KING ADMINISTRATION ACCUSED OF CRIMINAL FOLLY IN RAILWAY ISSUE

Hon. Alfred Duranleau Charges Extravagance of Government of Mackenzie King Led to \$450,000,000 Needless Increase in Debt of Canadian National Railways—Praised Manner in which Canadian Pacific Management Respected Obligations of the Road—Also Severely Criticized Liberals' Commerce and Tariff Policies.

Ottawa, Sept. 17.—Extravagance of the administration of Mackenzie King is blamed for the financial condition of the Canadian National Railways by Hon. Alfred Duranleau, K.C., Minister of Marine.

At a political rally here yesterday Hon. Mr. Duranleau described as "criminal folly and unpardonable blindness" the attitude of the King Government toward the C.N.R. He spoke of the "strewing about all over the country of hotels as sumptuous as they were useless," mentioning one hotel in Vancouver that had cost nearly eleven million dollars and had not yet been furnished or even completed.

Comparing the administration of the Canadian National with the Canadian Pacific Railway, he said the latter had paid back to Canadian banks some \$12,500,000 of the \$60,000,000 it had borrowed some time ago. The loan, he said, had been guaranteed by the government after adequate surety, and he denied Liberal claims that the Government had loaned money to a private company.

If the Canadian National met its obligations as faithfully as did the Canadian Pacific, he asserted, there would be no necessity of Canada having to dole out \$1,000,000 a week for the maintenance of the national road.

Extravagance in eight years increased by \$450,000,000 the debt of the Canadian National Railways, which is guaranteed by the country; \$450,000,000 on which we have paid ever since costly interest; \$450,000,000 to permit one railway to ruin, if possible, another one which, prosperous until then, suffered from this disastrous competition—disastrous for both railways and for the country," declared the Minister of Marine.

The Liberal Government, under R. Hon. W. L. Mackenzie King, had also shown great lack of foresight—"in matters pertaining to commerce and tariffs." It was an inert government, noting with apathetic eyes the closing of one market after another to the Dominion, without taking action to maintain these markets. It looked with indifference upon the fact that a favorable trade balance of \$263,000,000 in 1926 had become an unfavorable trade balance of \$108,000,000 in 1930, the minister stressed.

"Criminal folly" was the appellation he gave to the Dunning Budget of the King administration, which he charged, decreed trade policies which inevitably led the Dominion to deficits. "Unpardonable blindness" was the stamp he put upon what he termed the refusal of the King Government of the day to recognize the unemployment problem resulting from the depression as a "serious one."

It was no wonder, Hon. Mr. Duranleau thought, that the people in the general elections of 1930 had turned their backs to this lackadaisical administration, had cried out for "action!" and had elected the Conservative Government. The latter had tackled the problems of the country immediately. He outlined the emergency sessions to deal with unemployment and to increase tariffs in order to protect Canadian producers and check foreign dumping. At the same time, he had instituted rigorous policies of economy not only in governmental and administrative services, but also in operations of the C.N.R. "In less than four years," he said, "we reduced ordinary expenditures by \$83,000,000. We will continue to do so, for we realize that in this manner we will strengthen the credit of Canada, and this is essential under present-day conditions."

Of the British Empire trade pacts, Hon. Mr. Duranleau said they were truly "reciprocal trade pacts," and he declared: "Never did we understand the practice of nationalism or isolation." This was proved, he said, by the fact that the Government had successfully negotiated trade pacts with Germany, Austria and France—"and we will do the same in the near future with the United States, so soon as that country indicates willingness to deal with us."

He outlined the Central Bank of Canada Act at length, lauding the measure as one destined to "safeguard the credit of the Dominion." Of the Marketing Board, he said it was an institution destined to enable producers to realize greater access to the markets of the world. "What have we done for Canada?" he asked. "Well, within one and a half years of Government under the Rt. Hon. Mr. Bennett, our export commerce again went over the billion-dollar mark! And this despite the phenomenal drop in prices. For the twelve months ending March 31 last, it totalled \$1,012,868,334, of which \$579,092,774.289 represented exports, an increase of \$132,000,000 over the preceding year, and leaving us with a favorable trade balance of nearly \$146,000,000."

QUEBEC RULERS DENOUNCED BY OPPOSITION CHIEFTAIN

Buckingham, September 17.—Bitterly assailing the Taschereau Government for its failure to act as any man of common sense would act, Maurice Duplessis, Opposition leader, made a whirlwind tour of this district over the week-end.

There was a reprehensible audacity about some of the actions of Premier Taschereau, said the Opposition leader. Last session, after a promise of no further taxation legislation had been enacted to tax as it were, the gifts of paternal or maternal love, the very fruits of parental savings and sacrifices to est-

BRITAIN WELCOMES U.S. MUNITIONS PROBE.

London, Sept. 17.—Official quarters said today the Government not only welcomes the United States senatorial investigation into munitions, but takes pleasure in the belief that Great Britain's restrictions against the exports of war materials will be, if they have not already been, shown to be the most stringent in the world. Meanwhile, London diplomatic quarters manifest no surprise at reports that the American inquiry was ready to toss into its hopper documents concerning the smuggling of military aeroplanes into Germany. Charges that Germany has been secretly acquiring military planes have been aired in the London press several times in recent months.

FARMERS PROVE EFFICIENT MOTORCYCLE FIREFIGHTERS

Group Attending Pittsburgh Market Extinguishing Blaze Before Fire Department Arrived on Scene.

Pittsburgh, Sept. 17.—It took a bunch of farmers to put out a fire in a very critical motorcycle. Officer Howard Luffy was riding the motorcycle when it burst into flames near the farmers' market. Before firemen arrived, the farmers had extinguished the flames with corn husks and burlap sacks.

PROSPECTS SLIM FOR A SESSION OF PARLIAMENT BEFORE JANUARY

Lack of Activity in Government Circles Indicates Idea of Fall Session of Federal House Has Been Abandoned—Unemployment Insurance and Industrial Control Believed to Be Chief Legislation to Be Introduced—Early Announcement of Provincial Session Expected.

Ottawa, Sept. 17.—Prospects of an early fall session of the Federal Parliament have grown exceedingly dim in the opinion of political observers in the Capital. They point to a lack of anything in the way of pre-session activity among Government departments and the absence of the Prime Minister in Europe.

An apparently reasonable forecast is that Parliament will be called about the middle of January with Government legislation, small in volume, ready for early presentation, and an early Budget showing a substantial surplus, some reduction in taxation, and restoration of pay cuts in the Civil Service.

Unemployment insurance, advanced legislation designed to place a large measure of control upon industry to remedy evils disclosed before the Stevens Committee on price spreads and wages, and possibly amendments to the British North America Act will be laid before the House.

When this has been done, it is forecast, and the inevitable strenuous agitation for dissolution and an appeal to the people is set up by the Opposition, the Government will oblige. In view of reports that the Government will block passage of supply with every weapon at its disposal, it is believed dissolution will come in April, and late in the summer the people will express their opinion at the polls.

PROVINCIAL SESSION IS DEPENDENT ON MONTREAL

Quebec, Sept. 17.—If a session of the Legislature is to be called this fall it will likely be decided this week when Premier Taschereau makes his weekly visit to the metropolis and an announcement may be made either after the next meeting of the Cabinet or on September 26. While there is no delay promised between the convocation of the members of the Legislature and the opening of a session the practice generally followed is to give over one month's notice so that those interested in legislation will be in position to prepare their claims.

Should the Government, however, find that the needs of Montreal can be met by orders-in-council or by arrangements which would be later confirmed by the Legislature there is no doubt that the session would not be called until January in accordance with the custom of previous years.

Whenever the House meets, how-

REICH CHARGED WITH BUILDING BIG AIR FLEET

United States Senate Probe Investigating Claims that U.S. Plane Builders Assisted Germany in Violating Versailles Treaty.

Washington, September 17.—The United States Senate munitions inquiry delved today into reports that Germany has built a potent air fleet out of motors and parts "bootlegged" through North Sea ports.

Determined to keep the vast munitions trade in a golden bowl, the investigators promised a wealth of material during this third and last week of the initial hearings.

Officials of the Pratt and Whitney Company and the United Aircraft and Transport Corporation were called to lead off today's testimony. Pratt and Whitney are large builders of aeroplane motors.

Indications have come from inside circles that the committee has evidence linking large American shipments of aeroplane motors and parts to north Europe in recent years, with reported assembly in Germany of an array of war craft. Data ready before the committee purports to show Germany has found ways to keep herself armed despite the prohibitions in the Treaty of Versailles.

In the face of mounting protests against what they already have disclosed, the Senate munitions investigators today said they intended to stuff the record full of information in a hurry for fear outside pressure might clamp down the lid.

"I think I need not say to you that our committee is resolved to make its report as full as sweeping and complete," said Chairman Gerald Nye. Several other senators were equally determined that nothing be withheld.

"We either have got to go ahead and lay bare the facts, or suddenly awake some day to find war on our hands," one official close to the committee said today relative to the German expose.

"I am convinced more and more that Germany is secretly arming. Every responsible government in Europe must know the facts. The world should know the truth, and the trail we are on leads toward the truth."

The nervous nature of the European political situation is hinted at in somewhat cryptic salesmen's reports now before the committee, showing Hungary rearming over strenuous protests of the Little Entente and the matter taken before the League of Nations. The League incident involved the reported shipment of 30,000 rifles to Hungary through Austria from Italy.

