GERMANIA'S FAST TRIP.
 London, June 5.—The White Star Line
 steamer Germanic, Captain Smith, which
 left New York May 29th for Liverpool,
 was reported off Fastnet at three o'clock
 this afternoon.
 The Germanic cleared the bar on May
 29th at 11.32 a.m., and allowing three
 hours for the run from Fastnet, she
 will be due at Queenstown at six o'clock
 this evening, which will make her time
 from New York seven days, one hour
 and 23 minutes.
 The Germanic's best previous eastward
 record was seven days seven hours and
 37 minutes. On her present voyage,
 therefore, she clipped off over six hours
 from her eastward record.

During the last winter the Germanic
 was thoroughly overhauled and fitted
 with new boilers and engines. On her
 last trip from Queenstown to New York
 four hours, and it is the expectation of
 the line that as soon as the new machin-
 ery is in good working order she will
 make a still better showing.

A \$5,000 Action.
 Damase Brunet and others have en-
 tered an action for \$5,000 against St.
 Louis du Mile End for neglecting to pro-
 ceed with certain works on Drolet and
 Robln Streets, as resolved by Council.

 Beall, manager. Mention Herald. 17

DJEDDAH IN A PANIC.
THE BEDOUINS DEMAND THE RE-
LEASE OF THEIR COUNTRYMEN.

Arrival of the British Fleet Anxiously
 Awaited by the Authorities.

Constantinople, June 5.—Advises receiv-
 ed here from Djeddah, Arabia, the seaport
 town of Mecca, where the consular officers
 of Great Britain, Russia and France
 were recently murderously assaulted, an-
 nounce a panic prevails there, and that
 it is feared the Bedouins will attack the
 town. The latter are held responsible
 for the attack upon the consuls, which
 resulted in the death of the British vice-
 consul, and a number of them were ar-
 rested in consequence. This has caused
 an angry feeling among the Bedouins,
 who demand their release, and also
 threaten to use force if the situation is
 not complied with. The situation is so
 serious that the Europeans of Djeddah
 are hastily seeking refuge on board the
 merchant vessels in the harbor, taking
 with them all they possibly can of their
 belongings.

It is also stated in the advices from
 Djeddah that the arrival of the British
 Mediterranean squadron, numbering 17
 warships of various classes, is anxiously
 expected, and that the Turkish authori-
 ties, as the garrison is very weak.
 In addition to the excitement caused
 among the Bedouins by the arrest of those
 supposed to have been connected
 with the assaults upon the foreign con-
 suls, the Bedouins are dissatisfied with
 the quarantine measures which the Turk-
 ish Government has been compelled to
 take at Mecca, at the instance of the
 powers, in order to prevent the introduc-
 tion of cholera from northern ports by the
 return of infected pilgrims from Mecca.

Magistrate O'Garra sentenced the pris-
 oner to five years' imprisonment with
 hard labor.
 Wynyard learned the business of an en-
 graver in England. On reaching Can-
 ada he was out of work. W. D. Fogg,
 Q.C., counsel for the Crown, remarked
 that the prisoner showed every hand.
 To this the prisoner replied that any-
 body with a little patience could have
 executed the forgeries with no trouble.
 The prisoner will be sent to Kingston
 Penitentiary.

NORTHWEST CENTRAL RAILWAY
 Extension of Charter Granted by the
 Railway Committee.
 (Special to the Herald.)

Ottawa, June 5.—The Great North-
 west Central Railway Co. has a history.
 In one way or another it has been before
 the Railway Committee since 1830. There
 are now two boards of directors claiming
 to own the road. A number of judg-
 ments have been delivered in the case,
 but the question is still before the
 courts.

The company was before the Railway
 Committee to-day asking an extension of
 its charter for seven years, from May,
 1905. Both boards of directors were
 represented. Mr. Howland, of Toronto,
 represented one board, and Mr. Code, of
 Ottawa, the other board. Both parties
 agreed to the extension.

Mr. Howland wanted a change of head-
 office to Toronto, and Mr. Code objected.
 By the casting vote of the chairman it
 was decided to change the head offices
 from Ottawa to Toronto.

After a long discussion as to moving
 of the charter it was decided on retention.
 Mr. Langelier to give the extension pro-
 viding that fifty miles of the road were
 built before January 1, 1897, and fifty
 miles every subsequent year until the
 road was built. The bill as so men-
 tioned was reported.

TAKING A GAS MAIN.
 Toronto, June 5.—All the authorities
 and all the "cases in point" that counsel
 for the city have been able to find were
 used in court yesterday afternoon to
 maintain Judge McDougall in his judg-
 ment holding the Consumers' Gas Com-
 pany liable for \$5,000 as assessment for
 their gas mains. The assessment amounts
 to \$500,000, and on this the Company
 paid to the city under protest the
 \$3,000, which in this appeal they are
 seeking to recover.

