

Sherbrooke Daily Record.

Established 1897

SHERBROOKE, QUE., SATURDAY NOVEMBER 18, 1911.

ONE CENT

TWELVE OF CREW LOSE THEIR LIVES.

Norwegian Vessel Antigua Driven Ashore at Martin River.

ONLY THREE WERE SAVED. SHIP WAS READY TO SAIL. WENT TO PIECES.

Quebec, Nov. 18.—Twelve members of a crew of fifteen lost their lives in the Norwegian sailing vessel Antigua when driven ashore at Martin River during Thursday night, and went to pieces. The Antigua had been loading cargo at one of the lower ports, and had completed same, and was ready to sail.

Information to this effect was received in Quebec yesterday, but the details are very meagre beyond the among those who lost their lives and fact that the captain of the ship was that a blinding snowstorm was raging there.

SAVED WITH DIFFICULTY. The crew was composed of 15 men, of whom 7 were Norwegians and 8 English. Out of the number only three were saved, and that with the utmost difficulty, as the barque was so badly stove in as to go to pieces immediately. Each man had to fight for his own life.

Two bodies have been recovered from the debris and could be easily identified, but it is not likely that they will be, as there comrades, who were rescued were recruited only a short time ago with others at Quebec and sent down on the steamer Caspacia half the crew having deserted recently.

POWERS MAY REGULATE REVENUES.

Begin' Seen of Foreign Interference in China.

DISBURSEMENT OF THE MERCHANT CUSTOMS NOW UNDER DISCUSSION.

Pekin, Nov. 18.—(Special)—The foreign diplomatic representatives have under discussion the appointment of a committee for the disbursement of the maritime customs, which are being reserved by the inspector general, Francis Arthur Aglen, for the payment of loans and indemnities. This seems to be the beginning of foreign interference in the financial affairs of China.

SEVERAL WRECKS REPORTED DOWN EAST

Severe Storm Has Blown Ashore At Least Three Vessels.

MINOR DAMAGE TO VESSELS REPORTED FROM MANY PLACES.

St. John, N.E., Nov. 18.—(Special)—Shipping on the coasts of the Maritime Provinces has been severely buffeted by a high wind which has prevailed for the past several days. Three schooners are known to be ashore, and it is believed that others have been tossed on the land which will not be known for several days. Minor damage to vessels is reported from many places. The three-masted schooner Elma, which was separated from a tug in the harbor here and forced aground on Hilyard's Reef, with several holes in her bottom; Wanita, a schooner trading between St. John and Nova Scotia ports, which was caught in the gale and carried ashore at Spencer's Island, N.S., and the little schooner Shamrock, a coasting vessel, which was blown ashore at Point Apique, N.S., after the wind had torn her from her anchors, which, with the chains, were lost.

BRITAIN SUGGESTS ARBITRATION.

Claims of British Subjects Should be Brought to Trial.

PROPERTY DESTROYED DURING WAR OF INDEPENDENCE IN CUBA.

London, Nov. 18.—(Special)—The British Government has suggested to the Government of Cuba that claims arising from the destruction of the property of British subjects during the Cuban war for independence be submitted to arbitration.

TO RAISE ONE MILLION DOLLARS.

Effort to be Made to Collect This Amount for McGill.

\$100,000 HAS BEEN OFFERED TO START FIVE-DAY CAMPAIGN. London, Nov. 18.—One million dollars in five days. To raise that amount between November 20th and November 24th, is the up-and-coming task at McGill University has set itself, brought face to face with the alternative of shutting down some departments of its activity and curtailing others.

YOUNG LAD HAS DISAPPEARED.

Ron of Wm. Mann of 102 King St. Sherbrooke.

SEARCH THUS FAR IN VAIN LAST SEEN 6.30 THURSDAY EVENING.

Arthur Mann, twelve years of age, son of Mr. and Mrs. William Mann, 102 King Street, disappeared Thursday night and has not been seen since. His parents have made every effort to locate him, but, thus far without success. They appeal to any reader of the Record who may have any knowledge of his whereabouts to communicate with them.

ROYALISTS GET TWO BATTLESHIPS.

Move Against Portuguese Republic To Be Pushed to Bitter End.

ROYALISTS ARE WELL EQUIPPED WITH ARMS AND DYNAMITE BOMBS.

