Nephew of R. Kelly Tells Of Experiences as P.O.W.

Captain Earle W. Kelly, of Malone, Says Rats
And Horse Teeth Found in Soup

"My greatest thrill came as I watched the American soldiers take down the Nazi flag and put up the Star and Stripes over Stalag 7-A, Germany," Captain Earle W. Kelly, now on leave at his home, 9 Prospect St., Malone, N.Y., after being liberated from a German prison camp, stated.

Telling of his experiences in a Nazi prison camp he said the food was terrible and that if it hadn't been for the Red Cross the prisoners would have been worse off. "Even horse teeth and dead rats were found in the soup they gave us. But that was only occasionally—worms were found in the liquid every day," he explained.

Asked what the soup was made of, he said, "as far as I could figure out it tasted like sand, pepper and water. It was pink, green, blue or purple and if you got one color you could be sure of a different color at the next meal. Color was the only variation in the soup."

Giving further details on the food he said that besides the soup they received black bread. "At first we received the equivalent of two very thin slices of bread per person per day. Then they cut it to 1-4, 1-6, and finally to 1-16 a loaf for every six prisoners per day."

Captain Kelly declined to answer a number of questions concerning his captivity reasons but he did give an interesting account of his general life from the time his plane was shot down in Hungary in August 1944, until his liberation in May, 1945.

With the target Vienna, Austria his plane was hit by ack-ack on the return of his 13th mission and the crew was forced to bail out over Hungary. The plane hit the ground about 300 feet from where Capt. Kelly landed after parachuting from his ship.

"Naturally the plane was enveloped in flames and served as a perfect beacon to gather every civilian Hungarian in the area. "When I landed they were waiting for me. The propaganda against the United States airmen is really effective over there. For a few minutes I thought they were going to lynch me. They took everything that belonged to me, even my dog tags, which really made me worry, for any American found on enemy soil without dog tags is regarded as a spy and shot."

"The civilian Hungarians gave me a real tussle and when the Hungarian troops reached me I was getting the worst of the fight. "However, they took charge of me and brought me into Budapest. There I found out how they spread one form of their propaganda for nearly every street corner large posters were hung showing American fliers parachuting down machine-gunning women and children as they were landing. Down at the

bottom of the poster they had in large letters—Lynch Them. "In Budapest I was turned over to the German Army. I remained in the city for two weeks, nine days of which time I was in solitary confinement. During those two weeks I was interrogated by the Nazis. I refused to give them any information except my name, rank and serial number and asked to have them stop the Red Cross. I believe that they had to verify my name, etc., through the Red Cross because of the lack of my identifying tag.

"Finally I was herded with other POWs into a box car and shipped toward my first prisoner-of-war camp.

"In some sense it was a relief to leave Budapest because every day we were in the city the Allies bombed the place. Between the enemy anti-aircraft guns and our bombings we didn't get very much sleep and did quite a lot of worrying. They left us in our cells which certainly didn't provide any shelter from the bombs. You could hear them whistle as they came earthward," he reminisced quietly.

"We finally arrived at Stalag Luft 3 at Sagan, Germany, where we stayed until January. At this time in fact the Russian advance we started by foot and box car to the eastern section of Germany. We were all given a Red Cross box when we started on the journey January 26, right during a blizzard.

It was also on this journey that an old woman asked him, "I doubt if you will tell me the truth but tell me, it is true isn't it that Yankee airmen get \$25.00 for each one they get over Germany?" "That's how well Goebbels' propaganda was working in Germany," Captain Kelly added.

Asked how the Jews were treated in the prison camp, he said, "they were the ones that were picked up by the Germans. He told of one Jewish prisoner whom he met in a prison camp that had bailed out over Nazi territory.

"This youth told me that when he bailed out he was picked up by civilians. These civilians tied him by one foot to the rear of an automobile and dragged him around and around an open field. When they halted his leg was broken in two places as well as many bruises and cuts on his body. They wanted him and brought him to a tree. There they made him stand on his one good leg while they proceeded to lynch him. If the soldiers had not intervened at this time the Jew would have hung."

"When we heard the Yanks coming into the prison there was really an uproar. Everyone was yelling, jumping and then a marked cheering while the American flag was waved over the camp. After our liberation we were flown to France and then shipped home in convoy."

Captain Earle W. Kelly is a nephew of Mr. Rufus Kelly, of Huntingdon, Que.

Presentation to Mr. and Mrs. James Barrington

An interesting event took place on Wednesday evening at the home of Mr. and Mrs. James Barrington, when Rev. H. A. and Mrs. Pritchard, and the Managers and wives of the Ormstown Presbyterian Church met as a surprise party to do honor to this worthy couple.

Rev. H. Pritchard presented to Mr. and Mrs. Barrington, on behalf of those present, a beautiful Trillium Floor Lamp in recognition of the many services rendered from time to time to the Presbyterian Church and congregation thus showing their appreciation for same.

Mr. and Mrs. Barrington feelingly responded for the lovely gift they had received.

Others who addressed the gathering were Messrs. G. McLellan, G. Cooper, G. McWhinnie and R. Marshall.

A social hour was spent and delicious refreshments served by the Managers' wives.

Board of Trade Gives Farewell Dinner and Welcomes Newcomers

Monday evening the Board of Trade gave a farewell dinner in the Chateau in honor of Lt.-Col. F. H. Smith, Officer Commanding C. C. No. 4 Chateauguay Barracks, who leaves tomorrow for his new post at Portage la Prairie, Manitoba, where he takes over another C. C. Camp quite similar to Chateauguay Barracks. Lt.-Col. S. Perron is to take command of Chateauguay Barracks this week. Lt.-Col. Perron is enlisting for World War II, practicing medicine in Cowansville, Que.

Fred Langevin, President of the Board of Trade, called upon Dr. T. J. Quintin, Ormstown and President of the Ormstown Board of Trade to propose the toast, "Our Guests." Dr. Quintin spoke first of the fine relationships that existed between the medical fraternity of Chateauguay Barracks and the doctors of the Chateauguay Valley. It was all evident from the expressions on the face of Dr. Quintin that a real fine spirit of professional friendship prevailed at the time they really enjoyed the social fellowship of one and all alike. Civilian practitioners and the public at large have much to learn and copy from that being revealed by our medical army doctor. It is nothing but right that in such a democracy as ours the medical staffs in the services should do all that is humanly possible for the men in the services who may have suffered injury or become sick. The army medical service has revealed many things, and that medicine alone is not the great cure all. Once I had a man in bed, truly a night and a man who was bound to be confined to his bed for a long time. I suggested that he learn how to do knitting. He learned the art and became a very excellent knitter. As the man sat up he enjoyed the time and again spoke of the wonderful suggestion offered to him re knitting. The man's condition naturally improved when he was not worrying, but making use of his time through knitting that men suffering from ailments of one kind and another should be taught things, so that they can be rehabilitated into civilian life and still be useful citizens of society. They have already done a good work and will continue in that avenue of direction. We, the civilians, might well endeavour to emulate the examples that have been brought to our attention. In the 10 days following the cease-fighting in Europe 11,000 casualties of one kind and another were recorded, but worse than that, in the same period of time in the United States and Canada there were close to 25,000 people who suffered injury, largely due to automobile accidents. In one manner or another they were restored to good health and trained to carry on in some

Victory Celebration to be Gala Event on Monday

Large Parade Expected and Large Attendance—
Full Day of Entertainment

Final arrangements are being made for the Victory Celebration to be held on Monday, July 2nd, under the auspices of the Chateauguay-Huntingdon Branch of the Canadian Legion, and the interest in the Miss Victory contest and the day's celebration is steadily reaching full pitch. On Saturday evening a crew of interested workers of the Leach Textiles Ltd. and Spinners Ltd., under the direction of Mr. F. Cleyn and Mr. R. Tinker presented a sail boat and the crew of girls were outfitted as sailors, the whole being drawn by a tractor. That the girls made a good job of the canvassing was evidenced by the large numbers of tickets sold and the votes secured for their candidates. It made a highlight for the evening's shopping crowd.

