ITALIAN-REICH AXIS STRENGTHENED

Two Balkan Powers Base Future Policy On Rome Protocols

Austrian Chancellor Announces that Austria and Hungary Have Cast Lot With Italy and Germany—Support Anti-Communist Pact, While at Same Time Seeking Internal Reorganization of League of Nations.

Vienna, January 13.—(P)—Chancellor Kurt von Schuschnigg in a newspaper article today made clear that Austria and Hungary have cast their lot with Italy and Germany.

Discussing the three-day conference in Budapest of the Foreign Ministers of Italy, Austria and Hungary, under provisions of the Rome protocols, Von Schuschnigg said:

"We never have doubted that the Rome protocols are our best orientation. Their continuation seems at the conclusion of the Budapest consultations to be incontrovertible to fact.

"The Italian policy of closer friendship with Germany, a so-called factual policy, is in complete accord with this fact . . . an anti-Communist pact long has been a practical reality for Austria and Hungary . . . like all human enterprises the League of Nations has in no wise fulfilled its initial aims.

"We consider it our right and duty to try to bring new life to the great old League."

EXPLOSION IN MADRID SUBWAY CLAIMED SIX HUNDRED LIVES

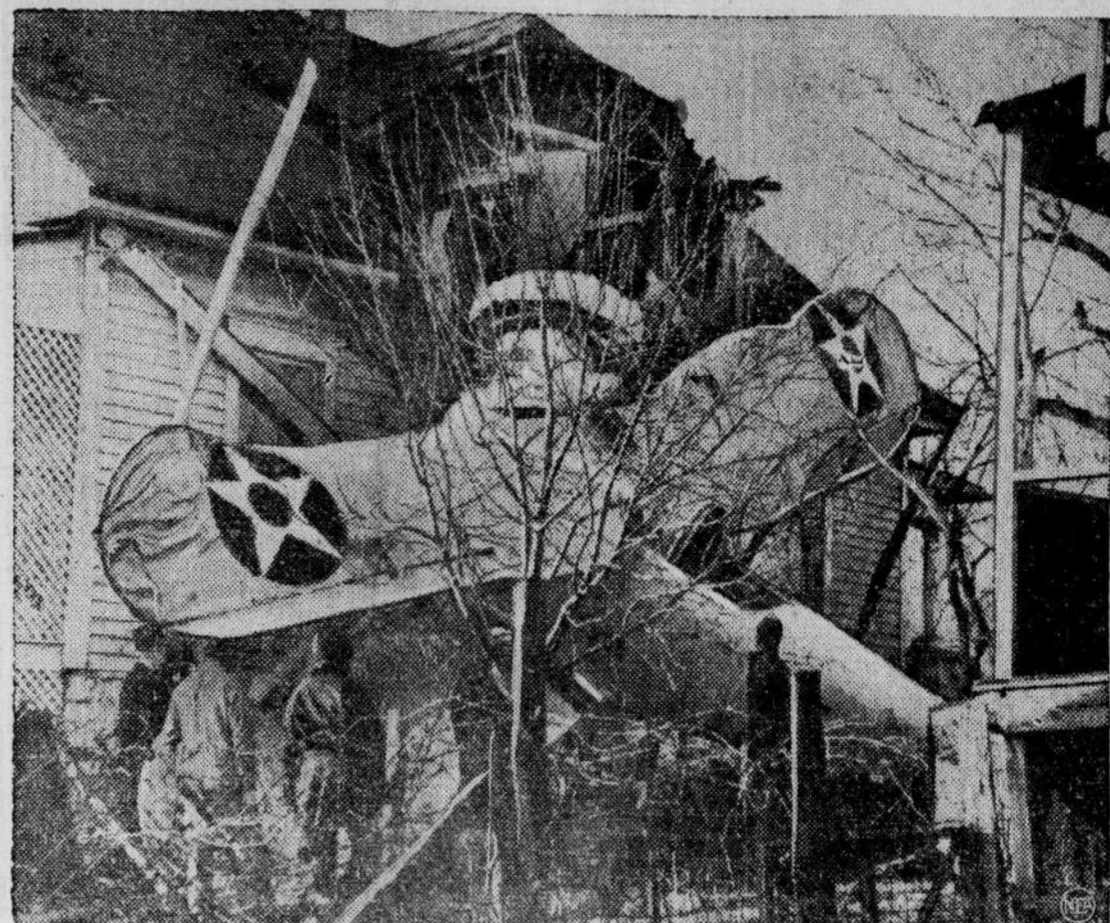

London, Jan. 13.—(P)—An explosion in a Madrid subway was reported today to have killed between 500 and 600 persons.

Details of the disaster could not be obtained from Spain. One report which came by way of Paris, said war materials stored in the subway exploded as a train jammed with passengers passed nearby.

Apparently strict government censorship was imposed.

On the Spanish warfront insurgents appeared to have lost a half mile of ground to Government troops driving to eject them from the outskirts of Teruel, in eastern Spain.

Pilots Were Out When This Plane Dropped In

No one was injured when a navy-marine plane paid an unexpected and unwelcome call at a Kansas City, Kan., home, with the results pictured above. Unable to pull the ship out of a spin, Capt. Benjamin B. Southworth, and his observer, William H. Gregory, bailed out, landing safely with parachutes. The occupants of the home were badly frightened but unhurt as the plane tore into the roof, then settled into the yard between houses.

Defence Minister Claims Houde's Armament Talk "Ridiculous And Stupid"

Hon. Ian Mackenzie Declares that Two "Secret Documents" on Defence Referred to by Former Montreal Mayor Were Recommendations from Canadian Staff Officers to Responsible Canadian Ministers—Denies British Interference.

Ottawa, Ont., January 13.—(P)—Secret documents on defence, mentioned in House of Commons debates last spring, were recommendations from Canadian Staff officers to responsible Canadian ministers, Defence Minister Mackenzie declared today.

In a campaign speech last night Camille Houde, independent candidate in the Montreal-St. Henry bye-election, was reported as declaring these "secret memoranda" were from the British Admiralty and that they involved Canada sending six divisions of artillery to aid in Empire defence.

"His whole statement is ridiculous and stupid on its face," declared the Defence Minister. He also denied Mr. Houde's reported charge that War Office advisers from London were working in the Defence Department.

The Minister's statement follows:

"I see from the press that Mr. Houde stated at his meeting last night that there were two secret memoranda on military matters in this Department, and quoted what I said at page 2218 of Hansard, 1937. My exact words were:

"There were two memoranda—one in 1932 and one in 1935."

There could have been nothing very secret about them when I openly referred to them myself in Parliament. These memoranda dealt in the main with re-organization of the volunteer militia of Canada, the effect of which was to reduce the militia strength from 135,000 to 90,000, as already announced in Parliament.

"These memoranda were recommendations from Canadian Staff officers to responsible Canadian ministers, and had nothing whatsoever to do with any agreement with any other country whatsoever. They were purely departmental documents. The results have been fully made known to Parliament and the people of Canada, and it is results that count.

Britain Has Asked For No Undertaking.

"I repeat in the most definite and unequivocal terms that Great Britain has asked for no undertaking from us and none has been given and none exists. I repeat again what I said in the House on February 15th.

"There is in the estimates nothing for an expeditionary force, but provision only for the defence of Canada against those who might assault us or violate our neutrality. The defence of our shores and the preservation of our neutrality are the cardinal principles of the defence policy of the Dominion of Canada."

Chautemps Government Treads On Treacherous Ground Today

Plague of Strikes and Rapidly Falling Currency Might Force Resignation of Chautemps Administration to Remove Communist Influences—Premier Decides to Take Labor and Monetary Problems Before Chamber of Deputies.

Paris, Jan. 13.—(P)—Members of the cabinet announced today that Premier Chautemps had decided to take the Government's labor and monetary problems before the Chamber of Deputies.

The announcement came after a cabinet meeting which lasted almost three hours.

Although political circles speculated on chances of the cabinet's resignation, the ministers declared there had been no decision.

"We are all still ministers," said Mary Dornoy, Minister of the Interior. He announced the Premier would make a declaration before the Chamber later today on the cabinet's difficulties arising from labor troubles and a weakened franc.

The Premier had called his ministers into session especially to consider France's plague of strikes and falling currency. Pierre Fournier, Governor of the Bank of France, vent her from becoming a witness against Mrs. Waite's slayer.

AIR MECHANIC IN GRIM FIGHT AGAINST DEATH

Little Chance Given to Mechanic Suffering from the Effects of Exposure in Remote North Shore Trading Post Hospital.

Rimouski, Que., Jan. 13.—(P)—An airplane mechanic lay near death today in a remote trading-camp hospital far down the north shore of the Gulf of St. Lawrence.

Lost for a day and a night with his pilot, Joseph Fecteau, in snow covered brush, Romeo Belanger was given slight chance for recovery by Dr. Mercier of Havre St. Pierre, little Gulf settlement 500 miles east of here.

Hours of wandering through unmarked country in sub-zero weather left Belanger in weakened condition. Both legs were frost-bitten, one so badly Dr. Mercier had to perform an emergency amputation. Pneumonia that followed the operation sapped the mechanic's strength.

Fecteau and Belanger took off from Seven Islands, Dec. 31 and, landing on a lake after a two-hundred mile flight, attempted to make their way to Natashquan village, a few miles away. But they became lost in the dense brush during a storm and wandered in circles for thirty-six hours before reaching a telegraph line.

Then, with Fecteau supporting his half-frozen mechanic, they stumbled through snow drifts until

BANKS RESUME FIGHT AGAINST ALBERTA LAWS

Bank Tax Bill Would Impose Levy on Paid-Up Capital, Reserve Funds and Undivided Profits of Banks Operating in Alberta.

Ottawa, Jan. 13.—(P)—Canadian banks were scheduled to continue argument on Alberta legislation affecting them when the Supreme Court of Canada resumed hearing of the reference on the validity of three Alberta bills today.

W. N. Tilley, of Toronto, made a brief start on his argument for the banks yesterday and prepared to continue today. He follows Aime Geoffroy, of Montreal, and J. Boyd McBride, of Edmonton, both Dominion Government counsel, who argued all three bills were invalid.

The measures relate to the taxation of banks, credit regulation and newspapers. They passed the Alberta Legislature but the Lieutenant-Governor reserved assent pending approval by the Governor-General of Canada.

The bank tax bill would impose a levy on the paid-up capital, reserve funds and undivided profits of banks operating in Alberta. Mr. Geoffroy yesterday estimated the tax would yield \$2,000,000 a year.

The credit regulation measure would require credit institutions to obtain licenses from a provincial board and accept the supervision of local directors on which a majority of the directors would be appointed by Provincial Government authority.

The press bill would require newspapers to publish amplifying or corrective statements at the demand of a Provincial Government appointee following statements published relating to Government policy.

Newspapers would also be required to disclose the source of information upon which any article, editorial or news item was based and the name of writer of any article, editorial or news item. Power would be conferred to prohibit the publication of news from certain sources of information and of material by certain writers.

After Mr. Tilley completes his argument for the banks' submissions from the newspapers and newspaper associations will be heard and then counsel for Alberta will make their submissions.

DEATH CLOSES QUEER CASE OF TANGLED LOVE

Murder and Suicide Ended Strange Love of Father and Daughter Who Met Only Recently Then Learned Their Relationship.

Scottsdale, Pa., Jan. 13.—Death—recorded today as murder and suicide—ended the strange love of a father and daughter who met here only recently, then learned their relationship.

The girl's mother, Pearl Hollis, found the bodies, side by side and both shot in the head, in the living room of her home yesterday.

Dr. H. Albert McMurray, coroner, identified the dead as forty-seven year old Nelson Messe and his seventeen year old daughter, Nellie.

The coroner said Messe had not seen his daughter since her birth until they met here recently, and that the two had then fallen in love. He said two letters found in the girl's purse led him to this conclusion.

One, mailed last December 31, read:

"It is going to be hard for me to leave you now. You may not believe this, but you are the only person I ever saw that I really liked and I turn out to be my daughter."

The other, dated last November 15, read:

"You have filled a space for me that has been empty for many years. You won't have to tell me in words that you like me I know you do. I am sure you know how I feel about you."

The coroner said Nellie was born to Messe and Pearl Hollis.

The mother, he said, was then unwed but later married a man named Hollis and lived for some time in Ohio, but was divorced and returned here.

Roosevelt Seeks Curtailment Of Installment Credit Sales

Would Reduce Over-Selling and High Pressure Salesmanship as Part of Industrial Planning to Even Production—Industrial Co-operation with Government Agency to Control Production Planned.

Washington, Jan. 13.—(P)—President Roosevelt was reported today in unusually reliable quarters to be negotiating in his conferences with United States business leaders for a curtailment of credit on installment buying.

Informed persons said he had suggested to the motor industry a tightening of sales credit in line with his previously expressed intention of eliminating "high-pressure salesmanship."

This was one of the topics the President was said to have discussed Tuesday with Alfred P. Sloan, Jr., chairman of the General Motors Corporation, and four other prominent industrialists.

One well-posted Government official said the President had proposed that the auto industry limit its extension of credit on the purchase of cars to twenty-five per cent, but that Sloan had rejected

IRISH LEADERS AND U.K. HEADS IN CONFERENCE

Parley Will Attempt to Clear Up Outstanding Differences that Have Reached Status of Economic War.

London, Jan. 13.—(P)—Amid editorial acclaim that they are getting together, statesmen of the United Kingdom today prepared for a conference with Irish leaders Monday when an attempt is to be made to clear up outstanding differences that for the past five years have reached the status of an economic war.

"The initiative came from me," Prime Minister de Valera of Ireland (formerly the Irish Free State) said in Dublin last night after he informed Parliament he with three of his Cabinet Ministers would go to London to confer with Prime Minister Chamberlain and other United Kingdom Cabinet Ministers.

He said the conference "has arisen naturally" out of informal meetings he has had with Malcolm MacDonald, Dominions Secretary.

