Thirty-Fifth Year.

PREMIER BENNETT TO REPLY TODAY TO OPPOSITION LEADER'S CHARGES

Rt. Hon. Mackenzie King's Speech, Which Contained a Multiple-Barbed Attack on the Government and Its Record, Was Longest Delivered in Recent Years in an Address Debate—As a Climax to a Four and a Half Hour Speech, Liberal Chief Minister Moved Amendment.

OTTAWA, Ont., March 17.—Premier R. B. Bennett will lead off the Government forces today in the House of Commons when the debate on the address in reply to the Speech from the Throne is resumed. He will defend his Government's actions, which were attacked yesterday from many angles by Rt. Hon. W. L. Mackenzie King, Liberal leader. Mr. King remarked he was ending nearly six months of official silence.

Climaxing a four and a half hour address, Mr. King yesterday moved an amendment to the address, which expressed regret that the policies of the Bennett administration "have not only failed to afford a remedy for unemployment and agricultural distress, as pledged by the Prime Minister and his colleagues, but have served further to prejudice the deplorable position of the agricultural interests, thereby causing additional unemployment and substantially reducing the national revenue."

The amendment blamed "the failure of the Imperial Conference to accomplish its purpose" upon the proposals made in London by the Canadian Prime Minister and the manner in which they were submitted and discussed by him. The result was, the amendment read, that "the successful development of Canada's trade relationship with Great Britain has been adversely affected thereby."

The Liberal leader's speech which contained a multiple-barbed attack on the Government and its record, was one of the longest delivered in recent years in an address debate.

Mr. Bennett will be followed today by Robert Gardiner, Progressive leader, but it is believed unlikely the latter will offer a substantial amendment.

The former Premier focussed his attack upon the proposals made by Premier Bennett at the Imperial Conference and their subsequent rejection by the MacDonald Government. The Prime Minister, he said, had attempted to interfere in the domestic policy of another Government, his proposal having as its basis the acceptance of a tax on land and outright protection by the MacDonald administration. He characterized this "economic coercion" and believed it was doomed to failure from the start by its very nature. Unless Mr. Bennett changed his proposals, Mr. King predicted failure for the Empire Economic Conference to be held in Ottawa in August.

The conference, Mr. King said, was "a failure and a fiasco." The blame for this should not be laid at the door of the MacDonald Government, because it had shown its ability to conduct conciliatory agreements at the recent Indian Round Table Conference, Mr. King said. Canada's Empire relationships were very strained at the present time, he continued. Due to the failure of the conference, Canada's prestige was lower in Great Britain than ever before, Mr. King added.

Early in his address the Liberal leader asserted that the Government had failed to observe its pledges made at the last election. Unemployment was worse in Canada today than ever before. The country was faced with huge deficits after several years of surplus, he said, and the Government had failed to make the rich richer and the poor poorer.

Two new members of the House, Victor Porteous, Conservative, North Grey, and M. D. Cormier, Conservative, Restigouche-Madawaska, delivered their maiden speeches in moving and seconding the address in reply.

PREMIER AND OPPOSITION LEADER JOIN IN DISPUTE

OTTAWA, March 17.—A lengthy argument between Premier Bennett and the opposition leader, Rt. Hon. W. L. King, featured the debate on the reply to the Speech from the Throne in the House of Commons yesterday afternoon. The dispute arose during the speech of Mr. King. In discussing the government policy, Mr. King made reference to a letter supposedly written by the Prime Minister to a citizen of Canada, the contents of which the opposition leader had been privileged to see.

Premier was immediately on his feet, demanding that the document be produced as it was considered a breach of parliamentary practice to refer to a letter during a debate, when the exact contents had not been made known to the members.

In opening his speech, Mr. King referred in complimentary words to

APPOINTMENTS EXPECTED TO RAILWAY COMMISSION

Many Hearings Await Completion of Present Skeleton Organization.

OTTAWA, March 17.—The Board of Railway Commissioners is at present reduced to a skeleton "cadre," with only three of its members actively on duty. Inasmuch as there are a number of cases pending which demand the attention of the full board, appointments to fill the positions of Chief Commissioner and Deputy Chief Commissioner are not expected to be long delayed.

The name of Mr. Justice Fullerton, of the Manitoba Court of Appeal, had been largely before the public as the possible successor to Hon. H. A. McKeown, the recently resigned Chief Commissioner, while a number of names have been mentioned in connection with the vacancy created by the resignation of Thomas Vien, K.C.

At present only three of the board are on duty. Dr. S. J. McLean, assistant Chief Commissioner, J. A. Stoneham and Hon. T. C. Norris. Calvin Lawrence is indisposed and is wintering in California.

LEGISLATURE MAY PERMIT WOMEN OF QUEBEC TO ACT AS ADVOCATES

While Measure to Allow Women to Practice Law May Pass Assembly, Franchise Measure Is Expected to Be Killed—To Be Discussed March 25—Radio Bills Now Before Quebec House—Debate on Road Department Estimates.

QUEBEC, March 17.—The women of the Province of Quebec will probably know whether they will be permitted to become lawyers and whether they may have the vote, Oscar Drouin, M.L.A. for Quebec East, yesterday introduced a bill authorizing women to practise in the courts of the Province, which was given first reading, while the measure granting the provincial franchise to women awaits a second reading.

The favorable reception given to the civil rights measure a few weeks ago has brightened the prospects for the Bar bill considerably, and while no one will give a definite prediction that Mr. Drouin's bill will be adopted, it is believed by many that should it pass the House, no opposition will be lodged against it in the Legislative Council.

The fate of the franchise bill is less cloudy, however, there being little expectation of its passage, little progress having been made in this movement in recent years. The bill doubtless will receive a certain amount of support, many members who have voted for it on previous occasions repeating the procedure, but with little expectation of success.

Second reading and the incidental committee study will be given these measures on March 25th.

The bills governing radio broadcasting will come before the House today.

Premier Taschereau's farm loan act made its appearance yesterday. Under the Federal legislation, farmers in Canada with Ontario excepted since in that province there is a provincial loan system, money is loaned the farmers at a rate of 6 1/2 per cent, plus sinking fund interest, which is one or two per cent, depending on the term of the loan. There has been much in the way of clamor that this 6 1/2 per cent rate is too high, and that farmers cannot work themselves out of their present difficulties under such a rate of interest. The Government decided to take over some of the burden, 1 1/2 per cent, which will mean that the farmers will have to go to Ottawa to the Federal Government, which operates in each province under a provincial commission.

The present act is very brief in its terms, merely stating that:

"The Government is authorized to contribute to the extent of one and one-half per cent (1 1/2 per cent) of each annual payment or, as the case may be, to the extent of three-fourths of one per cent (3/4 of 1 per cent) of each half-yearly payment, which the farmers of the province have to make in repayment of loans made to them under the Canadian Farm Loan Act and for interest on such loans."

"The Provincial Treasurer shall pay the Government's contributory share of such payments to the persons entitled hereto, out of the consolidated revenue fund, on the certificate of the Minister of Agriculture."

Before the Montreal bill can be sent to the private bills committee so that the committee may hear interested parties, according to the motion of Dr. Anatole Plante, Liberal M.L.A. for Mercier, Montreal, there promises to be another battle on procedure in the House. The mat-

CARDINAL MAFFI PASSED AWAY LAST EVENING.

ROME, March 17.—The Roman Catholic world today mourned Pietro Cardinal Maffi, archbishop of Pisa, who died last night at the age of seventy-three, after a life spent in pursuits of science, letters and the church.

The end came peacefully after a lingering illness. Cardinal Maffi twice was spoken of as a probable selection as Pontiff, but both times, once when Pius died, and later when Benedict died, he was passed up for others. He was renowned for the occasional independence of his views.

PRINCE OF GEORGIA WILL MARRY OPERATIC SINGER

Serg Mdivani Has Declared Intention of Wedding Mary McCormick This Week in Southern California.

LOS ANGELES, Calif., March 17.—The Evening Express says Serg Mdivani, Prince of Georgia, has declared his intention of wedding Mary McCormick, operatic singer, this week in southern California.

A Beverly Hills estate is being made ready as their home. The wedding will be followed by a motor tour of California and trip to Japan. Prince David Mdivani, husband of Mae Murray, motion picture actress, will be the best man.

Miss McCormick will give up her operatic career, said the Prince, whose previous venture into matrimony was with Pola Negri.

BEATTY BLAMES WAR DEBTS FOR TRADE DECLINE

Says that Return to Normal Trade Conditions Is Impossible Due to Reduced Buying Power

TORONTO, March 17.—"I believe that one of the most deterring influences of the resumption of normal trade is the presence of huge war obligations, repayment of which and the interest upon them are reducing the buying power of debtor countries to such an extent as to make normal trade conditions impossible," said W. Beatty, K.C., president of the Canadian Pacific Railway, in addressing the combined Board of Trade and Empire Clubs.

"That is not a situation which you or I can settle or that Canada can settle," he continued, "but unless I am very much mistaken, it will have to be remedied before genuine improvement in certain aspects of our progress will be shown."

There was a natural apprehension regarding future business conditions, he declared. "We are prone to think that because we are individually a little worse off than the whole country is as badly off as we are, and we look at Canada through spectacles temporarily clouded by the fog of a local condition, or a condition which affects most acutely some particular business. No one can quarrel with such a legitimate reaction to a personal situation as that, but still we would be very unwise were we to assume that the worst and most substantial of our conditions represents the average, just as in 1928 we were inclined to think that the best and most abnormal was real and permanent."

Mr. Beatty believed it was the duty of the federal authorities and the Canadian Chamber of Commerce to find out how much of the news emanating from Soviet Russia, its propaganda and how much is real. It seemed inconceivable, he said, that Canada should treat Russia on the basis of a friendly competitor "if their ambition is to engage in political and commercial foundation upon which this country, and all other civilized countries, have been built. If this is true, and if the so-called five-year plan can only succeed with the direct or indirect assistance of nations of the world, it is reasonably clear that assistance should not be extended from this country; but in the meantime, we should know more than that we have done, the possibilities of market extensions in the Orient and in India."

HER MAJESTY RECENTLY WENT HOUSE-HUNTING

Instrumental in Purchasing Imposing Mayfair Mansion Which Formerly Belonged to T. O. M. Sopwith, Aviation Expert.

LONDON, March 17.—The Queen has been house hunting in London recently and she is understood to have been instrumental in the purchase of an imposing Mayfair mansion at 32 Great Street.

The house formerly belonged to T. O. M. Sopwith, aviation expert. The exact purpose of the present purchase is unknown, but it is understood to be connected with a rearrangement of certain Crown properties and that no member of the royal family will reside there. A story published in the evening papers today that the house was intended as a residence for Prince George was officially denied.

UNITED STATES EXPORTS FALL TO PRE-WAR LEVEL

Sharp Contraction Shown in United States Foreign Trade Figures.

WASHINGTON, March 17.—Exports of American goods for the month of February fell to the lowest level on record since November, 1914, while the total volume of foreign trade was the lowest in years. Exports for the month amounted to \$220,000,000 while imports totalled \$175,000,000, leaving a favorable balance of \$45,000,000. In February last year, United States exports were valued at \$348,852,000 and imports were \$281,107,000.

The United States continued to gain gold in the international exchange for February. Gold imports were \$16,145,000, exports amounted to only \$14,000.

In February last year, gold imports were \$50,198,000 and exports were \$207,000.

The February volume of silver moving in international trade also contracted sharply from that re-

EIGHT MILLION DOLLARS SPENT ON TERMINALS

Expropriation of Most of Required Property Is Included in Expenditures to Date.

