MORES ET STUDIA ET POPULOS ET PRÆLIA DICAM.—Virg. Georg. IV. 5.

SIX O'CLOCK EDITION

79TH YEAR.—N 218.

QUEBEC, TUESDAY, SEPTEMBER 11, 1883

PRICE ONE CENT

THE CANADIAN PACIFIC AND CANADA.

(St. John, N.B., Globe)

There were people who thought that the building of the Canada Pacific Railway would benefit St. John. We do not suppose that a census of the persons who believe so now would show large totals. St. Paul and Minneapolis have certainly derived much financial advantage. The New York Herald shows, from the records of the Custom House of that city, that a very large proportion of the rails and similar supplies used in laying the tracks of the Canada Pacific Railway are taken to Canada by way of this city. Our contemporary adds that "the road is

BUILT OF FOREIGN STEEL RAILS, and the material is all imported from England or Germany, landed at New York and thence transported over about two thousand miles of United States territory, to be delivered in Canada by contractors from this country." When this two thousand miles are travelled over and the Canadian border is reached "the rails are within a few miles of their final destination." The steel rails come to New York from England and Germany. In 1881 about 10,000 tons were forwarded by one house; in 1882 over 70,000 were sent forward "the greater portion of which was for the Trans-Continental road; and so far this year 50,000 tons have been forwarded." The New York firm did not care to have its name published, but it admitted that the Canadian Contract was obtained for a United States house only.

AFTER A SHARP COMPETITION with the Canadian and English competitors. The Herald reporter asked naturally enough:—

"Have Canadian contractors no facilities for transporting supplies through Canada?"

"Certainly, by way of the Grand Trunk Railroad, the lakes and the Welland Canal. But we were so fortunate as to obtain some of the orders, nevertheless. We regard it as a great thing for our carrying corporations that we were able to obtain such heavy shipments across the continent. The inland freight is, of course, large in amount, and is

JUST SO MUCH GAIN FOR THIS COUNTRY.

Our first contract—in 1881—was to deliver 35,000 tons of Krupp and English steel rails within six months. Every body said it couldn't be done—that the rails could not be brought across the Atlantic and delivered in Winnipeg in that short time. But we accomplished it."

"How are the shipments made?"

"The rails are brought by steamer to New York. We did send 10,000 tons by way of New Orleans, and in that case they were shipped up the Mississippi to St. Louis and thence by rail to Winnipeg, thus involving a transportation of 7,000 miles from the place where they were manufactured—more than one quarter distance around the globe. As soon as they arrive in the United States the goods are placed in bond by the customs authorities, and they continue so until we deliver them over the border into Canada. All but 10,000 tons have been

SENT BY WAY OF NEW YORK.

From here we ship, in summer, by the Erie Canal and the lakes all the way to Prince Arthur's Landing, on the extreme northern shore of Lake Superior, to which point the Canadian Pacific road is completed from Winnipeg. In winter we ship by the Erie Railroad, which company was entering enough to have 500 extra cars built especially to carry these rails. We can send all the year round without being blocked by snow."

In order to facilitate this work the United States Customs authorities have reduced to a minimum their bonding regulation.

DESPERADO CAPTURED.

A Florence, Arizona, despatch says A. S. Harpell, the fourth of the gang of desperados who robbed the Riverside stage and killed the express messenger on the 10th August, was captured on Wednesday by the Sheriff. He will probably be tried by a citizens' jury.

PHOEBE COUZINS IN A CYCLONE.

The Scene of Distress and Disaster She Witnessed.

Phoebe Couzins, the well known woman suffrage speaker and social reformer, who it was feared was lost in the late cyclone in Minnesota, escaped without injury. Of what she saw she thus writes:—

I am just returned from the scene of the tornado or cyclone at Rochester and have witnessed such a sight as I hope never to look upon again. The country for many miles is laid waste: farms, crops, barns, and implements are strewn in every direction. The wife of one farmer who was in the field, started for the house, but failing to reach it she ran for a stake in the field, but was blown to pieces. The stake was driven through her body and her limbs torn off, and have not been found. One young woman is so fearfully mangled with ashes ground into her flesh that she cannot live. A boy had

