

B. C. voters return social credit party

Bennett's majority reduced

VICTORIA — (CP) — The Social Credit party, standing on its record during eight years in office and championing the cause of free enterprise, was returned to power in the British Columbia general election Monday but with a reduction in its majority and share of the popular vote.

Social Credit	32	39
CCF	34	10
Liberals	4	2
Labor	1	1
Doubtful	2	-
Total	52	52

The doubtful seats were Atlin, a northern riding and one of two seats in the Fraser Valley riding of Delta.

Premier W. A. C. Bennett, 60, who has led Social Credit since it first won power in 1952, was returned handily in his home riding of Okanagan South. But two of his cabinet ministers were defeated and a third won by such a slight margin that a recount was considered almost automatic.

FULL-TIME LOSER
CCF Leader Robert Straehan, 46, and all nine of his socialist mates who sat in the last House were re-elected. Liberal Leader Ray Perrault, 34, making his first personal bid for election and his first battle as party leader, won a seat in North Vancouver.

Progressive Conservative Leader Deane Finlayson, 41, became a five-time loser—including one federal appearance—when he fell behind Liberal and Social Credit candidates in North Vancouver. His party didn't elect a candidate.

The Conservatives ran far behind in almost every riding, finishing fourth in 46 constituencies. The Conservatives, Social Credit and CCF contested all 52 seats, the Liberals 50.

The Conservatives ran far behind in almost every riding, finishing fourth in 46 constituencies. The Conservatives, Social Credit and CCF contested all 52 seats, the Liberals 50.

The Communists, who entered 19 candidates, and the five independents trailed the four major parties. Three of 13 women seeking election were successful.

The vote was a record. With returns counted from 93 per cent of the polls, the vote was 941,412 compared with 817,397 in 1956.

Social Credit received 39 per cent of the votes, compared with 46 per cent in 1956. The CCF percentage was 32, compared with 28, the Liberal was 4 com.

Congo confusion Security council recesses

UNITED NATIONS, N.Y. (CP) — The United Nations Security Council has recessed open sessions because of the confusion over who is running the Congo.

The confusion was amplified by the withdrawal of United Arab Republic troops from the UN force in the Congo and the arrival of contesting Congo delegations here.

The council went into a brief session Monday as the situation was getting more and more involved, and U.S. delegate James Wadsworth moved quickly for adjournment.

He explained "there is not much point in talking until you have a sound basis of information on which to speak."

The vote for adjournment was 9 to 2 with Russia and Poland against it.

Unless there was some interim development of supreme importance, it appeared there would be no further meeting of the council before Wednesday.

UNITED NATIONS
The rival factions in the Congo government each sent delegations to argue their viewpoint. One faction headed by Foreign Minister Justin Bomboko represented President Joseph Kasavubu. The other group headed by Thomas Kanza, the Congo's delegate-designate to the UN, represents Premier Patrice Lumumba. Each faction is fighting for control.

Damage by Donna is slight

HALIFAX (CP) — Hurricane Donna brought heavy rain and high winds to most of the Maritimes Monday and early today, but failed to cause much of the trouble expected of her.

The weather office here said the storm was centered early today just west of Caribou, Me., and was moving "very rapidly" to the northeast.

The centre of the storm was expected to pass near the mouth of the St. Lawrence River about 8 a.m. EDT, and then veer towards southern Labrador.

Although the big blow brought winds as high as 80 miles an hour to some of the Maritimes, little damage was reported.

Early reports were that the apple-laden Annapolis Valley of western Nova Scotia got off with less damage than was anticipated. Most fruit farmers were still out surveying their orchards and an accurate picture was not expected until later today.

However, D. D. Sutton of Kentville, said damage was as high as 50 per cent in exposed areas but less in areas where the trees are protected. R. L. Stirling of Wolfville said damage on his farm was about 15 per cent.

Isolated power failures were reported but crews were expected to have things back in order by mid-morning.

A. E. Calkin, manager of the Scotian Gold co-operative, said Monday winds at less than the force which did hit the valley could cause hundreds of thousands of dollars damage to the unharvested apple crop.

The weather office predicted heavy winds for western New Brunswick and eastern Quebec, but said the storm would probably weaken in force as it continued to move inland.

Little damage was reported in eastern Nova Scotia or New Brunswick where the storm had been forecast to hit the hardest. Trees torn from their roots and a few downed power poles were about the most serious damage reported.

Forest fires extinguished

Thousands of acres of charred and smoking forests lay behind hurricane Donna today as she passed over the Maritimes.

The rain brought by Donna snuffed out most of the fires that have flattened forests and driven villagers from their homes for two weeks.

Other fires less heavily hit by rain smoldered weakly. One blaze was believed to have worsened as the hurricane passed, bringing gales near Shelburne on Nova Scotia's southern shore.

The 500 men fighting the fire were withdrawn Monday as Donna charged up the Atlantic Coast, promising to bring rain to put out the fire. Five aircraft were flown back to their bases.

Farmer's Almanac forecast Donna

DUBLIN, N.H. (AP) — Readers of the old Farmer's Almanac weren't surprised when high winds and heavy rains rode into New England Monday with Hurricane Donna.

AT HEIGHT OF THE STORM — Firemen are pictured above last night fighting a fire which broke out at 385 2nd Avenue, South, at the height of the storm which hit the city. However, rain assisted in quelling both this outbreak and another later at the Beaudry lumber yard on Pacific Street.

Storm dumps 3 1/2-inch rain

More than three and a half inches of rain and winds reaching 40 miles per hour lashed Sherbrooke yesterday and last night as outside fringes of hurricane Donna reached the Eastern Townships.

However, little wind damage was reported in the area and even the apple crops in the district were not adversely affected.

The heavy rainfall did serve some measure of good as two fires broke out during the evening during drenching rain and were brought under control quickly.

Firemen from No. 4 station answered an alarm minutes after 9:00 p.m. at 385 2nd Avenue South, for a blaze which caused about \$6,000 damage in a two-tenement apartment house belonging to Mrs. Eva Albert, 373 2nd Avenue, South.

Occupants of the two apartments, a Miss Sangster, and Mr. A. Codere, were not at home at the time the fire broke out.

The second fire call was answered at 11:15 p.m. by firemen at No. 5, at the Beaudry et Fils lumber yard, 1500 Pacific Street.

The Beaudry fire, located in a warehouse where the shavings were baled, is believed to have been caused by a short-circuit. Damage to the upper floor of the building was considerable, but below on the first floor losses were caused mostly by smoke and water.

On 2nd Avenue, fire department reports show the blaze started in the kitchen of the downstairs apartment and spread rapidly to the remainder of the building.

The house and its contents, estimated at about \$6,000, was a total loss.

Unofficial damage estimates at the Beaudry fire reach about \$3,000.

UN lifts restrictions on political broadcasts

LEOPOLDVILLE — (AP) — The United Nations relaxed its restrictions on airports and broadcasting in the Congo today and President Joseph Kasavubu sought quickly to gain the upper hand via the radio.

Congolese troops loyal to the president surrounded the Leopoldville radio station shortly after the UN ban on political broadcasts was lifted.

The radio station had been Premier Patrice Lumumba's first objective after he was released from a brief internment by troops Monday.

Jean Bolikango, designated as minister of information in the Kasavubu-approved cabinet of Joseph Ileo, broadcast his first appeal to the Congolese and announced that Kasavubu has signed new arrest warrants for Lumumba and six of his ministers.

Lumumba was deposed officially as premier eight days ago, by Kasavubu order, but has held onto the job. Bolikango said today Lumumba "is in hiding but we will find him for the good of the country."

UN soldiers had been withdrawn from the radio station and white-helmeted troops supporting Kasavubu put their own machine-guns into position outside the building.

Shortly after his broadcast, Bolikango, before some 40 reporters, pleaded for the West's help for the chaotic Congo.

While stating that Ileo's government will not seek vengeance, Bolikango said Lumumba and others "will have to account for their acts."

Bolikango himself was arrested by Lumumba about 10 days ago on charges of planning to assassinate Lumumba. Troops freed him.

Bolikango said today the troops originally had been for Lumumba but changed sides after "the problem was explained to them."

Best available explanation of Lumumba's release from arrest Monday was that he had convinced his army captors that he already had resigned as premier, and therefore they had no reason to hold him further.

When he left his captors he paraded through the streets shouting "Victory." He tried to gain access to the radio station but failed.

The UN restrictions on air traffic and broadcasting had been for several days a major block to

Nkrumah backs up Lumumba

ACCRA, Ghana (Reuters) — President Kwame Nkrumah threatened today to withdraw Ghanaian troops from the United Nations force in the Congo unless Patrice Lumumba is given a free hand in his bid to control the country.

Nkrumah sent a message to UN Secretary-General Dag Hammarskjold saying Ghana reserved the right to place its troops in the Congo entirely at Lumumba's disposal.

Khrushchev: Protests U.S. curb on travel

LONDON (AP) — Soviet Premier Khrushchev took the United States to task today for restricting him to Manhattan Island while he attends the UN General Assembly.

"In a message from the ship Baltika in mid-Atlantic Khrushchev called the restriction an unreasonable measure which 'cannot be justified by either ideological or moral grounds.'"

Khrushchev made his views known in a cable to the London Daily Express. The cable replied to questions put to him by the newspaper.

"If the United States were guided by good intentions and by the desire really to resolve the urgent problems that are vitally important for all mankind, it would not have wanted to put me in such a position," Khrushchev said.

"NO GOOD WISHES"
"We must be guided not by personal likes and dislikes regarding this or that individual or this and that social system, but must take into account the actual condition obtaining on our planet."

The Soviet leader charged the U.S. government "was not guided by good wishes with regard to the activities" of the United Nations.

"Of course," he said, "I do not claim any special consideration towards myself on the part of the American authorities."

"But I am empowered by my people and government to seek a way to ensure world peace. I have done and will do this with the utmost resolve."

In reply to another of the newspaper's questions, Khrushchev made a bitter attack on UN Secretary-General Dag Hammarskjold for his handling of the Congo crisis.

He charged that Hammarskjold was acting "consciously in the interests of the colonialists and imperialists."

To name Cliche House Speaker

MONTREAL (CP) — Premier Lesage said Monday Lucien Cliche, Liberal member for Abitibi East, will be nominated as Speaker of the new legislative assembly at its first regular session.

Antonio Barrette, leader of the Union Nationale opposition, had agreed to second this choice.

The first regular session of the assembly since the Liberals' victory in the June 22 provincial election is expected to begin about the end of October.

Film is banned

PARIS (AP) — The French government has banned a film which deals with army desertion and the Algerian rebellion. The film Le Petit Soldat (the little soldier) centres around a French soldier who deserts when called to duty in the Algerian war.

Tankers to use Canadian bases

OTTAWA (CP) — American airborne tankers used to refuel U.S. bombers in flight are scheduled to begin operations from four Canadian bases this month, officials said Monday.

The four bases, where the necessary construction to accommodate the tankers has been going on for some two years, are Frobisher on Baffin Island, Churchill, Man., Cold Lake, Alta., and Namao, Alta.

New discoveries about fallout shed New light on the answer to the question:

CAN I SURVIVE AN ATOMIC WAR?

