## GENERAL SAN JURJO SENTENCED TO DEATH FOR PART IN REVOLUTION

### Death Sentence on Outstanding Spanish General Follows Twenty Hours of Deliberation by Mixed Civil and Military Jury—Aides Sentenced to Long Terms, But Son Was Freed—Belief Held that Past Record Will Bring Commutation of Sentence.

Montreal, August 25.—Jose San Jurjo, one of the most famous Spanish soldiers of modern times, and commanding general of the army, was sentenced to death today for leading a rebellion against the Republic.

A mixed civil and military tribunal of the Supreme Court reached the verdict after twenty-four hours of deliberation, while the nation waited and demonstrations for and against the "Hero of Morocco" were restrained with difficulty by Government forces.

General San Jurjo's life-long friend and companion-at-arms, General Herranz, was given a sentence of thirty years in prison, which in Spanish law is equivalent to a life sentence. Lieutenant-Colonel Infante was sentenced to twelve years. General San Jurjo's son, Justo, a captain, was freed.

General San Jurjo's attorney immediately started efforts for clemency. He appealed to the President against a sentence he called "a disgrace against the Government and the country." France was asked to intervene because San Jurjo was decorated with the Legion of Honor in the presence of Spanish and French army detachments for heroic work in Morocco against the Rif.

There was no recommendation of clemency in any of the sentences. The Government alone has the power to alter the verdicts, and immediately began a study, refusing to make any announcement pending decision of a cabinet meeting.

The General and three aides were accused of conspiring for the occupation of Seville earlier in the month and a nation-wide movement against the Republic in which eight rebels were slain in Madrid alone. The policemen who were fleeing toward Portugal after their coup failed.

The trial began at 8 a.m. yesterday, and was concluded in every detail in a single day.

Politicians believed it probable the death sentence would be reduced by the President because of San Jurjo's spotless former record and his assistance when the Republic was declared. He refused at that time to aid King Alfonso.

## BUSINESS MEN ARE SUMMONED BY MR. HOOVER

### Representatives of National Business Groups Met With Government Financial Leaders in Washington This Morning.

Washington, Aug. 25.—Summoned by President Hoover, representatives of national business groups met today with government financial leaders to perfect plans for the administration of business conferences here Friday. They included chairmen of the business and industrial committees of the twelve federal reserve districts.

Tentative plans for making money easier and spreading jobs were brought to the meeting from formal discussions of some of the conference chairmen, including Owen D. Young, prominent Democrat and chairman of the New York committee.

Some Democratic political leaders looked warily at the conference. Senator Robinson, of Arkansas, issued a statement expressing hope in results of the Conference, but asserting "the association of business and intellectual leaders of the country with these schemes has been unavailing because they have been used merely as a sounding board for the Republican Party."

Pressure is high over the Eastern States, in Saskatchewan and over Hudson Bay, with a trough of low pressure extending from Northern Minnesota. A depression north of Anticosti is causing strong winds in the St. Lawrence Gulf. Thunderstorms have occurred in Manitoba and Northern Ontario and light showers in many parts of the West, while elsewhere it has been fair and warm.

Forecast: Moderate to fresh shifting winds, with showers and thunderstorms at night and on Friday. Becoming cooler Friday.

Temperature yesterday: Maximum 79, minimum 40.

Same day last year: Maximum 78, minimum 43.

## MOLLISON MAY NOT LEAVE FOR SEVERAL DAYS

### Scottish Flier Delayed by Unfavorable Weather Conditions—"Flying Gasoline Tank" Is Ready for Take-Off.

New York, Aug. 25.—Captain James Mollison, British flier who last week made the first solo westward crossing of the Atlantic, may not get away on his return flight to England for two or three days, though he has tentatively set tomorrow for the take-off and his little "flying gasoline tank" is all set. Dr. James Kimball, expert of the New York Weather Bureau, says stormy weather blocks the path and it would be two or three days before the conditions clear up.

Captain Mollison kept in seclusion today concentrating on the flight after a busy three days in New York since his arrival from Saint John Sunday. Last night he received a warm ovation when he spoke briefly at a dinner tendered by the combined British societies of New York, saying the value of flights such as he had made was inestimable as advertising for aviation.

He further declared there was no reason why properly equipped planes could not start now on regular crossings of the Atlantic.

## DELEGATES ARE WELCOMED HOME BY MACDONALD

### Message Sent to Rt. Hon. Stanley Baldwin as "Empress of Britain" Nears Irish Coast.

London, Aug. 25.—Prime Minister Ramsay MacDonald welcomed the return of the United Kingdom delegation to the Imperial Conference by sending a wireless message to Rt. Hon. Stanley Baldwin when the Empress of Britain was nearing the Irish coast.

"I hasten, on your first arrival in British waters," ran the message, "to give you all hearty greeting after your strenuous labors to consolidate the British Commonwealth so as to improve trade. We all appreciate these labors, which will assure you a welcome homecoming."

## INVADING ARMY OF STRIKERS ARE OVERCOME BY FORCES OF THE LAW

### Fifteen Minutes of Gunfire and Wielding of Clubs by a Force of Deputy Sheriffs Brought to a Halt What Leaders of the Strikers Termed the "Greatest Labor March Ever Undertaken in the United States"—Nearly a Hundred Miners Were Injured.

Benton, Ill., August 25.—Gunfire frustrated, perhaps only temporarily, the invasion of approximately 15,000 striking miners and members of their families last night when they attempted to enter Franklin County to picket coal mines as a protest against lowered wages.

Fifteen minutes of gunfire and wielding of clubs by a force of deputy sheriffs brought a halt to what leaders of the strikers had termed the "greatest labor march ever undertaken in the United States."

Nearly one hundred miners suffered battered heads and six persons were injured seriously enough to require medical treatment. Miners' leaders said some were seriously hurt.

Fleeing when the firing began, the invading strikers deserted approximately three hundred of their automobiles and trucks at the scene of the onslaught. In the hurry to escape, cars were driven into ditches or plunged into cornfields along the highway where the clash occurred, near the western boundary line of Franklin County.

The strikers, whose leaders had listed the invasion would be peaceful, made no resistance.

Some of the leaders said another attempt would be made to invade Franklin County, but state highway patrolmen who aided the retreating strikers in their flight from Franklin County said their forces had been dispersed and that many of the miners were returning to their homes in Northern and Central Illinois, which they had left yesterday for the invasion of Franklin County's rich coal fields.

Sheriff Browning Robinson said the Miners' cars would be shovelled over the county line and the miners might get them.

## TO PAY SUPREME PENALTY FOR REVOLT

Sentenced to death for leading the short-lived Royalist uprising in Seville, Spain, General Jose San Jurjo is here seen walking through the streets of Seville during his hour of triumph.

In the party, from left to right, are General San Jurjo's son, who was freed by the court; the General himself; Col. M. Vares, of the Civil Guards, and M. Gracia Herranz, who was sentenced to thirty years in prison.

## HIGH EXPLOSIVES FOR SOVIETS

New York, August 25.—Lester P. Barlow, military engineer and inventor, of Stamford, Conn., announces he has given the Soviet Government the secrets of a war device so terrible it makes all armaments futile—because, he says, the Soviet Government was the only major power to take a stand for complete disarmament.

His invention, he claims, enables high explosives, phosphorus fire and Lewisite gas to be dropped on an object from a base one thousand miles away.

## FIFTY THOUSAND DOLLARS DAMAGE BY FIRES IN WATERLOO DISTRICT

### Roman Catholic Church of St. Joachim, Together With Presbytery and Large Barn, Prey to Ruthless Blaze—One of Finest Residences in Waterloo Town Destroyed Early Today.

