### Prince At Detroit--- Communist Programme Is Outlined

#### Communists Plan Nationalization Of Industries

Probably the Least Exciting Campaign in Britain Will Be That in Scotland Division of Liverpool, Where T. P. O'Connor Is Returned Unopposed With Unfailing Regularity at Every Election—O'Connor Is Not Even Issuing an Election Address—Labor's Chances of Success Are Seriously Affected by Agreements Between Liberals and Conservatives in Steadily Growing Numbers Not to Put Up Candidates Against Each Other Where Supporters of MacDonald Government Are Standing.

(Associated Press Despatch)

LONDON, October 14.—The announced programme of the Communist party in Britain includes nationalization of big industries and banks, state control of foreign trade, the capital levy, suspension of interest on national debt holdings of over £50,000; a minimum weekly wage of £4 with a forty-four hour working week; a loan to Russia of £100,000,000 and cancellation of reparations war debts.

Dr. R. Dunstan is standing as a Communist in Birmingham West, the seat held by Right Hon. Austen Chamberlain. In the remaining eleven Birmingham divisions straight Labor candidates are being entered. At the last election, Birmingham (including Edgaston) returned a solid dozen Conservatives, including the two Chamberlains, Austen and Neville. Dr. Dunstan was defeated last year by Neville Chamberlain.

Probably the least exciting campaign in the whole Kingdom will be that in the Scotland division of Liverpool, where T. P. O'Connor is returned unopposed with unfailing regularity at every election. O'Connor this year is not even issuing an election address. His principles, he remarked to friends, are the same as they were when he first appealed to the electorate thirty-five years ago, and he has nothing new to say.

#### LIBERALS AND CONSERVATIVES REACH AGREEMENT

(Associated Press Despatch)

LONDON, October 14.—Labor's chances of success at the polls on October 29th are seriously affected by agreements between Conservative and Liberal associations in steadily growing numbers not to put up candidates against each other where supporters of the MacDonald Government are standing.

The conclusion of an arrangement of this kind in Paisley in Mr. Asquith's favor has been followed by wholesale agreements in Glasgow, where thirteen Conservatives and two Liberals are engaging in straight fights against Labor.

#### AWAIT MOVE BY AUSTRALIA RE TRADE TREATY

Agreement Will Go into Force as Soon as Australian Government Agrees to It, Declares Hon. J. A. Robb.

(Associated Press Despatch)

MONTREAL, Oct. 14.—"This preferential trade measure between Canada and Australia will come into force just as soon as the Canadian Government receives a cable from the Prime Minister of Australia stating that the Australian Government has agreed to it. As soon as we receive that official intimation we shall put through an order-in-council, and the whole arrangement for reciprocal trade between Canada and Australia will put into force. I hope that in future years, with such an arrangement in force, there will be a great increase in mutual trade between these two sections of the British Empire, to our mutual benefit."

So declared Hon. J. A. Robb, acting Minister of Finance, who represented the Dominion Government at the opening meeting of the Export Club of Montreal and district yesterday. Mr. Robb followed Hon. R. B. Orchard, of Australia, who spoke on the trade agreement.

#### Over A Hundred Were Killed Or Wounded In A Clash Between Political Factions

Mexican War Department Confirms News of Fight at Tuxtla Gutierrez, But Refuses to Give Out Details—Women and Children Were Shot Down.

(Associated Press Despatch)

MEXICO CITY, Oct. 14.—A bloody clash between political factions at Tuxtla Gutierrez on Sunday, in which more than a hundred persons are said to have been killed or wounded, is reported in press despatches. The Mexican War Department confirms the news of the fight, but is giving out no details.

#### CHANGES MADE IN VALUATIONS BY COUNCIL

Agreement Between City and Sherbrooke Railway and Power Company Regarding Valuation Is Reached.

Only the special business for which the meeting had been called came up before the adjourned meeting of the City Council, which was held at the City Hall last night. The city and the Railway and Power Company, who have been having considerable trouble regarding the valuation placed on the Company's property by the city valuers, reached an agreement last night.

A committee consisting of Aids. Newton, Bourque and Crepeau had been appointed to investigate the demands of the Company, and if possible reach an agreement with the Company. This committee interviewed Mr. Rugg, attorney for the Company, and also the officials of the Company, and after a thorough investigation made a report which was submitted to the Council last night and accepted.

In this report the committee recommended the following changes, that:

"Item part 984 (Water Street) at present valued at \$100,000, being \$65,000 for building and \$35,000 for land, be reduced to \$50,000 for building and \$35,000 for land.

Item part 984 (Jenckes Lane) at present valued at \$135,000, being \$100,000 for plant and \$35,000 for land, be reduced to \$100,000 for plant and \$15,000 for land.

Item part 980 (Jenckes Lane), building at present used for store house, valued at \$3,500 be reduced to \$3,000.

Item part 258, (Frontenac Street) at present valued at \$4,000 be reduced to \$1,000.

The value of \$16,000 placed by the valuers on the car shed was not considered to be too high by the committee and no change was made."

Mr. Rugg stated that while a greater reduction would have been appreciated by the Company they were certainly more satisfied than they were before.

#### Changes in Valuation of Workmen's Dwellings.

The greater part of the meeting last night was taken up with the question of the valuation placed on the Workmen's Dwellings, and several changes were made in this connection.

A committee consisting of Aids. Skinner, Tremblay and Bourque, who had been appointed to study the difficulties regarding the Workmen's Dwellings, made a report to the Council, which was accepted.

Ald. Skinner spoke briefly on the houses which have been put up under this housing scheme, and said that they were indeed a credit to the city and to their owners, and that the city had been greatly improved by their construction. He said that the

#### GIVES WARNING OF RULE IN U. S. BY MINORITIES

President of Columbia University Declares "New American Revolution Is Reaction, Not Progress."

(Associated Press Despatch)

NEW YORK, Oct. 14.—Discussing what he termed the "new American revolution," Dr. Nicholas Murray Butler, president of Columbia University, in an address before the Institute of Arts and Sciences last night said there was danger of federal government being transformed "into an unrecognizable and novel form of despotism in which various minorities will break their will on all that most intimately concerns the individual, the family, the community and the state."

Dr. Butler declared that the "new revolution is reaction, not progress." He interpreted it as "a backward swing of the pendulum following the long movement in the other direction, which seems to have reached its climax about a generation ago."

Referring to prohibition, Dr. Butler said "few happenings could be more disastrous than for the Eighteenth Amendment to go the way of the Fifteenth. If the political, the moral and governmental problems which the existence of this amendment presents are not dealt with courageously and with high intelligence, the nation presently will find itself permanently face to face with a second edition of fundamental law which in cities, towns, villages and farms throughout the land is being nullified and flouted."

Upon General Vidal's arrival a score of shots were fired into the crowd, allegedly by supporters of Ramirez Corzo, the defeated gubernatorial candidate. The volley caused many fatalities, among them women and children, it is declared.

Federal troops, rushed to the scene, were received with shots by the alleged Ramirez supporters, who had taken a stand in the government building. This was captured by the troops after a short and sanguinary encounter.

