

## CONSTITUTION OF MEDICAL BOARDS

### Of Soldiers' Civil Reestablishment Will Be Changed, If New Bill Is Adopted

Ottawa, June 7.—Notice has been given in the House by Hon. Dr. Beaudry, Minister of Soldiers' Civil Reestablishment, for an amendment to the D.S.C.R. Act to provide:—  
1.—That the power to make regulations for the constitution of Medical Boards, including appeal boards with such powers as may be deemed expedient, be repealed and provision be made to give the Minister power, with the approval of an Order-in-Council to make regulations for appeals from decisions as to the right of ex-members of the forces to treatment with payment and allowances, and for that purpose to designate the review and appeal tribunals to be constituted under the proposed amendments to the Pension Act.

2.—That the Governor-in-Council may on the recommendation of the Minister appoint an ex-member of the forces to be an official soldier's adviser in each unit or district of the department at such salary or remuneration as may be decided in each case with prescribed duties.

3.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

4.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

5.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

6.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

7.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

8.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

9.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

10.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

11.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

12.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

13.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

14.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

15.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

16.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

17.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

18.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

19.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

20.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

21.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

22.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

23.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

24.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

25.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

26.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

27.—That the Minister shall have power to appoint a person or persons to hear and receive evidence on oath in respect of any matter pertaining to the department or procedure of the department.

## M. POINCARÉ AMENABLE TO BELGIAN VIEWS

### Allies Headed Towards Resumption Of Meetings Of Allied Supreme Council

### BELGIANS SURPRISED

### Agreement Among Allies Expected To Induce Germany To Change Attitude

Brussels, June 7.—Belgian official circles are gratified that the French so readily accepted the Belgian views expressed at the conference of Premiers here yesterday, and it was announced officially at the Ministry of Foreign Affairs today that the result had given entire satisfaction.

Premier Theunis plan fixing the German debt at 40 billion gold marks, 30 billion for France, 5 billion for Belgium, and the balance for Japan, Portugal, Roumania, and Serbia was received by Premier Poincaré in a spirit of conciliation and the hope was freely expressed that a real step had been taken toward the solution of the reparations problem.

The Belgian plan, it is pointed out here, is desirable for France and Belgium only insofar as Great Britain and Italy renounce their part in the reparations. There is strong belief here that the Belgians made such a proposal only after having been certain that Great Britain was willing to abandon her share.

Premier Theunis and Foreign Minister Jaspard spoke freely today in regard to the situation, without any attempt at evasion by the use of diplomatic language. While discussion of remaining beside France in the Ruhr to obtain payment by all means possible the Belgians made it clear during yesterday's conversations that they in no consideration were they willing to risk becoming estranged from Britain.

Mr. Theunis plan includes concrete proposals for making the Ruhr operations productive. The plan which was drafted by M. Romelmann, the Belgian reparations expert, provides for alcohol and tobacco monopolies in the occupied territory, reinforcement of the customs systems and a new method of taxing the Ruhr industries, by assessing upon the volume of business transacted instead of upon the declared profits.

Belgians Surprised  
It was apparently a great surprise to the Belgians to find M. Poincaré so amenable. M. Jaspard, in commenting on the result of the conference said:

"The accord is perfect; we are headed toward prompt resumption of the meetings of the Supreme Council, with all the Allies represented. To be sure we will not be assembled to-morrow or the next day with the British and Italians around the conference table, but it cannot be delayed much longer."

There is a general feeling here that Germany, impressed by the complete agreement of the Allies, will soon yield and that negotiations can be successfully concluded.

General Degoutte, Allied military commander in the Ruhr, had a long talk with Premier Poincaré last night and returned to Düsseldorf this morning.

"My task is becoming much easier," he told the correspondent. "There are signs that the passive resistance of the Germans is disappearing. We have the Ruhr well under control, and are prepared to enforce any decision taken by the statesmen."

### 3,000 GERMANS ARE WORKING FOR FRENCH IN THE RUHR

Berlin, June 7.—There are between forty and fifty German railway officials and 3,000 German laborers engaged in the railroad service occupied area, according to the Berliner Tagblatt.

The newspaper says it has verified these figures following the circulation recently of reports exaggerating the number of Germans aiding the French.

True happiness consists not in the multitude of friends, but in their worth and choice.

Anger may make dull men witty, but it keeps them poor.

Hope is a good breakfast, but it is a bad supper.

Hope is a good breakfast, but it is a bad supper.

Hope is a good breakfast, but it is a bad supper.

## LADY MEMBER OF COMMONS

### Given A Cordial Reception When She Took Seat In Imperial Parliament

London, June 7.—The House of Commons gave a cordial welcome this afternoon to the new woman member for Berwick, Mrs. Hilton Phillips, who was introduced by Colonel John M. Wilson and the Solicitor-General, Mr. Phillimore, known to the stage as Miss Mabel Russell, wore a smart black frock with a lace collar and a black hat with a broad brim. She took the oath at the bar and received the congratulations of the members before taking her seat. The introduction of the new member took place amid a good deal of banter exchanged between various members, during which William M. R. Pringle, Liberal member of Yorkshires, called out to Lady Astor, "Cheer up, Nancy."

## MASSEY WANTS EMPIRE CABINET

### To Promote Growth And Welfare Of Younger Countries Of British Empire

Wellington, N.Z., June 7.—(By Canadian Press via Reuters)—Premier W. F. Massey, speaking at Christchurch, reiterated the opinion he had previously expressed that the Imperial War Cabinet should have been continued as an Empire Cabinet. He said he hoped something would be done to establish a council which would be independent of the Home Government, although he disclaimed any idea of fault finding with the Home Government.

Premier Massey outlined the business that might be dealt with by such a council, chief of which would be the promotion of the growth of the welfare of the younger countries of the Empire a real family of nations.

## BRISK SALE OF CANADIAN CATTLE

### Over 250 Head Sold At First Public Sale At Birkenhead In An Hour

London, June 7.—(By Canadian Press Cable)—The first public sale of Canadian cattle at Birkenhead was very successful. Over 250 animals were sold in an hour and they brought prices ranging from twenty pounds five shillings to thirty-six pounds fifteen shillings per head (about \$95.50 to \$173.50 per head). The former were thin cattle from the western part of the country which had wintered in the open.

## HAS NOT MERITED RACE CALUMNIES

### Hon. Meighen Declared He Was As Loyal To Quebec As To Other Provinces

Montreal, June 7.—"If there is one determination in my mind more than another it is to demonstrate to my Canadian fellow-citizens of this province that I have not merited the racial calumnies heaped against me, vice conducted by the French in Berlin," declared the Hon. Meighen, Minister of the Interior, in a speech here tonight.

In regard to the railway problem of Canada he said of the Liberals that "you cannot get one of them to talk private ownership if you stab him from behind."

Referring to the tariff and Imperial preference he voiced the view that he did not believe in sacrificing Canadian industry to British industry. He predicted that at the forthcoming Imperial conference the Hon. W. L. Mackenzie-King and the Ministers who would go with him overseas would buy themselves in London seeking to find out what had been done at the Imperial conferences of 1921 and 1918 and doing exactly the same.

Hon. Rodolphe Monty spoke of reorganization and the Hon. Andre Pauteux who was Solicitor-General in the Meighen administration, touched on the Imperial problem.

Anger may make dull men witty, but it keeps them poor.

Hope is a good breakfast, but it is a bad supper.

## GERMANY IS READY TO PAY REPARATIONS

### Says Berlin Note, But Suggests Matter Be Referred To Impartial Tribunal

### EXPRESSES GOODWILL

### As Guarantee For Annuities Germany Pledges Her Federal Railway System

London, June 7.—The new German reparations note, which the German Ambassador presented to Lord Curzon this afternoon, is considered as offering a distinct advance over the previous note, but is expected to be disappointing to the French, as it is understood not to mention a specific amount of reparations.

The document is brief and wholly devoted to elucidation of the mooted points on which the creditor nations had requested amplifying statements. It makes no mention of the political situation, the Ruhr occupation, the question of abandoning the passive resistance and indulges in no recriminations. Neither does it refer to the conditions under which Germany is prepared to carry out the payment of the annuities.

A further 10,000,000,000 marks would be guaranteed by a gold five per cent mortgage security for which would be furnished in physical holdings of industry, agriculture and shipping, and the gold obligations assumed by banking and commercial interests and private real estate. This levy, it is estimated, would also yield three hundred million gold marks. The additional 200,000,000 of the annuity total would be raised by increased customs duties on articles of luxury and the creation of a Government monopoly in tobacco and spirits.

The memorandum reaffirms Germany's good-will and readiness to meet her reparations obligations and asserts that the conviction that the problem should be submitted to an impartial inquiry, the verdict of which, it declares, would be accepted by the German Government.

As a guarantee for the annuities, the German Government pledges the federal railway system, which would be capitalised at 10,000,000,000 marks, yielding an annual bonded interest of 500,000,000 marks.

Paris, June 7.—The German reparations offer elaborated in the note delivered to the Entente Alliance today remains entirely unacceptable to France. It was declared in Government circles to-night.

It makes no appreciable advance over the previous offer, and France cannot even discuss with Germany, for as was decided at Brussels yesterday, the passive resistance in the Ruhr must be abandoned before any negotiations can begin.

The note was characterized as unsatisfactory for four main reasons: First—Because it makes no mention of abandoning the passive resistance, which is the first of the Franco-Belgian conditions.

Second—Germany offers no definite sum as the total reparations.

Third—In suggesting an impartial International Commission to fix the reparations total, Germany ignores and seeks to violate the Versailles Treaty, which created the Reparations Commission for exactly that purpose. The French see no reason why the Reparations Commission should be supplanted.

Fourth—The suggestions for guarantees might be open to discussion if Germany proposed their liquidation by the Allies, but if the German administrator the guarantees the French would expect no satisfactory result.

The French are still unconvinced, they say, when Germany pleads its inability to pay. They declare they have seen her living sumptuously and that they know she can meet her obligations.

Premier Poincaré had a lengthy conversation with President Millerand this afternoon and gave him a report of his meeting with the Belgian statesmen at Brussels. The question of how the German note is to be answered, it is said, in official circles depends upon the other Allies. France would be glad to join in a collective answer but the terms must agree with the French views.

The Germans were careful not to ignore the Reparations Commission, and delivered a copy of the note to the Commission today as they did when the main proposals were made early last month.

Berlin, June 7.—"Since the Allied Governments have attached importance to Germany's firmness in the forthcoming peace indications as to the kind and mode of guarantee which she is in a position to offer, the German government proposes the following as part of a definitive reparations settlement:—

(a) The railway system of the Reich, with all its appurtenances, will be detached from the other state property and held as a separate fund; the accounts of which would be independent of the general financial administration and under its own control; and obligations will be issued up to the amount of 10 billion gold marks with a direct first charge on the assets of this administration and carrying interest at

five per cent, as from July 1, 1927, thus securing an annual payment of 500,000,000 gold marks.

(b) To secure a further annual payment of 500,000,000 gold marks as from July 1, 1927, the German Government will at once subject the entire business, industry, banking, trade traffic and agriculture of the country to a guarantee in the form of a mortgage of 10 billion gold marks on real estate, whether buildings, dwellings, lands or forests. The annual dues of 500 million gold marks will be levied either indirectly in the form of a general tax on all classes of property or on the specific objects of the mortgage.

(c) In addition the German Government will pledge as security the customs on imports of consumable goods other than necessities, the articles on tobacco, beer, wine and sugar, and the receipts of the spirits monopoly. On the average of the year's preceding the war these customs and excise receipts reached about 800 million marks. Their yield in gold marks has now fallen to one quarter on account of the loss of territory and population and reduced consumption. With the recovery of the economic activity of Germany it will automatically increase.

"In conclusion, the German Government feels that it must lay emphasis on the following: In a matter so vast and complicated, real progress cannot be made by the exchange of written documents, but can only be achieved by word of mouth at the Conference table.

## MEN WHO FAILED FOR \$15,000,000

### Contributed \$102,000 For Relief Of Members Of Consolidated Stock Exchange

New York, June 7.—Eleven members of the consolidated stock exchange who failed for nearly \$15,000,000 were among the 17 firms contributing \$102,000 for the relief of member firms in financial difficulty, it was disclosed today by District Attorney Banton, after he had questioned a former employee of R. H. MacMasters & Co., and R. H. Silkworth, President of the Exchange who has announced his intention to resign.