GERMANIA'S FAST TRIP.
 London, June 5.—The White Star Line
 steamer Germanic, Captain Smith, which
 left New York May 29th for Liverpool,
 was reported off Fastnet at three o'clock
 this afternoon.
 The Germanic cleared the bar on May
 29th at 11.32 a.m., and allowing three
 hours for the run from Fastnet, she
 will be due at Queenstown at six o'clock
 this evening, which will make her time
 from New York seven days, one hour
 and 23 minutes.
 The Germanic's best previous eastward
 record was seven days seven hours and
 37 minutes. On her present voyage,
 therefore, she clipped off over six hours
 from her eastward record.

During the last winter the Germanic
 was thoroughly overhauled and fitted
 with new boilers and engines. On her
 last trip from Queenstown to New York
 four hours, and it is the expectation of
 the line that as soon as the new machin-
 ery is in good working order she will
 make a still better showing.

A \$5,000 Action.

 same to Y. W. C. A. Rooms. 130

Like the Touch of Magic
 Desperate Itchings of the Skin Allayed
 by Chase's Ointment—The Re-
 cognized Skin Specific.

It is only a few months since Dr. Chase's
 Ointment was brought prominently before
 the public, principally by its cures of stub-
 born and long standing cases of Itching
 Piles that had defied all other treatments.
 To-day it is recognized from ocean to
 ocean as an infallible cure for Itching
 Piles, Eczematous Eruptions and all Itch-
 ing of the skin. Its cures have rendered
 its sales larger than those of all other pre-
 parations for such ailments combined.
 People use Dr. Chase's Ointment with con-
 fidence, because in every community some
 one has been benefited like Mr. Simpson,
 Berlin, Ont., who, under date Feb. 8, '95,
 writes that for a number of years he was
 troubled with Itching Piles; they caused
 intense suffering, and although dozens of
 advertised remedies were used, none of
 them did any good, although some of
 them had long and thorough trials. Here
 are his own words, quoted from his let-
 ter: "Last fall I got a box of Chase's
 Ointment from Mr. Landreth's drug store,
 Berlin, I applied it to my Itching Piles
 and soon found it was what I wanted.
 Only used part of one box when I was
 nearly ever in my life. Once in a while
 since I have felt slight symptoms of its
 return, but one application of the Oint-
 ment and the "itch" again."
 Such expressions as this from those
 who use Chase's account for its popular-
 ity.

Price 60 cents.

Good Books
 Like "good things," generally, get
 lots of pushing around. Good
 books must "stand the racket,"
 and so must be made strong. In
 the making of folders we are ex-
 perts. Our Ledgers open flat, are
 accurately ruled and printed and
 are made to last. Prices low.

THE FIRES ARE OUT.
 Rain Comes to the Rescue of the
 Burning Oil Districts.

Russell City, Pa., June 5.—Rain came
 down in torrents last evening. The
 fires in the woods are out and there
 is no further danger in this vicinity.
 The damage to lumber and oil property
 is enormous, over 3,000 acres of valu-
 able timber and \$100,000 worth of oil
 property having been destroyed. The
 principal losers are the Northern Oil
 Company, Union Oil Company, South
 Pennsylvania Oil Company, Elk Oil Com-
 pany, and Fitzgerald Brothers. The
 Griffith estate lost a number of rigs.
 It is impossible to give anything like
 an estimate at this hour. No lives were
 lost at Conon Run and the people will
 return to their homes this morning, that
 is those who have homes left.

CLAVIJO EXECUTED.
 The Spanish Officer Meets Death With
 Great Courage.

Madrid, June 5.—Captain Clavijo, who
 shot and seriously wounded Captain-Gen-
 eral Rufina Rivera, after the latter had
 refused him the hand of his daughter
 on Monday last, was shot at 8 o'clock
 this morning. The captain, who was
 tried by court-martial and sentenced to
 death yesterday, displayed marvelous cou-
 rage and composure until the last mo-
 ment.

London, June 5.—A special despatch
 from Madrid says that the soldiers who
 executed Captain Clavijo had to fire at
 him three times. Clavijo first fell with
 three bullets in his head, and he still
 moved after a soldier had fired another
 shot into his head from under his chin.
 Even then the captain moved and did not
 die until another soldier fired a bullet
 through his heart.

A Coming Quebec Wedding.
 Quebec, June 5.—The wedding will
 take place on Thursday week of Miss
 Naomi Dobell, daughter of Mr. B. H.
 Dobell, to Mr. Brown, an English gen-
 tleman, and invitations have been issued.

FORMOSA'S FOLLY.

THE REPUBLICAN GOVERNMENT ENDS IN RIOT AND FLIGHT.

Japanese Forces Advancing—The Foreign Residents Not Molested.

