IMMIGRATION TO CANADA HOPE OF SLAVE WORKERS

Thousands of Slave Laborers Rescued From Nazi Camps Now Working Eagerly in Displaced Persons Camps With View of Settling in Canada.

As Field Executive Officer in the Lucke and Segeberg district of Northern Germany, he has under his control 70 camps in which are some 40,000 displaced persons, including the largest group of Latvians, Estonians and Lithuanians in Germany.

"These Baltic peoples are clean, intelligent and co-operative," said Wing Cmr. Lighthall.

"They are industrious and work eagerly at various projects we have started, although they only reward for labor is an additional hot meal each day, plus seven cigarettes."

"None of them want to go home. All of them say they would like to go to Canada, which they understand is like their own countries," Wing Cmr. Lighthall said.

LOCAL MAN HAD ROUGH TIME IN JAPANESE CAMP

Only man to arrive at Montreal's Central Station yesterday and be met and welcomed by Major George Steele, on behalf of Maj.-Gen. E. J. Renaud, C.B.E., District Officer Commanding M.D., No. 4, was Rfmn. John Levitt, of Sherbrooke. Rfmn. Levitt was enroute to his home here from Vancouver, after being a prisoner of war of the Japanese for three years and eight months.

Canadian prisoners were starved, manhandled and beaten by the Japanese. Rfmn. Levitt declared, "I had my two front teeth knocked out for failing to stand at attention," he said.

Rfmn. Levitt paid tribute to the Canadian and American Red Cross. "Since we have been liberated they just couldn't seem to do enough for us," he continued.

"I had seven gallstones attacks while a prisoner. 'All they would do for me, was to give me a shot of morphine and knock me out and then starve me for about five days," he went on. "We had no medical care whatsoever and no toilet facilities such as razors, soap or towels."

"We were all lousy and it became a pastime when we were in our huts, to kill the vermin on us."

He also paid tribute to Capt. John Reid, R.C.A.M.C., of Toronto, the medical officer of the unit. "He worked miracles with absolutely no equipment. We are all grateful for the way in which he worked for the boys' welfare," he stated.

Alberta's coal mining districts are showing the lead to other sections of rural Alberta, despite their loss of pay in the recent three-weeks' strike.

PACKING PLANT WAGE PARLEYS ARE CONTINUED

Representatives of Big Three Study Counter-Proposals Advanced by Union Spokesmen at Winnipeg Conference.

Winnipeg, Nov. 1.—Negotiations between the United Packing-houses Workers of America (C. I. O.) and the three big packing companies were scheduled to resume again this morning after officials of Canada Packers, Swift Canadian and Burns and Company last night considered new and undisclosed union wage proposals.

The new union proposals were somewhere between their original request for a five-day, 40-hour week with the same pay now being received for a 48-hour week and the companies' reported offer of 45-hour week with an hourly pay increase.

The first U.P.W.A. request would have meant a 30 per cent increase in wages for about 12,000 production workers in nineteen plants across Canada.

The conference adjourned last night when representatives of the three companies took away the union proposal for consideration. They were expected to give their reaction when the meeting opened today.

Epidemic Of

Full-scale riot in East Toronto involving approximately 7,000 persons marred an otherwise orderly celebration. The riot started when groups of youthful celebrants set fires in the streets and refused to put them out or to disperse. Police arrested at least ten persons, including one girl, and lodged them in No. 10 Police Station.

Leaders of the mob called on the demonstrators to storm the police station and release the prisoners. Police formed a cordon around the station, firemen called to extinguish the fires in the street attached a hose line to a hydrant in front of the police station and another to a hydrant near the main street fire station. Heavy streams of water, combined with blows from police truncheons, broke up the disturbance after several policemen and firemen were injured by rocks thrown by the crowd.

Elsewhere in Canada, Halloween parties in schools and auditoriums were credited by authorities with preventing any serious property damage. In spite of a shortage of apples, housewives "shelled out" with fruit and candy to costumed children who greeted them with shouts of "treat or tricks."

In Ottawa, a prank nearly ended in tragedy when a tear gas bomb was thrown on a stairway leading to a boxing alley. Approximately 70 howlers, including members of the Naval Service Bowling League, rushed for the stairway when smoke appeared and someone shouted "explosion." Police and firemen said it was almost a miracle that nobody was injured.

A Hamilton girl, eight-year-old Nancy Badgley, suffered a head injury in a street accident during the celebration.

Police said Hamilton crowds were noisy but orderly. Thousands of children attended Halloween parties given by community groups and service clubs.

Rogina, Winnipeg and Edmonton reported no disturbances. Costumed children visited neighborhood homes for tribute of apples, peanuts and candy and then went to entertainments at schools and auditoriums.

Celebrations in Montreal were orderly. Treats were not so plentiful as in some years, due to shortages of apples and candy and pumpkins for jack-o-lanterns were scarce.

so that in several local governments throughout the country, no change is possible in party majority.

Labor's main campaign weapon has been emphasis on the desirability of returning Labor candidates so as to forge "the strongest link" with Westminster in solving post-war problems.

Labor put up 1,530 candidates, including 800 women, for the 1,777 vacant seats in London, Boroughs, while the Conservatives are contesting 879 and the Liberals about 60.

NORTH HATLEY

In keeping with the world wide Anglean youth week an interesting and impressive service was held in St. Barnabas Church, North Hatley, on Sunday, October 28. The incumbent, the Rev. Canon Ernest R. Roy, was assisted by a number of the boys. John Arthur Spriggins read Psalm XIX; Maurice Perkins and Stewart Deacon read the Old and the New Testament lessons respectively.