Six softball teams have been rounded up for a tournament at the Fair Grounds during the afternoon, three girls' teams and three boys' teams. We have not been able to secure the names of these teams, although we are told they will come from Dundee, Thebes and Huntingdon. There will also be a hard ball game between Constable, N.Y. and an Army team at 2.30 p.m. Silver trophies are being awarded to the winning team in each grade and for the boys' team for the girls. A full line of small sports is being planned for the children and there promises to be a lot of fun in this direction. The grandstand and the grounds are being fitted up this week and a small charge will be made for seats on the grandstand. As it is expected that there will be a large attendance, persons wishing seats on the grandstand are urged to be at the grounds early.

The Parade has promise of many entries and the Cadet Band will supply the music and play some selections during the parade. The route to be followed is from the parade ground to Dalhousie Street at Prince Arthur Square, along King Street to Lake Street, along Lake Street to Prince Street, along Prince Street to Bouchette Street, into Chateauguay Street, past the Chateau on to Dalhousie Street, over the bridge and up Henderson street to the Fair Grounds. At the Fair Grounds the parade will march to the grandstand to be judged for the award of the prizes. Those entering the parade are asked to be at the assembly point by 12.30 so that they may be properly placed and that the parade may move off on schedule at 1 p.m. sharp. If you are planning on entering a decorated car, float, bicycle, horse or pony, get your entries in to either Mr. or Mrs. Starbuck or Mr. Jack Holmes by Friday evening, June 29th, at the latest. It costs nothing to enter and a good parade is wanted.

All persons who have tickets at points outside of the Town of Huntingdon are asked to send their stubs, vote coupons, cash and unused books to Sidney Smith, 14 Lorne Avenue, Huntingdon, not later than 6 p.m. on June 30th. Tickets in the Miss Victory Contest will be on sale in Huntingdon up to 5 p.m. on July 2nd. If votes are not received from outside points by the time mentioned above, they will not be able to be credited to the candidates as time must be allowed for sorting and counting. The standing of the candidates as of Monday, June 25th, is as follows:

Yvonne Kitchin	25,500
Margaret Seton	23,000
Mary Haineault	16,300
Ellen Patterson	11,900
June Beattie	6,100
Norma Currie	4,850

The Legion is particularly anxious that the people in the Dundee district and surrounding districts get out and support the Dundee candidate—Miss Norma Currie. A large number of books are circulating in this area. It is also the hope of the Canadian Legion that the people of Dewittville, Ormstown and Howick

Fatal Auto Accident Claims Lives of Two Brysonville Boys

Car Crashes Into Tree—Rowland Glen and Merrick Bryson Die in Barrie Memorial Hospital Shortly After Being Admitted

On Saturday night a sad accident occurred which took the lives of two of Brysonville's boys. Rowland Glen, accompanied

by his cousin, Merrick Bryson, were proceeding towards Ogdontown in a five-passenger Oldsmobile car, a 1934 model. They had been talking to some of their boyfriends at Howick and left there a little before midnight for home. One hundred yards on the west side of the C.N.R. tracks the driver seemed to lose control of the car and struck a tree just near Mr. D. Fiskin's gate at approximately 12.15 o'clock. The first on the scene of the accident was Mr. D. Fiskin, Miss Jean and Mr. Albert Wilson and others nearby. They immediately phoned Mr. Bury McGreggie for the ambulance.

Dr. Quintin, who was there in about fifteen minutes and had the unfortunate boys taken to the Barrie Memorial Hospital. Merrick Bryson passed away as soon as he was admitted to the hospital and Rowland Glen lived two hours but never regained consciousness. Both boys were twenty years old. Inspector Provoneault of the Provincial Police, made an investigation at the scene of the accident and Dr. J. R. McEwen, coroner, of Huntingdon, held an inquest and found the result to be accidental death. Rowland Glen is the only son of Mr. and Mrs. A. E. Glen and Merrick Bryson is the second son of Mr. Stanley Bryson and the late Mrs. Stanley Bryson, both of Brysonville, Que. A double funeral service from the home of Mr. and Mrs. A. E. Glen to Georgetown church at 2 o'clock was held. It is lamentable that two young lives should have been cut off just as they had attained manhood and the deepest sympathy of the whole community is felt for the bereaved families in their time of sorrow.

Montreal Cottons Presents Prizes to Employee Students

Close Co-operation With Valleyfield Arts and Crafts School

On Friday evening, June 15th, 1945, The Montreal Cottons Ltd. held a prize distribution to their employees who have followed the free courses given by the Company.

Mr. W. G. E. Aird, Vice-President and Managing Director of the Company, made the presentations, but before proceeding Mr. Aird congratulated the students for their efforts and encouraged them in availing themselves of all the educational opportunities that are being put at their disposal and with this in mind, the Company intends to continue these classes in future.

The teachers and students of these courses are working very closely with the Arts and Crafts School in Valleyfield and it was with great pleasure they learned that the government of the Province of Quebec has inaugurated a Textile School located at St-Hyacinthe, Quebec, where those who wish to specialize in any branch of this industry, may attend.

In addition to a large number of employees and students, there were also present, the Superintendent of the various departments, who addressed a few words of encouragement and congratulations to their employee-students as well as words of thanks to the teachers who have given their time and efforts to make possible the present success of the students. The distribution of prizes was effected in the following manner:

Esquimaux Finds Interest In Reading The Gleaner

The following letter has been received and is further evidence of the wide circulation that The Gleaner has and of the way Huntingdon receives publicity far and wide. Even the Esquimaux like reading The Gleaner and want to see it published regularly for the regular appearance of this newspaper. It also shows how much those away from home appreciate the news of the home town and how they are able to keep up with the local happenings. There is also the evidence that people of the district should keep The Gleaner informed of personal happenings and events of interest, of which perhaps only they are aware.

Mr. Adam L. Sellar, Huntingdon, Que.

My Dear Adam:— Just a line to tell you that I receive a copy of The Gleaner every week from home. Although it is two weeks old when I receive it I am still able to keep up with the happenings of the home town.

But when I wish to tell you that when I have finished with it an Esquimaux by the name of Jimmy Tookashina is always on

NASCOPIE'S MASTER STARTS LAST TRIP
The Nascopie, famous Hudson's Bay steamship which carries supplies to Arctic outposts every year, will leave again July 7th for her annual patrol. In command, as he has been for 30 years, will be Captain T. F. Smellie, O.B.E. But next year there will be a change, for Captain Smellie is planning to retire after he brings the vessel back to port.

The Winnipeg-born ship's master has captained the Nascopie through two wars without incident. During the winters of 1917, 1918 and 1919 he ran the Nascopie between Murmansk and Archangel.