Waterloo, Que., August 25.—The destruction by fire of the Roman Catholic Church of St. Joachim, together with the presbytery and a large barn nearby; of Martin's Corner school in St. Joachim, and finally of one of the finest residences in Waterloo, inflicted a loss in this district during the past two days of approximately fifty thousand dollars.

The fire at St. Joachim, a little village situated about eight miles from this place, was a disastrous affair which originated in the church, and when that building was a mass of flames, spread to the priest's house and a few minutes later to the barn, richly laden with this summer's harvest, of T. Courtemanche.

It is the second time in forty years that the parish church of St. Joachim is destroyed by flames.

The fire was discovered in the early evening by three worshippers who were in the church and who immediately gave the alarm. First noticed near the altar, the blaze is presumed to have been caused possibly by burning candles.

St. Joachim possessing no fire fighting apparatus, a call was sent to Waterloo for assistance, and while help was on its way, a bucket brigade was formed and a valiant effort by volunteer fire-fighters made to save the church. The building being of wood, however, the flames made rapid headway and in a few minutes were beyond control.

Flying embers, carried by a stiff wind, caused the roof of the presbytery nearby to ignite. Almost simultaneously, the Courtemanche barn burst into flames. Waterloo firemen, realizing that the church was beyond the point of salvage, concentrated their attention upon saving the other two structures, and while they were unable to save the barn, succeeded in checking the fire at the presbytery before it had completely demolished the building.

About a thousand people, coming from nearby towns, including Rotten Pond, Granby and Cowansville, gathered to watch the spectacular fire and many offered their assistance.

The Protestant school building at Martin's Corner, St. Joachim parish, was completely destroyed by fire yesterday afternoon. The school house was located on the land of T. Courtemanche, whose barn was razed at the same time as the St. Joachim Church fire. The blaze was first noticed in a shed adjoining the building.

Flames early today razed to the ground one of the finest residences in Waterloo, the home of A. W. Watson, which had formerly been owned by John E. McFarland.

Mr. and Mrs. Watson and family were away at the time of the destructive blaze, which rendered their home and all its contents into a mass of ruins, having gone to Montreal late yesterday afternoon. It was only this morning upon their return that they discovered the loss.

## EFFORTS MADE TO PUT END TO GERMAN RIOTS

### One Decree Forbids Transportation of Political Groups in Huge Buses and Another Prohibits Political Haranguing in Streets.

Berlin, August 25.—Rioting which followed Tuesday's death sentence against five Fascist political slayers continued through last night. At dawn today twenty persons had been injured in varying degree.

Meanwhile, Premier Lukashchok of Upper Silesia issued two decrees intended to cope with the situation. One forbade transportation of political groups in huge buses, and another prohibited political haranguing in the streets. The penalty was a fine of 150 marks (about \$40).

The five Nazi followers were convicted in a "speed court" of the murder of a Communist in the disorders that marked the latest German election campaign.

BARRIER EVIDENT TODAY  
Berlin, August 25.—The Nazi threat of reprisals that followed the death verdict at Berne against five of Adolf Hitler's followers today loomed as a barrier to a Centrist-National Socialist coalition.

Nevertheless, a conference preparatory to the opening of the Reichstag and the Prussian Diet next Tuesday was reported held yesterday between former Chancellor Heinrich Brüning, the Centrist leader and Gregor Strasser, the Fascist lieutenant.

Their meeting was informal, and they were believed to have made no progress, especially in the light of Centrist apprehension of National Socialist threat of violence.

A coalition between the National Socialists (Nazis) and the Centrists would control both the Diet and the Reichstag, since the Nazis won thirty-seven per cent of the seats in both of those parliaments in recent elections, and the Centrists held enough to put the percentage well over fifty.

## LOG OF LEE-BOCHKON FLIGHT

The following is the log of the two daring fliers, Clyde Lee and John Bochkon, who left Harbor Grace early today in their "Green Mountain Boy," bound for Oslo, Norway.

Aug. 23.—Took off from Barre, Vt., for Oslo, Norway, 9:15 a.m. Landed for the night on a beach in Newfoundland because of bad weather.

Aug. 24.—Arrived Harbor Grace, Nfld., 7:20 a.m.

Aug. 25.—Left Harbor Grace for Oslo 5:02 a.m. (Time is eastern standard.)

## JAPAN DECLARES SHE CANNOT RELY UPON WORLD'S 'PEACE MACHINERY'

### Covenant of League of Nations or Any Other Peace Organ Offers No Remedy for Chaotic Conditions of China, Japanese Say, as They Announce Intention to Recognize New Manchurian State, Manchukuo.

Tokyo, August 25.—Outlining her foreign policy, Japan today declared the world's peace machinery offered no remedy for "the chaotic conditions of China," and announced formally her intention to recognize the new Manchurian state, Manchukuo, in the near future.

The declaration was made by Baron Yasuoka Uchida, Foreign Minister, before a special session of the House of Peers.

Formal recognition of Manchukuo, the Foreign Minister said, was "the only means of stabilizing conditions in Manchuria and establishing permanent peace in the Far East."

"It is admitted by those conversant with actual conditions in China that no remedy can be effected by having recourse either to the covenant of the League of Nations or to any other organ of what may be termed 'machinery of peace.'"

Great significance was attached to the Baron's address in view of recent pronouncements by world powers they would not recognize territorial changes wrought through military activity.

"There are those who argue as though the action of Japan were a violation of the Kellogg-Briand anti-war pact. But such contention has no foundation in fact. Japan has been forced to adopt necessary measures for the prevention of wanton attacks upon important

## LEE AND BOCHKON WINGING THEIR WAY ACROSS ATLANTIC TO NORWAY

### Two Young Fliers Piloting "Green Mountain Boy," Barre, Vt., Plane, Took Off from Harbor Grace Early Today—Expect to Cover Distance to Oslo, Norway, in About Thirty Hours—Reports Give Evidence of Good Weather Across Ocean.

Harbor Grace, Nfld., Aug. 25.—Clyde Lee and John Bochkon took off for Oslo, Norway, at 5:31 a.m. Eastern Standard Time today.

The fliers had gasoline enough for thirty-seven hours but expected to cover the 3,150 miles from Harbor Grace to Oslo in about thirty hours. They planned to fly via Dublin, Boston (England), and Cuxhaven, Germany. Their destination at Oslo was Kjeller Field.

Lee, an Oshkosh, Wis., youth, piloted the ship. Bochkon, of Brooklyn, N.Y., a native Norwegian, acted as co-pilot.

Weather reports gave the fliers good weather across the ocean and clear skies on the other side.

They carried concentrated food tablets for use in emergency. The doors in the cabin of the plane were sealed and emergency gasoline tanks installed. A hole was cut through the roof of the cabin as a means of entrance and exit. In case they are forced down over the ocean, Lee hopes the empty gasoline tank will give the ship buoyancy, at least until the motor can be cut from the plane with a hacksaw they are carrying for that purpose.

The identification number of the plane is NR-7576. The name "Green Mountain Boy" appears on the fuselage and underneath "Barre-Montpelier Granite Center of the World" appears in white letters. The plane is red in color.

They flew into Harbor Grace yesterday after spending the night on the sands of the Burgeo Beach and were only held overnight by advice of Robert Huntington, navigator of the flight, who is directing its activities from the Barre-Montpelier Airport in Vermont.