An indication of why the French Government purchased a quantity of half-finished and reportedly worthless guns in Holland in 1932 through a "war scare" against Germany in the French press was told in another report laid before the committee.

This report was made by Colonel W. N. Taylor, European agent for du Pont to R. M. V. Casey, du Pont's retail sales manager, in connection with a survey of the situation in Holland.

"About a year ago," he wrote, "there was a great newspaper exposure in France over the sale of half-finished guns in Holland in the possession of H. I. H. Dutch armament firm, which the French newspaper claimed, was a secret stock of"

BABY ELECTION CAMPAIGN NOW IN FULL SWING

All Parties Using Heavy Artillery as Candidates Are Nominated Today for Remaining Three of Five Ontario Federal Bye-Elections.

Toronto, Sept. 17.—Official nominations will be held today in three of the five Federal bye-elections in Ontario. They will be held in Toronto East, York North and Elgin West. Official nominations already have been held in Kenora-Rainy River and Frontenac-Addington.

Premier Mitchell F. Hepburn will appear at the official nomination meeting in St. Thomas for the Elgin West bye-elections to support the Liberal cause. The seat was made vacant by Mr. Hepburn's resignation to enter the provincial political field.

Rt. Hon. W. L. Mackenzie King, Dominion Liberal leader, will speak at Enterprise in the Frontenac-Addington campaign. Mr. King visited Kenora-Rainy River last week where he appeared for Liberal support in the five bye-elections which will be staged September 24th.

Liberals attended a meeting at Belmont on Saturday night when Mr. Hepburn appeared on the platform in the interests of W. L. Mackenzie King, Liberal candidate in Elgin West. He again declared Liberal victories in the five bye-elections would bring a Dominion general election closer, when he hoped to see a Liberal regime at Ottawa. Only one week where he appeared for Liberal support, he said, could the farmer's lot be made easier.

Shallow demagoguery was to be shunned by Canadians because of the danger of "mob action" and adherence to real democracy should be the aim of the Liberal Government, Minister of Railways and Canals, told a North York campaign meeting.

Speaking in support of Captain C. H. Brels, Conservative candidate, Dr. Manion declared Canada led all nations on the road to recovery, through the Bennett Government's efforts.

Canadians should recognize this before they decided "to sweat the government that sticks its head up first when an election arrives," Conservatives in the five bye-elections, he appealed, and "use confidence in the work of Prime Minister R. B. Bennett, "the greatest leader Canada ever had."

The people had overthrown four provincial governments, but conditions had not improved. The Government had spent \$175,000,000 to fight the depression and supply work, a large sum, but there had been no starvation in Canada, while in Russia and other countries people had died without food, the Minister said. The Empire trade agreements had changed an adverse trade balance to a \$200,000,000 favorable balance.

Prime Minister Bennett's policy of expending sums on airports and armories was committing the Government to a "war policy," declared Toronto Spry, C.C.F. candidate in Toronto East. He declared he was as loyal to the Empire as anyone, but he "unalterably opposed any war fought for aggrandizement."

Hon. H. H. Stevens, Minister of Agriculture, will take the platform in support of T. L. Church, K.C., Conservative candidate in Toronto East, when he speaks in the Ontario capital tomorrow night.

PLACES WORLD SLAVE TOTAL AT 6,000,000

Two Thousand Slaves Taken Yearly Across Red Sea from Africa for Sale to Moslem Masters in Arabia.

Rome, Sept. 17.—An estimate there are six million slaves still in the world was made today by Cardinal Fumasoni Biondi in a plea for the church to continue its efforts to eliminate human servitude.

In a letter to the bishops of Australia, New Zealand and the Dutch East Indies, Cardinal Fumasoni Biondi, who is Prefect of the Congregation for the Propagation of Faith, which controls a Roman Catholic mission, calls attention to "the importance of the church anti-slavery programme as enacted by Pope Leo XIII."

The press bureau of the Congregation in a statement based on the letter said: "It can be said that practically every government in the world has officially outlawed slavery today. Nevertheless, it is estimated there are some six million people still held in bondage."

"These slaves are in the remote corners of Ethiopia, Liberia, China and in a number of Moslem countries. It is said two thousand slaves are taken yearly across the Red Sea from Africa for sale to Moslem masters in Arabia, while others are held in remote Moslem areas of northern Africa."

The present policy of the church is to place at the disposal of bishops of the mission world and prefects of

ULTIMATUM ISSUED OF GENERAL U.S. STRIKE.

Washington, September 17.—Francis J. Gorman, chairman of the United States textile strike committee, issued an ultimatum today that if the strike is not settled this week all remaining divisions of the industry would be called out.

AMY JOHNSON PREPARING FOR IMPERIAL AIR DERBY

Switches from Piloting of Trans-Channel Liners to Testing Speedy "Comet" for Flight to Australia.

London, Sept. 17.—Amy Johnson Mollison, Great Britain's famous air woman, yesterday concluded another phase of her diligent preparations for the London-Melbourne air Derby, and switched from piloting trans-channel air liners between London and Paris to testing the speedy "Comet" plane with which she and her husband, Captain Jim Mollison, will try to win the long distance race.

The trans-channel flying "was merely a temporary agreement, so that I could gain more experience in flying large machines under any weather conditions," explained Mrs. Mollison. "I shall now begin training for the big race."

TROOPS MASSES AS TEXTILE MEN PLAN RE-OPENING OF MANY MILLS

Showdown Approaching in Southern Strike Situation Today—Labor Seeks to Strengthen Forces by Calling Out Carpet and Rayon Workers—Situation Reported Generally Quiet in New England—Resignation of General Johnson Demanded for Attack on Strikers.

Washington, September 17.—Bayonets ringed Southern mills today as the giant United States textile strike approached a showdown.

Owners strove to re-open mills under the protection of seven thousand militiamen in the Carolinas and Georgia, while strike leaders called on pickets to man their lines fully in this "crucial day."

To a declaration that management is already "weakening," Francis J. Gorman, head of the national strike committee, added an announcement that 110,000 rug, carpet and rayon workers are ready to join the strike tomorrow if their leaders here give the word.

After a quiet week-end, militia with tear gas sought to protect workers in getting through picket lines. Governor Talmadge, of Georgia, who declared "the right to work must be protected," ordered three thousand troops to be ready and four thousand are already on duty in the Carolinas.

In an address, Gorman told New England textile workers: "We know management is weakening. What we have to do is hold our lines tight and we shall win this strike. Every mill not now closed must be closed. I look to New England to stand fast, as New England always does."

"We do not," he said, "underestimate the strength of forces opposed to the workers in this strike. With General Johnson evidently trying to march at their head, the big bankers, the National Association of Manufacturers and Chambers of Commerce in many cities are helping the mill owners."

Gorman rejected a suggestion by Peter Van Horn, chairman of the Silk Code Authority, that issues between the union and silk mill operators be aired at a public N.R.A. hearing. Gorman suggested arbitration through the Winant Board.

The situation in the various textile centers in the United States today follows:

Charlotte, N.C.—A showdown was called in the United States textile strike today, with southern operators determined to re-open their mills under the eyes of pickets. Providence, R.I.—Peace prevailed in Rhode Island, once more spot of the strike in New England, as President Roosevelt, off shore in the yacht Nourmahal, watched closely.

Biddeford, Me.—About 1,500 cotton textile workers voted to walk out today in the twin cities of Biddeford and Saco, hitherto untouched by the strike.

Washington—Francis J. Gorman, National strike leader, rejected a proposal that the strike issues in the silk industry be submitted to a public hearing, proposing instead arbitration through the Presidential mediation board.

New York—Peter Van Horn, chairman of the Silk Code Authority called an authority meeting for this afternoon at which he said he would recommend that N.R.A. be petitioned to conduct the public hearing into the issues.

Philadelphia, Pa.—Labor Leaders adopted a resolution, calling for the immediate resignation of Gen. Hugh S. Johnson as N.R.A. administrator for his charges that United Textile Workers—that was the textile strike situation in New England today.

Amedee Cyr, Biddeford, Maine, labor leader, announced a strike vote was taken at a Sunday meeting attended by nearly 1,500 workers of the Peppercorn Manufacturing Company in that city and the York Manufacturing Company in Saco.

Harold Whitehead, agent of the Peppercorn Mills, said he believed ninety per cent. of its workers, however, desired to perform their duties "free of outside interference."

The twin cities of Biddeford and Saco hitherto have been untouched

RUSSIA GRANTED PERMANENT SEAT ON LEAGUE OF NATIONS COUNCIL

Resolution to Appoint Soviet Union to Place on Executive Approved by Assembly without Comment—Canada Voted in Favor of Russian Entry—Spain Declared Eligible for Re-election to Non-Permanent Post—Premier Bennett Resumed Place in League Deliberations.

Geneva, Sept. 17.—Russia will have a permanent seat on Council of the League of Nations.

In a few minutes and without comment the Assembly today approved a resolution of its bureau referring the question of Russian membership to a committee, and a resolution of the Council deciding to appoint Russia to a permanent seat on the Council as soon as the Assembly has agreed to Russian membership in the league.

Prime Minister R. B. Bennett, of Canada, who has almost completely recovered from his indisposition, attended the meeting of both the steering committee and the League Assembly today.

