

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE.

(Incorporated in 1872).

A City on the St Lawrence and on Island of Montreal (Seignior of Montreal), county of Jacques Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Its works are very numerous, and thousands of men are employed yearly. The chief industries are the Dominion Bridge Co. the Allis-Chalmers-Bullock, Limited; Daly & Morin; Fisk, Limited; Asbestos Co.; Canada Flax & Fibre Co.; the Dominion Wire Rope Mfg Co.; McLaurin Bros., Limited; The National Breweries Limited; the Railway Signal of Canada and the Lachine Car Works; which have just been established in winter months it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids. Regattas and other sporting events take place every summer and are largely patronized by visitors. A handsome public market has just been built at a cost of \$30,000, and it is opened daily from 5 a.m. to 9.30 p.m. It is provided with the most modern refrigerators and coolers, and all perishable articles are constantly kept on ice. A new public weigh house has just been built for the accommodation of the traders. The leading citizens of the city have just provided a Board of Trade, where all important business matters are discussed. A new City Hall, to cost about \$100,000, will shortly be erected. The Ladies of Saint Anne have built an extensive convent, which will be known as Le Mont Saint Anne. Messrs. Tooke Bros, of Montreal, have erected a large factory on Eighteenth av, and it gives work the year round to many employees. There are also four banks, viz., the Merchants Bank of Canada, the Molsons, La Banque Provinciale and la Banque d'Hochelega, all of which are doing good business. The Grand Trunk Railway runs several trains daily to Montreal. Montreal Park & Island Electric Railway have also a line of electric cars running from the City of Montreal to the Western limits of the city of Lachine. The Catholic church has been renovated and enlarged, and a new parish has been formed in Dominion Park, to be called that of the Holy Sacrament, and a new church has been built and will be dedicated under the name of "l'Église du Tres Saint Sacrement. The Lachine Methodist Church has been rebuilt and enlarged, New granolithic sidewalks have been laid on mostly all streets, and tar is being laid on St Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts. The Great North Western Telegraph Co. have offices here. There are two post office branches, also the Bell Telephone Co. The City is lighted by electricity,

and has a fire alarm system and a complete system of waterworks and drainage. The waterworks is being enlarged and a new hydraulic pump has just been purchased at a cost of \$60,000. There are, besides the convent, a first-class commercial college, two Catholic academies and two Protestant academies. Distant from Montreal City Hall, 9 miles. Mail three times daily. Population 10,065

LONGUEUIL.

(Incorporated 1874.)

A flourishing town, on the south shore of the river St. Lawrence, near St. Helen's Island, seignory of Longueuil and Tremblay, county of Chambly, district of Montreal. It is the county seat. A market is open here every day, and a Recorder's court is held. A water works supplied with the New York Filter Co's system, 2 Catholic convents, 2 colleges, 3 churches, 1 Protestant school, 1 foundry, Bank of British North America, etc. A new college has been erected on Chambly road at a cost of \$130,000. 54,000 feet of permanent concrete sidewalks have been laid in Longueuil in the past year, and this work is still proceeding. Longueuil has no factories to mar the residential features, consequently there is no smoke or dirt to contaminate the pure air. The business is chiefly local. There is a considerable trade in firewood, coal, horses and cattle. A steam ferry boat plies constantly between here and Montreal. There is an electric car which gives a 30 minute service between Montreal and Longueuil from 6 a.m. to midnight daily. The cars run through the principal streets of the town and connect with each trip of the ferry boat. Streets are lighted with electricity throughout the town. The Dominion Government is building large military barracks in Longueuil.

Suburban train runs between here and Montreal 8 times a day. Distant from St. Lambert 3 miles, from Montreal 2 miles, from shore to shore, and 12 miles by rail; from Boucherville 6 miles, from Chambly 10 miles. Mail twice a day. Population about 5,000.

 It is an important railway centre,
 with an electric railway to Montreal,
 operated by the Montreal & South-
 ern Counties Railway Co., making 40
 trips each way. Fare single, 15c
 return, 25c; ten trips 75c, 55 trips \$2.75.
 and has an excellent train service
 by the Grand Trunk Railway,
 with over twenty trains each
 way daily. Return 25c, single

for day of issue only, 25c; return good for 1 month 35c; single fare on regular train 25c; by commutation tickets, 10 trips for 75c, 55 trips for \$2.75, or 5c a trip

The Victoria Jubilee Bridge spans the St Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; I.C.R. for Halifax; Central Vermont for Farnham; New York and Boston, Delaware & Hudson for New York; South Shore Railway for Sorel and the Montreal Southern Counties Electric Railway. The distance to Longueuil, the county seat, is three miles; communication, by the electric railway. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a large Academy, conducted by the Protestant School Commissioners, with a staff of five teachers

The Roman Catholic School Commissioners' school is now conducted by the sisters of the Holy names of Jesus and Mary and have a staff of five teachers and they have built a convent that has cost \$80,000, to receive boarders and two Brothers of the C. S. Viateur for the boys. There is excellent boating on the river, and the St Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A brick work wall along the river bank gives the Town a fine promenade of over 1,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. During the winter months direct communication is had with Montreal by an ice road across the St Lawrence on which considerable driving is done, and by the bridge. St Lambert is being rapidly built up, and is destined to become a very important suburb point and has a system of water, drainage and electric light. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication.