Lisbon, via frontier, Nov. 18.—It is reported that two warships, purchased by the Royalists, will leave a German port under the Austrian flag, for Portugal, to take part in a new attempt to overthrow the republic. The vessels are said to be manned chiefly by men from North America and Brazil. The Royalists state that this time they will either succeed or perish in the attempt to restore the monarchy. In addition to small arms and artillery they are supplied with dynamite bombs. The press is agitated by reports that the Franco-German accord in Africa secretly provided that a part of Angola, the Portuguese possessions in Western Africa which are bounded by the Belgian Congo, British Zambesia and German Southwest Africa on the North, East and South, should go to Germany. The papers demand that Great Britain protect Portuguese rights.

LONGSHOREMEN STRIKE IN MONTREAL.

Shipping Men Are Face to Face With Serious Situation.

THERE IS AT PRESENT NO INDICATION OF SETTLEMENT BEING REACHED.

Montreal, Nov. 18.—All the longshoremen, to the number of nearly a thousand, stopped work on the seventeen ocean vessels now in port, yesterday afternoon, and left the steamers to shift as best they might in unloading and getting cargo aboard in an effort to make a quick getaway before the official close of navigation a week hence.

MURDER AND SUICIDE

Cleveland, Ohio, November 18.—Frank M. Gear, 50, head of the P.M. Gear Jewelry Company, Colonial Arcade, was shot and killed in his store last night by John Phillips, who then shot himself through the head. Phillips is not expected to live.

BISHOP'S ASSASSIN ARRESTED.

Lisbon, November 18.—Advices today from Portuguese East Africa state that the assassin of the Bishop of Nyasaland has been arrested.

YOUNG BOY DROWNED.

Laehute, Que., Nov. 18.—Raymond, the four-year-old son of the Rev. Herbert Charters, while playing in the snow, accidentally slipped into the river and was drowned. The little fellow was not missed for a few minutes.

SUMMER COTTAGE BROKEN INTO.

Thieves Cleaned Place of Nearly All the Movables.

ARTICLES FOUND BY AUTHORITIES IN MAGOG AND GEORGEVILLE.

Magog, November 18.—(Special)—Mr. E. Potvin had occasion to go to his summer cottage, situated on the lake shore, between two and three miles from Magog, and on his arrival there discovered that some marauders had broken into his cottage, which was found out later to have occurred on Friday, Nov. 10th, and had carried off nearly everything moveable, including blankets, dishes, furniture, etc.

PRINCE NOT UNDER DETENTION.

German Heir Attending to His Duties as Usual

NO CONFIRMATION OF THE REPORT PUBLISHED TO THE CONTRARY.

Berlin, Nov. 18.—(Special)—There is no official confirmation of the report that the Emperor had directed the military detention of the Crown Prince because of his attitude on the Moroccan question. Since the return of the Crown Prince to Langfur from Berlin, where he attended the meeting of the Reichstag, he has been attending to his regular military duties. On Wednesday night he was the guest at a big dinner given by the commanding general and officers of the garrison at Danzig. He made other public appearances, but cancelled a hunting trip planned for this week, perhaps because of the intimation of the Emperor that the absence from the usual regimental duties was not desirable.

CONSERVATIVES OF BEDFORD ORGANIZE

Officers Were Elected for the ensuing Year.

WILL MEET ONCE A MONTH DURING WINTER. OTHER NOTES OF INTEREST.

Bedford, Nov. 18.—(Special)—The local Conservatives held a most successful meeting in Dr. Brault's Hall. Mr. T. Montagne, president of the Conservative Association of Missisquoi County, was called to the chair. After thoroughly discussing the matter, it was decided that the Bedford Conservative Committee be reorganized for the coming year. The election of officers took place, with the following result: President—Mr. F. D. Walsh. Vice-President—Mr. W. Giroux. Sec. Treas.—Dr. T. Brault. Asst. Sec. Treas.—Mr. W. A. Burrage. Executive Committee—Mr. F. T. Baldwin, Mr. O. L. Oakes, Mr. Fred Ewing.

PRECAUTIONS AGAINST SMALLPOX.

Board of Health Takes Measures To Prevent Disease From Crossing Line.

LAWS OF VERMONT ARE SIMILAR TO THOSE OF PROVINCE OF QUEBEC.

Montreal, Nov. 18.—The violent outbreak of smallpox in the western part of the State of Vermont has caused the Provincial Board of Health to adopt special measures to prevent the epidemic from crossing over the border into the Province of Quebec. The laws of Vermont regarding contagious diseases are similar to those of Quebec, and the provincial officials are confident that the contagion will be stamped out before a considerable spread. Nevertheless the inspectors will follow very keenly the isolation work in Vermont, and vaccination will be urged in border towns.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

ADJUSTED LOSS AT \$6000. Danville, November 18.—(Special)—The insurance inspectors of the S. & S. Mutual and the Miss. & Rouville Ins. Co., were in town yesterday and adjusted the loss of the recent Snaden fire at \$6000.