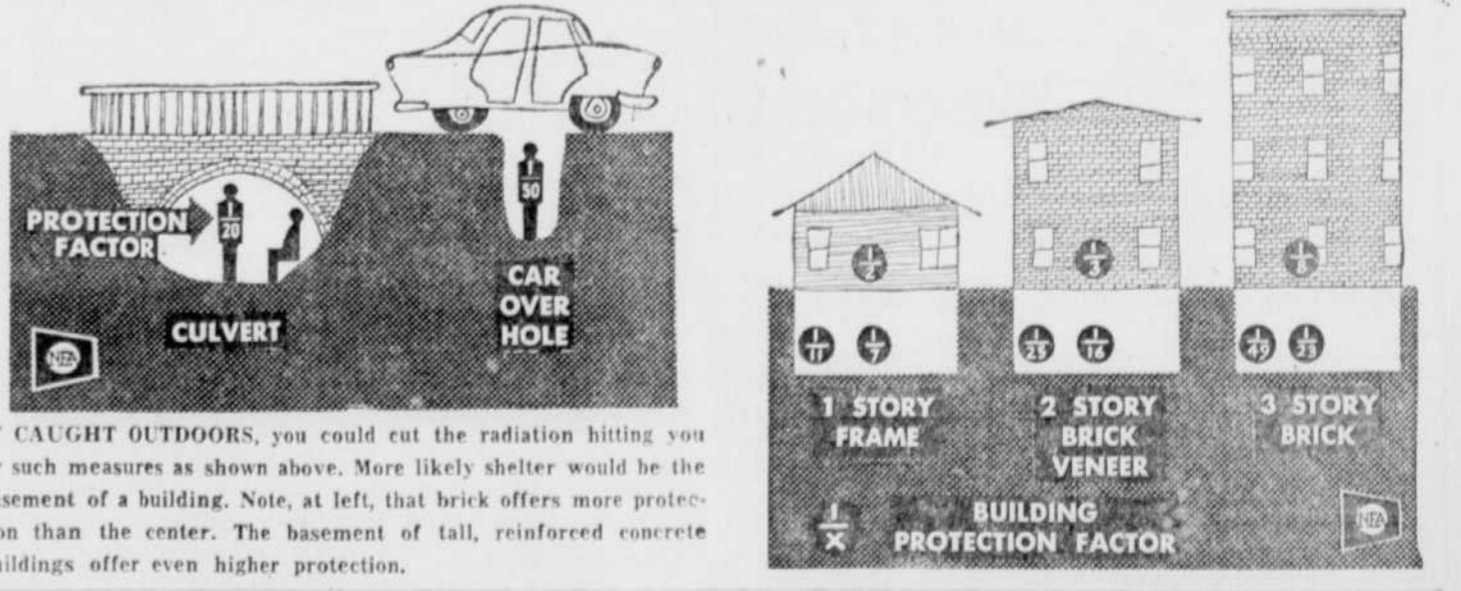

EDITOR'S NOTE: Beginning today we present the first of four vitally important dispatches by Ray Cromley, reporter for the Newspaper Enterprise Assn. They spell out in lucid detail why mankind need not perish in an atomic holocaust — and the relatively simple, cheap steps which you can take to prevent or nullify such an attack.

By RAY CROMLEY (Newspaper Enterprise Assn.)

WASHINGTON — (NEA) — For the first time since Hiroshima, scientists are beginning to talk optimistically about mankind's chances of surviving fullscale atomic war.

New discoveries about the rate of fallout enable them to say:

- Mankind would not be wiped out. Even a hydrogen-bomb "saturation" attack would not do it.
- The idea, which received widest currency in Nevil Shute's best-seller and movie "On the Beach," that H-bomb fallout would gradually engulf the world and wipe out everybody is scientific poppycock.
- Most people who survive the blast effects of nuclear weapons could save themselves. But — and this is vital — they must abandon fatalistic concepts such as "nobody can escape anyway, so why try?" And they must make certain simple survival plans.
- Since no one knows for

IF CAUGHT OUTDOORS, you could cut the radiation hitting you by such measures as shown above. More likely shelter would be the basement of a building. Note, at left, that brick offers more protection than a center. The basement of tall, reinforced concrete buildings offer even higher protection.

certain just what targets an enemy might select, most sensible survival philosophy to adopt is: "I might not be killed by the blast, so I'd better be ready for the fallout."

"On the Beach's" scientifically-incorrect thesis has led to defeatism in Western nations. It has hampered civil defense efforts.

Now, here is the new discovery that revolutionizes civil defense concepts and makes it important for you, your family and your country that you start to do something about shelter NOW.

Fallout would not continue coming down in man-killing doses for months and years, even after mammoth H-bomb attacks. Fallout comes down much faster, when it does come, then dies away much more quickly than the scientists had believed.

This discovery will tell you what this discovery means for you, what you as an individual or

By BOB THOMAS

HOLLYWOOD (AP)—Do crime movie and TV shows incite crime?

The question was brought up again last week when a confessed triple slayer in Hollywood said he killed victim No. 2 after taking her to see the film Psycho.

The stranger insisted the movie did not prompt his deed. Said he:

"I don't know why I did it. I occasionally get a strange urge to kill. Most of the time I get rid of it by watching TV or going to the movies, but sometimes . . ."

The story thus gave ammunition to both sides in the continuing argument about the effect of crime portrayals:

1. Upholders of films could reason that movies offer a vicarious outlet from criminal urges.
 2. Their opponents could argue that the seeing of Psycho and the committing of the murder were too close to be coincidental.
- Alfred Hitchcock, who made Psycho, declined to enter the controversy. Nor was there any comment from the Motion Picture Association, which gave the film its production code seal.

CAN BE STIMULATED

William H. Parker, Los Angeles chief of police, has this to say: "The power of suggestion to persons easily stimulated undoubtedly plays a part in criminal behavior."

Dr. Frederick J. Hacker, psychiatrist head of a clinic in Beverly Hills, said: "I personally do not believe accounts of crimes in mass media create criminals, but they can create a crime in persons predisposed to criminal activity."

Other countries are more sensitive than the U.S. to the treatment of crime and violence on the screen. England, India and Indonesia are among the nations whose censors often make wholesale cuts in Hollywood crime films.

Psycho is an example of the current loosening of the code to permit more daring film material. The principal one of the two murders depicted (the killer's record was six) in an extended killing of a girl in a shower.

By CYNTHIA LOWRY

NEW YORK (AP)—The part of the Miss America pageant that had the viewers in their living rooms on the edge of their chairs Saturday night was a new quiz game with all the dear departed flourishes of The \$64,000 Question.

There was one moment when I wondered when good old Ben Felt and his bark guards were going to deliver up the sealed envelope, containing the vital question: "What would you do if, at a dance, you caught your boy friend kissing your best girl friend?"

However, the spontaneous and Mrs. Raymond Whitcomb over the weekend.

Miss Pauline Methe, of the post office staff, has returned from Lake Placid, N.Y., where she was on holiday.

Mr. and Mrs. Colin Slandish, of Cookshire, and Mr. and Mrs. Blackwood, Knowlton, were guests of the latter's sister, Mrs. John Pope, and Mr. Pope.

The rector, Rev. W. J. White, announced at the Sunday service at St. James Church, that the new prayer books are now available, and all those desiring to purchase the books may obtain them either from the rector, or from the church wardens, Messrs. Percy Terrill and J. Davidson.

Mr. Robert McNamara, of Lennoxville, was with his parents, Mr. and Mrs. Walter McNamara, over the weekend.

Miss Jeannie Wightman, who has spent the summer at Baie d'Urle and recently at St. Andrews by the Sea, New Brunswick, has returned to spend a short time with her parents, Mr. and Mrs. W. R. Wightman, before leaving for St. Eustache-sur-le-Lac, where Miss Wightman will be on the staff of the high school. Others from Bedford, who will be on the staff are Miss Alice Ingalls and Mr. Charles Falcon.

Miss Jessie Cockerline and her sister, Miss Margaret Cockerline, who have spent the summer vacation at their home here, have returned to St. Lambert and Montreal to resume their teaching duties.

Mr. and Mrs. Bruce Kirwin, who have spent the past six weeks in Europe, have returned home.

Miss Wightman and her sister, Mrs. Paul Cheeseman, of Montreal, were guests for the holiday weekend of their parents, Mr. and Mrs. W. R. Wightman.

The flowers on the altar on Sunday in St. James Church were given in memory of Mr. George Rogers Jr., son of Mr. and Mrs. Geo. Rogers, now of Longueuil, former residents of the district.

swear I thought most rewarding in the course of this extra test of American womanhood was the one that came to a demand to describe the ideal wife.

"To be an ideal wife," said the blonde young woman thoughtfully, "means also to be an ideal mother — if you're fortunate to have children."

When I turned off my set at midnight, I felt as if I had been through a long ordeal. The annual affair is not only terribly long and dull but pretentious and corny.

BRUNETTE WINS

Miss Michigan, who won, is a pretty girl with two highly distinctive things about her: She does not sing opera and she is a brunette.

Incidentally, the person who designed all those stairs on the stage hadn't the welfare of the girls at heart. It would have taxed the skill of a veteran showgirl to have walked down that long flight in a swimsuit and high heels and still look poised and unshaken.

Could you survive?

Could you, and members of your family survive an atom war?

This question has occurred — or should have — to every Canadian.

And to help answer this question The Record today presents the first in a penetrating and important series of articles by Ray Cromley, a senior feature writer for Newspaper Enterprise Association a contributing service to this newspaper.

Mr. Cromley, after careful and painstaking research, presents all the latest available facts on nuclear war, fallout and particularly on means of survival.

His articles are not written for sensation. Rather they represent a conscientious attempt on the part of a competent reporter to present all the facts and enable the reader to make his own decisions on this important issue.

The fact that Mr. Cromley and Newspaper Enterprise Association are American and not Canadian need concern no one.

Canada may be uncertain as to her offensive and defensive role in any future war. We may or we may not be part of a common continental defensive plan. But one thing is certain. We would face the same problems of survival as would our American friends.

In Canada we are fortunate in one very important respect. In recent years our government has wisely relegated a major role in survival plans to the Canadian

Army militia. In the Eastern Townships we have witnessed large-scale exercises performed by these troops both in Sherbrooke and in Granby areas.

But much remains to be done. Particularly is this true in regard to the thinking and attitudes of the man in the street.

Originally most of us were given to understand that there was no hope for survival in an atomic war. We are now told that this is not so.

But each of us must find the time to do some constructive thinking if we would save our own lives and those of our loved ones in an emergency.

And let no one say that such considerations and such thought represent war mongering.

Any thinking man, reading the events of the world's news, must force himself to the admission that atomic war, however unwelcome, is at least possible. And the Townships, strategically located as they are, near Montreal with its economic importance and St. Hubert and Plattsburg with their strategic importance — must be considered a danger zone.

We may be out of an immediate target area. But we most certainly would be threatened by fallout in any future war.

And it is about fallout that Mr. Cromley's articles are chiefly concerned.

The Record is privileged to present these articles and has no qualms in recommending them to its readers.

Canada and the Olympics

Canada ended 26th in the unofficial team standings at the Olympic games just ended in Rome.

It was, by common consent, the worst showing Canadian athletes have ever made at any Olympic games. Only the University of British Columbia brought any kind of glory to Canada at all, winning a silver medal.

Many officials and others connected with the games and sports in Canada have already given their reactions. Generally speaking, they add up to a plea for more money.

The general manager of the Canadian team this year, Jim Worrall of Toronto was quoted as saying:

"The results reflect the general condition of Olympic program sports in Canada. They are organized definitely on an amateur basis — there is practically no

paid personnel."

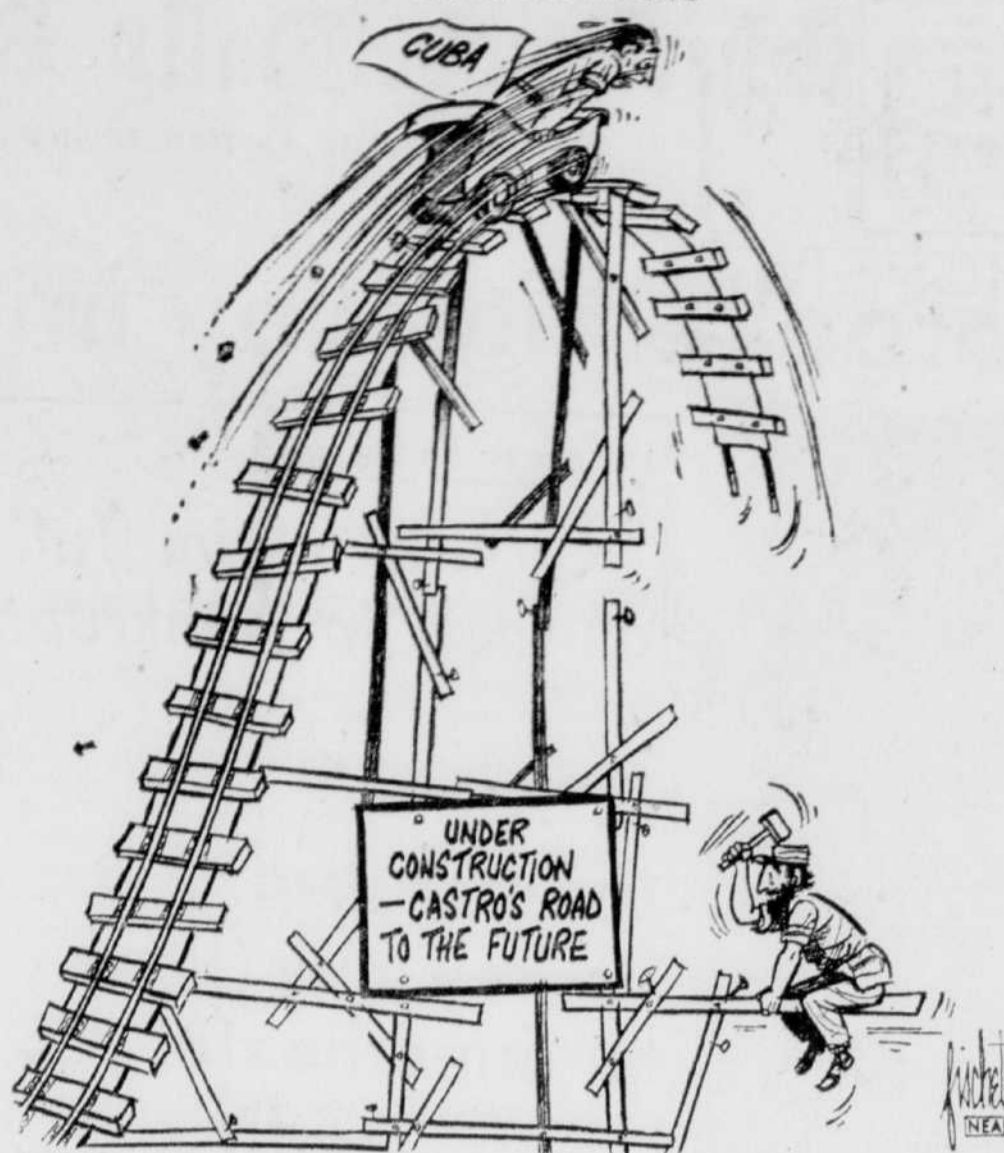

Certainly financial support for Olympic training is necessary in this country, but this is not the only answer to our problem.

