## POLISH LEADERS ADMIT RUSSIAN CHARGES

### Russia Still Prize Enigma

By J. M. ROBERTS, Jr.  
AP Foreign Affairs Analyst  
Soviet Russia, marching up the hill and then down again, continues as the prize enigma at San Francisco and in Europe. Trying to locate her position is like trying to put the little drops of mercury in the proper spots of the old-time puzzle boxes.

No country is so outspoken about the affairs of others. Hardly a country but has received her advice about affairs which once were termed domestic, although it is true that now there is hardly anything without international implications.

Yet Russia declines to accept a charter providing for discussion of any matter within the sphere of international relations and wishes the Assembly to consider only matters "relating to the maintenance of international peace and security."

The latter phrase admittedly is broader, but since everything involves the former is a potential factor in the latter, it is not clear why anyone in a sincere and determined search for peace should object.

Those who see every Russian move as something sinister probably will jump to the conclusion that she is seeking to prevent assembly discussion of the cases of Yugoslavia, Rumania, Poland, Czechoslovakia and others which certainly involve the international sphere but which, since none of these countries are in any position to declare war, do not actually, at the moment, involve peace.

But others say Russia does desire peace sincerely. They will merely put this new contention down as another inexplicable move on Moscow's part, to which they expect to find the answer later.

This also applies to the latest moves regarding Poland, where Russia chooses the very time of consultation regarding the Polish Government to bring to trial sixteen Poles whose mere arrest caused a breakdown in negotiations only a few weeks ago.

A close observer of the San Francisco Conference recently reported that the Russian delegates liked the Russians, were not mad at them, but just had a terrible feeling of frustration when it came to understanding their methods or what they really wanted.

Language has a very real part in the difficulty. Personal conferences with Premier Stalin, where intuition and facial expression enhance the words of the interpreter, always seem to end on a different note than negotiating in writing. There also may be something to the contention that Russia has not yet "grown up" in international outlook, is actually not very well aware of the reaction some of her actions are bound to get abroad.

However, she shows signs of increasing attention to criticism. If this means she is becoming aware of the necessity of understanding the outside world, as it is becoming aware of the necessity of understanding her, progress is being made.

### World News In Brief

Kitchener, Ont., June 18.—(P)—Pat Conroy, secretary of the Canadian Congress of Labor, told a labor rally here yesterday that the Dominion Government should explain why aluminum is being shipped to Spain as announced recently by Trade Minister MacKinnon's office at Ottawa.

Mr. Conroy said he believed the shipments were being made for a justifiable reason but because of the public's doubt the Government's action should be explained.

Windsor, Ont., June 18.—(P)—George Burt, regional director of the U.A.W.-C.I.O., and Roy G. England, president of local 200, U.A.W.-C.I.O., left Windsor late yesterday for the United States. It was reported here they would confer with R. J. Thomas, president of the American U.A.W.-C.I.O., over a deadlock between the union here and the Ford Motor Company of Canada, Ltd., on settling a new working agreement for Windsor plant employees.

A spokesman for the company in a statement issued yesterday said a letter recently sent employees proposed a new working agreement, good until December 31, 1946, be made out of a collective agreement drawn up by the Wartime Labor Relations Board.

Brantford, Ont., June 18.—(P)—Maj. Louis Froggett of Brantford, Royal Hamilton Light Infantry officer recently returned from overseas, yesterday told how he was captured behind his own lines by Germans who led him toward his own company where the party was machine-gunned by one of his own men.

"I was in sort of an odd position, 'escaping' from my own company," he related. Later he and his captors were fired on by German guns, but finally got through the lines by another route.

Maj. Froggett was a prisoner of the Germans a little over one month before being liberated by advancing United States forces April 12.

Advanced Headquarters, Burma, June 18.—(Reuters)—Allied troops in Burma have captured a hill west of the Toung-Mawchi road, killing 15 Japanese and capturing a large amount of equipment, today's southeast Asia Command communique stated.

Allied bombers carried out attacks on Japanese communications and strafed enemy positions west of the Siam border, the communique added.

Artillery and mortars were active in an area nine miles north of Puy and west of the Toung-Rangoon railway. East of the Prome-Rangoon road in the Tharwaddy and Letpadan districts several patrol skirmishes were reported.

Rome, June 18.—(AP)—A political deadlock of more than a month has been broken with the designation by Crown Prince Humbert, Lieutenant-General of the Realm, of Ferruccio Parri of Milan, to form a new Italian Government.

### Russian Call To Curb Assembly Power Delays Closing Of Conference

Mystery Surrounds Russian Action in Reviving Demands for Curb on Subjects of Assembly Discussion.

San Francisco, June 18.—(P)

The United Nations Security Conference today entered what was planned to be the final week facing a new and time-consuming crisis precipitated by Soviet demands for trimming the powers of the General Assembly on the proposed World Motor Company of Canada, Ltd., on settling a new working agreement for Windsor plant employees.

A spokesman for the company in a statement issued yesterday said a letter recently sent employees proposed a new working agreement, good until December 31, 1946, be made out of a collective agreement drawn up by the Wartime Labor Relations Board.

Brantford, Ont., June 18.—(P)—Maj. Louis Froggett of Brantford, Royal Hamilton Light Infantry officer recently returned from overseas, yesterday told how he was captured behind his own lines by Germans who led him toward his own company where the party was machine-gunned by one of his own men.

### Ease Restrictions On Paper Packages

Ottawa, June 18.—(P)—Revision of quota restrictions on the use of paperboard for the production and packaging of some consumer goods was announced today by the Prices Board.

Complete prohibition has been lifted on the use of paperboard in packaging individual servings of cereal products, brooms, mops and certain clothing and textile products.

Paper dishes, plates and drink cups are among the articles added to the group on which there are no quota restrictions.

### MINOR CHANGES EXPECTED FROM SERVICE VOTE

Party Spokesmen Generally Express Belief That Little Change Will Be Apparent In Over-all House Membership.

Ottawa, June 18.—(P)—With announcement of the service vote in the June 11 general election scheduled for Tuesday, spokesmen of major party groups indicated today they expect some changes in seats but few shifts in the standing of the parties on the basis of the civilian vote June 11.

Liberal officials are understood to hold the view that while they may lose and gain a few odd seats there will be little effect on their total of 119.

Progressive Conservative officials say they expect their present total of 66 will be increased beyond the 70 mark—possibly a gain of six seats—as a result of the votes of soldiers, sailors and airmen.

A C.C.F. spokesman expressed the hope that his party's 26 seats will be increased to 30. But the representatives of all three groups state frankly that their predictions are based on guess work. Estimates are that about half the eligible 750,000 service voters used their franchise.

In most constituencies the total number of service voters was estimated at seven to ten per cent of the voters and a Canadian Press compilation shows 65 seats in which the Canadian leading in the civilian vote has a margin of not more than seven per cent.

Since last week's election there has been little political activity in the capital. For the most part important decisions facing the Government have been delayed until the final outcome of the vote.

Who under comes the way will be opened for inevitable Cabinet changes and for a decision on other important matters, such as a Dominion-Provincial Conference.

### CANADIANS TO ASSIST FRENCH UNIVERSITIES

University of Caen to Be Chief Recipient of Aid From Fund Being Raised By Canadian Association.

Lake St. Joseph, Que., June 18.—(P)—The National Association of Canadian Universities winding up its 21st annual meeting here Saturday heard a report that the French Government will provide 40 scholarships in Canadian universities so French students may be trained for the rehabilitation of France's industry.

Delegates voiced the belief that with the return of ex-servicemen and women to the universities, enrollment would be doubled. It was decided to recommend to member universities that full credit be given for educational work taken at the university level by men and women of the armed forces.

The conference set up a committee under the chairmanship of Dr. Leon Lorite of the University of Montreal to organize a fund for the assistance of the University of Caen, France, which was destroyed in the war.

Delegates said the fund would be a feature of practical sympathy to distressed universities of Europe which have suffered during the war, and an appeal for funds will be made to the faculty, students and alumni of every university of Canada.

University of Caen was chosen because of an ancient connection with French-speaking Canada and because many of the battles fought at Caen by the Canadian army saw graduates of many Canadian universities in action.

Dr. James S. Thomson of the University of Saskatchewan was re-elected president of the Association for 1945-46. Dean K.P.R. Neville of the University of Western Ontario was chosen vice-president and Dr. A. B. Fennell of University of Toronto, secretary.