PRESENTED WITH A CHAIR. Danville, November 18.—(Special)—About forty of the friends of Mrs. A. Anthony (nee Miss Maud Mowat) gave her a surprise party Wednesday evening and presented her with a handsome chair. Card playing and dancing brought a very pleasant evening to a close.

WILL HAVE USE OF COMMON. Danville, November 18.—(Special)—Much to the delight of the younger generation, who look upon the Common as a playground, and especially in winter for the rink, the Council has removed the stone crusher to the old Episcopal Church property on Academy street.

PURCHASED MAGOG RESIDENCE. Magog, November 18.—(Special)—Mr. J. Marshall has purchased Mr. George H. Wilson's residence. Mr. Marshall will move in as soon as Mr. Wilson leaves to take up his new position as superintendent of the Hochelaga Mills.

MANY DEER KILLED. Magog, November 18.—(Special)—The recent snow storm has been a boon to the hunters but hard on the deer, as it is estimated that nearly twenty have been killed during the last ten days in this vicinity chiefly on and around Orford Mountain.

GOOD FARM CHANGES HANDS. West Shefford, Nov. 18.—(Special)—Mr. H. J. Allen has sold his farm on the road to Cowansville, known as the Aaron Bull farm, to Mr. A. Choiniere, of St. Alphonse de Granby, for the price of \$7,500. Mr. Allen reserved the horses and his thoroughbred Holsteins. The balance of the stock went with the farm.

THROWN ON TO HARD ROAD. Rosenberg, Nov. 18.—(Special)—What narrowly escaped being a serious accident, occurred last night, when Mr. and Mrs. Peter Moutre were pitched head foremost onto the hard road by the breaking of a king bolt. The horse frightened, ran away and fortunately the occupants were near home, and able to walk the distance.

PROMPT MEASURES SAVED THE DWELLING. Danville, November 18.—(Special)—About 5.30 p.m., Thursday, a fire broke out in the shed of the residence of Mr. Carl Cleveland and had gained considerable headway before it was noticed by Mr. N. Morin. Many willing volunteers turned out and soon got it under control and kept it from spreading to the main house. It is supposed to have caught from hot ashes.

VICTIM OF SERIOUS ACCIDENT. Coaticook, Nov. 18.—(Special)—Mrs. A. Rousseau was the victim of a serious accident on Thursday afternoon. While walking along St. Edmond street on her way to attend service at the Roman Catholic Church she slipped and fell, fracturing the right leg above the knee. She was at once removed to her home at the Grand Central Hotel and the limb attended to. At present the patient is doing well, but will be confined to her bed for several weeks.

PROTESTANT SCHOOL WILL SHARE IN TAXES. Thetford Mines, Nov. 18.—(Special)—A meeting of the Roman Catholic Commissioners of Thetford Mines was held on Wednesday to consider the application of the Protestant School Trustees for their share of the school taxes of the Incorporated Companies under section 2391 of the School Law of the Province of Quebec. Mr. W. H. Smith, chairman, and Mr. Jas. Lipsey, secretary-treasurer, attended before the Commissioners as a deputation from the trustees and put their case before the meeting. It appeared that although the Protestant Board had been open for twelve years, no share of the school taxes from the incorporated companies had been paid to the trustees. It is understood that an amicable arrangement was arrived at and that a portion of the

TELEGRAPHIC DISPATCHES SUMMARIZING CANADIAN AND WORLD NEWS

JURY BOX FILLED. Los Angeles, Cal., Nov. 18.—The jury box in the McNamara murder trial was filled with jurors and accepted the talesman for the second time late yesterday. Peremptory challenges by the state and defence will be exercised at the opening of the court to-morrow.

POST FOR MR. PARENT. Ottawa, November 18.—It is currently reported here that the Quebec Government is likely to follow in the footsteps of the Ontario Government and appoint a commission with similar powers to the Hydro-Electric Commission in the near future. It is also stated that Hon. S. N. Parent, late head of the Transcontinental Railway Commission, will be chairman of the new department.

TRIAL OF CONSPIRACY CASE. Toronto, November 18.—The evidence given at the afternoon session of the trial of J.R. Stratton and J. J. Warren, charged with conspiracy to obtain the charter of the Farmers Bank from the Ottawa Government by fraud was practically a repetition of that given in Police Court last spring. The chief witness was W.H. Travers, the convicted general manager of the bank, who has been detained in jail here all summer as a witness.

CHANGE IN LICENSE BRANCH. Quebec, November 18.—It is rumored that an important change is to be made in the license branch of the treasury department, which will be divided into three. The three will be the license branch, taxes on commercial corporations branch and one for the succession taxes. The latter will remain stated that Dr. ...