Hong Kong, June 5.—The Republic of Formosa has collapsed, its President, Ding, has fled from the island and the foreign residents there are in safety.

The Chinese forces in the northern part of the island became disorganized at the approach of the Japanese troops, and the President fled to the Republic of Formosa, the mob in rioting and in burning the Government buildings at Keelung and Hobe.

Shanghai, June 5.—Despatches published here by the local press, and received from the Republic of Formosa, state that the Republic has escaped from the Japanese, and the other official buildings have been burned by rioters.

The natives are reported in all directions. Rioting is reported to have taken place at Keelung. The foreigners on the island of Formosa so far have not been molested.

OTTAWA-CENTRAL CANADA EXHIBITION.

Montreal has made several attempts to have an exhibition annually, but without success. There is no good reason why this should be so.

At Ottawa a very small community has established a highly successful annual exhibition. As an example of how they do things there the following from the Ottawa Citizen is quoted:

The following is a complete list of the medals and special prizes offered for competition at the Central Canada Fair:

Gold medal, by Dr. H. S. Perley, St. Albert, Va., for the best thoroughbred stallion, two years and over.

Gold medal, by Robert Thompson, Esq., Ottawa, for the best foal of 1895, by "Remsen."

Gold medal, by A. Lacle, Esq., Ottawa, for the best pair of matched carriage horses, geldings or mares, in harness, 15-12 hands and over.

Gold medal, by George P. Brophy, Esq., Ottawa, for the best standard bred stallion.

Gold medal, by C. Jackson Booth, Esq., Ottawa, for the best roadster, stallion, mare or gelding.

Gold medal, by Wm. Scott, Esq., president of the McKay Milling Co., for the best pair of roadsters, mares or geldings, 3 hands and upwards.

Gold medal, by T. Ahern, Esq., for the best hackney stallion, any age.

Gold medal, by ex-Ald. John Henry, Ottawa, for the best saddle horse, gelding or mare.

Gold medal, by Wm. Hutchison, president C. C. E. A., for the best thoroughbred Clydesdale stallion, two years old and over.

Gold medal, by W. Y. Soper, Esq., Ottawa, for the best Dominion bred heavy draught stallion, any age.

Gold medal, by Peter McRea, Esq., Ottawa, for the best heavy draught mare, consisting of one bull and four females, over one year.

Gold medal, by G. B. Pattee, Esq., Ottawa, for the best herd of Hereford cattle, consisting of 1 bull and four females over one year.

Gold medal, by Hon. E. H. Bronson, M. P., Ottawa, for the best herd of Jersey cattle, consisting of one bull and four females over one year.

Gold medal, by Hon. A. R. Angers, Minister of Agriculture, Ottawa, for the best herd of Canadian cattle, (Quebec Jersey) consisting of one bull and four females over one year.

RIPIPIS.

Maize Muffins.—Mix together one pound of shredded maize, one pint of hot milk, a teaspoonful of salt and one ounce of butter; let it cool, and whisk into it three beaten eggs, one ounce of sugar and two teaspoonfuls of soda; mix with Friend Baking Powder; mix all thoroughly; have muffin rings hot, half fill and bake in a very hot oven.

Salmon Croquettes.—Take a pint and a half of chopped salmon, one cup of cream, two teaspoonfuls of butter, one of flour, three eggs, one pint of crumbs, salt and pepper; remove all bits of bone and skin, and chop the fish fine; mix flour and butter thoroughly together; place the cream in a saucepan, let it come to a boil and stir in the flour and butter, then the salmon and seasoning; boil for one minute, stir into it one well beaten egg and remove from the fire; then set the mixture, which will be quite thick, away on the ice to keep quite cool; when quite cold, pour into croquettes and fry. Serve with watercress.

Rhubarb Pie.—Take the tender stalks of rhubarb, strip off the skin and cut the stalk into thin slices. Line deep plates with pie crust, then put in the rhubarb, with a thick layer of sugar to each layer of rhubarb, and a little grated lemon peel. Cover the pie with a crust, press it down tight upon the edge of the plate and prick the crust with a fork so that the steam will not burst while baking, and let out the juice of the pie. Rubarb pies should be baked about one hour, in a slow oven, and let it boil up once. Skim out the fruit into the jars, and fill to overflowing with the boiling syrup. Seal as usual.

Canned Strawberries.—The firmest and finest berries are those first picked from the vines, and are better for canning than those gathered later. Allow two baskets a quart jar, and use only perfect berries. Put one-half pound of sugar and two tablespoonfuls of water on to boil, and when it becomes crystallized drop in the fruit carefully, and let it boil up once. Skim out the fruit into the jars, and fill to overflowing with the boiling syrup. Seal as usual.