All but \$500 has been accounted for, the balance having been paid to commissioners who were seeking stocks or their money from the MacMasters firm. Information given by Mr. Silkworth, Mr. Banton said, was of sufficient importance to be presented to the Grand Jury.

## AMENDMENTS TO BANK ACT

### Proposed By Progressives Adopted By House Committee

Ottawa, June 7.—Two amendments to the interest and discount section of the Bank Act proposed by the Western Progressive group were adopted by the Commons' Banking and Commerce Committee today. The first prohibits a bank from making any charge for keeping a customer's account without an agreement with the customer; and the second requires the rate of interest and discount charged by the bank to be stated on the face of the note.

The second amendment was carried over the objection of the Secretary of the Canadian Bankers Association. Both amendments were moved by C. G. Coote, of MacLeod, but the first was fathered by E. J. Garland of Bow River, who produced evidence of a bank charging storage on cancelled cheques. The amendment of Mr. Coote to abolish the practice of discounting bank loans was referred, as were also proposals to out the rates charged by banks for cashing cheques and collecting drafts.

## ALLEGED THAT CHILDREN WERE SHOT TO DEATH IN RUHR VALLEY

Berlin, June 7.—Five German children have been shot to death by members of the Franco-Belgian occupation forces since their entry into the Ruhr, according to the newspaper Die Zeit today.

The ages of the children ranged from seven to sixteen; two of them were girls and two apprentices to laborers. Die Zeit prints a list of "victims" by name, giving the dates and localities of their deaths.

St. John's, Nfld., June 7.—The Speech from the Throne read by Governor Allard today at the formal opening of the Newfoundland Legislature today dealt mainly with proposals for the establishment of a paper industry on the West Coast by the Armstrong Withworth Company of London, Eng., and also for shadowed legislation for the future operation of the Newfoundland railway.

For the paper industry the Government has agreed to guarantee principal and interest of \$9,000,000, a similar amount to be guaranteed by the British Government.

The railroad policy, it is understood, contemplates the withdrawal of the Reid-Newfoundland Company from operation of the Island system.

Premier Sir Richard Squires announced that the Executive Council had been increased from 10 to 12 members. Walter Cave, Minister of Finance, will be the additional member.

## The Weather.

Toronto, June 7.—A well defined disturbance is centred tonight over the Great Lakes and pressure is high over the Gulf of St. Lawrence and the northwest states. Showers have occurred in Alberta and Southwestern Ontario, while in nearly all other parts of the Dominion the weather has been fair.

## DISARMAMENT PLAN OF LORD ROBERT CECIL

### Was Laid Over For Consideration By Commission Of League Of Nations

### COUNTER PROJECT

### Presented By Col. Requin Of France Will Be Considered At Same Time

Geneva, June 7.—The temporary armament commission of the League of Nations today finished its discussion without coming to a vote of Lord Robert Cecil's plan for disarmament and a guarantee pact among the powers.

It was decided to take up the question later, meanwhile asking the opinion of the League's Permanent Military Commission in regard to the French counter-project presented by Colonel Requin.

Lord Robert's project, in the opinion of many of the leading delegates, cannot be accepted and a compromise will be necessary in which some of the features of both his plan and that of the French will be incorporated. The principal difference between the two projects is that Lord Robert's demands a complete general pact of guarantees, while Colonel Requin's proposes arrangements between any two or more countries as more likely to result in immediate action in the case of attack.

One of the greatest blows to Cecil's project is the announcement by several of the smaller members of the League that they cannot undertake any such arrangement. One of these is Switzerland. The League's Permanent Military Commission is also against the British plan which it has declared impracticable.

Information here is that the Scandinavian countries have an understanding to stay out of any such agreement and the opponents of the Cecil plan observe that the absence of these countries might prevent application of any blockade.

The substitute suggested is a partial agreement among a smaller number of the States providing for immediate mutual aid in the case of menace. The compromise plan being discussed tonight would unite these local agreements with the general understanding and include provisions for reduction of armaments.

## PAPER PLANT IN NEWFOUNDLAND

### Government Of Ancient Colony To Guarantee Bonds To Tune Of \$9,000,000

St. John's, Nfld., June 7.—The Speech from the Throne read by Governor Allard today at the formal opening of the Newfoundland Legislature today dealt mainly with proposals for the establishment of a paper industry on the West Coast by the Armstrong Withworth Company of London, Eng., and also for shadowed legislation for the future operation of the Newfoundland railway.

For the paper industry the Government has agreed to guarantee principal and interest of \$9,000,000, a similar amount to be guaranteed by the British Government.

The railroad policy, it is understood, contemplates the withdrawal of the Reid-Newfoundland Company from operation of the Island system.

Premier Sir Richard Squires announced that the Executive Council had been increased from 10 to 12 members. Walter Cave, Minister of Finance, will be the additional member.

### Will Be Chief Aim Of Union Of Municipalities, At Annual Convention In Montreal

Montreal, June 7.—The annual convention of the Union of Municipalities which will be held here the week after next will be devoted to the idea of developing the Province of Quebec for tourist traffic. It was stated today by Charles F. Furse, Treasurer of the Union, who is making arrangements for the convention. This year the Provincial Union of Municipalities will again hold its convention aboard ship, taking a four days trip down the river and Gulf to the Island of Anticosti. Previous to this excursion, however, Mr. Furse stated, active steps would be taken to organize a new association for the express purpose of co-ordinating with the Provincial Union of Municipalities and the Quebec Govern-

ment in looking after the tourist business of the Province.

Lausanne, June 7.—There was no sign visible today of a breaking of the deadlock at the Near East peace conference. The Turks, however, particularly the younger men attached to their digitation, including the proprietors of Constantinople newspapers, strongly favor an immediate peace, leaving the points in controversy for settlement at a later date.

The Greeks also are showing marked symptoms of nervousness and are urging the most rapid conclusion of peace possible so that the Greek army can be demobilized.

PEOPLE ON SHIP ATHENA HERE ON KAMMERER DEPARTS NOT NEW REASON THEORY ENDED IS NECESSARY

450 Travellers On Laconia Brought Out Nearly Thousand Consumed A Considerable Passengers—Is Now In Quantity On World Cruise Montreal

Some idea of the magnitude of arranging a cruise around the world for 450 people may be gained from the amount of food consumed during the voyage of one hundred and thirty-two days. In addition there is a crew of approximately 450 making a total of nine hundred people to feed," said Ralph E. Towle, head of the Travel Department of the American Express Company. "The figures I am quoting are from our last world cruise on the SS. Laconia and will be duplicated, with a few changes, on our next cruise on the SS. Franconia sailing next November. "The report shows that during the cruise 86,150 pounds of meat, 8,763 chickens, 2,268 ducks, 657 turkeys, 4,775 squabs, 3,375 game birds, 32,520 pounds of fish, 194,540 eggs, 125,850 pounds of potatoes, 21,845 grape fruit, 64,550 oranges, 65,460 pounds of flour, and 4,236 pounds of coffee were consumed. "If the chef's assistants cast overboard at equal distances apart the used rinds of the oranges and grape fruit and the egg shells they would dot the ocean every two hundred feet for the entire voyage."

GRAIN MOVEMENTS

Some 180,000 bushels of wheat and oats arrived yesterday on the steam barge Glenarnick and Canadian. The grain was brought about 70,000 bushels of wheat for export, while the Canadian carried some 108,000 bushels of oats in her holds for local consumption. The whole of the grain is being unloaded into the Harbor Commission's elevator.

Passengers Cast Flowers into Sea At Services On Cunard Liner Recently

A radio from the Cunard liner Mauretania says that Memorial Day was impressively observed on the big ship recently. Mme. Leta May, coloratura soprano of the Chicago Opera Company, opened the service by singing the "Star Spangled Banner." Appropriate prayers followed. An address was made by Winthrop Ames, the well-known theatrical producer. He extolled the men who served the Union in the Civil War, regretting that their number was growing smaller year by year and would soon be gone. Lord Barmby followed, paying a tribute to America for her part in the World War. Several hymns were sung. Benediction was pronounced by one of the clergymen on board and "God Save the King" was sung.

SHIPPING MOVEMENTS

Port of Montreal, June 7. Arrivals—Wyncoote, Three Rivers; Athena, Glasgow, Sailed—Sinatra, Hamburg; Pearlmoor, Barry. SIGNAL SERVICE SHIPPING REPORT. Father Point—Clear, east. Syrup Pepsin Loved By Hosts of Babies. ANY FAMILY MAY TRY IT FREE. THE mother has her choice of many remedies for her baby's minor ills, but she should be careful which remedy she selects lest she do the child harm. What might be safe for herself may do injury to an infant. You will find that if the little one cries and doesn't want to play that his bowels are constipated. First look carefully to the diet and give the child one-half teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin. You will then see results in a few hours. You will not have to force it on babies or children; they actually seek for it, it is so pleasant-tasting and free from griping. Dr. Caldwell's Laxative Syrup Pepsin is a compound of Egyptian senna and pepsin with agreeable aromatics. The ingredients are supplied you, and it costs only a cent a dose. Try it in constipation, biliousness, flatulency, headaches, and to break up fevers and colds.

TAKE DR. CALDWELL'S SYRUP PEPSIN LAXATIVE The family remedy.

LATEST NEWS OF LA TUQUE

Interest In Musical Examinations—Church Services—New Club

La Tuque, June 7.—Father Deroche of Laval, Mr. Letourneau, organist of St. Sauveur church, Quebec, and Mr. Renee Talbot, Secretary of the Laval Conservatory of Music were in La Tuque on the 5th for the purpose of holding an examination in music of the pupils presenting themselves from the La Tuque Convent.

Fourteen girls presented themselves, all of whom were successful in passing the examinations, two with "Tres grande distinction," 10 with "grande distinction" and the remaining two with distinction.

The examiners expressed great surprise at the astonishingly good training given to these girls and their wonderful success in theory especially.

This examination was the first to be held by the Laval Conservatory of Music, and augurs well for a future success.

Great praise must be given to the painstaking sisters who trained these young girls, and who are entirely responsible for their remarkable showing.

The names of the successful candidates have not yet been made public, but will be in a few days.

New Catholic Church.

We are given to understand that work on the new church will be commenced very shortly, only the signature of the Bishop-elect of this diocese being necessary before authority is given for construction to begin.

This church will be built on the site of the present St. Zepherus Church, which has been moved back a hundred feet to allow construction to begin.

The church will be built of brick with a stone front, on St. Joseph St. and will cost in the neighborhood of \$300,000.

Cercle Paroissiale.

The Cercle Paroissiale, which was closed at the beginning of May last, will be re-opened about the beginning of September. This club for a long time the only recreation hall in La Tuque was closed for the summer as it was felt that the expense entailed in keeping it open would not be warranted in view of the fact that its amusements are not very well patronized during the summer months.

Church Services.

Services at St. Jephther Church, Sunday the 9th June, will be as follows: Masses at 6, 7 and 9 a.m.; Special service for children 8 a.m.; Grand Mass 10 a.m. Celebrant Rev. Father E. Corbell. Vespers 7 p.m.

Services at St. Andrew's Church.

Communion Service 8 a.m.; Sunday School, 10 a.m.; Morning Service 11 a.m.; Evening Service 7 p.m. Preacher Rev. R. J. Shiras.

PERSONALS.

Mezera, M. and S. Gilliard are spending a few days in Montreal. Mr. Manseau is re-organizing his orchestra for the "Citizens League" banquet being held today.

Miss Blanche Willard is back among her old La Tuque friends the guest of her sister, Mrs. Charles Cox.

TRIAL FOR LIFE IN RUMANIA

Nicka Rutha Will Face Charge There Of Killing A Man In Ontario

Toronto, June 7.—Nick Rutha charged with committing a murder in Thorold, Ont., is to be tried for his life in far off Rumania. The warrant, deposition and information documents are being forwarded today by the Attorney-General's Department and Provincial Secretary's Department. The papers will first go to the British consul in Montreal and from him to the British consul in Rumania.

It will be one of the unique cases in the history of the province. Last August Adam Solon was stabbed to death. The papers going forward to Rumania, contain affidavits from witnesses charging Nick Rutha with the murder.