The despatches state that the streets of the city at the time of the encounter were strewn with dead and wounded.

(Associated Press Despatch)

NEW YORK, Oct. 14.—Subscription books for America's \$200,000,000 German loan were opened at ten o'clock this morning and closed twelve minutes later, with an indicated heavy over subscription.

So great was the demand for the German bonds that several large investment houses were compelled to decline to take any more subscriptions because their allotment of the loan had been sold.

In the first fifteen minutes of trading approximately \$350,000 worth of the bonds changed hands on the New York Stock Exchange at prices ranging between 94 3/8 and 92 1/2, against the offering prices of 92.

#### PRINCE PICKED UP LITTLE LAD AND SAVED HIM FROM BEING TRAMPLED BY A SURGING CROWD-- Will Arrive At Detroit Today

Royal Visitor's Progress Throughout the City of Chicago Was Hailed With Outbursts of Enthusiasm that Several Times Threatened to Overwhelm Him and His Associates—Throughout the Prince Smiled and Strove to Satisfy Throgs.

(Associated Press Despatch)

CHICAGO, Oct. 14.—After delaying his departure three hours to dance with nearly all of three score women at an exclusive dinner party at the Saddle and Cycle Club, the Prince of Wales left for Detroit on a special train at 3:35 a.m. today.

"Smiling and affable, but tired after nearly twenty hours of constant activity, the heir to the throne was driven directly from the club to the private car of Sir Henry Thornton, president of the Canadian National Railway, attached to the special which had been held at the Prince's request."

The Prince's progress through the city was hailed with outburst of enthusiasm that several times threatened to overwhelm him and his hosts. Once surging crowds at the Field Museum brushed aside police lines and the Prince's party was pushed and jostled. In the melee the Prince himself picked up a small boy and saved him from being trampled.

Again when he stopped at the Chicago Club, a crowd of several thousand got out of police control and impeded the progress of the automobile in which he was leaving.

Throughout the Prince smiled and strove to satisfy the throngs. He demonstrated when the crush at the museum made it necessary for the party to leave by a door which left an assembly of thousands disappointed. At the stock yards he expressed

regret that the police had roped off a passage. He said he would rather not see people restrained that way.

#### FEATURES PLANNED FOR PRINCE AT DETROIT.

(Associated Press Despatch)

DETROIT, Mich., Oct. 14.—Assembling of a complete automobile at the Highland Park plant of the Ford Motor Company is one of the features planned for the visit of the Prince of Wales, who is scheduled to arrive at Highland Park, a suburb, shortly before noon today.

The automobile, which will be known as the "Prince of Wales Special," will be assembled while the Prince looks on, and will be put together in an effort to break the present production record of the plant, which is eleven minutes and forty seconds.

Men dressed in white, working with nickle plated wrenches, chains and bars, will assemble the machine. None of the parts regularly used will be put into the car, all of the outside parts being enameled and all the bolt heads and trim being nickle plated. The Prince will be invited to drive the machine from the assembly platform.

The programme for the Prince's visit to Detroit, at his request, has not been announced, further than that he will be the guest of Henry Ford during his stay here. He is expected to go from here to Toronto.

#### GIANT AIRSHIP USING ONLY THREE OF ENGINES TO SAVE FUEL--- DECIDE ON DIRECT COURSE TO LAKEHURST

Officers Have Apparently Switched from a Previously Planned Route by Way of Bermuda to a Bee-Line Course Across Atlantic from Azores to Lakehurst, N. J.—Making Forty-eight Knots an Hour—Should Reach Mooring Mast of New Home Some Time Early Tomorrow Morning if All Goes Well.

(Associated Press Despatch)

WASHINGTON, October 14.—Apparently having switched from a previously planned Southern route by way of Bermuda, the giant airship ZR-3 today was steering a bee-line course across the Atlantic from the Azores Islands to Lakehurst, N. J., in its flight from Friedrichshafen, Germany.

Word that the dirigible was following a direct course to its hangar at Lakehurst was received by the Navy Department here early today in a delayed message from Captain George W. Steele, U. S. Naval officer on board. The message, sent at the cruiser had passed over the Azores, yesterday afternoon, said she was then running with only three of her six engines to save fuel, and was averaging a forty-eight knots speed.

Officials at the department estimated that if the favorable flying conditions forecast for the next twenty-four hours obtain and all goes well on the airship, she should reach the mooring mast of her new home station at Lakehurst some time between six and eleven o'clock tomorrow morning. It was presumed at the department that the decision to steer a direct course from the Azores was made as a result of a favorable weather prospect for the more northerly passage.

No smoking by anybody on landing field while ZR-3 is on the field. No smoking anywhere in hangar, shops or offices opening directly into hangar.

No automobiles nor airplanes to enter hangar. Aircraft engines not to be run in hangar until satisfactory ventilation has been provided. Flashlights not to be used in hangar. Gas tight miners' lamps will be permitted.

No one will go aloft except when wearing rubber shoes. Men going aloft are cautioned of danger of sparks from tools.

#### U. S. Prohibition Navy Launches Offensive Against Rum-Runners—\$4,500,000 Worth of Liquor Captured.

(Associated Press Despatch)

NEW YORK, Oct. 14.—In a series of raids all along the North Atlantic coast, extending from the Jersey shore to Gloucester, Mass., the revenue cutter service yesterday bagged more than 100,000 cases of liquor, worth approximately \$4,500,000.

It was the long threatened offensive of the prohibition navy against its natural enemies. It is regarded by customs officers as the most successful blow yet dealt to the horde of rum runners which infest the seaboard from end to end.

Off the coast of New Jersey the revenue cutters Seneca and Raritan captured two prizes. One of them was the Norwegian steamship Sagatind, which had on board 43,000 cases of liquor. The other was the British schooner Diamantine, which carried 3,000 cases of whiskey.

From New London, Conn., comes the news of the capture of two tugs three small schooners, and one launch, all loaded to capacity with liquors and whiskeys. Thirty-four prisoners were taken on these rum runners.

Coast guard officers at Gloucester, Mass., seized five rum runners carrying an aggregate of 3,000 gallons of alcohols and several thousand cases of whiskey, as they attempted to run the blockade. The boats were caught about eight miles off shore.

On the Pacific coast, United States revenue agents seized the British ship Quadra, near the Farallone Islands, and captured liquor with a reported value of \$750,000.

The crews of the Norwegian steamer Sagatind and the British schooner Diamantine, which were seized early Sunday twenty-two and one-half miles off the Jersey coast under the new liquor treaties, were held incommunicado today aboard their vessels anchored off the Statue of Liberty.

The Sagatind, an oil burner of 964 tons, is said to be the largest vessel ever captured in the rum-running trade, and had disposed of a little more than half of her cargo of whiskey when taken. In her safe was \$25,000. The Diamantine had aboard about 3,000 cases of whiskey and \$6,000.

PRESBYTERIAL SOCIETY MET AT RICHMOND

Many Were Present at Tenth Annual Meeting—Other General Notes.