The Assembly decided China was not eligible for re-election to its non-permanent seat on the Council, but that Spain was. China secured twenty-one votes whereas thirty-two were necessary for a net majority. Spain secured forty-four.

The Assembly met again this afternoon to elect the three non-permanent members of the Council replacing the expiring terms of Spain, China and Panama.

Russia will enter the League after weeks of negotiation that ended on Saturday. Little more than formalities remain. Russia accepted a formal invitation from thirty-four states, comprising the necessary two-third majority of the Assembly.

The invitation and the reply will be studied in the political committee.

Four British dominions—Canada, Australia, South Africa and New Zealand—with India and Britain herself, signed the invitation to Russia. Other signatories were Albania, Austria, Bulgaria, Chile, China, Spain, Estonia, Ethiopia, France, Greece, Haiti, Hungary, Iraq, Italy, Latvia, Lithuania, Mexico, Persia, Poland, Rumania, Czechoslovakia, Turkey, Uruguay and Yugoslavia.

Four Scandinavian states, Norway, Sweden, Denmark and Finland, approved Russian entry by way of a letter to Edouard Benes, chairman of the League Council.

NAME THREE NATIONS TO LEAGUE COUNCIL SEATS

Geneva, Sept. 17.—Turkey, Spain and Chile were elected members of the council of the League of Nations this evening by vote of the assembly.

All three countries received an absolute majority. Chile received fifty-two votes out of fifty-two, Spain received fifty-one, and Turkey forty-eight.

JAPANESE INFLUENCE IN LEAGUE CIRCLES STRONG

Geneva, Sept. 17.—Japanese influence in the Far East and continued influence in League circles despite her withdrawal, was revealed as decidedly strong today, when China lost the privilege of eligibility for re-election to her seat in the League Council. The Assembly gave her only twenty-one votes out of the thirty-four necessary.

Japanese observers did not conceal their elation over the vote. One Japanese spokesman said "we are greatly pleased, because now that China has been virtually cast out of the Council she will be more disposed to carry on amicable relations with Japan."

CHURCH AGAIN THREATENING HITLER RULE

Militant Lutherans Held Open Demonstration of Defiance Against Removal of Wuertemberg Bishop.

Berlin, Sept. 17.—Reichsfuehrer Adolf Hitler today faced the gravest threat of internal crisis over religious disturbances since he began his attempts to create a purely Nazi church.

Last evening, while Reich Propaganda Minister Joseph Goebbels was predicting unified progress on all domestic problems before 25,000 storm troopers here, some 1,500 Lutherans staged a daring anti-Nazi demonstration in front of Munich's "Brown House," Nazi headquarters and virtually the symbol of the Hitler organization in Germany.

The Lutherans, who adopted a militant attitude and sang Martin Luther's battle song, "A Mighty Fortress is Our Lord," were protesting against the dismissal of Bishop Theophil Wurm of Wuertemberg by the Reich Church authorities.

Their demonstration caused the gravest concern to Nazi leaders who conferred this morning on the action to be taken regarding one of the most marked defiances of the regime since it came to power.

The incident climaxed steadily increasing difficulties between Nazi ecclesiastical authorities, headed by Reich-Bishop Ludwig Mueller, and thousands of the Protestant faithful led by pastors who deem the concord of church and state too close.

No hint of any Nazi fears for the future was expressed in Goebbels' address, however. "We will win them over," he said, referring to dissenting voices which disavowed Hitler in the July 19th plebiscite, "by treating them with love and care. We will give them a chance to understand the National-Socialist state. No difficulty is too great for us, no worries will make us lose courage. We were born of struggle and we will maintain ourselves through struggle."

Chicago Residents Will Honor Noted Physician

Three Hundred to Attend Tea to Provide Room in Memory of Doctor Who Assisted Thousands into World.

Chicago, Sept. 17.—More than 300 persons, ranging in age from one to thirty years, will pay tribute Thursday to the memory of the late Dr. Charles H. Miller, who assisted them into the world.

They will attend a tea, the proceeds of which will be used to establish a hospital room for persons unable to pay for obstetrical services. Dr. Miller, who died last March, officiated at more than three thousand births.

THE WEATHER

PARTLY CLOUDY AND COOL.

Pressure is high over the Mackenzie River Valley and the Western Provinces, also from Ontario southward to the Gulf of Mexico and over Newfoundland and the Maritime Provinces, while a shallow trough of low pressure extends from Hudson Bay across northwestern Ontario to the southwest states and moderate depressions are centred over Quebec and off the middle Atlantic coast. Moderate to heavy rains have occurred over the week-end in Ontario and western Quebec and light showers in nearly all other parts of the Dominion. It has been moderately warm in Quebec and the Maritime Provinces, but it is now quite cool over Ontario and the Western Provinces.

Forecast: Fresh west and north-west winds; partly cloudy today and Tuesday; quite cool tonight.

Northern New England: Cloudy, rain tonight and probably in extreme east portion Tuesday morning; cooler in north and extreme west portions tonight.

Temperatures yesterday: Maximum, 77; minimum, 61.

Same day last year: Maximum, 58; minimum, 40.

SELECTION OF A NEW PRIMATE BEFORE SYNOD

Election of Head of Anglican Church in Canada Postponed Until Tomorrow—All Bishops Eligible for Primacy for First Time.

Montreal, Sept. 17.—Leadership of the Church of England in Canada, left vacant with the death last month of Most Rev. Clarendon L. Worrell, will be filled tomorrow when the thirteenth General Synod chooses a Primate from its host of bishops.

With the Synod enjoying a day off because of the Sabbath, nine local churches heard sermons by exalted dignitaries of the Church. Archbishop de Pencier, Archbishop of New Westminster, and Senior Metropolitan, who last week read the selection originally set for today.

Other bishops to speak at the city churches were Rt. Rev. W. R. Adams, Bishop of Kootenay; Rt. Rev. L. W. B. Broughall, Bishop of Niagara; Rt. Rev. C. A. Seagar, Bishop of Huron; Rt. Rev. R. C. Rockswold, Bishop of Algoma; Rt. Rev. L. B. Sherman, Bishop of Calgary; Rt. Rev. A. Sovereign, Bishop of Athabasca, and Archbishop J. C. Roper, of Ottawa.

The number of delegates to the executive council was reduced to seventy-five on Saturday following decision taken at the Synod. The executive council, with the "Upper House," which is composed of bishops, is expected to become an electoral college to name a new Primate. Delegates to the council were named Saturday.

Possible candidates for the church primacy include Archbishop de Pencier, who is acting Primate, Most Rev. J. C. Roper, Archbishop of Ottawa, and Rt. Rev. John Farthing, Bishop of Montreal.

Continued from Page 1. establish a child in life. Mr. Duplessis dealt with his attitude and that of the regular members of his party on regard to old age pensions, and mothers' allowances, showing that he and those who follow him had been for such measures. The trouble with Mr. Taschereau, said the Opposition leader, was that he was so busy attending to the welfare of friends that he had no time to consider the problems of humanity. Mr. Duplessis said he was against the reckless expenditure of the Government, but there was a difference between that kind of expenditure and investment, and there could be no better investment than that in human capital, such as the aged, the widow and the orphan.

In regard to forestry matters, the treatment that had been given lumberjacks for three years was odious, even Liberal members being roused, but in the end all the Government had done had been to provide what was better than a registration office. There was no protection for the woodsmen in the legislation enacted last session.

After reviewing the changes in the Workmen's Compensation Act, after the 1931 general elections, Mr. Duplessis said that people would want to know where the Conservatives, when they came to power, will get the money for carrying out their programme. That question could be answered by saying that 25 per cent. of the revenue was used in a shamet in 1931.

As to the assistant speaker, Mr. Duplessis said that the Roads Department which gave contracts without tender to Mr. Macdonald, of Long Island, The Lands and Forests Department lost half a million a year because of neglect, or other reasons, in collecting what was due from the land holders, and the Public Works Department lost close to that amount by its manner of doing work. Next, added, Mr. Duplessis, there were too many expensive commissions, and in times of crisis there was no reason to keep a Quebec office in London at an annual expense of \$50,000, of which \$7,000 went to pay the rent of three rooms in the building of the Sun Life Insurance Company, of which company Mr. Taschereau was a director. Also there was too much waste in the Colonization Department, which was the electoral department par excellence, and the prey of speculators.

"We have had no economy except an economy in truth, honesty and justice," summed up Mr. Duplessis. More than three thousand attended the Sunday funeral services for Charles Gorczynski at Central Falls, R.I. Gorczynski, first of three who were killed during rioting in Rhode Island last week, was shot during violence at Saylesville.

REFORMED UPPER HOUSE URGED BY "REBEL GROUP"

Lake Megantic, September 17.—Transformation of the Quebec Legislative Council into an economic brain trust in which all classes would be represented was advocated here yesterday by Paul Guin, K. C., Montreal, leader of the Action Libérale Nationale at the third meeting of his group to be held in the Quebec district in recent weeks. Mr. Guin spoke of the necessity for agricultural, political and financial reforms in the Province of Quebec. Edouard Lacroix, Liberal member of the House of Commons for Beauce and a supporter of the group headed by Mr. Guin, spoke of what he referred to as the bad economic accorded woodmen in Quebec. He spoke of agricultural matters also and blamed the Quebec Government

for not having done all it might have for the farmer of the province. Hon. Ernest Ouellet, member of the Quebec Legislative Council, decried "the nefarious work of trusts which are a baneful influence on the politics of the province."

