Three Cheers And A Tiger Russians Get Better Reception In West Than In E. Canada

By HAROLD MORRISON
REGINA — (P) — Jimmy Gardiner and Vladimir Matskevich munched barbecued chicken and corn-on-the-cob at a party Sunday night and then the Canadian agriculture minister called for three cheers and a tiger for the Soviet farm boss and his colleagues.

The reception given the touring Russians in this heart of the prairie wheatlands appeared to be a lot warmer than that shown in eastern Canada. They scored an obvious hit at the airport and another at a federal garden party at Indian Head, some 60 miles east of Regina.

At the airport Sunday, on arrival from Ottawa aboard two federal planes, the Russians were greeted by some 500 spectators who applauded. Nine bouquets, one for each delegate and a special big one for Mr. Matskevich, were presented to them by eight little girls and a boy.

The flowers were the gifts of the United Canadian Ukrainian Association. A big portion of Saskatchewan's population is of Ukrainian descent.

The Russians appeared touched by the reception, which contrasted sharply with that on their arrival in Montreal last Thursday when they were booed by anti-Communist demonstrators.

The Soviet men hugged and kissed the children and bestowed medals on them — souvenirs of the Moscow agricultural exhibition. Old folks in the crowd pushed forward to shake their hands and speak to them in their native tongue.

Premier T. C. Douglas of Saskatchewan and provincial agricultural officials were at the airport along with L. B. Thomas, federal prairie farm rehabilitation administrator who organized the western leg of the Russians' tour.

After supper, the delegates stood around in groups chatting with various guests and Mr. Matskevich pinned a few more Moscow exhibition medals on various Canadian officials.

Sunday Crowd Sets Record Sherbrooke Fair Opens To 25,000 People

By WARREN SPAFFORD
Sunny skies and warm weather, almost perfect fair weather, promised to bring a record Monday crowd to the Sherbrooke Fair today.

Thousands of youngsters began the trek to the grounds early this morning to take advantage of Children's Day, the day when they are offered many privileges, such as free admission to the grounds, free entrance to the grandstand and reduced prices on the midway attractions.

The huge crowd expected to pass through the turnstiles today and this evening, supplementing the record Sunday attendance of over 25,000 provides an auspicious start for the 70th annual presentation of Canada's Great Eastern Exhibition and the directors of the Eastern Townships Agricultural Association already are jubilant over the prospects of having one of the most successful shows in many, many years.

The journey to the fair grounds started before noon yesterday and shortly after one o'clock, all that was necessary was to stand at the corner of King and Wellington streets to see, by the lines of cars, buses and pedestrians, that the grounds would soon be jammed. And jammed they were.

By 2:30 in the afternoon, the midway was a solid mass of tramping humanity, the grandstand before which a program of horse racing was presented had attracted one of the biggest Sunday afternoon crowds in history, the Main Building with its industrial displays was packed with spectators, while last evening a capacity crowd of 5,200 witnessed the presentation of George A. Hamid's extravaganza "Stairway to the Stars."

Both Mr. Bourque and Mr. Giguere greeted the thousands in the grandstand and said that by their presence they demonstrated that Sherbrooke people really want a fair.

Prior to the opening ceremonies on the huge stage in front of the grandstand, the members of the famous Royal 22nd Regiment and of the Canadian Provost Corps gave demonstrations of precision and skill in the handling of arms and in the art of self-defence against any sort of weapon. A short musical program was also given by the Royal 22nd band.

A group of regiment recruits gave a demonstration of precision drill followed by a display of training methods by the Provost Corps members. Yesterday afternoon, a detachment of motorcyclists from the Provost Corps thrilled the grandstand audience with some dare-devil riding.

These military displays will be repeated each day of the fair.

Aside from Children's Day, the program today will be marked by the opening of judging in the provincial calf club competition and in the poultry classes which began at 9 o'clock this morning. Dairy products and fine arts judging got underway at 10 a.m. and in the swine classes at 1:30.

Tomorrow's program calls for the opening of judging in 4-H calf clubs, sheep, heavy horses and Holsteins at 10 and 11 a.m. and at 3 p.m.

The Conklin Brothers Midway, with more than 40 rides and shows, provided entertainment of varied sorts for the throngs while the Kiddieland Midway with its miniature rides

and merry-go-rounds did a roaring business throughout the afternoon.

The whole calibre of the exhibition this year lives up to the promises of the directors of the Association that it will be bigger and better than ever. Livestock exhibits are greater than for many years, the ladies' and flower buildings are better filled.

Three Montrealers Are Drowned

St. Guillaume North, Que. — (P) — Three Montrealers were drowned Saturday in Lake Bourard, some 20 miles north of this Laurentian community, when their rowboat capsized.

The victims were Lucien Page, 24, Lucien Petit, 24, and Roland Castonguay, 45.

Provincial police said the three men were about halfway across the lake when the mishap occurred.

Express Wants End Of Secrecy

London — (P) — The Sunday Express calls for an end to the "nonsensical secrecy" surrounding Princess Margaret's reported romance.

The clamorous public discussion of Princess Margaret's possible marriage must be very embarrassing for the princess, and very distasteful to her family, the newspaper says.

"Isn't there anyone among the royal advisers bold enough and wise enough to suggest that it is time steps were taken to end conjecture and rumor?"

Without mentioning RAF Group Capt. Peter Townsend by name, Sunday Express editor John Gordon says in his weekly signed column:

"It is said that the man the princess desires to marry is not approved by the Archbishop of Canterbury; that, supported by a rigid official clique, the archbishop is doing his utmost to persuade her to make another choice; that they wish to silence public discussion in order more easily to achieve their purpose."

"Why should they be permitted to plot under a veil of secrecy?"

5th Straight Day Of Border Clashes; 20 Reported Dead

CAIRO — (P) — The first aerial clash was reported today in renewed fighting along the tense Gaza strip frontier between Egypt and Israel where six were killed Sunday, and further ground clashes were reported.

A reliable source in Israel-controlled Jerusalem said the encounter between planes of the two countries began when four Egyptian jets of the British Vampire type flew over Israeli territory east of Rafa, near the juncture of the Gaza strip and the Sinai peninsula.

One Egyptian plane was hit by gunfire from two pursuing Israeli planes, this source said. An Israeli army spokesman in Jerusalem reported only that Egyptian planes penetrated Israeli territory and had been driven back to their own area.

An Egyptian government source earlier said there was a two-hour exchange of gunfire by border troops today. No Egyptian casualties had been reported.

This was the fifth successive day of fighting along the frontier. Egyptian authorities said Sunday's shootings brought the total dead in incidents during the last week in the Egyptian-held coastal area of Palestine to seven Egyptians and 13 Israelis.

Each side has blamed the other for the continuance of bloodshed. An Israeli foreign ministry spokesman declared that "Egyptian aggression has reached dimensions without precedent since the conclusion of the armistice agreement." He warned that his government "will take all measures of self-defence for the protection of the lives of its citizens."

The clashes came as the Arab and Israeli governments studied American proposals by State Secretary Dulles for settling the seven-year-old Jewish-Arab deadlock over a peace treaty.

There was no immediate official Arab reaction, but Western diplomats regarded as encouraging the apparently careful study being given Dulles' plan. The Arab League will meet here next Saturday to discuss the proposals, which include an international guarantee of the borders of Israel and the Arab states, and an international loan to compensate the 900,000 Arab refugees from Israeli-held territory.

The Israeli government also has been noncommittal on Dulles' proposals, advanced in a speech in New York Friday night. After a meeting of Prime Minister Moshe Sharett's cabinet, an official announcement said the proposals required "further study and on some points additional elucidation through con-

tact with the United States government." But most Israeli newspapers comment favorably on the American statement.

Premier Edgar Faure's government will strive to do this before Sept. 12 in its effort to bring peace to French Morocco, scene of bloody violence in the last two weeks.

Pierre July, minister for Tunisia and Moroccan affairs, told a press conference at the end of a cabinet meeting today that the government has completed its examination of reports submitted by the "committee of five" on Moroccan affairs.

