputy Chief Robert played two streams of water into the heart of the blaze.

The heat of the flames had melted away the lead gas pipes which connected the gas meter, and as a result the cellar was filled with illuminating gas. The two firemen who were victims of the gas collapsed as they were leaving the cellar, and were rendered first aid. Considerable damage was done to the dwelling, and the firemen were on the scene for two hours before the flames were extinguished.

Conductorless busses are being tried in Paris. Passengers obtain their tickets at the various stops, and on entering the vehicle find a machine punches the ticket and rings a bell to inform the driver the transaction is completed.

CONSTABLE BOURCIER GRABS TWO MEN IN ACT OF OPENING A&P STORE

Arrests Effected While "Cop" Was Patrolling Beat—Lucien Gauthier and Marcell Claville Plead Guilty—Will Be Sentenced on Friday.

When patrolling his beat at 2.20 last Sunday morning, Constable Bourcier of the Outremont Police Department caught two men in the act of entering the Atlantic and Pacific grocery store at 1270 Van Horne avenue, Outremont.

Both men were taken to the police station, where they were charged with breaking and entering, and they gave their names as Lucien Gauthier, 22 years of age, of 6504 Clark street, and Marcell Claville, 20 years of age, of 6292 Henri Julien avenue.

Constable Bourcier effected the arrests. He was patrolling his beat and was trying the rear doors of the stores. Coming upon the chain store he proceeded to the rear, and there he saw one of the thieves at work. He commanded him to put up his hands and placed him under arrest.

Shortly after the first culprit was safely stored away in the wagon and out of sight the constable spied a human head coming from within the coal chute. He quickly stepped back and awaited until he stepped out when he nabbed him and escorted him to headquarters.

At police headquarters it was learned that one of the two had entered the cellar by the coal chute with the intention of opening the door from the inside. When his pal was removed in the wagon the second man waited until he imagined the coast was clear and contemplated making a speedy get away.

Both were arraigned last Monday morning before Judge Monet and pleaded guilty of breaking and entering. They will be arraigned for sentence to-morrow morning.

AUTO SMASH-UP ON ST. VIAEUR SETTLED IN COURT

Judge Archer Awarded Harry B. Harrison \$350 Damages

Finding Edouard Boivin at fault in connection with an automobile accident which occurred at the intersection of St. Viateur street and St. Lawrence boulevard on December 23, 1928, Mr. Justice Archer, on Saturday, awarded Harry B. Harrison \$350 damages.

Harrison alleged that his car, driven by Robert J. Burns, a competent chauffeur, was proceeding along St. Viateur street. Upon nearing the boulevard the car's speed was reduced to at most eight miles an hour and had almost reached the east rail of the street car tracks when it was struck by the defendant's car, which plaintiff claimed was travelling at an illegal speed, a speed so great that after hitting the plaintiff's car it could not be stopped until it collided with a post

at the northeast corner of the intersection.

The defendant countered with an allegation of negligence on the part of the plaintiff's chauffeur and a claim that the plaintiff's car was also travelling at an illegal speed.

Mr. Justice Archer held the defendant to be at fault and ordered him to pay \$350 damages, with costs.

ST. ROCH'S CHURCH HONORS ST. PATRICK

Last Sunday morning St. Roch's church honored Ireland's patron saint with a special sermon, and Irish music at each mass.

This evening a St. Patrick's card party will be held in the church hall, in aid of the church fund. Mrs. J. G. O'Neil and Mrs. E. Sauriol are the convenors. Judging from the splendid work displayed by these two ladies in the past a great success is anticipated for this evening.

The Lenten devotions which are held every Wednesday and Friday evening have up to the present been well attended. The mission will open on Sunday evening, March 22, and will be conducted by Rev. Father O'Reilly, C.S.S.R., of Toronto.

Sidewalk Cleaning Appreciated

Last week Alderman Holland had the road department on the job, with broom and shovel. The men were sweeping and shoveling the water and slush off the sidewalks. By the mothers, especially with young walking children, it was very much appreciated.

More street lamps or, better still, pedestal lamps are badly needed on Park Ave.

With the streets becoming dryer, this speedway is just about open, and a pedestrian practically takes his life in his hands, by crossing the street. A few motor cops, on this very busy street, and a few sickers handed out will tend to curb the speeders.

"Deadlock" Remains Unbroken

Another summer will soon be with us, and so far as the man in the street can foretell, Montreal workingmen will again be denied quick access to one of the city's finest breathing places, St. Helen's Island. When the new bridge had been finished, it was expected that a convenient way had at last been provided for the masses from the overcrowded parts of the city to get a little fresh air. A tram line was to run across the bridge, with a stop at the island, and the fare was to be low. But although provision for the tram lines had been made and accommodation for them built into the bridge, nothing has as yet been done to get the cars in operation. What happened? Is it again a case of political manipulators looking for a "deal"? It would be a good thing if the majority of the city's residents could express themselves on the matter. If that could happen it would take more than a "deadlock" to keep the cars from running on May 24th.

