LOOTING CONTINUES IN 'FRISCO AND SOME INDISCRIMINATE SHOOTING HAS BEEN DONE BY THE TROOPS

So Great is the Indignation that Unless Militia is Withdrawn, Police Fear a Popular Outbreak—Estimates of the Number of Dead Still Vary Greatly, but it will Reach in the Neighborhood of One Thousand.

(See also pages 6, 12, 13 and 16.) Special to The Montreal Star.

San Francisco, April 25.—More shooting took place last night, and the local police charge it to the troops. Considerable excitement was caused this morning by a fusillade of shots at Fillmore and Geary streets, within three blocks of the headquarters of the relief department of the city government. It was learned afterward that one man, whose name is unknown at present writing, was killed. His body was removed in an automobile. Several men were also wounded, according to the reports. Shooting was also reported as having occurred at the foot of Van Ness avenue, but no word of any casualties was received from there.

Looting continues, but those offenses are growing less frequent owing to the thorough understanding that the militia will kill any vandals caught in the act. However, so many reputable citizens and inoffensive persons have been injured during the last few days for trivial causes that the sentiment of indignation is spreading and today a prominent police officer said that unless the militia was withdrawn at once, he feared an outbreak. It appears that the greater portion of the unprovoked shooting has been committed by the militia and special policemen, who shoot without warning. The greatest feeling in this regard has been directed against the militia and it is because of this that the police fear trouble. The estimates of the number of persons killed in the disaster still differ greatly. Gen. Greely, who is in command of the troops, having superseded

a long time before fires will be allowed in houses. At night they must sit in utter darkness, no lights being allowed. There are large sections of the unburned districts where not a chimney is standing intact. In most houses they are down altogether. Nearly every one of these wooden dwellings shows some sign of the earthquake. Some of them are demolished, and many twisted. It is likely there are very few buildings not affected in some way by the earthquake, and probably a very large percentage of the houses now standing will have to be reconstructed. Order is good, streets are closed at nightfall, and stories of promiscuous shooting are untrue. There are only three verified cases. Looting is absolutely barred in San Francisco, Oak-

land and surrounding places, and the order is rigidly enforced. Supplies are coming in abundance, and the people are being got out of the city by the thousands. New water mains are being laid

Gen. Funston, does not think that the list of dead will amount to more than 300. Coroner Walsh is convinced that the figures will be close to a thousand. It is generally believed that when the dead have been counted, the number will be in excess of Gen. Greely's estimate, since nearly 300 have already been buried and the great heaps of ruins in which many must have perished have been practically unsearched. There is plenty of food. The supplies that have been rushed in endlessly from every place have met all needs. There is no scarcity of water.

Sack Full of Tragedy and Pathos

Chicago, April 25.—A sack full of tragedy and pathos reached the Chicago post office last night when the first mail from San Francisco since the earthquake was received. The sack contained several thousand communications from the fire sufferers to Chicago relatives and friends. They were written on shreds of wrapping paper, pieces of box covering, strips of shirting, cuffs, shingles and other odds and ends. Some bore postage stamps, but all had the red ink time stamp of the San Francisco office. Some contained the one word, "saved." Others told in two word sentences stories of death and terrible hardships.

LOSS OF LIFE SAID TO REACH ONE THOUSAND

Special to The Montreal Star. San Francisco, April 25.—The loss of life may reach 1,000. At the open squares and the great Golden Gate Park are the abiding places of tens of thousands fed by rations from the organizations. At Jefferson square, typical of all is a little town of shacks and tents. Women are hanging clothes lines strung from trees, cooking in fires built with loose bricks. Outside one tent stands a piano. A man is giving out onions and other men are taking them away in their hats and women in their aprons. One feeble old lady says: "I came from New York in 1863, lived here all my life, brought up my family, and now have nobody. I saved this" and she

MR. MILLER'S ELECTION EXPENSES.

Now we find that Mr. Miller, M.P., who defended the "indemnity grab" the other day, is accused of "padding" his bill of political expenses, which he put in by way of a claim to the \$2,600. The accusation comes from one of his fellow members—Mr. Bennett. We quote from the report in the Toronto News:

Mr. W. H. Bennett followed with an attack on Mr. Patterson in the German surlax (debate) of which the most noteworthy incident was the swift downfall of Mr. H. H. Miller. He rose to a point of order, that Mr. Bennett was not speaking to the question.

Now if Mr. Miller's election expenses were really only \$300, that will cut his yearly claim on that score down to \$75. Then the detailed bill which we attempted to put in due form for him the other day will run in this way:

Extra clerk... \$500. Cost of election per year... \$3. Charity (estimated)... 200. Total... \$775. New Indemnity... \$2,500. Leaving for hotel bills, etc... \$125. for four months.

We certainly should have those hotel bills in detail. Philadelphia, like Montreal, is having considerable trouble with the administration of its wharves, and it has now been decided that the municipal authorities shall have considerable say as to their control. In Philadelphia, the position of affairs is such that almost the entire wharf front has been donated to various corporations, and vessels not belonging to one or another of these companies cannot dock at any of the wharves without paying a prohibitive price.

ORDERED LATIMER'S RELEASE.

Special to the Montreal Star. Calgary, Alta., April 25.—The order of Chief Justice Hinton for the release of William Latimer, a Philadelphian, awaiting extradition on a charge of embezzling \$100,000, makes some caustic remarks on the case. The Chief Justice points out that Latimer was held in custody from the 25th of January to the 21st of April for extradition to the State of Pennsylvania, that no action was taken by the court, and that it was apparent that the provisions of the Extradition Act had been utilized with some ulterior motive by the representatives of the court and their anxiety for the prosecution of the alleged criminals had very materially cooled since the orders were made. Latimer is now a free man.

SPEND \$89,000,000 IN TWELVE MONTHS

Supplementary Estimates Brought Down Yesterday Amounting to \$2,845,382.

Special Staff Correspondence. Press Gallery, House of Commons, Ottawa, April 25.—Just before the adjournment of the House last night, the Minister of Finance brought in further supplementary estimates for the current year ending on June 30th next.

Montreal's death rate is very low, but the outlook is uncertain. A good many persons may decide to operate automobiles in this summer. The St. Lawrence seems to be receiving enough encouragement from the climate to induce it to hand out another ice crop.

RESOLUTIONS FOR 1906 A FAILURE.

When we look among our friends, from the men of brains to the men of toll, we must acknowledge that our New Year's resolutions too often fail. We must acknowledge that when alcoholism and drug habits have taken possession of us or them, and they have become uncontrollable diseases—yes, practically enslaved to them—there is no longer any necessity for believing that we can overcome them by an exercise of the will power—it will be impossible.

THE MACKAY TREATMENT.

It is a treatment founded on scientific principles, and has no relationship whatever to fake medicines or quackery. The best evidence of its sterling merit is that the Government of the Province of Quebec and the municipalities of Montreal and Quebec use Dr. Mackay's Treatment to cure their chronic inebriates. This treatment restores the will—it builds up the nervous system—clears the brain, and practically renews the functions of life. When the treatment is completed it leaves the system fortified, and no longer requires the needs of the temporary bracing effects of stimulants and poisonous drugs, that slowly, but surely, destroy life.

