

British Troops in Flanders Resume Attack on Foe

Haig's Troops Attack Germans on a Six Mile Front To-Day

Satisfactory Progress Being Made. New Effort is Being Pushed in Same Region as Attack on Tuesday in Flanders. Object is to Clear Germans From Remaining Positions on Ridge East of Ypres.

LONDON, Oct. 12.—The British troops in Flanders attacked the Germans this morning on a front of about six miles northeast of Ypres. They are reported to be making satisfactory progress. Rain fell heavily during last night.

BERLIN, Oct. 12, via London.—Fresh attacks were begun on a wide front, in Flanders today by the Entente forces, after drumfire had been directed on the area from the Lys to the Ypres-Menin Road, army headquarters announces.

LONDON, Oct. 12.—Another air raid over Belgium was reported officially today. The statement follows: "Naval aircraft dropped many bombs on the Sharappelhock airdrome yesterday afternoon despite heavy clouds and rain. All our machines returned."

LONDON, Oct. 11 (delayed)—Heavy artillery fighting is reported in the official statement given out here tonight. Three German airplanes were destroyed, and two others were driven down out of control. The British lost four machines.

Field Marshal Haig's next effort is being pushed in the same region as the attack of Tuesday in which the British in co-operation with the French, drove back the Germans along a front of seven miles and captured more than two thousand prisoners. It is probable that the present effort is an attempt to clear the Germans from the remaining portions of the dominant ridge east of Ypres. Tuesday's attack gave the British more ground on the ridge, and left the Germans with only a small section in the region of Passchendaele. The British now hold most of the good positions on the ridge, from which they dominate, with their artillery, the important Roulers-Menin railway and the Menin Road, towns of Roulers, Staden and Menin. Apparently the present drive is being conducted under weather conditions similar to those existing Tuesday. Following several days of heavy rain Field Marshal Haig threw his men forward and surprised the Germans, who did not think that the British would attempt to attack while the battlefield was waterlogged.

ENEMY TROOPS BEING USED UP

LONDON, Oct. 12.—Reuter's correspondent at British headquarters in France telegraphed yesterday: "The following interesting report is given as an example of how enemy troops are being used up: "Case of the 234th Prussian Division—This latter was raised in January, and sent to the west front in April, to the northwest of St. Quentin. They were immediately heavily attacked by the British. These lads of the 1918 class, were badly shaken by a whirlwind bombardment, which inflicted heavy casualties, while one regiment lost many prisoners. The division appeared in September on the Ypres front, being thrown in to counter-attack us on September 20th and being repulsed. Again on September 28th some elements of the same division were completely shattered. The result is that the division exists only in name. Several of the officers, who were not trusted by the non-coms, have been retired. This is interesting, because of etainordiludlu interesting because it is a reminder that the old German officer class has almost entirely been used up."

FRENCH REPULSE GERMAN EFFORTS TO REGAIN GROUND

PARIS, Oct. 12.—"The night was marked by great activity of the artillery and by a series of German efforts at various points on the front," says today's official statement. "West of Cerny we repulsed an enemy attack, while a detailed operation carried out by us north of Noi-

EVERYTHING GOING WELL WITH BRITISH

By 7.45 o'clock this morning reports were received that everything was going well with today's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging eight hundred yards or more. Prisoners are beginning to come in already, although slowly, owing to the condition of the ground.

OPTIMISTIC REVIEW OF PAST WEEK'S WORK

LONDON, October 12.—Major General Frederick B. Maurice, chief director of military operations at the War Office, in his weekly talk yesterday with the Associated Press, after an optimistic review of the past week's work on the British front in Flanders, said: "We have every right to be confident when we see what our men have

ALLIED FORCES PREDOMINATE OVER ENEMY

Former Premier Asquith Declares That Relative Power of Endurance is With the Allies.

LONDON, Oct. 12.—Addressing a war-aims meeting at Liverpool last night former Premier Asquith referred to recent declarations by German statesmen and writers, and said that his previously expressed skepticism regarding the Reichstag's peace resolutions was justified by the event, for the German parties had been squabbling ever since with infinite acrimony concerning its orthodox interpretation, and confusion had become worse confounded with the publication of the Chancellor's reply to the Papal note.

Doubtless, said Mr. Asquith, in both Germany and Austria there was a widespread and genuine desire for peace, and in the Reichstag itself, slender as were its powers and divided its counsels, there were indications of a growing spirit of revolt against the government methods. "But," continued Mr. Asquith, "the dominant fact with which it has to deal has neither German public opinion nor the German parliament, but the German Government. Does that Government mean business? Is its desire for peace sincere? Depend upon it, the world will never find the way to peace through a morass of equivocations and ambiguities. Plain questions and concrete cases are studiously avoided. We are left in the dimness of a rhetorical twilight, and we are asked to lay down our arms without other safeguard than that we shall be offering a unique exhibition of the three virtues, faith, hope and charity."

Admitting that nobody pretends that it would be right for either side to formulate an ultimatum, detailed and exhaustive, which must be accepted chapter and verse as an indispensable condition of peace, and that many things must be left for a convention and adjustment by negotiation, Mr. Asquith declared that at the time the Allies must be resolute and definite in their assertion of the means whereby peace must be attained.

He referred to the speech of the German Foreign Secretary Dr. Von Kuehlmann, respecting Alsace-Lorraine, and said: "German diplomacy is not celebrated for definiteness, but even in its annals it will be difficult to find a more clumsy or more transparent manoeuvre than this maladroitness to sow discord between ourselves and our French allies. Von Kuehlmann relegates the Belgian question to a secondary position. "I have formerly asked whether Germany was ready to restore Belgium in the only real sense acceptable to the allies, but I have received no answer, and Von Kuehlmann, who can beboisterously definite and precise concerning Alsace-Lorraine, preserves, regarding Belgium, an unbroken, but significant silence."

Concluding with an illusion to the general situation, Mr. Asquith said: "If it is to be a contest of endurance we have no reason to lose heart or hope. During the last fortnight our unconquerable troops have been doing great things both in Flanders and Mesopotamia. There is still need of economy and good organization in the consumption of necessary commodities, but not the slightest danger of our being starved into submission. "Take the allies as a whole, including America, whose contribution to the common stock becomes every month a factor in the growing quietude—survey the relative powers of endurance of the two sides; measure them by any standard, naval, military, or economic, and after you have made allowance for every dubious or hazardous contingency, even for the temporary paralysis of Russia, as an aggressive force, can there be doubt that the material, no less than the moral, preponderance rests manifestly and increasingly with our cause?"

URUGUAY MINISTER ASKS FOR PASSPORTS

AMSTERDAM, Oct. 12.—The Uruguayan charge d'Affaires in Berlin has notified the German Foreign Office that relations between Uruguay and Germany have been severed, according to a despatch received from Berlin. The despatch adds that the charge also requested his passports.

BRITISH MORTGAGES ON U. S. FARMS

WASHINGTON, Oct. 12.—Great Britain will rescind instructions issued last January to British mortgage companies in this country not to renew mortgages on American farms, but to place the money at the disposal of British authorities for war purposes. Approximately \$100,000,000 in British capital has been invested in farm mortgages in the South and Middle West, and had the companies called the loans it was feared many farmers would have been financially embarrassed.

Summary of To-Day's War News

(Associated Press Despatch) "The British steam roller goes uphill very slowly, but it is now going downhill, and battles are following each other more and more rapidly," said Major-General Maurice, Director of Operations, at the British War Office yesterday. The truth of this assertion was driven home less than 24 hours after it was made, by the beginning this morning of another British attack in Flanders. Only three days had elapsed since the last attack, made on Tuesday. Tuesday's push was launched after a four-day pause, the last previous drive having been carried out the preceding Thursday. Previously, intervals of a week or more had elapsed between the British attacks. Good progress was reported early by Field Marshal Haig along the six-mile front north-east of Ypres on which today's assault is being delivered. Apparently the objective is the remainder of the ridge commanding the Flanders plain, over the dominant points of which the British have already passed and are driving downward. Another remarkable fact in connection with the present series of drives is that each is now apparently being made regardless of weather conditions.

EAST ANGUS GIRL LOSES LIFE IN FIRE

Miss Robidoux Overcome By Smoke When Attempting to Escape By Window. EAST ANGUS, Oct. 12.—(Special) Miss Robidoux lost her life in a fire which broke out about two o'clock this morning in the building owned by Mr. H. Therrien and in which are situated the bakery and dwelling occupied by Mr. Lacroix and a tenement occupied by Mr. Louis Robidoux and his cousin, the unfortunate victim of the fire. When the outbreak was discovered, two young men employed at the Brompton Pulp and Paper Co. procured ladders and endeavored to rescue Miss Robidoux. They broke the window of her room to force an entrance, but were driven back by the dense smoke. The victim's body was afterwards found near the window, she having been suffocated by the smoke when trying to get through the window. Deceased was only 22 years of age. Mr. Robidoux managed to save his life by jumping through another window. The inside of the building was completely gutted. The origin of the outbreak is unknown.

BURDEN OF WAR FALLS HEAVILY ON GT. BRITAIN

Premier Lloyd George Calls on Farmers to Produce More and Thus Leave More Food With Allies. LONDON, Oct. 12.—To a deputation of farmers who called on him in London Tuesday Premier Lloyd George paid warm tribute to the great efforts of the farmers in the matter of food production. He defended them from the charge of profiteering, but added that he wanted to appeal to them to assist the Government in this very critical stage of the war, for they were fighting on one of the most important fronts, and if that front was broken the whole system of defence would collapse. This appeal, the Premier said, was not due to anxiety on account of the activity of submarines, but owing to the skill and courage of operations being conducted, that menace was diminishing rapidly, and the fact that the British net losses during the last month were less than in any similar period of time since September, 1916. "Our anxiety," the Premier added, "is due to the fact that the available world's supply of food is less than it has been for years. France and Italy are both in the world market for a larger proportion of cereals than ever, while Australia has been ruled out as a provider owing to its distance from the consuming nations. Hence, it is incumbent on the British farmers that they do their utmost to make the country self-sustaining. "I believe this war is depending more and more on these little islands. Week by week I see the burdens falling more heavily on the shoulders of Great Britain, but I also see Great Britain straightening up to bear it. The enemy is not going to starve us, but that it not enough. We must produce such quantities of food that we will not need to go into the American market and snatch food out of the mouths of our allies."

RUSSIANS WILL NOT FRATERNIZE WITH GERMANS

All Enemy Efforts Have Been Met With Failure Says War Office. (Associated Press Despatch) PETROGRAD, October 12.—Austro-German troops are renewing their attempts to fraternize with the Russians, but so far every effort has been met with failure, according to a statement issued by the Russian War Office based on reports from the front. The general situation is quiet, although some of the armies, as well as some of the Cossack units, still act with some suspicion toward the commanding staff. The question of peace is said to agitate the great mass of the Russian soldiers. At some places there is agitation against capital punishment, but at the same time demands are made that punishment in the rear of the fighting front be enforced with the greater strictness. The cases where orders are discussed, or not carried out, are comparatively rare, the soldiers not obeying orders usually being brought to trial. The War Office announces with regret that the evil influences of the gendarmes and police still asserts itself. No motions were dropped to isolate these elements. Complaints of want of discipline among new recruits are still numerous. The majority of the bodies elected by the soldiers themselves is increasing daily. The soldiers are reported to often express desires for constructive literature. On the Roumanian front the idea of a strictly socialistic government, has not gained popularity. The general opinion of the army there is that a coalition government which would unite all factions should be formed.

DEMobilIZATION OF SURPLUS TROOPS

The demobilization of superfluous troops attached to the Russian army has begun. The classes called for the years 1894-96, which include the men 43 and 44 years of age are to be relieved from duty. The men are being sent to their home villages in special trains, committees at the various towns on the way assisting in their return.

NEW QUARTERS FOR EX-CZAR

PETROGRAD, Oct. 12.—Nicholas Romanoff, the former Emperor of Russia, and his family have been transferred from Tobolsk, Siberia, to the Abolok Monastery, fourteen miles from Tobolsk. The transfer was made at the request of the former Emperor. He complained that his Tobolsk prison had no garden in which he could exercise, and also that he and his family were annoyed by the curious crowds which surrounded the house all day long.

A. J. BOYD AT SWEETSBURG

Takes Speedy Trial Today. Will Be Sentenced in Sherbrooke Tomorrow on Another Charge. Mr. George H. Barthe, keeper of the Sherbrooke jail, left this morning for Sweetzburg in charge of Allan J. Boyd, under an order from the District Magistrate of Bedford to take him there for trial upon an indictment charging him with obtaining by false representations a promissory note for \$500 from David Garrick at Dunham. It will be remembered that when Boyd opted for a speedy trial at Sweetzburg before the District Magistrate on September 24, he pleaded not guilty, and his trial was fixed for today. He was afterwards released on bail, but was subsequently re-arrested and convicted at Sherbrooke on another charge and remanded to jail for sentence until tomorrow.

MEMBERS WHO RETIRE

The members retiring from the Cabinet are Hon. J. D. Hazen, who will become Chief Justice of New Brunswick; Sir George Perley, to accept the High Commissionership in London; Hon. Dr. Roche, to the chairmanship of the Civil Service Board; Hon. T. W. Crothers, who will accept a judgeship; Hon. Frank Cochrane, who resigns his portfolio, but remains as a member of the Privy Council; Hon. Robert Rogers and Hon. E. L. Patenaude retired from the Cabinet some months ago. Negotiations for a Union Government commenced shortly after the introduction of the Military Service Act, when Sir Robert Borden proposed a coalition with Sir Wilfrid Laurier to form a National Government. Sir Wilfrid refused the offer. An attempt was then made to coalesce with the conscriptionist Liberals in Parliament, which was another failure. Sir Robert persisted in his determination to form a National Government, but the western convention at Winnipeg seemed to have completely blocked the way. Shortly after that famous convention negotiations were opened with the Western Liberal leaders and Messrs. Calder, Sifton, Crerar and Woods came to Ottawa. An agreement was reached, subject to the approval of the Western friends of these gentlemen. When they returned West they wired Sir Robert Borden, refusing to enter a Union Government under his leadership, and suggesting another leader. For a time negotiations were dropped with Messrs. Sifton, Crerar and Calder, and Sir Robert Borden brought into his Cabinet Hon. C. C. Ballantyne, Montreal, and Hon. Hugh Guthrie, Guelph, and arrangements were made to include General Mewburn, of Hamilton. The Western Liberals about two weeks ago reopened negotiations, and Hon. J. A. Calder and Hon. A. L. Sifton arrived in the capital. The result of this second visit is the Cabinet formed last night. Sir Wilfrid Laurier will retain the Liberal leadership, with many of his former parliamentary supporters still with him. His chief supporters will be E. M. MacDonald, Nova Scotia;

WEATHER REPORT

SATURDAY, CLEARING AND COLD. The depression which was over Minnesota yesterday morning is now centered over Lake Huron, with increasing energy, while the cold wave has drawn southwards to Dakota. In the west the weather has been fair and cold. Elsewhere in Canada rain has fallen in nearly all localities. Ottawa Valley and Upper St. Lawrence—Strong winds and rains, gradually shifting to north and west with rain, turning in some localities to sleet or snow. Saturday, northwest to north winds at gradually decreasing, clearing and cold.

UNION GOVERNMENT HAS BEEN FORMED AT OTTAWA

Decision Reached Last Evening After Months of Negotiations. Nine Liberals Enter Cabinet. Portfolios Have Not Yet Been Settled.

