German Troops Withdraw From Key Positions

Latest Advance Brings Allied Forces Within Eighteen Miles of Bizerte and Thirty-Four Miles From Tunis—Gains Follow Earlier Reports of Lull in Fighting Along North African Front.

Allied Headquarters, North Africa, May 3.—(AP)—American forces have entered Mateur, eighteen miles from Bizerte and thirty-four miles from Tunis, according to advices from the front this afternoon. The Germans pulled out of Northern Tunisian positions after a pounding of almost two weeks.

The communique, one of the shortest in recent weeks, said that Allied patrols were active, and earlier front despatches told of the consolidation of Allied positions in the hills of Northern Tunisia and mopping up of isolated pockets of resistance in the hills before Mateur and Bizerte.

Axis transport and ground positions were attacked by light bombers and fighter-bombers and fires were started in the target area, the communique said. Bombs were seen to burst among parked tanks and other vehicles of war.

Fighter planes swept over the forward areas and two enemy aircraft were shot down. Another Allied plane on coastal patrol shot down an enemy bomber. Two Allied planes were reported missing from these operations.

(The German high command communique, broadcast from Berlin and recorded by the Associated Press, said local Allied attacks were repelled by counter-attacks.

(The Italian high command communique reported only artillery and reconnaissance activity in Tunisia.) Gen. Henri Giraud, Commander of French Forces fighting to liberate Tunisia, predicted yesterday in Algiers that "this month of May will see the complete defeat of the Boche in Tunisia" and added that the war would end victoriously for the Allies in 1944.

DECLARES CANADIANS MUST EXERT GREATER TOTAL WAR EFFORT

Quebec, May 3.—(Elliott M. Little, former Director of National Selective Service and General Manager of the Anglo-Canadian Pulp and Paper Company, told a dinner gathering here Saturday that "Canada, as one of the United Nations, must furnish a total war effort."

Mr. Little, addressing the 16th annual gathering of the Certified General Accountants' Association, said the Canadian people should take a greater interest in public affairs in order to be able to furnish a better war effort and to help solve post-war problems.

Premier Godbout and a number of Quebec Provincial Ministers were present.

WAR IS BLAMED ON FAILURE OF CHRISTIANITY

Roman Catholic Prelate Declared that Christian World Failed Axis Nations After Last War.

Montreal, May 3.—(P)—Mgr. Fulton J. Sheen of the Catholic University of America, Washington, D.C., said in a public address here last night that because the Christian world has failed Russia, Japan and Germany, the First Great War and the present war had to be fought.

"Russia is at present fighting a military war with us," Mgr. Sheen said, "but to some extent it is fighting a political war against us. That is the basis of international Communism—to support Russia in its military struggle and fight capitalism, conservatism, Liberalism and Christianity in all countries outside of Russia."

Saying that no war or any kind of fighting would serve any purpose or be victorious from the standpoint of

Consecration Of Anglican Lord Bishop Is Taking Place Today

Montreal, May 3.—Consecration and enthronement of Very Rev. John Dixon, M.A., D.D., as Anglican Lord Bishop of Montreal, is taking place here today, the impressive rites starting this morning with Matins in Christ Church Cathedral to close at five o'clock this afternoon with the traditional enthronement service.

The sounding of trumpets will herald the new bishop's approach of the Cathedral in the afternoon and according to tradition, he will knock three times for admission.

On being asked, "Who is there," he will reply, "The Lord Bishop, duly elected and consecrated, who prays that he may be enthroned."

He will then be admitted and greeted with the words, "Right Reverend Father in God, we bid you enter, in the Name of the Lord."

Representing the City of Montreal at the services are Mayor Adhemar Raynault, J. O. Asselin, chairman of the Executive Committee, and H. G. Birks, acting Mayor. Westmount, is represented by Alderman R. P. Adams, Acting Mayor; Outremont by Alderman J. D. Hudson, and Verdun by Mayor Edward Wilson and two others.

Bishop's University is represented by the principal, Dr. A. H. McCreer.

Armed services representatives are Lt.-Col. H. F. C. Cocks, for M.D. 4, and Sqdn. Ldr. M. C. Davies, deputy director of Chaplain's Services, for the R.C.A.F. Other air force chaplains present include Squadron Leader W. S. Dunlop of No. 5 Training Command, Flight Lieutenant the Rev. J. G. Perkins of No. 5 Manning Depot, Lachine, Flight Lieutenant the Rev. T. V. L'Estrange of the R.C.A.F. Station at Rockcliffe, Ottawa.

H.M.C.S. St. Hyacinthe is represented by Rev. H. H. Hoyt, R.C.N. Chaplain.

Canadians Subscribed Slightly Over One-Third Of Objective In One Week Of Victory Loan Drive

Ottawa, May 3.—(P)—The Fourth Victory Loan swung into the second week of the three-week campaign today with a total of \$372,544,900 subscribed—slightly more than one-third of the minimum objective of \$1,100,000,000.

The first week of the Third Victory Loan drive rolled up a total of \$312,410,990 but the objective then was \$750,000,000. The corresponding day's total in the last loan was \$53,642,850.

The National War Finance Committee said that the aim of obtaining \$500,000,000 from the general public canvass and the payroll division meant a 33 per cent increase in dollars and a sharp increase in the number of subscribers.

Analysis of the first week's records showed that the increase in dollars so far was 19 per cent and in numbers 13 per cent. Officials described this as "promising, but only moderately so."

General canvass yielded a cumulative total of \$83,574,650 in the first week, compared with \$70,018,800 in the last loan. Payroll was accounted for \$4,597,400 compared with \$5,130,000.

G. W. Spinney, Chairman of the National War Finance Committee, commenting on this analysis, said: "Canada as a whole is doing better than in any previous loan, but is not doing well enough yet."

WAR BULLETINS

Cairo—Allied fighter planes escorting a convoy in the Eastern Mediterranean shot down four enemy bombers which tried to attack the convoy Saturday and a fifth was brought down by anti-aircraft fire, a British communique said today. All the Allied planes returned safely to their base.

London — The Berlin radio reported today that Victor Lutze, 52, Chief of Staff of the Nazi S. A. (Storm Troops) and an oldtime follower of Hitler, died in a hospital at Potsdam from injuries received in an automobile accident. Lutze succeeded Col. Ernst Roehm as Chief of Staff of the Storm Troopers after the killing of Roehm in the ruthless purge of Nazi leaders by Hitler in June, 1934.

Somewhere in New Guinea — Allied bombers sank, otherwise destroyed or damaged 93,300 tons of Japanese shipping during April—a month marked by almost incessant bad weather prohibiting large-scale attacks.

Allied air officers, making this report disclosed additionally that heavy bombers, fighter planes and anti-aircraft batteries destroyed 68 enemy planes during the month and probably destroyed 23 more.

FISHING CRAFT IMPORTANT IN COAST PATROL

Former Salmon Fishermen Become Integral Part of Canadian Navy Pacific Coastal Patrol.

Ottawa, May 3.—(P)—Sturdy little ships which have exchanged their peacetime cargoes of sockeye and smelt for wartime cargoes of depth charges and ammunition for their guns help warships of the Canadian Navy to protect Canada's Pacific Coast from enemy attack.

These small ships of the Fishermen's Reserve—now the Royal Canadian Navy's Fishermen's Reserve—are an integral part of Pacific Fleet.

Typical of their work is the story of the reserves H. M. C. S. Surf, which ran aground one stormy January night on the coast near Vancouver. The Surf was prevented from being a total loss through 18 days of hard work on the part of officers and men of other reserve ships. Now \$12,000 worth of her

U.S. Coal Mines Prepare To Resume Operation On Fifteen-Day Agreement

Five Hundred Thousand Miners to March Back to Pits Today and Tomorrow as Result of Truce Announced by Lewis Shortly Before Address of President Likening Strike to Desertion from Army.

Washington, May 3.—(AP)—The coal mining crisis which threatened to stall United States war production was at least temporarily ended today as nearly 500,000 miners prepared to march back into the country's pits—under the Stars and Stripes and a flag of truce.

During the next fifteen days, Harold L. Ickes will seek to settle the wage contract dispute between miners and operators.

The trek back to work begins today and tomorrow, with some miners acting on the appeal from President Roosevelt for an immediate return to their jobs and others taking their cue from John L. Lewis, President of the United Mine Workers, who set Tuesday for the official resumption.

There seemed no question but that Tuesday's shift—at the very latest—would find the industry operating full blast again. The President appealed to the miners last night to go back to work for their country—literally, with the Government operating more than 3,550 mines—and cease "obstructing our war effort."

Mr. Roosevelt did not mention Lewis by name, but his appeal to the miners—whose full scale walkout followed the latter's call not to "trespass" on company property without a contract—came just twenty minutes after the U.M.W. chief had announced the truce in New York.

Lewis said the Union's Policy Committee had voted unanimously "to restore all mines to immediate operation for a period of fifteen days beginning Tuesday." He said the truce time will be spent in seeking to work out new contracts to replace those which have expired in the hard and soft coal industries.

Labor Secretary Frances Perkins said Fuel Administrator Ickes, picked by the President to direct operation of the mines for the Government, would confer with the disputants during the fifteen-day period and try to bring them together.

The decision was made after Lewis and other leaders had conferred with Ickes during a sudden Sunday trip here from New York, where the contract negotiations had been in progress.

The general back-to-work movement swept the mine fields even as reaction to President Roosevelt's plea varied last night. Some spokesmen of idle union members said they were ready to resume work today, as the President asked, but others made it plain they considered Lewis the man to mind where coal mining was concerned.

The President's speech left no doubt that he considered striking the same as deserting the ranks of the military services.

British Torpedo Boats Created Heavy Damage In Mediterranean

By GEORGE TUCKER
Associated Press Staff Writer
With the British Mediterranean Fleet, April 24.—(Delayed)—(AP)—In a daring daylight foray a flotilla of British motor torpedo boats ripped sixty miles along the enemy-held Tunisian coast yesterday to sink four Axis vessels—including a 3,000-ton merchant ship—and shoot up transport planes caught on landing fields near the beaches.

The flotilla swept up and down the coast from Ras Mahmur to Zembretta Island, actually penetrating the Gulf of Tunis and operating at times no more than 300 yards off shore and always under the fire of coastal batteries.