HIS SPINE SO FILLED WITH NAILS

that he will die of lockjaw. The north part of the city, where stood 300 houses and large numbers of trees, beggars description. Not a dwelling or tree remains. The debris is piled up in huge masses or scattered over the plain in hopeless entanglement. Cattle, horses and pigs lie about dead in all manner of attitudes. One cow we saw had her head completely blown from her body and the horns sticking into her bowels. A horse tied to a tree was blown on to his knees, and his eyes in death bespoke the terror which possessed him. Here John M. Cole, of Winona, was killed near his elevator. He had started for the house across the way, but had evidently been caught in the air and whipped on to the earth—for the grass was swept clean where he was found, and every bone in his body broken. Among the trees bordering on the bed of the river all sorts of garments were flying from the limbs, and while we were there

BODIES OF A WOMAN AND A BABY

were found. All who were killed or mangled were those who had no collars to get into. In almost every instance every one saved was in the cellar. But the most heartrending sight was the big hall containing the homeless families and the killed and wounded. Near the door of this hall, improvised as a hospital, lay five children, all dreadfully hurt, whose parents had been killed. This sight moved the stoutest hearted to tears. Over forty were in here, men, women, and children in a most pitiable condition. One cunning baby, which nobody claimed, with one of its eyes just out, lay and gazed with its one eye at every person who passed with the most intelligent, questioning look, as if to say: "What does this all mean? Can no one find my mamma?"

DEAD FISH.

Detroit, Sept. 6.

Near Belmont, on the Grand Rapids and Indiana Railway, is New Boston Lake, which covers seventy-five acres. It is very deep and cold, and apparently pure, and has yielded abundance of fish, mostly bass and sun-fish, ever since the early settlements. On Saturday last the farmers whose places adjoin the lake were astonished to find dead fish floating in shorewards by thousands of bushels. On the shores and out in the water for two or three feet there is a deep border of dead fish, averaging from a pound to ten pounds in weight. The quantity is still increasing. There is no explanation as yet found, but it is thought that a poisonous spring has broke forth at the bottom of the lake.

A new channel is to be added to St. George's Church, Lennoxville.

—Fresh air, exercise, good food and Dr. Benson's Colery and Chamemile Pills will, when used together, cure any case of nervousness, sick headache or indigestion. They strengthen the nervous system. 5,000 physicians prescribe them.

A TIGER STORY.

The Otago correspondent of the Madras Mail tells the following story:—A grand tiger was killed by Mr. Scott, of this place, near the village of Mangalum, in the Mysore district, under rather peculiar circumstances. Mr. Scott, armed only with a pea-rifle, was in quest of wild fowl, when he heard an animal roar, and immediately concluded that it was an elephant, as he knew there was one in the vicinity. He accordingly sent away two natives who were with him to fetch his heavy guns from the tent, and proceeded

IN THE DIRECTION OF THE ROAR, with the intention of keeping the supposed elephant in view until such time as his rifles came up. He was walking up the bed of a dried up watercourse, when, turning a bend, he came right at a large tiger, which was stalking towards him, and from which the roars had evidently proceeded. Being so lightly armed, Mr. Scott backed cautiously, with a view of beating a prudent retreat; but "stripes" immediately commenced hostilities by a swift advance and a savage growl. Mr. Scott would have declined the combat if he could in consideration of the light popgun which he carried; but when "stripes," showing all his teeth and growling savagely,

CROUGED TO SPRING.

at the distance of some twenty paces, Mr. Scott had no alternative but to fire. The result was that "stripes" dropped dead in the act of springing, with a pea shot through his eye and brain. It speaks well for Mr. Scott's nerve that he should have used such straight powder under such perilous circumstances. His selection of "stripes" eye to aim at showed great presence of mind, as a bullet from the little peawife in any part of the body would simply have enraged the tiger without materially injuring him, and Mr. Scott would have been at once killed.

A FINNISH DEED.

Patrick McGuire, employed at Paterson, N. J. in a dyeing establishment, quarrelled with Moses Stanton, aged 13, recently, and threw the boy into a vat containing a hot solution of caustic soda, the boy dying in great agony.