OTTAWA, Oct. 12.—After several months of negotiation between Sir Robert Borden and the leaders of the War Liberals, a Union Government was formed last night. While there was a majority of Conservatives in the new Cabinet, it is understood that the Liberal members are satisfied with their representation as being very generous in proportion to the support which will be accorded the new administration by each party. Of the old administration, Sir Robert Borden, Sir Thomas White, Hon. Arthur Meighen, Sir George Foster, Sir Edward Kemp, Sir James Loughheed, Hon. Frank Cochrane, Hon. J. D. Reid, Hon. C. J. Doherty, Hon. Martin Burrell, Hon. Albert Seigny and Hon. Pierre Blondin remain in the Government, as well as Hon. C. C. Ballantyne and Hon. Hugh Guthrie, who became members last week. The new members are Hon. A. L. Sifton, Premier of Alberta; Hon. Jas. A. Calder, Minister of Public Works, Saskatchewan; T. A. Crerar, Winnipeg; General Mewburn, Hamilton; N. W. Rowell, leader of the Ontario provincial Liberal party; F. B. Carvell, New Brunswick, and Premier George Murray, Nova Scotia, who will retire from the premiership of that province and then join the Union Government. Hon. F. B. McCurdy, Parliamentary Secretary of Militia and Defence, and Hon. Hugh Clark, Parliamentary Secretary of the Department of External Affairs, retain their respective offices.

In the new Cabinet are twelve Conservatives and nine Liberals, but Hon. Frank Cochrane, who retires from the Department of Railways and Canals, is without portfolio and will shortly take the chairmanship of the Board of Management of the Canadian Northern Railway. MEMBERS WHO RETIRE. The members retiring from the Cabinet are Hon. J. D. Hazen, who will become Chief Justice of New Brunswick; Sir George Perley, to accept the High Commissionership in London; Hon. Dr. Roche, to the chairmanship of the Civil Service Board; Hon. T. W. Crothers, who will accept a judgeship; Hon. Frank Cochrane, who resigns his portfolio, but remains as a member of the Privy Council; Hon. Robert Rogers and Hon. E. L. Patenaude retired from the Cabinet some months ago. Negotiations for a Union Government commenced shortly after the introduction of the Military Service Act, when Sir Robert Borden proposed a coalition with Sir Wilfrid Laurier to form a National Government. Sir Wilfrid refused the offer. An attempt was then made to coalesce with the conscriptionist Liberals in Parliament, which was another failure. Sir Robert persisted in his determination to form a National Government, but the western convention at Winnipeg seemed to have completely blocked the way. Shortly after that famous convention negotiations were opened with the Western Liberal leaders and Messrs. Calder, Sifton, Crerar and Woods came to Ottawa. An agreement was reached, subject to the approval of the Western friends of these gentlemen. When they returned West they wired Sir Robert Borden, refusing to enter a Union Government under his leadership, and suggesting another leader. For a time negotiations were dropped with Messrs. Sifton arrived in the capital. The result of this second visit is the Cabinet formed last night. Sir Wilfrid Laurier will retain the Liberal leadership, with many of his former parliamentary supporters still with him. His chief supporters will be E. M. MacDonald, Nova Scotia;

WAR COUNCIL

There will be a war council and some of the members without portfolio will be members of it. The portfolios are not yet definitely allotted, but the foregoing is considered the most likely division. All day there was the greatest anxiety displayed by the parties interested in Union Government. It is understood that all the members mentioned had agreed to enter the Cabinet with the exception of Hon. George H. Murray, who did not arrive here until last evening. On his arrival he was met by Hon. W. S. Fielding, who is an opponent of his coalition. The Nova Scotia Premier refused to acknowledge that he was entering the Government, but it is understood he will do so after resigning the Nova Scotia premiership and arranging for his successor. The western representation is to be on an equal basis, three Liberals and three Conservatives. The Liberals are Messrs. Solder, Sifton and Crerar, and Conservatives, Sir James Loughheed and Messrs. Burrell and Meighen.

STATEMENT ISSUED

It had been anticipated that the new Cabinet would be definitely sworn in during the evening. It was stated that the Liberals had agreed to come in, and the question was now simply one of the distribution of portfolios. But as the evening wore on the Liberals remained in conference at the Chateau Laurier, and it was not until after 1 o'clock this (Friday) morning that Hon. N. W. Rowell, leader of the Ontario Opposition, and Hon. J. A. Calder, of Regina, appeared at the Cabinet Council room. There a statement was drafted which had the concurrence of the Prime Minister and of the representatives of the Liberals who attended in conference. The statement reads: "The delays incidental to the formation of a Union Government are no more than might have been expected, as the difficulties are immeasurably greater than those which occurred in the formation of a strictly party Government. The conferences which have taken place during the past four days have been characterized by a very earnest and sincere purpose on the part of all concerned to bring about the formation of a union or national Government. It is anticipated that full details will be communicated to the press sometime Friday, but in the meantime the announcement is definitely made that

CANTERBURY

Mrs. George Bennett has returned from Lennoxville.

Last Wednesday evening Mr. and Mrs. Dan McLean were pleasantly surprised by their neighbors and friends gathering at their home to wish them good-bye as Mr. McLean has sold his farm and is moving to Lingwick.

A farewell party was held in the Hall on Friday evening for Mr. and Mrs. Eugene Coates before their departure for North Hatley where Mr. Coates has rented a farm. The evening was pleasantly spent in games and dancing a lunch being served. Mr. and Mrs. Coates were presented with a purse from their friends. Mr. Coates thanked his friends for their kindness and good wishes.

WESTBURY

Mrs. James Baldwin and little son, Maurice, spending the week in Bishop's Crossing, with friends; Mrs. M. Heath, and daughter, Miss Minnie Heath, are visiting in Montreal for a few weeks; Mrs. H. J. Rolfe and Mrs. H. Denison were in the city on Tuesday.

School opened here on Tuesday with Miss Inez Rowe as teacher. Miss Rowe will make her home with Mrs. Stacey.

Threshing has been the order of the day here. Grain is reported to be somewhat below the average.

end; Miss K. I. McDonald home from Scotland, the week-end with Miss Jennie Mayhew; Mr. and Mrs. M. McRitchie and little son back from Sawyerville; Miss M. McKay called to Bishop's Crossing.

Mr. Leslie McKay killed a bear on Monday.

Mr. John Graham, of Milan, at Mr. D. Gillies' the week-end; Mr. Kenneth Smith, of Sherbrooke, home for the week-end with his brothers and sisters.

Mr. A. G. McKay sold a horse, for which he got \$245.

WAY'S MILLS

The social held by the Homemakers on October 6th., to decide who was to have the quilt that the little girls have pieced under their direction, was, notwithstanding the dark rainy night, much credit is due the children who furnished the entertaining. There was a patriotic drill, recitations, dialogues, besides several recitations by the small girls and two of the boys.

Thanks should also be given the teacher, Miss Smith and Miss Libby, who spared no pains in training of the children. Tickets at 5 cents each to the amount of 4800 were sold mostly by the little girls, and the money from the supper amounted to \$10.30 which, when expenses were paid, will leave them about \$50 for "Red Cross" work. Mrs. Will Brown, of Way's Mills, had the lucky number.

Miss Iris Daniels spent a couple of days with her friend, Miss Daisy Scribner, Libbytown; Miss Gertrude Smith is visiting her brother, Mr. Ralph Smith, in Roxbury, Mass.

A few neighbors called at the home of Mr. Geo. Dustin on Thursday evening to say good-bye as they have sold their farm and will move to Lennoxville to work on a farm. Mr. Claude Hovey, who has been quite ill, is better. His daughter, Nurse Doris Hovey, of Bury, is at home, also Miss Marie Hovey, of Rock Island, spent Sunday at her home here.

DIXVILLE

Mr. Archie Straw, of Worcester, Vt., is visiting relatives in town; Miss Stella Anger, of Coaticook, was a recent guest of her aunt, Mrs. Hollis Norris; Miss Frances Mayhew of Island Pond, Vt., spent the week-end with her parents, Mr. and Mrs. Geo. W. Mayhew.

Mr. Arthur Rogers who enlisted and went overseas with the first Canadian Contingent, arrived in town last week on leave. Mr. Rogers has seen considerable active service having been gassed and has been in hospital since February last. He spent 22 months in the trenches and at one time a shell struck the dugout where he was, killing his five companions.

LADD'S MILLS

Arrivals: Mrs. Beattie, of Alberta, with her daughter, Mrs. A. K. Grady; Mr. J. Beattie, of Sherbrooke; Miss Grady, of Marlton, and Miss Helena Grady, Thanksgiving with Mr. and Mrs. A. K. Grady; Mrs. W. McKnab, and sister, Miss Whiting, of Sherbrooke, the holiday with Mr. and Mrs. Cartwright; Mr. Lyons, gone to Lancaster, N. H.; Mr. Mrs., and Master Sharon Molony, home from Lingwick, where they visited Mr. Molony's sister, Mrs. J. D. McRichie.

The potatoes are not all gathered around here yet. They are a very light crop.

COOKSHIRE

Tickets for the Madam Kalna concert are on sale at Houle's Drug Store, Cookshire.

BUDGET OF NEWS FROM MAGOG NORTH HATLEY NOTES OF NEWS

Sign of Winter When Mount Orford is Snow Capped.

MAGOG, Oct. 12.—(Special)—A number of flocks of wild geese have been seen on the lake here during the past week or so. Old residents claim this to be a sign of an early winter.

QUIET THANKSGIVING DAY. Thanksgiving Day passed off quietly here, all the business places and manufacturing keeping open as usual. In fact the day was not an ideal holiday, as it rained during the major portion of it.

MOUNT ORFORD SNOW CAPPED. Old Orford's top was snow capped on Tuesday morning of this week. While this does not constitute a record, as some years it is capped during the latter days of September, it is nevertheless quite early. Six weeks, according to the local sayings, from this date winter will be here.

SCHOOL CLOSED. The Magog High School was closed the latter part of last week to permit the teachers to attend the teachers' convention held in Montreal during last week. Monday being Thanksgiving Day, the school did not reopen until Tuesday morning.

CHRISTMAS BOXES FOR SOLDIERS. The members of the local Ladies' Patriotic Society are and have been busily engaged making and packing Christmas boxes for the Magog boys now at the front. Between sixty and seventy boxes have been packed and addressed, a peculiar feature being that no two of the boys have the same address, whereas when they left here they were for the major portion grouped in two or three different regiments. The demands and changes brought about by the war have, however, altered all these arrangements.

ANNUAL SUPPER. The annual Thanksgiving supper held under the auspices of the Women's Guild of St. Luke's Church was held in the church hall on Wednesday evening, followed by a programme and entertainment. This annual supper has never failed to draw a full house, although this year, as is common with social events of this nature, the net financial returns are seriously curtailed over that of former years, owing to the high prices prevailing. The social benefits accruing from these cannot, however, be measured in dollars and cents.

ANNUAL BAZAAR. The bazaar which is being held in the basement of St. Patrick's Church this week is drawing large crowds nightly, and the outlook is bright for those who have the affair in hand.

NOTES. Mr. A. Needham, of Knowlton, was in town a few hours on Tuesday, en route to Stanstead.

Mr. Heriot, of the Hermitage Club, returned to Montreal on Tuesday of this week after having spent the summer months at his summer residence on the Hermitage grounds.

Messrs. A. D. Martin and E. A. Martin have returned home from a trip to the Northwest, where they have been looking after their interests for the past few weeks.

Mr. A. Needham, of Knowlton, was in town a few hours on Tuesday, en route to Stanstead.

Mr. Heriot, of the Hermitage Club, returned to Montreal on Tuesday of this week after having spent the summer months at his summer residence on the Hermitage grounds.

MEGANTIC CO. HAPPENINGS

Budget of News From Various Sections of the Country.

KENNEBEC ROAD. Last week was very wet and those having grain out and cut could not get it in. Those through harvesting and having land to plow found it to their advantage.

Potato digging is very discouraging, even where the crop is the best in the locality. If a man plows 10 bushels he is fortunate if he gets from 25 to 30 bushels in return. They are not only few in number, but many are rotten.

A building erected a few years ago, and used for a butter factory, has failed to pay either owner or patrons, and so has been pulled down to be used for other purposes. Other buildings are being erected; one new dwelling house, close to the line between what used to be the Wm. Cathcart property and the "Grass Land," for a home for a young couple who, according to report, are to be married shortly.

Some of the ladies are busy making Christmas cakes and other things, which they intend sending to overseas soldiers.

In some things prices are very high here compared with what they are elsewhere; in other things they are very low; an example of this we have just had. Three calves were being kept and fed for the market, but no butcher or dealer would give what was considered near their value, not even \$5 each for them. The owners, who are acquainted with some business men in Quebec, crated the three and sent them by train. Their total live weight was 533 lbs.; when dressed the meat weighed 344 lbs., and a cheque was sent the owners—\$72.66.

Of course a certain amount of expenses had to be deducted from the amount of the cheque, but even then their actual value was more than double what would be received for them here.

ST. PATRICK'S, BEAURIVAGE.

Mr. M. Allan is slowly improving after his recent illness.

Mrs. John Fitzgerald, of Thetford Mines, was visiting her sister, Mrs. T. Begley, last week.

Quite a number from this place attended the funeral of Mr. Henry Gorman at St. Sylvester on Saturday last. Some farmers are having difficulty of the wet weather.

The butter factory here is doing a fine business at present and good prices are given for milk.

Annual Meeting of Universalist Church. Very Encouraging Reports Submitted.

NORTH HATLEY, Oct. 12.—(Special)—The annual meeting of the Universalist Church was held Tuesday evening. The meeting was among the best in attendance during recent years and the reports from the Sunday School, Ladies' Aid, the Young People's Society, showed good progress for the year. The following officers were elected: Board of Trustees: Messrs. Fred L. LeBaron, Thomas V. Reed and J. B. Reed; Wardens and Stewards, Mr. W. E. LeBaron and Jas. B. Reed; Sec.-Treas., Mr. W. E. LeBaron.

A resolution was passed that a committee of two be appointed by the chairman to take such necessary steps as to have the church incorporated under an act of the Provincial Government.

PROPERTY TRANSFERS. Mr. A. W. Bean has sold his residence on River street to Mr. F. H. Woodward, and has purchased Dr. C. J. Edgar's former residence on Main street, and will shortly take possession of same, as well as Mr. Woodward will soon move into his new property.

FOR PATRIOTIC WORK. There was a very enjoyable Patriotic social at Mr. Geo. Chamberlain's on Monday evening. Proceeds for the above society, \$10.50.

THE LATE MRS. TATHAM. The funeral service for the late Mrs. Tatham was held at the Union Church at Reed's Crossing on Monday afternoon. Rev. E. E. Margraf officiated, assisted by Mr. Cowans, Methodist student of the Minton circuit. Many relatives, friends and neighbors were in attendance to show their last tribute of respect to one who had been a great sufferer for six years. The interment took place in the local cemetery. Much sympathy is felt for the bereaved ones.

NOTES. Mr. B. A. Blossom and Mrs. A. F. Jackson have returned from a month's stay at Old Orchard, and Mrs. Blossom is now again confined to the bed by illness.

Mr. E. W. Katnan has returned from his vacation and taken up his duties at the Canadian Bank of Commerce.

Mr. B. A. Blossom, of Woodville, N.H., is spending a few days at his home here.