Three men were involved in the attack on Solon. Two of them Nick Thomas and Harry Rutka, were arrested and at the Assizes in Welland, were both sentenced to death. Later, the sentence was commuted to life imprisonment. Nick Rutha escaped. He was traced to Buffalo and then for a time was lost sight of. However, the escaped Rumanian wrote to friends in Ontario and the police got trace of where he was. His address was given as Zuchta and Bukowina, Rumania.

FACILITIES FOR LADY ASTOR'S BILL

London, June 7.—Prime Minister Stanley Baldwin announced in the House of Commons that the Government is ready to grant facilities to Lady Astor's bill, providing for prohibition of the sale of intoxicants to persons under 18 years of age. This ensures adoption of the measure at the present session.

Love to be advised and not to be praised.

PRESBYTERIANS NOW DEBATING CHURCH UNION

Minority Report Recommends Question Be Left In Abeyance For 12 Months

ANTI-UNION PARTY Claim That Opposition To Union Has Grown Steadily In Recent Years

Port Arthur, June 7.—The term "home missions", descriptive of one of the Presbyterian departments, covers a much wider scope than many realize, as the annual report of the Board of Home Missions and Social Service given at the Annual General Assembly shows.

While the phrase primarily and mission centres in districts without churches, thus providing "religious ordinances" for the people, the modern programme is many-sided, including numerous Social Service activities in the conduct of Social Settlements and Redemptive Homes, religious and educational work among non-Anglo-Saxons, welcoming the newcomer, and supporting the demands for the cure of national ills and the passing of desirable and the defeat of undesirable legislation.

The Denomination sustains nearly a thousand mission fields in every part of the Dominion, and reaching as wide a diversity of people. Five hundred and twenty-one are augmented charges, that is, receiving a grant from Home Missions Funds, and four hundred and seventy-five are distinctly Home Mission Fields.

Some of these are open only during the summer months, and others will have to be left without a supply during 1923 owing to financial conditions. Summer fields were recently assigned to two hundred and seventy-five theological students.

The revenue of the Board for 1922 was \$758,500, and expenditures were \$731,500, thus releasing \$26,000 for the reduction of the accumulated deficit, which now stands at \$100,000 and is a serious handicap to the work. The receipts for the year were, however 152,934 greater than in 1921.

The church conducts five social settlements in Vancouver, Winnipeg, Toronto and Montreal, and a United Mission in Sydney, N.S. In the six, 9,000 individuals and 3,200 families were helped during the year, the maximum group activities numbered forty-eight, and 1,500 were taken to fresh-air camps. In addition, over twenty different nationalities were represented in the total thus helped in manifold ways.

In this service needy people of all classes and faiths—Protestant, Catholic and Jew—were ministered to without distinction of nationality. Seven redemptive homes, operated co-operatively in some cases, met the needs of yet another class, 179 women having received sympathetic help and guidance in these havens of refuge during the year, and evidences were given that this practical form of service is productive of encouraging results.

This Church, emphasizing its work among non-Anglo-Saxons, representing a wide diversity of racial groups East and West. In spite of many difficulties and drawbacks, many indications of stability and permanence were reported as the result of missionary activity in this department. Racial services, conducted in the native tongue of many foreign groups, were appreciated by the older people who cannot follow in the English language. Chaplains did excellent work at the ports of Glasgow, St. John, Quebec and Montreal, and the cities of Toronto and Winnipeg.

Majority Opinion. Ever since 1912, the majority in the Assembly and the church defer the opposition to Union might be abused to the minority in the hope that this hope had proven fallacious and it was impossible to wait any longer.

Principal D. J. Fraser, of Montreal, then laid on the table of the Assembly, the report of the minority of the Union Committee. In submitting the report Dr. Fraser argued that the Union Committee was not fulfilling the instructions of the General Assembly of 1922. What was actually done was that the joint committee of the three churches had prepared legislation and the non-Union members of the committee had not been considered.

As a result of the renewal of the movement for Union the Presbyterian Church Association had sprung into new life in practically all the synods and was more active and stronger than it had ever been.

Referendum Asked. What this Association asked for at the present time was that legislation should be sent to congresses for consideration.

Rev. Dr. Drummond presented the amendment to the report of the Union Commission and asked for a delay.

Dr. Sedgwick asked for a stay of proceedings for twelve months. Twelve months was nothing in the life of a church, but a cessation for that period might accomplish great results.

The report of the Union Committee, the report of the minority of the Union Committee and the proposed amendment to the report of the Union Committee were all submitted to the Assembly in printed form. The Union Committee as already announced through the press advised the Assembly to proceed forthwith to unite on the terms of the prepared bills and to ask the Assembly to approve of these with certain specific amendments. It asks the Assembly to provide for the appointment of 150 members to represent the Church in the first General Council of the United Church in Canada. The minority on the Union Commission recommended a policy of delay until practical unanimity can be secured. The amendment suggests a delay, conference between those in favor of the union and those opposed, and further closer co-operation with the other Christian churches.

BAND CONCERT ON THE TERRACE

By the kind permission of Lt.-Col. Henri Chasse, D.S.O., M.C., Officer Commanding the Regiment, the Band of the Royal 22nd Regt. will play the following programme on Dufferin Terrace this Friday evening, from 8 to 10, weather permitting.

O Canada. God Save the King
Conductor: Capt. Chas. O'Neill, Mus. Bac. McGill, director of Mus. R. 22nd Regt.

RE-DISTRIBUTION STUMBLING BLOCKS

Ottawa, Ont., June 7.—With an agreement having been reached on about eighty-five per cent. of the schedules, the special redistribution committee is said to be hopeful of being able to make a report to the House by about the end of next week.

Ontario and the Prairie Provinces are understood to be the stumbling blocks at the present time and in these areas only certain difficulties remain to be ironed out before schedules can be prepared.

Quebec and the Maritime Provinces, with the exception of the Montreal City representation are practically decided upon and in Ontario the question of Toronto and Ottawa remains to be finally settled.

TERM COVERS A LOT OF GROUND

Modern Program Of "Home Missions" Is Many-Sided, Annual Report Shows

MR. GRAHAM UNEASY

Thornton Guaranteed Bank Of Toronto Loan To New York Syndicate

Opposition Charges That Sir Henry Thornton, President of the Canadian National Railways, had stepped beyond his reasonable authority in the purchase of the Hotel Scribe in Paris

Ottawa, June 7.—Opposition charges that Sir Henry Thornton, President of the Canadian National Railways, had stepped beyond his reasonable authority in the purchase of the Hotel Scribe in Paris were heard during sharp discussion in the House of Commons to-night.

Hon. G. P. Graham, Minister of Railways, warmly repudiated the charges. There was "not one illegal thing," declared Mr. Graham, in what the Canadian National Board or its president had done.

Pressed for details of the purchase, Mr. Graham informed the House that the building had been secured in the name of Mr. A. Aroniviel, Can. National representative on the continent, for \$2,000,000 on the understanding that the C. N. R. the Government or any company could have it providing accommodation were provided for the C. N. R. A syndicate had been formed in New York to take it over. No money had been spent by the C. N. R. but a guarantee had been given to the Bank of Toronto for \$2,000,000, the bank advancing this sum to the New York syndicate.

Sir Henry Drayton asked for the name of the syndicate.

Mr. Graham declined to give them, taking the ground that members of the syndicate would not want their names announced till everything was settled. Mr. Graham added that the syndicate was taking the building over at the cost to Mr. Aroniviel. There was no commission.

The Canadian National Board had an option on any space they wanted in the building at a fair rental. The Board had a right to enter into the transaction and Mr. Graham added, "the matter was entered upon before the Government was consulted at all."

Hon. Hugh Guthrie charged that if it was good practice to do this sort of thing, the President could ruin the railway.

After occupying the House till nearly midnight the appropriation of \$73,000,000 for the Canadian National, on which this debate took place was allowed to stand over and the House adjourned after passing a number of minor votes for railways and canals.

SENATOR FORGET DIED YESTERDAY

Ottawa, June 7.—Hon. Amadee Forget, Senator for Alberta since 1911, died at 12.15 o'clock this morning at his home here.

Labor, if it were not necessary to the existence, would be indispensable to the happiness of man.

C.N.R. PLEDGED \$2,000,000 FOR HOTEL IN PARIS

New Board Of Management Acted Before "Gov't. Was Consulted At All"

DOMINION DRYDOCK ACT

Resolution Before House To Provide or Payment Of Interest At 4 1/2 Per Cent.

INTERNATIONAL LAW

In Britain Interference With Foreign Ships Only Prompted By Peace-Law

London, June 7.—The question of the Volstead Act and the "carrying of liquor on ships entering United States waters cropped up again in the House of Commons today when a questioner asked for further information from the Government as to its attitude. Prime Minister Baldwin referred to the answers he had given questioners in the House on Tuesday. He feared it was not possible, he added, to discuss by question and answer the extent to which interference by one state with the merchant ships of another was in accordance with international law and with the practice and comity of nations.

"In this country, speaking generally," he said, "our interference with foreign ships is prompted only by considerations of health and safety of life". The whole question he remarked could be discussed in connection with the Foreign Office Vote.

CHAIRMAN FOR THIRD TIME

Rev. Hugh Pedley Elected Chairman Of Congregational Union Of Canada

Ottawa, June 7.—Rev. Dr. Hugh Pedley, Montreal, was elected chairman for the third time of the Congregational Union of Canada for the coming year at this morning's session of the Union here, succeeding Rev. J. Lambert Alexander, of Hamilton. In thus being elected to the office which is the highest executive position in the Union, Dr. Pedley mounts the chair for the third time. Among the ministers and laymen elected to the incoming Church Union committee were:—

T. W. Jones, Montreal; J. W. Newbery, Waterloo; J. D. Gibson, Toronto; G. Elery Read, Sherbrooke; R. Wilson Carr, Cowansville; J. Wilfred Kennedy, Maxwellville, and J. G. Fuller, Granby.

In connection with the Church Union report, a resolution was passed authorizing the committee to go back once to the non-concurring churches, to make certain that they understood the issue clearly with the hope of influencing some of them to alter their decisions.

MR. PAUL FONTAINE SPEAKS AT KIWANIS LUNCHEON

Mr. Paul Fontaine gave an interesting address on the "Economic Crisis" at the Kiwanis Club luncheon at the Chateau Frontenac yesterday noon. Mr. Paul Fontaine is a well known young lawyer of this city, and about sixty Kiwanians attended the luncheon.

Mr. Fontaine commenced his address by saying that to explain the economic crisis in fifteen minutes would be like the wife who asked her husband if he had a couple of minutes to spare in which to tell her about the League of Nations.

Mr. W. J. Egan, Canadian Trade Commissioner in South Africa, spoke on the potentialities of Canadian trade with South Africa and urged closer co-operation between manufacturers and exporters who were seeking new fields for their products.

The final arrangements were made for the I.O.D.E. hut to be put up on St. Poy Road, and all present signified their willingness to help in the work. Kiwanian Vice-President Septimus Barrow presided over the meeting.

BRITISH SHIPS AND AMERICAN VOLSTEAD ACT

Prime Minister Baldwin Stated British Position Regarding U.S. Law

INTERNATIONAL LAW

In Britain Interference With Foreign Ships Only Prompted By Peace-Law

London, June 7.—The question of the Volstead Act and the "carrying of liquor on ships entering United States waters cropped up again in the House of Commons today when a questioner asked for further information from the Government as to its attitude. Prime Minister Baldwin referred to the answers he had given questioners in the House on Tuesday. MAN DROWNED FROM MINNEBOSA

Trimmer Fell Overboard Opposite Sorel—Victim Lived In Brantford, Ont.

James Kenneth Wilson, aged 37 years, of Brantford, Ont., a coal trimmer on the Canadian Pacific steamer Minnebosa, was drowned by falling overboard abeam of Sorel when the vessel was outward bound from Montreal on Wednesday.

The remains were brought to Quebec yesterday when an inquest was held by Coroner Jolicoeur. The verdict of the jury was accidental drowning. The body was shipped to Brantford, Ont., last night for interment.

The Minnebosa was just opposite Sorel when the cry of "man overboard" was heard.

There was considerable excitement on board ship, but Captain Sibbons, knowing that he could not stop the big liner quickly enough, immediately wirelessed the Canadian Government patrol vessel Bellechasse which at that moment was entering Sorel.

The Bellechasse responded at once and rescued the man as he was sinking for the third time. He was dead, however, when taken into the small boat which had put out from the Bellechasse.

The Minnebosa came to a full stop and anchored while the Bellechasse was effecting the rescue.