RICHMOND, Que., Oct. 14.—The tenth annual meeting of the Quebec Presbyterian Society was held in St. Andrew's Church, Scottstown on Thursday, September 25th., the President, Mrs. O. R. Campbell, presiding. It was a beautiful day and many of the delegates came long distances in autos. Sixteen out of twenty auxiliaries were represented, proving the wisdom of changing the date to September instead of February as formerly.

Mrs. E. S. Logie of Windsor Mills gave a paper on "Work with Young Women" emphasizing the importance of giving girls some work to do for the W.M.S., so as to interest them in Missionary Work.

Reverend Joseph Mowat gave two interesting and inspiring addresses on "Glimpses of Life in China" and "The Clash of Colour". He contrasted the China of today with the China of twenty years ago. Everywhere in China today the Missionary is respected by the Chinese. He said that one of the best ways of helping our Missionaries in China is by living consistent lives at home. As we raise the tone of our own country and make it Christian, just so much easier will it be to christianize the people of China.

In closing her report Miss Kelly of Quebec, suggested four words which were necessary for the building up of a progressive Christian Membership. They were "Know", "glow", "grow" and "go".

Reverend Mr. Beauchamp gave an interesting account of his work among the scattered French Protestants in the Presbytery and also of the work being done for the boys and girls in St. John's Hall, Quebec. There are at present forty-six pupils in the Home and another School-Home is needed as there are still many children within the bounds of the presbytery without school privileges.

Mrs. Murray of Milan gave a very helpful paper on "Some aspects of Auxiliary Work." Mrs. MacLean of Scottstown gave a very interesting report of the Missionary Conference at Knowlton. Miss Margaret MacLeod of Richmond gave a splendid paper on "The Four-fold Life" in connection with the C.G.I.T. Movement. Mrs. Allen, who has been a member of the W.M.S. in the Province of Quebec for fifty years gave a short inspirational address in which she pointed out our wonderful opportunities for service and our responsibility in carrying out the work of the Master. At the close of her address she gave the following verses:

"Christ has no hands but our hands to do his work today; He has no feet but our feet to lead man in his way; He has no tongue but our tongue to tell men how he died; He has no help but our help to bring them to His side; We are the only Bible the careless world will read; We are the Lord's last Message given in deed and word; What if the type is crooked; what if the print is blurred. Impressive closing words were spoken by the President on "Friendship with God" emphasizing the places of love, obedience, work and prayer in the lives of our membership. The hospitality of the people of Scottstown was unbounded everyone doing their utmost to make the delegates feel at home.

The officers of this organization are the following: Honorary President, Mrs. Bowman, Scottstown; President, Mrs. O. R. Campbell, Danville; Vice-Presidents, Mrs. W. R. Price, Sherbrooke; Mrs. W. Allen, LeMesurier; Mrs. Elkins, of Quebec; Recording Secretary, Miss A. E. Kelly, Quebec; Corresponding Secretary, Mrs. E. S. Logie, Windsor Mills; M.B. Secretary, Miss Cohoon, Sherbrooke; Treasurer, Mrs. Angus MacRae, of Richmond; H. H. Secretary, Mrs. Farquhar, Windsor Mills, Library Secretary, Mrs. D. Matheson, Quebec City; Literature Secretary, Mrs. McKelvie, Lennoxville; Stranger's Secretary, Mrs. W. L. Tucker, Quebec City; Supply Secretary, Mrs. J. T. Reid, Sherbrooke; Messenger Secretary, Mrs. J. C. MacMillan, Gould; C. G. I. T. Secretary, Mrs. J. W. MacLean, Scottstown; Press Secretary, Mrs. J. C. McLeod, Richmond.

She was formerly a member of the choir in the Church of the Advent, East Sherbrooke, where she was married to Sgt. Victor May after his return from overseas. She was left a widow with a little daughter about two years ago, and since that time has resided with her parents in Sherbrooke and Lennoxville.

**A SUCCESSFUL LAMB SHOW AND SALE WAS HELD**

Two Hundred and Seventy Lambs Brought \$2,403.05—List of Prize Winners.

A successful Lamb Show and Sale was held at Sherbrooke on the Exhibition grounds on Saturday, Oct. 12th. There were over three hundred lambs on exhibit. \$200 was offered in prizes, half of this amount by the Federal Live Stock Branch and the other half by the Quebec Department of Agriculture.

The objects of these lamb shows are: 1. To encourage and develop better breeding, feeding, and management of market lambs; 2. To advocate the marketing of car lots of market lambs on a grade or quality basis; 3. To give sheep raisers the opportunity of determining the market demand as to type, breed, and quality; 4. To create a greater interest in and improve the sheep industry in the district.

All lambs entered for prizes had to be docked and all ram lambs had to be castrated. All lambs exhibited had to be for sale with the exception of ewe lambs that were being retained for breeding purposes.

The lambs were all brought in the forenoon when they were weighed and graded. Each farmer's lambs, that were to be exhibited, were placed in separate pens. The judging was done in the afternoon by Mr. L. H. Hamilton, Extension Animal Husbandman of Macdonald College. Mr. Hamilton said he was very much surprised at the number and quality of lambs that were exhibited. The following is a statement of the lambs that were sold:

224 No. 1 Lambs, weighing 20,297 lbs. at .10 cts., \$2,029.70; 33 No. 2 Lambs, weighing 2385 lbs. at .09 cts., \$215.55; 13 No. 3 Lambs, weighing 735 lbs. at .08 cts., \$58.80; Total: 270 Lambs, weighing 23,427 lbs., \$2,440.05.

The lambs were bought by Mr. C. Guy Bishop, of Sherbrooke. The average weight of the No. 1 lambs was 90.6 lbs., making the average price for the No 1 lambs, \$9.06 per lamb. **LIBERAL PARTY OPENS CAMPAIGN FOR THERRIEN**

Held Several Meetings in Country—Conservatives to Hold Big Meeting on Saturday.

Both the Conservatives and the Liberals of Sherbrooke County are clearing their decks for action and preparing for a keen contest in the coming Provincial bye-election.

At the present time the only candidate definitely in the field is Mr. C. E. Therrien, ex-Sheriff of the county and former deputy in the legislature. Several meetings have been held already by the Liberals in support of Mr. Therrien. On Sunday Mr. Therrien, accompanied by Messrs. J. W. Gregoire and Horace Hebert visited Rock Forest, where the candidate issued a flat denial of the rumors that he might retire from the contest. At Capeton Messrs. Payette and Couture held a meeting after mass, in the interests of Mr. Therrien. Messrs. Georges Delorme, C. A. Robidoux, Leonidas Bachand and O. Charest visited St. Elie d'Orford, and held a meeting after mass on Sunday. At the same time the Hon. Mr. Nicol, Provincial Treasurer, supported by Messrs. Beauchesne, Roy and Messier, held an after mass meeting at East Angus, where a gathering of the electors of Ascot was brought together. Mr. Therrien's past work as deputy was referred to, and the record of the Taschereau Government was lauded by the speakers.