The London announcement stated Mr. Chamberlain would be aided by Sir John Simon, Chancellor of the Exchequer; Sir Samuel Hoare, Home Secretary; and Mr. MacDonald, and other Ministers, such as Sir Thomas Inskip, Minister for Defence Co-ordination; Oliver Stanley, President of the Board of Trade, and W. S. Morrison, Minister of Agriculture, joining in when matters affecting their departments are discussed.

Subjects expected to occupy most time are settlement of the economic warfare, defence and the partition

Jap Fascists Are Demanding A Declaration Of War On China

Manifesto Presented by Extreme Rightists to Emperor Hirohito Viewed with Disfavor Any Suggestion that Peace Be Negotiated with China Even if Chinese Reconsider Their "Anti-Japanese Attitude."

Tokyo, Jan. 3.—(C.P.—Havas)—Japanese extreme Rightists today urged Emperor Hirohito and his government to declare war immediately on China or formally repudiate the government of Chiang Kai-Shek.

The request was made in a manifesto by the Fascist-inclined National League formed in December, 1932, by Kenzo Adachi, former Home Minister. The manifesto viewed with disfavor any suggestion that peace be negotiated with China

even if the Chinese reconsider their "anti-Japanese attitude."

According to the Domei News Agency a joint conference between ministers and members of the Imperial headquarters will be convoked early next week to complete work left unfinished at Tuesday's meeting.

CHIANG TO DEFEND LUNGHAI RAILWAY

Shanghai, Jan. 13.—(P)—General Chiang Kai-Shek flew to Suchow today, Chinese sources said, to direct an attack on Japanese invaders threatening the Lunghai railway, China's east-west lifeline.

With General Han Fu-Chu, commander of Shantung troops, Chiang was said to have outlined a major counter-offensive along the Tsinpu railway, which meets the Lunghai at Suchow, some three hundred miles northwest of Shanghai.

For a week Chinese have been gathering in the area. A stretch of 150 miles along the Tsinpu— which links Tientsin and Pukow— still was in Chinese hands. Suchow itself has been the goal of a two-way Japanese push— north from Nanking and south from Tsinan, conquered Shantung Province capital.

Chinese yesterday lost Tsinan, 120 miles south of Tsinan, but said their forces threatened to trap Japanese there by an attack on Yen

Municipal Nominations Held In Many Districts Yesterday

Acclamations Featured Majority of Nominations for Rural Municipal Councils, Although Keen Contests Are Promised in Many Villages and Townships—Mayors Will Retain Office for Another Year.

Yesterday was nomination day in the village and townships of the Province of Quebec, when the electors of these rural municipalities selected candidates for the offices of councillors for the next two years. Under the terms of the Municipal Code, which governs these matters, three of the six councillors retire each year while the mayor also serves a two year term. As the mayors were elected just a year ago, the elections this year are only for councillors.

In most cases the retiring councillors were re-elected by acclamation or their successors chosen without a contest, but in other cases some keen fights are in prospect, with the elections taking place on Monday.

Nominations take place at a later date in incorporated cities and towns. The nomination results in the Eastern Townships municipalities follow:

COUNCILLORS RETURNED AT SWEETSBURG

Sweetsburg, Jan. 13.—W. D. Shuffell, L. A. Ferron and Joseph Pinsonneault, the retiring members of the Sweetsburg Village Council, were re-elected by acclamation for the next two years at the nomination meeting yesterday.

ONE CHANGE IN BURY VILLAGE

Bury, Jan. 13.—D. E. Smith and A. Whitehead, the retiring members of the Bury Village Council, were re-elected by acclamation at the nominations held yesterday and William

Thrilling Stories Of Heroism And Tragedy In Blast Which Killed Ten

Weary Rescue Crews with Masks Working Way Along 3,600-Foot Passageway Which Still Holds Bodies of Two Men—Survivors of Blast Tell Story.

Pittsburgh, January 13.—(P)—Thrilling stories of heroism and tragedy were related today by the twenty-five survivors of a mine blast seventeen miles east of here in which eight were known dead and two others missing and believed to be dead.

Weary rescue crews with masks still were working their way slowly along the 3,600-foot passageway which was partly wrecked shortly before noon yesterday, seeking the

missing two. Three bodies brought out early today were identified by mine officials as John Kruszek, 21; Joseph Lerch, 24, and Doss Nicholas, 41, all of Hawick.

C. W. Gibbs, general manager of the mine, said there was no hope the missing ones had escaped both the explosion and the deadly gas which formed quickly.

Although the mine scene of a disastrous explosion thirty-four years ago

ELECTIONS IN NORTHERN IRELAND ANNOUNCED UNEXPECTEDLY TODAY

Belfast, Jan. 13.—(P)—Dissolution of the Northern Ireland Parliament on January 20 and general elections on February 9th were announced unexpectedly today.

Account Craigeon, Prime Minister of Northern Ireland, declared the early elections were precipitated by the issue of union with Ireland, formerly the Irish Free State.

Unification was expected to be raised by Eamon de Valera, Prime Minister of Ireland, at the conferences in London with British statesmen next week.

Lord Craigeon recalled his frequently repeated declarations of the "loyal solidarity of the Ulster people" against reunion with the southern counties, and added: "The opportunity now presents itself to allow the people to pronounce upon the issues themselves—and I have no doubt as to the answer they will give."

SECOND ACCIDENT PUT SHOULDER BACK IN PLACE

Pittsburgh, Jan. 13.—(P)—Clair Taylor fell and dislocated his shoulder.

Police patrol rushing him to a hospital struck a hole in the pavement and bounced Taylor against the roof.

Hospital physicians said the bump put his shoulder back in place.

Explosion Shattered Giant Clipper And Snuffed Out Lives Of Its Crew

Continued from Page 1. The plane caught fire while dumping excess gasoline preparatory to landing at Pago Pago to repair a broken oil line after starting out on a flight for Auckland, N. Z. It crashed in 1,000 fathoms of water.

Wreckage found by the Avocet included: A coat belonging to Radio Officer T. J. Findley, twenty-nine, of Alameda, Calif. It showed evidence of holes blown through it. A wing emblem was the identifying mark on the coat.

Trousers belonging to J. A. Brooks, thirty-eight, of Honolulu, assistant engineering officer, identified by a tie clasp in the pocket. Pages of the engineering log and other papers.

The plane's navigation desk. Bits of navigators' charts. Many small wood fragments from the inside of the plane. The surface of the water was covered with hundreds of small fragments conceded by searchers to be fragments of the fuselage.

The tragedy was reconstructed, gasoline being dumped was vaporized and ignited, presumably by a hot exhaust pipe. Whether an explosion occurred in mid-air or after the 21-ton all-metal flying boat hit the water was not hazarded by authorities here.

If the story told by natives is true, the plane, and gasoline and oil from its tanks, must have burned on the surface of the water. They told of seeing a large volume of black smoke rise from the water at the time the plane disappeared. Official statements of Pan-American Airways and naval officers issued before the fragments had been returned here and studied, spoke only of the plane being destroyed by fire.

Thrilling Stories Of Heroism And Tragedy In Blast Which Killed Ten

Continued from Page 1. ago in which 153 lives were lost, normally more than five hundred miners in it. There were but thirty-five repairmen and supervisors at work when the blast occurred.

W. J. Fene, an engineer of the U.S. Bureau of Mines, estimated the explosion took place about two miles from the shaft. The dead were Thomas Keffer, 38; Joseph Koprivinkar, 41; Frank Harper, 82; Joe Preznik, 44; Matt Anderson, 59, a mine foreman; John Kruszek, 21; Joseph Lerch, 24, and Doss Nicholas.

Chief Deputy Coroner John Aldisert said the missing or the unidentified dead were Frank Ciesielski, Joseph Lerch, John Kruszek, and Tony Weiner. Four were injured, two critically, and brought out by their heroic companions. Andrew Humanik, a rock driller, estimated he was about five hundred yards from the blast.

BONNE ENTENTE IS CARRIED OUT BY SNOWSHOERS

Members of Tuque Rouge Guests of Sherbrooke Snow Shoe Club Last Evening in Observance of Diamond Jubilee.

Carrying on a practice that has become a tradition with the passages of time, the members of the Tuque Rouge Snow Shoe Club were the guests of the Sherbrooke Snow Shoe Club at the latter's chalet on Prospect street last evening in the annual exchange of visits between the two clubs.

On arrival at the club house, the early part of the evening was spent in social intercourse and lively games of volleyball, after which supper was served to some 150 people, grace being said by Rev. A. Milligan.

An unusually pleasant feature of the evening was the presentation to the S.S.S.C. of a beautifully engraved silver tray from the members of the visiting club on the occasion of the Grey and Red club attaining its diamond jubilee.

Following the repast, the visitors were welcomed in a French address by Bill Terry, the president, which was replied to by J. A. Rouleau, president of the Tuque Rouge. The latter outlined briefly the history of his club and commented on the bonne entente always existing between the two clubs.

Minutes of the last meeting were read by George Dick in the absence of the honorary secretary, Hawley Griffith. Letters and telegrams from various snow shoe clubs across the boundary, congratulating the S.S.S.C. on attaining its diamond jubilee were read, and Lloyd H. Scott for Seat Six. The remaining members of the Council are Mayor Henry Riddell, Councillors George Lake, Ernest Painter and Joseph Williams.

Defence Minister Claims Houde's Armament Talk "Ridiculous And Stupid"

Continued from Page 1. Canada. The policy of this Government in regard to defence was made abundantly clear in the discussion which took place last session. From that policy, the Government has not deviated in the slightest degree.

"I observe that Mr. Houde said in his first address that we were going to send five divisions of infantry. In his second address, there was a slight change. The five divisions of infantry became overnight six divisions of artillery. Tomorrow, I suppose, they may be tanks or machine-guns. His whole statement is ridiculous and stupid on its face."

CLAIMS BATTLE IS LIBERAL VS. HOUDE

Montreal, January 13.—With references to debate at the House of Commons session, Camille Houde got down to cases today in declarations that have marked his first federal election campaign.

Speaking at two gatherings that cheered his candidature, Mr. Houde said there were two "secret memoranda" instead of one he had spoken of previously and that they suggested preparations to send "six divisions of artillery" instead of five he had referred to.

There are two memoranda—one of 1932 and one of 1935, the former Montreal Mayor and Quebec Conservative leader in the francophone world in the possession of the Dominion Government. "I want to see both of them and to know what is in them and who are our enemies," he went on. "If they don't tell us what is in them, I affirm we are preparing to send six divisions."

CHAUTEAUPS GOVERNMENT TRENDS ON TRACHEROUS GROUND TODAY

Continued from Page 1. was called into the meeting shortly before its close. After the cabinet meeting the Premier's office issued this communiqué: "The Premier and Finance Minister informed the cabinet of the political and financial situation and the grave repercussions on the foreign exchange market."

The cabinet unanimously marked its will to defend energetically the financial status and the franc. With a view to associating Parliament and the country with this work of public safety, the cabinet decided that the Premier should make from the tribune of the Chamber today a declaration which the Government owes to the nation.

Cabinet members said Chateaus planned to ask a unanimous vote of confidence. They declared the Premier planned to make it plain that to accomplish the work before the cabinet needed the support of all parties in the Chamber. As the two problems confronted the Government, political circles heard reports that Finance Minister Georges Bonnet had suggested that the Government resign to permit a break with its Communist supporters.

HATLEY VILLAGE COUNCILLORS RE-ELECTED

Hatley, Jan. 13.—The three members of the Hatley Village Council whose terms of office expired, A. E. Bowen in Seat Two, A. R. McClary in Seat Four and P. H. Maloney in Seat Six, were returned by acclamation at the nomination meeting held here yesterday.

Jap Fascists Are Demanding A Declaration Of War On China

Continued from Page 1. chow. Twenty miles northwest of Pakow, Chinese attacks along the Tsipin from the west yielded three towns. In eastern Shantung Province, however, Japanese reported gains. Japanese army detachments, newly landed at Tsingtau, marched west sixty-two miles to assault Kaomi. Thus far in Shantung, a Japanese embassy spokesman said, retreating Chinese have destroyed Japanese properties valued at \$290,000,000.

Once again friction resulted from action of Japanese forces at Shanghai. British naval authorities protested to Japanese because twelve British-owned lighters and five tugs commandeered by Japanese on December 15 had not been returned. Japanese promised to give them back. British consular officers at Nanking reported two British embassy automobiles missing after Japanese occupation of the former Chinese capital. Japanese had returned three American embassy cars and 150 gallons of borrowed gasoline.

LOCAL FIRM PROPOSES LARGE EXTENSION

Ask City To Construct Two Factory Buildings

Mayor Rioux Favors Proposition Made to Municipal Authorities by Sherbrooke Company Which Desires to Increase Its Operations—Rental Would Pay Good Interest on City's Capital Investment.

One of Sherbrooke's established concerns—the name of which is being withheld for obvious reasons—has advised the municipal authorities that it is prepared to enlarge its operations upon an extensive scale provided the city erect two factory buildings for its use.

The firm, which has been growing steadily and is in imperative need of more spacious and comfortable quarters, has offered to pay for these premises at a rate that would assure the municipal authorities of fair interest—in the vicinity of six per cent.—upon its capital investment.

The company, Mayor Rioux stated today, "guarantees to employ six hundred hands and inside of a year between seven and eight hundred, with the possibility of having one thousand employees on its pay-roll at the end of two years."

The firm, Sherbrooke's Chief Magistrate continued, is financially sound and gives promise of becoming as important an industry as the Kayser company within a few years.

In addition, it is offering no manner of competition to local industries. "The business of this company has been growing so steadily," Mayor Rioux added, "that it has to enlarge, and if it is not given the opportunity to do so in Sherbrooke it will seek and find that opportunity elsewhere."

Before deciding upon the erection of these two buildings, however, the city must obtain the authorization of the Provincial Government and the consent of Sherbrooke rate-payers.

As regards the Provincial Government, Mayor Rioux stated that many towns and cities—he referred to Coaticook and Magog—have obtained the Quebec legislators' consent to similar proposals, and he does not see why Sherbrooke should not do likewise.

"There is no reason that I can see," he stated, "why Sherbrooke should not take advantage of such a privilege to encourage and foster the growth and development of its industries."

