Nine Canadian Squadrons In Smashing Raid On Germany's Capital NEW TRIUMPHS ON RUSSIAN AND ITALIAN FRONTS

Navy Lends Support To 5th Forces

French Troops Threaten to Outflank Germans' "Gustav Line" of Defence—British Forces Smash Forward Along Apennine Way and Take 300 Prisoners at Minturno.

Algiers, Jan. 21.—(P)—French troops, crossing the Rapido River in difficult mountain fighting, have captured the foot of Mount Il Lago, North and slightly West of Cassino, and are threatening to outflank the Germans' "Gustav Line" of defence in Italy, Allied Headquarters announced today.

British forces of the 8th Army, supported by fire of cruisers and destroyers, smashed forward along the Apennine Way, capturing Minturno, 76 miles from Rome, and taking 300 prisoners. They are assaulting the twin Nazi defensive villages of Castelforte and Ventosa on the slopes of 4,000-foot Mount Sanil Cosma E Damiano, six miles inland from the Tyrrhenian Sea.

In weather which German prisoners described as "worse than Leningrad," American patrols of the 5th Army slashed across the River South of Cassino in probing expeditions and retired.

Although the French push from captured Sanil Cosma, Northeast of Cassino, if continued would allow them to attack Cassino from the rear, German prisoners said there was another German line of fortifications called the "Adolf Hitler," six miles behind the Gustav belt which the Allies now are attacking.

Jajce, Patriot Army Headquarters, Is Recaptured By Partisan Troops

London, Jan. 21.—(P)—Marshal Josip Broz (Tito) announced today that his Yugoslav Partisan troops had recaptured the town of Jajce, headquarters of the Patriot army in the mountains of Western Bosnia, which the Germans said fell Jan. 12.

Smashing on to the West, the Partisans cleared the area between Mrkonjgrad and Glamoč, 30 miles Southwest of Jajce, of German troops, including units of the 1st Alpine Division and a motorized division, and drove them back toward the Dalmatian coast.

Jajce occupies a strategic position at the confluence of the Vrbas and Pliva rivers, 32 miles South of Banja Luka, and is a chemical centre. Tito's headquarters are on the summit of a conical hill overlooking the Vrbas valley, 100 feet below.

Tito's war bulletin, broadcast by the Free Yugoslav Radio, said the Partisans had gone over to the offensive on several other sectors of the widely-scattered front.

Partisans smashed back at a strong force of Germans who had penetrated the town of Prozor in the Rama sector and threw them out with a loss of more than 300 killed.

MAY DISREGARD FOURTH TERM DRAFT CLAMOR

Roosevelt May Not Even Send an Official Message to Committee's Meeting in Washington Tomorrow.

Associated Press Staff Writer Washington, Jan. 21.—(P)—President Roosevelt probably will ignore the Fourth Term draft noise being created by members of the Democratic National Committee so completely that he may not even send an official message to the Committee's meeting here tomorrow.

Although the President will receive Committee members, their wives and husbands at the White House this afternoon, party leaders said there was no indication that Mr. Roosevelt planned either to address them by radio as he did last year or to send them a message of cheer at tomorrow night's banquet.

The chorus of fourth-term demands grew louder today as additional delegates arrived for tomorrow's session to select Robert E. Hannegan as National Chairman to succeed Frank C. Walker and to fix Chicago as the site for the party's nominating convention, which probably will be July 24.

The fourth-term boom, started by former Governor Calbert L. Olson of California, found recruits today in Robert S. Kerr of Oklahoma, a National Committeeman; Thomas R. King, Wisconsin's National Committeeman; Elmer F. Kelm, Minnesota State Chairman, and Jake More, Iowa State Chairman.

Their theme was that their state delegations would support Roosevelt, that with the President at the head of the ticket the Democrats would win, and that without him they would lose.

More, who is Secretary of the Conference, said the group would open its session to any complaints that Midwest State members had, but he predicted the President, who lost Iowa to Wendell L. Willkie in 1940, would carry it this year. Iowa Democrats said they want Henry Wallace renominated for Vice-President.

King, who is scheduled to head the Credentials Committee of the national group, said he hoped the Midwest Conference "doesn't do anything that will keep the President from running again."

Although he declined to commit himself on the Fourth Term, Edward J. Flynn, New York National Committeeman, expressed the opinion there was "no doubt" that the majority of that State's vote would be for the President.

London, Jan. 21.—(P)—The men will occupy new posts on the board. Capt. Cross will serve as Chief Staff Officer Reserves, attached to the Chief of Naval Staff, while Capt. Jeffery will serve as Secretary. The Secretary formerly was not a full-time member of the Board.

The announcement said that Capt. Cross, in addition to work at headquarters, will be given the opportunity of visiting various naval ships and bases and of maintaining contact with officers and men serving at sea. He will act as representative at headquarters of the sea-going and operational personnel of the reserve forces of the Canadian Navy.

Capt. Cross comes to his new post from St. John's, Newfoundland, where he served as assistant Naval Officer-in-Charge and King's Harbor Master. He was appointed to Newfoundland after service at sea.

In 1941, he was serving aboard the armed merchant cruiser H.M.S. Rajputana when she was torpedoed off Iceland. Later he served on the battleship H. M. S. Ramilies and took some naval courses with the Royal Navy. His appointment as commanding officer of the corvette H.M.C.S. Rosthern followed.

Hundred Tons Of Bombs A Minute Fell In Record Intensity Raid Against Battered German Capital

By GLADWIN HILL, Associated Press Staff Writer London, Jan. 21.—(P)—The massed weight of probably 700 R.A.F. and R.C.A.F. bombers smashed down on Berlin with about 2,000 tons of bombs at dusk last night in a 20-minute raiding of the Reich capital which set a new record for concentration.

Explosives tumbled from the rig, black-winged bombers at the rate of 100 tons a minute. This was thirteen more tons a minute than fell upon Brunswick in the previous record concentration of January 11.

Nine Canadian bombers did not return. The R.C.A.F. Bomber Group sent out nine squadrons with the heaviest bomb-load it has ever dispatched against the enemy.

This was the first heavy daylight attack since the big American raid on the Pas de Calais area January 14.

Swedish reports said reinforced German anti-aircraft batteries put up an unprecedented barrage and the R.A.F. suffered the second highest loss of the Berlin campaign.