FOR COALING STATION. London, November 18.—A Canadian British syndicate is reported to have purchased the Panama and Washington Island, in the mid-Pacific, for the purpose of the opening of a coaling depot, in view of the opening of the Panama canal.

COAL STRIKE ENDS ON 20TH. Lethbridge, November 18.—The definite statement is made that the coal strike officially ends November 20 at 7 a.m. The unofficial vote shows a total of 1,500, of which 900 are in favor of returning to work. Mine officials set November 20 as the date for ending a seven months' strike.

SUFFOCATED BY GAS. New York, November 18.—Twin sisters, eighty-three years old, Mrs. Eva L. Eno and Mrs. Ada L. Sanford, of New Britain, Conn., were found dead in bed to day from gas asphyxiation at the home of their niece, Mrs. J.E. Humason, of Brooklyn N.Y., whom they had come to visit over Thanksgiving Day. The gas heater in their bedroom had been accidentally left open, it was found.

INTEREST TO STREET CAR USERS. Toronto, November 18.—A case of interest to users of street cars was decided at Osgoode Hall yesterday when John Wallace, a Toronto commercial traveller, was given judgment for \$1,300 on a double liability claim of 80¢ a week, against the Employers' Liability Assurance Corporation.

CHARGE IN LICENSE BRANCH. Quebec, November 18.—It is rumored that an important change is to be made in the license branch of the treasury department, which will be divided into three. The three will be the license branch, taxes on commercial corporations branch and one for the succession taxes. The latter will remain stated that Dr. ...

ARRESTED ON THEFT CHARGE. Minneapolis, November 18.—Wilfrid Stuart Sheldon Dickason, said to be a member of an old English family, and arrested on a charge of stealing jewels valued at \$2,950 from Mrs. O. Von Wedelstadt Haskell of this city, was arraigned Thursday in the Police Court and asked for a preliminary examination. The case will be heard to-day. Bonds were placed at \$5,000 which has not been furnished.

MURDER AND SUICIDE. Cleveland, Ohio, November 18.—Frank M. Gear, 50, head of the P.M. Gear Jewelry Company, Colonial Arcade, was shot and killed in his store last night by John Phillips, who then shot himself through the head. Phillips is not expected to live.

BISHOP'S ASSASSIN ARRESTED. Lisbon, November 18.—Advices today from Portuguese East Africa state that the assassin of the Bishop of Nyasaland has been arrested.

GRANTS TO MCGILL AND LAVAL

QUESTION OF GIVING \$100,000 TO EACH UNDER CONSIDERATION.

Quebec, Nov. 18.—The Quebec Government has under consideration the question of granting to McGill and Laval Universities an annual grant of \$100,000 each, or a capital sum of \$2,000,000 each. Most fair-minded people here think the Government should do at least that much.

ST. FRANCIS DISTRICT LOCAL HAPPENINGS

Daily Reports From Correspondents Of What is Going On.

MAGOG.

Mrs. J. C. Massey, of Concord, N. H., is the guest of her daughter, Mrs. W. McKenna. It is six years since Mrs. Massey has been in Masog.

Mr. F. H. Kearns, of Kearns's Corner, is building a house on his lot on Hatley street. He has let the contract to Mr. O. Waterman. Mr. Kearns intends leaving his farm and

moving into town in the near future. Miss Mary Lindsay is visiting her sister, Mrs. D. H. Tolmie at Cookshire. Rev. L. M. England is in Montreal, attending the Men's Missionary Congress in session there. He was accompanied by his daughter, Miss G. England. The Ladies' Aid of the Methodist Church held an old-fashioned supper in the basement of the Church on Wednesday evening. There were no lights except the candles which were set in candle sticks of various de-

scriptions and ages which were loaned to the Aid by the townspeople. Another feature was the programme at the close which was an innovation for the Ladies' Aid supper. The evening was a success all around, socially and financially. The programme was as follows: Hymn 507, prayer song, Wm. McKenna; piano solo, Miss A. Dolloff; quartette, "Sweet and Low," Mrs. McKenna, Miss E. Pangborn, Mrs. R. Drew and Dr. E. J. Adams; song, George Kennedy; recitation, Miss E. Pangborn; piano duet, the Misses M. McPherson and G. McPherson; song, Miss McDonald; song, Bessie Marshall; reading, H. Randall; recitation, Vernal Randall. The recital given by one of the old Magog boys, Mr. Chas. Chamberlain, organist and choir-master at St. James Methodist Church, Montreal, proved to be quite a success. The Montreal papers are giving the choir great praise. Another Magog boy, Mr. A. C. McKenna, baritone, came in for his share of the favorable criticism.