Mayor Rioux added that he has endeavored to have industries locate in East Sherbrooke, but for some reason this particular section of the city has not enjoyed the popularity it should have.

As a consequence, he continued, the residents of East Sherbrooke are under the impression that they are being neglected by the city as regards industry. The company in question, His Worship said, is willing to locate in East Sherbrooke, and as a result the industrial development of that municipal zone would receive a powerful impetus.

If a favorable response to the proposal is received from the rate-payers, Quebec's approval will be sought and the Council will place the issue squarely before the rate-payers through the medium of a referendum.

While Mayor Rioux would offer no estimate as to the cost of the erection of the two factory buildings, it is probable that such projects, judging by the general cost of industrial construction, would involve an expenditure of between \$75,000 and \$100,000.

TWO LOCAL MEN TO BE ADMITTED TO QUEBEC BAR

D. S. Howard, B.A., B.C.L., and W. H. Bradley, B.A., B.C.L., Passed Quebec Bar Examinations—Will Establish Partnership in City.

Successfully passing the bar examinations written at the University of Montreal on Tuesday, two well-known local young men—Douglas Stevens Howard, B.A., B.C.L., and Wesley Hyndman Bradley, B.A., B.C.L.—will be admitted to the Quebec Bar and will shortly start to practise in Sherbrooke.

The young men will form a partnership, to be known as Howard and Bradley. Mr. Howard, twenty-five year old son of C. B. Howard, M.P., and Mrs. Howard, of this city, graduated from the Sherbrooke High School in the class of 1929.

In the fall of the same year he began his studies at Mount Allison University, Sackville, N.B., from which institution he graduated with a B.A. degree in 1933. He then spent four years at McGill University, Montreal, receiving his B.C.L. degree there last June.

Mr. Bradley, who is a son of Mr. and Mrs. Edward D. Bradley, graduated from the Sherbrooke High School in the class of 1931. Entering Bishop's University the same autumn, he secured his B.A. degree three years later.

He continued his studies at McGill University, graduating with a B.C.L. degree from that institution last June, in the same class as Mr. Howard.

While at Bishop's, Mr. Bradley was an outstanding member of the debating team, representing the College on numerous occasions. He was also a member of the Student's Council.

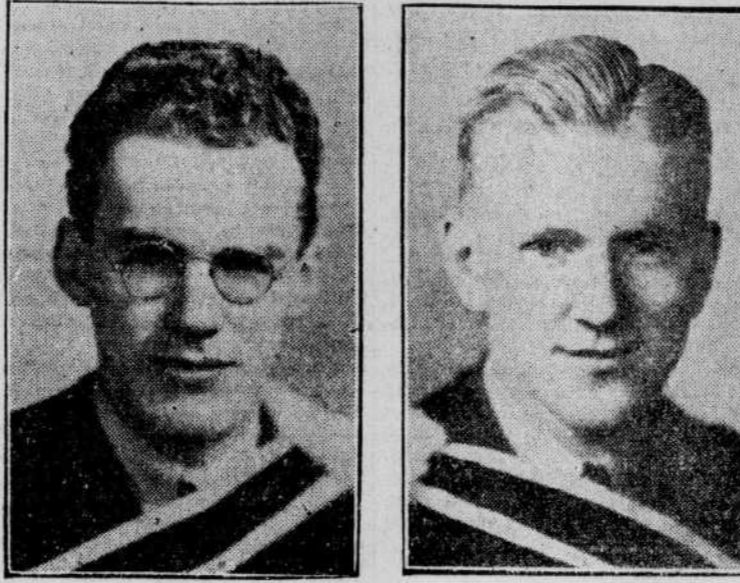

SHERBROOKE A BIG EXPORTER OF HOLSTEINS

Ranked Second Among Quebec Province Shippers of Pure-bred Holsteins to United States. Sherbrooke district was the second largest Quebec Province shipper of purebred Holstein cattle to the United States from November 15 to the end of December, according to statistics made public this morning by R. P. Charbonneau, secretary-treasurer of the Holstein-Friesian Association of Canada (Quebec branch).

Out of a total of eighty-one head shipped to U.S. points, this district was responsible for twenty-two, Ormstown in Huntington County leading the exporters with thirty-two head.

Bedford ranked third, shipping seventeen animals, followed by St. Johns with five, Montreal-Verdun with four and Lachute with one. The eighty-one head were despatched to the following states: Vermont 46, Connecticut 14, Massachusetts 13, and New York 8.

Trio Arraigned Before Court In Perjury Case

Mrs. Victor Letourneau, Victor Letourneau and Jean Robert Remanded to Next Week on Accusations Arising from Trial of Brompton Road Chinese Who Was Condemned for Illegal Sale of Liquor—Bail Set at \$1,000 Each.

Mrs. Victor Letourneau, nee Maria Gervais, her son, Victor Letourneau, and her son-in-law, Jean Robert, all of Montreal, were arraigned before Judge J. H. Lemay in the Magistrate's Court yesterday afternoon on charges of perjury arising from the trial of Alex Locke Quong, Brompton Road Chinese, who was sentenced to three months in jail on a charge of illegal sale of liquor.

The Montrealers were remanded to Wednesday next and bail was fixed at \$1,000 each. The case against the Crown Prosecutor Antonio Drolet emphasized when the question of bail arose that the accused faced very serious charges and were liable to fourteen years in the penitentiary.

A fourth witness in Quong's defence lies ill in Montreal and will probably be charged with perjury at a latter date. The three witnesses are alleged to have testified falsely during Quong's trial when they stated that he was in Montreal on the date that Quebec Liquor Commission police "made" the case against the Celestial.

More Summonses, Less Arrests Are Reported

Results of Recently Established Practice of Issuing a Summons Instead of a Writ of Arrest in Many Cases Reflected in Court Statistics Issued by Hertel O'Bready. Quebec courts of law show more consideration today for the individual who is to play the role of an accused in criminal law proceedings, and if there exists no danger of his taking sudden leave of absence he will be merely summoned to appear before the tribunal instead of being placed under arrest.

This, Court House officials explained today, is the reason why more summonses and fewer writs of arrests were issued in St. Francis District during the course of the past year. Annual statistics made public by Clerk of the Peace Hertel O'Bready to the criminal division of the Peace Office today reveal only seventy-four writs of arrest were executed during 1937, compared with 100 the year before.

Summons amounted to 258 as against 114. When steps are being taken to have a person placed under arrest, the Magistrate generally investigates the case and if he believes that the prospective accused will not take an unwarranted departure he will order that a summons be issued rather than writ of arrest.

This plan has worked out very satisfactorily and has eliminated much of the "petty grievances" that found their outlet in the humiliation of an arrest. Increased activity over 1936 is reflected in the statistics issued for the past year. In the Peace Office, complaints last year totalled 454 as against 317 the previous year.

Seventy-four writs of arrests were executed, seven not executed and 258 summonses issued. The remaining 115 persons involved in the complaints were taken in to the custody upon the complaints themselves or when "caught red-handed" in the act of committing a criminal offence. Business was also brisk in the department of the justices of the peace for St. Francis District. Clerk of the Justices of the Peace O'Bready reported, Fifty-seven complaints were received as against seventeen the previous year.

Mr. O'Bready's report as Clerk of the Crown indicated four speedy trials, the same number as in 1936. Detailed statistics of the Peace Office:

1937	1936
Complaints received	454 317
Search warrants	8 3
Writs of arrest executed	74 109
Writs of arrest not executed	7 6
Preliminary hearings	29 26
Condemned to Criminal Assizes	22 22
Liberated after preliminary hearings	7 4
Admitted to bail after hearings	9 8
Summary trials	146 72
Condemned to jail after trials	55 45
Fined	49 10
Acquitted	31 8
Cases pending	11 9
Summons issued	258 114

CHILD'S DEATH FROM BURNS AN ACCIDENT

Jury Under Coroner St. Pierre Found Death of Two-Year-Old Raymond Charest to Be Accidental—Only One Witness Called.

A verdict of accidental death was returned by the jury under Eugene St. Pierre, coroner for St. Francis District, which yesterday afternoon probed the death of Raymond Charest, two-year-old son of Mr. and Mrs. Wilfred Charest, who died in the St. Vincent de Paul Hospital from burns received on January 3rd. The child succumbed to his injuries late Tuesday night.

Only one witness was heard at the inquest, Armand Desbins, a boarder in the Charest home at 169 King street east. In his testimony, which corroborated the story previously told by the boy's parents, Desbins said the youngster apparently awakened very early on the morning of January 3rd and toddled downstairs, where he turned on the electric heater. Standing too close to the heater in an effort to get warm, the child brushed against the hot wires and his nightgown caught fire.

Desbins said he was aroused by the screams of the terrified child and rushed downstairs to find him a mass of flames. He ripped the blazing garment from the boy and on seeing that he was badly burned, particularly about the arms and legs, called a taxi immediately and had the victim taken to hospital, where he died on Tuesday night.

REV. BUNBURY PASSED AWAY IN MONTREAL

Incumbent of La Tuque and Former Curate of St. Peter's Church Died Yesterday After Brief Illness.

The passing of Rev. W. S. G. Bunbury at the Montreal General Hospital yesterday was a shock not only to his immediate family, but to hosts of friends in Sherbrooke, where he was curate of St. Peter's Church for several years, and throughout the Eastern Townships, where he was universally beloved and respected.

Mr. Bunbury left his home in La Tuque about two weeks ago to enter the Montreal General Hospital, where his eldest daughter is on the nursing staff. His demise was unexpected, it being only during the past several days that complications set in and his condition became serious. He leaves to mourn his passing his widow, formerly Miss Marjorie Stain, of Quebec, and several children, a son, Mr. Fred Bunbury, being a second year arts student at Bishop's University. Interment will be made in Quebec.

Revered Resident Of City Died Yesterday

Mrs. L. Joseph Codere, Member of Prominent Sherbrooke Family, Passed Away in Her Seventy-Fifth Year—Was Active in Work of Sisters of Charity—Funeral Services Will Be Held Saturday Morning.

Mrs. L. Joseph Codere, revered member of one of the city's oldest and most prominent French-speaking families, passed away yesterday afternoon at her residence, 20 Sandborn street. Mrs. Codere, who was in her seventy-fifth year, had been in failing health for the past two years.

During her long and useful lifetime, Mrs. Codere became particularly well known for her untiring efforts on behalf of charitable organizations, gaining the love and admiration of hundreds by her work in this connection. She was especially active for many years in the interest of the Sisters of Charity and for two years was president of this group. While in office she organized the annual bazaar in aid of the Greg Nuns, and it was largely due to her labors that the event attained such success.

Although called upon for many outside duties, Mrs. Codere's greatest pleasure in life was derived from her family circle. She was the mother of thirteen children, twelve of whom survive her, and it was when they were gathered at home with her that she was truly happy. On May 24th, 1930, Mr. and Mrs. Codere celebrated the fiftieth anniversary of their marriage, on which occasion they received a special blessing from His Holiness the Pope together with the Papal medal, "Bene Merenti."

Mrs. Codere was born Alphonse Josephine Bourque in Moira, N.Y., on April 7th, 1863. She came to Sherbrooke in 1876 to attend school at the Mont Notre Dame Convent. The following year her family came to settle here. On May 24th, 1880, she was married to L. Joseph Codere, whose family had moved to Sherbrooke from St. Hyacinthe in October, 1862.

She is survived by her husband, L. J. Codere, former president of the Eastern Townships Agricultural Association, a director of La Banque Provinciale and for many years actively associated with the local hardware firm of Codere, Ltee., which is now managed by his sons, which is now managed by his sons. Thirteen children were born to

Mrs. Codere, the eldest of whom died at an early age. The others all survive their mother and are: Augustine, of Sherbrooke; the Rev. Canon Napoleon Codere, bursar of St. Charles Seminary; Louis, treasurer of Codere, Ltee., and vice-president of the Eastern Townships Agricultural Association; Eugene and Corinne, of Sherbrooke; Yvonne, Sister Ste. Therese de Jesus, Mother Superior of the Convent of the Precious Blood, Sherbrooke; Gertrude, Sister Ste. Adolphe, Prefect of Studies for the Sherbrooke Province of the Congregation Notre Dame; Aurelie, Mrs. C. E. Trotter, of Montreal; Josephine, Mrs. Joseph G. Roy, of Sherbrooke; Joseph-Henri, vice-president of Codere, Ltee.; Bernadette, Mrs. Henri Gerin, of Coaticook, and Cecile, Mrs. George Mercier, of Quebec.

She also leaves two sisters, Mrs. Eugene Codere, of Sherbrooke, and Mrs. G. O. Bourquin, of Montreal, and was a sister-in-law of Eugene Codere, Mrs. J. H. D. Codere, Mrs. G. A. Codere and L. E. Codere, all of Sherbrooke. Thirteen grandchildren also survive her, together with a large number of nephews, nieces, grand nephews and grand nieces, many cousins and other distant relatives, and innumerable friends who mourn her passing with a genuine feeling of deep loss.

Funeral service for Mrs. Codere will be held at 9:30 o'clock on Saturday morning at St. Michael's Cathedral, followed by a second service at the Convent of the Precious Blood. Interment will be made in St. Michael's Cemetery.

"Buy Canadian."

The National Produced-in-Canada Association has issued an appeal to women, who, it is estimated, "influence eighty-seven per cent. of the purchases made in Canada," to give preference to goods made in this Dominion, especially when quality and price compare favorably with the imported products. In the twelve months ending October last, imports of furniture, woollen wearing apparel, leather boots and shoes, handkerchiefs, silk stockings, felt hats, soap, oilcloth, fish, cutlery, cheese and other commodities amounted to \$38,325,478. Practically all the articles included in these categories are made or produced in Canada, and purchase of the domestic goods would have meant greatly increased employment as well as a considerable fillip to general prosperity.

There is another aspect, referred to by the Association, and that is that increased demand leads to increased production, and increased production to a lowering of prices. Speaking of the volume of imports, the Association says: "Bearing in mind women's influence in buying, it can be reasonably assumed that it was their choice which influenced the importation of these items into Canada, yet a survey of industrial plants and other producing agencies in Canada shows that practically all of these are produced or made in Canada. In so doing they employ Canadian men and women, apart altogether from those who are indirectly affected by the manufacture or sale of these commodities, such as employees of stores, allied industries, etc."