A BIG MUSICAL TREAT IN STORE

The Paulist Chorists At The Auditorium On Saturday And Sunday

The visit of the Paulist Choir at the Auditorium, where they will give two different concerts, one on Saturday evening and the other one on Sunday evening, will be a real big event for Quebec.

The Paulist Choir is the greatest choir in the world. In 1912 the Paulist Chorists were awarded the first prize in the division of honor in the great international competition of choirs in Paris. Father Finn, the founder and conductor, was decorated with the Palmes of the French Academy on that occasion.

No other concert organization presents so large a number of perfectly trained voices.

Be sure to get your seat early. Tickets are now on sale at the Auditorium.

DELORME CASE SET FOR JUNE 25

Debate Among Lawyers As To Whether Question Of Insanity May Be Raised

Montreal, June 7.—June 25th will probably see the opening of the case against Father Adelard Delorme, who will answer a charge of having murdered his half-brother Raoul Delorme.

A. A. Ladouceur, Clerk of the Crown, declared today that he and the Crown Prosecutors are trying to arrange that cases on the Court of King Bench roll other than the Delorme case, shall be ended by June 15 so that the way may be clear for the cause celebre.

The general idea is, says the Montreal Star, that either acting Chief Justice Martin or Sir Francois Lemaire is practically sure to hear the case. Mr. Justice Martin is believed to have been in consultation with Sir Francois in Hull, but he will not return from there until tomorrow at the earliest and possibly not until Saturday morning, and until he does nothing definite can be obtained.

Debate will continue among counsel and others as to whether the insanity question can or cannot be raised other than by the accused, and there is no more semblance of unanimity today than when the case was first opened.

MOVE CHURCH FOR EXCAVATION

The old temporary church at St. Anne de Beaurup, which has been in use since the original was destroyed by fire some time ago, has been moved after a number of days of labor to the site of the former church. This change was made so that the ruins of the old could be removed and work started on the new St. Anne de Beaurup Basilica. It was announced that the old wooden church is now open to the public.

FORMER GOOD SHEPHERD PUPILS ALL INVITED

The former pupils, English, Irish and French, of the Academy of the Good Shepherd of Quebec, are invited to assist at the assembly that will take place in the St. John Baptist Church in the basement of the church, on Monday, the 11th June, at 8 p.m.

FORMER GOOD SHEPHERD PUPILS ALL INVITED

The former pupils, English, Irish and French, of the Academy of the Good Shepherd of Quebec, are invited to assist at the assembly that will take place in the St. John Baptist Church in the basement of the church, on Monday, the 11th June, at 8 p.m.

ROCKEFELLER GIFT TO HOSPITAL

Toronto, June 7.—John D. Rockefeller, Jr. has presented to the Toronto General Hospital and the Hospital for Sick Children \$10,000 each and to the University of Toronto \$5,000 to be used for research in insulin to be conducted by Dr. Baering, discoverer of the insulin treatment of diabetes.

GERMAN NOTE RECOGNIZES OBLIGATIONS

Couched In Terms Much Less Arrogant Than Heretofore, Is Belgian View

FINANCIAL CONTROL

International Economic Conference Inacceptable While Resistance Continues

Brussels, June 7.—The German note embodying the latest amended proposals of that country for the settlement of reparations is couched in terms "much less arrogant" than heretofore, in the view of the Ministry of Foreign Affairs. By recognizing the obligation to pay reparations the note has created a much more favorable impression than the previous proposals from Chancellor Cuno, because for the first time in the history of the post armistice negotiations Germany accepts Allied financial control and offers positive guarantees.

But, on the other hand, Germany's insistence that an international economic conference be called to examine the question of reparations as an entity is unacceptable to Belgian circles, as Germany is well aware that abandonment of passive resistance in the Ruhr is the fundamental principle of a basis for negotiations.

Germany's willingness to present all documents and information necessary toward an exact appreciation of her payment capacity and her readiness to accept Allied supervision over state finances meets squarely the most important clause of the United States which was presented at the Brussels conference yesterday. This is regarded as a very considerable step forward.

The guarantees proposed by the note will be minutely examined by the Belgian experts and used as a basis in the coming ideas between Brussels and Paris as to what really should be made to Germany. Brussels on the whole has received the German note in a spirit of conciliation, but what seems an insurmountable obstacle to an immediate settlement lies in the omission of German preparedness to abandon passive resistance in the Ruhr.

Berlin, June 7.—It was semi-officially explained tonight that in the memorandum handed to the Entente Governments today the German Government confined itself to replying to these points raised in common by all the Entente powers in their replies to the German note.

It was also stated that necessary preparations for giving legislative effect to the proposals contained in today's memorandum relating to the demands upon the whole of Germany's domestic economy have been proceeding for some time past.

GOLDEN JUBILEE OF STANFORD COLLEGE

Stanstead, Quebec, will begin the fiftieth year celebration of the founding of the institution today. Leaders in education, such as Sir Arthur Currie, Professor Charles Colby and Rev. J. W. Graham, D.D. and many graduated students in the various departments of the college will take part in the exercises which will be continued for four or five days.

Among the trustees of the college are Hon. Frank Carrell and Rev. Wm. H. Stevens, of Quebec.

Rev. Principal Halpenny, D.D., who visited Quebec last November has, with his programme committee, laid very ambitious and inspiring plans for the "jubilee" of "Wesleyan." There will undoubtedly be a large attendance of past students from all parts of Canada and the States.

Quebecers who will be in attendance are Messrs Dorothy Seifert, Isabel Stevens, Gus Seifert, Charles Seifert, Gordon Pfeiffer and William Ross.

The exercises will conclude with a banquet Monday evening, given by the Trustees to the students and visiting friends, when the principal speakers will be the Principal of McGill University Sir Arthur Currie, Prof. Charles Colby and others.

CHARITY SALE PROMISES TO BE SUCCESSFUL

The Charity sale of Home cooking articles to be put on at Kirk Hall, between 4 and 6 p.m. this evening for the benefit of the Soldiers Wives League, promises to be a success from the way the public is giving its co-operation. Presiding over the tables will be: Tea Table, Mrs. Beckett and Counsellor de Bury, Home cooking: Meadames Lafferty and Casgrain; Work table, Meadames Desrosiers and Clarke; Flowers, Mrs. Rattery and Miss Leonard.

FORMER GOOD SHEPHERD PUPILS ALL INVITED

The former pupils, English, Irish and French, of the Academy of the Good Shepherd of Quebec, are invited to assist at the assembly that will take place in the St. John Baptist Church in the basement of the church, on Monday, the 11th June, at 8 p.m.

MME. ED. PICARD, President

MME. JULES FOUILLET, Secretary

### TOURIST TRADE INCREASING

According to the number of people, practically all tourists that arrived on the 2 o'clock C. P. R. train from Montreal yesterday afternoon, one may be reasonably sure that the summer tourists are beginning to come in earnest. Not only are they coming by train but by automobile as well. The Quebec Auto Club, has received over 500 inquiries to date, and many more are expected in the car future. The city is going to change a camping ground for those who come in auto and have camp- equip with them, this is not the trade of local hotels, as these people rarely stay in hotels. There are quite a number of parties from the Middle-west States, more so than in the past, also quite a number from California. The city is doing everything possible to make the stay of the tourists enjoyable, it is hoped that very few, if any, will not be satisfied during their visit in the old town.

### AUTOS CRASH ON MOUNTAIN HILL

About 8.45 Last Evening, Opposite Laval Monument—  
Nobody Injured

About 8.45 p. m. last evening two automobiles collided on Mountain Hill just below the post office and next to the Laval Monument. One of the cars, a Chevrolet belonging to Mr. Paquet, was descending when another car, a Studebaker, Imouline, was coming up. The driver of the car coming up Mountain Hill claimed that the other wavered to the left and he decided to pass the other on the left, when the car going down shot over to the right thus causing the collision. Nobody was seriously hurt, except a young girl who was one of the occupants of the car going down received a nose bleed, caused from the sudden stop of the machine. The damage on the Studebaker was only the loss of the bumper and one fender was mangled, and the other car the bumper, glass from the lights and a fender were badly damaged. The damage must amount to about \$400. In no time a large crowd were attracted to the scene of the accident. The Studebaker was able to proceed but the smaller car was not able to move at all, as the engine was jammed out of place and the wheels locked. The owner of the small car was on his right side, this part of Mountain Hill is very dangerous and drivers must be cautious in making that turn.

### LEVIS COUNCIL WILL CONTEST

Action Taken By Jean Turgeon To Annul By-Law Re Liquor Act  
(Special to the Chronicle)  
The City Council of Levis held a meeting last evening in the City Hall, which was presided over by His Worship Mayor Demers.  
The council brought a quantity of stone to mend St. Felix, Ste. Marie, St. Laurent and Carrier streets, and parts of Delgel and Napoleon streets.  
The City Council will hold the Feast of St. Jean Baptiste on the 24th of the month this year.

First Communion  
First Communion was held at the St. Joseph Church at Lezon, for a number of children yesterday morning.  
Lay Corner-Stone  
The College of Levis invited the Mayor and the aldermen of the city council to the laying of the cornerstone in the new wing of the college on Sunday, at 8.30 p. m.

Will Fight Case  
The City Council of Levis has decided to contest the action taken out by Mr. Jean Turgeon to annul the by-law providing for the repeal for prohibition.  
Estimate on Paving Job  
Mr. Ed. Hamel, engineer, has offered the City Council his estimate on a paving job close to the Levis Foundry, the street will be paved it's whole width, including the railroad tracks. The estimate made by Mr. Hamel amounts to \$5,600.00.

### HOME LIFE MENACED

Never in the history of the world has the life of the family as a social unit been menaced as it is today. Social unrest, the independence of forced women by opening up almost every profession and every line of industry to them, equal rights with men, all of which are perfectly justified if not abused and women have the health and strength to carry out their inclinations in these matters. But alas, when a woman is almost at the point of breaking from her household cares and social life, to take on outside duties often means the breaking point, and homes are often neglected for lack of strength or some ailment develops because of overwork. Weak and ailing women will do well to remember that Lydia E. Pinkham's Vegetable Compound made from roots and herbs benefits 98 out of every 100 women who try it, and let it help them.

MISSING MAN WAS LOCATED IN HOSPITAL  
Matthew Redmond, aged about 50 years, whose absence from his boarding house on Little Champlain street since last Monday night, aroused some misgivings, which were aggravated yesterday when his coat and hat were found on the pontoon near the ferry landing, was reported last night to be a patient at Hotel Dieu Hospital, suffering from a fractured shoulder and arm.

It was learned by the police that he had been discovered early Tuesday morning lying unconscious on the steps near the Customs House. At a late hour last night, however, the people at his boarding house told the police that they had not been informed that he was in hospital.  
How the man came by his serious injuries has not yet been ascertained.

### KIWANIANS TO BUILD I.O.O.F. HUT TOMORROW

Final Arrangements Made For Erection Of Fresh Air Fund House Yesterday  
IN ST. FOY DISTRICT  
Will Become Permanent Home Of Organization—In Third Year Of Existence

To-morrow will be a big day for not only the members of the Kiwanis Club, who are to build another hut, but also for the Fresh Air Fund, for whom the hut is being erected.  
The hut, or house, which is to be put up to-morrow will become the permanent home of the Fresh Air Fund, which has played an important role in connection with children during the past three summers, when it was started by the I.O.O.F. Thus far some 324 children have had real summer vacations, thanks to this organization.  
What the Fresh Air Fund means to the kiddies cannot really be realized, unless a visit is paid to the summer homes maintained by the organization, and the many kiddies who benefited by the occasion to spend two glorious weeks in the country last summer; and in previous years will be on tenterhooks until the house in the St. Foy district is completed by the Kiwanians, who will work with might and main, planks and saws, axes and chisels, planes and screwdrivers, and various other implements used in the carpentry line, in order to have the house generally.  
Of course, there will remain the various little finishing touches to be given the place after to-morrow, but the majority of the work will be rushed through, in order to have the rough spots smoothed out and the house ready for occupancy as soon as possible.  
At yesterday's luncheon of the Kiwanis Club final arrangements were made as to what each member was to do. Some will be in charge of putting up the walls, others were delegated to look after the floors, still more will see to the ceilings, etc., and to-morrow there is likely to be such activity on the ground where the house is to be erected as has never been heard around that district before.  
Unless one actually visits with the children, it is impossible to appreciate all that this playtime means to them. The joy of one small tot on seeing her first blue-lamb was unbounded; four small boys discovered the very first blue-berry patch they had ever seen, and when they came into the home, the luscious blue juice was impartially distributed from their heads to their feet, and their countenances were an expression of supreme satisfaction.  
As a rule the children refuse milk on their first day, but on the 4th day one small boy, patting his tummy with a happy sigh told the visitors that he had had 12 glasses of milk that day, and the visitors are frequently greeted with shouts of welcome and the imposing information that "We've had lots of chicken for dinner today."  
A visit to the Home, makes any effort necessary to carry on this work, seem well worth while. To see the well-fed happy little tot playing in sand-piles, making mud pies, climbing trees, and generally deporting themselves in the thousand and one activities of happy childhood is an splendid sight; and the desire of the children to come again is pathetic.