The Press Association said it was understood the raiding force was the biggest yet sent against the German capital, although the bomb tonnage was not as great as the 2,300 tons which were dropped on November 22.

The R.A.F.'s record bomb load of the war was 2,500 tons dumped on Hanover on September 22 by 700 to 750 bombers.

Large fires were left burning in the ruined capital while dense smoke rose to great heights.

NAVAL BOARD APPOINTMENTS ARE ANNOUNCED

Acting Capt. Paul Barbour Cross and Acting Paymaster Capt. Joseph Jeffery in New Posts.

Ottawa, Jan. 21.—(P)—Acting Captain Barbour Cross of Saint John, N. B., and Acting Paymaster Captain Joseph Jeffery of London, Ont., have been appointed members of the Royal Canadian Naval Board, Navy Minister Macdonald announced today.

The men will occupy new posts on the board. Capt. Cross will serve as Chief Staff Officer Reserves, attached to the Chief of Naval Staff, while Capt. Jeffery will serve as Secretary. The Secretary formerly was not a full-time member of the Board.

The announcement said that Capt. Cross, in addition to work at headquarters, will be given the opportunity of visiting various naval ships and bases and of maintaining contact with officers and men serving at sea. He will act as representative at headquarters of the sea-going and operational personnel of the reserve forces of the Canadian Navy.

TOJO DECLARES TIME RIPE FOR BLOW AT ALLIES

Japanese Premier Tells Diet "Golden Opportunity" at Hand to Launch Crippling Attack on United Nations.

New York, Jan. 21.—(P)—Premier Hideki Tojo told the Japanese Diet today that a "golden opportunity" was at hand to strike a crushing blow against the Allies and called for expansion of Japan's "national labor service" to speed to the front "superior aircraft," according to a Domei broadcast over the Tokyo radio.

The broadcast, recorded by United States Government monitors, quoted Tojo as saying that air power "will decide the general trend in the present war situation and determine its outcome." He warned, however, that Japan's ability to deliver planes depended on an immediate increase in basic war materials such as iron, light metals and coal; an improvement in land and sea transportation; and an expansion of the labor service.

Domei said Tojo told the Diet that "unrest" in the United States and "increasing exhaustion" in Great Britain had given both countries "a craving for a short war."

"Munitions production, upon which the United States greatly relies, already has reached its peak and as problems of material and manpower arise, unrest increases in intensity," Tojo was quoted as saying. He added:

"In Britain the national strength has declined and the degree of exhaustion is becoming greater and greater."

Discussing the Allied offensive in the Pacific, Tojo asserted it was the "desperate" result of a "craving for a short war" while "outwardly talking a long war."

"The Government is endeavoring to reduce losses in shipping by strengthening the sea and air protection," he said, "and at the same time to adopt urgent measures with respect to such questions as transports, crew operational efficiency and especially acceleration of shipbuilding."

Churchill, Stalin May Confer Soon

London, Jan. 21.—(P)—London newspapers said today it seemed likely Prime Minister Churchill soon might communicate personally with Premier Stalin seeking a solution to the Russian-Polish border problem.

The Prime Minister and Foreign Secretary Eden conferred yesterday with officials of the Polish Government in London—Premier Stanislaw Mikolajczyk and Foreign Minister Tadeusz Romer.

Churchill, it is known, has kept well posted on the situation and the British Government has evinced willingness to act as mediator, along with the United States, if both parties so suggest.

250,000 Hun Troops At Leningrad Facing Capture Or Annihilation

Map shows Red Army's strategy of cutting vital railroads, barring reinforcements, supplies and escape from German armies on various sectors so that later these can be wiped off by series of wedging pincer movements. (1) By cutting railroad South of Leningrad Russians take first step toward eventual goal—relief of that city. (2) At Narva and above Nevel, Reds cut vital Novosokolinski road, control supply route to Leningrad. Baltic Army's thrust toward Latvia tends to isolate Leningrad's sector. (3) Capture of rail junction centers here puts Red Army on road to Pskov, 100 miles away. (4) Shattering Soviet attack takes three- and four-way rail junctions, including Kostopol, vital link with Westward and Southern "escape" routes. Germans attempted to recapture in strong counterattack. Reds aim at Rovno to imperil Nazi grip on vast area. (5) Germans fought most fiercely here against Red drive across Bug river, aimed at Odessa railway, main escape route for Nazis in Dnieper bend.

JAP CRUISER DESTROYED BY BRITISH SUB

London, Jan. 21.—(P)—The Admiralty announced today that a British submarine, penetrating into enemy waters, had sunk a Japanese cruiser in the Northern Strait between Malaya and the Island of Sumatra.

The same submarine also has sunk three large Japanese supply ships, the Admiralty said.

The communique identified the cruiser as one of the Kuma class—Japan's Fighting Ships lists five Japanese cruisers of the Kuma class—the Kuma, the Tama, the Oi, the Kitakami and the Kiso, all built in 1919 and 1920.

Second class cruisers, these vessels have a standard displacement of 5,100 tons and carry 439 officers and men. Each is equipped with 11 guns and at least eight torpedo tubes. Each also is equipped to carry one aircraft. They have an overall length of 535 feet and a beam of 46 3/4 feet.

Chalout Failed To Find Seconder To Motion Diminishing War Effort

Quebec, Jan. 21.—(P)—The Legislative Assembly yesterday adopted the address in reply to the Speech from the Throne and adjourned until next Tuesday after hearing René Chalout, Bloc Populaire member for Lotbinière, say that "Canada is at war because England is at war, and only for that reason."

Mr. Chalout, who yesterday insisted on his right to speak on the throne speech reply after Premier Godbout and Opposition Leader Maurice Duplessis had agreed that the address should be carried without further debate, said "I am seated in one of those British Parliament which proclaim themselves the defenders of the liberty of speech and I do not see why in the Quebec Legislature less liberty should be given than in the Royal Parliament in London."

The lone Bloc Populaire member in the 86-seat Lower House said he was "A party by myself . . . and I am here to represent the views of all the Nationalists of the Province of Quebec."

After stating that Canada "would not have followed" if England had not entered the war in 1939, he said that "before wanting to re-establish democracy in Germany we should re-establish it at home."

German Casualties Reach Staggering Proportions as Russian Armies Roll Forward on 125-Mile Front—Many of Trapped Nazis Have Dropped Their Arms and Surrendered.