SHORT TIME OF THREE WEEKS. OVER 2,000 CURED IN THE LAST FEW YEARS. All communications strictly confidential. For further particulars address Dr. John M. Mackay Treatment Co., Ltd., St. Lambert Hill, and Dr. John M. Mackay (after 4 p.m. until 10 p.m.), 506 St. Urbain Street. Phone East 3708.

STEAMSHIP TICKETS. ALL LINES FROM NEW YORK AND BOSTON. I personally give every attention to enquiries and secure the best available accommodation on ANY LINE. LOWEST RATES. NORMAN L. LUSHER, 178 St. James St., Tel. Main 1807. (City and District Bank Building).

CADILLAC Automobile. has a reputation of being the most economical car to maintain. Every part, including those of the motor, are made to a system of limit gauges. No piece is permitted to pass this inspection if it exceeds the transcribed limits of measurement, which in some cases are specified to the 1,000th part of an inch, that is why all parts are absolutely interchangeable. Demonstrations given to prospective buyers at all times. See the folding runabout CADILLAC at the Arena. Sole Representatives: The Canadian Automobile Company, 342 ORAIG STREET, WEST.

2nd REGIMENT CANADIAN ARTILLERY. ORDERS BY O. C. No. 3 Company will parade Wednesday, April 25, for company drill. The Regiment will parade Friday, April 27, for Battalion Drill. All parades 8.15 p.m. sharp. Uniform for all parades, Drill Order. By order, E. C. COLE, Major, Acting Adj.

SAVOY HOTEL LONDON. OVERLOOKING THE RIVER AND EMBANKMENT GARDENS. Never has the Press of England shown greater unanimity than in its praise of the additions and improvements to the Savoy Hotel, London, upon which have been spent upwards of one million pounds sterling. The new building is characterized by extreme luxuriousness. The most beautiful hotel in Europe.—'Outlook'. An ideal home for twentieth century London.—'Queen'. The great pile of buildings included in this latest addition to the architectural sights of London forms a combination of luxury and beauty which cannot be surpassed in the wide world. The New Savoy is a vast palace of a thousand splendours, of a thousand surprises and delightful innovations. Nothing that could contribute to the comfort, the smoothness, and the joy of life is wanting in this latest addition to the world's schools of art in all its branches and its various departments. The place is, in its way, a very triumph of genius. Its match is not to be found in any capital of this little planet. To do it justice in a necessarily brief article is impossible. Having rambled through its glorious salons and galleries, and ante-chambers up and down marble staircases of noble breadth, beneath panelling—cellings, adorned in relief with exquisite golden tracery, one feels that all this rival magnificence, this opulent brief article will inspire a volume which should be bound in white satin and gold.—'Western Mail'.

MILITARY CEMETERY FOR PUBLIC PARK

Proposal that City Should Acquire the Property is Revived.

COUNCIL'S HANDS ARE TIED

Is Unable to Grant Shakespeare Road Land for Shacks for Consumptives.

A delegation from the Mount Royal Cemetery Company appeared before the Parks and Amusement Committee yesterday afternoon in regard to the old question of turning the Military Cemetery on Esplanade into a public square.

The delegation was composed of Messrs S. O. Shorey, Richard White, W. M. Ramsay, G. P. C. Smith, Henry Bulmer and J. E. Flett.

Explaining the situation, Mr. Shorey said that the cemetery proper belonged to the British authorities, the trustees of the cemetery, however, had some eighty thousand feet of land in the vicinity which it would hand over to the city at the usual assessed valuation.

Mr. Shorey said the British authorities might consent to the removal of the bodies if a monument were erected on the spot.

Aid Laviolette moved that a report be made to Council recommending the appropriation of the land under the control of the cemetery, as was assessed value, plus twenty per cent, and that the city pay the cost of removing the bodies from the cemetery, provided the amount did not exceed \$7,000. This was unanimously adopted.

PARK CANNOT BE LEASED. For some time past the Tuberculosis League has been trying to get a portion of Mount Royal Park, known as the Shakespeare property, on which to establish a camp for the treatment of patients suffering from tuberculosis.

At the meeting of the Parks Committee yesterday, a report was read from the attorney stating that the city could not legally part with the land for the purpose in question.

An objection was made to the establishment of the camps by Mr. Perron. He said the fact had been demonstrated years ago that the Shakespeare property, and Mount Royal Park were one, and that the city could not part with any portion of the park for such purposes.

Loss of Appetite

Is common when the blood needs purifying and enriching for then the blood fails to give the digestive organs the stimulus necessary for the proper performance of their functions.

Hood's Sarsaparilla is pre-eminently the medicine to take. It makes the blood pure and rich, and strengthens all the digestive organs.

I have used Hood's Sarsaparilla as a spring medicine and find it excellent. My brother-in-law used it for blotches on his face and was perfectly cured. He has not been troubled since." HAROLD PARKER, Peterborough, Ont.

Catarrh of the Kidneys Not Always Recognized

A Cold Settled in Kidneys, Causing Serious trouble. Pe-ru-na Restores Health.

CATARRH of the kidneys is a very much neglected disease. It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of the system.

They are not serious enough to detain the patient from his regular work. Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being caused by catarrh.

Such a remedy has been found in Peru-na. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed members of the nose and throat, or whether in the remotest part of the kidneys.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism.

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Made Me a Well Woman

Dear Mrs. Pinkham.—Lydia E. Pinkham's Vegetable Compound has done more for me than doctors or medicines. I suffered for four months with suppression of monthly periods. Headaches were a daily occurrence. Pains in my back and limbs made it hard for me to attend to my domestic duties.

The medicines I had taken did not help me, and I was in misery and despair until one day I read an account of your Vegetable Compound, and decided to try it, and I thank God that I did so, for it not only regulated my monthly periods, but made me a well woman.

MADAME CAROLINE MARTINEAU, 22 La Chapelle St., Quebec, Que.

Do not let disease make headway. Write at once to Mrs. Pinkham, Lynn, Mass. Her advice is free and will contain information of great value to you. Mrs. Pinkham is daughter-in-law of Lydia E. UNDAUNTED FRISCO WILL NOT TALK OF EARTHQUAKE BUT PUTS ALL ENERGY TO REBUILDING THE CITY

Business Men Return from Trips East and Throw Their Fortunes Into Work of Rebuilding—Some Ghastly Scenes Witnessed Among Ruins—All are Fed by Charity, Rich and Poor Alike, Owing to Scarcity of Provisions.

Special to the Montreal Star.

Oakland, Calif., April 25.—When San Francisco is rebuilt, it will be the most superb illustration of civic pride and unflinching courage in the history of the world. The magnificent resources of the Pacific slope and the commanding position of the site of San Francisco will have nothing to do with the rise of the city from its ashes, compared with the marvellous spirit of her people. The calculating temperament cannot understand the hot blooded, indomitable enthusiasm that is so strikingly apparent, and such might carp at the absolutely unbounded confidence of San Francisco.

To speak of an earthquake here is treason. On the overland limited that reached here early this morning were 130 passengers, most of whom were San Francisco's business men, who were in the east when the calamity occurred. They represented \$100,000,000, and all were heavy losers. The tone of cheerfulness was almost incredible.

BUSINESS MEN UNDAUNTED.