David LeBaron and Melvin Bennett took up the offerings while Christopher Garman and Bud Taylor acted as sidemen. A large congregation of children, young people, parents and friends were present. Mrs. Roy presided at the organ in the absence of Mrs. Richard Springings.

Sympathy is extended to the Lady Principal, Mrs. Amaron, in the death of her mother, Mrs. Roy, of Montreal.

Mr. and Mrs. McFadyen motored to Montreal, where Mrs. McFadyen is making a short visit with her sister, Miss Mary Farnsworth. Mr. McFadyen proceeded to Ottawa, where he attended the twenty-fifth anniversary of the founding of the Ottawa Chapter of the Royal Arch Masons.

NEW HORIZONS HAVE EMERGED FROM THE WAR

Montreal, Nov. 1.—Samuel Bronfman, President of Distillers Corporation-Sagrams Limited, told shareholders at the company's annual meeting that from the great world struggle recently brought to a successful conclusion there had emerged new horizons which made it possible "to visualize for ourselves and our children a future which in its global ramifications will dwarf the restricted outlook of a decade ago."

Turning from the world picture to the future of the company, Mr. Bronfman paid tribute to its war effort. He recalled that it had produced 314,845,000 proof gallons of industrial alcohol vitally needed in the production of smokeless powder, synthetic rubber and other necessary articles of war.

He warned that "the war's end will not ease immediately the shortage of quality whiskey," and that for some time it might be necessary to continue to allocate and conserve supplies.

That will automatically unseat him as member of the House of Commons to which he was recently elected as representative of the Scottish Universities. A member of Parliament may not accept a position of emolument from the Crown.

Then Sir John will resign his stewardship of the "Chiltern Hundred," and tradition as well as expediency will be satisfied. He expects to return to America by air and be in Washington by the middle of December.

been stressed by John Diefenbaker (P. C. Lake Centre), who cited cases of men who had been sentenced overseas by military courts and brought back to Canadian penitentiaries where they were placed with "hardened criminals."

Clarence Gillis (C.C.F., Cape Breton South) urged that the Canadian Legion or other veterans organization be represented on the Board to plead the case of the men whose sentence was under review.

The question of sentences of deserters in Quebec was raised by C. E. Johnston (S.C., Bow River). Mr. Abbott said he had asked for a survey of such sentences throughout the country and this had shown that sentences were uniform.

There had been cases where deserters who surrendered voluntarily were released after 28 days' detention of N.R.M.A. troops on draft for movement overseas. District Officers commanding were told to draft summarily with such men and put them into an early overseas draft.

Following VE-Day, May 8th, a number of men on farm leaves failed to report back to the army for some time. Some who did surrender voluntarily were given 28 days and then released.

However, in most cases the complaint was that the one and two year sentences imposed on deserters were too severe.

BUGBEE BUSINESS COLLEGE

The third meeting of the 1945-46 Bugbee Literary Society was held on Friday, October 25. The meeting was called to order at 3:15 p.m. by Murray Johnston, the President. As previously arranged, the executive was to provide the programme for the first two meetings. The girl members, Nan Donaldson, Mary Cowan and Dorothy Henderson, gave short addresses on "The History of the Flag," "The Question of a 'Strong Link' in Canada," and "The Problem of Atomic Energy Control," respectively, and thus brought the executive part of the programme to a close. Following these talks, Kenneth "Joe" Jenkins addressed the students, making very fine suggestions about having debates on the subjects already mentioned, later in the year. The President thanked the speakers and the meeting was adjourned.

The Stansstead College girls entertained the girls of King's Hall, Compton, after a fine game of soccer on October 22. The final score was 0-0. The return game was played at Compton on Saturday, October 27, when King's Hall attained a victory of 2-1 against Stansstead.

The Stansstead senior and rugby teams, together with the soccer team, played at Lennoxville on October 24. Stansstead made a fine showing by winning two out of the three games.

Dr. Adams, Minister at large, of Vermont Conference, a former graduate of Stansstead College and McGill University, Montreal, was guest speaker at the Stansstead South-western for the church's one hundred and twenty-ninth anniversary services. The evening service was attended by the student body of Stansstead College.

Sympathy is extended to the Lady Principal, Mrs. Amaron, in the death of her mother, Mrs. Roy, of Montreal.

Mr. and Mrs. McFadyen motored to Montreal, where Mrs. McFadyen is making a short visit with her sister, Miss Mary Farnsworth. Mr. McFadyen proceeded to Ottawa, where he attended the twenty-fifth anniversary of the founding of the Ottawa Chapter of the Royal Arch Masons.

Commando Tactics Training Lack Felt By Canadians At Hong Kong Says Maj. Parker

Arriving back in Sherbrooke after nearly four years as a Japanese prisoner-of-war, Major Maurice Parker paid tribute to the men he led during the days of the terrible battle against the Japanese staged by the Canadian garrison at the British naval base of Hong Kong. Officer commanding "D" Company of the Royal Rifles of Canada, Maj. Parker described how the remarkable fighting of the Canadians affected the attitude of the crack Jap forces, who on noting the "Canada Patches" said "Ah, Canada—good fighters."

Arriving in the Hong Kong area on November 16, 1941, Maj. Parker was stationed along with the rest of the Canadian force in Kowloon, on the Mainland, until December 7, when he moved his company into Hong Kong proper to take up battle positions. Along with the rest of the Royal Rifles, with the exception of "A" Company, which took up positions in the Repulse Bay area, "D" Company moved into the Stanley Bay area, where from December 8 till Christmas Day they staged their defence—cut off from the rest of the defending force with very little food, and practically no water, and fighting against overwhelming odds.