DANDRUFF MAKES HAIR FALL OUT

25 cent bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes! but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Ringworm on Child's Head

Caused Great Distress and Spread to Neck and Ears--Cure Was Speedily Effected When Right Treatment Was Recommended.

GRAND BEND, Ont., Oct. 12.—There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment.

This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yolk of an egg. The salve he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."

Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct."

Dr. Chase's Ointment, 60 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto. Be suspicious of the druggist who tries to talk you into accepting a substitute.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TONIGHT

Don't stay headachy, sick, or have bad breath and sour stomach.

Wake up feeling fine! Best laxative for men, women and children.

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two to-night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced? You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize you have taken a cathartic. Mothers should give Cascarets to their children any time—they act thoroughly and are harmless.

missionary work needed in the church and in his own diocese. Qu'Appelle. A collection was taken in behalf of the M. S. C.C. which amounted to over \$9.

The Rev. Dr. Harding, accompanied by the Rector, visited St. Helen's School on Thursday afternoon. His Lordship expressed his pleasure at seeing such a prosperous church school in the diocese, and said he considered it one of the best things for the church to have such schools, and that more were needed. His visit was much appreciated by the staff and pupils at the school.

The monthly meeting of the D.O.F. Hall on Thursday was well attended, although the day was very disagreeable. Mrs. S. A. Sweet, Mrs. Knowles, Mrs. Myron Bates and Miss Watson were hostesses. Proceeds amounted to \$8.50 for Red Cross.

Sunday last Thanksgiving services and music were used in both churches. The sacred edifices were made beautiful with the fruits of the land. Good congregations attended the services. Sunday evening, Mr. E. B. Watson read the services in All Saints' Rev. Mr. Coffin went to Bedford to take the service in St. James Church.

The ladies of the Methodist Church held their annual Thanksgiving supper on Monday evening. Autumn leaves in all their glorious tints were used to decorate the basement where the supper was held. After supper a short program was given in the church. The day and evening were both so disagreeable that the attendance was not so large as usual. Several local clergymen were expected to be present who were not able to do so. Rev. Mr. Knowles was chairman. The choir sang two anthems. Miss Helen and Master Herbert McElroy sang a duet; Rev. H. C. Brown, Freighsburg, and Mrs. A. Brown, a duet; Rev. Mr. Knowles, a solo. An address by Rev. Mr. Brown, who also gave two humorous readings. The meeting was closed with the benediction after the National Anthem was sung.

Sunday next, October 14th, Rev. Mr. Pergau, of Waterloo, will preach in the Methodist Church.

BIG EATERS GET KIDNEY TROUBLE

TAKE A GLASS OF SALTS BEFORE BREAKFAST IF YOUR BACK HURTS OR BLADDER BOTHERS YOU.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

EASTMAN

WHAT IS DOING AROUND WARDEN

Pte. John Tomlinson Returns From Front. Barn and Contents Destroyed.

WARDEN, Oct. 12.—(Special)—Pte. John Tomlinson, who enlisted and went overseas with the 148th Battalion, has returned on leave after having partaken of some heavy fighting, the result of which is a badly damaged arm. Pte. Tomlinson was present at the battle of Arras, and was welcomed by a hearty round of applause. It is hoped his arm may be benefited by treatment which he is to undergo in Montreal.

Mr. David Kittredge met with a great loss Wednesday night last when his barn and contents, hay and grain, were destroyed by fire. Much sympathy is expressed for him, as his health has broken down, and the family have been bereaved in the last few months by the loss of a son, but have been somewhat relieved by the return of another son after nineteen months as a German prisoner. It would seem that the family, as a whole, have had a heavy burden to bear.

WINNER OF SHETLAND PONY. Mr. Melvin Wilson was the fortunate one at the drawing in Waterloo for the Shetland pony, but having no taste for anything so small in the horse line, sold it back again to Mr. Perkins.

OLD RESIDENT PASSES. Mr. John T. Booth, who has for a long time resided with his daughter, Mrs. Robt. Maguire, died at her home on October 3 after a few days' illness of pneumonia, aged 92 years. The funeral was held here at the Methodist Church, Waterloo, burial taking place in West Shefford.

THANKSGIVING DINNER. The Thanksgiving dinner at the Methodist Church was a great success in every way. The dinner was quite up to the mark, as was also the programme. The sum of eighty dollars was realized.

Among those visiting here lately were: Miss Merrill, of Magog, guest of Miss Gladys Marston; Mr. Cochran, guest of Mr. and Mrs. W. G. Kneeland; Miss Mildred Marston, of Montreal, guest of Mr. and Mrs. C. S. Marston; Mr. McManus and daughter, Miss Kathleen, of Rock Forest, guests of Mr. and Mrs. John McManus; Mr. and Mrs. Albert Marston, of Montreal, guests of Mr. and Mrs. R. S. Marston; Mr. and Mrs. D. Lewis and son, of Granby, guests over Sunday of Mrs. E. Lewis; Mr. and Mrs. D. D. Shony, of Granby, recent guests of Mr. and Mrs. A. F. Bryant; Mr. C. W. Bryant, of Westfield, Vt., guest of his brother over Sunday; Mrs. Mary Bryant, of East Bolton, visiting relatives here; Nurse H. J. McCarthy, of Brightlook Hospital, St. Johnsbury, Vt., guest of Mr. and Mrs. A. F. Bryant and others; Mrs. J. R. Armstrong of Fulford, guest of her mother, Mrs. E. S. Brewer; Mr. Jas. Armstrong here for the dinner on Monday; Mr. and Mrs. H. H. Bede, of Knowlton, also present at the dinner on Monday; Mrs. McClatchen and son, of Montreal, guests of Mr. and Mrs. Robt. Maguire.

Mr. Myron E. Lewis was married on Monday to Miss Dora Beauregard. Mr. Weldon Lewis and Mr. Grant Kendall left last week to attend school at Grande Ligne.

Mr. Rufus Salsbury, of S. Stukely, and Mr. Edwin Salsbury, of Montreal, were visiting friends here over Sunday. The latter has enlisted in a medical corps and will soon don khaki.

Some one on Friday after a visit to relatives in the west, Miss Laura B.A., of Montreal, Mr. C. S. Powers, of Sherbrooke spent the week end with Mrs. Powers, Mrs. John Blake of Lyndonville, Vt., the guest of her brother, Mr. O. Scriber.

Miss Jessie Morrison returned home Tuesday morning after spending Thanksgiving with Mr. and Mrs. Marshall at Sutton.

A meeting of the Red Cross Society will be held at the home of Mrs. John Crawford Friday 12th inst. from 10 o'clock to 4 p.m.

BROME CENTRE

THANKSGIVING SERVICE
The Annual Thanksgiving Service was held last evening at the Church of the Advent, and was attended by a large number, several coming from the other side of the city and joining heartily in the service, which was fully choral. A special magnificent and Nunc Dimittis was sung, and the Anthem "Behold how good and joyful a thing it is" (Whitfield) was capably rendered by the choir. Rev. Mr. Russell of St. Peter's Church gave an eloquent address, using for his text "The Harvest is great, but the laborers are few." The Church was beautifully decorated with autumn leaves, grains, fruits, etc., and flowers upon the altar. The special offerings were for the widows and orphan's fund. The musical service will be repeated Sunday evening with address by Rev. H. R. Bigg rector of St. Peter's Church.

DUKE OF WELLINGTON CHAPTER I.O.D.E.

All Committees Active. Total Membership is Now 149.

A meeting of the Duke of Wellington Chapter I.O.D.E. was held on Wednesday afternoon at the Officers' Mess rooms. The Regent Mrs. S. W. Jenckes presided.

After the reading of the minutes, the reports of the different committees were received.

The convener of the Red Cross Circle announced that work would be ready for next week, and it was decided to continue these meetings on Wednesday from 2 p.m. until 5. It was earnestly hoped that every member would help either by coming to the meetings or by taking the work home.

The Magazine Circle reported 1437 magazines and books sent overseas since the June meeting.

The Circle still continues to hold its meetings on Monday and cordially invite any interested to come in and assist in the work, which has proved of great value in many ways. They are planning to form Branch Circles in the schools and among children's societies, with older members to superintend the work.

Reference was made to the cable in Monday's Gazette from the Canadian Field Comforts Commission, England appealing for more reading matter for the men. Not only do officers and men write enthusiastically of these magazines, booklets, etc., and their appreciation but matrons and nurses in hospitals find them of great use, and constantly ask for more.

"The Ways and Means" Committee reported gross receipts of exhibition week at the fair \$612.80 expenses \$41.95 making net proceeds \$570.80.

The Committee have under consideration a moving picture entertainment in the near future. At the request of the Regent the Nov. meeting will be a programme meeting and the Entertainment Committee will arrange a programme, while the members of the Magazine Circle will take charge of the tea. Two new members were nominated, and the Secretary reported that a recent revising of the list shows a membership of 149.

It was arranged to have the flour tickets take place at the Officers' Mess Room on Monday next at 5 o'clock.

After singing the National Anthem the meeting adjourned.

guests including many from the vicinity, and from St. Peter's parish occupying every seat. Later, the tables were relaid, and again well filled: fully one hundred being hospitably served.

Mrs. E. Oakes, president, and Mrs. L. Robinson, vice-president of the Guild, received the guests. Tea was poured by Mrs. W. J. Mead, and coffee by Mrs. Sharp. Mrs. Kigby was in charge of the tea arrangements; Mrs. John LeHurray and Mrs. Ineson of the sweets, and the tables were looked after with untiring assiduity by Mrs. Grosfield, Mrs. Wilson, Mrs. Stocks, Miss Olive LeHurray, Miss Oakes, Miss Edith Oakes, Miss Neil, Mr. Herron acted as cashier, and Mr. Hodder, of the Divinity School, Lennoxville, who is in charge of the Mission, assisted in doing the honors.

After supper and a pleasant social meeting in the Mission Hall, a very entertaining lecture was given by the Rev. Principal Parrock, of Bishop's College, Lennoxville, on a trip across the Mediterranean, illustrated by very clear lantern views. The lecturer took his hearers with him from Boston, whence he sailed to the group of charming tropical islands, the Azores, thence to Madeira, famous for its beautiful climate; and its popularity as a health resort; to Gibraltar, the great natural stronghold of the British Empire at the western end of the Mediterranean, which was described very vividly. Algiers was one of the most interesting places visited, a strange mixture of Europe and Africa. Naples, the last port of the ocean voyage, with its beautiful bay, dominated by the great volcano, Vesuvius, was dwelt upon in loving memory; a visit to Pompeii, the buried city, being made a special feature.

The screen pictures of all the places mentioned, were exceedingly good, including at the beginning of the lecture, one of Bishop's College, Lennoxville its turrets mirrored in the clear waters of the little river winding by the grounds, one of North Hatley, and one or two of Boston, a beautiful city in May.

Mr. Hodder, on behalf of the Mission Guild, thanked Dr. Parrock, for his interesting and instructive lecture and also expressed his pleasure, and that of the Guild, at the presence of so many visitors.

The National Anthem closed the evening. Mr. W. J. Mead did yeoman service by bringing the lecturer from Lennoxville and back, and by "speeding the parting guest" by taking parties home to the city.

LENNOXVILLE "Y" MEETING.

At the regular fortnightly meeting of the Lennoxville "Y," held at Mrs. Rexford's home on Tuesday evening last, final plans were made for the next meeting, which will take the form of a silver medal contest, followed by refreshments, to be held in the lecture room of the Methodist Church on Monday evening, October 22. Judges were named, a committee being appointed to interview the three whose names were proposed. Miss Kathleen Davenport and Miss Gladys Howe, of Sherbrooke, have consented to sing, and instrumental music is being arranged for. The medal and other prizes were reported ordered. Mr. Jack Dorner, recording secretary, has charge of the advertising. Refreshments, decoration and other committees were also chosen, showing that the work of the Society is bringing out the organization activities of the young people. Plans were made for the winter meetings, which will partake of a literary character, as well as keep the young members in touch with current events and every-day problems. A book was chosen for reading and discussion; also original essays will be contributed, with possibly short addresses on pertinent subjects. Mr. Leo Greene presided throughout the meeting. A delightful social hour followed the business meeting, coffee, sandwiches, cake and fruit adding to the enjoyment. A game of "charades" was then played, bringing out the thinking powers of the players, who all voted the evening a decided success.

ST. PAUL'S MISSION GUILD.

St. Paul's Mission Guild entertained last evening at a Thanksgiving supper which was one of the most successful of the kind given thus far by the faithful members. Four long tables were tastefully decorated with autumn foliage and flowers were arranged in the tea room beneath the hall which was brightly lighted, and an excellent menu was served to the

SPRING ROAD W.C.T.U.

Notwithstanding the unpleasant weather, the attendance at the October meeting of the local union held on October 4 at Mrs. J. L. Robinson's pleasant home was fairly large, five visitors being also present. Among these was Mrs. Frank Mitchell, president of Huntingville Union. Mrs. G. G. McCurdy presided, good reports being given. Mrs. Pearson, Red Cross superintendent, reported a movement to place song cards in all clothing, socks, etc., sent to the boys at the front, these being much appreciated by the soldiers whose long hours are then lightened by singing, especially Canadian songs. These cards can be had from Mrs. Pearson at a small cost. The official call to Buckingham Provincial Convention was read, but as the distance is considerable, no one felt that they could undertake the journey. A contribution for missions was voted; also for current temperance literature. Routine business, distribution of Red Cross material, knitting and social hall hour, during which the hostess, Mrs. Robinson, very kindly served tea and wholesome refreshments, filled the remainder of the afternoon. Adjournment followed an invitation to meet at the home of Mrs. C. E. Balley on November 8, which was gratefully accepted.

VIOLATION OF LICENSE ACT

Magog Hotelkeeper Fined \$100 and Costs By Judge Mulvena.

Omer Charbonneau, of Bolton, was charged by J. D. Hamel, of Magog, before Judge Mulvena yesterday, with petty theft. The complainant, through his attorney, declared he had no evidence; to offer in support of the charge, and asked leave to withdraw it. The accused was accordingly discharged.

MAGOG LIQUOR CASE.
P. A. Bissonnet, collector of Provincial Revenue, vs. J. L. Tetreault, hotelkeeper, of Magog, for selling liquor without a license. This case had been adjourned to secure the evidence of the bartender, Donat Ducharme, and Ovide Carreau, whose names had been mentioned as being present at the alleged infraction. The witness Ducharme did not appear when called, it being stated he had gone to the United States. The witness Carreau could not be found. The complainant testified to two infractions of the law, one by the defendant Tetreault and one by his bartender Ducharme; that Tetreault, a highly interested witness, had denied one, but that the other violation by the bartender Ducharme had not been directly contradicted, the other witnesses merely stating that they had drunk no liquor there themselves, and that Charbonneau's evidence showed that he had been given gin with his finger ale, having asked for that under the local designation of "un rond."

Y. M. C. A. NOTES

MEMBERSHIP CAMPAIGN.
The membership campaign is now on, and the enthusiasm shown by the captains and lieutenants indicates that the different classes in the physical departments will not only be up to the standard, but will be ahead of last year. The result so far brings the Commercial six ahead of the Industrial. All canvassers are reminded to bring cards tonight, or at latest Saturday night, so that comparisons may be made and other cards distributed.

BILLIARD TOURNAMENT.

A billiard tournament will be in charge of Mr. R. W. Scott. All those interested should make application at once.