### Hon. L.A. Giroux, M.L.C., Dies Suddenly At Knowlton Home

Knowlton, June 18.—A prominent figure in Eastern Townships politics for many years, Hon. Louis A. Giroux, K.C., a member of the Quebec Legislative Council since 1937 and batonnier of the Rural Bar Association of the Province of Quebec, died at his home here at the age of fifty-two years.

Mr. Giroux, son of F. X. A. Giroux, K.C., was born in Farnham. He studied at the Sweetburg School, the Holy Cross College in Farnham and the St. Hyacinthe Seminary. In 1915 he became private secretary to Sir Evariste LeBlanc, Lieutenant-Governor of the province, until the latter's death in 1921.

After his admission to the Bar in that year he joined his father in Sweetburg. There he was secretary of the Bedford Bar for ten years. In 1929 he was made a King's Counsel.

From 1932 to 1934 he was batonnier of the Bedford Bar. One of the founders of the Quebec Rural Bar Association, he became its first secretary from 1928 to 1933. Last year he was elected President of that Association.

Mr. Giroux was also chairman of the Board of Catholic School Commissioners in Sweetburg. In 1928 he became a member of the Town Council, a position to which he was re-elected nine consecutive times. He was also a director of the Brome-Missisquoi-Perkins Hospital since 1929, and of the Montreal St. Luke Hospital since 1933. A founder of the Cowansville Chamber of Commerce, he was successively secretary, director and president. He was also a president of the Eastern Townships Board of Trade.

Mr. Giroux was a Conservative candidate for the Legislative Assembly in 1931, but he was defeated. On February 23rd, 1937, Premier Maurice Duplessis called him to the Legislative Council, Quebec's Upper House.

Surviving him are his wife, the former Juliette Bolduc, of Quebec City; his mother, Mrs. F. X. A. Giroux; two sons, Fernand and Maurice; and three daughters, Mrs. J. J. Bertrand and the Misses Yvette and Suzanne Giroux.

Funeral service will be held Wednesday morning at 9:30 in St. Rose de Lima Church in Sweetburg. The funeral procession will leave the Giroux home in Knowlton at nine. Msgr. Douville, Bishop of St. Hyacinthe, will officiate.

### COMMITTEE TO URGE POST-WAR TRAINING PLAN

Despite Large Favorable Majority for Universal Training in Committee, Congress Unlikely to Adopt Suggestions.

By WILLIAM F. ABRAGAST  
Washington, June 18.—(AP)—Unless it changes its mind, the Woodrum Committee will recommend soon that the United States adopt universal training as a part of its permanent post-war military policy. Enactment of the necessary legislation, however, is in doubt.

The special House group created to study post-war military policy will hear Congressional testimony tomorrow before closing its public consideration of peace-time draft proposals. It already has listened to more than 100 witnesses.

An informal roll of the twenty-three-man committee showed today that a top-heavy majority favors the principle of the compulsory peace-time training. Indications are that fewer than five members will dissent.

But the Committee's recommendation will be only the start of a long and bitter battle.

Details of legislation must be blue-printed by either the House Representatives or the Senate Military Committee. Normally the House group would act first, but there is a possibility it may await Senate action.

The High Command said that the Japanese hurled from Tingnan had fled northeastward with the Chinese in hot pursuit.

The new advances against Liuchow were made yesterday, after the High Command announced that two enemy counter-offensives launched last week with the evident purpose of protecting their hold on the city had been thrown back.

One of the Japanese counter-thrusts had been thrown against Tingnan, 53 miles southeast of Liuchow, on June 11th. The Chinese said this was thrown back with serious losses, but did not indicate how far the enemy attack had driven.

The other Japanese push was mounted toward Laping on the Yungning-Liuchow railroad-bed, 40 miles south of Liuchow, on June 13.

Meanwhile, reinforced Chinese in Kiangsi province recaptured Tingnan, 135 miles northeast of Canton, after a day of fighting which followed a dawn counter-attack Saturday, the High Command said.

Tingnan is a key point in communications linking Kiangsi with Kwangtung province. It had been taken by the Japanese Thursday as part of a general enemy plan to strengthen their anti-invasion defenses in South China and bolster the east flank of their Hong Kong to Hankow corridor.

### Fifteen Plead Guilty To Sabotage In Rear Of Russian Army Lines

Moscow Radio Claims Head of Polish Home Army Admits Forces Had Been Kept Intact For Purpose of Opposing Polish Provisional Government and Red Armies.

London, June 18.—(P)—Reuters news agency reported from Moscow today that fifteen of the sixteen Polish underground leaders on trial pleaded wholly or partly guilty today to charges of sabotage behind Russian lines.

Moscow radio said the Poles had admitted that the Polish home army, which one of the defendants, Maj.-Gen. Bronislav Okulicki commanded, had been kept intact for eventual "armed struggles" against the Warsaw provisional government and the Red Army.

The Moscow broadcast said Maj.-Gen. Bronislav Okulicki, commander of the Polish home army in London "to preserve the home army in a condition of illegality."

Earlier Moscow had announced the sixteen underground leaders had been indicted formally on charges of sabotage behind Russian lines.

"Okulicki further testified," the broadcast said, "that the preservation of the home army was intended for armed struggles against the Provisional Polish Government and the Red Army. Jankowski (Jan Jankowski, Vice-Premier of the London Polish Government) and others confirmed this statement."

Maj.-Gen. Opalychiev, chief public prosecutor of the Red Army, was said to be presenting the case for the Soviet Government.

First full details of the indictment against the sixteen Poles were carried in the Soviet announcement.

"Okulicki and the underground (government) had at their disposal armed detachments, arms, ammunition dumps, radio receivers and transmitters, illegal print shops and premises for conspiracy," the Moscow broadcast said.

"The liberation of Poland by the Red Army was libellously called a Soviet occupation by Okulicki and his government. They directed work of their underground organization upon instructions of the Polish emigrant government against the Soviet Union and Red Army."

The indictment charged them with having acted "upon instructions" of the . . . Polish Government in London," the broadcast said.

Among those named in the indictment were Gen. Bronislav Okulicki, former leader in the Polish underground; Jan Jankowski, Vice-Premier in the London Government, and Stanislaw Jasiukowicz, former Parliament National Party representative, Moscow reported.

The Moscow broadcast said a Pole named Benj was among those indicted. This apparently referred to Adam Bien, a Peasant Party leader who previously had been named a being among those arrested.

The indictment was said to charge them with organizing and leading the Polish underground in the Red Army rear in Western white Russia, the Ukraine, Lithuania and Poland.

They also were charged, the broadcast said, with acting on instructions of the London Government in leading the work of obstructing the Red Army and of "terrorist acts against Red army officers and men."

The reports said the men also were accused of "organizing on instructions from London acts of diversion and sabotage by underground armed detachments, and conducting propaganda hostile to the Red Army and the U.S.S.R."

### LORD HAW HAW CHARGED WITH HIGH TREASON

Londoners Queue Up at Bow Street Court as William Joyce Appears to Hear Formal Charge of Treason.

London, June 18.—(P)—William Joyce, the American-born "Lord Haw Haw," who taunted the British over the German radio, was formally charged with high treason today in ancient Bow Street Court.

The charge was based on the contention that "between Sept. 3, 1939, and May 29, 1945, being a person owing allegiance to His Majesty the King, he adhered to the King's enemies elsewhere than in the King's realm—to wit, the German realm, contrary to the Treason Act."

Joyce, looking older than his 39 years, showed little emotion as he heard the magistrate read the charge and was bound over for trial beginning June 25.

Londoners queued up outside the Bow Street Court to get a glimpse of "Haw Haw." He had been brought here from Brussels by air Saturday and spent the week-end in a Bow Street cell. He still was limping from a bullet wound inflicted in his leg by one of the British officers who captured him near Flensburg.

Manila, June 18.—(P)—Continued Australian patrolling in the Brunei Bay area of Borneo and bombing of Japanese Balikpapan on the southeast coast were reported today.

In the Philippines, infantry was slamming rapidly northward on Luzon in a bid for an early clean-up of weakening Japanese resistance. Headquarters announced that the Philippines campaign had cost the enemy 402,365 casualties in eight months.

Remnants of the Japanese Okinawa garrison, estimated at from 8,000 to 12,000 ill-assorted troops, continued a hopeless but fierce resistance along the Southern Okinawa front as American forces plowed closer to the finish of the bitter, bloody battle begun April 1st.

Four of Japan's smaller war industrial cities were set afire today in pre-dawn raids by 450 Superfortresses which caught the enemy by surprise but the Forts met extremely accurate anti-aircraft gunfire over one target.