Somehow we must find a means for developing a wider appreciation and interest in track and field and other Olympic events if we are to develop performers of Olympic calibre.

It is possible that Canada sent her best athletes to Rome. But is almost certain that they were selected from a very small segment of our population.

What Canada needs is a lot more amateur participants not more professional organizers. And from this larger group, eventually, we would be able to select a team whose performance would be commensurate with our size and position in the world.

Aussies eye decimal currency

By HAROLD TILLEY
Canadian Press Correspondent

CANBERRA (CP)—D-day for Australia will be the second Monday of February, 1963, if the government adopts the recommendations of a committee appointed to report on the introduction of decimal currency.

This would displace the present monetary system of pounds, shillings and pence extended to Australia from Britain in the early days of colonization.

Previous efforts to bring Australia into line with Canada, the United States and other countries using decimal currency have failed because governments piggybacked reports of investigating bodies.

But the climate, politically, socially and economically, now seems to be right for its introduction. The government approved the idea in principle several years ago and appointed the committee which has recommended unanimously for it.

After examining various decimal systems, the committee said it felt that a 10-shilling system had many advantages over others.

It is considered it will take at least two years to educate and otherwise prepare Australians for a switch to something understood by most Canadian toddlers but which means a lot of brainwashing for adult Australians.

An appreciation of what it in-

volves might be gained in reverse by Canadians if they learned that Ottawa had suddenly abolished the decimal system and that in future money had to be calculated in terms of pounds, shillings and pence with 12 pennies making a shilling and 20 shillings or 240 pennies or 480 halfpennies making up a pound.

With a decimal system in Australia, the pound would cease to exist and the highest single unit would represent 100 of the lowest single units.

It is significant that the theme of practically every letter from readers published by newspapers is the naming of the coins to be used. If there is any opposition in principle to the change, it hasn't been vocal.

The committee gave no lead in its report on coin-naming apart from the obvious one of calling the components "cents."

It proposed coins of one cent, five cents, 10 cents and 20 cents and consideration of a 50-cent piece and a two-cent piece.

The experts having dodged naming the principal unit and it now is in the lap of the government. A special nomenclature committee might be appointed.

One named ruled out before anyone comes to real grips with the problem is "dollar." There

seems to be all-round agreement that to call Australia's top currency unit a "dollar" would merely add another burden to all whose work or trade involves them in transactions with a multiplicity of countries with dollars of varying values.

"Austral" has been favored by many. Others argue that an austral would become an "aussie." Its spelling would be corrupted to "ossie" and then clipped to "oz" with the treasurer of the nation being dubbed the Wizard of Oz.

Kanga, kangaroo, boomerang have been unofficially proposed but have received no official backing.

Cost of the change-over is estimated at \$100,000,000 but in time-saving alone the economy would recoup this in little more than one year. From then, the continuing saving to commerce and industry and the added benefits in international trading would be enormous.

Biggest capital outlay would be in conversion or replacement of mechanical calculating and accounting systems and coin-operated machines and the scrapping of mountains of ruled or printed business or banking stationery and school instruction books.

A new tone creeps in de Gaulle creates uneasiness

By ALAN HARVEY
Canadian Press Staff Writer

It seems almost sacrilegious to say so, but a new tone is creeping into comment on President de Gaulle.

There's a distinct chill in the editorial air. Long accustomed to kid-glove treatment, de Gaulle now finds himself treated like an ordinary politician. His press conference last week has created a definite sense of uneasiness in

several Allied countries. Newspaper comment is less inhibited and, taken as a whole, may be an accurate guide to the thinking of governments.

In West Germany, the Sueddeutsche Zeitung described de Gaulle as a "revolutionary." The Spectator, an independent British weekly, said he is trying to peddle a "flushed and fanatic brand" of nationalism.

The Sunday Times, a Conservative paper, reported that de Gaulle's reflections had embarrassed and disturbed the British government.

The Economist, an independent British weekly, said de Gaulle seemed to be a "man from another age, working from the textbooks of half a century ago."

There wasn't much editorial acclaim even in France, though de Gaulle's remarks about the country being "lucid and serene" probably pandered to French chauvinism. The independent paper, Le Monde, had some sharp things to say, and the left-wing l'Express, whose editorials have been consistently anti-Gaullist, was even blunter in its disapproval.

In a news dispatch, it also passed along a warning that de Gaulle is due for a shock in Algeria. Writing from Tunis, Jean Daniel said that Tunisia and the Algerian rebel government are getting ready to announce their "fusion" into one nation, as a means of internationalizing the Algerian question.

Until recently, President Bourguiba of Tunisia has consistently used his influence to try to mediate between France and the rebels. A shift in his attitude would make a big difference.

Algeria apart, the specific criticisms of de Gaulle's Sept. 5 conference are concentrated upon his disparaging remarks about the United Nations and his insistence upon the importance of national sovereignties in Europe. Several commentators contend there is a

Press Comment

CUTTING OUR OWN THROATS

(St. Thomas Times-Journal)

Our importation policies are not wise. Such is the opinion of George L. Wilcox, president of the Canadian Electrical Manufacturers' Association, expressed in a speech at the C.N.E. Electrical Day directors' luncheon.

And we have no doubt it's the opinion of many other business leaders in Canada. "We are almost alone in the world," he said, "as an industrialized nation encouraging importation of manufactured goods from nations with lower wages and living standards."

Mr. Wilcox's remarks supplemented an address at the C.N.E. a few days earlier by Karl E. Scott, executive vice-president of the Ford Motor Company of Canada. Mr. Scott took a different attitude toward a question that might be summarized as "What's wrong with the economy of Canada. Mr. Scott's angle was that New World industrialists who once prided themselves on their technology are now in danger of clinging to outdated methods and attitudes in the face of competition from an Old World that in recent years has had an explosive technological renaissance. Presumably Mr. Scott had particularly in mind the inroads in the automobile industry by the small cars.

"We have a growing market right here in Canada," said Mr. Scott, "for the things our secondary industry can produce. Why then must we ship our raw materials abroad, only to buy them back later in finished form, with the wages of

other people and the costs of other producers added? For a growing and ambitious people, quite capable of manufacturing what we need as well as any other people on earth, this procedure as a national policy simply doesn't make sense.

The remedy for this as Mr. Wilcox sees it, is "increased protection" such as is afforded to industries in other countries that pour their goods into Canada—and these include Great Britain, the United States as well as Japan. Canada's growing population will require 2,000,000 new jobs by 1970, most of which would have to be found in the secondary manufacturing industries, which despite the tremendous efforts of Canadian companies to meet competition from countries abroad was now losing out, product by product, to low-wage foreign producers.

Recent figures of Canadian employment are real cause for alarm, and steps should be taken as soon as possible to meet the situation. Our workers earning \$2 an hour have to cope with competitors who, in Japan for instance, earn \$2 a day. There are specific cases that call loudly for action, such as the radio receiver tubes industry, where in 1957 we imported only 215,000 from Japan and during the current year it is estimated the imports will amount to over 5,000,000. A situation like that so obviously demands redress that even the most rabid low tariff-advocate could not sincerely oppose.

And in other industries also that is what is wrong with Canadian industry.

New second vice-president is named by local group

The morning meeting of the Chamber of Commerce yesterday was chaired by first vice-president Lionel Caron in the absence of President Len Curtis who is hospitalized briefly.

Herbert Simons, manager of the Royal Trust Company was elected second vice-president, replacing Howard Simms.

An Automobile Committee report was given by Lionel Caron who attended the meeting in Granby as representative of the Canadian Manufacturers Association.

A provincial convention of Chambers of Commerce will be held at Quebec October 13, 14 and 15. Lionel Caron will attend as a member of the Board of the Provincial Chamber. Henri Baudot will

also attend on request of the provincial chamber to act as secretary for the tourism committee which will hold meetings during the convention. Andre Leduc will attend as delegate from the Sherbrooke Chamber of Commerce.

In the matter of elections "en bloc" the Chamber agrees with opinions expressed by Mayor Nadeau and the president of the Proprietors League to the effect that the vote registered on referendum was too small to warrant any change in the present system. It is the opinion of the Chamber that people who did not take part in the vote must agree with the existing system.

At the next general meeting September 28, the speaker will be Camille Archambault who is assistant to the president of the Trucking Association of Quebec, Inc.

Ladies Guild Holds Meeting At Bishopton

BISHOPTON — The Ladies Guild was entertained by Mrs. Roy Betts on Sept. 2, with a good attendance of members and two visitors. The work period was spent quilting.

It was decided to send a gift to a sick member in Sherbrooke and to place flowers on the altar of the Church of the Good Shepherd in memory of two deceased friends. Flowers were also to be sent to Mr. and Mrs. Sam Lancaster, who celebrated their golden wedding anniversary on Sept. 4.

Several articles were handed in for the sale later this fall and raffle books were distributed for a quilt and tablecloth which will be raffled at that time.

The next meeting will be with Mrs. C. Vintner on Oct. 6.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just smile a little **FASTEN**, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. **FASTEN** "plate odor breath". Get **FASTEN** at drug counters everywhere.

NEW HIGHWAY ROUTE BETWEEN MONTREAL AND SHERBROOKE — After a lengthy discussion among more than two dozen mayors from communities from here to Montreal, a highway route between Montreal and Sherbrooke has been decided on. The new route proposed does not go through any major centres between Sherbrooke and Montreal. The route is approximately midway between a southern Brome-Missisquoi proposal, and a far more northerly line favored by Sherbrooke. The route would be approximately 80 miles in length. The proposed route would bypass Magog on the north of Brome Lake, Farnham and Berthel, and well south of Granby, entering Montreal over the Nun's Island bridge, presently under construction.

Can I survive? (cont. from page 1)

working with others locally can do to improve your chances of survival if the tragedy of nuclear war were to hit North America. It will not discuss the political dispute over what the federal and provincial governments should or should not do. Nor will it examine the scientific controversy over the long-term genetic effects of massive fallout.

In the general bomb area, it's now known that in seven hours, the fallout of radiating particles drops to a tenth of what it was after one hour. In two weeks it's down to a thousandth.

In most places you could be saved from death if you stayed "sheltered" for two weeks. Fall out shelters can be makeshift, extremely cheap and simple.

In some places, you would be able to save your life if you dug a hole in the ground, drove your car over it, then jumped in the hole. That would cut radiation hitting you to a fifth of what it was "outside."

If you rushed to the interior halls on the third to ninth floors of a 12-story reinforced concrete office or apartment building, you could cut radiation by 50 times. Or in the sub-basement by 1,000 times.

If you could somehow get the equivalent of three feet of dirt above and around you, you would be safe from fallout.