The reports were drafted on the basis of talks last week in Aix-les-Bains with Moroccan leaders.

July said that the cabinet members unanimously endorsed the general Moroccan policy and authorized Faure and himself to continue negotiations with the nationalists.

Questioned as to the cabinet's decision on the position of Gilbert Grandval, French resident-general in Morocco, July said there was no decision yet.

Although never officially confirmed, Grandval's resignation is known to have been submitted. One source Sunday night said the resignation had been accepted but that no announcement would be made until a successor has been named.

The cabinet met for nine hours Sunday and again today to examine the proposals emerging from the meetings at Aix-les-Bains.

The lack of final word from the two cabinet sessions gave rise to speculation that either the government was unable to reach basic agreements or else had prepared some counter proposals which require approval by Moroccan nationalists.

A false appearance of calm was reported from Morocco today as both French colonial settlers and native Moroccans waited anxiously for a cabinet decision. The French high command was reported moving reinforcements into trouble spots in anticipation of renewed violence.

About 2,000 Moroccans and Europeans were slain in recent riots and fighting there.

The talks at Aix-les-Bains ended without agreement on the timing for a partial end to the exile of former Sultan Mohammed Ben Youssef. The talks will be reopened here later for further discussions on the issue.

Think Edith To Move By

Miami, Fla. — (P) — Cloudy-eyed hurricane Edith swung ponderously into a northward path Sunday that may take its 100-mile winds near Bermuda and away from the North American mainland.

It was located 240 miles south of the British resort islands and 1,020 miles east of Daytona Beach, Fla., today. Storm forecasters said it was moving at eight miles an hour, a slight increase in speed.

"Movement during the next 12 to 18 hours is expected to be between north and northeast at about eight to nine miles an hour, followed by some acceleration in forward speed afterward," the advisory said.

"If this movement is maintained the hurricane should pass to the east of Bermuda Monday."

Anglican Parliament To Discuss Changes In Name, Prayer Book

Edmonton — (P) — The "parliament" of the Church of England in Canada will discuss revision of the Canadian Anglican Prayer Book and a change of name for the church during its 10-day session which opens here Tuesday.

The 19th triennial session of the general synod of the church, held west of Winnipeg for the first time in its 62-year history, will be launched with a colorful procession followed by a church service conducted by Rt. Rev. C. R. Claxton, bishop of Warrington, England.

Among those in the procession will be the Primate of All Canada, Most Rev. Walter Foster Barfoot, archbishop of Rupert's Land.

The Canada-wide assembly of more than 300 archbishops, bishops and representative clergy and laity from the 28 dioceses will review the work of the church in the last three years and plan for the next three-year period.

The revamped prayer book will be the major topic of discussion. A draft copy of the book, released in early August, is the culmination of 12 years of labor and has more changes than any revision since 1552.

One of the new features is the inclusion of what is sometimes called the 11th commandment — "Love one another."

language—some phrases now in the prayer book conjure less than a Christian idea of God. They emphasize wrath too much and love too little," Rt. Rev. F. H. Wilkinson, bishop of Toronto said.

If the draft book is accepted by the synod, a motion will be brought before both houses to allow its "permissive use" immediately. However, before it can be used in any church, the bishop of the diocese and the rector must give their approval.

For some years the question of changing the name of the Church of England in Canada has been under debate. A recommendation will be brought in to change it to the Anglican Church of Canada.

World News In Brief

Niagara Falls, N. Y. — AP Robert H. Persons, 58, Sunday night leaped into the Niagara river and was swept over the American falls as dozens of tourists watched. Five hours later he was spotted crawling on a ledge 35 feet below the falls. He was rescued, but died later in a hospital.

Washington — AP — The Pentagon is building its own helicopter landing strip so aerial taxicabs won't spoil the grass. The concrete strip measuring 100 by 100 feet is now under construction and will be ready for use early in September.

New York — AP — Melinda Merkey, 21-year-old actress-model daughter of film star Joan Bennett, was in critical condition Sunday from an overdose of sleeping pills following an argument with her husband, police said.

Mexico City — AP — An explosion in a fireworks factory Sunday killed nine persons and injured 20 others. The factory and two adjoining adobe houses were demolished.

Detroit — AP — A berserk gunman who held 200 police men at bay in a four-hour siege was shot to death Sunday night as he broke from a flaming tear-gas-filled house firing a shotgun.

Police identified him as Charles Luther Rollins, 44, of Leoma, Tenn. Papers found on him gave his occupation as farmer and cabinet maker.

Two police officers were wounded in the battle.

Bellois-sur-Somme, France. — (Reuters) — French police with dogs today combed the flat, partially wooded countryside near here for the strangler of a 29-year-old British school teacher, Janet Marshall. Her half-nude, battered body was found in a clump of bushes.

Miss Marshall was on her way back from touring the Continent on her bicycle, and was pedalling toward Boulogne after spending Friday night in a youth hostel in Paris.

PQ To Veto Health Plan

Montreal — (P) — Quebec will veto any attempt by the federal government to amend the British North America Act to facilitate the proposed federal health insurance scheme, it was reported today.

Premier Duplessis, it is understood, has already made Quebec's position on the matter clear during the behind-the-door negotiations of the Dominion-provincial tax conference last April.

Premier Duplessis has repeatedly said the government should not be called upon to do anything. The health insurance scheme is held to be a further step by the federal government along the road to socialism.

Quebec already spends more than \$70,000,000 annually for hospitalization and medical care for the poor under provisions of the Quebec Public Charities Act, and believes there is no pressing need for any health insurance plan.

Social Democratic Party Is New Quebec CCF Name

MONTREAL — (P) — The Quebec section of the CCF has changed its name to the Social Democratic Party of Quebec.

The decision to change the name was taken at the section's annual convention here during the week-end.

The name change, the convention stressed, does not imply any change in the ideals or basic principles of the party, nor does it involve any change in the relations between the Quebec party and the national Co-operative Commonwealth Federation.

The convention listed among reasons for the name change "the impossibility of translating the former name into French and the inadequacy of the former title in defining the functions and democratic nature of the movement."

The French translation for Social Democratic Party of Quebec is Parti Social Democratique du Quebec.

Lorne Ingle, national secretary of the CCF, told delegates the national movement was pleased to endorse the new title. He said any provincial section is entitled to take such action.

The plan to change the name had been under study for more than a year.

Mrs. Therese Cosgrain was re-elected provincial leader of the new Social Democratic party.

Others elected: President, William Dodge; vice-presidents, Raymond Lapointe and Robert Morgan; organizer, Jean-Charles Roy; secretary, Jean Raymond Hurtubise, and treasurer, P. Dodge.

Michel Chartrand and Jean Charles Roy were named delegates to the national CCF council.

The convention unanimously endorsed the position taken by the provincial council of the party last year, and accepted by the CCF national council, favoring full deductibility of Quebec income taxes paid from federal income taxes.

The meeting attacked the Quebec government's practice of certifying company unions and recommended repeal of legislation requiring compulsory arbitration of labor dispute in public utilities and municipalities.

The Doofer Family

By Alma Sioux Scarberry

BEAR TRACKS

It was a very hot day in late August. Hammie and small Boo-hoo Hooper and their stepbrother Sammie Spoofer were having a picnic in the Mooter woods. Sammie's usually straw-colored hair was almost white from the sun. His round face was red-tanned. Tall, skinny Hammie's freckles were almost as red as the hair that stood up straight on his head. Boo-hoo, the cry-baby, was berry-brown from the out-of-doors.

It had been a wonderful summer for the stepbrothers ever since the Widow Spoofer, Sammie's mother, had managed to get herself married to Sheriff Gittum Hooper in June. To Hammie and Boo-hoo, having a mother to keep house, cook everything they liked, and care for them was a miracle. They loved their stepmother very much. It was a happy family, in spite of Gittum Hooper's terrible temper, which was really more amusing than terrible, and even if Hammie and Sammie were always looking for mischief to get into.