The enemy merchantman was torpedoed and sunk under the very noses of two escorting German destroyers while proceeding Northward two miles off Kebila Roadstead, which is at the Eastern tip of Cape Bon Peninsula Northeast of Tunis.

Shore batteries opened up a murderous fire and enemy fighter craft swarmed overhead as the torpedo boats closed in their quarry at high speed. One of the raiders, which had expended its torpedoes the previous night in a successful attack on two enemy lighters loaded with fuel and ammunition, launched a diversionary attack on the leading destroyer.

The other raiders made straight for the target, loosed their torpedoes from a 2,000-yard range and then made their getaway through a smoke-screen laid down by the enemy vessels.

Other Axis craft sunk by the torpedo boats during their foray along the coast included two Italian minesweepers and a German R-boat, or large motor torpedo boat.

Never before had the swift but tiny British craft penetrated enemy waters in the Mediterranean so deeply or operated so openly in daylight. They paid for the foray, however, with the loss of one torpedo boat and

BRITISH CRAFT REPEAT ATTACK ON CONTINENT

Holland Industrial Areas Given Heavy Pounding by British Bombers to Wind Up Active Week-End.

London, May 3.—(P)—R.A.F. bombers and fighters fought their way through German fighter plane opposition to attack industrial targets in the Netherlands coastal city of IJmuiden yesterday and follow up a heavy attack Saturday by big American bombers on the German submarine base at St. Nazaire, France.

Mosquito bombers sped across France virtually without opposition late Sunday and unloaded delayed-action bombs from roof-top level upon railroad shops at Thionville, a centre of the Lorraine iron ore and coal transport network and junction of the main Rhine Valley-Paris line and the Brussels-Saarbruecken line. Pilots said their cargoes crashed through the main shop buildings.

R.C.A.F. Spitfire squadrons also were in action Saturday, sweeping over the Ushant area of Northern France. A few Focke-Wulf 190s were sighted, but the Nazis offered no fight.

One R.C.A.F. plane was lost while on ship reconnaissance duty.

The British raiders shot down six of the enemy planes but lost four of their own fighters.

Seven of the American bombers were lost in the smash at St. Nazaire, which was carried out in heavy weather and against determined resistance by squadrons of German Focke-Wulf planes.

The weather forced the American aircraft to separate on the return flight and made it difficult to determine immediately the number of German planes destroyed.

The German radio claimed that eleven four-engine bombers were destroyed. It was the first announced raid by U.S. bombers based in Britain since the attack on Bremen April 17, in which sixteen planes were lost.

LEADING MONTREAL SHIPPING MAN DIES

Montreal, May 3.—(P)—George D. Hubbard, Canadian representative of the British Ministry of War Transport, which controls all ships in the service of Britain and the European governments, in London, died at his home here yesterday. He was 45.

A native of Bray, County Down, Ireland, he had resided here since 1929 when he came to Canada as General Manager of the Cunard Steamship Company. He is survived by his widow, the former Louise Molson of Montreal, and a three-year-old son, Michael.

U.S. Coal Mines

Continued from Page 1.

The President had insisted that the W.L.B. could settle the contract dispute, but the U.M.W. refused to do business with it, charging it with prejudice, and a spreading of workouts was climaxed by virtual shutdown of the industry Saturday when a contract extension expired.

There was speculation in labor circles early today that the most likely compromise ground would be found in discussion of a universal six-day week for the coal mining industry. However, the mine union has held that the operators have been receiving coal prices adjusted to compensate for the extra day—its premium pay—but have not operated on that basis.

While reliable informants said this was one of the chief subjects discussed at the Sunday pre-truce conference here, Secretary Perkins told reporters that the truce included no promises to the United Mine Workers. It was assumed, however, that the six-day week compromise he worked out, it would tend to absorb the wage increase phases of the contract dispute.

The New Bishop Of Montreal

By the Rev. B. S. Murray, B.A.

Today, May 3, St. Mark's Day, members of the Church of England within the Diocese of Montreal hail their new Bishop, the Right Rev. John Harkness Dixon, M.A., D.D. The consecration and enthronement of the seventh Bishop of Montreal is of special interest to many readers of the Sherbrooke Daily Record for the Diocese of Montreal begins with South Stukely and ends with Magog. Today a new chapter, the seventh in Montreal Diocesan history, opens as His Lordship Bishop Dixon brings to the bishopric of Montreal simple piety, sound learning, splendid administrative gifts and a deep love of people.

In these strenuous days, fraught with unexpected and manifold changes, the Diocese of Montreal is fortunate in having as its chief pastor one who knows not only modern conditions, but with his keen penetrating vision will meet new issues with new implements. He will be a Shepherd, a Father-in-God, to his people, feeding those who come to him with counsel when doubt arises, with inspiration when we falter, with caution when we are rash, with a clear, trustful cheerfulness through cloud and sunshine. A right perspective, an episcopal "must" can only be developed by "Onus of Quid. Let those concerned see to it that Bishop Dixon's so those necessary "quiet times" so that with deep insight and imagination His Lordship may continue to venture in great things a true leader of the people in the Church of God.

Towards that ideal Bishop Dixon launches forth in the spirit of adventure and faith. I believe his episcopate will be characterized by "faith," practical religion, human sympathy and progressive four-square advance. His Lordship, in strengthening the trust passed on to him by his illustrious predecessors, has the prayers, the practical co-operation and the innumerable friends in the Dioceses of Ottawa, Toronto and Montreal, but of all of those who are one with us in friendship and goodwill everywhere.

"Yes," I said, "they call it The Old Brewery Bay." "Well, well, The Old Brewery Bay," he repeated, "that's a beautiful name! Poetic, isn't it?" "That's what I judge my visitors by."

"If they like the name Old Brewery Bay, they're all right. They can have anything on the place. Once a woman—I won't say a lady—exclaimed, 'Can't you change it?' She got hers. their mopping up operations in the region of Hill 609—the important Djebel Tahent which commands the trail leading to Mateur sixteen miles away—and in the extreme North French forces were similarly engaged in the face of repeated clashes with Axis units.

Along the remainder of the front—now about 125 miles long from the Northern coast of Tunisia to the Gulf of Hammamet just above Enfidaville—the British and French fought off enemy counter-attacks which were noticeably less vigorous than they were at the middle of last week.

A French communique last night said that French troops and Moroccan Goums, fighting their way along the coast, reached the region of Marsa Douba, capturing a number of prisoners. A German counter-attack was reported repulsed South-east of oPnt du Fahs with severe losses for the enemy.

German counter-attacks on the army front North of Enfidaville also were repulsed, it was announced. Indicating the thoroughness with which the net is being thrown about the Axis armies in Tunisia by land and sea, yesterday's communique told of a naval action last Wednesday in which light naval forces operating off the coast of Cape Bon peninsula attacked two Italian minesweepers anchored in a creek and damaged one. They also reported the capture of a large German torpedo boat and aircraft on the beach.

The same day a large motor vessel moving Northward along the coast under the protection of coastal batteries and an air escort was sunk by the Allied coastal forces. Enemy fighter planes attacked the Allied and damaged one. Allied boat so severely it was sunk. One of the casualties was Lieut. Philip Francis Stewart Gould, British unit commander, who was killed.

CITY and SUBURBAN

Total Of \$4,495,600 Against Quota Of \$13,308,000 Subscribed To Loan By Two Eastern Townships Districts

Subscriptions to the Fourth Victory Loan drive at the end of the first week in the two Eastern Townships divisions amounted to \$4,495,600 against a cumulative objective of \$13,308,000, according to week-end figures released today by the Divisional Headquarters in the New Sherbrooke House.

Zone Six has raised \$3,244,550 during the first six days of the campaign, which is 35.83 per cent of its \$9,051,500 quota, while Zone Five has attained 29.48 per cent of its goal, amounting to \$1,251,050 of its \$4,257,000 objective.

Still in first place, Sherbrooke County now has 57.84 per cent of its objective. Nearing the two million mark, the goal of the Third Victory Loan, Sherbrooke citizens, business firms and plant employees have subscribed \$1,897,100 against a quota of \$3,280,000.

Arthabaska County boosted its percentage to 45.21 to remain in second place in the two divisions. Richmond County staged its second surprise on Saturday and jumped into third place with a percentage of 39.13. Ranking next is Megantic County with 35.14 per cent.

Four counties, two in Zone Five and two in Zone Six, are in the twenty per cent bracket. They are Nicolet, 22.47; Missisquoi, 21.32; Returns from other counties show that Bromfield is 15.88 per cent; Stanstead, 14.21; Wolfe, 8.85; and Compton, 7.67.

The first community in Megantic County to go over the top was Robertsonville, which subscribed \$12,050 against a \$10,000 objective. After the quota was attained, there was a rally staged at Robertsonville at which six hundred persons from the three parishes, Robertson, Sacre Coeur de Marie and St. Antoine de Pontbriand, were in attendance, as well as the Pastors of Robertson and St. Antoine.

L. G. Dunn and J. A. Archambault, in charge of group payrolls for Sherbrooke County, reported today that employees of the MacKinnon Steel raised \$5,550 against an objective of \$4,550. The management raffled two fifty-dollar bonds which were won by Joseph Chabot and Ephrem Glaciu.

BISHOP'S TO PRESENT PLAY MAY 5TH-7TH

Bishop's University Dramatic Society is presenting a three-act play "The Wind and the Rain," by Merton Hodge, at the Bishop's Little Theatre on Wednesday, Thursday and Friday nights.

The curtain will rise at 8:15 to reveal an interior view of the house owned by Mrs. McFie, the Scottish landlady. Here with Mrs. McFie, her tenants, three young medical students and their friends, the audience will spend a pleasant evening.

During the course of the evening the audience will follow the many tribulations of Charles Tritton, played by Andrew Roy, from the day that he makes his first appearance at the boarding house until four years later.

The leading feminine role of Anne Hargreaves is played by Margaret Hamilton, while the part of Jill Manning will be taken by Meg. Aitken who played in last year's major production. Elizabeth MacDonald, a first year student, will take the part of the Scottish landlady, Mrs. McFie.