No campaign meetings will be held by the Conservative party until after the convention, which will probably be held some time next week. A general meeting of the adherents to the party has been called for this coming Saturday evening, and at this meeting it is expected that the names of the men suggested by secret ballot at last Thursday's meeting as possible candidates will be announced by the committee appointed to study them. The committee is under the chairmanship of Ald. R. Langis, and will open the ballot during this week, and interview the men suggested with a view to securing their consent to have their names put before the grand party convention.

Although no date for nominations has yet been definitely set, it is thought probably that Thursday, October 30th, will be the date chosen for the formal nomination of candidates in the five constituencies in which by-elections will be held the week following.

Rumor still persists that their may be a second Liberal convention held in Sherbrooke. Mr. Therrien in his speech at Rock Forest stated that, contrary to the opinion expressed by a few, he would not withdraw from the contest. If a second convention is called, it may place in the contest another candidate who will also call for the support of the voters of the Liberal electors in the county. A three cornered fight would result.

**ANNUAL SUPPER AND CONCERT AT ST. ANDREW'S**

Anniversary of the Presbyterian Church Observed by Social Event Attended by Large Number of People—Dr. Bennett Was the Speaker.

The services and festivities in connection with the anniversary of St. Andrew's Church are events looked forward to with much anticipation, not only by the adherents of the Presbyterian Church, but by members of sister churches in this city, all of whom enter, in a happy, friendly way, into the observance.

Last evening the church hall was taxed to its utmost during the supper hour and for the entertainment which followed the banquet. Four hundred and sixty-seven guests sat down to an excellent repast, which included chicken pie, and the best tribute that could be paid to the Ladies' Auxiliary, under whose auspices the supper was held, was couched in the words of the chairman, Rev. Alfred Bright, who said: "We expected a good supper and we were not disappointed."

At the conclusion of the supper, which occupied fully two hours, some of the tables having to be reset; the hall was arranged for the concert programme, which opened with a piano duet by Miss Rugg and Mr. Kendall. Others who contributed to the entertaining programme were Mrs. MacKay, Miss Baldwin, Miss Lothrop, Mr. Thom. of Montreal, and Mr. Corcoran, who gave delightful vocal numbers. Mr. Thom sang "Come to the Fair," and for an encore gave "My Ain Wee House", both were listened to with keen enjoyment.

Mr. Corcoran, who is one of Sherbrooke's popular comedians, was in a happy mood, and during his numbers kept the audience in a state of hilarity, some of the dangerous after having partaken of such a hearty repast. He replied to recalls with some of his favorite selections, such as the song about "Bella and Cecil", a lispng song, etc., and his assistance as an entertainer was much appreciated.

"Rich people who never like poor people to blow themselves once in a while will never be credited in heaven for their generosity," and in concluding his gripping address he made reference to the engineer of a railway train, a toiler whom he had always admired: he seemed so proud of his work, and had so much responsibility placed upon him. "I love any man who loves his job," he added, and quoted lines from the "Song of the Engineer", as a fitting conclusion to a fine address.

The chairman, in closing the meeting, expressed appreciation for all assistance given, and called for a response to votes of thanks accorded the entertainers: the Auxiliary; the speaker; the presence of Mr. Thom, who had come to Sherbrooke for the anniversary, and to the accompanists for the evening. Mrs. MacKay, Prof. Jennings, Miss Rugg and Mr. Ogston.

The address was followed by a vocal duet sung by Mrs. MacKay and Mr. Thom, a hymn, "Blessed Be That Binds" and the National Anthem.

The chief item of business before the meeting was the arrangements for a Cafe Chantant to be held on November 3rd. Committees were appointed and plans well outlined during the session.

A marriage which takes place at five-thirty this afternoon in the Church of the Ascension, Montreal, of interest to local people, is that of Miss Winifred Pendock, only daughter of the late Mr. J. Fowler Pendock and of Mrs. Pendock, of Outremont, to Mr. Harold L. Banfill, son of the late Mr. E. L. Banfill and of Mrs. Banfill, of Richmond. Rev. Canon Flannigan will officiate.

The weekly meeting of the Young People's Society of the Methodist Church was held last evening with the second vice-president, Miss Dorothy Browne, presiding. The meeting was of a missionary character and an interesting paper was given. Plans were made to hold a Halloween social on Monday evening, October 27th, and after business routine a social half-hour was spent. An orchestra, composed of members of the Society, gave selections, which added to the pleasure of the meeting. Next week's meeting will be in charge of the third vice-president, Mr. Cyril Green.

**CITY BRIEFLETS**

**PUBLIC MEETING WILL BE HELD THIS EVENING**

All real estate owners of the City will be given an opportunity of getting together tonight to consider the five by-laws, calling for six hundred thousand dollars, for city improvements, which have been passed by the City Council, and which will be voted upon by city property owners on Monday next, October 20th.

It is hoped that all real estate owners will make a special effort to be on hand for this meeting in order that they might hear what the aldermen who are fostering these by-laws will have to say, and to decide, before it is too late, whether or not it is well for the City to pass these by-laws.

**PROF. SAWDON TO ADDRESS ROTARIANS**

Professor Irwin Sawdon will be the guest of honor of the Sherbrooke Rotary Club at their weekly dinner this evening. Professor Sawdon will speak on the Symphony Orchestra and its value to the community. Professor Sawdon has been a leading figure in the musical life of the city for many years, and he is well qualified to speak on the subject.

The success of the baseball game played last Saturday afternoon by two Rotary baseball teams was beyond all expectations. It is probable that another equally amusing match will be played again this Saturday at the baseball park, when the Rotarians will line up against a team from the Kinsmen Club. It is expected that a large number of "fans" from both clubs will be on hand to cheer on their respective teams.

**MARRIAGES**

**WENTWORTH-NORTON.**  
SUTTON JUNCTION, Oct. 13.—Mr. L. Wentworth and Mrs. Amelia Norton were married at the home of Mrs. Thayer at Richford on October 8, Rev. Mr. Callendar officiating.

An arch of asparagus fern and hydrangea was erected for the occasion and Mr. and Mrs. George Payne supported the bride and groom.

Only immediate relatives were present.

After a wedding supper the happy couple left on the mail train for Barton, Vt., where they will be guests of relatives.

They will reside at Sutton Junction, where the groom has employment with W. R. Safford Bros.

**Request of Magog Woolen Mills Granted.**

A letter was read by the Secretary from the officials of the Magog Woolen Mills requesting that their business tax be cancelled, owing to the fact that this firm was no longer operating and that all machinery had been removed from their property on Belvidere Street.

Ald. Skinner moved and Ald. Fortier seconded that this request be granted, and that the business tax on this business concern be cancelled. This motion was carried by the Council.

**Mayor Reminded all Present of Tonight's Public Meeting.**

Before the meeting was brought to a close His Worship Mayor Braut reminded all aldermen that a public meeting for the consideration of the by-laws about to be voted on was to be held this evening at the City Hall at 8 o'clock, and requested that all make an effort to be on hand, as the welfare of all was closely concerned with the final steps which might be taken in connection with these by-laws.