Thor Solberg and Carl Petersen, who flew from New York Tuesday bent on the same mission as Lee and Bochkon, arrived here yesterday at Harbor Grace. Their plane, Placencia Bay, today waiting to be dismantled, their wrecked plane. Their hopes of any immediate flight to Norway disappeared during the heavy fog on Tuesday night, when their plane plunged into the waters of the harbor.

Douglas Fraser, St. John's aviator, flew into his home port last night with the first story of the crash which ended Solberg's hopes of a trans-Atlantic hop. Solberg told Fraser he had planned a landing due to storm and fog at Burgeo, where Lee and Bochkon arrived. Their plane, but had decided the location was unsafe. They were overtaken, Solberg said, by a terrific storm while attempting to find a more favorable spot and he forced his plane above the wind and rain and had climbed to 5,000 feet altitude when he encountered a snow storm.

The engine stalled on a wide open throttle, he said, while attempting to manoeuvre above the blizzard and he started to vtolplane but the ship went into a nose dive and plunged into the harbor.

Solberg plunged into the water but the ship remained afloat and he climbed back onto the fuselage. Petersen stayed with the plane and both were brought ashore by fishermen.

Darby's Harbor is a community of five families and has little communication with the outside world.

EAGER TO BEGIN THIRD STAGE  
Port Menier, Anticosti Island, Que., August 25.—Two laps of their leisurely aerial navigation of half the globe's circumference safely behind them, the "Flying Hutchinsons" were poised here today eager to begin the third.

Mr. and Mrs. George Hutchinson, their two small daughters, a crew of three and a cameraman, arrived here yesterday afternoon from Saint John, first stop after they left New York on the previous day.

The next lap will take the adventurers in their amphibian to the Labrador Coast from where they intend to make their way, with frequent stops to Greenland, Iceland and the Faroe Islands. Their plane, the "City of Richmond" dropped in on this lumbering centre at 4:45 p.m., yesterday to receive greetings from officials and employees of the Anticosti Corporation.

In a few minutes the little girls, Kathryn and Janet, eight and six years of age, were keenly interested in the deer which roam, tamely, into the town.

Hutchinson is making a "careful, cautious trip to Gerald on the northern route. It is not a stunt, he affirmed, but an attempt to prove that such adventures, when properly undertaken, are quite feasible.

Accompanying the family are Peter Redpath, navigator, Joseph Ruff, mechanic, Gerald Alfisch, radio operator and Norman W. Alley, photographer. The flight from Saint John yesterday was without particular incident although Hutchinson was glad when he had passed over the heavily wooded country in Gaspe Peninsula. He can only land on water despite the fact that the plane is constructed as an amphibian, as he removed the wheels and under-carriage before leaving Saint John to save weight.

Good looks aren't always luck Sparkling eyes and a smooth complexion depend on good health. The beautiful woman guards against constipation. She knows this condition can cause headaches, sallow skin, dull eyes, pimples, premature aging. Protect yourself from constipation by eating a delicious cereal. Tests show Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. In addition, ALL-BRAN furnishes blood-building iron. The "bulk" in ALL-BRAN is similar to that of lettuce. Within the body, it forms a soft mass, which helps clear the intestines of wastes. How much safer than pills and drugs—so often habit-forming. Two tablespoons daily—in serious cases, with every meal—will correct most types of constipation. If your trouble is not relieved in this way, see your doctor. Serve as a cereal, with milk or cream, or use in cooking. At all grocers. In the red and green package. Made by Kellogg in London, Ontario.

Taxes may hardly press on the rich; they do press hardy on the poor. Yet taxation finds its level just as water does, and we all have to pay our share.

UNITED WE SHALL STAND!

The strongest business-building factor in the Imperial Conference was the desire of the British countries to get together. The intent was to create a business sentiment favouring above all others the Buy British sentiment.

To facilitate and to foster trade within the Empire was the main idea of the Conference, and how it was to be done was a matter of detail.

Even though some things may be unsettled the time is ripe for an immediate display of good salesmanship and sound buying.

Commercial salesmen, of the higher type, will find a ready, even a welcome hearing within the Empire if they belong to the Empire. A friendly reception and a good hearing awaits them.

Stirred to action by the adverse tariffs of every country outside the pale of the Union Jack, the peoples of the units of Empire are with the governments to a man—and woman. Preference will be given by the consumer to that which is British.

The Editor of the Montreal Star succinctly states the case when that journal says:

"The business men of the Empire must get together. Before the Conference they discussed the agreements to be made, and, for example, in the case of the iron and steel men, did yeoman work in helping agreements along. Now they must get together again to implement the work of the Conference, to translate tariff schedules and such into actual cargoes, moving regularly in an ever-increasing stream.

"It is no secret that British and Canadians, for example, have a great deal still to learn in the matter of supplying each other's market. One of the blessings of the Conference has been the complete frankness of discussion. The British have been reminded how, time and again, would-be buyers in Canada have been disappointed by the lack of enterprise shown by British exporting firms unwilling to meet Canadian requirements quickly and in detail. They have been told innumerable tales about the enterprise and salesmanship of the Americans, by contrast. They have been assured that this market is wide open to British imports if only the British will deliver the article that we want, provide adequate distribution and salesmanship, and adequate servicing. Without these, no firm, British, Canadian, or foreign, can compete in this market. And it must be remarked that the British to-day have nothing of that "Take-it-or-leave-it" attitude. They are out for business and propose to deliver the goods.

"We Canadians are somewhat in a like case. Our own High Commissioner in London has found it necessary to tell us certain rude but salutary home truths. In exporting some of our primary products, notably certain food products, we have time and again missed out in the British field by slovenly marketing methods, by faulty grading, and, above all, by lack of continuity in supply. We lose our tempers when the Briton questions whether our Canadian hog is as good a bacon animal as the Danish one. We know that we have done wonders, of late years, to improve our hog, and to-day are indeed "bringing home the bacon." But "the customer is right," and our best reply in all cases is to humour the British market with whatever the Briton wants, delivered as he likes it, with the right stripe of ribbon, if he fancies it, and above all regularly and in uniform quality. Canadian wheat and flour already set the standards to the world. We have got to set new standards in addition. For example, when we go into the British market with our timber, we are going to deliver it to British specifications, making over our mills if necessary. We too, mean business.

"The Imperial Economic Conference was necessary, and it is a splendid thing to have got it together. Now, we confess, we look forward even more eagerly to the actual dollars and cents business of boosting Imperial trade."

WHAT CANADA OWES.

We may be cheery, but once in every little while we have to sit down and seriously stare at our mounting public debts.

Public authorities were at first averse to cutting their budgets of expense, but with this year it has been forced upon them by public opinion. Taxpayers who were content to urge are now demanding a curtailment of public expenditures on works and extensions.

He will be an unpopular man who goes this year to any government in Canada to seek or to urge some new venture which will entail capital expense.

The public debts of Canada are staggering, if one considers that we are a country of 10,000,000 people with a net debt of \$8,000,000,000, or \$800 for each adult and child within the country.

10,000,000 people with a net debt of \$8,000,000,000, or \$800 for each adult and child within the country.

Here are the stupendous totals:

Table with 2 columns: Category and Amount. Includes Dominion net debt, Provincial Debts, Municipal Debts, and a total of \$8,000,000,000.

This vast burden of debt did not give us pause in the heyday of our prosperity, but with values shrunken to one-half it means that every man works one day out of every four to pay the costs of government.

This is a fact which was never contemplated. Compare it with the total debt of the Dominion Government of eighteen years ago when it was but \$336,000,000.

Canada has met all her obligations thus far. We have not been infected by the Russian fever of repudiation.