Stage manager Douglas McCord, capably assisted by Elwood Patterson and property manager Bob Schrier, has made fine progress on the completely equipped stage, and the play is in the capable hands of Dickson-Kenwin, of Toronto, formerly of London, England, whose past successes auger well for this production.

Tickets are being sold in Sherbrooke and district by first year students at the University as well as at Rene Buser's Restaurant in Lennoxville. Reserved seats may be secured by phoning R. Smith at Lennoxville 255.

SUCCUMBS TO LONG ILLNESS

S. RUBIN, President of local clothing concern, whose death occurred in Montreal yesterday in his 50th year.

Sam Rubin, President Of Local Clothing Firm, Dies In Montreal

One of the leading members of Montreal's Jewish community passed away yesterday when Sam Rubin, President of S. Rubin, Limited, succumbed in the Ross Memorial Pavilion of the Royal Victoria Hospital, following a lengthy illness. He was in his fiftieth year.

Mr. Rubin came to Canada thirty-six years ago and settled in Winnipeg. He moved to Montreal in 1917 and in 1925 established the firm of S. Rubin, Limited, clothing manufacturers. Several years ago he moved his plant to Sherbrooke, but maintained his residence in Montreal. Besides being President of his own firm he was Vice-President of Angora Garment, Inc.

Active in philanthropic and social circles, he was a governor of the Jewish General Hospital and Young Men's Hebrew Association of Montreal. A member of the Masonic

Order, he belonged to St. George's Lodge, No. 10, A.F. and A.M. and Mount Horch Chapter. Mr. Rubin was also a member of the Montmorency Club, Canadian Club, Elmhurst Golf and Country Club, and Sherbrooke Chamber of Commerce. He belonged to Shaar Hashomayim Congregation. Survivors include his parents, Mr. and Mrs. Victor Rubin, of Winnipeg; his wife, the former Ann Levin, of Montreal, a daughter, Joan; two brothers, Abe, of Winnipeg, and Jack, of Sherbrooke; and three sisters, Mrs. Rose Katz, of Winnipeg, and Mrs. Sarah Schwartz and Mrs. Ray Starr, of Montreal. Funeral services will take place in the chapel of Paperman & Sons, 4081 St. Urban Street, on Tuesday at 2:30 p.m., and interment will be at B'nai Jacob Cemetery, Back River.

FINAL TRIBUTE IS ACCORDED TO MRS. T. COSTELLO

Many Friends and Relatives Attended Obsequies of Well-Known Windsor Mills Resident on Saturday.

Windsor Mills, May 3. — Largely attended funeral services were held here Saturday morning for Mrs. Thomas Costello, widely known Windsor Mills resident whose death occurred Wednesday night in the Sherbrooke Hospital following an illness of several months.

Among those attending the funeral were a delegation from the Ladies of the Congregation of St. Ann's and representatives of the local branch of the Canadian Red Cross Society, in which Mrs. Costello had been an active worker. Other societies which had benefited largely from Mrs. Costello's co-operation and generosity were also represented at the service, which was held from the New Chateau Windsor to St. Philippe's Roman Catholic Church.

The body was received at the church by Rev. Canon J. A. Lemay, Parish Priest, and the solemn Requiem Mass was sung by Rev. Father G. Guay, Parish Priest at Capleton, who was assisted by Rev. Father R. Demers, Parish Priest at Bolton, and Rev. Father Valere Duplin, curate at St. Philippe's Church, as sub-deacon. Miss Rachel Lemire was at the organ.

The funeral cortege was led by J. W. Quinn, and pall bearers were Zoel Rousseau, Philias Lemay, George Libby, Joseph McCabe, T. E. Proulx and A. J. Philip, and bearers Ernest Desautels, Napoleon Rousseau, W. S. Dearden, Arthur Landry, Dennis McCarthy and Charles Walsh.

Mrs. Costello, the former Margaret Pye, came to Windsor Mills with her parents, Mr. and Mrs. John Pye, from Grange, County Sligo, Ireland, in 1897, and was the first pupil to register at Notre Dame Convent when it opened its doors that same year. She was always keenly interested in the activities of her alma mater, and in 1937 when the convent celebrated its golden jubilee she was appointed an honorary president.

Mrs. Costello, who had operated the Chateau Windsor Hotel since the death of her husband thirteen years ago, is survived by a brother, Patrick Pye, of Windsor; and four sisters, Nellie and Delia Pye, of Windsor; Mrs. John Morin, of Sherbrooke; and Mrs. C. Petit, of Lake-

Lennoxville United Church Observes 67th Anniversary

Lennoxville United Church observed its sixty-seventh anniversary on Sunday with capacity congregations both morning and evening services.

The services were in charge of the minister, Rev. Norman McLeod, B.A., B.D., and the guest speaker was Rev. F. W. Kerr, D.D., of St. Andrew's United Church, Westmont, who delivered impressive and inspiring sermons both morning and evening.

The musical part of the services was under the direction of Mrs. Lee Watson, organist and choir director. The guest soloist in the morning was Miss Harriet McCammon, of Montreal, and Mrs. Wright Gibson, of Sherbrooke, in the evening, whose solos greatly enriched this portion of the services.

Rev. Mr. Kerr, a leading preacher and well known to radio listeners, was heard by many from out of town who welcomed the opportunity of seeing and hearing him. His sermons will long be remembered as they were especially directed to all ages and all listeners.

The anniversary supper will be held this evening and an interesting programme is planned.

BUILDING RAZED Fire of unknown origin last night levelled a small building used by the guards of the Canadian Ingersoll Rand Company on Desforges Street. When the Municipal Fire Department arrived, the structure was a mass of flames. Firemen fought the blaze to halt the spread of the flames, but their efforts were unsuccessful. They were forced to stand by helplessly while the "guardhouse" was being razed. The department responded to eight other calls during the week-end, putting out five stove-pipe blazes and three chimney fires. There was no damage.

VICTORY LOAN SALESMEN ARE WELL RECEIVED

Sherbrooke County National War Finance Committee reported today that salesmen during the week-end encountered an erroneous impression among some on whom they were called. These people said they were informed if the salesman had not already called, they should go to a bank and buy their bonds. The result was that some were going to the banks this early in the present campaign before salesmen had an opportunity to get around to making their calls.

Officials of the district pointed out that there is no need to feel that because the call had not been made yet it had been missed. Only one week of the three weeks' campaign has passed and every person cannot be called upon in that time.

Some are called on during the second week of the drive or even the last week. So there is no reason to feel that anyone is being missed just because the salesman has not called within the first few days, officials explained.

It was announced at the same time, however, that canvassers desire to express their appreciation for the very cordial reception they are receiving from the public during the present loan campaign.

"Every one seems to wish to cooperate in every way," said D. J. Salls, Chairman of the local N.W.F.C.

Joy-Riders Believed Responsible For Car Thefts Here And At Magog

JUNIOR C.W.L. AIDS IN SALE OF WAR STAMPS

Georges Deslongchamps and A. C. Skinner, Joint Chairmen in charge of war savings for the Sherbrooke County National War Finance Committee, announced today that members of the Sherbrooke Junior Catholic Women's League are volunteering their services in selling War Savings Stamps in the lobby of the Granada Theatre during the showing of "Commandos Strike at Dawn," which opened on Saturday and will continue as the feature attraction until tomorrow. A special stand has been set up in the theatre lobby through the courtesy of Manager B. H. Lavell. Members of the local women's organization, attired in the "Miss Canada" uniform, are under the direction of Miss Margaret Doherty, President of the League. Mr. Deslongchamps, in a special appeal is calling for the attention of all theatre-goers to purchase War Savings Stamps with their excess change. The campaign is expected to result in the sale of more than a thousand stamps, according to officials in charge of the drive.

ASK MERCHANTS TO DISPLAY ALL LOAN MATERIAL

Fourth Victory Loan officials of Sherbrooke County today made a special appeal to merchants to display prominently all Victory Loan material. Distribution was completed some time ago, but there are several sections of the city where the appeals have not been given the response desired, it is reported, and all businessmen are asked to co-operate. The flying of flags and decorating of stores will also help to make the public "bond conscious" and owners of buildings and homes are also asked to assist in this connection. The Fourth Victory Loan drive was launched last Monday and will be in progress for the next two weeks, ending May 16.

Sherbrooke police said today that they believe joy-riders were responsible for the theft of two automobiles within an hour, one in Sherbrooke and the other in Magog, during the week-end. The machine stolen from this city was located in a wrecked condition near Lake Orford, while the auto taken from Magog was found an Alexander Street by a constable of the local department while on his beat.

H. N. Brien, local undertaker, reported to police on Saturday night at seven o'clock that his sedan had been stolen from its parking place on Aberdeen Street. Police sounded a general alarm to all Eastern Townships centres and a short time later Chief of Police T. Lavoie of Magog informed local authorities that the Brien machine had been found near Lake Orford, damaged to the extent of \$400. Police said that the car overturned several times and was abandoned.

One hour later Chief Lavoie called local police and informed that a sedan owned by M. Bouchard had been stolen at Magog. Local police officers kept a sharp lookout for the Magog machine, which was found parked in front of 26 Alexander Street Saturday midnight by Constable Arthur Hamel. Local police, continuing their investigation today, said that both cars were taken by the same party.

SHERBROOKE HIGH SCHOOL

The monthly business meeting of the Sherbrooke High Alumni Association was held in the High School on Thursday evening with the President, Jim Strickland, in the chair. After the disposal of all routine business, tentative plans were made to have Dixon-Kenwin give a recital in the Mitchell School in the very near future.

Plans were also discussed to hold another June from this year for the graduating class and their friends, and a committee was appointed to be in charge of this dance. The meeting was adjourned with the understanding that the committee would meet in the near future. The next meeting will be held on Thursday, May 27th, 1943.

MARTINVILLE

Misses Marielle and Jeannine Hamel, of Lake Megantic, were Easter guests of their grandmother, Mrs. Robert. Messrs. Leandre and Roland Beaudoin, of Montreal, called on relatives in town. Messrs. Gaetan Turcotte and J. Lepage, of Montreal, spent the Easter holidays with their respective families.

