CLOSE CHECKING WON THE GAME

For the first time this season, Shawville Pontiacs came out short on a regular League game against Deep River Rockets on Shawville ice. It was the first home game for Pontiacs at the Lions Community Centre. Hank McCann above is caught in a typical close checking stance with Carson Ryan. Pat's Photo

## Pontiacs find they can't win 'em all

The winning streak of the Shawville Pontiacs came to an end last Friday as the Deep River Rockets won a 3-1 decision in the Pontiacs home opener.

The Pontiacs jumped into a 1-0 lead after one period of play as Royce Richardson scored assisted by Bryan Murray and Des Keon.

Deep River tied the game as Reid Condie scored early in the second period and their third period goals by Hank McCann and Giles Mohns gave the Rockets their well earned victory. Brian Mohns assisted in all the

visitors goals and goalie Brian Pappin was outstanding stopping several great Shawville scoring opportunities.

The Pontiacs played without team captain Earl Powell who suffered a knee injury and is out indefinitely.

The next game for the first place Pontiacs is this Friday as the Renfrew Royals visit town. The Royals are a fast & scrappy squad and it will surely be an exciting game as Shawville will be trying to regain their early season form.

Game time 8.30 p.m.

## Ways and Means of Saving the Red Bridge present many problems

The Save the Bridge people in Mansfield and Fort Coulonge are still at it. Progress to date has included the cessation of actual demolition of this rare Pontiac County landmark and the collection of materials for its eventual repair.

At the moment there is a need for more money. Thirty men are employed by the Municipality of Mansfield and Pontefract in the winter works program to repair the covered bridge. Fifteen are at work on timber and another 15 are engaged with the blasting and conveying of rock for fill for the great piers which support the bridge.

As the grants for winter works pay only for the labor, the committee in charge of the program of saving and reconstructing the bridge have to supply the materials themselves.

A grant of a thousand dollars from the County Council has increased their total fund to about \$3500 and this is fast being used up. Twenty two foot white pine timbers have been

purchased from Joe Mirand whose bush is a mere quarter mile from the bridge. Many more timbers of other lengths are still needed and the committee is hoping to find red pine for some of the work.

Dynamite has been bought to blast rock which has been found at Boisvert's mountain on the Ridge. The rock is to be used to refill the piers once they are reconstructed. The plan is to build auxiliary piers on either side of the original ones to bear the weight of the bridge while the original ones are being replaced. Then the auxiliary piers are removed and the bridge is at it was in the beginning. It has been found that the bases of the piers, under the low water line, are in perfect condition.

Mayor Leo Bertrand of the united municipalities of Mansfield and Pontefract is generally in charge of the reconstruction job with Stanley Nadeau. Along with them on the "Ways" part of the committee are Mayor F.

The Editor,  
Shawville Equity

Dear Sir:

Would you kindly allow me through your column to express our sincere regret in not being able to make it to Shawville for the first skating lessons of the 1966 Season, last Saturday. I would like it to be known that it was not the fault of the Shawville Lions Club.

However this week, skating will start at a new time which we hope will be more suitable to the boys and girls. This new time will be from 4 pm to 6 pm.

Thanking you for your cooperation.

Yours sincerely,  
Joyce & Murray Moore

## Wolverine trapped near Shawville

A Wolverine is an animal of the far north and it is an extremely rare occasion that one is seen in this locality. One was trapped very near to Shawville, however, by Sam Sparling since New Year's Day and the mottled grey pelt is now on display at Mr. Sparling's home near Maple Grove Cemetery in Shawville. This is the second time Sparling has caught such an animal but the other occasion was over 40 years ago. Much interest was shown in the Wolverine killed near Thurso recently which was said to be the first animal of its kind found in that vicinity.

X. Bertrand of Fort Coulonge: Ray Amyotte, Father May of the Economic Council, Pierre Herault and Warden Bill Burke. The "Means" end of the committee is manned by Hugh Proudfoot, Dean Rogers, Jack Bridge and of course Dr. Haddon Rabb.