"It was only a matter of time," declared Maj. Parker, "the Japs held all the cards." He then commented on the training of the Canadians, who despite their excellent show, needed, he thought, the special type of training

Sales of bonds in the 9th Victory Loan Campaign among the twelve counties in Divisions 5 and 6 of the Eastern Townships showed increases of almost ten per cent of many of the counties' general sales and payroll canvasses yesterday.

Division 6 lengthened its lead slightly over Division 5. Residents in Division 6 have now purchased a total of \$6,157,450 worth of Bonds for 62.9 per cent of their objective compared to Division 5 where subscriptions total only \$2,885,100 for 52.3 per cent of its objective.

A Happy Reunion

Maj. Maurice Parker, of the Royal Rifles of Canada, a prisoner-of-war in Hong Kong for almost four years, is shown being welcomed by his family on arrival at the C.N.R. Depot in Sherbrooke. Pictured left to right are little son Ronnie, Mrs. Parker, Major Parker, and daughter Cynthia.

Epidemic Of Ghosts, Goblins And Other Eerie Creatures Failed To Cause Serious Damage Locally

There were ghosts, goblins, tramps, fairies, and the usual costumed representatives of All Hallow's Eve observers about the city last night, but the majority of them celebrated Sherbrooke's first peacetime Hallow'en in seven years at organized indoor parties.

Municipal police this morning had nothing serious to report in the way of Hallow'en incidents. Seven extra policemen were on the streets last night to re-enforce the regulars, but nothing much developed to keep them busy.

Cars parked on Wellington Street took a beating with paraffin wax plastered over many automobile windows. At one point during the evening's celebrations, steel drums were rolled down Walton Avenue, and throughout the city, No Parking signs were switched.

One burly policeman spent a long evening on the corner of Portland and Ontario, watching over charily-seeking children with a fatherly eye.

Sherbrooke's famous four-mile square beyond the North Ward was prepared a while day in advance of Hallow'en. Within a too short distance on the road on Tuesday night, one joy-riding couple encountered across the road a long wire fence, a hay rake and a huge bulldozer. These were set aside. Perhaps, however, they were set back in place for Hallow'en.

Persons passing the main Post Office this morning would have noticed scatterings of feathers. Some drifted or were placed in the letter slots last night, according to one employee.

There was doorbell ringing, "shell out" requests, demands for charity, hooded women, black-faced men, and lots of fun.

Charity seekers were a little disappointed at this year's gatherings. In spite of the shortage of apples and candy, however, most householders managed to "shell out" something to their eerie callers.

Shells were scarce here, but all practitioners found some sort of disguise.

Children at the Lennoxville High School did a commendable job in collecting \$255 for the Junior Red Cross European Children's Relief Fund last night. Their costumes ran the gamut and made the whole thing a pleasant job. Students in Grades 1 to 9 canvassed the town, with the pupils in the two senior grades remaining in the school to check, add and supervise.

At a party in the school afterwards, movies were shown and Popsicles enjoyed.

The whole was organized by Miss Nora Moorehead of the teaching staff.

Principal J. E. Perry wishes to express his thanks to the citizens of Lennoxville for their generosity. The objective of the "Hallow'en Shell Out" was \$250.

In a well-decorated Wesley Hall, the Trinity U.S.O. Club staged a very successful Hallow'en Party for the Sunday School last night.

From fifty to sixty boys and girls, wearing costumes of Witches, Gypsies, Indians, Clowns, Devils, Gnomes, etc. were present. The children thoroughly enjoyed playing games such as "Apple on a String" and "Duck for the Apple in the Tub" and each contestant that successfully bit his apple was given the apple to finish eating.

Next on the programme was the

Views Canada As Model For Civilization

Because Canada is in a place where Anglo-Saxon and French cultures mingle, it is the belief of Georges Duhamel, President of L'Alliance Francaise, and permanent secretary of L'Alliance Francaise, that the country will be the centre of the new Atlantic civilization. "Canada," he said, "will be the model for the future civilization."

His opinion was expressed in an interview during the civic reception accorded him and his wife, the former famous French actress, Blanche Albane, at the City Hall early yesterday afternoon.

Last night, Mr. Duhamel addressed the season's first "Soiree Litteraire" of the Union Musicale de Sherbrooke, affiliated with the L'Alliance Francaise, on the subject "Amour de la Langue Francaise." The meeting was held in the City Hall.

At the civic reception, Mr. Duhamel was made an honorary citizen of the City of Sherbrooke. Mayor J. W. Genest presided and present were officers of the Sherbrooke group of L'Alliance Francaise, city councillors, their wives, and representatives of various organizations throughout the city. Mr. and Mrs. Duhamel signed the Visitors' Book.

L'Alliance Francaise's president stressed that the group was a "friendship society," which was not fostered by the government, nor did it act as a propaganda machine.

The members of L'Alliance are all "friends of France," he explained. They group themselves together to promote French culture and literature.

"Above all," he continued, "L'Alliance Francaise is a great school of French—the key to a great literature and a great civilization."

The Germans could not understand the L'Alliance, Mr. Duhamel recounted. His home in Paris was searched by the Germans during the war in an effort to discover some proof of propaganda activities in his papers. "The Germans could not understand that 700,000,000 members of the L'Alliance Francaise, supporting six hundred schools, did so for the love of the French language," he declared.