Today's communique did not confirm Japanese reports that Allied warships had shelled Balikpapan on Australian accounts that Australian infantry had advanced within twelve miles of the oil refining centre of Toutong on the northwest coast. It did announce expansion of bases in the Brunei Bay sector where the Australians landed June 10th and said Allied heavy bombers dumped 130 tons of explosives on Balikpapan.

field town 75 miles southwest of Brunei.

The Australians who landed on the Tarakan Island off Northeast Borneo on May 1st are slowly reducing Japanese on Hill 105, a rugged eminence 345 feet high.

In Central Luzon east of Manila infantry took forty enemy caves and captured numerous stores and munitions.

On Mindanao, scene of the other big Philippines clean-up drive, infantry advanced 1 1/2 miles towards the rear junction of Calinan, smashing farther inland from Davao city against stubborn Japanese rear guards.

In Central Mindanao infantry probed east of Silae and found that the enemy had demolished a cable ferry across the Pulangi River.

Infantrymen ran into stiff opposition from small arms and automatic weapons on Okinawa, making limited gains in a drive south from Ehtir Yaeju and Yuza Hill positions across a large plateau. One more fortified hill remained to be cleared before the major enemy defenses are breached in this central position.

Enemy air attacks in the Okinawa area Saturday resulted in the sinking of the one light fleet unit, a destroyer or smaller. This blow by the five small groups of Japanese aircraft was the first damage suffered from such action in more than a week. Three of the attacking planes were shot down.

Japanese cities hit in today's raids each of less than 200,000 population were Kagoshima and Omuta and Kyushu Island and Hamamatsu and Yokkaichi on Honshu Island. Results at all four were described as excellent.

### Foreign Affairs Spotlight British Election Campaign

By JOHN DAUPHINEE  
Canadian Press Staff Writer  
London, June 18.—(CP Cable)—British newspapers supporting Prime Minister Churchill in the campaigning for the July 5 election jumped on the recent foreign policy statement of Professor Harold Laski, chairman of the British Labor Party, as indicating a rift in socialist opinion with regard to that vital field, and today foreign affairs became one of the biggest issues of the campaign.

With the wartime Coalition Government recently ended in favor of Mr. Churchill's "caretaker" Government without labor and Liberal support, the campaign began with strong indications that there was virtual agreement on Britain's foreign policy among all parties. Then came announcement of the forthcoming Big Three meeting in Berlin which will be attended by Clement Attlee, Labor Party leader.

Prof. Laski said Mr. Attlee should go only as an observer and it should be clear that "there is no implication on our party, and that the responsibility is that of the Churchill Government. When we win this election we want to be free in socialist terms to make our policy for our own socialist purpose."

Prof. Laski said an economic and social revolution now is going on all over Europe and Asia and "as socialists we propose to follow a foreign policy which is going to assist these countries to rise to a status of democracy and freedom."

But there is yet another Labor Party view. Ernest Bevin, former Labor Minister in the Coalition Government, said in a speech at Brentford that foreign policy must be organized in such a way that nation could speak to nation as a whole and so avoid the difficulty that arose after the First Great War.

Mr. Bevin said he agreed wholeheartedly that the Government of the day—whether Socialist or Conservative—must take the final decision and accept responsibility for what occurred. But he said he believed that Mr. Attlee or anyone else should share the responsibility of trying to shape foreign policy.

It was reported today that the National Executive Committee of the Labor Party will discuss the situation at an early meeting and it is expected that Mr. Attlee will find it necessary to make his own statement explaining where he stands on the foreign policy issue.

Richmond, June 18.—The Convent and members of the Supper, Farewell Fund and Billeting Committees of the Richmond and Melbourn Soldiers' Entertainment Committee entertained in honor of the chairman, Mr. D. R. McLaughlin, whose marriage takes place shortly in Outremont.

A supper was served at 6.30 p.m. in the Memorial Hall. The tables were attractively decorated with honeysuckle, pansies and tulips.

Scated at the head table were Miss W. Wayland, the bride-to-be, Mr. D. R. McLaughlin, Mr. and Mrs. T. L. Tanner, Mr. and Mrs. E. H. Nelson, Rev. and Mrs. T. N. Mitchell, Rev. George Harrington, Vice-Chairman of the Soldiers' Entertainment Committee, and Mrs. Harrington.

## Citizens Urged To Co-operate In Lions Club Paper Drive Tonight

Because all Lions Club members will be participating in the salvage drive tonight, the regular Monday evening dinner meeting in the New Sherbrooke House has been cancelled. In order to ensure complete success of the drive all citizens are urged to bundle every bit of waste paper that they can lay their hands on before 5:30 this afternoon and to have it ready on the sidewalk in front of their homes to be picked up by the trucks when they begin their city-wide pick-up at 6 o'clock. The local club is driving for a minimum of 80 tons from this district towards the Dominion total goal of some 20,000 tons per month.

Waste paper plays an important role in Canada's war effort and this, then, is an opportunity for the individual to assist in a direct measure. Newspapers, wrapping paper, bags, cardboard boxes, old magazines, periodicals, waste basket paper, obsolete office files, etc., are needed, and in large quantities.

The country's waste paper stocks are at an all-time low, and it is urged that the flow of waste paper to the mills must be increased 33-1-3 per cent, so that Canada's war

time needs may be met. The paper that the citizens contribute in the waste paper drive goes toward the manufacture of critical war items, such as containers for shells and other implements of war, shell packings, etc.

The city-wide pick-up of scrap paper will begin sharp on the dot of six o'clock, so that it is necessary that all contributions be on the curb at 5:30 at the latest. Officials of the Lions Club state that fifty trucks are expected to take part in the collection. Several local companies and individuals have voluntarily offered their trucks to aid in the big drive, which is under the direction of Alex Allard.

Starting Monday, June 25, and throughout the summer months, Lions Club meetings will be held at 12:15 o'clock and will close at 1:30 o'clock. During the summer months there will be no speakers.

**S.-L. L. C. POWELL ADDRESSES C.M.R. ANNUAL DINNER**  
"The prestige of Canadian troops overseas is simply terrific," stated Sqdn.-Ldr. L. C. Powell of Montreal, R.C.A.F. Public Relations Officer, who has just returned to Canada after several years of overseas service. He spoke at the 11th annual banquet of the C.M.R. Association, held at the New Sherbrooke House Saturday night.

"In all my travels, no matter where I went, in Italy, Sicily, Belgium, Holland, France and England, I never heard anything but praise for Canadians, and the 'Canada' badges on my shoulders were the best passport I could have," Powell emphasized.

Sqdn.-Ldr. Powell also paid tribute to two great Canadians, Gen. George Vanier, Canadian Ambassador to France, whose job he described as a very difficult task, and to Maj.-Gen. G. Pearcy, V.C., Air Vice Marshal C.M. (Black Mike) McEwen, former head of the Canadian Bomber Group overseas, who was recently appointed Canadian Chief Air Officer for the Pacific theatre. "Under his guidance," said Sqdn.-Ldr. Powell, "we can be assured of having the best possible command for our boys over there."

Describing the duties of a public relations officer, Sqdn.-Ldr. Powell explained that when official bulletins are published by the Air Ministry, they are rather dry, and it was up to the public relations man to add some interesting points to these communications for our boys over there. He would also add the names of some of the boys taking part in big raids, and he described one incident when the name and the home town of one boy was added to a bulletin.

A couple of weeks later the boy showed him his home town paper, where it said in a big streamer across the front page: John Smith Bombs Bremen. "This," said Sqdn.-Ldr. Powell, "even though it may sound silly to some people, is extremely important, since it makes the people at home feel that their boys are playing an important part in the war. It is a big factor in the morale of folks at home as well as for the boys themselves."

Sqdn.-Ldr. Powell, who was a member of The Gazette staff before he enlisted, illustrated all his points with humorous incidents, and he was very well received. Maj. Lynn Atto introduced him, and Maj. J. Harold thanked him for coming to Sherbrooke to address the 5th C.M.R. Association.

Brief speeches were also made by the Hon. Douglas C. Abbott, Navy Minister, Brig-Gen. D. C. Draper, Chief of the Toronto Police Force, Col. W. Rhoades of Montreal, and Col. H. Meurling, who has just returned to Canada after spending over four years in an internment camp in Germany.

Seated at the head table were: Maj. J. Harold, M.C., M.B.E., Lt.-Col. Bruce Hutchison, V.D., Capt. L. Cleveland, Adjutant of the Sherbrooke Regiment, Col. H. Meurling, D.S.O., M.C., Croix de Guerre, Dennis Atto, R.C.N.V.R., Rev. R. Brown, Rector of St. Peter's Church, Col. W. Rhoades, D.S.O., M.C., Hon. D. C. Abbott, Brig-Gen. D. C. Draper, C.M.G., D.S.O., Sqdn.-Ldr. L. C. Powell, Maj. Lynn Atto, M.C., and Jack Wright, President elect.