OTTAWA, March 17.—Up to the end of the calendar year 1930 the total money expended on the Montreal Terminal of the Canadian National Railways was \$8,614,497.31, according to a statement filed in the House yesterday afternoon by Hon. Dr. R. J. Manion, Minister of Railways and Canals. Of this total, \$1,755,864 was spent in 1929 and the remainder in 1930. The estimated expenditure in the present calendar year is \$8,000,000, divided as follows: Land property and damages, \$1,820,000; main terminal area, \$1,853,500; grade separations, including overhead bridges, cutways and elevated structures, \$1,851,000; other structures, \$700,000; new lines, \$888,000; other constructions, \$327,000; general expense, engineering, surveys, etc., \$850,000. The report tabled by the Minister is signed to C. E. Brown, chief engineer Montreal terminal development.

"The usual procedure," the report says, "in acquiring properties by the Canadian National Railways and the approval of such acquisitions by its board of directors is being followed in acquiring properties required for the Montreal terminal development, authorized under this act."

During 1930 about 300,000 cubic yards of material was excavated from the site of the central terminal and the material used for grading the site of the new coach yard at Point St. Charles. For the viaduct from St. James street to Dalhousie street settlements for land had been made for 70 per cent of the total estimated cost. For the elevated railway from Dalhousie street to Victoria Bridge about 40 per cent of the settlements for properties expropriated have been made. For the line from Longue Pointe to Eastern Junction about 60 per cent of the settlements for properties expropriated have been made. An application was filed in October with the Railway Board for the necessary orders and approval of plans and profit. About 40 per cent of the property taken for the Pointe Claire-Vat Royal line has been paid for.

MEMBERS USE PLANES TO GET TO GOVERNMENT

Unexpected Crisis in Australian Parliament Today Forced Members to Adopt Modern Mode of Travel.

CANBERRA, Australia, March 17.—It is a desperate attempt to stave off defeat that loomed as the result of an unexpected crisis in Parliament today, the Labor Government chartered a special airplane to rush to the Capital, Hon. Frank Arstey and two other Labor members from Melbourne. A fourth Labor attendee chartered his own aeroplane from Geelong.

The Melbourne plane did not arrive but the Government was again saved by the last minute rally of the Labor extremists, and a motion of criticism by the Nationalist Opposition was talked out. The small group of extremists, who are definitely at odds with the bulk of the party, in a caucus, stepped into the breach today just as they did last week and for the second time the government earned a respite.

DRIFTWOOD PROVES CHIEF OBSTACLE IN RACE TRIALS

Kaye Don Hopes to Break World Speed Boat Records on Parana River This Week.

BUENOS AIRES, Argentina, March 17.—Driftwood constitutes one of the problems confronting Kaye Don, of Great Britain, who is here preparing his boat, Miss England II, for an attack on the world's speedboat record.

The driftwood in the Parana River is so bad that Don has enlisted the aid of the Argentine navy, which is considering stretching nets upstream during the trials to eliminate any danger from floating objects. Although the Parana River is muddy, Don today expressed optimism over the prospects of setting a new record on March 21.

Driftwood in previous periods. The month's silver exports were \$1,631,000 and imports were \$1,875,000. In February last year, silver exports amounted to \$6,531,000 and imports to \$3,923,000.

ATTEMPT WAS MADE TO BLOW UP BELGRADE MILITARY ACADEMY

BELGRADE, Jugo-Slavia, March 17.—An army officer, Major Rekalovitz, was killed today by one of three bombs with which efforts had been made to blow up the military academy. Bombs exploded at 5:30 a.m. and again an hour and a half later, but caused no serious damage, and the bombers left no clue except one bomb which failed to explode.

Major Rekalovitz was testing it when it blew up, causing injuries from which he died. No arrests were made.

FREIGHT SHEDS AND CARS DESTROYED AT LIMOLOU

Explosion of Welding Gas Added to Danger from Fire at Quebec Railway Property.

QUEBEC, Que., March 17.—A spectacular fire completely destroyed the Canadian National sheds and eighteen freight cars at the yards in Limoilu, a Quebec suburb last night. Three reounding explosions marked the progress of the blaze as the tanks containing welding gas were shattered. For a time it was believed that more than a score of cars standing in the yard would be gutted but energetic work by the fire department prevented the spread of the blaze. The cause of the fire is not known.

TOKYO, March 17.—A Japanese semi-rigid dirigible today set what was claimed to be a world's endurance record for this type of craft when it completed a stretch of sixty hours aloft without refueling.

Rescued Men of Steamer Viking Being Given All Possible Relief—Many Persons Badly Injured—Absence of Medical Aid Severely Felt—Captain of Vessel Ashore at Horse Island.

LABOR PARTY MAY ABANDON REFORM BILL

Following Defeat of Labor Government by Four Votes in Commons Last Night, Cabinet Will Consider Letting Electoral Reform Bill Go by Boards.

LONDON, March 17.—The Cabinet, following the defeat of the Labor Government by four votes in the House of Commons last night, will consider the advisability of abandoning the Electoral Reform Bill, the measure for an alternative vote which was designed to ensure continued Liberal support.

The Government blames lax party discipline for the defeat sustained on a clause in the bill last night. The vote was 246 to 242 in favor of a resolution rejecting that clause of the bill which is designed to abolish the university seats in Parliament.

The absence of sixteen unpaired Labor members last night may be officially called to the attention of their constituencies. Their presence would have prevented the Government defeat, but it would not have prevented the break between Sir John Simon and the Liberal party leader, Rt. Hon. David Lloyd George, who was thus unable to throw his entire party support to the Government.

Sir John lived up to his recent threats that he would vote only as his conscience dictated, and led ten fellow-Liberals into the Opposition lobby. The vote was accompanied by cries of "Resign, resign" but the ministry did not consider the issue a vital one.

The defeat was the sixth sustained by the Labor Government in either House since it came into office in June 1929.

SIR DESMOND O'CALLAGHAN HAD INTERESTING CAREER

Was Born in England, of Irish Parents, and Had a Distinguished Career in the Artillery—At One Time Stationed in Canada.

LONDON, March 17.—Major General Sir Desmond O'Callaghan is dead at the age of eighty-eight years.

Sir Desmond, who was born in England of Irish born parents, had a distinguished career in the artillery. He was at one time president of the ordnance committee and ordnance board. Sir Desmond served in the field and garrison artillery having been quartered in Canada, Bermuda, South Africa and Malta. He was an occasional contributor to magazines and service journals.

ALDERMAN MORIN CLAIMS OFFICE FILES NEVER REACHED CITY HALL

West Ward Representative Declares Second-Hand Files Being Used in Municipal Offices in Place of Up-to-Date Ones Purchased by City—Also Requests that Certain Equipment Placed in City Hall Without Authorization Be Removed.

SEEK MINISTER TO HANDLE PROBLEM OF UNEMPLOYMENT

Hon. Herbert Morrison, Minister of Transport, Will Likely Take Over Duties of Late Lord Privy Seal.

LONDON, March 17.—As the result of the recent death of Lord Vernon Hartshorn, Lord Privy Seal, Prime Minister J. Ramsay MacDonald will have to find another minister to take general charge of the unemployment problem. In political circles, it is considered that Hon. Herbert Morrison, M.P., Minister of Transport, would be the best minister to take over this duty, the News Chronicle says today. The newspaper declares the only difficulty arises from the fact that Mr. Morrison has only just introduced his London transport bill, which he desires to pilot himself. It would be possible, however, for him to take the cabinet office and still retain charge of the bill, and this may be the final solution, according to the News Chronicle.

In addition to his criticism of the purchase of the files, Alderman Morin took exception to another recent move. He said that he opposed the purchase of an equipment of any kind which was not authorized by the Council. Early last spring a certain electric apparatus for cooling drinking water had been placed in the City Hall offices by a local firm. No authorization had ever been given by either the city hall committee or the Council, Alderman Morin declared. He was surprised to find that the apparatus was still in the City Hall, but still more surprised that the city had already received three bills for \$225 for this equipment.

Alderman Langis listened quietly to Alderman Morin, but when he was asked for an explanation said that he had nothing to do with the matter as the accounts were sent out from the store. If, however, the city ordered the removal of the apparatus it would be done, he said. "Alright," Alderman Morin replied, "we will call them up again and see what will happen."

There was a delegation of local citizens present at the meeting last evening in order to hear what the city had decided to do in connection with the request made by the local snowshoers. The local snowshoers asked that the city provide two thousand dollars to meet the expenses in connection with having the 1932 international equipment of snowshoers in Sherbrooke if arrangements could be made to state any district selected as the next meeting place.

In view of present conditions the finance committee did not feel that it could promise so large an amount. Alderman Morin and Loranger spoke strongly in favor of having the city do all possible to secure this convention, remarking that it would not only be a good advertisement for Sherbrooke, but would also bring some two thousand or more persons here. The chairman of the Finance Committee, as well as other members of the Council, expressed their willingness to do all possible in the way of assistance as they realized the importance of the gathering, but felt that it would be unwise to state any definite amount to be given to help cover the expenses. The matter was finally cleared up with the city promising to render all the financial assistance possible.

A HUNDRED AND SEVENTEEN MEN ASHORE WITH CAPTAIN

ST. JOHN'S, Nfld., March 17.—Captain Abram Kean, Jr., master of the sealing steamer Viking, which went to her doom in the ice off the entrance to White Bay late Sunday night, is ashore at Horse Island along with 117 of his men, according to word trickling through from O. Bartlett, lone girl operator, with the re-establishment of wireless communication this morning. Five men all badly injured spent the night in a dory. Assisted by two others they could be seen at daylight, four or five miles off, making valiant efforts to reach shore, but it was doubtful if they could succeed.

Captain Kean was on the bridge when the explosion occurred. He was hurled twelve feet to the ice and injured in the fall. All the survivors ashore are uninjured although many are in a weakened condition. They must await the arrival of the rescue ships due at ten o'clock, for food and warmth as there are no supplies available on the island and the five homes are crowded with the more weakened of the survivors.

CAPTAIN KEAN MADE FIRST REPORT ON TRAGEDY TODAY

HALIFAX, N.S. Mar. 17.—In the first report he has been able to make to his government, C. Abram Kean, Jr., told this morning of the explosion which cost him his ship and the lives of twenty-five of his crew and passengers Sunday night. His report was cabled to the Canadian Press here by Hon. H. B. C. Lake, Minister of Marine and Fisheries. Captain Kean stated he was on the bridge when the explosion occurred and was hurled to the ice, through which the steamer was slowly pushing her way, sustaining severe injuries. Captain Kean said a check had been made of the 118 survivors who had succeeded in

(Continued on Page 8).

THE charge made by Alderman J. C. Morin that office files purchased some time ago for the city had been placed in the office of a local business concern and the City Hall had been provided with files of an inferior type caused somewhat of a stir at the City Council meeting last evening. However, the remarks of Alderman Morin apparently did not interest Alderman Langis, chairman of the finance committee, who, while Alderman Morin was still speaking, left his seat and made his way out into the outer hall, followed by his close ally, Alderman L. Forest.

But the absence of the finance chairman did not bother Alderman Morin very much, who concluded his charge with the declaration that he would bring this matter up again at a later meeting.

The Council granted two petitions which were made by different groups of local citizens. One of these was from French-speaking citizens, who requested permission to organize some association for child relief work, while the other, signed by both English and French citizens, was in connection with the formation of a sporting club to be known as "The Sherbrooke Skating Club."

The chairman of the Finance Committee presented for adoption two by-laws, one establishing the tax rate at ten and a half mills, which is (Continued on Page 4)

THE WEATHER

MOSTLY FAIR

A disturbance of increasing intensity is passing slowly northeastward off the Middle Atlantic coast. Pressure continues high in the Mackenzie Valley and from the Great Lakes over Ontario and Quebec, but relatively low in Alberta and the Western States. With the exception of some light local snowfalls the weather has been for the most part fair throughout the Dominion, with temperatures slightly above normal.