Another Way of Canning Strawberries.—After picking the fruit, spread it on a platter and sprinkle with sugar, using a little more than you would for immediate use. Let stand for five or six hours or all night, and then fill your jars with the fruit, place in a boiler of cold water (taking care to place something in the bottom of the boiler to keep your cans from contact with it), and let the water come to a boil, and boil for eight minutes. The fruit will shrink about one-third. From some cans take enough to fill the others.

Ladies' Print Blouses, made in the latest style, with new full sleeve, worth 50c; Friday

WHO WILL PAY?

PROVINCE REFUSES TO PAY FOR ST. LOUIS PROSECUTION.

A Despatch From the Attorney-General to the Crown Prosecutor.

"Will Emmanuel St. Louis, contractor for the Curran Bridge, ever be brought before the Grand Jury?"

That is the question which the Dominion Council and Provincial Crown Prosecutors Archambault and Quinn are now trying to solve.

It will be remembered that St. Louis was charged before Judge Desnoyers by Mr. W. P. Sharp, of Hall, Cross, Brown & Sharp, counsel for the Dominion Government, with having obtained some \$170,000 on false pretences.

Judge Desnoyers, after a careful revision of the evidence tendered, decided that there was no case in which a jury could convict, and therefore he dismissed the case.

The Dominion Government, however, was not satisfied with His Honor's judgment and instructed Mr. Sharp, who had conducted the case, to lay a similar charge before the Grand Jury without consulting the Crown prosecutors of the province.

He proceeded to do so and drew up a fresh indictment against the well-known contractor, but when he attached the names of some 70 witnesses the Crown officers of the province began to wonder how they would come up with Attorney-General Casgrain on the score of expense.

Crown Prosecutor J. L. Archambault was communicated with, and yesterday he sent a telegram to the Attorney-General, asking whether the Dominion or Provincial Government would undertake the case.

Later on he received the following telegram: "You are the Crown prosecutors, and nothing is to be done, unless you are cognizant of the facts of the whole case. The indictment can only be prepared and signed by you—unless the Dominion Government guarantees all expenses, and agrees to employ special counsel. In any case the indictment must be drawn up by the provincial Crown prosecutors. Further instructions will be received by letter."

The Provincial Government is ready to do its duty, but only if the Dominion Government is prepared to put up the extraordinary expense."

This then is the position in which the St. Louis case at present stands. In the meantime Mr. Sharp is in communication with Sir Charles Hibbert Tompkins, Federal Minister of Justice, as to the future steps to be taken.

Don't be deceived by imitations of Fibre Chamonds. The genuine has a red label, with the name on every yard.

BREVIES.

His Grace Archbishop Fabre officiated at the ceremony of confirmation at Lachine Tuesday and in the evening he was serenaded.

Yesterday His Grace left for Caughnawaga in a canoe accompanied by the Indians in the usual manner.

Messrs. J. A. Stevenson, R. Greene and Hugh Graham have caused the issue of a writ of mandamus against the city to compel the immediate widening of Stanley Street.

Yesterday was the time set by Judge Dugas for his decision in the case of the Provincial Board of Health against the Corporation of the city of Montreal for the unsanitary condition of the City Hall. On the request of the counsel for both the prosecution and the city he deferred his judgment for eight days longer.

A school boy named John Rocci was brought up in the Police Court yesterday for the theft of a bicycle from Mr. Chevalier, of 22 McTavish Street. He pleaded not guilty. Stephen Anquetin pleaded guilty to the charge of having burglarized the store of Fabien Constant, 100 St. Antoine Street.

Mr. A. W. Stevenson has been appointed liquidator of the City Club; Messrs. J. M. Dufresne, F. Trimble and J. E. Hutchinson, inspectors.

Efforts are again being made through petitions to bring about the release, or at least secure a commutation of the sentence imposed upon John H. Hooper, Charles Merrifield, and Fort Hope, who is secretary of the movement, is sending abroad post cards requesting signatures to petitions and offering on application to forward to those interested printed copies of the evidence and the resumes of the whole case.

A Safe Home.

In all New York City there is no better system of protection from fire than at the Hotel Brunswick, now managed by Mr. George W. Smith, late of the Windsor, Montreal. Every room is within a few feet of a fire escape, a large force of night watchmen patrol the house constantly and the very latest fire extinguishing appliances are provided in profusion.

Insolvency Legislation.