## ANNUAL C.W.L. KIDDIES' PICNIC IS BIG SUCCESS

Delighted youngsters of St. Patrick's Church enjoyed themselves to their hearts content Saturday afternoon at the annual picnic staged under the auspices of the Catholic Women's League. With the assistance of several members of the St. Pat's Old Boys Association, a varied programme of sports was run off at the Vacation Colony, where an ideal location for a kiddies picnic found enthusiastic response.

Several hundred youngsters found plenty to amuse them during the afternoon, which began with an exciting softball game between two picked boys teams and a closely contested girls' fixture.

Swimming was enjoyed by many venturesome youngsters who found escape from the heat in the cool waters of the swimming area. Many parents attended the gala affair with their children and found as much enjoyment in watching the young folks as if they themselves were participating.

A conclusion of the day's events the entire gathering sat down to a basket picnic and were treated to ice cream and soft drinks furnished by the C.W.L.

## LOCAL MEN ARE ELECTED AT 5TH C.M.R. REUNION

Three Sherbrooke men were named to office in the 5th Canadian Mounted Rifles Association, as members of that organization opened their 11th annual reunion at the New Sherbrooke Hotel on Saturday afternoon. W. E. Moore was elected Vice-President of the Eastern Township section, while Sgt. Maj. Clarence Price was re-elected Treasurer and Harry Richards once again was named to carry on the work of Secretary.

Attended by 80 members from all sections of Eastern Canada, the reunion was one of the most successful ever held by this group of returned men of the last war. During the election of officers Jack Wright, Montreal was elected President to replace Major Lynn Atto of Montreal; H. L. Atto, also of Montreal was named Vice-President for the Montreal region. W. N. McArthur, of Toronto became Vice-President for his area, and H. Keith of Moncton, N.B., was elected Vice-President for the Eastern Section. Larry Young of Halifax, N.S., was named to the important post of Sergeant-At-Arms.

A congratulatory message was sent to Maj.-Gen. G. Pearcy, V.C., D.S.O., M.C., M.P., a member of the association, upon his election to the House of Commons.

It was suggested that the 5th C.M.R. Association should give some help to the T.B. patients at the newly built St. Francis Sanatorium. Maj. Bryant pointed out that the local branch of the Canadian Legion was already looking after these veterans of this war, and he suggested that the 5th C.M.R. should assist the Canadian Legion in their task, rather than to undertake a separate scheme. This idea was accepted and it was decided to donate the interest on the War Bonds of the Association to this cause, rather than to return it to the government, as was done in previous years.

Lt.-Col. Bruce Hutchison, V.D., of Montreal, then proposed that some thought be given to the idea of establishing two or three scholarships for different Canadian universities for the sons and daughters of members of the 5th C.M.R. The idea was well received, and a committee of three, with powers to add to their number, was appointed to study this matter and to report to next year's meeting. The three members are Maj. J. Harold, M.C., M.B.E., to represent McGill; Col. the Rev. Harry Cox, to represent the University of Bishop's College, and Cecil Carling of Toronto.

After the business meeting the members, led by the band of the 2nd Reserve Battalion of the Sherbrooke Regiment, paraded to the Sherbrooke War Memorial, where a wreath was deposited in memory of their fallen comrades.

A special church parade was held yesterday morning at St. Peter's Church, where the unit's colors are deposited. The Rev. Russel Brown officiated.

## Sherbrooke Winter Fair To Feature Sale Of Purebred Breeding Stock

The Quebec Beef Cattle Association has in the past successfully endeavored to further the interest of beef cattle production in the Province of Quebec. During the month of October for the past nine years the most successful show and auction sale of commercial beef cattle staged in Canada has been held at Sherbrooke. The association has made definite plans to hold at the 1945 Sherbrooke Winter Fair an auction of purebred breeding stock, both bulls and females of the three beef breeds, Shorthorn, Aberdeen Angus and Hereford.

It is widely acknowledged that the enthusiastic support of the meat trade at the Sherbrooke Winter Fair has been a direct stimulus to the growing popularity of beef raising in the Eastern Townships. To foster this movement the sale of breeding stock is also being encouraged by a year-round supply of high quality meat.

Recently a committee of three toured the province and carefully selected a tentative sale offering of twenty-five head. This committee was composed of H. A. White,

### WARNS AGAINST ECONOMIC WARFARE

One of the most solemn warnings of the dangers of economic warfare in the world and the need for courageous leadership to meet the threat is contained in a recent statement by Governor Dewey in which he declared: "All of the work being done at San Francisco will mean tragically little if economic conflict is to divide the nations." And as he was speaking to a United States audience, Mr. Dewey went on to emphasize the responsibilities of that country in this connection with the further statement that "Our preponderant economic power makes us the nation which can make the most effective contribution to economic peace and can best afford to take a lead."

One of the best instruments through which the United States can make this contribution, Mr. Dewey pointed out, is the Reciprocal Tariff Act, in its proposed new form, which would empower the President to make agreements lowering tariffs by an additional fifty per cent. This does not mean an automatic slash in all tariffs; any reductions would be through trading with other nations. In giving this power to the President, however, the nation does say to the world: "Here is what we propose to concede, provided you are willing to give an equivalent. Here is America's contribution if you will match it."

Commenting on Governor Dewey's statement, the New York Herald-Tribune declares that the passage of this bill would provide real leadership of the type to which the Governor refers and continues that the United States is committed by its pledges and by the very nature of things to a policy of full co-operation with like-minded nations in political and economic measures for the rehabilitation of the world. The overwhelming majority of the American people, Republican and Democrat, are aware that this committal is not an act of charity but of enlightened self-interest. That can no longer be considered a party matter but a national matter. Any party, or any segment of any party, which does not recognize this fact runs counter to an irresistible force in American life today, the paper concludes.

### ZHUKOV AND HITLER

New light on the possible fate of Adolf Hitler comes from Marshal Zhukov, whose Russian forces occupied Berlin, the Red Commander expressing the strong belief that the ex-Fuehrer is alive and hiding somewhere in Europe, possibly in Spain. When the other Nazi leaders, including Heinrich Himmler, were committing suicide on a wide scale, efforts were made to make the world think that Hitler had met death of his own volition in the last ditch Berlin fight against the Russians. Although certain bodies found by the victorious Russians in the debris of the German capital showed evidences of poisoning and the statement was made that one of these bodies was with "fair certainty" believed to be that of Hitler, Zhukov apparently has not been convinced. He believes that the former Nazi chief carried out carefully laid plans and made good his escape.

If the Russian marshal is right, it means that a carefully laid veil of deceit and lies has been used to cover up the fate of Hitler. By creating the impression that he stood to the last in his rat-hole beneath the chancellery Hitler had a better chance to make his way to some friendly haven. If, as Zhukov hints, he has found refuge in Spain; and if this is eventually proved, General Franco will have some explaining to do.

This declaration by the Russian marshal cannot be treated lightly, as he was on the ground and knows all about the nature of the last days of Berlin's resistance. His charges warrant the closest study and every effort should be made to apprehend this chief war criminal.

Some pointed observations are contained in a recent issue of the Toronto Saturday Night in connection with the defeat of the Nazi gangsters and the sordid end of their designs. Commenting on this the Toronto paper says:

"One of the most striking things about the month which has followed the unconditional surrender of Germany, and which has witnessed the most tremendous wave of suicides of highly placed personages that the world has ever known, is the utter absence of any sense of tragedy or grandeur in the whole wretched business. It has had exactly the same effect upon the sensibilities of the world as would the suicides of a party of cornered Chicago gunmen.

"Never, we think, has the English-speaking race

or any part of it come to the end of the struggle with an enemy without experiencing some measure of sympathy and respect for the conquered leaders. In the Napoleonic Wars, the American Civil War, the Boer War, the Spanish-American War, even (though in lesser degree) in the First World War, there was felt by the victors to be something of grandeur, of nobility, in the downfall of the vanquished. Today there is not the faintest suggestion of such a feeling, and no hint that it can ever arise.

