## ALLIED FORCES RAPIDLY APPROACH COLOGNE IMPORTANT EASTERN FRONT LINE BREACHED

### Powerful U.S. 1st Army Today Within Five Miles Of Cologne After Breaching Ruhr Defence

Despatches Trickling Through Security Silence Indicate that Allied Forces Are Making Rapid Progress.

By JAMES M. LONG  
Associated Press Staff  
Paris, March 1.—(AP)—Powerful U. S. 1st Army poured today through breached defences within five miles of Cologne, placing the great Rhineland metropolis under siege.

To the north, the U. S. 9th Army burst closer to the Rhine banks and increased the peril to the rich Ruhr in gains still masked by security silence. North of them the 1st Canadian Army fought desperate German resistance on the northwest approaches to the Ruhr. The U. S. 3rd Army astride the Moselle valley crashed well past the outer defences of Trier, reaching the vicinity of Irach, two and a half miles from Trier, one of the toughest fortresses cities in Western Germany. Trier was imminently threatened with encirclement and columns fanned around its settlements on the southeast, southwest, west and northwest.

Canadian and British troops fought strongly with armor to break the enemy's last ditch stand in three places of the Hochwald gap between Weeze and Kerkenheim, within twenty-two miles of the great Rhine port of Duisburg and less than ten of the Ruhr city of Wesel across the Rhine.

The Canadian and American 9th armies were within twenty-five miles or so of a junction which might trap thousands of Germans west of the Rhine.

Allied warplanes were keeping a vigilant "Watch on the Rhine" for signs of a mass retreat eastward and shot up clusters of river barges and tugs at one point.

A wholesale withdrawal of Field Marshal Rundstedt's mauled and bleeding armies has not yet begun across the river, Roger D. Greene, Associated Press war correspondent, reported from Field Marshal Montgomery's headquarters.

U. S. 1st Army tanks, self-propelled guns and infantry with bayonets and flame-throwers rumbled across the Erfurt river before Cologne into several bridgeheads in increasing numbers. Armor fanned out. Infantry widened the crossings under heavy artillery fire.

A prisoner reported that German troops before the 9th Army had been ordered to fall back east of the Rhine.

U. S. 1st Army field officers were quoted in dispatches as expecting only a delaying action before Col-

### Russians Continue Drive To Isolate Northern Garrisons

London, March 1.—(AP)—The Russians have crossed the Inha river defence line east of Stettin in their offensive toward the Baltic, the German high command said today, and Moscow dispatches said a large section of Eastern Pomerania appeared to have been virtually cut off.

Col.-Gen. A. K. Sokolsky's artillery had the Danzig-Stettin coastal railway under fire in several sectors and there is no traffic moving from east to west," said a Moscow dispatch from Eddy Gilmore, Associated Press correspondent.

The German communique said Marshal Gregory Zhukov's 1st White Russian Army forced the crossings of the Inha, a river flowing in an east-west direction to Starogard, a stronghold nineteen miles east of Stettin, then turning north toward the Baltic.

Farther east, the Germans said, Marshal Konstantin Rokossovsky's 2nd White Russian Army forced the Germans into another retreat south of Bublitz, twenty-two miles from the coastal railway, whose capture the Russians announced last night.

A retreat southeast of Rummelsburg, fifteen miles east of Bublitz, also was reported by the Germans. Earlier, German broadcasts said Marshal Rokossovsky had plunged twelve miles north of Bublitz to Polnow, only sixteen miles from the railway and thirty miles north of captured Neustettin.

Gilmore said Kolberg, Koeslin and Schlawe, a string of cities spaced twenty-five miles apart from southwest to northeast on the Stettin-Danzig railway appeared to have been cut off from one another by artillery fire brought within range by Marshal Rokossovsky's armored and motorized swoop.

Scarp fifteen miles east of Schlawe, appeared to have been caught in the area blocked out by the Russians, he added.

Tanks and mobile infantry were receiving cavalry support in the northward surge toward the Baltic.

Telling of the capture of Neustettin, big communications hub, Red Star said "demoralized Germans surrendered one position after another" and quickly gave up the stronghold.

On the Berlin front, Moscow dispatches said there were indications the Russians had finally begun large-scale operations across the Neisse in the thick defence zone between that river and the Spree.

This is in the "East Wall" which the Germans have prepared as Berlin's southeastern defences.

The fighting continued to be violent in Breslau, Silesian industrial capital where the Russians had won about a fourth of the city and virtually all the important suburbs.

German broadcasts frankly admitted that German forces in Dan-

### THREE HANGED FOR MURDER OF ONTARIO WOMAN

Triple Hanging at Fort Frances Write Finis to One of Most Brutal Slayings in History of Ontario.

Fort Frances, Ont., March 1.—(AP)—Finis was written on a basement jail gallows early today to Ontario's "Hot Stove" murder case as three men hanged for the torture slaying last July of Mrs. Viola Jamieson in her home at Flanders, Ont.

The brothers Skrypnik, 38-year-old George and 23-year-old Anthony of Atikokan, Ont., and 23-year-old William Schmidt, of Fort Frances, paid with their lives for what was once described by a police official as one of Ontario's most ghastly crimes.

None but authorized persons were allowed near the jail as midnight approached. Inside it was reported the three men spent their last hours reading their Bibles and talking. In a nearby modest home, Mr. and Mrs. Schmidt prayed for their son in his last night.

A fourth man in the case, 19-year-old Eino Tilonen, had also been sentenced to death, but had his sentence commuted to life imprisonment.

Mrs. Jamieson died in hospital July 2, 1944, from burns covering 75 per cent of her body. Before she died she told of being tortured by four men who held burning newspapers to her limbs and finally held her on a hot stove in an effort to make her reveal the hiding place of her money in her Flanders, Ont., home, 45 miles east of here.

At their trial last September, the men admitted they had gone to the woman's home in search of a large sum of money—some \$40,000—which they believed hidden there. They applied the torture when they failed to find it.

### POLICE DETAIN MONTREALER IN CAFE SLAYING

Restaurant Owner Claims Former Soldier Knocked One-Time Companion to Floor and Booted Him.

Montreal, March 1.—(AP)—A 27-year-old man was being detained today as a material witness in the death of Pte. Lionel Deslandes, a 31-year-old soldier fatally beaten and booted in a downtown St. Lawrence Boulevard restaurant last night.

Police said the material witness whose name was given as Francois Mederic Courcelles was arrested twenty minutes after Pte. Deslandes had died and held as evidence a pair of heavy steel-shod, calf-length boots.

Police said the two men at one time were members of the same army unit. Papers found on Deslandes' body identified him as an artilleryman stationed at the Longue Pointe Ordnance Depot.

Evidence collected by detectives from the restaurant owner, Frank Rossi, showed that Deslandes was having a soft drink when Courcelles entered the premises. Rossi told police that Deslandes pushed Courcelles in the back and the other pushed him back.

Deslandes allegedly returned the push and was met with a knee to the groin and a punch to the face which knocked him unconscious to the tile floor.

Courcelles was then alleged to have crushed the victim's head to the floor with a number of heel and toe

### QUEBEC HOUSE STILL DEBATES DRAFT ISSUES

Chalout Amendment to Motion Criticizing Conscription Move Is Declared Out of Order by Speaker.

Quebec, March 1.—(AP)—Members of the Quebec Legislative Assembly yesterday considered an amendment to a motion by Rene Chalout (Ind., Quebec County) which protested against conscription for Overseas service, but the amendment was ruled out of order by Speaker Tache. Debate on the original motion will be resumed today. The House did not sit last night.

Cyrille Dumaine (Lib.—Bagot) proposed the amendment which said the Legislature "ardently protests against the imposition of conscription in Canada for Overseas service, and extremely regrets that an infamous plot has forced Mr. King (Prime Minister Mackenzie King) to abandon the voluntary system."

The amendment, which was seconded by Joseph Pillion (Lib.—Lake St. John), asked: "That this House instantly ask the Federal Government to return to the voluntary system which is the sole means to win the war, and to safeguard national unity."

Mr. Chalout's motion said: "This House ardently protests against the imposition of conscription in Canada for Overseas service, and regrets extremely that Mr. King has broken his most sacred pledges."

Mr. Dumaine challenged the Speaker's ruling on the amendment, but it was put to a vote in the House and carried 46-33.

L. P. Lizotte (Lib.—Kamouraska) said he was opposed to conscription because "it is not the best way to

### Germans Gain In Italian Fighting

Rome, March 1.—(AP)—German raiding parties, striking across the Reno River south of the Russi-Lago road, about 17 miles inland from the Adriatic coast, have driven 8th Army troops from some of their positions. Allied headquarters announced today.

Allied forces promptly counter-attacked and took a number of prisoners, but part of the German forces still remain on the east bank of the stream.

Two other strong enemy fighting patrols stabbed across the Senio immediately south of the main Faenza-Bologna highway at night and attacked 8th Army strongpoints, but were driven back. It was in the Senio sector that Canadian troops of the 8th Army were last reported in action.

### WAR BULLETINS

Chungking.—A programme of eliminating Chinese Army units considered unfit for combat and building up others possessing real fighting potential already has resulted in mustering out 396,000 men, Gen. Chen Cheng, Minister of War, announced today.

By the end of the year, he said, a total of 1,800,000 troops will have been disbanded.

Manila.—American invasion of Palawan Island, the occupation of which would go far toward sealing off Japanese holdings in the Southern Philippines from access to the South China Sea, was reported today by Tokyo Radio.

Gen. MacArthur made no reference to such an operation in his Thursday communique which announced virtual destruction of the trapped enemy garrison of 6,000 on Corregidor Island in Manila Bay.

### PRICE CEILING OF HOUSEHOLD GOODS WIDENED

New Pricing Regulations Cover Sale of Household Appliances by Individuals and Dealers.

Ottawa, March 1.—(AP)—New pricing regulations governing the sale of used household appliances were announced today by the Used Goods Administration of the Prices Board in a series of orders effective immediately.

Sales of the following types of appliances are affected by today's orders:

Domestic sewing machines, domestic electric-powered washing machines, electric and gas-operated refrigerators, domestic stoves, ranges and other cooking and heating equipment, radios and tubes and domestic electric vacuum cleaners.

The sale of used musical instruments also is regulated by the orders.

Two sets of price ceilings are established by the orders which set ceilings for sales by private individuals and dealers at the same levels.

The higher ceiling is set for appliances which have been rebuilt and are in good operating condition. Except for sewing machines, radio tubes and musical instruments, rebuilt ceiling prices are listed in price schedules attached to each order.

Rebuilt ceiling prices are used for sewing machines, radio tubes and musical instruments have been established as a percentage of the current new price of a similar make or model during the basic period—September 15 to October 11, 1941—in the same locality where the sale takes place.

If the appliances require repairs, they may not be sold for more than 60 per cent of the ceiling prices set for the same models if rebuilt.

If a private individual sells an appliance which is not rebuilt but is operating as good as new he may charge the ceiling allowed for a rebuilt model. But on such a sale a warranty in favor of the purchaser is implied, effective for periods carrying from thirty days to six months according to the type of appliance sold. If within the effective period of the warranty the purchaser finds that repairs are necessary for the proper operation of the appliance purchased, he may make a request in writing to the seller to have the required repairs made.

Under the order, the seller is required to make these repairs or replacements at his own expense. The warranty provision would not apply to an appliance sold at or below the sixty per cent selling allowed on sales of appliances requiring repairs. This warranty does not apply on sales to bona fide dealers.

When the date of manufacture of an appliance cannot be determined or if the price ceiling cannot be established, an appliance may not be sold until the Administration of Used Goods has fixed a price ceiling for it.

### Roosevelt To Make Personal Report On Yalta Conference To Congress Session Today

Washington, March 1.—(AP)—President Roosevelt goes to Congress today for his fourth wartime personal appearance to give what he described in advance as an encouraging word picture of the historic Crimea Conference.

His joint-session address in the House of Representatives' Chamber at 12:30 p.m., E.D.T., coincides with the closing hours of debate in the House of Commons on the Yalta decisions and the vote to delay Parliamentary support behind Prime Minister Churchill's part in those determinations.

The United States Congress will not have an opportunity to pass formally on the Crimea results in any particular form for some time. But wide interest was manifested in whatever amplification Mr. Roosevelt may furnish on the nine-point declaration which the Big Three said will seal Hitler's doom and start the world toward an enduring peace.

The President, who returned home from his 14,000-mile journey yesterday, worked on his report while crossing the Atlantic.

It was Mr. Roosevelt's first report, in person, to Congress on any of his many international conferences since the United States entered the war. In the past he has given an account by radio or to amplify an official communique, talked with members of the White House.