When the British Council was being launched, Lord Lloyd wrote to Mr. Duhamel, as president of L'Alliance Francaise, stating that the English-speaking society wished to be organized along similar lines as L'Alliance Francaise.

"L'Alliance Francaise is in perfect harmony with the British Council, since both have the same ideals and are striving for the same end," Mr. Duhamel added.

Just as the Socialist Government in England may change, and Shakespeares, Keats, Wordsworth, will always remain, so in France, Mr. Duhamel maintained, Racine, Moliere, de Maupassant will always remain.

Late yesterday afternoon, Mr. and Mrs. Duhamel, with their party, inspected the University of Bishop's College, and were entertained at tea in the Faculty Common Room. Vice-Principal Dean Basil Jones received the party. Earlier, they had visited Mont Notre Dame and l'Ecole Normale des Filles de la Charite du Sacre Coeur.

Today, they will visit the convent des religieuses de l'Assomption and the convent des Filles de la Charite du Sacre Coeur.

PANEL DEBATE WILL BE HELD BY ANGLICANS

Six young anglicans—three married and three unmarried—will participate in a panel discussion of the Town Meeting type in the auditorium of the Montreal High School on Tuesday, November 6, as a feature of the coming Diocesan Conference on the subject, "The Church and the Family"—"The Fight for Christian Homes."

The Lord Bishop of Montreal, Rt. Rev. John Dixon, will act as chairman. This particular session is being planned especially for the young people, to indicate where both church and home influence may be at fault in failing to solve the problems that beset today's younger generation.

The conference, of three-days' duration, will be attended by delegates from 125 of the 140 parishes in the diocese. Arrangements are being made to house out-of-town delegates in the homes of Montrealers. Other church leaders taking part in the meetings include Rev. Canon Davidson, Rev. Elton Scott of Bishop's University, Rev. W. J. Ellis, Rev. E. S. Reed, Rev. S. Pollard, of the Montreal district; Rev. C. J. Frank, Rector of Trinity Church, Toronto, and the Rev. R. G. Asch, Rural Dean of Bedford. Lay members leading the sessions are Mrs. A. K. Hugessen, Miss Gwyneth Howell, P. Conroy of the Canadian Congress of Labor, Mr. Justice O. S. Tyndale, Dr. S. H. Prince of King's College, Halifax, Mr. D. S. Penton, Headmaster of Lower Canada College, and John McLeish of the Canadian Federation of Home and School Associations.

Services of Holy Communion in the Cathedral will precede daily meetings in the Synod Hall, while the evening sessions are planned for the High School, University Street. The Conference, attracting wide attention throughout the province, is expected to exceed in importance last year's successful meeting, when the subject of the Church and the Returning Servicemen was the theme.

Betrothal, An Option

Engagement Is Interval Girl Learns About Prospective Groom

A betrothal should be looked upon in the light of man and woman merely taking an option on each other's hearts and hands.

DOROTHY DIX

And inasmuch as marriage is a much more serious proposition for a woman than it is for a man, it is particularly important that every girl should devote this interval to putting her prospective bridegroom through a questionnaire in order to ascertain what kind of a husband he is likely to make.

Rock Island and Derby Line

Derby Line's quota in the Victory Loan Drive, which is the last drive, is \$23,000. The same committee which served through the previous drives is again working to put Derby Line "over the top." Derby Line has never failed to meet its quota in any drive, whether War Chest, Red Cross or Salvation Army. The committee is composed of Edna Moore, chairman; Solicitors, Miss Susan Rouse, Miss Ethel Smith, Edwin Earle, Lloyd Selby, C. R. Darby, A. C. Cowles and Solon Gray. Bruce Lafae and assistants will conduct the drive at the Butterfield plant.

The first meeting of the twenty-third year of the "Men's Own" of Stantstead South Church was held in the social rooms of the Church. There was a large attendance, who did ample justice to the bountiful supper served at 6:30 p.m. There were present on this occasion about fifteen regular members, as well as guests of the club, in most cases being seated with their fathers. Rev. E. C. Amaron welcomed these men

with a few well chosen words on behalf of the American Legion; Rev. C. M. Stewart on behalf of the Rehabilitation Committee; and Rev. H. A. Carson, President of the Club, on behalf of the Churches. Community singing was enjoyed, led by C. R. MacLean. Charles Hepburn, of Beebe, sang several Scotch songs which were much enjoyed. Mrs. H. A. Carson presided at the piano. Lt. Lloyd Bliss, of the Canadian Army gave a very interesting and instructive address in the subject of conditions in England, how cheerfully the people had carried on and how willingly they shared their food rations even though having to deny themselves and their families. Capt. Marshall Ames, of Derby Line, and Canaan, Vt., who enjoys the distinction of having received the Bronze Star and Battle Stars from Normandy, Northern France, Rhineland and central Germany, told a thrilling story of the great central campaign, the journey beginning with the American Army in France a few

SULFA PREVENTS STREPTOCOCCIC INFECTION

By William A. O'Brien, M.D.
Streptococci are germs which appear as short and long chains of round bodies under the microscope. Most common variety is known as the beta hemolytic streptococcus. Streptococci probably cause more

infections than any other germ, even though the death rate from these infections is low, the crippling effects of some are permanent.

Dr. O'Brien, after this, streptococci cause a disease characteristic of the time of life.

Scarlet fever, which is caused by streptococci, is a serious threat in early childhood. It follows an infection of the throat which spreads through the system. Immunization with toxid prevents the skin rash, but does not control the throat infection. In military service sulfa drugs were given as a preventive for streptococci infection with good success.