Mr. Egan, then dwell on the development of the country, the South African war, which consecrated the Union and the entrance of South Africa in the British Empire.  
All this country was a vast open field for the exporters of Canada. With a population of about seven and a half millions, it imported annually about \$300,000,000, while the surrounding countries, with a population of 14,000,000 souls, formed a vast hinterland.  
On an average, during the last twenty years 58 per cent of imports came from the United Kingdom, 11 per cent from the remainder of the Empire, (about 3 per cent from Canada, 2 1/2 per cent from Australia, and a little more from India), and 14 per cent from the United States.

Speaking of the agricultural development of the country, Mr. Egan said that of 7,500,000 acres of land tilled, three quarters produced maize, wheat, oats, barley and rye. The manufacture of butter has increased, since the Union, from 5 to 12 million pounds, and cheese from 225,000 pounds to over 4,000,000. The same stands for ham and bacon, and eggs.  
Mines have been a considerable source of richness to the Union, and since 1886, the value of gold extracted from the earth is set at over three and a half billions, while in diamonds the figure is beyond \$1,200,000,000.

Mr. Egan, before terminating his address, cited certain articles that Canada did not export to the Union of South Africa in 1913, but which were now sent there. They were axes and hatchets, iron and steel products, bathing suits and other knitted articles, iron beds, palls, wires and cables, wagon and truck materials, railroad cars, cement, chains, clothes pins, taps and valves, corsets, electrical material, envelopes, building paper, leather and rubber gloves, tool handles, hard-ware, felt hats, horsehoe nails, rubber bars, step-ladders, wheelbarrows, pins, pliers, etc., etc.  
After he had finished his interesting and illuminating address, Mr. Egan was heartily thanked by the President of the Board of Trade for his remarks, and assured that the business men of Quebec would only be too glad to follow up his suggestions as to the possibilities of increasing their export trade to South Africa.

ed injuries on the thigh. The boy, it is thought, was crossing the street, and it is not known if he was aware of the approaching vehicle, nor was the driver aware of the boy until he felt the impact. The boy's mother was notified and he is now under Doctors' care. It is known if the wound passed over the child's thigh or if it struck him. The extent of the injuries he sustained will be known in a short time.

### SOUTH AFRICAN EXPORT TRADE POSSIBILITIES

Pointed Out By Canadian Commissioner To Quebec Business Men  
A VAST FIELD  
In Both West And South Africa Awaits Exporters Of The Dominion

Mr. W. J. Egan, Canadian Trade Commissioner in South Africa, delivered a most interesting address yesterday afternoon in the Board of Trade Building on the possibilities of Canadian export to South Africa. Although invitations had been sent out to all of the businessmen of the city, but a mere handful were present when Mr. Egan commenced his lecture.  
The speaker was introduced by Mr. Ed. G. Tanguay, president of the Board of Trade, and at the outset of his address stated his intention to speak of West Africa, in an effort to make this section of the country, between Dakar and the French Cameroons, administered by England and France, better known.  
He had had occasion to visit the country towards the end of 1920 and in the beginning of 1921 with the double object of studying the possibilities of exportation and the possibility of Canadian Government Merchant Marine boats putting in there. Mr. Egan said that he had been really surprised to witness the big and important commerce of importation that was carried on there, despite the excessively high cost of transport.  
Only for the last twenty or thirty years, said Mr. Egan, has any trading been done on an organized scale, but real progress has only been made during the last ten or twelve years.

The character of the market in the country, stated the speaker, was a curious one, for it could never be certain what article was going to be in vogue, but on the other hand, nothing could ever be neglected. The natives were like big superstitious children, but in certain things more developed than was thought.  
There was no doubt, but that the Dominions could create considerable trade in West Africa, and the Elder Dempster Steamship Company understood this very well, for it had already announced a service to link up that country with others.

Here, after having dwelt on the British administration of the country, describing how the natives were treated and giving a few words about Canadians living in West Africa, and in a brief historical expose, recalled the arrival of the Portuguese, and the search for a maritime route near India: the coming of the Dutch, then the period under the English, ended by the return of the Dutch and finally, shortly after 1800, the coming back of the English.

Mr. Egan then dwell on the development of the country, the South African war, which consecrated the Union and the entrance of South Africa in the British Empire.  
All this country was a vast open field for the exporters of Canada. With a population of about seven and a half millions, it imported annually about \$300,000,000, while the surrounding countries, with a population of 14,000,000 souls, formed a vast hinterland.  
On an average, during the last twenty years 58 per cent of imports came from the United Kingdom, 11 per cent from the remainder of the Empire, (about 3 per cent from Canada, 2 1/2 per cent from Australia, and a little more from India), and 14 per cent from the United States.

Speaking of the agricultural development of the country, Mr. Egan said that of 7,500,000 acres of land tilled, three quarters produced maize, wheat, oats, barley and rye. The manufacture of butter has increased, since the Union, from 5 to 12 million pounds, and cheese from 225,000 pounds to over 4,000,000. The same stands for ham and bacon, and eggs.  
Mines have been a considerable source of richness to the Union, and since 1886, the value of gold extracted from the earth is set at over three and a half billions, while in diamonds the figure is beyond \$1,200,000,000.

Mr. Egan, before terminating his address, cited certain articles that Canada did not export to the Union of South Africa in 1913, but which were now sent there. They were axes and hatchets, iron and steel products, bathing suits and other knitted articles, iron beds, palls, wires and cables, wagon and truck materials, railroad cars, cement, chains, clothes pins, taps and valves, corsets, electrical material, envelopes, building paper, leather and rubber gloves, tool handles, hard-ware, felt hats, horsehoe nails, rubber bars, step-ladders, wheelbarrows, pins, pliers, etc., etc.  
After he had finished his interesting and illuminating address, Mr. Egan was heartily thanked by the President of the Board of Trade for his remarks, and assured that the business men of Quebec would only be too glad to follow up his suggestions as to the possibilities of increasing their export trade to South Africa.

### FOREST FIRES ARE BECOMING VERY ALARMING

Two Hundred Square Miles Of Standing Timber Already Destroyed By Flames  
SETTLERS RESPONSIBLE  
Continued Drought In Many Sections Intensifies The Fury Of The Fires

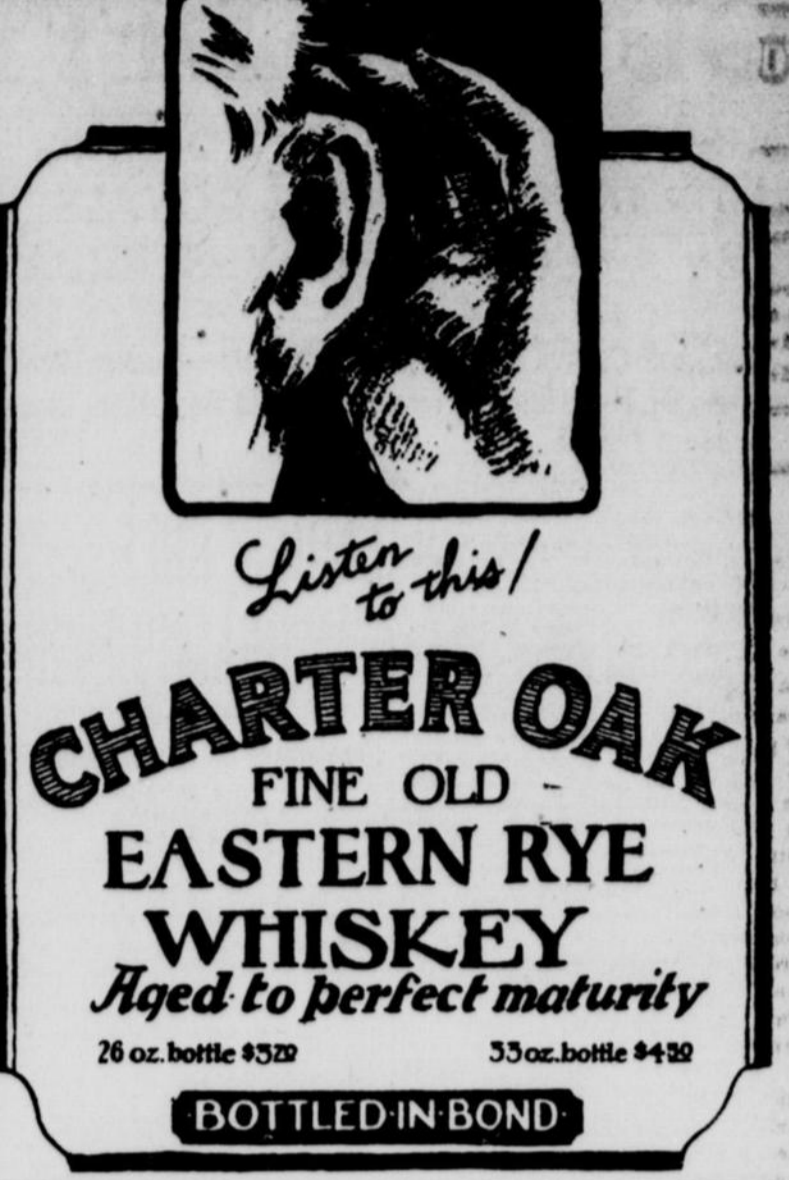

The forest fire situation in many parts of the Province looms up more seriously than ever, and according to Chief Forester G. C. Piche, who affirms that the forest fires which are raging at the present time are very alarming indeed.  
Mr. Piche, who returned yesterday from a trip to organize fire prevention in the Temiscaming region, said last night that already two hundred square miles of forests have been swept by fire, which meant that one hundred thousand acres of valuable standing timber and pulpwood had fallen a prey to the flames.  
Most of the fires he attributed to settlers and careless persons. He instanced a case in the Township of Mann in Bonaventure where a settler started a fire in a clearance and the fire communicated with the surrounding forest and also closed in and destroyed the settler's house and barn.  
Mr. Piche recalled that he had during the "Great Forest Week," assessed the fact that there would be prolonged periods of drought in the Province this year and had endeavored to impress upon all the importance of exercising the greatest care.  
He said that his trip to Temiscaming had been very satisfactory. He said that there had been no fires in that section, but there were fires in the Kippewa, the Gatineau and the Rouge River regions.  
The rain last Tuesday, he said, had checked these fires and had enabled the fire fighting forces to keep the fire in hand. The heavy rain in the district of Quebec had also helped a great deal, but there had been no rain in the St. Maurice district, in the Lake St. John, in the Saguenay, in Temiscouata, in Bonaventure or in Gaspé, and in these districts fresh fires were being reported every day and the fires in Temiscouata where the village of Whitworth was destroyed and along the Matapedia Valley were very bad. In the St. Maurice district there were fires, he said, at Frenamand, and at Lac-aux-Sables near the Gouin Dam.  
In the Lake St. John District several fires had been caused by settlers burning slash.  
Reports were received yesterday of a fire at the headwaters of the Beauceville River and as suspicious would be sent today to find the exact location of the outbreak in order to send fire rangers and men to fight the blaze.  
At Chandler, in Gaspé, the fire which was raging very badly had been caused by fishermen, he said.