The Montreal Board of Trade has sent the following petition to the council of the Montreal Board of Trade humbly showing that your petitioners, upon the repeal in 1880 of the Insolvent Act of 1875, immediately commenced to urge upon Parliament the need for legislation applicable to the whole Dominion, providing for the equitable distribution of the assets of insolvent debtors, bills for that purpose being introduced at that instance in 1883 and 1884; that in 1885 a committee of the House of Commons prepared a bill with discharge clauses added, which received the support of the Montreal and other Boards of Trade, and that in 1892 a bill based upon the 1883 bill was compiled by the Toronto, Hamilton and Montreal Boards of Trade and urged upon the Cabinet; that in 1893 an influential deputation from boards of trade waited upon the Premier and Minister of Finance urging the introduction of insolvency legislation, and as a result the Minister of Trade and Commerce (Hon. Mackenzie Bowell) introduced into the Senate in 1894 a bill prepared under the direction of the Minister of Finance (Hon. Mr. Foster), which bill with certain amendments suggested by boards of trade was, to your petitioners' great satisfaction, adopted and passed by the House of Commons, and that in 1894 a bill with some further amendments, has been re-introduced this session into your honorable House, and that its provisions are generally acceptable to your petitioners; wherefore your petitioners, suffering now as heretofore by reason of the absence of insolvency legislation for the distribution of insolvent estates, and having for many years striven for the procuring of such legislation, do now, in the hope that it may become law this session, most earnestly pray your honorable House to proceed with bill A "An Act Respecting Insolvency."

Patronize Citizens' Gas Control Co., 317 St. James Street.

HE IS NOT GUILTY.

William Smith Acquitted of the Charge of Attempted Murder.

Chief Justice Sir Alexandre Lacoste presided in the Court of Queen's Bench yesterday. The trial of William Smith for attempted murder was commenced. Mr. Greenhalgh made an application that the judge take the case in reserve, if a verdict of guilty was returned. The judge's charge to the jury was in favor of the prisoner, who was arrested while flourishing a revolver in a bar-room brawl. The jury went out at 12.30, and brought in a verdict of not guilty.

IS IT MURDER?

Ernest Henri Dies From Injuries He Alleges Were Inflicted by a Street Car Conductor.

"Did Ernest Henri, a butcher's clerk, die from a street car conductor's kick, or was it murder?" That is the question which an autopsy and a coroner's jury will solve this afternoon.

Henri was admitted into the Royal Victoria Hospital on Sunday last, suffering severely from abdominal injuries. He gradually got worse, and this morning his friends and a priest were sent for. He then said that a week ago he was riding on a St. Denis Street car, when he was kicked in the abdomen by the conductor, and he fell off the car on to the street. When he recovered consciousness the car was out of sight. On hearing this, his relatives at once notified Judge Dugas, who in company with High Constable Bissonnette and Clerk St. Mars yesterday afternoon drove up to the hospital, but on arrival found that Henri had expired two minutes before the coroner will hold an inquest this afternoon.

Some Sardinian Passengers. Passenger business is booming at this port. Yesterday Mr. George Hannah, passenger manager for Messrs. H. & A. Allan said that the number of passengers booked for their R.M.S. Sardinian, sailing Saturday, was 50 per cent. in advance of that of last season. The number is 90 saloon, 100 second cabin and 140 steerage.

Among the passengers are S. Deshams, George Deshams, Toronto; R. Campbell Kelles, Miss Taylor, Mrs. and Master Eaton, Hon. J. R. D. Tollemache, Mr. Horner Taylor, Misses Emily and Florence C. Brown, John Eager, Mr. C. D. Rogers, J. S. Tupper, Mrs. Tupper, Master Tupper, Winnipeg; Dr. and Mrs. Ami, Lt.-Col. G. Burland, Montreal; Mrs. Wm. and Miss Davidson, Toronto; Miss Buchanan, Mrs. Fitzgibbon, Miss Fitzgibbon, Miss Cavithra, Toronto; Mr. Arthur F. F. W. Kelly, Miss M. M. Yates and Miss Alice Yates, Mrs. Stephenson and Mrs. Wood, Liverpool; Dr. A. D. Williams, Mr. J. Stephenson, Mrs. McLellan and Miss McLellan, Rev. A. P. Moore and wife, London, Ont.; Jno. Field and Mrs. Reid, Island Pond, Vt.; Miss G. A. Hill, Mr. C. J. and Mrs. Tyrrell, A.A.Hall, W.D. Wilson, St. Albans, Dr. J.D. Wheeler and wife Mrs. Moore, Mrs. Hall, Geo. McCallan, Chicago; Miss Collins, Mrs. Verner and child, Mr. C. Pain, Staff Officer-Master Sgt. Gibbs, Mrs. Gibbs, the Misses Ethel, Daisy, Ada and Jessamin Gibbons.

The Dalhousie Square Fatality. Coroner McMahon opened the inquest yesterday at No. 7 Germain Street on the body of the young man, Jean Baptiste Laflamme, who was killed Tuesday afternoon at the C.P.R. Depot extension by a hoiler falling upon him through a fire reel passing over the temporary bridge at a rapid gait thereby losing the earth.

The jury was empaneled, but owing to the smallness of the room the inquest was adjourned until this morning at the Morgue.