At a special meeting to report progress and plan more of the same, Sunday night in the Coulonge fire hall, chaired by F. X. Bertrand, the above committee (Continued on Page 4)

## Alec Webster tells C of C about wood for the mill

### Chamber also hears report on Centennial Museum project

Alec Webster of Consolidated Pontiac addressed a full house at the Club Room in Clarendon Inn Tuesday night on the general subject of "wood for the new mill" He is District Forester in charge of all the Ottawa Divisions, Quebec limits for the Consolidated Paper Corporation. The talk was encouraging in every aspect. It gave the Chamber of Commerce the full story of what species of wood would be used, how it would be gathered, transported, stored and finally what would be made with it. Bleached kraft pulp is the end product which should be in manufacture by mid 1967.

Automation is not only planned for the mill itself but will be used to a large degree in the woods. The Millers Bay mill will be the most modern pulp mill, technologically speaking in the country.

The fact that both hard and soft woods, balsam, jackpine, culls and pine tops, even bark will be used means that the limits can be fully utilized. For generations, selective cutting has finally resulted in poorer grade logs and scrub vegetation has taken over to a great extent in many areas. Birch and maple has in places been left but scarred and damaged. The new mill will use all these now with its new chemical means of processing.

Alec told of some of the impact on the community which the mill would have. He said smaller industries will tend to cluster around because of the fact that specialists of various sorts will settle here.

As for employment selection, he said that this was not his de-

partment but he could say that education level at school leaving was an important factor in gaining employment in such mills. Though it may not require high school to be able to sweep up a warehouse, the company prefers to take on men in these simpler jobs who can develop through training to more responsible positions, which would require more education.

Dr. Roly Armitage introduced Mr. Webster and Mrs. David Dickson thanked him for his talk. Chairman of the meeting was Chamber of Commerce president Allan Black.

A special feature of the meeting was the presentation to Bryan Murray of the Chamber of Commerce Citizen of the Year Certificate. Last year's "Citizen" Watt Taylor made the presentation saying it couldn't go to a greater guy.

A report from the Centennial Museum committee revealed that the grants have been approved both Provincially and Federally, the County grant is expected this week, the Shawville Council has purchased the property on Clarendon Street where the Pioneer Farm will be reconstructed. All that is needed at the moment is about a thousand dollars to complete the local ten percent required for the total cost of the project. The Federal grant is \$22,000 and the Quebec Province grant is \$37,400 for a total of \$66,000 when added to the local ten percent, \$6,600.

It was suggested that if one hundred people, or small organizations, each provide ten dollars, the objective would be met and work could progress. Anticipat-

ing this, the committee is meanwhile having specifications drawn up by their architect, Donald Griffin of Pembroke, and Tenders will go out for the actual work of levelling, landscaping, fencing, bringing the buildings onto the site, and rebuilding in their original state.

As soon as there are buildings on the property there will be a sudden need for all the articles to be brought in to furnish the farm home, blacksmith shop and carriage house. Then, as the general store gets into shape there will be a need for objects for sale which are made by hand in Pontiac County — art, crafts, dairy and baking and other home made articles. It is at this stage (Continued on Page 4)

Auto Acrobatics on Highway 8 (no fatalities this time)

A 1956 two tone Ford flipped Gaston Pigeault's car into this embarrassing position on the corner of Highway 8 and the road to Portage on Sunday. Passengers in the Pigeault car were Michel Asselin, Leo Ricard and Jean Marie Leman of Calumet Island. They were driving West on Highway 8 when the other car failed to stop for the highway on its journey South. It kept right on going. Pigeault jammed on his brakes but his car slid into the Ford, making slight contact with its bumper, then flipped up onto its side in the middle of the road. Traffic was tied up briefly until a wrecker could come and remove the car. Pat's Photo

## MINOR HOCKEY WEEK

Sometimes people get carried away with these special weeks. You know, there's one for pickles, one for thinking about peace and so forth. Personally, we like pickles any week in the year and as for peace — well, thinking won't help much.

But then good old, purely Canadian, strictly for the people Minor Hockey Week comes along and we're all for it.