GYM. CLASS OPENING.

Yesterday the business men's class met for the first time at 5 o'clock, and although the number was not large, the men were enthusiastic and the increase in enrolment is looked for next week.

The young men's evening class

also held their first session at 8 o'clock last evening when the physical director, Mr. Fletcher, put through "zip" into the exercises to make them anxious for more.

The senior school boys' class

will meet today at 4 p.m. and the business boys' at 8 o'clock this evening.

The formation of their famous volleyball team.

They have got the jump on the young men's class in this respect, but will have to be faithful in their work if they wish to hold their reputation as champions.

CANADIANS IN U.S. LIABLE FOR SERVICE
Proclamation to This Effect Will be Issued From Ottawa on Saturday.
OTTAWA, Oct. 12—Official notice will be published throughout the United States on Saturday, calling the attention of Canadians to the first call under the Military Service Act. All British subjects who have resided in Canada since the declaration of war, and are of military age, are liable to military service under the Act; and the notice will call the attention of Canadians resident across the line to this provision.
While the first class is not technically called up till the official proclamation is published throughout the Dominion on Saturday, medical boards are everywhere working to the limit.
Up to the week ending October 6, there had been 28,609 men examined, of whom 12,597 were placed in medical category "A"—men qualified from the medical point of view for general service overseas. Last week alone, there were 15,951 examinations. The Toronto military district headed the list in number of examinations; London came second, with Montreal a close third.

NEW YORK, EVENED UP THE SERIES

Blanked the Chicago White Sox for the Second Successive Time by Score of 5 to 0.

POLO GROUNDS, New York, October 12.—The Giants evened up the Series with the Chicago White Sox yesterday afternoon, when they blanked their opponents for the second successive time, winning by a score of 5 to 0. The Giants outplayed the Chicago team, in all departments, and as in Wednesday's game out hit 10, 7, and their hits were of the long variety. Benny Kauff was the hero of the day. Kauff who failed to get a hit in the series up to yesterday's game, covered himself with glory, knocking out two home runs, one of them scoring Herzog. Schupp

the New York twirler, who was knocked out of the box in the second game at Chicago, pitched a great game from start to finish, walking but one man, and allowing only seven scattered hits. The Chicago team never threatened to score. Eddie Collins, being the only man to reach third, in the ninth, no effort being made to catch him stealing from second. Faber, the Chicago pitcher, was pulled out of the box in the eighth, and Danforth replaced him. Danforth worked one inning, two runs being scored off his delivery. Herzog's single, and Kauff's homer.

Applause greeted the Giants as they came on the field, Benton and Robertson, heroes of Wednesday's struggle coming in for cheers. Schupp, Sallee and Ferritt took part in the practice.

Not disconcerted by yesterday's defeat, the Chicago fans gave their club rousing cheer as the Sox walked across the field.

"There is plenty of fight in us," said Eddie Collins. "Watch us today."

The White Sox took their batting practice after the Giants. Manager Rowland sent out left hander Williams to give the Sox their hitting workout. Faber was the only Sox heater to take his turn at the bat.

Umpire Rigler gave the decisions behind the plate, Evans at first base, O'Loughlin at second base, and Keim at third base.

Before the play, the Giants assembled at second base and each with a flag of the allies of the United States marched toward the plate while the band played "My Country 'tis of Thee."

The Giants supporters arose en masse and gave vent to prolonged cheers as the Giants ran out on the field. The crowd was not as large as Wednesday's game and there were many vacant spots in the outfield bleachers as John Collins walked to the plate, for the Sox.

1st INNING

Chicago—Zimmermann took John Collins grounder, and threw him out. McMullen's grounder bounced off Zimmermann's glove for a hit. Eddie Collins, fanned, a wide curve fooling him for the third strike. Herzog threw out Jackson at first. NO RUNS, ONE HIT, NO ERRORS.

New York—Burns up. Burns drove a high fly which Felsch took after a short run. Eddie Collins made a nice play on Herzog's hopper and got his man at first. McMullen got Kauff's bounder and nailed his man at first. NO RUNS, NO HITS, NO ERRORS.

2nd INNING

Chicago—Fletcher took Felsch's hot grounder and threw his men out. Schupp had plenty of speed and kept the ball low. Schupp tossed out Gandil. Weaver fished for Schupp's high curves and was a strike out victim. NO RUNS, NO HITS, NO ERRORS.

New York—Eddie Collins threw out Zimmermann. McMullen threw out Fletcher. Faber threw out Robertson at first. NO RUNS, NO HITS, NO ERRORS.

3rd INNING

Chicago—Schalk singled sharply to left field. Faber popped to Schupp trying to bunt. John Collins fanned, missing a drop ball for the third

strike. McMullen also struck out. NO RUNS, ONE HIT, NO ERRORS.

New York—Holke struck out, but Schalk had to throw him out at first. Rariden popped to McMullen, who had to run toward the stand to take the ball. Schupp beat up the air and went back to pitching. NO RUNS, NO HITS, NO ERRORS.

4th INNING

Chicago—Eddie Collins got a double past third. Jackson lifted to Herzog. Eddie Collins was picked off by Schupp, the play being Schupp to Herzog to Zimmermann. Felsch struck out and the stands were in uproar. NO RUNS, NO HITS, NO ERRORS.

New York—The crowd booed Eddie Collins as he went on the field. Burns struck out. Eddie Collins tossed out Herzog at initial bag. Kauff drove a long hit to the fence for home run. This was first hit of the series for Kauff, and first hit off Faber yesterday. Eddie Collins, threw out Zimmermann. Kauff got a great hand as he trotted out to centre field. ONE RUN, ONE HIT, NO ERRORS.

5th INNING

Chicago—Gandil singled past Fletcher. Weaver hit into a double play Herzog to Fletcher to Holke. Schalk singled over second after the count was 3 and 2. It was Schalk's second hit. Faber up. Schupp tossed out Faber. NO RUNS, TWO HITS, NO ERRORS.

New York—Fletcher singled past Collins. Robertson bunted safely. Fletcher moving on to second. Holke up. Holke also bunted safely. The bases were filled. On Holke's bunt Faber took the ball and started to throw to third, but no one was there. Rarideo hit into a double play Faber to Schalk to Gandil.

Robertson moved on to third and Holke to second on the play. Robertson scored on Schupp's single but Holke was thrown out at the plate. Felsch to Schalk. ONE RUN, FOUR HITS, NO ERRORS.

6th INNING

Chicago—John Collins shot a single into left. McMullen fanned, for the second time. On a short passed ball, John Collins moved on to second. Rariden had him thrown out, but Herzog dropped the ball and the runner was safe. It was no passed ball for Rariden. Collins fied out to Burns. Herzog threw out Jackson at first. NO RUNS, ONE HIT, ONE ERROR.

New York—Burns got a hit over second which Collins was only able to knock down. Herzog sacrificed, Faber to Gandil, Burns going on to second. Kauff fied out to Felsch, Burns going to third on the throw in. Eddie Collins threw out Zimmermann for the third time in the game. NO RUNS, ONE HIT, NO ERRORS.

7th INNING

Chicago—Felsch struck out. Fletcher threw out Gandil. Weaver popped to Herzog. NO RUNS, NO HITS, NO ERRORS.

New York—Fletcher scratched a hit through McMullen. Fletcher went to third on a wild pitch, the ball bouncing off Schalk's foot clear to the Giants bench. Faber threw out Robertson, Fletcher holding third. Holke was hit by a pitched ball and took first. Fletcher scored when Eddie Collins threw out Rariden at first, Holke going to second on the play,

Weaver, threw out Schupp. ONE RUN, ONE HIT, NO ERRORS.

8th INNING

Chicago—Burns came over toward center field and snared Schalk's drive. Risberg batted in place of Faber. Risberg fied to Robertson. John Collins singled into left center. McMullen sent up a high fly to Herzog. NO RUNS, ONE HIT, NO ERRORS.

New York—Danforth, a left hander, went into the box for the White Sox. Burns fanned. Herzog pumped a single over Weaver's head. Herzog and Kauff scored on Kauff's home run into the right field stands. It was Kauff's second home run of the day. Zimmermann drove a long hit into left field for three bases. Fletcher struck out, but Schalk had to throw him out at first. Zimmermann remained at third. Zimmermann tried to steal home, but Schalk tagged him as he slid into the plate. TWO RUNS, THREE HITS, NO ERRORS.

9th INNING

Chicago—Eddie Collins walked. It was the first base on balls of either he two games on the Polo Grounds. Zimmermann threw out Jackson, Collins going to second. Eddie Collins

stole third. No play being made for him. Felsch fouled to Zimmermann. Kauff took Gandil's fly. NO RUNS, NO HITS, NO ERRORS.

FOOTBALL

SHERBROOKE HIGH SCHOOL VS. STANSTEAD COLLEGE.

What promises to be one of the big athletic events of the season takes place Saturday, October 13th, at 2:30 p.m., on the Parade Ground, when the High School meets Stanstead College in a football match.

The last game played at Stanstead resulted in a victory for the home team with a score of 16 to 6. Considering that this was the High School's first game of the season with a practically new team, this was a remarkable showing against a college team with a coach in attendance at every practice. Capt. Stanley Read, with others has worked hard to get the best results from the material at hand, and though the team is light, what they lack in weight is made up in speed.

BETTING ON GIANTS TO WIN SERIES

Stock of New York Team Soared Sky High as Result of Victory Yesterday.

(Associated Press Despatch.)

NEW YORK, Oct. 12.—Stock in the New York Giants, which could be purchased for almost nothing last Sunday night, scored sky high overnight as the result of the two clean cut victories over the Chicago White Sox. Betting has become more spirited locally and the Giants are now favored to win the series.

RAISE PRICE OF SEATS (Associated Press Despatch.)

CHICAGO, Oct. 12.—Stock in the New York Giants in the third and fourth games of the world's series, thus evening up the score, caused speculators to raise the price of seats today for the fifth game which is to be played, White Sox Park tomorrow. For a single grand stand seat the brokers are demanding ten dollars, and for a box seat \$15.

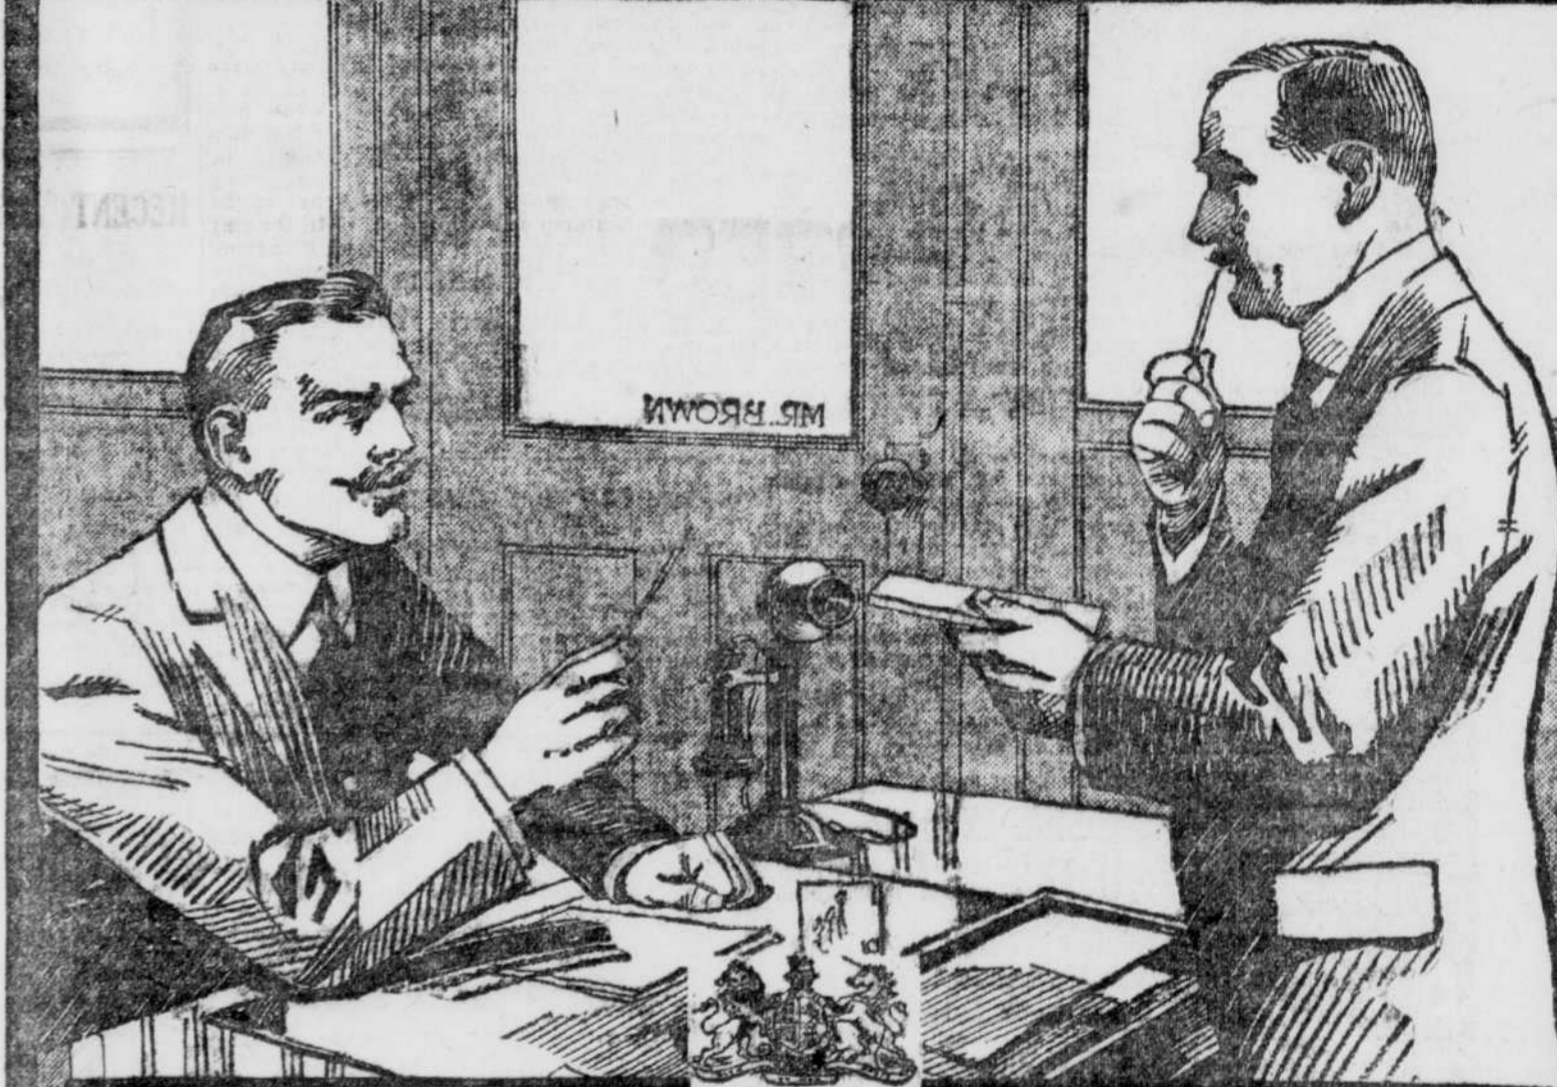

The sale of reserved seats for tomorrow's game also was re-opened at the park box office today.

