MESSAGE FROM THE MAYOR OF MONTRÉAL

I would like to welcome your borough, which will be joining the Montréal Web network in broadcasting borough council meetings as of January 2015.

I also would like to thank Mr. Dimitrios (Jim) Beis for this initiative that will enable your community to access municipal news as well as borough council decisions. This new development clearly shows that working in harmony helps to improve the quality of life of residents. I believe that a well informed Montrealer is a Montrealer who can take an active part in municipal life.

As you know, the Montréal and borough councils share many goals. One of these is keeping families in our communities. I know that your borough council works hard to rise to this challenge. With no doubt, the forthcoming Pierrefonds West project will help us reach this common goal.

Dimitrios (Jim) Beis

MESSAGE FROM THE BOROUGH MAYOR

Action in Pierrefonds-Roxboro Borough!

«Effective communication between the council and the community is the key to knowledgeable and productive participation.»

Dimitrios (Jim) Beis - January 2013

It is with a great number of citizens getting implicated and involved in the Pierrefonds-Roxboro Borough that touches the lives of so many in our community and their participation is essential.

In the January 2013 municipal magazine, I pointed out the importance of communication between the elected officials and the citizens. In this perspective, I wanted to make the Borough Hall more accessible to citizens by joining the Webcast of Ville de Montréal. As of January 2015, a click away, you will have access to an additional tool allowing you to easily follow the municipal current affairs of your borough. And to maximise proximity services and community involvement, I am considering in 2015 to hold satellite Council meetings in the Bois-de-Liesse District, and as well as in the Cap-Saint-Jacques District. I encourage the citizens to submit their comments and suggestions.

I would like to take this opportunity to acknowledge the exceptional work of the Borough Directors and their teams for their contribution in day-to-day operations. Their expertise and professionalism is noticeable! Together we meet our objectives with regards to the administration of a responsible budget.

In the course of this first year, there has been action in Pierrefonds-Roxboro. A number of infrastructure projects have been executed in the streets of the borough. On the one hand, 10 million dollars has been dedicated to roadway restoration, paving, sidewalks and water mains; through funding of 8.6 million dollars from Ville de Montréal. On the other hand, one million dollars has been assigned by the borough for the maintenance, the upgrading and the addition of site amenities in several parks and green spaces such as: Alexander, Anderson, Brook, des Coopérants, Gravel, Montgomery, Monk, Léo-Marceau, Rita-Marceau and Versailles. In addition, work to bring infrastructure up to standards has been financed at 90 % by Ville de Montréal, an amount close to \$500,000. Overall, we can say that many projects have been completed this year.

When it comes to accomplishments in the Pierrefonds-Roxboro Borough, it means also continuity in our initiatives to alleviate road congestion on our territory, not only for our citizens but for our neighbours in the West Island as well. The centralizing project: the creation of a road in the right-of-way of Highway 440 is the major project and a priority for our administration! Simultaneously, we will persevere in our approach while continuing to implement traffic calming measures and our campaigns to sensitize citizens regarding public transit. It includes that I continue to add my voice to citizens so that the incentive parking spaces at Roxboro-Pierrefonds rail station of AMT stays free and accessible to all.

Also, taking into account the consequences on the lives of citizens, we have immediately asked Canada Post to suspend its decision to gradually eliminate door-to-door mail delivery and to initiate dialogue with the municipalities. I am specifically thinking about our seniors and the safety of our citizens, not to mention the impact that the common boxes will have on our environment. In addition, this decision may have a negative impact on our citizens working in Canada Post's two distribution centers in Pierrefonds-Roxboro.

Thank you for the confidence and support you give me every day when I take part in the many activities and programs offered in Pierrefonds-Roxboro. Inform, serve and protect the interest of our citizens are part of the preoccupations in the decisions taken by our administration.

Wishing you a great fall season!

MESSAGE FROM THE CITY COUNCILLOR - BOIS-DE-LIESSE DISTRICT

What constitutes a community?

A community, at its most basic, is a group of people living in the same area or sharing a common interest or heritage. A community is not an entity that arises spontaneously, rather it must be created through the consensus of its individual members expressing their willingness to belong to it. It must then be cared for if it is to thrive.

In this month of thankfulness, I can say that I am thankful of course for family, friends and health; I am also thankful for community, and for the opportunity to be of service to my community. I am thankful for the many different creators and caretakers of the community whose roles may vary from those who help their neighbour, to those who volunteer their time to a benevolent organization, to those who participate in the democratic instances such as borough council, sharing with council members their own thoughts and ideas as to how to better our community, and many others each contributing in her or his own way to the wellbeing of the community.