Last night's meeting was presided over by His Worship the Mayor and was attended by Aids. Newton, Fortier, Skinner, Labrecque, Lacombe, Houlihan and Bourque. Aids. Langis, Tetreault and Crepeau being absent. Mr. McSwiggan city valuator, was also present as well as a fairly large number of citizens, especially those interested in the proceedings in connection with the Workmen's Dwellings.

**MILBY**

The Ladies' Guild members are once more to be congratulated on the success of their chicken-pie supper on Wednesday evening. The hall was well filled and the long tables in the dining room were reset several times. Rev. J. H. Brewer kindly acted as chairman and an exceptionally fine musical programme was listened to, including a piano solo by Miss Jean Campbell, solo by Mrs. Pergeu, solo by Mr. Bozer, piano duet by Miss Simmons and Miss Nutbrown solo by Mrs. Trenholm, solo by Miss Willard, solo by Mr. W. Powers. All did so well it would be hard to mention any one of the numbers in particular, and all were very generous in responding to encores. Thanks are due Mr. Bozer for getting up the programme and to those taking part. God Save the King brought a pleasant evening to a close. Proceeds were seventy dollars.

Mr. and Mrs. Parker and Mr. and Mrs. S. McVetty were at Mr. E. Orr's recently.

Mrs. Mackintosh, of Ayer's Cliff, has been a guest of Mrs. E. Cox.

Mr. Karl Deware and a friend motored up on Monday and Miss Deware returned home with her brother.

Mr. and Mrs. Twombly and Mr. and Mrs. Gilman, of Savoyville, were her on Wednesday to attend the supper.

A sing will be held at Mrs. E. A. Orr's on Friday evening, October 17, to which the community is invited. The next meeting will be held with Mesdames Banfill on November 4. The meeting adjourned and the hostess served a dainty tea.

# JURISDICTION OVER DOMESTIC ISSUES IN U.S.

**Secretary Hughes Answers Criticisms of John W. Davis, Democratic Presidential Nominee.**

(Associated Press Despatch) INDIANAPOLIS, Ind., Oct. 14.—Sentiment in the United States will "not tolerate" submission of domestic questions "to the determination of any group of powers," Secretary Hughes declared here last night in a campaign address, answering criticisms by John W. Davis, Democratic presidential nominee, of administration foreign policies.

Mr. Hughes did not mention the proposed League of Nations protocol by name, but he laid stress on the question of jurisdiction over domestic issues which, at the behest of Japan, occupied so large a place in the discussions at Geneva.

"Recently," the secretary said, "the question has been discussed of the appropriateness of investing a group of powers with the authority to deal with domestic questions, not questions arising under treaties by which parties have limited their rights, but with questions within the competency of a nation, as to which it has not limited its rights. The sentiment of this country, I repeat, would not tolerate the submission of such questions, which pertain to our own policy, to the determination of any group of power. It would not tolerate the making of an agreement for such submission. We would not be willing to enter any organization through which a group of powers would be in a position to intervene or attempt to determine our policies for us."

"We have favored, and do favor, the submission to arbitral or judicial tribunals of International questions, that is, the decision of questions arising under our treaties and under International law."

**ITALIAN WON AIRPLANE RACE**

ROME, Oct. 14.—T. Macchi, an Italian aviator, yesterday won first prize, 150,000 lire, in the race for the Italian air cup, flown over a 300 kilometre course. G. Audro, a French aviator, won the second prize of 50,000 lire.

(Associated Press Despatch) NEW YORK, Oct. 14.—A policeman firing at two fleeing gamblers, probably fatally, a two year old boy playing on a sand pile beside his home in Brooklyn yesterday. The patrolman, Charles Schiffadecker, was exonerated by the district attorney's office, which termed the tragedy "a most unfortunate affair."

**Officials Met With Considerable Opposition by Those Opposed to Wage Schedule Agreed Upon.**

(Associated Press Despatch.) DRUMHELLER, Alberta, Oct. 14.—Officials of the United Mine Workers of America yesterday met with considerable opposition from those opposed to the schedule when they delivered to three thousand miners here a report of the Calgary conference, which resulted in operators and union representatives signing a new agreement, subject to the ratification of the workers, calling for a reduction in wages.

Oppositionists led an attack on the United Mine Workers of America. They advocated voting against the agreement, suggesting open shop

### SIR WILLIAM PRICE.

News despatches tell of the finding of the body of Sir William Price, whose tragic death occurred some ten days ago as a result of a landslide at Kenogami. Burial takes place near the scene of his labors and of his death.

Sir William Price was one of Canada's outstanding men. His paper mill and power developments in Northern Quebec gave him a forward place among the industrialists of the country. The death of such a man is a great loss to the nation.

His war record was that of a man who went forth to serve his country on the battle line. His money was freely spent in the cause and many an Eastern Townships man marched under his command.

Sir William Price in many ways showed his personal interest in the Eastern Townships. Himself educated at Bishop's College, his sons have followed him to this Eastern Townships institution while his daughters have been sent to King's Hall, Compton. Sir William was a strong supporter of these excellent schools.

When the Wales Home appeal was made, he readily subscribed the sum of \$10,000 and in many ways has shown his interest since that time.

The Province and the Dominion have lost an outstanding figure in the passing of Sir William Price.

### PRINCE AGAIN IN STATES.

The Prince of Wales, while his Western ranch was his objective, in response to pressing invitations has cut heavily into his holiday by visits to points in the United States and Canada. He is now in Chicago. Toronto and Montreal are to welcome him and another visit to New York is on the programme.

The Prince's holidays are not of the restful type. A trip to the "farm" means a strenuous journey, crowded with social functions and receptions, with squads of newspapermen ever on his tail and the public crowding in from all sides.

His Royal Highness will no doubt be happy when he again reaches his own fire side, where a rest is more possible than in any other place in the world.

### FRANCE'S MOST SERIOUS PROBLEM.

The falling away of the pure French population is in reality the most serious problem the Republic has to face. It threatens the very existence of the nation in the years to come. The situation, however, has been a little better in the last few years. The New York World gives these statistics: "France's low birth rate remains an insoluble problem. Except for slight variations there is no change from year to year worth noting. For 1923 the number of births was 761,001, as compared with 759,846 in 1922, an increase of only 2,015. Because of the lowest death rate ever recorded in France, the excess of births over deaths last year was 94,871 in a population of 39,209,518. The excess is considerably lower than in 1920 and 1921. The number of marriages has dropped, after the exceptional rise following demobilization. It is more by immigration than through any other cause that France has maintained its population at a constant level or partially made good its losses during the war. In 1921 over 1,500,000 immigrants, Italians, Poles and Russians for the most part, came in search of work; in 1923 over 2,000,000. Not all of these remained beyond the period of seasonal employment."

### PRESS COMMENT

#### OUR FINANCIAL POSITION.

(Hamilton Herald)  
 The net debt of the Dominion is \$2,387,517,638, not much more than the total of a single year's trade by this country. And the greater part of it is owing within Canada. Our money ranks at par with the highest in the world. Financially we are in a position to do things.