Fun-loving Sammie, the teller of tall tales, adored his small stepbrother, even if Boo-hoo was a big nuisance and followed him around all the time. The boys were at the old swimming hole, their favorite fishing spot. Sammie was fishing and Boo-hoo sat close beside him imitating him with a stick, old string and bent pin. Hammie, as usual, was playing his accordion, leaning against a tree. He was singing in a deepening voice that threatened to be an excellent baritone: "In the good ole summer time, the good ole summer time."

Sammie sighed heavily. "Oh, dag-gone Sam! Almost spoils the picnic thinkin' that ole school starts next week. It's a NIGHT-MARE!" Hammie grinned lazily. "Enjoy yourself while you can I always say. That's my motto. Don't cross the bridge till that ole school bell rings."

Boo-hoo climbed into Sammie's lap and put his arms tightly around his neck. "No school! Brud-der Sham stay with Boo-hoo," he piped. The boys laughed very hard. Hammie said proudly, "Boy, Ham, he sure is a smart little kid. I just bet he'll be President some day. Wanna bet?"

Suddenly Hammie put his accordion down and jumped up. He bent and yelled excitedly, "Sam, look! Bear tracks! A bear's been drinkin' here. Look!" (Are Terpsi-Cora and her little cub Upsa-Daisy about to be discovered in the Mooter cave? Oh, dear!)

French REVOLUTION

When you get a French chef to touch mass-produced, quick-frozen foods with a ten-foot spoon—that's a kitchen revolution. Yet some fifty quick-frozen Gallic delicacies are now being marketed by a French company of cooks.

We're glad to report that aluminum gets a Cordon Bleu from the gastronomes. They use it in conveyors, containers and kitchen equipment; and they use nothing else for packaging their products. They respect the way tasteless, odorless, moisture-proof aluminum respects their creations, keeping their freshness and delicacy of flavor till the magic moment when they reach the table.

The Future Of Municipal Electricity

The power situation is much to the fore in Sherbrooke these days, with the City Council planning a by-law calling for a loan of at least \$2,500,000 for the development of the Bromptonville site now owned by the city.

But before they proceed with the voting on a by-law of this nature, the Aldermen might well consult the property-owners on the whole question of the future of the municipal power system. The citizens should be given an opportunity to decide whether the city should continue to spend millions of dollars to extend the power production facilities and improve the distribution system or whether the city should get out of the power business entirely and sell the properties to private power producers.

The chief advantage claimed for the continued operation of the plant by the municipality is that the substantial profits derived from the electric system materially reduce the tax rate. But a close examination reveals that this surplus is more imaginary than real — or has been obtained at the expense of the consumer through rates substantially higher than those charged by private companies operating in the area.

In determining the financial advantages to the city of retaining or disposing of the plant, the reported surplus must be weighed against a number of contra items — the tax

revenue that would be derived from the real estate levies on a private company, something the city plant does not pay, and the saving of interest on the bond issues that could be redeemed with the proceeds of the power plant sale.

And in the past, apparently, there has been a failure to provide for depreciation reserves. All the cash profits have been transferred to the general funds of the city. Now the time has come, according to engineers which have made a survey of the system, when several million dollars must be spent on the provision of new generating equipment, on the reconstruction of dams and power houses and on the replacement of much of the distribution system.

Then, of course, there is the vital matter of industrial expansion. Sherbrooke has obtained some new industries in recent years, but its proportion of the total number to this province has been woefully small. And the reason is obvious. The majority of industries attracted to Quebec are brought here through the efforts of the power companies and it is illogical to expect them to favor a municipality in which they can derive little or no revenue in return for their efforts.

The citizens should be permitted to express their views on the whole question of municipal ownership before they are called upon to vote piecemeal sums for individual projects.

Valuation And Slums

Every property-owner at one time or another has had the same experience. The municipal valuator comes around, usually in mid-summer when the garden is looking at its best and the house has been recently painted. He asks the occupant, whether owner or tenant, whether there have been any improvements made during the past year to the property.

Now these words, "Any improvements," comprise an extremely elastic term. The owner may have installed a modern kitchen. Or he may have added a room to take care of a growing family in greater comfort. Or perhaps he has just added a garage, or finished the basement to provide a playground for the youngsters.

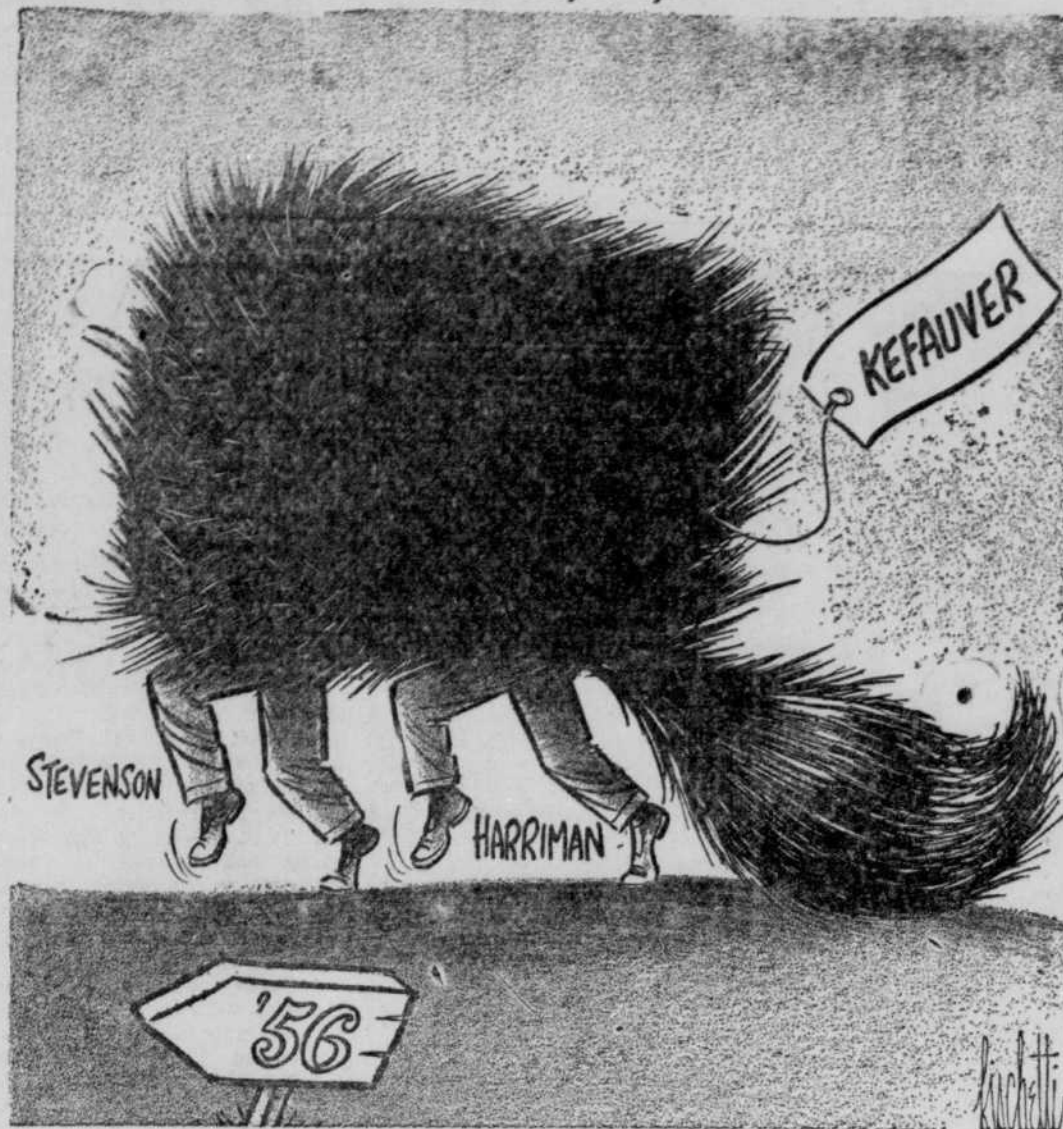

Now if he has done any of these things, especially to the exterior of the property, the valuator will be interested. He will jot them down in his little book and determine

from the home-owner, who may have to meet mortgage payments for many years to come, just how much they cost. When the tax bill arrives, the home-owner will discover to his sorrow that he has been reassessed at a higher valuation and that his taxes have gone up substantially.