"Celebrate the Whole Week" it says in the advance publicity which has hit every editor's desk. The motto used to be "Take, don't send your son to the arena". Now it's "This Week has Eight Days".

Our only quarrel with the new theme is that it draws attention to that unfortunate CBC program of the nearly same name but otherwise it's a great idea and also a fact.

The Week starts on Saturday, January 22nd and ends on Saturday, January 29 which includes eight days and the proposition is that we celebrate the event through the whole period.

Nothing is easier than to sit at a typewriter and propose ways of celebrating eight days of the Minor Hockey Spirit. Everyone else is doing this so we just won't.

What we can do, which might be a little helpful to those who are actively engaged in making Minor Hockey Week a meaningful event in Arnprior and district, is to explain to the non-hockey-enthusiasts why they might use that Week to recognize its value.

"To keep a boy out of hot water" they say, "put him on ice". But that's not all. The game of hockey is a vehicle for Canadian boys to have fun, to become better citizens, to learn good sportsmanship, to learn discipline and respect for rules. There is a carry-over between their on-the-ice behaviour and their off-the-ice behaviour. This is why it is SO IMPORTANT FOR PARENTS TO KNOW AND RECOGNIZE THE GOOD QUALITIES OF THE MEN WHO SUPERVISE MINOR HOCKEY.

Also there is a definite contribution of Minor Hockey towards the characters of the men and women who devote their time to boys and to hockey and an obvious contribution of Minor Hockey towards the prestige of Canada.

Minor Hockey Week is a project of The Canadian Amateur Hockey Association.

There are several methods of storing ice on the farm. There is the ordinary ice house, the still more elaborate insulated ice house, and the "ice well" which is used in many parts of the west for making ice during the cold weather and then storing the ice for summer use.

The election of councillors here on Monday passed off in the usual quiet manner which has marked such proceedings for some years past. In Shawville, H. T. Argue and H. S. Barnett were re-elected, and W. J. Dagg was elected to fill the vacancy caused by the retirement of W. J. Eades. For the township of Clarendon, where there were only two vacancies on the board, Wm T. Barber was re-elected, and Thomas Eades is replaced by David Russell.

The Presbyterian Church of Canada has decided in favor of church union by a majority of 53,086.

The cold wave reported to be on the way from the west last week got here all right without apparently sustaining any accidents in transit. Thermometers gave evidence of this fact on Saturday morning. At the station here the reading was 20 below and at Waltham 26 below zero.

At Maple Ridge on Wednesday, January 5, by the Rev George Ballantyne, Miss Edna Margaret, daughter of R. R. Cuthbertson, of Maple Ridge, to Robert A. Grant, merchant, of Elmside, Que.

A very pretty but quiet wedding took place on December 22 at the parsonage, Charteris, when Miss Edna Geraldine Howard and Mr. Herbert Eugene Mitchem, both of Charteris, were united in the bonds of Holy Matrimony, the Rev Charles Reid officiating.

A witness to the latest accident on the corner of Highway 8 and the Portage Road asks us how many injuries and deaths must occur before the authorities realize this "Killer Korner" as the hazard it is. Must we always wait until the horse is out of the barn to close the door, he wants to know. Well, that's what we'd like to know.

About nine ladies already make the trek to Renfrew each day to work there from the Fort Coulonge area but they could use about thirty more. If the number from Pontiac gets to 25 the company will underwrite a bus service to take them to work and back daily. Appli-

cations can be made at the National Employment Service in Renfrew. The jobs don't require education beyond about grade nine and ladies from 18 to 45 are welcome. Training is on the job and all that is required is the ability to learn to operate the industrial sewing machines used. French or English speaking girls from Shawville, Campbell's Bay or anywhere are all welcome to apply.