Objected to the Gas Bills. Ald. Penny objected to the gas bills which were presented for payment at the Market Committee yesterday. He did not see why the city should be charged more for gas than large factories were. The bills, however, were ordered to be paid.

The new market by-law was discussed at length. On the motion of Ald. Dupre it was resolved to charge county dealers 35 cents for the first fifteen packages, 15 cents, or of produce sold in bulk, and 1-2 cent for every package, bag, etc., over that number. Ald. Renaud and Marsolais voted against the motion. Ald. Nolan supported the motion on the ground that it would protect our local merchants.

Bogus Beer. Judge Dugas yesterday rendered judgment in the case of Dow & Co., brewers, Chabouillet Square, versus H. St. Cyr, D. Benoit and St. St. Denis, charged with having used the labels of the firm on beer not brewed by them. The learned judge in the course of a lengthy deliverance scored the defendants for their improper conduct, but as it was their first offence he would simply fine each of the defendants \$10 and costs, or in default one month's imprisonment. The firm showed during the trial that they had suffered thousands of dollars through transactions such as these.

PERSONALS.

Commandant Booth of the Salvation Army is expected to arrive in Montreal on the 19th inst.

The Fauchon Waltzes, which are receiving a large share of popularity as dance music, were composed by a Canadian, Mr. G. Grant-Schaefer, well remembered in Montreal musical circles, being at one time organist of Chalmers' Church, Chicago.

Mr. A. P. Willis' handsome cottage on Lake Champlain is now pretty nearly completed. Mr. Willis' property is situated opposite Fort Montgomery, on the Canadian border. Four acres have been set apart for a summer residence, and the family expect to go out about the 25th inst., to remain until September.

Hotel Victoria, Quebec. The most centrally situated hotel in the city. Fine large sample rooms. First-class in every respect.

Sherbrooke House, Sherbrooke, P.Q. the best hotel between Portland and Montreal. Everything new.

The cuisine of the Jacques Cartier Hotel, Jacques Cartier Square, is unequalled in the city. The dinner is under the proprietorship of Mrs. E. Smailow. An excellent mid-day dinner is served.

Grand Union Hotel, Ottawa. The most popular hotel in the capital city. Finest sample rooms in Canada. Central modern and moderate in charges. Cuisine unequalled.

Breaking up the Game. Apropos of the propensity of American fishing parties to play poker, it is narrated that Amos J. Cummings was recently invited to join a party bound for a small lake swarming with large fish. Amos J. made sure and that the exact party we want." "That's all very fine," retorted Cummings, "but you will find that some of the six will really want to go fishing, and break up the game."

BUT ONE WAY

All Precedent and All History

Demonstrates it to

Be Correct

A Practical Suggestion, which if Carried

Out Would Prove a Blessing to

Thousands of People.

The question often arises: "Why are women such sufferers from all sorts of unexplained and apparently undefinable 'ills'?" It is easily explained. Find a woman who bows her head and sighs and who gives proper attention to herself in this particular, and you will find a perfectly well woman in nine cases out of ten. Always a clear, healthy complexion, bright eye and a good complexion, which the one who neglects these charges of Dame Nature is usually sallow looking with a blotchy skin and clogged eyes.

The bowels are the natural drains of the system and when clogged lead to disease and general ill health.

The deductions of a famous doctor on this line led to the production of Karl's Clover Root, which is nature's grandest remedy for constipation and all kindred ills.

This eminent practitioner concluded that to treat this trouble successfully a natural remedy would be most efficient, and this celebrated medicine was compounded directly from Roots and Herbs to meet his views. Its success has been marvellous.

Mrs. W. P. Warden, of Otis, Mass., says of Karl's Clover Root Tea: "I have tried many different kinds of medicine without receiving any benefit, and had given up all hopes of any cure or even natural remedy, when I procured this for two years. I have been using Karl's Clover Root Tea, and find that it has done me more good than anything I have ever tried. You are at perfect liberty to use my name as a testimonial, as I am glad to know that I have been the means of relieving others."

Facial blemishes, pains in the back and groin, lassitude, loss of appetite, sleeplessness, headache, irregularities and nervousness are all produced and aggravated by this curse of the nineteenth century, Constipation.

Karl's Clover Root Tea is a positive and absolute cure for it and many other kindred ills. Remarkable cures of Impsonia, Dyspepsia, Biliousness, Rheumatism, Catarrh of Bowels and Chronic Headaches have been effected by it. Pleasant to take. Easily prepared.

FOR SALE BY B. E. MCGALE, 2123 Notre Dame Street. Samples Free.

Nearly Killed by Gas. John Tunny, a laborer employed in digging up a gas main on Craig Street near the Champ de Mars yesterday, had a narrow escape from death. A spark from a pick lighted escaping gas and caused an explosion. Tunny fell and was nearly suffocated when Constable Souliere came along and pulled him out of the trench. A doctor was summoned and after some time Tunny recovered his senses.