London, Jan. 21.—(P)—German casualties reached staggering proportions as Russian armies of the North rolled forward on a 125-mile front stretching from West of Leningrad to more than ten miles West of Novgorod, it was reported today.

In six days, 40,000 Nazis were killed and 4,000 were captured, the Russians said. The whole German force of 250,000 before Leningrad was exposed to capture or annihilation unless its generals could again escape precarious threats of entrapment. The two-year siege of Leningrad was lifted.

London, Jan. 21.—(P)—An undetermined number of German troops were sealed off for annihilation today in the 50-square-mile Strelina Corridor Southwest of Leningrad after other Red Army forces in the Northern drive captured the ancient trading centre of Novgorod on the sixth day of the drive.

While Gen. K. A. Meretskov's armies of the Volkhov front took Novgorod, 100 miles Southwest of Leningrad on the road to Southern Estonia, other armies under Gen. Leonid A. Govorov, attacking Southwest of Leningrad and Southeast of Oranienbaum on the Gulf of Finland, were said by Moscow to have joined forces 20 miles Southwest of Leningrad to trap the Germans.

The two Red armies also were shaping a trap for 250,000 other German troops in a salient Southeast of Leningrad.

Govorov's forces were only nine miles from Karsnogradsk, a rail junction through which most of the threatened enemy troops must withdraw toward Estonia.

They fashioned the Strelina trap by striking Southwest of newly-captured Krasnoye Selo, 15 miles Southwest of Leningrad, and moving on to take Mikhailovka, three miles Southwest of Krasnoye Selo, in a farwise movement that resulted in the union of the two Russian forces.

A midnight supplement to yesterday's edition of the paper said that the Government had decided to advise not to look down upon "those who have not the chance of being British or Americans."

"If we understand by democracy, the Canadian Parliament system as it functions in Ottawa and Quebec," he said, "let us admit that it is not worth the trouble to fight for such a mystic."

"I want a democracy," he added, "but a real democracy and not one as we have now, with its political partisanship, its electoral party funds, its protection, its direct or indirect buying of consciences and votes."

"I am wondering what my neighbor in this Legislative Assembly, Mr. Camille Houde, thinks, in his intermittent camp, of our democracy and liberty of speech?"

(Camille Houde was Mayor of Montreal and member for Montreal St. Mary in the Provincial House when he was interned early in the war for advising the people of Montreal not to recognize national registration.)

About the Atlantic Charter, the Lotbinière Member said he feared "we soon may say about it what Emperor William II said about the treaty with Belgium in 1914: 'It is only a scrap of paper.' We soon will find pieces of it in France, Poland, Serbia (now included in post-war Yugoslavia) and certainly . . . in Canada."

Mr. Chalout said that "in several spheres" Canada's war effort had "proportionally surpassed that of the United States and England and

Mrs. Williams, long socially prominent in Chicago, died last night, 25 hours after a mysterious, middle-aged woman, who had gained entrance to her hotel apartment, fired a bullet into her head.

DANISH PEOPLE ARE ON VERGE OF REBELLION

Stockholm, Jan. 21.—(AP)—The moment Danish police are pushed out of the picture by the Germans the "gates will be opened to civil war" in Denmark, Stefan Tjerneld, staff correspondent of the Stockholm newspaper Dagens Nyheter, said today.

The Free Danish Press Service earlier this week reported the Germans had taken over control of the police system and interned Danish policemen.

The corps has no special duties at present, but Danish fear it will be assigned to take over some of the duties of the Danish police force.

He said there is an uneasy air in Copenhagen, which he described as a "city after 8 o'clock at night because of the curfew. Streets are barricaded and blocked."

terday's communique said many of the trapped Germans had dropped their arms and surrendered.

Meantime Soviet airmen dealt heavy blows to German escape roads and the Russian Baltic Fleet warships shelled the German coastal lines.

The only other important action mentioned in yesterday's Russian communique was "North of Khristinovka" in the Southern Ukraine where Gen. Nikolai Vatutin's troops still were repelling heavy Nazi counter-attacks which sought to halt the Soviet thrust toward Rumania.

The Moscow Radio declared jubilantly: "The Germans have been driven far away from Leningrad. German forces are bleeding profusely. They are panic-stricken under the threatening tentacle of a mighty Soviet Army of retribution."

Capture of Novgorod opened the road to Lappe Peipus and Southern Estonia. Described by the Russian communique as a "skilful outflanking manoeuvre," the victory was saluted by Premier Stalin yesterday in an order of the day.

The Nazi High Command announced yesterday that German troops had withdrawn from Minturno, two miles beyond the Lower Garigliano, after it had been "completely destroyed."

Allied headquarters said the town was "captured after hard fighting" and that the enemy had launched several local counter-attacks, all of which were repulsed.

Today's communique made no mention of action involving Canadian troops of the British 8th Army.

Allied bombers again attacked airfields in the Rome area yesterday, repeating their assault of the previous day.

In support of the 5th Army offensive, British cruisers and destroyers swept into the Gulf of Gaeta and bombarded German shore positions Tuesday night.

"Opposition from the enemy was slight," a naval communique said. "One ship suffered minor damage but no casualties."

Allied destroyers also were active in the Adriatic the same night, shelling a harbor on the island of Korcula off the Yugoslav Coast.

The enemy plane and shipping base at Rabaul, New Britain, was attacked again Tuesday when medium bombers with fighter escort hammered Tobera airdrome and knocked down 21 Japanese intercepting planes.

A 3,000-ton Japanese cargo vessel was sunk early Wednesday morning.

Maybe USMC Staff Sgt. Donald V. Robinson of Inglewood, Calif., has been reading about "privations" of civilians back on the home front. That might account for the slightly sarcastic sign he's posting on his jungle gully shack somewhere in the South Pacific.

City Of San Juan Will Be Rebuilt

Buenos Aires, Jan. 21.—(AP)—President Pedro Ramirez announced today that the Argentine Government would rebuild the city of San Juan on the site where rescue workers still are searching through ruins for victims of last week's disastrous earthquake.

Ramirez said the new city would be built along modern lines to withstand tremors such as the one which has just taken a toll of more than 3,500 lives, and would be underwritten by the government to the amount of 500,000,000 pesos (\$125,000,000).

When the actual work of reconstruction will commence, however, is a matter of some doubt.

Survivors of the San Juan quake now are scattered all over Argentina. Most of them are destitute.