They sank anxiety about friends and personal relatives. They held meetings on the train, pledging themselves to the rebuilding of the city. The calamity was always spoken of as "the fire," as it is here. The spirit of the men that one meets in the ruins of the city and of the women camping in the parks is the same. The spirit of the men that one meets in the ruins of the city and of the women camping in the parks is the same. The spirit of the men that one meets in the ruins of the city and of the women camping in the parks is the same.

The heart of the city, every solitary sign of its commercial life, is the greater part of its finer residential district, acres of the homes of the poorer classes are absolutely blotted out. Every man and woman in the city of San Francisco to-day is subsisting on charity. The bread of charity is the only bread that can be got there.

ALL LIVE ON CHARITY.

At one of the parks this morning a handsomely dressed woman with two children at her side, all in mourning, were being given out. She took a fitch of uncooked bacon, and as she reached for it a gleam of jewels appeared on her fingers. One of the boys took a can of condensed milk, the other a bar of cakes. "I have money," she said to your correspondent, "if I could get it and use it. I have property, if I could realize on it. I have friends if I could get to them. Meanwhile I am going to cook this piece of bacon on bricks and eat it." She was only one of thousands like her. In all my walk through the city to-day, this note of cheerfulness of the people in the face of an almost total annihilation of their property was the only ray that lightened the horrible gloom of the situation. A few details may serve to give some slight impression.

PEOPLE STILL FLEEING.

The clock on the ferry tower, as everyone notices, marks 5.15. The moment you step ashore, all is desolation as far as the eye can reach. Earthquake evidences are in sight at once. The cobble pavement just outside the depot has sunk and raised in undulating billows. The ferry approaches are packed with residents trying to get away, carrying their belongings in every conceivable way. A few details may serve to give some slight impression of the city as quickly as possible. The

railways give them free transportation for 500 miles. All day from dawn to dusk the strangest procession that any city ever saw goes down Market street to the outlet. Every conveyance is pressed into service and thousands are trudging on foot, carrying all they have in their arms. A man carrying a small girl on his shoulders and a baby in his arms. His wife pushes a baby carriage loaded down with all their earthly possessions. Here is a Chinese woman with an invisible baby in a silk sock on her neck, and two little ones trudging behind her. Market street was quickly cleared of debris to make an outlet for passengers. There have been made through some of the other streets. Men are digging holes and Marking streets and placing poles for head trolleys to run cars. The Broadway of San Francisco is simply a Canyon between jagged ruins, a view of the more modern steel construction buildings have walls and floors intact but all are gutted. The new eighteen story building at California and Kearney streets stands a shell. All that was left of the Grand Hotel is enough of the walls to carry signs.

SOME ENORMOUS RUINS.

The famous Palace is a sad ruin. The Crocker, the Flat Iron building, a new steel structure, is in a remarkable state of preservation. Yesterday the coal bunkers blazed in proximity of 2,000 gallons of oil. There was no water, but soldiers smothered the fire by heaping wet sand down the sidewalk opening to the basement. The Cal building, the most prominent in the city stands a melancholy monument; cracks in the walls and with a decided tilt. The story is the same all the way up Market street. But it is the City Hall that is the scene of ruin. It is the most noticeable example of the devastation of the earthquake, and no San Franciscan can look at it without choking. The steel frame of the great tower upholds the dome surmounted by a statue, but three quarters of the dome has been stripped from the frame, leaving a bare portion. The walls are crushed and rent on all sides. The post office walls are cracked in places, but the building is otherwise intact. Lines of men and women are at every entrance, and clerks call out rapidly from the doorway. The addresses on the letters. The Mint stands like a beacon in a stormy sea, massive and strong, absolutely undamaged, with Old Glory floating above it.

CUT WOMAN'S FINGER OFF TO GET RINGS.

Colorado Springs, Col., April 25.—Passing through here yesterday in a Denver & Rio Grande train, bound for Chicago, where her parents reside, was a San Francisco fugitive, who said her name was Miss Logan. She wore a bandage on her left hand and said that while she lay unconscious upon the floor of the lobby of the St. Francis Hotel, in San Francisco, after the earthquake last Wednesday morning, the third finger of her left hand was cut off and she was robbed of rings that she had worn there.

MANY SHOCKS RECURRENT SINCE THE CATASTROPHE.