Miss Macphail Visits Montreal

Agnes Macphail, noted member of parliament for East Grey, came to Montreal last week, and like many other visiting notables from Ontario, took a hearty slam at this province and its people. Miss Macphail's remarks about Quebec were, however, considerably more ridiculous than the usual Upper Canada observations on this province. Miss Macphail stated that in Quebec a wife was merely a source of amusement to her husband, "a sort of star vaudeville turn." Possibly nowhere in the world is a woman more truly a partner of her husband than in French Canada. It is difficult to reconcile Miss Macphail's remarks with the facts when you consider that the French-Canadian woman's lot consists, among other things, of cooking, sewing and washing for a large family, chopping wood, milking cows, and other chores. She has little time to dress pretty and "amuse" her husband. When speaking of things outside Quebec, however, Miss Macphail was well worth listening to. Speaking of the enfranchisement of women she regretted the fact that women had swallowed whole the "indigestible mass of party politics." Most women vote as their husbands vote. We have yet to see women as an independent political force, thinking for themselves, and voting as they think. Miss Macphail's observations on our national problems, particularly the spirit of narrow nationalism that is at present making itself felt in this country, could well be taken to heart by some of our representatives at Ottawa.

SOCIAL Some Ways to Add Variety To the Meals During Lent

The following are additional subscribers to the card party held by the Outremont and North End Women's Club in the Windsor Hotel last Wednesday afternoon.

Mrs. H. Rowlings, Mrs. W. G. Hopper, Mrs. Maude Skillen, Mrs. Andrew Young, Mrs. F. McCuaig, Mrs. W. J. McCarthy, Mrs. J. Smith, Mrs. A. Frigg, Mrs. J. D. Beech, Mrs. E. A. Livermore, Mrs. H. C. Griffith, Mrs. H. McFadyen, Mrs. A. Burgess, Mrs. Ernest Johnson, Mrs. H. M. Bleakley, Mrs. E. R. Morton, Mrs. J. I. Crisp, Mrs. E. H. Lafleur, Mrs. W. Fowler, Mrs. Wm. Dunn, Mrs. D. M. Garfield, Mrs. W. Bowden, Mrs. R. D. Watts, Mrs. H. C. Allan, Miss M. Rodrigue, Mrs. J. Percy, Mrs. T. Noall, Mrs. W. L. Goodman.

"Our Missionaries" was the subject of an address delivered by Mrs. J. W. Dougherty to the members of the Outremont Presbyterian Church Women's Missionary Society which met on Monday night. Mrs. Millan and Mrs. MacGillivray acted as hostesses during the evening.

Miss O'Neal was the speaker at a meeting of the Thredgold Young Women's Christian Temperance Association which was held at the home of Miss Lillian LeHuquet 623 De l'Espece avenue on Tuesday night.

DETAILS FOR ACROSS-CANADA TOURS COMPLETE

Both Trips Will be Under the Auspices of the Canadian National Railways

Details are being arranged and a number of reservations have already been made for two across-Canada tours which will take place this year under the auspices of the Canadian National Railways, in conjunction with C. A. Adams, B.A., of Granby, Que., Martin Kerr, B.A., of Hamilton and E. A. Bryson, of Toronto, well-known tour organizers.

According to the announcement of C. K. Howard, manager of the Canadian National Railways' Tourist and Convention Bureau, the first tour will leave Montreal on July 24 and Toronto on July 25.

From Sarnia to Port Arthur, the travellers will cross Lake Huron and Lake Superior on the "Noronia". The tour will cross the prairies to the Rockies, visiting Victoria and Seattle and cruising north to Prince Rupert by Canadian National steamer.

Stops will be made at both Jasper National Park and Minaki. Among the cities visited will be Winnipeg, Saskatoon, Calgary, Edmonton, Vancouver, Victoria and Seattle. Drives and sightseeing trips have been arranged in each stopping place.

The tours will be personally conducted and all expenses will be arranged beforehand, an arrangement which relieves the travellers of the annoyances which sometimes crop up on long journeys.

The Lenten season brings with it a special problem for the homecook who must prepare the meals for a family that observes all the fasting days, for there are many persons who do not care for fish, and many who tire quickly of eggs.

There are numerous "made" dishes in which vegetables, nuts, cheese, as well as fish and eggs, are used as substitutes for meat, and they are economical, easily made, wholesome.

When a vegetable dinner or a main dish that is not particularly rich in protein is served, try to serve a dessert in which eggs and milk are used.

Make special use of cheese during this season, for it is an economical and very wholesome substitute for meat. Choose a well-flavored, rather hard cheese for cooking. It is better than the waxy types, which are apt to become stringy.