His first wartime trip to Capitol Hill was December 8, 1941, when he asked for a declaration of war against Japan. His last two joint-session addresses were to deliver "State of the Union" messages at the start of 1942 and 1943 sessions.

Today's address, expected to last about 45 minutes, was to be broadcast by all domestic networks and shortwave abroad in many languages.

Mr. Roosevelt regards the Crimea results as holding great promise for a lasting peace and worldwide armament curtailment. He told correspondents at sea he believes the United Nations World Security Organization, a charter for which will be drawn at conferences starting April 25 in San Francisco, will prove the best method ever devised for stopping war and eliminating its causes.

### EXEMPTIONS ON NEW BUILDINGS AGAIN LOWERED

All Repair and Construction Projects Calling for Expenditure in Excess of \$500 Must Be Licensed.

Ottawa, March 1.—(AP)—Munitions Minister Howe announced today that construction control regulations on small building projects have been tightened because the recent stepping up of war production has increased demand for construction materials.

Under a new order, issued by Construction Controller J. P. Mackenzie, anyone undertaking to construct, repair, add to, alter, or install equipment in a building other than a plant must obtain a construction control license if the project is to cost more than \$500.

Houses, duplexes and apartment houses will come under the order.

Since February, 1944, construction control licenses for this type of work have been required only for projects costing more than \$1,500. The new order brings back under control all projects within the \$500-\$1,500 range, thus restoring a limit which was in effect between October, 1942, and February, 1944.

Mr. Howe said the \$1,500 exemption no longer was justified in view of the demand for materials resulting from increased war production.

"Because too many projects were being started not enough were being completed," he said. "Lowering the licence exemption limit will enable new construction to be more closely related to the supply of materials and will ensure that we will not merely start, but will carry through to completion, as many housing units as can be built with the materials available."

The new order does not affect specific provisions already made by the construction control for maintenance and repair of business buildings and hotels, or the specific provisions respecting the oil and logging industries, or the installation of refrigeration equipment.

### NEW JAPANESE PARTY PLANNED TO SPEED WAR

Admiral Seizo Kobayashi Resigns from Cabinet to Head New Totalitarian Party Designed to Tighten Restrictions.

San Francisco, March 1.—(AP)—Domei agency reported today that Admiral Seizo Kobayashi has resigned from the Cabinet to lead the movement for a new totalitarian party to replace the powerful Imperial Rule Assistance Political Society which Kobayashi heads.

Simultaneously Domei reported that the Diet probably would be reconvened early in March in a related move toward formation of a new party.

In broadcasts recorded by the Federal Communications Commission, Domei said both moves were linked with "grave developments of the war situation."

The new party, for which politicians have been agitating for months, is intended to guide Japan's war effort and establish greater unity among the Japanese.

Kobayashi, who was appointed Minister without portfolio last December 19, tendered his resignation yesterday after discussing the formation of a new party with Emperor Hirohito. Koiso formally accepted his resignation today.

Admiral Kobayashi served as Commander-in-Chief of the combined Japanese fleet in 1931, and is former Governor of Formosa. He was head of the Imperial Rule Assistance Political Society in September, 1944, and immediately began urging an intensification of Japan's war effort.

London, March 1.—(AP)—The Tokyo radio said today that Premier Koiso had promised to convene an emergency session of the Diet to discuss the war situation, which he was quoted as describing as "extremely serious."

The Premier's announcement, the broadcast said, was made at a conference yesterday in his official residence at which he declared the Government had "long ago made the necessary preparations to meet the present emergency."

He said he would announce the date of the Diet session shortly.

### Maniacal German Resistance Blocks Any Canadian Advance

By ROSS MUNRO  
Canadian Press War Correspondent

With the 1st Canadian Army in Germany, Manzer troops fighting with maniacal fury today blocked Canadian army efforts to extend the corridor it holds in the Hochwald line defences.

The gap which Ontario infantry cut through the Hochwald (Hoch Forest) and its defences has been under savage counter-attack from the north and south, and progress at the eastern extremity has been brought to a halt.

Quebec infantry has been forced to withdraw from the forest.

Gen. Crerar sent British troops against two other barriers to the Canadian army advance—Weeze and Kerkenheim. But the Germans still hold both points although the Tommies are less than 1,000 yards from Weeze.

### The War Today

By DeWitt Mackenzie  
Associated Press War Analyst

The air offensive against Germany, which has swollen to unprecedented fury in support of the Allied drives for a knock-out, continued today and Nazi Propaganda Minister Goebbels is chanting that it is "inhuman" and "can hardly be borne," though Hitlerdom won't quit.

Similarly in the war of the Pacific the aerial assault against Japan is intensifying to terrifying proportions as we close in. The German and Japanese capitals—next to London and New York the world's greatest cities—have of necessity become focal points in the attacks.

Tokyo—with its population of 7,000,000 and its flimsily built houses—finally has come under American bombing in a big way. The Nipponese Government is deeply worried, especially since explosives have fallen close to the royal palace. The Mikado is not only temporal ruler—he is a god.

Berlin—Hitler's once arrogant but now frightened capital, crowded with a wartime population of 5,500,000—is undergoing the fiercest air attacks ever administered to any great city. It was under fire again last night. Hitler has fled.

Japan—which deliberately bombs civilians (as in Nanking) and practises rape, torture and murder—is shocked that we should lay hands on Tokyo. Germany—whose atrocities have made Atila look like a benefactor—has branded British and American airmen as the "Huns of the air."

Well, are we right or are we wrong in bombing Tokyo and Berlin? The answer is that despite enemy charges, the Allies are adhering to the Hague Convention which forbids the deliberate bombing of civilians. Our bombs are directed at prime military objectives.

Both Tokyo and Berlin are crammed with military objectives. Berlin not only is Hitler's transportation hub but it's one of his vital war production centres. Tokyo houses many of the nation's greatest war industries. These objectives must be knocked out, and it's impossible to avoid killing civilians in the process.

### SEVEN PERSONS HURT IN U.S. RAIL WRECK

Stuebenville, O., March 1.—(AP)—Seven persons were injured today when the Pennsylvania Railroad's Eastbound "Spirit of St. Louis" flyer derailed at Fairplay Station, 15 miles west of here.

There were no fatalities, the railroad's public relations office at Pittsburgh reported.

The injured were trapped when a Pullman car overturned and fell off a trestle just a few feet short of the swollen waters of Cross Creek.

### Marines Drive Jap Defenders Into Northern Third Of Iwo

Guam, March 1.—(AP)—All but the northern third of rocky little Iwo Jima was in American hands today as the Marines, their special supplies parachuted from transport planes, fought to clear the vital central plateau.

Front dispatches said the 3rd Division already had crossed the plateau in places and were moving downhill for the first time since the invasion began eleven days ago.

The battle for the pillbox-studded central plateau was termed a decisive operation by Maj.-Gen. Graves B. Erskine, whose 3rd Division Marines overran the main village of Motoyama, just beyond the captured central airfield, in a gain of several hundred yards yesterday.

They reached the third airfield, Motoyama No. 3 which was under construction when the Americans landed February 19, artillery, naval gun and close air support as they drove ahead more than five hundred yards all along the two-mile battle line against the toughest,

cleverest defences encountered anywhere in the Pacific.

An important supply problem was defeated yesterday as U. S. transport planes flew in low and dropped supplies on the captured southern bomber field, Motoyama, No. 1. Red and green parachutes landed special parts and medical supplies down from the Marianas in response to a hurry-up call. Several days would have been required to bring supplies seven hundred miles by ship.

Opposition continued stiff in all sectors. The enemy, short of water and supplies, tried more infiltrations into American lines but was driven off.

By 8 p.m. Monday, 4,784 enemy dead had been counted, but that toll was far from complete. Many hundreds are dead in caved-in pillboxes and other fortifications. Other enemy dead have been dragged away by the Japanese to conceal their losses.

Only ten prisoners had been captured—an indication of the kind of battle being fought for the ugly outpost 750 miles south of Tokyo.

zig, the Polish corridor and eastern Pomerania were in immediate danger of being cut off. By latest official Russian announcement Marshal K. K. Rokossovsky's troops still had twenty-two miles to go from captured Bublitz to cross the coastal highway and railway connecting Danzig with Stettin, but a German broadcast said Red Army vanguards had reached Pollnow, sixteen miles from the two communication lines.

Neustettin, a five-way railway hub and major block in Marshal Rokossovsky's pathway to the Baltic, fell to a combined frontal assault and outflanking manoeuvre. A communique said 200 of his garrison were slain and 600 captured. Fifteen hun-

Shareholders of the Quebec Power Company, who met for their annual general meeting in Quebec recently, appointed J. N. Sicard as General Manager to replace J. E. After twenty-three years of service in various capacities with the Shawinigan Water and Power Company, Mr. Sicard was transferred to the Quebec Power Company as General Superintendent in 1942. Assuming Mr. Tanguay's duties as Chief Executive Officer of the Company in Quebec, the meeting gave special recognition to Mr. Sicard's achievements, remarking that "few executives in the Canadian electric utility industry have had a sounder training or broader experience."

ogne, a ravaged city of 708,000, and that there was no indication that the Germans had been able to mobilize sufficient strength to contest seriously the great offensive cutting 35 miles deep into Germany.
Nearst 1st Army troops to Cologne were on the main highway from Duern west east of Modrath, where a new Erit river bridgehead was fashioned.

Weather worsened along the front early today with heavy cloud levels down to 2,000 feet after dawn. Prisoners flocked into cages of four attacking Allied armies by the hundreds. The 9th Army total since February 23 rose above 11,500; the U.S. 1st Army had captured more

than 9,500. The Third Army seized 1,877 yesterday and the 1st Canadian took another 590 for a campaign total of 15,500.
The rate of capture—the real test of Gen. Eisenhower's maximum objective of destroying German armies west of the Rhine—continued at from 7,000 to 10,000 a day. The Supreme Command said 7,168 were caged on February 27.

The largest reported gains were made by the 3rd Army along the Moselle, with advances up to 3 1/2 miles on a 50-mile front capturing eleven towns.
The Germans threw what reinforcements they could in the path of the 8th, and stiffened their resistance slightly all along the Rhine front.

At Field Marshal Montgomery's headquarters, however, the 9th Army was declared to have "had another good day and its sweep is going strong."
The enemy brought armor across the Rhine at the Orsoy-Walsum ferry point just north of Duisburg as night fell yesterday.

Considerable movements of German infantry heading north from Roermond on the Maas were noted. Other enemy columns were moving south toward Xanten, with the Canadians only four miles away. The immediate significance of these moves was not clear, but there were indications that the Germans might be pulling back in the Roermond-Venlo strip to escape entrapment between the jaws of the American and Canadian assault forces.

Rundstedt has kept ten crack divisions facing the 1st Canadian Army, indicating the importance he attaches to this sector where a breakthrough would cut off a German withdrawal from west of the Rhine.
Some fifteen German divisions were believed to be imperilled by operations of the Canadian and U.S. 9th armies, last reported only 29 miles from the Ruhr basin city of Wesel.

A dispatch passed through the 9th army's blackout said its forces "advanced further toward the Ruhr along several approaches." The continuance of the blackout was in itself the most substantial evidence that tank and motorized infantry teams still were on the loose in the surge around Muenchen Gladbach (population 127,000), due west of Duesseidort.

The dispatch said resistance was

## Tremendous Increase Noted In City's Building Figures During February

According to figures contained in the monthly report issued today by J. O. Chartier, Municipal Building Inspector, last month's permits totalling \$73,000, show a marked increase of \$63,050 over January's \$9,950. Four permits representing a total value of \$51,100 were awarded for the construction of new buildings, while total repairs and alterations amounted to \$21,900.

February, 1945, shows a skyrocketing increase of \$55,875 over that recorded for the same period last year. The greatest permit value to be recorded for a similar month during the last five years was \$93,400, a mark reached in 1941.

Building permits were awarded to the following last month: Imperial Oil Company Limited, 57 Belvidere South, for the construction of an office and a warehouse to cost \$37,000; Leon Lefebvre, 80 St. Francis Street, for the erection of a six-apartment house, valued at \$12,000; Orville Poudrette, 489 King Street West, for the building of a garage, with a value of \$1,500, and Paul Desruisseaux, King Street, for the installing of a Neon road sign, costing some \$600.

Major permits for repair and alterations were issued to Miss A. Simoneau, 70 Murray Street, for general repairs to apartment house, \$10,000; and Leopold Chevalier, 9-11 Wellington Street North for after-fire repairs to two stores occupied by Maturin and Poudrette totaling \$4,000.