PROSPECTS SLIM FOR A SESSION OF PARLIAMENT BEFORE JANUARY

Continued from Page One. ever, an important appointment will have to be made of an assistant Speaker of the Legislative Assembly to succeed Hon. Irene Vautrin, who is now Minister of Colonization.

In the case of Hon. T. D. Bouchard, who is Speaker, it is not thought there will be any change made, as while he has been carrying on quite a lively campaign in favor of municipalization of electricity, this is admitted to be quite a free question, which has never been considered as adverse to the Government though in general the tendency has been more in favor of protecting invested capital and favoring interests which have taken such a part in the development in the province, with the power companies being admitted by all to have taken great steps to improve the lot of the public.

As to the assistant speaker, Mr. Duplessis said that the Roads Department which gave contracts without tender to Mr. Macdonald, of Long Island, The Lands and Forests Department lost half a million a year because of neglect, or other reasons, in collecting what was due from the land holders, and the Public Works Department lost close to that amount by its manner of doing work. TROOPS MASSES AS TEXTILE MEN PLAN RE-OPENING OF MANY MILLS

Continued from Page One. York mills employ about 4,500 persons. Whitehead announced "the mill will continue to run with the greatest possible protection to employees."

National Guardsmen are on duty in two Connecticut towns. Putnam, Conn., was considered the danger zone and units were quartered in the vicinity of the Belding-Hemlinway-Corticeili silk mill. Two other companies were assigned to duty in Sterling.

Rhode Island's battle-scarred textile communities, where the most violent of the outbreaks in the New England area have occurred, appeared quiet. More than three thousand attended the Sunday funeral services for Charles Gorczynski at Central Falls, R.I. It turned out that this whole French newspaper row was originated by Vlesing and Haegen, armament firm, in order to sell this stock, and that it was a vast publicity farce which the French newspapers, Vlesing and Haegen, are extremely proud of this feat, and discussed with me in great detail how they got the French press excited on this matter by constantly denying that they knew anything about it and making it all very mysterious, and leaving the journalist spirit to do the rest."

"This vote against us is the League's loss, not China's," said the Chinese delegate. "It strikingly proved that the League is not upholding its previous policies concerning China and the Far East." Another Chinese present alluded to China's habit in thinking in terms of centuries and said, smilingly, "don't forget that time is in our favor. We have more than 400,000,000 inhabitants."

The refusal to re-elect China meant that Turkey will receive a non-permanent seat succeeding her. A speech by Dr. Quo to the Assembly was recalled in connection with the election. In that speech he declared that China needed backing to resist the Japanese policy of Asia for the Asiatics. Some friends of China here said they believe that China, feeling now that she was abandoned, would turn to Japan.

RUSSIAN PRESS WELCOMES MEMBERSHIP IN LEAGUE

Moscow, Sept. 17.—Soviet newspapers today broke the silence which has prevailed during the negotiations for the admission of Russia to the League of Nations, proclaiming that public opinion in Russia welcomes the admission of the nation to the body deserted by Germany and Japan.

The government newspaper Ivestia said editorially that the Soviet action was based on Stalin's expressed opinion that the League, now that the most aggressive nations have retired, may be a brake on military action, thereby preventing war.

The newspaper for industrialization, the organ of Russia to the League of Nations, proclaimed that the masses which feel a great sympathy with the country building up socialism and having a peaceful policy. The commissariat organ added, "a great role" was played in these negotiations "by Far Eastern events and the growth of aggressive tendencies in central Europe — events which really show who is for peace and who is for war."

Investia warned the Russian public not to forget that the cause of peace rests on the will of the masses the world over to keep the peace and strength of the Soviet Union. The stronger the union of Socialist Soviet republics and the stronger the protection of its frontiers by the Red army," said Ivestia, "the greater will be the fear of imperialistic adventures to carry out their aggressive policy which may end by their complete ruin, the stronger will be Soviet Russia's position in its fight for peace, for the prolongation of which it decided to join the League."

having to pay a cent to the newspapers. Vlesing and Haegen are extremely proud of this feat, and discussed with me in great detail how they got the French press excited on this matter by constantly denying that they knew anything about it and making it all very mysterious, and leaving the journalist spirit to do the rest."

MONTREAL LIVE STOCK MARKET

Montreal, Sept. 17.—Offerings on the two Montreal livestock markets today totaled 10,543 head. Cattle receipts amounted to 1,456 head. Cattle were moving to the scales at prices steady with to twenty-five cents higher than prices paid last week. Trading was somewhat adversely affected by trouble with the slaughtering of cattle for the kosher trade. Steers were lacking in top quality. Good steers generally brought \$4.50, with \$5 bid and refused for one load of Ontario cattle. Medium good steers sold around \$4.25, with the bulk of the medium steers between \$3.25 and \$3.75, and common steers mostly \$2.50 and \$2.75. One baby beef was weighed at \$6. Good cows were from \$2.75 to \$3, with medium cows between \$2 and \$2.50, and common butchers down to \$1.75. Canners and cutters were steady at \$1.50 to \$1.50 and bulls at \$1.50 to \$2.50, with the bulk of the sales at \$1.75.

Quotations: Steers up to 1,050 pounds, good and choice, \$4.25 to \$5; medium, \$3.25 to \$3.75; common, \$1.75 to \$2.75. Steers over 1,050 pounds, good and choice, \$4.25 to \$4.75; medium, \$2.50 to \$3; common, \$1.50 to \$2.50. Cows, good, \$2.75 to \$3; medium, \$2 to \$2.50; common, \$1.85 to \$2. Bulls, good, \$2.50; common, \$1.50 to \$2.25.

There were only 1,621 calves as compared with 2,462 last Monday. Today's trading was estimated to be steady on grassers, common and medium quality calves, to twenty-five cents higher on good calves. Good calves were quoted at \$5.25 to \$6.25, with most of the sales between \$5.50 and \$6. Medium quality calves brought \$4.25 to \$4.75, with common light kinds and drinkers from \$3 to \$3.75. Grass calves ranged from \$2 to \$2.75, with the bulk of the sales between \$2.25 and \$2.50.

Quotations: Good and choice veal, \$5.25 to \$6.25; common and medium, \$3 to \$4.75; grassers, \$2 to \$2.75. Sheep receipts were 4,164 head. Lambs made a gain of twenty-five cents. Good ewes and wethers were sold for \$6.75, with lambs weighing ninety pounds or over at \$4.75. \$1.50 to \$3 with the bulk of the sales between \$2 and \$2.50. Quotations: Ewes, \$1.50 to \$3. Lambs, good, \$5.75; common, \$3.75 to \$4.75.

Hog receipts were 3,302 head. Hog sales were very slow and prices lower. Some 1,500 hogs were delivered on former contracts at \$9 for bacon fed and watered. Selects drew \$1 per hog premium. Heavies and butchers were \$8.50. Sows were from \$6 to \$7. Aside from the above less than one hundred hogs were sold early.

To refrain from telling the truth is often called diplomacy, but in public life the man who conceals the truth from the public, who may have voted for him, is laying up trouble for himself.

SIMPLIFY THE TARIFF AND ALL OTHER TAXES.

Government orders should be given so that he who runs may read. Yet they grow more diffuse and difficult of comprehension each decade so that experts are required to translate them. Clerical work in offices has been doubled in many instances. Merchants are converted into tax collectors, and each year cold-eyed investigators come long and kill more valuable time of the busy man.

Textile industries being in the forefront now, we relate the story of an import bill on interlining used in the clothing trade. Where formerly a merchant knew that his custom duties would be a straight twenty-five per cent., to-day he has to figure on every thing that, and when he is done he finds that the home manufacturer has a protection of from 60 to 85 per cent., which is prohibitive.

There is but one hair-cloth maker in Canada. This is for material used in stiffening the interlining in garments, chiefly in the fronts of men's coats.

Recently a tailor imported haircloth canvas from an English manufacturer. The cost was 109 pounds, 14 shillings and 7 pence. Translated into dollars this meant \$333, according to Customs House calculation.

The duty charged was \$301.85, plus an excise tax of \$25.05; or sixty-one per cent. ad valorem. But there was in addition a sales tax of six per cent., making \$18.11 more.

It was never intended that import duties should be 66 per cent. on British goods.

Indeed on some overcoatings the import duties run as high as 140 per cent.

Compare these high tariff duties with the Laurier-Fielding tariff of 30 per cent. ad valorem.

The Canadian manufacturers had been well satisfied with a 35 per cent. duty, with plain-faced figures, instead of using all the subterfuge fractions and all the dumbbell calculus injected into the bill of taxes by a free and fancy imagination at the Customs House.

We are believers in protection, but not in prohibition, and these injections have simply made a confidence game of the Imperial preference. It smacks of the Yankee tricks which have done much to destroy confidence in trade circles.

This particular case of preferential protection for one manufacturer lays the Department open to that destructive charge of making rich a favoured few at the expense of the consumer, and making every wearer of clothing contribute a share of an exorbitant protection.

Canadians are behind a tariff for revenue and for protection, but they do not approve either exorbitance or diffusiveness.

It is the workingman's overcoatings whereon the duty of 140 per cent. is charged.

Too-high tariff works an injury to the competent and well-organized business, for they bring into the field competitors who are inexperienced and unfair, and encourage the cheap stuff which is so expensive in the end.