COATCOOK.

Miss Alice Webster is spending a few days with friends in Hatley. The Young Ladies' Circle of the Methodist Church was pleasantly entertained on Thursday afternoon at the home of Mrs. (Dr.) McCurdy. The annual sale given by the Circle will be held in the basement of the Church on Friday evening, Dec. 1st.

Mr. E. W. Akhurst, who has been confined to the house by illness for the past week, is able to be out again.

Miss Bailey and Miss D. Bailey, of Wetaskwin, Alta., are the guests of the Misses Stevens at the Rectory. The Ladies' Guild of St. Stephen's Church will be entertained on Tuesday afternoon by Mrs. B. D. Crane. Mr. Peter Gooley was fortunate enough to secure a fine deer on Friday while hunting in the woods at East Herford.

The first service to be given this season by St. Patrick's Parish Club will be held on Wednesday evening next in the Conservative Club Rooms on Main street. The hostesses will be Mrs. P. McAuley, Mrs. C. E. Lemoine and Miss Bernice Durand.

Miss Helen Norton is the guest of friends in Ottawa, and attended the opening of Parliament on Thursday.

Mr. C. H. Lovell, M.P., was at Ottawa for the opening of Parliament.

Miss Glendolyn Pope of Hatley, is the guest of Mrs. W. Wallace.

Mr. A. J. Short, of the E.T. Bank, spent the week in Cookshire, relieving in that branch.

GOULD, LINGWICK.

The Rev. Mr. McQueen, and family left Lingwick Monday, for their new field of labor, and the high esteem in which they were held by the people of this community was shown by the large number of people, not only of Mr. McQueen's own congregation, but of the other denomination, who gathered to wish them, good by and God's speed on their journey. Mr. McQueen and wife have been faithful workers since their advent here nearly fifteen years ago and their going is a distinct loss. When Mr. McQueen came to Lingwick, the church was in a sad state, financially, and otherwise. The people though willing to work did not seem to know just how to go ahead and needed a leader. That leader they found in their Pastor here he found in Mr. McQueen. When Mr. McQueen came here he found a new church only just begun, but heavily mortgaged. "Manse," also hardly habitable with the grounds used more as a cattle run, than a manse lawn. Now at his leaving there is a fine brick church in perfect order, containing furnace, organ and also a fine closed in shed that contains stalls to hold upwards of seventy horses. The manse has been renovated from garret to cellar. The grounds are now enclosed by a fence and laid out with trees, fruits and flowers, that would please the most fastidious eye. All this has been done under the guidance and with the help of Mr. McQueen and wife. Mr. McQueen also organized the plan of having a printed report of the year's work, which report kept from year to year, has been a grand thing to show the world and going ahead of the church, also its financial position, which at the present time is free of debt. Since Mr. McQueen's coming among us, there has been more young people brought into the church, than in any like period of time before. He, with his wife's assistance, organized a Sunday School system, second to none, and the standing of which was mentioned at the General Assembly. They also took great pains in teaching the young the Bible also singing by note. All this along with their kindly sympathy towards anyone in trouble, has endeared them to the hearts of many who will not soon forget them. Mr. McQueen in resigning from the charge did not at the time, have another congregation in view, but before leaving Lingwick, received the unanimous call to a congregation, in Condie, Saskatchewan, with a salary of twelve hundred per annum, an increase of three hundred and fifty on the salary he was receiving here.

DANVILLE.

The Ladies' Aid of the Methodist Church met with Mrs. F. W. Gibson, on Thursday afternoon. Miss Lydia Burbank, of Campbellford, Ont., is the guest of Mrs. A. J. Morrill and will remain during the winter.

Mr. George E. Cleveland is on a business trip to Montreal. Mr. H. Moffatt, who has been a guest at "Edgewood," has returned to his home in Quebec.

The Ladies' Guild of St. Augustine's Church, met with Mrs. Geo. H. Gibson, Commonwealth Ave., Thursday afternoon.

RICHMOND.

Mr. P. S. McGovern leaves shortly for Florida where he will spend the coming winter.

Mr. J. Nelson has returned to Baldwinville, Mass., being called here by the death of his mother, the late Mrs. D. Nelson.

The services in St. Anne's Church on Sunday will be conducted by the Rev. P. Roy, of Melbourne in the absence of the rector in Montreal. There

will be a celebration of the Holy Communion after morning prayer. Mr. H. J. Hewton will superintend the Sunday School, taking the rector's class.

WATERVILLE.