It's now known you would usually have time — unless you were hit by the blast — to get to a place safe from the worst radiation. That is, if you know what you're doing.

Even if an H-bomb hit without warning, you probably would have about 30 minutes before heavy fallout hit you. You might have hours. Perhaps a day. It would depend on how far away the bomb is, the direction and the high level air currents.

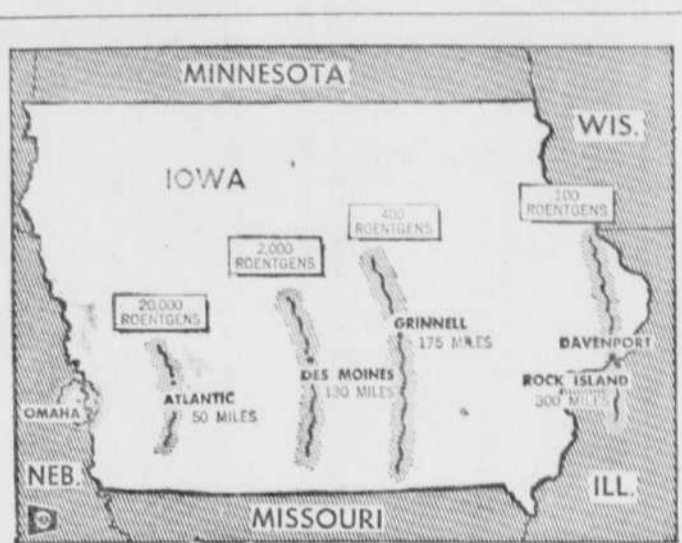

To get a rough picture of what fallout protection you would need take one super 10-megaton H-bomb striking Offit Air Force Base, near Omaha, Neb. It's an average summer day, wind from the west.

Blast and fire devastation would spread out 10 miles within a minute. Six hours later, fallout would spread 130 miles to Des Moines. In 18 hours, fallout would reach 300 miles to Davenport-Rock Island on the Mississippi.

Assuming normal winds, the first two week dose could hit 20,000 roentgens 50 miles away, at Atlantic, Iowa. It might be 2,000 roentgens at Des Moines, 130 miles off, 400 roentgens at Grinnell, 175 miles, and 100 roentgens at Davenport-Rock Island, 300 miles from zero.

Roentgens are the unit measures for the gamma, ray and X-ray radiation content in the air.

Medical experts figure you would have a 50-50 chance of living through 450 roentgens the first two weeks. They think you

IF A SUPER H-BOMB hit Offit Air Force Base outside Omaha on an average summer day, fallout over two weeks could accumulate to the figures on the map. Roentgens are the units in which gamma and X-ray radiation are measured. First fallout would hit Des Moines in six hours, Davenport-Rock Island in 18.

could take up to 200 in that time without being incapacitated. You could take more over extended periods of time.

Over much of the fallout area, you could live by staying indoors for 14 days. A frame house cuts radiation in half.

Under these conditions at Davenport-Rock Island, 300 miles from the bomb, a man indoors would receive 50 roentgens. In Iowa City, 230 miles from the blast, his 14-day dose would be 100.

In a war, there would be many strikes. Fallout patterns would overlap. In some places — perhaps many places — a man out-

side might be exposed to 40,000 roentgens the first two weeks. That requires a shelter able to cut radiation 99 1/2 per cent, leaving you with a maximum two-week dose of 200 roentgens.

Medical men calculate this would save the life of most any one not killed by blast.

People living or working within 10 miles of targets so important they're likely to get the super 10-megaton bombs had better figure out some way to get out before the bomb hits. Or have a blast shelter.

(NEXT — Survival depends on you.)

Glossary of Survival

FALLOUT — When an atomic bomb explodes at or near the earth's surface, the heat vaporizes large quantities of the earth or water right under the explosion. The rising fireball also sucks up additional large quantities of debris. Much of this displaced material rises as high as 20 to 25 miles in the mushroom cloud. It becomes mixed with and impregnated by the radioactive fission products of the weapon. As the heat dissipates, the thousands of tons of irradiated material are carried by winds and spread over hundreds or thousands of square miles in the form of dust which eventually falls to earth.

FALLOUT RADIATION — Almost all of this radiation consists of gamma rays, which are almost like the X-rays doctors use for "photographs" of your chest.

ROENTGENS — The units in which gamma-ray and X-ray radiation are measured. Every normal atom, whether in your body or not, has one or more electrons orbiting around its core or nucleus. Roentgens are a measure of the number of the electrons which the radiation knocks out of orbit. When it's atoms in your body that are affected, enough of this, of course, will harm you — or kill you.

GROUND ZERO — The point on the ground at or directly below where the bomb explodes. If it's a blast on or near the ground, one mile from ground zero is one mile from the explosion.

MEGATON — A one-megaton bomb is the equivalent in blast to one million tons of TNT.

Attacks bad influences

Judge Redmond Hayes attacked the bad influence of certain movies, television programs and unfavorable companions on today's youth in District Court yesterday before sentencing a 19-year-old youth to three months in jail for carrying dangerous weapons without a permit.

Michel Morin, 19, of Sherbrooke was apprehended on a city street on August 29 with a dagger and a 10-inch bayonet in his possession.

Crown Prosecutor Benoit Turmel requested an exemplary sentence as the young man had previously spent two years in reform school following a car theft he had committed.

"Nowadays, we see too many pictures that depict the seamy side of life. The youth of today are unfavorably influenced and troublemakers are on the upgrade. We must put an end to this tendency by imposing exemplary sentences where necessary," concluded Judge Hayes.

Deanery meeting Sept. 15

SUTTON—The fall laymen's banquet for Brome-Shefford Deanery will be held on Sept. 15 in the Parish Hall here. Tickets may be secured from L. Breece. An outstanding layman from the American Episcopal Church, Robert B. Doing, will be guest speaker.

Mr. Doing was a vice-president of the New York Telephone Co., from which he resigned in 1959. Since 1956 he has been conducting missions in the United States, Canada, New Zealand, Australia, South India, Athens, Paris, Geneva and Amsterdam.

Because only a limited number in the parish will be able to hear Mr. Doing at the banquet, he will remain in Sutton and speak in Grace Church on Friday evening, Sept. 16, at 7.45. This meeting, which is open to all denominations, will be followed by a showing of travel pictures of the various countries visited by the speaker.

The annual Deanery service will be held Sunday evening, Sept. 18, in St. Luke's Church, Waterloo. Rev. R. S. Newman will be guest speaker.

Owing to the Deanery service there will be no evening service in Grace Church on Sept. 18. Evening services will begin Sept. 25.

Sherbrooke Oasis Club pilgrimage

Members of the Oasis Club in Sherbrooke took part in the 6th annual pilgrimage for the blind of the diocese of Montreal, organized jointly by the St. Lawrence Club of the Blind and the Canadian National Institute for the Blind, at the Chapel of the Reparation on Sunday. Over 450 blind persons and guides were present at the Mass, said by Father Jean Cypriot, director of the Louis Braille Institute, and for the Way of the Cross in the afternoon. Groups of blind pilgrims also came from Granby, St. Jerome, Lacute and other centres in the province.

Welcoming the pilgrims was Albert Marion, President, the St. Lawrence Club of the Blind and W. E. Milton, superintendent, Quebec division, CNIB.

A bus service picked up the pilgrims from different parts of the province and expenses incurred were absorbed by the CNIB and the local Club.

SIMCA WINNER — The weekly Simca drawing was won by Mrs. E. Beaulieu, 298 High Street, Sherbrooke. Shown above is Marcel Savard giving Mrs. Beaulieu her cheque for \$100. Standing on her left is Mr. Wilson of Lennoxville, extreme right Mort Vineberg. The drawings are sponsored by 68 stores in Sherbrooke. Each week buyers from the 68 stores win cash prizes of \$25 and \$100. Each drawing will lead up to the final drawing of a Simca car. Tickets are given for every dollar purchase at any one of the stores sponsoring the Simca drawing.

Named top secretary in city

Mrs. Hamilton Pare, 370 Chateleine Street, Sherbrooke, was named Miss Sherbrooke Secretary by the Remington Rand Company today.

Mrs. Pare leaves Wednesday morning for Montreal to compete against secretaries from Montreal, Ottawa, Quebec City and Halifax in the regional finals to be held Wednesday.

Regional finals will also be held in Vancouver, Edmonton, Winnipeg, and London, Toronto. The six winners of each of the Regional finals will go on to Toronto to compete against each other in the finals on September 30.

Science Now Shrinks Piles Without Pain or Discomfort

Foods Substantiated That Relieves Pain, And Itching As It Shrinks Hemorrhoids. Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience. In case after case, while gently relieving pain actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made statements like "Piles have ceased to be a problem!" This secret is a new healing substance (Bio-Dyne)—discovery of a famous scientific institute. Now this new healing substance is offered in suppository or ointment form called Preparation H. Ask for it at all drug stores—money back guarantee.

Explorers Group Visits Boundary Of Indianapolis

DERBY LINE — A group of the Indianapolis, Indiana, Explorers and their leader, Bill Moore, left for home on Sept. 1 after spending a week in this area.

The group toured historic sites in Bedford, Penn., Gettysburg, West Point, Lake George and Fort Ticonderoga.

Some of the boys camped at Crystal Beach, Barton, the others at Lake Memphremagog. The latter group toured the international lake in their canoes, climbed Owl's Head Mountain and visited other places of interest here.

On Wednesday evening, with Boy Scouts from Derby Line and Eden Troops and friends, they were guests at the Lake Salem Hitchcock of Mr. and Mrs. Wayne Hitchcock of Derby Line.

Two of the Indiana boys, one a middleweight, the other heavyweight, champions in judo, gave an excellent demonstration. After this a corn roast was enjoyed.

The Indiana Explorers Post was started in Indianapolis by Bill Moore, a former Boundary community youth who was an active member in the Stanstead Boy Scout Troop. Mr. Moore started his troop with 10 boys about 18 months ago and now has an enrollment of 37. The Post has organized teams, such as the Judo team, barber shop singers, etc.

Through their efforts the boys raised enough money to buy their own bus, which was used for the first time on this trip, and also the camping equipment. Their return route will take them to Montreal, the St. Lawrence Seaway and Cornwall, Ont., where they will be guests of a Canadian Boy Scout troop before going to Niagara Falls, Ont., and New York, then on to Indiana.

The travellers had a good time here and were impressed with the beauty of the New England States and international waters of Lake Memphremagog.

An unfortunate incident occurred on their first night in Vermont; when stopping overnight on the Burlington highway outside of Newport, a quantity of camp equipment was stolen while they were setting up their tents.

BIRCHTON — Mr. and Mrs. George "Bud" Miller were hosts at a family reunion at the old Miller homestead. Present with Mr. and Mrs. Miller and their sons, Stephen and Allen, were Mrs. Bruce Miller (mother) of Sherbrooke, who had been their guests for two weeks; Mr. and Mrs. Osgood Miller, Rickey and Arlene, of Toronto, Ont.; Mr. and Mrs. Phil Loubier (Evelyn) of Sherbrooke; and Mr. Don Miller, of Mimico, Ont. Mrs. Ward (Ruth) of Ancaster, Ont., was unable to be present. Mr. and Mrs. George Miller and their sons are the fourth and fifth generations of the Millers on the old homestead.

Guests of Mr. and Mrs. Orrin F. Bailey were Mrs. William Patterson, of Nakoma, N.H., and Mrs. Evelyn Haseltine, of Moe's River.

Mr. and Mrs. Oscar Desruisseaux have returned after spending two weeks in Ayer's Cliff and Sherbrooke, where they had charge of the dining-hall at the respective fairs.

Mr. and Mrs. Orrin Bailey spent the holiday weekend with Mrs. Howard Rogers. Rev. and Mrs. J. A. H. Plowright were guests of relatives in Ditchfield for several days.

On August 30, on his fifth birthday, Master Stephen Miller was host to some 15 friends. From the sidelines, it appears to have been a most happy occasion.

Mr. and Mrs. Neil Taylor and children, David and Debbie, spent a week in the Border States and were guests of Mr. Myron Chappell, in Swanton, Vt., and of Mr. and Mrs. Paul Taylor, in Tamworth, N.H.

Mr. and Mrs. Carl Jackson and family, of Franklin Centre, were guests for several days of Mr. Jackson's parents and brother, Mr. and Mrs. Percy Jackson and Mr. Merrill Jackson.