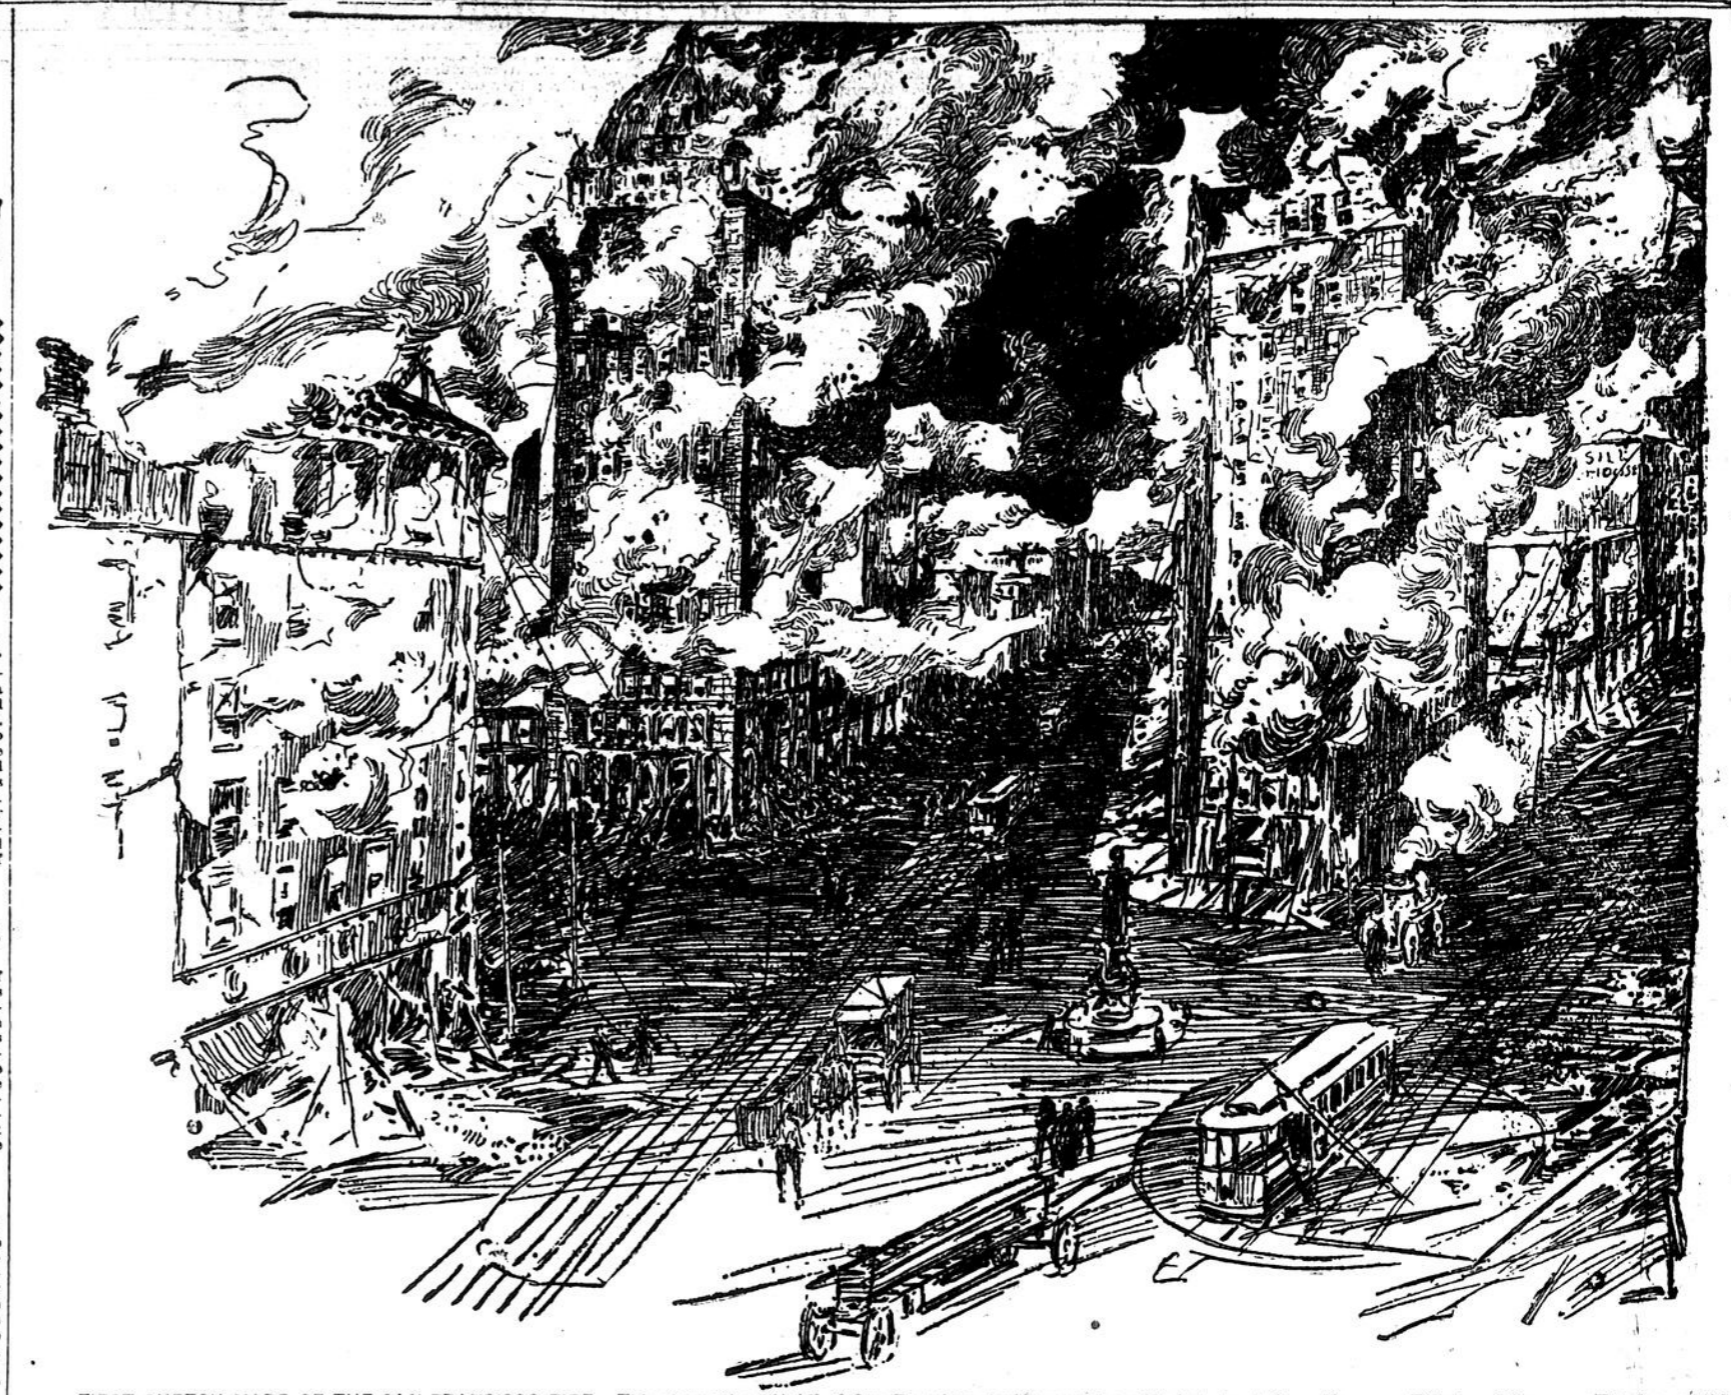

Special to The Montreal Star. New York, April 25.—After a night of terror, broken by frequent tremblings of the earth, thousands of San Francisco refugees, began a wild flight from the city to-day. The renewed exodus overwhelmed the ferry and other transportation facilities. Many of those who sought escape declared they were going inland as far as possible, believing that the Californian coast is doomed to destruction. Seventeen distinct earthquakes have been recorded since the big shock of yesterday morning.

DOGS WERE FOUND EATING HUMAN BODIES.

San Francisco, April 25.—One of the most gruesome scenes that has followed the fire was witnessed on Telegraph and Russian hills and along the entire north beach front of the city when scores of half-starved dogs were found eating human bodies. The animals were discovered gnawing and tearing at the corpses half buried in the ruins. An order has been issued to shoot all dogs.

RAILWAY COMPANIES ARE NOT CHARGING.

Chicago, April 25.—Officials of the Southern Pacific lines announce that cases of extreme destitution are being transported free of charge from California points to New Orleans. General Passenger Agent Hoarburg, of the Southern Pacific at Oakland pier, Cal., advises that that road has taken out of San Francisco 150,000, that 60,000 more are still encamped in Golden Gate Park, 25,000 at the Presidio, and 50,000 elsewhere.

FIRST SKETCH MADE OF THE SAN FRANCISCO FIRE.—This shows the "Hub" of San Francisco, looking west on Market street from Kearney, Third and Geary. The fire, at this time, was working towards the St. Francis Hotel, which was later badly damaged by flames.

BONDED GOODS ARE UNHARMED.

San Francisco, April 25.—Colonel Mauss, after an examination of the appraisers' building, reported that all the bonded goods at the warehouse were unharmed. Retail business within a limited area is being resumed. Seven meat markets were opened yesterday. Prices are normal.

Earthquake Ran All Along The Coast and Made Itself Felt at Sea

Special to The Montreal Star. Portland, Ore., April 25.—The steamship Alliance brings the report that the earthquake that laid San Francisco in ruins also played havoc with all the smaller towns and cities along the northern coast as far north as Eureka. The lighthouses at Point Arena, and Fort Bragg are badly damaged. The committee on the earthquake a dilapidated appearance, nearly every window having been shattered. The brick buildings are badly wrecked and will have to be repaired, and the water mains were broken, leaving the water supply shut off for several days.

DIVORCE COMMITTEE BUSY.