DESTROYER OF HAIR

Alex. Ross' Depilatory

Removes hair from the face, neck and arms without injury. Price \$1; sent securely packed from England by post. Alex. Ross' HAIR DYE produces either very light or very dark colors. His Spanish Fly Oil or Oil of Cantharides produces whiskers or hair on the head. His Skin Tightener is a liquid for removing furrows and crows' feet marks under the eyes. His Bloom of Roses for excessive pallor, and his Liquid for black specks on the face are each sold at \$1, or sent by Post for Post Office Order. The Nose Machine, for pressing the cartilage of the nose into shape, and the Ear Machine for outstanding ears are sold at \$3, or sent for Post Office Order. Letters invited. Had through chemists, of McLeod, Medical Hall, Upper Town Market Place, Quebec, or direct from

ALB. ROSS 21 Lamb's Conduit Street, High Holborn, London, England. Aug. 20th, 1883.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers."

W. L. PAGE, of W. L. Page & Bro., Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable."

J. T. HAYES, Mexico, Texas, June 17, 1882.

The Rev. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costly habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists.

YOUNG, OLD, AND MIDDLE-AGED.

All experience the wonderful beneficial effects of

Ayer's Sarsaparilla.

Children with Sore Eyes, Sore Ears, or any scrofulous or syphilitic taint, may be made healthy and strong by its use.

Sold by all Druggists; \$1, six bottles for \$5.

EARS FOR THE MILLION!

Foo Choo's Balm of Shark's Oil

Positively Restores the Hearing, and is Only Absolute Cure for Deafness Known.

This Oil is abstracted from peculiar species of small White Shark, caught in the Yellow Sea, known as Careharodon Rondeletii. Every Chinese fisherman knows it. Its virtues as a restorative for hearing were discovered by a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years no deafness has existed among the Chinese people. Sent, charges prepaid, to any address at \$1.00 per bottle.

Hear What the Deaf Say!

It has performed a miracle in my case.

I have no unearthly noises in my head and hear much better.

I have been greatly benefited.

My deafness helped a great deal—think another bottle will cure me.

My hearing is much benefited.

I have received untold benefit.

My hearing is improving.

It is giving good satisfaction.

Have been greatly benefited, and am rejoiced that I saw a notice of it.

"Its virtues are UNQUESTIONABLE and its CURATIVE CHARACTER ABSOLUTE, AS THE WRITER CAN PERSONALLY TESTIFY, BOTH FROM EXPERIENCE AND OBSERVATION. Write at once to HAYLOCK & JENNY, 7 Dey Street, New York, enclosing \$1.00, and you will receive a remedy that will enable you to hear like anybody else, and whose curative effect will be permanent. You will never regret doing so."—EDITOR OF MERCANTILE REVIEW.

FOR THE
Kidneys, Liver & Urinary Organs,

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles; for the distressing disorders of women; for Malaria, and general troubles generally, this great remedy is so equal. Beware of impostors, imitations and concoctions said to be just as good.

For Diabetics ask for WARNER'S SAFE DIABETES CURE. For sale by all dealers.

H. H. WARNER & CO.,

For Canada, will find a complete file of the Mercury from 1805 in the Reading Room British Museum, Great Russell Street, W. C. London, England.

Quebec Mercury.

TUESDAY EVENING, SEPT. 11, 1883.

The "ETENDARD," in giving a report of Mr. Chapleau's speech, says it is the speech he delivered, not the speech printed in the *Minerve*. That speech, it declares, was composed at *l'île aux Chûfs*. Mr. Dansereau's recent acquisition, and was ready printed and in Mr. Chapleau's pocket, when he delivered the other. So much is this the case, the *Etendard* points out, that in the *Minerve* speech a letter is published from Mr. Chapleau to Mr. Claudio Jeannot and Mr. Jeannot's answer to Mr. Chapleau, and yet the subject was never alluded to by Mr. Chapleau, is the speech he did deliver. This is indeed a little too bare faced. Every one has known that Mr. Dansereau, during the session before last, virtually dictated to the Premier what he was to say, supplied him with his facts, hunted up his law, and provided all his general and special information. It was even believed at the time, that the debate on the railway sale was delayed for an inconsiderable period, while the Premier, under pretence of illness, was studying his lesson. The speech at length was made, and though when printed afterwards for broadcast distribution in English as well as French, it was found to have undergone considerable change, it still remained virtually the same speech, only revised, corrected, and somewhat augmented. This second attempt at the same game has been more audacious. The lesson had not been so well learnt, probably, to begin with, and the success of the last venture has made this gentleman more confident, so that more important alterations have been made and more lengthy interpolations ventured on in the published version. It will be quite amusing to compare what Mr. Chapleau said, with what Mr. Dansereau told him to say.