The role of a municipal government is to create the infrastructures and to put in place the services necessary to a community, but it is the people who breathe life into it. Without the cyclists using the bike paths, joggers on the trails, roads and sidewalks, kids in the parks, commuters stopping to buy coffee at local businesses, it would all be an enormous empty framework.

Let's enjoy our community and strive to reinforce the bonds that strengthen it. As always, I invite you to share your ideas and opinions with me at any time, and with the borough council at our monthly council meetings, which take place at 7 p.m. on the first Monday of each month.

Happy Thanksgiving!

Roger Trottier
Borough Councillor

MESSAGE FROM THE BOROUGH COUNCILLOR - BOIS-DE-LIESSE DISTRICT

Today's way of life

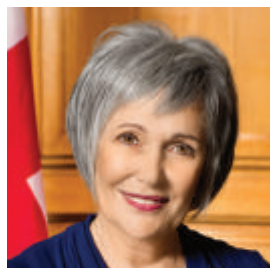

In today's world, changes happen so rapidly that we sometimes experience a hard time following the rhythm.

In the old days, we had families with ten children. Today, after generations of very few children, statistics now indicate a new baby boom, with sometimes 2 to 4 children per household. The Quebec Government Family Policy allows parents to anticipate a more optimistic view of their future.

Fortunately, when both parents work, different groups provide help with homework in order to support children in their efforts to succeed in school.

Many parents encourage their youngsters' participation in sporting activities. Fortunately, we can count on volunteers who offer both their time and experience in various sports such as, soccer, hockey, figure skating, gymnastics, etc. What a wonderful opportunity to make friends, maintain a good health, improve their quality of life and including their grand-parents in their activities.

MESSAGE FROM THE CITY COUNCILLOR - CAP-SAINT-JACQUES DISTRICT

Popular nature: The large parks of Pierrefonds-Roxboro

Did you know that year after year, more than 800,000 people visit the Cap-Saint-Jacques Nature Park and 300,000 people visit the Bois-de-Liesse Nature Park.

These two beautiful sites, which are valuable natural resources, are part of the Network of large parks located on the island of Montréal. They are located at each end of our borough and are managed by the Direction des grands parcs et du verdissement of Ville de Montréal.

At Bois-de-Liesse Nature Park, you can find, in the center of the garden, the Pitfield house. A building of a charming architecture, where weddings and other events can be held in a beautiful setting.

As for the Cap-Saint-Jacques Nature Park, upgrading work will soon be executed: The renovation of the hoods of the roof of the turtles observatory at la Pointe-Madeleine has become necessary after 25 years.

Regardless of the reason, you can enjoy a wide variety of activities in each of these parks. In early fall, I suggest hiking through one or the other of the parks to admire the beautiful fall colors. Especially, as the beauty of the respective sites expose a rich variety of wildlife, a flora; a biodiversity which enhances the quality of life in Pierrefonds-Roxboro.

It comes as no surprise that our nature parks are visited by more than one million visitors each year. In all seasons, the scenery is enchanting and the clean air feels good.

Enjoy your walk!

Borough Councillor

MESSAGE FROM THE BOROUGH COUNCILLOR - CAP-SAINT-JACQUES DISTRICT

Pierrefonds-Roxboro, in business...

In order to ensure its growth, Pierrefonds-Roxboro must offer a stimulating business environment. An environment where entrepreneurs must, first and foremost, place the citizen at the heart of their concerns by offering clear and simple services. All of that in a harmonious framework that will allow our entrepreneurs to create wealth and to promote the creation of high-quality jobs.

While keeping in view the economic development of Pierrefonds-Roxboro, it is more important than ever to ensure a greater balance between entrepreneurship, workers and citizens, and therefore to continue our efforts to encourage inspiring working, high-quality and safe living environments, and increased entertainment and business services.

It is also our responsibility to ensure that current by-laws aim to define and regulate that balance. Even if our by-laws already meet a high percentage of citizens and companies concerns, sometimes, however, the borough cannot directly address certain situations because they are the responsibility of other political or administrative bodies.

The borough will be soon addressing the economic growth issue as part of its ongoing strategic planning exercise. Rest assured that values such as social solidarity, civic engagement, recognition of entrepreneurship and success, appreciation of our heritage, etc. will be at the forefront of this vision. I hope for dynamic neighborhoods, inspiring living spaces and a recognized quality of life combining creativity, collaboration, sustainable development and culture.