Dividend Payments In 1937.

Dividend payments in Canada during 1937 amounted to \$328,807,000, the highest on record. This is \$68,000,000 larger than the total amount paid out in 1936 and \$44,000,000 higher than the previous record of \$283,000,000 attained in 1930. Several firms have resumed dividend payments after a lapse of several years. During December alone, dividends paid out in Canada aggregated over \$94,000,000 as compared with \$78,000,000 in the same month a year ago. During the past month, sixteen companies paid extra dividends.

Some of the companies which paid out substantial dividends during the year are Imperial Oil Company which paid a regular dividend of \$6,744,000 and an extra dividend of \$10,112,000. The International Petroleum Company paid a regular dividend of \$10,743,000 and an extra dividend on common stock of \$7,162,000. Noranda Mines paid a dividend of \$3,359,000. These large dividend payments reflect more, perhaps, than anything else the degree of prosperity enjoyed by these companies. Throughout the greater part of the year, commodity prices were high and the output was large with the result that although the cost of production increased, particularly wages, Canadian companies were in a position to pay larger dividends.

Germany Builds Great Roads.

Chancellor Hitler's announcement that manufacture of a "people's car," to be sold very cheap, is under way, should be read in conjunction with the progress being made with an arterial road system which will give Germany the finest and safest highways in the world, remarks The Stratford Beacon-Herald.

The road scheme has several purposes. It will lead to the development of the automobile industry, which lags seriously in Germany owing to low wages; it will reduce accidents to a minimum, and it will also be valuable in time of war.

A beginning has been made which will see the

completion of 4,300 miles of more than mile-a-minute highways this winter, by-passing all large centres of population. Cross traffic will go under or over roads, entering and leaving cars having egress and exit at protected grade separations or rotary traffic circles. These roads are very wide, pedestrians and slow-moving traffic being separated from the motor speedway upon which there will be no limit. If a car can go one hundred miles an hour there will be no objection.

Germany has had a high percentage of accidents in comparison with the number of cars on all roads, about 200,000 mishaps per annum of all kinds. Yet it is interesting to learn that of 420 accidents on the portions of the new system so far completed, only four were due to pedestrians. Theoretically there ought to have been no pedestrian accidents at all, but in these four instances pedestrians invaded an area where they were not supposed to be.

Another interesting fact about German motoring is that there are no taxes on private automobiles. The object of this is to encourage ownership of cars—a condition of affairs which certainly needs no promotion here; rather the reverse.

Driving tests are strict, and except in special cases permits are not granted to anyone under eighteen years of age.

Up From The Ashes.

It is interesting to learn that swinging service across the Atlantic soon will be in full swing again. The American Zeppelin Transport Company announces that lighter-than-air ships will re-establish passenger service from Germany to the United States in May.

The important thing here is not whether lighter-than-air or heavier-than-air ocean flight is more efficient, but the fact that aerial pioneers have the courage to rise up from a staggering disaster such as the Hindenburg crash and start all over again.

Thirty Years Ago Today

From the Files of the Sherbrooke Record, January 13th, 1908.

Ven. Archdeacon Balfour, of Quebec, was a guest of Mr. and Mrs. L. A. Bayley while in Sherbrooke to officiate at services in St. Peter's Church.

Grant Hall, son of the late J. S. Hall, of Montreal, who was educated at Bishop's College School, Lennoxville, has been promoted to be assistant superintendent of motive power on the Western Division of the Canadian Pacific Railway, with offices in Winnipeg.

Col. M. Thompson, who will be remembered by Sherbrooke people as having resided for some time in this city, and now lives in New York, is making a tour of the world, and intends to be absent about a year.

Miss Georgie Learned, Miss Mabel McRae and Mr. Cyrus McRae, all of Cookshire, took part in a highly successful concert given under the auspices of the Lennoxville Musical Club.

Deaths reported: Ole Olsen, of Nashua, N.H., formerly of Learned Plain; A. F. Robinson, of Cookshire; William Armstrong, of Calgary, formerly of Kingsley Falls.

Miss Florence Farwell, of Sherbrooke, has returned to her school in New York.

A. J. Hudon and Miss Eugenie Hudon, of Richmond, were summoned to Sherbrooke by the death of their father, A. J. Hudon.

Dr. J. O. Camirand, L. J. Codere and G. L. De Lotbiniere attended the funeral of Mgr. Richard at Three Rivers.

A most successful tea was given in the rooms of the Y.W.C.A. in honor of Miss Carlyle, the newly-arrived secretary. The guests were received by Mrs. S. A. Jones, Mrs. Dresser, Mrs. H. D. Lawrence and Miss Carlyle.

Mr. E. Winn Farwell, of Sherbrooke, has so far recovered from his illness to be able to sit up for a short time each day.

WAS THIS THE STONE?

This stone as clean as snow,
Beached in a whirl of sand
Was potent long ago—
Held in a shepherd's hand.

And captured in a sling
And flung into the blue,
To make the heavens ring,
Piercing a forehead through.

Now with Goliath felled,
Here for the waves to charm,
Its beauty may be held,
A cool pearl in the palm.

SUPPOSE BRITISH SOLDIERS RETURN JAPANESE MISFIRE WITHOUT ORDERS

(Detroit Saturday Night)
The English people show indignation and sorrow rather than war passion, when Japanese kill British soldiers at Shanghai. The government has a difficult position over those bland notes from Tokyo following the bombing of the British Ambassador's car under the British flag. But the government knows the people hate war, and will never sustain a cabinet which provokes one.

Nevertheless, there are British soldiers on Chinese soil, and British warships in the Yellow Sea. These men, with arms in their hands, have "seen their dead." What if some later misfire of Japanese shells should be answered, without waiting upon London, without even waiting for orders. This might happen in the Chinese war zone, because anything may happen there. And the effect might be more salutary than anything diplomacy has accomplished. The zone is a region of many an declared war; and now and then European gunfire has hastened peace.

When the Boxers arose against all foreigners, European sailors and soldiers, with those of Japan and the United States, under the leadership of General Takuma, took the Taku forts, marched to Peking, crushed the insurrection, made peace treaties—and neither the combined allies nor any one of them ever declared war. A few years later Japan fought with Russia a war which was never declared. If we track history back to the troubled sixties, when the powers were pressing for the unlocking of Japan, a British fleet bombarded Kagoshima after outrages by the Prince of Satsuma. And later, when European vessels were fired upon at Shimonoseki, a combined fleet of British, French and Dutch reduced the forts. No wars followed these acts of war. And no war would follow if some of this wild firing by Japanese should be returned and Japan was faced for the first time in history with the shadow of trouble with a really first-class power. For a century, gunfire along the Yellow Sea has been frequent and cosmopolitan, but it has served repeatedly to preach a grim gospel of peace, or at least of order.

A NEW NATION IN AFRICA?
(Christian Science Monitor)
The British Government has decided to send a Royal Commission to look into the mutual relations of Northern and Southern Rhodesia and Nyasaland. Events in that remote quarter of Africa have been moving in the direction of the emergence of a new unit of the British Commonwealth of Nations.

Materials adequate for the formation of such a unit exist in the three territories. They have a joint area as big as that of England, France and Germany combined. They are inhabited by 4,000,000 to 5,000,000 Africans whose relations with the 80,000 European settlers require to be placed upon a more permanent basis. At present Southern Rhodesia is practically autonomous, its European settlers being in almost complete control of the Government.

Northern Rhodesia and Nyasaland, on the other hand, are still ruled from Whitehall, but the development of powerful copper-mining interests in the one and the increasing demand on the part of the European settlers for the African labor of the other has rendered it necessary to revise this arrangement. The white community would gladly take over entire control, but the British Parliament quite rightly holds that the interests of the Africans have first to be considered.

On this account in 1931 Whitehall refused proposals then made for amalgamating the two Rhodesias with one another. Now this question is to be reconsidered with special reference to Nyasaland and the Northern portion of Northern Rhodesia in both of which areas the African element is in vast preponderance.

The main element to be solved is how to meet the very reasonable desire of the European to govern themselves while safeguarding the no less reasonable claims of the Africans to conditions in which they will be safeguarded against risk of exploitation.

The easiest thing for the British Government to do in the case of Northern Rhodesia might be to recall its own representatives, leaving the white resident element in control, but its commitments to the Africans prevent the adoption of any crude short-cut of the kind. The alternative which is being attempted is gradually to introduce arrangements under which the sometimes conflicting claims of the two groups of people may be accommodated to one another.

The difficulties it has to overcome are not made less by the fact that Germany is watching all political changes in Africa lest they should affect its own demands for colonies there. The Royal Commission has, therefore, to take into account German as well as South African susceptibilities toward any changes it may think intrinsically desirable. Its objects are to broaden the basis of democracy over a wide area, while maintaining protection for the interests of colored peoples unable adequately to guard them for themselves.

Their plans. Recreation is so delightful, also healthful and conducive to cheerfulness, that men gradually are coming to believe that it is the chief end of man, and that work should be indulged in only for so short a time as will enable the worker to procure the necessities of life. These are now construed to include most of the luxuries that people who don't have to work at all consider as vitally essential to life, liberty and the pursuit of happiness.

The eight-hour day was defined as a fair proportion of time to devote to labor, and that objective has been secured for many of the workers on this continent. Now there are many advocates who claim that if all who are able to work were to put in four or five hours a day for that purpose, there would be no idleness at all. The only difficulty that might stand against the finding of sufficient money to spend during the time for recreation, since new methods would have to be devised to occupy the time, and spending time is hard to do without at the same time spending money.

Australia is planning to experiment in fixing lower hours of labor. A mistake is likely to be made there. It would be just as reasonable to stipulate how men should spend their time at pleasure and at what form of pleasure. Some there are whose labors cannot be limited, particularly the housewife. No legislation, even from labor governments, has ever been devised to limit her hours of work, which extend sometimes from before daylight till long after the last of the family has retired for the night, and the average labor man would be the first to resent any interference with the internal economy of his home.

More and Bigger Battleships

(New York Herald Tribune)

In accordance with custom, the new issue of "Jane's Fighting Ships" was published in London a week ago, just in time to make a nice Christmas present for admirals, holders of steel shaves and (in those countries which still admit the existence of so low an animal) the taxpayer. Its pages glow with the details of all the new models. In particular of the 35,000-ton fast battleships for which orders are now being taken everywhere, and exuded the happy bustle and activity ringing through the naval shipyards of the world. The Associated Press chose Christmas Day itself for a "roundup" on the bigger building plans which are sure to arise in the regular session of Congress; the little crews of Japan's naval aviators have supplied a powerful encouragement to such proposals, and with the Navy Department's 1938 shopping list already approved by the President, the time seems to have come to face the music again.

Of the revival of the battleship—at \$60,000,000 a head—there is no longer any doubt. Britain has five new ones building and will probably lay down five more in 1938 and 1939. The French and Germans each have four (if one includes the 26,000-tonners) under construction, and the Germans at least are expected to lay down another this year. Italy has two building and is taking about two more, though rather vaguely. And the Italians, by way of celebrating the completion of the anti-Communist pact, recently stated that Japan has actually started three monsters of 46,000 tons together with a lot of assorted smaller craft under her mysterious "replenishment" programme.

"Jane's" is not so sure, remarking only that while Japan has planned four great ships, no one has yet heard that their keels have been laid. When Mussolini was obliged materially to delay his naval building in order to mount the Ethiopian offensive, one can but wonder whether even the mump of totalitarian economics would be equal to combining a great naval expansion with the even bigger job of "pacifying" China. But one penalty for the secrecy with which the Japanese have enshrouded their activities is that it compels others to suspect, and look out for, the worst. In the way of American "replenishment" we have the two new battleships barely emerging from the blue-print stage, and the effort to catch up in other departments with the "treaty" levels which others have left behind them. The Navy will ask for a second pair of battleships and some lesser vessels for the coming fiscal year. Things being what they are, it seems unlikely that any important voice will be raised to say it may. But even this will still be a distinctly modest programme, leaving our Navy far below the British level and not so far above what the Japanese may be doing. There has been talk of adding in a third pair of battleships and beyond that of larger plans (all are expected to lay down another this year). Italy has two building and is taking about two more, though rather vaguely. And the Italians, by way of celebrating the completion of the anti-Communist pact, recently stated that Japan has actually started three monsters of 46,000 tons together with a lot of assorted smaller craft under her mysterious "replenishment" programme.

TODAY'S TALK

Give Beauty A Chance.

There is nothing truer than the statement, that as a man thinketh in his heart, so he is. The light that a man radiates about him is a reflection of all that he is in himself.

The child that is early encouraged in its love of beauty will always cherish beauty, no matter in what form it may present itself.

I often think of the example of a rough miner who suddenly became wealthy. He had never known anything but hard labor, digging into the ground, and prospecting for gold. So that he was quite old when he struck wealth beneath his feet. His first idea was to build a big house, so that he might imitate those who had done likewise with their wealth. He hired the best of architects, and famous decorators. He knew nothing about books, but he wanted to make a show, so hired a bookman to crowd one room with books.

Then this miner thought that he should have an art gallery and so engaged a well known judge of great art to cover his walls with expensive paintings. But when he walked through that finished house, he learned, sadly, that he had no love for learning, no love for art, for he had never known what it was to appreciate these things. Beauty had never been given a chance in his life.

Elbert Hubbard had a line in one of his books which read something like this: "If I had two loaves of bread, I would sell one, and buy white hyacinths to feed my soul!"

One day I went out to fish, but in a little cove I spied a great group of white pond lilies. I turned my boat into their midst, and there exulted in the beauty that was strewn all about me. I went back to camp with a boat full of white pond lilies—but no fish. My mother early impressed upon my mind the grandeur of beauty.

Just give beauty a chance in your life, and you will be amazed at its stir within your heart. You will see beauty all about you, even in the midst of much that is unbecoming. And you will try to make this world a more beautiful place. It was all a beautiful world when God turned it over to man.