## FINAL APPEAL IS ISSUED BY SCOUTS DRIVE

The Boy Scouts Association Five-Year Extension Fund Campaign will close on Saturday of this week, and it is hoped that by that time, the objective of \$7,500 for Sherbrooke and Lennoxville will have been reached. Due to the lack of time and shortage of workers, very few of the Lennoxville homes will be canvassed. It is estimated that an approximate five per cent of the total population will be called on there, and so all potential subscribers are requested to send in their cheques as soon as possible to the local Boy Scouts Association. This request extends to Sherbrooke as well, where the difficulty of securing canvassers was particularly acute.

Headquarters for Lennoxville is Hart Montgomery's Store, on Main Street, where all donations or pledges, no matter how small, will be gratefully received. It must be remembered that the Association has not asked for money for nine years, and will not ask again for five years. In Lennoxville, pledge cards and subscriptions may be given to any of the following:

Jack Herold, Professor A. Kuehner, T. Beattie, A. Raycraft, A. Perkins, P. Geddes, S. Spanswick, E. Lennon, W. H. Abbott, R. Blake, G. Sutherland, G. Hadlock, F. Tanner, J. Morrison or Mr. McHarg.

Headquarters in Sherbrooke is Joe Ames' office in the Record Building, where subscribers may bring in their contributions.

Additional subscribers to the Campaign include:

Sherbrooke: \$25, Stanstead and Sherbrooke Insurance Company. \$10 each: Mr. and Mrs. P. W. Webster, Victoria Lodge No. 16, A.F. and A.M., Skinner Brothers, Ltd., Sherbrooke Record Company. \$5 each: A. D. Kerr, A. J. Arnold, H. McRae, Hodje Trucking, Ross Biron Electric, G. D. Wadsworth. Lennoxville: \$100 each: Mrs. Gertrude Scott, Miss Margaret Anne Forbes. \$25: Quebec Maple Products. \$10: R. Blake. \$5: H. W. Downs, Jr.

## INTERNATIONAL ISSUE IN LOG-HAULING CASE

Whether a purchasing agent for a company is responsible for a sub-contractor fulfilling his contract or not, is a question to be settled in the Superior Court session on March 22nd, with Mr. Justice Charles D. White, presiding.

An action was taken by the Blair Veneer Company of North Troy, Vermont, against C. S. Butler, of Lennoxville, for the reimbursement of advances totalling \$2,437.28 made through a series of instalments between November 6, 1939 and April 26, 1940.

In a declaration presented through its attorney, Arcadius Denis, the plaintiff company states that the defendant entered into a written contract by which the latter undertook and agreed to deliver to the plant saw-mill at North Troy, Vermont, some 500,000 feet of veneer logs, before September 1, 1940. Butler was advanced a total of \$4,250 in order that he might continue operations successfully, in addition to which the Blair Veneer Company paid \$183.86 to one Sanville, for the hauling of Butler's logs.

About 58,000 feet of veneer logs were delivered by the defendant, who failed to deliver the balance of the wood in accordance with the terms of the contract. This quantity amounts to \$1,996, which plus the \$183.86, leaves a net balance of \$2,437.28 still coming to the plaintiff company.

Presenting the defendant's plea, Ashton R. Tobin, K.C., maintained that Butler did not accept the money for himself, but for various sub-contractors who were engaged in the cutting of the logs, who refuse to return their respective amounts to him.

Furthermore, the defendant states that he has not profited or benefited whatsoever from this transaction with the plaintiff company, and that should any amount be more than compensated by his services rendered, expenses of trips and commission owed him by the company on other transactions.

The defendant moved that the action be dismissed with costs.

## Lennoxville Post Office Case Is Remanded Until Thursday March 8

At today's session of the Magistrate's Court, Judge Anatole Gaudet dismissed a motion to quash, put forward by defence attorney Benoit Turmel at the preliminary hearing in the case of J. A. Jean Deslauriers and Paul G. Duvall, alias Paul Landon, charged with breaking and entering the Lennoxville Post Office in the early hours of December 23, 1944, with intent to rob.

The defence based its motion on the grounds that the two accused were charged under Article 457 of the Criminal Code of Canada instead of under Article 460, which article was later adopted as an amendment. Mr. Turmel charged that this amendment had not been duly sworn in. Under the original charge (Article 457), the men are charged with breaking and entering a dwelling with intent to rob. The amendment, however, provides for a similar offence as concerns a public building. The case was remanded until next Thursday, Roland Dugre, K.C., appeared as Crown Prosecutor.

Other cases at this morning's session are as follows: Alphonse Langlois, 28 years old, of Magog, was fined \$25 and costs or one month in jail, after pleading guilty to a charge of failing to report for an Army medical examination since September, 1942, constituting a breach of the National Selective Service Mobilization Regulations. This accused was taken into custody by Constables G. T. Oumet and T. H. Beach, of the Rock Island Detachment of the Royal Canadian Mounted Police, on February 24, but was later released on a \$200 property bond. Upon fulfilling the sentence, Langlois will be handed over to the Military authorities.

The case of Arthur MacLure, of Coaticook, charged with having com-

mitted a statutory offence, was postponed until next Thursday, in order to permit further study of the complaint.

Thomas Lambert, of East Hereford, was fined \$750 for failing to declare monies deposited in American banks, to the Foreign Exchange Control, and for carrying on Foreign Exchange operations in the United States.

Albert Hamel was fined \$100 and costs or one month in jail for buying butter for one cent above the price ceiling, and without receiving any ration coupons from the purchasers. Some 600 pounds of butter allegedly figured in these transactions.

S. Casteau was fined \$50 and costs or one month in jail for buying butter without ration coupons.

In handing down his decisions in the Wartime Prices and Trades Board cases, Judge Gaudet pointed out that all black market cases will in future be dealt with very severely. "I have been too lenient with such charges in the past," he said, "but there shall be no such leniency in the future."

W. Arpin, facing a charge of buying butter without ration coupons, will come up for hearing this afternoon.

The case of Antonio Guertin, charged with selling butter without receiving ration coupons was postponed until next Thursday, after the accused had entered a plea of not guilty.

Lorenzo Desruisseaux, proprietor of the Mount Pleasant Club, charged with failing to affix excise stamps to bills in accordance with the War Revenue Act, will also come up before the Magistrate's Court on March 8.

## FORMER S.H.S. STUDENT WINS AIR HONORS

In an announcement of recent awards and citations made by the United States Army Air Corps, the name of Capt. Frank Evans, well-known former Sherbrooke boy appears as the recipient of high military honours. Capt Evans received both the Distinguished Flying Cross and the Air Medal, with Two Oak

CAPT. FRANK EVANS

Leaf Clusters.

Remembered as a student at Sherbrooke High School, and graduate also of Bishop's University, Capt. Evans is widely known throughout the Eastern Townships and in Montreal. Born in New York, his mother, Mrs. J. G. de Lormier, presently resides in Ottawa. At present Capt. Evans is stationed at San Marcos, Texas, where he is doing instructional work.

The official citation, released by Headquarters, U. S. Army Twelfth Air Force, reads as follows: "Distinguished Flying Cross: Captain Frank B. Evans, 8th Troop Carrier Squadron, 62nd Troop Carrier Group. For extraordinary achievement while participating in aerial flights as pilot of a C-47 type unarmed and unarmored troop carrier aircraft. In more than 900 hours of flight in direct support of campaigns in North Africa, Tunisia, Sicily and Italy he has delivered vital supplies to and evacuated the wounded from battle areas.

"He has towed gliders and dropped paratroops in combat, and has flown behind enemy lines unescorted to drop food and ammunition in otherwise inaccessible areas. He has successfully and repeatedly flown heavily laden aircraft to hastily improvised landing strips in forward areas, through adverse weather and despite threat of enemy interception and anti-aircraft fire.

On June 1st, 1944, in daylight in the face of enemy machine gun fire, Capt. Evans successfully dropped paratroops behind the enemy in Italy and thereby contributed importantly to the hastened withdrawal of the enemy. His outstanding proficiency and steadfast devotion to duty reflect great credit upon himself and the Armed Forces of the United States."

Capt. Evans' citation for his Air Medal and Second Oak Leaf Cluster read as follows: "For meritorious achievement while participating on a mission to drop paratroops in Southern France, on August 15, 1944. The professional skill and devotion to duty displayed by each crew member reflect highest credit upon the Military Service of the United States."

### LENOXVILLE

The Men's Own Club held their regular weekly meeting in the Scott Hall, where the usual bowling contest was carried out. The winners were: Messrs. S. Graham, J. Conroy, H. Wallace and A. Hodgman, while the runners-up were Messrs. Leo Green, G. Lane, W. Stanford and W. Steer, who were all presented with prizes by Mr. Wharram.

The bowlers spent a very pleasant evening recently in Sherbrooke as guests of the Temple Club where the latter won, six games to three.

On March 1st the Waterville Brotherhood will visit Lennoxville for some friendly games, and as March 8th is Past Presidents' night, a "Jigger's Supper" will be served at 8 p.m.

The Secretary requested that all members who intend joining the Quebec Hospital Service Association to hand in their application forms immediately.

General Notes

Mrs. J. E. Jamieson, Main Street, left today for Montreal, where she will spend some time with friends.

The regular monthly meeting of the Lennoxville Branch of the Red Cross will be held in the work room on Thursday, March 1st, at 5 p.m.

Mr. and Mrs. Harold French of Providence, R. I., are arriving today to spend a few weeks at the home of the latter's sister, Mrs. Ray Beerworth, Warren Street.

## Harmony Band Guests Of Honor At Regular Snow Shoe Club Gathering

While skiers and snowshoers tramped to the club house on Prospect Road last night other members relaxed to the music of the Sherbrooke Harmony Band, under the direction of Prof. Charles Del Venne.

The programme was opened with "O Canada," followed by "Marche Lorraine," "Jolly Fellows," "Whistling Johnnies," "Deep Purple," "Dancing Tambourine," "The Student Prince" and "I Love a Parade."

Immediately following the concert members of the club and the bandmen sat down to a delicious

baked bean supper prepared by Mrs. Metcalfe.

The meeting was opened with the reading of the minutes of the previous meeting by Secretary, Ted Austin. President Reg Smith welcomed the members of the band and other guests present, mentioning how the Harmony Band had been visiting the club for a number of years and hoped that they would continue to make their annual visit for years to come.

Honorary President Willard Cross took over the meeting and announced the programme for the evening. Olaf Knutson provided the first number and hoped that they would continue to make their annual visit for years to come.

Francis Parker, followed with songs tailored for the occasion.

The "Red" party leader, Cliff Bryant, was heard from at every turn in the programme, voicing his opinion as to the enjoyment of those present. Mr. Bryant expressed his disappointment that members of the club and friends of members had failed to provide any names for the temporary Honor Roll. Anyone having friends on Active Service who were formerly members of the club are asked to communicate with Secretary Ted Austin, 9 Allen Avenue, Sherbrooke.

Charister Tom Keeley led the singing assisted by Giz Gagnon and J. P. Belisle.

## LOCAL FIREMEN WILL WEAR NEW RANK INSIGNIA

A new distinctive rank insignia has been chosen for the members of Sherbrooke's newly-reorganized Fire Department. It was revealed this morning. Abandoning the old Army-type pips and crowns, used when the Fire and Police Departments were under one overall direction, the Fire Department, whose new uniform is patterned after that of the Navy, has adopted the naval braid.

The rank braid, which is to be of black silk, and about one-quarter of an inch thick, will be worn approximately four inches from the cuff, on which there will be three brass or silver buttons, depending on whether the rank is commissioned or non-commissioned.

The Chief will be denoted by five stripes, topped by an inverted "V" of braid containing three loops. A Captain will wear three stripes, in addition to the inverted "V," which in this case has only one loop. Two stripes of braid will denote a Sergeant while a Lieutenant will wear one band, and the aforementioned "V" worn by the Lieutenants.

Fire Department officials announced that their new double-breasted uniform had been ordered and should be received within three weeks. It was also revealed that two new types of badges, one for the cap, and one for the uniform, had been ordered for the firemen and officers.

# Textile Town

**MAGOG THRIVES ON COTTON**

• Many a town in Canada might envy this thriving Quebec community, Magog—a typical textile town, its progress and prosperity have been built on years of steady work provided for its citizens by textiles, the only big industry in the town. Adult males employed in Dominion Textile mills are an average of \$40.44 a week, and this substantial stock of buying power in Magog is enough to support 118 retail outlets, many of them smart modern shops of which the town is a metropolitan center. The corporation of Magog is in a sound financial position. It has an enviable public health record too. All this comes from the presence of a stable fast-paying industry.