A Vegetable Platter With Poached Eggs

This is an ideal supper dish, healthful and nourishing. When in season fresh vegetables may be used, otherwise use canned ones. Spinach, potatoes, peas, asparagus and carrots make an attractive platter because their colors are varied. Prepare the vegetables, cooking in as little water as possible. If desired, left-over potatoes may be used, dicing them and heating them in cream sauce while the other vegetables are being cooked. Carrots, when cooked, require a tablespoonful of butter to each cupful, seasoning and a generous sprinkling of paprika. Asparagus needs seasoning, butter and lemon juice. Dress the peas with butter. Chop spinach fine, add butter and season with a little vinegar. Poach as many eggs as are needed. Toast a slice of bread for each egg. Arrange the buttered toast in the centre of the platter, carrots alternating between the potatoes and green peas, the asparagus between the spinach and the peas. Garnish with parsley and little red radishes. Serve at once.

Pecan Potato Sausages

Measure two cupfuls of pecan meats after shelling, and put them through a nut grinder, using a coarse knife. Add to a cup of mashed potato, seasoned with a scant teaspoonful of salt, 1-4 teaspoonful of pepper, and a tablespoonful of crumbled dried parsley. Bind with one beaten egg, and fill into sausage casings. Cook in hot butter on a frying pan when ready to use them. Or the mixture may be formed into balls, and sauted or fried. Or, it may be made into flat cakes, and baked until brown in a hot oven. A tomato sauce is a good accompaniment.

Planked Eggs

First of all scrub and then boil—in their skins—some good meaty potatoes. When done skin them and mash them finely, adding a little warmed butter.

Put the mashed potatoes in heaps on a well-greased plank. With a spoon make a hollow in each heap. Into these centres drop a lightly poached egg; put the plank into a hot oven to color the potato slightly and then serve.

Savory Macaroni and Cheese

Cook some macaroni in a generous quantity of boiling salted water.

Make a pint of medium white sauce. When the macaroni is cooked, drain it, rinse under the cold water tap, then season with butter and a fairly generous amount of grated Canadian cheese and a few grains of dry mustard. Turn it into the white sauce, mix well and allow the mixture to steep at the side of the stove for a few minutes. Then turn it into a greased casserole, cover the top with buttered crumbs and more grated cheese, and bake until a golden brown.

Fillets of Fish a La Provencale

4 fillets.
Salt and Pepper.
1 small onion, finely minced.
Salad oil.
1 teaspoonful minced parsley.
Lemon and parsley.
Wipe the fish, sprinkle with salt and pepper and fry in a little oil in which the onion and parsley have previously been cooked golden brown, then strained out. Keep these hot and sprinkle over the fish after cooking, garnishing with lemon and parsley.

FREIGHT TRAFFIC SHOWS INCREASE DURING WINTER

Passenger Service on Canadian National System Also Supplemented

The latest periodic review of passenger and freight traffic between Canada and the British West Indies, as carried by the liners and freighters of the Canadian National Steamships, shows that there has been an increase during last winter for the months of December and January.

The increase has been chiefly in passenger carryings and in north-bound freight shipments. So considerable was the passenger increase that it more than justified the move by which the company created more passenger accommodation on its liners of the Western Islands service and of the Eastern Islands service.

C. N. R. TRAFFIC HEAD HONORED FOR SERVICES

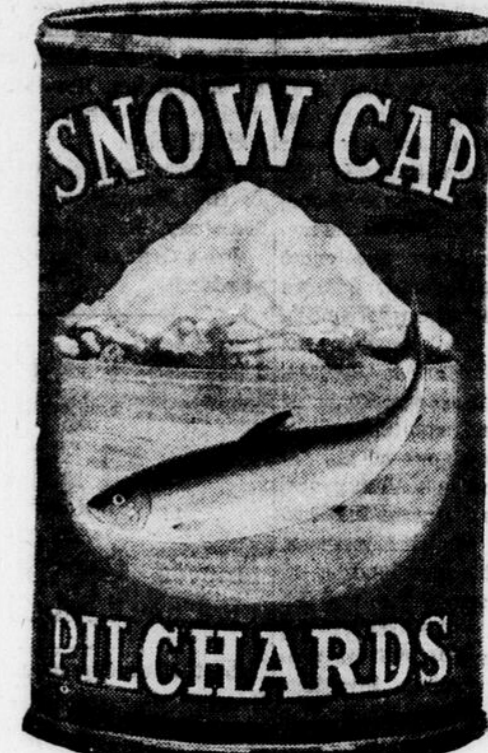

Freight carried south from Canada maintained a level which compared favorably with the corresponding period last year, in spite of the depression which kept freight carryings low throughout the world.

Freight into Canada increased chiefly because of entirely new fields of commerce opened by the enterprising interests in the West Indies. Tomatoes, limes, oranges and grapefruit are perhaps the chief new products which are now being exploited by islands which formerly gave no thought to these fruits of the tropical soil. More than 150 carloads of tomatoes were shipped from Canadian National liners at Halifax for Montreal and other Canadian points during the two months in question.