#### CONVENIENTLY FORGOTTEN.

(Toronto Star)  
 When the Germans try to put it on the official records that they were not responsible for the war they forget all their boasting of 1914 that they did cause the war and the reasons they then thought excellent, for having done so.

#### NO OTHER COUNTRY.

(Hamilton Spectator)  
 Ninety million dollars' worth of Canadian treasury gold notes have been disposed of to New York financiers—at par. Can you think of any other country that could negotiate a loan of this kind on such attractive terms?

#### VALUE OF FOOTBALL.

(Kingston Whig)  
 It is the fact that the good player must be in good physical condition which has given football the value it has as a game. So long as it clings to the ideal of the physical and mental development of the participants, football is a game deserving of support.

#### TAKING THEIR TIME.

(Stratford Beacon-Herald)  
 But always there were people in the world who were content to take their time. And there are plenty of such people even today. Among the visitors to the Wembley Exhibition recently was a party from Guernsey, a considerable number of whom had never been on a railway train before.

#### THREE EXECUTIONS, 510 MURDERS.

(Buffalo Express)  
 Loeb and Leopold have benefited by the same demand for easy law which has created a record of but three executions for five hundred and ten murders in the city of Chicago in the last two years. In the prison to which they have been sent there are seven hundred other murderers who escaped the death penalty.

#### CANADIAN SCENERY.

(Winnipeg Tribune)  
 To compare Canada with the Riviera is like comparing a pound of beef with a bouquet of lilies. Each has its peculiar characteristics, and each its peculiar virtue. It is inaccurately said that nowhere in the world can be found "finer" scenery than in Canada; it might very properly be said that nowhere in the world can be found scenery of that particular type.

#### ABOUT BETTER TIMES.

(Brantford Expositor)  
 In Canada the abundant harvest with increased prices for wheat, has had a stimulating effect all over the country. The West is feeling the thrill of returning prosperity in a marked degree, and there is a feeling in the jobbing and retail lines that an improvement is at hand. The sentiment that better times are coming is one that needs to be encouraged, and if this is done a markedly rally in business may be expected.

#### NO WRITTEN CONSTITUTION.

(Kingston Standard)  
 General opinion seems to be that it would be unwise to attempt the formation of any written constitution for the Empire. It owes its grand position in the world to no such written document. The ties which bind it together are not legal ones, and rules and regulations would almost surely only lead to trouble and complications. In these days of wireless and quick communication many difficulties of consultation and co-operation have gone.

#### TRUE CITIZENSHIP.

(Guelph Mercury)  
 True citizenship always recognizes the ideal motto that "in all things necessary there should be unity; in things doubtful, liberty, and in all things, charity." With a citizenship inspired thus, the country would be invincible without armies or navies, and while it is difficult to imagine such a condition among human beings, there is no harm in hoping that eventually such a situation will prevail in every section of the globe. Should it ever come about it will be after ages of education and after small beginnings here and there, but it is something worth making a beginning for.

#### ALL SORTS OF PEOPLE EXIST.

(Brooklyn Eagle)  
 Let us trust that the Prince will not gather from his experiences the notion that we are a nation of "bounders." We are not. A large segment of our people is as much shocked as he is by the boorishness of our compatriots. The American gentleman is not so reserved, not so impressively dignified, perhaps not so serious in his contempt of frivolity, as the English gentleman. He is a different type, but a real type nevertheless. The Prince would recognize him at first sight, as a brother gentleman. And he might easily find himself recognizing a newspaper reporter of the old school, refined, educated, cultivated according to the highest standards of Anglo-Saxondom.

#### THE DIVING HORSES.

(Our Dumb Animals)  
 That notorious exhibition, known as "Dr. Carver's Diving Horses," is now finding it difficult to secure bookings where formerly admittance was easy and unquestioned. It is one of those brazen impositions too long enacted before the public and unoppressed because the authorities saw no overt act of cruelty in its presentation. But the times change. Public sentiment and understanding with respect to animal performances have also changed—and for the better. The amusement seeker comes to look with abhorrence upon what he once condoned. To him becomes "detested—the sport which owes its pleasure to another's pain." The reaction is swift when once it appears that the truth has been long and studiously concealed.

#### UNITED STATES ELECTIONS.

(Ottawa Journal)  
 Forecasting election results is the most uncertain of calculations. It is noteworthy, however, that as the United States presidential campaign progresses predictions are more favorable to John W. Davis. Following the Madison Square Garden fiasco, where the Democrats raised even the creed issue to divide themselves, a Republican victory was generally conceded. Since then, however, a number of things have happened. One of them, perhaps the most important, is that La Follette has developed much strength. While Davis is still given the "solid South," which guarantees him practically 200 sure votes (but 266 are necessary to win) La Follette has cut in heavily in the Republican Northwest. This leads so conservative a paper as the New York Times—which however is Democrat in leaning—to hold that a Davis' victory is quite probable.

**A Romance of the Spanish Main**  
**CAPTAIN BLOOD**  
By RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini.  
CAPTAIN BLOOD, a Vitagraph picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

**CHAPTER XVII**  
(Continued.)  
Groaning and sweating, urged on by the curses and even the whips of their officers, they toiled in a frenzy of panic-stricken haste to shift the greater number and the more powerful of their guns across to the landward side, there to emplace them anew, so that they might be ready to receive the attack which at any moment now might burst upon them from the woods not half a mile away.  
Thus, when night fell, although in mortal anxiety of the onslaught of those wild devils whose reckless courage was a byword on the sea of the Main, at least the Spaniards were tolerably prepared for it. Waiting, they stood to their guns.  
And whilst they waited thus, under cover of the darkness and as the tide began to ebb, Captain Blood's fleet weighed anchor quietly, and, as once before, with no more canvas spread than that which their spirits could carry, so as to give them steering way—and even these having been painted black—the four vessels, without a light showing, groped their way by sounding to the channel

**CARRIED AUTO 100 FEET**

Granier, one of France's strong men, wagered 5,000 francs that he could carry his auto, weighing 1,000 pounds, 100 feet. Here you see him crossing the finish line and winning the bet.