Municipal authorities who are determined to tax proprietors on any improvement that might have been made during the past twelve months have only themselves to blame if their community begins to look battered and tumble-down. There is no surer way to discourage property-owners from keeping their homes trim, tidy and comfortable.

Perhaps it is unreasonable to ask the municipal authorities to grant tax concessions in cases where proprietors have spent substantial sums on improving the appearance of their properties, but at least they should not be penalized for showing a little bit of civic pride.

Garfield Weston Planning Wide New Financial Deals

London — Toronto-born Willard Garfield Weston, Britain's master baker, has indicated that more financial deals are in the oven.

The 57-year-old multi-millionaire with business holdings round the world has floated a \$5,000,000 loan stock issue designed to continue expansion.

Weston, in whom energy is a main characteristic, is still engaged in his bread war. It started about two years ago when the \$17,000,000 Allied Bakeries, his big holding company, began importing its own flour, much of it from Canada. The idea was to avoid being stuck with any price increase in British-milled flour.

The United Kingdom's two biggest milling combines, Spillers and the Rank flour mills now controlled by J. Arthur Rank of movie fame, reacted to reduced sales by acquiring bakery shops and retail outlets in direct competition with Weston. Both established subsidiaries for that purpose.

And Weston has accelerated his own expansion plans.

Allied Bakeries has told shareholders that \$9,000,000 went into new businesses in the last 16 months. It has told them, too,

that it hopes for a larger profit than the \$5,500,000 announced for the last financial year. The financial tussle is by no means the first for the energy-charged Canadian who gained a U. K. toe hold in 1934 with the help of cheap Canadian wheat. He has expanded the one Scottish bakery he acquired then to more than 670 shops and 70 bakeries in Britain alone.

In 1951, he paid out more than £1,000,000 and over-rode strong boardroom opposition to gain control of Fortnum and Mason. This famous Piccadilly store is London's traditional mart for dispensing caviar, peaches in brandy and the like to customers with high tastes and brimming pocketbooks. Weston is a quick-moving man of medium height who looks younger than his years. His eyes are keen, his face usually well tanned and his smooth, dark hair is well streaked with grey.

He has come a long way since his arrival in Britain during the First World War as a "very young, pale, wistful sapper" who quit school in Toronto to join up. After expanding his father's small Toronto business, he started here and now is credited with owning more than 30 Canadian

bakery, grocery and other commodity firms, as well as extensive holdings in the U. K., the United States, Australia and South Africa. He has interests in a shipping company, and owns a British Honduras gold mine and pulp territory.

He is noted in the Canadian community as an approachable man for causes he considers worthy. Weston contributions have ranged from a \$100,000 wartime cheque to Lord Beaverbrook for 16 Spitfires to financial help for the University of British Columbia rowing crew at the Henley Royal Regatta this year.

A strong family man, he owns large residences in the United States, London and the English countryside.

SLAM OPTIMIST BANKS ON BREAK

It's no mistake to get as high as six no-trump on the North-South cards in today's hand. The contract is unbeatable if the spade finesse succeeds, for South will then knock out the ace of hearts to make sure of two spades, three hearts, four diamonds, and three clubs.

What can South do to protect himself against the loss of the spade finesse? He can't do anything against perfect defense, of course, for the defenders can take the king of spades and the ace of hearts. There's no reason, however, for South to expect perfect defense. After all, even experts make defensive errors.

When the hand was played by Calvert Curry of San Angelo, Texas, the error took place, but it still took good play by Curry to take advantage of the error. If you were playing the hand, what error would you expect, and how would you take advantage of it?

West opened the jack of clubs and declarer won in dummy with the ace. He saw that he needed five tricks in spades and hearts combined. If the spade finesse lost, he would still need one heart trick. Curry therefore led the 10 of hearts from the

at in an earlier phase when it had been decided there was an international crisis.

The evacuation area north and east of the city extends up to 100 miles. Special routes have been planned for the evacuation of different sections of the city.

Assembly points will be set up in the city for those without cars, and special transportation arrangements made. The evacuated area will be guarded by RCMP personnel from Regina.

The evacuation headquarters are at the Calgary airport on the outskirts of the city.

School children will be sent directly home when the alarm sounds and most business and industries in the area will close.

At the rural reception centres some of the evacuees will go through the drill of registering and being assigned temporary lodging.

Great Evacuation

40,000 Calgarians To Join C. D. Scheme

Calgary—A signal from Lt. Col. G. O. Bell on Sept. 21 will cause 40,000 persons to stream out of Calgary toward a score of surrounding communities.

That's more than one-fifth of the city population, ready to take part in "Operation Lifesaver," the largest civil defence test evacuation ever carried out in Canada.

The only man who knows exactly when the general alarm will be given, Col. Bell is head of the city's civil defence organization. He has given final briefings to about 100 civil defence wardens and controllers.

The evacuation will be confined to the northeast section of the city. A door-to-door check by wardens indicated that 92 per cent of that area's residents, totalling more than 40,000 would be willing to take part in the mass exercise.

Colored leaflets instructing householders what to do in case of an air attack have been mailed to homes in the area.

"Our object will be to save lives," says Col. Bell. "When the warning sounds, it will mean Calgary is in imminent danger of attack, and the only defence against the threatened nuclear weapon is to have the people as far from it as possible before it explodes."

Civil defence experts from the United States and Great Britain have shown interest in the exercise and some may be on hand to witness it.

About 2½ hours' warning will be given before the evacuation. It is expected to be completed in two hours. All highways to be used in the exercise will be closed to Calgary-bound traffic for the period necessary.

Sherbrooke Fair

Continued from Page 1. ed than for many years, the Main Building has not a vacant booth.

On the grounds there are more exhibits of heavy machinery than ever before, ranging from a complete line of modern fire-fighting equipment, through agricultural machinery to portable sawmills and building supplies.

Truly, there is something for everyone on the grounds.

The exhibition was officially opened last evening prior to the grandstand performance by Mayor Armand Nadeau, who was accompanied by Hon. J. S. Bourque, Minister of Lands and Forests and of Hydraulic Resources and Member of the Legislative Assembly for Sherbrooke, and Maurice Gingues, M.P. for Sherbrooke.

In welcoming the visitors to Sherbrooke, Mayor Nadeau paid tribute to the president and directors of the E.T.A.A. for their efforts in presenting this annual event and extended a special welcome to the hundreds of exhibitors who are displaying their livestock, industrial equipment and handicrafts.

Saturday, the first day of the fair-grounds were opened to the public an attendance of 5,004 was registered. This compares with 6,068 the same day of last year.

Nearly 2,000 people attended the Charlie Spivak dance at the arena Saturday night. Spivak was on hand for the third consecutive year to open the exhibition festivities.

Despite ideal weather conditions there was the usual number of small accidents and lost children. St. John Ambulance workers were kept busy caring for those who encountered minor tragedy during the visit.

Senator C. B. Howard, one of the senior directors of the E. T. A. A., slipped while climbing the steps to his grandstand box last night. He was rushed to Sherbrooke Hospital but is resting at home today. He received a sprained ankle.

World News In Brief

Racing Car Kills Two In Ontario

Carp, Ont. — (C) — A racing sports car, that plunged out of control with a steering failure, killed two persons and injured 11 when it slammed into a crowd of spectators here Saturday.

Angelo Spinuzzi of Toronto, knocked 20 feet through the air into the side of a parked car, was killed instantly. Mrs. George H. Stapledon, 44, of Ottawa died in hospital at Almonte two hours later.

The race, sponsored by the Ottawa light car club at the Carp airport 12 miles west of Ottawa, was flagged to a halt as police and officials went to the help of the spectators.