Together, let us have a borough that meets up to our expectations.

SNOW ALERT:

SNOWPLOW IN THE STREET, CARS IN THE DRIVEWAY!

Following the success of the “Snow Alert” pilot project last year, the Borough of Pierrefonds-Roxboro has decided to permanently implement the “Snow Alert” campaign throughout its territory. Therefore, during and after a snowfall, citizens are asked to park their vehicles in their driveways. By doing so, citizens will allow borough teams to remove snow more quickly and efficiently.

LEGAL OBLIGATION

The Borough is counting on the collaboration of citizens to improve snow clearing operations. In the meantime, the Borough is in the process of modifying its parking by-laws in order to render the no-parking an obligation during a “Snow Alert”. Therefore, and as of November, the non-respect of a parking prohibition during a “Snow Alert” will be considered an offence liable to a minimum \$40 fine.

LAUNCHING THE ALERT

Once the precipitation quantity reach the snow clearing operations launching level, a “Snow Alert” will be announced on the Borough’s electronic billboards, website and Twitter (twitter.com/pfds_rox). The alert must be respected until its end which will be announced the same way.

SERVICES AND PROGRAMS FOR INDIVIDUALS WITH A DEFICIENCY

Ville de Montréal and its 19 boroughs have committed to rendering – in their field of practice – universal accessibility a reality. This approach has a unique purpose: That everyone who lives with a deficiency be able to benefit fully from his or her borough!

ACCOMPANIMENT IN LEISURE PROGRAM

The Accompaniment in Leisure Program aims to promote the accessibility of leisure activities for persons with a deficiency and who needs assistance to participate.

When a person with a deficiency signs up for a recreational activity offered by a recreational organization of his community or a municipality, a subsidy might be paid to them to meet the person's accompaniment needs.

The deadline to register is the end of March. The documents are available on Altergo's website beginning of January.

LA GRANDE BIBLIOTHÈQUE ET ARCHIVES NATIONALES DU QUÉBEC: A UNIQUE SOURCE OF DIFFUSION

La Grande Bibliothèque offers, free of charge, a range of services adapted to the needs of disabled persons. These services aim to promote inclusion and to facilitate physical and intellectual access to information.

Disabled persons can take advantage of personalized services provided by competent staff especially trained to meet their reading and information needs. Based on a human approach and respectful, these services include:

- welcome, orientation and on-site support;
- locating and handling documents as required;
- reference and research assistance;
- helping the users of adapted equipments;
- guided tours and adapted activities.

Like all members of La Grande Bibliothèque, disabled persons have free access to all public collections. In addition to that, some collections are specifically intended for people with disabilities such as large print books, books and magazines in adapted media, descriptive films for the blind and visually impaired and movies with subtitles for the deaf and hard of hearing.

In this spirit of inclusion and since February 1, 2010, the Service québécois du livre adapté (SQLA) digital audio collection is accessible to all Quebecers with perceptual disabilities.

Lectures and workshops for adults

EMOTIONAL INTELLIGENCE

with Daniel Citrome

This lecture demonstrates that as humans we have both an "emotional brain" and a "thinking brain", and how the interaction and interdependency between our two brains affect our behavior.

**Wednesday, November 5, at 7 p.m.
Compulsory registration**

THE WAR OF 1812

(for Remembrance Day)

with Bruno Paul Stenson

In this lecture we see how Napoleon and the American expansionism helped create a Canadian identity at the expense of an Amerindian nation. Oh, yes, we also see how we clobbered the Americans!

**Tuesday, November 11, at 7 p.m.
Compulsory registration**

BY-LAWS

WINTER SHELTERS

- it is permitted to install one winter garage, one winter doorway shelter and one winter tunnel on a single property between November 1 and April 15;
- shelters have to be installed at least 2 m from the edge of the street or the roadway and at least 1 m from the sidewalk as the case may be;
- the structure of these shelters will have to be covered in a tone of white fibrous synthetic canvas, waterproof and fireproof;
- the maximum height of a winter shelter is 3 m.

Please note that the non-compliance with legislation on temporary shelters is considered an offence liable to a fine for each requirement not respected.