To United States bondholders alone Canada owes one billion of dollars. It is the recession of trade with that country which accounts for the discount on our dollar. For many years we have been buying more than we sold that country, and this has set up our bond borrowings from New York.

Yet the Government at Washington, in the light of the repudiation of debts by European countries, has been making a research of Canada's resources, of her mines and forests.

Within the British Empire there has been no default, though in Australia they were dangerously near it in one of the states of that Commonwealth.

We reiterate these facts so that every taxpayer in Canada shall join in the demand that all government expenditures, whether they be federal, provincial or municipal, shall be watched with understanding.

There is solace in the thought that an appraisal of the wealth of Canada shows we have assets of \$30,840,000,000, or five times what we owe.

So our Neighbour need not worry. The United States is interested in Canada to the extent of \$4,000,000,000, but only a million of this is a direct liability, the rests represents investments in branch industrial plants.

These figures, presented before, are now verified by W. A. McKague, a Canadian economist of some note.

MAKING A HERO OUT OF A GOOCH.

Mayor Walker, of New York, was given shares for which he paid nothing but out of which he made a great deal of money. It turned out afterwards that the donors were interested in civic contracts or franchises. He admits this himself, yet denies that he was in any way to blame and alleges he is the victim of a frame-up on the part of prosecuting attorneys.

Of course, these demonstrations are organized, but what is to become of a great city whose chief magistrate remains a hero and an idol after such disclosures?

EDITOR'S NOTE BOOK.

One hundred years after the termination of the war of 1812-13 there were three hundred persons in the United States drawing pensions for that war. They were women who as young girls had married aged veterans and thus qualified for pension. A year or two ago, there were eight of them still living. Your Uncle Samuel is by no means niggardly in his treatment of war veterans and their dependents although the army of bonuseers has disbanded with the contrary opinion.

Many people think President Hoover is a wealthier man than he really is, says a writer to a New York newspaper. We gather from this that he isn't, which reminds one that in time of stress and income taxes few men like to be thought wealthy—except those who are owing more than they can pay.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record, August 25th, 1902.

Frank D. Walsh, of Bedford, visited his former home in Sherbrooke for a few days.

Mrs. W. B. LeBaron returned to her home in Sherbrooke from a stay of several weeks at Dansville, N.Y.

Dr. Col. and Mrs. W. A. Morehouse arrived home from the Press Association excursion to Ontario, after spending a couple of days with their son in Montreal.

Guests of relatives in town included Arthur E. Ibbotson, of Montreal; Dr. R. G. Bray, of Stittsville, N. D.; George Peacock, of Montreal.

Dr. Stanley Banfill was able to return home from the Protestant Hospital after two months' illness from typhoid fever, during which his life was several times despaired of.

Dr. John Colby, of Stanstead, who had graduated at McGill in the spring, entered upon his duties as assistant medical officer at the Royal Victoria Hospital, Montreal.

The marriage took place at St. George's Church, Lennoxville, Rev. Canon Scarth officiating, of Harry Redfern Fraser, advocate, of Sherbrooke, to Miss Harriet Simpson, daughter of Arthur F. Simpson.

A. W. Bean sold his property at North Hatley to H. M. Atkinson, of Georgia, who commenced the construction of a summer home. A. P. Bond, of Baltimore, another summer visitor, purchased the property of Mrs. C. C. Wise.

Hon. Sydney Fisher was in town on his return from the Canadian West, where he found crop conditions excellent. He declared that 79 per cent. of the Americans who had crossed the border into Manitoba had become British subjects.

LOONBEAMS

by Ted Bullock.

Herbert Munro has me on the hip.

Gleefully, he came into the office yesterday morning. Without a word he laid Tuesday's column before me. "What's wrong with it?" I asked.

"The expression in his eye warned me that I was in for a hard time. 'Look!' he said.

"I know of no writer since Milton," I read, "with the possible exception of Shakespeare, who could have handled such a theme . . ."

What would I say? What would you have said in my place?

For two days I have debated with myself whether or not I should make this public confession of my grievous sin.

For two days I have been trying to think up alibis which would help me to save my face.

A columnist, and particularly one who is dogmatic, hates like the dickens to be caught with his shirt-tail out.

Oh, well, the incident proves once again what the column in which the offending paragraph occurs attempted to maintain, that all humans are human.

At last I have inspected the famous editorial farm on Nixon Dean's place.

The Chief took me over last night in the puddle-jumper to look at it. I approached it with a feeling somewhat akin to that which a Western Canadian experiences when he steps for the first time on the Plains of Abraham.

Any plot of ground which has been written about so much must necessarily be holy ground, I surmised.

People can talk themselves black in the face from now on about arm-chair farmers without making any impression on my Loonbeamatic hide.

The younger Bullocks will go around for a week with their little tummies bulged out.

The enormous basket of Swiss chard, beet-tops, lettuce, corn and tomatoes which I brought home from there tells me more eloquently than any editorial notes could that Alfred Wood is no slouch of a gardener.

Even more impressive than the editorial plot was the Dean farm.

Questioning its owner assiduously I drew from him the information that the really efficient farmer, the man who uses his head, neither needs nor wants government assistance or interference.

Dean has developed a splendid plant, built up on common-sense and plain business principles.

He has no magic formula for success. He works hard, is not afraid to experiment, does not set himself up as an authority.

"I know my own soil and how to treat it," he declared. But I would not venture to advise another man what he should do with his.

When he said that, I knew he deserved the widespread reputation he has gained as a remarkably successful vegetable grower.

He minds his own business. From every corner of the world for centuries people have complained that farmers are victims of this, that and the other thing.

That kind of chatter makes Dean sick. Farming, in his opinion, is just like any other kind of work. You get out of it exactly as much as you put in.

The man who is not a success as a farmer would probably be no more of a success at anything else.

ULVERTON

Mr. F. Styles was a guest at the home of Mr. and Mrs. J. A. Wadley during a recent week-end.

Mr. O. W. Cummings returned on Tuesday from a motor trip to Stanbridge East where he was the guest of friends for a few days.

Mrs. James Wadley went to Sherbrooke on Friday and was a guest of her sister, Mrs. A. J. Sealey in Lennoxville for a few days.

This community was saddened by the sudden death of Mrs. Ernest Doyle at her home here on Monday, August 15th. Deep sympathy is felt for the members of the bereaved family.

The Consolidated School will reopen after the summer vacation on Thursday, September 1st.

The Young People's Society enjoyed their annual picnic on Friday in Kingsley.

Mrs. Francis MacKinnon and son, Alexander, from New York, are guests at the home of Mrs. B. E. Reed.

Mr. G. O. Cummings spent the week-end in Montreal.

Mr. Walter Cummings, Mr. Oscar Cummings and Miss Marcia Cummings motored to Stanbridge East on Sunday and were guests at the home of Miss Ruth Laduke and Mrs. Laduke.

Letters to The Editor

A STRAIGHT PLEA FROM A FARMER IN STRAITS

To The Editor, Dear Sir:—Will you please allow me to call your attention to a few questions which I hope all in authority will put away their magnifying glasses and look at with the naked eye and reason them out on a basis of justice and impartiality.

The expression in his eye warned me that I was in for a hard time. "Look!" he said. "I know of no writer since Milton," I read, "with the possible exception of Shakespeare, who could have handled such a theme . . ."

What would I say? What would you have said in my place? For two days I have debated with myself whether or not I should make this public confession of my grievous sin.

Dean has developed a splendid plant, built up on common-sense and plain business principles.