Ottawa, April 25.—The Senate will today consider the address to their Majesties, the King and Queen, inviting them to honor the Dominion with their presence. This has been fixed as the first business of the day. At yesterday's sitting the new Opposition leader of the Upper Chamber was referred to officially for the first time, the manufacturers of the Ross rifle were disclosed, the press of business before the divorce committee was referred to, further consideration was given the new rules of the Senate, and a number of bills were advanced a stage. Senator Kitcher moved that, in view of the press of business before the divorce committee, it be given permission to meet while the Senate was sitting. The committee sat in the afternoon, if permission had been obtained, two witnesses were in Ottawa and it was desirable to discuss them as soon as possible. Senator Landry objected that Senator Kitcher had not given the divorce committee an unusual amount of business before it this year. The committee sat in the morning and in the evening until midnight. It would have sat in the afternoon, if permission had been obtained. DRAWS LESSON FROM CANADIAN GIFT

Detroit, Mich., April 25.—The Detroit Journal (Republican) said editorially: "The first appropriation of the United States Congress for the relief of San Francisco was one million dollars, Canada, which has less than one-twelfth of the population of the United States, and a still smaller proportion of resources, granted a government appropriation of one hundred thousand. That the Dominion Government should take official cognizance of the situation and make a grant that is proportionally even more generous than that of our own government, on which a special obligation rested, was an unexpected as it was gracious. The promptness of the act shows how spontaneous it was. It ought to be remembered as a beautiful incident in the history of the two countries which are neighbors in a sense in which no two other nations in the whole world are neighbors, for no two others occupy a similar relative position toward each other and the rest of the world and the respective interests and people and territories of no other two come in touch along a continuous line 4,000 miles in extent."

MONTREAL CHINESE ARE SENDING AID TO 'FRISCO.

The Chinese of Montreal are not going to be behindhand in coming to the rescue of their suffering kin in San Francisco. As announced in the despatches the Chinese quarter of that city, which is very large and populous, suffered severely from the ravages of the earthquake and subsequent fire, and those who have been rendered both homeless and penniless by the disaster are by no means few. Steps are now being taken by Chinese residents in Montreal as well as in every other city in America, to contribute financial aid to distressed Chinamen there. The movement in this city is largely under the direction of the Chinese Relief Association, and the treasurer of the relief fund is Mr. Hum Bo, the president of that organization. A telegram was received last week from the branch of the association in San Francisco, asking for help. A meeting of the Montreal branch was called on Saturday, and steps taken to raise the necessary fund. In all the larger Chinese stores to-day may be seen little subscription books, in which those willing to subscribe to the fund may put down their names. Already many contributions have been made to the fund, and \$10 and \$5 being quite common. It is expected that there will be a large response to the appeal as the Chinese are proverbially charitable. The store of Mr. Wing Hei, corner of St. Urbain and Laurier streets, is the temporary office of the movement.

INSURANCE MANAGER GOES WEST.

Mr. T. L. Morrissy, manager of the Union Assurance Society, left last night for San Francisco, on cable instructions to look after the interests of his company in connection with the claims arising from the recent catastrophe.

PROF. KNEELAND'S DAUGHTER SAFE.

Prof. A. W. Kneeland, of 396 Dorchester street west, received a telegram to-day, announcing the safety of his daughter, Mrs. Leigh Richmond Quibley, of San Francisco, whose home was among those destroyed.

PALE, LISTLESS GIRLS

Growing girls—girls in their teens—must have rich, pure blood. Healthy womanhood depends upon the vital change from girlhood to maturity. Every woman should most carefully watch her daughter's health at this critical period. If a girl at this period has headache, if she is pale, thin and languid, it shows that her slender blood supply is being overtaxed. She will always be ailing and may slip into a hopeless decline, or consumption if her blood is not built up at once with Dr. Williams' Pink Pills. The rich, red blood which these pills make bring health and strength to every organ, and make dull, listless, languid girls, bright, rosy-cheeked, active and strong. Miss Maggie Donahue, Erieville, Ind., says: "Before I began the use of Dr. Williams' Pink Pills I was badly run down, and it seemed as though my blood had turned to water. I was very pale, suffered from headaches and palpitation of the heart, and often I would pass sleepless nights. I found nothing to help me until I began the use of Dr. Williams' Pink Pills, and these have fully restored me and I can truthfully say I never enjoyed better health than I am now doing." When Dr. Williams' Pink Pills replace bad blood with good blood they strike straight at the root of all common ailments like anaemia, decline, indigestion, kidney and liver troubles, skin eruptions, erysipelas, neuritis, St. Vitus dance, paralysis, rheumatism, and the special ailments of growing girls and women. Be sure you get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around each box. Sold by medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing to Dr. Williams' Medicine Co., Brockville, Ont.

The Wornout Nerves, The Weak Heart, The Tired Brain, The Wasted Strength.

What a multitude of women there are who feel that these words exactly suit their case. From early morn until late at night they are seen in and about the streets, attending to the daily household duties, looking after the wants of her children and spending the rest of her time attending to social and church work. It is a wonder that they seem so listless, that some a general collapse? The action of the heart becomes weak and palpitating, the nerves become unstrung, the brain feels in a whirl half the time and the usual force of vitality is lacking. It is at this time a woman should look after herself. If she does not, serious female disorders may set in and often cause weary months and years of helplessness and miserable suffering. What she wants is something to build up her system. For this purpose there is nothing so equal

MILBURN'S HEART AND NERVE PILLS

They are the woman's friend in every sense of the word. Cut through the weak heart, tone up the shaky, starved nerves, make the brain clear, and restore the lost vitality. Mrs. George Lehane, Shanley, Scotland, N.S., writes: "I was nearly broken down by heart and dizzy spells and was so run down I could not attend to my household duties. I bought two boxes of Milburn's Heart and Nerve Pills and after taking them I found that my trouble had all passed away. I am now strong and healthy again."

100 cents per box or 3 for \$1.50. If your dealer does not have them, send direct to The Milburn Co., Ltd., Toronto, Ont.

BOXING TOURNAMENT NETTED ABOUT \$4,500.

Los Angeles, Calif., April 25.—A boxing tournament, participated in by many of the leading pugilists of the country and attended by 2,000 persons, nearly half of them women, was given at the Pacific Athletic Club last night for the benefit of San Francisco earthquake sufferers. James J. Jeffries, retired heavyweight champion of the world, went two rounds each with Jack Root and Dan Long. Battling Nelson boxed four fast rounds with Eddie Robinson, and Aurelio Herrera, who is to meet Nelson, on May 11th, for the lightweight championship, boxed the same number of rounds with his brother Mauro. Tommy Burns, who defeated Marvin Hart for the world's heavyweight championship recently in this city, fought four rounds with George Blake, a local heavyweight. "Kid" Herman, of Chicago, who will meet Jimmy Britt here May 9, boxed four rounds with Abe Attell, the world's featherweight champion.

TORONTONIANS FOR SAN FRANCISCO.

Special to the Montreal Star. Toronto, April 25.—Mr. A. J. Taylor, Canadian freight and passenger agent of the Chicago, Milwaukee and St. Paul Railway, asked if many persons were leaving here for the Golden Gate, to help the earthquake sufferers. He was made by carpenters, masons and others as to trains and rates through to San Francisco, and no doubt a large number will go from here with the hope of getting work.