W.C.T.U. Convention Shows Year of Marked Activity For Temperance

Unions Most Generous in Support of National Work—Juniors Win Many High Honours in Essay Contests

The 45th Annual Convention of the Chateauguay-Huntingdon County Woman's Temperance Union took place in Athelstan on June 20th with a large attendance of delegates and visitors. The president, Mrs. Marion Reese, presided and opened the Convention with devotional exercises. A Challenge to Advance was the theme of her talk. Speak to the Children of Israel that they go forward were the words of Moses and they are applicable to the members of our Unions.

In the absence of Mrs. VanVleet, Mrs. R. L. Graham gave the Secretary's report: 149 members; 15 Honorary members; 51 meetings; 56 reports; 65 L.W.R.; 17 signatures to the Pledge.

The Treasurer's report as presented by Mrs. E. J. Huntingdon showed a balance on hand of \$56.37 with more fees to come in.

Discussion took place regarding a letter from Mrs. Wickson, our National President, urging that Unions end the year March 31st, that Counties close their year April 30th, and the Provinces May 31st. It was recommended that each Union endeavour to get outpost members for the L.T.L. in Mission Bands—the Unions to pay the fees when the children sign the pledge. Then followed a very impressive memorial service for departed members conducted by Mrs. J. O. Levers. Miss M. Bazin placed white flowers in memory of

Mrs. Geo. Blair of Franklin and Mrs. McDonald of Howick, also Mrs. Wood sang "Crossing the Bar" and a prayer was based on verses from Revelations. The noontide prayer by several members brought this session to a close when dinner was kindly served by the Women's Auxiliary of the Athelstan United Church.

At 1.30 p.m. the delegates re-assembled in the Hall when Miss M. I. Bazin of Ormstown, opened the session. She gave the story of the first Temperance Crusade by Miss Frances Willard. "Give to the Winds Thy Fears" the Temperance Crusade hymn was sung, and Psalm Number 146 called the Temperance Crusade. The report of the Provincial Executive recently held in Montreal was given by the Provincial President, Mrs. R. J. Blair. The Provincial Convention is to be held in Montreal, Oct. 4th and 5th in First Baptist Church, Guy and Dorchester Sts. Mrs. Wickson, the National President, is to be the guest speaker. Miss Grant, Field Secretary, is to tour our Counties in November. The Building Fund is to be called the Christian Enright Memorial Fund and the interest from this fund is to be used to send a girl to Chateauguay, N.Y., to the Summer School to train temperance workers among the Youth of Canada and the United States.

An additional \$50 was voted for prizes in the annual S. S. Temperance Campaign. Temperance samples, An Earnest Appeal to the Women of Our Churches, were distributed. Each Union is to discuss the

Dundee Social in The News

Preparations Being Made to Serve a Thousand Suppers

If the weather holds good, the big Hospital Benefit Social and Dance to be held at the L. A. Forsyth Farm, Dundee, under the auspices of the people of Dundee and upper Godmanchester will without a doubt see upwards of 1000 people enjoy the community supper that is to be served. With the prospects so promising, extra purchases have been made of meats, in order to augment the great amount of food that has been promised by the people throughout Dundee and Upper Godmanchester.

The Social and Dance is to have plenty of music, for as we go to press we are informed not only will the High School Band be in attendance but arrangements have been completed whereby Piper Brown will be on deck with his bagpipes, a number of fiddlers and a nickelodeon will supply music for the open air dance pavilion, which measures 30 x 30 feet. On top of this is the general programme of entertainment which provides for many musical numbers.

The Hon. Maurice Duplessis, Premier of the Province of Quebec has been invited to be present, should he not personally be in attendance it is expected he will see to it that he is represented. The speaking programme is being left in the hands of Mr. L. A. Forsyth, P.C., so we can all rest assured that the programme will be well taken care of and be quite outstanding, even if he had no other

Stop the Speedsters in Town

SEVERAL times this newspaper has been called upon by irate citizens to write a strong editorial on the way some car drivers use the streets of town as speedways.

This is not the only part of town where speeding is practiced for it occurs on Chateauguay Street itself, on Lorne Avenue and in the vicinity of the hospital.

The authorities are aware of these conditions and there is no reason why a check should not be made to see that the laws are not abused. Citizens living on these streets are highly indignant at the way these things are ignored and have asked The Gleaner to print their views on the subject.

Some months ago it was decided at the Town Council that sign boards would be placed a certain distance on either side of the hospital warning motorists that they proceeded as quietly as possible within the area.

If the authorities want to prove to the people that they are anxious to avoid annoyance and possible danger, they will do well to have a constant check made on the above matters and if that does not stop it, then take steps to see that the offenders are punished every time they are caught or reported.

One other thing that should be checked up is that of drunken drivers driving their cars on the streets of Huntingdon, or on the other highways. One such case is a regular menace at the moment and something should be done before a child or grown-up is killed or injured.

The Canadian S.P.C.A.

THE Canadian Society for the Prevention of Cruelty to Animals is probably one of those important societies that obtains little publicity, yet it should be in the limelight much more for the work it does.

There are people in this world who think animals are here to be kicked around and treated in the worst possible manner. There are people who actually do treat animals in such manner while professing to like them and to keep some as pets.

animals that is causing the abuse, the animal is faithful and puts up with it. If it should turn around and bite or kick, it is then termed vicious and probably beaten to death or shot. But the human mind can figure all these things out and it is well known that kindness to animals pays.

The S.P.C.A. is a society organized by animal lovers to see that animals are properly treated by those who own them and by others who come in contact with them. This society tries to guard against and protect abuse of animals and to see that all animals are given proper treatment.

Fortunately in the Chateauguay Valley area the people are animal conscious and realize the value of animals and that it pays to treat them kindly, thus there are very few cases of cruelty to investigate. But such a happy state of affairs does not exist all over the country or there would be no need for such a society as the one being discussed.

The Canadian S.P.C.A. is maintained through public subscription, bequests, life memberships and ordinary memberships, and in some cases by a civic grant. There is no special fund from governmental sources, so that any donations that animal lovers care to make toward the work that is being done are greatly appreciated and these can be sent to the office at 1075 St. James Street West, Montreal 3.

Meat Rationing Looms

TO many, the end of the war in Europe meant that there would be an immediate return to peacetime routine and that they could get all they needed and there would be no more need for any restrictions.

Apart from this there is a big job to do in Europe and other parts of the world where the heel of the Nazis has ground in. The countries have been practically devastated of everything—factories for making necessary articles and production facilities for food-stuffs of all kinds.

It would seem that the first men to be released from the armed forces should be those with farming experience so that sufficient help can be obtained by the farmers needing it. Food of all kinds is going to be an important part of the postwar construction and the producers must be given the help they need in order to bring about the increased production desired.

The main thing, however, is to start at the production end and see if the situation can be remedied by securing more help for the producers so that the supply can be increased to meet the demand.

A Warning to Those Dealing in Black Market

WE are continually being warned about inflation and what tends to cause inflation and we are asked to be careful in what we spend. One of the greatest causes of inflation is the Black Market.

The Week in Ottawa

OTTAWA (CP)— Parliament hill is settling down to its period of mid-summer inactivity now that election threads have been cleaned up and Prime Minister Mackenzie King has announced that the first session of the new parliament will open Aug. 23.