JUST A PLAIN SOLILOQUY.

Love shall season all, love of one's fellows—that is the Oxford doctrine. In literature as in art, the man who wins should not be diffuse nor profound so much as he should be suggestive, leaving to his readers the profundity and pride of learning.

To be subtly suggestive and quiet, to appeal to the sublimity of thought and have one's readers go to the authorities in a receptive mood is the higher form of literature.

Most of the better newspapers and periodicals come to our desk; we admire most the writer who can interpret out of his own experience that evolutionary thought which can come only through knowledge, with poise and deep sympathy.

Yet we are all prone to drop into invective when the desire is to drive home a fact.

It's the higher gift to so translate thought in gentle phrases, so spontaneous and unaffected, that the reader believes he could do it as well himself; that he could so write the pattering lullabies of truth set to tunes which he could sing with glad acclaim—as he uses his Gillette in the refreshing hours of morn.

"THE MORNING AFTER."

Just as the hue and cry over the kidnapping of the Lindbergh baby was directly responsible for the death of the child at the hands of the putrid criminals so can the continuance of the textile

strike be ascribed to the unwise publicity which streams from the pens of the Associated Press.

Having secured the attention of government officials to their agitation, the strikers have been encouraged to refuse to listen to reason. Some of the leaders are drunken with the public noise they can make, and are vociferous and voluminous in their statements. Silence would smother them, and the workers would gladly return to their work after an exciting holiday.

There are men who know so little that they do not know how little they know; it is quite easy for such men to have an hysterical brainstorm as they gather together in mob numbers. They indulge in all the riotous pranks of destruction which college boy mobs can think up in their parades.

Then there comes the "morning after."

EDITOR'S NOTE BOOK.

The Ontario Liberal Government are frankly out to make horse-racing pay. The fee for a race week on the tracks is to be reduced so that the Government will get a larger share of the betting receipts. This already represents a goodly sum, as the tax collectors now take a percentage on all bets made. In the same manner does Mr. Hepburn throw aside hypocrisy and admit that they encourage a larger consumption of liquor so that the government shall gain in the profits. For years the governments have set up the presumption that the Liquor Acts are temperance measures. This is a soporific intended for chloroforming the parliament who is a rampant temperance advocate, and who promptly dissents from the view that he is a partner in the liquor traffic through government sales. A week's racing on one United States racing track netted the U. S. government \$18,000.

With all the devious plans of recovery it has never occurred to the United States President that his resignation would be the best business restorative for his country. So many professed demagogues and radicals had reformed on assuming responsibility that the people of the United States thought that Roosevelt as candidate would be constructive and conservative as President. For two years a demagogue has been giving his country continuous chills. What the people do want is courage, originality and initiative. Instead they have a leader far removed from a great business general, one who has aroused class hatred which has culminated in the greatest strike in the history of the country.

After watching the Chaudiere Falls at Ottawa all month for a sea serpent the scribes at the Capital invented a story of a plot to kidnap the Prime Minister, waiting until after his departure for Europe. It is not good journalism to prey upon the credulity of the people, even though so many tune in on the old ditty that "Everybody's doing it now!" When Ottawa was dry and Hull was wet there was more sagacity in the returning pilgrim. His snakes were just little green ones, whilst to-day bandits and kidnappers leer at him from every lumber pile. The story of the beer baron's escape has always been fishy, but the kidnapping of the near-baron is just the imagery of a red lobster.

With the St. Lawrence Deep Seaway scotched and the strong avowal of a desire for trade reciprocity with the United States, the Canadian officials at Washington may now devote themselves and their energies to that which will be to the general advantage of Canada. It is a waste of time and money to construct a canal system which would further embarrass the struggling railway systems so heavily in debt to the Public Treasury. The Washington Minister and his staff of trade experts have been wandering up Salt Creek instead of staying on dry land.

Our friends, the Salada Tea Company, offer a nice little black elephant, one to each and every reader of the Record. It may be a chance to put the hoodoo on that White Elephant of Canada, the Canadian National Railway. The Salada Elephant is carved in Ceylon by native artists, and has some bijou value in a Christmas stocking. Send to me, and I will get you one.

The World's Champion Tourist asks us if we will accept articles on the situation in Germany; also a series on the same situation in Russia. Before applying for either situation we would like to know just how you get out.

So far the promised economies of Mr. Hepburn in Ontario would remind us of a farmer starting out to cultivate the back forty with a pin.

DEATHS REPORTED

MR. KENNETH J. MURRAY, MILAN

Milan, Sept. 17.—The funeral service for Kenneth J. Murray was held from his late home on Monday morning, September 27, and was in charge of the student missionary, Mr. Donald MacMillan, of the Presbyterian College, Montreal, who preached a brief but touching sermon. The 23rd Psalm and "Abide with Me" were sung, and Rev. George Murray, of Scottstown, offered prayer. Burial was in Dell Cemetery by the side of his mother, three sisters and three brothers.

Mr. Murray was the eldest of the family of John N. and Christina Campbell Murray and was born on March 11, 1877, in the homestead where he passed away. He was afflicted from childhood with asthma, from which he suffered for forty-three years.

He left home when very young, going to New York City where he learned the barber trade. He went from there to Graniteville, Vt., where twenty-eight years of his life were spent, coming back to this home here where he had remained since his mother passed away in October, 1930. He was a kind, loving son and brother and a charitable friend in thought and deed.

The bearers were his brother-in-law, John N. Mackenzie, and five of his boyhood friends, Kenneth D. MacLeod, Neil D. MacIver, George McRae, Alex. D. Nicholson and Angus M. Mackenzie.

MRS. HOWARD STONE, SCOTSTOWN.

Scotstown, Sept. 17.—Death removed one of Scotstown's aged residents in the person of Mrs. Howard Stone. Mrs. Stone, nee Helen Flanders, was born in Hereford in 1858 and had lived in this town for many years. She was predeceased by her husband at a few years ago, her daughter, Julia, some three years ago and two children in early childhood. One daughter, Mrs. Jean Zandler, of New York, survives. She was unable to come to her mother's bedside owing to her own illness. A granddaughter, Mrs. Helena Morrison, of Portland, Me., attended her grandmother's funeral. One sister, Mrs. Alfred Fenton, of Berwick, Me., is the only surviving sister of the deceased. Another sister, Mrs. John Mayhew, of Scotstown, passed away only thirteen days before Mrs. Stone.

The Anglican burial service was

left for California for two months. They spent a few days at the Chicago Fair on their way.

Mrs. Greenwood and son, of Wells River, Vt., are visiting her brother, Mr. Theo. Codere.

Mrs. A. Theriault, Mr. L. Theriault and Mr. Beausoleil, of Montreal, were recent guests of Mr. E. Fleury and the Misses Fleury.

Miss Margaret Mason has been visiting her mother, Mrs. L. D. McClintock.

NORTH POTTON

Mr. and Mrs. P. Mitchell gave a corn roast and dance in honor of Mr. and Mrs. A. G. Fuller.

Mr. Philip Edgerton is visiting at the home of Mr. P. Mitchell on an indefinite time.

Mr. and Mrs. P. Mitchell called on Mr. and Mrs. A. G. Fuller recently.

conducted at the home by Rev. George Robins, of St. Alban's Church, and A. M. MacDonald conveyed the remains to Riverview Cemetery, Scottstown. The bearers, all Masons, were Ross MacDonald, A. M. MacKenzie, Angus MacLennan, Dewar Scott, Basil Woolley, Charlie Graham.

DANIEL M. BROCK, FORMERLY OF GLEN SUTTON.

Amburg, Va., Sept. 17.—The death of Daniel M. Brock, last surviving member of the William Brock family, of Glen Sutton, Que., entered into rest at his home here on Saturday, August 4th. He deceased was born on the old Brock homestead on October 8, 1851, and while a young man went west where he located in Colorado and became engaged in the milling and mining business of the Rocky Mountain

district. Some years later he took up ranching and carpenter work on the Western slope.

Accompanied by his brother, Henry Brock, and his sister, Miss Nancy Brock, the deceased moved here sixteen years ago. A few months later Henry Brock passed away, and Miss Brock returned to Canada. Mr. Brock remained in his adopted home and made a large circle of friends and acquaintances who mourn his passing.

FOUND A WAY TO PUT STOP TO DOG RACING

East St. Louis, Ill., Sept. 17.—Unsuccessful in court attempts to block a local promoter's plans for a dog racing meet, twenty deputy sheriffs decided on more direct action. They confiscated the electric rabbit. The programme ended.

\$15,000 ACTION INSTITUTED BY OUSTED CHIEF

J. C. Lucien Vezina, Recently Dismissed as Police Chief of Lake Megantic, Took Out Action in Local Superior Court This Morning.

An action for \$15,000 for the purpose of annulling municipal proceedings, in recognition of his contract and for damages was instituted in Superior Court today by J. C. Lucien Vezina against the Corporation of Lake Megantic. Vezina was ousted as chief of police of Lake Megantic at a recent meeting of the Town Council. Prior to his formal dismissal, he was suspended by Mayor J. E. Lellier on the grounds that he had been guilty of insubordination when he refused to obey the mayor's orders to go to the scene of an accident near Woburn. The chief had insisted that the mayor's order be given in writing. The action against the town of Lake Megantic was taken this morning. The ex-chief's allegations have not yet been filed.