MARRIAGES

LYONS—McMAHON

The marriage of Bernice Marion Elizabeth, eldest daughter of Mr. and Mrs. John McMahon, of West Shefford, to Mr. Jos. H. Lyons, son of Mr. and Mrs. John Lyons, of Long Island, N.Y., was quietly solemnized in the Parish Church at West Shefford, Rev. Father Paulus officiating. A wedding breakfast was served at the home of the bride's parents and later a largely attended reception was held in the Sweetsburg Hall. About one hundred and fifty guests enjoying the pleasant evening.

The bride and groom, who were the recipients of many beautiful gifts, left later for their honeymoon trip to Springfield and other points. Mr. and Mrs. Lyons will take up residence in Cowansville.

WIFE SWAPPING BASE OF DIVORCE ACTION

Salem, Mass., Jan. 13.—(AP)—A Salem chauffeur's testimony that he and a tree surgeon had "a friendly arrangement by which we swapped wives" became the focal point of a cross-examiner's questions today in a double divorce case.

The testimony was given by Raymond Lee, utilities employee, whose wife, Edith, twenty-eight years old, asks a divorce, naming Mrs. Estelle Watson as co-respondent. Lee is not contesting the suit.

Mrs. Watson's husband, Calvin, thirty-two years old, also asks divorce, naming Lee as co-respondent. Lee testified about the "friendly arrangement" and added "we all agreed to it." Watson denied he suggested to Lee that they swap wives. Mrs. Watson is contesting suit on the ground her husband and Mrs. Lee "connived and procured to gather evidence."

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Does a person have to answer a personal question asked by a busy-body?
2. Should a bride try to pick a type of dress for her bridesmaids that is becoming to all of them?
3. Is it courteous to add "See?" to your conversational explanations and statements of fact?
4. Should parents ask a new acquaintance to be a child's god-mother and god-father?
5. Is "Master David Davis" a correct way to address a letter to a small boy?

- What would you do if—
- You want to be an interesting conversationalist—
- (a) Learn to listen to the other person, but also contribute your share of the talk.
 - (b) Do all the listening and most of the talking?
 - (c) Do most of the talking?

- ANSWERS
1. Not if he can turn it aside.
 2. Yes. Or have unhappy and probably resentful bridesmaids.
 3. No. It sounds condescending.
 4. No. Only an old friend or relative.
- Best "What Would You Do?" solution—(a).

Social and Personal

Under the convenership of Mrs. J. H. Morgan, a most successful card party was held last evening at the home of Mrs. H. Garneau, Belvidere street, for the benefit of the Ladies' Orange Benevolent Association. Cards were played at ten tables, a dainty prize being awarded at each of the conclusion of the game. Later the hostess served refreshments, being assisted in her pleasant, hospitable duties by her mother, Mrs. Albee, and Mrs. George Arbery.

Featured by a highly enjoyable quizzing and spelling bee, the regular meeting of the Trinity Church Young People's Society was held on Tuesday evening in Wesley Hall, Rev. Fred Williams, pastor of Trinity United Church, conducted the meeting and the contest, assisted by Mr. Walter Mutchler, superintendent of the Sunday School. Final arrangements were made for a supper meeting to be held next Tuesday in the hall under the auspices of the Society.

Members of the Friendly Christmas Club were pleasantly entertained for their first meeting of the New Year by Mrs. Charles McKee at her home on Walton avenue last evening. Cards were played at three tables, the prizes being won by Mrs. W. Webb, Mrs. E. Wall, Jr., and Mrs. Fred Cutler, the latter being presented with the special guest-prize. At the conclusion of the game the hostess served delicious refreshments, assisted by her daughters.

Mrs. Albert Vallee entertained the members of the Literary Club, sponsored by the Catholic Women's League, very delightfully last evening at her home on King street west. Proceedings opened with the reading by Mrs. T. G. Walsh of that delightful poem, "The Golden Chalice," by Ralph Gustafson. There followed a very interesting half-hour of open discussion on Communism, which subject the Club is studying at the present time. At the close of the meeting the hostess served delicious refreshments, assisted by Mrs. H. Unsworth and Miss Elizabeth Bradley.

Mrs. J. C. Mead, president of the Women's Association, and Mrs. H. S. Ogilvie were tea hostesses following the meeting of the Society on Tuesday afternoon in Plymouth Church hall, during which plans were completed for a Valentine tea and food sale in February. Mrs. G. D. Wadsworth presided at the unusually pretty tea table, which depicted a winter scene of snow and small evergreen trees with several tiny snow men in its charming decorative scheme. Similar little men-of-snow centered the small tables about which the members and their guests spent a pleasant social hour.

Members of the Young Peoples' Union were gratified at hearing, through Mr. W. H. Welter, at this week's meeting that their part in the work of Plymouth Church was appreciated by the Board of Stewards. Mr. Wright Gibson representing the latter, and Mr. Welter general secretary of the Y.M.C.A., both addressed the gathering of young people, and both stressed the need for their continued help and co-operation in all church activities. Financial and other important phases of church work were touched upon by the guest speakers, who most kindly answered questions for the enlightenment of their youthful audience. Raymond Stevenson, the president, presided, and on behalf of the Y.P.U., extended grateful thanks to Messrs. Gibson and Welter, whose kindly help they all very much appreciated. Following adjournment of the business period the remainder of the evening was devoted to playing games.

Miss Gladys Brown, Dufferin avenue, returned last night from Richmond, where she was a guest for a week of Mr. and Mrs. D. A. Hutton.

The many friends of Mrs. Arthur McHarg, Esplanade avenue, who is a patient in the Sherbrooke Hospital, will be relieved to hear that she is progressing as favorably as possible after her serious operation.

Miss Mary K. Lynn, who spent the Yuletide holidays with her parents, Mr. and Mrs. H. R. Lynn, at Theford Mines, has returned to Dunham to resume her studies at St. Helen's School. Mr. Brian Lynn, student at Bishop's College School, who has also been at home for the holiday season, is returning this week to Lennoxville to continue his studies.

Miss Elizabeth Roy was hostess last evening at her home on Island street for a meeting of St. Patrick's Mission Circle, during the course of which business and social pleasures were most happily intermingled. Miss Grace Frost, vice-president, presided during the brief session, when final arrangements were made for a bingo party next Wednesday and tentative plans laid for an entertainment later in the month. These important matters disposed of, the remainder of the evening was spent playing cards at four tables, the prize being won by Miss Wilhelmina Murray. At the conclusion of the game the hostess served most delectable refreshments.

The Past Noble Grands' Club of Princess Rebekah Lodge sponsored an exceptionally enjoyable card party in the Oddfellows' hall at the close of their regular meeting on Tuesday evening. Cards were played at four tables, the prizes being won by Mrs. Sarah Duncan, Miss Winnifred Reed and Mrs. Myrtle Wilson. Mrs. Walter Reid, who presided over the opening business session, with Mrs. Milo Lothrop and Mrs. D. Mandigo served delicious refreshments at the close of the game. There occurred a pleasing interlude during this social hour when a lovely birthday cake, adorned with lighted candles, was served in honor of Mrs. Sarah Duncan on the occasion of her natal day.

Mrs. W. J. Humphrey, president of St. Andrew's Auxiliary, and her supporting officers, Mrs. A. Jobel, Mrs. R. S. Giff, Mrs. Murdo MacDonald, Mrs. E. Kenally and Mrs. W. Elliott, were hostesses at the tea hour following the regular meeting in the church hall yesterday afternoon. During this session plans were completed for a salad tea in the near future, and Mrs. Jobel, treasurer, presented a most gratifying report of the past year's activities and their satisfactory results. Mrs. Dobbs was welcomed as a new member. Mrs. R. S. Giff presided at the pretty tea table and an enjoyable social hour of re-union celebrated the opening meeting for 1938.

St. Peter's Good Companions sponsored a jolly and most successful sleigh drive last evening when upwards of thirty-five young people assembled at the church hall, all equipped and warmly clothed for the out-of-doors sport. At eight-thirty two large sleighs left the meeting place and the drive around Country Club and the Beckett Road, was begun. The party was convened by Mr. Reggie Jackson's team, assisted by other Good Companions. Upon their return to the parish hall a delicious hot baked-bean and brown bread supper was served, these delectable edibles being heartily appreciated after the outing in sub-zero weather. Prior to dispersing, printed programmes of future activities to be sponsored by

WIVES LOVE WITH GOOD REASONS

Most husbands have probably never stopped to wonder why their wives love them.

If they did they would doubtless have a good many reasons.

The cynical husband would decide that his wife loves him for the money he earns and she spends.

The egotistical man would dismiss the question with, "How could she help it?"

The husband who knows he is handsome would secretly believe his wife loves him for his strong chin, and broad shoulders.

The husband who fancies himself a great wit would know that his wife loves him because he keeps her amused.

The successful man might think his wife loves him for his success—for the thrill she gets out of being the wife of a successful man.

The "great lover" would be sure that his wife loves him because he is a great lover.

If your wife really loves you—as she does, of course—chances are none of those is the reason.

One of the monthly magazines has questioned women all over the country, farmers' wives and workers' wives, women with servants and women whose husbands are on relief, and the majority of these very different women agree on why they love their husbands—if they do.

It's not because they are good looking, good providers or great lovers.

It's because they are kind and considerate. Your masculine vanity may not be pleased to hear this almost impersonal reason, but just the same it's probably why your wife loves you, if she does. And, of course, she does.

Recent guests of Mr. and Mrs. W. E. Ross were Mr. and Mrs. Robert Ross, of Lemesurier, Mr. Leonard Ross, of Maple Hill, and Miss Ida M. Ross, of St. Hyacinthe.

Miss Alice Haselton has returned from Beebe where she spent the holiday with her mother, Mrs. R. Berry.

AN OUTSTANDING MEETING OF ST. PETER'S GUILD

Mrs. F. J. Southwood, Under Whose Presidency Guild Has Prospered, Unanimously Re-elected President.

Several special features were contributory to the outstanding success of the annual meeting of St. Peter's Guild in the parish hall yesterday afternoon, not the least among these being the return of office by acclamation of Mrs. F. J. Southwood, under whose presidency the Guild had one of the most successful years in its long history. Other most important factors were the excellent financial statement presented by Mrs. Fred Pearson, treasurer, and the interesting resume of the manifold activities sponsored by the Guild included in the annual report given by Mrs. Henry Barlow, secretary. The foregoing were perhaps, from a material standpoint, the chief factors in the Guild's success during the past year, but without a doubt the greatest and most important fact revealed at this annual meeting was the wonderful spirit of mutual goodwill and co-operation existent between the president, the officers and members. This happy state of affairs was evinced in every report and in every action taken at this harmonious and most satisfactory meeting.

Mrs. Southwood presided, and after reading her financial statement, Mrs. Fred Pearson submitted Mrs. David Wilson's audited report. The principal activities enumerated in Mrs. Barlow's interesting review of the past year's work were the Christmas sale and tea, the reception for the Primates of the Church of England in Canada, who came to Sherbrooke for St. Peter's anniversary in November, a superb winter supper to members of the Church Army and several bride-teas, the proceeds from the latter being largely responsible for the splendid financial success attending the Guild's efforts during 1937. In her closing remarks Mrs. Southwood paid tribute to Mrs. Southwood to whose tactful guidance much of the success attained by the Guild was due.

Rev. Canon H. Reginald Bize, the rector, assumed the chair for the election which was only a form, the whole slate presented by the nominating committee being unanimously acclaimed as follows: Mrs. H. Reginald Bize, honorary president; Mrs. F. J. Southwood, president; Mrs. Milo Lothrop, first vice-president; Mrs. James Strickland, second vice-president; Mrs. Wm. Ward, third vice-president; Mrs. Henry Barlow, secretary; and Mrs. Fred Pearson, treasurer. Mrs. G. S. Thomson was named as representative of the Guild on the executive, and the following conveners were appointed: Work, Mrs. J. Strickland, Mrs. W. Ward and Mrs. Albert Behnam; food, Mrs. Henry Barlow, Mrs. J. Plamondon and Mrs. W. Bibiani; tea, Mrs. J. McGregor and Mrs. Milo Lothrop; decorations, Mrs. Alex Berwick and Mrs. G. Martin; supper, Mrs. Walter Kinkaid.

After thanking the members for their expression of confidence in again electing her as their president, Mrs. Southwood took up as "new business" arrangements for serving refreshments at the close of the annual vestry meeting next Monday evening.

The rector's closing remarks are

annually anticipated with pleasure by every member of St. Peter's Guild, which society Canon Bize reminded them yesterday was almost as old as the church they loved and served so faithfully. Canon Bize warmly congratulated the officers and members of the Guild upon the splendid results of their united efforts during 1937, remarking that they could rejoice in the retrospection of a year's work well done. "A great thing is work," said Canon Bize. "Sometimes, even for the best objectives, it becomes wearisome, but if one remembers His words, 'My will is to do the will of Him that sent me,' then is the burden forgotten in the joy of service rendered for the church and God." After the rector had closed the meeting with the benediction, afternoon tea was served informally.

STANSTEAD

Reports from Miss Victoria Ives, who is a patient in the Sherbrooke Hospital, are that she is making good progress toward recovery.

LIFE INSURANCE IS REVIEWED BY WILSON GEDDES

Despite Recession in Other Lines of Business More Life Insurance Was Sold in Canada in 1937 than in 1936—No Policyholder Has Ever Suffered Loss Through Failure of a Canadian Life Insurance Company.

London, Ont., Jan. 13.—In reviewing the record of life insurance in Canada during the past year, G. Wilson Geddes, President of the Canadian Life Insurance Officers Association and General Manager of the Northern Life Assurance Company, pointed out that no single subject was of such material interest to so many people as that of life insurance.

Sixty-Third Annual General Meeting Of The Banque Canadienne Nationale

Assets Stand at \$147,816,293, the Highest Figure Recorded Since 1931—Current Loans and Discounts Increased 31%—Deposits Total \$126,996,682, a Gain of \$8,906,727.

The sixty-third annual meeting of the shareholders of the Banque Canadienne Nationale was held, under the presidency of Beaudry Leman, at the head office of the Bank in Montreal.