Fifth the two clubs tied, and the race for the championship standing exactly where it was last Saturday, when the series opened, those in charge of the ticket sale predicted that a capacity crowd of 32,000 would be on hand tomorrow.

The latest weather prediction for Saturday is probably unsettled and warmer.

(Associated Press Despatch.)

CHICAGO, Oct. 12.—The official weather forecast today for tomorrow's World's championship game between the New York Nationals and the Chicago Americans in this city, reads: "Saturday, fair with slowly rising temperature."

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.

much of their ploughing this fall as possible, for fall ploughing for grain crops generally gives better results than spring ploughing, and it also saves time in spring's work. Deep ploughing at this season of the year will prepare the soil to absorb a large amount of the fall rains, which will be required for the development of next season's crop.

By having the ground thoroughly ploughed in the autumn, with the furrows well set up, the land will become dry and warm, and in good condition for early seeding in the spring.

Late spading or ploughing of the garden is also excellent for next year's crop.

The barns should be white-washed to make them lighter and more sanitary and also put in good shape now for housing the stock this winter.

Live stock should not be allowed to remain out too late in the fall, especially when it is cold and wet, for they will not make satisfactory gains or do as well as in the stable.

Do not fail to grade all produce sold. Potatoes and apples bring a much better price when well graded than when small and large and different kinds are placed in the same package.

Mangels should be left in the field as long as possible, but they are injured by hard frosts.

This is a good time of the year for fall planting of shrubs, trees, and herbaceous plants.

IS YOUR CHIMNEY SAFE?
Defective chimneys are the greatest single source of fires. The investigation being conducted by the Commission of Conservation discloses the fact that for the year 1916, of the places reporting, no less than 640 fires were due to faulty chimneys.

This exclusive of fires resulting from dangerous stoves or chimney sparks.

Before winter weather necessitates assurance upon the heating apparatus the householder should carefully inspect all chimneys, as well as stove and furnace pipes, and have them put in good condition. Rarely, if ever, does the occupant of a house make an examination of the chimney where it passes through the attic. Yet this portion of the building is probably the source of the great majority of fires, which start from defective chimneys.

Changes in weather conditions and vibration have a deleterious effect upon the mortar in the brickwork, causing it to disintegrate and leaving openings through which sparks may readily pass.

PLOUGHING IN THE FALL

Better Cultivation of the Soil is Essential For Better Crops.

Special efforts are being made by the Division of Illustration Stations to encourage fall ploughing and better cultivation of the soil.

PLOUGHING FOR GRAIN.
In a systematic rotation of crops grain follows a hoed crop. Therefore we naturally assume manure has been applied for the hoed crop and the land thoroughly cultivated during the growing season. After the hoed crop has been removed, with but few exceptions, fall ploughing for grain crops has given better results than spring ploughing.

The ploughing should be done early in the Autumn and as deep as the humus or plant food in the soil will allow. If the humus is shallow the ploughing should be shallow. Each time the land is ploughed it is advisable to plough a little deeper, thus loosening up a very thin slice of the subsoil. Another plan which has given good results in cases where the humus or plant food is shallow and the subsoil poor and very hard is to plough shallow and in the same furrow, using a subsoil plow for loosening or a subsoil attachment on the ordinary plow. This method loosens up any depth required, without bringing up the poor soil to the surface.

Deep ploughing provides more feeding space for plant roots and particularly makes conditions more favorable for the absorption and retention of rain and snowfall and facilitates the pulverizing action of the front.

Clay soils, being naturally fine in texture, tenacious and easily puddled, should not be worked while in a soft, wet condition. It is best to cultivate when there is just enough moisture to soften the land sufficiently for easy and satisfactory working. Clay soils, if not ploughed in the autumn and exposed to the disintegrating action of the frost, are usually heavy and in such poor mechanical condition as to necessitate a great amount of labor in spring time to get them in sufficiently good tilth to make a fine seed bed. To fall plough such lands and expose them to the pulverizing action of the frost is to take a step in the right direction toward overcoming their greatest defect which is extreme heaviness, and thereby make possible the preparation of an early, well prepared seed bed. While it is true that sandy lands suffer less than clay lands when not ploughed in the fall, this is no reason for not getting light soils turned over earlier in the autumn or leaving them until the clay soil has been ploughed. Ploughing too late in the autumn is not advisable, particularly if the soil is wet and soggy. Land ploughed in this condition does not get over, in one season, the effects which result, even after the pulverizing effect of the frost. If any land is left unturned in the autumn, let it be the lighter and drier portions of the farms. Too many are busy spring ploughing when the land is too wet to work, and too many plough their land too deep in the spring time. While we urge deep ploughing in the autumn, we advise very shallow ploughing in spring for most crops.

Results of early seeding go to show that it is advisable to have the land prepared in the autumn. Ploughing ten years' experience on the Central Experimental Farm, with early, medium and late sowing, leads to the following conclusions:

When the first sowing is made the soil, being in a cold, raw condition, so affects the seed that no germination takes place until the soil becomes warm and even then the seed cannot possibly give as good results as seed sown when the soil is in a choice, warm condition.

It is also shown that in sowing oats one week beyond the time of the second sowing a loss of over 15 per cent is caused; two weeks later, a loss of 22 per cent is caused and three weeks later a loss of over 32 per cent.

The loss, in a crop of barley, after a delay of one week in sowing beyond the most favorable period, shows an average loss of 23 per cent, after a delay of two weeks a loss of 27 per cent, after three weeks a loss of 40 per cent and after a delay of 4 weeks a loss of over 46 per cent.

With spring wheat, the loss from a delay of one week in sowing beyond the period most favorable, has been over 30 per cent, from a delay of two weeks fully 40 per cent, of three weeks nearly 60 per cent and of four weeks 55 per cent.

WHAT ABOUT THE CROP OF 1918

Increased Acreage Should Be Ploughed This Fall. More Wheat in Quebec.

The crop of 1917 has practically been harvested, and reports state that the yield will be above that of 1916, but below that of 1915. The farmers of Canada have worked hard and have done splendidly with unfavorable labor, seeding and harvesting conditions.

What about 1918? Labor will be scarcer than ever, but it is our duty to increase the output if at all possible. The world is probably nearer starvation than ever before. But how can we increase our output? First, an increased acreage should be ploughed this fall with the assistance of tractors provided by the Government. This question of increasing production has now been before the Government for three years, and, knowing as it did, the scarcity of labor, it has surely taken steps to meet the situation. It has equipped large

Can Your Cream Separator Meet this Test?

"Are you keeping cows, or are the cows keeping you? The only way to be sure is to weigh and test"—Farmer's Advocate, April 5, 1917.

The Babcock Test measures accurately the percentage of butter-fat still remaining in the milk after it passes through a cream separator. In the picture we show two Babcock results as indicated by the measurement tube of the Babcock Testing bottle. The long black column on the first tube in the circle shows the result obtained by testing the milk skimmed by ordinary separators; it shows a loss of 1 per cent butter-fat. The small black mark on the other tube shown represents the extra small loss obtained by the Standard's close skimming which gets all but .01 per cent of the butter-fat. In other words, the Standard gets all but one-tenth pound of butter-fat per 1000 pounds of milk skimmed while other machines lose a whole pound.

The comparison indicates a clear gain of 9-10 of a pound of butter-fat on every 1000 pounds of milk you skim—if you use the

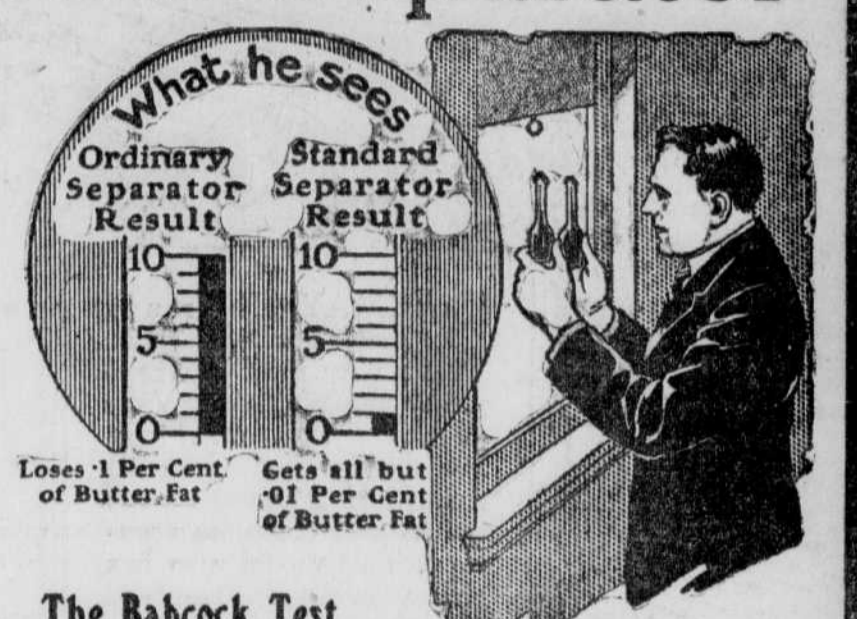

Standard
This saving of cream by the Standard is well worth while for it means an extra profit of about half a pound of butter-fat per cow per week. Multiply this 1/2 pound saved by the number of cows in your herd, and ask yourself, "Can I afford to lose this extra profit? Will it not pay me to own a Standard?"

Before the Standard goes to you, it must prove its close skimming by meeting the Babcock tests made by our experts in our own factory. These tests have been confirmed by independent Babcock tests made at the Government Dairy Schools, Ottawa. They all prove that the Standard out-skims other machines.

Do you know how closely your separator skims? You can find out by sending a sample of skimmed milk from your machine to the Government Dairy

The Babcock Test
Explanation—The object is to find out what percentage of butter-fat still remains in the milk after it has passed through the cream separator, thus showing the degree of thoroughness attained by the machine. In the circle above we show two enlarged sections of the graduated tubes on the Babcock testing bottles. The black marks show the amount of butter-fat left in the milk after skimming. To find the number of parts of butter-fat remaining in every hundred parts of milk tested, the butter-fat must be separated from the milk and measured. That is what the Babcock test does. A special bottle with a lengthened neck is used. On the neck are marks which tell the percentages. The experimenter wants to get the butter-fat separated and pushed up into the neck where its measurement can be seen. By a simple process he does this, and he then knows exactly how well the skimming has been done in the separator. The Babcock test is used by our Government Dairy Schools and in many other countries besides Canada. Standard Cream Separators are tested by this scientific method before they leave our factory.

Schools. Compare the result with the Standard's proven record. It may pay you to discard your old machine for the close-skimming Standard. With a certain number of cows the Standard pays for itself in cream saved within the time you pay for it on our easy payment plan and it will pay you to operate a Standard even if you have only two cows. The Standard's exclusive curved wing center piece eliminates whipping in the distribution of the whole milk to the discs. This means firm butter. The Standard not only saves cream, but it gives better quality results. If you want sweet, firm, high-grade butter you can have it by using a Standard.

The Standard is entirely made and designed in Canada by Canadians.

held for speculative purposes. These lands should be made productive, and if the owners will not do so from patriotic motives the Government should step in and use the land.

AN AIR-TIGHT SILO KEEPS SILAGE BEST.
Practically all the trouble from spoiling of silage comes from the action of air on the material after the first necessary fermentation is over. The first fermentation or "heating" the green material uses up all the oxygen of the air which is present in silo when it is packed into the silo. If the silo is air-tight, therefore, silage will keep indefinitely. Of course some silos are open at the top and some silos will take place from the top to the mass downwards. But this can be prevented, in large part, by covering the silage, after it has finished settling, with a layer of chopped hay or straw well wetted down.

"CONCERNING A TIMEPIECE"

THE FARNHAM MURDER CASE

The following letters appeared in the Montreal Gazette in connection with the trial of George Benjamin at Sweetsburg in connection with the Farnham murder:

THE BENJAMIN CASE.

To the Editor of The Gazette:
Sir—In your editorial comment upon the Benjamin case you have (inadvertently, I am sure,) left the impression upon your readers that the object of this association's action is dictated by a determination to free the man who has been held guilty of manslaughter by a jury of the land. We have no such intention.

Our object is to see that the man shall have justice done him in whatever effort may be put forth to bring his sentence into harmony with the real intention of the jury. And that, it seems to those who have legally advised us, is not so easy of adjustment as may at first appear. The man Benjamin deserves to be punished and isolated for a term of time, to be decided later, for the protection of society and the man's eventual salvation. He must be dealt with according to the law. But what are the facts as they affect the man's position at this moment? He is at present confined in a murderer's cell, and unless the sentence is altered, will be hung on the 30th November, 1917, for a crime that he did not legally commit.

That is a most grave situation for any man to be placed in. How is it to be rectified? Will the recommendation for mercy, when considered by the Hon. Minister of Justice, be based on the facts of the case, or the accident in court by which Benjamin was sentenced to death, instead of being sentenced to a period of imprisonment? Who is to fix the sentence? The judge who passed sentence of death, or the Minister of Justice? The latter has, according to our reading of the law, no power to do so. He has power to revise a sentence, but at present, according to the verdict of the jury, the sentence is in variance with their finding. Consequently we may witness the singular and tragic scene of a man being twice sentenced for one crime. Here is what may be called in common parlance a fine mix-up, which would be quite ludicrous were it not for the fact that it is associated with a man's life or death.

Then, again, if the sentence is to be revised, let me ask will all the circumstances of the case be taken into consideration? There are some people who take grave exception to the decision of the judge, to allow an alienist to examine the mentality of Benjamin. The direct cause of death was the fracture of the skull, and, as we have already pointed out, the man's confession was only accepted in part, for in truth only in part could it be accepted, he being absolutely drunk at the time he avowedly did what he did. Will he, then, get a life sentence or what? Is it here where we think legitimate comment should be made, and to see that the man gets fair play is all that we are out for in this case, although the whole trial is suggestive of the appalling necessity of having at all trials for murder a qualified psychologist for the presentation of facts that ought not to be ignored when a man's life is at stake.

This association is opposed to capital punishment on general grounds, and if subsidiary arguments were needed to support that attitude a crop of them could be adduced from this particular case. What we are concerned about, however, is that another and graver mistake shall not be committed, and we suggest that we are warranted in the action taken by the anomalous features of the case as it stands at this hour.

ROBT. BICKERDIKE,
President National Prison Reform Association.
October 9, 1917.

THE TRIAL OF BENJAMIN.

To the Editor of the Gazette:
Sir—My attention has been drawn to the report of the murder trial recently held in the District of Bedford which appeared in your issue of Saturday, October 6, and the report of the meeting of the National Prison Reform Association which appeared in your issue of Monday last.

"The Gazette" to use the words of Mr. Bickerdike, M.P., is usually so accurate in its reports of public and legal matters that I am at a loss to understand from what source the report of the case in question could have been received. The report was so widely copied by the evening papers of the same date and has attracted so much attention that after consulting with the judge and the crown prosecutor, I have determined to draw your attention to the numerous inaccuracies therein contained.

The jurors did not render a verdict of "homicide culpable," but one of "guilty of murder, with a recommendation to the clemency of justice." They had been informed by the crown prosecutor that such a verdict might possibly result in the commutation of the death sentence to one of imprisonment for life. Benjamin did not cry when the death sentence was imposed and the jurors made no announcement that they were ready to sign a declaration to the effect that they intended to return a verdict of "manslaughter" and not one of wilful murder.