The main question before political observers here now is where the prime minister, who suffered personal defeat at Prince Albert, will seek a seat for re-election to the Commons, which he must do soon if he is to preside at the parliamentary opening.

Speculation as to where Mr. King will run ranges over a wide variety of seats, including some in Ottawa district, Nova Scotia and Prince Edward Island, but latest reports indicate that a seat near Ottawa will be chosen.

At a press conference here last week before his departure for San Francisco to sign the United Nations charter, Mr. King said he had been offered a number of seats but that he would be guided in the selection by the advice of his cabinet ministers, who, he said, would study the situation during his absence.

FOOD FOR THOUGHT

The late spring has made it impossible to estimate as yet how Canada's 1945 crops will shape up and for the moment the Dominion's food supply situation is far from clear.

There have been reports that meat rationing will be resumed in Canada but there is no official confirmation. This is coupled with the world shortage of meat and with the fact that meat now is in short supply in some parts of Canada itself.

The regional shortages, some observers say, possibly can be blamed on traffic congestion of railways which has resulted from the steady stream of men returning from overseas. In Halifax, for instance, bacon and ham is in short supply and stocks of other meats are dwindling quickly.

Some sections have been hit by a shortage of potatoes which is expected to continue until imports arrive from the United States where the growing seasons vary. Agriculture officials say shortages result from extremely heavy exports earlier in the year.

In the international field, fats, oils and sugar are other commodities of which there are shortages. Wheat, however, is the one commodity of which there is plenty on the world markets.

The main problem of the Dominion-Provincial conference will be to work out arrangements by which the tax revenues of Canada can be equitably and efficiently divided between the Dominion and the Provincial governments.

This division will have to be worked out in the light of greatly-enlarged governmental expenditures and activities since the Dominion came into being under the British North America Act.

In addition to the main job, but inter-related with it, will be the problem of working out and agreeing upon joint plans for post-war reconstruction, full employment and social security.

The session opening here Aug. 6 will be a preliminary one, lasting about a week, which then will be adjourned indefinitely while various committees study the problems placed before the open meetings.

There is almost as much interest in Ottawa as there is in Toronto over Jolliffe-Drew gestapo embroglio. If Jolliffe does not have the goods—or enough of them to make it uncomfortable for Col. Drew—the opinion here is that Col. Drew is determined to smash Jolliffe; and if any of Jolliffe's data proves wrong the Colonel, who is not known for his political gentleness, will not be inclined to drop the matter. He will go after Jolliffe and cripple him as CCF leader, expecting to wreck the CCF in Ontario at the same time.

On the other hand, the confidence with which Jolliffe presented his initial evidence and opened his attack are not a little disturbing to Ontario Tories. If the charges stick and Drew honors his promise to resign, the Tories would get their provincial teeth knocked in at the ensuing election.

However, Drew has one escape; he could resign personally and let one of his lieutenants carry on the government. That would probably be his interpretation of his promise, leaving Jolliffe unsatisfied and giving the Tories a chance to repair their fence.

Parliament Hill here are already perking with the calling of an August sitting of the Twentieth Parliament. August is usually hot in the humid Ottawa Valley, and it is expected the session will increase the temperature noticeably.

The new members may be expected to let off their stored-up fire-crackers, since there is a fond delusion that the more noise an M.P. makes the more likely he is to catch the public ear.

There is much terribly important work to get under way, for there must be no delay on the postwar organization of the nation. The early calling of the Dominion-Provincial conference indicates the Government is aware of the urgency and prepared to act swiftly and effectively.

Germ Carriers Of Modern Times The great germ carriers of modern times are flies, just as rats and lice were in the Middle Ages. People are far too inclined to take this menace lightly, to regard flies as just a nuisance although these pests breed in astronomical numbers, each newly-hatched "flylet" becoming a potential carrier of disease.

It is scientifically established that house flies spread typhoid fever, tuberculosis, dysentery and possibly infantile paralysis. They do this as part of their deadly routine by alighting in outdoor privies, on manure piles, decaying garbage and on any other sources of filth which are left uncovered. Jolliffe's Grim Game There is almost as much interest in Ottawa as there is in Toronto over Jolliffe-Drew gestapo embroglio. If Jolliffe does not have the goods—or enough of them to make it uncomfortable for Col. Drew—the opinion here is that Col. Drew is determined to smash Jolliffe; and if any of Jolliffe's data proves wrong the Colonel, who is not known for his political gentleness, will not be inclined to drop the matter. He will go after Jolliffe and cripple him as CCF leader, expecting to wreck the CCF in Ontario at the same time.

Mr. King and Parliament The Capital buzzed last week when the soldier vote came in; more soldiers had voted Liberal than had voted CCF or Conservative, but Prime Minister King had lost his seat as a result of the soldier vote. And while the comment was voluble it provided no answers to the peculiar results.

But certain facts emerge. The soldier vote did not materially alter the representation in the House of Commons. The party that had so noisily and indiscriminately advocated conscription received the fewest votes. The man responsible for the legislation re-establishing veterans in civilian life—legislation praised as the best in the world—was defeated by the soldier vote. An ironic twist of fate, indeed.

However, only bitter partisan opponents will gloat over Mr. King's predicament. It is an unfortunate thing at this time, since the Government has so many important projects in hand. But it will not be a dangerous or disastrous thing unless Mr. King's return to Parliament is delayed by such bitter partisans.

CCF "Machine" Not so very long ago there were bowls of indignation not only by CCF leaders but also by CCF rank and file about so-called political machines operated by the older parties. The very word "machine" there is plenty on the world markets.

The main problem of the Dominion-Provincial conference will be to work out arrangements by which the tax revenues of Canada can be equitably and efficiently divided between the Dominion and the Provincial governments.

This division will have to be worked out in the light of greatly-enlarged governmental expenditures and activities since the Dominion came into being under the British North America Act.

In addition to the main job, but inter-related with it, will be the problem of working out and agreeing upon joint plans for post-war reconstruction, full employment and social security.

The session opening here Aug. 6 will be a preliminary one, lasting about a week, which then will be adjourned indefinitely while various committees study the problems placed before the open meetings.

Everybody Welcome

out human food and crawl over it, leaving a trail of contamination, especially on anything liquid or sweet. Swat any flies that appear, from early spring right on through the summer. Be scrupulously clean in your country house-keeping, including the farmyard and outbuildings. Garbage should be burned, or buried in earth or lime every day. Never leave food uncovered, particularly milk, and wash all fruits and vegetables before using them. Be sure your fly screens are worthy of their important task. A banging door or one small hole may do irreparable damage to your family's health.

"We consider it a privilege..." ALTOGETHER one thousand and sixty-five men and women left us to join the colours, and of those there remain over eight hundred now in the Services awaiting discharge or transfer to different theatres of operations. Plans are well under way for the reabsorption of these men and women into the various company occupations. There is, of course, a legal obligation on the part of all employers to reinstate their employees, now veterans, in jobs not less favourable than those they would be holding had they remained in civil employment. Your company's policy in this regard is to go as far as possible beyond the legal requirements. It is from no mere sense of duty that we will take back these men and women into the company's service. It is rather that we consider it a privilege to welcome them back. From this group will emerge those with qualities of courage and leadership who will eventually guide your Company's affairs and help maintain its leading position in the textile field. We regret very deeply that twenty men will never return, as they laid down their lives in Active Service. DOMINION TEXTILE CO. LIMITED

Delicious Cream Pies Using Minimum Amount of Sugar

Pies such as these will delight the heart of any man... to say nothing of the women who have to figure to make the family sugar ration last the week.