BEAUDRY LEMAN, President of the Banque Canadienne Nationale.

The report of the Board of Directors for the financial year ending November 30th, 1937, which was read by the general manager, Charles St-Pierre, disclosed satisfactory progress.

course of which he declared that "the heavy burden of taxation imposed upon both corporations and individuals in this country hinders economic progress in a two-fold manner. On the one hand, it increases cost prices and overhead expenses, thus raising the cost of living. On the other hand, it lessens the purchasing and investing power of the public. No less than 16 per cent of the total national income of Canada is absorbed by taxes. It is true that the corresponding percentages is higher in some other countries—in the United States, in Great Britain and in France, for instance, it reaches 19 per cent, 23 per cent and 28 per cent, respectively—but due consideration should be given to the particular situation of each country. In Great Britain, in France and in the United States, there is an abundance of capital for the development of natural resources. Since the beginning of the century, the United States have attained their financial autonomy by replacing with their own the foreign capital they needed originally to equip and finance themselves. Canada has not yet reached that stage. Our financial resources have shown remarkable growth during the last twenty years, but our country is still dependent upon outside assistance. In view of this, the diversion of too large a part of our national income into the channels of taxation must inevitably retard an evolution similar to that which took place in the United States."

SAWYERVILLE LADIES' GROUP HELD MEETING

Bills Presented and Ordered Paid and Several Business Matters Discussed at Busy Session of Women's Institute.

Sawerville, Jan. 13.—The January meeting of the Women's Institute was held at the home of Mrs. J. V. Staggs, with fifteen members and two visitors present.

Due to the absence of the president, Mrs. I. E. Lobdell, the second vice-president, Mrs. Volney Hurley, took the chair and conducted the meeting, which opened by singing the Ode, followed by roll call, which was answered by naming a law passed by the Quebec Legislature during 1937. The minutes of the December meeting were read by the secretary, Miss M. Gaulin, and bills amounting to \$41.16 were presented and ordered paid.

Miss Idell Matthew reported that five baskets of fruit and other treats were sent to those who were sick at Christmas and two others were remembered by other gifts, also that a basket was sent to a needy family at New Year's, and that sixteen cards were sent to shut-ins at Christmas.

A committee comprising Misses Edith Long, Marguerite Gaulin and Idell Matthew were appointed to arrange for a supper at the Odd Fellows dance to be held soon. It was moved by Mrs. R. J. Marshall and seconded by Mrs. L. H. Hunt to ask Mrs. Hollis Abbott to act as librarian, with the members of the present library committee to assist her with the work.

As the next meeting is to be in the form of a social evening, Mrs. J. V. Staggs and Mrs. H. Hanlon were appointed to look after the matter of refreshments. Mrs. L. H. Hunt read a paper entitled "Impressions of Parliament" which was much enjoyed by all. The meeting closed by repeating the Club Women's Creed.

At the conclusion of the meeting

refreshments were served by the hostess.

VALLEYFIELD TAKES RUNNER-UP POSITION

Ousted Granby By Win-Drummondville Beaten

Valleyfield Beat Lafontaine Six to Nothing as Reeves Figured in Three Goals—St. Jacques Beat Drummondville Eight to Four to Record Initial Provincial League Victory.

By their six to nothing win over Lafontaine last night Valleyfield picked up two points in the Provincial Hockey League standings and moved into the runner-up berth, one point ahead of Granby.

GREENS MOVED INTO LEAD IN KAYSER LEAGUE

Whites Dropped Three Strings to Give Lead of Men's Loop to Greens—Browns and Maroons Were Victorious.

The Valleyfield game was featured by the sensational goal-tending of Johnny Lascelles in the winners' nets. Backed up by his play, Philbin, Reeves and Philion scored to send Valleyfield into a three-goal lead in the first period.

The second session was fast and even with Matte, big Valleyfield defenceman, scoring the lone marker on a pass from Hamel.

The final frame found Valleyfield pressing in again to notch two more tallies. The first came on a nice rush by Proulx, and the last one by Reeves, who picked up his third scoring point of the game.

The teams were: Valleyfield goal Lafontaine; Matte defence McCallum; Philbin defence Armand; Hamel centre Lovio; Goulet l. wing Lusignan; Lilly r. wing Berthelet.

Valleyfield subs: Reeves, Guilbeault, Denault, Proulx, Boyer, Deschamps, Landreville.

Lafontaine subs: Raymond, Houde, Rivest, Lachapelle, Leblond, Nichol, Belisle.

SUMMARY
First Period.
1—Valleyfield Philbin (Reeves) 8:36
2—Valleyfield Reeves (Hamel) 10:59

PENALTIES COSTLY TO DRUMMONDVILLE
The Montreal entry of St. Jacques took the measure of Drummondville in the only other scheduled Provincial Hockey League match last night. With Teach and Bob Dunsmore, of Drummondville, in the penalty box, the Montrealers put on a scoring spurt that was good for three goals before the first period ended.

St. Armand scored once, the first goal of the match, and gave passes to Bergeron and Bouchard for the other two first stanza markers.

The second stanza saw St. Jacques score two more from the sticks of St. Armand and Sanche. Piche tallied Drummondville's first tally on a pass from Belliveau, who was playing his first game for Drummondville, having just received his amateur card.

In the final frame both teams scored three times. Drummondville led the stanza with two goals, the first from Piche, assisted by Belliveau and Thiffault, and the second from Belliveau, assisted by Piche and Thiffault. St. Armand, Guibault and Sanche replied with goals for St. Jacques. The Eastern Townships squad scored seconds before the final whistle, as Thiffault tallied on a pass from Piche.

The teams were: St. Jacques Drummondville goal St. Jacques; Levesque defence Valois; Routhier defence Gagnon; Dunsmore defence Bergeron; Belliveau centre Dufresne; Piche l. wing Guibault; Thiffault r. wing St. Armand; Drummondville subs: Dupont, Hawthorn, Teach, Olivier, Monzain.

St. Jacques subs: Sanche, Bouchard, Gallepaud.

The New York Post has discovered that Jonas Mehlmer, a stockholder in the New York Giants, lives in Brooklyn. You can bet your life Jonas doesn't go around Flatbush talking about it.

Frankie Frisch, who is putting in a tough winter attending hockey games, promises a drastic shake-up on the Cardinals next season.

Gomez, Ruffing, DiMaggio, Henrich are among the Yanks slated to get pay boosts. None of the Jints were cut and most of them were raised.

Taking three strings from the Whites last night, the Greens stepped into the leadership of the Kayser Men's Bowling League. In the other matches, Browns captured three strings from the Reds and Maroons fished out a two string verdict over the Blues.

Henry Pinard, of the Maroons, topped the field in scoring with an aggregate of 465.

Sport Chatter

By John Bassett, Jr.

Echoes still drift in from the Sherbrooke-Drummondville fracas which took place last Sunday. This corner received a letter from a young lady in Sherbrooke who wishes to be known only as "Hockey Fan." She says that she hasn't missed a game all season but will soon unless Jean Pean Ranger changes his tactics. She refers to him in very uncompromising terms, among which is "bushwacker." She hopes that he will show better sportsmanship in the future.

There is nothing to the reports going the rounds that Bob Dunsmore beat a considerable amount on the outcome of Sunday's game. The big defenceman telephoned me from Drummondville last night and says that he did not beat on the game as he does not believe in betting on games he is playing in. He sounded very upset at the story and says if he catches up with the lad who started it he will demand more than a verbal explanation.

Baseball, like relatives, is always with us. The American League will open with Philadelphia play at Washington on April 18th. The National League gets under way on April 19th with Boston playing at New York, Brooklyn at Philadelphia, Chicago at Cincinnati and Pittsburgh at St. Louis. And it seemed only yesterday that the furor of the World Series was on.

Dawson Auto Parts have entered a squad in the Industrial League and will soon be strutting their stuff against the Record, the New Sherbrooke House and others. Their squad is known as the "S.A.E." and sounds pretty potent. The motor boys haven't been on ice yet, but they are raring to go.

Another letter comes in from a Sherbrooke follower, who also wishes to be known only as "Hockey Fan." He objects very strongly to the poor system of timing at the arena. He points out that the clock is not stopped during face-offs and that is unfair for Sherbrooke, when leading, to have the time cut down. He brings up the point that when the clock is not stopped as it should be, then the fans are being deprived of a certain amount of hockey.

Sudbury Wolves, the Canadian hockey team representing the Dominion in the world championships at Prague, have arrived in England. The squad is a collection of players chosen from Toronto and Northern Ontario teams and will play matches in Germany, Switzerland, Belgium and Holland. Willie Kirby, "Sonny" Mooney and Billy Gordon, Sherbrooke lads playing in Europe, are scheduled to oppose the Canadian entry.

From New York comes the ten baseball men picked by the New York Daily News for fame. They are: Wilbert Robinson, Miller Huggins, Mike Donlin, Grover Cleveland Alexander, Rube Waddell, Frank Chance, Johnny Evers, Roger Bresnahan, Iron Man Joe McGinnity and Rabbit Maraville. How does this figure up with your choice, remembering that Babe Ruth, McGraw and Christy Matheson are already chosen.

Tony Galento, the bear lifter and fight man from Orange, N.J. had a broken left hand. There is no report how he got it. It was probably in his recent bout with Charley Massera, but it might just as easily have been from throwing out some toughie from his bar room.

Jimmy Powers, in his column the Power House, offers to bet Ed Barrow, business manager of the Yankees, five thousand smackeroos that Joe Dimaggio is signed. Both Joe and the Yanks deny it, but Powers is still certain that the starchy outfielder has put his John Henry on a contract calling for twenty-five thousand iron men.

I was speaking to Archie Wilcox last night and asking him about Ranger in the Drummondville game. Archie said that Ranger played fair, and received a bad beating. The local coach said that his defenceman has a hole in his chin that you could put your finger in. Wilcox went on to say that he spoke to Ranger after this corner's remarks about the defenceman at the beginning of the season, and told him to play clean hockey. He thinks that his orders have been carried out, and certainly Ranger is cleaner, and playing much better hockey than he was.

Paul Gagnon was in Stewart's restaurant last night, but he said he was just there to look around and that he usually patronized his own place, the "Blue Bird," on King Hill. The starchy left winger told me that business was pretty good and he hoped the boys would drop in for some coffee some time.

Granby would give their eye teeth to beat Sherbrooke tonight—and they might do it at that. The local boys have been having things too much their own way and haven't had the competition they need to keep razor keen. When you aren't trying for goals all the time it is difficult to get them if they are really needed. Wilcox, knowing this, has had the boys practising regularly, and they worked out for over an hour on Tuesday, and had a light skate yesterday—still there is nothing like a hard game to keep in shape.

PRESIDENTS OF Q.A.H.A. AND C.A.H.A. TO CONFER

Ottawa, January 13.—Art. Lapierre, president of the Quebec Amateur Hockey Association, will confer here tonight with Cecil Duncan, president of the Canadian Amateur Hockey Association, which suspended the Quebec branch some weeks ago for insubordination. The meeting will be private and it was believed the rift between the two organizations would be discussed.

PAINTER BROS. STARRED IN WIN BY SAWYERVILLE

Combined for Three Goals as Sawyerville Came from Behind to Beat Bulwer by Four to Two.

Sawyerville, January 13.—Sawyerville beat Bulwer here last night to the tune of four to two in an exhibition game that provided the large crowd with some fine hockey.

The two Painter brothers, Chester and Austin, were the outstanding men on the ice as they combined for three of Sawyerville's goals.

Bulwer started off strongly, leading two to nothing at the end of the first period and two to one at the finish of the second session. A three goal spurge in the final frame gave Sawyerville the victory.

Rogers scored for Bulwer after a minute of play in the initial stanza and Stocks added another to the visitors' total fourteen minutes later to give his team a two to nothing lead at the end of the period.

The second session was fast and even with Austin Painter, who had been moved up to centre from defence, for Sawyerville, scoring the lone mark of the frame on a pass from Bulwer.

The teams were: Sawyerville goal Bulwer; Butcher subs: Jones, Prescott, Wood, Davidson.
Referee: M. Thompson.

TILTS WON BY CAPELTON AND NORTH HATLEY

Capelton Took Measure of Waterville Five to Three While North Hatley Beat Ayer's Cliff Eight to One.

Waterville, Jan. 13.—Capelton retained its hold on second place in the Massawippi Valley Hockey League by handing the Waterville squad a five to three beating last night in a fast and cleanly played game.

Paced by W. Harvey, who tallied twice, the Capelton outfit led all the way, although the Waterville lads were close on their heels throughout the contest. For Waterville, Gordon Masters was the outstanding Waterville player, he scoring all three of his team's goals.

Capelton opened the scoring on a goal by W. Harvey, but Masters tied the count before the end of the stanza.

W. Harvey again put Capelton one up at the beginning of the second session and McVeigh gave them a three to one lead few minutes later. Again Masters rushed in to score and bring Waterville to within one goal of their rivals as the period ended.

The final frame saw Capelton count twice on markers by Peice and Stafford to make the final tally of the match just before the final whistle to make the count five to three for Waterville.

The teams were: Capelton goal Beckland; Butcher subs: Jones, Prescott, Wood, Davidson.
Referee: M. Thompson.

Local Hockey Outfits To See Action Tonight

Sherbrooke Red Raiders Travel to Granby for Match with Red Sox—Canadian Maple Leafs Meet Richmond at the Sherbrooke Arena in Only Intermediate or Senior Tilt Scheduled Locally this Week.

The unbeaten Red Raiders and the local entry in the St. Francis Valley Hockey League both see action tonight in what should prove to be fast and exciting matches.

The unbeaten Red Raiders travel down to Granby to meet the Red Sox in a game that should be one of the best in the Provincial League. Granby are in third place, one point behind Valleyfield, but have played less games. In their appearance here they showed themselves to be a fighting squad, and are favored to give the locals their chief opposition.

The Granby players are now running the team themselves, Homer Cabana having resigned as president of the squad some days ago. The boys are eager to draw all the support they can from their home crowd and may be expected to give the Red Raiders a real game.