Mr. and Mrs. Jack Murray visited in High Forest with Mrs. Murray's brother and sister-in-law, Mr. and Mrs. Clive Thompson. Mr. Thompson has just returned home after spending eight months in the Queen Mary Veterans' Hospital in Montreal, for treatment and a leg amputation.

Mr. Charles Harbison, of Port Credit, Ont., spent the holiday week-end with his parents, Mr. and Mrs. Robert Harbison Sr.

SWEETSBURG — Mr. J. A. Ritchie, administrator of the Brome-Missisquoi-Perkins Hospital, has returned from a vacation of two weeks from his office in the hospital.

OBITUARIES

MRS. CARL MOSHER, OF Ayer's Cliff.

AYER'S CLIFF — Mrs. Carl Mosher passed away at her home here on Monday, Aug. 8, 1960, following years of frail health.

The deceased was born in Boynton, May 9, 1876, the last of 10 children born to Israel Brown Brainerd and Naomi E. Quimby.

In October, 1902, she married Carlos G. Mosher. They had five children, Wayne, who died in Sept., 1903; Doris S., K. Lorne, Leland D. and Wayland, all surviving. She also leaves eight grandchildren, and two great-grandchildren.

The funeral service was held in Beulah United Church on Wednesday, Aug. 10, with a large attendance of relatives and friends from the surrounding district. Rev. A. W. Seaton officiated and the choir sang the hymn, Eden Home.

The bearers were friends and neighbors, M. E. Leavitt, C. C. Sloggett, Fred Fisher, T. W. Dustin, C. L. Tyler and A. H. Slack.

Interment was in the family lot in the Ayer's Cliff cemetery. Mrs. Mosher was a devoted wife and mother, but due to frail health during her entire lifetime lived a retired life, devoting herself to her family and granddaughter Kathleen. Mrs. Ross Gillis, who was cared for by her grandparents until after she received her education.

MRS. MARY MacDONALD, OF LEBANON, N.H.

Formerly of Marsboro, LEBANON, N.H. — Mrs. Mary MacDonald passed away at her home on Aug. 29, 1960, after a few months' illness.

Mrs. MacDonald was born in Harris, Scotland, in 1873, daughter of the late Samuel Morrison and Alexandra MacKay. She came to Canada with her parents in 1887 and was married to the late Murdoch MacDonald in 1896. They took up residence in Edgartown, Mass., until 1901, where they returned to Marsboro, Que., where they lived until Mr. MacDonald's death in 1950.

Survivors are a sister, Mrs. R. E. Morrison, Verdun, Quebec, three sons, Samuel B. MacDonald, of Springfield, Mass., Donald, of Springfield, Mass., and Harver, N.H.; five daughters, Mrs. Katherine Pelow and Mrs. Merdina Klaus, Springfield, Mass.; Mrs. Alexina Gilbert, Valleyfield, Que.; Mrs. Dorothy MacKenzie, Lebanon, Miss. Mary Ann MacDonald, Boston, Mass. She also leaves 21 grandchildren and 28 great-grandchildren.

The funeral which was largely attended by her many friends and relatives, was held at Lake Megantic, Que., on Aug. 31, in St. Andrew's Presbyterian Church Rev. R. Sanford conducted the service.

The choir sang Softly and Tenderly Jesus is Calling. All the Way My Saviour Leads Me favorite hymns of the deceased. The organist was Mrs. Bert Crandall.

Bearers were two grandsons, Wesley Pelow and Lloyd MacDonald and four nephews, Lawrence Rider, Bert Prophet, Alex MacDonald and Eldon MacDonald.

Interment took place in the Echol Vale Cemetery.

MRS. A. MONTGOMERY, OF SAWYERVILLE

SAWYERVILLE — The sudden death of Mrs. Auvern Montgomery occurred on Aug. 8, 1960. She had been in poor health for the past 10 years.

The former Bertha Gladys Bates, daughter of the late John Bates and his late wife, Charlotte Paige, was born at Leaned Plain on March 10, 1897. She was married to Auvern (Bert) Montgomery, of Randboro, in 1917, and they lived at Randboro until moving to Sawyerville 10 years ago.

Mrs. Montgomery was a member of the Anglican Church and a former member of the Randboro Guild.

She is survived by her husband; three sons, Dalton, of Sawyerville, Graydon, of East Clifton, and Paul, of Montreal; a daughter, June, Mrs. Garth Harrison, of Bury; six grandchildren, Barbara, Karen, Robin, Joyce and Cynthia Montgomery and Elizabeth Harrison; also a brother, Clayton Bates, of Dovercourt, Alta.

Prayers were held at the Sawyerville Undertaking Parlors on Aug. 11, at 1.45, followed by service at the Anglican Church at 2 p.m., conducted by Rev.

Canon W.C. Dunn, of Cookshire. The hymns, Unto The Hills and Breathe on Me Breath of God, were sung. Bearers were Douglas Twyman, Fred Robinson, Floyd French, George Loveland, John Jones and Brian McDermott.

Burial took place in the family lot at Maple Leaf. Among those present were Mrs. James Thompson and Mrs. Whitney, of St. Johnsbury, Vt.; Mrs. Ouisie Gillander of Henniker, N.H.; Mr. Clayton Bates of Dovercourt, Alta.; Mrs. Jack Allen, of Levesurier, Mr. and Mrs. Roy Montgomery and Miss Beth Montgomery of Sherbrooke, Mr. and Mrs. Garth Montgomery of Lennoxville besides other relatives and friends.

MRS. E. A. SEALE, OF COOKSHIRE

COOKSHIRE — Mrs. E. A. Seale passed away suddenly in Knowlton on Sunday, Aug. 21, 1960.

Mrs. Seale, the former Christina Bruce Cameron, was born at Dewittville, Que., on July 21, 1884, and received her education

at the Huntingdon Academy. She married Edward A. Seale, of Cookshire, and lived in this town for many years, her husband being in the lumber business. There was one son, Cameron A. Seale, who passed away seven years ago. In 1947 Mr. and Mrs. Seale moved to Knowlton, where Mr. Seale died eight years ago.

For the past year Mrs. Seale had been living with friends in Cookshire, and went to Knowlton to sell her home and furnishings over the weekend. This effort proved too much for her strength and she passed away in her sleep.

Mrs. Seale was an ardent church worker and had maintained her membership in Trinity United Church, Cookshire. Her home was always open for women's meetings and she took an active part up to the time of her death.

The funeral service was held in the chapel of Collins Funeral Home, Sherbrooke St. West, Montreal, on Tuesday, Aug. 23. Interment was in the Montreal Memorial Park.

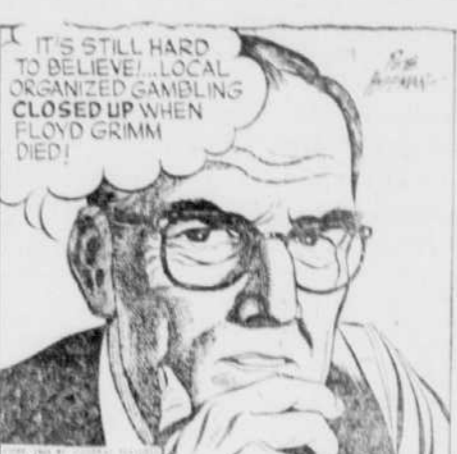

She is survived by two sisters, Ethyle, Mrs. A. H. Dawson, Huntingdon and Myrtle, Mrs. H. A. Paquette, of Montreal.

Dr. Evan Turner to address Canadian Club

At the opening meeting of the Women's Canadian Club, to be held on Thursday, September 15th at 1 p.m., in the Mayfair Room of the New Sherbrooke Hotel, Dr. Evan Turner, Director of The Montreal Museum of Fine Arts will be the guest speaker. At thirty-one, Dr. Turner is the youngest head of an art museum in Canada.

Born in Orono, Maine, he is the son of Mr. and Mrs. Albert M. Turner, both of whom were associated with the English Department of the University of Maine. Dr. Turner was educated in Orono public schools and graduated from Harvard in 1949. He obtained his M. A. degree from that University in 1950 and his Ph. D. four years later.

He studied and trained in conservation and in 1950, while still

studying, acted as curator of the Robbins Art Collection, Arlington, Mass.

In the period between 1950 and 1952, he was also supervisor of the Dozent program of the Fogg Art Museum and a teaching fellowship in art history at Harvard University.

From 1952 until 1953, he held the Bacon Travelling Fellowship from Harvard, working in London, England, on his Ph. D. thesis.

On his return from abroad, he was appointed lecturer and research assistant at the Frick Collection in New York. In the autumn of 1955, he was appointed general curator of the Wadsworth Atheneum, and in the spring of 1958, Dr. Turner was named to serve as assistant director of the Atheneum as well as general curator.

With his wife, the former Brenda Bowman of Boston, a graduate of Bryn Mawr, he wrote a 200-page handbook serving as an introduction to the Atheneum's collection.

Summer Weddings

ERYOU - STEVENSON

BEEBE - A pretty summer wedding took place in Wesley United Church, Beebe, on Saturday, August 13 at two o'clock, when Velma Marion Stevenson, daughter of Mr. and Mrs. Allan Stevenson of Beebe, became the bride of Richard James Eryou, son of Mr. and Mrs. Reginald K. Eryou of Graniteville, Que.

Rev. R. W. Rogers performed the double ring ceremony and was assisted by Rev. Frank Stanton. The wedding music was played by Miss Evelyn Purcell who accompanied the soloist, Mrs. Lawrence Goodsell in the rendition The Lord's Prayer and Together. Baskets of gladioli were used to decorate the church and the pews were marked with white satin bows, each centered with a gladioli bud.

Given in marriage by her father, the bride was in a street length dress of white nylon organza and Alencon lace. The fitted lace bodice featured a scalloped neckline and cap sleeves. The skirt was styled with a full front and back lace edged aprons of organza caught in a deep gather at either side of the waist. Her shoulder length veil of tulle illusion was attached to a cap of organza and lace trimmed with seed pearls and she carried a white Bible with a white orchid, and lilies-of-the-valley. Her jewellery was a silver cross, the gift of the groom.

Mrs. Douglas Witherspoon, matron of honor for her sister, wore a dress of blue nylon chiffon styled with a deep V neckline. The waistline was accented with a wide cummerbund. She wore a white feather cap and carried a bouquet of pink carnations.

The bridesmaid, Miss Barbara Shepard, was in a princess style dress of blue nylon chiffon over

Women's Groups

ST. PAUL'S LADIES GUILD
The opening fall meeting of the St. Paul's Ladies Guild was held in the church hall with the president, Mrs. G. Carleton, in the chair.

Plans were made for a rummage sale to be held on September 21, and for a bridge on October 11. Mrs. D. Sangster and Mrs. A. Taylor will act as card conveners. Mrs. A. Fearon and Mrs. H. Buckland will look after the kitchen.

It was reported that flowers had been sent to several Guild members who had been ill during the summer.

The next meeting of the Guild will be held on September 21 in the church hall with the members acting as hostesses.

C.W.L. MEETING

The September meeting of the C.W.L. Our Lady of Good Council, took place on Wednesday, September 7 in Canon Fissette Memorial Library; the President, Miss Arlene Hand, was in the chair.

After the opening prayers and a word of welcome to the members, the President outlined the program for the 1960 Fall Season. The St. Patrick's Parish Supper will take place in the Church Hall on October 13, and the annual retreat for members and friends on November 4 and 5 at the Redemptionist Retreat House, Beckett Road. Anyone wishing to make their retreat, please contact Mrs. B. W. Murray, Terrill Ave.

Miss Hand then spoke on World Refugee Year and said it was the earnest desire of the National Council, C.W.L. Ottawa

that each member of the League throughout Canada donate \$1. towards this most worthy cause as well as 25c to Father Peyton, Crusader for the Family Rosary. This money will help provide for a million rosaries to be distributed in Chile.

The Convener for visiting the sick at the various hospitals throughout the city reported a very active summer. Convener for the Cancer Clinic stated that eight workers had made over 4000 dressings.

Refreshments were served later bringing the meeting to a very satisfactory close.

ST. PATRICK'S MOTHERS GUILD

The first monthly meeting of the St. Patrick High School Mothers' Guild was held in the school cafeteria on Thursday, September 8, with the president, Mrs. Dolly Latulippe in the chair. The meeting was opened with a prayer by Father Quenneville, the new principal of St. Patrick High School.

Minutes were read by Mrs. Isabel Gingras, followed by the treasurer's report given by Mrs. Helen Duval.