The home economists of the Consumer Section, Dominion Department of Agriculture, discovered that sugar could be saved by folding the meringue right into the pie filling so that the sugar used to sweeten the egg whites would contribute its sweetness to the filling too.

Chocolate Mint Pie

WEDDINGS

Hutchings-Watterson

The marriage of Marjorie Frances, younger daughter of Mr. and Mrs. Ernest Watterson, Beaver, Dundee, Que., to James Gordon, eldest son of Mr. and Mrs. F. Hutchings, Athelstan, Que., took place at Zion United Church, Dundee, on Saturday afternoon, June 16th, at three o'clock.

The bride, who was given in marriage by her father, looked charming in a floor-length gown of white sheer crepe over satin with white net finger-tip length veil, worn in coronet style, caught with tiny clusters of orange blossoms and carried a shabby bouquet of American Beauty roses, pink carnations and fern.

The bride was attended by her sister, Mrs. A. Cameron, matron in honor, who wore a peach satin floor length gown, white net shoulder veil held in place by carnations, with white accessories and carried a Colonial bouquet of pink carnations and snap dragon.

Miss Jean Hutchings, sister of the groom, was bridesmaid, and wore a floor-length gown of Heaven's Blue satin, white net shoulder veil, white accessories and carried a Colonial bouquet of pink roses, carnations and snap dragon.

The groom's mother was dressed in printed aqua sheer with black accessories and a corsage of Johanna Hill Roses.

The wedding music was played by Mr. Charles Cameron, and during the signing of the register, Miss Jennie Thomson sang very sweetly, "I Love You Truly".

After the ceremony a reception was given at the spacious home of the bride's parents, where luncheon was served to sixty guests.

Out-of-town guests included Mr. and Mrs. John L. Watterson, Moose Jaw, Sask.; Misses Christina St. John, Harriet Munroe and Margaret Ferns, Montreal; Mr. and Mrs. S. G. Chalmers, and daughter Florence, Malone, N.Y.; Mrs. K. Chalmers and daughter Hazel, St. Lambert; Sgt. Neil Johnson, R.C.A.F., St. Lambert; Mrs. F. H. Hutchings, Messrs. Ormsdown District Schools Exam. Results

Staff Sgt. A. R. Maither of Ormsdown, recently returned from overseas and is spending some time at the home of his brother and sister-in-law, Mr. and Mrs. Thos. Maither, Depot St.

An interesting addition to the service in St. James Anglican Church on Sunday morning was the baptism of the infant son of Mr. and Mrs. R. Jarvis of Cowansville, P.Q. Rev. W. T. Payne performed the baptism and named the little one Stephen William. Mr. T. Chadsey acted as godfather and Miss M. Tanner as godmother for the baby.

Mr. and Mrs. Robert Bryson of Prince Edward Island, and Mr. Ross Bryson of Moncton, N.B., spent a week with their mother, Mrs. A. Bryson and helped her celebrate her 85th birthday while here.

Mr. Donald Steele of Toronto, spent a couple of days with his uncle and aunt, Mr. and Mrs. A. Greig.

Miss Marguerite Brown of Westmount, was the week-end guest of Mrs. Earl Walsh.

Mr. and Mrs. A. Johnson of Westwood, Ohio, 902, Mrs. Clark White and son John of Toronto, spent the past week with Mrs. O. Bradley, and attended the Greig-Johnson wedding at St. Anne de Bellevue on Saturday.

Miss Nettie McCormick, Montreal, spent a few days the past week at her home here.

Mrs. H. J. Baker's country neighbours are pleased to hear that there has been some improvement in her health.

Mr. and Mrs. Harrison Rennie and son Robert of Moores, N.Y., accompanied by Master Leo March, son of Col. March of the Airforce, were in the city as special guests of Mr. and Mrs. E. R. Lowden.

Havelock Schools, No. 5 and No. 1 and 2, had a joint picnic in Orr's woods on Friday. A picnic lunch was served, followed by ice cream and cake. Games and races were enjoyed during the afternoon. Both pupils and teacher were remembered.

Glenelm

Mrs. Arthur Goodfellow and Mrs. Tommy Knox were joint hostesses at a party on Saturday evening, June 23rd, in honour of their sister Miss Mildred Seward, whose birthday was held that day having finished her term of teaching in the Gault Institute, Valleyfield.

Mildred and a party of friends had been out for a drive and upon returning were agreeably surprised to find the living room filled with invited friends from Valleyfield, Montreal, Hawick, Rockburn and Elgin. A social evening was spent with music and entertainment, after which a dainty lunch was served by the hostesses. Mildred was the recipient of several beautiful gifts from her friends, for which she expressed thanks. She leaves on July 3rd for Macdonald College, where she will continue her studies in teaching.

Mr. and Mrs. W. S. McKinnon were callers at the homes of Mrs. W. H. Crawford and Mr. W. J. Seward, over the week-end.

Mr. and Mrs. Fred Brown and son Richard, and Master Wesley Whalen, Montreal, were week-end guests of Mr. and Mrs. D. K. Gordon. Richard and Wesley are remaining for the summer.

A new spearhead pointing at Japan has been made possible now that the island of Okinawa—325 miles south of the Japanese home islands—is in Allied hands. The last major organized resistance was smashed last Thursday morning with only small isolated pockets still to be wiped out.

Losses have been heavy for Japanese resistance in the 82 days of battle was desperate. From the very beginning the island's importance was recognized by both sides and earlier in the campaign, the Japanese radio had said Okinawa was to be the crisis-battle of the Pacific war.

Gen. Stilwell, former deputy supreme commander to Admiral Lord Louis Mountbatten, has been named commander of the 10th Army on Okinawa and brings with him a wealth of experience of fighting in India, Burma and China.

Included in the toll of lives on Okinawa was that of Lt. Gen. Simon Bolivar Buckner, Jr., commander of the U.S. 10th Army, who led the original landings on the island. Little more than one hour's flight from Japan, the island will be an ideal hopping off point for both air and land forces.

Meanwhile it seemed likely that the enemy China-Indo-China land communication corridor will cease to exist since Chinese troops were expected to capture the former

American air base at Luchow. The main stem of that corridor, both road and rail, runs through Luchow.

On Borneo, the Australian 9th Division which is pressing the enemy back daily, effected a second landing on the island Friday at Lautong. That put them on both sides of the rich Seria oil fields that produced some 2,000,000,000 barrels annually in peace-time.

Seizure of Jap-held oil fields in Borneo won't cut down the drain of stock on this continent, since most of it will go into army stores in preparation for the final blow against Japan now gaining momentum.

Additions have been made to the R.A.F. force serving in the Far East. Gen. Marshall disclosed last week another announcement is expected soon concerning a new "secret

LAC Charles Anderson returned to Montreal, on Saturday night, after almost four years, he saw action in Africa, Germany, Holland, France and Belgium. He was met in Montreal by his sister and brother-in-law, Mr. and Mrs. Richardson, who brought him home on Sunday, but he had to report in Lachine on Monday morning.

cret weapon" that was used against the Germans in the final months and has been used with great success against the Japanese.