a gift, he received it from the man who had just made it out of the province through him. In other words, it was a gift of his share of the spoils. No hair-splitting or casuistry can remove the fact. His magnificent house in Montreal is there to bear witness to it, and speaks as loudly and as eloquently as Mr. Dansereau's country residence at *l'île aux Chûfs* and his steam yacht. It bears the same stamp as Mr. Senecal's carriage and pair, his house on the Cape, his rooms at the Windsor, his feasts at Victor's and his wild cat colonization companies—jobbery and corruption.

Inadequacy of Cattle Quarantine.
The *Farmer's Advocate* for September received by today's mail, from London, Ontario, contains a letter from Mr. John Jackson, the well known importer of South down sheep. He says that he landed 68 Southdown sheep in fine, healthy condition, per *ss Hanoverian*. The regulations are such that sheep have to be quarantined ten days. The first night they were taken from the ship and turned out without the least shelter, and being a cold wet night, he lost a very valuable one from exposure. There being seven or eight hundred American bound cattle quarantined here, Canadian stock is crowded out to perish, and the officials here say they cannot get the Government to supply the necessary accommodations. Now, he asks "Is it right to allow Americans to make use of our quarantine free at the expense and to the great detriment of Canadian importers?"

Our leading importers all complain of this overcrowding, etc. The quarantine now contains, taking both American and Canadian importations together, over eleven hundred head, quarantining at one time, of which over 700 head are for American stock farms. It is expected that next year the importations will be doubled.

Still They Go!
One of our largest timber shipping firms say they will in the near future load all their deal cargoes in Montreal and their timber ships at Three Rivers. The old capital seems doomed, politics having slowly but surely sapped its foundation. There is no ignoring the fact that Quebec merchants have this year shipped a much larger quantity of deals than usual at the port of Montreal.

Levis Castle Garden.
It is stated that the Dominion authorities are about erecting commodious new emigrant sheds at the Grand Trunk Railway depot, Levis, after the style of Castle Garden, New York. The ponds adjoining the depot are to be filled in and utilized for the purpose. This will certainly be an improvement and a most useful one for the thousands that often land from our ocean steamships.

Music Hall.
Mr. Buell's exhibition last evening was witnessed by a vast audience, and all went away delighted with the fine display of scenery and public men and buildings, so admirably put on the canvas. To see this exhibition is, in fact, to glean and garner up much of the instruction and pleasure of travel in foreign lands, without partaking of an atom of the trouble.

Wrecked Steamship "Viking."
J. U. Gregory, Esq., received a telegram this morning from Gaspé, stating that the *ss La Canadienne* had arrived there at 6 a.m. with a cargo of cattle and sheep from the *ss Viking*, wrecked on Anticosti, and sailed again at 7.30 a.m. for the same point, to fetch off more on her third trip.

Attached at Aldershot.
Lieut.-Col. Turnbull has been attached to the 5th Hussars, Lieut.-Col. D'Orsonnes, Maunsell and Otter to the East Surrey Regiment (late 81st), and Major McGill, R.M.C., to the York and Lancaster Regiment (late 84th).

Ignoring Municipal Laws.
A St. Roch grocery man has had some four or five hundred barrels of coal oil stored on his premises contrary to municipal regulations. The authorities have at last woke up to the gravity of the situation.

Dilatory Steamers.
The Richelieu mail steamer only got in about eleven o'clock. Consequently it was near noon before the mail matter was ready for delivery. It seems absurd to send the mails by water.

Illness of Mr. Cauchon.
We regret to learn that Mr. Cauchon is seriously ill at Winnipeg, and received the last rites of the church last week.

Canada Pacific Railway Lands.
The latest map has been issued by the Canada Pacific Railway Company showing their land locations. It appears the company have declined to accept any lands on the main line of their road west of Qu'Appelle, but have selected lands along the route surveyed by the late Government, in the Peace River district and Qu'Appelle Valley. Some lands have also been taken in the Turtle Mountain district. The Pacific Syndicate, in order to save distance and cost of construction, have been allowed to deflect their line to the southward over an alkaline plain, but they are careful to select their lands elsewhere, as their contract entitles them to do. Their action shows the wisdom of Mr. Mackenzie's proposal to construct the railway by the northern route.

