BANLIEUES

Les noms des municipalités sont inscrits par ordre alphabétique et les noms des rues sont en ordre alphabétique à l'intérieur de chaque banlieue. Les rues et les avenues désignées par des numéros sont insérées au début de chaque municipalité.

GUIDE DES RUES

La situation et la description de chaque rue sont indiquées. Les instructions pour trouver une rue sont clairement indiquées. Les rues transversales sont inscrites aux numéros réels, si possible, où elles croisent chacune des rues. Vous trouverez aussi une liste des nouvelles rues et celles nouvellement identifiées dans la section "Liste Maîtresse des Rues".

CODE POSTAL

Votre code postal apparait après le nom de rue. — Servez-vous de votre code pour un service plus rapide de votre courrier.

RÉSIDENTS

Les numéros civiques sont disposés en ordre croissant suivis des noms des résidents et de leurs numéros de téléphone. Les numéros d'appartements sont imprimés en retrait du numéro civique.

MAISONS D'AFFAIRES

Le symbole > après un numéro civique signifie qu'il s'agit d'une compagnie ou d'un professionnel. Les numéros de suite, les numéros civiques, le nom de la compagnie et le numéro de téléphone sont indiqués de la même façon que pour les résidents.

Le symbole "@" indique que le commerce opère depuis plus de 5 ans.

"(MTL OFC)" indique que c'est le bureau principal de Montréal. Le siège social se situe à l'extérieur de la ville.

Quand une lettre entre parenthèses apparaît à la fin de l'inscription, celle-ci indique le nombre d'employés à cet endroit.

(A)	1 - 25	(D)	101 - 250
(B)	26 - 50	(E)	251 - 500
(C)	51 - 100	(F)	500 et plus.

ANNÉE D'EMMÉNAGEMENT

Les inscriptions et l'année d'emménagement à une adresse sont indiquées par un 7 pour 1977; 6 pour 1976, 5 pour 1975 etc. Ces symboles précèdent le numéro de téléphone. Le symbole sera enlevé de la liste après dix ans. L'espace occupé sera laissé libre.

NOM DES ÉDIFICES

Les noms des bureaux ou des maisons appartements sont inscrits, suivis du numéro de téléphone de l'administrateur, du surintendant ou de l'agent de location quand c'est possible.

STATISTIQUES

Un total fixé par l'ordinateur à la fin de chaque rue, indique le nombre de résidences et de maisons d'affaires. *Différentes méthodes de sélection à l'intérieur de nos listes sont disponibles sur demande.*

SUBURBS

Municipalities are arranged in alphabetical order and streets are in alphabetical order within each suburb. Numeric streets and avenues are listed at the beginning of each municipality.

STREET GUIDE

The location and description of each street are shown. Directions for locating a street are clearly indicated. Cross streets are shown, when possible, at the actual numbers where they intersect. There is also a list of new and renamed streets in the Master Street Index Section.

POSTAL CODES

Postal Codes are shown after the street description. — Use the code for faster delivery of your mail.

HOUSEHOLDERS

Occupants, with their telephone numbers, are shown in ascending civic no. order on each street. Apartment numbers, if indicated, are indented.

BUSINESSES

The symbol > after a civic no. indicates a business or a professional listing. Suite no., civic no., business name, telephone numbers are printed as outlined for a householder.

The symbol "@" indicates that the business has been in existence for more than 5 years.

"(MTL OFC)" indicates that this is the firm's principal Montreal office. The head office is located elsewhere.

When a letter appears in parentheses at the end of a business listing, it indicates the number of employees at this location:

(A)	1 - 25	(D)	101 - 250
(B)	26 - 50	(E)	251 - 500
(C)	51 - 100	(F)	500 and over

YEAR OF OCCUPANCY

Listing and year of occupancy at an address are indicated by 7 for 1977, 6 for 1976, 5 for 1975 etc. These symbols appear before the telephone numbers. The symbol will not be shown for listings after ten years. These will be blank.

NAMED BUILDINGS

The names of office and apartment buildings are shown, followed by the telephone number of the administrator, superintendent or rental agent where possible.

MARKETING STATISTICS

Computer counts for Householders and Businesses are shown at the end of each street. *Selective lists and studies are available on request.*