PRIZES AWARDED FOR FINE ARTS  
Closing Of Exhibition Took Place Last Evening In The Parliament Buildings  
The closing of the exhibition of fine arts, which had been since May 25 last at the Parliament Buildings took place last evening, presided over by Hon. J. Perreault, Minister of Mines and Fisheries.  
Mayor Samson, C. J. Simard, Deputy Provincial Secretary, and other dignitaries were on hand for the event, while the cafe was practically crowded with prize-winners, their friends and unsuccessful entrants.  
The prizes, of which there were a great number, were distributed by Hon. Mr. Perreault and Mayor Samson. They consisted of money, although those who received honorable mention received special prizes in the shape of art books.  
A special medal was presented to E. Guay for decorative art, the medal being given by Mr. Simard, while Alfred Pelland received that offered by Mr. Ballieux, a director of the Fine Arts School.  
All of the prizes were awarded to students who were under thirty years of age, that being the age limit. There were a number of others who entered various events, but they were barred from receiving prizes owing to this limit.  
Just before distributing the prizes Hon. Mr. Perreault made a short speech in the course of which he said that the fine arts exhibition in Quebec had been a success ever since it had been inaugurated in this city, which was three years ago, and he hoped that in future years it would increase in the same proportion in which it has increased since first started.  
Such an exhibition, he stated, was a credit to the city of Quebec and he pointed out that there were not many that could be found in a city of the same population as the Ancient Capital, to compete with it.

CHANGED ROUTE OF PROCESSION  
St. Patrick's Parish Demonstration For Sacred Heart Will Be Held Tonight  
The route of the procession in honor of the Sacred Heart in St. Patrick's Parish to-night will vary somewhat from the route originally announced. The procession will not pass through the Battledois Park, but will proceed as follows:  
From St. Patrick's Church westward on Grande Allee to Park Avenue and then northward on Park Avenue to the home of Mr. T. D. Byrne where benediction of the Blessed Sacrament will be solemnized at a repository. After benediction the procession will continue by Park Avenue to Fraser street and eastward along that street to St. Patrick's Church where the third benediction will be held.  
The members of the parish residing along the route of the procession are requested to decorate their homes.  
The example of good men is visible philosophy.

CARRIED 85,000 IN BANK NOTES.  
A farmer from one of the parishes in the district of Quebec came to town yesterday for the purpose of investing his savings in City of Quebec bonds. He carried on his person the sum of \$,000 in ten, five and one dollar bank notes, and these he exchanged at the City Hall for their equivalent in gold bonds.  
On another occasion a man from the country came on a similar mission. He carried \$5,000 and the amount was in one and two dollar notes.

CANADA DEPARTMENT OF MINES GEOLOGICAL SURVEY  
The Geological Survey has just published two maps on a scale of one mile to one inch of a part of northwestern Quebec lying east of the gold producing area of Ontario. These maps should prove of great value to prospectors engaged in the search for gold on the Quebec side of the line. One of the sheets includes the western part of Rouyn township. Copies may be had on application to the Director, Geological Survey, Ottawa.

QUEBEC DEFEATED ROYALS 4-3; CANADIANS WON 9-2

QUEBEC, WITH CHANGED LINE-UP DEFEATED THE ROYALS BY A SCORE OF 4-3 YESTERDAY

Delisle And Carmel Lined Up With Locals—Quebec Scored All Of Their Runs In First Inning On Four Hits, Including A Double

Quebec evened the series with the Royals yesterday by taking the visitors into camp by a 4-3 score at the Exhibition Grounds, in the second game of the series. The locals scored all of their runs in the first inning when they touched McMillan for a quartette of safeties, including a double by Savage. Eight of the nine players went to bat in this frame before the side was retired. Royals tallied their counters in the first three innings, one runner crossing the rubber in each frame. The locals presented a changed line-up when they took the field. Joe Delisle and Larry Carmel of Royals, along with Duplessis, a catcher, having been traded to Quebec for Swintor and Proulx. Delisle played centre field and Carmel first base for Quebec, while Proulx cavorted in the centre pasture for Royals.

The game was one of those contests that the fans like to witness, with lots of hitting, brilliant catches and good pitching in the pinches. St. Denis did the mound duty for the locals and kept the seven hits secured off his delivery pretty well scattered. McMillan in the box for the visitors pitched alright but after the first inning when the locals touched him for four safeties. After that he settled down and allowed only two hits for the rest of the game. Royals scored one run in the first on a single by Grant, an out at first and a double by Hunsfield. The locals went into the lead in their part of the inning by counting four runs on as many hits. Carmel, the first man up fled to Grant. Cutler, the next man up drew a walk and went to second on a single by Delisle. Savage cracked out a double bringing Cutler across the pan and Delisle and Major worked a squeeze play successfully and Delisle scored. Savage was brought in on a single by Desrosiers and the latter after stealing second, crossed the rubber with the fourth run on a single by Martin.

The Quebec team was retired in order in the fifth, sixth, seventh and eighth frames while the visitors failed to have the fourth man go to bat in the four last frames.

Score by innings: R. H. E. Montreal. 111000000—3 7 1 Quebec. 400000000—4 6 1 Summary—Two-base hits: Savage, Hunsfield. Sacrifice hits: Major, Wingo, Hunsfield. Double plays: Wingo to Major; Singer to Hunsfield; Singer to Grant. Major, Desrosiers, Martin, left on bases: Quebec, 3; Montreal, 5. Hits: Off McMillan, 8; off St. Denis, 7. Struck-outs: McMillan, 5; St. Denis, 10. Bases on balls: McMillan, 1; St. Denis, 2. Passed ball: Wingo, 1. Time of game: 1:45. Umpires: Blunt and Murray.

Final Game Today. The third and final game of the series will be played this afternoon. The Washington Canoe Club is scheduled to meet at 5:15. This game should be a hard fought battle as the nine emerging victorious will earn the honor of winning the series. Martin, who has pitched good ball for the locals, will likely do mound duty with Duplessis or Wingo behind the bat.

BASEBALL NATIONAL LEAGUE. Reds Made Clean Sweep.

Cincinnati, O., June 7.—The Reds made a clean sweep of the Boston series by winning the final game today 3 to 1 after a well-played struggle. Riskey held the Braves to one run earned on two hits, a stolen base and a sacrifice fly in the eighth inning. Oeschger allowed ten hits and gave five bases on balls but was tight in the pinches and was assisted by four double plays which kept down the score of the Reds. Score: Cincinnati, 3; Boston, 1. R. H. E. Cincinnati. 00000010—3 6 1 Boston. 00000000—1 0 0 Batteries: Oeschger and O'Neill; Riskey and Wingo.

Miller Was The Hero. Chicago, June 7.—Black Miller, the strong man, was the hero of a hard fought nip and tuck game today, in which Chicago emerged victor over New York 3 to 1, and won the series from the world's champion, two games to one. Miller's home run smash in the seventh after the lead had alternated and his double in the eighth sent two runners home with the deciding runs. Meusel got a brace of home runs. Score: R. H. E. New York. 00011200—7 11 2 Chicago. 00130212—3 17 1 Batteries: Ryan, Jonnard, J. Barnes and Snyder; Alexander and O'Farrell.

Cardinals Won in Tenth. St. Louis, June 7.—A pitching duel between Ring and Pfeffer ended in the tenth inning today when Smith's single and Blake's triple gave St. Louis a one to nothing victory over Philadelphia. Cy Williams, home run king, retired in the fourth inning when he complained of a pain in his back. Score: R. H. E. Philadelphia. 00000000—0 4 1 St. Louis. 00000001—1 8 0 Batteries: Ring and Henline; Pfeffer and McCurdy.

Brooklyn vs. Pittsburgh; rain. National League Standing. W. L. P.C. New York 22 13 717 Pittsburgh 26 19 578 Brooklyn 24 21 533 St. Louis 24 21 522 Cincinnati 22 22 511 Chicago 22 24 478 Boston 17 20 369 Philadelphia 13 32 259

AMERICAN LEAGUE. Athletics Won Again. Philadelphia, June 7.—Eddie Rommel returned to the old-time form today and for six innings led the St. Louis Browns hitless. The result was another victory for Philadelphia by the score of 8 to 5. The visitors made all their runs in the third of Heimach, two homers aiding in the scoring. Score: R. H. E. Philadelphia. 02120001—5 9 5 St. Louis. 00500000—3 5 3 Batteries: Wright, Root and Severeid; Heimach, Ogden, Rommel and Perkins, Bruggy.

Indians Lost to Boston. Boston, June 7.—Ehmke's pitching and the brilliant fielding of Collins and Peawer were largely responsible for Boston defeating Cleveland today 7 to 1. The visitors made six hits and six errors. Score: R. H. E. Cleveland. 00001000—1 4 6 Boston. 3010030X—7 10 0 Batteries: Shaute, Mettifer, Boone and O'Neill; Ehmke and Devoerner.

Senators Swamped Tigers. Washington, June 7.—Washington swamped Detroit today, winning 16 to 4. Both Pilette and Collins were batted hard while Russell held the visitors safe after War-mouth weakened. Score: R. H. E. Detroit. 21010000—3 9 6 Washington. 3055001X—16 19 0 Batteries: Pilette, Collins and Rasmier, Manion; Warmouth, Russell and Ruel.

FIRST CRUISE OF YACHT CLUB TOMORROW. The first cruise of the season of the Quebec Yacht Club will be held tomorrow afternoon to Maranda's Cave, half way between Bout de l'Isle and St. Laurent.

Invitations have been issued to all of the members and a number of friends and it is expected that a large number will make the trip. The intention is to leave the Club House at 2:30, returning in the course of the evening. The Commodore's yacht and whatever other yachts may be available, will be at the disposal of the party.

It is not names which give confidence in things, but things which give confidence in names.

OPENING DAY AT BLUE BONNETS EUG. CRIQUI TO DEFEND TITLE WILL ANDERSON K.O. LARSEN?

Featherweight Champ Meets Dundee In Titular Bout On July 30th. New York, June 7.—Eugene Criqui, of France, newly crowned world's featherweight champion, will defend his title on July 30, at the Polo Grounds against Johnny Dundee, New York challenger. It was announced today by Tom O'Rourke, matchmaker of the Polo Grounds Athletic Club. Criqui will receive 37 1/2 per cent and Dundee 12 1/2 per cent of the gross receipts. O'Rourke announced the match immediately after Dundee had affixed his signature to a contract. Criqui, the promoter said, already had agreed to his terms. Tex Rickard also was a bidder for the title contest but his offer was rejected by Robert Eudeline, Criqui's manager, who gave first consideration to O'Rourke's proposition because of the latter's promotion of the match last Saturday when the Frenchman dethroned Johnny Kilbane as featherweight king.

The match was an outgrowth of a long-standing challenge by Dundee for a featherweight championship match, first against Kilbane and then, under a new agreement, against the winner of the Kilbane-Criqui battle. Each of the principals in this contest deposited \$10,000 forfeits guaranteeing Dundee the next crack at the crown. The Dundee-Criqui bout, O'Rourke announced, will be held at night.

Light-Heavyweights Meet In Feature Bout At Imperial Theatre Monday. Boxing fans of the city will have the opportunity of witnessing two good light-heavyweights in action on Monday night when Lee Anderson, ex-colored light-heavyweight champion of the world and Wolf Larsen, winner of the National amateur light-heavyweight championship of America, climb through the ropes at the Imperial Theatre, for the main bout of a card of four scraps, which will be staged by the Quebec Sporting Club.

Larsen has been in the city since the 25th of May and has been in constant training ever since while Anderson is expected to arrive in town today to put the finishing touches to his training.

The semi-final will also bring together two boys in the persons of Joe Stanley of Philadelphia and Harry Stone, Stanley is a neat little boxer and has not some of the top notchers, including Johnny Curtin who he fought in Madison Square Garden. Stone has already appeared here in a bout with Jimmy Correll and though outpointed gave a very good account of himself.

Two other bouts with local boys as the principals will also be on the bill.

QUEBEC TEAM IS STRENGTHENED Locals Got Best Of Deal With Royals—Two Pitchers Report Tomorrow

The Quebec team of the Eastern Canada Baseball League will not remain very much longer around the cellar position, according to the management of the club, and very soon the team will be able to boast of as good a ball club as there is in the league, not the best.

Yesterday morning the management made a trade with Royals and it appears as if the locals got the best of it. The trade was Proulx and Swintor for Joe Delisle, Larry Carmel and Duplessis. The latter is a catcher with a deadly throwing arm while Delisle is a clever outfielder and a hard hitter and Carmel can play first base or the outfield and can also walloper the old pill. Royals get Proulx, a good fielder but a weak batter and Swintor, a hard hitter and a star infielder. However, Swintor deserted the locals to play independent ball around Lawrence, Mass., though the Royals management claim he will be back.