For seven years have I bought my favorite Havanas from Kinkead's. Fifty in a box, each one a little servant that helps me through worry and trouble; and when it is burned and gone, always another to take its place. But tonight I sit and smoke and ponder, for things are running crossways, and Maggie and I are out. And here is her ultimatum: "You must choose between me and your cigar." Must I forswear the Havanas that have helped me to Friendship and Pleasure, to Work and Fight? Or should I surrender to the wee little whispering Love that has beset me these last twelve months? Maggie is pretty to look at—there's no denying that, but the prettiest cheeks must wrinkle. There's always a fresh cigar. So open the old cigar box—and let me consider anew, Old friends, and who is Maggie, that I should abandon you? Light me another Havana; I hold to my first sworn vows. If Maggie will have no rival, I'll have no Maggie for spouse!

Suppose we were to say that meat is a complete protein—that contains nitrogen and builds new body tissues, that it probably says "Shucks!" Then if we said meat contains the vitamins essential to bodily health and vigor, perhaps you'd respond "Tush." But when we say that when you think of a meal, you think first of meat, for the appetite craves it when you are hungry, and you think of the Dixon's juicy tenderloin steaks and tender succulent roasts cooked in a pan with delicious browned potatoes, and you get up and shout "Now you're talking!" Isn't it the truth?

VISITING DENTISTS ENJOYED DAY ON GOLF LINKS.

The annual convention of the Montreal Dental Club, which was held in this city over the week-end, and which was attended by a number of Eastern Townships dentists, was brought to a successful close Saturday night, following interesting golfing competitions at the Sherbrooke Country Club and the subsequent distribution of prizes.

Dr. Roger McMahon, of Montreal, won the low gross competition, while the low net honors were carried off by Dr. M. Dunnigan, of Montreal.

Two trophies offered by the members of the Dental Club for the visitors' competition were won by Dr. Paul Manseau, of Drummondville, who had the best gross score, and by Dr. Edouard Galarneau, of Montreal, who posted the best net. A sweepstake was also held during the convention being won by Drs. Paul Manseau, of Drummond-

WINDSOR YOUTH WAS INJURED ON HUNTING TRIP

George Sundborg, 22 Years Old, Sustained Shot-gun Wound in Region of Right Kidney in Chesham Woods Yesterday—Condition Critical.

The accidental discharge of a shot-gun during a hunting excursion in the Chesham woods yesterday inflicted serious injuries upon George Sundborg, twenty-two year old son of Mr. and Mrs. Charles Sundborg, of Windsor Mills, who is confined to the Sherbrooke Hospital today in a critical condition. Sundborg was shot in the region of the right kidney when the gun carried by his brother accidentally exploded. George Sundborg and his two brothers, Charles and Ted, together with two other companions, Walter Greenway and Victor Sims, all of Windsor Mills, left early yesterday morning for a day's hunting in the woods near Chesham. The unfortunate accident occurred at about ten o'clock yesterday morning. The young men were walking through the woods in single file. Charles Sundborg was holding back the branch of a tree to permit his brother, Ted, to pass, when the branch hooked the trigger of Ted's gun and caused the weapon to explode. The shot passed under Charles' upraised arm, and struck George, near the right kidney. The wound in the region of the right kidney was reported to be critical this morning.

MISHAP RESULTED IN SEIZURE OF ALCOHOL

There are two kinds of blow-outs—the kind which takes some of the joy out of motoring and the kind which results in heading for the morgue. An American car was involved in a blow-out which resulted in unexpected developments Saturday night. Travelling towards the border Saturday night the machine suffered a blow-out near Waterville. The car turned turtle and landed with its four wheels in the air. Something seeped out of the vehicle and to witnesses it did not look like the liquid used in radiators. Accordingly the Royal Canadian Mounted Police office in Sherbrooke received a telephone call to investigate the mishap. Their probe resulted in the discovery of 180 gallons of alcohol. A small portion of the cargo had spilled. The vehicle and its contents were promptly placed under seizure and the car was towed to this city.

ANNUAL MASONIC SERVICE AT TRINITY CHURCH

The annual service of Divine worship for the members of the craft in St. Francis District A.F. and A.M. was held yesterday morning in Trinity United Church, with Rev. Robert S. Smith, B.D., of Bury, the District Grand Chaplain, as the special preacher. The entire central row of seats was occupied by the visiting brethren. M. Smith took as his text, the words of Psalm 96, verse 6, "Strength and beauty are in His sanctuary," and based upon it a sermon of strong Masonic flavor. His theme was treated under three heads, namely, "Strength and Beauty in the architecture of the temple of Solomon," "Strength and Beauty" in moral idealism, and "Strength and Beauty" in the real structure of life. In the closing part of his message the preacher gave some pointed advice to his Masonic brethren in respect to the attendance at the worship of the sanctuary, and the reading of the Book of the Sacred Law.

RECOVERING FROM HIS WOUNDS

out receiving certain marks of his companionship. Humility is one of these. To realize the greatness of Christ and to realize His love, His purity over our sinfulness must inevitably make us humble. One of the most outstanding characteristics of Christ was his daring. He did not hesitate to speak the truth whatever might be the consequences. He was not afraid of the enmity of those in authority. They sought to win and silence by flattery, and failing in this they intimidated him, but he kept on his way unmoved in his purposes. At last he was crucified, but even this failure he repeated himself in his followers. They had received of his daring and boldness, and like him they could not be flattered or intimidated into silence in their great mission of carrying forward their Master's work.

A recovery of this spirit of boldness, said Dr. Lennon, is needed in the Christian Church. We need to be unafraid in dealing with the great issues of our times. Too often we are afraid of being characterized as Bolshevism if we should speak of the economic injustice that is so widely rampant in our social organization, and we are afraid to get out the foreign missionary enterprise, afraid to declare that the gospel of Christ is for the whole world.

In conclusion Dr. Lennon stressed the fact that Christ was dominated by an overwhelming love. He needed to win. Whatever His enemies did to Him today, He was sure that the morrow was His. The same spirit lived in the disciples who continued His work. All of the facts seemed to be against them, but they were the men who turned the world upside down. They went forward with the calm assurance that it was impossible for aught but truth to prevail.

The choir sang the anthem, "The Splendours of thy Glory, Lord," which was conducted by the service of worship and the Rev. F. S. Brown was the organist for the day.

STORMY WEATHER AND TURBULENT COURSE AWAIT CUP YACHTS TODAY

Raining Steadily and Twenty-Mile Wind Blowing Over Ocean Course where America's Cup Rivals Hoped to Wage Their First Decisive Test Today—Conditions are in Sharp Contrast to Saturday when Initial Race Ended in "No Contest" Because of Light Airs—Defender Held Slight Margins when Time Limit Expired on Saturday.

Newport, R.I., Sept. 17.—Stormy weather and a turbulent sea marked the ocean course where the America's Cup rivals, the Rainbow and the Endeavour, hoped to wage their first decisive test today.

It was raining steadily at 7:50 Eastern Standard Time, with a twenty-mile wind blowing from the southeast. It is estimated that the wind would shift to the northwest by noon. The race was scheduled to start at 10:40 a.m. E.S.T., over a thirty mile windward-leeward course.

The visibility was good, about three miles, but conditions otherwise were not to the liking of the huge spectators fleet, which was rolling at anchor in the harbor.

It was a day for heavy weather attire, sou'westers and a fisherman's fascination for the sea, but otherwise a bit dubious for the excursionists' outlook.

There were lulls in the early morning rain, but thick, low-hanging clouds held forth little promise of the sun having a chance to brighten the spectacle today.

Along the water-front there was an early bustle of activity as the flotilla of private yachts, sight-seeing craft, naval and coast guard boats prepared to move out toward the ocean.

Conditions were in sharp contrast to Saturday when the race ended in "no contest" because of the light air, and there was no reason to doubt that the winner today would be well inside the time limit. To old nautical men a twenty-mile wind was just a "gentle breeze" or a "moderate blow," but it was sufficient by comparison to promise some racing thrills.

At 9:30 a.m., E.S.T., an hour before the scheduled start Block Island reported the wind was blowing eighteen knots and freshening.

The smaller yachts in the spectator fleet were pitching and rolling with the rain squalls driving all but the most heavily decked.

The two racing yachts, under tow of their respective tenders, showed considerable of their underbodies as they felt the swell of the open sea. Endeavour especially appeared to be making heavy weather of it, frequently pitching her nose into the sea and throwing great veils of spray.

T. O. M. Sopwith, the British skipper, was at the helm in oakskins. At ten o'clock the breeze seemed to have lightened but many of the smaller craft in the spectator fleet started the sea on their backs and were hurrying back to the shelter of the harbor.

The race committee, answering a hail, said the wind was blowing sixteen knots from the south-south-east.

Newport was agog again early this morning as the Rainbow and the Endeavour awaited the starting time for a second attempt to argue the issue for that ancient example of the silversmith's art that has represented world supremacy in yachting for the past eighty-three years.

T. O. M. Sopwith, aboard the blue-hulled British challenger, and Harold S. Vanderbilt, aboard the spick and span United States defender, directed preparations for today's contest, as the huge fleet of pleasure craft and excursion steamers made ready to move out to the starting line under charge of the coast guard. Early indications were the yachts would face a moderate to strong northwest wind. This would call for a run to leeward of fifteen miles and a dead muzzler back to the finish line.