NATIONAL SELECTIVE SERVICE Men Born From 1902 to 1924 Must Prove Compliance With Mobilization Regulations When Asking Permits to Seek Employment

BY order of the Minister of Labour issued pursuant to National Selective Service Civilian Regulations, (P.C. 246, January 19, 1943) an important change is now made in regard to the issue by Employment and Selective Service Offices, of permits to seek employment.

After April 30, 1943, a permit to seek employment may be refused to any male person born in any of the years from 1902 to 1924, inclusive, who has reached age 19, unless such person presents satisfactory evidence that he has not contravened the provisions of National Selective Service Mobilization Regulations (that is, Military Call-up Regulations). Evidence required is to be in one of the following forms:

- (a) A certificate of discharge from His Majesty's Forces after service during the present war; or
(b) A rejection slip issued by the Army on application for enlistment; or
(c) A certificate of medical examination issued by the Registrar of a Mobilization Board; or
(d) A postponement order certificate issued by the Registrar of a Mobilization Board; or
(e) In the case of a male person born in any of the years from 1902 to 1915 inclusive, a statutory declaration on a form available in the employment office, that he is not a "single person" under Mobilization Regulations.

Documents referred to in (a), (b) and (e) above need be presented only the first time a permit is sought after April 30, 1943, unless subsequently asked for by a Selective Service Officer. Documents referred to in (c) and (d) above must be presented each time a permit is applied for.

Two points under the new Regulations are to be specially noted: (1) Male persons applying for permits by mail should forward with their applications the evidence required (except (e) above). (2) A Selective Service Officer MAY furnish a permit without first being handed evidence, where the applicant's services are required for immediate employment, or where a permit is asked for by mail, but in these cases the evidence must be presented to the Selective Service Officer later, usually WITHIN THREE DAYS of the issue of the permit.

All men, born from 1902 to 1924, who have reached age 19, are urged to co-operate with Employment and Selective Service Officers in this matter. Help yourselves, help others applying for permits, help the Offices to function smoothly, by having your documents with you when needed.

GREAT BRITAIN PREPARES FOR THE OFFENSIVE

Absence of public discussion of the biggest question in Great Britain — an Allied invasion of Europe — does not mean that the Old Country, which itself stood guard for months, is unaware of the rumblings of the approaching storm.

The latest indication that invasion, whether soon or late, is in the making comes from Joseph Stalin, whose May Day order of the day to the Russian people points to the great Allied air offensive as the shadow of the looming "Second Front in Europe."

The twists and turns the war may take during the summer months do not necessarily await the outcome of the Tunisian battle, now approaching its climax. Hitler, whipping his junior partners into line for the coming fight, has interviewed his European satellite leaders.

An editorial in the Daily News, noting the statement in London Thursday of Malcolm MacDonald, British High Commissioner to Canada, that Canadian troops overseas will be in the "vanguard of the invasion," said:

"The prologue is ending. Soon the curtain will rise on the vast, grim struggle which will decide the fate of Europe."

Allied plans naturally are wrapped in secrecy, but from Norway to the Spanish frontier the R.A.F. is attacking Hitler's communications, the routes he must use for his troops and arms.

JAPANESE VENGEANCE

General Chiang Kai-Shek's announcement that the Japanese killed all civilians in areas where American fliers landed after last April's raid on Japan is believed in Chungking to explain the almost unparalleled excesses committed by the invaders during the subsequent hundred-day campaign in Chekiang and Kiangsi Provinces.

Informed persons long have believed that the raid on April 18 last year was the direct inspiration for the offensive which began four weeks later and swept through the East-Central regions in which the United States fliers came down and which contained bases from which Japan could have been attacked.

The General, however, was the first to disclose that massacres which accompanied the advance of the enemy through Chekiang and Kiangsi and their subsequent withdrawal were connected with the fact that the American fliers reached refuges in East China.

Chinese authorities say that the Japanese have long imposed a system of "collective responsibility" upon conquered areas by which thousands of Chinese have been ruthlessly executed and their villages burned for any anti-Japanese activity in their districts.

Extension of the system to include the places where fliers make accidental landings presented a fresh element of danger in the lives of millions of Chinese.

Foreign and Chinese witnesses have given many accounts of Japanese excesses during last year's campaign. In an official report to Chungking last October, the Governor of Chekiang Province said 15,000 men, women and children had been killed by the invaders in his Province, 5,000 others wounded and 12,000 missing.

But the Japanese spirit of vengeance extended in the neighborhood of Kiangsi to points far from the localities where the fliers landed.

Rev. Joseph Cenry of the China Inland Mission at Linchwan wrote:

"The wanton killing of civilians was incredible, but true."

Two Chekiang missionaries, Father Boudreau

of the Roman Catholic Mission and Rev. K. P. Grey of the China Inland Mission, said the Japanese used "incendiary and destruction brigades" and technical experts to wreck machinery, strip hospitals and smash power plants.

Father F. Maguire of the Roman Catholic Mission at Nancheng said all villages around this Central Kiangsi town "lie in heaps; the Japanese have made the job a complete one."

Father Charles Quinn of the Apostolic Vicariate at Yukiang, Kiangsi, reported that an Italian confrere, Father Verdini, "was massacred together with thirty-five small orphans and old people and their bodies were thrown into an open pit."

AMERICAN AIRLINES AND THE FUTURE

Commercial air lines of the United States are busy these days trying to stake out claims to international flying routes after the war and three of these lines already have filed application with the Civil Aeronautics Board for permission to fly routes that would take them over Canadian territory.

At least two other companies are expected to take similar action, in preparation for the great expansion in international commercial aviation promised after the war.

The three companies that have filed applications are Northwest Airlines, Northeast Airlines and the Chicago and Southern. Actually, the filing of applications is meaningless because the Board will not hear them as long as the war lasts and, in any event, they must be the subject of international negotiation because they involve flying over more than one country.

Northwest Airlines proposes three alternate routes. One would run from Seattle to Anchorage and Nome and on to Calcutta and Manila, fringing Canadian territorial water off the British Columbia coast.

The second would run from Minneapolis and St. Paul to Nome by way of Fort McMurray and Fort Norman. The third would run from the Twin Cities to Nome by way of Edmonton, Whitehorse and Fairbanks.

The application of Chicago and Southern would cover some of this same territory, running from Chicago to Winnipeg, Edmonton, Whitehorse, Fairbanks, Nome and on to Singapore or Batavia.

Northeast Lines is concerned with the Atlantic run. It has filed application to run two routes from Boston, one by way of New Brunswick and Labrador to Iceland and then on to Britain and the Scandinavian countries, the second across Nova Scotia and Newfoundland to Britain.

Meanwhile, the apparent scramble for air routes by American companies has led some airline executives to suggest that unbridled optimism is exaggerating grossly the amount of international traffic that is likely to develop after the war and that the American share, if divided among half a dozen competing lines, will be ruinously small for any one of them.

YOUR MOTHER TONGUE

A great cathedral is a lovely creation in itself. The more it is examined, the more one is struck by the perfection of every detail.

Language can, and should be like that. It should exactly serve its purpose, which is to convey a thought; it should be adequate, and therefore need no repetition or explanation; it should produce a harmonious sound; and each word should be good in itself.

Just as in the cathedral the lovely, soaring arches are not only arches, but adequately support the roof of the vast building, so in language the various phrases we employ should not only sound well, but should serve to build up the expression of our thought.

As each final and capital of the ancient building is worked into a miniature work of art which yet detracts not at all from the beauty of the whole structure, so each word we use should be right, yet not so startling as to deflect the attention of hearer or reader from the conception of the whole.

This applies not only to language used on extraordinary occasions; it should apply also to everyday speech. That it can do so is obvious as soon as one thinks over the requirements of beauty in speech.

In the most ordinary conversation, let speech first exactly convey thought; then see that there are no redundancies; let it flow easily and rhythmically (for that, in itself, helps convey ideas); and let each word be not only the right word for meaning, but, as far as possible, have a beautiful sound.

It will nearly always be the case that the simplest, oldest word is the best, and the longer, more elaborate words the weaker in content as well as the clumsier in sound.

The best rule for adequate speech is: Think clearly. A well-defined thought needs, and generally gets, apt expression. The second is: Listen attentively. By training the ear we get accustomed to rhythmic sound and the use of the apt, as well as the lovely word.

ODDS ARE AGAINST HITLER

Times have changed. Hitler is finding that he cannot drive ahead and conquer at his own sweet will as he did in the early stages of this global war. Opposition is becoming too strong for the Fuehrer to longer engage in this method of warfare.

300 MILLION TREES

Three hundred million trees, from one-year-old seedlings to three and four-year transplants, are ready in the great nurseries of the Forestry Commission for creating new woody throughout Britain in the years after the war.

An official of the Forestry Commission said that whereas before the war 75,000,000 young trees were raised each year for afforestation and reforestation purposes it will be necessary in future to raise many more.

He revealed that plans to give the nation a total area of forests and woods of 5,000,000 acres are being evolved. There are in the country 10,000,000 acres of rough and waste land. None of it is useful for agricultural purposes, and can be planted with trees.

They might learn from Canada. Americans who live in the States need to pay more attention to what our neighbors to the North of us are thinking and doing.

Prevalence of farm auctions. Hamilton Spectator. Readers of daily newspapers must have observed during recent months the unusual number of farm auction sales in Ontario.

Auctioneers have set forth some of the difficulties which are handicapping many of the older residents of rural districts. The acute shortage of help is their major trouble, it is stated, as most of the younger men have gone into the armed services or sought employment elsewhere than on farms.

What is the policy? New York Evening Post. We have heard our ambassador in Madrid, Prof. Carlton J. H. Hayes, praise the French government as "wise and describe it as "permanent." We are supporting reaction in Spain. We supported it in Vichy, as long as we could.

These men have been performing work that is heavy enough in normal years for men and half their age. The strain has begun to tell in numerous instances, and with the appeals for the cultivation of every acre of fertile soil this year, the burden has come to be formidable for aging farmers to bear longer, and auction sales are the consequence.

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority.

LOW DIAMOND HELD; ELIMINATES FINESSE

We held a little bridge party at the Mayfair Bridge Club in New York recently, in honor of Harry Fishbein, at which we raised \$225 for our children's ward at Memorial Hospital. I played with Waldemar von Zedwitz, but Ed Hymes sat in and played a couple of hands for me.