Death Trap
The exact spot where the Japanese first invaded the Philippine Islands has become their death trap. It was Dec. 10, 1941, that the enemy landed at Aparri on the north tip of the Luzon peninsula and Saturday it was announced that Aparri was recaptured by American infantrymen advancing north down the Cagayan valley.

Capture of Aparri bottled up the last Japanese forces on the island and marked the beginning of the end of enemy resistance in the Philippines. The U.S. forces were given surprise aid by a Filipino guerrilla force that pushed across a steep cliff road and through a swamp to cut off the Japanese retreat.

Air Vice-Marshal C. Roy Siemon of Winnipeg and Bowmanville, Ont., Canada's Pacific war chief, is expected to return to Canada from overseas sometime this week to plan the organization of his force. Air Vice-Marshal Siemon succeeds Air Vice-Marshal C. M. (Black Mike) McEwen, who was unable to pass the tough Pacific medical examination.

Plans for a new Polish government were finally approved by Britain, the United States and Russia at conferences in Moscow which unravelled the tangled skein of Polish diplomacy—a troubling issue among the United Nations for nearly a year. Under terms of the new agreement, the government will include representatives of the Soviet-sponsored Warsaw regime, democratic leaders from inside Poland and also former members of the rival Polish exile government in London. The accord also paves the way for inclusion in the coalition of the Christian Labor and other democratic parties.

The days of the London Polish government, meanwhile, appear to be numbered. Responsible British quarters say the London Poles will be shorn of British and American recognition as soon as the recognized Warsaw provisional government pledges itself to free elections. Complete personnel of the new provisional government is expected to be announced in Warsaw in a few days.

War Criminals' Trials
A responsible British source reported Saturday that Britain is ready to accept the American plan for a mass trial of Germany's top war criminals. Justice Robert Jackson, chief American prosecutor of war criminals, had announced the United States plan for a collective trial of German war leaders and their organizations before a high military tribunal.

Russia has announced that a proposal to demobilize the Red Army's 13 oldest age groups will be discussed by delegates to the 12th session of the Supreme Soviet now meeting in Moscow. Ages in the groups were not specified, but observers said it was almost certain the plan would be accepted and would mean complete demobilization of the groups in question by the end of the year.

The Road Ahead ..

A Column For Service
By William Stephenson

"Can I build a house under the Small Holding plan which will be occupied temporarily by my parents and family and permanently by myself?" asks a sailor at the Westmount Naval Station, Sydney, N.S. "Subsequently I expect to marry, and then my wife and I will take over the place. I have had three years in the navy, two of them at sea."

This is a difficult question to answer, sailor, because it boils down to personal matters. At the risk of offending you, I will say that the officials of the Veterans' Land Act would want to know why you expect to marry, how she likes living in the suburbs, what her environment has been, what chance there is of her tiring of suburban life and wanting to move into town. You see, the V.L.A. plays for keeps, and therefore they have to be right the first time. So, while every case is judged on its own merits, it is unlikely that your application would be considered favorably. The contract calls for immediate occupancy by the small holder, and for a veteran to qualify, his wife must meet certain standards set by the Director. Generally speaking, establishments are approved only for veterans and their wives, or in the case of the women's services, their husbands.

"I have several chums who are all set to take vocational training in lines like welding, printing, and so on, but these trades do not appeal to me," declares this Winnipegger, a Flying Officer in the RCAF. "I'm not sure what I want, but I think I'd like to take a course in drama with a view to going on the stage. Is there any provision made for this type of work?"

It's a question of attitude, sir. If you were thinking of the stage as a hobby, you would be ineligible for training. However, if you intend to make acting your life's work, you seem suited for it, the Department of Veterans' Affairs will probably look with a kindly eye on your application for a course in it. Vocational training, as it is commonly known, is available to service men and women in any field, providing they are adapted to such training and that it will directly assist them to re-establish themselves in civil life. Under these conditions, training in dramatics, art, music or any of the arts, may be given to a veteran the same as if he were considering welding, plumbing or baking as his vocation.

"I have received a copy of your booklet, Back to Civil Life," says this veteran from London, Ont., formerly a member of the Civilian Firefighters' under the section on the Veterans' Land Act. "I came across the expression, 'Full time farming for those qualified for full time farming.' What does this mean and how would it apply to myself, with two years' and three months overseas?"

Are you eligible for a disability pension? This is important, for members of most auxiliary services are not eligible for benefits under the Veterans' Land Act unless in receipt of a disability pension. The expression you have quoted simply means whether or not you seem capable, and have sufficient experience in practical farming to warrant the DVA recommending you for a farm. They place the emphasis on whether you seem capable and how much practical farming you know. If you have no farm background, a combination of training at an agricultural college plus two

JOHN TELFER

Has Returned to Supervise Our Repair Shop

JOHN TELFER

It has been the aim and object of the EMPIRE GARAGE REG'D to give its patrons and customers the best of service in all lines of its business with the car travelling public. War restrictions have hampered our ability to give all the service we have desired, but these restrictions are gradually being eased off and we hope it will not be too long before we shall be on our regular peace time basis. To this end we have engaged the services of Mr. John Telfer, who is well-known to practically all of the people in this district and who before joining the Royal Canadian Air Force (R.C.A.F.), was employed at this garage for 14 years. During that time he made many friends among car owners for the splendid mechanical jobs he did on their cars, trucks, and tractors and earned a name as a first class mechanic who could be relied upon to turn out first class work.

During the period of time that Mr. Telfer has been with the Air Force he has gained considerable knowledge of airplane engines and was attached to the aeronautical engineering staff. This additional knowledge will serve him in good stead in his work at the Empire Garage. Knowing that he was an excellent mechanic before the war, will place confidence in this man now; with the extra knowledge gained there should be an abundant confidence and it should invite car owners and drivers to place their repair work with us in the future.

The Empire Garage Reg'd has added much new equipment to its plant and is capable of handling all repair and overhaul work that is entrusted to it. We therefore believe that making this announcement of the return of Mr. John Telfer should go a long way toward bringing our service back to the normal of peace time. If you have not met John since his return, come in to the garage and have a chat with him—we want him to meet his old friends and we hope his old friends will do business with him and discuss their motoring problems with him.

CRIME LOVES THE DARK

Poorly lighted streets are an invitation to burglars, holdup men and criminals of all types. They are the cause of many accidents and damage claims against cities and civic bodies.

No city should depend upon its store windows to light its streets, but merchants can contribute not only to the welfare of their cities but to their own business prosperity by good lighting of their stores. Store windows have been proved to be every merchant's best form of advertising. Well-lighted windows work by night as well as day. If merchandise is worth displaying it is worth displaying well. Good lighting means good display.

Without obligation, The Shawinigan Water & Power Company is prepared to furnish all cities and store-owners with scientifically designed lighting systems.

W.C.T.U. Convention Shows Year of Marked Activity ...

(Continued from page 1)

Flower Mission said that Sunshine boxes and flowers had been sent to the Huntingdon Military Hospital and to the County Hospital as well as fruit, flowers and clothing to the city.

In Moral and Humane Education articles and papers were read on these topics.

The Scientific Temperance Instruction Superintendent reported 9 posters to have been made and \$8. distributed among the contestants.

The S.S. and Temperance Education Report showed that the examiners received 81 papers. Local prizes amounted to \$35.50; County prizes \$25.25; Provincial prizes \$8.25, besides 10 Dominion prizes. The children of this County are to be congratulated upon winning so many of the prizes and Howick should be especially congratulated upon winning 13 County prizes; 7 Provincial and 4 Dominion prizes.