For outstanding services, Albert A. Gardiner, Assistant General Passenger Traffic Manager, of the Canadian National Railways, has been made a Knight of the First Class of the Royal and Military Order of the Mercedarians. The order was founded in 1218 and was granted to some of the Crusaders of the Middle Ages.

The man who knows least about women is the one who has had the most love affairs, and the man who knows most is the one who has had but two teachers—his mother and his wife.

Rangers Captured Outremont Hockey Title

DOWN HARD FIGHTING INVADERS TEAM 2 TO 1; BATSON SCORES TWO

Great Finale at Mount Royal Arena to Successful Season—McPhee Plays Sensational in Goals—Winners Strong Defensively—Charbonneau Receives Cup

(By H. W. Sylvester)
The Outremont Hockey League campaign for this season culminated last Sunday night at the Mount Royal Arena, where close to fifteen hundred fans were present as Rangers beat Invaders by the score of 2 to 1 and earned the coveted championship of the League.

Rangers unquestionably held command throughout the greater part of the game, and bolstered by an impassible and equally formidable rear guard in Batson and Roseman, they held the better of the play against the dashing Invaders sextette. Rangers clinched the first add early in the first period, after Batson crossed the centre line for a long shot. From this point on, the play rapidly developed into a hard-hitting, fast-moving contest. Invaders showed pretty smart marksmanship for the Rangers cage, but the latter's goalie cleared sensationally. Individual greediness to tally on the part of the Invaders automatically gave the redsters increased advantage in carrying out their combinations. The first session was especially noted for this, and only kind fate for Invaders had saved the speedy Ranger boys from tallying. Neatly played combinations were a major part of the swift and steady rushes of the speeders on the Invaders' nets. Charbonneau performed excellently, and himself played a fast ragged game. He was McPhee's main anxiety in the first period, when several desperate chances nearly evolved a goal.

Invaders' great fault, however, was in over-skating the puck, and constantly neglecting combinations. The Colvey-Alarie passes seemed to lose hold and were seldom in action. A minor excuse for this was perhaps that the Invaders' coach did not realize in placing his men most of the time, that these ready-to-go forwards never worked better than when in unison. Rangers had nothing to regret in the fulfillment of their opposition, as they filed formations with startling momentum.

As the second period broke, both teams entered the contest fully determined for victory. Rangers lead was not taken too seriously a god chance by the, and they drove firmer and harder to add another counter for a shut-out of their attackers.

The numerous spectators had already accustomed themselves to the struggle for supremacy, and loudened the atmosphere with many boisterous outbursts.

Referee Ed. Duclous was severely criticized, and accused of favoritism for the Rangers, especially in the second session, by the Invaders ardent supporters. No doubt his whistle blowing had far exceeded the average recourse for such a game as this, but it was nevertheless considered necessary. Tactics of "dirty" playing were the cause of much strife among the players, and were fast developing into further trouble, when he intervened more strenuously.

The big dispute arose over a penalty to B. Colvey, and the consequent change of this to a major, for back-talk and swinging of the player's stick in some well-aimed direction.

The Invaders set were ready to dissolve at this uprising, but, President Roger Lacoste repeated his previous warning to all players, that sufficed to explain the situation.

Towards the close of this period, Invaders were pounding heavily at the Rangers. Alarie got away with many fine drives and almost made a tally. C. Colvey shot up a pass to "Ernie", and he darted through for a shot. McPhee cleared, but the puck rolled loose to the goalmouth, and the goalie sprawled for it, just as the Invaders' centreman strived to push it in. Rangers' goal-tender here performed one of the greatest feats this season.

Invaders Still Optimistic
As a fitting occasion for such a favor, Charbonneau was presented with a silver cup for the title of being the most valuable man on his team, by a staunch supporter of the Invaders.

The donor of the cup refused to divulge his name. "Bonneau" blushed

obviously, when a number of female spectators voiced their admiration.

The puck was later faced in centre, and the third session was soon under way. Invaders showed great optimism in this set, and started out vigorously. G. Durocher was on the wing in place of B. Colvey, and Alarie remained in centre to face McGoldrick. The Rangers began with two spares and gradually rounded out their aggressive style with heady play. Batson tried many runs through, and within five minutes of the beginning of play salted a second tally, after swerving past Charbonneau, and scoring from the blue line, with a perplexing angle shot.

This second goal gave the Invaders renewed fighting power, and they continued prodigiously for the next ten minutes. They put up a game fight, but only raised the battle-axe for a tally when the ebbing minutes of this last session divided them by five minutes, and they finally went to defeat. Their only tally was the result of a triple combination sweep, between C. Colvey, Alarie and Webster. The latter player drove the disc mightily and it launched in the Rangers' net. The result of this game, which from the spectators' point of view was close and well-fought, was justly deserving of its victors. The Rangers were no doubt the better team when it came to the showdown.

The line-up:—
Rangers (2) Invaders (1)
McPhee, goal Mulcair
Batson, defence Charbonneau
Roseman, defence Webster
McGoldrick, centre E. Alarie
H. Claxton, wing B. Colvey
Annett, wing C. Colvey

Rangers' subs.—L. Claxton, Kearns, Denman, Hayes.
Invaders' subs.—G. Durocher, R. Durocher, Blampied, Poirrier.