The queen of hearts was opened and Hymes (South) let it hold. He won the second heart trick with dummy's ace and led a small diamond, playing the jack from his hand. West won with the ace and returned a heart, which Hymes won with the king, discarding a club from dummy. The king and queen of diamonds were cashed, and Hymes was careful to keep the five-spot in his own hand. He then led a small spade and finessed the nine-spot. West won with the king and cashed his good heart.

West returned a spade, East

played the ten and Hymes won with the jack. He then cashed the ace of spades and went over to dummy by leading the five of diamonds. The queen of clubs was discarded on the good eight of spades, thus eliminating the club finesse.

IN THE WOMEN'S SPHERE

Mrs. George Blake Is Elected President Of Granby W.C.T.U.

Granby, May 3.—The annual meeting of the W.C.T.U. was held at the home of Mrs. J. G. Fuller, at 2:30 p.m. The meeting opened with the hymn, "All Hail the Power of Jesus Name," after which Mrs. W. Wright took charge of the devotions. The President, Mrs. George Blake, presided and the general routine business followed.

Mrs. D. Neal, Recording Secretary, gave her report of the previous meeting. Mrs. A. Rutherford, the Treasurer's report was also accepted. Mrs. T. Reilly, Corresponding Secretary, reported the serious illness of Mrs. E. P. Lyon, of Ayer's Cliff, Provincial Treasurer. The Union voted that a letter of sympathy be sent to her family as Mrs. Lyon is in the Montreal Western Hospital. All sincerely hope for Mrs. Lyon's complete recovery.

The final arrangements were made for the county convention of the Sherbrooke and Missisquoi counties to be held in Granby on May 18. Mrs. F. A. Johnson, of Ayer's Cliff, will be the guest speaker. This meeting will consist of two sessions, morning and afternoon. Luncheon will be served at noon. Committees were appointed for all the arrangements for this convention.

The slate of officers was accepted as read by the Convention of the Nominating Committee. Mrs. R. Nickerson, as follows: President, Mrs. George Blake; First Vice-President, Mrs. T. Scott; Recording Secretary, Mrs. D. Neal; Corresponding Secretary, Mrs. T. Reilly; Treasurer, Mrs. A. Rutherford; Evangelistic Superintendent, Mrs. W. Wright; Musical Director, Mrs. J. G. Fuller. The President, Mrs. George Blake, returned to the chair, this being her eighth election as President of the Granby Women's Christian Temperance Union. Mrs. Blake expressed her sincere appreciation for the confidence and co-operation of the members and hoped for a successful year.

The annual report of the year's work was ably given by the Secretary, Mrs. D. Neal, and showed progress made in many objects of this work.

The Treasurer's report showed a substantial balance in the bank. At this point, the work was discussed of gaining ten new members during the year in competing for the prize of ten dollars given to any Union which makes this gain. This prize is given by an ex-Provincial President. Much interest is being shown in this object.

MARRIAGES

BLUE-DUGALL
Cowanville, May 3.—A wedding of interest to friends in Cowanville took place at the home of the bride's cousins, Mr. and Mrs. G. F. Watts, 44 Wickett Avenue, Town of Mount Royal, when Miss N. Lavina Dugall, R.N., daughter of Mr. and Mrs. E. F. Dugall, of Cowanville, became the bride of Mr. L. F. Blue, of Montreal, son of Mr. and Mrs. Dugald Blue, of Cowanville, Rev. A. MacTaggery officiating.

The bride, given in marriage by her brother, Mr. John Dugall, of Montreal, wore a two-piece dress of Copenhagen blue crepe with small hat of black and white straw with flowers, and a shoulder corsage of pink roses. The couple were unattended.

Following a short trip to Sherbrooke, Mr. and Mrs. Dugall will take up residence in Montreal.

The bride, a graduate of the Montreal General Hospital, was for some time on the staff of that hospital, and later served as Assistant Superintendent of the Montreal Foundling and Baby Hospital.

GETTY-BROMBY
Cowanville, May 3.—A pretty wedding took place in Trinity Church, Cowanville, on April 27, at three o'clock, when Ethel Margaret, the youngest daughter of Mrs. Walter W. Bromby and the late Mr. Bromby, became the bride of Mr. Robert Wallace Getty, of Bedford.

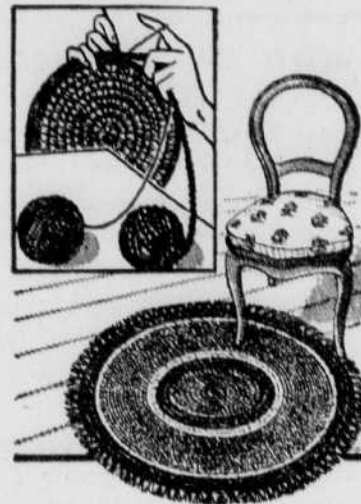

The bride, given in marriage by her elder brother, Mr. Walter Bromby, looked lovely in a dress of heavenly blue sheer with a small hat and shoulder-length veil to match. She carried an arm bouquet of Johanna Hill roses and forget-me-nots.

She was attended by Miss Marion Bullard as bridesmaid, who wore a dusty rose ensemble with large navy blue hat and accessories to match and a corsage of Talisman roses.

The best man was Pte. M. Getty

Colorful Candlewick Rug You Can Quickly Crochet

Over a Firm Clothline Base

A cheery rug, this, and one that's durable and easy to make. You crochet it of richly colorful candlewick yarn over a sturdy clothline base, using single crochet throughout.

For color—what do you think of deep rose yarn with touches of black and white?

To begin the rug, chain 3 with the rose yarn and fasten in a ring with a slip stitch. Laying a length of clothline against outer edge of ring, crochet INTO ring and OVER clothline, adding stitches in each row.

For a rug 26 inches in diameter, start with 10 rows of rose. To change to black, hold rose yarn to clothline and crochet several stitches of black over both rose and clothline; then cut off rose. After 3 black rows, crochet 2 ivory, 14 rose, 1 ivory, 3 black.

The fringe you make by doubling 15-inch lengths of rose yarn, sewing them through edge of rug and knotting the ends.

And already you're admiring a finished rug! Our 32-page booklet explains each detail fully, tells how much material to get. Also tells how to make lovely woven braided, hooked, knitted and novelty types of rugs.

Send 15c in coins for your copy of "How to Make Your Own Rugs" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of booklet.

Kaiser Carrier

Here is the newest escort aircraft carrier to come off the ways at Henry Kaiser's shipyards in Vancouver, Wash. The Ameer is one of a class of carriers converted from merchantmen.

How soon we come back **DEPENDS ON YOU**

► Sure! We know what the coming battles are going to mean to us. But we've thought it all out, and we're ready for whatever lies ahead!

We're prepared to give all we've got so that our children, our wives and sweethearts... all our loved ones... will never have to live in slavery. You see, we are determined to protect young Johnny's future, mother's choice of a church, father's personal views, grandma's and grandpa's peaceful old age—all those things, big and small, that make life worth living.

We know that Victory won't be cheap... for this time there can be no Armistice, it must be unconditional surrender—theirs! And that will take more than everything we can give. Our best won't be enough unless you at home back us up right now by putting all you've got into Victory Bonds.

Remember... the longer you delay in buying all the Victory Bonds you possibly can, the longer will Victory be delayed... and the longer it will be before we can be back with those we love.

OUR ALL WON'T BE ENOUGH—WITHOUT YOUR HELP!

Local Victory Loan Headquarters: City Hall — Telephone 44

BACK US UP BY BUYING MORE AND STILL MORE VICTORY BONDS

HOW TO BUY Give your order to the Victory Loan salesman who calls on you. Or place it in the it to any branch of any bank, or give your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

Hold Your Hats, Boys!

British sappers in Tunisia make the sand fly as they dash away from the disabled German tank seen in the picture above.

The reason for their haste is shown in the photo at right. They had planted explosives in the tank to blow it up lest the enemy recapture and repair it. Photo indicates they did a good job.

Why Tens of Thousands Like Buying

DOMINION

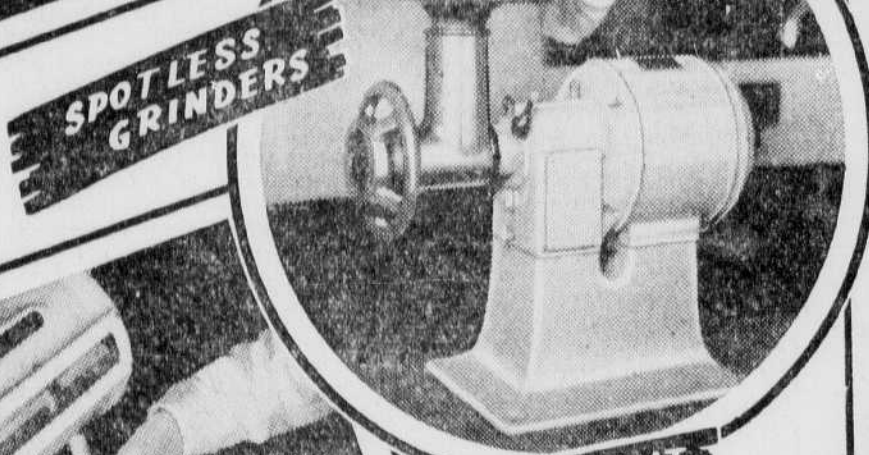

STORES

MEAT

SCRUBBED BLOCKS
Your favourite cuts prepared on blocks scrubbed many times each day.

When round steak goes in, round steak minced comes out—as pure and fresh and wholesome as the original DOMINION quality piece.