Effects of the disaster were not confined to San Juan. In the nearby village of Angaco 47 perished and 28 were injured.

Seek Compromise In Discharge Pay

Washington, Jan. 21.—(AP)—United States Senate and House of Representatives Military Committees undertook yesterday to compromise a \$2,000,000 difference of opinion over discharge payments to members of the armed forces.

The House cut Senate allowances by approximately that total yesterday in a noisy session in which advocates of even higher payments were shouted down at every turn.

Final House action was unanimous. Where the Senate previously voted discharge pay running from \$200 to \$500, the House by 387-0, voted \$100 for men and women with less than 60 days' service, and \$300 for those discharged after a longer period.

It also eliminated payments for officers with more than \$200 monthly base pay (limiting allowances to the rank of captain), where the Senate had approved payments through the rank of full colonel.

LIMITING THE WAR EFFORT

Rene Chaloult, Bloc Populaire Member of the Quebec Legislative Assembly, still seems unwilling or unable to learn from the bitter facts and is strong in the opinion that Canada can limit its war effort. Or, at least, this is the opinion one will gain from his latest effort in the Throne Speech debate at Quebec, where he presented an amendment to the Reply to the Speech calling for a reduction in what he called the "excessive" war effort of the Dominion.

Just how he would limit this effort, Mr. Chaloult does not make clear. He does not say on what basis the interests and means of the country would be determined and he does not seem to care what position Canada will occupy in the respect of the world at the conclusion of hostilities. Nor does he say just what view the enemy will take on the matter. Is a conference to be held between the representatives of Germany and Canada at which both sides are to agree to cut down their production of shells by so many thousand, to reduce their warship and battleplane output?

But when everything is taken into consideration, it appears more likely that Mr. Chaloult still holds the view of the isolationists before the war, which is a queer combination of logic. It holds that Canada is not menaced by the struggle and that it can retain its liberty even if the whole world is overrun by the Nazi hordes. Then it goes on that even if the country is menaced, other members of the United Nations will have to defend it, so why should Canadians take the trouble?

It is a pretty doctrine, especially for those inclined to look at events through rose-colored glasses, but it is to be feared that it will not work.

THE FATE OF FINLAND

Having staked all on the fate of Hitlerite Germany, Finland now stands on the brink of catastrophe in the opinion of the Information Bulletin of the Soviet Embassy in Washington and an examination of maps in relation to the new Russian offensive in the Leningrad area produces the opinion that the declaration is more truth than poetry. Catastrophe is certain and probably imminent. From the Germans' own admissions their line in this strategic sector has been cut in at least two places and is rocking like a ship in a hurricane. This great assault extends along a front of some 230 miles, from the neighborhood of Leningrad Southwestward to the Nevel sector. Berlin claims the Russians are employing 250,000 men and the attack is growing in intensity.

The Russian objective is to force a general German withdrawal from this Northern sector. This would mean the complete raising of the siege of Leningrad—the famous old St. Petersburg of Czarist days, which became the birthplace of Bolshevism and is one of the cherished spots of Communism. It would mean Hitler's evacuation of the Baltic states, with the consequent threat to the entire Nazi line in Russia.

And achievement of these objectives would automatically throw Finland out of the war, compelling her to accept Moscow's terms. That is the reward for picking the wrong horse. The relief of Leningrad must rank first in the hearts of the Russian troops. This historic city of some 3,000,000 population—the second largest in Russia—has undergone tortures which few, if any others, have endured in the long history of war. For two years and five months Leningrad has been under siege. True, a year ago Tuesday a Russian army forced the Hitlerites back—with the aid of the civilian population—and broke the blockading ring which had been garroning the city. But the invaders reformed their line in a half-circle about the Southwestern approaches to the metropolis, close enough to continue the merciless gunfire and bombing.

SHADOW BOXING

Comrade Joliffe, leader of the Co-operative Commonwealth Federation in Ontario, and the Ottawa Journal are engaged in an interesting display of shadow boxing at the present moment on the question of the selection of the next Speaker for the Ontario Legislature. It all arises over the announcement of Premier George Drew that W. J. Stewart, a Progressive Conservative Member for a Toronto riding, would be appointed Speaker of the Legislature for the next session. The Ontario C. C. F. leader views this as an enormous crime, claiming that under British constitutional practice the Speaker is elected by the members of the Legislature and not appointed by the Government. Mr. Joliffe declares: "It is a blow to the dignity of the Speaker's office and to the respect in which he ought to be held by all Members when his appointment is announced as though it were another political plum to be handed out by the party in power. The Ottawa Journal takes a less serious view of the situation and declares:

"This is not merely nonsense, it is hypocrisy. When has Mr. Joliffe or anybody else ever heard of the Speaker of a Canadian Legislature or the Speaker of a Dominion Parliament being nominated by a source other than the party in power?"

"A 'political plum'! Of course it's a political plum: is today, always has been, and, unless we are going to change a lot, probably always will be. The party in office nominates (virtually appoints) the Speaker: choosing him from among its own members: though that doesn't mean that the Speaker, in the actual discharge of his duties, remains a partisan. Actually, in the vast majority of cases, Speakers of our Legislatures and Parliaments regard their offices as judges regard their offices—with a sense of fairness and judicial responsibility.

"But, in any event, if the majority of the members of the Ontario Legislature feel as Mr. Joliffe feels there is no need for them to accept Mr. Drew's nomination. They can bring the matter to a vote, and if that vote shows that a majority of the members don't want Mr. Stewart, that will be the end of it. In the matter of a Speaker, as in all other matters, the Legislature is supreme."

It rather seems that both parties to the dispute are rather clutching at straws, for in actual practice the Speaker is appointed by the Government in power. He is nominated by the Cabinet and the Ministers generally see to it that his election will be approved by the House, something that it usually an easy matter for the majority which supports the Government will find it inconvenient to say the least to oppose the wishes of the Premier and his colleagues in this respect. But the Ontario Premier did speak out of meeting and it would certainly lend dignity to the office if in the future Colonel Drew and other individuals holding similar positions would wait until the House is in session to make their formal announcements rather than to take to themselves ahead of time the prerogatives which are really those of the elected members of the Legislature.