Wreck Sold.
Messrs. A. J. Maxham & Co., this morning auctioned off the hull of the ship *Vandyck* as she now lies or did lie wrecked six miles above Fox River. Mr. Henry Dinning was the purchaser at \$825.

Musical.
Mr. Bishop, organist of the Cathedral, has returned from England and resumed his profession.

SEVERAL MEDICAL GENTLEMEN FROM THE ENGLISH AND FRENCH ARMIES

Have joined M. Souvielle, of Paris, and ex-aide Surgeon of the French Army, assisting him in his well-known Throat and Lung Institutes, where over two hundred and fifty thousand dollars (\$250,000) capital are invested, and twenty eight French and English Physicians and Surgeons are employed at the branches of the International Throat and Lung Institutes, where thousand of people are yearly successfully treated of all diseases of the air passages, viz: Consumption, Bronchitis, Asthma, Catarrh, Catarrhal deafness, Throat and Heart diseases, by the Spirometer, an instrument which conveys the elements of medicine in the form of cold applications direct to the seat of diseases, and invented by Dr. M. Souvielle ex Aide Surgeon French Army. Persons unable to visit the Surgeons, or the institute can be treated by letter, and instruments with full directions expressed to any address. Write M. Souvielle, ex Aide French Army 13 Phillips Square, Montreal, or 173 Church street, Toronto, where French and English specialists, who are members of the Royal College of Surgeons, London, England, are in charge of the institutes.

Note the date—The surgeons will remain at the Russell House, Quebec, for several days longer. When physicians and suffers can consult either of the surgeons, and try the instruments free. The most modern instruments for examinations are yearly received at the institutes.

DIPHTHERIA CURED.—We spoke yesterday of the appearance of this terrible scourge in different places, and when so rarely fails to carry off those unfortunate little ones attacked by it. The malady is rendered more frightful by the rapidity which characterises it. It has been almost up to the present averred that no remedy exists to efficaciously overcome this disease. Let us say that one does exist, notwithstanding, and that the numerous cures which it has operated are attested by certificates of the authority and accuracy of which cannot be doubted. We are speaking of the *Sotherion*, which has done wonders in the countless instances where used for various complaints of sore throat. It is well known that *Sotherion* is a paper saturated with a medicinal composition, which is burned to enable the patient to inhale its vapor, whereby the false membrane formed by the diphtheria is removed and breathing restored. Parents whose children may be attacked by this scourge cannot too early apply the *Sotherion* as a remedy. This celebrated cure is on sale at all the druggists. 418

LATEST SHARE LIST.

Table with columns: STOCKS, Last Div., 6 mos., Asked, Offered. Lists various banks and companies with their share prices.

Stocks bought on margin. G. H. BURROUGHS, Stock Broker & Financial Agent, 107 St. Peter Street, Opposite Quebec Bank.

ADVICE TO MOTHERS. Are you disturbed at night and broke at your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's SOOTHING SYRUP FOR CHILDREN TEething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system.

SPECIAL NOTICE.

A CARD. To all who are suffering from the errors and indiscretion of youth, nervous weakness, early decay, loss of manhood, etc., I will send you a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Iman, Station D, New York City. Oct 14, 1882. 1y-cod

FOR SALE.

Property on the Ramparts! That Magnificent Property, bounded by St. Famille, St. Monique and Rampart Streets, fronting Hope Gate Terrace. Most beautifully situated for residences.

A Vacant Lot, corner St. Flavien and Couillard Streets. Apply to J. B. RENAUD, 72 St. Paul Street.

STRAWBERRY PLANTS!

The "Sharpless." Mammoth Variety in every respect. Berries uniformly the largest of all, deep red, firm, sweet, delicate and of excellent flavor. Plant, blossoms, leaves, fruit and leaf stalks simply prestigious, the fruit being but in keeping with the rest of the plant.

Send 50 cents in Postage Stamps and I will send you, FREE BY MAIL, 12 strong plants, in time for fall planting, from which you can obtain a full crop next spring. Mention that you saw the advertisement in THE MERCURY. Plants, with ball of earth around the root, delivered at \$3 per 100, by AUGUSTE DUPU S, Village des Aulnaies, Co. L'Islet, July 20, 1888.