MINIMUM DISTANCE BETWEEN THE SHELTER AND THE SIDEWALK: 1 M

MINIMUM DISTANCE BETWEEN THE SHELTER AND THE CURB: 2 M

SNOW REMOVAL

It is forbidden to throw snow or ice on public roads. This goes also for the snow removal contractor you hire. Remember that you are responsible for the work done by the contractor.

Report damages to your property's landscaping caused by the Borough's snow removal equipment to the Public Works Department no later than May 15.

NUISANCE AND ORDER

To maintain order and ensure citizens' peace, it is forbidden to use bells, whistles, chimes or other noise producing items or machines (such as radios, sound-systems, televisions or musical instruments) outdoors between 11 p.m. and 7 a.m.

WINTER PARKING

Don't forget that it is illegal to park on the streets between 1 a.m. and 7 a.m., from November 1 to April 1.

PARKING RESERVED FOR HANDICAPPED PERSONS

According to the Road Safety Code, it is prohibited to park a vehicle in a parking space reserved for handicapped persons unless such vehicle displays a sticker or plaque issued for a handicapped person.

PARKING RESERVED FOR FIRE VEHICLES

The Canadian Fire Prevention Code prohibits parking of a vehicle in such a way as to block access to fire department vehicles in places where a sign indicates the No Parking zone.

PARKING OF RECREATIONAL VEHICLES

It is forbidden to park or store a recreational vehicle measuring more than 6 metres in length in a residential front yard, unless it is more than 15 metres from the street. Exceptions are made on weekends, starting Fridays at 4 p.m., and on holidays.

It is forbidden to park in-season* a recreational vehicle that measures 6 metres or less in the front yard except if the land is built and there is only one such vehicle.

It is forbidden to park off-season** a recreational vehicle in most residential zones; however, on land where detached, semi-detached or contiguous one-family dwelling are allowed, no more than three such vehicles can be parked in the back or side yard. They must not occupy more than 30% of the back and side yards surface.

* IN-SEASON PARKING:

Parking or storing a winter recreational vehicle in winter or a summer recreational vehicle in summer.

** OFF-SEASON PARKING:

Parking or storing a winter recreational vehicle in summer or a summer recreational vehicle in winter.

SUMMER SEASON

Between April 16 and October 31

WINTER SEASON

Between November 1 and April 15

It is forbidden, at all times to park or store a recreational vehicle in an off-street parking space required by a zoning by-law, except in residential zones where detached, semi-detached or contiguous one-family dwelling are allowed.

It is forbidden to park or store a recreational vehicle in the part of the driveway bordering the street, at all times.

JUST A REMINDER

PERMITS AND CERTIFICATES OF AUTHORIZATION

A permit or a certificate of authorization is not always required to carry out some maintenance work.

For more information call the Construction and Building Inspection Division at 311 or come to the Borough Hall, 13665, boul. de Pierrefonds. The personnel will inform you on pertinent rules and standards.

SERVICE IN RELATION WITH SUSTAINABLE DEVELOPMENT

You can send us your drawings and documents required for a permit or certificate of authorization application electronically (PDF format), saving paper, time and money.

The email address is the following: permis@pierrefonds-roxboro.qc.ca. However, the request and the payment must be made at the Borough Hall.

COLLECTIONS

BRANCHES COLLECTION AS PART OF THE EMERALD ASH BORER CONTROL PLAN

It is forbidden to dispose of deciduous trees branches (such as maple, ash, oak, poplar, etc.) as well as evergreen trees branches longer than 1 meter and more than 5 cm of diameter in the green waste or in the garbage bin. These branches must be disposed of separately.

Procedure

Garden maintenance done by the citizen

The borough offers a free collection service of branches resulting from regular garden maintenance done by the citizen. In this case, branches must be placed ends toward the street and leaves toward the property.

No need to call 311.

Borough teams will drive through the whole territory to carry out a systematic collection.

Delay

Depending on weather conditions, a period of 15 working days is required once the branches are placed along the street.

Deadline

This free service is offered until Friday, October 24, 2014, inclusively.

ATTENTION:

TREE FELLING AND MAINTENANCE PERFORMED BY A CONTRACTOR

The private arborist is responsible for the disposal of branches and trunks of trees he fells or maintains.

RECYCLABLES: HOW TO POSITION THE RECYCLABLE MATERIALS BIN FOR COLLECTION?