Father Quenneville then asked the co-operation of all the mothers with regards to studies at home and stressed the fact that the boys should always be properly and neatly dressed when attending school.

Preparations for the annual card party to be held on Tuesday, September 27th, were discussed. Ticket Convener is Mrs. Shirley Lacharite. The meeting adjourned after which refreshments were served by the hos-

L'ville Church Rally Service on Sunday

Members of the Christian Education Department of the Lennoxville United Church made plans for a rally day service to be held on September 18 at 9:30 p.m. when they met recently in Scott Hall under the chairmanship of Mrs. T. A. Judson. Members of the Senior Sunday School, Mission Band, Explorers, and C.G. I.T. will attend the rally. It is hoped that parents and friends will also attend this service to support and encourage these groups in their work.

The Department also decided to continue the baby-sitting service in order that couples having children under Sunday school age will be able to attend the 11 o'clock service.

Another feature of the Department's program is an all day workshop for leaders and teachers to be held on September 24. A reminder was given that leaders and teachers are still needed for young peoples work.

Personals

Recent guests of Miss Edith J. Quinn, Queen St., Lennoxville, were Mrs. W. P. Haggart, Miss Lottie Donaldson and Mr. and Mrs. Hickey, of Berlin, N.H.

Mrs. William Price, who spent the summer months with her daughter, Mrs. Gerald Gingras and Mr. Gingras, Academy St., Lennoxville, has returned to her home in Moosomin, Sask.

To Observe 56th Anniversary

Congratulations of their many friends will be extended to Mr. and Mrs. H. I. McFadden, Stansstead Highway, on Wednesday, September 14, when they will celebrate the 56th anniversary of their wedding.

Beauty Tips

Brushing and hair health go hand in hand. Brushing also contributes to easier hair setting.

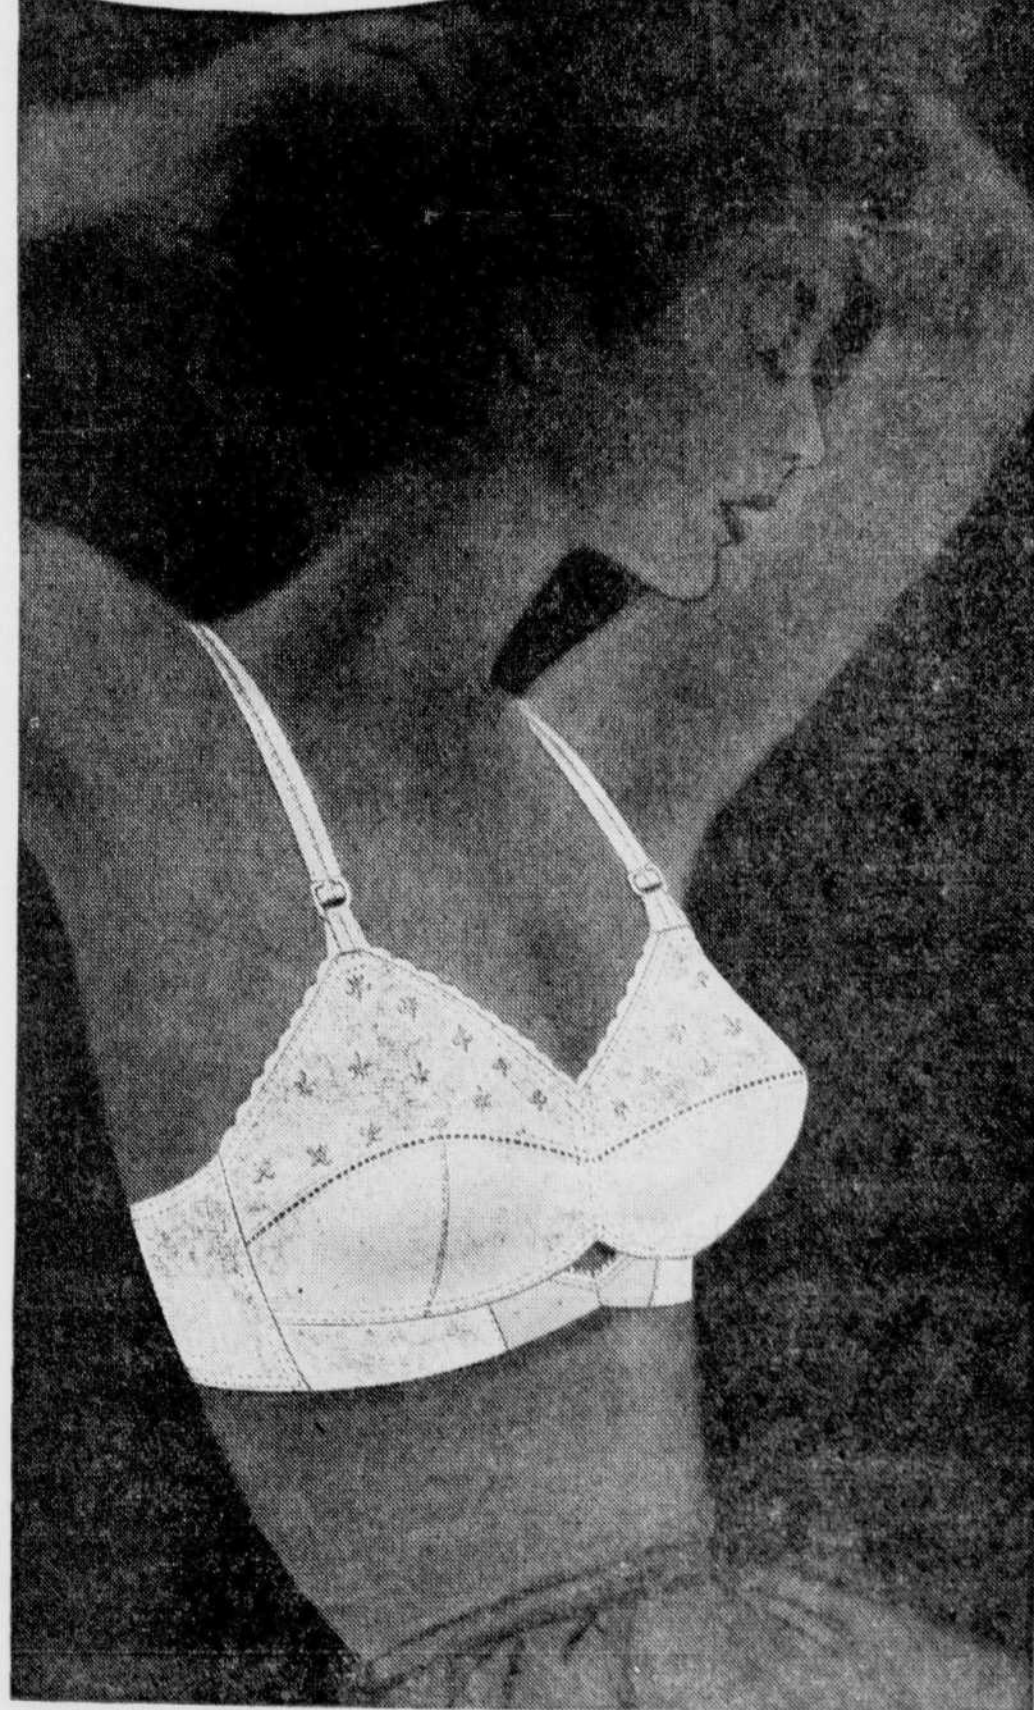

Treat lips gently by completely removing all lipstick at bedtime and applying a lip pomade.

esses: Mrs. Helen Duval, Mrs. Stock, Mrs. Stella Fabi, Mrs. Shirley Lacharite, Mrs. Therese Mullin and Mrs. Alice Girard under the convener'ship of Mrs. Gilblain.

How to kindle love's light or wild fire in gal's eye

Ask any woman and she will admit that—

Nothing makes her take such a critical look at her own house as knowing that she is going to entertain her sewing circle next week.

Nothing makes her take such a hard-eyed, uncompromising look in the mirror as knowing she is going to see an old beau she hasn't seen in years.

Nothing makes her madder than to have her husband criticize her cooking or her housekeeping.

Nothing gets her dander up like having another woman she knows is as old as she is pretend to be younger.

Nothing burns her up like having another woman feed her husband the kind of flattery she stopped feeding him as soon as she caught him.

Nothing irritates her quite so much as to have her husband begin searching for something that has been put away and forgotten for years 15 minutes before guests are due for dinner.

Nothing makes her abandon motherly modesty as fast as having another mother brag without restraint about her own children.

Nothing a teen-age daughter ever says to her makes her feel more frustrated than "Oh, Mother..." when she makes what she thinks is a helpful suggestion.

Nothing makes her prouder than to have her husband proudly acknowledge that he couldn't get along without her.

Nothing endears another woman to her like having the other woman ask for advice.

Nothing makes her feel so old as having her children look surprised when she reminds them that she hasn't completely forgotten what it was like to be young. Nothing makes her husband

look so good as having lunch with a divorced woman friend.

Yanks Open In Kansas City Holding One-Game, Lead, Orioles Clash With Leaders On Weekend, Sox At Detroit

The New York Yankees take a one-game lead into Kansas City for the opener of a two-game series tonight while the Baltimore Orioles, second in the American League race, play the first of two at Detroit. For the Yankees, it's the end of a road trip—but for the Orioles it could be the end of the road.

The Birds, still laying eggs when they perch on top, started the seven-game western tour with a 25-12 record in the west. Now, with two games left on the trip, the Birds have lost three of five, are two games behind the Yankees in the "lost" column—and have a four-game show-down looming at Yankee Stadium this weekend.

SOX IN PICTURE

If you're wondering about the Chicago White Sox, they come in with mention of the Yankee-Orioles series. The defending champs have won five in a row and trail by three games. They play two with Washington, beginning tonight in Chicago, and play four this weekend in Detroit with a chance to move in while the Orioles and Yankees have at each other.

The contenders had a breather with an open date on the AL schedule Monday.

If the Birds trail by two going into New York, they'll have to win three of the four to regain first place—and they've won just once in seven tries at Yankee Stadium this season.

PLAY 500 BALL

The Orioles have played only 500 ball (44) since grabbing the lead from the Yankees in a three-game sweep at Baltimore a week and a half ago. It's a skid that's nothing new. Since leading the AL for 14 of 15 days which bridged May and June, Baltimore four times has battled to the top, only to fall.

The Yankees, who have won four in a row, have dropped only one of six in their final swing through the west. That lone defeat was at Chicago, where the White Sox then swept from Baltimore and two from Boston for their winning streak.

Chicago, like the Orioles, has only 15 games left. The Yankees have 17, and their run-in with Baltimore is the last head-to-head showdown among the contenders.

KIWANIS CLUB HONORS LITTLE LEAGUERS — The Sherbrooke Kiwanis Club played hosts to members of the Little League club who performed in the circuit the past season at their weekly meeting last night at the New Sherbrooke Hotel. In the rear are President Bud Howard, Manager Jean-Claude Loignon and coaches Bruce Smith and Ivan Charland. In the front are the players, Peter Palmer, Richard Walker, Robert Nolet, Pierre

Lacaille, Norman Gingués, Michael Goulet, Francis Martel, Andre Goulet, Serge Cabana, Michael Bergamin, Alain Bilodeau and Jean-Paul Hamel. Each player received a gift from the club. Other guests were, Bill Smith, vice-president of the Little League and Ted Anderson, Public Relations Officer. (Photo by Gerry Lemay)

17-Year-Old Negro Signs For Top Bonus

PITTSBURGH (AP) — Chicago Cubs Sunday announced the signing of a 17-year-old Negro boy to the second largest bonus contract ever paid by the club.

He is Mack Kuykendall, a right-handed pitcher, first baseman and outfielder from Anadarko, Okla. The bonus he got ranges between \$60,000 and \$125,000, one source said. He is six feet, four inches tall and weighs 210 pounds.

Kuykendall will be sent to the Cubs Mesa, Arizona team in the newly-formed Arizona Instructional League.

Billy Johnston Wins Utah Open

SALT LAKE CITY, (AP) — Billy Johnston of Provo, Utah, won the \$20,000 Utah open golf tournament Monday with a 22-under-par 262 for 72 holes.

Johnston had an eight-under-par 63 on his final round. He started the day with 199.

He picked up first-place money of \$2,800.