Perhaps the most picturesque craft making for the starting line this morning was the old Boston pilot boat the Liberty. On board in addition to the owner, Roscoe Prior, of Boston, were a group of former Canadiana, including Captain Ben Fine, of Thebad fame, Captain Clyde Moroney, who skippered Henry Ford in the series with the Bluesoes, Captains Chas. Stewart and Ed Proctor, all sailing out of Gloucester.

They are keen students of yacht racing and agree that Saturday's unsatisfactory contest called for a quarter-mile, with a lead of a half hour, provided no proper basis for comparing the relative merits of the two boats. Moreover they are looking for Skipper Sopwith to make a better showing today.

The issue will be decided when either the defending Rainbow or the challenging Endeavour has won four races. Contests will be held each week day, weather permitting and barring accidents, until the series is completed.

Saturday's abortive encounter proved little more than a drifting match with the honors going to the skipper and crew more familiar with the course in the weather of the day. With the wind blowing six to eight knots from the southeast, the sailing committee in charge of the race was obliged, under the deed of gift requiring a beat to windward and return for the opening contest, to signal a course that took the yachts into the tricky tidal waters of Martha's Vineyard.

Sopwith was started at the start when he elected to charge his head-sails two minutes before the gun. He explained after the race that he had been undecided up until the last moment as to whether or not he should use a Genoa jib. He finally decided on the single headsail, but the business of dousing foresail and quadrilateral and setting the Genoa killed his way and placed him at the leeward end of the starting line. He crossed almost a full minute after Vanderbilt at the wheel of the Rainbow, and by hard pinching just missed relieving the committee boat

of some of its glistening paint. Later in the race he permitted Rainbow to cross his bows before he was in a position to hold a course to weather of the outer mark. This fore he got the Endeavour going again he had lost, it was estimated, a full two minutes.

He made up some of this time by going back to a double headsail rig and by a series of short tacks requiring Vanderbilt to follow irregularly the fundamental rule in yachting which ordains that having once you must match tacks with him and so keep him continually under your lee, so long as he does not overstand the mark, to lose seconds every time he resets his cumbersome Genoa jib.

Vanderbilt had established a lead of two minutes and forty-six seconds at the outer mark. He increased this considerably on the run home owing to difficulty experienced aboard the challenger in setting her spinnaker. Again when Vanderbilt jibed over and reached for the finish line, the time limit expired. Sopwith failed to follow suit immediately. Until he did follow suit three minutes later, the Rainbow literally romped away from the Endeavour. Less than an hour later, with the defender a mile from the finish line, the time limit expired and the race was declared no contest.

But Saturday's race marked the British skipper's introduction to international yacht racing. Pitted against him was a veteran of the game and an acknowledged expert. Sopwith's friends and well-wishers, as well as abroad, are anticipating that with one encounter under his belt he will go out today and show what he really can do.

ROOSEVELT RECEIVED RIVAL SKIPPER'S LAST NIGHT

Newport, R.I., Sept. 17.—The floating White House Nourmahal with President Roosevelt aboard, tucked at her anchor in choppy Newport harbor today waiting for the start of the second race of the America's Cup regatta.

The Vincent Astor yacht, whose cabin has served as the President's workshop since it sailed from Poughkeepsie, N.Y., on Friday, was the scene of a brief visit last night of the contesting skipper, Harold S. Vanderbilt, and T. O. M. Sopwith, along with the afterguards of the Rainbow and the Endeavour—the amateur board of strategy for the sailing crews.

Mr. Roosevelt had wished them better luck and stronger winds for the second race.

On Saturday President Roosevelt was one of the interested spectators at the opening contest. At one point in the race a United States cruiser carrying photographers approached too closely to the challenger and threatened to interfere with the British boat. The President witnessed the manoeuvre and flashed the message: "Are you challenging Endeavour?"

The cruiser withdrew to a safe distance.

SOPWITH VERY SATISFIED WITH WORK OF CREW

Newport, R.I., Sept. 17.—T. O. M. Sopwith, skipper of the Endeavour, British challenger for the America's Cup, had no excuses and only praise for his crew after his first encounter with the defender, Harold S. Vanderbilt's Rainbow.

Referring to the start of the contest, he said: "We didn't make up our minds whether to use the Genoa or the double-clewed jib. We don't like the Genoa jib; we don't understand them. But before the start the weight of the wind was such that I set the double-clewed jib. When it lightened, I felt that we had to use the Genoa so that at least we would be carrying the same canvas as the Rainbow. We had it all right at the gun, but we were a bit late.

"With the weight of the wind on Saturday I should say that the Rainbow was very slightly superior in weather work under such conditions. The wind was very puffy and it was very wearying on the three and a half hours to windward.

"I got sick to death waving aeroplanes away all day and they were very disconcerting. We felt the wash of the Coast Guard cutters very little, and it was about the same for everybody.

Of the men who sail the Endeavour with him, he said: "The crew was very good indeed, jolly good." Asked what he thought of Vanderbilt as a skipper, he smilingly replied: "I don't think. I know he can sail a boat."

Vanderbilt had little to say about his first meeting with Sopwith beyond admitting the race was "a tough one."

Vanderbilt said that when he rounded the windward mark he felt the air was too light to finish the contest within the time limit. He complained about aeroplanes that flew low over the course and said he was bothered by the spectators' feet as well.

The defending skipper said he believed the Endeavour "is a very fast boat."

Magistrate to prisoner, who has frequently been in the dock: "Ebenzer Noakes, aren't you ashamed to see here so often?" Prisoner: "Bless yer' eart, sir, this place is quite respectable but some places where I'm sent."

NEWARK SCORED THIRD VICTORY OVER TORONTO

League Champions Downed Leafs Yesterday to Square International League Play-Off Series—Albany Interrupted Rochester's Campaign After Two Victories.

Newark, N.J., Sept. 17.—All square after six games, the Newark Bears and the Toronto Maple Leafs clash tonight in the seventh and decisive contest of their International League play-off series.

Fighting to stave off summary elimination from the play-offs after winning the league championship in handy fashion during the regular 154-game schedule, the Bears eked out a three to two victory over the Leafs yesterday to establish a lead over their opponent you must match tacks with him and so keep him continually under your lee, so long as he does not overstand the mark, to lose seconds every time he resets his cumbersome Genoa jib.

Newark made only four hits off Don Brennan and Al Hollingsworth yesterday but they came at just the right moments.

Meanwhile Vito Tamulis was in fine form for the Bears. He gave only five hits and fanned eight, but had one bad inning, the sixth, when Toronto scored its two runs.

ALBANY CHECKED ROCHESTER'S WINNING ATTACK

Albany, N.Y., Sept. 17.—Rochester Red Wings and the Albany Senators will play the fourth game of their International League play-off series tonight with the Red Wings leading by two games to one.

Beaten in the first two games at Rochester, the Senators emerged victors by three to two in a hard fought contest at Albany yesterday and now have high hopes of squaring the count tonight.

Neither Norbert Kleinke, who defeated Albany in the first game, nor Ed Chapman could travel the route yesterday, but Chapman lingered long enough to do some telling damage with his bat in the seventh frame when the Senators scored the two runs that meant victory.

Tommy Carey opened the Rochester eighth chapter with a home run and Chapman retired in favor of Bill Harris. Mowry's fumble put Paul Florence on base but Mowry engineered a fast double play on Smith's grounder and Harris breezed through the rest of the day. Dugas' home run and triple led the Albany attack. Rochester made only five hits off Chapman and Harris, and Red Wing got more than one safety.

YESTERDAY'S STARS

Outstanding figures in yesterday's major league games were: Mel Harder, Indians—Limited the Yankees to five hits, made two singles and scored twice.

Frank Frisch and Pepper Martin, Cardinals—Frisch batted in winning runs in first game with the Giants; Martin's eleventh inning homer decided the second contest.

Tommy Bridges, Tigers—Limited the Senators to six hits and one unearned run.

Tony Cucinello, Dodgers—Led assault on the Cubs with six hits.

Jack Hayes, White Sox—Made three hits in each game against the Red Sox.

E. T. PENNANT'S TODAY HELD BY DRUMMONDVILLE

Marcel Mandeville Limited Sherbrooke Team to Nine Hits in Deciding Game of Play-Off Series to Give Drummondville Eastern Townships Senior Baseball Title.

Drummondville, Sept. 17.—Bunching their safeties behind Marcel Mandeville's nine-hit pitching, Drummondville yesterday afternoon captured the Eastern Townships senior baseball championship by downing Sherbrooke's Notre Dame aggregation by a score of ten to five in the third and deciding contest of the post-season series. Prior to yesterday's triumph the Landrymen had won the initial play-off contest by four to three and had dropped the second tilt by a similar count.

A second victory means the championship and the chance to encounter a Montreal team.

Playing here Saturday afternoon the local girls, who eliminated the Sherbrooke Royals in the semi-final play-off, routed the Kayserites by a score of ten to five. It was the first defeat absorbed by the local champions this summer. Should they be victorious next Saturday a deciding game will be staged on a neutral diamond in Cookshire the following week-end.

Taking advantage of every "break" and playing errorless softball, Annie Marchant and her mates handed the Sherbrookes a decisive setback. They solved Dot Miller's deliveries for a total of eleven singles and two doubles, and their cause was considerably aided by the four errors the Sherbrooke defense committed. Spreading their safeties over four innings after being held scoreless during the first two frames, the homesters clinched the verdict as early as the fourth chapter by capitalizing on two Kayser errors to register three runs and create into a seven to five lead.