THE MASTER SWINDLE

The greatest swindle of all times was perpetrated by Germany on the reparations question following the First Great War according to Lord Vansittart who presents figures to prove his assertion. Of course, it can be said that hindsight is better than foresight, but from this distance it seems that statesmen and financiers in Great Britain and the United States must have been blind not to have penetrated into German aims and the real condition of that country in the years after the last war. The public memory of developments is embittered by the fact that actually the Allies not only paid Germany's reparations but helped Germany financially to rearm for the present outburst.

Reports from London tell the story of how the Germans did their dirty work in which were engaged Social Democrats and all-supposedly Liberal elements. By elaborate and subtle propaganda, Germany spread the illusion that she was a bankrupt nation whereas, in fact she had liquidated her entire national debt, and was far better off than her conquerors. So she was forgiven reparations after paying no more than half the sum that France paid over to her in two years after 1871. Today Germany is levying \$4,500,000,000 in cash every year from occupied countries. But this is not all.

Besides evading reparations, the Germans actually succeeded in borrowing from the Americans and Britain \$7,500,000,000, by which sum she then bilked her creditors of six times what she had paid in reparations. American financiers lent \$10,000,000 to Krupp, \$12,000,000 to Thyssen. Then Germany proceeded to spend \$40,000,000,000 on rearming for this war. In her reparations payments Germany valued the Saar mines at 1,028 million francs, though in 1913 her Finance Minister put them at no more than 300 million and eventually bought them back for only 140 million.

THE PLACE OF THE "MIDDLEMAN"

To the Editor of the Record,
Dear Sir:—In a recent issue of your paper I noticed the following item in your editorial-page feature "From The Record Files" twenty years ago: "Australian meat producers have incorporated a \$7,500,000 company with a view to selling their meat through their own retail outlets to the British consumer, thus cutting out the middleman."

I am wondering if any reader could bring this story up to date for us? I would certainly be interested to know what happened to, or present status of, that ambitious plan of our Australian meat producers. I am one who believes that there is, of course, an appropriate place in the economic machinery for the "middleman"; but I am also convinced that there are far too many operating along this nutritional pipeline between the primary producers and the final consumers—elevating the price to the latter and reducing the farm valuation.

The Record's editorial "Canadian Meat Consumption Grows" was certainly an eye-opener and, if one may say so, quite a mouthful: "The consumption of beef, pork and edible parts such as heart, liver and tongue has been rising steadily in Canada since the beginning of the war. An official estimate places the 1942 consumption of all meats in the Dominion at 135.2 pounds per head of population, compared with 133.1 pounds in 1941; 126.3 pounds in 1940; 122.2 pounds in 1939; and 116.6 pounds in 1938. Beef led the list with a total consumption of 73,823,000 pounds. Other meats consumed were 571,823,000 pounds of pork, 127,041,000 pounds of veal, 60,691,000 pounds of mutton and lamb."

As you accurately point out, the optimum employment in these tense years and the strenuous character of the work is the obvious explanation of the above trend—rationing notwithstanding. The aforesaid consumption figures will deliver different messages to different readers; but to my mind they accent my conviction that there should be no "buts" or "may-bes" concerning this country's ability to fill its "Bacon for Britain" contracts. There is so much else for us to eat, in this favored land.

PRESS COMMENTS

METHODICAL MONTGOMERY

Gen. Sir Bernard Law Montgomery, commander of the famous British 8th Army, who now ranks as Gen. Eisenhower's principal field general for the forthcoming opening of a new European front, is well on the way to becoming a legendary figure. Montgomery is something of a model as generals go. He plans his moves carefully in advance, eliminating, as much as possible, chances of error. Then, having decided on his tactics, he sticks to the scheme. He is, in short, a systematic fighter, preferring method to guesswork, however brilliant.

As Russell Hill, correspondent for the New York Herald Tribune, recently put it, "My impression of Montgomery is that he is not a military genius or miracle-man, but he will always be a successful general. He does not carry out daring and brilliant operations which might entail some risk, but he is careful and methodical and leaves as little as possible to chance."

With all this, Montgomery is a salesman. As Hill further remarked, "Montgomery thinks he's good and doesn't mind saying so. When he thinks somebody else isn't good, he also says so. And this frankness has made him a good number of enemies. Yet his very faults have helped make Monty a successful general."

"And a successful general will be a prime requisite once the long-anticipated and crucial 'second front' is breached in the tough defences of Germany's European fortress.

SUPPORT BRACKEN

The former Premier of Ontario, M. F. Heburn, speaking to milk producers and dairymen here yesterday, certainly pulled no punches and was true to his usual form in indicting the government of Mackenzie King. "There are dollar a year men drawing \$25,000 living allowances, non-taxable, trying to run the affairs of the country who couldn't operate, with success, a corner grocery store," said the ex-Premier. He declared that the "outfit" was being tolerated right now but when the next election came around, that "fellow John Bracken, who knows something about farmers and farmers' problems" would be in the saddle and the country would secure "some real social justice."

"Mitch" Heburn was merely giving expression to a very growing belief in preferring success for John Bracken. There is no doubt that the Progressive Conservative leader is gaining strength every day. Within a little more than a year he has restored the fortunes of the old

party, even if the name has had a new prefix. Progressive, which Mr. Bracken himself insisted upon when he took leadership.

The strength of Mr. Bracken may well be gathered from the rural and stable elements of the nation, to whom he makes a strong appeal. But his inherent soundness on all questions, his plea to the people to keep to the middle of the road is representation of a national aspiration in a time when the repercussions of war will be difficult to handle. Mr. Bracken is against revolution, he is against reaction, he stands for reform. His policies are being understood by the people, and they are being appreciated as lending to Canadian security. It is not at all surprising that M. F. Heburn, the virulent critic of stonematism at Ottawa, is giving support to the former Progressive Premier of Manitoba. At the same time, Mr. Heburn is vigorously opposed to class government, whether by labor, farmers or any other group.

If there is anything safe at all in political prediction, it is that the gains made by John Bracken in the last year are at the expense of the C.C.F., believed to have reached its dizzy peak some months ago. The status of the Maclean King government remains where it has been for a considerable time past, at an all time low.

HAVE A SMILE

Using the telephone in Germany and remembering to "Heil" must be awkward:

"Heil Hitler! I want Stenchedurger ein, drei-ein drei-Heil Hitler!—No frau!ein, Heil Hitler!—I do not want Burgenstenger drei-ein drei-ein—I want Heil Hitler—Bergen-heller ein dritler . . . no I don't—I want Heil-drei-eintehenund . . . I mean Heil Hitler . . . Gellunburger—aw heck heim—never mind . . . I a postcard send will!"