Rev. Thos. Ball and Mrs. Ball have left for Boston to spend the winter.

The drama, "Dot the Miners daughter" will be given by the Waterville Dramatic Company, in the Town Hall, North Hatley, Saturday evening.

Mr. H. Douillard and family have moved to East Angus.

Mrs. Labree of Bulwer, is visiting Mr. and Mrs. F. G. Gale.

LUDSWELL CENTRE.

Mr. J. W. Andrew, went to Sherbrooke Monday to see his sister, Mrs. Norton who is very ill.

Mr. J. Duncan, of Bulwer, spent Wednesday with his sister, Mrs. W. H. Stacey.

The date of the next meeting of the Ladies Guild, has been changed, to Wednesday evening November, 29, with Mrs. B. A. Gilbert.

NORTH HATLEY.

It is with regret the death of Mr. S. A. Campbell, a resident of this place is reported. Although his health had been failing for some time, the end came suddenly on Tuesday, Nov. 7th. He was born at Inverness, Que. 36 years ago, leaving there when quite young and coming to Compton, and later to North Hatley, where he learned the blacksmith trade, which occupation he followed until about four years ago. In the year 1900 he was married to Miss Ida R. Sims, of Inverness.

The funeral service was held in the Episcopal Church at North Hatley, the Masons of King Edward Lodge, A.F. & A.M., of which the deceased was a member, attending in a body. The Rev. E. B. Husband officiated. From thence the remains were borne to Redville Cemetery, the brother Masons conducting the ceremony at the grave. He leaves to mourn his loss a widow, mother, one sister and six brothers, all of whom were present at the funeral with the exception of one brother, who could not attend.

WINDSOR MILLS.

Arrivals and departures: Miss D. Dearden, of Richmond, guest of her cousin, Mrs. Frank Leonard; Miss M. L. Connelly, of Danville, visiting her sister; Mrs. E. Morin, of Montreal, visiting Mrs. M. E. Mountain; Miss Edna Varney to Bromptonville; Mr. and Mrs. T. H. King and Mrs. Keer visiting relatives in Corris.

The Rev. Mr. Sutherland, of Kingsbury, will occupy the pulpit in the Presbyterian Church, to-morrow. Rev. Mr. Muir will preach in Kingsbury.

CHERRY RIVER.

The Misses Bean, of Oliver and East Bolton, spent Sunday with their sister here.

Mr. John Hollingsworth, of Magog, at Mr. E. M. Sweet's on Sunday. Quite a number of fine deer have been shot here, since the snow.

CAPITAL SENTENCE FOR JESSAMINE. Toronto, Nov. 18.—Joseph Jessamine was yesterday sentenced to be hanged on February 22 for the murder of James Loughhead.

How to Remove Warts By a Painless Remedy. Don't allow those unsightly excrescences to spoil the beauty of your hands or arms. Remove them painlessly and for all time by applying Putnam's Painless Corn and Wart Extractor. Failure impossible, results always sure with Putnam's Corn and Wart Extractor. Refuse any substitute for Putnam's, it does the trick in one night. Price 25c. at druggists.

Girl Cured of Disfiguring Pimples. By Cuticura Ointment. Broke Out on Face when Twelve or Thirteen. Were Most Embarrassing. Had Tried Everything. A Nova Scotia girl, Miss Mabel Morash, of Dover West, writes: "When I was about twelve or thirteen years of age, my face broke out with pimples, and I tried everything to get rid of them, but failed. The pimples were the worst on my forehead and chin. They came out in groups and developed later into sores. Being on my face they caused great disfigurement, and were most embarrassing. "After trying so many remedies without success, I saw the Cuticura Ointment advertised, and I sent for a box. I then applied it to the pimples, and in a week I saw a great change in my face. I kept using it, and in a few months it rendered a complete cure. Now you cannot tell I ever had pimples, thanks to the Cuticura Ointment." (Signed) Miss Mabel Morash, Mar. 31, 1911.

Baby's Face Like Raw Beef. "My baby boy had a large pimple come on his forehead. It burst and spread all over his face which soon looked like a piece of raw beef, all smothered with bad pimples. It was awful to look at. The poor little thing used to scratch it and cry terribly. I took him to a doctor but he only got worse until I was quite frightened that he would always be disfigured. Then I got two boxes of Cuticura Soap, and in two months had quite cured him. Now of course I use Cuticura Soap for all my children. (Signed) Mrs. E. Perry, 66, Waterloo Rd., Aldershot, England, May 21, 1910. Cuticura Soap and Ointment are sold throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each with a 32-p. booklet on the skin and scalp will be mailed free, on application. Address: Cuticura, Dept. of Chem., Corp., 29 Columbus Ave., Boston, U. S. A.