The injured were taken to hospitals at Almonte, Ottawa and Hull. Five had bone fractures while others had sprains, cuts and bruises.

All were among a knot of people standing behind a light snow fence on the outer edge of a curve.

Race officials said repeated loudspeaker warnings had been made against standing on the outside perimeter of the two-mile speedway. Most of the other spectators were in the infield.

Driver of the racing car, 30-year-old Victor Stiles of Petawawa military camp, was not injured although the home-made aluminum body of his car was badly torn and dented.

H. A. Mitchell Again Heads Brome Historical Society

Knowlton—(Special)—At the annual meeting of the Brome County Historical Society held in the Museum Building, Knowlton, Homer A. Mitchell was re-elected as president.

Mr. Mitchell brought to the attention of those present the fine catalogue of the documents belonging to the Society, which number in the thousands. This catalogue has been published by The Public Archives of Canada in co-operation with Brome County Historical Society. Mr. Mitchell expressed thanks and appreciation to Dr. Wm. Kaye Lamb, Dominion Archivist, by whom the project was so successfully directed.

Dr. Lamb, he said, took so great a personal interest in this

work that he made a trip to Knowlton to inspect the collection of documents; and Dr. Lamb further arranged to have all the documents micro-filmed. Accordingly, should by any mishap the originals be destroyed their contents will still be available. Mr. Mitchell said that the Society was also indebted to Harry Parks, local manager of the Southern Canada Power Company, for arranging a temporary electric line to the Museum to operate the micro-filming apparatus.

The secretary reported that the whole credit for reporting this important work of a catalogue of documents and in obtaining the co-operation and help of the Public Archives, belonged to the President of the Society, Mr. Mitchell, who also performed the arduous task of arranging, numbering, cataloguing and filing the documents in accordance with instructions kindly given by members of the Public Archives specializing in such work.

Miss P. McCallum has again acted as Curator and both the president and the secretary commended her in the highest terms for her efficiency and courtesy in carrying out her duties. Over 1,000 adults and children visit the Museum in the two months of the summer in which it is open.

After the routine affairs were completed, a short resume of the background and experiences of the first settler in Brome County, "Nicholas Austin, the Quaker" was given by the secretary, H. B. Shufelt.

Mr. Shufelt has made a very complete survey of all material available, and has secured by his meticulous and consistent research much new information, which will increase materially our knowledge, not only of this pioneer settler, but of early land grants with the many vicissitudes experienced by these initial settlers in this part of the Eastern Townships.

The following articles have been donated for the Museum collection and thanks are extended to the respective donors:

A fine oil painting of the railway bridge over the bay on the east side of Brome Lake. This was painted by Miss Sarah A. Kimball who was a daughter of Albert Kimball.

The Family Bible containing records of the Joyall Family and a tintype picture of a member of the Joyall family. These three articles were presented by Rev. E. C. Joyall, formerly of the Township of Brome but now residing in Bath, N.B.

A pastel picture in a frame composed of leaves and grapes made from sheepskin. The picture and frame were made by Matilda L., daughter of Elnathan and Lydia Chamberlain, and presented by her niece, Mrs. Dan Green, Knowlton.

A collection of pictures being reproductions of etchings made by Thomas Asa, Knowlton. They are of old buildings and scenes in and around Knowlton, presented by Miss Clara Watson, Dunham.

Two maps of Quebec from Mrs. D. A. Racey, formerly of Lennoxville.

Souvenirs collected by the late Thomas M. Wheeler, Knowlton, in the year 1895, including a bolt and pieces of wood from Old Fort Garry, Winnipeg, and a carbon from an arc light, Winnipeg, presented by his sister, Miss Julia A. Wheeler, Knowlton.

The Carters are luckier than they know!

Like all families, the Carters have plans and dreams for the future. But, unlike the families of just a generation ago, they have a better chance of making those dreams come true.

Why? One important reason is because life insurance — which belongs in all plans for future needs — is much more flexible today. During the past 25 years, a variety of new policies has been created. The modern "family income" policy, for instance, provides maximum coverage while children are young, and reduces in amount as they become older and self-supporting. Other policies have been developed to cover mortgages and to provide retirement income to fit in with the government old age security benefits.

So it goes. No matter how you may wish to link life insurance with your future plans, you can now find a way to do so with one or more of the numerous different kinds of contracts available today. This wider choice reflects just one of the ways in which life insurance companies and their representatives have adapted their services to the changing needs of Canadians in all walks of life!

WE APOLOGIZE

To all beer drinkers in the Province of Quebec, our apologies... for not having discovered the secret of slow-brewing ten years ago! For the result is a beer that is truly outstanding, with a firmer collar, superior aroma and a mellow-flavour... and here's how to prove it for yourself:

Pour yourself a glass of the new Brading's — the only slow-brewed beer — and a glass of any other beer.

Before you taste either, look at the collar on the new Brading's. Firmer, isn't it? It's the first sign of quality! Next — smell Brading's, then the other brand. You'll recognize Brading's superior aroma!

Finally — and most important — taste Brading's — then the other beer. Notice Brading's mellow flavour!

This test will prove to you that Brading's has a firmer collar, superior aroma, mellow flavour — the result of slow-brewing. The secret of slow-brewing is in the brew-kettle — and only Brading's has it!

Yes, we apologize for not bringing you this wonderful beer sooner... but it's here now, ready for you to enjoy, so ask your grocer — or your favorite waiter — for new, slow-brewed Brading's today.

P.S.—If you like rice beer, Brading's Cincinnati Cream Lager offers the same superior collar, aroma and flavour as Brading's Ale. "CINCI" is slow-brewed, too!

Littler Edges Leonard In Playoff To Win Labatt Open

Finish 72-Hole Event Tied At 272; Leonard Posts Neat 65 In Final Round; Nick Weslock Tops Amateurs

MONTREAL — A routine par by Gene Littler, 25-year-old Californian, snuffed out Vancouver's Stan Leonard Sunday in a sensational extra-hole finish to the \$26,800 Labatt open.

Leonard's bid, before a sympathetic gallery of 12,000 crowding and pushing spectators, fell short because of a blooming chip shot. Nine holes back Littler holed out a 25-foot chip — "the shot that really won for me" — and the two eventually went into sudden-death play.

The pair had finished the 72-hole tournament tied with eight-under-par 272, galloping past Doug Ford, 33-year-old links veteran from Kiamasha Lake, N.Y., who started the final 18 with 203, one stroke up on Littler and four ahead of Leonard.

Ford, who took over the lead with a 68 Saturday soared to a last-round 72 and a third-place finish at 275 with a couple of old pros—39-year-old Ed (Porky) Oliver of Lamont, Ill., and Sam Sneed, long-hitting 43-year-old West Virginian from White Sulphur Springs.

Leonard made the final round his best of the tournament, a five-under-par 65. Littler shot a 68. Littler's rounds were 67-69-68 and Leonard's 69-66-72-65.

In sudden-death play Leonard hooked his second shot and the ball struck a fence and bounced back to the side of the green, while Littler was on the apron. Stan chipped. It was his bloop, the ball landing 10 feet in front of him. Another chip left him seven feet short of the cup.

Littler, chipping from the apron, sent his ball eight feet past the cup. His putt was five inches short. Leonard, going for the par five that would keep the sudden-death play going, was a foot short. He walked over and shook hands with Littler, conceding the victory.

No one had given Leonard much chance of coming close to winning the first-prize \$5,000. Observers figured he had blown any chance Saturday with a two-over-par 72 after keeping up with the leaders for 36 holes.

While the great crowd thronged to the first green to wait for the sudden-death, Leonard and Littler got together and made a locker-room financial deal.

They agreed that the \$7,780 aggregate of \$5,000 first money and \$2,780 second prize would be put into a communal pot. The split was on \$7,000, ensuring each \$3,500.

Littler's win gave him his \$3,500 plus the \$780 not in the bargain pot. Leonard collected his \$3,500 out of the agreement and also \$375 in the tournament's special distribution of prize money among Canadian pros, his share being \$375 as low Canadian. The \$3,875 earned by Leonard was the biggest a Canadian has ever won. Littler pocketed \$4,280.