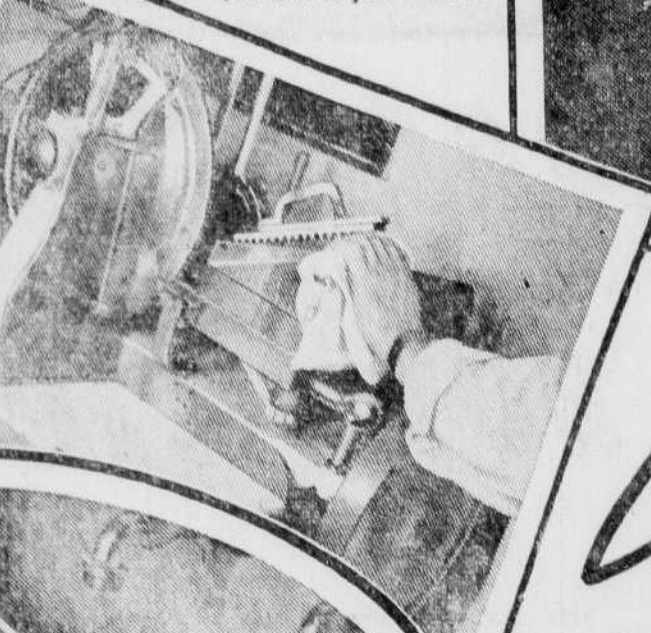

SPOTLESS GRINDERS

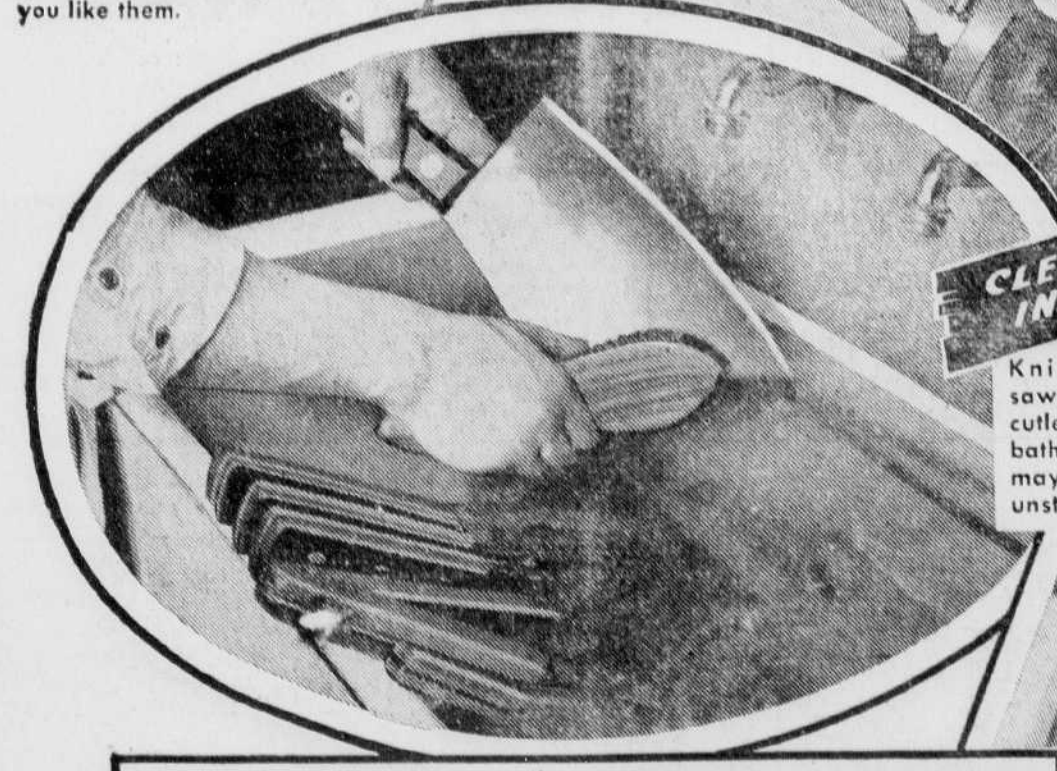

COOKED MEAT PROTECTION
Even tho' scales are clean, a paper tissue further safeguards the cold cuts of your choice.

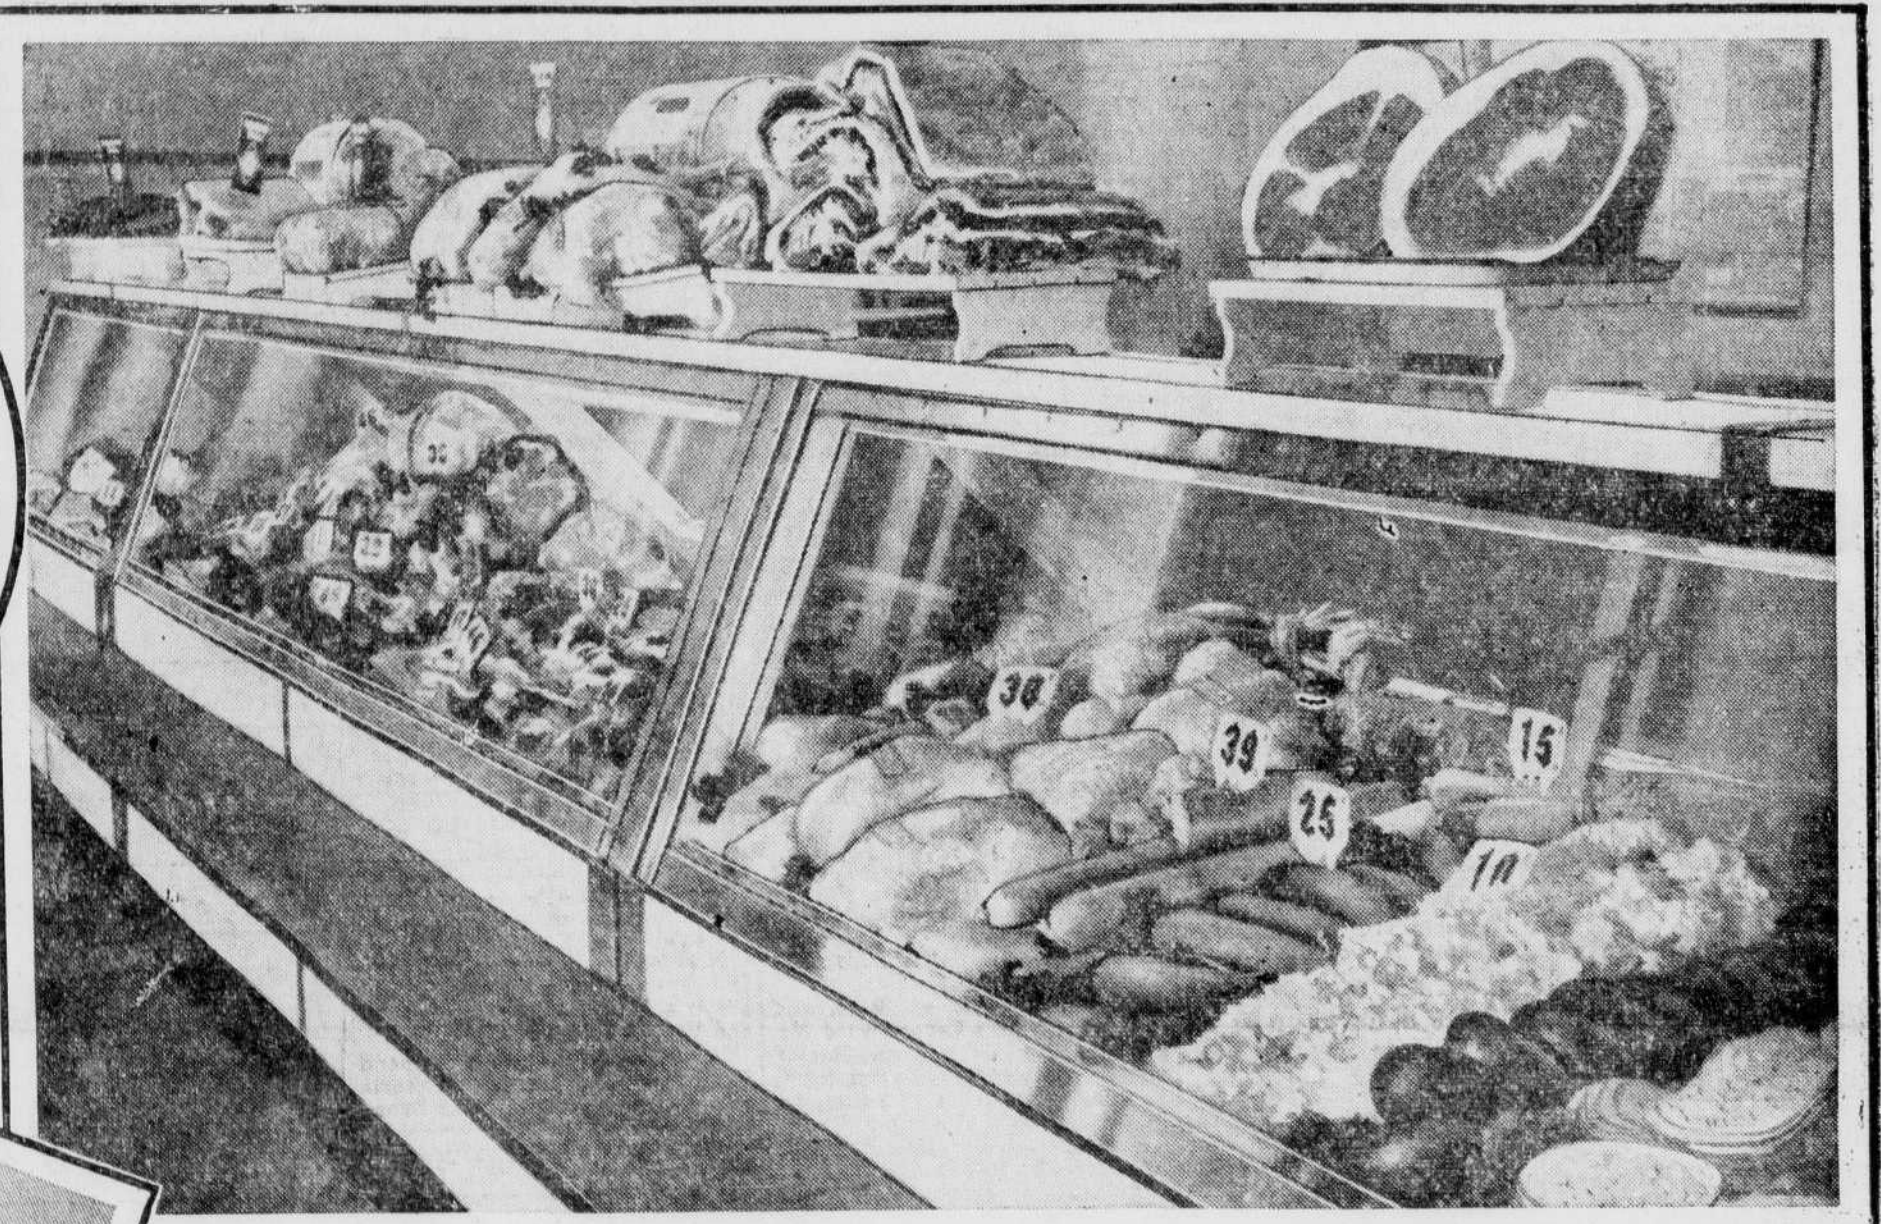

Name your preference, thick or thin, and this DOMINION slicer, cleaner than a whistle, slices your favourite meats just the way you like them.