He has no magic formula for success. He works hard, is not afraid to experiment, does not set himself up as an authority.

"I know my own soil and how to treat it," he declared. But I would not venture to advise another man what he should do with his.

When he said that, I knew he deserved the widespread reputation he has gained as a remarkably successful vegetable grower.

He minds his own business. From every corner of the world for centuries people have complained that farmers are victims of this, that and the other thing.

That kind of chatter makes Dean sick. Farming, in his opinion, is just like any other kind of work. You get out of it exactly as much as you put in.

The man who is not a success as a farmer would probably be no more of a success at anything else.

death. If the farmer with forty years of experience has become stranded, how can a Montrealer, with no experience, only with a little present of six hundred dollars, expect to exist?

We will watch the situation. They say "Back to the Land," and if it is government land I say "Back to the Brush". The fine cut of timber which should be on the lot has been sold to some individual, who became rich at the expense of the man who will sacrifice himself and maintain and cultivate this lot on burlew and buck-wheat diet.

If the ministers of Canada wish to assist the farmers, they should give them a standard price on butter, not less than thirty-five cents, for a period of three years. This would not increase taxation on home-consumed produce, but would bring prosperity to every one in Canada.

From the first days of federal government till today all with experience of administration know that the dairy industry of Canada should be the main issue. People of wealth would sooner pay a reasonable price for their produce than live at the expense of the farmer.

Today the farmers are facing their most grievous experience of history, selling their produce at nearly one hundred per cent. below cost. They are pleading for credit, which is useless. If we cannot live this year and pay our way, how can we live entirely on credit?

Credit means loss to those who borrow. All who lend, such as banks and brokers, tend to make big profits for their share-holders.

There is one question which I would ask the officials of Canada: Do you wish to give your farmers

equal rights, or do you not? If so, work for their interests and give them a standard price for butter. Close out all foreign supplies.

The dairy industry is the main source of prosperity of Canada, and as long as butter sells for the same price as axle grease, you may look forward to poverty and misery throughout your farming community. Without doubt the answer to this plea would be that the government finds it is not possible to fix a standard price for butter, but if they have millions to dig a canal, which is of very doubtful benefit to Canada, and thousands as gifts for private individuals, surely they can spare a little for the farming industry, of which butter is the chief product. This is not a question of politics, but to assure you that the farmer today is facing ruin.

Yours respectfully, ALDEN LENNON, A Farmer of Quebec Province.

CAR OVERTURNS AT FITCH BAY; GENERAL NOTES

Arthur Stevens, of Compton, and Companion Had Narrow Escape in Automobile Accident. Fitch Bay, Aug. 25. — What might have proved a fatal accident occurred late Saturday night when the car in which Arthur Stevens, of Compton, and a companion were riding ran off the road near the Braitfarm. The car overturned and landed on its side pinning Stevens underneath. Stevens was buried in mire and water and only one foot and leg was visible. His companion, who was thrown clear of the car, ran to Amos Woodard's, nearby, where help was obtained. When Stevens was dug out of the mud it was thought that life was extinct, but artificial respiration was resorted to and before the arrival of Dr. Wells, he had regained consciousness. He has now developed bronchial pneumonia and is seriously ill at the home of Clayton Smith.

General Notes

Mr. and Mrs. D. A. Hamilton and Mrs. Charles Stratton, of Beebe, were Sunday guests of Mr. and Mrs. D. J. Carr and Mrs. Seymour. Miss Muriel Johnson, of Sherbrooke, was the past week-end guest of Mr. and Mrs. E. A. Scott. Misses Gertrude and Mildred Scott have returned home after spending the past week in Newport with their uncle and aunt, Mr. and Mrs. Newton Scott. Mrs. Nellie White, of Lennoxville, was the guest of Mrs. Nettie Wyman for a few days the past week. Miss Gwendolyn Covey, of Stanstead, has been spending the past week at the home of Mr. and Mrs. E. A. Scott. Mrs. Ida Page, of Lancaster, N.H., and Mr. Paige Wilson, of Fall River, Mass., who have been visiting their brother, Mr. H. O. Wilson, and sister, Miss Clara Wilson, for the past five weeks, have returned to their homes. Rev. A. E. Teale and son, Stanley, of Granby, Conn., who have been guests of Mr. and Mrs. E. A. Scott, returned to their home on Monday, accompanied by Mrs. Scott and niece, Miss Muriel Johnson, who will spend the week with Mr. and Mrs. Teale. Mrs. C. H. Alger and three children are spending a week at Dunkin', with Mrs. Alger's parents, Mr. and Mrs. E. W. Davis. Mr. A. E. Bryant and son, Carroll, of Northfield, Vt., were dinner guests of Mr. A. A. Bryant and Miss Bryant on Friday, August 19. The W.M.S. service in the United Church on Sunday was most inspiring. The address, given by Mrs. Seaton, president of the Quebec-Sherbrooke Presbytery, was both a challenge to live a spirit-filled life, a life of power and a message of hope from the words of Isaiah 42-10 "Sing unto the Lord a New Song." Mrs. Seaton, who is an earnest, forceful speaker, stirred all hearts to renew their consecration. Beautiful flowers added to the quiet dignity of the whole service. Sunday guests at "Nestledown" were Miss C. Cathcart of Montreal; Mrs. V. Seale, Miss Seale and A. B. Tuckhurst, of Sherbrooke; Mrs. H. Tuckhurst, of Stanstead; and Mr. and Mrs. A. Gothrop, of Apple Grove. Mrs. Cathcart, who is spending the week with her friend, Miss Bryon, was the guest of Mrs. H. Tryon on Monday. Mrs. Alma Seymore, who is spending the summer with her daughter, Mrs. D. J. Carr, and Mr. Carr, enjoyed a visit from Mrs. Carr's three brothers, Charles Farmer, of Worcester, Mass., Alvin Farmer and Alonzo Farmer, and Mrs. Lenora Farmer, of Knowlton, on Monday. Mrs. Alvin Dutton, of Sherbrooke, is visiting relatives here. Misses Erma and Dolly Kidd, who have been recent week-end guests of Mrs. Nellie Young, have returned to Bishop's Crossing. Mrs. Nellie Young returned on Saturday from Barrington, R.I., where she spent the past three weeks with her niece, Mrs. Dudley. Miss May Page, of Lancaster, N.H., was the guest of Mrs. C. P. Rider on Sunday.

CAPELTON

The funeral of Mr. James Veer was largely attended by residents of the surrounding district, Mr. Veer being a lifelong resident of Eustis. Mr. W. Parker and young son, Peter, were calling on his uncle and aunt, Mr. and Mrs. A. True, on Monday. Mr. L. Johnson was a guest of Mr. and Mrs. H. Jeggerson on Sunday at Waterville. Mr. and Mrs. S. N. Cairns and daughter, Marjorie, were Sunday guests of Mr. and Mrs. H. Fuller. Mr. William Lavers, who is in the Sherbrooke Hospital, is reported to be progressing favorably. Mr. L. Johnson, Mrs. H. Fuller and Master George Fuller motored to Masawippi with Mr. and Mrs. A. R. Locke and family on Sunday, August 14, spending the day at the beach. Mr. Charles Glass and mother, Mrs. S. Glass, were Sunday guests of Mr. and Mrs. C. George at Milby.