On Monday counsel for the defence asked for the appointment of a medical commission to examine the accused as to his sanity, and while this was refused by the court, the judge offered to adjourn the trial for 24 hours in order that the accused might be examined by a physician and a jury empanelled as provided by law to enquire whether or not he was sufficiently sane to stand his trial. This offer was refused by the defence, and the trial was proceeded with on Tuesday morning. The doctors who made an autopsy on the body of young Joseph Pelletier stated emphatically that the fracture of the skull, which resulted in his instantaneous death, could not have been caused by a fall, and the confession which Benjamin made to Constable Boisvert, if such used not mentioned at the trial, the crown based its case entirely upon circumstantial evidence, and the jury's admission placed before the jury was that made to Detective Alkin at Farnham on the day following the murder, when the accused admitted that the blood-stained shirt and drawers found in the C.P.R. hotel at St. Johns, Que., were those which he had worn on the night of the murder.

It Is Not Good Judgment To Accept "Ready Made" Clothes--At The Price Of Made-to-Measure Garments

No man will knowingly accept "a substitute for Made-to-Measure Clothes" if the "genuine" article is within easy reach at the same price, or at a less price. Then why spend your clothes money for a "ready-made" suit or overcoat, when Fifteen Dollars will enable you to have your Fall clothes built exactly to your taste and your body measure?

Visit one of our eighteen conveniently located tailor shops today, it will take five minutes of your time; our salesman will show you the finest British Fall fabrics; he will take your measure, and your Fall suit or overcoat will be drafted to your body dimensions exactly as you want them. There are no "ready-made" troubles the English & Scotch way, the efficient way, the way of today and tomorrow. Our values in Made-to-Measure-Clothes at Fifteen Dollars will amaze you.

Made To Your Measure

The materials we use in our Fifteen Dollar made-to-measure clothes are tested for durability and fastness of color. These tests, satisfactorily passed, each piece is carefully shrunk, and then examined by a trained Inspector before being tailored-to-measure. It is attention to these and many other details, combined with unsurpassed workmanship and quality of style, fit and finish that has built our Dominion-Wide tailoring service to measure at \$15, into the largest exclusive tailoring business in the Dominion.

Ordering English & Scotch Woollen Company clothes simply means anticipating your clothes needs a few hours in advance of the time you want them—remember, we take your measure and make your clothes as you want them, and all you pay is \$15.

TAROL

Because they know its composition and its effects.

TAROL is recognized today as the most efficacious remedy for the relief and cure of diseases of the Throat, Bronchi, and Lungs. It is not a secret remedy; its composition is well known and numerous cures are proof of its curative power.

TAROL relieves the cough and acts as an expectorant and tonic to the bronchi and lungs. This is why it should be used in preference to all other preparations for the relief and cure of

Coughs, Colds, Bronchitis, Grippe, Asthma and Tuberculosis.

Needless to look elsewhere for a cure; needless to try new remedies. "TAROL" is the remedy which will cure you promptly, pleasantly and surely.

ROBE PROFITS OF WM. DAVIES COMPANY

Montreal Manager Stated that Large Number of American Hogs Were Used.

TORONTO, Oct. 11.—Further investigation into alleged excessive profits made by the Wm. Davies Company was resumed by the Government Old Storage Commission, Chairman H. Henderson, A. B. Brodie and F. Clarkson, sitting at the City Hall yesterday. The first witness was Robert N. Watt, manager of the Montreal branch of the Wm. Davies Co. Mr. Wm. Bain, K.C., Government counsel, examined the witness, who had been Montreal manager for five years. They dealt mostly in American meats.

In 1916, witness said, about one million pounds of American sides of American hogs had been handled by his company, and about ninety thousand Canadian hogs. In 1917 more American hogs were used because the company had more business with the British War Office.

BORDEAUX, Oct. 11.—The Socialist Congress ended yesterday with a complete triumph for the majority section. Their resolutions, drawn up by M. Renaudel, leader of the majority Socialists in the Chamber of Deputies, were passed by a vote of 1,500 to 52. The resolutions, which take up two newspaper columns, favor the Stockholm Conference and affirm the determination of the Socialist party to obtain the necessary passports for delegates to attend it.

would be submitted to the proper authorities at Ottawa, and would undoubtedly result in a commutation of the sentence. The jurors expressed their satisfaction with this explanation, and no further remarks were made.

In justice to the jurors and the court officials of the District of Bedford, where the trial was held, I hope you will correct the erroneous report which you undoubtedly published in good faith on Saturday last.

PLOT TO EXPORT TUNGSTEN FOILED.
NEW YORK, Oct. 12.—A plot to export tungsten, a metal used for harden steel, from this country on board a Scandinavian-American liner, in violation of the Espionage Act and President Wilson's proclamation, was broken up yesterday by Federal agents with the arrest of three men here. The illicit export of the metal, presumably for Germany, has been going on for some time, the United States attorney announced.

LETTERS TO THE EDITOR

SOLDIER WANTS "RECORDS" SENT To Editor Record.

I write to ask you if there is any one in Sherbrooke who has any Records they don't want, if they would kindly send them to me as a little bit of news from the old town would help to cheer an old Sherbrooke boy up. I am pleased to tell you that I have met a few of the Sherbrooke boys here who came over with the 5th C. M. R., and the 117th, who have had the Record sent them, and I have had a loan of them to read, and after being away from the old town so long it makes you feel pleased with yourself and to know that the people at home are still doing their bit to help the boys to win the war.

I left the old place with Captain Samson, in August, 1914, and since we went to France we got split up, and Jack Patterson, Gif Edgell, myself and one or two more of us went to the 14th Battalion, Royal Mounted Regt., while the others went to different Battalions. I hadn't read a Sherbrooke Record till I came here and met one or two of the old boys and that was for nearly two years. I am pleased to tell you that Jack Patterson and Gif Edgell are now lieutenants and are still here also. There are not many of us left now and what were likely to come back are all over England.

Hoping you will oblige me by sending me some news from home, I will close with good luck of seeing all again soon, I remain, yours truly, Corporal W. Choat, 23 Reserve Bn., A. Co., Shoreham-by-Sea, Sussex, England.

PATRIOTIC WORK

The Duke of Wellington Chapter acknowledges with many thanks one dozen and a half hand knit socks from the ladies of the Massawippi Patriotic Society; also 3,000 used stamps from Miss Dorothy Parsons, Sherbrooke High School.

NEW TREATMENT FOR GASSING

Another excellent bit of work recently done by the Canadian Red Cross Society has been in connection with poison gas treatment. It was discovered that a certain treatment involving the use of a special kind of baths and clothing, was the best remedy. Within four hours after it had been determined by the medical officials of the Canadian Corps to apply this remedy, a large number of baths and an ample supply of necessary chemicals and clothing were en route from the Red Cross base to the advanced dressing stations. These supplies were used to treat gas casualties, and they reduced the number of serious cases to a remarkable degree.

Still another thoughtful bit of Red Cross work is the provision of extras for the battalion medical officers during their period in this front line. With every surgeon a package goes in containing drugs to lessen the pain when the men are hard hit; tablets from which coffee or cocoa can be made quickly for the wounded; insect powder, and many other essentials for trench efficiency. These comfort packages have saved many lives and much suffering. The Canadian Red Cross not only ministers to the needs of the men at the front and in hospitals, but devotes special attention to the rest camps, and provides comforts there that make the lot of the men easier and hasten the time for their recovery. French wounded are also cared for by the Canadian Red Cross, which is at present spending \$200,000 on a model hospital in the rear, where a unit of the Canadian Army Medical Corps will be stationed. A branch storehouse assists in providing Canadian supplies to the French military hospitals all along the front. The Canadian people cannot find a better outlet for their sympathy and their voluntary contributions than to aid the Red Cross work under the flag of the Allied nations.

WATERVILLE RED CROSS GROUP

WATERVILLE, Oct. 10.—(Special)—The Waterville Red Cross Group shipped for September to the Montreal branch, 80 T-bandages, 6 body binders, 16 sanitary covers, 10 kit bags, 16 personal property bags, 5 flannel shirts, 8 suits pyjamas. Anyone wishing to contribute to the 40 Christmas boxes that are being made up to send overseas may do so by leaving their gifts with Mrs. F. G. Gale, secretary, Mrs. F. H. Rowe, treasurer of the Patriotic Society, or to Mrs. S. Davenport, who has charge of packing and mailing the boxes. It is requested that all gifts be in before Oct. 20.

WORK AT SCOTSTOWN

SCOTSTOWN, Oct. 11.—(Special)—The Working Committee of the Red Cross met last Friday at the home of Mrs. Bowman, 28 ladies being present. After a dainty tea the hostess announced that Mr. Snelling had brought her a subscription of over \$73 from the Methodist Ladies' Aid Society of Canterbury. The fund had been on hand for some time and they decided to give it to the Red Cross Society where it will be of very practical use. The president called for a vote of thanks and it was given unanimously, the committee being very grateful to Mrs. Wesley Groom and Mrs. Snelling for their valuable help. Proceeds from tea, \$4.95; subscription, Miss M. Bowman, \$1; W. W. Bowman, \$1; J. A. Gifford, \$2; Methodist Ladies' Aid, Canterbury, \$73.77. The next meeting on Friday will be with Mrs. C. A. Nodding.

MARRIAGES

SHUFELT—SWEET

KNOWLTON, Oct. 12.—(Special)—A very quiet but interesting wedding took place on Wednesday afternoon. The contracting parties were Rupert H. Shufelt, of East Farnham and Ella M. Sweet, at the home of the bride's father, Mr. R. B. Sweet, on Conference Heights. Only immediate relatives were present in consequence of a recent bereavement. The marriage ceremony was conducted by Rev. E. M. Taylor, a long time friend of the family. The presents were numerous and appropriate.

A wedding repast was enjoyed, after which the bridal couple motored to Cowansville, to take the train for Springfield, Mass., and other points in New England where they have relatives. Mr. Shufelt is engaged at Adamsville, where he is held in high esteem.

FOWLER—DOYLE

KIRKDALE, Oct. 12.—(Special)—A quiet but pretty wedding took place at Holy Trinity Church on Wednesday at 2 p.m., when Miss Hazel M. Doyle, eldest daughter of Mr. and Mrs. Newton Doyle, was united in marriage to Mr. Henry A. Fowler of Melbourne Ridge, the ceremony being performed by the Rev. J. S. Dickson. The bride, who was unattended, was given away by her father and wore a navy blue suit and white silk crepe-de-chene blouse with hat to match. The Wedding March was played by Miss Gladys M. Mountain, friend of the bride. The ushers were Messrs. Dwight Fowler and Edwin Doyle, brothers of both bride and groom.

The church was beautifully decorated for the occasion. A large arch was placed over the altar, covered with evergreens and flowers. After the ceremony a very sumptuous supper was served at the home of the bride's parents, by Miss Annie L. McCaig, cousin of the bride, assisted by Miss Grace Barton. The wedding gifts were costly and numerous. The groom's gift to the bride was a gold crescent brooch set with pearls, and to the organist, a set of gold beauty pins, with pearl setting.

The happy couple left for Melbourne Ridge amid showers of good wishes from their many friends, where they will make their future home.

PARSONS—HACKETT

COWANSVILLE, Oct. 12.—The marriage of Miss Sybil Rose Hackett, daughter of Mr. Justice Hackett, Cowansville, Que., to Mr. Dermott Robert Parsons, son of the late Robert C. Parsons, and of Mrs. Parsons, of Rock Island, was celebrated in Trinity Church, Cowansville, at 8 o'clock Wednesday evening. The Rev. Mr. Windsor officiated, and the wedding music was played by Miss Mabel Foster. Judge Hackett gave away his daughter, who was attended by her sister, Miss Mary Hackett, Miss Fannie Vilas, Miss Dorothy Welsh and Miss Safford, while Colonel J. Fenton Argus, of Ottawa, acted as best man. The bride wore a graceful gown of oyster white champagne and georgette crepe embroidered in seed pearls, with tulle veil and orange blossoms, and carried a shower bouquet of lilies of the valley and white roses. Following the ceremony a reception was held at the residence of the bride's father, where the rooms were decorated with autumn flowers and foliage. Amongst the guests were the bridegroom's mother, Mrs. R. C. Parsons, of Rock Island, wearing a black satin gown trimmed with real lace; Mrs. James Macdonald, Morton, of Newark, Conn.; Miss Ethel Crombie, of Richmond; Col. and Mrs. J. Fenton Argus, of Ottawa; Mr. and Mrs. M. A. Phelan, Mr. and Mrs. J. T. Hackett and Mr. Winfield Hackett, all of Montreal; Mrs. Huntley Gordon, of New York; Mrs. H. B. Stewart, of Beebe, Que.; Mr. and Mrs. B. B. Butterfield and Mr. and Mrs. J. T. Norris, of Derby Line, Vt.; Mr. A. M. Thompson, Mr. E. W. Hay, Miss Ool by, Mrs. W. A. Daley, the Misses Terrill, the Misses Patton, Mr. W. F. Pyke and Miss Whitecher, of Stanstead; the Hon. Mr. Vilas, Sheriff and Miss Jamieson, Mrs. Gilman, Mrs. and Miss Walsh, Mr. and Mrs. W. H. Lynch and Mr. and Mrs. J. O. L. Belanger, of Cowansville; Mr. and Mrs. T. Judd and Dr. and Mrs. McDonald, of Sutton, Que. Mr. Parsons and his bride left for Boston and New York, the bride going away in a costume of dark blue silk, with seal trimmings, and a small tailored hat. On their return to Canada they will take up residence in Stanstead.

BRESSETTE—ARCOUETTE

The first wedding solemnized in the Pauline Chapel of the new Cathedral took place Monday morning, when Miss Dora Arcouette, daughter of Mr. and Mrs. A. Arcouette of Lennoxville was married to Mr. Felix Bessette of Winorski, Vt.

The bride was accompanied by her father, and Mr. Hormidas Bessette, supported the groom, his brother. The nuptial mass was sung by Rev. H. A. Simard, Rector and music was rendered by the choir. A number of guests, relatives and friends of the young couple were present.

The bride wore a costume of brown cloth, with white silk waist and a brown velvet hat to match. She carried a bouquet of white roses, and ferns. The wedding breakfast was served at the home of the bride's parents in Lennoxville, and later Mr. and Mrs. Bessette came to Sherbrooke, and left by the afternoon train for Granby, to visit friends, thence to their home in Winorski.

HAPPENINGS AT DANVILLE

Council Makes Donations For Patriotic and Red Cross Work.

DANVILLE, Oct. 12.—(Special)—An adjourned meeting of the Council was held on Monday evening. Mayor Guilmette presided. There were also present Councillors Adams, Bolvin and Hamon. It was decided to vote the sum of \$300 to the Patriotic Fund, \$50 to the British Red Cross Society and \$50 to the Canadian Society.

The Mayor was authorized to purchase and install a public scale on the Town Hall lot.

A number of names of those entitled to vote were added to the voters' list.

A motion was passed appointing Councillors Chadsay, Bolvin and Adams a committee to examine the new hose tower, which has just been completed by the contractors at a cost of some \$475.

N-W FIRE REELS

The fire department has recently added two new reels to their equipment. They will be housed in buildings to be erected the station.