A big field of 132 Canadian and American professionals and amateurs was lured to the open, the richest in Canadian golf.

Arnold Palmer, Latrobe, Pa., winner of the Canadian Open a week ago at Weston, finished with 279.

Nick Weslock of Windsor, Ont., won low amateur honors with nine-over-par 289. His par 70 last round put him one stroke ahead of Moe Norman, Canadian amateur champion from Kitchener, Ont., who took 75 Sunday and finished with 290.

With the exception of the Kentucky Derby, each colt has run the 1 1/4 mile only once. Swaps won the Westerner at Hollywood Park by six lengths July 9 in 2:00 3/5. Nashua took the Dwyer at Aqueduct July 2 by the same margin in 2:03 4/5.

The American Derby was Swaps last competitive start. Nashua's last race was the Arlington classic July 16, when he needed a driving finish to beat Traffic Judge by half a length in 1:35 1/5 to the mile.

Both three year olds will carry 126 pounds for the 14-mile event. This is the same as the weight and distance for the Kentucky Derby, when Swaps handed Nashua his only setback of the year with a 1 1/2-length victory in 2:01 4/5.

Both colts will be ridden by about the best jockeys in the business, Eddie Arcaro up on the east's Nashua and Willie Shoemaker aboard the west's Swaps.

And there will be no room for alibis, as in the case of a crowded field. Only the two horses will be out on the dirt oval, which has the longest homestretch in the world—1,531 feet.

Cycling Event To Visit Sherbrooke, Reception Planned

The annual "Le Tour du St. Laurent," 425-mile cycling event, will commence, Saturday, Sept. 3, and three days have been slated for the bike marathon.

The contestants will leave Quebec City and on their first day will pedal to Drummondville. About one hundred have entered the contest, including three local boys, Meriel Veilleux, Jean Dolbec and Roland Caron. They have been training under the supervision of Harold Munkittrick, a former winner of the marathon in 1939.

The field will leave Drummondville in the morning at 10:00 and are slated to arrive in Sherbrooke around noon. They will stop for lunch at Munkittrick's Sports Shop on Minto Street and then proceed to Montreal for their second stop. The following day they will strike out for Quebec where the finish will be staged.

Bringing the racers to Sherbrooke, on their swing around the province, was made possible through the untiring efforts of Mr. Munkittrick, Jean Lacharite and Marcel Duford, who received the support of Mayor Nadeau, Ivan Dugre, Mr. Langlois, of Manoir-du-Lac, S. Meighan, local manager of the Canadian Tire Corporation, and several others.

The riders will arrive via the Brompton Road and proceed along Queen Boulevard to Munkittrick's Sports Shop where a reception will be held and special prizes will be presented. The Queen Motorcycle Club will act as an escort for the racers during their stay in the city.

Mrs. H. R. Cleveland-C. Dion Win E. T. Mixed Golf Tournament Held At Drummondville; Scored An 82

Drummondville — Mrs. H. R. Cleveland and Connie Dion, Asbestos, fired an 82 to win the Eastern Townships Mixed Golf Championship at Drummondville on Saturday. The pair had 40-42 over the long and tough par 72 layout.

Ray Zabowski and Miss Raymond Laporte, Sherbrooke Country Club, had 92 as did Miss C. Hoagland and G. Parker, Drummondville and they took second and third gross prizes respectively.

Mr. and Mrs. D. Gauthier, Drummondville, had low net with 85-134-71½ while Miss M. Skinner and Pete Leblanc, Sherbrooke Country Club, had 93-20-73 for second low net. Third low net

went to Mr. and Mrs. C. Garrow, Drummondville, who had 105-28-77.

A high wind together with the long par four holes made it tough on the competitors and only two couples broke 90. There were forty-two couples.

Robert Bernard, the president of the Drummondville Golf Club and B. N. Holtham, Q.C., secretary-treasurer of the Eastern Townships Golf Association, officiated at the distribution of prizes held in the club house.

Following the tournament there was a corn roast and dance. Mrs. Cleveland, who is E. T. Ladies' Golf Champion, and Dion played stellar golf and both were getting off long booming tee shots.

Bill Robertson, Quebec, Takes Over Lead For Lord Calvert Trophy; Meyer Tied For Tenth To Lead Local Squad

For the first time since the Provincial League schedule got underway, a new leader was unveiled today in the red-hot battle for the Lord Calvert Trophy to be awarded to the circuit's most valuable player. Bill Robertson, Quebec's hard-hitting outfielder, finally overtook Bill Causton of St. Jean, the perennial pacer all season.

Closing in on Causton during the last few weeks, Robertson climaxed his spurt with a heavy deluge of ballots amassed during this month. In games up to Aug. 17, the Quebec slugger received a total of 74 points—one better than Causton.

In August alone, Robertson pulled in 24 points to send him zooming ahead in the "Player of Distinction" race which is rapidly coming to a close. The ballots for the most valuable player are cast by the league's press, radio, and television correspondents around the league and co-ordinating the voting is league statistician Jean Pouliot in Quebec City. The ballot battle ends with the completion of the schedule.

Other top candidates for the Lord Calvert Trophy include Thomas Wrye of St. Jean who remains in third position with 53—three points more than Three Rivers' Rudy Paparella. Theford Mines has Ray Barker in fifth spot with a season's total of 48 followed closely by Burlington's Al Braithwaite (47) and Don Smith, Theford, (46).

The most noticeable gains in the "Player of Distinction" poll were established by Braithwaite who shot from ninth into sixth place and Three Rivers' Dave Kiley who took over ninth place with 41 points, one less than Valmy Thomas of St. Jean. Tied for tenth position were Frank Glamp (St. Jean) and Jim Holstein (Quebec), both with 37 points, three more than Sherbrooke's Allan Meyer.

Ferguson Happy At Tennis Victory
Melbourne Reuters — D. M. Ferguson, president of the Lawn Tennis Association of Australia, said Sunday that Australia has scored a "magnificent victory" in the Davis Cup championships. The Association is "very proud of our boys and of Harry Hopman the Australian team manager," he added.

A broadcast description of the deciding doubles match blared out over the rattle of breakfast dishes in many homes Sunday. Radio stations not receiving a direct broadcast continually interrupted their usual programs to give flash reports as play progressed.

STEADY THERE — Regardless of what happens to the Red Sox, Mike Higgins will be the coolest man in the hot American League race.

Yanks And White Sox Split Double Before 50,990; Indians Drop Two To Senators; Dodgers Move Ahead

New York Yankees remained at the head of the American League parade Sunday but Chicago White Sox replaced Cleveland as the runner-ups as the lowly Washington Senators dealt the Indians' pennant hopes a severe blow.

The Yanks and White Sox split their doubleheader to remain a half-game apart as New York won the opener 6-1 and Chicago the second 3-2 before 50,990, the largest crowd of the season at Comiskey Park.

But the Indians, who went into the day tied for first with the Yankees, were the victims of a Washington uprising, 8-2 and 13-4, and dropped a full game off the pace.

Meantime, Boston Red Sox picked up a half-game by clouting Kansas City Athletics 14-2. The victory coupled with the Yanks' split moved them within 3½ games of the top. Baltimore and the Tigers were rained out at Detroit and the game was scheduled as part of a doubleheader today.

Home runs played a big role in both of the Yankee-White Sox games. In the first Mickey Mantle hit a three-run homer in the third inning to give Whitey Ford a comfortable margin. Yogi Berra also homered with one on in the fifth. It was Mickey's 34th and Berra's 23rd. Ford racked up his 15th victory of the season.

Bob Kennedy accounted for all of the Sox runs in the nightcap. With two mates aboard he homered in the first inning off Bob Turley, and Dixie Howell protected the margin with sharp relief pitching after Billy Pierce left in the seventh.

The Senators bunched nine hits, six of them for extra bases, in the middle three innings to score all of their runs in winning the first game of the Indians. One of the hits was a homer by Clint Courtney. Chuck Stobbs was the winning pitcher with one-hit relief hurling for 6 1/8 innings.