CANADIAN AND WORLD NEWS

(Continued from Page 1.)

utes, and on a search being made the boy's shovel found floating on the water told the tale of his death. All efforts to recover the body, however, failed, and yesterday the services of a diver were engaged.

DETENTION FOR CROWN PRINCE.

Berlin, Nov. 18.—The Crown Prince Friedrich Wilhelm has been ordered to undergo a month's detention for his display of approval of criticism of the government's Moroccan policy in the Reichstag on November 10.

GIRL FATALLY BURNED.

Sydney, N. S., Nov. 18.—Mary Ann Fraser was so terribly burned yesterday that she died an hour later. She was 12 years of age and an orphan. She was residing with the Gillis family at Aberdeen. The girl went to a neighbor's house to assist in the housework while the woman of the house was absent. She was alone when the accident occurred. Her clothing caught fire at the kitchen stove.

ROCKEFELLER GIVES GRANT FOR LABOR TEMPLE.

Brantford, Ont., Nov. 18.—Surprise was caused here yesterday by the announcement of W. Madison Hicks that he had secured the promise of \$25,000 from John D. Rockefeller for the erection of a Dominion Labor Temple in Brantford, as a home of the newly-formed Independent Labor League. The offer of Mr. Rockefeller is conditional on the efforts of the labor men in raising a like amount for their building, and Mr. Hicks said yesterday that he expected no difficulty in raising the required amount.

Brantford being particularly an industrial city, is one of the reasons why the league has been launched here. The local branch of the league has a membership of several hundred.

SEEDLESS LEMON FOUND.

San Bernardino, Cal., Nov. 17.—The seedless lemon, to produce which botanical experts had unsuccessfully labored for many years, has been discovered, it is announced. The bud wood, from which the trees now bearing the seedless lemons have been grown, came from a sample labelled "citron of commerce."

The original bud came from Italy, but according to the Department of Agriculture a search of the groves of the Old World failed to reveal any trees which bear seedless lemons. Fruit growers believe that the character of the fruit was changed through budding.

BRITISH SHIP WRECKED.

London, Nov. 18.—The British steamer St. Bride, which sailed from Hamburg on Nov. 5 for Norfolk, is reported to have foundered on the shoals of Newark Island in the North Sea. A lifeboat from the vessel containing two bodies has been picked up.

CHINESE REBELS OUTLINE PROGRAMME.

London, Nov. 18.—Archibald Ross Colquhoun, well known as a journalist and explorer, in an article in the Daily Graphic yesterday professes to outline the programme of the Chinese rebels on the authority of the leaders of the rebellion, says the revolutionary committee has summoned Dr. Sun Yat Sen, one of the instigators of the present revolt, and that he shortly will arrive in Shanghai to take up the direction of affairs.

The intention is, according to the article, to institute a military government under the direction of an American, Gen. Homer Lea. There will be a period of three or less years of martial law, during which administrative reform will be undertaken, this to be followed by another period of three years during which the military government will be assisted by certain elected bodies. At the expiration of this time it is expected that the country will be prepared for a constitutional republican government with a president and two elective chambers. Mr. Colquhoun says it is believed Dr. Sun will be the first president.

CABINET LACKS SUPPORT.

Pekin, Nov. 18.—Twenty-four hours have sufficed to cause the gravest doubt upon Yuan Shi Kai's ability to carry on the Government with the Cabinet that was announced Thursday, or perhaps with any cabinet, whose policy includes the maintenance of a monarchy. Some of the appointees have declined the posts while there are various conflicting elements among the remainder whom Yuan has not succeeded in co-ordinating.

THE TIEON WAIST NEW YORK'S LATEST !!

What It Is and Its Points of Merit

The Tieon Blouse replaces Waists because it neither buttons, nor hooks and eyes, nor pins are needed. It can be tied in front, at back, or at side, with equal facility and effectiveness.

It does not allow the undergarments to show. It can be tied in an attractive Sash, or Bow, or Rosette, in front, at back or at side. It gives a girlish effect, without having a separate attachment.

It does away entirely with belts. Only 30 seconds required to slip on and tie the Blouse. This is by actual tests. It will give a kimono effect, if wanted. Whether furnished with tight sleeves, or loose; lined, or unlined, is immaterial.

Dress shields may be worn as with waists, without affecting its style. Full-busted women appear more slender, because of its clinging effect. Flat-busted woman appear more plump, as fullness may be left when tying.

It is as suitable for street wear as if worn indoors. Wearers are always "presentable." It is reversible. This crowning feature requires no comment.