THANKSGIVING SERVICE

The annual harvest thanksgiving service was held in St. Augustine's Church on Wednesday evening, and was well attended. The sacred edifice was appropriately decorated with autumn leaves and vegetables of different kinds were placed at the foot of the chancel. Rev. H. O. N. Belford, incumbent, conducted the service. Rev. J. Belford, rector of St. Anne's Church, Richmond, was the preacher. He preached a very inspiring and interesting sermon, taking for his text the words found in the 14th Psalm, part of ninth verse, "For the Lord is good to all." The usual harvest hymns were sung, and the anthem, "The Lord planted a garden," was rendered by the choir. Mrs. Arthur Anthony sang "Babylon," by Watson, during the offertory. The service closed with the singing of the National Anthem.

DR. BOULTENHOUSE INJURED

Dr. Boultenhouse, a former resident of Danville, now residing in Three Rivers, met with what might have proved a serious accident lately. He was driving his automobile, accompanied by Mrs. Boultenhouse, when by some means he was run into by a street car, the latter striking the car broadside. Provisionally both occupants escaped serious injury. The car, however, was badly damaged, and the doctor, in making a claim for injuries received to same.

MISSIONARY CAMPAIGN

On October 14 the Methodist Church throughout Canada is beginning a missionary campaign terminating in an every member canvass for missions. In accordance with this the Rev. George Adamson, of Inverness, will preach in the Danville Circuit on Sunday next, and the Rev. Mr. Finel will preach in Inverness.

LIFE INSURANCE VIEWS OF SOME PROMINENT MEN

"The contrary of the vice of gambling is the virtue of thrift, and the system of Life Insurance has given the thrifty man an opportunity of practicing this virtue, compared to which the stockings, the small mortgage and the savings bank are but clumsy and ineffective devices."—Rt. Hon. D. Lloyd George.

"I have been studying somewhat attentively the development made by the life insurance business in Canada. That development is reasonably satisfactory, while not, in my judgment, wholly as satisfactory as it ought to be. There is an increase every year in the amount of insurance done, in the number of policies carried by the people. Still the increase is not all that it ought to be. For I have a very strong conviction that every man living in a civilized country like Canada ought to carry some insurance at least."—Sir Wilfrid Laurier.

"I believe in insurance. I carry every kind of life insurance that a human ingenuity ever devised. Insurance keeps the widows and orphans from suffering and keeps the crippled in the various dangerous occupations of life from coming to want."—Champ Clark.

"Some four years ago one of the greatest economists the world has known, who was a philosopher as well, namely, Aristotle, said that in order to live man must first of all have the means to live. I think sometimes we have forgotten that, and that our preachers and poets and tink tea artists generally, are speaking of the happy days to come, and then never think that in order to live the real noble life in all its fullness, we first of all must have security and the material means of subsistence. So I make my first claim for Life Insurance on this basic point, that you (Insurance Men) are engaged in offering a real commodity to the country for value received."—Prof. W. W. Swanson.

"Life insurance in its final analysis is simply a business method to make

SOCIAL ECONOMICS

Character is the objective of education, morals and religion. The character produced decides the quality of the work of our schools, our philanthropies, our politics, our churches. What elements of good character necessary to the upbuilding of a righteous nation does Life Assurance produce? Let me tabulate:

- 1—Self-denial which differentiates the civilized from the savage.
2—Self-sacrifice; the good of others predominating my present benefit, the Ego eliminated because the Alter Ego is more important.
3—Self-control, persistency, stick-to-it-iveness. A poise and purpose unaffected by heat, cold, wind, darkness or light.
4—Forethought, Prevision—the Seer's vision whereby the young man's dream is realized.
5—Self-love displayed by love of others. Love of others is provoked by sacrifice for them. Affection's growth is paralleled and propagated by affection's gifts of self.

ADEQUATE FIRE INSURANCE

Enterprising Fire Insurance Agents should take advantage of the existing high prices of all materials and labor, which render the replacement of burned property most costly than in the past, to suggest to their customers, in appropriate cases, the increasing of their insurance protection so that it may be adequate under the altered circumstances. Such action should not only convince their clients that the latter's interests are guarded by the agents, but should also result in material increases in premium income and, consequently, in commissions.

FIRE PROTECTION IN RURAL DISTRICTS

The protection from fire of farm properties is a problem which has seldom been attempted in any practical way, aside from the exceptional use of fireproofing materials. In a small town in Ohio, Hollandburg by name, the villagers and the farmers for a distance of five miles out have combined forces and purchased a motor truck equipped with chemical extinguishers, ladders, etc., and arrangements have been made for answering fire calls anywhere in the district. If this experiment proves successful a widespread adoption of this plan should follow.

the world a better and happier place for families to live in, than which no purpose could be higher or more worthy."—C. D. Devlin.

INCREASE IN LOSS OF BIG SHIPS

Times' Correspondent Still Takes Gloomy View of U-Boat Warfare.

(Canadian Press Despatch.) LONDON, Oct. 12.—(Montreal Gazette cable.)—Under the heading, "More Big Ships Sunk," the Times' naval correspondent comments on the week's submarine returns as follows: "Statistics on the submarine campaign in this week's return are not quite as satisfactory as lately. This is the case, both as regards the figures of traffic to and from United Kingdom ports, and also the total number of ships sunk. Certainly too much stress must not be laid upon any advantage these figures appear to present, for the losses are still a long way from being negligible."

"It has been stated that four months from now new vessels put in the water will be sufficient to replace those lost, and thereafter the balance will be on the right side. This prediction is not wholly satisfactory. In the first place there is the tonnage already destroyed to be made up, as well as the toll which will be taken from week to week. Somewhere about the time when the output will become level with the loss, there should come an immense demand for shipping for transport of the American army to Europe. While there is a slightly better outlook in regard to British vessels, the losses of French vessels have increased. During the last two weeks they have been six and five respectively, which is nearly three times the average of any week since the campaign opened. It has already been pointed out that traffic returns from ports in the United Kingdom show a decrease. So it is also with the French return. The average for September was lower than either of the two previous months."

FRENCH LOSSES HEAVIER. On the other hand, the average number for the week of vessels which escaped is much lower, while the percentages of escapes to vessels attacked remain about the same. This indicates that the total number of vessels attacked is lower. The figures show that in the months of August and September fewer ships were attacked than in any of the earlier months."

CONCENTRATE ON LARGE SHIPS. "It is generally believed that the reason fewer ships are now sunk is that the U-boats are concentrating on larger vessels. It is not, however, certain that this is the case. The decline may be due to fewer submarines operating, a matter perhaps not altogether unconnected with disciplinary troubles causing such a stir in Germany. There can be no question also, that from all the anti-submarine devices there has been a greater development in the effectiveness of the machines combating the U-boats. This refers to the general results of the last few months, which have been distinctly better."

M. A. CUMMINGS PASSES AWAY

Well Known Coaticook Lumber Merchant Died Last Night.

The sad news reached Sherbrooke this morning of the death of Melzar A. Cummings, of Coaticook, who was well known throughout the Eastern Townships, and Eastern Canada generally. He was a prominent lumberman, being president of the firm of A. H. Cummings & Son, Limited, an old established firm commenced by his father before him. He was also an alderman of the town some years ago, and a member of the Independent Order of Oddfellows.

Six months ago, Mr. Cummings was bereaved by the loss of his wife, and great sympathy is felt for all who knew him, for his two daughters, who are now left parentless. The news caused a shock throughout this part of the country, as although he was operated on at home a few days ago for appendicitis few knew of it, and he was said to be doing well, but other complications set in and he died suddenly last evening.

The funeral will be held from his late residence on Sunday next.

FORMER U. S. POSTMASTER-GENERAL H.L.

(Associated Press Despatch.) DETROIT, Oct. 12.—Hon. M. Dickinson, postmaster-general under President Cleveland, is seriously ill at his home in Trenton, Mich., a suburb, and his physicians hold out little hope for his recovery.

STOP CABLES TO HOLLAND.

AMSTERDAM, Oct. 12.—Great Britain has stopped all commercial cable communication with Holland until such time as the Netherlands Government places an adequate restriction on the transit of land, gravel and scrap metals through Holland from Germany to Belgium.

CANADIANS UNDER INSURED

Although life insurance written in Canada has increased very much during the last decade, still we are far behind our American neighbors in this particular. It was pointed out by Mr. T. G. McConkey, at the Life Underwriters' Convention held at Winnipeg recently, that the amount of life insurance per capita in Canada is only \$143, against \$227 in the United States.

TIMELY HINT TO HUNTERS

There are estimated to be 10,000 forest fires in Canada every year, of all sizes and descriptions. Nine-tenths are set by human hands, and the damage runs from four to ten millions of dollars, not counting damage to soil, to the value of watershed areas, and many other factors. No camp fire should be left until it is "dead out." A few extra pails of water or spades of sand will make this point certain. No fire should be set except among rocks or gravel, never in a bog or in leaves or needles. Throwing lighted tobacco or matches into the forest is conduct that is chargeable only to the amateur.

GOVERNMENT FORMED

(Continued from Page 1) the formation of such a Government is assured." Sir Robert Borden afterwards informed the press representatives that it was expected that some of the Liberal members of the Union Government would be sworn in this morning.

In the allotment of portfolios it is believed that Sir Robert Borden will retain the Department of External Affairs, and Hon. Martin Burrell will become President of the Council, who will have the Labor portfolio is a question of much speculation. It is possible that this may not be permanently filled until after the election.

HAIG'S TROOPS ATTACK GERMANS

(Continued from Page 1) done. But the fighting is hard and we do not think that the present series of battles in Flanders is going to end the war. There is a great deal more hard fighting before us, I would say that the importance of getting the American troops here as quickly as possible and in the greatest possible numbers has not been diminished. "The word 'steam-roller,' which was so often used in the early days of the war in connection with the Russian army, is exactly the right word to characterize the British advance in Flanders. It is an advance not rapid but insistent, irresistible. It goes up hill very slowly, but now it is going down hill, and battles are following each other more and more rapidly."

"I want to say a word about the work which has been done behind our lines in preparing for these battles. I don't wish to minimize the U-boat threat, but I can truthfully say that nothing the U-boats have done has delayed for a single hour our work in France; it has not delayed a single round of ammunition or a ration for the soldiers. The British army was never better fed or supplied than today."

"The daily imports of British war material into France last January averaged 11.4 tons per hour; in September they had increased to 24.5 tons. The number of broad-gauge trains run daily in the war zone with British war material numbered 179 in March; 259 in September. The weekly tonnage on narrow-gauge lines in March was 25,000 in September 173,000. The weekly average of war materials on the canals in the British war zone was 34,000 tons in March; 62,000 tons in September."

that the British had lost half a million men in the present series of battles. General Maurice said: "The figures are grotesque. We have not had that many men engaged. As I have already told you, our casualties have been very light, and the German casualties are known to have been 75 per cent greater than ours."

NO BUNKER COAL FOR NEUTRAL VESSELS

U. S. Government Will Not Allow Supply for Ships Going to Ports Near Germany.

(Associated Press Despatch.) THE HAGUE, Oct. 12.—The Foreign Office announces that according to a despatch received from the Netherlands Minister at Washington, the American Government had decided to refuse coal bunkering facilities to vessels bound for countries bordering on Germany. The communication added that unless the Washington Government especially sanctions shipments to Holland, sea traffic between Holland and her colonies will become impossible, inasmuch as bunker coal is unobtainable from South Africa.

NEW CABINET FOR SWEDEN

M. Widon Will Attempt to Form Ministry Entirely of Liberals.

(Associated Press Despatch.) LONDON, October 12.—M. Widon has been asked by King Gustav of Sweden to form a cabinet. He will attempt to construct a ministry solely of Liberals, says a Stockholm correspondent of the Daily Mail. Hjalmar Branting and his associates in the Socialist party, will be excluded by M. Widon, who is a moderate Liberal. It is the correspondent's opinion that M. Branting will not be sorry to be excluded as, popular discontent is likely to increase during the winter.

As to the effect of the American blockade, the correspondent says the manner in which the policy of the United States is to be answered, is indicated by the Government's announcement that Germany will supply to Sweden grain, potatoes and sugar which the allies have refused. This announcement, if realized, will naturally stimulate the pro-German trend of public opinion developed by the Washington news of the last few days, the despatch says. It adds that particular resentment has been provoked in the press by the statement that the Swedish delegates to the United States had suppressed the facts in relation to Sweden's exportation of iron ore to Germany.

GREAT BRITAIN WILL STAND BY FRANCE

Premier Says War Goes on Until Alsace-Lorraine Has Been Returned.

(Associated Press Despatch.) LONDON, October 12.—Premier Lloyd George, addressing a delegation of insurance committees who called yesterday to urge a readjustment of health insurance and the establishment of a Ministry of Health, declared that all the nation's thoughts and energies were taken up by the terrible demands made in defense of liberty and freedom. He wished he could see the end, but the task which the nation had taken in hand must be accomplished. He more calculated to any statement of the war than the assertion of the German Foreign Secretary, von Kuehlmann, that Germany would never contemplate the making of concessions to France respecting Alsace-Lorraine. However long the war lasted, said the Prime Minister, Great Britain intended to stand by her gallant ally, France, until she redeemed her oppressed children from the degradation of a foreign yoke. This meant that the country must husband its resources and when demands were put forward for improvements here and there, his answer was: "Concentration upon victory."

For the moment, every claim upon the Exchequer must be considered in the light of the terrible possibilities of the war, and when the war was over, in a freer, happier atmosphere the country could begin to rebuild, reconstruct and regenerate.

ENORMOUS TONNAGE OF SHELLS FROM CANADA

Munition and Supplies Sent Overseas Since War Started Amounts to \$700,000,000.

(Canadian Press Despatch.) MONTREAL, October 12.—Canada has shipped sufficient tonnage of shells to the Old Country to build nineteen bridges across the St. Lawrence, each equal to the Quebec bridge, or sufficient to build sixty-six battleships of 18,000 tons each, so Brigadier General Sir Alexander Bertram told the Canadian Society of Civil Engineers in an address at the engineers headquarters here last night. Sir Alexander said the total value of all the munitions and supplies sent overseas since September, 1914, had reached the enormous total of \$700,000,000. The work was carried on in four hundred factories in Canada, three fifths in the manufacture of shells and two fifths on components, basic supplies and shipbuilding. "The Imperial Munitions Board," he said, "has accomplished a great work in the present, and has presaged a great future for the industries of Canada."

LATEST TELEGRAPHIC DESPATCHES

BRITISH TROOPS KEEP UP ADVANCE ON FOE LINES

(Associated Press Despatch.) BRITISH FRONT IN FRANCE AND BELGIUM, Oct. 12.—At an early hour today British troops which began an attack in Flanders this morning had penetrated several hundred yards into the enemy's territory on a six-mile front from near Houthouist Wood to a point below the Ypres-Roulers railway, and were battling along the Passchendaele Ridge within one thousand yards of the centre of the village of Passchendaele. The main enemy today was not the Germans, but the mud. The Germans were far less formidable than previously owing to the disorganization occasioned among them by the recent terrific blows of the British.

The correspondent yesterday spoke to Field Marshal Haig, who does not confine himself to headquarters. The Field Marshal paid the highest tribute to his men for their gallant work in the bad weather.

LIBERAL PRESS ON NEW UNION GOVERNMENT

(Canadian Press Despatch.) QUEBEC, QUE., Oct. 12.—"Le Soleil," official Liberal organ, says in part commenting on the Union Government: "The question is this: Are these Liberals true representatives of the strength and of the spirit of Canadian Liberalism? We do not believe that they are, and are convinced that future events will sustain our view. In fact the Canadian Liberal party, now freed from disputable influences, will begin the real struggle for the future of Canada."