The second game looked like a pitchers' battle between Mike Garcia and Mickey McDermott until the seventh when the Senators racked up eight runs.

McDermott checked the Indians with six hits, including homers by Ralph Kiner and Al Smith.

Brooklyn all but locked up the National League flag. The Dodgers picked up a game and a half on second-place Milwaukee and now lead the Braves by 1½ games with 27 games to play.

While the Dodgers were defeating St. Louis Cardinals 6-1, the last place Pittsburgh Pirates were taking two from the stunned Braves 5-3 and 2-0. Philadelphia solidified its hold on third place, three and a half behind Milwaukee, with a pair of victories over Cincinnati, 7-6 and 8-3. Chicago Cubs handed New York Giants their fourth straight defeat, 3-0.

Montreal Cup To Bob Bedard
Montreal — Bob Bedard, ranking tennis ace from Sherbrooke, Saturday defeated Henri Rochon of Montreal 6-4, 8-6, 6-3 to capture the Quebec closed singles championship and the Montreal Cup, one of the oldest tennis trophies in the province.

Hanna Sladek of Montreal took the ladies' singles crown with a 6-1, 6-1 victory over Shirley Hart of Montreal.

Patricia Lesser Wins Amateur
Charlotte, N.C. — Patricia Ann Lesser, 22, of Seattle, won the 55th women's amateur championship of the United States Golf Association Saturday with a 7 and 6 victory over Jane Ann Nelson, an Indianapolis schoolteacher, in the 36-hole final.

It was the most lopsided final in the women's national tournament since Babe Zaharias beat Mrs. Clara Sherman, 11 and 9, in 1946.

Australia Sweeps United States To Regain Davis Cup

10,000 Watch Aussies Knock Over Americans 5-0; Rex Hartwig Plays Major Role In Convincing Victory

FOREST HILLS, N. Y. —(AP)— Lewis Hoad and Ken Rosewall scored singles victories Sunday just for the record book to give Australia a 5-0 sweep over the United States in the Davis Cup challenge round.

It marked the first shutout of American tennis forces since a British team led by Fred Perry and Bunny Austin crushed a U. S. squad headed by Don Budge in 1935 at Wimbledon.

The cup was already clinched as the result of Saturday's marathon doubles victory in which Australia's Hoad and Rex Hartwig after dropping a 26-game opening set, rallied brilliantly to win 12-14, 6-4, 6-3, 3-6, 7-5 over Vic Seixas and Tony Trabert.

Sunday, Hoad subdued Seixas, the U. S. titleholder, 7-9, 6-1, 6-4, 6-4, and the line-splitting Rosewall turned back young Hamilton Richardson of Baton Rouge, La., 6-4, 3-6, 6-1, 6-4, as 10,000 watched.

Richardson was a substitute for Trabert, the Wimbledon champion who turned up with blisters on his racket hand in his losing battle with Hoad on Friday.

The Davis Cup changed hands in televised ceremonies between matches. Vice-President Richard Nixon, presented the trophy to Harry Hopman, Australia, captain, but warned:

"Don't get overconfident. Rest assured we'll be back trying to win the cup next year."

It was Hartwig who played the major role in breaking Seixas' service in the 12th game of the final set and then made the shot which decided the day — a backhand passing shot which kicked up the dust as Seixas reached frantically in an attempt to return it.

It was a quick ending and the crowd stood for minutes, applauding the players as they shook hands in the middle of the court.

Harry Hopman, Australian team captain, called it "one of the finest doubles matches I have ever seen" and Jack Kramer, former world champion, said "this was one of the greatest doubles matches in Davis Cup history."

Bill Talbert, U. S. team captain, praised the Australian victory and said "our team was fit

and "played the best it could. We were beaten by better players. We have no excuses."

Trabert and Seixas fought off three set points to win the 56-minute opening set.

In the 25th game the Americans pushed to a 40-30 lead on Hartwig's service and then Hartwig netted a return by Seixas.

In the 20th game the Australians had set point on Seixas' service but Hoad netted a return. In the 22nd game, on Trabert's service, the Aussie piled up a 40-15 lead but Trabert hit a winning volley and Hoad netted a backhand.

The Australians began their climb back in the second set, breaking Seixas in the 10th game on a net cord shot and placement by Hartwig and two errors by Seixas.

The third set followed service until the sixth game when brilliant returns by Hartwig broke Trabert for the first time. The Americans came back in the next game to crack Hoad, who at one stage committed three straight errors on simple net shots.

But the Australians bore down on Seixas in the eighth game, crashed through and then clinched the set on Hartwig's service in the ninth game.

Trabert and Seixas excited the crowd by breaking Hoad in the fourth game of the fourth set and carrying the match to five sets. It was touch-and-go in the final set until the 12th game when Seixas' deliver failed him.

lentless pressure in the final two singles Sunday. The results were a 7-9, 6-1, 6-4, 6-4 victory by Hoad over Seixas and a 6-4, 3-6, 6-1, 6-4 triumph by Rosewall over Richardson.

Where to now? No one really knows. Seixas, at 32, is out of the picture. He no longer has the equipment to cope with the Aussies and probably will retire to his Philadelphia plumbing business.

Only Hope Trabert remains the one big hope. Tony is a better player than he showed in the challenge round and on any given day has

at least 50-50 chance against either Hoad or Rosewall. U. S. cup captain Bill Talbert said: If we are to win next year, we must find a player who can cope with Hoad and Rosewall and team him with Tony."

Richardson is a fairly good tennis player but is hardly in a class with Hoad and Rosewall. He lacks a good volley and without one you just can't play the Aussies on your terms. Gil Shea, a good humored collegian from Los Angeles and the fourth member of this year's team, still is an unknown quantity.

As for the professional angle, Hoad is interested and Jack Kramer, who holds the purse strings, is interested in Lew. But so far they haven't even come to the talking stage.

By JOHNNY FARRELL
The defending United States Open champion strolled onto the first tee at Winged Foot to begin play—and immediately took off on a round which had most people wondering if he could break 90.

I was the guy, of course, and I doubt whether I've ever played as poorly as on the first nine holes that day.

The fourth was my big flub. After an excellent drive—good for that day, anyway—I was in position for an easy 6-iron shot to the green.

I promptly shanked the ball into a clump of trees on the right and the merry-go-round started.

On Saturday Paul Hauer's Helen Volo H of Waterloo paid the straight ticket when she came home first in the sixth with the payoff at \$24.50. On Sunday afternoon Miss Grattan Directly, in the second, topped the field with \$28.30 while Amedee Beaudoin's Jean Harvester N was a close second with the sum of \$23.40 being picked up.

Molass, Eddie Blouin's brown horse, was the only double winner yesterday afternoon as he copped both ends of the "C" and "CC" pace, covering the first mile in 2:14 3/5 and then back in the seventh to make a clean sweep when he paced home in 2:13 4/5.

This afternoon special races will be staged for "Kid's Day" with several feature events on the agenda. The races will resume Tuesday afternoon with post time at 2:00.

The results for Sunday follow:

Duck Corsica 4.80 3.10 2.50

I took another whack and wound up in deeper trouble. A clump of bushes seemed to reach out and grab my ball — as it bounced off another tree.

On my fifth shot, I finally got out on the fairway, although it took a rather remarkable wedge shot to do it. A normal approach and two putts gave me a big 8.