## Save the bridge

(Continued from Page 1)  
 mittee was named by Dr. Rabb. Invited to the meeting were Mayors of other Pontiac municipalities. Those attending aside from the two Mayors Bertrand, were Mayor Orla Young of Shawville, Mayor Mrs. Elsie Gibbons of Portage du Fort and Mayor Bill Burke of Quyón. Also at the meeting were Mr. and Mrs. Lorne Routliffe and Mr. and Mrs. Ted Colton, Mr. Stanley Nadeau, Mr. Proudfoot and Mrs. David Dickson.

Some of the immediate material needs of the committee were named, including red heavy duty aluminum paint, ten large sheets of galvanized iron roofing, \$2100 worth of five-eighths by 18 inch spikes, loose rock and timbers. The spikes are among the major expenses. They weigh a pound and a half each and come to about 13 cents per spike!

Bill Burke brought up some interesting points about the tourist value of the picturesque bridge. Property at the Mansfield end of the bridge is owned by Hector Dagenais and J. E. Boyle Co Ltd. owns the land around the Fort Coulonge end. It has been suggested that picnic tables or other suitable structures, in keeping with the beauty of the spot, be placed at the ends of the bridge which has been the subject of countless photographs and paintings by artists both local and distant.

More people stop and look at this landmark than at any other place in this County and the committee is anxious that nothing be done to detract from its authentic nature and historical beauty.

Total money needed for the reconstruction is about ten thousand, though the committee feels its work this winter could be completed with eight thousand. To raise this amount they plan to send out some requests to people and organizations who they feel might be particularly interested in seeing the red bridge back in all its original glory. Though manual demolition is not now taking place, it is necessary to take action before the ice goes out to prevent natural demolition from setting in.

Dr. Rabb brought a copy of a magazine article about bridges to the meeting. In it was a picture of the Coulonge covered bridge with the following paragraphs:

"Once common in Canada, the covered bridge is now a rarity. This one at Fort Coulonge, is closed because it was inadequate for present day traffic . . . In the early years of this century many Canadian towns and villages were served exclusively by wooden bridges, covered to reduce weathering . . . looking like elongated barns, covered bridges were used as social centres. Their inner walls served as bulletin boards for notices of the forthcoming strawberry social. Posters advertised to local horse breeders the service of a touring (stud) . . . When winter wind whistled through its cracks, young men of the village made it their concert hall. With mouth organ and fiddle they accompanied step dancers or singers whose folk songs they had never learned from books, but solely from other singers."

Such a picture of old time good times, all wrapped up in the covered bridge!

The Bell Telephone number book for April, 1965, has used the Fort Coulonge red bridge as

## Pastoral comment...

The Rev. Frere Kennedy Epiphany 1966: . . . "they departed into their own country another way".

How many men of Science today would follow a blazing comet across rough country for a year and a half? How many would be willing to drop their jobs and stake everything on a flickering light in the sky?

And yet that was what some astrologers from the East did some nineteen hundred years ago.

The reason for this fantastic journey was that somehow they had come to believe that this heavenly oddity meant something important. They believed that the comet was the sign of the birth of a great King.

This amazing expedition is recorded in the Gospel of St. Matthew for all to read. It tells of a search for truth, of tremendous courage and faith, of a willingness to risk everything for something they believed.

Were these astrologers disappointed in their search?

No. Their quest led to a house in Bethlehem. There they found a young King, a year and a half old, living with His Mother, Mary of Nazareth.

The astrologers fell down and paid homage to the King. And ever since the world has been deeply changed.

Why? Because this action of foreigners worshipping a young Jewish King meant something. It meant that here was the long-awaited Messiah, the King of Kings, come not just for some, but for all mankind.

its cover picture. Dr. Rabb, in his campaign for funds for the bridge, could use any number of these covers. He has asked The Equity to inform the public so that whenever any of our readers can do without that particular cover they might send it to Dr. Rabb in Fort Coulonge. There is every reason to hope that his mail should be packed with these covers within the next few weeks, and also that his letters requesting funds might yield great results.

 that the project will become a County-wide one and the interest and assistance of everyone in Pontiac will be welcomed. Until this time arrives, any correspondence in connection with furnishings or articles for sale may be addressed to the secretary, Mr. Dave Davies, Shawville.