The Sherbrookers, who have outclassed every squad in the Provincial League, were only given real competition by Valleyfield, Boston and Granby. The locals will welcome the chance to play some real hockey tonight, as in order to prepare for the Provincial play-offs they feel that they must have some good fast games.

CANADIAN MAPLE LEAFS CLASH WITH RICHMOND
The local entry in the St. Francis Valley Hockey League, the combination team, Canadian Maple Leafs, make their first home appearance tonight when they play the fast-skating Richmond team who beat them by one goal in Richmond on Tuesday night.

The local boys feel that the extremely cold weather and the outdoor rink may have had something to do with their defeat. In any case they are preparing a warm reception for the Richmond squad, and a thrilling game should be the outcome at the Sherbrooke Arena tonight.

It has taken some time for Coach Lalonde to mould his players together, but with the assistance of that spectacular veteran, Luke Lepare, the Canadian Maple Leafs have been drilled into a first-class and smooth-working outfit.

The probable starting line-up of the Canadian Maple Leafs will be: Boisvert, defence; Longue, centre; Smith, left wing; Williams, right wing.

LENNOXVILLE LADIES PLAYED RINK MATCHES
In yesterday's rink matches at the Lennoxville Ladies' Curling Club, the rink skipped by Mrs. Roy Clarke registered a two point victory over Mrs. L. V. Parent's quartette, and Mrs. T. E. Burton's rink defeated that skipped by Mrs. C. L. Hall by the same margin.

BASKETBALL

LENNOXVILLE "Y" HAS BASKETBALL SQUAD READY FOR FIRST MATCH
Douglas Glass, coach of the Lennoxville "Y" Centre basketball team, put the boys through their paces last evening at the Lennoxville High School gymnasium.

The team was only formed a few weeks ago, and coach Glass thinks them ready for their first game, which he hopes will take place this week-end against the Sherbrooke Y.M.C.A. juniors.

The Lennoxville "Y" Centre team line-up is: George MacDougal, captain; Wilson Atto, Frank Winkworth, Ted Prinn, Jr., and Harry Teal.

Fred Cooper, instructor of this group, also gave the boys a fast work-out last evening, which was featured by some exhibition marching and drills for the Parents' Night to be held near the end of the month.

Noyan, Jan. 13.—The annual business meeting of St. Thomas' W.A. and Ladies' Guild, was held at the home of Mrs. A. D. Derick with an average attendance. Rev. J. J. S. Seaman was in the chair and after devotional exercises, reports were read by the secretary and treasurer of both societies showing a good balance on the right side of the books. Officers for the year 1937 for the W.A. were re-elected as follows: Honorary President, Mrs. J. J. S. Seaman; president, Mrs. W. J. Driffin; vice-president, Mrs. H. F. Fadden; secretary-treasurer, Mrs. T. G. O'Connor; delegate to W.A. annual, Miss Ruby Driffin, substitute Mrs. A. W. Derick. Officers for the Ladies' Guild for 1937 are as follows: President, Miss Ruby Driffin; first vice-president, Mrs. W. B. Sturgeon; second vice-president, Mrs. John Mosher; secretary, Mrs. T. G. Derick; treasurer, Mrs. Charles Kilgallen. Plans are being made for improvement on the church to be undertaken during the coming summer. General Notes Mr. and Mrs. Harry Fadden, Mr. and Mrs. Willis Driffin were recent dinner guests of Mr. and Mrs. Seaman at the rectory. Mrs. Archie Derick and daughter, Norma, spent Saturday in St. Johns. School re-opened in District No. 2 on Thursday morning, January 6, after the usual Christmas holidays. All are pleased to welcome Miss Prouty back to her school again. Mr. Torrance is back from Montreal, after spending the holidays with his children. The many friends of Mrs. H. L. Johnson sorry to learn she is confined to her bed again and hope she will soon be up and able to visit her friends once more. Miss Marjorie Simpson spent the Christmas holidays in Soraker, N.Y., visiting her sister, Mrs. Ferguson, and Mr. Ferguson. Mr. and Mrs. Eric Young have come to Montreal to reside, where Mr. Young has secured a position with a construction company. Miss Phyllis Navlow and friend, of Valois, spent the holiday season at the home of her mother, Mrs. Benjamin Naylor. PAINT WELL COOKED Halifax, Jan. 13.—A church supper in the Kay Memorial United Church was slightly delayed when the stove—heated and ready to cook the food—was opened and flames burst forth. Hot paint also poured out, as several cans of the fluid had been left there when the fire was started. N.I.L. is a guest at the home of Mr. and Mrs. Gordon MacLeod. Miss Gwen Lax has returned to her home in Montreal after spending several weeks as guest of Miss Ruth Sherman. Recent guests of Dr. and Mrs. Dewar Scott were Mr. and Mrs. Arthur Ward, Mr. and Mrs. Harold Armstrong, Mrs. Kenneth Tarrant, Mrs. Marjorie Stokes and Mr. Ronald Stocks, of Bury. Mrs. Fayson Sherman was a recent visitor in Montreal. Miss H. Hays has returned to her home in Waterloo after spending two weeks as guest of her niece, Mrs. Ross Taylor. Miss Wilma Scott has returned to Macdonald College after several weeks spent at the home of her parents, Mr. and Mrs. S. J. Scott.

DUNHAM GUILD RE-APPOINTED ALL OFFICERS

Mrs. H. Godfrey and Mrs. H. Coffin Re-elected President and Vice-President, Respectively, of Parish Guild.

Dunham, Jan. 13.—The annual meeting of the Parish Guild was held in the Sunday School room, Mrs. H. Godfrey presiding. Miss C. J. Watson, the secretary, gave her report of the year's work, which was very gratifying and accepted as read. All the officers for the coming year were re-elected as follows: President, Mrs. H. Godfrey; vice-president, Mrs. H. Coffin; secretary-treasurer, Miss Clara Watson. Supper was served at 6.30 o'clock and at 8 p.m. the annual parish meeting was held, Canon Coffin presiding. Mrs. H. Godfrey, vestry clerk, gave her report, showing a good amount of work had been done during the year and a good balance in the bank. The election of officers resulted as follows: Rector's warden, O. C. Selby; people's warden, William Doherty. H. Godfrey was elected treasurer to replace J. F. Watson, who wished to be relieved of his office, having served for the past year and a half. Mrs. H. Godfrey was re-elected for the thirty years. The faithful services which Mr. Watson has rendered the parish during those years is most heartily appreciated by the congregation of All Saints' Church. Robert Carly was re-appointed sexton and Fred Clavey, caretaker of the cemetery. Mrs. H. Godfrey was re-named vestry clerk.

MANY CHANGES IN VALUATION ROLL AT SUTTON

Large Number of Properties Changed Hands in Sutton Township During Past Few Weeks.

Sutton, Jan. 13.—Numerous changes to the municipal valuation roll owing to the transfer of properties engaged the mayor and councillors of Sutton Village at the regular January session. In addition the names of several tenants and sons of property owners were also inscribed on the electoral roll. During the course of the evening, a motion of sympathy was adopted by Mayor F. F. Fyfe, of Abercorn, on the sudden death of his wife. Bills amounting to \$185 were approved for payment. TOWNSHIP COUNCIL MET Several changes in divisional road inspectors were approved at the regular session of the Sutton Township Council. Harry Hawley was given charge of divisions 15 and 21 from Wilson's Corner to Stafford's Corner and from E. J. Smith's Corner to Blanchette's Corner. Freeman Sargent was named to succeed the late Augustus Brown on division 60. Bills amounting to \$100 were tabled and approved. The secretary-treasurer reported that arrangements had been completed for the admission of a local resident into the Wales Home.

LADIES' AID HELD ELECTION

The annual meeting of the Ladies' Aid of the United Church was held in the church parlors. Dinner was served and the election of officers for the coming year followed. The Rev. J. F. Carleton presided at the election of officers, which resulted as follows: President, Mrs. W. S. McEroy; vice-president, Mrs. Walter Humphreys; treasurer, Mrs. Oscar Selby; secretary, Mrs. Charles Kilgallen. Plans are being made for improvement on the church to be undertaken during the coming summer.

General Notes Rev. and Mrs. M. Mallalieu entertained the Young People's Union and their friends in the church parlor during the holidays. Miss Geneva Harvey was in charge of the entertainment and gave a very amusing Christmas play in one act, entitled, "Just What They Wanted." The members of the cast were Harry Hawley, Greta Flanagan, Evelyn Harvey, Winston Dyer and Wilma Dyer. During the business meeting the Young People voted ten dollars to the trustee board for the fuel fund. A new game called "Beetle" had been sent from England by Miss Hannah Wolfington and was played at tables progressively. Miss Ola Dyer and Mr. Harry Hawley were the winning couple and each received an appropriate prize. A hot buffet lunch was served at the close of the evening. Mrs. Mallalieu was assisted by Mrs. Fay Sturgeon and Mrs. Thomas McClintock. At the regular meeting of Golden Rule Rebekah Lodge an impressive memorial service was held for Mr. Lawrence Paquette, after which Sister Maud Smith, D.D., and suite of Cowansville installed the officers for the coming year, as follows: N.G., Sister Laura Fadden; V.G., Sister Helen Breese; secretary, Sister Myrtle Vincent; treasurer, Sister Sylvia Cooke; warden, Sister Jennie Griggs; conductor, Sister Grace Bidwell; organist, Sister Blanch McClintock; R.S.N.G., Sister Florence Wilson; L.S.N.G., Sister L. Darragh; R.S.V.G., Sister May Dyer; L.S.V.G., Sister Bernice Russell; R.A.B., Sister Dora Gruer; L.A.B., Sister Nina Lee; inside guard, Sister Ruby Riley; outside guard, Sister Dorothy Stetson; degree captain, Bernice Russell. After installation brief remarks were made, after which several presentations were made. Sister Myrtle Vincent presented Sister Russell with a lamp for her work as a degree captain for the past year. Sister Vincent presented Sister Smith, D.D., with a gift from the Lodge, also Sister Fadden. A lunch was served at the close of the meeting. Mrs. E. Grant has been taken to a Montreal hospital for treatment for injuries received in a fall some time past. Mr. Clair Stetson has been spending his holidays at Montreal with his grandmother, Mrs. Chamberlain. The gripe has been very prevalent in this locality. Golden Rule Rebekah Lodge, January 20 met on Tuesday evening, January 4, with Sister Laura Fadden N.G. presiding. After the opening ceremonies a memorial service and draping the charter in memory of a deceased brother was put on in a very fitting way. Routine business was then in order when Mrs. Maude Smith D.D.P. of Cowansville accompanied by Mrs. Johnson, Mrs. Cassidy, and Mrs. Strange installed the officers of this lodge in a very capable manner. Remarks were then given by the visiting ladies, also by Sisters M. Buckle V.P. of the Rebekah Assembly, Jessie Greeley P. D.P., Winnie Mudgett P.P., and Jessie Hill P.P. Sister Myrtle Vincent P.D.P. presented Sister Smith D.D.P. with a small gift from the lodge. Sister Dora Gruer, P.N.G., presented sister Bernice Russell, Degree Captain, with a lovely gift from the Lodge. Sister Myrtle Buckle V.P., then presented Sister Laura Fadden P.N.G., with a gift. Each sister thanked the members of the Lodge for their gifts in a few well chosen words. After the closing ceremonies lunch was served in the banquet hall. Following are the officers for the next term of six months: P.N.G., Sister Annie Stetson; N.G., Sister Laura Fadden; V.G., Sister Helen Breese; Secretary, Sister Myrtle Vincent; Treasurer, Sister Sylvia Cooke; Warden, Sister Jennie Griggs; Conductor, Sister Grace Bidwell; Chaplain, Sister Jessie Hill; Musician, Sister Blanch McClintock; R.S.N.G., Sister Florence Wilson; L.S.N.G., Sister Lena Darragh; R.S.V.G., Sister Bernice Russell; I.S.G., Sister Ruby Riley; O.S.G., Sister Dorothy Stetson; R.A.B., Sister Dora Gruer; L.A.B., Sister Nina Lee.

THE NEW IMPROVED RINSO IS EVEN BETTER THAN EVER. IT GIVES 25 TO 50% MORE SUDS, SAY WOMEN EVERYWHERE. IT SOAKS CLOTHES AT LEAST 5 SHADES WHITER THAN ORDINARY SOAPS — NO WONDER THE MAKERS OF 26 FAMOUS CANADIAN WASHERS SAY "USE RINSO"

IT CERTAINLY PAYS TO USE THE NEW RINSO. IT GIVES THE RICHEST, LONGEST LASTING SUDS I EVER SAW AND THEY HAVE REAL BODY TO THEM

FROM NOW ON I'LL NEVER USE ANYTHING BUT RINSO IN MY WASHER. I'M CONVINCED IT WASHES CLOTHES AT LEAST 5 SHADES WHITER

USING RINSO FOR DISH-WASHING NOW?

YES—IT'S MARVELOUS! IT ABSORBS GREASE; DISHES COME CLEAN WITHOUT A TRACE OF GREASY FILM LEFT ON THEM

Grand for tub washing, too, soaks clothes snowy, bright

If you have no washer—then just wait until you use the new Rinsol in your tub! You'll be astonished to see how Rinsol's richer, active suds soak out dirt—get clothes snowy and bright without scrubbing or boiling. Clothes last 2 or 3 times longer washed this "no-scrub" way. Rinsol gives thick, lasting suds—even in hardest water. Tested and approved by Good Housekeeping Institute.

ISSUE LIST OF BROME COUNTY PRIZE WINNERS

Keen Competition Experienced in National Temperance Educational Contest in Brome County—Sutton Junction Notes.

Sutton Junction, Jan. 13.—The National Temperance Study Course which is sponsored by W.C.T.U. has been completed. Many children of this county in different schools have participated. The papers on the average were excellent and displayed a great deal of effort, time and ability on the part of both teacher and pupil.

Much credit is due Mrs. H. Scott for her untiring efforts in securing the interest of the teachers in this work among the young boys and girls of our schools.