Magog is a notable example of the cotton industry's value to this country.

## WINTRY BLASTS IN OFFING AS MARCH ARRIVES

March came in like a lamb today, so we may look forward to a raw Easter at the end of the month if superstitious holds. Winter appeared this morning, with the once thick blanket of snow that has covered the countryside for the past four months thinning out under the first Spring rains.

But "if March comes in like a lamb, it goes out like a lion," so we must hang on for several more weeks and be prepared for the wintry blasts that should assert themselves at the end of the month. Already feminine thoughts have turned to frothy Spring millinery numbers of straw and veiling, but hold on. Winter hasn't spent itself yet.

## SON OF FORMER POLICE CHIEF ADMITS GUILT

Arraigned in Montreal court yesterday afternoon, Constable Arthur Maranda, 36, who was discharged yesterday morning as police chauffeur, pleaded guilty before Judge C. E. Guerin on a charge of the theft of three automobiles. He will be sentenced March 9.

Son of Inspector Arthur Maranda, former officer of the Montreal Police Department, and a former Chief of Police of this city, Maranda pleaded guilty to stealing automobiles belonging to Louis Cohen, Eddy Archambault and Distrie.

At the time of his arrest he was attached to No. 20 Station in the metropolis, and had a total of fourteen years service with the Montreal Police Department.

## Y'S MEN CLUB ADDRESSED BY REV. E. A. WRIGHT

A very clear and pointed talk on the "Secret of Success" was given to members of the Y's Men's Club by Rev. E. A. Wright, Rector of St. Andrew's Church, at a dinner meeting held at the New Chateau Frontenac last evening.

The speaker pointed out that the young business and professional men of the Y's Men's Club still had most of their lives before them, and therefore, the world's future depends upon the success that this generation makes of their lives. He then stressed that one must aim high and strive hard to be a success, for "he who aims at the moon strikes higher than he who aims at a tree."

Rev. Mr. Wright then pointed out to the gathering the nature of real success. He stressed that although Hitler succeeded in becoming one of the most powerful men in history, it is evident that no one will name their children after him; nor he said, their dog after Himmler. Hitler, cohort in crime. On the other hand, the speaker stated that many of the immortals were penniless and powerless.

"There is no royal road to success, except the roads of sacrifice and honesty," the speaker told his audience, and said that to achieve real and lasting success, a man must be

## MOURN DEATH OF MARGARET ANN JOHNSON

Thetford Mines, March 1.—Attended by large numbers of citizens from Thetford Mines, Sherbrooke and Montreal, funeral services took place at the Church of St. John the Divine here this morning for Margaret Ann, age 13, youngest daughter of Mr. and Mrs. Andrew S. Johnson, whose death occurred at Tucson, Arizona on Friday, February 23.

Testifying to the high esteem and popularity of her parents, prominent citizens of this community, the many beautiful floral tributes which accompanied the cortege from the residence to the church bore mute tribute to the young life which had been so abruptly cut off, and brought such a feeling of deep sorrow to her many friends.

The service was conducted by the rector, Rev. M. H. W. Sealey, who was assisted by the Rev. Dr. A. H. McCreer, principal and vice-chancellor of Bishop's University. A young people's choir, composed of twenty boy and girl schoolmates of the deceased rendered two appropriate hymns during the brief service, "Safe In The Arms of Jesus" and "Peace, Be Still, Peace."

Immediately following the service, the cortege proceeded to the Quebec Central railroad station where the body was taken to Sherbrooke, for interment in Elmwood Cemetery.

Left to mourn the deep loss to the family, are the parents, two brothers, Andrew Jr., and Jimmie, and two sisters, Joyce and Patty.

Immediate relatives of the deceased include Mr. and Mrs. Harrison Best, of Toronto; Mr. and Mrs. S. J. Briggs, Mr. and Mrs. H. A. Visser, and son Jack Visser, Mr. and Mrs. Bud Sevigny, Mr. and Mrs. Andrew McCammon, Mr. and Mrs. W. J. Johnson and Mrs. A. M. McCammon, all of Thetford Mines; Mr. and Mrs. S. J. Johnson and Misses Shirley and Jill Johnson, of Montreal.

Bearers included six young friends of the deceased: Bobby Cooling, Charles Comery, Billy Bindman, Bob McCammon, Billy Lynn and Jimmie Visser.

Members of the family are deeply grateful to all those who assisted during their time of sorrow, and are especially appreciative of the many messages of sympathy which have been received.

## Good Progress Reported At Annual Vestry Meeting Of Kingsey Church

Kingsey, March 1. — The annual vestry meeting of St. Paul's Church was held in the Consolidated School one evening. As it was Ash Wednesday, a short service of intercession beginning at 7.30 p.m. was observed, and immediately afterwards the vestry meeting was held. There was a good attendance. Nearly all the families belonging to St. Paul's were represented.

The minutes of the last meeting were read and accepted. A. B. Wentworth was re-elected Vestry Clerk. W. T. Shaw read the financial statement, which showed that after all obligations had been met there is a balance of \$55.23 on hand.

The report of the Ladies' Guild was read and showed that the sum of \$108.15 is on hand and a report of the W.A. also showed a balance of \$11.98.

The election of officers resulted as follows: H. D. Lockwood, Clergyman's Warden; W. T. Lockwood, People's Warden; Messrs. P. A. Moore, J. C. Wright and A. B. Wentworth, Sidesmen. A. B. Wentworth was appointed delegate to the Synod.

and P. A. Moore substitute. Mrs. H. D. Lockwood, Miss Enid Moore and Mrs. P. A. Moore were appointed Auditors.

It was decided to arrange a Sunday School for post for the children of the parish as it is impossible to gather the children together for a regular Sunday School class due to the distance that would have to be covered by the individuals.

Much needed repairs to the cemetery fence to be done in the early spring and also the placing of a new lighting system in the church were discussed and planned.

Rev. Mr. Foreman then voiced his appreciation of assistance given to him by different members of the congregation and thanked the organists and the different organizations for their help in the work of the church.

The meeting closed with the blessing and the singing of the National Anthem, after which the ladies served refreshments.

### General Notes

Miss Enid Moore, who has been on duty in the Wales Home infirmary, is spending a few days at home.

Mr. Stanley Mastine had the misfortune to have his hand severely injured in a runaway accident. This is the third misfortune he has had this winter. All hope that it will be the last and that he may soon be well again.

Mr. Henry Smith was in Drummondville on business.

### COATICOOK

Miss Isabel Wadleigh has left for Victoria, B.C., where she will spend the next few months with her sister, Mrs. George Rogers.

Miss Dorothy Martin, of Toronto, Ont., was in town for a visit with her parents, Mr. and Mrs. H. Martin.

Mrs. P. L. Baldwin is spending some time with her son, Mr. Norton Baldwin, and Mrs. Baldwin in Lennoxville.

Mrs. Florence Felch was a weekend guest of friends, in Sherbrooke.

Mrs. A. C. Jenks and Mrs. Allan Baldwin were guests one day at the home of Mrs. Wayne Hall, in Lennoxville.

Miss Helen Armitage, of Sherbrooke, was a guest of the Misses Tomkins, Court Street.

## Social and Personal

Mr. and Mrs. C. W. Buchanan, of Knowlton, are spending a few days at the Ritz-Carlton, in Montreal.

The Reverend Father Maurice Stanford, S. J., Loyola College, Montreal, is a guest of the Reverend Father Moisan, at St. Patrick's Rectory, and will be the special preacher at the "Holy Hour," tonight.

Mrs. James Strickland, President, presided over a largely attended meeting of St. Peter's Guild, held yesterday afternoon in the Parish Hall. Further arrangements were made for the salad tea and sale on March 4, which will inaugurate the Guild's post-Easter social activities. Discussion took place in connection with the Y.M.C.A. Father and Son banquet on March 7, for which the members are contributing food. During the interim work was continued on articles for the Guild's sales.

Mrs. Alex Allard, Mrs. Frank Hovey, Mrs. D. Bishop and Mrs. G. Morgan were hostesses on Tuesday afternoon for the Sherbrooke Ladies' Curling Club tea and "Blanket Bonspiel," which proved an outstandingly successful event. During the party \$29 was subscribed, this amount to be expended on blankets for overseas, thus even in sporting circles the spirit of patriotism and sympathy is constantly in evidence.

Tea was poured by Mrs. Fred Hovey and Mrs. H. S. Howcroft, who presided at the silver services arranged at either end of the candle-lit table. Several members assisted in serving, and the guests united in showering congratulations upon the ladies of the Club through whose initiative the "Blanket Bonspiel," had been so successfully staged.

### MASCARA THOSE FEW GRAY HAIRS

BY ALICIA HART  
If a few grays have sneaked into your dark hair—and are as unwelcome as the wicked fairies that came unbidden to the feast—don't pluck out the offenders, for they'll come right back.

A better method is to coat the silvery threads with a mascara stain—using the same paste and brush that you use to deepen the color of your eyelashes.

To apply, single out gray hairs one at a time, and stroke on color, beginning at the root and following the hair to the end.

When gray begins to multiply so fast that to coat with mascara makes a messy camouflage, start tinting your last shampoo water with a darkening vegetable rinse that will color silvery fleckings to match the rest of your hair.

Mrs. G. L. Wilkin and Mrs. J. Hazle acted jointly as hostesses on Tuesday afternoon at the former's home on Walton Avenue, where members of the Women's Auxiliary of Trinity United Church assembled to dispose of routine business and enjoy a social hour. Mrs. F. Cathcart, President, presided, and the devotional exercises were conducted by Mrs. H. Moore. After the brief business session, the hostesses held a food sale as their special project to raise funds for February. The sale proved a great success the delicious home-cooked food being quickly disposed of. During the social hour which followed, the hostesses served dainty refreshments.

The Misses Evelyn Nicholson, Margaret Wintle, Irma Ross, Vivien Joby and Frances Phillips entertained delightfully at the "Howard Residence," Y.W.C.A., where on Monday evening they gave a charmingly planned personal shower, in honor of Miss Maye Pelz, a bride-to-be of the month. An amusing mock marriage ceremony introduced the evening's programme, the characters being impersonated as follows, the bride, Miss Katherine Desaulniers, the groom, Miss Rhoda Frame, and the Minister, Miss Mary Todd. Afterward the bride elect was invited to go on a treasure hunt and hidden in the various rooms throughout the house she found her many lovely shower gifts, each holding dainty cards expressing best wishes for future happiness. The excitement of unwrapping over, Miss Pelz gracefully voiced her thanks and appreciation. Later delicious refreshments were served, Miss Rupperta Wiggett doing the honors at the lace covered table, which was daintily done in bridal white with freesia in a silver bowl, and lighted white tapers in silver candlesticks.

### MIND YOUR MANNERS

The Situation: A friend of yours is moving to a distant city in which you have good friends.

Poor Way: Give the friend who is moving, his names and addresses of your friends with the orders, "Now be sure to look them up."

Better Way: Write to the friends living in the distant city saying that another friend of yours is moving there and ask if they will call on the newcomer.

#### EGGS NEEDED IN CHILDREN'S DIET

BY GAYNOR MADDOX

Serve them "as is"—boiled, poached, scrambled or in omelets. Also in cooked dishes which children will relish for lunch or supper.

#### Baked Eggs in Rolls

(Serves 4)

Three tablespoons butter, 1/2 teaspoon dry mustard, 4 rolls, preferably round; 4 eggs, 1/2 teaspoon salt, 1/2 teaspoon paprika, parsley.

Melt butter and add dry mustard, mixing together thoroughly. Scoop out some of the soft center of each roll and spread the butter mixture as generously as possible on the inside and on the outside of the rolls. Place the rolls in a well-greased nine-inch heat-resistant glass pie plate. Into the scooped out center of each roll, place one egg, sprinkle with salt and paprika. Bake in a moderate oven (350 degrees F.) about 15 minutes or until the eggs are cooked. Garnish with parsley and serve at once.

#### BREAKFAST: Stewed prunes

in orange juice, ready-to-eat cereal, oatmeal muffins, butter, marmalade, coffee, milk.

LUNCH: Mixed raw vegetable salad with cottage cheese, toasted peanut butter and chopped pickles, sandwiches, hard candies, tea, milk.

DINNER: Baked eggs in rice, sweet and sour beets, green beans, hard rolls, butter, cracker crumb apple tart, cheese, coffee, milk.

#### Baked Eggs in Rice

(Serves 4)

Four cups cooked rice, 1 1/2 cups diced sharp cheese, 1/2 teaspoon Worcestershire sauce, 3 tablespoons of chopped pimiento or green pepper, 2 teaspoons salt, 4 tablespoons butter, 4 tablespoons flour, 2 cups milk, 4 eggs.