Summary
First Period
1—Rangers, Batson 4.04
Penalties: B. Colvey, Webster.

Second Period
No score.
Penalties: Roseman, G. Durocher, B. Colvey (major).

Third Period
2—Rangers, Batson 4.45
3—Invaders, Webster 16.50
Penalties: Webster, Charbonneau, Hayes (2).

Referees: J. Vadboncoeur and Ed. Duclous.

Tit - Bits From Press Gallery

"Ernie" Alarie played a fair game, but did not appear very much like his former self in other games. His speed was notably reduced in the latter part of the game, by an aggravating sore foot, evidently caused whilst playing.

The Invaders would have suffered a whitewash at the hands of the Rangers were it not for Jack Webster's quickness of forethought in dealing out the tally drive.

H. Claxton played brilliantly and gave Mulcair more than enough to think about, whenever he whistled a shot.

Annett swung into the game this season in more or less spectacular fashion. It is surprising what a little practice means to Johnny, who is also a crack shooter for the Stratheona team.

Of the Rangers set, two worthy players have fulfilled a big share of that team's drive for laurels this year, by tactful and aggressive hockey. They are Tommy McGoldrick and L. Claxton.

Both Kon and Hayes cast a dark shadow over this week's game, when they were several times on the verge of scoring after stickhandling their way through.

A very quiet and apparently sensitive stickhandler is Denman. We would hardly know he is playing for

Rangers' Great Sniper Wheeling Bill Cook Leading Actual Goal-Getters Again And Threatening For Points Leadership

Bill Cook
The indications are that Bill Cook, peerless right winger of the New York Rangers, is pointing for the scoring leadership of the National Hockey League again this season.

Brother Bill has been right up in the fight for individual honors from the start, and recent official figures showed that the wheeling stylist, who whirls in circles more gracefully, perhaps, than any other player in the game, had out-shot every other player in the League in point of goals. His assists had fallen off, which was natural, as Bill is the player on the Rangers to whom the passes go, for he is a dead-shot whips the puck from all angles, and is always driving for the corners.

Bill Cook, the elder of the two Cook brothers who combine with Frankie Boucher for one of the most famous forward lines in hockey—and the most effective, if figures count—was christened "William O." soon after he was born on October 9, 1898, in Brantford, Ontario. Bill's dad and uncle both having been famous hockey and lacrosse players, it is quite natural that the youngsters should prove adept at the game. It wasn't long before he became a "Conquering William" of the steel blades, and in 1925 he found himself the leading scorer of the Western Canada league with 42 points to his credit.

In 1926 Bill was at the top again with 46 points so that when he was purchased with brother Bun (the two are inseparable) by Colonel Hammond for \$15,000 from Saskatoon, it was no surprise when he finished his first season in the N.H.L. as its leading point-getter. Bill's 37 markers in the 1926-27 season were accounted for by 33 goals and 4 assists, putting him one ahead of Dick Irvin, of Chicago. In 1927-28 he was in the first ten, but right at the bottom of that number, though this was the year that Rangers beat Boston in the section play-offs, and went on to defeat Montreal Maroons in one of the most dramatic world's series on record. The season 1928-29 found William fourth in his section, but only four points behind "Shovel Shot" Carson Cooper, who finished in the lead.

The lack of fuss he makes, but, when he gets the puck, look out!!
An overdose of sureness must have overcome the Colvey-Alarie combinations in this game. Their former interceptions were visibly lacking Sunday night, much to the surprise of informed spectators.

J. Vadboncoeur and Ed. Duclous were good refs anyway. No matter what anybody says about them now. As boxing judges, however, I wouldn't be surprised to see them beside some ring at a pro bout.

Roger Lacoste is the best President the League ever had. (It was formed last December.)

CONCORDIA SIX BEAT PAPINEAUS

Cellarites Show Form to Earn 2 to Nil Decision

Something that a good many spectators missed was the thrilling encounter of Papineau and Concordia which followed the championship match at the Mount Royal Arena last Sunday night.

Relegate Concordias were no more for they finished up the season with a 2-0 victory over Papineau. M. Lacoste and J. Gagne scored the two tallies for their team, which eventually converted the scene into turmoil, until President Roger Lacoste called a "halt" to the game a few minutes before the scheduled finish.

Paul Gagne, brother of the player acted as manager for this team Sunday night.

Principal Fyfe of Queen's University was turned back at Detroit because he had a Scotch accent. Think of all the "Scotch" that has gone through there without being stopped.

St. Thomas is selling its own municipal debentures over the counter at home. It is a good idea when people can always look around and see the solid nature of their securities.

Naval race between France and Italy is "Ton for ton, gun for gun"—Which means, no doubt, son for son, later on.

They should fix the roads around Chicago. We read where one man was taken for a ride and got bumped off.