"The explanation seems to lie in the character of the vanquished themselves, and particularly of their leaders. The Nazi chiefs were men utterly devoid of all moral sensibility; the collective nation was the kind of nation which could allow such chiefs to come to power, and the kind of nation which they were bound to turn it into when they had been in power for ten years. The defeat of a man of fine moral quality has tragic overtones no matter what the cause for which he fought; Gen. Robert E. Lee is none the less a noble figure because he fought for (among other things) the defence of slavery. The defeat of a gangster is a police episode and nothing will lift it above that category. These were not great men, and it does not seem possible that by any process of literary art they can be made to look like great men. Their people believed them great because authority told them to do so, and the Germans will believe anything that authority tells them to. But the authority is gone, and the belief with it, and it will not revive. The great man can fail and remain a great man; the gangster who fails is simply rubbed out, and all gangsters ultimately fail."

### GERMAN INDUSTRY RESTRICTED

German industry, twice the arsenal of aggression, is almost non-existent today as the Allies await determination of how it can come to life safely without once again endangering world peace. Allied officials have announced that some German plants—several hundred in number—have been permitted to re-open for production which the Military Government considers essential, but present Allied regulations permit German plants to operate only if their products are wanted by the Allied armies or if production is essential to maintain a minimum standard of life for the German civilian population.

The management of Krupp works, steel and munitions manufacturing organization, has submitted a request to resume operations, without saying what they wanted to produce. The request said production was necessary for the reconstruction of Germany. The application was returned for more details.

Officers of Lt. Gen. Leonard T. Gerow's United States 15th Army—the unit which by virtue of its occupation of the Saar and Rhine Valley and part of the Ruhr has been guarding the centre of Germany's productive might—have recommended that both Krupp and I. G. Farben Industries be operated by special commissions, on the grounds that the organizations are too big and potentially too dangerous to be lumped with ordinary manufacturers in the control problem.

The present enforced shutdown of German production is in an interim stage in the complete transformation of the nation, General Gerow's headquarters said. Presumably Germany will produce again under controls designed to eliminate any war potential but pending Allied control council determination of how this can be done, Germany's economic activity will be kept tightly restricted.

In the Rhine Province military district, 108 permits to open food processing plants have been granted to date. Sixty of these are flour and grain mills. The Ford plant at Cologne, relatively undamaged by the war, had material on hand for making about five hundred trucks. It was ordered to re-open and produce the vehicles — for Allied military purposes.

### CANADIAN UNIVERSITIES TO AID EUROPE

Few better decisions, indeed, could have been adopted than that of the Federation of Canadian Universities that their practical expression of sympathy for the damaged and often ruined universities of the Old World should be largely concentrated on the University of Caen in France.

Caen, both the university and the city, have close links with Canada. It was from the vicinity of this Normandy city that the earliest white settlers of the Dominion came, the initial expeditions consisting almost entirely of inhabitants from that district. In later years, hundreds of young Canadian students spent various periods at the University there to complete their post-graduate studies, while the heaviest losses suffered by Canadian army units in the Second Great War in Northern Europe were sustained in the fighting about that city.

Of necessity the extent of the financial aid which Canadian universities can extend to their Old World associates is comparatively limited and it is obviously more advisable that this be concentrated as much as possible upon one or two points where something substantial of a practical nature can be accomplished rather than spread it too thin over many schemes.

### PRESS COMMENTS

#### GEN. McNAUGHTON'S DEFEAT

St. Thomas Times-Journal  
Unless the Army vote comes to his rescue, Defence Minister General A. G. L. McNaughton goes down to defeat in Qu'Appelle, Sask., at the hands of the only woman who has secured election to the House, Mrs. Gladys Strum, a C.C.F. candidate. That is a double humiliation for the former leader of the Canadian Army.

While there was not the same amount of interest in the Qu'Appelle result as there was in Grey North six months ago, the defeat of the Minister of Defence a second time is significant. The personal fate of the general was not taken into consideration in the nation-wide vote, but the fact that the constituency rejected him is an indication of what might have happened to him in any riding in the country other than one that consistently votes Liberal. His action in relation to reinforcements was directly before the electors of Qu'Appelle, so they did what electors of Grey North did, and of what most other constituencies would probably have done.

The people of two widely separated ridings of the Dominion have thus expressed their views on the Mackenzie King anti-conscription policy. In the other constituencies the subject was not so active among the general issues, and, as we stated yesterday, the public seemed willing to let bygones be bygones now that the main war is over. But the Government still stands condemned by the only constituencies that had opportunities of direct expression.

#### SAVE THE WHOOPING CRANE

Edmonton Journal  
Naturalists believe that only seventeen Whooping Cranes survive. A decade or two ago this branch of the crane family was pronounced on the verge of extinction. In spite of its extreme rarity today, various wildlife organizations are making an effort to find the possible seven or eight nests, to guard them and so

start the Grus Americana, to give the Whooping Crane its scientific name, on the road of survival.

The bird is the largest known in the Dominion. It winters in Texas and nests in northern marshlands of Alberta, Saskatchewan and Manitoba during late May, June and July.

The Dominion of Canada, the National Audubon Society of New York, the United States Fish and Wildlife Service and other fish and game organizations are co-operating in a survey this summer. The Whooping Crane is pure white with black wing tips and is recognized by its very long legs. It stands four feet high. Only those who frequent the north country are likely to find a nesting pair.

If a nest can be found, a guard will be placed near it to protect the birds from natural predators, hunters and marsh fires.

#### "FED UP."

Halifax Chronicle  
If it delights Toronto, Edmonton and Vancouver to belittle our war effort, to question our integrity, and to challenge our moral standards, its only consequence can be to strengthen the conviction that the lot of these three Maritime Provinces would be infinitely better were we not subordinate to the economic and political will of the central provinces.

Secession is an ugly word. Maritime autonomy is an alternative phrase that may serve to sugar-coat the pill. But no matter what it may be called the inescapable fact remains that Maritimers are pretty well fed up with the belly-aching double talk that characterizes the conversation of a goodly percentage of inlanders who for years past have been making us dry and destroying our industries through their own grasping policies of tariff restrictions and commercial squeeze-play.

#### CLEMENCEAU'S WORDS

Halifax Chronicle  
"They will fool you yet, these Boches."  
The above words of Clemenceau, uttered during the peace negotiations which ended the last war, should be engraved in the minds of all Allied administrators or diplomats who have to deal with the

Germans. It is good to observe that they are remembered by Gen. Eisenhower, who has made such a strong condemnation of any "friendly enemy" treatment of captured Nazis.

The picture now before the Allies, of a Doenitz who presumes to "wonder" whether he and his immediate clique will be permitted to continue in office under the Allies, since without them Germany may disintegrate, is as impudent as it is ludicrous. What Doenitz means is that there will be, without him, no chance for Germany to revive her old ambitions. Already Germans are saying they were not defeated, but that they have merely changed sides.

All of which proves that Germans are not to be treated with—they are simply to be commanded and dominated.

#### BRAZIL IS A REAL ALLY

Buffalo Courier-Express  
The active participation of Brazil in the war against Japan is not necessary to assure Japanese defeat, but Brazil's declaration of war against the island empire is appreciated just the same.

Brazil took considerably more than a token part in the war against Germany. Not only did she provide valuable air bases and supplies, but she sent troops who distinguished themselves fighting in the Italian campaign. And against Japan Brazil stands ready to do anything required of her, even to providing military manpower, which undoubtedly will not be asked.

The practical value of Brazil's declaration of war against Japan lies in the maintenance of Brazilian bases at United States disposal and in the suppression of sabotage at the hands of the sizable Japanese colony in Brazil.

Under the original agreement, bases used by the United States in Brazil were to revert to Brazil six months after the end of the war in Europe. The declaration of war assures continued American use of the bases.

Brazil's action is doubly welcome as a contribution of United Nations solidarity and as a further affirmation of friendship for the United States.

Many persons are dead, thousands have been driven from their homes and heavy damage has been inflicted on property and crops as floods and tornadoes have again swept nine mid-western states.

Government reform measures providing for the establishment of a trade and industry commission and an exchange stabilization fund to promote economic recovery are meeting with little opposition during the House of Commons debates.

The situation around Tientsin is much easier today as the result of the withdrawal by both the Japanese and Chinese of substantial portions of their troops stationed in the vicinity of that city.

The German Government has imposed, effective today, a levy on every Reich business equal to two months profits designed to provide a fund for the financing and promotion of the export trade to meet the critical German exchange situation.

Proposals for the compulsory muzzling of all police dogs in the City is now before the Sherbrooke aldermen, the move following a number of attacks by these large canines on local residents. Plans for the construction of new bandstands in the city parks are also before the Council.

### FIVE YEARS AGO

France has made an unconditional capitulation to Germany after thirty-eight days of a blitzkrieg invasion. With the British Government expressing its determination to carry on the struggle alone, an early German attempt to invade the Islands is considered likely. Some suggestions are being heard in London that the Government of the Empire be transferred to Canada. The French capitulation came over the week-end after Marshal Philippe Petain had been named as Premier succeeding Premier Reynaud who wished to continue the fight from the French colonies.