Cause Crippling Diseases
Streptococci are the cause of the two great crippling diseases of young people, rheumatic fever and glomerulonephritis. In the former the heart is involved, while in the latter the kidney is affected. Even after these infections have subsided flaps may develop from further infection with streptococci.

In women in the child-bearing age streptococci may cause puerperal or childbed fever. Prevention of puerperal infection by aseptic delivery is one of the great accomplishments of medical and hospital service, also its treatment by sulfa drugs and penicillin.

Spread By Foods
Diseases caused by streptococci are spread through food. A milk handler with a sore throat can infect a batch of milk and give his disease to hundreds of people if the milk is consumed in the raw state. In addition, the secretions from infected persons, the air in their vicinity, the dust under and around their beds, and even their bed clothes contain the germs.

Control of streptococci infection is based on early diagnosis and treatment and attempts to prevent their spread. Streptococci persist in infected persons for a long time so that our present attempts at control are not too effective.

All streptococci infections should have prompt medical attention. We have effective medicines for treatment, a toxoid and a serum which prevent some of the toxic effects, but we do not have a vaccine for building up immunity.

WATERLOO

VICTORY LOAN CAMPAIGN

The local chairman of the Victory Loan Campaign announced that once again satisfactory results were being obtained in Waterloo. Although general sales are behind schedule, the assignment is a difficult one, but it is believed that a successful loan will again be completed.

Saturday noon, October 27, several of the local companies had exceeded their objective for payroll sales, and those which had not as yet met total success were convinced that with a little more time, they would accomplish their quota. Atlas Plywood Corporation had sold \$22,800 against \$30,200; the Mack Molding Ltd., \$22,200 against \$21,600; Macdonald Metals and Plastics, \$20,650 against \$12,700; Roxton Mill and Chair Mfg., \$9,200 against their objective of \$8,600; Slack Brothers sold \$16,750 against \$10,000; and the S. M. Syde, which was the first to exceed 200 per cent of their objective in the County had sold \$13,950 against their quota of \$6,550.

This makes a total of \$105,050 sold on payroll against their minimum objective of \$89,650, which is indeed an admirable showing. Up to Friday night, Mr. Dubois announced that the general sales had amounted to \$60,950 against the overall objective of 280,000. So including the payroll sales, general sales and other sales to date, the total of \$166,000 has been brought

in against the \$280,000. Several corporations that have always been credited to this town are lost this year, as the railways, power and telephone companies, as well as all the special names, which all goes to make a difficult task of this Ninth Loan. It is evident from the above figures that the salesmen must bring in more returns, and to do this the citizens must sign more applications and for bigger amounts. It is a long and difficult road to reach, but the end achieved will more than compensate the trouble gone through to save money at a profit. It is liable to be the last loan, and for that reason must be a very successful one.

EDOUARD PINSONNEAULT HONORED

In honor of his fifty-two years as a successful business man in Waterloo, several of his business men friends held a stag oyster party in honor of Mr. Edouard Pinsonneault one evening in the College. Between seventy-five and eighty of his friends gathered to pay tribute to Mr. Pinsonneault prior to his departure for Key West, Fla., where he will remain until spring.

The guest-of-honor has built up an admirable business in this town and has won the respect of all the citizens. However, due to ill health, he was forced to sell his store this summer and retire from active life. A purse was presented to Mr. Pinsonneault by Mr. Eugene Courte-

manche, and during the course of the party remarks were made by His Worship Mayor Victor Gariepy and Rev. Father Chaney, who had made a special effort to be present, and Dr. Hermidas Larose, Mr. George Duranleau and Mr. Samuel Bloomberg.

Mr. Pinsonneault left Sunday evening for the south and it was felt by the business members of the town that the occasion could not be passed by without paying him the honor which was well befitting him. Mr. Pinsonneault expressed his thanks for this kind consideration shown him, at the conclusion of the party, and said that his fifty-two years' association with Waterloo had been most pleasant, and it was with deep regret that he had been forced to relinquish his place of business. However, it was his desire, he said, to return to his home and renew his acquaintances once again in the warm winter.

CHICAGO GRABS FIRST POSITION IN NATIONAL HOCKEY LEAGUE

Team Scoring And Attendance Mark Broken In Chicago Season's Opener

By The Canadian Press
Chicago Black Hawks, surveying National Hockey League horizons from the rarified and unfamiliar atmosphere of first place, could count at least two "firsts" today—team scoring and attendance.

All three distinctions were achieved last night as the Hawks smashed New York Rangers 5-1 in their third game of the week-old N.H.L. schedule.

Before 18,877 fans, who constituted the largest opening-game crowd in Chicago hockey history, Hawks scored early and late to climb into first place two points ahead of Montreal Canadiens and Detroit Red Wings. The five goals they fired past Sugar Jim Henry in the New York nets, boosted their three-game total to 14, six ahead of Canadiens.

Virgil (Wingy) Johnston, who played two seasons with Vancouver R.C.A.F. Seahawks before joining Hawks, collected two goals in a spree which helped justify a prediction by Coach Johnny Gottselig of Chicago that higher scoring will prevail this season because of a change in the "icing the puck" rule.

Under the new regulation, a puck is not "iced" until it reaches the goal-mouth. Previously a face-off was called if the puck crossed a line 28 feet in front of the goal.

In achieving their second victory in three starts, Hawks penetrated Ranger defenses for three first-period goals and added two more within 5½ minutes of the last period after a scoreless middle frame.