Forecast: Northerly winds; mostly fair today and Wednesday; not much change in temperature.

Northern New England: Cloudy tonight, with scattered snow. Wednesday fair, with little change in temperature. Temperature yesterday: Maximum 40, minimum 30. Same day last year: Maximum 29, minimum 6.

FINE COSTUMES AT MASQUERADE IN STANSTEAD

Ideal weather for Annual Masquerade—Many Pretty Costumes—Stanstead Personals.

STANSTEAD, Que., March 17.—Ideal weather prevailed for the annual masquerade which was held at the Olympic rink on February 27th. The affair was a fine success, and the costumes, numbering about one hundred left nothing to be desired. The evening opened with the usual competitions in barrel jumping, fancy skating and racing, followed by the grand march, which was ably led by Miss Cary Channell and Mr. Gerard Boisvert, with Miss Sylvia Bergstrand and Mr. Martin Norton as second lead. Afterward, the spectators were given an opportunity to express their opinions as to the distribution of prizes. The following were the lucky winners: For ladies' fancy costumes: first, Miss Irene Hanson, Bebees as "1880"; second, Miss Marguerite Norton, Newport, as an "aeroplane"; third, Miss Sylvia Bergstrand, Stanstead, as a "Dutch peasant girl." For gentlemen's fancy costumes: first, Roland Dorais, Rock Island, as a "Spaniard"; second, Wilfred Perry, Stanstead, as an "aeroplane"; third, Jack Henderson, Stanstead, as a "Roumanian peasant." The prize for comic costume was awarded to "Three Jolly Old Bums," Messrs. Arthur Smith, Donald Ellis and William Langevin, and was well and truly earned. Special prizes were awarded to Frank Heath, as "The Old Widow," and D. McClure, as "Andy" of radio fame. The first prize for fancy skating was won by Martin Norton of Newport, second by S. Rondeau. In the barrel jumping events, Cecil Whiteman won first prize; Alton Hartley, second; Graydon Watson, third. In racing, Cecil Whiteman won first prize; L. Dhu, second; N. Holden, third.

prize: Alton Hartley, second; Graydon Watson, third. In racing, Cecil Whiteman won first prize; L. Dhu, second; N. Holden, third.

The following is a partial list of those in costume: Irene Hanson, "Sue"; Sylvia Bergstrand, "Dutch peasant"; Marguerite Norton, "aeroplane"; Roberta Audet, "Ann of Old Salem"; Florence Jenkins, "collegiate"; Helen Lang, "sailor"; Anna McGaffey, "gypsy"; Florence Clark, "Spanish dancer"; Louise Labonte, "ski girl"; Ruth Perkins, "Miss Amanda"; Hazel Hamilton, "Irish girl"; Annabelle McDougall, "Scottish lassie"; Helen Hamilton, "Irish boy"; Kathleen McGaffey, "buttons"; Rebecca Scott, "ski girl"; Mary Channell, "Pierrette"; Roland Dorais, "Spaniard"; Martin Norton, "North Star"; Wilfred Perry, "undertaker"; L. Simmons, "clown"; Henry Pickle, "jockey"; Gardiner Audet, "Uncle Sam"; Clark Lawton, "Lord Churchill"; Alex. Gilbert, "aviator"; Alton Hartley, "spirit of '96"; Lee Heath, "dragon"; Dollard Bend, "knight"; Edith, "second war"; Frank Heath, "Old widow"; Cecile Edson, "English gentleman"; Hector Channell, "Swiss peasant"; Howard Channell, "sailor"; George Norris, "clown"; A. Smith, "tramp"; D. Ellis, "tramp"; D. McClure, "Andy"; Joseph Gagne, "blackface"; William Langevin, "knight"; Byron Stratton, "queen of hearts." At the children's masquerade the little ones had their innings and displayed some very pretty and original costumes. The following were the prize winners. Girls: first, Irene Hanson, Bebees as "1880"; second, Miss Marguerite Norton, Newport, as an "aeroplane"; third, Miss Sylvia Bergstrand, Stanstead, as a "Dutch peasant girl." For gentlemen's fancy costumes: first, Roland Dorais, Rock Island, as a "Spaniard"; second, Wilfred Perry, Stanstead, as an "aeroplane"; third, Jack Henderson, Stanstead, as a "Roumanian peasant." The prize for comic costume was awarded to "Three Jolly Old Bums," Messrs. Arthur Smith, Donald Ellis and William Langevin, and was well and truly earned. Special prizes were awarded to Frank Heath, as "The Old Widow," and D. McClure, as "Andy" of radio fame. The first prize for fancy skating was won by Martin Norton of Newport, second by S. Rondeau. In the barrel jumping events, Cecil Whiteman won first prize; Alton Hartley, second; Graydon Watson, third. In racing, Cecil Whiteman won first prize; L. Dhu, second; N. Holden, third.

meeting, Monday evening, March 9th. Dr. E. K. Grant, of Melbourn, Moderator Interim, was present and presided at the meeting. The meeting was for the special purpose of extending a call to Mr. George Murray, of the Presbyterian College, of Montreal. The call was unanimous. Messrs. D. L. MacRitchie and A. M. MacKenzie were appointed to convey the call and to represent the congregation at the Presbyterian held in Sherbrooke, March 11th. The call was accepted by them, and will be presented to Mr. Murray after April 7th, on which date Mr. Murray is to be licensed. Preparations are now being made for the ordination and induction of Mr. Murray, which will take place at Scotstown on the earliest date available.

MELBOURNE

The regular meeting of the I. O. D. E. was held on Friday afternoon, March 13th, in the Melbourne Town Hall. Following the brief business meeting, an interesting talk was given by the educational secretary, Mrs. S. Gorley Brown on "Current Events within the Empire," which was greatly enjoyed by all present. Mrs. Brown hopes to have one of these talks at every meeting where time will permit and will call on the different members to express their views from time to time. This idea was enthusiastically received by all present. At the close of the meeting, afternoon tea was served, after which a large box was packed with wearing apparel for shipment to Quebec, where they are gratefully received by those catering to the needs of new citizens to the country. This is part of the annual work of the local branch of the I.O.D.E.

General Notes

Rev. E. C. Amaron, of Montreal, was in town on business, during the past week. Mr. H. J. Bouteille, of Danville, Que., spent the week-end in Stanstead with Mrs. Bouteille, who visited her mother, Mrs. W. H. Stockwell. Mayor E. W. Hay was elected warden of Stanstead County, at the recent meeting of the County Council at Ayer's Cliff. Report from Mrs. Caroline Wheeler, aha that she is gaining slowly. Mrs. T. Lyster has been seriously ill at the home of her daughter, Mrs. E. Pierce, during the past week. Miss E. Salway, of Montreal, spent the week-end with her parents, Mr. and Mrs. F. Salway. Mr. B. Dumar has returned from his week's vacation considerably improved in health. Mrs. Emma Rice, of Winnipeg, Man., was a recent visitor at the home of her uncle and aunt, Mr. and Mrs. E. M. Rose. She was also a guest of her cousins, Mr. and Mrs. G. Ewing and Mrs. Z. Weed.

MASSAWIPPI

We have a nice selection of Wall Papers. Sample books sent on request. Elmer L. Colt, Ayer's Cliff.

EXODUS

From a Story: "It was a boisterous party. Even before dinner was served, cooks were popping off in all directions." It's just like cooks to do that.

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills

Indigestion

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and side to digestion fall in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills. Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation, and diarrhoea are among the accompanying ailments. What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

INSTITUTE AT ABBOTSFORD HELD MEETING

Interesting Reports Received from Secretary of Society and Conveners of Various Departments at Annual Session—Officers Elected for Coming Year.

ABBOTSFORD, March 17.—The annual meeting of the Abbotsford Women's Institute was held on Saturday, March 7th, at the home of Mrs. J. J. Gibb with the president, Mrs. M. E. Honey, in the chair, and twenty-four members in attendance. Following the routine opening exercises, reports were received from the conveners of the various departments. Standing committee reports were given by Mrs. A. S. Crossfield for Canadianization and national events; Mrs. A. W. Buzzell for Canadian industries; Mrs. R. Thompson for education; Mrs. W. F. Fisk for immigration; Mrs. J. J. Gibb for current events within the Empire, which was greatly enjoyed by all present. Mrs. Brown hopes to have one of these talks at every meeting where time will permit and will call on the different members to express their views from time to time. This idea was enthusiastically received by all present. At the close of the meeting, afternoon tea was served, after which a large box was packed with wearing apparel for shipment to Quebec, where they are gratefully received by those catering to the needs of new citizens to the country. This is part of the annual work of the local branch of the I.O.D.E.

GRANBY

Mrs. E. A. Pepin, of Sheffield Mountain, was the week-end guest of her brother, Dr. G. W. Runnells, and Mrs. R. Martin. Mrs. Harold Hibbard is spending a few days in Cowansville with her parents, Mr. and Mrs. J. C. McClure. Mrs. Elizabeth Walsh returned home on Thursday from Montreal, where she has been for a few weeks, undergoing medical treatment. One rink of lady curlers went to Montreal on the invitation of Royal Montreal Club, and were winners of the afternoon games. The rink consisted of Mrs. J. G. Fuller, Mrs. J. B. Travers, Miss Bernice Wilkinson and Miss Helen Topp (skip). Mrs. R. P. Martin, the local president, accompanied the rink. At a meeting of the Gleaners' Mission Band held at the home of Miss Irene Darby, a pretty silver bonbon dish was presented to Miss Edna Beach, who is sailing for England on March 19th. Miss Beach was a charter member of this society. Miss Edna Beach was the guest of honor at a shower given by Miss Clara Seavey and Miss Richardson at their home, Main street, on Friday evening. Twelve young lady friends, each bringing a gift, were present. A contest resulted in Miss Beach winning the prize. The Misses Beulah Robinson and Ruth McLean gave a towel shower for Miss Beach on Saturday evening. A pleasant time was spent, although Mrs. R. T. Thompson, second president, Miss W. F. Fisk, secretary-treasurer, Mrs. Chaplain, assistant secretary-treasurer, Mrs. A. S. Crossfield, conveners: agriculture, Miss Marjory Fisk; child welfare, Mrs. A. W. Buzzell; education and better schools, Mrs. R. T. Thompson; home economics, Mrs. Slack; immigration, Mrs. Farrell; legislation, Miss M. F. Fisk; Canadianization and national events, Mrs. J. J. Gibb; Canadian industries, Mrs. A. S. Crossfield; publicity, Miss Jackman; delegates to Macdonald College, Mrs. M. E. Honey and Mrs. S. F. Marshall. Mr. and Mrs. G. Ewing and Mrs. Z. Weed.