Art Wall Jr. carded a 66 on the short, 6,310-yard course for second-place money of \$1,900 with a 264 total.

Bill Collins and Ken Venturi finished in 265.

Al Balding and Gerry Magee, both of Toronto, finished far back in a tie at 278. Balding fired rounds of 73-70-70 for his total while Magee scored 71-72-66.

Echeverry has a 45.1-yard average, and Fraser's average is 42.8 yards.

Dave Thelen of Ottawa Rough Riders still leads in rushing, even though he missed Ottawa's last game because of injuries. He has 484 yards in 85 carries, followed by George Dixon of Montreal with 336 yards in 41 carries.

Quarterback Tobin Rote of Toronto continues as top passer, completing 101 of his 175 throwing attempts for an average of 10.5 yards. Ron Lancaster of Ottawa has the same average on 37 completions. Rote's total yardage of 1,846 and 15 touchdown losses are far ahead of the others.

Dave Mann Moves To Within Three Points Of Al's George Dixon In Big Four Individual Scoring Race

TORONTO (CP) — Halfback Dave Mann of Toronto Argonauts, knocked out of first place in the individual scoring race in the Big Four football union after being the early leader, has come back to within three points of the top.

The former Chicago Cardinals backfielder scored his seventh touchdown of the season in Argos' 16-12 win over Hamilton Tiger-Cats Sunday and with three singles now has a total of 45 points.

Statistics compiled by The Canadian Press show import halfback George Dixon of Montreal Alouettes still in first place with 48 points on eight touchdowns and the first five positions still

Fraser's Reign As Kicking King Appears Ending

TORONTO (CP) — Cam Fraser's long reign as the kicking ace of the Big Four football league appears to be nearing an end.

Latest league statistics show the Hamilton Tiger-Cat veteran trailing Dave Mann of Toronto Argonauts and Sam Echeverry of Montreal Alouettes in punting.

Mann, second-highest scorer in the league, leads the punting with an average of 46.2 yards on his 33 kicks.

Echeverry has a 45.1-yard average, and Fraser's average is 42.8 yards.

Lancaster May Play Against Argos Wednesday

OTTAWA (CP)—Barring complications, Quarterback Ron Lancaster should be able to play for Ottawa Rough Riders against Toronto Argonauts here Wednesday night.

Lancaster, rookie American import, was taken to hospital Saturday with an inflamed appendix.

Hospital authorities said Monday it would not be necessary to operate. Lancaster was expected to work out with the team tonight, though somewhat weak after a two-day liquid diet.

Club officials said that if Lancaster is not ready to go Wednesday the quarterbacking will be left with first-string Russ Jackson, out for the last two games with a torn rib cartilage, and third-string Jerry Thomkins.

Clouts Homer, Triple And Single As Pirates Extend Lead To 7 1/2 Games, Magic Number 11; Spahn Wins 19th

Now it's Dick Stuart, slamming home runs for distance, who is doing the job for the Pittsburgh Pirates, the club that always has a guy ready to perk 'em up.

Roberto Clemente, Bill Virdon, Hal Smith, Don Hoak, Bill Mazeroski, Dick Schofield, Dick Groat, Rocky Nelson — name all of the Bucs, they've all had a bat ready in their bid for Pittsburgh's first National League pennant in 33 years.

Stuart stepped in Monday night, belting his 20th home run, with a man on base, a triple and a single, as the Pirates whipped San Francisco 6-1 and officially eliminated the fifth-place Giants.

The victory also sent the Pirates into a 7 1/2-game lead over both St. Louis and Milwaukee and reduced their magic number to 11. The Braves climbed within one percentage point of the second-place Cardinals with a 4-2 decision at St. Louis as Warren Spahn won his 19th.

Any combination of Pittsburgh victories and St. Louis defeats totalling 11 eliminates the Cardinals.

Los Angeles Dodgers were rained out at Philadelphia in the only other NL game scheduled.

SECOND THREE-HITTER

Stuart had his second three-hit game in a row, with each cluster including a long home run. The Pirates swung for 16 hits as southpaw Harvey Haddix won his 11th. Stuart has homered in three of Pittsburgh's last four victories, putting one over the first row of trees behind the 495-foot sign in left field at Forbes Field Saturday against Chicago.

Monday night's shot, over the scoreboard in left, capped a three-run fourth inning that iced it against loser Jack Sanford (12-12). The inning began with a chill when centre fielder Bill Virdon pulled up lame after running out a double for the Pirates, who already have lost Groat for the rest of the season.

Virdon pulled a muscle in his right leg, and while it is not considered a serious injury, he gave way to Gino Cimoli as a precautionary measure.

Schofield, the "no-hit" shortstop who stepped in when Groat suffered a broken wrist last week, continued his hitting, going 2-for-4. He's batting an even 500 (8-for-16) as a regular.

Haddix, who has lost nine, shut out the Giants on five hits until the ninth, then gave up a signal by Jimmy Davenport and a double by Orlando Cepeda before nailing his fifth victory in the last six decisions.

Spahn, now within one of his fifth 20-victory season in a row, checked the Cards on seven hits. He got out of a bases-loaded jam by fanning pinch-hitter Bob Nieman in the eighth after the Cards had scored their second run on an error. It was Spahn's 288th career victory—58th against St. Louis, his favorite foe—and tied him with Pittsburgh's Vern Law for the season high.

The Braves had only five hits, and used only three of those to beat Bob Gibson (3-6). A hit batter and Joe Adcock's 23rd home run scored two in the second inning. They then clinched it with two in the fourth on a walk, Adcock's double, a sacrifice fly by Chuck Cottier and a double by Spahn.

Hurricane Donna May Have Wrecked Norm Larker's Chances Of Winning National League Batting Championship

NEW YORK (AP)—Hurricane Donna, a strong hitter in her own league, may wreck Norm Larker's chances of winning the National League batting championship.

Larker of Los Angeles Dodgers is battling baseball's total appearances rule in a dwindling schedule. The Dodgers have only 18 games left to play and Larker, pacing the circuit with a .332 average, has 423 total appearances. He needs 477 to qualify for the title.

Total appearances include official times at bat plus bases on balls, sacrifices and hit by pitches.

The left handed first baseman, who rarely faces southpaw pitching, has 385 official at bats plus 28 walks, nine sacrifices and one hit by pitch.

The Hurricane caused the postponement of Monday night's Dodgers-Phillies game in Philadelphia, setting up a two-night doubleheader today.

Dodgers and Phils are not slated to meet again after today.

Larker collected nine hits in 33 tries last week and dropped six points. Dick Groat of Pittsburgh, out for the season with a fractured left wrist, is second with .325 mark. Despite his injury, Groat has more than the required plate appearances.

Roberto Clemente, also of the league-leading Pirates, moved up one notch to third at .320 while San Francisco's Willie Mays slumped six points to .318 and fell to fourth. Mays had nine hits in 38 trips.

In the American League, Pete Runnels of Boston gained ground on the slumping runner-up, Al Smith of Chicago. Runnels tailed off a single point to .322 and Smith dropped six points to .314. Each had seven hits, but Runnels batted only 22 times to Smith's 31.

Jim Lemon of Washington rushed up to challenge Roger Maris of the New York Yankees for the AL home run and runs-batted-in leads. Lemon hit three homers and drove in 11 runs, giving him 37 home runs and 97 RBI. Maris is top man in both departments with 38 home runs and 101 runs batted in.

Ernie Banks of Chicago Cubs paced the National League in homers with 39 and RBI, 109. Hank Aaron of Milwaukee has 37 home runs and 108 runs batted in. Eddie Mathews of the Braves had a big week with five homers and 15 RBI and is third in both categories with 36 and 106 respectively.

Sherbrooke Tennis Club Loses Opener Of Provincial Inter-Zone League To Montreal Boheme, Second Tilt Here

La Boheme Tennis Club of Montreal won the first match of the finals in the Provincial Inter-Zone League when they eked out a close 4-3 victory in the Metropolitan Sunday afternoon.

The second scheduled fixture will be played in Sherbrooke on the Fraser Street courts of the Sherbrooke Tennis Association.

Roland Godin, member of this year's Davis Cup squad, played a big part for the Montreal Club by picking up two points. In the singles he downed Yves Laberge 6-3, 6-2 and then teamed up with his brother, Marcel to win a doubles match from Laberge-Henri 7-5, 6-4.

Claude Metras came through with some fine tennis to win his match against Roger Lamoureux, who is listed 12th in the Province, 6-1, 6-2. Metras had just too much all around power for the Montrealer and had little difficulty in chalking up his win.

Metras and Michael Bryson teamed up and ran out the winners over Marquis-Miron 6-1, 6-0 in a match which lasted just over a half an hour as the Sherbrooke duo had things to their liking and ran away with the match.

Patrick Henri evened the count for Sherbrooke when he outlasted Jacques Messier in three sets. He won the first 6-3 dropped the second 5-7 but rallied to win the deciding one 6-4. In the ladies' section Mrs. Henri lost to Pierrette Roy and in the doubles with Jeannine Levesque they came out on the short end of 6-1, 6-0 count against Miss Roy and Miss Lucie Paul.

The Sherbrooke team, under captain Jean-Louis de Lesleuc, have high hopes for victory on their home grounds. They gave a good account of themselves and figure they can take the Montreal squad in Sherbrooke.

Dominion Textile Sports Day Held; Paton Mill Wins Golf Championship, Sherbrooke Downs Drumville 19-12

The Dominion Textile "Sports Day" was held Saturday under ideal weather conditions. A softball game was held while a golf tournament was staged at Waterville.

The annual event drew a considerable number of employees of the Dominion Textile, Domil and Paton Mill. It was the first time a golf tourney was staged and the officials are in favor of adding it to the agenda for next year.

In the softball fixture Sherbrooke downed Drummondville 19-12 in the regular inter-company circuit and now will meet Montmorency next Saturday with the winner moving into the finals Saturday Sept. 24.

Despite the high score the game was a close one with G.

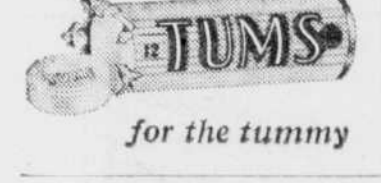

Gagne leading the way. He hurried for the locals and at the same time helped his own cause by clouting a homer. R. Blais and R. Gautreau also banged out circuit blows. Leclair and Beland stood out for the losers while Houde came through with two homers in a closing cause.

In the golf tourney 45 players took part and the Paton Mill team won the Jean-Paul Perrault Trophy. Mack Winslow, Dominion Textile, won the low net with 70 while Gordon Lary took the gross. The Atlantic System was used in order to give all players an even chance.

Gaston Brazeau, of the Personnel Department of Dominion Textile, looked after the organization as Adolphe Besre was detained at home through sickness.

Tummy turmoil on eat-and-run days?

Probably—but you don't have to suffer heartburn or acid indigestion! Not when you keep TUMS handy. Just eat one or two of these mild, minty tablets—no water or glass needed—and get fast relief from stomach discomfort. No after-taste with TUMS. Take TUMS any time, any place. Carry a roll in your purse or pocket. And TUMS cost so little.

Leonard To Play In Australia In Medal Tourney

SYDNEY (AP)—Four of the world's top professional golfers have reached Sydney for a 162-hole battle over nine Australian courses.

Peter Thompson of Australia, Mike Souchak of Midpines, N.C., Stan Leonard of Canada and Gary Pleyer of South Africa will begin Saturday their medola play battle for the 5,100 Australian pounds (\$11,424) prize money. The winner will get 1,800 pounds (\$4,032).

The first 18 holes will be played on the Yeerongpilly course at Brisbane. Play over the next two weeks will be on eight city and country courses in New South Wales.

Eugene Lalonde, Pres. of Depression League

Sees No Reason Why Can't Win 6th, Says Selke

MONTREAL (CP)—Frank Selke, managing director of Montreal Canadiens, told the team Monday there is no reason why it shouldn't win a sixth consecutive Stanley Cup.

He made the statement in a speech to players gathered at the Forum for the start of the training season.

Turning to some of the recruits in the camp, Selke said they can win a place on the team by showing they are better than some of the veterans.

All members of last year's championship team were back with the exception of winger Ab McDonald, traded in the off-season to Chicago Black Hawks.

The centre of attention by newspaper men was veteran Maurice (Rocket) Richard. The 39-year-old Rocket has said that his showing in training camp will decide whether he will remain with the team for another season.

He looked the picture of health as he whirled about the ice.