It was also announced that Dixie Davis, a pitcher, would report to the locals in Montreal tomorrow while Jenkins, another moundman, is also scheduled to put in an appearance before Sunday. Another player in the person of Keyes will in all probability be seen wearing a Quebec uniform when the locals return from their trip to Montreal and Three Rivers.

Although the locals defeated Royals yesterday, the game proved costly to the team as two players were injured. Tommy Buell was hit on the ankle by a batted ball while warming up before the contest and sustained a painful injury which will keep him out of the game for a week at least, while Major is limping around with a bad leg, the result of another wallop by a batted ball. However, his injury is not severe and he will be in the game this afternoon. Ubaldo Rose, who was hurt a week ago, is still limping around and will be out of the game for another ten days.

Confidence placed in another often compais confidence in return. Great souls endure in silence.

QUEBEC TENNIS CLUB TOURNAY Open Championship Will Be Held On The 16th—Entries Close On 16th

The championship tournament of the Quebec Lawn Tennis Club will be staged on the 16th. Tennis on the courts of the club and entries for the different events will be received up to 6:00 o'clock the evening of the 16th.

The tournament will be an open one and the usual events for ladies and gentlemen will be on the program. The tournament is being held on the above mentioned date so as to permit of the local players taking part in the Provincial tournament which will be held in Montreal during the latter part of the month.

Entries for the local tournament will be received by Secretary Charles Montminy up to six o'clock the evening of the 16th. A fee of fifty cents must accompany each entry.

THREE RIVERS ON SHORT END Canadians Took Triflucians Into Camp By A Score Of 9-2 Yesterday

Montreal, June 7.—Canadians took sufficient advantage of Masterson during the short period he occupied the mound this afternoon to pave the way for a 9 to 2 victory over Three Rivers.

When the long twirler was relieved Jimmy O'Rourke's batmen had scored one run and were well set with bases full and only one out. Before O'Hearn, who was sent in as relief pitcher could settle down Canadians had counted four more runs. Catcher Boole was responsible for the big total. O'Hearn attempted to strike out Boole with a slow ball but he met it with a resounding smack for a two base hit that cleaned the bags ahead of him.

Bish worked the entire route for the Canadians and, although he allowed eight hits, kept them fairly well scattered or timed them so that the bases were empty when they came and little damage was done. Two doubles by Gallagher and Graber brought over Three Rivers' first tally in the third inning, while the second and last counter came in the 8th on successive singles by Ferrand and Gallagher. Score: R. H. E. Three Rivers 00100010—2 8 3 Canadians 0002001X—9 10 2 Batteries: Masterson, O'Hearn and Pree; Bish and Boole.

In this world a man is worth only what he wishes to be worth.

NINE HUNDRED MILES OF GAME

There still remains between Sudbury and the Manitoba boundary in Northern Ontario, a large tract of land with a nine hundred mile front in which the sportsman may still seek his prey in the virgin wilderness, and the vacationist find beautiful, healthful spots unspoiled by advances of civilization.

(1) Typical of the bungalow built to accommodate three persons. (2) "In the pine-fragrant breeze" of the Nipigon. (3) Not bad for a lake trout.

life. For this reason, the news that three Bungalow Camps are being built in suitable spots after the style of those operated by the Canadian Pacific Railway in the Rockies is being received with delight in all quarters. When these camps are opened about July first there will undoubtedly be a great influx of holiday makers of both sexes, the camps being in every way suitable to the needs of the woman who, if they do not care for the more strenuous adventures of their husbands and brothers, may pass the time swimming, canoeing, dancing, etc., "in the pine-fragrant breezes."

The Bungalow Camps consist of a main building which serves as a dining and recreation hall and which are the service departments, surrounded by a number of smaller bungalows designed to accommodate one, two or four persons. These are simply but comfortably equipped with the necessary comforts without the dispensable trimmings, the idea being to avoid heavy overhead charges. The new camps are situated in choice locations on the French River, in the famous Nipigon district at the foot of Lake Helen and at Kenora, like the Woods. Each site is handy to some of the finest fishing spots on the continent, black bass, red and speckled trout and muskalgun being chiefly caught.

INTEREST ON WAR DEBT WILL BE PAID SEMI-ANNUALLY

London, June 7.—Sir Wm. Joynson-Nicks, Financial Secretary of the Treasury, informed a questioner in the House of Commons today that it had been agreed to pay the interest on the British war debt to the United States semi-annually, on the fifteenth of June and the fifteenth of December. The instalments on the principal of the debt are payable each December 15th.

TRAM CAR JUMPED TRACK, KILLED ONE. RAN INTO THEATRE.

New York, June 7.—One person was killed and three others injured when an Amsterdam Avenue surface car slid backwards to the foot of a hill at 125th Street, jumped the tracks made slippery by rain, and crashed into a motion picture theatre. Some passengers were believed buried in the wreckage. Police reserved, rescue squads and ambulances were rushed to the scene.

AUSTRALIAN LOAN.

London, June 7.—The Bank of England is inviting subscriptions to approximately £11,000,000 of the £14,000,000 slice of the Australian loan to be floated here. The remaining £3,000,000 are being issued to the British Government in settlement of amounts due from Australia. The loan is at 6 per cent issued at and redeemable in 1943 by a cumulative sinking fund.

Englishmen on their part have their difficulties with the modifications of speech to be found among wide circles in the United States; the illuminating slang, the strict which is so often placed on the penultimate rather than on the final syllable, the puntilious pronunciation of the final "g" in "ing" and all the rest of the fluctuations. In speaking of the President's residence we slightly emphasize the second word and say "White House" on the other hand, many American emphasize the first word. Many of us on this side have a slovenly habit of saying "burryin'" when we mean "burying" and one is only conscious of the deficiency on going to another land and hearing the syllable given its proper value.

In the written word the same condition of things is to be observed. The literature of America varies not at all in standard from the literature of England and the best authors of each country set a style which may be studied with advantage on either side of the Atlantic. It seems to me that the leading editorial articles in American newspapers are on the whole better written than those in the Old Country, and by that I do not refer to grammar or a lack of grammar but to a greater and a lesser quality of grace, clarity and force. In the best papers of the great cities the leading articles are as a rule models of composition from a purely English point of view. On the other hand the news pages of practically all the papers are to

# MARKETS RATHER REACTIONARY AND UNCERTAIN

## N. Y. MARKET SHOWED REACTIONARY TENDENCIES, DUE TO SHORT SELLING

Several Specialties, However, Showed Gain Of Nearly 5 Points On Day—New Lows Made By Several Popular Issues—Railroad Shares Had Brief Period Of Strength

New York, June 7.—Prices in today's stock exchange yielded moderately to profit taking and short selling, which was most effective in certain of the steel equipment, oil and motor shares. While the reactionary tendency extended to most of the industrial leaders there were several specialties which showed gains of nearly 5 points on the day. Business was again on a considerably reduced scale owing to the absence of any effective public participation.

New lows for the year were established by American Express, International Harvester, Standard Oil of New Jersey and Virginia Carolina Chemical preferred.

Railroad shares enjoyed a brief period of strength, just before the close there was a good demand for some of the now priced carriers.

Foreign exchanges were slightly reactionary. Demand sterling was quoted around 4.62 1/2 and French francs around 4.45 cents.

Prices continued their move to higher ground in today's bond market despite a number of heavy spots scattered throughout the list.

United States government bonds showed gains of about 3/32 of a point each.

There was another series of small new offerings today, the largest being the \$1,000,000 first mortgage 20-year 6 per cent. sinking fund gold bond of the Belgo-Canadian paper company, Limited, to mature July 1st, 1943, at 97 and interest to yield more than 6 1/4 per cent.

Total sales, par value, were \$9,508,000.

MISCELLANEOUS table with columns: Item, Price. Lists items like Erie, Int'l Cement, etc.

### The Chicago Produce Market

Chicago, June 7.—Influenced by weakness in the corn market and by speculative delay in settlement of the German reparations issue, wheat failed today to hold upturn in price. Closing quotations were finished at the same as yesterday's with July 1-10 3-8 to \$1.10 1-2, and September 1-10 1-2 to \$1.09 5-8.

### Cotton Market

New York, June 7.—Cotton futures closed lower. January 23.76; July 27.82; October 24.59; March 23.69-70; Dec. 23.10-12.

## TWIN CITY ISSUES WERE STRONG, OTHERWISE TRADING AT MONTREAL VERY DULL

52 Issues Came Out, 10 Gaining Ground, 11 Losing—Brazilian Was Second In Activity With Laurentide Third—Bond Trading Without Significance

Montreal, June 7.—Trading and attendant strength in Twin City issues featured today's otherwise dull session of the local stock exchange in which gains and losses were about equally divided.

Twin City led in activity and closed at 75 1/4 for a net gain of 1 1/4 points after selling to a new high at 77.

Other price changes took in Dominion Textile up 1-2; Montreal Power up 1-4; National Breweries off 3-4; Ottawa Power up a point; Provincial Paper preferred off 1 1/4.

Trading in bonds on the local stock exchange today was without significance and the tone of the market was slightly weaker.

Table with columns: Stocks, Open, High, Low, Close. Lists stocks like Abitibi Power, Atlantic Sugar, etc.

BANKS table with columns: Bank, Rate. Lists banks like Montreal, Dominion, etc.

WAR LOANS—(Tax Exempt) table with columns: Issue, Rate. Lists various war loan issues.

VICTORY BONDS—(Subject to Income Tax) table with columns: Issue, Rate. Lists various victory bond issues.

### Daily Gossip On Leading Stocks

Brighter prospects from the standpoint of immigration are now looking up on the economic horizon, despite certain government regulations against the entrance of the artisan class, according to officials of the different railway departments of colonization and the Stationary and Shifting Railway.

Montreal manufacturing plants will share in the equipment orders which have been placed by the Canadian National Railway.

The growth of the automobile industry in Canada is indicated by the fact that the Canadian National has ordered 1,000 cars to accommodate this trade.

Express refrigerator, baggage and coaches will be included in the new rolling stock, as well as five cars of the flat-decked type.

Work has commenced on the trunk road between South Porcupine and Matagami. Camps have been established at a point on the road a little over a mile west of South Porcupine.

This will permit of a much needed widening of the present highway. One of the government steam road rollers has arrived and was taken out to the camp.

Some time ago, a press dispatch credited Canada with supplying 95 per cent of the requirements of the United States for this commodity.

According to information supplied financial service, Limited, the New York Times Bureau, New York, these figures are entirely incorrect.

The Bureau advises that the per capita consumption of newspaper in the United States during 1922 was

## We offer the unsold balance of new issue of \$8,000,000

# Belgo Canadian Paper Company Limited

First Mortgage Twenty-Year 6% Sinking Fund Gold Bonds To be dated July 1st, 1923 To Mature July 1st, 1943

Authorized, \$10,000,000. To be presently issued, \$8,000,000. Principal and interest payable at the holder's option in United States gold coin at the Agency of The Royal Bank of Canada, New York, or in Canadian gold coin at any Branch of The Royal Bank of Canada, in Canada, or in Sterling at The Royal Bank of Canada, London, England, at the fixed rate of \$4.86 2-3 to the £1 Sterling.

### THE COMPANY

Belgo Canadian Paper Company, Limited, is being incorporated under the laws of the Province of Quebec to acquire the properties and business of The Belgo Paper Company, Limited, which is one of the largest and lowest-cost producers of newspaper paper in Canada.

### ASSETS SECURING BONDS

Bonds are to be secured by specific first mortgage and charge on all the Company's real and immovable properties, including plants, buildings, timber limits and leases now owned and hereafter acquired, and by a floating charge on all other assets, present and future.

### EARNINGS

Net earnings, as certified by Messrs. P. S. Ross & Sons, Chartered Accountants, Montreal, after maintenance and repairs, available for bond interest, depreciation and income taxes, have been as follows:

Table with columns: Period, Output, Net Earnings. Shows earnings for four fiscal years ended Aug. 31st, 1922.

The additional equipment increasing capacity to 90,000 tons per annum began operation on March 1st; net earnings for the first two months following such increase aggregated \$450,671, equivalent to 5 1/2 times two months' interest requirements on these bonds.

Commencing November 1st next, the completion of another newspaper unit now being installed will increase the production to 115,000 tons of newspaper annually.

### PROPERTIES

The plant at Shawinigan Falls, P.Q., is one of the most efficiently equipped newspaper mills on the continent. The mill is a complete and self-contained unit, including groundwood and sulphite pulp and newspaper mills.