Several new Little White Ribbons were reported as having been enrolled during the year by Mrs. Graham. 49 copies of Tidings are taken. Mrs. John Greig, Superintendent of Young People's work reported the sending of suitable temperance readings to Young People's Unions and Mission Bands. 20 copies of Guard Your Grey Cells were given to older pupils and temperance blotters distributed, as well as new literature placed in the Huntingdon booth at the Fair.

Miss Welch reported for International Events stating that one meeting of a patriotic nature was held in Ormstown and that they also had a membership in the League of Nations and so received literature to discuss at their meetings.

The Press report showed that meetings and temperance items have been reported to the Gleaner. Much thanks are to be given to the Gleaner for having so kindly printed these reports.

Miss M. I. Bazin reported for Life Memberships. Our County members hold 3 Canadian Life Memberships; 46 Provincial and 46 County memberships.

A pleasing feature of this Convention was the presentation of two County Life Membership Pins to Mrs. Wallace of Atholstan, and Mrs. W. J. Malher of Brooklet. A Provincial Life Membership is to be presented to Mrs. R. Munro of Huntingdon. Miss M. I. Bazin presented the membership and pins to the two ladies.

In the Department of Soldiers, Sailors and Airmen, Miss A. Wilson reported that many knitted and sewn articles were made by members; also 44 Comfort Bags were filled.

Booth at Huntingdon Fair was discussed. Mrs. Allan English spoke of the Temperance Posters on the walls of the dining rooms at the Ormstown Show and of the interest and comments which they aroused. Mrs. J. O. Levers and Mrs. C. A. Rennie were appointed to arrange for the booth at Huntingdon Fair.

Temperance Quizzes on the Evils of Gambling and on What Has Happened to Our Temperance Workers in War-torn Europe, were conducted by Mrs. Reese and answered by several of the delegates.

Mrs. English gave the Plan of Work and Mrs. McArthur the Resolutions.

The following Little White Ribbons had a white ribbon bow tied on by Mrs. Graham of Dewittville: Winston French, Beverley Elizabeth McMillan, Ruth Mack, Shirley Hamilton, Lindsay Watson, Judith Rowat, Rita Steele, Billie Shirley and Beryl Middlemiss. Mrs. Graham spoke to the mothers on the consecration of the Home.

The election of officers resulted as follows:

Hon. Pres., Miss M. I. Bazin. Mrs. W. G. McGerrigle, Mrs. R. J. Blair and Mrs. J. O. Levers. President, Mrs. M. Reese. 1st Vice-Pres., Mrs. A. English. 2nd Vice-Pres., Mrs. G. A. Rennie.

Cor. Sec'y., Mrs. L. Van Vliet. Treasurer, Miss Elsie Elder. Y. Secretary, Mrs. John Greig. L.T.L. Sec'y., Mrs. M. Reese.

Superintendents: Flower Mission, Miss A. Ritchie. Moral Education and Anti-Gambling, Mrs. A. Greig. Legislation, Petition and Franchise, Mrs. Welch. World's Missionary Work, Miss M. Bazin. Anti-Narcotics, Mrs. W. J. McCracken. S.T.I. and Temperance Campaign, Mrs. A. English and Mrs. R. J. Blair. Lord's Day Observance, Mrs. R. McKell. Little White Ribbons, Mrs. W. Graham. Literature and Tidings, Miss L. Bazin. International Relationships, Miss M. Welch. Temperance in W.M.S., Mrs. R. Munro. Evangelistic, Mrs. Taylor. Convener of Nominating Committee, Mrs. Hamilton. Press, Mrs. R. J. Blair.

JOINS FOR PACIFIC SERVICE

Pte. Laurence W. Carrigan, grandson of Mrs. James E. Flynn, of Huntingdon, Que., enlisted in the Black Watch at Montreal, in April, 1943, was stationed at Longue Pointe, Yarmouth, N.S., and proceeded overseas just prior to V-E Day. At the moment he is stationed somewhere in Scotland, but has volunteered for service in the Pacific zone. He was born at Huntingdon, Que., on October 6th, 1924.

Auditor, Mrs. Gentle. Life Membership, Miss M. I. Bazin.

Sailors, Soldiers and Airmen. The installation service for the officers was concluded by a prayer by Mrs. Duncan.

Following the singing of the National Anthem the convention closed, the delegates feeling that a profitable and instructive day had been spent.

RESOLUTIONS:

Resolved that once again we, the members of the W.C.T.U. of the counties of Chateauguay-Huntingdon declare our allegiance to our country and our loyalty and devotion to our beloved King and Queen in these days of stress and strain.

Resolved that we give more time to earnest prayer and consecration of our lives that we may fight more successfully the great forces allied against us.

Resolved that we heartily endorse Mr. John Eric P's letter in the "Star" and that our Press, Supt. write a letter to the "Star" in agreement with the stand taken.

Resolved that we as members do all in our power to preserve the sanctity of the Sabbath and that strong protests be directed to the proper authorities against the desecration of the Lord's Day. That we urge upon the church as a body to present the evils of the liquor traffic to their congregations frequently.

Believing that gambling is out of harmony with the spirit of christianity, resolved that members abstain from all forms of gambling, including bingo and sweepstakes and that we call upon all in authority to enforce the anti-gambling laws.

Resolved that we have the courage everywhere to put our ideals into action.

Resolved that an earnest effort be made to increase the membership and to increase the number of subscribers to "Tidings".

Resolved that whereas the Federal Government is lifting the rationing on some articles we would ask that they will not consider lifting restrictions on the manufacture and sale of alcoholic beverages.

Resolved that our heartfelt thanks are due to the Session of Athelstan United Church for the use of this building. To the hostesses for their gracious hospitality to the soloists and to all who helped to make this convention a success.

WITH THE R.C.E.

Spr. W. N. Baird, husband of Mrs. W. N. Baird, and son of Mrs. R. C. Baird of Glenelg, Que., enlisted in the R.C.E. on September 8th, 1944, and trained at Petawawa, Ont., and is now stationed at Centre Lake Internment Camp, Ont.

Eggs — Any Style Put "Beef" in You

This morning on a million breakfast tables, eggs started Canadians on another busy day.