Hank Goldup accepted a pass from Grant (Knobby) Warwick for the only goal by Rangers, making their seasonal debut.

Red Hamill opened the scoring in the first period on a relay from Don Grosso. Four minutes later Max Bentley intercepted a Ranger pass and skated almost the length of the ice to register unassisted. Johnston scored the first of his two tallies three minutes after that and then took Alex Keleta's pass for the fourth Chicago score at 2:48 of the third period. Bill Mosenko, with Eddie Wares, closed the goal parade at 5:32.

Stanstead College Junior Gridders Win Easy 23-0 Victory Over L.C.C.

Stanstead, Nov. 1.—Under clear skies Stanstead juniors turned back the visiting Lower Canada College team with a 23-0 victory. The fast running of Walker, Sopp, Margulio and the kicking of Fisher helped the victory. The S.W.C. line held fast against the backs of L.C.C.'s Plant, Keaper and Pensen, who worked hard for the visitors.

The kicking of Fensen held the Stansteaders from still greater victory.

The scoring opened up late in the first quarter when a pass from Fisher on L.C.C. 30 yard line was caught by Walker behind the goal for a major.

The second quarter was scoreless with L.C.C. twice unable to score when within S.W.C. 30 yard line. This quarter was mostly end runs and backs with three forward passes. One from Fisher was intercepted by Keaper. On the next play a fumble was recovered by Hodge. Other passes were knocked down by Hutchison, while A. Norris knocked down L.C.C. pass.

At half time the score was 5-0 for S.W.C.

The second half saw the action with S.W.C. line pushing back the L.C.C.'ers then a fine kick by Fisher carried the ball far over the L.C.C. goal, caught by Fenson who was brought to the ground by A. Norris for a rouge. L.C.C. unable to get out of their end kicked to Walker who ran 45 yards and fell on L.C.C. 12 yard line. Sopp carried it over for a major, followed by a good convert.

The fourth quarter began with S.W.C. on the L.C.C. 44 yard line. A fumble was recovered by McCall of L.C.C. A forward pass was caught by Hodge. Another fumble on an end run gave the visitors another chance. Unable to gain, they kicked to Walker who ran to the L.C.C. 35 yard line. An end run by Walker carried him 35 yards to cross for a major with a good convert. Fensen kicked to Robb who carried it 15 yards to S.W.C. 40 yard line. Seifert's 12, Sopp's 10 and Margulio's 15 yard gains brought the ball to L.C.C. 23 yard line. A plunge through centre by Fisher carried the ball over for the last major. The convert failed. The game ended with S.W.C. leading 23-0.

Summary of the games is as follows:

Quarter	S.W.C. (major)	L.C.C. (major)
First Quarter	12:35	
Second Quarter		
Third Quarter	3:14	
Fourth Quarter	7:40	

CANADIAN SPORT SNAPSHOTS

Toronto, Nov. 1.—Reports that Axel Joliat is in failing health seem slightly exaggerated. At 44, Montreal Canadiens' mighty mite of yesteryear is happily holding forth in a Canadian National Railway ticket office at Ottawa Union Station, not much bothered by the old bum injury and resultant arthritis which forced his retirement from hockey in 1938.

Just a few years ago the one-time 138-pound speedster was complaining mildly about the twist in hockey fortunes which compelled him to bolster waning finances by peddling jelly beans and beer in a Montreal store.

Through 13 competitive seasons Aurel was a sparkling running mate centre by Fisher carried the ball over for the last major. The convert failed. The game ended with S.W.C. leading 23-0.

Summary of the games is as follows:

COWANSVILLE HOCKEY CLUB IS ORGANIZED

L. Bernard Braut, well known Cowansville merchant, was named President of the Cowansville Victoria Hockey Club at a meeting held in the New Ottawa Hotel.

Now that the war is over, Cowansville sportsmen are attempting to revive the Victoria Club, and the enthusiasm with which these have undertaken their task promises to provide plenty of good hockey for the people of Cowansville this winter.

The election of officers took place by secret ballot with the following result: President, L. B. Braut; Vice-President, O. Vallieres; Secretary-Treasurer, L. Morissette. The directors of the club were named as follows: C. Henry, H. Hauser, Major Wood, R. Dean, J. Russell, F. Braut, D. Vallieres, A. Bedard, R. Lebrun and C. Jarry.

The names of the different teams competing in this circuit will be announced at a later date.

RIFLE CLUB IN ANNUAL SESSION

The annual meeting of the Small Bore Rifle Club was held at the Y.M.C.A. when the new officers were elected and the prizes given for outdoor summer shooting.

Fred Glass was re-elected as President of the club while E. Patton was named Vice-President and Percy Gray was again appointed to the post of Secretary-Treasurer. The appointment of the match committee resulted in D. Winget being named as chairman with C. Goodfellow and E. Dustin as members. Hugh Wallace, J. Weddle and C. Roy were appointed range officers for the year.

In the outdoor summer shooting contest, the Lennoxville team was named champions and presented with the "B" Section Cup. Silver spoons were also awarded to the five highest aggregates: F. Glass, R. Winget, M. Dillon, J. Beattie and E. Dustin.

The opening date of the new season was brought up and it was decided that the season would start on November 12 at the William Street Armory.

years ago that Joliat made the decision which eventually won him recognition as one of hockey's all-time greats.

The choice was between hockey and football. In 1920-21, in the days of 14-man football, Joliat was a star long-distance kicker for Regina. But he cast his lot with hockey, went to Montreal in 1922 and stayed in the big time 16 years.