Mix together the cooked rice, cheese, Worcestershire sauce, pimiento and salt. Melt the butter and add the flour, stirring until they are well blended. Add the milk slowly stirring constantly until the sauce is thick and smooth; continue cooking about 5 minutes longer or until there is no starchy taste. Add the white sauce to the rice and cheese, mixing together thoroughly. Place these ingredients in a well-greased fluted edge heat-resistant glass pie plate. With the back of a tablespoon, make four holes on top of the rice; drop one egg into each. Bake in a

### Reviewed Past Month's Activities During Meeting Of Cookshire W.I.

Cookshire, Mar. 1.—The February meeting of the Women's Institute met at the home of Mrs. J. W. French. The President, Mrs. French, opened the meeting with the pledge to the flag, the prayer for the Armed Forces, and the Club Women's Creed.

"Rehabilitation a-la-carte" was read from it. Tea was then served by the hostess assisted by Mrs. C. M. MacRae and Miss McDonald.

**WORLD'S DAY OF PRAYER**  
The observance of the Women's World Day of Prayer was held in Trinity United Church Hall, one afternoon, with a large attendance of the women of the town. Mrs. Carr, President of the W. M. S., and Mrs. Granger, President of the W. A. A., presided jointly, with Mrs. Beaumont at the organ. Mrs. Carr welcomed those present, especially the High School Girls and their teachers, and also gave a short history of the inception and growth of this Women's World Day of Prayer.

The meeting opened with the singing of the hymn for soldiers, sailors, and airmen. The subject of the service, "The Church Universal," was taken up under the headings: "Call to Prayer," "Worship," "Thanksgiving," "Confession" and "Intercession for the Church."

A reading on "Prayer" was given by Mrs. Putler and brief prayers were offered by members of the W. A. and W. M. S. throughout the service.

The meeting closed with the singing of "The Day Thou Gavest, Lord, is Ended" and the Benediction pronounced by Mrs. Granger.

**General Notes**  
The Cookshire High School played hockey in East Angus one night, when the score was 2-0 in favor of Cookshire. On Tuesday night, Island Brook played in Cookshire, and the score was 5-1 for Cookshire.

## Again THE RED CROSS ASKS YOUR HELP TO HEAL A WAR-TORN WORLD GIVE!

Wherever the great destroyer, War, has passed, pain, suffering and sorrow follow in its wake. Young men on the battlefield or in hospitals are tormented by sickness or wounds. Little children, mothers, aged people are homeless, hungry, cold. In every theatre of war, whole cities lie in ruins. Millions are suffering the pangs of disease, starvation and dire want.

So the Red Cross will continue to reach out a helping hand. It must heal and comfort our own sick and wounded. It must send food, clothing, medical supplies to war-torn lands.

And the Canadian Red Cross will answer this urgent call. For the Canadian Red Cross is you and your friends and your neighbors, and all the good folks up and down this fair Dominion of ours. You will send help—yes, life itself—to the stricken people of other lands. You will stand staunchly behind your Red Cross, and—GIVE!

Destination and Want are so urgent and desperate in the liberated countries, that the Minister of National War Services asked the Red Cross, with the collaboration of the Canadian United Allied Relief Fund representing the War Charities of 11 of the United Nations, to include funds for this relief in the national appeal.

# A SONG TO REMEMBER

by Willard Wiener

XXII  
CHOPIN AND SAND  
Frederic and Franz Liszt passed from the ballroom into a solarium. "Madame," Liszt said, approaching George Sand, who was waiting, "I bring you, Monsieur Chopin." Frederic kissed her hand. Liszt was saying, "—And now George, if you will pardon me— Then he was gone. —I can only thank you, Madame." "For what?" "—I am not very adept with words, Madame." "That's a frank admission. I like you all the better for it. But you needn't be so humble." "Do as I do, Monsieur—let words tumble as they please. Never seek for nuances." "Yes, Madame. I shall remember that. And now I want to thank you for all you have done for me, and for this invitation." "The thanks, Monsieur, should be the other way around. Thank you for coming." "—You flatter, Madame, otherwise, why?" "Please, Monsieur! Sand doesn't flatter any man, not even you, Monsieur Chopin." "—Her words chilled him. He felt himself a simpleton. "You want the truth?" "—Of course, Madame." His heart sank. "Well, Monsieur, I wanted a closer look at you." "—Oh! A closer look. Was he some curious creature that she would bring him into a cage the better to see him? He studied her dark and less than handsome face. He saw a broad nose, clear eyes, thick lips—thick though not passionate in the sense a woman's lips are said to be passionate. He saw sincerity, too.

And he thought that that was an odd thing. Yet he couldn't say why. "That's why I thank you, Monsieur. But there's another reason. You belong here." "Thank you, Madame." "—You say 'Thank you.' But you don't mean it, Monsieur. Oh, don't protest. When I say you belong here, I am only stating the truth. You are an artist—and you belong here—in the company of all the other distinguished artists of Paris. But do I tell you that to flatter you? No, Monsieur. There is no flattery in George Sand." "Certainly, Madame." Frederic bit on his thin lips, not knowing how to answer. Madame Sand said: "Might I ask a favor?" "Certainly, Madame." "Let me have your promise that for this evening you will do exactly as I ask—without question—"

In the ballroom the critic Kalkbrenner was clapping his hands for attention. "Ladies and gentlemen!" The talking ceased. All eyes were on Kalkbrenner. The critic cleared his throat. "Ladies and gentlemen, tonight we are all to have a great privilege. I have persuaded the greatest artist of our day to honor us."

Jozef Elsner worked his jaw. "Louis, is it true, Louis, that you are giving my friend and pupil—?" "—Shh," Louis Pleyel said. "—And now, ladies and gentlemen, if you will repair to the music room, you will hear Maestro—Franz Liszt."

Applause followed the announcement. Groups broke up and there were polite shovings as everybody directed steps toward the music room. Kalkbrenner had Liszt's arm. Louis Pleyel, too, would have been

at the maestro's side, but he was unable to wedge through the crowd. Jozef Elsner looked about for Frederic. There were not enough chairs. Lacks brought in extra chairs into the music room but still there were not enough. Liszt mounted the piano platform. He faced the applauding audience. He was laughing. He motioned for everybody please to discontinue their handclapping.

Jozef Elsner remained in the ballroom which was now empty except for himself and two or three lackeys who were bustling about. The music room was so crowded anyway that he did not try to get into it. He walked the length and breadth of the ballroom, looking for Frederic, but the manner of his search was ludicrous, if not pathetic. It was obvious Frederic was not in the room.

There was fresh applause in the music room. When it died down Franz Liszt spoke, but Jozef Elsner was too busy with his fruitless search to listen.

"—I have a request to make," Liszt was saying. "Music and atmosphere sometimes go together. Tonight that is especially true, and I am going to ask that for the piece I am about to play—the room be darkened."

Murmurs of surprise went through the audience. "What's that?" one said. "Rather unusual," said another. "Yes, but you know Liszt." "Know him?" said another. "Oh, yes—very well!"

Liszt sat at the piano. He was studying a piece of music, apparently obvious to the audience, while lackeys snuffed the candles, lowered the great candelabra, carried the unlighted candles from the room into the great ballroom.

Jozef Elsner stopped a lackey. "Something wrong?" "No, Monsieur." "—Umm. The reception over?" "No, Monsieur." "It's just beginning," the lackey said.

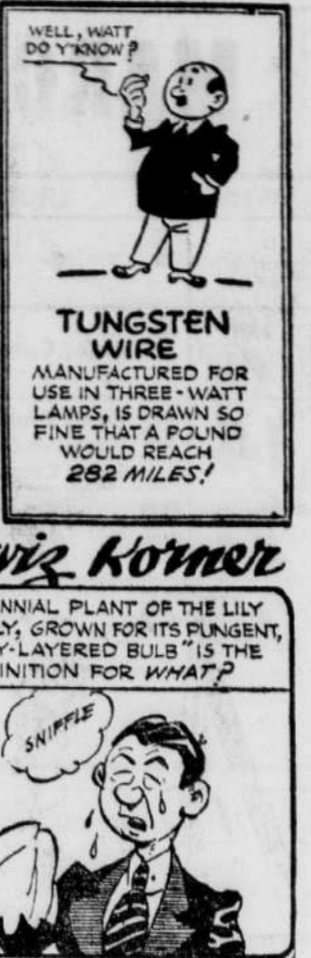

In the crowded music room it was as dark as the night itself. Jozef Elsner stood at the doorway. He tried to edge in, just a little. He managed to do it. Then he stood quiet.

Liszt began to play. (To Be Continued)

## Itching, Burning, Stinging Eczema or Salt Rheum

Eczema, or salt rheum as it is commonly called, is one of the most painful of all skin troubles. The intense burning, itching and smarting, especially at night, or when the affected part is exposed to heat, or the hands placed in hot water are most unbearable, and relief is gladly welcomed.

The relief offered by Burdock Blood Bitters is based on the knowledge that such ailments as eczema, and other skin troubles, are caused by an impure blood condition.

Bring about inner cleanliness by using B. B. B. to help cleanse the blood of its impurities.

Slack Wife Cheats Mate

Bad Housekeeper and Cook Remiss Despite Other Marital Virtue

A MAN asks: "What shall I do with a wife who is a good woman, but the world's worst housekeeper?" He then goes on to relate his tale of woe. "My wife," he says, "has all the virtues except domestic ones, but I have gotten to the point where I would rather be married to a virago, or a nagger, or a henpecker, who was a good cook and manager, than a lady angel who is allergic to the cooking stove and the broom."

"We have a nice house, but it is no home, unless you have a taste for living in a pigsty. There is no order or comfort in it. Every room is cluttered up as if a rummage sale had just been held in it. The floors are unsweped. The sink is full of dirty dishes. Meals are never on time and, when they are, they would give an ostrich stomach ailments. The children are always ailing and the doctor tells their mother that it is because they are not properly fed, but the knowledge that her own offspring are starving just as much as any little Greek refugee doesn't send her into the kitchen."

"All of this is particularly hard on me because I was brought up in a home where everything was spick and span, restful and comfortable, and by a mother who was like the model wife in the Bible who saw well to the ways of her household. She made home the most attractive spot in the world to her family. Her home cooking was something for an epicure to roll on his tongue, and she didn't throw half of my father's earnings into the garbage can, as my wife does mine."

"That's my story. But what is a man to do who sees himself being bankrupted, his children killed, and himself ruined into a grouchy dyspeptic by a wife who has no other fault except that she lays down on her job as a home-maker?"

ANSWER: Your grievance, brother, is common, but there is no way to deal with it adequately because while the law gives a wife the right to divorce her husband for non-support, it does not permit him to divorce her for non-home-making. Yet surely it is just as obligatory on the wife to fry the bacon as it is for the husband to bring it home. Why women, who are otherwise honest and have decent principles, do not think it is as much their duty to be good housekeepers as it is their husbands' to be good providers, no one knows. But they don't. If they don't happen to have the domestic complex, they make it an alibi for never learning how to cook, or run a budget, or sweep under a bed. And apparently it never occurs to them they are playing a low-down game on their husbands who have to support them, but who get no return for their money. One of the reasons every man marries for is to get a home, and if his wife fails to make him one he is being gyped just as much as if he had been cheated in any other bargain.

But the remedy is in men's own hands. They make the laws, and if they would pass an act that made soggy bread and dishwasher coffee legal evidence for divorce, it would make women realize they would have to be good housekeepers if they wanted to keep their husbands. And they would get busy at it.

For, after all, the wife's job is a pretty good one, and few women want to be fired from it.

seven hundred less than last year. Mrs. Dutton remarked that this was partially caused by the fact that the garments were larger this year and there were fewer. For civilian clothing there were 641 articles; for hospital supplies 1,145 articles; knitted comforts for armed forces, 319 articles, and donations, 17 articles. The total, less donations, was 2,105 articles.

Miss Frasier reported for the Junior Red Cross, and stated that receipts from the 1944-45 drive were \$29.80 and that 250 calendars had been sold, wool had been sent to make sweaters, socks and babies' garments. She also announced a tea to be held the following day to raise funds to clothe a three-year-old child in the War Nursery. The President then read a circular letter asking for greater effort and announcing a revision of committees and the formation of new ones for 1945. This would be done by the incoming executive, and thanked the executive committee and all those who had worked so faithfully throughout the year.