ANOTHER THOUSAND FROM THE STAGE.

Ithaca, N.Y., April 25.—May Irwin, the actress, gave \$1,000, the proceeds of her performance in Ithaca last night to the Red Cross Society for relief work in California.

SUPREME COURT HAS MADE SWEEPING ORDER.

San Francisco, April 25.—The State Supreme Court has made a sweeping order granting a re-hearing in all cases in which a petition has been filed and in which the time for granting a re-hearing will expire before the first of May. A similar order was made in respect to appeals in court from the United States District Court of Appeals.

CHINA'S EMPRESS HAS SENT \$70,000.

Peking, April 25.—The Empress Dowager has sent to the American legation a cheque for \$70,000 for the relief of the sufferers from the disaster at San Francisco, and is sending \$20,000 to the Chinese of that city.

THE AGE OF STEEL

Steel is rapidly replacing wood and mortar as a material for the interior of homes, as well as for the structural steel "sky scrapers." Metal walls and ceilings are more durable and sanitary than plaster, and have the still greater advantage of being absolutely fireproof. Then, too, they come in many designs that lend themselves to rich, harmonious color schemes. Metal Shingles—which last a lifetime, never rust or leak and are fireproof and lightning proof—now take the place of wooden shingles and tile. Metal Siding is more sanitary and more durable than brick or stone. A full description of these Metal Building Materials will be found in the catalogue issued by The Metal Shingle & Siding Co., Limited, of Preston, Ont. It is sent free to those who are building or remodeling homes or other buildings. Mention this paper.

FIRE UNDERWRITERS IN CONSULTATION.

Oakland, Calif., April 25.—The fire underwriters of San Francisco and vicinity yesterday held a meeting in this city, as a result of which a committee was appointed to confer with a like committee from the architects and builders of San Francisco to make preparations for the beginning of San Francisco's rebuilding.

Treatment For Coughs and Colds.

It is not a question of whether you will need a treatment for coughs, colds and croup in your home, but the question is, will you select the most effective medicine, or simply be satisfied to take whatever your druggist happens to hand out to you? Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at such times. It is only necessary to remember this when the critical time comes, and to insist on getting what you ask for. Should you have children who are subject to croup, you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house, so when the choking spasms come on there is little time to send for doctor or medicine. Being pleasant to the taste, it is readily taken by children. Because it brings quick relief to the sufferer from asthma, bronchitis, whooping cough and all the most serious diseases of the throat and lungs, it is invaluable at a household medicine. 25 cents a bottle, at all dealers, or Edmansohn, Bates & Co., Toronto.

MONTREALERS CONTINUE TO HEAR FROM 'FRISCO.

The friends of former Montrealers who were residents of San Francisco at the time of the disaster, continue to hear from them as the strain on the telephone service becomes lighter. J. Cunningham, formerly of Montreal, and Dennis C. Lyons of Montreal, sons of Dennis Lyons, 221 Grand Trunk St. Cured here, formerly of Montreal, received here the 24th, stating that they were safe. Mr. Justice Pagnuelo also received, yesterday, a telegram from Sacramento to announce that his son, Mr. Ernest Pagnuelo, practicing law in San Francisco, was safe, although his law office had been destroyed. Mr. T. S. Cunningham, formerly of Montreal, now connected with the telephone company in San Francisco, telegraphs friends here that his family are safe, but that they lost everything. Mr. O. Lacroix, pressman of the Desbarats Printing Company, has received word from his eighteen-year-old son, who was in San Francisco at the time of the earthquake. The boy reports that himself and two companions who accompanied him to California from Montreal last year, escaped from the Kyle Hotel where they were staying and are now safe at Alameda. His companions are Emile Bourcier and Yves Blais, both of Montreal. The

DRILL BOOKS IN FRENCH.

The Secretary of State told Senator Landry that the Government know there are a number of Quebec rural militia regiments whose members understand only French. The militia authorities are considering the question of preparing drill-books in French. Hon. Mr. Scott in reply to Senator Landry said the Ross rifle company was not an incorporated body, but the business was carried on by a letter taken out by Sir Charles Ross. The Government had a contract for ten thousand rifles a year and had received orders for the same. The contract price of twenty-five dollars each. Senator Landry affirmed that the Ross Rifle Company had been incorporated by Parliament. Senator Beique and Senator Gibson were incorporators. Senator Gibson said that the object of the question had been to show that he and Senator Beique were interested in a company manufacturing rifles for Canada. This had not been shown, however. Gentlemen opposite each had a company into which they poured millions. This was the W. B. Sanford Company of Hamilton.

Quarrel Resulted in Suicide.

Hamilton, Ont., April 25.—Mrs. Alfred Eversfield committed suicide by swallowing carbolic acid, as a result, it is said, of a quarrel with her husband. The following bills were given second reading: To incorporate the Quebec Midland Railway Co.; Respecting the Atlantic, Quebec and Western Railway Company; Respecting the Crawford Bay and St. Mary's Railway Company; Respecting the Kingston and Pembroke Railway Company; Respecting the Vancouver, Westminster and Yukon Railway Company; Respecting the White Horse and Aisek Railway Company; Respecting the Klump and Glasgow Railway Company; Respecting the St. Clair and Erie Ship Canal Co.

Neglected to Wear Rubber Gloves.

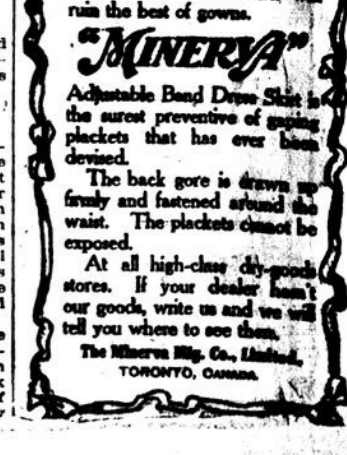

At the corner's inquest yesterday into the death of Felix Lapointe, the electrocuted lineman, it was brought out that he had neglected to wear rubber gloves, while at work. Death was caused by his hands coming in contact with a live wire. Lapointe was employed as lineman by the Montreal Light, Heat and Power Co. and was electrocuted while at work on a pole at the corner of Marie Anne street and Papineau avenue on Monday. The physicians from the Notre Dame and General Hospitals said that Lapointe was dead when taken down from the pole on which he had been at work and that there was no possibility of his having been alive when the body reached the morgue.

Second Boy's Body Found.

Henry Smith, 7 St. Etienne street, yesterday found the body of Edward Burton, eight years of age, floating in the river near the Victoria Bridge. Young Burton, who resided at 459 Wellington street, was drowned in the river on Sunday, February 11th, with William Gogerty, nine years of age. Young Gogerty's body was floating in the river near the Victoria Bridge ten days ago.

MEMBERS DISCUSS FAMOUS CONTRACT

North Atlantic Trading Co. Affairs were Before the House Yesterday.

ALL THE FACTS ASKED FOR

Close Secrecy Maintained Interpreted by Some Members as Covering Scandal.

Special Staff Correspondence. Press Gallery, House of Commons, Ottawa, April 25.—Through the long hours of yesterday's sitting, the House once more discussed the now familiar and yet mysterious contract with the North Atlantic Trading Company.