"BUCHUPAIBA," complete cure, all annoying, Bladder and Urinary Diseases. Druggists

NEW ORLEANS, AUGUST 1, 1888. TO THE PUBLIC! Investigate for Yourself! Postmaster-General Gresham having published a wilful and malicious falsehood in regard to the character of the Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue: Amount of prizes paid by the Louisiana State Lottery Company from January, 1879, to present date: Paid to Southern Express Co. New Orleans, T. M. Westcott, Man. \$1,306,300 Paid to Louisiana National Bank, Jos. H. Oglesby, Pres. 463,900 Paid to Louisiana State National Bank, S. H. Kennedy, President 125,100 Paid to New Orleans National Bank, A. Baldwin, President 22,850 Paid to Union National Bank, S. Charlaton, Cashier 64,450 Paid to Citizens' Bank, B. L. Carriere, President 57,000 Paid to Germania National Bank, J. Les Casnard, President 30,000 Paid to Hibonian National Bank, Chas. Pa'trey, Cashier 27,000 Paid to Canal Bank, Edward Toly, Cashier 13,150 Paid to Mutual National Bank, Jos. Mitchell, Cashier 8,200 Total paid as above \$2,253,650 Paid in sums of \$1,000 at the various offices of the Company throughout Canada 2,621,410 Total paid by all \$4,881,060 For the truth of the above facts we refer the public to the officers of the above named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all transactions as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

M. A. DAUPHIN, President. Capital Prize, \$75,000 Tickets only \$5. Shares in Proportion. Louisiana State Lottery Co'y. We do hereby certify that we supervise the arrangements for all the Monthly and Semi-Annual Drawings of the Louisiana State Lottery Company, and in person manage and control the Drawings themselves, and that the same are conducted with honesty, fairness and in good faith toward all parties, and we authorize the Company to use this Certificate, with fac-similes of our signatures attached in its Advertisements.

Commissioners. Incorporated in 1868 for 25 years by the Legislature for Educational and Charitable purposes—with a capital of \$1,000,000—to which a reserve fund of over \$550,000 has since been added. By an overwhelming popular vote, its franchise was made a part of the present State Constitution, adopted December 2nd, A.D. 1879. The only Lottery ever voted on and endorsed by the people of any State. IT NEVER SCALES OR POSTPONES. Its Grand Single Number Drawings take place monthly.

A Splendid Opportunity TO WIN A FORTUNE. TENTH GRAND DRAWING, CLASS K, at NEW ORLEANS, TUESDAY, October 9, 1883—16th Monthly Drawing. Capital Prize, \$75,000. 100,000 Tickets at Five Dollars Each. Fractions, in Fifths in proportion.

SIX O'CLOCK EDITION

The Quebec Mercury.

TUESDAY EVENING, SEPT. 11, 1888.

MR. MOUSSAU is expected to arrive in town to-morrow from Montreal.

THE DUKE OF RICHMOND has issued an order to his tenants prohibiting all widows renting any part of his estates from marrying without first obtaining his consent, under penalty of forfeiting their holdings.

From Toronto this Evening

Toronto, Sept 11. Canada's great fair was informally opened to-day with a very bright prospect for one of the best exhibitions ever held in Toronto. Every thing is beginning to assume a settled shape and it is expected to-night all the exhibits will be in position and ready for visitors. Although to-day is only the informal opening, a large number of sight seers are on the ground. The weather during the past two days has been all that could be desired, and the prospects are that it will remain so for some time to come. The Governor-General and party will visit the grounds to-morrow at 1.30 p.m. To silverware found by gang of men on T. G. and B. line near Woodbridge last week belongs to Mr. Webb of this city who loaned them 8 years ago to an entertainment at Holy Trinity Church from which place they were stolen. The general sessions and county court opened at noon to-day. There is the smallest civil list on the docket for several years back, there being only 13 cases. There are 17 criminal cases.

From Ottawa this Evening.

Ottawa, Sept 11. The Court of Chancery sittings opened today before Vice Chancellor Proudfoot. The docket is not an extensive one. A Cabinet Council is in progress today. The recent heavy frosts have done serious damage to crops throughout the Ottawa district. The Governor General and Prince George paid a visit to the Geological Museum and other places of interest to-day. The public schools truant inspector says he has never had to report fewer cases of sickness among children at this season than this year. Sir Alexander Campbell has returned to this city from British Columbia.