INVESTMENT SECURITIES. Suitable for Trust Estates, Banks, Insurance Companies and Permanent Investment. WILSON SMITH, Investment Broker.

TRADE AND COMMERCE FINANCIAL.

The bulls in the stock market are apparently in no hurry to release the hold they have upon it, and proved pretty conclusively this morning that they are still masters of the situation. Advances in price were general with a very active market, the principle stocks being Toronto Railway, Richelieu and Cable. In connection with the first named, the earnings are showing up remarkably well, and it is claimed that the next dividend on the stock will be a larger one than the last. On these factors the stock gained nearly 4 points on this morning's trading, selling up to 83 3/4, as compared with 80 1/4 the price at which the last sale was made yesterday. Richelieu received quite an amount of attention and made a full point advance, as compared with yesterday's close, while Cable was about half a point higher. The dividend declared by the Cable Company was at the usual rate, and what was generally expected. Although the earnings of the company are keeping up remarkably well, it is not thought that a larger dividend will be paid for some time at least. In the demand from this source that has had a good deal to do with the rise in the stock. Montreal Street Railway was firm for both old and new stocks, with the rest of the list steady. Bank stocks were not so active but quotations generally were firm. Money on call is still quoted at 5 per cent.

The market was exceedingly active in the afternoon. Over 100 shares of Cable were sold during the short session, and the price made a further step to 160 1/2, while Richelieu made a new high record price, some 300 shares changing hands at 100. Toronto Railway further improved its position to 84 on transactions involving some 1,100 shares. Montreal Street Railway and Gas were firm. The market closed with a very strong undertone.

The highest, lowest and closing prices, and sales and net changes from yesterday's closing prices for actual sales in the local market are as follows:

Table with columns: Stock Name, High, Low, Close, Chgo. Includes items like Merchants Bank, Bell Telephone, Toronto Ry., etc.

MORNING BOARD. High, Low, Close, Chgo. Includes items like Merchants Bank, Bell Telephone, Toronto Ry., etc.

AFTERNOON BOARD. High, Low, Close, Chgo. Includes items like Merchants Bank, Bell Telephone, Toronto Ry., etc.

A TORONTO YARN. The Toronto Globe publishes the following: "A good many Montreal people who are in Canadian securities are getting into the way of making their transactions through Toronto brokers. In Montreal one of the rules of the stock exchange provides that a charge be made of 10 per cent. by brokers. Here the charge is only 5 to 7 1/2 per cent. This was characterized by brokers here as a Toronto yarn. It was pointed out that although the interest charged by Toronto brokers is 6 per cent., almost as many business men in Toronto account as is done on the Toronto stock exchange. To-day, for instance, over 1,000 shares were traded in on a Toronto account. The 'yarn' caused quite a little amusement.

NEW YORK GOSSIP. J. S. Bache & Co., New York, telegraph their Montreal manager, C. D. Monk, the following: "New England, the perennial mystery, will have a little stir, but it is only a stir. Directors of Sugar have decided to make the full dividends on Friday. Sugar will purchase on every lot of dip. Bull Sugar prefers Rubber. Rubber will have another bounce. Don't buy to the westward. Expect Manhattan to yield only on old arguments. Too heavy call on utilities. Raw sugar offerings readily absorbed by rubber market. In refined sugar market, the market is indifferent. Miners along the Wheeling and Lake Erie at Wheeling will accept the 10 per cent. rate. It will require the vote of the whole stock to make the scale take effect at 10 per cent. The Atchison and St. Louis and San Francisco roads have filed formal notices at St. Louis of their formal withdrawal from the South Western Traffic Association. Bad faith on the part of their associate members is the chief reason assigned. There is a rumor here that a protective association is being formed to protect the silver market.

The silver market is weak at 80 1/2-2. THE DAY IN WALL STREET. New York, June 5.—The Evening Post in its financial article to-day says: The upward reaction on the sterling exchange is clearly attributable to the cessation of Europe's security purchases and the moderate realizing sales; second to the incidental covering of 'short' exchanges by the bond syndicate and heavy bankers, and third to ordinary trade which was postponed during and after the violent decline in a hope of a firmer market. Back of this, however, is the fundamental fact that our own supply of money is far beyond current needs. This movement in exchange, accompanied as it was by some scattered sales from foreign houses, affected the market for securities. In addition, doubt over the Northwestern's annual dividend, which will be acted on to-morrow, gave courage to promoters of this matter for the decline. As a result, the market for securities was not so active as it was in the previous week. The market for securities was not so active as it was in the previous week. The market for securities was not so active as it was in the previous week.