Recyclable bins collection is mechanized. Therefore, you should respect the following instructions:

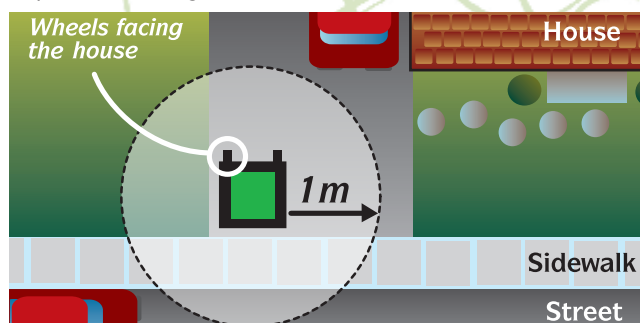

Image courtesy of the Borough of Saint-Laurent

- place the bin at the curb the day before collection after 8 p.m. or on collection day before 7 a.m.;
- the bin should be placed on your property, wheels and handle on the side of your house. Never place the bin on the sidewalk or street;
- place the bin at 15-30 cm (6-12 inches) from the curb (the recycling bin should never be placed in the street or on sowbanks);
- the recycling bin should be easily visible and accessible to the operator at all times.

MISPLACED BINS WILL NOT BE EMPTIED.

COLLECTIONS

GARBAGE, RECYCLABLES, HOUSEHOLD HAZARDOUS WASTE, GREEN WASTE, AND NATURAL CHRISTMAS TREES

GREEN WASTE AND DEAD LEAVES COLLECTION

Accepted containers

The only accepted containers are: paper bags and reusable rigid containers.

Plastic bags will not be picked-up.

Evergreen small branches

Evergreen small branches (cedar, fir, pine, spruce, etc.) no more than 1 meter long and 5 centimetres in diameter, tied in bundles are now accepted in the green waste collection on the dates indicated in the calendar. Outside of this period, these branches will be allowed in the garbage collection.

Deciduous trees branches

For branches of deciduous trees (maple, ash, oak, poplar, etc.), please see page 15.

NOTES

Household Hazardous Waste

Household hazardous waste collection will take place at the Fire station, located at 13795, boul. de Pierrefonds.

Recyclables

Dates in this table apply to residential sectors and schools. There is no collection of recyclables in businesses and industries.

Garbage

For buildings of 9 units or more, schools and businesses, the collection is performed twice a week, on Mondays and Thursdays.

Hours

Containers must be placed in front of the building, after 8 p.m. the night before and no later than 7 a.m. the day of pick-up.

THE EMERALD ASH BORER: QUESTIONS AND ANSWERS

The traps that were installed in the borough this summer have confirmed the presence of the Emerald Ash Borer (EAB) almost everywhere on the territory. Many of you are concerned for your trees and are asking about their options. Here are some answers to the common questions.

Q: Do I have ash trees?

A: Ash trees (of the genus *Fraxinus*) are tall growing trees that have compound leaves made of 5 to 11 leaflets.

The branches and the leaves are opposite (facing one another).

The bark of a mature tree has a regular diamond pattern. EAB only feeds on ash.

Q: Are my ash trees infested by the EAB?

A: Some symptoms may indicate that a tree is infested (shoots growing from the trunk, thinning of the crown, woodpecker holes). However, the only way to confirm the presence of the EAB is by stripping the bark from the branches, a painstaking and costly task for an ash owner. It is not necessary to confirm the presence of EAB in an ash to take action. The real question is: "Are my trees healthy (treatable) or withering (untreatable)?"

Q: Are my ash trees healthy (treatable)?

A: Do your ash trees have major wounds on the trunk? Is their structure presenting several dead branches? Do you see a thinning of the crown? Here are few elements to observe during the evaluation of your trees. Although many withering symptoms are not caused by EAB, it's not recommended to treat ash trees with more than 30% of dieback. An arboriculturist can help you to evaluate the condition of your trees.

Withering ash tree

Q: If my ash trees are healthy, how can I protect them?

A: At this time, only preventive treatments exist. Ville de Montréal has chosen to use TreeAzin, a low-impact pesticide which is safe for human health and the environment. This treatment must be applied every two years for the rest of the tree's life. The treatment must be applied between mid-June and the end of August. The cost of the treatment depends on the tree trunk's diameter. We suggest that you ask for several bids and you can request that your neighbours participate in order to get a better price. You will find the list of certified arboriculturists for TreeAzin treatment on the Société d'arboriculture du Québec website: siaq.org

We recommend that you compare the cost of cutting and replacing versus the cost of the treatment. Other benefits such as creating a shaded area, oxygen production, privacy, the presence of wildlife and property value increase should be considered when comparing the "costs" related to the loss of a tree.