A report on information signs for C of C members revealed that some day soon these signs will be ready for distribution. It was also reported that following a proposal at the last general C of C meeting that one of Shawville's restaurants stay open on Sunday it was learned that Ivory Newton would do that. Thanks of the Chamber of Commerce were conveyed to Mr. Newton for providing this service to Sunday visitors to our town.

The same Saviour-King reigns still, today. He calls you and me to deeper homage and greater service than ever before. The times are urgent and the needs are tremendously important.

What will your answer be this Epiphany, 1966? (Saint Matthew 2:1-12).

The wise ones take advantage of winter. Skilled men are more readily available in the wintertime—ready to do your repairs and renovations when you want them. Materials are in generous supply too, and your renovation budget will often go further in winter, thanks to off-season discounts and extended payment plans.

You can borrow up to \$4,000 with up to ten years to repay, at low interest rates, with a government-sponsored NHA Home Improvement Loan from your bank.

If you're the owner of a small business, then you may take advantage of special Small Business Loans available at your bank. And farmers can qualify for up to \$15,000 with ten years to repay with a Farm Improvement Loan.

So you see, there are a whole lot of very good reasons why you should have that work done around your home or place of business during the winter. Do it now!

lady passenger in his car died from injuries sustained in the collision. The evidence revealed that he was at the wheel of a recently purchased used car, and since he was still learning to drive was driving it without a driver's permit. Coming to the intersection of number 8 Highway and the road leading to Chapeau, near Waltham the accused entered into a one way lane the wrong way, and when the brakes on his car failed, he ran into an oncoming truck.

For driving a car in a dangerous manner a Sudbury man paid a \$50 fine and the Court Costs.

A 36-year-old Hull man was fined \$100 and court costs for having stolen a car wheel and tire valued at approximately \$75.

A 40-year-old man of Demers Centre who caused a disturbance in that locality was ordered to furnish a personal bail bond of \$200 to keep the peace for a period of 12 months as well as pay the court costs or spend 15 days in jail.

A 66-year-old Fort Coulonge man who pleaded guilty to a charge of hit and run was fined \$50 and ordered to pay the Court costs. The QPP reported that the accused hit a parked car in the village of Fort Coulonge and never stopped. Damage to both vehicles amounted to approximately \$200.

A 23 year old man of Otter Lake who pleaded guilty to causing a disturbance in a Hotel at Otter Lake as well as damages to two of the Hotel patrons, by breaking a pair of glasses on one, and tearing the shirt of the second was fined \$75 and ordered to reimburse the damages caused for an amount of \$20. Since the accused could not raise the money he is spending 15 days in jail.

### Black - Patris wedding

Shawville United Church was the scene of a pretty wedding on New Years Eve, 1965 when Irene Mary Patris became the bride of William Hewitt Black. Miss Patris is the daughter of Mr. and Mrs. Rene Patris of Newcastle Bridge, New Brunswick, and Mr. Black is the son of Mr. and Mrs. Allan Black of Shawville.

The organist was Mrs. Harland Rowat, and the soloist, Miss Barbara Wallace, sang "O Perfect Love" and "The Lord's Prayer". The church was decorated with Christmas poinsettias and tapered candles for the candlelight service.

The bride, who was given away by her father, wore a pink wool boucle suit, with white and black accessories. Her corsage bouquet was blue tinted mums.

Miss Joan Macauley was bridesmaid, and she wore a green wool suit with black and white accessories. Her corsage bouquet was pink tinted mums.

Harvey Sweetman was best man, and the ushers were Warren Russell, and Gary Richardson.

The bride's mother was gowned in a peacock blue dress trimmed with lace, and she wore a maribou hat. Her corsage bouquet was white carnations. The groom's mother was gowned in a winter green three piece suit, and she wore black accessories. Her corsage bouquet was yellow sweetheart roses.

Following a reception at the Church Hall, Mr. and Mrs. Black left for a honeymoon trip to Toronto. They will reside at the Connolly apartments.