MONEY AND EXCHANGE. Messrs. Nichols and Marler, stock and exchange brokers, corner Notre Dame and St. Francis Xavier Streets, report the local exchange market as follows: June 5, 1895. Buyers, Sellers, Counter. New York funds, par, 1 3/4 pm. Sterling, 92 1/2 to 93 1/2. Demand, 91 1/2 to 101 to 101 1/2. Cables, 101 to 101 1/2.

THE LONDON SITUATION. Special financial cablegram from London to-day is as follows: The refusal of the Armenian reformers to propose a scheme of operative markets to-day, but to hold a meeting of investment securities was the feature. There was no much selling, but it was difficult to find buyers. They closed dull on New York quotations.

COMMERCIAL. Wednesday, June 5. J. S. Bache & Co.'s Chicago letter to-day said: "Grain markets opened weak under selling pressure by local bear talent, influenced by showers and cooler weather east of the Mississippi river. Wheat was the chief object of attack, and upon several occasions the price was lowered 1c from yesterday's closing figure, but at the decline there was a general renewal of buying by shippers and commission houses, and local sales aggregating 200,000 bush of cash wheat. There were reported for mills at Montreal, Detroit, Toledo, Indianapolis, Johnstown, Pa., and Canton Mills. The Bradstreet's statement, showing weekly decrease of only 300,000 bush in the world's stock, proved to be a boom for the shorts, inasmuch as the decrease in America amounted to nearly 3,000,000 bush.

FINANCIAL NOTES. French rentes sold at 102 frs. 65c at the opening and 102 frs. 65c at the close. In the local market money on call is quoted at 5 per cent. In New York call loans were quoted at 1 1/4 per cent. French Exchange in London opened at 25.21 1/2 and closed at 25.21 1/2. Berlin, June 5.—Exchange on London eight days sight, 20 marks 45 pence.

MONTEAL STOCK EXCHANGE. The closing prices on the local stock exchange to-day were reported as follows by Mr. J. S. Bache, stock broker, Stock Exchange Building: June 5, June 4.

Table with columns: Description, June 5, June 4. Includes Canadian Pacific Railway, D.S.A., Grand Trunk, Montreal Street Ry., etc.

NEW YORK STOCK EXCHANGE. Messrs. J. S. Bache and Co. report to-day's closing prices in New York for their Montreal manager, C. D. Monk, 16 St. Sacramento Street:

Table with columns: Description, June 5, June 4. Includes Am. Tobacco Co., Am. Sugar, etc.

RECEIPTS. The receipts of grain and flour in Montreal to-day are given as follows: G.T.R.C.P.R. Canal, Total. Peas, bush, 5,033. Oats, bush, 1,159. Flour, bush, 2,993.

ST. LAWRENCE FISHING. Americans Wait Upon the Canadian Minister—A Compromise Proposed. Ottawa, June 5.—Mr. Costigan was interviewed yesterday again by a deputation from the Anglers' Association of the St. Lawrence River, when an understanding was arrived at. The deputation, consisting of Senator Mullen, of Albany, and W. H. Thompson, secretary of the association, was introduced by Mr. Taylor. The result of the conference was that Mr. Costigan undertook for the present to instruct the officers of his department not to enforce the fishery license provided the alien labor law was not enforced against Canadian boatmen. Assurances were given that legislation will be obtained from the New York State Legislature to harmonize with the fishery laws of the St. Lawrence so that the close seasons shall be similar. It was proposed to establish an international park within the limits of which no netting shall be allowed. Legislation is obtained, if necessary, to modify the alien labor law so that it will not apply to boatmen on the St. Lawrence.

MINERS DRIVEN FROM WORK A Band of Foreign Laborers Attack the Workmen. Wheeling, W. Va., June 5.—Shortly after 35 miners, who returned to work at the Gaylord Coal Works, above Martin's Ferry, Ohio, last Monday, had gone in the morning, two hundred Huns, miners and Poles from Dillonville, La. et al., and other mining towns, gathered at the Wheeling and Lake Erie, appeared, having gathered previously and marched across the country, headed by a brass band. One gang went into the mine and beat those at work, drove them out, while about 130 men formed a gauntlet above the entrances as the fleeing miners ran out and struck them with clubs and crow-bars and then threw the workmen over the bank. Half of them were injured, none seriously. Three are still missing. Seven of the assailants were captured by deputy sheriffs and are now in jail at Bridgeport. Others talked their way out of the mine, and C. and P. freight train, and made the crew carry them to Portland. Sheriff Darby, of Belmont County, has a force on guard.

QUEBEC PERSONALS. Hon. E. J. Flynn has returned to town from his inspection of the Laurentides Park. Miss Kane arrived here Tuesday, and is staying with Capt. Dunn, St. Ann Street. Mr. N. Pike and guide, of New York, are at the Chateau en route to the Natashquan River on a fishing expedition.