Ash tree treated with the injection of TreeAzin

Q: If my ash trees are withering or untreatable, what should I do?

A: You should not wait to remove withering ash trees that could turn into a source for the spreading of the EAB. Cutting must be done between October 1 and March 15 and is subject to the issue of a tree cutting certificate of authorization by the borough. A dead ash quickly becomes a hazard and may cost more to have it removed. The problem will only get worse if you choose to wait. Wood disposal measures apply.

Q: Which tree do I choose to replace my ash trees?

A: Many trees will die and be cut down because of the EAB. This could have an important impact on your neighbourhood's quality of life and condition. To limit these impacts, it is suggested that you replace the cut trees or plant more if you have few trees. Many species can offer the same benefits as ash trees. However, avoid planting species that are overly present on your lawn or in your neighbourhood. Biodiversity must be the key to prevent important consequences of infestations like the EAB.

ENVIRONMENT

For more information about trees and shrub plantations, consult the website espacepourlavie.ca/en/what-look-when-choosing-trees-and-shrubs and visit your local garden center.

Q: Does the borough of Pierrefonds-Roxboro have a plan to protect its public trees?

A: In 2014, 150 public ash trees were treated for conservation. 8 EAB traps have been installed and branches have been stripped of their bark in order

to monitor possible infested trees. Inspectors have travelled throughout our streets and parks to inventory and evaluate the health condition of public ash trees. They established which trees were treatable and which were untreatable. Tree felling will be done during fall and winter throughout the borough for the trees that cannot be treated or that are infested. The Montréal action plan against EAB is available on the following website: ville.montreal.qc.ca/agrile.

ECO-FRIENDLY HALLOWEEN

The eco-quartier urges you to rethink the way you celebrate Halloween this year by making it a more healthy and eco-friendly holiday. Here are some tips:

- give children going door to door fruits or chocolate that was responsibly produced;
- avoid toxic make-up;
- replace the pumpkin by a ghost made out of used plastic containers, or make a pumpkin out of papier-mâché or other materials laying around the house;
- instead of buying a new costume, consider borrowing one that a friend wore previously or consider building one yourself using materials you already have on hand, be original and be crafty;
- when buying lights, make sure to

purchase LED lights, they last longer and use far less electricity than old sets with incandescent light bulbs;

- make sure to make full use of your pumpkin, compost it when you are done with it and toast the seeds to eat them;
- if you are hosting a party, make sure to use reusable plates, cups and cutlery and make sure any disposable items you buy are recyclable;
- if you are going out in the neighbourhood on Halloween night, walk or use a bicycle and leave your car at home;
- after Halloween is over, save your costume to be used by yourself or someone else on another occasion.

Happy Halloween!

WHAT TO DO WITH HOUSEHOLD HAZARDOUS WASTE?

VILLE DE MONTRÉAL'S ECOCENTERS

Ville de Montréal's ecocenters enable you to dispose of your household hazardous wastes anytime free of charge. A proof of residence "Ville de Montréal" and a proof of identity with photo are required to access the ecocenters. The closest ecocenters are: Acadie, Côte-des-Neiges and LaSalle ☎ 514 872-0384.

The entire ecocenters list is available on: ville.montreal.qc.ca/ecocentres.

ÉCO-QUARTIER PIERREFONDS-ROXBORO

The following hazardous materials can

be dropped off at the éco-quartier during opening hours: Batteries, small electronic devices, ink and toner cartridges, compact fluorescent and halogen light bulbs, and wine bottle corks.

COMPOSTING: SOME TIPS FOR THE WINTER

Composting always seems easier in the summer and more difficult during the winter. Here are some tips that might help you:

- keep the path to your garden composter clear, compostable materials can continue to be put into your garden composter throughout the winter months. Please note that they will likely not begin to decompose before the spring thaw;
- keep a vermicompost bin in your house throughout the winter months. Worm compost bins are a great way to keep composting during the winter months.

WEST ISLAND COMMUNITY SHARES

1 in 5 West Islanders needs the help
of a local community group. Our mission
is to make sure these West Islanders find
the help they need close to home. We do
this by raising crucial funds for 38 West
Island community groups. You can make
a difference close to home. To make a
donation, go to communityshares.ca or
call at 514 695-8694, ext. 103.

LAKESHORE GENERAL HOSPITAL FOUNDATION

The Lakeshore General Hospital Foundation
is inviting you to its annual fundraising