Drummer the Woodpecker almost forgot to eat in the joy of beating out his long roll. He lives neither wisely nor well who never takes the time to relax; who never stops work and puts aside his worries and cares to play a bit or just do nothing. The little people of the Green Forest and the Green Meadows know this. They all have some playtime. The Red-shoulders had had a long journey up from the Sunny South & ever since their arrival in the Green Forest had worked hard in the building of a new home. Now that was finished, Even Mrs. Red-shoulder admitted that she couldn't find another thing to do to it. Ahead of them were nearly four weeks of patient sitting on eggs and then several weeks of ceaseless hunting from dawn to dark to feed a growing family. So, as it was not quite time for the eggs to be laid, they wisely decided on a vacation wherein to rest and get in condition for the busy weeks ahead. "We'll look over the ground and see if we can't find a better place to build our nest," declared Red-shoulder. "My, it does seem good not to have anything in particular to do." Sweet Mistress Spring had arrived and throughout the Green Forest, all over the Green Meadows, up in the Old Pasture, over in the Old Orchard, along the Laughing Brook and around the Smiling Pool there was a general awakening. The sap was running up in the trees. Brown buds were bursting as tiny green leaves pushed out. The gray pussies on the willows were turning yellow as their tiny blossoms shook out golden pollen. Peepers the Hyla, the first of the Frog folk to awaken, had been leading the chorus of the Smiling Pool for more than a week and now Stickytoes the Tree Toad, his bigger cousin, had added his thrill to the joyous concert. Redwing the Blackbird had arrived and from the top of an alder his "oka-chee, quon-karee" told all the Green World how glad he was to be back. Every day there were new arrivals of feathered folk: Drummer the Woodpecker almost forgot to eat in the joy of beating out his long roll. Thunder the Grouse was drumming and strutting, as only he can, for the admiration of Mrs. Grouse. Best of all from Red-shoulder's point of view, Benny and Nanny Meadow Mouse already had a new family. He didn't know this but he suspected it. The more mice on the Green Meadows the easier it would be to get a good living. Joy was in the very air and Red-shoulder and Mrs. Red-shoulder felt it. They would sail in circles high in the air with hardly a motion of their great wings, now and then screaming for the sheer joy of being alive and home. As they sailed their wonderful eyes were watching all below. Even from way up there in the air they could see a mouse running in the grass of the Green Meadow. Then would follow a headlong plunge to be checked just before the ground was reached. They enjoyed those swift downward rushes just as you enjoy a roller coaster. Perhaps the Mouse would hear the rush of Red-shoulder's plunges or his shadow would give warning. The Mouse would slip under a tuft of grass and Red-shoulder would turn and glide up to a tree near by. There he would sit with his eyes fixed on the spot where that Mouse had disappeared and when the latter, thinking danger over, would dash down and there would be no more Mouse in that place. Much of the time Red-shoulder and Mrs. Red-shoulder would sit in the tops of tall trees sunning themselves, ruffling their feathers to let the wind blow through them and all the time watching for Mice or Frogs or Snakes. Now and then they would fly back to look at the new home and sit by it a while. These were vacation days and they enjoyed every minute of them. But vacation days must end. One morning Red-shoulder returned to the nest to find Mrs. Red-shoulder appearing very proud of something. "Look in the nest, my dear," said she. Red-shoulder looked. There lay a big egg, pale bluish with brown spots and spears. Then he understood Mrs. Red-shoulder's pride and he was proud too. The next morning there was another egg, on the following day another, and the day after that a fourth. Yes, vacation days were over. (Copyright, 1931, T. W. Burgess)

General Notes

The W. M. S. met at Mrs. D. J. Fisk's on March 10th. On Saturday evening, March 7th, Miss Helen Buzzell was hostess at a large skiing party, the guests being principally Granby High School friends. On Friday evening, March 6th, a meeting of fruit growers was held at Mr. M. E. Honey's to meet Mr. W. J. Tawse, of Montreal, secretary-treasurer, of the Co-operative Federation of Quebec. Recent week-end guests from Mrs. John Glidden entertained twelve little girls on Friday, it being the tenth birthday of little Evelyn Wood. The table decorations were in the pink, the birthday party with its ten rose candles graced the center of the table. The refreshments were carried out in the same color scheme. Games were entered into with much zest and enjoyment, and prizes were won by little Misses Joan and Betty Arrowsmith and Clara Osgood. On Friday evening Miss Edna Beach gave a farewell party to about twenty-five young friends, at the home of Rev. Thomas and Mrs. Scott. The decorations were all carried out in green and the numerous games were symbolic of St. Patrick. Among the prize winners were the Misses Dora Jones, Margaret Runnells, Eleanor McComiskey, Gertrude Porter, Edna Goyette and Clayton Robinson. The refreshments were attractive and appetizing and the young people left all wishing the young hostess much happiness in her married life and a pleasant voyage to England. Mr. Oliver Giddings, who has been on a business trip to South America, returned to Granby on Friday. The remains of the late Arthur Loiselle, who passed away in Montreal, were brought to Granby on Tuesday evening, March 10th, and the funeral was held at the Roman Catholic Church on Thursday morning. The late Mr. Loiselle, who was only forty-four years of age, was well known in this city, having occupied a position in the store of R. C. Savage & Son for several years, and by his courteous manners was very popular with the public. IN A MANNER OF SPEAKING.—"Dauber says he took up landscape painting to forget a love disappointment."—"Art for heart's ache, eh?"

BRINGING UP FATHER

MRS. JIGGS PHONED AND WANTS YOU TO CALL FOR HER BEFORE FIVE O'CLOCK AT MRS. IMA SYTTES HOUSE.

WELL, I'LL WAIT UNTIL AFTER IT'S FIVE O'CLOCK, THEN SHE'LL BE GONE AND I WON'T HAVE TO LEAD THAT DOG HOME.

I HOPE SHE'S GONE.

YES—MR. JIGGS—YOUR WIFE LEFT. THEY COULDN'T WAIT AS THEY HAD AN APPOINTMENT—SHE LEFT THIS DOG FOR YOU TO TAKE HOME.

FALSE TEETH ARE A GREAT INVENTION

KEEP YOUR OWN AS LONG AS YOU CAN

Ten years too late most people seek Protection

The greatest mistake you can make is to wait until your gums are swollen and spongy before you begin to think of pyorrhea. A famous British doctor states that many people have this disease for ten years before the symptoms appear. And pyorrhea is to blame for half of all adult teeth extracted. Protect yourself now from this disease of neglect. You should, of course, see your dentist twice a year. Here, then, is double protection in Forhan's—a protection which every member of the family should have. Adopt Forhan's as your dentifrice; it comes in two sizes, 35c and 60c—just a few cents per tube more than ordinary toothpastes, and exceedingly well worth it. Forhan's Ltd., Montreal.

FORHAN'S FOR THE GUMS. Any mouth may have pyorrhea and at 40 the odds are 4 out of 5.

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, small box of Glycerin Soap, and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken, faded or gray hair and make it soft and glossy. One trial will convince the truth. It is not sticky or greasy and does not rub off.

Feel Tough?

All out of sorts—grouchy—peevish and low in spirits? It's an even bet that you have reached that stage of life when bodily functions slow down—become irregular and steady poisoning of your system sets in. Face it frankly—take Nature's way—the Riga Water way—to health—it makes and keeps you RIGHT.

PETITION WAS DISMISSED BY JUDGE WHITE

Petition to Compel Dame Nita Cecilia Bowen Hunt to Furnish Summary Account of Her Administration of Her Husband's Estate Dismissed Without Costs.

Is it necessary that a person related or allied to an interdict have some real or eventual interest in the estate of the interdict, or is the mere fact of his being related or allied sufficient; and, secondly, if such actual interest, apart from the mere relationship, is necessary, has the petitioner such real or eventual interest? These were the questions His Lordship Mr. Justice Charles D. White was called upon to settle in the petition taken by William Morris, K.C., against Dame Nita Cecilia Bowen Hunt, wife contractually separate as to property of Richard Fairlie Morris, of Sherbrooke, in her capacity of curatrix to the person of her said husband, and which petition His Honor dismissed without costs.

His Honor dismissed without costs. The petition asked under the provision of Article 309 of the Civil Code that the respondent, Mrs. R. F. Morris, be ordered to furnish a summary account of her administration of the estate of her husband, Richard Fairlie Morris, an interdict, to whom the respondent had been appointed curatrix. The local lawyer based his petition on the fact that he is the only brother and next-of-kin of the said interdict.

To this petition the respondent raised three objections. The first was that Article 343 of the Civil Code, while it provides that the curatrix is bound towards the interdict in the same manner as the tutor is towards his pupil, it does not provide that he is bound in the same manner to third persons, and consequently Article 309 does not apply. Secondly, that the proceedings should be by way of an action and not by petition. The Court ruled that Jurisprudence was against the respondent on the first two points, and that the issue was on the third objection which was, that even under the provisions of Article 309, the person related or allied" must have an interest in the same manner as "any other parties interested", and the mere fact of being related to the interdict is not sufficient.

Both parties cited several judgments in support of their contentions, but none of the reported cases submitted had a direct bearing upon this case inasmuch as this point is not squarely raised in any of them.

The second question which confronted His Lordship was: Can the petitioner in any way be considered an eventual heir of the interdict? An authentic copy of the last will of the interdict was filed by the respondent, which the respondent contended must be considered as final inasmuch as the interdict cannot make another on account of his interdict. Mr. Morris argued that the will might be contested and set aside, but the Court found that this contingency is rather too remote to give the petitioner an interest. In this will the respondent is named as the universal legatee and devisee and contains that which, for the purposes of this case, is most important, that is to say a clause excluding the petitioner and his family from any benefit from the estate or succession of the testator. This clause provides, "Inasmuch as my brother (petitioner) has come into possession of practically the entire estate and succession of my father, my sister, my uncle, E. P. Felton, and my dearest mother, to my exclusion, consequently I will and leave nothing to my said brother nor his family, and I desire that they benefit in no way from my estate or succession." From the foregoing, the Court contended, the petitioner is without present interest and would not have an eventual interest even if the universal legatee should predecease the testator.

Summing up the evidence produced at the hearing the Court came to the conclusion that the respondent had established that the petitioner was without interest and that he is consequently without right to institute the present proceedings because the utmost that could be said was that Article 309 presumes that a relative has an interest as such. This, however, would be a presumption "juris tantum" under Article 1239 of the Civil Code and not a presumption "juris et de jure" under Article 1240 of the Civil Code, and the clause of exclusion in the will deprives the petitioner of any interest in the management of the estate of the interdict.

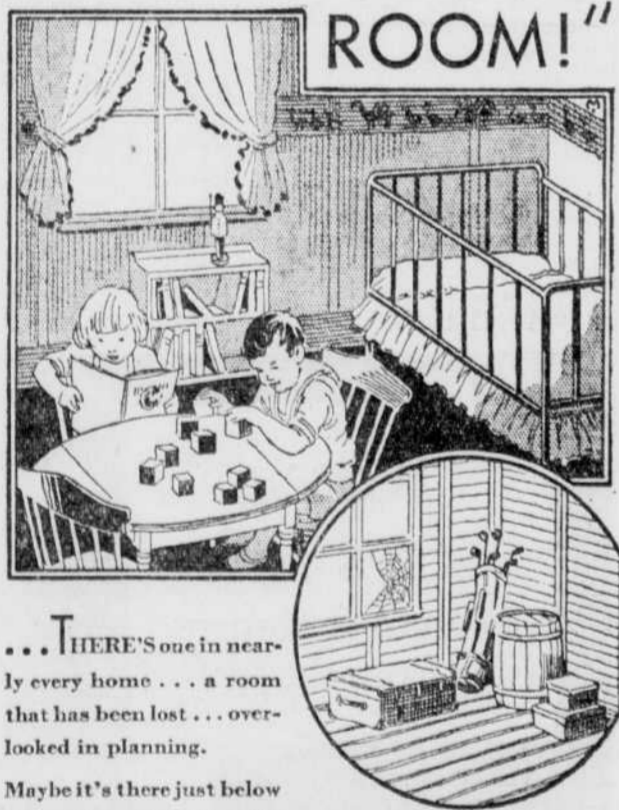

"Going along Wellington Street I heard a shout. Stopping to see what was up, a grocer said he was right out of tea and to send in a double supply, it was going so well. It is nice to have them chasing you on the street."

SONS OF ENGLAND Gloucester meets Thursday night.

ALL GONE: EVERYONE! There is not a single copy left of the Annual Review Number of the Record, which is unfortunate, as requests for extras still come in by the dozens each week. We only printed 2,300 extra copies, and from many parts of Canada and the United States there came orders from people who were interested in Sherbrooke and the Eastern Townships.

So many kindly things have been said about the Annual Review that we are inclined to think it was good. Of the fifty special articles contributed by illustrious writers the suggestion has been made that several of them should be reprinted in pamphlet form. This is not within the province of the daily newspaper, which must pursue its daily avocation with concentration on the day's work.