The debate is creating considerable interest throughout the capital, as was shown by the large attendance in the galleries. They were thronged right up to the adjournment.

The principal speakers were Mr. Monk, Mr. Ross, of British Columbia, Mr. Northrup, Mr. Bole, Mr. Perley, and Mr. Ferguson. The debate was adjourned on motion of Mr. Crawford, a Western Liberal.

The debate will last through an other sitting and will end in a division on Mr. Foster's amendment to the motion to go into Supply.

As soon as petitions and other routine proceedings had been disposed of, the Speaker announced that he had a message from His Excellency the Governor-General. The House listened, standing, to the message which simply conveyed to the House the expression of His Excellency's thanks for the address of the House in reply to the speech from the Throne.

Government orders were at once called, the order taken up being the adjourned debate on the motion to go into supply, and Mr. Foster's amendment thereto.

Mr. Monk, Conservative of Quebec, resumed the debate, once more arraigning the Government for its part in the mysterious and now admittedly bad bargain.

Although the speech was somewhat in the nature of flaying a dead horse, Mr. Monk did not spare the Government. When the debate was adjourned on Friday, the Prime Minister had said he was willing that the Opposition should have a delay within which to prepare their defence. A similar remark had been made by Mr. Monk, for he was under the impression that in this matter the Opposition were the attacking, not the defending party.

Public opinion, said Mr. Monk, had forced the Government to reveal the contract, which did not possess one good feature, and which appeared to be tainted with fraud. Last session the Government defended it like tigers, and they tried to shield themselves behind Lord Strathcona, endeavoring to make him the scapegoat. But the returns since the Government has revealed the contract had had nothing to do with it. That contract seemed to have been arranged by Messrs. Preston and Smart, and the only part Lord Strathcona had in it was to warn those gentlemen that their arrangement was in violation of the laws of several continental nations, an opinion confirmed by the lawyers of the Government in London.

THREE OLIVERS. In all this there appeared to have been three Olivers—the good Oliver of this session, who under pressure of public opinion cancelled the contract; the bad Oliver of last session, who defended and stuck to the contract; and the excellent and really frank Oliver, who three years ago condemned the Government system of immigration and demanded that it be put at an end.

In regard to the whole matter, said Mr. Monk, there was a widespread conviction both in the House and throughout the country that the Government's policy of concealment with respect to the North Atlantic Trading Company covered up a swindle carried on by clever schemers at the expense of the public purse.

They had at least obtained the names of the seven charter shareholders, a hotel-keeper, a law clerk, an engineer, and so forth, each holding one share each, but where were the other 293 shareholders?

In the returns brought down the names of the parties forming the company had been torn off the sheet; and further, Mr. Smart had admitted before a committee of the House that his private correspondence with the company had been destroyed by fire. It was always the same policy, always secrecy well secured.

WHO ARE THE COMPANY? What the House wanted to know was who were the men behind the filament of a company. In conclusion, Mr. Monk condemned the whole immigration system. It should all be stopped. There should be no more bonuses for immigrants; undesirable elements of population should no longer be brought to Canada; there should be no more advertising, no more catering for settlers, Canada should pursue a more cautious, a more dignified policy, and see to it that our population was not degraded. He called upon the Government to tell all and let in full light upon the contract with the North Atlantic Trading Company.

Mr. Ross, Liberal, of Yale-Cariboo, followed, his speech being in the nature of a rear-guard fight. The contract had been abandoned, and yet Mr.

Ross tried to defend it, holding that it was a justifiable arrangement which had worked to the advantage of Canada.

ANOTHER DEAL TO BE PROBED. At 8 o'clock Mr. Northrup continued his review and analysis of the Government's transactions with the North Atlantic Company, begun in the afternoon. He intimated that before the session was much older gentlemen opposite would have an opportunity of expressing their views on another subject, the land sale to the Saskatchewan Valley Land Company.

If the contract was a good one, as Mr. Oliver had claimed it to be, why cancel it? Why not compel the company to carry it out? If the contract should be cancelled because the company were not carrying out its terms, why not cancel it at once and not give it another dollar of the country's money? Why have Mr. Smart in his office in Montreal to draw three or four million dollars? If the contract should be cancelled, then it was the duty of the Liberals to support the motion of Mr. Foster, which simply said that the contract was bad and should be cancelled.

The next speaker was Mr. Bole, Liberal, of Winnipeg, who set out to discuss the investigation policy of the Government generally. He regretted the campaign of "slander" upon which the Opposition had launched. Their answer to everything was the one word—"Graft." When arguments failed them, they fell back upon the charge of dishonesty.

Mr. Bole wandered away into the Saskatchewan Valley Land Company's deal, which he said was approved of by all the people of the West. It was charged that in the sale of the public lands to the company there was graft. "I don't believe a word of it," said Mr. Bole.

The debate was adjourned on motion of Mr. Crawford, Liberal, of Portage la Prairie.

Mr. Foster asked when the budget speech would be delivered.

Not this week, said Mr. Hilding; but it would be soon, and several days' notice would be given Mr. Foster, as had been done in the past.

THE HOUSE ADJOURNED AT 10:50 p.m.

TREATY WITH JAPAN. A return was brought down yesterday in regard to negotiations with Japan in reference to a commercial treaty, which was signed at Tokyo on behalf of Canada by Sir Claude MacDonald, British Minister to Japan, on January 31 last. This treaty adheres absolutely to the terms of the treaty between Japan and Great Britain in 1891 and those of a similar treaty signed in 1855. The treaty has to be ratified by King, Edward and the Emperor of Japan.

FIFTY YEARS MARRIED.

Mr. and Mrs. A. N. Lepailleur Celebrate Golden Wedding.

Fifty years of happy married life were marked by religious and family celebration yesterday at Lachine, where Mr. and Mrs. Alfred Narcisse Lepailleur were married fifty years ago, and where they have lived ever since.

Rev. Canon George LePailleur, the request of Mr. Emard, had sent a special blessing. After the church service which was largely attended, breakfast was served at the LePailleur home, where His Grace archbishop Huched visited the jubilarians and their families.

Twelve children survive and three are dead. Besides these there are twenty-eight grandchildren. The second son is Canon LePailleur, of Mile End, the other four sons are engaged in business in Lachine. Of the seven daughters, four are in

THE PREVOST INVESTIGATION.

Water Committee Yet Unable to Reach Conclusion.

The Water Committee yesterday afternoon continued the investigation into the Prevost matter. The charge is made by Mr. Prevost, one of the water inspectors, that he had been unjustly dismissed, the alleged cause being that Ald. Nault, who is a member of the Water Committee, was annoyed over a charge that he had worked against him in the recent civic elections.

It was moved by Ald. Nault that as the evidence was all in Mr. Prevost's disfavor, he should be reinstated. It was claimed by Ald. Turner that the evidence had shown Mr. Prevost had been a good employe and ought to be retained.

It was finally decided to adopt a motion adjourning the investigation till Tuesday.

Ald. Levy drew the attention of the committee to the valuable property the city had at the Eastern Cattle Market, which, he said, was not adequately protected from fire. He suggested that an extra hydrant be placed there. Funds will be asked for this purpose.