The Company will own 15,000 acres of freehold timber lands and control under lease from the Province of Quebec 1500 square miles leasehold timber limits on the St. Maurice River and tributaries, estimated to contain 6,000,000 cords pulpwood, sufficient for forty years' operations at the increased capacity.

The management of the Company will remain in the hands of those responsible for the attainment of its present outstanding position. The President, Mr. Hubert Biermans, has been the active head of the business since its inception.

The larger part of this issue having been placed in the United States and Canada, we offer the balance if, as and when issued and received by us, and subject to legality, at:

Price 99 and Interest, Yielding nearly 6.10%

**PAINT FOR THE KETTLE.**  
In boiling up a kettle, or in cooking in a saucepan, the heat has to pass from the fire or gas ring or electric hot plate through the bottom of the utensil into the water. The more easily this flow of heat takes place, the lower the cost of fuel for cooking. All sorts of devices have been invented to save fuel and heat in this way, but quite the most original and interesting is that recently discovered by a British firm. All that has to be done is to coat the bottom of the utensil with a special substance which dries on like enamel. This layer helps the heat to flow through the bottom of the utensil. Tests have shown that an electric kettle which will boil up on a hot plate in about eight minutes in the ordinary way will come to the boil in five minutes, when treated with this wonderful composition. The material is being marketed in tins large enough to treat all the utensils in an ordinary kitchen, and as it can be supplied easily with a brush it should form a very useful aid to the housewife who is concerned about keeping her bills for gas, coal, or electricity at the lowest possible level.

**QUEBEC CENTRAL RAILWAY**  
Passengers for Beauce, Megantic, Fortland and Sherbrooke will find it very comfortable to keep their bills for gas, coal, or electricity at the lowest possible level.

**"TIZ" FOR TENDER SORE, TIRED FEET**

Just put those weary, shoe-crinkled, aching, burning feet into a Tiz bath. When your feet ache and burn, Tiz, and only Tiz, will bring relief.  
Tiz is grand, glorious for tortured feet. It draws the swelling and poisons and acids right out. Stops the pain of corns. Puts your feet into perfect condition.  
Get a box of Tiz at any drug or department store. Don't suffer. Have feet that never hurt, never get tired.

How To Serve The Cold Cuts.  
Arrange on chilled platter crisp leaves of lettuce, alternate cold cuts of ham, chicken and tongue, garnish with quarters of hard-boiled egg and sliced pickles. The tongues may be soured or spiced, or just left plain.  
Serve Monday as cold cuts, macaroni au gratin, sliced tomatoes.  
Serve Tuesday, ham patties in potato nests, peas, asparagus salad.  
Serve cold cuts Thursday, au gratin potatoes, creamed peas and carrots.  
Serve Saturday in meat loaf, with hollandaise sauce, French fried potatoes, peas and cabbage salad.  
This amount of meat will serve the average family the entire week and will cost as follows:  
5 lb. stewing chicken.....\$2.25  
2 lb. butt ha.....1.50  
4 long tongues......50  
Total \$4.25 for the entire week.  
**Ham Patties In Potato Nests.**  
Mince very fine, the rough parts of the ham and place in saucepan; add 1-4 cup of thick cream sauce, 3 tablespoons of finely minced parsley, 2 hard-boiled eggs chopped fine, 1 and 1-4 cups of the chopped ham, heat to scalding point. Butter thin slice of toast and place large spoonful of mashed potatoes on the prepared toast, and make a well in the center. Fill with the prepared ham, place a small dot of butter on the ham and dust with paprika.  
**Ham Loaf.**  
Place in saucepan: 2 and 1-2 cups of milk, 1-2 cup of flour, blend and cook to nice smooth sauce, now add: 1 and 1-2 cups of finely chopped ham, 1 small onion grated, 3 tablespoons finely minced parsley, 1 and 1-2 cups of sifted bread crumbs, 1 cup of mashed potatoes, 2 well beaten eggs, mix well and turn in well greased and floured loaf shape pan, and bake 45 minutes in moderate oven. Cool, slice thin, and serve on crisp bed of lettuce with cold Hollandaise sauce.  
**To Sauce Or Spice The Tongues.**  
Cook the tongues in the usual manner, and lift to bowl and add: 1 cup of strong cider vinegar, 3-4 cup of stock in which the tongues were cooked, 2 tablespoons of pickling spices, 1 teaspoon of each mustard and celery seed, tiny bit of garlic, cool and chill.  
If you prefer the tongues soured just omit the spices.  
Two tasty desserts that go well with cold cuts.  
**Lemon Blanc Manger.**  
Place in saucepan: 1 cup of water, 1-2 cup of orange juice, juice of 2 lemons, 2-3rds cup of sugar, 5 level tablespoons of cornstarch, stir to dissolve the starch, bring to boiling point, cook for 5 minutes, add 1-2 teaspoon of grated lemon rind, yolks of two eggs, now add the whites of the two eggs beaten stiff, whipping in well, turn in custard cups which have been rinsed with cold water, cool and chill, serve with cream.  
**Lemon Brambles.**  
Grate rind from two lemons, place in mixing bowl; juice of 2 lemons, 2-3rds cup of brown sugar, 1 cup of raisins, 1-2 cup of chopped nuts, 1-2 cup of bread crumbs, 1-2 cup of marshmallow cream, mix well. Line shallow patty pans with plain paste, place in tablespoon of the mixture. Bake in slow oven for 15 minutes, then top with meringue made as follows: Whip whites of two eggs stiff, then fold in 5 tablespoons of granulated sugar, 4 tablespoons of powdered sugar, 1 teaspoon of grated lemon rind, us to garnish top of the brambles, and place in oven until delicately cooled.

**Chronicle Files**  
**100 Years Ago**  
Charivary.  
Montreal—In taking notice of the lamentable transaction of the last few days, we are so much hampered by the various reports in circulation, that it is impossible to relate a narrative of the occurrence of Monday and Tuesday nights without being in danger of making some serious misstatement. We shall therefore confine ourselves to a general relation of the principal facts. On Monday night the Charivary party while parading before the house of one of the gentlemen at whom their exertions were directed, had a serious rencontre with the persons within during which several shots were fired from the house upon the crowd assembled in the street, and volleys of stones were precipitated against the windows, which did great injury to the house and moveables. Unfortunately one person was wounded so seriously that he died a few hours after, and several were materially injured. The unfortunate man who lost his life in the affair was John Swails, a person of excellent moral character, and who was in the house from which the firing came during the former part of the evening.

**Chronicle Files**  
**25 Years Ago**  
Hymeneal.  
A very pretty but quiet wedding took place yesterday morning at St. Patrick's Church, when Mr. John P. Noonan was united in the bonds of matrimony to Miss Elizabeth Brennan. The nuptial knot was tied by the Rev. Father McCarthy, C.S.S.R. The bridesmaid was Miss E. Devine, while Mr. John Keating of Montreal, did duty as groomsmen. Both of the contracting parties are prime favorites in Quebec, where they have many warm friends who will bear their happiness with great pleasure. A large number of friends witnessed the ceremony.

**Removing Old Landmarks.**  
Last evening a number of laborers were at work demolishing the front of the old Institute Canadiane buildings. Owing to the possibility of its falling out on the street, and resulting in both loss of life and damage to property, the authorities wisely decided to have the front of the building removed.

**Franciscan Church.**  
The new Franciscan Church on Grande Allee will be solemnly blessed on Thursday, 9th instant at 9 o'clock. The sermon will be preached by a Franciscan Father from Montreal. The musical portion of the service will be undertaken by Messrs. Ernest and Gustave Gagnon.

**Blackheads Go Quick**  
**By This Simple Method**

Blackheads big ones or little ones—soft ones or hard ones—on any part of the body go quick by the simple method that just describes them. To do this get about two ounces of peroxide powder from your drugstore—sprinkle a little on a hot wet cloth—rub over the blackheads quickly for a few seconds—and wash off. You'll wonder where the blackheads have gone. Pricking and squeezing blackheads only open the pores or tear them and leave them large and unsightly—while the simple application of peroxide powder and the quick cleanse them right out, leaving the skin soft and the pores in their natural condition.

**SEAR VALLEY DISPUTE**  
**IS PRACTICALLY ENDED.**  
Paris, June 7.—The difference between the British and French governments over the Sear Valley administration, which has been acute for the last few weeks and threatened to become a serious international question, has practically been settled, according to reliable information in League of Nations circles in Paris.  
The British delegate in the League organization has announced their readiness to withdraw their request for an investigation by the League Council of the Sear Valley regime, it is stated, providing the ordinance passed by the Sear Commission on March 7, giving the Government in the valley the power to suspend newspapers and arrest men found to be fomenting strikes, is suitably modified.  
Life is a long lesson in humility.

**HOME COOKING SERVICE**  
(Copyright 1923, by Mary A. Wilson, all rights reserved.)  
Cold Cuts.  
Passing a delicatessen shop window recently I heard several ladies exclaiming, "my how delicious, makes me think of Mother; she was a great hand to have some nice cold meats in the house and we usually had them two or three times a week for supper." The old time housewife found it real economy to have a nice piece of well-cooked meat in the refrigerator against the needs of the family. The modern housewife who has the advantage of the fireless cooker and also the gas range can if she will, prepare a variety of cold meats, with a real saving and at the same time delight the family.

**A NEW BURGLAR ALARM.**  
The race for supremacy between the burglar and the inventor of burglar-proof apparatus is a very close one. No sooner does some ingenious mind devise a method of hindering or revealing the operations of a burglar than the burglar sets to work to circumvent it. For example, many clever burglar alarm systems have been invented in connection with safes and built-in safes so that it cannot be reached until the safe has been opened. If any attempt is made to lift or move the safe the alarm is sounded. Perhaps the most valuable feature of this device is that the burglar can have no idea whether this important apparatus is inside the safe or not until the alarm is actually sounded.  
Everybody believes in authority. The only conflict of opinion concerns the identity of the boss.  
Home is a place where you get a fresh napkin on Wednesday and Sundays.  
Better humble security than gilded danger.

The marriage of Miss Florence Hickson, daughter of the late W. A. Hickson, and Rev. Donald Fraser Forrester, M.A., of New York, was solemnized Wednesday in St. Andrew's Anglican Church, Newcastle, N.B. Rev. W. J. bate officiating. Only relatives and intimate friends were present. After a wedding breakfast the bride and groom left on a motor trip and on Saturday will sail from Quebec on the SS. Empress of Scotland for Europe, where they will spend their honeymoon.  
The marriage of Miss Eileen Beatty, daughter of Mr. and Mrs. W. W. Butler, Cote St. Antoine Road, Westmount, to Mr. Vivian Cagrain, son of Senator and Mrs. J. P. B. Cagrain, of Montreal, took place very quietly Wednesday morning at St. Leo's Church, Westmount, in the presence of immediate friends and relatives only. The bride, who was given away by Mr. Butler, was attended by her cousin, Miss Naomi Trudeau. Mr. Randolph Cagrain acted as witness for his brother. Immediately after the ceremony Mr. and Mrs. Cagrain left by motor for their honeymoon. Mr. Cagrain will spend in the United States. On their return they will reside in "The Linton."  
Princess Mary Viscountess Lascelles and Viscount Lascelles have consented to their son, George, Henry Herbert, becoming an honorary member of the juvenile branch of the Royal Earl of Harewood Lodge of the Manchester Unity of Oddfellows. The lodge was established at Harewood as far back as 1842, with the Earl of Harewood, great-grandfather of the present Master Lascelles, appears on the roll of honorary members. Other members of the family have patronized the lodge in a similar way. The present Viscount is an honorary member and the Countess of Harewood is a subscriber to the widows' and orphans' fund of the lodge.  
A reception will be held in Victoria School on Friday evening next at 8 p.m. in honor of Miss Winn, the retiring Lady Principal. Friends and former pupils are cordially invited to be present. June 5x4  
The Prince of Wales was recently introduced at Lambeth town hall to a picture of himself which he had not seen before, and which he found distinctly amusing. As part of his afternoon programme for Lifford day, the Prince took tea with the Mayor and city members of Lambeth and sixty councillors. Asked if he remembered visiting the town hall 15 years ago, the Prince was puzzled, and said that he had no recollection of a visit. The Mayor then asked him to an adjoining room, in which he was shown a picture of the formal opening of the building by his parents. In the pic-