From Montreal this Evening

Montreal, Sept 11. The ceremony of blessing the new bells for the Lachine parish church was performed in the presence of an immense congregation there yesterday by Mgr. Fabre. A youth named Wm. Campbell was sentenced to 6 months by the recorder for attacking his own father with a knife. The character given of prisoner by his parents was that this son was constantly drunk and entirely uncontrollable. When the suburb and villages now applying for annexation to city and admitted the population will be 200,000. A stranger was almost murdered in a house of ill fame here last night and thrown out in the street. Local stock market unchanged this morning.

LATEST FROM LOWER PORTS.

(September 11.) Cape Rosier—Calm.—A frigate inward at 9 am; 2 ships inward. Fame Point—Now wind. Ss Birch, of Sunderland, inward at 9. 25. Cape Chatt—Light nw wind. Ss Glen Dochart inward at 10 am.

DARING AERONAUT.

Mr. George Elliott, of Baltimore, is the oldest and one of the most adventurous of aeronauts. He has made no ascension for a number of years, but no man is better acquainted with aeronautics, a knowledge he has purchased at the price of appalling danger and great hardship. He has made 136 ascensions, and he says presence of mind goes farther to secure the safety of aeronauts than anything else. Mr. Elliott looks to be under 60, but is really 78.

Custom House Receipts.—Duties collected at the Custom House to-day amounted to \$3,265.14.

BY CABLE THIS EVENING

European Buildings Sacked by a Chinese Mob.

NO LIVES LOST.

King Tudue's Successor to be Decorated by the French.

ALSO TWO OFFICERS.

Jew-Baiting Denounced as Most Un-Christian.

BELGIAN AUTHOR DEAD.

Doings of a Chinese Mob.

Hong Kong, Sept 11. A Chinese mob at Canton have burned the houses of several European merchants, also their wharves. The foreign residents sought refuge on board vessels. No violence was offered to persons. The Chinese troops dispersed the rioters. Several gun boats from Hong Kong have been sent to Canton to protect the foreign merchants.

To be Decorated.

Paris, Sept 11. It is reported the successor of King Tudue of Annam will receive the Grand Cordon of the Legion of Honor from France and two ministers who signed treaty of Hue will be made Commanders of that order.

Pastoral against Jew-Baiting.

Pesth, Sept 11. The Bishop of Veszpreim has issued a pastoral declaring Jew baiting most unchristian, and exhorting the clergy to endeavor to divert their flocks from such a dangerous path.

Obit.

Paris, Sept 11. Henri Conscience, the Belgian writer is dead, aged 71.

ISLAND OF HAYTI.

Revolutionists Issue a Declaration of Independence.

Jacmel, Sept 11. The Revolutionists have published a manifesto after the model of the American declaration of independence, declaring Solomon president, and demanding liberty. The insurgents claim that they defeated the government forces recently.

Another War Vessel at Hand.

Fox River, Sept 11. A frigate passed inward at 11 a.m.

The Versailles Commission entrusted with the selection of a pattern for a repeating rifle, with which it is intended to provide the French army, have not yet made their report, it having been found that great care will be required in fixing upon an arm meeting all the requirements of modern warfare.

The Pope, in a letter to two of the cardinals, protests against the accusation that the Papacy is inimical to the greatness of Italy, and requests them to make researches in the Vatican archives to disprove the charge.

50,000 dozen of eggs were sent from Annapolis, Nova Scotia, to Boston last week.

It is reported that some Mormons have settled in the North West.

EPH'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Dr. J. C. Epps' Cocoa.—Made simply with boiling water or milk. Sold only in Packets and Tins (1lb and 1lb.), by Grocers, Retailers, JAMES EPPS & CO., Homoeopathic Chemists, London, England.—Also makers of Epps' Chocolate & Cocoa. Sept 11/88-36

THIS EVENING'S TELEGRAMS.

Great Damage to Crops by the Late Frost.

HARBOR IMPROVEMENTS.

Fatally Bitten by a Cat—Wrestlers Wrestling.

A DUEL WITH RAPIERS.

Damage to Crops by Frost.