It was guest night in the mess, and the Irish colonel was telling an exciting story of an encounter with a wounded elephant which charged at him and bore him to the ground.

At the critical moment an orderly entered to say the colonel was wanted on the telephone.

He was absent for some minutes and on his return had forgotten which of his favorite stories he had been telling.

"What happened, colonel?" asked one of the guests. "You were telling us of your dangerous situation."

"Oh, I kissed her," said the colonel airily. "She simply couldn't resist me, and we dined together that evening. Her husband never knew."

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority.

TWO PSYCHIC BIDS LEAD TO NO TRUMP

In Washington recently I had an opportunity to drop in and kibitz at the Federal Bridge League game, where 32 teams-of-four were playing. The players of Washington are proud of the blood and serum bank which they started several years ago at the Children's Hospital, and to which they contribute annually.

At the game I pulled my chair up behind the newly elected President of the American Contract Bridge League, Capt. Richmond H. Skinner, who was playing with my former national tournament director, Capt. Russell J. Baldwin. I think that Captain Skinner decided to get a little fancy in his bidding because I was kibitzing. His bid of two hearts was just a psychic. East's redouble showed heart strength. The three-club bid was another psychic, but once again East's redouble showed club strength. After the three-diamond bid, East's bid of three spades showed a control in that suit. Captain Skinner made a nice bid when he went to three no trump.

MAKE TOOTHsome PRALINE CAKE FOR SPECIAL TREAT

BY GAYNOR MADDON

There's no law against making the most of available foods. That's a matter of having good recipes. How about a toothsome praline cake for dinner? Save some for the workers' lunch box next day.

Praline Cake (6 to 8 servings)

Cake: Two cups cake flour, sifted, 2 teaspoons baking powder, 1/4 teaspoon salt, 1/4 cup shortening, 1/4 cup sugar, 1 egg, unbeaten, 1 teaspoon vanilla extract, 1/4 cup milk.

Sift together flour, baking powder and salt. Beat shortening until creamy; add vanilla. Beat sugar into shortening gradually; add egg, beating thoroughly. Add sifted dry ingredients alternately with the milk, beating mixture until smooth after each addition. Pour cake batter into a well greased one-quarter heat resistant glass utility dish. Bake in a moderate oven, 350 degrees F., about 40 minutes. Spread Praline Topping on the cake while it is hot.

Topping: One-quarter cup brown sugar, 2 teaspoons flour, 1/2 cup nut meats, chopped, 2 tablespoons melted butter, 1 tablespoon water. Mix together thoroughly brown sugar, cake flour, chopped pecans, melted butter and water. Spread this mixture carefully over the top of the hot cake. Return to the moderate oven, 350 degrees F., and bake for 5 minutes.

Here's another reasonable dessert everyone likes:

BREAKFAST: Orange juice, ready to eat cereal, fried acraple, enriched toast, butter, currant jelly, coffee, milk for children.

LUNCH: Red kidney beans, onions and tomatoes, enriched hard rolls, raw carrot sticks, cranberry and raisin tapioca, milk for children.

DINNER: Creamed codfish in egg sauce, parsley potatoes, buttered peas, cabbage and apple salad, whole wheat bread, butter, praline cake, coffee, milk for children.

Cranberry and Raisin Tapioca One-half cup seedless raisins, 1 cup water, 1 1/2 cups halved, raw cranberries, 4 tablespoons sugar, 1 cup water, 3 tablespoons quick-cooking tapioca, 4 tablespoons sugar, 1/2 teaspoon salt. Cook raisins and 1 cup water over direct heat 5 minutes. Wash cranberries. Add cranberries and four tablespoons sugar to raisins; cover and cook 5 minutes longer, or until done. Place 1 cup water in top of double boiler and bring to a boil over direct heat. Combine tapioca, remaining 4 tablespoons sugar, and salt; add gradually to water and

bring to a brisk boil, stirring constantly. Place immediately over rapidly boiling water and cook 5 minutes, stirring occasionally. Cool—mixture clears and thickens as it cools. When slightly cool, add cranberry mixture.

Board Of Trade At Richmond Hears Address By H. P. Boivin

Richmond, Jan. 21.—The Associated Boards of Trade have firmly resolved to see that private enterprise, the return to the land movement and post war planning are kept constantly in the minds of the public, according to a statement made to the members of the Richmond and Melbourn Board of Trade by Horace Boivin of Granby. Mr. Boivin was speaking to the members of the Board at their regular monthly dinner held at the Richmond Hotel. In his address to the members of the board Mr. Boivin gave a concise report of the convention held in his city and outlined many of the resolutions that had been adopted. Mr. Boivin also touched on the many beauty spots to be found in the Eastern Townships and he deplored the lack of effective publicity given them, and urged all Boards of Trade in the Eastern Townships to co-operate closely in seeing that the proper publicity be obtained. The speaker outlined certain deficiencies and mistakes that are generally made in town planning and indicated the inevitable bad effects resulting therefrom. Mr. Boivin also offered suggestions, the result of study, experience, travel and vision in municipal affairs, that would preclude many errors in town planning and town improvement. "Every town or city should strive to create a civic spirit and should also develop a sense of pride in citizenship." In order to attain these objectives the speaker presented a plan consisting of a series of public functions and get-togethers that included public forums, citizens' days, farmers' days, free open air movies, sports programmes, victory contests and other such activities in order to create public interest and team work. Mr. Boivin was introduced by the Rev. N. Harrington and was thanked by Redmond Hayes. Among the guests present at the meeting were: Wilfred Smith, C.N.R. District Freight Agent, Cpl. Albert Michaud, 27th Armoured Regiment, Gaston Forand, Granby, H. Whiteber, Granby and George Avery, Granby. A business meeting was held later in the evening and reports of progress were turned in by the civic, industrial, water works and membership committees and a Ladies' Night was favored for the February meeting. K. G. Nourse, chairman of the Red Cross Committee, gave a report of the progress made with the Blood Donor Clinic and of the plans being made to transport donors to Sherbrooke free of charge. These plans he said were made possible through the generosity of Mr. Laramée. The full support of the Board of Trade was also offered to Mr. Nourse on his blood donor project. General Notes Mrs. Armitage, President of the local W.C.T.U., presented the prizes to the successful candidates in the temperance essay contest, which is held annually. It has also been determined that if the calves are allowed to nurse their dams, that more profit can be derived, if these calves are fed to market weight as soon as weaned...