Some slight damage was sustained by Blood's fleet. But by the time the Spaniards had resolved their confusion into some order of dangerous offence, that fleet, well served by a southerly breeze, was through the narrows and standing out to sea.  
Thus was Don Miguel de Espinosa left to chew the bitter cud of a lost opportunity, and to consider in what terms he would acquaint the Supreme Council of the Catholic King that Peter Blood had got away from Maracaibo, taking with him two twenty-gun frigates that were lately the property of Spain, to say nothing of two hundred and fifty thousand pieces of eight and other plunder. And all this in spite of Don Miguel's four galleons and his heavily armed flotilla that at one time had held the pirates so securely trapped.  
Heavy, indeed, grew the account of Peter Blood, which Don Miguel swore passionately to Heaven should at all costs to himself be paid in full.  
Nor were the losses already detailed the full total of those suffered on this occasion by the King of Spain. For on the following evening, off the coast of Oruba, at the mouth of the Venezuela, Captain Blood's fleet came upon the belated Santo Nino, speeding under full sail to re-enforce Don Miguel of Maracaibo.  
At first the Spaniard had conceived that she was meeting the victorious fleet of Don Miguel, returning from the destruction of the pirates. When at comparatively

close quarters the pennon of St. George soared to the Arabella's masthead to disillusion her, the Santo Nino chose the better part of valour and struck her flag.  
Captain Blood ordered her crew to take to the boats, and land themselves at Oruba or wherever else they pleased. So considerate was he that to assist them he presented them with several of the piraguas which he still had in tow.  
"You will find," said he to her captain, "that Don Miguel is in an extremely bad temper. Commend me to him, and say that I venture to remind him that he must blame himself for all the ills that have befallen him. The evil has recoiled upon him which he loosed when he sent his brother unofficially to make a raid upon the island of Barbados. Bid him think twice before he lets his devils loose upon an English settlement again."  
With that he dismissed the Captain, who went over the side of the Santo Nino, and Captain Blood proceeded to investigate the value of this further prize. When her hatches were removed, a human cargo was disclosed in her hold.  
"Slaves," said Wolverstone, and persisted in that belief, cursing Spanish devilry until Cahusac crawled up out of the dark bowels of the ship, and stood blinking in the sunlight.  
There was more than sunlight to make the Breton pirate blink. And those that crawled out after him—the remnants of his crews—cursed him horribly for the pusillanimity which had brought them into the ignominy of owing their deliverance to those whom they had deserted as lost beyond hope.  
Their sloop had encountered and had been sunk three days ago by the Santo Nino, and Cahusac had narrowly escaped hanging merely that for some time he might be a mock among the Brethren of the Coast.  
For many a month thereafter he was to hear in Tortuga the jeering taunt:  
"Where do you spend the gold that you brought back from Maracaibo?"

**NEWSY NOTES OF INTEREST FROM BROME**

**Reports of Meetings and Personal of Interest to Residents of Brome.**  
BROME, Que., Oct. 14. — The Protestant schools here were closed on Thursday and Friday to allow the teachers to attend the teachers' convention held in Montreal. Mrs. S. Neil, of Brome school, attended.  
Threshing is now the order of the day in this section. Messrs. Tibbitts and Jones are nicely engaged in threshing the grain here.  
The thanksgiving service and chicken-pie supper given under the auspices of St. John's Church Guild was a great success. Although the weather was rather unfavorable and prevented a number from attending, over two hundred and thirty persons partook of a bounteous supper, which the ladies of Brome well know how to serve. The town hall presented a gala appearance with its decorations of flags, autumn leaves and evergreens. The tables were prettily decorated with cut flowers and fruit and were in charge of Mesdames C. C. Jenne, M. Thompson, E. H. Foster, E. W. Patch, Cleland Soules, Chas. Eldridge, E. W. Ray, E. Wilson and B. O. Mitchell and H. A. Holden. Mrs. M. P. Eldridge was convener in the kitchen, and was assisted by Mesdames C. C. Salsbury, C. K. Moffatt, H. A. Smith, Wm. Rockwell, John Sanborn, H. Barber, D. Toof and G. Wallace. After the supper service was held in St. John's Church at 8.30 o'clock, which was prettily decorated for the occasion with many cut flowers, ferns, evergreens, fruits and vegetables. The service was under the management of the Misses Iris Tibbitts and Hilda Hughes. Rev. Mr. Rattray, of Iron Hill, preached a splendid sermon, which was listened to with much interest by the large congregation present. The members of the Ladies' Guild wish to thank all those who contributed chicken pies and other food, or who assisted in any way in making the supper the success that it was.

**UNCLE JIM'S LETTER**  
Dear Corner Family:—  
I expect, now that we have the pledge form in the Corner, that the mailman will bring me heaps of letters. I hope every one will read carefully the pledge and consider it before they sign their name. It is an honor to wear the badge, and we must all try to be worthy of it. Yes, Mabel, you may have a pledge if you wish to send in your pledge again, Florence, too, may become a member of the Lone Member group by signing the pledge.  
I shall have the group to one hundred this winter, for that is large enough, do you not think so? When we get near the hundred mark I will tell you that the group is to be closed to new members. Then we must do something worth while this winter. There are only a few free magazines, but I hope some of the J.R.C.'s will be able to buy them (they are only five cents each) and after reading them send them to some member who does not have them.  
The corner folk who wanted to try the puzzle were probably disappointed. The printer-man forgot to put in the picture on Saturday, so we are having it again today, the picture and the instructions. Some one please try it. You will soon see why the little boy is frightened.

**LETTERS FROM THE CORNER FOLK.**  
Dear Uncle Jim:  
As I haven't written to you for a long time I thought I would write today. I have been very busy at school. We have garden peas in blossom now, they came up by themselves. I would like to become a member of the J.R.C. for this year. Nearly every one is busy now putting up apples and getting in their winter vegetables. As my letter is getting long I will close.  
Your loving niece,  
MABEL BEST.  
Frelighsburg.

Dear Uncle Jim,  
I haven't written to the Corner for many came from Sutton, Knowlton, Iron Hill, West Brome and as far distant as Ottawa.  
The Ladies' Guild of St. John's Church will meet on Wednesday afternoon next, October 15, at the home of Mrs. Charles Libby. It is hoped that all members will make an effort to be present. Tea will be served at five o'clock.  
The government inspectors sent out from Ottawa to locate and search for any of the ravages of the gypsy moth passed through here last week. They report the county of Brome so far has been found free from the pest, but in Lacolle ravages have been discovered among the trees.  
Mr. Eugene Palmer has been laid up for over a week with injuries received from a fall from his buggy. While driving on the government road near Mr. Laporte's residence, a car driven by Mr. A. Bissonette ran into his buggy, upsetting it and throwing Mr. Palmer to the ground. Luckily no bones were broken. Mr. Palmer is now able to be about his work again, after being confined to the house for a week.  
Mrs. C. H. Frizzle and son Wilson, who have been enjoying a pleasant holiday with her sister, Mrs. Frank Cummings, in Montreal,

### NEW POINT IS RAISED IN HOME BANK TRIALS

Defence Declare that Either Conspiracy or Individual Charges Should Be Dropped—Bail Renewals Sought.

TORONTO, Oct. 14.—Another phase of the Home Bank trials is to open up in the present Supreme Court Assizes before Chief Justice K. M. Meredith, when defence counsel will argue that the Crown should drop the conspiracy charges against the officers and directors, or else drop the trials, which have been going on under the Bank Act before Judge Coatsworth for the past five weeks.

This was the startling announcement made by N. W. Rowell, K.C., representing the accused directors and officers of the Home Bank when they appeared in the court to have their bail renewed from the Spring Assizes. The defence is serving notice of motion on D. L. McCarthy, K.C., special Crown counsel, and the judge will appoint a day on which argument will be heard.