Around the circuit:
Canada will be invited to compete in an International Ski Competition in Chile some time next summer. James J. Murphy of Hamilton has been promoted from Presiding Steward to Assistant General Manager and Director of Racing at the Hippodrome de Tijuana in Mexico.

Danny Putakfalvi, 18, Wendell, Ont., Juvenile Southpaw, has been signed by Brooklyn Dodgers of the National Baseball League.

LETTERS TO THE SPORTS EDITOR

The Sports Editor Record,
Dear Sir:—With reference to your article in Monday's issue of the Daily Record regarding horse races held on the 29th inst., in which my horses carried off top honors, etc.

The "mid riot" referred to which developed after the second heat of the classified race in which Redicker was placed last in the field was a case of misunderstanding, as anyone conversant with racing rules knows that a driver can do as he wishes at the start and finish of a heat outside of deliberately fouling another entry, that is to say, he can shift positions as he pleases as long as he does not cause any accident.

In La Tribune's account of this race, Mr. L'Heureux stated he would make a report to the Association with a view to having Redicker suspended, as well as all my horses. This is absurd and Mr. L'Heureux would be well advised to read the Canadian Trotting Association by-laws, rules and regulations, and he is at liberty to write to Mr. W. A. Lawrance, Room 206, 73 Adelaide Street West, Toronto, Ont., to make any complaint he may see fit.

Thanking you in advance,
Yours very truly,
SHERBROOKE, EDDY BLOUIN.

As far as Mike Jacobs' publicity staff can learn, the draw between Jerry Heimowitz and Morris Elliott, at St. Nick's last Monday was the first even decision in a New York fight since Eddie Egan installed his point system April 15. . . Providence And Pittsburgh Improve Positions In American Loop Battle

By The Canadian Press
Providence Reds edged out New Haven Eagles 2-1 at Providence last night to consolidate their second-place berth in the Eastern Division of the American Hockey League, one point behind the idle Hershey Bears, while Pittsburgh Pirates battled St. Louis Flyers to a 3-3 tie at St. Louis to move into a similar set-up in the Western Division, one point behind the Indianapolis Capitals.

Providence defenceman Stan Kemp made up for his two third-period penalties by slamming home the goal that provided the margin of victory for Reds less than two minutes before the end of the game.

Kemp's counter, registered with Chuck Scherza's assistance, broke up a deadlock that had lasted from the 10-minute mark of the opening period.

Reds took an early lead with Jerry Bellemarre scoring while the Eagles were playing short-handed during the sixth minute of play and Jake Milford put the Eagles on even terms with his long-range shot from the blue line.

At St. Louis, Oscar (Ossie) Aubuchon tallied twice, once in the second and again in the third period, to enable Flyers to get a tie after Hornets had taken a 3-1 lead.

The first Hornet score came midway in the first period when Guy Boesch fooled Goalie Connor Dion with a long shot.

Freddie Hergert tied it up for the Flyers on a pass from Bill Thompson at 1:03 of the second session but Hornets went ahead on Bobby Walton's shot at 7:45 and added their third on Wally Wilson's market at 9:48.

Then Aubuchon came through with the goal of the evening, a solo flight all the way down the ice and terrific shot that left Goalie Roger Bessette bewildered. He added the tying goal at the start of the third period, taking a pass from Morey Rimstad and stick-handling his way past the Pirates' defence to hit the netting at 4:38.

It was the first tie of the year for the Flyers who had dropped four of their first five games.

Oregon Farmers Pay \$50 A Head To Give Kahut Title Shot

Joe Kahut... how y'gonna keep him down on the farm when he can hit like that?

By HARRY GRAYSON
To me this is one of the best boxing stories in years—Oregon farmers paying \$50 for seats to give their Joe Kahut a crack at Gus Lesnevich's light heavyweight crown.

It's a flareback to the halcyon days when, with its brutality, there was vastly more glamor and romance in prize fighting than there is today—and considerably more sportsmanship. The days when groups of sportsmen gathered to see their favorites battle, making up the purse among themselves.

In those days, fighters fought more for glory than gold and a championship meant more than just an added attraction at the bucks office.

The proposition brought from Portland, Ore., by the veteran promoter Joe Waterman was so sporting and legitimate that even the monopolist Mike Jacobs could not default or reject it.

Lesnevich, back in civies following 42 months in the Coast Guard, gets \$30,000 and \$2,000 in the way of expense for fighting young Joseph John Paul Kahut, Jr., 15 rounds in Portland's Civic Auditorium, January 24.

Comdr. Jack Dempsey will referee. Decisions are left to the referee.

Wise buys along Jacobs Beach thought Old Joe Waterman silly when he announced that Lesnevich and Kahut, virtually unknown outside of the Pacific northwest and who has never appeared outside of his native Oregon, would collide in a place accommodating no more than 5,100 persons when it is jam packed.

A thousand of them, including dairy men around Kahut's old home town of Woodburn, are going to pay \$50 for seats. And Frank, the Portland store tycoon, took 100.

There alone, you see, and allowing for taxes, Waterman has Lesnevich's purse and then some. Kahut gets the legitimate challenger's share, 12 1/2 per cent, but would be glad to fight for the opportunity. There will be tickets at \$5, \$10, \$15, and \$20, and a percentage will go to the National Infantile Paralysis Fund. Broadcasting rights will bring a substantial sum. With it, Waterman believes the gate will hit \$90,000.