The Russian invasion of the Baltic states of Lithuania, Estonia and Latvia has further complicated the troubled European situation and the move is seen as an action against the growing might of Nazi Germany.

At the annual meeting of the 5th Canadian Mounted Rifles Association the following officers were elected: H. L. Atto, Joseph Harold, H. Mackenzie, Harry Richards and Clarence Price.

Approximately five hundred persons attended the dedication ceremonies for the new main building at Stanstead College replacing the structure destroyed by fire in 1938.

### OPTIMISM PAYS WHEN TOP NEEDED

The last board in the Ohio Fair Championship this year proved a real thriller. We still have to admit that the four heart contract was certainly an optimistic one to get to, but both Elmer Babin and Sid King, the defending champions, realized they needed a top to have a chance to win.

Babin played the jack on the opening spade lead and it held the trick. He then cashed the ace and king of spades, discarding a club. A small club was played to the ace and a club returned, South winning with the king. South played the king of diamonds and led a small diamond, which Babin trumped in dummy with the three of hearts. A small club was played and when North played the queen of clubs, Babin trumped with the nine of hearts. The five of hearts was returned, dummy winning with the king. He led the ten of clubs, which North trumped with the ten of hearts. This was overtrumped by Babin with the queen, and over-

DOROTHY DIX

Common Law Wife

Wise Girl Avoids Temptation, Walks a Narrow Path

DEAR MISS DIX: I have been engaged to a young man with whom I am very much in love for several years, but it has not been feasible for us to marry. Now he is about to be sent overseas and he wants me to live with him as his common law wife until he goes. That is against my principles and upbringing, but does it make sense for us not to take what happiness we can have while we can get it?

BEWILDERED GIRL

ANSWER: Yes, doing right always makes sense, just as doing wrong is always folly in the long run. Look over the people you know. Especially consider the women you know. Who are the happy ones? Who are the contented ones? Who are the respected ones? Aren't they, every one of them, the women who had sense enough not to be carried away by their passions or by the temptation of the minute, but who were wise enough to walk the straight and narrow path?

DOROTHY DIX

Plenty of girls nowadays are throwing their caps over the windmill. They are thinking that they will be in love with may not come back from the war and that this might be the only chance they will have at a bit of romance and a bit of adventure. They are thinking that this little interlude of love-making may be the one bright spot in a drab existence and that they would be silly not to take it.

But that is where they are wrong. The foolishness comes in when they pay too high for their fun, when they gamble too recklessly with fate and when they stake a whole life's happiness on a few days' pleasure.

It makes sense to count the cost of what we do and take thought of the future. Before you go off on this premature honeymoon with your fiancé, reflect on a number of things. One is that a man's mistress is never as glamorous to him as his sweetheart was and that many a husband throws up to his wife the indiscretion that he persuaded her into committing. Also, remember that the boy friend may fall in love with some other girl, marry her and leave you in the lurch, with your soiled reputation. And what if you should be left as that most unfortunate of women, one who has an illegitimate child clinging to her skirts? ... It always makes sense for a girl to be good.

DEAR DOROTHY DIX: I am 17 years old and I wish to enlist in the Maritime Service, but my parents refuse to give their consent—perhaps because I already have two brothers in the service overseas. Two months have passed since they refused and I have completely changed and do all of the dreadful things I never thought of doing before. I know I am off to a bad start, but I don't care what becomes of me. I feel that I am being cheated out of my life's dreams and yearnings. What is your advice?

UNHAPPY

ANSWER: Well, son, as you are so near the draft age, my advice to you is to have enough common sense and endurance to wait for it patiently instead of going off the deep end. You are acting like a spoiled little child and not showing the stuff of which sailors are made.

Anyway, you must be animated by patriotism in being so anxious to enlist and the best way you can serve your country is by making a fine man of yourself. Character has to be behind every act of the sailor or the soldier to make him of value. So don't see that you are being a traitor to your country when, because you can't do at once what you want to do, you take to evil courses? No army would ever win a battle if it were filled with drunken adolescents.

So brace up and behave yourself. Get hold of yourself while there is yet time.

DEAR MISS DIX: Can you tell me what to talk about during a date? I get tongue-tied when I go out with a boy, but everybody else can think of snappy comebacks. All I can do is listen.

MARY ELLEN

ANSWER: Well, you couldn't have a greater accomplishment than being an intelligent listener. The world is too full of talkers, but listeners are few and far between. All that you have to do is to ask a boy some question about himself and that will get him started. Then all that you will have to do will be to lend him your ears and you will never lack for dates.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

MIND YOUR MANNERS

The Situation: One guest monopolizes the conversation to the extent that other guests are unable to get a word in, and the hostess is upset over the situation.

Wrong Way: Let him go ahead and talk all evening while the other guests listen politely.

Right Way: Break up the monologue somehow. Even if it means starting a game, taking the guests to the garden, or the hostess' saying to another guest when the talker pauses for a minute, "John, tell us about so-and-so."

THERE'S ENOUGH IN THE SUGAR BOWL... If we all share equally

We Canadians, together with the citizens of the United States and Great Britain, will eat less sugar during the balance of 1945.

To meet our own needs and the urgent requirements of our Allies and the liberated countries, our share of the reduction must total nearly 200,000,000 pounds of sugar during the rest of the year.

To assure fair distribution of what is left, the sugar ration is to be cut by five

pounds during the next seven months by reducing the monthly allotment to one pound in June, July, August, October and December. In September and November, the allowance will remain unchanged at two pounds.

The ten pound sugar allotment for home canning, represented by twenty extra preserves coupons, remains unchanged. Two regular preserves coupons will continue to become valid each month.

ANSWERS TO YOUR QUESTIONS ABOUT SUGAR

Q. How does Canada get its share of world sugar supplies?

A. Food stocks are pooled by the Combined Food Board of the United Nations which allots sugar to Canada, United States and Great Britain on a uniform per capita basis.

Q. Where does the rest of the world sugar supply go?

A. To other claimants, including liberated areas, European neutral, Russia, the Middle East, New Zealand and other sugar-importing countries. Approximately one-half of this total is destined for liberated areas.

Q. Is there less sugar in the world today?

A. Yes. Because needs are up and production is down, world sugar stocks reached a new low at the beginning of 1945. By the end of the year, they will be down again, this time to a dangerous minimum.

Q. Why is there more demand for sugar?

A. The rising demand largely reflects the needs of liberated areas.

Q. Why is there less production?

- A. World sugar output is lower for these reasons: 1. Enemy occupation of some sources such as Java and the Philippines. Java, of course, is still in Japanese hands and, although the Philippines are liberated, production is not expected to be restored until late in 1946. 2. Other export countries have experienced serious shortages of labour and fertilizer. 3. Record drought conditions and hurricanes have also cut into production in the important West Indian area.

INDUSTRIAL AND QUOTA USERS WILL ALSO GET LESS

Effective July 1, 1945, sugar made available to industrial users, such as bakers, biscuit and breakfast cereal manufacturers, makers of soft drinks, confectionery and candy, and jam and wine manufacturers, will again be reduced.

A further cut is also being made in the allotment to quota users, such as public eating places, while similar reductions are being made by the Armed Forces in the sugar quotas for service personnel.

OBITUARIES

REV. ARTHUR WILKINSON, OF MONTREAL. West Sheffield, June 18.-Many older people living in the Eastern Townships, particularly in West Sheffield, Sawyerville and Coaticook, will regret to learn of the death of the Rev. Arthur Wilkinson, which occurred in Montreal on June 3.

For forty years the Rev. Mr. Wilkinson was a minister of the Methodist and later the United Church, holding parishes in the aforementioned places as well as in Carleton Place, Prescott and Perth in Ontario. An Englishman by birth, he completed his education at the Wesleyan Theological College, Montreal, and upon his ordination on July 10, 1892, began a ministry characterized by enthusiasm, tireless energy and skillful organization. With his innate love for and knowledge of people, Rev. Mr. Wilkinson could not remain inactive, for during the thirteen years he acted as librarian of the United Theological College, Montreal, he supplemented this work with the founding of two congregations and a close identification with the Bible Society as well as conducting the "Bible Week" service in St. James' United Church.

After the funeral service conducted in St. James' United Church by the minister, the Rev. Dr. Norwood, and attended by many of the ministers attending the Montreal Conference, the body of the late reverend gentleman was interred in the family plot in the West Sheffield Cemetery. He leaves a widow, the former Daisy F. Lawrence, sister of Irvine Lawrence, of West Sheffield, and three sons, Lawrence, Dr. Arthur, of the Royal Victoria Hospital staff, Montreal, and Carlton, over-seas.