SHINING SLICERS

CLEANSSED INSTRUMENTS
Knives, choppers, saws—all DOMINION cutlery takes its daily bath that your meat may be prepared with unstained steel.

Cleanliness.. GUARDED AT EVERY STEP

As the pictures on this page so graphically portray, DOMINION'S more than 300 expert butchers jealously uphold DOMINION'S spotless handling at every stage. It's not enough that DOMINION'S expert buyers carefully select only quality meats for you . . . that quality is protected under sanitary conditions right to the finished parcel.

It is important that meat be handled with expert care. That's why DOMINION uses temperature-controlled refrigerator rooms and display counters. That's why DOMINION butchers are skilfully trained in the expert preparation of roasts, steaks, chops and all your favourite cuts. That's why tens of thousands of satisfied customers keep coming back for the superb quality and outstanding value of DOMINION Meats.

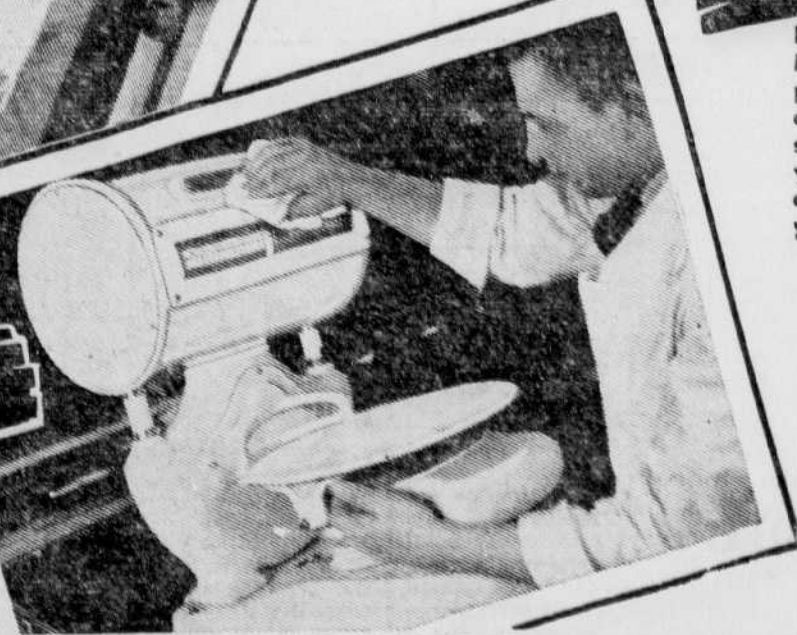

GLISTENING TRAYS
Roasts, chops, steaks and cold cuts open for your inspection on gleaming, enamelled trays.

HYGIENIC REFRIGERATION
DOMINION Meat is guarded in conditioned air, temperature-controlled to keep fresh and flavourful.

SANITARY HANDLING
Between the steak and the butcher's hand lies a clean, fresh tissue for extra cleanliness.

CLEAN SCALES
The shining porcelain of DOMINION scales is regularly scoured to gleaming whiteness.

POLISHED GLASS
DOMINION Meats are protected from all unnecessary handling, yet clearly displayed for your selection.

News Items From Waterloo

During Holy Week two special services were held in St. Paul's United Church, on Wednesday at 7 p.m., and on Friday at the same hour. There were devotional services with appropriate meditations and were well attended. Easter Sunday was marked by large congregations, special music and Easter sermons. The Sacrament of the Lord's Supper was administered at the morning service. Easter hymns sung by the choir at this service included "Christ the Lord is Risen Today," "The Day of Resurrection" and "The Strife is O'er, the Battle Done." "Let the Heavens Declare" was sung as an anthem with Mr. Roger McKergow taking the solo part. Miss Lucia Graves was at the organ. At the morning and evening services, the Young People's Choir led the singing. At the evening service the following hymns were sung: "Jesus Christ is Risen Today" and "At the Name of Jesus" with "Happy Easter" as an anthem, the soloists being Miss Dora-Ann Taylor, Miss Mary-Lou Smith and Ernest Teatruat. At the eleven o'clock service the Rev. Mr. Parsons, Minister of the Church, used for his text, "He is not here, He is Risen." He said in his address "that two questions are asked of Easter: 'One by skepticism and one by faith; Can this thing be believed? And how can the death of one good man affect the whole world? But Easter itself possess two questions, namely: What happens when a perfect man, the Perfect Man, faces the evil of the world? And what then happens to God's will for the world? The answer to the first is 'Calvary.' The answer to the second is 'Easter.'"

Memorial flowers were placed in the church in tribute to Easter and in loving memory of their parents and brother, Fred., by Mrs. Pearl Barrington Vaudry and Mrs. Grace Neal; in loving memory of her brother, Luther, by Miss Eleanor Allen; and in loving memory of her father, mother, and sister, by Mrs. Roy Atkins.

An enjoyable and profitable afternoon was spent by the members of St. Paul's Women's Missionary Society at their annual Easter Thank Offering Tea held at the home of

the President, Mrs. J. G. McKergow. The printed Easter programme was followed, the parts being taken by Mrs. McKergow, Mrs. W. Edgar Hills and Mrs. B. J. Taylor. Two special features were much enjoyed by all present: an Easter message, "The Resurrection of our Ideals," given by Mrs. H. G. Boyle and a vocal solo, "The Old Rugged Cross" sung by Mrs. P. Gunter, with Miss Lucia Graves at the piano. The collection amounted to \$17.50. At the tea hour, Mrs. McKergow served refreshments, being assisted in serving by Mrs. B. J. Taylor, Mrs. James Hetherington, Mrs. Sidney McKergow and Miss Dora-Ann Taylor.

The regular fortnightly meeting of St. Paul's Women's Association was entertained by the President, Mrs. M. D. Smith, and Mrs. George A. Young. The devotional period was opened with prayer by the Rev. H. E. Parsons, who also closed the meeting with prayer, after the regular routine business, which was conducted by the President. In the absence of the Secretary, Mrs. Bird, the minutes of the preceding meeting were presented by Miss Graves. Mrs. Cleve Cote, Convener of the Work Committee, distributed articles to be made for the annual sale among the members. In serving refreshments, the hostesses were assisted by Mrs. Parsons, Mrs. Truax and Mrs. Daigneau.

Mrs. Leroy Hayes entertained a large number of relatives, at the tea hour in honor of her husband's birthday, on April 25. The pleasant event was a complete surprise to Mr. Hayes, whose family were all present to tangibly express their love and kindly thoughts with the gift of a durable pen and pencil set. Among the relatives present were Mr. and Mrs. Melvin Chartier, Mr. and Mrs. Harold Roach, Mr. and Mrs. Albert Chevrier, Mr. and Mrs. Fred. Hayes and Mr. Earl Hayes, all of Waterloo; Mr. and Mrs. Dudley Hayes, of Cowansville; Mrs. Moses West, of Foster; Mrs. Lee Hayes and Mr. Gilbert King, of Montreal.

Mr. and Mrs. Ian Hume and little son, Edward, of Richmond, were holiday guests at the home of Mr. Hume's mother, Mrs. E. Hume, East-er Avenue. Miss Maizie Fraser, of Richmond, was a guest at the same home over a week-end.

BUY VICTORY BONDS

Come on now, men, Canadian men, of whatever name or station, This is OUR chance to do our bit to help save our nation. Let's buy Victory Bonds. Then buy some more, We must do even better than ever before, We must go the full limit. We'll show how it's done And enable our fighters to finish the Hun.

Come on, women, too, mothers, sisters and wives Of the men who so nobly are giving their lives For our way of living, for all we hold dear, Surely for their sakes this message you'll hear And invest all you can. Show the world how it's done And enable our fighters to finish the Hun.

And young people, too. Every lad, every lass Who knows of events that have late come to pass, Though your earnings be small and your savings but few There still may be something you really can do. Encourage your parents. Show them how it's done By investing your pennies to help finish the Hun.

There are others who need these same exhortations, Our banks, strong companies and great corporations, By whom, if indeed the whole truth must be told, So much of our wealth has long been controlled. Let these now come forward. Show us how it's done And invest of their capital to help finish the Hun.

APPRECIATES FREEDOM—POLE BUYS BONDS

His home town, Krakow, Poland, groaning under the Nazi tyranny and with no word from his relatives since the outbreak of war, John Majcher, section foreman in the Canadian Pacific Railway Company's coach yards, Winnipeg, did not need either explanation or urging when called on to purchase Victory Bonds. His own young family reside in Winnipeg where they are safe from the horrors of war. John Majcher buys bonds with a two-fold purpose of keeping his own family safe in Canada and to do his bit toward freeing the land of his birth. He has contributed to all four loans.

Today
Electronics aims the Guns of War...

Industry is helping win the war... industry must help build a peacetime world

Today, all industries must produce as never before—must speed the output of food, tanks, planes, guns, ships and other instruments of war—must conserve vital supplies—that we may win quickly a decisive victory.

Tomorrow, all industries must continue to produce—beating swords into plowshares—to prevent world-wide unemployment leading to ultimate economic collapse.

If the world is to prosper, there must be the same cohesion among the United Nations during the transition period and thereafter as now exists during the world-wide conflict. Internal stability here and in other nations can be gained and maintained only by sustained industrial production and by interdependence.

The people of this country, in common with the people of other lands, will prosper materially and spiritually when this war is ended but only if plans world-wide in scope are formulated promptly for A JUST AND DURABLE PEACE.