CHERRY RIVER

Mrs. E. J. McKelvey was called to Richmond on August 17th, by the death of her mother, Mrs. E. N. Pope, who for many years had been an invalid. Mr. McKelvey and the children went Friday to be present at the funeral. Miss Randlett, a sister of Mrs. Pope, who had cared for her through the years, returned with her niece to spend some time here. Miss Pearl Smith, of Bulwer, who has been with her friend, Miss Myrtle McKelvey, for a week, returned to her home on Saturday. Much sympathy is felt for Mr. and Mrs. Maurice Powers in the death of their second child, Billy, who passed away after a brief illness at the Sherbrooke Hospital on Wednesday morning, August 17. The funeral was held on Thursday, August 18th, from the home of his grandparents, Mr. and Mrs. H. Whittier, at Magog. Rev. F. Waldon, conducted the service. Mr. Alfred Mison accompanied Mr. and Mrs. Robert Moffatt, of Magog, to Derby, Vt., where they visited Mr. Mison's sister, Mrs. Henry Squares, and Mr. Squares. Mr. and Mrs. Steve Hillier and family, of Coventry Falls, Vt., were recent guests of Mr. and Mrs. G. L. Turner and family and on August 15th Mr. Turner and family motored to Coventry to be present at the marriage of Mr. Stanley Hillier, who with his bride, as returning by motor to Riverside, Ca., after a short visit with his family. Mrs. Ella Chase, who has been nursing in Magog for several weeks, is at the home of her parents for a few days.

SCOTSTOWN

W. P. Harriman, of Dayton, Ohio, delivered the sermon in the United Church last Sunday evening. After Dr. Watt Smith had introduced him and commented on the situation which had been created by the new alignment due to the Economic Conference just concluded at Ottawa and the need for the unification of the Anglo Saxon race through the friendly feeling of Christian men, Dr. Harriman prefaced his discourse by saying that the relation between the two countries, in its Anglo Saxon context, had to be kept fluid so that they might take their part in the establishment of the kingdom of heaven on earth. His sermon was based on the theme, "The danger of failing to worship Christ" and was based on a deliverance of a noted American divine, who had published a sermon with the title, "The Danger of Worshipping Christ." Dr. Harriman is visiting with his wife and two children, Mrs. Harriman's father, Mr. Murdoch MacDonald. There was a large congregation to hear the preacher.

Mrs. John Boy is visiting and renewing acquaintances with her old friends. Her father was one of the first settlers in the town. Mrs. Boy is now living in the neighborhood of Boston. She still has some property and a number of friends in the home of her childhood.

DEATHS REPORTED

MR. HOLLIS A CAIRNS, EAST CLIFTON, QUE. — The death of the late Hollis Cairns on Tuesday, August 22, came as a shock to the community, although he had been in failing health for a year and confined to the house since early last winter, so that the end was not unexpected.

Hollis Alpheus Cairns, eldest son of Hugh Egbert Cairns and his wife Sarah Waldron Cairns, was born in Sawyerville on January 1, 1853, and had lived nearly his entire life in East Clifton, where his passing leaves a void which will not soon be filled.

On July 9, 1884, he married Sarah Harkness, of Compton, Que. Four children were born of this union.

Mr. Cairns always took an active part in both church and town. He was a member and trustee of the Methodist, later United, Church here, and leader of the choir for forty-one years.

He filled the offices of councillor and mayor for twenty-eight years, always unselfishly working for the good of the community in which he lived.

His funeral, which was held on Thursday, August 4, was largely attended, friends coming from far and near to show their respect and sympathy. The services were conducted by his pastor, Rev. E. M. Wilson assisted by a former pastor, Rev. Thos. Knowles, of Iroquois, Ont. The choir sang three old favorite hymns, "Rock of Ages," "No Night in Heaven" and "Now the Laborer's Task Is O'er."

The bearers were Messrs. Guy, Ray, Roy and Clifford Waldron, cousins of the deceased.

His vacant chair, in which he had sat for so many years in the choir, was draped in black, with a spray of flowers, a mite taken by the choir, who so deeply feel the loss of their leader, who as long as he was able never missed a rehearsal with them.

The casket was covered with beautiful flowers from sorrowing friends.

He leaves to mourn his loss his wife, Sarah Harkness Cairns, one son, Ralph C. Cairns, who resides on the home farm; an adopted daughter, Eva, one sister, Mrs. George Hodgson, two daughters, Blanche and Gussie, died some years ago.

The deep sympathy of the community goes out to the widow, who so tenderly cared for him during his illness and death.

Among those from out of town who attended the funeral were Mr. and Mrs. Edmund Stevenson and Mr. and Mrs. R. Walters, of Braintree, Mass.; Mrs. Harold Streeter and two sons, of Bernardston, Mass.; Mr. Leland Cairns, Mr. Alexander Hodgson and Mr. Lester Hodgson, of Greenfield, Mass.; Mr. Justin Curtis, of Newport, Vt.; Mr. and Mrs. Ernest Pain and two daughters, of Ocean-side Long Island; Mr. and Mrs. Hollis Abbott and Rev. Irons, of Upton, Me.; Mr. and Mrs. Albert Cairns, Mr. and Mrs. Wm. Harkness, Mr. James Harkness, Mr. Richard Weston and Mr. Judson Farrell, of Compton; Mr. and Mrs. James Marlin, Mr. and Mrs. W. Marlin, Mr. George McCurdy, Mr. and Mrs. R. W. Nutbrown, Mr. Craig Chaddock, Mr. Joel Bellam, Mr. Paige, Mrs. W. Reed and Mrs. W. Johnston, of Lennoxville; Mr. and Mrs. Walter Reed and Mr. and Mrs. W. Libbey and Mr. and Mrs. W. Wheeler, of Sherbrooke; Mr. and Mrs. John Copping and Mrs. L. Copping of Sand Hill, also relatives and friends from Eaton, Sawyerville, High Forest and Randboro.

EMERSON TYLER, COAST-COOK, QUE. — Three passed peacefully away on Friday morning, July 22, Emerson Tyler, only son of Mr. and Mrs. Fred N. Tyler, Barnston road.

Emerson, known as Tom to his playmates, was born in Barnston on October 23, 1920 and was the only son of Fred N. Tyler and Lillian Cutting Tyler. Emerson was in good health until five weeks ago when he contracted scarlet fever and diphtheria with serious complications. Despite his terrible suffering he was uncomplaining and ever making plans for the future. He will be sadly missed by his parents and two sisters, his grandfather, many immediate relatives and a host of friends.

The funeral services were held in St. Stephen's Church on Saturday, July 23, Rev. Canon Eardley Wilmet, of Compton, officiating in the absence of Rev. A. E. E. Leggo. The choir rendered two appropriate hymns, "Safe in the Arms of Jesus," and "There's a Friend for Little Children."

The bearers were six schoolmates, Winston Moyle, David May, Stanley Low, Cedric Brennan, Hubert Chamberlain and Clifford Bennett. Those who attended from a distance were Mr. and Mrs. George Hodges and son, Leon, of Island Pond; Mr. and Mrs. Walter Locke and sons Roy and Guy, of Eaton Corner; Mr. and Mrs. Robert Taylor and son, Norman, of Eusebe; Mr. and Mrs. Eugene Markwell, of Baldwin's Mills; Miss Louise Thayer, of Sherbrooke.

Beautiful flowers bore silent testimony to the esteem in which he was held.

Interment took place in the family lot in Mount Forest Cemetery.

MR. JAMES HENRY VEAR, BUSTIS, QUE. — Eustis, Que., August 25. — The death of Mr. James Henry Vear, son of the late Captain James A. Vear and Mrs. Vear, which took place at his home here following a brief illness from pneumonia, came as a great shock to the whole community.