A New York bank clerk recently disappeared with a couple of hundred thousand from a bank in that city without the formality of being named a director.

The famous storks of Strassbourg are disappearing. The Ornithological Society of France has discovered that their birth rate has become so low that the bird will soon become extinct.

plied by Hec Kilrea of Ottawa, who topped the Canadian division point-makers.

Bill is going great guns again this year, though there is some talk of turning him into a defence player. If this is done, Rangers will lose a potent scorer, for though Bill will still get goals as a defence player, he will not score so many as if he was up in the thick of the fight on the forward line.

In The Air By V-NIS

Montreal's "aces" will meet together once again at the Model Aero Contest on March 21st, at 8 o'clock in the Auditorium of the Nationale A.A.A. The Montreal La Presse is sponsoring the meet and many French entries will be on hand. The prizes will be airplane rides given through the courtesy of the Montreal Light Airplane Club. Spectators will be welcome and the more the merrier. Here is a hint—several of the city officials will be on hand.

The events will be R.O.G., Endurance Tractor, Endurance Pusher, Semi-Scale Flying models, Weight-lifting flying Scale-models, and non-flying models. Prizes will be given in each event. Entries will be received on the night of the contest not later than 7.30 o'clock at the Nationale.

The Montreal Boys' Hobby Show promises to be bigger than ever this year. The girls are taking a big interest in the show and it looks as if their entries will eclipse those of the boys. The aviation department are wondering whether there are any aviatrixes in Montreal, if so get in touch with the director. Hobby Show booklets can be obtained from all Y.M.C.A., Y.W.C.A., Y.W.H.A. and other associations.

The North Branch "Y" Aero Club will meet hereafter on Saturday afternoons at 2 p.m. There is still room for new members.

Fresh fruit by air is announced as an innovation. But Punch points out that Sir Isaac Newton was served in this way more than two centuries ago.

RUTHERFORD MADE EARLY TESTS IN RAILWAY RADIO

London, Eng., March—Lord Rutherford, recently honored by the King for his distinguished contributions to science, is linked with the earliest experiments in railway radio in Canada.

In 1902, when he was Ernest Rutherford, professor of physics at McGill University, Montreal, he successfully carried out a demonstration of communication from a station to a train running sixty miles an hour, by means of wireless waves. The experiment was made on the Canadian National Railways—then the Grand Trunk—and a little more than twenty years later, the Canadian National was the first railway in the world to broadcast programmes to moving trains.

There has to be something more done than the erection of a \$2,000,000 fruit exchange in Toronto to get the most out of provincial fruit farms. The startling fact that most Ontario dining rooms serve California oranges and grapefruit while it is impossible to get an Ontario apple gives a measure of the job that faces the farmer and the government.

According to an American professor, long skirts are always a sign of hard times. So, if you want prosperity to come back, girls, you know what to do.

Things are so quiet in the Ontario legislature that the Toronto papers must be wishing Mitch Hepburn were in there to stir them up a bit.

OUTLINES TWO PATHS SHOWN IN SCRIPTURES

"In the great judgment day fire will melt the earth and burn up all the works of sin and all the unsaved," said Evangelist W. C. Moffett in his Rose Room lecture on "Hell" at the Windsor Hotel Sunday night.

Continuing he said, "In the words of St. Peter 'The day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up.' 2 Peter 3: 10. This is what St. John calls 'second death,'—a death from which there will be no resurrection. Rev. 20: 10.

"The fire that burns up the wicked will utterly consume them. Note the words of the prophecy of Malachi: 'Behold the day cometh, that shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the Lord of hosts, that it shall not leave them neither root nor branch. . . They shall be as chaff under the soles of your feet in the day that I shall do this, saith the Lord of hosts.' Mal. 4: 1-3.

"The doctrine originating in the dark ages that the wicked will be everlastingly burning, suffering misery, pain, and agony for quadrillions of years, for sins of life's brief span, without any hope of relief from their torments, represents God as a monster; and creates atheists and infidels; unbalances the mind and is not consistent with the character of the one who freely delivered up His only begotten Son as a sacrifice for the sins of a race of rebels.

"Added to the suffering the lost will be called upon to endure in the fires of the last day, will be the realization of all that they will lose, for they will be punished with everlasting destruction from the presence of the Lord and from the glory of His power." 2 Thess. 1:9. The glories, the joys, the blessings, the privileges, of the eternal world, which might have been theirs, will be lost eternally.

"If it were possible for an unregenerate soul to go into heaven, he would want to find the nearest way out, for he would be unhappy in the company of holy beings. Therefore, the final destruction of the ungodly will be the best thing for them. Their removal will rid the universe of sin and misery for all eternity."

At the close of a most interesting question and answer service the evangelist promised to take up the parable of the "Rich man and Lazarus" at the Seventh-day Adventist church, corner of Oliver and Western avenues in Westmount, on Friday night, and to speak on "The Greatest sign of Christ's coming" at the Rose Room of the Windsor Hotel Sunday night.