"Our clients will be in jeopardy three times on the same set of facts," said Newton Rowell, K. C., in objecting to any trials in the Assizes. The way the cases stand at present is that in accordance with the Privy Council decision of last summer the directors are being tried before Judge Coatsworth, in the county judge's criminal court, on charges under the Bank Act. The Crown also laid charges of conspiracy, under the Criminal Code, for which the accused would have to be tried by a jury in the Assizes.

The defence's argument is that the Crown should not pursue both lines of prosecution, but should either drop the county court cases, which have already concluded against the auditor and accountant, and have started against one director, or else drop the conspiracy charge before a jury.

When the court opened yesterday afternoon, D. L. McCarthy said, in reference to the charges against the Home Bank directors and officers: "These were traversed from the last Assizes. The Crown is not ready to proceed because of certain trials now going on in the county judge's criminal court."

### GREAT PROBLEM OF MATERNITY CARE TAKEN UP

Taxation and Conservation of Resources Also Discussed by National Council of Women.

(Associated Press Despatch) TORONTO, Oct. 14.—Taxation, conservation of resources, and maternity care, were among the problems discussed yesterday by the National Council of Women, while an address on the conference on labor, held at Geneva, by Mrs. C. R. Thorburn, of Ottawa, the official delegate, contained a survey of the steps taken towards improving employment conditions. Mrs. N. D. Warren spoke at the Girl Guides' luncheon on the world camp for girl guides at "Foxleas", England, and several other fine addresses covering different phases of the work of the council were given at a banquet in the evening.

With regard to the question of maternity care in outlying districts the "municipal hospital" was suggested as a partial remedy. No one method could cope with the conditions, said Dr. Ritchie England, Montreal.

### TO TRAIN AND LICENCE MIDWIVES

A resolution was presented from the Sault Ste-Marie local council asking that the National Council petition the Government (or governments) to take the necessary steps to train and license midwives. Dr. Augusta Stowe Gullen expressed disapproval of the suggestion, as did also Mrs. H. P. Plumtree, and Miss Mathieson, representing the Canadian Nursing Association.

More skilful medical and nursing care was required in these districts rather than less, they thought. Owing to the high cost of transportation to many of the unsettled areas, it was pointed out that the best medical services should be provided.

Judge McGill, of Vancouver, stated that in British Columbia the Victorian Order of Nurses and Red Cross outposts were helping meet this situation, and the province was being asked to provide health centres.

Miss Mathieson, on behalf of the Canadian Nurses' Association, submitted recommendations that outposts be equipped with registered nurses in charge; that nursing housekeepers be provided to assist in outlying districts; that transportation be provided; home classes for nurses instituted; and that a yearly bonus be established for qualified medical practitioners in these rural areas.

### REPORT ON TAXATION

A likely discussion arose following the report of the committee on taxation by Mrs. E. M. Murray of

### BOY DROWNED IN WATER BARREL AT SAWYERVILLE

Two-Year-Old Lad Met Tragic Death—Was Playing Outside House.

SAWYERVILLE, QUE., Oct. 14.—A tragic accident occurred here on Saturday, October 11th, when little Renford Ronald Morrow, two-year-old son of Mr. and Mrs. Renford Morrow, of this place, was drowned in a barrel of water. The little lad was playing just outside the door of his home and was alone at the time the accident occurred. In some manner he climbed or fell into the rain barrel and before he could be rescued he had been overcome.

Dr. L. C. Bachand, of Sherbrooke, coroner of the district, held an informal inquest without jury, and found that the circumstances of the death were clearly accidental.

The funeral was held in Island Brook on Sunday, October 12th, 1924. The services were conducted by Rev. J. W. Shier, who is spending a holiday in town, taking the service for Rev. W. P. Wornell, who was in charge of a Masonic service in Cookshire at the time. A short service was held in the home and then the public service in the Methodist Church. The preacher took for his text, "She is not dead but sleepeth." The congregation was large and very much sympathy was felt for the sorrow-stricken parents and friends.

In the home afterwards there was a baptismal service when the infant son of Mr. and Mrs. Renford Morrow, Donald William, and the infant son of Mr. and Mrs. Walter Masters, of Lennoxville, received the rites of the church. The ceremony was performed by Rev. Mr. Shier.

General Notes. Rev. J. W. and Mrs. Shier left for Florida, Tuesday, October 14th. They were accompanied by Mrs. Ella M. Gray. They intended to spend some time in Washington, D. C., and Jacksonville, Fla., and then proceed further south to Daytona, Palm Beach, Orlando, Lakeland and other points in Florida.

The service at Sawyerville was well attended on Sunday, the church being comfortably filled. The audience was very much inspired by the able sermon of Rev. T. Knowles.

### Halifax.

It was stated in the report that "every man, woman and child in Canada pays an average customs tax of \$16.50 per head per year or the head of a family of five pays \$82.50 each year through this one form of taxation. The larger the family the more they pay and the larger families were usually found amongst those least able to pay. This is bound to result in undernourishment, homes in bad surroundings, and increased child labor."

### WOMAN KILLED WHEN AUTO WAS HIT BY TRAIN

Eight Other People Injured in Level Crossing Accident at St. Johns.

MONTREAL, Oct. 14.—Mrs. Ernest Giroux, of St. Johns, Que., died from injuries which she received when the automobile in which she was riding was struck by the Montreal-Sherbrooke express at the level crossing near the C. P. R. station at St. Johns, Que., on Sunday night. Eight other persons were seriously injured in the accident.

Railway officials report that the train was moving at ten miles an hour when the accident happened, and at this point motorists are able to see an approaching train for several hundred yards.

Mrs. Ernest Giroux, aged 30, of St. Johns, who suffered head injuries and a broken arm, died at the St. Johns Hospital one hour after the accident. She was holding her son in her arms when the crash occurred, but though the infant was hurled into the ditch, he escaped with slight bruises.

The injured, all of them residents of St. Johns, are: Emile Beauvol, aged 30, the driver of the auto. Taken to St. Johns Hospital with severe cuts and bruises. Miss Trahan, aged 20, in St. Johns

Hospital with head injuries. Clarence Fredette, aged 28, in St. Johns Hospital with broken leg. Aurore Fredette, aged 18, at General Hospital, St. Johns, with internal injuries, broken ankle and injury to arm. H. Remillard, aged 25, in St. Johns Hospital with broken leg.

A young man, whose name could not be obtained, was also sent to the St. Johns Hospital.

Beauvol had hired the auto from the Gregoire garage, St. Johns, and intended to take his friends for a spin in the surrounding country.

According to what was reported to railway officials, the auto, which was going out of the town, travelled up a slight grade to the Champlain street crossing just before the train arrived at the station. Engineer Stevens was unable to see the auto, as it was on the fireman's side of the engine.

Misjudging the train's rate of speed, Beauvol tried to cross the track, but he was too late. The locomotive struck the touring car in the middle and hurled it from the track into the ditch. All the occupants were thrown out.

The train crew immediately went to the assistance of the victims and ambulances from the two hospitals of St. Johns were called. It was seen at once that Mrs. Giroux's case was hopeless and she succumbed shortly after being admitted.