Kahut, who has been in the Navy for a year, is a tremendously strong Czech-Slovakian who started his boxing career as the sparring partner of his older brother, Tony, in a hay loft on the farm near Woodburn, 38 miles south of Portland, where he was born and raised. He never boxed as an amateur, broke in professionally four years ago.

Unbeaten in more than a year Kahut—pronounced Kay-hoot—has 20 knockouts in 36 starts, has lost twice. Lloyd Marshall, experienced, higher ranking Negro, took a 10-round decision from him, May 25, 1944, when he was not yet 21.

Kahut, 5-10 1/2 and still growing at 22, wants Lesnevich now because he will not be able to make 175 pounds in another year.

"I can't tell you how good he is," says Waterman, who has been looking at fighters for 45 years.

I asked Joe Waterman if he could vision Kahut beating the Louis-Conn survivor.

"I could picture Kahut knocking him out," he replied.

Joe Kahut easily could be the guy.

Mr. Godsoe will continue as Chairman of the Wartime Industries Control Board and Co-ordinator of Controls at Ottawa for the time being and until the new future when it is expected his duties of office will have been discharged.

In his present position at Ottawa, Mr. Godsoe has been one of the key figures responsible for the supply and distribution of the basic war materials and transportation services for the whole of Canada's war industry. Among other responsibilities at Ottawa, Mr. Godsoe also is a member of the Production Board, Interdepartmental Housing Committee, Emergency Coal Production Board, the Strategic Priorities Committee and the External Trade Advisory Committee.

Although just entering his forties, Mr. Godsoe has had a remarkable business career. Nova Scotia born, he attended Dalhousie University, Halifax, graduating with distinction in Arts and Law. He practiced law with Col. R. L. Ralston and C. J. Burchell, K.C., (former Canadian High Commissioner to South Africa, Australia and Newfoundland) in his native Province and for a time was associated with Cyrus S. Mr. Godsoe has been a strong goodwill ambassador for this country in Latin America, where he travelled extensively before the war. PAYCHEQUE LURE TO U.K. WOMEN IN PEACE JOBS

Hard to Predict Future Attitude of War-Conscribed Workers to Home-Making and Domestic Service.

London, Nov. 1. — Seven and a quarter million British women who have been mobilized for compulsory war work...

And just what they will decide is anybody's guess, according to a rather cautious spokesman for the ministry of labor.

"It would be a brave man who would try to predict what women are going to do," he said.

Every woman in Britain from 18 to 60 had to register for war work. The highest mobilization figures were 6,729,000 in industry; 470,000 in W.A.A.F.S. Wrens or nursing services and 80,000 in civil defenses as air raid wardens' firewatchers.

Civil defence workers already have been demobilized, uniformed services are now down to little over 400,000 and after VE-Day married or single women with household responsibilities, women wishing to join

French Children To Get Toys Pillaged By Nazis

Picture books are a rare treat for these French youngsters. Even the favorite books which bore their thumb-prints were pillaged from their homes by Nazis during the occupation.

By ROSETTE HARGROVE

Five hundred packing cases of toys which the Germans pillaged from French homes have been recovered and will be distributed to French children this Christmas.

The Christmas treasure was discovered in one of the city's largest exhibition halls, where 5,000 large packing cases had been stored awaiting transportation to the Reich. The toys were found in 509 of these boxes.

Prof. A. Terroine, in charge of services dealing with restitution of private property, has turned the toys over to l'Entreeide Francaise, a national charity. They included tail-less and ear-less teddy-bears, plush donkeys and rabbits, wooden trains, circus wheels, dolls with moth-eaten curls, well-worn picture books—all treasures which had once been cherished by French children.

Interned Jews had been employed in expediting the fruits of German pillage destined for children of the master race. One of them found himself wrapping and packing his own child's treasures. The toys have been sorted for reconditioning and distribution in

time for Christmas. They will go to orphans of men who were shot as hostages by the Nazis, and to children separated from parents who were deported to Germany.

Like other children the world over, French kiddies are writing letters to Pere Noel telling him what they would like to find in their shoes on Christmas morning. But Christmas shopping promises to be a considerable headache for parents on the lookout for anything in the way of toys at a reasonable price.

Not only will they be almost as scarce as they were during the years of occupation, but costs of production have risen. There is a shortage of plywood, nails, metals, glue and lacquer—all material required to produce the kind of toys boys like. Manufacturers are equally short of kapok and fabrics for making the cuddly animals and dressing the dolls little girls dream about.

Judging by the toy pavilion at the recent Paris Fair, however, toy manufacturers have accomplished near miracles with makeshift materials. There were walking and talking dolls, musical monkeys, electric trains, and a wide choice of toy soldiers. The American influence was well represented by ducks, jeeps and Flying Fortresses.

MEN AT WORK

Yes, you'll find this sign still applies to the work that has gone on unceasingly for the past eight months at Echenberg Bros. furniture store. Men are still working to finish up the job before cold weather sets in, and it is hoped to have the staging now erected over the sidewalk taken down within the next few days.

At present the bricklayers are placing new bricks on the front of the building, and the work of laying a new roof got under way this week, so that the whole building should be finished very soon, having been completely remodeled from cellar to roof.

In the rear, painters and carpenters are busy re-decorating and enlarging the shipping and storage departments, thus providing for greatly increased facilities throughout the entire store.

On the ground floor, everything is practically finished, and displays are constantly changing as new furniture arrives daily, or moves out as the various pieces are sold. The office space has been considerably enlarged, better lighting has been added, and new furniture and equipment is expected soon, to enable us to give even better service to our customers.