Mrs. M. Sampson, Chairman of the Nominating Committee, then took the chair, and the following slate of officers was brought in: Honorary President, Mrs. R. G. Davidson; President, Mrs. J. E. LeBaron; First Vice-President, Mrs. G. Kezar; Second Vice-President, Mrs. Omer Richard; Secretary, Mrs. Lee McKay; Treasurer, Mrs. H. Nelson Pike; Executive Committee, Mrs. A. N. Dutton, Mrs. A. H. Ham, Mrs. A. R. Virgin and Mrs. C. S. Daintrey.

It was decided that Mrs. Davidson being no longer able to officiate, that she be replaced as Honorary President, and it was moved by Mrs. Macdonald and seconded by Mrs. Seguin, that Mrs. John R. McKay be appointed. This was carried. It was moved by Mrs. Dutton and seconded by Mrs. Macdonald, that as a tribute to the help given by the summer visitors, Mrs. Brady Mitchell be appointed an Honorary President. The adoption of these nominations was moved by Miss Alice Colt and seconded by Miss Bradford. Mrs. LeBaron took the chair and accepted the nomination, and gave the following inspiring address:

"Another year has gone by and from the reports, you know what has been done in the past year, while the reports are good considering the number of workers we have had, they are by no means as satisfactory as they should be. The Red Cross work room has been open every Friday from ten to five o'clock, but the average attendance has not been over ten, and it has been a struggle to get the work done in reasonable time. "The room back of Mr. Voisard's has been open on Tuesdays, and some work has been taken out and turned in there. The groups have ceased to function but a lot of work has been given out by Hazel Cinnamon, again in some cases it has had to be called in, it had been out so long and she has finished it herself."

"I realize of course that conditions are much more difficult than at the beginning of the war, however, our men on active service are not laying down on their work and the people, who have been invaded have a real reason for war tiredness and I hope we will do our best to aid them. There is a feeling with us all that the war is almost over, some of our men and boys returning home, but in many cases they will still need help. The devastated countries of Europe will be opened up so that they can be helped, and that help should be a privilege when we consider how very comfortable we have been and what they have had to endure and that no even necessities would seem luxury to them."

"Before the end of December the Red Cross had sent supplies to Greece, Yugoslavia, France and England, but no doubt not nearly enough to fill the requirements and Belgium, Holland, Denmark, Poland and Norway, if and when they are opened up to outsiders, will need an enormous amount of help, and I can see no easing of what we should do. "During 1944 the volunteer staff of the P.O.W., Ville LaSalle Department, consisting of five groups of fifty-five volunteer workers working five days a week, have packed daily 4,016 parcels, the number of working days, 249. These workers packed 1,000,000 cartons during the year of 62,355 cases of 16 parcels each. "I could go on indefinitely on the needs of the Red Cross. You must have heard over the radio and read in the papers some of the work the Red Cross is doing both at home and overseas, and I think it should be a happiness to us to feel that we had a part in its support, both by work and money, or in whatever way possible. You are the Red Cross of North Hatley, its success depends on you. When you elect the new officers think of it as your duty to the organization, instead of to those previously elected, as one is apt to do and appoint people you think able and more than that, support them. Come yourself and ask people you know to come. Some of the members have been most faithful, and I do thank most sincerely the officers, executive committee and all those who have worked so long and so faithfully. "The business being concluded, the meeting adjourned, on motion by Miss Bradford, seconded by Mrs. Seguin.

DANVILLE

The February meeting of the Shipton Women's Institute was held in the United Farmers' Hall with the President, Mrs. Arthur Paize, in the chair. The meeting opened with the "Mary Stuart Collect" repeated in unison. Eighteen members answered the roll call by the exchange of Valentines. The Secretary read the minutes of the previous meeting, which were approved. The Treasurer gave her report. A letter of thanks from a recipient of a ditty bag was read. Plans were discussed to adopt the Blue Cross Hospitalization plan. This Branch adopted the circular programme sent out by Pontiac County. Auditors were appointed to have the books audited for the March meeting. The meeting was brought to a close and the "Valentine Tea" was served, which was open to the public. The proceeds from the tea and sale table were very satisfactory.

The Lucky Thirteen Christmas Club met at the home of Mrs. Albert Liney, Water Street. The afternoon was spent in sewing and knitting. At the tea hour delicious refreshments were served by the hostess. Guests for the afternoon were Mrs. Harmon Lodge, Mrs. W. Gardner and Mrs. A. Carr. At the close of work in the Red Cross room on Wednesday, a number of friends of Miss Maude MacLeay served refreshments in honor of Miss MacLeay's birthday, and a social hour was spent. Miss MacLeay thanked her friends for their kindness.

The Women's Association of Trinity United Church met at the home of Mrs. J. H. Boutelle one afternoon. There was a large attendance of members and visitors. Mrs. A. W. Bishop, the President, was in the chair. After the disposition of routine business, a dainty tea was served by the hostesses, Mrs. Boutelle, Mrs. Roy Smith, Mrs. Sterling Rick and Mrs. Kenneth McNeill. Mrs. E. Rick entertained at her home on Grove Street one evening in honor of her son, Pte. William Rick, who is home on furlough. Among the guests were the Misses Miriam and Dorothy Carmichael, Mabel Healy, Muriel Bernard, Messrs. Lyman Laxson, Donald Robins, Norman Bishop. After the young folks had enjoyed tobogganing on the Pine Slide for some time, they returned to the home and enjoyed hot dogs and coffee.

Rick is in Waukegan, Ill., on a business trip to the Canadian Johns-Manville Company. LAC. Allen Fulker, R.C.A.F., and Mrs. Fulker are guests at the home of Mr. and Mrs. Harvey Healy. Lieut. C. B. Findlay, R.C.A.M.C., was a week-end guest of her parents, Mr. and Mrs. L. E. Findlay. Miss Josie Clarkson was also a guest. Mrs. W. Dawson has entered the Montreal General Hospital for observation and treatment. P/O. Gordon Brown, R.C.A.F., and

On behalf of those present, Mr. H. Nelson Pike then presented Mr. and Mrs. Knights with a pair of silver candlesticks, a silver cake plate, a silver tea strainer and a linen tablecloth and napkins. Mr. Pike called on several friends, who expressed their good wishes to the happy couple. The guests-of-honor again thanked their friends for their kindness, and extended a cordial invitation to all to come and see them. All joined in singing "For They Are Jolly Good Fellows."

LAC. Davidson McCrea, of the R.C.A.F., Dartmouth, N.S., is spending some time at his home here. The members of St. Elizabeth Church held a very successful card party at the Community Club. Bridge and five hundred were enjoyed. The first prizes in bridge were won by Mrs. T. V. Reed and Mr. Leslie LeBaron, the second prizes by Mrs. J. A. Seguin and Mr. Duffy Bell. Those in five hundred were won by Mrs. W. B. Hamilton and Mr. A. Lamoureux, first; and Miss Rachel Larivee and Mr. Patrick Gagnon, second. Mr. Herbert Thomas, of Shelburne, N.S., spent a week-end at the guest of his cousin, Mr. Stanley Cuthbert, and Mrs. Cuthbert, and Mr. and Mrs. A. J. Jackson, Mr. and Mrs. Harry Cuthbert and Miss Evelyn Webb, of Sherbrooke, were guests at the same home. A meeting of the Ladies' Guild of St. Barnabas' Church was held on Ash Wednesday at the home of Mrs. Alfred Auger, with Mrs. Auger and Mrs. Ronald Clark acting as hostesses. After a short business session, delicious refreshments were served to a large number of members and friends. The many friends of Mrs. Ernest Clark will be pleased to learn that she is slowly improving, after being confined to her bed for two months. Callers at the home of Mr. and Mrs. Ernest Clark were Mrs. Joel

Mrs. Brown, of Rockliffe, Ont., are guests of Mr. and Mrs. Carl J. Brown. Friends of Mrs. A. E. Healy are sorry to hear that she is still very sick, and offer their sympathy on the death of her mother, Mrs. J. Lockwood, who had reached the advanced age of 102 years. Many friends extend sympathy to Mrs. Alex Wadleigh in the death of her mother, Mrs. Asch, who passed away at her home in Gaspé. Miss Audrey Miller spent the week-end with her aunt, Mrs. Henry Smith, and Mr. Smith in Ulverton. Mr. Henry Lodge spent a week-end in Montreal. Mr. Andrew Gibson and daughter, Elizabeth Anne, of Sherbrooke, were visitors in town. Rev. A. Hinton received the sad news of the death of his brother, Mr. Charles Hinton, of Windsor, Ont. Rev. ## N. Davis Of Ogilvie Mills Addressed Richmond-Melbourne Board Of Trade

Richmond, March 1. — "Canada's profits from her export trade feed the streams of her peacetime prosperity. That prosperity carries the standard of living of our Canadian people. And as the currents of our export trade flow full or become sluggish so does the standard of living rise and fall in our Canadian homes. The record of the rapid development of Canada's export trade shows that she has established a reputation of supplying in immense volume one produce for the world's market, which surpasses in quality that of any other country. Canadian hard wheat and flour milled from Canadian wheat are recognized as the world's best. These products have been the real pioneers of our export trade. Nature takes a part in giving us hard wheat. But world economic conditions are looming up that portend that we will have to practice all the thrift that our resourcefulness can suggest that those who direct our economy will have to use all the shrewdness they can muster, that sound business principles will have to continue to control our political and economic set-up, if we hope to successfully participate in international trade after the war." These were some of the points brought out by an executive of a well known Canadian firm in an address to the Richmond and Melbourne Board of Trade.

The Board of Trade met in the Richmond Hotel and several members of the Sherbrooke Chamber of Commerce came down to join with them in the monthly dinner-meeting. Fred J. Newell, President, presided at the head table, and with him were H. Norman Davis, guest speaker and assistant general manager of Ogilvie Flour Mills Company Limited; J. A. Archambault, Vice-President; Sherbrooke Chamber of Commerce; L. W. Dixon, of Sherbrooke; Lieut. Marcel Dufresne; Bdr. Gordon Denison, M. M., Redmond Hayes, K.C., Mayor Geoffrey, Rev. George Harrington and Gerard Desmarais, Vice-President Richmond and Melbourne Board of Trade. Other guests from Sherbrooke included Mr. L. L. Laberge, manager of the Sherbrooke branch of the Bank of Montreal.

The greetings and compliments of the Sherbrooke Chamber of Commerce were conveyed by J. A. Archambault.

Mr. Newell read a letter from LAC. Richard Lanigan thanking the community through the medium of the Board of Trade for the parcels that had from time to time been forwarded to him as one serving Overseas in the services who came from this district. LAC. Lanigan has recently returned home after an extensive service.

Gordon Denison, M.M., responded in a few words to the hearty greeting accorded to him, when the chairman presented him, and he thanked the gathering for the tribute they paid him.

K. G. Nourse, President of the local Red Cross branch, referred to the coming Red Cross campaign to be held from March 5 to 21, to raise funds for carrying on this most important work, and he referred to the evidence coming back from Overseas bearing out what a particularly necessary task this organization performs. He thought a highly commendable attitude for each person to take in regard to this campaign was to resolve to give the price of one parcel for a prisoner of war, or the price of several parcels if possible. The cost of a parcel for a prisoner of war, laid down in Geneva, is \$2.75. These Red Cross parcels delivered once a week were in many cases the means by which prisoners were able to sustain life. The objective for Richmond is \$6,000. A. E. Dyson will direct the local campaign.

Mr. Nourse also stated that Blood Donor Clinic will be held in the United Memorial Hall on Tuesday, February 27, with the Sherbrooke Mobile Clinic in charge, assisted by local doctors and nurses. It takes the blood drawn from four donors to furnish an average single dose for an injured person, and some cases require several doses. There is abundant evidence that the blood banks are saving thousands of lives.

Lieut. Marcel Dufresne congratulated Bdr. Denison on his bravery in battle by which he won the Military Medal, and he described to the audience what a real honor such a distinction conveyed.

Lieut. Dufresne commended the work of the Red Cross Society, but as he had served in a special service of the Imperial Army, his remarks about himself were very general. L. P. Morin of the Bank of Montreal thanked Lieut. Dufresne for his short but interesting address.

Rev. George Harrington introduced the guest speaker, H. Norman Davis, executive of one of the oldest and best known milling firms in Canada, Ogilvie Flour Mills, Limited, and his subject was "Canadian Business in General and Flour Milling Particularly."

Mr. Davis referred to the romance of the growth of one of the old long-established firms which started on little capital but a good measure of shrewdness and sagacity and a sound business basis, and had grown up with the country until they now occupied positions of great respect in the commercial life of the nation.