MRS JOSEPH BURNS, OF EAST ANGUS. East Angus, June 18.-Many friends were saddened on learning of the death, in her seventy-second year, of Mrs. Joseph Burns, which occurred at her home, on Monday, May 14th, 1945, after an illness of over two years duration.

Following prayers at the late residence a funeral service was held on May 17th, in Emmanuel United Church, which was filled to capacity with sorrowing relatives and friends. The services were conducted by the minister, Rev. C. J. Gustafson.

As the casket was accompanied down the aisle to the altar, by her husband, granddaughter, and Nurse Boggs, appropriate music was softly rendered by the organist, Mrs. Roy Child.

Favorite hymns of the deceased were sung, "Nearer My God To Thee," "Abide With Me," "God Be With You 'Till We Meet Again," "The Old Rugged Cross" was sung as a solo by Mr. Allen Williard.

The beautiful floral tributes covering the casket, in the Church, and which were accompanied by messages of sympathy bore silent testimony to the love and esteem in which the deceased was held and included those from the family, relatives, friends and neighbors, St. Francis Valley Lodge No. 44, I.O.O.F., and the staff of the Treasury Coast Accounting Division, Dominion Government, Montreal.

The bearers were six nephews, Irby Gilbert and William and Arsell Burns, of Montreal; Norman and Carl Burns, of Sawyerville; and Douglas Burns, of Island Brook.

Mrs. Burns, nee Lois Maria Woodrow, a daughter of the late James P. Woodrow, and his wife, Mary A. Shepherd, was born in the Township of Westbury, on April 16, 1874, later moving to East Angus, where she was married to Joseph Burns on June 15, 1898. Three sons were born of this union, Archie and Allen (twins) and Shirley. Archie predeceased his mother in 1912 and Shirley in 1918.

Mrs. Burns was a life-long member of the United Church, and of the Ladies' Aid. She was a devoted wife and mother, a kind neighbor,

and will be sadly missed by her relatives and friends.

Those who survive and mourn her loss are her husband, son Allen, daughter-in-law, and granddaughter, of Montreal; her sister, Mrs. Ella Barbeau, of East Angus; as well as several nieces and nephews.

The funeral was under the joint direction of Messrs. J. W. Blake assisted by Percy Bick, of Sherbrooke, S. N. Bishop of Bishopton, and Adelaire Pagnin of East Angus.

Those from out of town, who attended the funeral were Mr. and Mrs. R. C. Rolfe and son, Mr. Cyril Rolfe and Mr. S. N. Bishop, of Bishopton; and others.

THINKING BACKWARD

It may be that Mr. Truman's school teacher, way down in Missouri, once predicted the boy would be president, but we have a strong feeling that this is a case of retro-active intuition. Or does every teacher make a blanket prediction, covering each yearly class, just to be on the safe side?

# SHERBROOKE NOTRE DAME SUFFERS DOUBLE LOSS ON WEEKEND

## Drop 5-4 Decision To Lachine As Final-Inning Rally Fails

A thrilling ninth-inning rally by Sherbrooke last night at the Stadium fell short by one run, giving the Lachine Black Sox a close 5-4 triumph over the league-leading Notre Dame crew in a rousing Provincial Baseball League game witnessed by over 2,600 fans.

The game, which saw Sherbrooke absorb its second loss of the day, having lost to the Drummondville Cubs by a 3-1 count in the afternoon, kept the large crowd in suspense to the last man out and saw a Sherbrooke bid to tie up the score, after having trailed by 5-0 from the frame, fall after two runs had been pushed across the plate to put Coach Tony Pinard's men within one point of tying up the game.

Two runs in the second inning and three in a disastrous fourth canto, during which Starting Pitcher Lefty Dube was knocked out of the box in favor of "Big Dave" Lambton, gave the Lachine squad a commanding 5-0 lead to work on.

The Sherbrooke rally started in the fifth stanza when Dussault banged out a single, followed in succession by Nick Malfara's triple and Cliff Couillard's single to left centre.

Coming close in the seventh frame, the Sherbrookers continued to menace their opponents and in the ninth, wildness by Pitcher Lou Pelouquin almost cost Lachine the game.

A base on balls to Norm Dussault started things off and the little centerfielder advanced to third when Nick Malfara slammed out a double to centre, his second long hit of the game. The rally almost died when Cliff Couillard fanned but again Pelouquin lost his control.

Balling Dave Lambton, Pelouquin loaded the bases, Chuck Malfara, next up, also received a pass and the third Sherbrooke run came in on a soft touch.

Alfie Malfara, up with the bases loaded, clipped a pop fly to third but Pelouquin's wildness cost Lachine another run when he walked Paul Lamontagne, allowing Nick Malfara to drift across the plate with the fourth run, putting the Notre Dame men within easy striking distance of the slim one-point lead.

However, the Sherbrooke hopes died when Gaby Meunier, tense with the tight situation and the load resting upon his ability to hit safely, waited a high pop to first base which Coon Couillard handled easily to retire the side and end the ball game.

Lachine Starts Fast: After a first inning during which Coon Couillard drew a double and Lessard reached first on a hit-by-pitcher, the Lachine power asserted itself with two runs being pushed across the plate in the second frame, and Scrutton singled to right and was safe on second on the next play when Dube, on Desrochers' fielder's choice, threw badly to second to left, loaded the bases and Scrutton came

## BUMS PROVING MAIN SHOW OF NATIONAL LOOP

By JOE REICHLER Associated Press Sports Writer Those "ferocious gentlemen" from Brooklyn are in undisputed possession of first place in the National League today for the first time this season.

Chosen by baseball writers to finish near the bottom in the standings, the surprising Dodgers climaxed a great early June drive by humbling the Boston Braves 9-6 in the opener of yesterday's scheduled double header, to seep from fifth place past both Pittsburgh and New York. The Bugs and Giants now are tied for second place one game behind.

The second game was halted by the Massachusetts 6:30 p.m. curfew law with the Braves ahead 4-1 after seven innings. The game will be continued in August when the two teams meet again.

The Pirates and Giants each dropped twin bills, the Pirates to the opening St. Louis Cardinals 7-0 and 6-2, and the New Yorkers to the last place Philadelphia Phillies 11-9 and 6-2.

The league-leading Detroit Tigers took it on the chin twice from Chicago White Sox 6-2 and 7-5, but retained first place in the American League, although their lead was cut from 2 1/2 to 1 1/2 games.

New York Yankees and Philadelphia Athletics split. After Floyd Bevens won the opener for the Yanks 7-2 from Buck Newsum, the Mackmen's Russ Christopher notched his 11th triumph 4-2.

Boston's rampaging Red Sox took two from Washington 2-1 and 7-1 to pull up within a game and a half of the second place Yankees.

A three-run rally in the ninth gave Chicago Cubs their eighth victory over Cincinnati 3-1 in the opener of what was supposed to be a doubleheader.

A three-run rally in the ninth gave Chicago Cubs eighth victory over Cincinnati 3-1 in the opener of what was supposed to be a doubleheader. The second game was postponed by rain as was the Cleveland-St. Louis Browns twin bill.

## Canadian Sport Snapshots

By ALAN HARVEY Canadian Press Staff Writer Toronto, June 18.—The man in the dark business suit dangled long legs over the table, pointed to the hotelroom door and scowled heavily.

"I come all the way down to Toronto from the West for this meeting and what do they do?" he asked. "They won't even let me in there, though I'm still unofficially a member."

Inside, the National Hockey League's Board of Governors held a closed meeting under chairmanship of Frank Calder, N.H.L. President for 25 years. The man outside didn't like "cooling his heels" in the corridor, he told a reporter, but he figured he might just as well hang around a little longer.

That was January, 1943. Two hours later, the reporter still waiting in the corridor, learned Calder had suffered a heart attack. An hour later, still waiting, he was informed the governors had appointed Mervyn (Red) Dutton to handle league affairs during Calder's illness.

Calder, 65, died in Montreal a few days later. Dutton remained in charge under various titles, though he insisted at intervals he was going to quit. Last week, finally, he accepted a five-year contract to continue as President.