Laurier Parlor IS NOW OPEN

With the re-opening of the Laurier Hairdressing Parlor under new management, one of the foremost establishments of its kind has been brought to the north end of Montreal.

Herbert W. Fisher, the proprietor, formerly specialized in hair cutting at Pessl in Vienna, noted over the world for the efficiency of its barbers and the standard of its work.

In his re-opening announcement Mr. Fisher assures the residents of this district a service of the latest and highest standards.

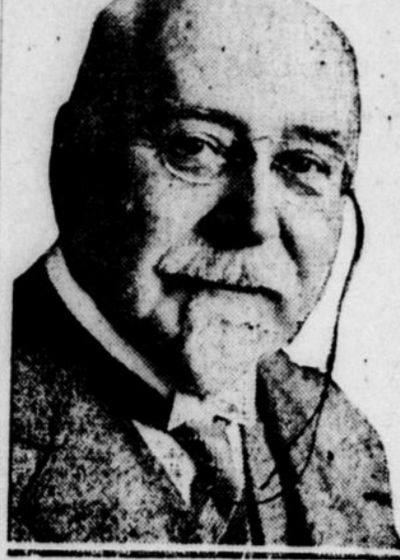

A complete staff of trained and efficient assistants has been engaged and the members composing it are specialists in their respective departments of beauty culture.

That which is unjust can really profit no one; that which is just can really harm no one.— Henry George.

In and Around Parliament

Written specially for The Examiner by R. S. White, member of Parliament for Mount Royal Division

Ottawa.—There is no doubt that advocates of a compulsory wheat pool have had their case seriously complicated by the judgment of the Supreme Court of Canada denying the right of British Columbia, to enforce control over tree fruits and vegetables raised in that province for consumption outside the province.

The principle involved is regarded as identical with that embodied in compulsory wheat pooling. If the ruling of the highest Canadian court is upheld by the Privy Council it will mean that any compulsory pool legislation affecting sales outside the province of origin will have to be enacted by the Dominion Parliament. In that body the great majority of members are not in direct touch with the sentiment of the wheat growing communities, nor are they partial to restrictions on the individual such as compulsory selling through a pool.

Perhaps nothing short of a referendum among those affected would pave the way for federal legislation on the subject. At any rate opinion in favor of compulsion among the farmers would have to be overwhelming and evident before it could be enacted here.

Federal legislation would also indirectly place upon the Dominion a moral responsibility with respect to prices and marketing that the Dominion would hesitate to accept from the provinces.

One of the official acts of the Bennett Government was to disband the Tariff Board. The action saved the country some \$200,000 per year. The function of the Board was to hear applications for tariff changes. Mr. Bennett's position was that the Government could not delegate its responsibility in tariff matters and that representations bearing on them should be made to the Government without the expenditure of \$200,000 per year.

Premier Taschereau of Quebec has reaffirmed his intention of pressing his claim to the right of the province to control radio broadcasting within its confines. Incidentally, his latest

letter to the Dominion Minister of Marine on the subject discloses one of the factors responsible for his stand. There is in Quebec city, it appears, a radio station the ownership of which is vested in interests not politically friendly to Mr. Taschereau. This station, he says, attacks and insults his government and even interferes with a programme which his Government broadcasts over another station. So that while the broad contention of Provincial control advanced by Mr. Taschereau throws the radio situation over all Canada into unsettlement, the issue is one of local politics. The controversy over control may delay announcement of federal policy with respect to radio control. On the other hand the Bennett Government may lay down and make operative its policy and leave it to Mr. Taschereau to attack it, rather than to join issue with him in the courts on an abstract question of jurisdiction.

MANY ATTEND ST. RAPHAEL'S BRIDGE PARTY

Receipts Will Go Towards New Church Fund

Last Friday evening St. Raphael's Church, Outremont held a card party in the church hall which proved to be a fine success. The receipts from this affair will be used towards debt on new church. The following are amongst the subscribers:

- Miss F. Kennedy, Mrs. W. C. Polan, Mrs. L. A. Wilkinson, Miss M. Govern, Mrs. J. Long, Mrs. J. Hefferman, Mrs. J. Diffily, Mrs. F. McGoldrick, Miss M. Laverty, Mrs. J. Newman, Miss N. Nolan, Mrs. M. Relecom, Mrs. T. Timmouth, Mrs. G. Barsalou, Mrs. Nartel, Mrs. J. Hyland, Mrs. J. Tobin, Mr. Bolin, Mrs. Evans, Miss L. Ryan, Miss K. Doran, Mrs. B. Lawrence, Miss M. Keou, Miss M. McKeown, Mrs. A. Beuning, Mrs. H. O'Rourke, Mrs. A. Campbell, Mrs. Masterson, Miss A. Duggan, Mrs. P. S. Sullivan, Miss M. Clark, Miss R. Wickham, Miss N. M. Howlett, Mrs. W. J. Keating, Miss R. Jackson, Mrs. Jas. McGuire, Miss G. Barry, Miss A. Rawley, Miss M. Furlong, Mrs. J. Scully, Mrs. E. C. McGovern, Mrs. C. A. Phelan, Mrs. W. P. Kearney, Miss C. Lane, Mr. Hugh Brady, Mrs. J. McLaughlin, Mrs. M. Shea, Mrs. C. Shea, Miss M. Sullivan, Mrs. Thos. Cuddihy, Mrs. A. J. Panneton, Mrs. J. McMahon, Mrs. J. E. Ledue, Mrs. J. J. Bulger, Mrs. P. Nolan, Mrs. W. J. King, Mrs. F. Wake, Mrs. E. Turgeon, Mrs. C. Young, Mrs. S. W. O'Brien, Mrs. H. Lyons, Mrs. V. Normandin, Mrs. Jos. Fitzgerald, Miss Clansy, Miss Sexton, Mrs. O'Brien, Mrs. Martin, Mrs. H. Kerrin, Mrs. E. Quartermaine, Mrs. T. J. McCartan, Miss M. Furlong, Mrs. P. Byrne, Mrs. Prudhomme, Mrs. E. Jackson, Miss W. Blaiklock, Miss B. Enright, Miss Vernon, Mrs. J. J. McKeown, Mrs. J. D. Wickham, Mrs. L. Moore, Mrs. P. F. McCaffery, Mrs. W. J. Shea, Miss A. Cloghesy, Mrs. Desroches, Mrs. B.

POWER PAYS DIVIDEND FOR THIRTY YEARS

Regular dividend disbursement, at the rate of \$1.50 per annum, was declared for quarter ending March 31st, payable April 30th, at the monthly meeting of the Montreal Light, Heat and Power Consolidated directors held March 16th.

To avoid fractional payments the dividend is paid at 37c and 38c alternately each quarter, the current dividend being at the 37c rate. It is noteworthy that this is the 120th consecutive payment to shareholders since the incorporation of the original Montreal Light Heat and Power Company in 1901 thus giving the company an unusual record of uninterrupted quarterly dividend payments for a period of thirty years.

WELL-KNOWN DRUGGIST EXPANDS HIS BUSINESS

Mr. S. C. Robinson, our Popular French-Canadian druggist on the corner of Bernard Ave. and Durocher St., has now taken over the business formerly run by Mr. J. O. Quenneville at the corner of Outremont and Bernard Aves.

We wish Mr. Robinson all success in the further expansion of his business and we are sure that the residents in this section will be as satisfied as his customers have been for the past seven years on Bernard Ave. and Durocher St.

- Stewart, Mrs. J. Cloghesy, Mrs. Mahoney, Mrs. Storey, Mrs. S. R. Montgomery, Miss J. Foster, Mrs. F. Hoskinson, Mrs. J. Callaghan, Mrs. C. Shea, Miss K. Carlin, Mrs. D. S. Lawson, Mrs. W. McElligott, Mrs. N. Coady, Mrs. C. A. Delaney, Mrs. T. H. Lane, Mrs. J. J. Quinn, Mrs. J. D. White, Mrs. Carver, Mrs. Ed. Quinn, Mrs. D. McDonald, Mrs. Bramswell, Mrs. T. Warrington, Mrs. J. Grant, Mrs. Barbeau.

Harold Nicholson, 40 Years With C. P. R. Passed Away

After an illness of six weeks, Harold Nicholson, an employee of the Canadian Pacific Railway for more than 40 years died at his residence, 1120 Bernard Avenue, Outremont. He is survived by his wife, formerly Miss Francis Smith, one daughter, Doris and two sons, James, of Montreal, and Gordon of Toronto. The funeral, which was held from Christ Church Cathedral, yesterday afternoon, was largely attended by friends. Burial took place at Mount Pleasant cemetery.

THE ANNIVERSARY SOCIAL EVENING VERY SUCCESSFUL

The anniversary social gathering in MacVicar Memorial lecture hall, on Tuesday night was a brilliant and most successful and happy occasion. The Pastor, Rev. Dr. Potter presided.

Those taking part in the program were Mrs. Colin S. Forrest and Miss Carrie Fredericks in piano duets, Mrs. Fred T. Parker, soprano, in four fairy songs, Mr. Eric Zimmerman in violin selections splendidly executed, Mr. Finley Campbell in appropriate songs, Humorous Literary numbers by Mr. W. McL. McKellar, and three choral numbers by the choir, under the leadership of Mr. Percy French.

Mr. B. A. Atkinson, chairman of the Board of Managers brought the greetings of the board to the as-

sembled congregation and friends. Mr. James Douglas and Mr. Charles Henry presented a motion of thanks and appreciation for all who had contributed towards the great success and joy of the evening.

The ladies of the congregation served refreshments, after which all joined in singing the National Anthem and Auld Lang Syne.

Happiness is a perfume you cannot pour on others without getting a few drops yourself.