The local W.C.T.U. was chosen as the county examining committee this year. The reports is as follows:

Seniors, nine years and under: 1 Norma Osborne, Owen's Corner; 2 Belle Bullock, Glen Sutton; 3 Mary Jackson, Brome; 4 Janice Smith, Glen Sutton.

Intermediates, 12, 13 and 14 years: 1 Doris Needham, Glen Sutton; 2 Alice Derby, Knowlton; 3 Roland Perry West Brome; 4 Olive Shover, Glen Sutton.

Seniors 15, 16, 17 years: 1 Wilma Leavitt, Glen Sutton; 2 Jean Wilson, Glen Sutton; 3 Allan Blunt, Knowlton; 4 Arthur Aiken, Mansouville.

These sixteen papers, four from each class, were forwarded to the Provincial Examining Committee, Mrs. B. Ormston, to compete for provincial prizes.

McKENNEY ON BRIDGE

AN AUTOMATIC SQUEEZE

Declarer, Faced With Bad Distribution, Makes Little Slam Contract by Expert Play

BY WILLIAM E. MCKENNEY Secretary, American Contract Bridge League

Solution to Previous Contract Problem

Bert Schmid, of New York, is one of that small but interesting group of bridge players who seems to attract unusual hands. More than once he has furnished me material for an article, and the hand today is no exception to the rule I have made that only hands containing a real problem are worthy of a place in this collection.

Contract Problem (Solution in next issue)

South's contract is five clubs. The spade ace wins the opening trick and the high diamonds are held by West. Can South make his contract if West holds not more than one trump and not more than three hearts?

South now led another round of hearts, and followed with a diamond to the dummy.

West's trump was picked up and East dropped another heart. It was apparent, Mr. Schmid thought, that East held the ace and jack of diamonds, and probably four clubs to the jack.

NEWSPRINT NOW OBTAINED FROM WASTED STRAW

Pittsburgh Scientist Claims Paper Produced Under New Methods Costs Twenty Dollars a Ton Less than from Wood Pulp.

Pittsburgh, Jan. 13.—(P)—A Pittsburgh scientist, one-time worker with Thomas Edison and Charles P. Steinmetz, claimed he had discovered a process for making relatively inexpensive newsprint and synthetic cotton from waste farm products.

Dr. Frederick W. Hochstetter, who came from Germany thirty-five years ago, said under his process newsprint could be produced for about thirty dollars a ton compared to the present cost of fifty dollars. It would be more flexible, less brittle after exposure to light, would not discolor, would be more opaque and take less ink than paper now in use, he declared.

Dr. Hochstetter has more than eighty patents in his name. He is sponsored by two wealthy Pittsburgh oilmen, Michael Benndum and Joseph C. Trees.

The inventor said he obtains a product which after bleaching is similar to ordinary wood pulp by hydrating straw, treating it chemically, then dehydrating it. From this either synthetic cotton or paper can be produced, he said.

Dr. Hochstetter explained the secret lies in extracting certain non-fibrous elements from the natural material. Previously the process was too expensive, too hard on the fibres, or too laborious, he said.

MARTYR TO CAUSE OF X-RAY SCIENCE

Billericay, Essex, Jan. 13.—(P)—A martyr to the cause of science, Harold Suggars, sixty year old X-ray specialist, has retired to a scene of his boyhood days for a "few years of rest" after thirty-six years of service to mankind.

When Suggars volunteered for the post as X-ray assistant in the London hospital at the beginning of the century he knew the duties imposed on him carried a warrant of blindness and disease.

He was aware that Ernest Harnack, pioneer of the department, developed a mysterious, incurable skin disease after twelve months' work, which resulted in the loss of his hands. Two others, Reginald Black-

HEAVY DEMAND APPEARING FOR MANY PRODUCTS

Buying, Suppressed for Many Months, May Result in Recall of Many Workers Laid Off in United States in Final Months of 1937.

New York, Jan. 13.—Business managers looked over a mounting pile of New Year orders for raw materials and goods today on the chance they may necessitate a step-up in mill and mine operations and the recall of many workers laid off in the final months of 1937.

Suppressed for months while inventories were being reduced, the urge to buy again has been felt the last days in copper, lead, coarse cotton cloths, hides, rubber and other basic markets sensitive to changes in underlying business conditions and sentiment.

Buying orders in some lines since the turn of the year have been the heaviest in months and have been timely aids to producers who saw reserve orders depleted in the virtual cessation of forward buying in the last six months of 1937.

Attracting particular attention has been a burst of cotton cloth trading in Worth Street, the textile selling centre, traditionally as seen as Wall Street in sensing a shift in business trends.

In trade circles it was explained the type of business being done indicated improvement in lines supplying goods to the man on the street and the housewife, and also reflected depletion of inventories while consumption ran ahead of production during the autumn and holiday retail buying.

Speculative demand in anticipation of increased absorption of raw materials for armament building, including the United States' plans for increased naval and merchant shipbuilding, was held partly accountable for the New Year spurt in metals.

Some of the recent buying in raw materials was attributed to preparations for spring manufacturing in shoes and other industries.

all and E. E. Wilson, paid with their lives.

But Suggars turned a deaf ear to those who sought to discourage him. Within twelve months of entering the department Suggars noticed the first signs on his own skin. With each new outbreak he was given radium treatment, but it afforded only temporary relief.

When he retired Suggars carried a scar seven inches long across his chest, caused by the strange action of the rays. He is blind in one eye, partially blind in the other, has a false eyelid and his face bears traces of the work of plastic surgery.

"I may look a bit of an old crook," he said, as he groped about his garden. "I am retiring because I think a man should have a bit of rest at the end of his life and I want to spend more time in my garden."

TORONTO LEAFS SEEK REVENGE OVER MAROONS

Chicago Black Hawks Move into Montreal to Play Canadiens—Detroit Red Wings Meet Rangers in Madison Square Garden.

Booming accusations of promoting defensive hockey were heard along the National League front today, despite that record eleven to seven defeat Maroons hung on Canadiens in wide-open combat at Montreal the other night.

Preparing to move into Montreal to play Canadiens tonight, Bill Stewart and his Chicago Black Hawks loudly accused "Red" Dutton and his New York Americans of resorting to tight-playing tactics and spoiling the game for the spectators. Dutton yelled right back that Stewart didn't "give a whoop about scoring if he can blank the other team."

The howls were reminiscent of the days when just about every manager in the League was accusing just about every other one of instructing his men against going out for goals, but effective, victory. This time they popped up as a result of the Chicago-Amerk one to one tie in New York Tuesday and caused a little speculation about what kind of hockey the Hawks will turn on against Canadiens.

Tonight's other games pit Montreal's Maroons against the Maple Leafs at Toronto and Detroit Red Wings against the Rangers at New York. The Montreal game involves the League's two third-place teams, while the Leafs will try to extend their lead in the Canadian division as they battle the last-place Maroons and Rangers are out to get nearer the leading Boston Bruins in the American division, where Detroit trails the field.

It seems only a few months ago that Conny Smythe, of Toronto, was accusing Tommy Gorman's Maroons of refusing to play open hockey. But the Leaf leader won't have any comment about that line unless Maroons play hockey directly opposite to what they showed in scoring six times against Toronto last week and eleven against Canadiens.

SYRACUSE BEAT NEW HAVEN IN ROUGH TILT

It matters little the order in which Pittsburgh Hornets, Cleveland Barons and Syracuse Stars end up their sectional race in the International-American Hockey League, for they seem more than passing certain in play-off spots now.

When League heads drew up arrangements shortly after the start of the season, they stipulated that the third team in the Western section, which boasts only three teams, must have as many points as the third team in the Eastern division, where four teams are grouped, to gain a play off spot.

The schedule is half completed now and Syracuse Stars, in third place in the Western group, have twenty-five points, while in the other section New Haven Eagles and Springfield Indians are tied for third spot with fourteen points. Stars gained two of those points last night with a four to two victory over Eagles in the only scheduled game.

Little Maxie Bennett, once in the National Hockey League with Montreal Canadiens, scored two Syracuse goals while Jack Markle and Norm Locking tallied one each. Miller and Obs Heximer got the New Haven scores.

In the second period George Parsons, of Stars, and Gus Mancuso, Eagle wing, came to blows and each was handed a major penalty. The affair also brought a misconduct charge against Ossie Amundsen, New Haven forward, for which Coach Billy Coutts said he was going to protest the game.

Barons, presently in second place in the Western section one point ahead of Stars and one point behind Hornets, take on Philadelphia tonight in the single game play for decision. Rangers also are in second place in their section, two points behind the leading Providence team.

"DIZZY" DEAN GOLF TOURNEY PLAYED TODAY

Bradenton, Fla., Jan. 13.—(P)—Florida's winter baseball colony set out today to try to beat golf professionals at their own game.

The Second Annual "Dizzy" Dean Tournament brought together a number of pros along with a score of Major and Minor League diamond stars and a sprinkling of just plain amateurs.

Eighteen holes of medal play was the test, devised last year in honor of Bradenton's most famous winter visitor, Jerome Herman Dean, of the St. Louis Cardinals.

Even if a pitcher or outfielder got hot and turned in the low score, however, the pros had nothing to worry about. The leader in their ranks was assured of a cheque for \$200 and the Tournament Committee had \$350 more to divide among others who placed.

Prizes valued at \$100 awaited the winning baseballers. For the amateurs there were more prizes valued at \$50.

Ted Broadbrib, ex-manager of Tommy Farr, called from England yesterday with Ernie Weiss, middleweight champion of Austria, and Jimmy Vaughan, British lightweight. Both will be put under the wing of the veteran Charlie Harvey, key in Danville.

NORMIE BURNS TAKES LEAGUE SCORING LEAD

Added Two Points Against Canadian Maple Leafs to Boost His Total to Twelve—Kirby's Three Points Jumped Him into Second Place Tie.

Normie Burns, spectacular forward playing for the Richmond Hockey Club, added two points to his scoring total in the St. Francis Valley Hockey League when his team beat Canadian Maple Leafs four to three on Tuesday night and now leads with a total of twelve which is five more than his nearest rival.

His line-mates, Kirby and Goyette, also added to their totals. Kirby, in securing two goals and an assist, jumped into a second-place tie with Conway, of East Angus, and McLennan, of Windsor Mills. Goyette's tally gave him a total of six and put him into a third place tie.

For the Sherbrooke lads, Luke Lepage improved his total with a goal and I. Boisvert picked up two points on assists.

DANVILLE DEFEATED WARWICK THREE TO ONE

Danville, January 13.—The Danville hockey squad won their first game of the season when they beat Warwick here three to one in a fast match.

The puck was faced by Mayor Robidoux, of Danville, who offered a prize for the winning team. E. Roux offered a prize to the player who scored the first goal of the G.H., which was won by his son, A. Roux.

ARMSTRONG WON BY A KNOCKOUT IN THE SIXTH

Venturi's End of Purse Held Up Pending Investigation Why He Didn't Continue Fight When He Obviously Could Have Got Up Off Canvas.

New York, Jan. 13.—(P)—Enrico Venturi, the Italianistic virtuoso, who folded like a dollar accordion against Henry Armstrong had enough worries on his mind today to occupy a dozen people.

Enrico's share of the purse was held up, pending an investigation of why he rested against the canvas last night and permitted himself to be counted out toward the last of the sixth round, when he obviously was able to remain on his pins.

Further, he was under a month's suspension in New York State because he weighed in for the bout three pounds over the stipulated limit of 135 pounds.

Venturi, after having tried vainly for five and a fraction rounds to stay clear of Armstrong's homicidal swings, suddenly notified Referee Arthur Donovan he had fouled.

When Donovan declined to do anything about it, Venturi registered anger and slowly, like a circus elephant, got down on the floor and stretched out. Donovan got in touch with the timekeeper and counted ten. Venturi got to his feet, fast, and started arguing, but Donovan was busy tiling Armstrong's hand.

The knockout, such as it was, constituted the twenty-first in a row for Armstrong. The Italian had made himself a good record in a year of fighting on his side, but he clearly didn't intend the featherweight champion put out.

Armstrong from the start went boring in spraddle-legged, taking everything Enrico had to offer without apparent concern and swinging, swinging. In the fourth an Armstrong right caught Enrico on the chin and the Italian hit the canvas. He rebounded without a count, but in the next round, the fifth, Armstrong began to punish his heavier opponent.

NIGHT FLYING IMPORTANT IN AIR TRAINING

Royal Canadian Air Force Pilots Undergoing Intensive Training in Science of Blind Flying.

Trenton, Ont., Jan. 13.—(P)—Royal Canadian Air Force squadrons, flying in all varieties of weather, cruise nightly over this eastern Ontario district. The flights, Wing Commander A. E. Godfrey, commandant of the Trenton air station said yesterday, are "only part of the regular curriculum."

Night-flying instruction is becoming an increasingly important branch of R.C.A.F. training activities. All pilots must qualify in what is known as "flying blind." Each night, from dusk until midnight, squadrons of ski-equipped machines take off from the air station here, cruises fifty miles and return to land on a flood-lighted field.

At R.C.A.F. stations throughout Canada this training is aimed at teaching young pilots to take off and land at lighted airfields, to navigate solely by instrument, to locate themselves at night by directional finding and, in general, to equip themselves with that knowledge which modern warfare has made it necessary to acquire.

Two-way wireless sets are in operation during the night flights. A large tower atop one of the hangars carries a beacon for the guidance of the planes. Pilots use their own discretion as to the distance they fly but the usual cruising range is about fifty miles.

Flights are made in all but the stormiest weather, during a heavy snowstorm, machines are grounded and instruction in theory is given. All planes carry regulation light, two forward and one rear with side light on the wing tips. Motorists from Belleville and Trenton gather at the station nightly to watch the manoeuvres.

SHOT WARRANT OUT OF OFFICER'S HAND. Seward, Neb., Jan. 13.—(P)—Frank Kadavy, Seward farmer, submitted to police officers who sought to arrest him on an assault and battery charge, but not until after an unusual display of marksmanship. Deputy Sheriff Bill Zelensky said that as he approached Kadavy's home, the farmer raised his .22 calibre rifle and shot from the officer's hand the warrant he held for his arrest.