Already a study is being made of an even more comprehensive Review to mark the 35th anniversary. One cannot rest on a record of past performance.

ST. PATRICK'S DAY

Throughout the world Irishmen everywhere today are wearing the national color, singing the praises of the Emerald Isle and honoring Saint Patrick, the patron saint of Ireland. Not only is March the seventeenth very dear to the hearts of all loyal Irishmen, but the peoples of other nations are happy of the opportunity of joining with their Irish friends in observing the event. Consequently, bright green ribbons or little bunches of shamrock are proudly displayed today.

Apart from being credited with giving the snakes out of Ireland, little is known of Saint Patrick. Record states that he was born about the year 372 and his adventures began early in life. At the age of sixteen he was carried off by pirates and sold into slavery in Ireland. He was employed as a shepherd, and is supposed to have spent about seven years in Ireland, during which time he acquired a knowledge of the language.

Eventually he escaped from captivity, reached the Continent, and in due course became a bishop. He was later commissioned by Pope Celestine to return to Ireland to preach the Gospel. His life in Ireland was a noble and successful one. Everywhere he went he preached the Gospel of God, and soon brought the country to the true faith.

The return of Saint Patrick's Day recalls again the immense debt the world owes to that little Isle that lies like a broad leaf upon the bosom of the mighty Atlantic. Statesmen and poets, soldiers and authors have recited its praises. From the lips of brave men have come some of the sweetest songs that have enriched the treasures of English literature.

Ireland has experienced her troubled days. She has faced many obstacles which her long history was bound to bring about. Today she is forging ahead and looking

NEW HALL MAY BE ERECTED IN LENNOXVILLE

Meeting of Lennoxville Board of Trade Held Last Evening, When Question of Community Hall Was Discussed at Length.

The question of erecting a community hall in the town of Lennoxville was discussed at considerable length last evening at the monthly meeting of the Lennoxville Board of Trade, and the matter was finally left in the hands of the improvement committee for further study.

Mr. J. A. McClary read a report on behalf of this committee regarding the proposal to erect a Community Hall. He stressed the importance and need for such a building. A hall such as contemplated said Mr. McClary, which would be used by everybody irrespective of nationality or creed, could be constructed for about \$25,000. Mr. L. V. Parent, in thanking Mr. McClary for his report, spoke strongly in favor of a community hall. The proposed hall, he stated, would be much more than just a convenient place to gather in a social way. It would be a centre from which many social and athletic pastimes could be fostered.

It is apparent that a community hall would be a wonderful asset to the town and would do much to promote its advantages. The matter was first brought into the limelight of public affairs by the Board of Trade, which organization is displaying progressive vitality and an insight into the needs of Lennoxville for its future development and prosperity. Besides offering a very handy place for farmers' social and commercial functions, a community hall would be the mecca of all societies which have the interest of the town at heart.

Mr. L. V. Parent presided over the meeting of the board last evening. Mr. J. McEwen, secretary of the board, read a letter from Mr. J. B. Woodvatt, president of the Southern Canada Power Company, expressing appreciation of the courtesy extended him at the recent banquet. Another letter was read by the secretary from Mr. D. E. McGill, assistant secretary of the Canadian Chamber of Commerce, inviting the local board to become affiliated with that organization.

It was decided to invite Mr. W. McL. Clarke, secretary of the Canadian Chamber of Commerce, to visit Lennoxville on his return from Latin America.

A request from the Ascot Council, on behalf of the farmers of that district, that a market be established in Lennoxville, was left in the hands of a committee for further consideration. Much discussion arose in connection with the disposal of the garbage, and a committee was appointed to look into the matter and present a report at the next meeting.

On behalf of the publicity committee, Mr. M. L. Walsh thanked the members of the board and all who assisted in advertising Lennoxville in the annual edition of the Record.

Mr. Walsh stated he had heard many highly favorable comments regarding the publicity, and expressed his appreciation to Mr. Alfred Wood, president and editor of the Sherbrooke Daily Record, for his valuable assistance.

with optimism and hope into the future. Her sons are loyal and true and her daughters are fair and beautiful.

Today the world unites in tribute to the Irish race, universal honor is paid to her great national saint and everyone is happy to exchange friendly greetings and to bid one another "the top of the morning."

Y.M.C.A. BOARD OF DIRECTORS MEETING.

The regular monthly meeting of the Board of Directors of the Sherbrooke Young Men's Christian Association, postponed from last week, is to be held tonight at eight o'clock when reports will be received and arrangements made for the "Financial Drive" to be put on next month.

RAILWAY CLERKS ACCEPT PROPOSED CUT IN WAGES

First of Three Big British Unions to Act on Decisions of Railway Wages Board.

LONDON, March 17.—Despite reports that various mass meetings of railway workers are expressing resentment against the wage reductions recommended by the National Railway Wages Board, it will probably be found, when full feeling has been ascertained, that the general body of workers are not so opposed to the reductions of 2 1/2 per cent as they are to the recommendations regarding the "spread over" system of working time.

The Railway Clerks Association is the first of the three big railway unions to discuss the findings of the National Board, and the Association, at a meeting of national delegates Sunday, accepted the board's findings by a majority vote.

The National Union of Railwaymen will reach a decision on Thursday, and the Associated Society of Locomotive Engineers meets a week from today.

STUDENTS NAME THEIR COUNCIL FOR NEXT YEAR

Mr. Russell F. Brown Named President of Association by Acclamation—Elections Were Held Yesterday.

Considerable excitement has prevailed at Bishop's during the past few weeks over the election of the officers for next year's Student's Executive Council. In accordance with the constitution of the Student's Association, the president, vice-president and secretary-treasurer of that body are elected on March 1st, while the remaining officers comprising the Student's Council are elected on March 15th. This year the elections were held on March 2nd and 16th, and the following have been chosen as officers for 1931-32:

President of the Student's Association, Mr. Russell F. Brown (acclamation); vice-president, Mr. Walter C. Stockwell; secretary-treasurer, Mr. Arthur V. Ottiwell (acclamation); president of dramatics, Mr. Linley Macmorine (acclamation); president of debating, Mr. Ed. Field (acclamation); president of the Mitre, Mr. John F. S. Ford; manager of rugby, Mr. C. Dickson (acclamation); manager of hockey, Mr. Geo. C. Dyer (acclamation); manager of basketball, Mr. Henry F. Davis.

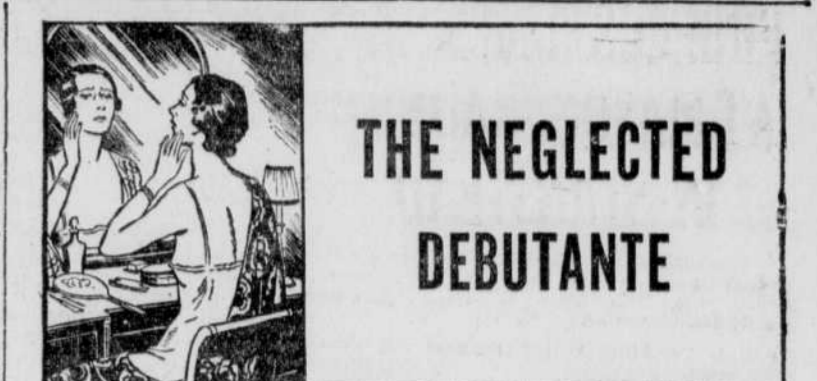

The members of the retiring Council are as follows: President, Rev. E. V. Wright; vice-president, Mr. W. Mitchell; secretary-treasurer, Mr. W. W. Davis; president of dramatics, Mr. H. M. Porritt; president of debating, Mr. R. F. Brown; president of the Mitre, Mr. H. L. Hall; manager of rugby, Mr. M. M. Medicine; manager of hockey, Mr. G. W. Hall; manager of basketball, Mr. I. M. Stockwell.

LENNOXVILLE

Mr. A. R. Perry has returned to his home in Toronto, having been called to Lennoxville, by the death of his father, the late Mr. S. W. Perry.

Believed that Judgment Will Exonerate Minister and Officials from Blame.

ALDERMAN MORIN CLAIMS OFFICE FILES NEVER REACHED CITY HALL

(Continued from Page 1) The same as last year, and the offer for the renewal of unpaid municipal bonds to the amount of \$516,500, tenders for which will be called.

THE ALTERNATIVE

"My wife is a cigarette fiend. Why, three times she's set the bed on fire with her smoking. Would you recommend a suit for divorce?" "Well, either that or a suit of asbestos pyjamas."

SOCIAL AND PERSONAL

Mr. Walter Murray will be guest and speaker at the Y's Men's Club meeting on Thursday.

The many friends of Miss Blanche Prescott, Strathcona Apartments, Wellington street north, will be pleased to hear that she is progressing favorably after undergoing an operation at the St. Vincent de Paul Hospital yesterday.

Miss Bulmer was hostess at a delightful reception at the tea hour yesterday afternoon at the MacBinnon Memorial Building. Miss Bulmer and her niece, Miss M. Fraser, of Montreal, received the guests in the comfortably furnished club-room, where the attractive tea table, done with spring flowers and green tapers, was arranged and over which Mrs. D. J. Sals and Miss Laura Van Vliet presided.

A very successful and enjoyable card party was held at the home of Mrs. Lewis Temple, Champlain street, in aid of the Second Boy Scouts Mothers' Auxiliary. Cards were played at ten tables, the first prize being won by Mrs. W. Sjolander, the second by Miss E. Christie and the consolation by Mrs. George Webster.

About twenty-five friends of Mr. John Hodge arranged a very enjoyable surprise party in honor of his birthday, at his home on Larocque street, on Saturday evening, when cards were played at several tables. The first ladies prize was won by Miss C. Perrett and the consolation by Mrs. W. E. Hodge, while Mr. S. Foster won the first prize for gentlemen and Mr. E. Anderson the consolation. During the evening a very pleasant incident occurred.

Anticipating St. Patrick's Day, the Young People's Society of Trinity United Church presented an Irish concert in Wesley Hall last evening. The program was most appropriate and well received.

term, as the plaintiff was unable to lease the property. Bernier pleaded in substance by admitting the lease, but claiming that he paid ten dollars on account. He alleged that Blitt bought eight cords of wood from him and a pump worth five dollars, the total amount of \$31, which he asked be allowed to compensate the amount due. He asserted that Blitt had promised to make the premises habitable, but had neglected to make the necessary repairs.

Joseph F. X. Pierre Real, alias Harry Gagne, of Levis, vs. Dame Adelia Valee, wife of Raymond Labbe, of Kingsford, defendant, and Arthur and Theodore Jacques, mis-en-cause, was another action in which the Court condemned the defendant to pay \$117 with interest from the date of the service of the writ and costs; ordered that the goods seized be sold and that the amount realized be paid to the plaintiff by preference according to law; and reserved the defendant the right to collect any amounts due by the plaintiff to her if any such amounts were due. Real issued a writ of saisie-revendicatoire against Mrs. Labbe, and by his declaration alleged in substance that in 1928 he leased a farm in Barnston to the defendant for one year at twenty dollars per month. Real sold immovables mentioned in the said lease for back rent to the said Jacques, who took by his declaration alleged in substance the lease, possession of property and amount of rent due and offered \$203.05 in compensation, which amount she claimed the plaintiff owed her for improvements to the property and other work.

Mr. Lewis Rosenbloom gave a very interesting address last evening on "The Zionist Movement," at the meeting of the Young People's Society of Plymouth United Church. A short business meeting was held prior to the lecture, introducing the speaker who was followed by a miniature golf set to the Society from Miss E. Salter, Mr. Robert Smith and Mr. Reginald Smith delighted the members. The hostesses for the evening were Miss E. Rieder and Miss M. Rieder, who served delicious sugar-on-snow, which was greatly appreciated. Games were played, bringing the very enjoyable evening to a close.