### QUYON C W L

A regular meeting of St. Mary's Council of the CWL was held Tuesday, December 14, in St. Mary's School Auditorium, Quyon. There were 22 members present. Mrs. Basil Stanton presided.

The Director, Reverend Father Klatt opened the meeting with the recitation of the League Prayer, and prayer for Pope Paul VI.

He spoke on the implementations of the Council, advising us that the big task of the Council is to change the face of the world, and it will be up to the laity to do so. He said, "we must stay together to fight communism, and we must begin in our daily lives. The lay apostolate must love God, and neighbor, he must be 'the salt of society' the light of the world, and an influence on society. Mothers and wives might improve home life by more understanding, by obtaining ample knowledge and accepting fully the responsibilities of life, physically, intellectually and spiritually."

Mrs. Aurele Trudeau, membership convener, reported a membership of 61, welcoming 3 new ones.

Social Action convener, Mrs. Martin Dowe, advised she had attended a Red Cross meeting. They require more blood donors, and any assistance will be appreciated.

The magazine convener, Mrs. John Robinson, expressed her interest in CWL contributing toward a scholarship.

Entertainment convener, Mrs. J. Pilon, reported 2 card parties.

### COUNCIL

#### CLARENDON

Clarendon Council met on Jan. 3, 1966 at a regular monthly meeting at the Council Hall. Present Mayor Hodgins and Crs Brownlee, Stanley, McCleary, Grant, Barber and Brown.

Minutes of the last regular meeting were read and approved on motion Crs Grant and Stanley. Carried. Mr. John Sly met Council re fence at his property and Orval Smart (pts 10d and 11C R3).

It is resolved by this Council to write Mr. Orval Smart by registered letter to have his share of line fence between his property and John Sly built by May 1st 1966 under Act 205 of the Municipal Code. Carried.

Correspondence for the month was read and discussed. Motion Crs Brownlee and McCleary that any contractors digging in our township to get in touch with the Pontiac Rural Telephone Co. to enquire whether a cable is buried in the vicinity. Failing to do this the

A motion was passed to contribute \$10 to the Santa Claus Parade.

Sister Theodosia expressed her thanks for assistance at First Communion services. She extended an invitation to 'Open House' at St. Mary's School, Dec 19.

A final payment of \$420 was made on the church organ.

Plans were made for the next euchre party to be held Jan. 18.

The meeting closed with prayer, after which refreshments were served by Mrs. Leo Foran and Mrs. Leo Gibbons. A tea prize was won by Mrs. Donald Derouin. The members exchanged Christmas gifts, and Sister Marguerite, organist, played some lovely Christmas hymns.

### IN MEMORIAM

Walls—In loving memory of my dear husband, and father, Herman Elwood Walls who died January 5, 1955.

Eleven lonely years have passed away  
Since my great sorrow fell,  
Still in my heart I mourn the loss  
Of one I loved so well.  
A loving husband true and kind,  
No better friend on earth I'll find  
All for me he did his best  
May God grant him eternal rest.  
Wife and daughters,  
Janet and Lorna and son-in-law, Lorne x

Baird—In loving memory of a dear son Robert Baird who passed away January 19, 1965  
Today recalls the memory  
Of a loved one gone to rest  
And those who think of him today  
Are those who loved him best  
The flowers we lay upon his grave  
May wither and decay  
But the love for him who lies beneath  
Will never fade away.  
Mother, Mrs. John Morrison b

Welch—In fond and loving memory of our dear sister, Marjorie Dolly Welch who passed away January 15, 1965  
Her life was earnest, her actions kind,  
A generous hand and an active mind  
Anxious to please, loathe to offend  
A loving sister, and faithful friend.  
Brothers Arlington, Kenneth and Holly x

Welch—In fond memory of my dear daughter, Mrs. Marjorie (Dolly) Welch who passed away January 15th. 1965  
I am sad within my memory  
Lonely is my heart today  
For the one I loved so dearly,  
Has forever been called away;  
I think of her in silence,  
No eye may see me weep  
But many silent tears are shed  
When others are asleep  
Sadly missed by her mother  
Mrs. Jessie A. Dale., x