He referred to the different factors considered in selecting a site for a milling institution. All the components of the wheat grain are used, so that it is at least as economical to transport the whole wheat long distances to a mill, as it is to mill the wheat and ship the various products long distances to a seaboard or a centre of home consumption. Four mills are by preference situated on great routes of transportation by land or water with some thought being given to the proximity of the home market. The Ogilvie Flour Mills were founded in 1861 on the banks of the St. Lawrence. There are some 200 flour mills in Canada with an investment of over \$53,000,

000 and a daily output of 92,000 barrels a day.

The economic set-up of this young country is such that she flourishes on the returns from her exports, and history bears out that it has been thus since the early days of the colonies. Starting with the export of furs, the timber industry soon outstripped the primitive industries of hunting and trapping. This was later surpassed by the exports of mixed farming and finally grain farming became the source of a world-famous export business. This export business was built up by "Canadian hard wheat" and sound business practices. Red Fife was the first improved strain of wheat developed, and later two earlier ripening varieties, namely Marquis and Reward, became more popular because they were matured and harvested sufficiently early to miss some of the rust disease.

The speaker described the advantages of having wheat elevators situated near the wheat shed, so that if a difference in prices at the two seaboard should for any reason arise, the stored wheat could be shipped without additional cost to the better market. He described the practice of the big milling institutions of holding so much wheat and upon advice from their buyers that the purchase of a given quantity of wheat had been made, the firm sold options on an equal amount minus the amount it was anticipated would be consumed in milling operations within a given time. He explained the adjustments that the Government made with milling companies to offset losses sustained by the companies selling flour for home consumption at a pegged low price, which amounted to less than the returns would have been had the wheat been exported.

The speaker suggested the importance of taking a realistic attitude towards the prospects of Canada's foreign trade, and said: "We have succeeded in placing a superior quality wheat and flour on the world's market at competitive prices, we had profited enormously thereby, and we should study the whole set-up, and thereby try to work out a number of other products that Canada is especially adapted to produce and export at competitive prices, and use every resource we can devise to turn out a type of product that the foreign importers want. The standard of living in this land of great natural resources will depend largely on how successfully we solve that problem."

The Canadian export trade was not an unbroken romance, and the speaker quoted a letter from a former executive of his firm, who is serving in Ceylon, in which the writer relates that before the war, the tea packers bought their lumber for tea boxes from Finland. Since the war they bought this lumber from Canadian exporters, but they would seek to buy it from Finland again after the war, when the Canadian lumber shipped to them warped.

"To carry out an efficient industrial programme to meet world competition, it would be prudent for capital and labor to try to work together, with fair treatment to all and enmity against none. It would be prudent for all races to unite in the common effort to bring about an internal economy by means of which a vigorous export trade would give a decent standard of living."

Gaston Desmarais and L. P. Girard thanked the guest speaker for his most interesting address and extended greetings to the guests of honor at the head table.

Redmond Hayes, K.C., thanked the Board of Trade for the letter of congratulations he had received, and gave a most interesting historical description of the title of "King's Counsel."

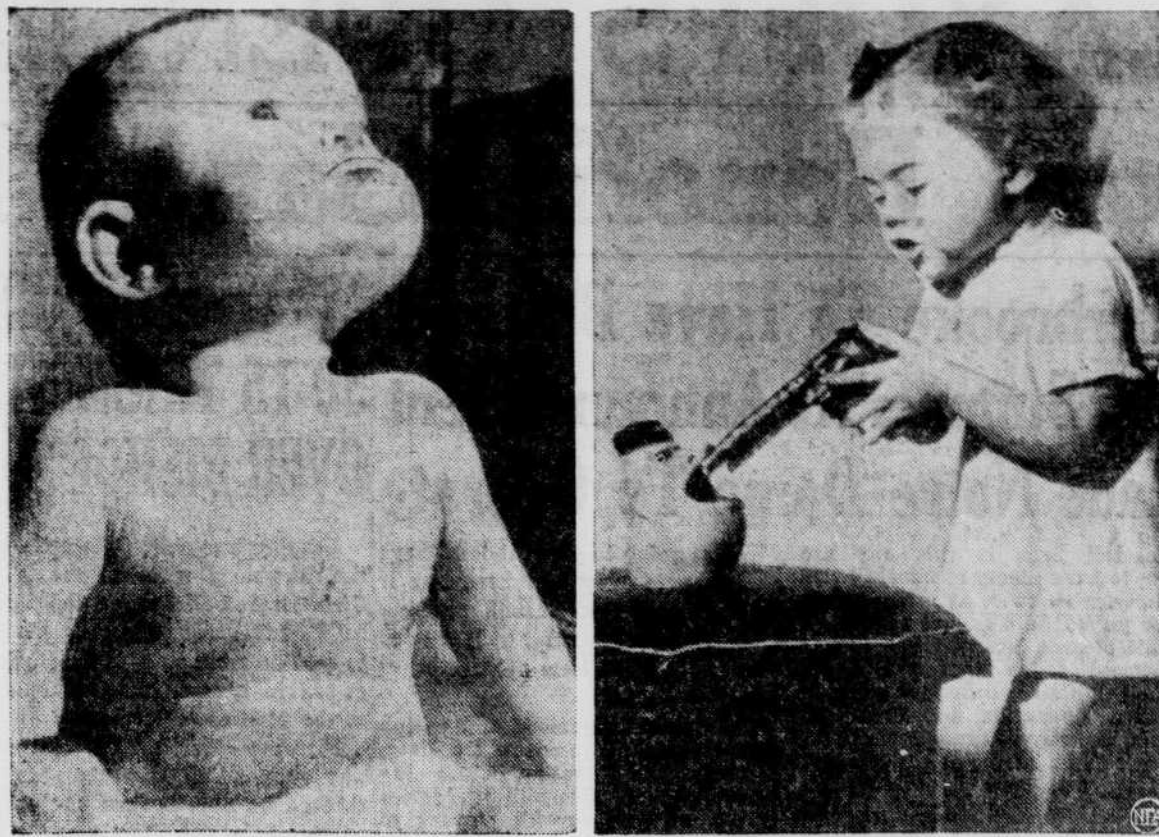

The meeting thereupon adjourned for a quarter hour's recess.

After the recess the members re-assembled for a business meeting and the minutes and correspondence were read by W. R. Whitehead, Secretary-Treasurer.

In the reports of the various committees, L. P. Girard, co-chairman of the Industrial Committee, described the great contribution to prosperity that the Chromite Limited was making with its annual payroll of \$180,000. It was brought out that the mine at St. Cyr operated by this company bears the purest chrome deposit on the continent of North America. The possibility after the war of making use of the proximity to Richmond of this rich mineral deposit is being studied.

Gaston Desmarais for the Civic Committee outlined how a few improvements on private properties on

Mr. Macartney of the Membership Committee, reported that the membership of the Board of Trade had increased some 25 per cent since the last meeting.

George W. Ewing described the progress of the negotiations with the local municipal authorities in connection with the new housing project being worked out.

It was moved by H. P. Stone and seconded by J. O. L. Michaud that a vote of thanks be tendered K. G. Nourse for the time and trouble he took to prepare the brief regarding income tax reforms, which was forwarded to the Associated Board of Trade headquarters.

Upon the request of the Chairman, H. Norman Davis described some of the workings of the co-operatives, and set forth some of a business executive's objections to the present income tax situation.

Raymond Beattie suggested that the Board of Trade might secure a much broader view of the income tax situation if both sides were allowed to present their case. He moved that the executive should try to secure a competent guest speaker to state the case for the co-operatives. This motion was seconded by Marcel Roy and passed.

It was moved by Gaston Desmarais and seconded by K. G. Nourse that a vote of thanks be tendered the Ogilvie Flour Mills for their courtesy and co-operation.

At the request of many of the members, Bdr. Gordon Denison gave an informal review of his experiences of the war front and he gave valuable testimonials to the good work of the Red Cross Society.

## WAY'S MILLS

Meeting of members of the United Church of Way's Mills was held at the home of Mr. P. B. Buckland following a dinner given by the Women's Association, at which there was a large attendance.

The meeting was opened by singing three verses of "Blessed Be the Tie that Binds," followed by prayer by Rev. McCuaig. The minutes of the previous meeting and the financial report, submitted by the Secretary, Miss A. Oliver, showed that it had been a successful year and that all obligations had been met.

The Secretary of the Women's Association reported on its activities. The sum of \$213 had been raised by dinners and a thank-offering, contributed monthly towards the pastor's salary and to the Missionary and Maintenance Fund; the church was redecorated; shades and hymnary purchased; fruit and candy donated to the Sunday School; fruit and flowers sent to shut-ins; yarn purchased and knit to be sent Overseas.

The President, Mrs. W. B. Holmes, in her pleasing manner expressed her appreciation and thanks to members and all those in the community who had assisted in the work of the society.

The following officers were elected by acclamation: President, Mrs. W. B. Holmes; Vice-President, Mrs. E. W. Perry; Secretary-Treasurer, Mrs. W. N. Horn; Yarn Committee, Mrs. E. F. Hovey; Flower Committee, Mrs. E. W. Perry.

Sunday School had been held every Sunday during the year with a good average attendance.

The Young People's Society reported that twenty meetings with a good average attendance had been held during the year. In conjunction with the Women's Association they had given an ice cream supper, do-

ating the proceeds to purchasing hymnals. Twenty young people from their society united with the church in May.

## Five Games Will Be Played In Two-Day Tournament; Finals To Be Held At Arena Friday Night

The Military District No. 4 annual tournament, held to determine the holder of the Montreal Sportsmen's Association Trophy, opens this afternoon at the Sherbrooke Arena with two games scheduled to be run off.

Five games will be played during the two-day carnival with one semi-final scheduled for tonight, the other tomorrow morning and the final fixed for Friday night.

To start the ball rolling in the tournament, a Bantam game will be played this afternoon at the Arena at two o'clock between the Larocque School and Racine Academy. This exhibition tilt has been thrown in to take care of the open spot left through the withdrawal of Huntington, M. T. Garage, and St. Jerome. These camps will not be represented in the tournament due to business pressure.

However, the games really get under way at three o'clock this afternoon when the Headquarters team from Montreal clashes with Farnham in the initial fixture.

The Headquarters men have such stars as Paul Lessard, in the nets, and Ernie Loughran to help them in their bid to take their opponents in the opening game.

Farnham, on the other hand, also has a sprinkling of stars with former pro Lt. Des Smith leading the way. Yvan Hamel and Drummond will also be carrying the mail for the Farnham Camp.

At eight o'clock tonight, one of the semi-finals will be played with District Depot No. 4 meeting the

## SHS GIRLS SCORE SURPRISE 12-10 WIN AGAINST LHS

Lennoxville High School's bid to climb steadily up the ladder in the E.T. Girls' Basketball League was nipped in the bud last night when Coach Harold Drew's Sherbrooke High School Agagettes scored a 12-10 triumph over the Lennoxville squad in a fixture played at the S.H.S. gym.

A two-game winning streak for Lennoxville was snapped as the S.H.S. girls edged out the close win. Play in the final minutes of the game was close and exciting as the local team unfolded every defensive trick in the books to prevent the visitors from tying up the score and forcing the game into overtime.

Coach Drew was pleased with the showing of his charges and declared: "It's the first time this season that the girls have played real basketball." Through the win, the Sherbrooke girls are now second place with the Lennoxville aggregation.

On the short end of a 9-8 score going into the last half, the Sherbrooke girls staged a four-point rally to bring their total to twelve points while the Lennoxville quintet was limited to a solitary point in the second session.

Betty Wilcox, with four points, was the high scorer for the local squad while Mary Fraser, turning in a good game at guard, chalked up three. Amy Spolander and Marjorie Chivers scored two each while Audrey Bailey tallied on a free shot.

Annette McKinnon was outstanding for Lennoxville as she sank two field goals and a free shot to lead the scorers with five points. Barbara Stevenson was next in line, turning in a starchy game with four points. Margaret Dawson scored the other L.H.S. point.

Thirteen fouls were called in the game by Referee Pres Carr with seven going to Lennoxville and six to the High School.

## Sherbrooke To Have Baseball This Summer As Announcement Made Notre Dame To Operate

Baseball fans in this city are going to have plenty of baseball this summer, with twice as many games to be played here as last season.

This became known when it was announced today that the Notre Dame ball club is definitely going to continue operation in 1945. Al Blouin, recently returned from Overseas where he served as a lieutenant in Italy and now honorably discharged from the Army, Lucien Robichaud and Robert Baril are to run the team this season.

Blouin, a former pitcher himself, having pitched with Three Rivers in Can-American League a few years back, will occupy the seat of president although no definite appointment has been made.

Robichaud, last year business manager with the team, will take up the same duties this season while Robert Baril, who ran the club last season and will act as club secretary in 1945.