On Saturday, August 13, he followed his usual occupation — in charge of the machinery at the mine—but next day complained of sickness. Skilful nursing and un-

remitting medical care were of no avail, however, and he succumbed to the dread disease on August 17, surrounded by his sorrowing family, and mourned by all those who knew his admirable qualities.

He was a most capable and trustworthy workman, and had been in the service of the mining company for many years or more, always in positions of responsibility and always performing his work with a keen sense of duty.

The funeral took place on Friday, August 19, the Rev. Oscar Berry, incumbent of Waterville, officiating. There was a large gathering of relatives and friends to pay a last tribute of respect to what was so widely and so well known.

The immediate family was represented by Mr. Alton Vear and family, Mr. Henry Vear and family, Mr. and Mrs. Mills, Clinton, Ceil, Roy and Olive. Relatives and friends of the deceased who were present from a distance were Mrs. Robert Moore, Cobalt; Mr. and Mrs. Charles Moore and family, Cobalt; Mr. Charles Beattie, Lyndonville; Mr. Bert Beattie Lyndonville; Mr. and Mrs. Robert Blake and family, St. Johnsbury; Mr. and Mrs. George Murphy and family, St. Johnsbury; Mr. and Mrs. John A. Vear and family, Sherbrooke; Mr. and Mrs. M. L. Howcroft, Sherbrooke; Mrs. Henry Martin, Sherbrooke; Mr. and Mrs. Frank Dore, Sherbrooke; Mr. Howard Vear, Sherbrooke; Mr. and Mrs. Decoteau and family, Sherbrooke. In addition to the foregoing all the neighbors and fellow-workmen of the deceased who could not be present were invited to attend the funeral did so.

A great number of wreaths, flowers, etc., were sent as expressions of sympathy.

Contingents of brethren from Asco Lodge, A.F. and A.M., Lennoxville, Havelock Lodge, I.O.O.F., Lennoxville, and Court True Blue, C.O.F., Capleton, also followed in the cortege, and interment took place in Malvern Cemetery, Lennoxville.

HERMITAGE COUNTRY CLUB PLAYER LEADS FIELD FOR THE LADIES' TITLE

Mrs. M. Chipman Turned in Best Gross for Opening Day's Play at Sherbrooke Country Club Yesterday—Miss E. McNaughton, of Thetford Mines, Was Second With 98—Prizes in Silver and Bronze Divisions Taken by Miss McNaughton and Mrs. Chipman, Respectively, While Miss Eileen Davis, St. Francis Golf Club, Had Lowest Gross for 36-Handicap Players.

Mrs. M. Chipman, a member of the Hermitage Country Club, led a field of forty-nine lady players yesterday in the first day's play for the Eastern Townships Ladies' Golf Championship, turning in a gross of 96, two strokes better than the total registered by a Thetford Mines player, Miss E. McNaughton.

The prizes for the opening day were well-distributed among the various clubs represented. Mrs. Chipman was the recipient of a prize for the lowest gross, while Miss McNaughton's efforts were also recognized as she occupied the runner-up position.

In the silver division, Miss McNaughton had the best gross, 98, and Mrs. H. LeRoy Shaw, of the Hermitage Country Club, registered the best net, 89, in this class. In the bronze category, Mrs. Chipman was the holder of the lowest gross, followed by Mrs. Lloyd McKee, of the Sherbrooke Country Club, with 104.

Miss Eileen Davis, of the St. Francis Golf Club, was credited with the lowest gross in the 36-handicap division. The forty-nine contenders represented the various Eastern Townships Clubs as follows: Sherbrooke Country Club, 15 players; Hermitage Country Club, 11 players; Drummondville Golf Club and Lennoxville Golf Club, 5 players; Thetford Mines Golf Club and Lennoxville Golf Club, 3 players each; Grandy Golf Club and Windsor Mills Golf Club, one player each.

CITY TITLISTS MAKE WAY INTO DOUBLES FINAL

Bob and Mac Dunsmore Advance to Final for Eastern Townships Men's Doubles Title by Defeating Gaetan Cote and A. W. Bishop by Scores of 8-10, 8-6, 7-5.

Well on their way towards repeating the feat they accomplished by winning the men's doubles title in the recent city tennis tournament, Bob and Mac Dunsmore advanced to the finals for the Eastern Townships crown last evening at the expense of a strong combination, Gaetan Cote and A. W. Bishop.

On Monday evening, the match was adjourned when darkness made the contestation of the third and deciding set impossible after Bishop and Cote had taken the initial set at 10-8 and the Dunsmores had evened matters with an 8-6 triumph in the second set. Last evening, there was little to choose between the two teams, but the city champions delivered the finishing punts to gain the third set at 7-5.

It was a nip and tuck battle which the spectators witnessed on the St. Francis clay courts. Until the seventh game, not one of the four players was able to win his service and the score stood at three-all. Up to this stage, the two brothers had held the odd-game margin, but their opponents rallied three times to deadlock the count.

Then Cote won his service and the Bishop-Cote combination assumed their first lead of the evening. This advantage was nullified when Bob Dunsmore scored his initial victory on service to again notch the score at four-all.

At the end of the ninth game, Cote and Bishop were again ahead when Bishop captured his service. Mac Dunsmore supplied the necessary punch to square matters by dropping but one point on his service and then Cote slipped to allow the St. Francis pair to saunter into a lead they never relinquished.

Bob Dunsmore rose to the heights in his service and dropped but one point to capture the game, set and match. By their victory, Bob and Mac entered the finals where they will meet the winners of the match between Connie Gregoire and Bill Beck vs. Marcel Marier and Andre Pare, of Drummondville. Owing to the absence of Gregoire, this match will not be played until Saturday afternoon when the finals will also be staged. According to present plans the semi-final match will be played at the Country Club Saturday afternoon, at two o'clock, while the finals will be set for four-thirty o'clock to allow the semi-final winners sufficient rest to meet the Dunsmore brothers. The tournament will be brought to a conclusion, apart from the veterans' singles, on Sunday afternoon at St. Francis when the Sherbrooke record trophy will be at stake. Two strong players survived from a starting field of thirty-five and will battle for the crown presently held by Connie Gregoire. They are Bill Beck, of Lennoxville, playing under the Sherbrooke Country Club colors, and Marcel Marier, of Drummondville. On the form which these two contenders have shown since the tourney was inaugurated, one of the finest matches of the summer will be witnessed to provide a fitting climax to a most successful championship play.

DODGERS FAIL IN FIRST GAME AGAINST CUBS

Chicago Raked Brooklyn Pitching for Ten Hits to Win the "Crucial" Series Opener—Phils Trounced Pirates, While Boston and Cincinnati Divided Double Header.

New York, August 25.—Victorious in their first engagement with Brooklyn's storm troops, the Chicago Cubs dug in behind a four and one-half game lead today and prepared to deal another blow for the cause—a bigger and better world series on the shore of Lake Michigan.

The Dodgers, who invaded the west with high hopes of crashing through the Cubs' barrage and again making a race out of the National League were repulsed in yesterday's encounter by seven to zero. What was more, they didn't look at all like a team that might ever stop the Chicago pennant drive.

Three of their pitchers including the brilliant Van Mungo, were pounded for ten hits, and their fielding was spotty. The Cubs, led by Billy Herman with three rousing hits, made six of their hits good for extra bases and sewed up the game with a four-run drive in the fourth inning.

Charley Root, after a wobbly first frame, settled down and held the Dodgers at bay until the seventh frame, when Bob Smith went in and finished the job. Pittsburgh failed to take advantage of Brooklyn's reverse, losing to the Phillies by nine to six, and remaining in third place. The Pirates started well, scoring six times in the first two innings but from there on it was a picnic for the slugging Phils.