If the dams are milked and the calves full raised, more profit also will invariably be obtained if they are weaned from birth and so that they can be sold at about two years of age.

If one is to go in for beef production, it is highly important to have low set cows with milk producing capacities and these in turn...

HARRY ALLEN TOPS INTERMEDIATE SCORERS

Jimmy Planche In Runner-Up Spot With Seventeen Points

Harry Allen, Stary Rand centreman, is still holding down first place in the Eastern Townships Intermediate League scoring race. Allen has amassed a total of eighteen points, made up of six goals and twelve assists, to keep one jump ahead of the other league snipers.

Jimmy Planche, Richmond Pivot, moved into the runner-up spot when he picked up three markers and an assist in the game against Windsor Tuesday to boost his total to seventeen, one point behind Harry Allen. Jimmy now has ten goals and seven assists to his credit.

Normand Dussault, young Rand speedmaster, moved back into third place even though he picked up two points in Tuesday's game against the Army. Dussault now has sixteen points which gives him a third-place tie with Emile Letarte who fired in three goals Tuesday to keep in the running for the scoring honors.

Four players are in a tie for fourth spot in the scorers' list—Army's Pete Brosseau, Flyers' Eddy Emberg, Roger Roy, of the Rand, and Guilbeault, of Windsor Mills. Each man in this quartette has 14 points. Brosseau has nine goals and five assists, Emberg and Roy each have eight markers and credit for six others, while Guilbeault has six goals and eight assists for his total.

Bob Morey, of Windsor Mills, is still in fifth place. His three goals Tuesday enabled him to hold on to that position, and which brought his total to thirteen points, comprised of nine goals and four assists.

Leading the league scorers is Emile Letarte who has bugied the twice behind opposing goalies eleven times to date, while his line-mate, Harry Allen, still holds the title of the loop's ace playmaker with credit for setting the stage for twelve goals to his credit. Young Normand Dussault is right on Allen's heels, however, having been credited with assists on eleven markers so far this season.

Pat Murphy, hard-hitting Army rearguard, is leading the defencemen in the circuit scoring parade. Up to the present time, Pat has scored five goals and assisted on three others for a total of eight points. He is three points ahead of his nearest rival defenceman, Dionne, of Windsor Mills, who has a total of five points. Dionne, who has yet to score this season, has nevertheless, provided passes for five of the paper makers' goals. Dionne, incidentally, is the only rearguard in the league who has not served any time in the cooler so far this season.

The league badman is Rand's playing coach, Gaston "Pop" Leroux, who has warned the bench in the sin bin for thirty-four long minutes this season. However, "Pop" has had three misconducts dished out to him, and has actually been kicked off the ice only twice. Ler-

oux earned all three misconducts while he was in the penalty box. Apparently, he doesn't like the referees' decisions, and he voices his opinions too. But all it gets him is a few more minutes in the cooler, so it is our opinion that the 'refs' don't especially care for "Pop's" ideas on the handing out of penalties.

Close behind Leroux for the badman's title is Bob Bergeron, of the Rand. Bob has twenty-six minutes in penalties and they were all dished out two minutes at a time.

BLUES INCREASE LEAD OVER REDS IN KAYSER LOOP

Blues increased their lead over the Reds when they captured three strings from the last-place Greens in a regular match of the Kayser Day Men's Bowling League.

The Reds also won their match, but dropped one of the strings which accounts for the increase in the Blue lead. The Reds played against the Whites.

In the Blue-Green match, the high single was won by A. Bourguignon, who rolled 183, and continued on to chalk up the highest aggregate of the season with a score of an even 500.

In the Red-White match, H. Leroux, of the Reds, captured the high single with a score of 151 and continued to bowl steadily to take the high three-string total with a score of 423.

Canadian Sport Snapshots

By CHARLIE EDWARDS, Canadian Press Staff Writer.

Toronto, Jan. 21.—It's a pretty safe bet that the National Hockey League's "gag law" will go by the boards today. The N. H. L. meeting here is unlikely to take any action on Art Ross' apparent breach of the rule forbidding newspaper criticism of officials by other officials or players.

The Navy announced its teams and players will not be permitted to enter interprovincial playoffs though they can go as far as Provincial finals which will have effect on the Allan Cup and Memorial Cup, particularly the latter. Navy junior teams were being considered in Edmonton and Regina. The Montreal junior circuit is currently led by Royals with Canadian second. Canadiens have eight navy players and Royals five.

Incidentally, New York Rangers are angling for return of defenceman Vic Myles who played with them last year and is now starring with Moose Jaw Victorias. Jim Coleman of the Toronto Globe and Mail points out that Bryan Hextall of Rangers has scored 153 goals in only 6 1/2 N. H. L. seasons while Nels Stewart required 152 seasons to count his record of 323 N.H.L. goals. Maybe Hextall will make the grade. A brasserie match was held in Southern Saskatchewan with Assiniboia, Bengough, Rouleau, LaFleche and Gravelbourg on a newly-organized circuit.

Art Wiebe should be back on Chicago Black Hawks' defence shortly. He has arranged for care of his Vermilion, Alta., bakery while he pursues the puck.

E. VINES TAKES FIRST BIG-TIME GOLF TOURNEY

San Gabriel, Calif., Jan. 21.—(AP)—It has taken three years of arduous practice, but Henry Ellsworth Vines, once the monarch of the tennis world, has come into his own as a golf professional.

Byron Nelson, golferman's man of the year in 1943, finished second with a 67. Nelson was doing everything right, getting long straight drives, being on the green in two, and holding his putts. But Vines was superior. He had to putt only 26 times on 18 holes and never was over par anywhere.

Vines' performance was on the course where he learned to play the game when he quit tennis for good in 1940 after being the world amateur champion and then king of the net pros for five years. The fact he knows the course by heart hardly detracts from the lustrous performance, however.

The long-armed, long-legged Vines has been the hottest golfer in Southern California all winter. Practically every course he has touched has surrendered to his shot-making. But for two jinx holes, the third and eighth, which he three-putted four consecutive days, he might have been right there with the winner, Jug McSpaden, in the recent \$10,000 Los Angeles event.