The trio, who are making the attempt to keep baseball going in the city, are going to try to build up a good team but will need some help. They plan to approach the city for some assistance with the team and are hoping they will be able to successfully operate.

The President, Al Blouin, stated today that the Notre Dame club this season will feature a good slugging staff as well as fine pitching staff as can be predicted.

"The emphasis, however, is to be placed on hitting," he declared. "The public likes a team that can swat the old pill to the far corners of the field and that's what we're planning to give them."

"We don't intend to neglect the pitching angle, though," Blouin said.

## "Y" GIRLS SCORE 30-15 TRIUMPH OVER BISHOP'S

Leaping into a first-place tie with the Richmond girls in the E. T. Girls' Basketball League, the powerful Y.W.C.A. squad last night swept to a 30-15 triumph over the Bishop's co-eds in a fast, clean tilt played at the McKinnon Memorial.

Florence Martin, "Y" captain, was outstanding last night as she chalked up nine baskets for an 18-point score. Etheleen Martin sank two of the team's total.

Alice Hutchison, playing a good game at guard, was next in line among the "Y" scorers with five points. Etheleen Martin sank two baskets while Ula Roarke rang up two points and Margaret Dean contributed the other point, tallying on a free shot.

Monique Lafontaine, fast little Bishop's forward, starred for the co-eds as she sank three field goals and two free shots for an eight-point total. Syl Ross, Betty Johnston and Judy Baker each scored two points while Lila Pharo, who turned in an outstanding game at guard, scored on a foul shot.

The game was fast throughout and one of the cleanest of the season, only ten fouls being called on both teams by Referee Amby Wootton. Four went to the University while six were called on the Y.W.C.A.

The first quarter saw the "Y" jump into an early lead and by a 7-4 margin at the end of the first session. In the second quarter, the home squad put on a spurt which netted them eight points while the co-eds were held to a single basket. Halftime score saw the "Y" leading 15-6.

The second half opened with a bang and the Bishop's girls made a spirited attempt to catch up in the final quarter after a slow third session which saw the "Y" net two baskets and the collegians one.

Experience decided the issue and the "Y" girls held off their opponents to win out by a 30-15 count and shove the Rand, their arch rivals, into second place in the league standings.

## St. Hyacinthe Navy And Army To Play Match At Arena For Purpose Of Aiding Campaign

A Red Cross benefit match, featuring the St. Hyacinthe Navy hockey team and the local Army squad, will be played here Saturday night at the Sherbrooke Arena to help swell the funds of the Red Cross Society which is ready to start a nationwide campaign for funds next Monday.

Lt. Sam Abbot, a former St. Andrew's grid star, and sports officer at the naval training station at St. Hyacinthe is bringing his puck-chasers here for a game with Col. Eugene Nante's Lord Sherbrooke Training Camp aggregation.

The Army team will be strengthened through the use of several of the Sherbrooke Indians. Ivan Dugre will act as coach of the Army squad for the game.

Roger Dion will be in goal for the Army while Jean Paul Ranger, Pop Leroux and Ivan Boisvert will line up on the defence. The Sherbrooke forward lines of Harry Allen, Emile Letarte, Phil Bergeron and Oscar Lavoye, Noel Boileau, Ray Plante will team up with players from the training centre for the game with the Navy.

The game promises to provide plenty of fast, good hockey. Last Sunday the two teams met in St. Hyacinthe and battled to a 1-1 draw.

Evenly matched, the two aggregations fought through seventy minutes of play with neither side being able to gain much advantage in the play. Early in the 1944-45 season, the Navy team came to Sherbrooke and banded the locals a 6-1 drubbing.

Today, however, the Sherbrookers are in good condition and can give the sailors a better battle.

Travelling with the sailors will be Ron Pickell, who will take care of the netminding duties; Tom Williams, a star defenceman and Jack Driscoll.

Others on the probable line-up will be Pee Wee Read and Johnny Jackson, formerly of the Montreal Royals, Joe Ganel, Art Samson, Tom Andrews, Morris Gamble, Bud Lyons, Alex Donkhu, Art Campbell, Andy Hrym, L. P. Bergeron, Alec Pow and Alec Hrym.

These players were with the team when they appeared here last time.

## AMERICAN LOOP GAMES FEATURE SCORING SPREES

American Hockey League marksmen staged a scoring spree last night and hammered in 33 goals in three games, with Cleveland Barons adding to their lead in the Western Division with an 11-4 victory over Providence Reds. Pittsburgh Hornets strengthened their hold on second place with a 10-3 triumph over St. Louis Flyers, while Buffalo Bisons, Eastern Division leaders, defeated Indianapolis Capitals 4-1. Les Cunningham and Earl Bartholomeo powered the Cleveland victory with three goals each, while Lou Trudel was good for two. Singles for the Barons were contributed by Dick Adolph, Leo Gasparini and Roy Kelly. Freeman Jack, Rollie Forger, Bill Hudson and George Patterson scored for Providence. The loss was a hard blow to Providence's hopes of making the A.H.L. play-offs.

Over in Pittsburgh, the Hornets piled up their total of 10 with two goals coming from Tony Hemmerling, Jimmy Jamieson and Deke Klein. Rollie Kossignol, Bob Walton, Ken Schulz and Marcel Bessette added one each, while the Flyers' goals were scored by Fred Hergert, Vic Lynn and Nakina Smith.

In Buffalo, the Bisons introduced Bill (Legs) Fraser, fifth Buffalo goalie this season, to the fans and he made a good impression, holding the visiting Capitals to one goal, by Ted Garvin. Fraser, a Canadian Army dischargee, is six feet, three inches tall, and the Bisons are counting on him to help them gain their third straight title.

Buffalo's goals were scored by Herb Pozzo, Ken Kilrea, Roger Leger and Oscar Aubuchon.

The only game tonight sends St. Louis to play at Providence.

## Windsor Faces Elimination As Tigers And Paper Makers Meet Tonight In 3rd Game Of Series

Dallas Grant's Windsor Mills Paper Makers are starting elimination series for the E.T.I.H.L. championship with the Victoriaville Tigers in the third game of the E.T. Intermediate Hockey League final at the Canada Paper Arena tonight. The Paper Makers are now two games down in the three out of five series, having lost 9-1 and 4-2 to the Tigers on Sunday and Tuesday nights.

The Victoriaville men are bound to put everything they have into the game in an effort to clean up the series for the E.T.I.H.L. championship which was declared by next Thursday when the cup-winners will tangle with the winner of the Sherbrooke and District Intermediate Hockey League for the right to represent the E.T. in the provincial playdowns.

The Tigers, who have chalked up two straight wins so far in the series, are favored to win the game and the cup tonight. However, the Windsor men surprised the hockey world Tuesday night when they gave the Tigers such a run for their money and were beaten only 4-2 after having absorbed a terrific 9-1 pounding Sunday night.

The teams are fairly well matched actually with one Tigers having a wide edge in only one department—the defence. Red Goupille, Roland Denault and Pete Mercier guarding the Tigers' zone, it is a tough proposition for the Windsor forwards to filter through for a clean shot at Marois.

The forwards are just about even. We might even go so far as to say the Paper Makers have a slight edge in that department. Nowhere in the league is to be found as fast a line as the Leblanc-Guilbault-Morey unit while the Burns-Duncan-McLenahar string is also a formidable attacking unit.

Probably where the Tigers have the advantage over the Paper Makers is that practically every member on the team is a good two-way player. This persistent backchecking is all-important in playoff games and though a line may be strong offensively, it can be tied up by a bunch of harassing, back-checking opponents.

With regards to the goalkeeping department—well, there isn't much to be said.

It is a known fact that when Roger Longpre, Windsor goalie, is "on," there is no limit to what he can do about stopping pucks. The diminutive netminder has turned in some greta performances in his fifteen years as a goalkeeper and has been playing sterling hockey in the play-offs.

Whether the Paper Makers win or lose tonight may depend to a large extent on Longpre's work. Fast and agile, he will, if "on," certainly rob many a Tiger of seemingly-sure goals.

But what of the Tiger goalie, Jean Marois, who performed with Toronto St. Mike's and filled in as a spare goalie for the N.H.L. Maple Leafs a few years ago?

Well, frankly, we will pass no judgment on the netminder. In all the games we have witnessed, the Victoriaville defence has bottled up the opposing forwards so much that we were unable to tell whether Mar-

## Chicago Hawks Visit Rangers At Manhattan

By EDDIE LEE  
Canadian Press Staff Writer

The National Hockey League problem facing the New York Rangers tonight when they meet the Chicago Black Hawks is large psychological—unless the Chicago board of strategy calls for new tactics.

The Hawks recently have been prone to grab a lead as soon as possible, then drop back to defensive play which consists mainly of belting the puck—and opposing players—all most at random. You can almost see the frustration it causes the opposition and the club has had a measure of success with it although not having been able to climb out of the cellar into the N.H.L. play-offs.

Hawks abandoned the system for most of Tuesday's game against Toronto Maple Leafs on instructions from Johnny Gottselig, who is handling the club in the absence of Manager-Coach Paul Thompson absent on a coaching trip. The result was that Chicago defencemen carried the puck more and the game ended in a 3-3 tie.

So if New York Rangers hurdle the psychological obstacles they may still have to overcome considerable hockey ability in the Hawks if they want to win tonight and step over Boston Bruins into the fourth-place play-off spot.

The Hawks, five points back of Rangers, have been going nowhere at a terrific pace all season and victory would keep their almost extinguished hopes of reaching the play-offs alive.

But even at best they have only a slight chance. Of their six remaining games after tonight, two are against Montreal Canadiens, one against Detroit and one against Leafs.

Hawks and Rangers clash at New York tonight while all the other teams in the league are idle.

## Lachine Gains Upset Victory Over Cornwall

Lachine, Que., March 1.—Lachine Rapids took a one-game edge over Cornwall Cookies in the Inter-provincial Hockey League semi-final play-off last night, turning back the Cookies 4-2 in the first game of a best-of-seven series. Scoring star for the Rapids was Danny Porteous who scored two and assisted on the third Lachine goal in the overtime stanza.

Paul Lessard and Jean Louis Lemaire turned in smart goal-tending jobs in the rival nets during the first period and it was not until seventeen minutes had passed in the second, before Jack Morrow sent the Lachine team ahead, converting a pass from Swede Paulsen and Skipper Bean.

Goal-tending was tight throughout the game, and the Rapids held on to their one-goal advantage until 55 seconds from the end of regulation time when Andy Perron tallied on an assist from Bobby Carragher, and sent the game into overtime.

Bean scored on Porteous' pass within 29 seconds after the overtime period started. Then Porteous teamed up with Coco Terriault and Tommy Hale to register two goals within a minute. Perron collected the second Cornwall goal unassisted.

Second game in the series will be played at Cornwall Saturday.

## LOCAL CURLERS AT MONTREAL

Fifteen rinks from Sherbrooke, Granby, Thetford Mines and Lennoxville are representing this section of the Eastern Townships in the Edinburgh Trophy draw, starting today in Montreal. The E.T. Rinks will all play on Saturday.

Sherbrooke is represented by E. G. Bascom and Bruce McD. Miller while D. R. Clark and W. J. Lane will carry the Lennoxville colors.

Thetford Mines has two rinks competing, skipped by J. P. Lafontaine and A. C. Jenkinson while Granby leads the field with nine rinks. These are skipped by C. E. Ball, W. O. Lewis, J. B. Payne, O. R. Jackman, W. B. Bradford, C. W. Jackman, J. D. Troie, A. C. Smith and O. V. Giddings.

COACH HANLEY SIGNED  
Chicago, March 1.—(AP)—The all-America football conference—a proposed post-war pro grid project—had its fifth coach in its fold today, with Chicago's entry signing Lt.-Col. Richard E. (Dick) Hanley, former college grid mentor.

Hanley, whose collegiate coaching career extended over a period of 13 years at Haskell Institute and Northwestern University, yesterday signed a three-year contract as head coach and general manager of the Chicago club, one of the eight prospective clubs.

## STOVES, VALVES SCORE 3-STRING TRUNDLING WINS

Three-string triumphs were chalked up in regular games of the Fairbanks Bowling League when the Stoves took an easy triumph over the Stokers while the Valves registered an identical score in their game against the Oil Burners.

In a third game, the Trucks scored a 2-1 decision over the Standpipes while in the evening's final match, the Scales scored a 2-1 win over the Blowers.

Two players split high single honors for the evening with A. Jean, of the Oil Burners, and A. Laframboise, of the Scales, each recording a ten-box score of 135.

The high triple went to G. Laeroix, rolled a three-string total of 344 to rank as top man.