DOUBLE HEADERS BOOST BASEBALL CROWDS

Eight Parks Filled To Virtual Limit Sunday

By JUDSON BAILEY

Associated Press Sport Writer
Like the weather, the fans have taken their time to warm up to baseball this season, but yesterday they turned out in great throngs all around the major leagues.

The first full wave of doubleheaders scheduled at eight parks attracted a total attendance of 165,189 with New York having 47,086 at the Polo Grounds to see the Giants battle Brooklyn Dodgers.

There also was a virtual capacity turnout of 32,000 at Washington's Griffith Stadium to see the much-improved Senators scrap with New York Yankees.

The crowd in New York saw the Giants and Dodgers divide a doubleheader in which each game was decided by one run. Dodgers took the first 3-2 to hike their winning streak to six games, Relief Pitcher Johnny Allen hit a double and a single to lead Brooklyn's offensive. Giants bagged the nightcap 2-1 with Buster Maynard hitting a first-inning homer and bringing in New York's other run with a long fly in the second inning.

St. Louis Cardinals swept a doubleheader from Cincinnati Reds 7-6 and 6-3. Rookie Lou Klein drove in three runs to set the pace in the first game and Lefty Howie Pollet kept seven hits spaced to win the second session.

Pittsburgh cleaned up on Chicago Cubs 3-0 and 1-0, as Wally Hebert pitched a three-hitter and Bob Klinger a four-hitter. In the nightcap Richard Barrett allowed only one hit—but it was a double by Vince DiMaggio and figured in the lone run of the game.

Boston Braves and Phillies split. Boston won the first 3-1 and Phillies took the second 6-5 in twelve innings with Danny Litwhiler doubling with the bases loaded for two runs after Boston had tallied in the top half of the 12th.

In the American League New York Yankees divided a doubleheader at Washington. They won the first 11-3 as Ernie Bonham kept nine hits scattered and Charley (King Kong) Keller smashed a three-run homer. Then Ewald Pyle stop-

ped them in the second 4-1 with six-hit hurling.

Weather cut Cleveland's double bill at Detroit to one game, but the Indians won it 5-2 to take charge of second place. Ray Mack's first hit of the season was a fifth-inning homer that put Cleveland in front.

St. Louis Browns swept two at Chicago 3-1 and 3-2 in 11 innings. Steve Sundra pitched seven-hit ball in the first affair and Chet Laabs decided the second with a homer in the 11th.

Boston Red Sox and Philadelphia Athletics halved their programme, the Red Sox squeezing through in the first 7-6 and Athletics annexing the nightcap, 8-1.

Saturday Brooklyn and New York played a National League doubleheader, Brooklyn sweeping the bills 9-2 and 0-0. Pittsburgh took Chicago's measure 6-3 while Cincinnati stopped St. Louis 7-3.

In the American League Saturday New York eked out a 9-7 victory over Washington in 11 gruelings while Boston took Philadelphia by a 9-1 count. Detroit finally convinced Cleveland with a 3-2 win after fifteen innings while Chicago edged out St. Louis 5-4.

Toronto, May 3.—The other day Baz O'Meara of the Montreal Star suggested in his sports column that Fred (Cyclone) Taylor of Vancouver would be an ideal man to succeed Frank Calder as President of the National Hockey League. Now there is a suggestion that hits the nail squarely on the head.

Taylor was one of the greatest hockey players who ever lived—some claim the greatest. In recent talk of a hockey Hall of Fame, the Cyclone's name was most prominently mentioned. He played with two Stanley Cup teams, the Ottawa Silver Seven in 1909 and Vancouver Millionaires in 1915. He scored 148 goals in 126 games in seven seasons with Vancouver.

Yet Taylor was not only a great player. He is a fine organizer and a successful business man. He was President of the now-defunct Pacific Coast Hockey League. He is District Superintendent of Immigration, Pacific Division.

It is doubtful whether Taylor could be induced to leave his present position to become N.H.L. President. Andy Lytle of the Toronto Star says Cyclone is too fine a man to be burdened with the headaches of N.H.L. highest position.

Jersey City Ties Double Knot In Toronto Victories

By The Associated Press
Every good thing must come to an end, Toronto Maple Leafs learned Sunday after Jersey City tied a double knot in their victory string

YESTERDAY'S STARS

Wally Hebert and Bob Klinger. Pirates—Each pitched shutouts against Cubs, allowing three and four hits, respectively.

Chet Laabs and Steve Sundra. Browns—Former hit home run in 11th inning to beat White Sox in first game and latter kept seven hits scattered to take nightcap.

Ray Mack, Indians—His first hit of 1943 season was home run that decided tussle with Tigers.

Charley Keller, Yankees, and Ewald Pyle, Senators—Former hit three-run homer to show way to victory in first game of doubleheader and latter pitched six-hitter in second session.

Johnny Allen, Dodgers, and Buster Maynard, Giants—Allen was wild on pitching mound, but his double and single in two times at bat brought trumps over Giants in first game; Maynard hit homer and drove in another run with long fly to decide second game.

Lou Klein and Howie Pollet, Cardinals—Former drove in three runs with two doubles and single in opener and latter pitched seven-hit ball in nightcap against Reds.

Schoolboy Rowe and Danny Litwhiler, Phillies, and Connie Creeden, Braves—Creeden batted in winning run with pinch single in ninth inning of first game; Rowe delivered pinch homer with bases loaded to tie score in second game and Litwhiler won it with double when bases were loaded in 12th inning.

Roy Partee, Red Sox, and Roger Wolff, Athletics—Former led winning attack in first game with three hits and latter pitched six-hit victory in nightcap.

and pushed the Canadians off the International League perch.

Jersey City smashed its own losing streak that had run to four games by taking the opener, 7-6, in ten innings behind the effective pitching of Hugh East.

Bill Voiselle pitched his second shutout, 2-0, to give the Jersey Nine the nightcap. The double defeat tumbled the Leafs to second place in the standings, a half game behind Newark Bears, last year's champions, while Syracuse climbed to third.

The Bears, benefited by stout pitching, defeated Montreal twice, 3-1, and 2-1. Ken Holcombe, young righthander, allowed only four hits in the opener while Frank Hiller, Lafayette College athlete who turned Newark Bears, last year's champions, while Syracuse climbed to third.

The Bears, benefited by stout pitching, defeated Montreal twice, 3-1, and 2-1. Ken Holcombe, young righthander, allowed only four hits in the opener while Frank Hiller, Lafayette College athlete who turned Newark Bears, last year's champions, while Syracuse climbed to third.

The Bears, benefited by stout pitching, defeated Montreal twice, 3-1, and 2-1. Ken Holcombe, young righthander, allowed only four hits in the opener while Frank Hiller, Lafayette College athlete who turned Newark Bears, last year's champions, while Syracuse climbed to third.

Buffalo skidded into the basement by dropping a pair to Baltimore, 7-5, and 4-0. The Orioles ran wild on the bases, swiping three sacks in the first and four in the second game.

The only divided twin bill of the day was the bargain bill put on by Rochester and Syracuse, the chiefs helping Tom Delacruz to his second verdict in the opener, 4-1, but then bowing to the southpaw slants of Kemp Wicker in the nightcap, 7-1.

Saturday Toronto shellacked Jersey City 15-6, while Newark and Montreal fought out a close game that ended with a 6-5 victory for Newark. Baltimore trimmed Buffalo 9-6. The game scheduled between Rochester and Syracuse, at Syracuse, was postponed.

LUCKY if you have one WISE if you look after it!

If you had a bicycle, especially a C.C.M., when this war broke out and tied up our car tires and gasoline, you were just plain lucky.

But you'll need to be more than lucky to keep your bicycle in good condition for "The Duration"—you will need to be wise—you will need to look after your bicycle in every regard mentioned below.

1. Keep the front hub bearings properly adjusted so that the wheel will revolve freely. Oil frequently with machine oil.
2. Oil the pedals frequently.
3. Keep the brake cleaned, lubricated and adjusted so it will function quickly and smoothly. This should be done by your bicycle dealer.
4. Oil and keep freely adjusted your steering column.
5. Use special chain lubricant to keep this mass of moving parts in easy-running form.
6. Oil frequently the main hanger, to which the pedal cranks are attached, as this is the power plant of the bicycle.
7. Always keep your tires inflated hard. Avoid wheel skidding and hitting curbs and stones. Check wheel alignment frequently to save tire wear.
8. The above servicing can be done best by your experienced C.C.M. dealer who has the proper lubricants and tools for the job.

Bicycle Purchase Application form may be filled in at any Bicycle Dealer's store.

C.C.M. COASTER BRAKE
An improved brake by C.C.M., faster in forward drive-action, more powerful in its smooth, quick stop than any of its predecessors. Built of super-strong, hardened steels to meet the needs of today's cyclists.

C.C.M. HANGER
The parts of this most important section of a C.C.M. bicycle are machined, hardened and finished with extreme accuracy so that you may get the most out of your pedalling action.

SERVICE PARTS FOR YOUR C.C.M.
In order that C.C.M. bicycles may be kept in good repair, C.C.M. are maintaining the best possible service on genuine C.C.M. parts and safety accessories by apportioning their available stocks to the 2,300 C.C.M. dealers across Canada. Every dealer gets his full quota in proportion to the parts available.

We HAVE THE RIGHT

TO Speak...

YOU folks back home can't know what we know because you've not been there . . . on the bloody shores of Dieppe in the cold gray dawn . . . in the freezing waters of the North Atlantic after a torpedo has sent your ship to her grave . . . in the flaming skies over Malta . . . among the broken bodies of men in the hospitals of North Africa.

We know what war is — we've felt it right inside us. No one needs to tell us to buy Victory Bonds. We're buying them because we know so well how much our money is needed . . . to buy more guns, more ships, more planes — more medicines, more dressings to heal our wounded men.

We know the hell that war is — the hideous din of battle, the fear of be-

ing killed, the pain of bleeding wounds. We are not complaining, because we know what we are fighting for . . . and we know this war needs all we've got to do the job.

If you knew what we know, you would give your every last dollar to buy Victory Bonds. Make no mistake about it: there's still a tough fight ahead.