Chicago, Sept 11. The Farmer's Review says frosts of greater or less severity have been experienced throughout Minnesota, Wisconsin, Northern and Northeastern Iowa, Northern Illinois and Indian a and the entire State of Michigan. It will be safe to estimate the injury is the territory named at 25 per cent. of the estimated crop. It may exceed this. Tobacco, hops, tomatoes and other tender vegetables, as well as the grapes, are greatly injured or ruined.

Costly Harbor Improvements.

Washington, Sept 11. The aggregate expenditures of the Government for the past 80 years for the new harbor improvements were one hundred and five million dollars. New York received \$9,819,000; Michigan \$7,915,000; Wisconsin, \$6,066,000; Illinois, \$9,819,000; Missouri \$5,445,000. These figures show that the complaint that the Southern and Western States have been slighted are unfounded.

Champion Wrestlers.

Cleveland, Sept 11. In the champion wrestling match yesterday Duncan Ross defeated M. Thomson, of Rochester, and D. S. Gallagher, Buffalo.

Philadelphia, Sept 11. Owen McCarty, American light-weight champion wrestler, in a successive contest yesterday with Harry Howard, Wm. Coup and Wm. Twomly, heavy weights, vanquished them all.

Fatally Bitten by a Cat.

Atlanta, Sept 11. A strange cat, picked up by a Mr. Ellis, became wild on Sunday and bit Ellis on the toe, severely bit Miss Ellis on the calf, and lacerated a colored child probably fatally.

A Duel with Rapiers.

New Orleans, Sept 11. Sunday night two creoles named Florence and Flannery fought with rapiers. After fencing for 87 minutes the duel ended with a wound in Flannery's arm.

SHIPPING INTELLIGENCE.

Port of Quebec.

ARRIVED. Sept 11. SS Ontario, McAulay, Liverpool, W Macpherson, gen. — Manitoban, Macnicol, Glasgow, Allans, Rae & co, gen. Ship Kommander Srend Foyn, Bruyde, London, Bryant, Powis & Bryant, bal. Bark Robert Kerr, Edwards, Rio Janeiro, M Fry & co, bal. — Agenoria, Knill, Newcastle, DeWolf & Powell, bal. — Vicksburg, Watson, Leith, R R Dobell & co, bal.

THE STRANGER IN LONDON.—That the great City will ere long be hardly recognisable by its former denizens, all the world knows. The visitor passing up the Thames now finds his eyes gratified by the many handsome edifices recently erected. As he reaches the famous Victoria Embankment, there rises over him on the right hand the new Times office, and on the left hand the new tower crowned works of Messrs. James Epps & Co., both phases of Italian architecture. It may be said that these two buildings are types of the far-reaching business energy of the nineteenth century, for it has resulted from such means that these two establishments have brought themselves to the fore, and that the annual issue of each has come to be estimated by millions. During the last year, the number of copies of the Times issued is estimated at 16,276,000, while the number of packets of Epps' Cocoa sent off in the same period is computed at 14,749,695. The latter is a large total, when it is borne in mind that in 1830 the consumption of Cocoa throughout the whole kingdom was but 425,382 lbs., there then existing no preparation of it such as this, which by the simple addition of boiling water would yield a palatable drink. Truly time may be said to work many changes. Sept 11/88-36-Jaw

KIDNEY DISEASE.

Pain, Irritation, Retention, Incontinence, Deposits, Gravel, &c., cured by Buchuparba. \$1

A CANADIAN HONOURER.

Mr. H. C. R. Becher, Q. C., of London, Ont., a Benchor of the Law Society, was called to the Bar of the Inner Temple, London, England, about two months ago.

TEMPERATURE.—The following is the temperature (Fahrenheit) during each day, by Negretti and Zambra thermometer, in the shade, at The Mercury Office, 20 feet above spring tide level:—

Table with columns for Date, Min., Max., Wind, and Sky. Rows show data for Sept 1, 2, 3, 4, 5, 6, 7, 8, 9, 10.

For four years I suffered agony from a skin disease. Dr. Benson's Skin Cure cured me. C. B. McDonald, Plastererville, Ala. \$1 at druggists.

ALLAN LINE.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers.

A Terrible Cough Cured. 'In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed eight days without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved me the next morning.

Croup—A Mother's Tribute. 'While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation.

'I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.

'I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL.

'I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung trouble.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

June 8, 1883.