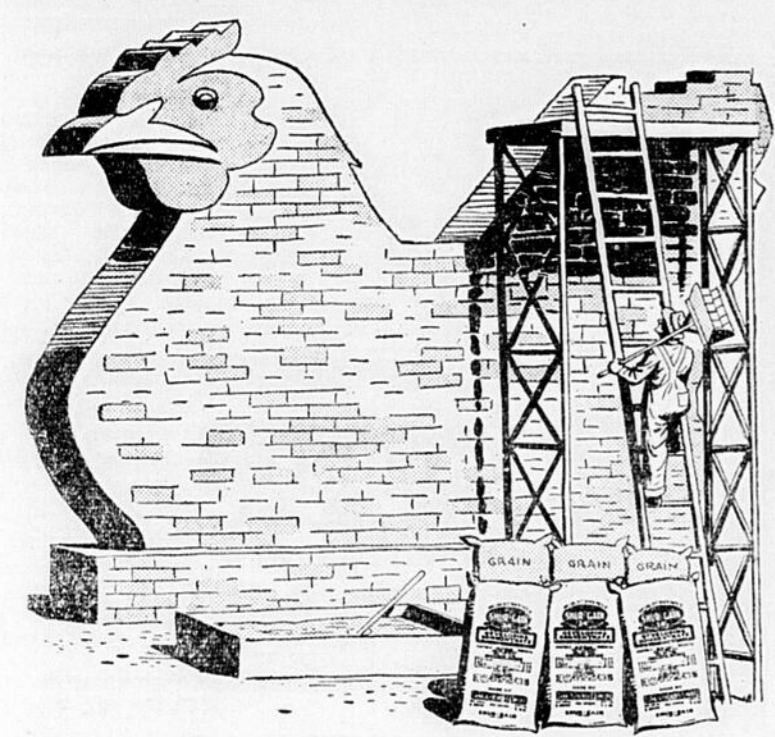

Many people feel that they cannot face an egg first thing in the morning, and the Nutrition Division says that whether you eat eggs in the morning, at noon or at

Suppose you have two eggs instead of a serving of roast beef. The eggs will provide as much thiamine and iron, more riboflavin, but only about two-thirds as much protein. However, the eggs add something extra in the form of more than one-third of the day's needs of vitamin A.

night, or how they are cooked, matters not at all. The important thing is that you do eat at least the three or four eggs a week recommended by Canada's Food Rules.

The eggs that occasionally substitute for the daily serving of meat or fish—there should be two of them—are extras. You cheat yourself in you count them among the three or four a week.

Build Better Birds

THE better the bricks the better the house! The better the feed the better the birds! Take no chances—egg production next season depends upon the size and stamina of the birds you grow this Summer.

GOOD GRAIN is the best base for a top-notch diet for growing chickens. Add only SHUR-GAIN DEVELOPING CONCENTRATE—it supplies all the extra protein, minerals and vitamins needed for BEST DEVELOPMENT. Thousands more Canadian farmers use growing mash made with SHUR-GAIN DEVELOPING CONCENTRATE than any other type of growing ration for chickens.

If further proof is needed of the superb growing job done by SHUR-GAIN DEVELOPING CONCENTRATE, just look over the calculated content in actual needed food nutrients—in growing mash made with this concentrate—compared with the OPTIMUM (amount for best results) requirements, as stated by the National Research Council, United States Department of Agriculture.

Ingredient	Needed for	OPTIMUM Requirement in Growing Mash	SHUR-GAIN DEVELOPING CONCENTRATE
Animal Protein	Protein Quality & Best Growth	3.4-4.5%	10.8%
Materials*	Growth & Feather Development	17.5-18.5%	17.5%
Total Protein	Bone formation, Growth & Health	1.9%	1.9%
Calcium	Prevention of Perosis—Health	37 Mgs. per lb.	37 Mgs. per lb.
Phosphorus	Many body functions	1.0%	1.0%
Manganese	Prevention of Respiratory Disease	3600 units per lb.	4100 units per lb.
Salt	Prevention of Rickets, and Health	360 units per lb.	360 units per lb.
Vitamin A	Growth & General Development	1.25 Mgs. per lb.	1.35 Mgs. per lb.
Vitamin D			
Riboflavin			

Compare these figures. They are your assurance of BUYING THE BEST—the simplest to SUCCESS. Then see the operator of the nearest SHUR-GAIN Feed Service Mill to arrange for supplies of SHUR-GAIN 34% DEVELOPING CONCENTRATE.

*The requirement stated is a minimum, not an optimum in this case. Larger quantities of animal protein materials are just a further assurance of best growth.

Obituary

The Late Miss Beatrice Hughes

After a brief illness, death entered Monday morning, June 11th, 1945, and snapped from the midst of loved ones the soul of Miss Beatrice Hughes, daughter

of the late Mr. and Mrs. Felix Hughes. Of a kind and gentle disposition, Beatrice had won many friends, who will certainly miss her. She never lost the power to greet everyone with a smile no matter how painful was her condition. All that medical aid and kindness could do was done to alleviate her sufferings but all to no avail. God willed otherwise and chose to call her to His heavenly home, while still in her youth.

The funeral service was held at St. Joseph's Church, Huntingdon Wednesday morning at 10 a.m. A Solemn Requiem High Mass was sung by Rev. Father Lussier. The vast number of relatives, friends and acquaintances, who were in attendance, testified the high esteem in which she was held.

The pall-bearers were: Messrs. Warren Goodfellow, Willard McGovern, James Hughes, Patrick O'Neill, Richard Durbin, Willard Walsh. Floral tributes, Mass cards and spiritual bouquets all bespoke love and sorrow for the deceased.

Left to mourn her loss is one brother, Chester, and a sister, Lt. Nora Hughes, overseas.

Those who attended from a distance were: Mr. Thomas McGovern, uncle, of Saranac Lake, N.Y.; Mr. White, Mr. and Mrs. Willard McGovern, Miss Gladys McGovern, Malone, N.Y.; Mrs. Earl Flander, Mr. and Mrs. J. Gagner, Mr. and Mrs. Walter Hartness, Miss Ada McCallum, Montreal.

To the bereaved family the community extends heartfelt sympathy.

Where's Joe?

...Gone to Collect Waste Paper

The need for waste paper is urgent. The war in the East has still to be won and 20,000 tons of scrap paper are needed each month.

To help the salvage men, sort and bundle as follows:

1. Brown wrapping, paper bags, corrugated board, cardboard boxes, cartons (flattened out) and all other cardboard.
2. Old magazines, books, leaflets, catalogues, old office files and records, periodicals.
3. Newspapers only.
4. Your old rags are needed too. Save all you can.

YES! STILL HALE AND HEARTY

No! I am not young any more, but I still retain my vim and vitality and am on the job regularly every day. I can't say so much for some of the so-called younger ones—they are often away from work, and sometimes when on the job, are quite listless and have no energy. When I tell 'em it is because they do not eat the right things, they give back that knowing look—that old twaddle. But, I tell them, I am here and

WORKING EVERY DAY

Why am I here every day? Because I study Canada's Food Rules and eat the foods that give me the most nutrition and vitamin value. People coming into the office where I am working say, "You look well and carry your age, too". Some wonder how I do it. Some wonder how I go home at night and work in my garden or around the house, while the younger folk go to bed and sleep half their time away and soon become tired if asked to do a job. Well to tell you the truth—some are down right lazy—but others lack the nutritive qualities in their diet. They are not eating the right foods to produce health and energy. Without good health you cannot carry on and do your work properly. Canada needs everyone strong and healthy, so the rules at the right have been set down to help restore the nation's health and to help make everyone strong. EAT RIGHT! FEEL RIGHT!

Here they are—Easy to remember

CANADA'S FOOD RULES

Eat these foods daily

MILK—Adults: one-half pint. Children: more than one pint. And some cheese.

FRUITS—One serving of tomatoes daily, or of a citrus fruit, or of tomato or citrus fruit juices, and one serving of other fruits, fresh, canned, or dried.

VEGETABLES—(In addition to potatoes, of which you need one serving daily)—Two servings daily of vegetables, preferably leafy green, or yellow, and frequently raw.

CEREALS and BREAD—One serving of a whole grain cereal and four to six slices of Canada-approved bread, brown or white.

MEAT, FISH, EGGS, etc.—One serving a day of meat, fish or meat substitutes. Liver, heart, or kidney once a week. Eggs, at least three or four weekly.