Wonder if he'll still wear dark business suits? Good Neighbor Policy International chess officials are wondering whether the Canadian Navy will grant Ordinary Seaman Abe Yanofsky of Winnipeg leave to participate in the Pan-American Chess Conference at Los Angeles next month against a dozen of the best chess players in North and South America. Yanofsky, 20, has won the Canadian chess title five times and won the North American championship in 1942. Given leave from naval duties at H.M.C.S. Cornwallis to play in the 1945 Dominion Tournament at Saskatoon last week, Yanofsky finished in a first-place deadlock with Frank Yerhoff of Regina. Both were undefeated in the tourney with nine wins and three draws.

Monday Melange Cafe society blinked—and took a second look. The setting was a Toronto dance floor and the cause of the blinking was the appearance of Ralph Allen, who can't dance, and Ted Reeve, who won't dance, along with Cmdr. Pete MacRitchie, Chief Public Relations Officer for the Canadian Navy.

The three well-known Toronto newspapermen, all Overseas for lengthy periods in this war, had gathered earlier in the day for their first reunion. Reeve, breaking in new pair of shoes, had a typical quip: "It's a question which gives out first—the shoes or the feet."

## LACHINE LOSES 4TH STRAIGHT TO TUNE OF 7-1

With scheduled week-end fixtures at Quebec and Plessisville postponed due to rain, and wet grounds, the only other game played yesterday in the Provincial League saw Lachine go down to its fourth straight defeat in as many starts when Three Rivers Commandos topped them 7-1 on Lachine's own field.

Three Rivers started off with three runs scored in the opening frame, and Lachine just couldn't seem to get started. Jerry Tenyson of the Commandos spaced his hits well and was never in trouble throughout the entire nine innings, although he allowed eleven hits compared to nine permitted by Pitchers Frankie Deagan and Jacques Cecil of the Lachine mound.

Belting out four hits for his five times up, Left Fielder Ernie Munday of Lachine was top man of the game, while Joe Benoit knocked out two for Three Rivers and also garnered a run.

Lachine's pitching staff took another wallop, with Cecil being sent to the showers after allowing the bases to load up in the fifth with two walks and a single, Frankie Deagan replacing him and retiring the side without further trouble.

Jacques Cecil brought his team the sole run, however, scoring in the fifth, after belting out a single.

## JERSEY HOLDS LEADERSHIP OF INTERNATIONAL

By The Associated Press Jersey City retained its hold on first place of the International League by taking both ends of a doubleheader from Rochester Red Wings yesterday 12-5 and 3-1 before a crowd of 7,103.

The Little Giants rapped Frank Radler and Norman Shope for 11 hits in the opener and then took advantage of 11 bases on balls to score freely. Frank Rosso, although he travelled only 5 and two thirds innings was credited with the victory, his sixth.

At Montreal the Royals started their second home stand of the season by taking both ends of the double header from the Syracuse Chiefs, winning the opener 4 to 2, and the nightcap 8 to 0.

Jean Pierre Roy, who went the distance for the Royals in the first game, pitched a steady and effective game, to mark up his 11th victory of the year. He gave up three walks, two of them in the opening frame, and these mixed in with a base hit gave the chiefs their first run. An error figured in the other run.

The chiefs could do nothing with Les Webber in the nightcap. The former Dodger making his first start before a home crowd, was in command all the way.

At Baltimore, Toronto took both ends of a doubleheader from the Orioles, 23-10 and 8-6.

The opening game found the Leafs blasting five Oriole hurlers for 19 base hits, Piet and Castano each having four. Harry Jordan and Al Jarlet were nicked for 14 by the Orioles. Tom Crowson pitched the nightcap for the Leafs, allowing eight hits.

Buffalo figured in the only two week-end postponements, at home Newark on Sunday and at Syracuse Saturday.

In other Saturday games, Jersey City took a 4-3 decision from Montreal to hurdle the Royals into first place. Toronto Leafs found themselves on the short end of a big score, Baltimore winning 15-5. At Newark, the Bears won over Rochester Red Wings 8-6.

## GRANBY NINE IS DEFEATED 9-3 BY SHERBROOKE

In an exhibition game here on Saturday night the Provincial League leading Sherbrooke Notre Dame nine defeated Granby of the Yama-ska League by the score of 9-3 in an unexciting fixture that failed to provide any overdose of thrills for the ball fans.

Big gun for the Notre Dames was Alfie Malfara with a three-bagger and two singles in four trips to bat. The first time up he got to first on balls. The Sherbrooke runs were scored by Chuck Malfara in the second and Dussault and Al Blouin in the fifth. In the sixth the local boys scored four runs off the bats of Meunier, Dussault, Dube and Blouin, and in the eighth Meunier and Blouin ended the scoring for the Sherbrooke boys.

For Granby, Dion and Brouillette scored in the first inning to start things off on the right foot but the Granby boys' only score was made by Dion in the sixth.

There were many errors on both sides with Granby halving up four and Sherbrooke chalking three marked against them. Each team had eight hits.

Scores by innings: Granby . . . . . 200 001 000—3 Sherbrooke . . . . . 010 024 02x—9 Batteries: Granby, Lacomp and Trudeau; Sherbrooke, Blouin and N. Malfara.

## Drummondville Gains 3-1 Win In Sunday Afternoon Fixture

Drummondville, June 18.—Rene Duford's two-run pop single through second base in the seventh inning yesterday spelled defeat for Sherbrooke Notre Dame here as the Cubs eked out a 3-1 triumph over the Provincial Baseball League leaders to snap the Sherbrookers' winning streak at nine straight.

Tied one-all in the seventh, the Cubs started their rally with Gerard Vandal reaching first on a walk and advancing to second on a stolen base, very closely called. Vandal moved to third on Senecal's single to left with Senecal moving to second on the throw to third.

Duford, shortstop for the Cubs, stepped up to the plate and broke the deadlock with a pop single through second, scoring both Vandal and Senecal with the tying and winning runs.

The Cubs had taken a one-point lead in the first frame on a free ticket to first, an infield out and a single by Leo Dupont, Vandal again scoring.

Steady pitching by the Cubs' Marc Fournier, who limited Notre Dame to four hits throughout the game, aided Drummondville to maintain their slim lead until the fourth frame when Sherbrooke scored their one and only run.

With one out, Chuck Malfara, who pulled off a sensational catch in the first inning, cut loose with a hefty three-bagger to deep centre and came racing home with the tying run when Alfie Malfara's grounder took a bad hop and eluded Second Baseman Alph Duford.

Julien Lamotte, Notre Dame hurler, who waged a tight duel from then on and wasn't till the seventh that Drummondville cut loose with the two tie-breaking runs, Rene Duford providing the needed hit to give the Cubs the 3-1 triumph.

In the eighth inning, Coach Tony Pinard's Notre Dame crew made a valiant effort to regain the lost ground but the big fall short, Dussault, though struck out, started off the would-be rally.

Dussault swung on a third strike but the throw was wild and the Sherbrooker hotfooted it down to first before the catcher could recover the ball. However, he went out at second on Nick Malfara's fielder's choice. Cliff Couillard struck out Chuck Malfara, gaining his second hit of the day, advancing Brother Nick with a single to right. Alfie Malfara, who might have come through with a payoff blow, lifted a pop fly to second to end the inning.

In the last of the eighth, the Cubs put a man on via the base-on-balls route and a second man beat it out across the tracks through a raw decision. Duford, laying down a bunt in an attempted sacrifice, reached first though the ball rolled foul. Drummondville, however, claimed Lamotte had touched the pill before it rolled foul. Duford was credited with his second hit of the day.

With two on and none out, Lamotte was in a tight spot but he made the batters hit to him and the side was retired one-two-three. The first man, Dube, popped into the pitcher's hands. Duford grounded pitcher to first, and Gerard Vandal fanned the breeze to retire the side.

In the ninth, Sherbrooke Coach Pinard tried pinch-hitters in an effort to save the game but the strategy failed. Lambton, who batted for Marty Martel, waited for Gerard Vandal to left and Lefty Dube sitting for Lamotte, hit the dust in short order for the last out.

Rene Duford, new acquisition for the Cubs, was outstanding for Drummondville, batting two for

three and playing a good game at short. Marc Fournier, pitching a four-hit game and taking six strikeouts and balling but one, was also outstanding.

Chuck Malfara, slamming out with a triple and a single in three trips to the plate, led the Sherbrooke batters while Cliff Couillard, who turned in a good game at second, gained a single. Gilles Dube, young Notre Dame rookie, picked up the other Sherbrooke safety.

Gaby Meunier, Notre Dame regular first sacker, was out of the afternoon game due to illness and his place at the hot corner was taken by Paul Lamontagne, who normally fills the rightfield position.

The improvement in the Drummondville team was marked yesterday and with the new players appearing on the line-up, the Cubs will likely present more of a threat this season than they have to date.