Bread Makers Present Demands. The master bakers were officially notified Monday that the new scale of wages adopted last Saturday afternoon would become effective in a week's time. No direct answers were given, but many of the employers admitted, according to the union officials, that the present rate of \$12 was inadequate. It is thought by the of-

St. Ansbare Vestry Meeting. The adjourned vestry meeting of St. Albans Church, St. Denis Boulevard, was held last night by the incumbent, Rev. H. E. Horsey, M.A., B.D., in the chair. The financial report showed a balance on hand of \$41.35, which was considered very satisfactory. Messrs. H. Wooding and F. Mott were appointed rector's warden and people's warden respectively, but on the former declining the honor, the former warden, Mr. E. Manning, was reappointed. Votes of thanks were passed to the retiring officers and workers, as well as to Messrs. F. Bennett, F. Mott, Smith and E. Kirby for their assistance in the work of enlargement during the past year.

Admitted It Was His Own Fault. Coroner McMahon, without calling a jury, disposed of the case of Hector Gauthier, seventeen years of age, who was run over by a Grand Trunk engine near the Wheel House, Point St. Charles, on Monday evening, and died at noon yesterday in the General Hospital. Gauthier, who was employed in the Montreal Steel Works, admitted to his father that the accident was his own fault, as he tried to jump on the engine while it was in motion.

Shoe Comfort

"I just came in to thank the young lady for recommending me to buy 'The Countess.' I never had such a comfortable shoe in all my life."

The lady who said it will pardon us for repeating it, but we can assure her that she is not alone in the saying of it, for nearly every day we have other ladies who go out of their way to tell us how they have learned by experience that there is

A \$5.00 Value to the \$3.50 "Countess."

A Sale of WERTHEIMERS' GLOVES at .85 Former Prices \$1.50 to \$1.75.

Wertheimers' Gloves, the regular prices of which are \$1.50 and \$1.75, will be sold here to-morrow at .85 per pair. The advantages of buying your gloves here were never better shown than by such an announcement as this—the gloves are known to you by the names of the "Carlton," the "Peerless," and the "Majestic."

With the above we shall offer at the same price 600 pairs of new French kid gloves bought some time ago and just received from France, of a beautiful quality and ones we couldn't buy to-day to sell at less than \$1.10. Colors—white, mode, tan, gray and green.

THE BETTER SHIRTWAISTS

Thursday we shall show specially the more expensive of our new shirtwaists. Of course we can sell you a pretty one for even .75 and others at \$25.00 each, but these run at \$7.50 and \$10.00. The fine Val. lace distinguishes one, and the front of the other is just a mass of beautiful embroidery.

A NEW AMERICAN SHIRT-WAIST, made of a fine muslin batiste, German Val. lace insertion and fine tucks front and back, the front has a lace yoke and an embroidery insertion in floral design daintily marked in colors of pink, blue and mauve, the sleeves are elbow length with a lace cuff, lace collar attached. Sizes 34 to 40. Thursday \$10.00

AN AMERICAN SHIRTWAIST, composed of fine handkerchief linen, pin tucks and elaborately embroidered front, buttoned back has tucks to waist, a nine inch tuck cuff, and attached collar. Sizes 34 to 44. Thursday \$7.25

Alleged Murderer, Now on Trial, is Being Fed Through the Nose.

Quebec, April 25.—Gunner John Barry, the R. C. G. A. soldier, who is now on trial in the Court of Kings' Bench for the murder of Gunner John Kiddar of the same corps, in November last, has assumed a new role of the gallows or the result of a gallows, Berry on Friday last took it into his head to refuse food, and ever since he has refused nourishment when it was offered to him. Dr. Lebel had his attention called to the fact, and has since forced food into the prisoner's stomach. Yesterday morning Berry refused food with all his strength, and drawing the surety had to be adopted. It took six men, including the gaol guards and provincial police to hold him, while Dr. Lebel, the gaol physician, passed a tube through his nose and passed food into the prisoner's stomach. The trial is being continued to-day.

POWER FOR BROCKVILLE.

New Company Proposes to Supply it and Prescott.

Special to the Montreal Star. Brockville, Ont., April 25.—J. Wesley Allison states that it is the intention of the recently organized New York and Ontario Power Company, with a capital of \$2,000,000, to develop the magnificent power of Waddington, N. Y., and begin operations for carrying the power to Prescott and Brockville via Ogdenburg.

Well Known Nova Scotian Dead. Halifax, N. S., April 25.—E. W. Chipman, president of the N. S. Telephone Company, and secretary for agriculture for Nova Scotia, died yesterday afternoon, after an illness of several days, which began with pneumonia and at last resulted in a clot of blood on the brain.

Shmakhoff Making Trouble. St. Petersburg, April 25.—A violent attack on American workmen yesterday in the Monarchist convention at Moscow by M. Shmakhoff, the celebrated orator, who attempted to stir up an anti-foreign feeling by declaring that the revolution in Russia was inspired and directed by American Masonic organizations working through the Jews and the Social Democrats.

Prof. Mottucci at Vesuvius. Naples, April 25.—Prof. Mottucci, director of the Royal Observatory, succeeded in reaching the crater of Vesuvius yesterday. He describes the spectacle there as one of great grandeur. The diameter of the crater, which before the eruption was about 100 feet, is now about 5,000 feet. There is no eruption of incandescent stones as before the recent outbreak, but a small quantity of ashes is being ejected. Vesuvius seemed to be assuming the character of a dead volcano. The cone of the crater, which before the eruption, rose to a height of 5,000 feet above sea level, has diminished about 800 feet. Work is being vigorously pushed to re-establish the funicular railway to the observatory.

An Annual Vestry Meeting. Special to the Montreal Star. Three Rivers, April 25.—At the annual meeting of the vestry of St. James Episcopal Church, the financial report for the past year was placed before the meeting, and proved to be satisfactory. The following officers were elected: A. R. Rennie, rector's warden; G. V. Gaudin, people's warden; W. H. Marrow, J. W. Skelding, sidesmen.

Fought on Church Steps. Special to the Montreal Star. Vienna, April 25.—Reports received to-day state that at Leano, near Warsaw, 3,000 Orthodox Catholics, led by three priests and a Capuchin monk, attempted to retake a church which had been seized by the Marianite Sectarians. The latter, numbering 4,500, defeated the Orthodox Catholics, killing two and wounding fifty of the attacking party.

Boy Shot in the Eyes. Special to the Montreal Star. Brockville, April 25.—Patrick O'Neill, 16-year-old W. H. Thompson boy who was shot in the eyes by a wild character named Nichols, whom O'Neill and his companion were annoying, has become totally blind.

Not a Purgative—A Gentle Laxative

The Famous Water of Hungary.

Hunyadi Janos acts gently, naturally. That is where it differs from drugs. Why should any one weaken the system with powerful cathartics, when they can completely cure Constipation with water? Not ordinary water, of course—but Hunyadi Janos water. This famous health-giving water comes to you just as the spring in Hungary yields it. Nothing is added—nothing taken away. You take it just as Nature creates it—and just as she intends it should be taken. Hunyadi Janos is the one safe cure for Constipation, Biliousness, Stomach Troubles and Headaches. There is no danger of acquiring the drug habit.

All druggists sell it. Try a small bottle, it costs but a trifle.