Plans to form a Depression Hockey League were laid last night at the King George Hotel when several veteran sportsmen gathered to discuss possibilities on the subject.

Eugene Lalonde was elected president of the new circuit with Dr. Roger Moffatt lined up as vice-president and Jean-Louis de Lesleuc as secretary-treasurer. Mr. Lalonde and Dr. Moffatt are no new comers to the game as the former has held the post of coach, manager, district vice-president of the QAHA and founder of the OTJ Juvenile Hockey League. Dr. Moffatt, before moving to Sherbrooke, was a member of the QAHA body.

Another meeting has been called for next Monday and the question of the number of years may be changed. The loop intends to play doubleheaders at the Arena but as yet the day or time hasn't been confirmed.

Each club will be allowed to sign 15 players but only 13 will be allowed in uniform. The loop will follow "the rules of the QAHA although they won't belong to the Association and special ones may be installed for those who visit the penalty bench too often. The main reason for this is to try and keep infractions down.

Players performing in the circuit will pay their way and a special amount will be required by the league and the player will be called upon to deposit it with the loop. It will be open to former players around Sherbrooke.

The main objective of the league is to afford pleasure to the players who have retired from active ranks. The age limit was set at 27 years and no player who has played within the last five years will be allowed to join. This may be changed later depending on the present results.

Stamps And Lions Battle To Draw

VANCOUVER (CP)—With touchdowns for Calgary. Doug Brown converted one and added two singles when field goal attempts went wide.

Brown's second attempt with less than two minutes left in the game gave Stampeders the tie.

Statistically the Lions held a slight edge, gaining 25 first downs to 24 by Stampeders. Lions total offence was 485 yards, 342 of which were piled up along the ground.

Stampeders rolled up 188 yards rushing and added 175 on 12 pass completions in 21 attempts by Kapp.

Walden hit fullback Jimmy Jones with a 36-yard pass in the fourth quarter. George Grant converted all three touchdowns.

Fullback Earl Lunsford, Kapp and Bill McKenna, completing a 17-yard aerial from Kapp, scored

Six Added To Hockey Hall Of Fame

TORONTO (CP)—Six new names were added to the honor roll of the Hockey Hall of Fame Friday at the Canadian National Exhibition.

The names, read by CNE president Harry Price at the directors' luncheon, are those of builders and players of Canada's greatest sport.

The builders are the late Gen. John Reed Kilpatrick, for many years president of New York Rangers; Charles F. Adams of

Boston, who built a powerful National Hockey League team there and Frank J. Selke of Montreal Canadiens who was long associated with the Toronto Maple Leafs.

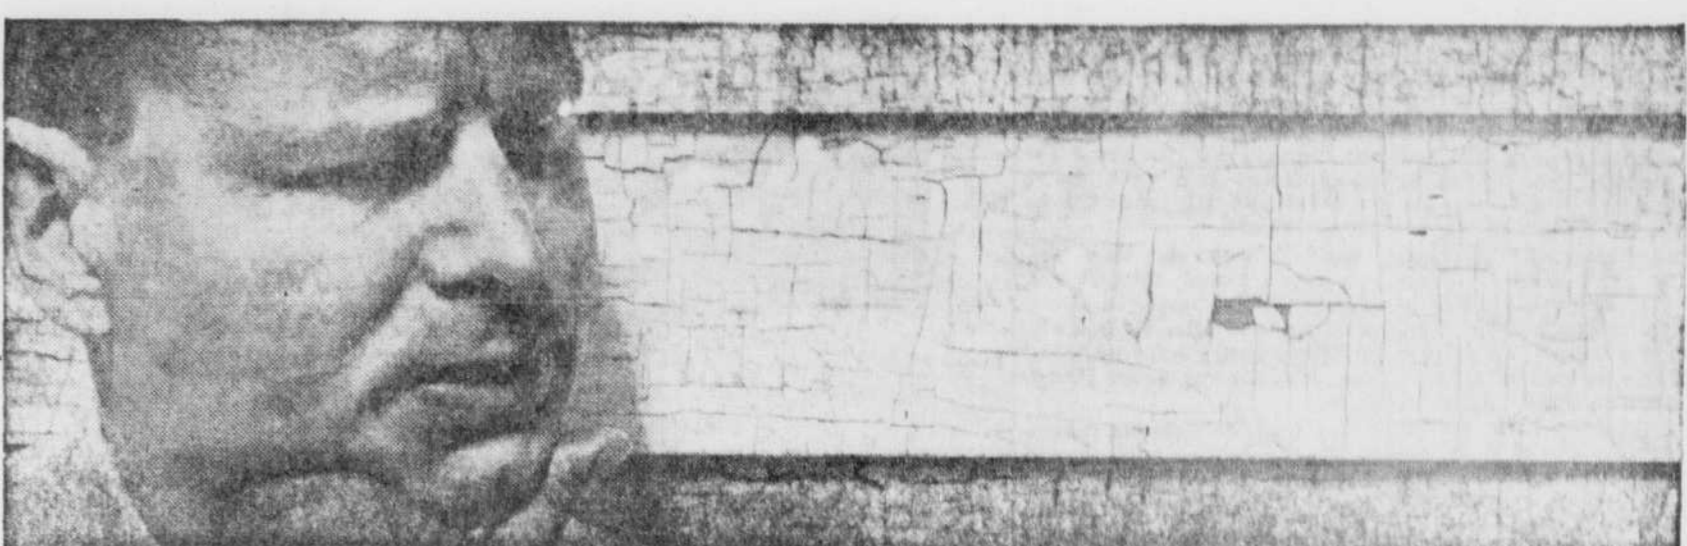

In the player category are Jack Walker, a forward who played for Toronto, Seattle, Victoria and Detroit; George Boucher, a defenceman who coached Boston Bruins and Quebec and Ottawa teams; and Sylvio Mantha, defenceman for Montreal

Former Border Residents Mark 25th Anniversary

REEBE — Mr. and Mrs. Joe Simoneau and family, of Broadbrook, Conn., spent the holiday week-end with Mr. Simoneau's parents, Mr. and Mrs. Walter Simoneau, in Rock Island.

On Saturday evening Mr. and Mrs. Simoneau were invited to accompany the family to the Beebe Town Hall, and on arriving were pleasantly surprised to find a large number of relatives and friends assembled to help them celebrate their silver wedding anniversary, which takes place the latter part of October.

The couple's elder daughter, Collette, presented her mother with a corsage of red roses and her father with a carnation boutonniere. Greetings were exchanged and the couple were offered best wishes. Walter Simoneau, on behalf of the group offered congratulations and the wish for many more years of health and happiness, while Miss Collette Simoneau presented them with a chest of silver flatware, and the younger son Michael with a gift of money from the family and friends. The couple responded with words of appreciation.

The evening was spent dancing and chatting, as many had not seen the celebrants for some time.

Refreshments were served buffet style and included an anniversary cake decorated in white and silver. The hall was decorated with silver 25 numerals and flowers, and the tables with white and silver cloths.

Arrangements for the reception were made by relatives of the couple. Attending from a distance were Frank Pepin, Springfield, Mass.; Mr. and Mrs. G. Conchon, Winooski, Harry Scott, Claremont, N.H.; Mr. and Mrs. George Simmons, Aver's Cliff; Mr. and Mrs. Whitehill, Newport; Mr. and Mrs. Gerard Desbien, Tomisobia; Mrs. Julien Pepin and family, Lennoxville; and others from Broadbrook, Conn., Derby Line, Rock Island and Stanstead.

Joe, Simoneau and Gertrude Pepin were united in marriage at Rock Island in October, 1935. They have four children. For several years they resided in Rock Island, where Mr. Simoneau was an employee of the Butterfield Plant. A few years ago they took up residence in Broadbrook, Conn.

Mr. and Mrs. Owen H. Woodward, of Valleyfield, were week-end guests of Mrs. C. E. Crandall, who returned here with them after being their guest for two weeks.

Mrs. R. Testu And Mrs. J. Brownrigg Feted At Shower In Stanbridge East

STANBRIDGE EAST — The Parish Hall of St. James Anglican Church was the scene of a pleasant event on Saturday evening, Sept. 3, when between 40 and 50 friends of Mrs. Roger Testu and Mrs. James Brownrigg gathered there to present them with a pink and blue shower.

Both were taken by surprise as each one believed she was attending the shower for the other. They were escorted to a long table decorated in pink and blue and centred with two cakes made in the form of pink booties. The table was laden with beautifully wrapped gifts, besides special gifts of a crib and highchair for Mrs. Brownrigg and to Mrs. Testu a layette.

After the gifts had been admired lunch was served.

Those serving were Mrs. F. Senkerik, Mrs. D. Boomhower, Mrs. B. Monette, Mrs. A. Caldwell, Mrs. B. Phelps and Mrs. D. Brown.

The guests of honor expressed appreciation.

PRESENTING CANADA'S INCOMPARABLE "LAUNDRY TWINS"

FILTER-FLO AUTOMATIC WASHER

This washer does so much for you — and gives you safe, automatic bleaching, too! Your choice of five different automatic cycles assures "hand laundry" care for any washable fabric. You even enjoy wrinkle-free treatment for wash 'n' wear clothes and special handling for woolsens.

- **Automatic Bleach Dispenser** — Bleach is bulk-stored... measured... diluted... and added to the wash water — all automatically!
- **Exclusive "Filter-Flo"** — Non-clogging, moving filter cleans and recleans water... traps lint.
- **Suds Return System** — Save and re-use hot, sudsy, filtered wash water. Economy without sacrificing cleanliness.
- **Giant Capacity** — Up to 50% more clothes capacity than many other washers!

HIGH SPEED AUTOMATIC DRYER

It's great — this wonderful time-saver dries your clothes FAST... yet does them at fabric-safe temperatures! Cottons and linens come out fluffy and fresh. Your silks and other fragile things dry smooth and soft in just a few minutes. Bulky bedspreads and heavy towels need no ironing. AND — your wash 'n' wear clothes dry wrinkle-free.

- **Exclusive High-Speed Drying System** — Properly warmed air flow dries quickly and gently.
- **Automatic Control** — Just set it once... shuts off automatically when clothes are dry (can't overheat clothes).
- **Large Capacity** — Will dry a full washer load.
- **Automatic De-Wrinkler** — Keeps your wash 'n' wear garments fresh and neat between washdays.

Available in mix-or-match colours — or white. G-E Written Warranty gives you added protection.

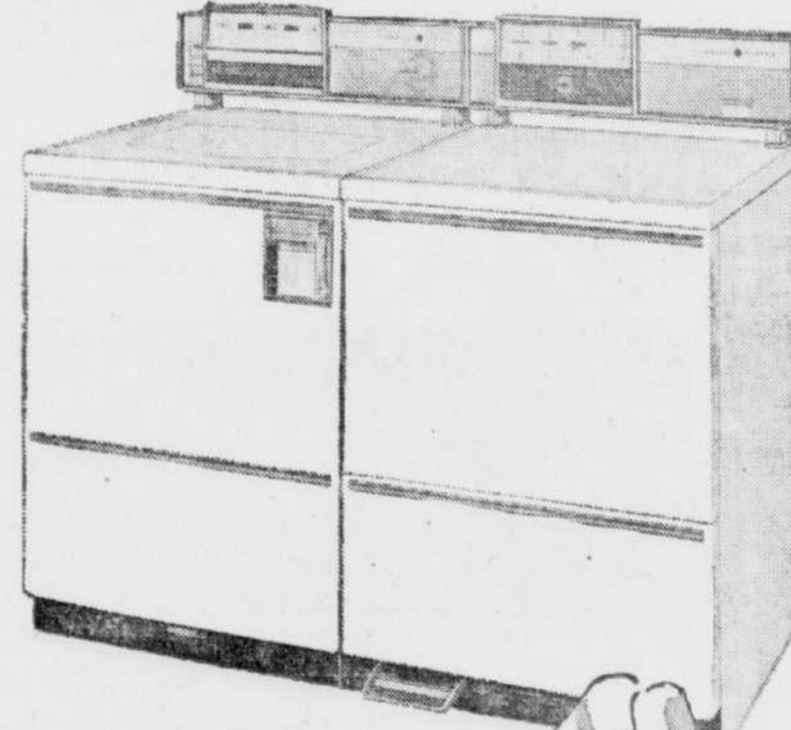

INTRODUCING THE REVOLUTIONARY NEW GE ULTRA-VISION "DAYLIGHT BLUE"