The East Angles' outlook was anything but promising when the Sherbrookes combined five singles and Dot Miller's double for four tallies in their first appearance at the plate. In their half of the initial canto, East Angles peeped the bases with none out, but Miss Miller tightened and struck out the next three opponents to face her. Rejane Drapeau's two-bagger accounted for what proved to be Kayser's fifth and last point in the second stanza. Thereafter the visitors reeled at a scratchy single off Miss Marchant's offerings.

A barrage of hits, including four singles and Gladys Crump's extra-base blow, resulted in four tallies for the local lassies in the third round, while a single and two Kayser errors produced three more runs in the fourth canto.

Harvey led the Drummondville thirteen hit assault on Leu with a double and two singles in five trips to the plate. Urban Pepin, Al Corrivau, Louis Bouchard and Mandeville reaped two safeties apiece, while Wilfrid Beaulac and Romeo Guilbault gathered in the other hits.

Leu Roy was the star in Notre Dame's hitting column, registering three safeties in four tries. All the other members of the visiting team were held to one hit apiece, while Trotter and Amedee Roy went hitless.

Fourner Jackson and Brooks continued their fielding exhibition in Notre Dame, while Lottville's brilliant catch of Brooks' long fly in the third inning featured the home team's defensive exhibition.

Approximately five thousand people, among whom were included a large number of Sherbrooke fans, witnessed the contest.

The score by innings was: R. H. E. Notre Dame 001 000 310—5 9 4 Drumville . . . 002 212—10 13 3

The teams lined up as follows: Drummondville: Beaulac, Pepin, Harvey, Landry, Corrivau, Lottville, Bouchard, Guilbault and Mandeville.

Notre Dame: Jackson, Fournier, Trotter, Brooks, Pinard, Bilodeau, A. Roy, L. Roy and Long.

SEMINARY NINE SCORED DECISIVE WIN

Resuming its baseball season after the summer vacation, the St. Charles Seminary nine yesterday scored an overwhelming twelve to two victory over the Lyons aggregation. After only a week's conditioning, the Collegians showed mid-season form as they outclassed their opponents.

Desroches was on the mound for the students and permitted but one safe hit. Sarto Roy was the Seminary's batting ace, accounting for five of his team's twelve points. In the fourth frame Roy clouted a triple with the bases loaded, his three-bagger being the principal blow of the college team's five-run rally.

Although decisively trounced the Lyons aggregation, the Seminary and received a big hand from the crowd for their perseverance. J. M. Buteau was in charge of the game.

The score by innings was: R. H. E. St. Charles . . . 014 520 000—12 Lyons . . . 000 110 000—2

SERIES OPENER WAS CAPTURED BY EAST ANGUS

Julius Kayser Girls' Softball Team Suffered First Defeat of Season at East Angus on Saturday, Losing Initial Contest of Series for Eastern Townships Title.

East Angus, Sept. 17.—The local girls' softball team is confident today it will repeat the history written into Eastern Townships sport records by the East Angus hockey team last spring when the puck-chasers captured the intermediate championship. One up on the Julius Kayser aggregation, Tom Palmer's squad is concentrating on next Saturday's contest on the Parade Grounds in Sherbrooke, realizing that a second victory means the championship and the chance to encounter a Montreal team.

DEAN BROTHERS HANDED GIANTS DOUBLE DEFEAT

St. Louis Pair Humbled New York Twice Yesterday to Place Cards within Three and a Half Games of First Place—Detroit Added Full Game to Margin Over Yankees.

The St. Louis Cardinals took their triumphant leave of New York today with a record of three victories in four games with the league-leading Giants and only a three and a half game margin to make up in the National League pennant race. And at the same time the New York Yankees advanced on Detroit for another "crucial" four-game tilt with the realization that they would have to do at least as well as the Cards to get back into the American League scrap.

After dividing the first two games, the Cards swept the boards yesterday while a crowd of 62,573, the largest the Polo Grounds has ever held, looked on. Manager Frank Frisch carried out his threat to make the Giants think there was a "cloud of Deans" around them by sending "Dizzy" to gain his twenty-sixth victory by five to three in the opener, then following with brother Paul, who gave only six hits in an even-linging duel with Carl Hubbell to win by three to one.

The Brooklyn Dodgers kept things from becoming worse for the Giants when they hammered the third-place Chicago Cubs into submission twice by eleven to six and five to four, with an attack that netted thirty hits. Chicago remained six and a half games behind.

Meanwhile the Detroit Tigers increased their lead to five and a half games with a brilliant two to one victory over Washington, while the Yanks yielded by five to two to the Cleveland Indians and Mel Harder, who granted only five hits.

The cellar-holding Cincinnati Reds and the Chicago White Sox triumphed at the expense of the Boston club. The Reds beat the Braves by two to one and by five to two when Paul Derringer allowed four hits and rookie Beryl Richmond and St. Johnson five safeties. George Earnshaw's two-hit allowing gave the White Sox a two to one triumph over the Red Hoes and they went on to belt out a second decision by twelve to ten.

The seventh-place Philadelphia Athletics got good pitching to turn back the St. Louis Browns twice by two to one and by two to nothing behind "Sugar" Cain and Johnny Marcum, although they secured only three blows off Dick Coffman and Paul Andrews in the after-piece. The Pittsburgh-Phillies' double bill was permanently rained out.

CLASSY FIELD COMPETING FOR CANADIAN LADIES' TITLE

Toronto, Sept. 17.—Over the hazard-dotted Toronto Golf Club course, rendered soggy by a heavy weekend rain, seventy-two players, representing four countries, teed off today in the qualifying round of eighteen holes for the Canadian ladies' open championship.

When the smoke of battle has brought the opening skirmish to a close tonight, many will have fallen by the wayside. Only the thirty-two who are able to solve the difficult layout with the best scores will advance to the championship flight. Many a player which will lead to the title will prevail over the eighteen-hole rout for the rest of the week, except in the final on Saturday, which is slated to go thirty-six holes. Those failing to qualify will drop into lower flights

a double and a single and Marguerite Bourguignon and Lucile Legit each collected two singles. The Kayser squad was weakened by the absence of two regulars, Beryl Mandigo and Aurore Guereite, while the home team missed the services of "Babe" Bagley.

The score by innings was: R. H. E. Kayser . . . 410 000—5 10 4 East Angus . . . 004 321—10 13 0

The teams lined up as follows: East Angus: C. Blanchette, A. Corrivau, M. Cameron, O. Rowland, G. Crump, A. Marchant, F. Knapp, A. Sutton, "Rory" Heath and "Rapp" Heath.

Kayser: M. Bourguignon, R. Drapeau, M. Marquis, D. Miller, L. Beghin, P. Ward, M. Beccotte, J. Loubier, P. Deleseeleuc and E. Von Berg.

LITTLE SCORED BRILLIANT WIN IN GOLF FINAL

Pacific Coast Star Added United States Amateur Title to British Crown He Won Four Months Ago, Defeating Dallas Youth on Saturday by Eight and Seven.

Brookline, Mass., Sept. 17.—The new deal in golf and William Lawson Little, Jr., its standard bearer, both probably will be around for a long time.

The Pacific Coast powerhouse added the United States amateur championship on Saturday to his four-month-old British title, sending the United States Golf Association's inauguration of all-match play tournaments off to a grand start.

By eight and seven, not so lopsided a margin as he nailed carpenter James Wallace in the British championship final, Little lathered metal-worker David "Spee" Goldman, of Dallas, almost as impressively and took his place with the immortals—Bobby Jones and Harold Hilton—who won both crowns in the same year.

The rise to the surface of new names, such as Goldman, who played in the championship this year for the first time, animated the week of hand-to-hand conflict and brought forth today from President Jacques, of the U.S.G.A., the statement that the tournament was a success and would be continued along the same lines in the future.

"What this tournament has done is to cease restricting the championship to a selective field, which is what the qualifying groups of thirty-two in the past amounted to, and give youngsters or unknowns like Willie Turnesa and Bobby Jacobson a chance."

Goldman didn't have a chance against the barrage of sub-par golf Little laid down. The Californian pounded out drives that carried close to three hundred yards, executed pin-splitting approaches and putted with a silky touch for a first round sixty-nine-two under par to have Goldman five down. When the match ended on the twenty-ninth green as Little sank a two-footer for a half he was three under par for the entire distance.

While Little made it a "one-man tournament" such as Jones did before he retired four years ago several youngsters crowded him for attention. Willie Turnesa was understanding of them all, but Bobby Jones, of Detroit, started the triumphal procession of youth with his defeat of Francis Ouimet.

When the smoke of battle has brought the opening skirmish to a close tonight, many will have fallen by the wayside. Only the thirty-two who are able to solve the difficult layout with the best scores will advance to the championship flight. Many a player which will lead to the title will prevail over the eighteen-hole rout for the rest of the week, except in the final on Saturday, which is slated to go thirty-six holes. Those failing to qualify will drop into lower flights

a double and a single and Marguerite Bourguignon and Lucile Legit each collected two singles. The Kayser squad was weakened by the absence of two regulars, Beryl Mandigo and Aurore Guereite, while the home team missed the services of "Babe" Bagley.