McSpaden wasn't around yesterday, but it was just as well for the Philadelphia, for nobody would have been in his part. He and his partner, Watson Hillis, won the best ball event with 61. Hillis contributing three holes in spite of Elly's great performance.

CRESSE LEADS "HIT AND MISS" Y.M.C.A. LOOP

In competition with forty-one other boys, Ronnie Cresse is the present high scorer in the Y.M.C.A. Juvenile "Hit and Miss" league. Ronnie with 134 points to his credit is closely followed by Mike Yanovsky who has 131 points.

Last Wednesday saw the fifth week of the competition which is held every Wednesday afternoon in the Y.M.C.A. gymnasium. A variety of games such as basket ball, Bordon ball, indoor soccer, indoor hockey, bombardment and dodge ball are played as well as relay races on the running track.

The league is designed so that every boy, regardless of his size or ability has an equal chance of winning. Different teams are chosen each week and points are given to every member of the team winning the days' contests. Points are also given for attendance whether the boy is on a winning team or not, while points may also be obtained by bringing in new members.

The contest will be completed on January 26 when the two highest point winners will receive prizes. The following boys have earned over eighty points:

BOWLER GETS THREE STRING SCORE OF 888

Smith's Falls, Ont., Jan. 21.—(AP)—Jim Bigelow, holder of the local five-pin bowling league record, chalked up a three-string total of 888 while bowling in league competition here Tuesday night. In scoring 324-290-274 Bigelow was only off the head pin three times.

DIRECTORS TAKE TWO STRINGS IN BOWLING MATCH

The Board of Directors were in top form as they scored an upset win over the league-leading Maple Leafs in a regular match of the Y.M.C.A. Five Pin Bowling League. The Directors bowled steadily all evening to capture two strings from the Maple Leafs.

In the other scheduled match of the evening, the newly-entered Sherbrooke Machineries crew swamped the Knights of Columbus by winning all three strings.

In the Board of Directors-Maple Leafs game, J. Grime, of the Maple Leafs, was the star trundler as he captured both the high single and the high three-string aggregate. He took the single with a score of 273 and the aggregate with a 749 score.

High single in the Sherbrooke Machineries - Knights of Columbus match went to R. Farr, of the Sherbrooke Machineries, who bowled a score of 252, while his teammate, R. Baril, walked off with the aggregate honors when he trundled a score of 690.

Paper Makers To Clash With Flyers At Richmond Tonight

Still smarting from their 5-4 overtime defeat at the hands of Richmond Flyers on Tuesday, the Windsor Mills Paper Makers go to Richmond tonight to exact revenge for the tough loss which enabled the Flyers to move out of the cellar and into third-place position in the league standing, only one point behind the Paper Makers.

Second place is at stake tonight as the Windsor and Richmond teams clash, for a victory for the Airmen would lift them over the Paper Makers into the runner-up spot.

Given up as lost after the news broke that Roy, Gruhn and Bessette had been suspended from intermediate hockey by the Q.A.H.A., the Flyers surprised district hockey fans by scoring an upset win over the Windsor Mills squad Tuesday and are now conceded a good chance of topping the Paper Makers tonight.

The Airmen played flawless hockey Tuesday and overcame a two-goal Windsor lead to win the game on Jimmy Planche's overtime marker.

Coach Albert Kouri plans to use the same team as Tuesday night to face the Paper Makers in this evening's match. The line-up is as follows: Goal, Bernier; defence, Palmer and McNeil; centre, Jimmy Planche; wings, Emberg and Spier; Flyers second line will be Charlie Rivard, Bill Daman and Bob Caul-

ey, while spare defencemen will be Bob Dunsmore.

The Windsor Mills line-up will also be the same as on Tuesday with Roger Longpre in the nets, Dionne, Emmond, Doucet and Vitkusek on the defence, and Bob Moray, Guilbeault and McLennan on the first line, and Peewee Leblanc, Ernest Leblanc and Charlie Duncan on the second string.

Dallas Grant's charges will take the ice determined to wipe the memory of Tuesday's loss from their minds. The Windsor lads played good games Tuesday and it was a hard match to lose. The Windsor Mills squad also wants to hang onto its second-place position in the league standing, which is now rather flimsy with the Flyers only one point behind. However, the Paper Makers are anxious to keep their lead and will give their best tonight to make sure that they do. The game tonight will be Windsor's second on Richmond ice this season, and they will attempt to repeat their performance in the first game when they trounced the Flyers 6-1 earlier in the season.

Dion Stars In Detroit Nets As Wings Defeat Chicago 4-3

By The Canadian Press
Detroit Red Wings have established a National Hockey League record by using four goalkeepers so far this season, but they are not likely to make any more adjustments in that department unless Dion's current form changes radically.

Since the 25-year-old Cornwall, Ont., product made his first start in the nets against Montreal Canadiens January 13, he has figured in three Detroit victories and one tie. He rose to the heights last night, fending off eight shots in the last two minutes as Red Wings conquered the Chicago Black Hawks 4-3 to stretch their unbeaten string to five victories and one tie in their last six starts.

Manager Paul Thompson flung six forwards over the boards in the last 34 seconds in an effort to tie the count, but they couldn't beat Dion, who seems likely to become a permanent successor to Harry Lumley, Jimmy Franks and Normie Smith as Detroit backstop.

Dion, standing five feet five inches and weighing 140 pounds, is the 14th goalie to appear in the N.H.L. this season but Detroit is the first team in the League's history to use four goalies in one campaign. Dion was discharged from the Canadian Army because of a leg injury.

Playing before 9,222 home fans, Red Wings seized command in the second period on goals by Murray Armstrong and Adam Brown after Modere (Mud) Bruneteau had neutralized Cully Dahlstrom's first-period score for Hawks. Clint Smith and Fido Purpur counted for Chicago in the third but Carl Liscombe clinched things for Detroit with a sizzling 20-foot shot at 8:12 of the same period.

The victory moved Wings half a game away from the third-place Boston Bruins and skidded Hawks deeper into fifth place. Chicago has failed to win on Detroit ice in 17 games over four-year period.

Although there were only two penalties, the tempo and vigor of the contest was reflected in a lengthy list of minor casualties. Virgil Johnson of Chicago and Bruneteau each suffered five-stitch wounds, Brown had three stitches and Earl Seibert of the Hawks two.

The teams:

Karakas	goalie	Dion
Seibert	defence	Quackenbush
Johnson	defence	Jackson
Smith	centre	Armstrong