The members of St. Faith's Guild enjoyed a cup of coffee and refreshments at the conclusion of a short business session held yesterday afternoon in St. Peter's Church hall. Mrs. Roy Wiggert, the president, presided, and plans were completed for the tea and food sale to be given under the auspices of the Guild.

The active season for the Sherbrooke Ladies' Rifle Club is drawing to a close, but the interest and enthusiasm of the members still continue. The following excellent scores have just been turned in: Mrs. M. Willard, 97; Miss E. Veilleux, 96; Mrs. M. Logan, 95; Mrs. L. McCallum, 95; Mrs. E. St. John, 94; Miss E. Van Roden, 90; and Miss B. Langis, 84. The ladies expect to compete in another friendly match with the Quebec Central Rifle Club before the cessation of activities for this season.

Mr. J. E. Perrault, Minister of Roads and Mines, said that the system had been adhered to by the Government, and that it was under the second alternative mentioned by Mr. Guertin that more had been spent of late years than mentioned in the estimates. For example, two years ago the House had voted up to \$17,000,000 for road work, which was to be spent for hard surfacing, widenings, and so on. Mr. Guertin insisted that the Legislature had never meant to give the Government blank cheques, as it were, to spend money. The minister laughingly explained that whether the House had meant to do so or not it had certainly done so, and the year previous, also in a roads bill, it had provided for other expenditure. The result was that it was not necessary to vote each year in the estimates the total spent for roads, since the House had entrusted the Government with definite sums for definite roads purposes, over and above what was authorized in the estimates.

The Minister related his explanation several times, and when Mr. Guertin appeared not to agree, he said that it was evident that the member for Hull was not listening to his explanations, but was spending his time reading the statutes when the explanations were being given. Mr. Perrault added that he felt convinced that if the member would but listen to him he would understand the situation.

The House gave third reading to the bill regarding East Angus. Hon. Drouin, Liberal M.L.A., for Quebec East, explained that the majority of the ratepayers had voted for the by-law to spend money for public works, but in the matter of value not sufficient support had come forward. However, said Mr. Drouin, when the bill was before the Private Bills Committee no objection had been raised even by those who had been against the expenditure. The explanation satisfied the House.

It is treated to deodorize. There are so many ways in which this sanitary pad is superior. Hospitals have found this out. They specify Kotex... buy millions of pads a year. What greater assurance could you ask of hygienic safety?

HIGHER COURT ACTION WILL BE HEARD BY JURY

Superior Court Panel Will Be Selected Tomorrow to Hear Evidence in Case of Delphis Dupuis, of Magog, vs. Paul Galleau, of This City.

Whether Delphis Dupuis, of Magog, has a legal claim for \$10,100 damages from Paul Galleau, of this city, will be left in the hands of a Superior Court jury to decide at the trial which starts before His Lordship Mr. Justice Charles D. White, in the higher court tomorrow morning. The Magog automobile accident which occurred on the Sherbrooke-Magog highway last October. The complainant's wife, Rose Anna Lauzon, was struck shortly before six o'clock on the night in question and died in a local hospital four days later without regaining consciousness. A coroner's jury investigating the fatality found that the woman's death was accidental and exonerated the driver from all blame. However, Dupuis is of the opinion that the accident was caused through the fault, imprudence and negligence of the defendant, and asks the court to grant him the amount he claims.

It is very infrequently that a Superior Court action in this district has to go before a jury panel. However, the plaintiff, through his counsel, made motion for trial before a French-speaking jury, and his petition was granted by the presiding judge. It is the first time in the district of St. Francis since 1925 that such recourse has been instituted. The last case of this nature involved Wallace J. Ducharme, of Magog, and the Canadian Pacific Railway for damages arising from a railway accident in the town of Magog.

The panel will be submitted the following facts: Was the wife of the plaintiff struck by the defendant's automobile about October 20, on the public road at Magog, from the result of which she died on October 24th? Is this accident due to the fault of the victim or the defendant, or to the fault of both? Does the plaintiff suffer from the said accident, and for what amount does he suffer?

The trial is expected to last about two days.

ALDERMAN MORIN CLAIMS OFFICE FILES NEVER REACHED CITY HALL

(Continued from Page 1) A large number of committee reports were adopted last evening, but these contained nothing of outstanding importance. They were, in the majority of cases, for the payment of accounts and salaries, and for the purchase of new uniforms for various municipal employees and the first annual report of the committee on electricity and gas committee report stated that the committee recommended further study be given to the proposed formation of the Memphremagog Water Power Association for the purpose of regulating the flow of water on the Magog River. Another clause of the same report suggested that the council enter into no long term contract with the Central Quebec Light and Power Company, limited, for power. There was no discussion on either of these recommendations.

LEGISLATURE MAY PERMIT WOMEN OF QUEBEC TO ACT AS ADVOCATES

Only the fact that the lights went out in the Legislature buildings prevented Aime Guertin, Conservative M.L.A., for Hull, in the Legislative Assembly today from finding out how many dollars are spent by the provincial Roads Department. Mr. Guertin was talking of an item of \$5,917,000 for the Roads Department, when he discovered that the Government has been spending considerably more than this amount of late years under the same title. This, said Mr. Guertin, was an infringement of the rights of the elected representatives of the people. Only in three ways may public monies be spent, he said. One was by vote of the House by vote of estimates, another was by vote of the House permitting the Government to spend a certain amount for definite purposes, and the third was by means of special warrants, which could be used only for emergency purposes.

Hon. J. E. Perrault, Minister of Roads and Mines, said that the system had been adhered to by the Government, and that it was under the second alternative mentioned by Mr. Guertin that more had been spent of late years than mentioned in the estimates. For example, two years ago the House had voted up to \$17,000,000 for road work, which was to be spent for hard surfacing, widenings, and so on. Kotex stays soft because it absorbs away from the surface. Remember, too, that Kotex is disposable like tissue. That fact has turned millions of women to this modern sanitary protection. Kotex Company of Canada, Limited, Toronto, Ont.

MADE IN CANADA. KOTEX The New Sanitary Pad treated to deodorize.

HYDRO WORK IN CANADA MOVES ON BIG SCALE

Estimated that \$100,000,000 Will Be Spent This Year—This Province Has Many Important Developments Under Way.

With an estimated expenditure in 1930 of \$80,000,000 and with roughly \$200,000,000 involved in completing projects now under way or about to start, the hydro-electric industry is far ahead of any other major economic activity in the Dominion.

It is estimated that at the beginning of the year, more than 11,000 men were employed on the actual construction of various water-power developments, while several times as many are given employment in manufacturing and other establishments providing material and equipment going into the work.

New installations brought into operation during 1930, according to a survey of the Dominion Water Power Bureau, aggregated 297,850 h.p., bringing the total installation for the whole Dominion to a figure of 6,125,000 h.p. at the end of the year.

Construction is active, also, on a number of undertakings throughout the country, several of which are of outstanding importance and with the completion of these during the next two or three years, more than 1,500,000 h.p. will be added to the Dominion's total.

Other important projects are under active investigation with developments apparently imminent in several cases, while plants recently placed in operation or actively under construction are designed for future extensions as load conditions warrant.

During the past year Ontario led in new installations placed in operation with a total of 135,000 h.p., followed by Quebec with 122,700, British Columbia, 71,000, Saskatchewan, 42,000, New Brunswick, 21,000, and Nova Scotia, 5,100.

Important developments are under way in the Province of Quebec. The Shawinigan Water Power Co. has its power project at Rapide Blanc on the St. Maurice, well advanced. It is planned to install 160,000 h.p., which will be brought into operation toward the end of 1932.

Between 700 and 800 men are employed at the site, but this number will be increased to between 1,500 and 2,000 by spring.

The MacLaren Quebec Co., has completed a 90,000-h.p. installation at the High Falls plant on the Lievre River, but it also proposes to construct another 120,000 h.p. plant on the same river below Buckingham.

Alcoa Power Co. has brought into operation its initial installation at Chute-a-Caron. The development at this point of the Saguenay River will be completed by the building of the 800,000 h.p. Shipshaw plant, which work will be undertaken as soon as conditions warrant.

Beauharnois Power Corp. is ahead on its plans for the development of 500,000 h.p. on the St. Lawrence River, a short distance from Montreal. Already over 10,000,000 cubic yards of material have been moved of the total 30,000,000 required for the initial 200,000 h.p. installation, which is to be in operation by October, 1932. Excavation work on the power house and tail race site is well advanced and about one-third of the dredging and embankment work for the power and ship canal has been completed.

Among other developments under construction are the Mont Louis Seignior Ltd., 350 h.p. plant near Mont Louis, Que., and the 40,000 h.p. development of the Ontario Paper Co. near the mouth of the Outardes River. Gatineau Power Co. plans to install unit No. 7 of 34,000 h.p. to its Pagan Falls plant on the Gatineau River, while Montreal Island Power Co. will probably proceed with the addition to two further 12,000 h.p. units in its plant on the Back River near Montreal.

INDIAN SOCIETY WOMEN ENGAGE IN BOXING BOUT

Attempt Made to Prove Indian Women Are Not of the Weaker Sex.

MADRAS, India, March 17.—Rebutting the theory that women belong to the weaker sex, two prominent Indian society women yesterday engaged in a fierce six-round prize fight. The bout ended in a knockout but the referee, with masculine gallantry, declared it a draw.

Mrs. Kamalaba, of Malabar, amidst the cheers of her supporters, sent her opponent, Miss Sitabai, of Tanjore, to the floor with a terrific uppercut in the sixth round. Both women by that time were bleeding and battered and appeared to be groggy. Until the knockout the unmarried woman had the best of the encounter.

An immense crowd attended the fight, shouting encouragement to their favorite. This was the first public exhibition of pugilism among women in India.

ORFORD LAKE

Miss Florence Dingman has returned home from Montreal and is confined to the house with a severe cold.

Mr. H. Vipond and son, Fletcher, of Montreal, were the guests of Mr. and Mrs. Wm. Paige over the weekend.

Mr. H. Morris, of Montreal, and Mr. and Mrs. Edwin Mack, of Waterloo, and Mr. Colby, of Sherbrooke, were the guests of Mr. and Mrs. C. H. Dingman on Sunday.

PROTECTION OF U. S. RAILROADS BEING SOUGHT

Movement Under Way to Have Congress Pass Legislation to Protect U. S. Lines Against Diversion of Traffic to Canadian Companies.

NEW YORK, March 17.—Enactment by Congress of legislation to protect United States railroad and steamship lines against the diversion of traffic to Canadian railways and steamship lines by means of the two-cent differential enjoyed by Montreal supplemented by rate concessions on import traffic ranging from nineteen per cent to more than three hundred per cent is advocated by Frederic Henjes, Jr., President of the New York Freight Forwarders and Brokers' Association.

The Canadian Pacific and Canadian National Railways, Mr. Henjes points out, by reason of their operation of steamship lines in conjunction with their rail services, are in a position to apportion their ocean and rail rates in such a manner as to stifle competition on the part of the United States railroad and steamship lines and have thus obtained for themselves cargo which would otherwise be carried by vessels calling at United States ports.

Until recently the Canadian route had been favored by foreign exporters of goods destined for points in the middle western and far western portions of the United States, Mr. Henjes said, but New York, however, was exempt from this form of diversion because of its being served by a larger number of direct lines than Montreal or the other Canadian ports. Canadian railroads, however, have now transferred their operations to the eastern states, he said.

Freight consigned to New York or other points in eastern states is now being carried by the Canadian rail lines from shipyards at Montreal or Saint John, N.B., to a connecting point nearest the final destination and then routed over the connecting United States railroad for the shortest possible haul to destination. These tactics, Mr. Henjes stated, have enabled the Canadian railroads to deprive the United States roads of a large portion of their legitimate tonnage and at the same time swelling their own revenues.