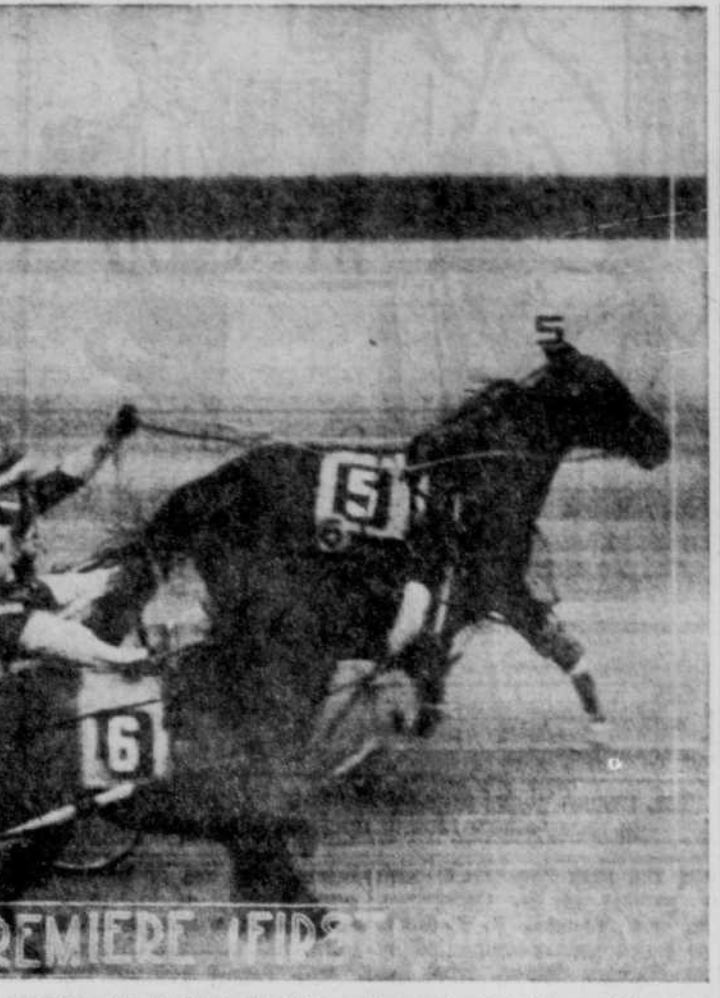

What happened could have been one of a million things, mostly an absence of concentration, I guess.

It sure was some way for the Open champion to start the defense of his title. (NEA)

ADVOCATE TAKES FIRST — Henry Fortin's bay gelding is seen crossing the wire ahead of Eddie Blouin's Admiral Jim in the first heat of the Open Handicap Pace yesterday afternoon. In the second trip Advocate placed second to win the major share of the purse. (Record photo by Rene Lafond.)

Mary G. Herbert Wins Open In 2.08 4/5

Advocate, a five-year-old brown gelding owned by Henry Fortin of St. Gedeon and teamed by F. St. Denis, walked off with the major share of the purse in the Open Pace Handicap, the main event on yesterday's racing card at the local. The little gelding won the first heat and placed second in the second half of the race.

Mary G. Herbert, the property of Adelard Dumas, placed a bad fifth in the first trip but came home strong in the second heat to win in 2:08 4/5 for the fastest time of the week-end. In the second trip the local mare came from behind the field after the first half mile to beat the seven-horse field to the wire.

Admiral Jim, owned by Eddie Blouin of Sherbrooke, and one of the favorites in the class, finished second in the first mile in 2:09 2/5 but fell behind in the next heat to finish a poor fifth. The railbirds were backing the favorites and the prices were low in both heats.

The daily double paid \$53.45 while the top price of the afternoon was in the fourth race when the quinella of Jean Harvester N and He's It rewarded their backers with \$90.85. In the ninth only \$6.15 was collected. On Saturday evening another high was in the fourth race when \$83.65 was picked up by the lucky individuals.

On Saturday Paul Hauer's Helen Volo H of Waterloo paid the straight ticket when she came home first in the sixth with the payoff at \$24.50. Billy Martin To Rejoin Yankees
Colorado Springs, Colo. —(AP)— Cpl. Billy Martin will leave here Tuesday morning to rejoin the New York Yankees in Kansas City, he said Sunday night.

Martin said he will use up 34 days accumulated leave-time due him before his discharge from the U.S. Army Oct. 6.

The 26-year-old 1953 world series star for the Yankees said he will play any place manager Casey Stengel wants to use him.

While stationed at Fort Carson near here Martin has been playing and managing the post's baseball team. Martin said it probably will be Thursday before he will be eligible to play with the Yankees.

Lombardo Wins Silver Cup
Detroit —(AP)— Guy Lombardo's Tempo VII roared to victory Saturday in the Silver Cup regatta, topping a dozen rivals on the Detroit river.

The sleek New York craft, driven by Danny Foster, won the sixth and deciding heat by 100 feet over Gale V, winner of the Gold Cup earlier in the month.

Tempo VII piled up 1,100 pts in the final standings, outdistancing Miss Pepsi and Gale V, which finished in a second-place tie with 869 points.

A Canadian entry, Miss Super-test, owned by J. Gordon Thompson and driven by Bill Braden, did not qualify for the championship heat.

Brough-Dupont Take Doubles
Brookline, Mass. —(AP)— Louise Brough and Margaret Osborne Dupont won their 10th U.S. national doubles tennis title Sunday by upsetting defending champions Shirley Fry and Doris Hart in the women's final.

Kosei Kamo and Atsushi Miyagi, 23-year-old Japanese Davis Cuppers, won the men's doubles.

St. Johns Wins Provincial Pennant; Hartness And Chambers Homer As Indians Salvage One-Out-Of-Three

St. Johns Canadiens clinched the Provincial Baseball League pennant during the weekend by taking two of their three games with Three Rivers Phillies.

Canadiens won Saturday's game 7-1, dropped the Sunday opener 4-2 and claimed the flag after their 8-1 win in the nightcap.

Second-place Quebec Braves enjoyed a perfect weekend, downing Thetford Mines 12-3 Saturday and sweeping their Sunday double-header 6-5 and 7-6.

In the third weekend series, Sherbrooke Indians salvaged the final contest of their three-game set with Burlington by beating the Athletics 11-4 Sunday night after losing the opener 5-1. Burlington downed the Indians 3-2 Saturday.

Semproch of the Phillies and Vest of the Canadiens each gave up eight hits as Three Rivers took the Sunday opener. A three-run sixth inning provided the margin for the winners.

In the nightcap, the Canadiens pounded three Phillies pitchers for nine hits and took advantage of five errors for their 8-1 win. Bullock pitched the distance for the victory while Kurcharski suffered the loss.

Causin homered for St. Johns and Giammerco reciprocated for the Phillies.

Quebec Braves used four pitchers as their 6-5 win over the Miners took 11 innings. Quebec tied the game in the eighth.

Misely, Spencer and Clapp took turns pitching for the Braves until Fortin, who was credited with the win, took over in the tenth. Reikan went the route for the loss.

The Braves also had to come from behind in their 7-6 triumph over Thetford Mines. Quebec scored their winning run in the eighth after tying the count 6-6 with two runs in the preceding frame.

The winners used three pitchers who gave up seven hits, with Clapp, who came on in the seventh, getting the win. Miller, who relieved starter Hall in the sixth, took the loss. Dick Greco homered for the Miners.

At Burlington, the Indians took the second half of their double-header behind the homers of Hartness and Chambers. Sherbrooke came through with two four-run innings — the fourth and the ninth — in their winning effort as Dick Mitchener pitched 12-hit ball for them. Mike Munsinger, the first of four Burlington hurlers, was the loser.

In the seven-inning opener, Quinn held back the Indians on five hits. Sherbrooke's only run came on a first-inning homer by Meyer. Raymond, who gave up 10 hits, took the defeat.

Royce Gale And Armand Pepin Tie For First Place In Waterville Field Day; 68 Golfers Took Part

Waterville — Royce Gale, playing on his home course and Armand Pepin, East Angus, tied for first low gross in the annual Waterville Field Day held over the week-end. Gale won the flip of the coin to take first prize. Both had 77.

Sixty-eight golfers took part in the two day event and a high wind kept the scores high.

First low net in class "A" went to Doug Davis, Lennoxville, who had 78 minus a 9 handicap for a 69 net. Second net went to Gordon Harner, Lennoxville, who had 79—81 while third and fourth nets in class "A" went to Allan Sutherland, Lennoxville, who had 81—10—71 and Casey Jones, Orleans, Vt, who had 89—7—73.