Dizzy Dean did an admirable job of beating the Giants. The Cubs' accountancy yielded only five hits and drove in four runs with a home run and a single. Pepper Martin was his little helper, hitting two doubles and a single and stealing a base.

Boston and Cincinnati played a dead heat for the afternoon, the Braves winning the first game by five to two, and the Reds scoring the seven runs by three to one behind Larry Bennett's noble pitching.

Jim Levey, of the St. Louis Browns, sometimes called the most improved player in the American League this season, pounded a home run with one on in the eleventh inning to defeat the Athletics by five to three. Home runs by McNair, Dykes and Fox accounted for all the A's runs.

Monte Weaver's pitching and Johnny Kerr's timely hitting gave Washington a two to one verdict over Detroit. Kerr knocked across both the winners' runs, as Weaver scored his nineteenth victory.

Pitcher Ted Lyons scored a personal triumph over the Boston Sox by score of seven to three. In addition to keeping nine hits well spaced, the White Sox star drove in three runs with a double and two singles and scored once.

A similar achievement was credited to Charley Ruffing, of the Yankees, who racked up his fifteenth victory at the expense of the Cleveland Indians by nine to three. He pitched eight-hit ball and starred at bat with a brace of doubles and a single.

PRESIDENT HOOVER MAKES REPLY TO PROHIBITIONIST Considers Himself on Common Ground With Prohibitionists in "a Desire to Rid This Civilization of the Evils of the Liquor Traffic."

Washington, August 25.—President Hoover considers himself on common ground with the prohibitionist in "a desire to rid this civilization of the evils of the liquor traffic."

He made this statement in a letter to Dr. Daniel A. Poling made public by the chairman of the allied dry forces for prohibition. Poling had telegraphed the President endorsing him for re-election and in making public the Chief Executive's reply, made under date of August 22nd, he renewed his endorsement of Mr. Hoover.

The President's letter said, "We are on common ground in a desire to rid this civilization of the evil of the liquor traffic. We may not all agree on method, but I have come to the belief that we must, through constructive and not destructive changes, revive the energies of the states to deal with the new evils, with federal constitution guarantee against the return of the old evils."

DRAW MADE FOR FAIR WEEK TUG OF WAR EVENT

Thirteen Teams Entered for Feature Competition Sponsored by La Tribune—Eliminations Will Be Staged Thursday Afternoon, September 1, With Final in Evening.

Yesterday afternoon in Mayor Ludger Forest's office in the City Hall the official draw was made for the tug-of-war contest sponsored by La Tribune. This event will be held on Thursday afternoon and evening, September 1st, in front of the grand stand at the Exhibition grounds and, from present indications, the spacious stand will be filled to see the strong men of the Eastern Townships in action.

With Mayor Forest were Florian Fortin, director of La Tribune, Col. M. W. McAnulty and H. G. Munro. The names of the thirteen teams entered for the contest were placed in a hat and drawn against one another for the first round. The seven-man squad from Coaticook advanced to the second round by drawing a bye.

The following is the outcome of the draw: Bromptonville vs. Rand Drill.

DENMARK MAKES CHANGES IN ITS TARIFF POLICY

Important Alterations to Be Made in Import Regulation System—No Sweeping Policy.

Copenhagen, Denmark, August 25.—Statement by the Montreal Board of Trade that Denmark is about to embark on a "sweeping free trade policy" is unfounded, it was stated in official circles yesterday, but it was admitted that important changes will be made in the import regulation system.

As outlined here several groups of imports will be placed on the free list, this meaning that foreign exchange certificates will not be required to be produced by the Exchange Board, as at present. At present all imports into Denmark are subject to production of foreign exchange certificates from the official Danish Foreign Exchange Board.

From September 1st, however, a range of imports will be exempted from this stipulation, including coffee, rice, raw tobacco and raw metal. It is pointed out that no import duties are at present imposed on cattle and metals.

By his assistant, Dr. Walter Meyer.

NOVA SCOTIANS FAVORED FOR GOLF CHAMPIONSHIP

Three Nova Scotia Stars and a Single New Brunswick Representative Enter Semi-Finals for Maritime Title.

Saint John, N.B., August 25.—Three star golfers from Nova Scotia and a lone New Brunswick representative began play this morning in the semi-finals of the Maritime golf championship tournament.

If "Val" Streeter, Riverside Club champion, can vanquish the sharp-shooting Frank Melike, of Halifax, former Maritime champion, the New Brunswick player will find himself facing another bundle of trouble in the person of either "Gint" Caine, Yarmouth, defending champion, or Jack Harris Wolfville, Nova Scotia champion. The latter pair were opposing each other this morning.

In the quarter-final rounds yesterday Streeter first disposed of Major J. H. Liddell, Halifax, six and five, and in the afternoon eliminated the redoubtable G. Parker Laidlaw, Halifax, two and one. Melike came through by upsetting the sensational young Don Skinner from St. Andrews, five and four, while Caine defeated L. R. Risten, Fredericton, in an extra-hole contest. After a hard fight Harris won out over the placidly consistent Prof. E. O. Turner, Fredericton.

In the first round yesterday Melike halted the Moncton star, Dan MacNaughton, two up.

CANADIAN PULP EXPORTS SHOW GREAT DECLINE

Shipments for July, 1932, Only \$7,854,685, Compared With \$10,938,148 in Same Month Last Year.

Montreal, August 25.—Exports of pulp and paper from Canada during the month of July totalled \$7,854,685 in value which compared with \$8,693,784 in June and \$10,938,148 in July of last year, according to figures made public here. Exports of paper showed a considerable decrease both from the previous month and the corresponding month of last year while the value of pulp exports showed a small increase over the June total, but fell below last year's July figures.

Exports of paper in July were valued at \$6,515,107, comparing with \$7,967,598 in June of this year and \$8,492,920 in July of last year. Pulp shipments carried a value of \$1,339,578, and this figure compares with \$1,269,166 in June of this year and with \$2,475,628 in July, 1931.

MARATHON SWIM FEATURED BY DECIDEDLY WARM WATER

Cold, Greatest Enemy of Marathon Swimmers, Banished as Lake Ontario Reaches Temperature of Seventy Degrees.

Toronto, August 25.—Thirty-six fair natures seeking fame and fortune awoke today fit and ready to undergo medical examination in preparation for the plunge tomorrow in the women's professional marathon swimming race to be held in conjunction with the Canadian National Exhibition.

ANTI-JAPANESE BOYCOTT TAKES VIOLENT TURN

Four Bombs Thrown into Chinese Store at Hankow Accused of Handling Japanese Goods.

Hankow, China, Aug. 25.—The "Blood and Iron Society's" anti-Japanese boycott campaign took a violent turn today when a group hurled four bombs into a Chinese store accused of handling Japanese goods. The store was wrecked and two clerks injured.

The incident served to increase the tension here with residents fearing further violence, but authorities appeared to be carrying on routine investigation.

The Chinese Chamber of Commerce, meanwhile, exhorted merchants to cease handling Japanese goods as a means of stopping the outburst.

PLAN TO TAKE AIR VIEWS OF ECLIPSE AT DERBY, VT.

New York, Aug. 25.—From an aeroplane four and a half miles above the earth three men plan to make pictures of the solar eclipse next Wednesday for the Sprout observatory of Swanton College.

The pictures will be taken over Derby, Vt., using special equipment they hope to buy pictures of the solar corona larger than it has been pictured before, and of the moon's shadow speeding across the earth.