It was interesting to note, he added, that the net earnings of the ocean and coastal steamship lines of the Canadian Pacific during 1930 were estimated at \$7,031,939.

These figures, Mr. Henjes declared, serve to demonstrate an astoundingly unfair condition of inequality among their lines operating in the trans-Atlantic service in spite of the fact that competitive conditions are supposed to be equalized by the trans-Atlantic freight conferences, in which the lines serving both United States and Canadian ports are represented.

HEARD ON A STREET CAR

First Stenog—Gee! Wasn't I tired last night.

Second ditto—Worked hard at the office, eh?

First—Yes, and overtime at that. Why, I typed so many letters last night I finished my prayers with "Yours truly."

DEMAND WILL BE FORWARDED TO GOVERNMENT

Saint John Council Will Request Carrying Out of Harbor Commission Act Insofar as It Applies on Construction of Bridge Across Harbor.

SAINT JOHN, N.B., March 17.—The common council has decided to make a demand on the Federal Government for the carrying out of the Harbor Commission Act, insofar as it applies to construction of a bridge across the harbor to take the place of the present ferry. A formal resolution to this effect will be forwarded to the local representatives, Hon. Dr. Murray MacLaren and Thomas Bell, for presentation to the Prime Minister, Rt. Hon. R. B. Bennett.

It was also decided to forward a resolution to the Federal Government endorsing the appeal of the potato shippers of New Brunswick for a reciprocal trade agreement with Cuba.

SEEKING RACKETEERS FOR DOUBLE BOSTON SHOOTING

Friendly Slap on Back Signal for Shooting on Boston Street.

BOSTON, Mass., March 17.—Squads of police were today seeking out the North End "small-time racketeers" for an explanation of the shooting of two men on Hanover street last night.

Jerry Tomarra, 25, was the more seriously wounded of the two. He received four wounds in his abdomen and arms. His companion, Ralph Indigario, 28, received a bullet wound in the arm.

A "friendly" slap on the back was the signal for hostilities to begin. The two were standing near the spot where Guifre Campbell was killed from guns planted in a Hanover street house a short time ago.

Tomarra and Indigario were talking when a "friend" walked up to them, slapped one of them on the shoulder as if in a friendly greeting, then ducked into a nearby alley. As the "friend" ducked for cover, the occupants of a blue sedan started firing.

At the Haymarket Relief Hospital neither of the wounded men would talk.

PUBLIC NOTICE

Quebec Election Act.

The undersigned, Clerk of the City of Sherbrooke, gives notice that the list of electors of the City of Sherbrooke has been prepared according to law;

That a duplicate thereof is deposited at his office, at the City Hall, for the information of persons interested;

That any person, after having examined the list, who believes that his name has been wrongfully entered on or omitted from the said list may, either by himself or through his agent, file with respect thereof, in the office of the undersigned, an application in writing and under oath, within the fifteen days following the publication of the present notice, to wit: from the 15th instant to the 1st of April (1931), inclusively, to have his name entered or struck off, as the case may be.

Sherbrooke, this sixteenth day of March, 1931.

ANT. DESLAURIERS, City Clerk.

The Black Horses

One of the famous pure-bred Percheron stallions maintained by Daves Brewery for the use of farmers in the Province of Quebec, for the advancement of breeding is

"KING"

full-brother to Leo Magnus II, the best-known stallion of the Black Horses, to whom he bears a close resemblance.

King is now rising four. He has never been beaten in the show ring. In 1930 he carried off three Grand Championships — at Quebec, Three Rivers and Sherbrooke respectively, and he gives excellent promise of equaling the fine record of Leo Magnus, both as a sire and as a show horse.

He has exceptional good style and smooth action, with excellent legs, very clean joints and wide shapely feet. He is both quick and powerful, with well-balanced and well-proportioned body. A fine stallion for breeding with good mares.

Measurements: height, 16 hands 2 inches; girth, 14 1/2 inches; chest, 17 inches; under body, 11 1/2 inches; weight, 1800 lbs.

It will be announced later where this horse will be placed.

A NEWS COLUMN FROM KNOWLTON AND DISTRICT

Numerous Visitors at Knowlton During Past Week—Social Items of Interest.

KNOWLTON, Que., March 17.—Mr. and Mrs. K. T. Dawes left on Friday, March 6th, for the Pacific Coast and will be away several weeks.

Mrs. Geo. Norton and Miss Bertha Martin, of Sutton Junction, were recent guests of Mrs. H. J. and Miss Scott. Mrs. Scott, who has been confined to her room for the past three months, remains about the same.

Mr. and Mrs. E. E. Guillette spent March 10th in Sherbrooke.

Mr. Black, of Montreal, was a business visitor in town on Tuesday, March 10th.

Messrs. Robb and Boyd conducted the funeral in Cowansville on Sunday of the late Miss Jennie Oliver.

Recent guests of Mrs. A. H. Page included: Mr. Victor Moquin, of Dawson City and Mr. J. Moquin and Miss Gabrielle Moquin, of Eastman.

Mr. James C. Blackwood was in Sherbrooke on Saturday.

Miss Leila Smith spent the weekend at her home in Magog.

Mr. and Mrs. Leonard Baker, of Montreal, are visiting relatives and friends in town.

Recent guests of Mr. and Mrs. E. E. Guillette were Messrs. Ernest Guillette, of Holyoke, Mass.; Dalphus Guillette, of Plainville, N.H., and Mrs. Duval, of Amherst, Mass.

Miss Margaret Mason, of Sherbrooke, is spending a few weeks at her home.

Mr. and Mrs. Cook and daughter, of Kitchener, Ont., are guests of Mrs. Cook's mother and brother, Mrs. Humphrey and Mr. P. Humphrey.

Mr. Donald Miller spent the weekend at his home, leaving for Richmond on Monday morning.

Mr. A. Dusseault spent the weekend at the home of his parents, Mr. and Mrs. J. Dusseault.

Mr. Ernest Page spent Friday in Montreal.

Mrs. A. W. Mizener and Mrs. Ray Bates visited at the home of Mr. and Mrs. Swett at Foster last week.

Business visitors from out-of-town this week included Mr. J. Moquin, of Eastman; Mr. Homer Holden and Mr. Leverett Stone, of Bromie; Mr. Percy Taber, of East Farnham; Mr. John Crawford, East Bolton, and Mr. C. U. R. Tarte, and M. E. Darbe, of Sutton.

Miss Leila Smith spent the weekend in Sutton.

Mr. Harry Carmichael, of Montreal, was a week-end guest at the Rectory.

Mrs. Orin Smith, of St. Johnsbury, Vt., is a guest of her parents, Mr. and Mrs. Hiram Wing.

Mr. Chester Bullard is spending a few days with friends in Newport, Vt.

Mr. H. Duggan, of Montreal, was a week-end guest of his mother, Mrs. B. Duggan.

Mrs. Paul Jones and daughter, Pauline, of Waterloo, are spending some time with Mr. and Mrs. Gordon Farrell.

Miss Dorothy Davis is a guest of Mr. and Mrs. S. Woodard, West Shefford.

Mrs. A. W. Dewar has returned, after spending several days in Montreal.

Mrs. Francis Farmer, who has been confined to her room through illness for several weeks at the home of her niece, Mrs. J. C. Blackwood, and Mr. Blackwood, is now much improved.

Mr. and Mrs. Heber Pettos, of Magog, will soon occupy the tenement in Mr. C. McLaughlin's block, recently vacated by Mr. Bockus.

Dr. A. C. Pailin, of Cowansville, was in town on Tuesday.

Mrs. A. Mizener, of Farnham, was a guest of her parents, Mr. and Mrs. T. E. Miller, on Monday evening.

Mr. Walter K. Davis spent Wednesday last in Granby.

Mr. and Mrs. Luke Turner recently visited friends in Warden.

Recent guests of Mr. and Mrs. Walter Davis included Mr. and Mrs. Julien Martin, South Stukely; Mr. and Mrs. H. Turner, Mr. and Mrs. A. G. Davis and Mr. and Mrs. W. J. McGlary and daughter, Evelyn, of West Bolton.

NORTH AMERICAN LIFE HAS BECOME A MUTUAL COMPANY

Special General Meeting of Policyholders and Shareholders—Members Unanimously Decide to Mutualize.

At a special general meeting of the policyholders and shareholders held at the head office of the company in Toronto, on Thursday, March 5th, it was unanimously decided upon motion by H. W. Mickle, K.C., seconded by the Honorable Duncan Marshall (both policyholders) to redeem forthwith the capital stock, and to make the company a mutual one.

Among the early founders and directors of the company were such well-known men as Alexander McKenzie, Edward Blake, Sir Oliver Mowat, and Sir William Meredith. The present directors, with Mr. Thomas Bradshaw, as president, are all outstanding men, and comprise one of the strongest boards of directors of any financial institution in the country. Thomas Bradshaw, president of the North American Life Assurance Company announced the mutualization of that company recently. He said I have always believed in the principle of mutualization for life assurance companies. Furthermore, I have regarded it as anomalous for any individual to have control of a company like the North American Life.

In remaining as president of the company, and as owner of the majority of the shares, I occupied what I regarded as a most inconsistent position, and in addition there was the consideration that at my decease, my shares would of necessity have to be placed on the market, with the result that they might be acquired for the purpose of control, by interests that would not have the best interest of the policyholders at heart.

After much thought and consultation with our directors, I intimated that I would be prepared to accept for my shares, in the event of the mutualization of the company, an amount represented by the their exact cost to me. This amount provided for the \$325 per share paid for the original shares, and \$20 paid for the additional shares allotted and issued in 1921, with interest on the amount paid by me, less the dividends received by me up to and until January 29th, 1931.

Both the policyholders' and the shareholders' directors, as well as

STOCK AVERAGES

TRUST FUND FOR ALLEVIATION OF SUFFERING FROM DISEASE

BRANFORD, Conn., March 17.—A \$1,500,000 fund for alleviation of suffering from disease and especially for the control of cancer, was created in the will of Egbert C. Fuller, which was admitted for probate in town court here yesterday.

These officers of the company, deemed that the price proposed was the minimum which could be considered for the purpose of redemption, and believing furthermore that it afforded an exceptional opportunity to bring mutualization into effect decided to recommend the course which we are now taking.

I would like to make it clear, that none of the shareholders' directors nor myself, will profit directly or indirectly by the carrying out of the resolution which will be submitted. I think it proper to state also that other shareholders who have acquired their shares in recent years in the open market will in most cases profit to a very limited extent.

A SAFE EXECUTOR FOR YOUR WILL

THE TRUTH ABOUT A POPULAR FALLACY IS TRUST SERVICE EXPENSIVE?

"I can't afford to have my estate settled by a Trust Company. A Trust Company is too expensive."

This is not true. The fact is that the charges of a Trust Company are reasonable and the use of its services represents sound economy, for it eliminates mistakes due to inexperience or unsound judgment, which may prove expensive and even disastrous. The settlement of an estate or the handling of a trust calls for permanence, experience, knowledge and technical skill.

Don't neglect to read the Classified Advertisements in this issue. They likely name something you want.

TRUCKS SCALES HOISTS

Until it is proved to your satisfaction

Our engineers are not satisfied merely to take an order for a pumping plant, an electric motor or a diesel engine. They must be absolutely sure that the equipment will be adequate in every way—but even being sure from long experience is not enough—they will not rest content till the installation has proved itself to you in actual operation.

Long years of such practice in field and factory, in mine and mill have built up an engineering experience that is of real assistance in the selection and installation of the equipment best suited to the job.

Our engineers will gladly consult with you, without charge or obligation.