The Daily Telegraph says if Sir Robert Borden had more the interests of the country than those of his party at heart, he would not have delayed elections so long and left the country in a chaotic condition. "Seeing his party withering away like the autumn leaves," continues the Telegraph, "He keeps agitating with nervous desperation for some measure of support from the Liberal party, in which he is vainly endeavoring to plant the germ of schism. But, in doing so, he finds himself on the horns of a dilemma. He finds that he can get a few outstanding westerners in his cabinet if he completely sacrifices the Tory party. For the support of western Liberals, he must throw over the Ontario 'interests,' and not only that, but he will incur the genuine hostility of the western Tories, who are already preparing to bolt, if the virulent attacks on the Premier's 'union' policy in the Rogers' press is any indication."

COAL SHORTAGE IN AMERICA

Situation is Attributed to Great Demand for Manufacturing Purposes.

(Associated Press Despatch.) WASHINGTON, Oct. 12.—Existence of a general coal shortage was admitted last night by the Geological Survey, which attributes the situation, not to the failure of producers to do their best, but to the unprecedented demand. "The tremendous increase in manufacturing and transportation activity this year," said a statement issued, "has created a demand for soft coal in excess of any in the past; an increase in demand that is difficult to measure in terms of tons, but that is certainly more than ten per cent, by which production has increased. To meet this demand the operators have been mining coal at a rate never before equalled."

A serious coal shortage exists in Ohio, fuel administration officials were told yesterday by a delegation of consumers headed by Attorney-General McGehee, who came to Washington to protest against lifting the embargo on coal shipments to Canada. Of two hundred towns in the State, reporting more than one hundred, the delegation declared are entirely without coal, and are unable to obtain supplies because virtually all coal mined in the State is going through lake ports to Canada and the Northwest.

SOLDIERS' FAMILIES REACH QUEBEC

QUEBEC, Oct. 12.—A large number of Canadian families who have been staying in England in order to be close to their relatives on active service, returned to Canada last evening on board a C.P.R. liner, which docked at the breakwater shortly after six o'clock. The vessel had a total number of 1,312 passengers and carried 2,000 mail bags and packages of mail, besides a general cargo for Quebec and Montreal.

MR. LYON RETURNING

LONDON, Oct. 12.—Mr. Stewart Lyon, who for the past six months has been acting as correspondent for the Canadian Press, with the Canadian troops, has reached London on his way to Canada, having been succeeded by Mr. J. Willison. The London correspondent of the Canadian Associated Press, who returned with Mr. Lyon from a week's visit to the Canadian lines, is able to bear respectful testimony of the whole-hearted regard in which Mr. Lyon is held by every Canadian commander, officer and man in France. He leaves nothing but the most agreeable memories.

PROCLAMATION FOR FIRST CLASS TOMORROW

Men Called First Will Report For Military Duty on November 10.

(Canadian Press Despatch.) OTTAWA, ONT., Oct. 12.—The proclamation calling out the first class of men under the Military Service Act is ready for publication, and will be issued tomorrow. The proclamation which is signed by Mr. Thos. Mulvey, Under Secretary of State, confirms previous announcements made by the Militia Service Board and contained in the Act as to exemptions, ground for exemptions, etc. The proclamation calls upon the men comprised in Class One to report themselves for military service on or before November 10th, unless application for exemption has been made. The petition further states that those called out will not be required to report for duty earlier than December 10th.

TEN MEMBERS OF NEW CABINET SWORN IN TODAY

(Canadian Press Despatch.) OTTAWA, Oct. 12.—Shortly before 1 o'clock ten members of the new Union Administration were sworn in as follows: Premier and Secretary of State for External Affairs—Sir Robert Borden. Minister of Militia—Major-General Newburne. Minister of Overseas Service—Sir Edward Kemp. Immigration and Colonization—Hon. J. A. Calder. Interior—Hon. Arthur Meighen. Agriculture—T. A. Crerar. Customs—Hon. A. L. Sifton. President of the Privy Council—Mr. N. W. Rowell. Railways and Canals—Hon. J. D. Reid. Secretary of State for Mines (new)—Hon. Martin Burrell. Hon. Frank Cochrane goes to the Canadian Northern as chairman of the board of directors, and Sir George Perley becomes Canadian High Commissioner in London.

TO SUCCEED HON. A. L. SIFTON. EDMONTON, Alb., Oct. 12.—Hon. Charles Stewart, Minister of Public Works, is said to be a practical certainty as successor to Hon. A. L. Sifton, as Premier of Alberta. Mr. Sifton is entering the Union Government.

GERMANS KNEW TROUBLE WAS IMPENDING

(Associated Press Despatch.) BRITISH FRONT IN FRANCE AND BELGIUM, Oct. 12.—Indications are that the Germans early were aware that trouble was impending on the British front, as about 4 a.m. a large number of gas shells were fired by them along the British front.

EXEMPTIONS FROM SERVICE

Sons of Persons Disqualified From Voting Will Not Be Called.

(Canadian Press Despatch.) OTTAWA, Ont., Oct. 12.—For the information of the public, the Military Service Council points out that in addition to the grounds for exemption specified in the Military Service Act 1917, the War Time Elections Act provides that the following persons, who are disqualified from voting, with such of their sons as are, on polling day, under legal age, shall be held exempt from combatant military and naval service, namely: (1) Every naturalized British subject who was born in an enemy country and naturalized subsequent to the first day of March, 1902.

(2) Every naturalized British subject who was born in any European country (whether or not the sovereign or government thereof is in alliance with His Majesty in the present war) whose natural tongue, otherwise described as 'mother tongue,' is a language of an enemy country, and who was naturalized subsequent to the 31st of March, 1902."

NOW SEVEN LIBERALS IN NEW CABINET

First Report That Premier Murray and Mr. Carvell Had Joined Believed Incorrect.

(Canadian Press Despatch.) OTTAWA, ONT., Oct. 12.—The definite entry of five additional Liberals into the Cabinet followed a morning of protracted negotiations. There was a continual passing to and fro of members of the old and new administration. At a quite early hour Mr. Frank Carvell, the Liberal member for Carleton, N.B., was in evidence, and went into consultation with the Prime Minister. Within a few minutes he was followed by Premier G. H. Murray of Nova Scotia; A. K. MacLean, Liberal M.P. for Halifax, and the Western Liberals.

About noon the eastern men left the conference, strictly non-communicative as to their attitude. Doubts are expressed, however, whether Premier Murray will join the Cabinet as was indicated last night. The name of Mr. MacLean is suggested in his stead, but here again some doubt is felt. The conference will continue throughout the day, however, and an official statement on the final composition of the new Government will probably be issued this evening. The portfolios so far allotted provide, it will be noticed, for the division of the portfolio of the Interior, Hon. J. A. Calder, taking Immigration and Colonization, formerly in this department, as a new portfolio. Hon. Martin Burrell becomes Secretary of State and Minister of Mines. Hon. Arthur Meighen becomes Minister of the Interior. With the two sworn in last week—Colonel Ballantyne and Hugh Guthrie—there are now seven Liberals in the Cabinet.

PROVISION DEPOTS DESTROYED

(Associated Press Despatch.) FORT DE FRANCE, Martinique, Oct. 12.—Three provision depots and a quantity of construction material in the vicinity of the customs house here were destroyed last night by fire. It is estimated that the monetary loss will be heavy.

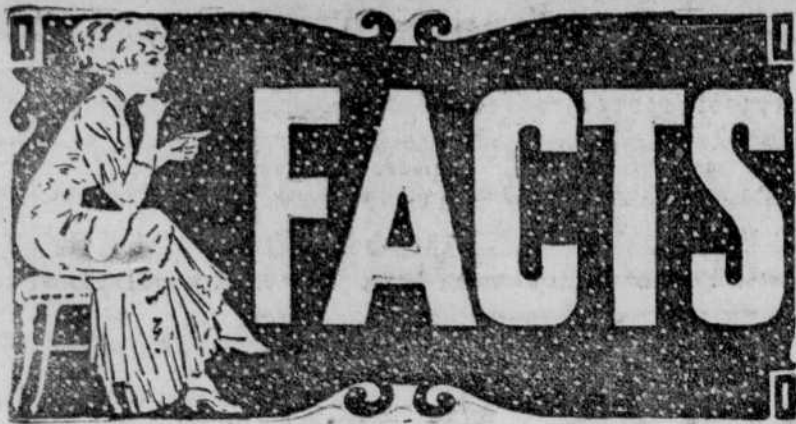

OUR DAILY LAUGH. POSTING THE BACHELOR. But even a married man has a right to his opinion. My dear fellow, it isn't a question of right, it's a question of courage.

A JOB HE CAN'T LOSE. "Well at last he's got a steady job." "That so?" "Yes, he's been drafted."

A HORRIBLE THOUGHT. Just imagine it. What? About ten years from now, having a wife fling it into your face that you married her only to escape military duty.

THE REPEAT. "Is it difficult to borrow money?" "Not the first time. The second touch is what calls for great skill."

DUCKED ANTHOW. I wonder why Jones always labors under the delusion that he is in the swim? I believe he was once thrown overboard by a society girl.

CLAIM GERMAN CHANCELLOR IS INCAPABLE

Socialist Organ Declares That He Holds Post for Which He is Not Fitted.

(Associated Press Despatch) AMSTERDAM, Oct. 12.—The Vorwarts, which in common with the other German newspapers arrived here after eighteen hours' delay, contains a scathing attack on the German Chancellor, Dr. Michaelis. Referring to the Michaelis-Von Capelle hints of the existence of a conspiracy in the navy, with wide ramifications, and that certain deputies participated in the revolt, it says: "Enemy countries will rejoice and will not believe that this is ridiculous exaggeration invented by an incapable statesman unable to find other means to justify himself. It was not a revolutionary conspiracy, but a case of military revolt such as, in view of the protracted war, has doubtless occurred in other countries, and no shadow of proof has been adduced to show that deputies were concerned in it."
Declaring that unless the deputies were arraigned the statements of Michaelis and Von Capelle would be branded as frivolous, it says: "Michaelis and Von Capelle have offered a feast to foreign countries of the prospective triumph of Bolshevism in Germany. With clumsy fists they have pushed the Independent Socialists into the limelight. Michaelis must go. A falsely understood sense of duty has induced this man to assume a post for which he is not fitted."
"When Deputy Neumann mentioned Von Bethmann-Hollweg's name the Reichstag gave the ex-Chancellor an ovation. We who have combatted Von Bethmann-Hollweg must say that, compared with the present Chancellor, Von Bethmann-Hollweg was a giant."
"When Michaelis ended his second speech his words sank into a grave of silence. Even the Conservatives seem to have lost interest in this Chancellor. Germany cannot win her defensive war while her fate is directed by threadbare bureaucratic zeal and a narrow-minded public spirit. Let an end be made to this tragedy."

MUTINY ON GERMAN FLEET WAS SERIOUS

Outbreak Affected Six Important Units and Held up Operations in Baltic Sea.

(Associated Press Despatch) LONDON, Oct. 12.—The inactivity of the German fleet in the White Baltic Sea recently, when there was obvious opportunity for attacking Russia, according to a despatch to the Daily Chronicle from Amsterdam, was due to the mutinous outbreak in the German navy.
The outbreak affected at least six important units of the fleet, putting them out of action and causing the authorities to doubt the loyalty of the crews of other large ships.
It was decided, the despatch says, to take stern measures on a large scale against the offenders, but that would have increased the evil.

CANNOT TURN MEN FROM PARTY

(Associated Press Despatch) AMSTERDAM, Oct. 12.—The Vorwarts, in its report of the debate in the Reichstag, on the mutiny, quotes Herr Haase, the socialist leader, as saying that the condemned soldiers were accused of distributing pamphlets given them by Deputy Dittmann, which were lawful pamphlets, which had been passed by the censor. The Berlin Vossische Zeitung, in dealing with the situation, says: "In attacking the independent sort the Chancellor seems to have to understand that he was attacking not only certain members of the Reichstag, but thousands of loyal soldiers, munition workers and agriculturalists. Does the Chancellor believe his expression of indignation will suffice to turn these men from the party to which they belong."

MORE EVIDENCE OF HUN CRUELTY

Since Beginning of War Thousands Have Been Persecuted in Alsace-Lorraine.

(Canadian Press Despatch) FRENCH FRONT IN FRANCE, Sept. 26.—(Correspondence of the Associated Press)—Fresh evidence of the German campaign of terrorization in Alsace-Lorraine comes to hand every day. Since the beginning of hostilities German court martials sitting in the annex provinces have inflicted sentences totalling five thousand years imprisonment on citizens of Alsace and Lorraine, whose sole offence has been the expression of opinion favorable to France. All classes, and all districts have suffered. Since Alsace and Lorraine were annexed by Germany in 1871, until the outbreak of war in 1914, no fewer than 500,000 of the inhabitants of the Provinces, according to official figures, have migrated to France. Immediately after the declaration of war three years ago, every one of real Alsatian or Lorraine origin who could find a way to do so made a hurried departure over the frontier line. Hundreds of those remaining, owing to their inability to leave in time, were at once seized as suspects and sent to prison or internment camps, where they have been kept in confinement for three years. While the migration was in progress the younger and more daring spirits among the men of Alsace and Lorraine took the still more serious step of joining the French army. Over thirty thousand of them have fought beneath the tri-color since the war began. Many of them by their heroism have gained high rank, while numbers of their comrades have made the great sacrifice.

In addition to the men in the ranks, and among the minor officers who have fought for France, the two provinces have supplied many military leaders of high renown, among whom no fewer than five generals have sealed their patriotism by dying. A soldier's death in fighting the Germans.

COURT OF KING'S BENCH

Jury Return Verdict of Not Guilty in Case of C. Rahal Charged With Perjury.

The addresses of Messrs. Cabana and Tracy, counsel for the defence in the Court of King's Bench in the case of Camil Rahal, indicted for perjury, commenced yesterday afternoon and were concluded this morning. Messrs. Nicol and Hanson, Crown prosecutors, then addressed the jury, and after the summing up of Mr. Justice Glovinsky, the jury retired at 11:55 to consider their verdict.
On returning into court twelve minutes later the foreman pronounced accused "Not guilty," and he was discharged.
The court afterwards adjourned until Monday morning at 10 o'clock.

SUTTON

The east and south mountain was covered with snow for the first time this season on Tuesday morning. There is yet considerable grain to be harvested and large quantities of potatoes to be dug. Owing to the incessant rains practically no ploughing has been done, as the ground is too wet.
Mr. Jos. Gagnon returned from Manitoba on Sunday. He reports

only half a crop of wheat, and the heavy rains which they were experiencing made harvesting and threshing very difficult and backward.
Miss Irise Gagnon, who recently underwent an operation for appendicitis at the Notre Dame Hospital, is reported to be convalescing rapidly, and expected to be able to leave the hospital on Thursday.
Master G. Clayton Shufelt stepped on a rusty nail a few days ago and

received a rather nasty puncture.
Mr. V. Cunningham, of Montreal, spent a few days last week at home. Miss Bernice Derby, of North Sutton, spent Thanksgiving with Mr. and Mrs. V. C. Shufelt.
REICHSTAG HAS ADJOURNED.
(Associated Press Despatch) AMSTERDAM, Oct. 12.—The German Reichstag, according to a despatch from Berlin, adjourned yesterday until December 5.
