The play is set in the washroom of a sheltered  
workshop for cerebral palsy victims. A "sheltered  
workshop" is a place where disabled people can go  
and work at their own pace without the pressure of  
the competitive outside world. Its aim is not to  
provide a living wage for the C.P., but rather to  
occupy his idle hours.

.....  
There will be no intermission.