PREMIER BENNETT TO REPLY TODAY TO OPPOSITION LEADER'S CHARGES

(Continued from Page 1)

The appointment of Lord Willingdon as Viceroy of India, while the maiden efforts of the mover and seconder to the Speech from the Throne were also praised, although Mr. King stated that he did not agree with the policies they expressed.

leader said, Mr. Bennett had better fix a date for the Ottawa meeting at a time when he would be at leisure. There would be no disposition on the part of the Opposition to shorten the session in order to make way for the conference.

Liberal leader, Parliament should have been advised of any policy to be introduced at the Imperial Conference that would affect the Empire as a whole. There should have been a public hearing, something that would not be inconsistent with British parliamentary practice.

HOWARD SMITH PASSED AWAY IN MONTREAL

C. Howard Smith, President of Howard Smith Paper Mills, Ltd., Died at His Home Yesterday.

MONTREAL, March 17.—An attack of heart trouble while he was dressing yesterday resulted in the death of C. Howard Smith, president of the Howard Smith Paper Mills, Limited, and interested in many other companies.

Another new member of the House, Victor C. Porteous (Conservative, North Gray), made his bow to Mr. Speaker in seconding the address. The county of Grey he said, had contributed much to the well-being of Canada.

Mr. Smith was president of the Pulp and Paper Association in 1917, and was president of the Canadian Manufacturers Association in 1923-24.

Country and Dairy Produce Prices

MONTREAL, March 17.—Egg prices continued their lower trend of the last few weeks at the opening of trading for another week yesterday.

Very little was said at the beginning of the campaign by conservatives. Mr. King stated, about high tariff. Unemployment was stressed. Towards the end of the campaign, however, high tariff was stressed. He hoped the people of western Canada, Mr. King said, realized they had the remedy in their own hands.

William Irvine (U.F.A. Wetaskanin) asked if Mr. King would refrain from making a statement if he thought it would be better.

The Speech from the Throne had noted a "marked improvement" in Canada due to the tariff legislation enacted at the emergency session, Mr. King declared. "It is not necessary," he continued, "to assert that things had not improved."

At the special session of Parliament amendments to the Customs Act and the custom tariff were introduced by the Government. Mr. King believed that unemployment had been used as the reason for the session only as a subterfuge and that the real reason was to give to the Government powers to do as it liked.

Parliament was told, in the Speech from the Throne, continued Mr. King, that the Unemployment Relief Act had proven beneficial. Curiously enough, the administration admitted that unemployment was not greater in Canada than ever before.

He proposed, said the Opposition leader, to devote some little time to discussion of the Imperial Economic Conference, but first he would refer briefly to other matters mentioned in the Speech. The Speech forecasted effective methods to aid agriculture, but the country was looking in vain for that.

Robert Montgomery and Greta Garbo in "Inspiration", which will be shown at the Grand Opera Theatre starting tomorrow.

When the Liberal administration went into office in 1921 the conditions somewhat similar to those encountered today were in effect, said Mr. King. In spite of this, however, aggregate trade increased steadily under the policies of that Government.

"I ask," he continued, "whether this is a legacy? We relieved the public debt each year by borrowing and we did this not by borrowing but by meeting all capital expenditures out of current revenues."

The Speech from the Throne had noted a "marked improvement" in Canada due to the tariff legislation enacted at the emergency session, Mr. King declared. "It is not necessary," he continued, "to assert that things had not improved."

At the special session of Parliament amendments to the Customs Act and the custom tariff were introduced by the Government. Mr. King believed that unemployment had been used as the reason for the session only as a subterfuge and that the real reason was to give to the Government powers to do as it liked.

Parliament was told, in the Speech from the Throne, continued Mr. King, that the Unemployment Relief Act had proven beneficial. Curiously enough, the administration admitted that unemployment was not greater in Canada than ever before.

He proposed, said the Opposition leader, to devote some little time to discussion of the Imperial Economic Conference, but first he would refer briefly to other matters mentioned in the Speech. The Speech forecasted effective methods to aid agriculture, but the country was looking in vain for that.

The past administration, continued Mr. King, might have granted these things to the country and paid for them out of the Exchequer prior to the last election. If so the past administration might have reaped the same reward as that gained by the Government.

Turning to trade matters, Mr. King referred to a paragraph in the Speech which deals with wheat export. With regard to the adjourned economic conference, the Opposition

COURT PROCEEDING ENDED IN FOX FARM SETTLEMENT

Judge Authorized Receivers to Pay Second and Final Dividend to Contract Holders in Settlement of Affairs of Defunct Gordon Black Fox Farming Enterprise.

BANGOR, Me., March 17.—The final phase in settlement of the affairs of the defunct Gordon black fox farming enterprise in which persons from all parts of the country invested \$3,000,000 prior to 1925, has been recorded in court proceedings.

The affairs of the concern have been in process of liquidation for several years, during which many suits against the company were heard in various courts of the state, and involved legal questions were taken before the United States Supreme Court.

NEWSPAPER BUILDING WAS DAMAGED BY BLAZE TODAY

QUEBEC, Que., March 17.—The basement and business office floor of Evening newspaper were considerably damaged by fire today.

The upper part of the building where the typesetting machines and telegraph equipment are located was not damaged, but a great volume of water was poured into the basement, where the printing press is located. The loss has not been estimated.

HON. JUSTICE DUFF RESTING COMFORTABLY MONTREAL, March 17.—A report from the Royal Victoria Hospital today said that Hon. Mr. Justice Duff, administrator of the Dominion, is resting comfortably. He is under observation at the hospital for a few days.

NO VERDICT IN INITIAL GAME OF PLAY-OFFS

Victoria Independent Stores and C. P. Ste. Helene, of Montreal, Failed to Reach Decision After Sixty Minutes of Sluggish Hockey on Soft Ice.

Two evenly balanced sextettes battled through sixty minutes of terrific hockey at the Arena last evening, and at the end of the regulation three periods found that they would enter the second game of the semi-final home and home series for Provincial Industrial Hockey honors with the score deadlocked at one goal apiece.

To Gagnon the visitors owe the lion's share of the credit for keeping Sherbrooke's score to a single goal. The sensational little goalie showed remarkable agility to prevent the scoring of promising looking shots, and the only shot that beat him would have baffled a veteran.

Parsons, whose customary position is on the wing, occupied Mathieu's defence berth when the latter was late in putting in an appearance. Six minutes of listless hockey had been played up to the three and a half fans before the spectators were given something to cheer over.

Pat Gault opened the rushes for the home team in the second stanza and Gagnon experienced several anxious moments fighting off his determined efforts. Sherbrooke held the upper hand, but the puck showed a decided tendency to hop over sticks when the forwards were about to accept a pass from behind the nets.

Mr. Justice Newcombe Will Act as Deputy Administrator During Absence of Mr. Justice Duff.

OTTAWA, March 17.—Mr. Justice Newcombe, of the Supreme Court of Canada, was sworn in yesterday afternoon as Deputy Administrator.

FIREMEN SAVE BUILDING LATER GIVEN TO WRECKER

WINNIPEG, Man., March 17.—Firemen struggled with an early morning blaze yesterday and saved the greater portion of the three-story building.

DECREASE IS INDICATED IN COLLECTIONS

Federal Revenue Down \$6,775,145 During Past Month as Compared With Figures for Same Month a Year Ago.

OTTAWA, March 17.—Collections of the Department of National Revenue for the month of February amounted to \$13,030,138, a decrease of \$6,775,145 from the corresponding month a year ago.

The line-ups were: C.P. Ste. Helene goal Gagnon; defence Dagenais; Vincent; Moore; Tapin; Corbell; Mathieu; sub P. Gault; Goyette.

Penalties: Dagenais, Mathieu. Second Period: Vics. Stores (Goyette) 12:00. Penalties: Mathieu (2), Lefebvre, Lalonde.

Denison's MILLS DEFEATS ST. FRANCIS COLLEGE

Denison's Mills, Que., March 17.—The St. Francis College hockey team, Richmond, journeyed here on Friday night, March 13th, and were defeated by the local youngsters by the score of 5 to 2.

ACTING GOVERNOR-GENERAL NAMES ACTING ASSISTANT

Mr. Justice Newcombe Will Act as Deputy Administrator During Absence of Mr. Justice Duff.

OTTAWA, March 17.—Mr. Justice Newcombe, of the Supreme Court of Canada, was sworn in yesterday afternoon as Deputy Administrator.

Mr. Justice Duff went to Montreal during the week-end for medical examination. In long distance telephone conversation with Ottawa this afternoon, he said the doctors he had consulted had decided if any operation would be necessary.

SEALING FLEET HURRYING TO HELP RESCUE WORKERS

ST. JOHN'S, Nfld., March 17.—The remainder of the sealing fleet were reported this morning to have abandoned the hunt and to be steaming at full speed through the straits in an endeavor to reach Horse Island in time to assist in the rescue work among the survivors of the Viking disaster.

CONSERVATIVES OVERJOYED IN BRITISH HOUSE

MacDonald Government Again Defeated, But Refused to Resign Following Vote on Electoral Reform Act.

LONDON, March 17.—With the Conservatives cheering wildly, the Government was again defeated in the House of Commons last night, this time being in a minority of four votes on a clause of the Electoral Reform Bill which would have abolished the university seats.

The Labor ranks sat silent. Mr. MacDonald paled and moved in his seat a trifle nervously. Rt. Hon. Stanley Baldwin, the Conservative leader, asked what the Government intended to do.

The Labor Government had an unpleasant taste of the strength of the Opposition towards the clause of the Electoral Reform Bill when it had a bare majority of ten votes in division over a Conservative amendment to the bill during committee stage this afternoon.

WINNIPEG, March 17.—A Royal Commission to investigate charges against the Manitoba Pool Elevator Limited, preferred by James Murray, prominent grain authority of Winnipeg, was appointed yesterday by Premier John Bracken.

TO INVESTIGATE CHARGES AGAINST POOL ELEVATORS

Charges of Maladministration of Manitoba Elevator System to Be Probed by One-Man Commission.

WINNIPEG, March 17.—A Royal Commission to investigate charges against the Manitoba Pool Elevator Limited, preferred by James Murray, prominent grain authority of Winnipeg, was appointed yesterday by Premier John Bracken.

ST. FRANCIS AND MCGILL STILL TIED

MONTREAL, Que., March 17.—McGill and St. Francis are still even. Last night at the Mount Royal Arena the provincial amateur hockey finalists fought to a one goal draw.

LIBERALS TO HOLD CAUCUS TOMORROW

OTTAWA, Ont., March 17.—Liberal members and Senators will meet tomorrow in their first party caucus of the session. It is believed

GREATER USE IS MADE OF AIR MAIL TO INDIA

As Many as 40,000 Letters Leave London Each Saturday, While at Certain Busy Times Number Sometimes Reaches 70,000.

LONDON, March 17.—Such an increasing use is being made of the Indian air-mail that, according to the latest figures available, an average of just over 40,000 letters a week are now being air-borne from Great Britain to India in the machines of Imperial Airways.

At times of exceptional pressure, such as occur, for example, at Christmas, the loads carried by the Indian planes may comprise as many as 70,000 or more letters.

Business men in London find that the speed of the air-mail enables them to send out urgent letters to India, and obtain replies, in roughly the time taken for a letter to travel in one direction only by surface transport.

Special hatching eggs are also sent by air, owing to the saving in time which can be obtained. Vaccines for hospitals are consigned by airplanes for a similar reason.

MANTEE, Miss., March 17.—Jim Sanders' knowledge of astronomy could hardly be recommended, especially on a dark night.

FAULTY ASTRONOMY CAUSED FAILURE OF JAIL ESCAPE

MANTEE, Miss., March 17.—Jim Sanders' knowledge of astronomy could hardly be recommended, especially on a dark night.

OTTAWA, Ont., March 17.—The Hon. Charles Marcell, one of the veteran members of the House and a former speaker, will be re-elected president of the caucus.