Comes in Plaid Silks, Plain Colors Trimmed with Green or Blue: also in Stripes. Now shown by

L. A. BAYLEY

THE GATLIN TREATMENT CONQUERS DRINK HABIT IN 3 DAYS

No Hypodermic Injections, no Disagreeable Features, no "Strong" Drugs — a Pleasant, Mild Treatment that a child could safely take.

DOING AWAY WITH THE CAUSE of continued liquor drinking is the secret of the Gatlin Institute's success — the secret of the permanent results obtained in THREE DAYS' TIME.

Alcohol is a cumulative poison. Once in the system it demands more. In THREE DAYS the Gatlin treatment drives every trace of this stored-up poison out of the system, and, with its disappearance, all desire for liquor, and all symptoms, and any inclination to drink liquor also disappear, leaving the drinker in the same condition as regards liquor as the day he took his first drink.

Each patient treated under a plain, legal contract, that the patient shall be satisfied with the results of treatment, or the full fee paid shall be refunded at the end of the third day, and the treatment shall cost nothing. The Gatlin Institute has been established EIGHTEEN YEARS. Twelve thousand cases have been treated, with failure in no case. The very highest financial references are offered.

The Gatlin Institute is the only Institute authorized by the Province of Quebec under License.

The only Original Three-Day Cure, and absolutely Reliable. Every privacy desired is to be had, including Private Room for each patient with nurse, and every comfort and convenience.

Medical Superintendent in attendance Day and Night. The Gatlin Home Treatment is for those who cannot come to the Institute for three days. It is just as efficient as Institute treatment if directions are followed.

Operating over 67 Institutes in Canada and the United States, we have effected 12,000 cures in eleven years.

Call or write for Books of Particulars and other Information.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

DR. FRANK LYNOTT who is giving away \$10,000 worth of medicine.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift season and the United Aid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have, or cure of such a few things unobtainable and give up all hope and refuse to listen to anyone thereafter. Finally, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money and I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them a box of my medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which I am ready now to be sent out all in full and standard. There will be enough for hundreds, thousands, and tens of thousands of them. And anyone who needs it can get some of it free. But in order that I may show you how to get a box of this medicine, you must send me your name, address, and send it to me. My address is Dr. Frank Lynott, 341 Franklin Building, Toronto, Can.

These Are the Symptoms: 1—Pain in the back. 2—Pain in the neck. 3—Burning or obstruction of urine. 4—Pain or soreness in the bladder. 5—Prostate trouble. 6—Pain or soreness in the stomach. 7—General debility, weakness, dizziness. 8—Pain or soreness in the kidneys. 9—Swelling in any part of the body. 10—Constipation or liver trouble. 11—Pain or soreness under the heart. 12—Pain in the hip joint. 13—Pain or soreness in the joints. 14—Pain or soreness in the fingers. 15—Pain or swelling of the ankles. 16—Pain or swelling of the feet. 17—Acute or chronic rheumatism.

W. H. O'REGAN, GEO. F. CUTTER, Testamentary Executors, Sutton, Nov. 14, 1911.

CANADIAN OFFICERS HAVE GERMAN SWORDS

Buy Them in Fatherland Because They Are Cheaper Than English Make.

PROVISION SHOULD BE MADE TO ALLOW MEN TO GO TO CAMP.

Ottawa, November 18.—(Special.)—That Canadian Militia officers were compelled to wear swords of German manufacture was one of the complaints made by Lt.-Col. Gwynne, of Regina at the militia conference yesterday. Col Gwynne showed that in the old days officers' uniforms were admitted free of duty, but at the best of various militia supply men this had been subjected to customs impost.

The result of this had been that the officers of the Canadian militia since have been sporting German swords at \$14 apiece, instead of the British-made ornaments at \$17 apiece. Col. Gwynne strongly protested against this and suggested that the present Government should so arrange matters that British officers could at least wear swords of British make.

Another question of importance was brought up by Lt.-Col. Bertram of Dundas, who said some provision should be made to compel employers of labor to allow their men to go to camp when necessary. He himself had taken whole companies of his own mechanics to camp, with splendid results.

BOUGHT THE CRYSTAL PALACE

EARL OF PLYMOUTH WILL RETAIN IT UNTIL PURCHASED BY NATION.

London, Nov. 18.—The Earl of Plymouth has purchased Crystal Palace, one of the great amusement places of England, for \$1,050,000. His purpose is to hold it until the nation shall purchase it, thus avoiding its sale at public auction.

DAILY NEWS FROM TOWNSHIPS

(Continued from Page 1) arrears due to the trustees will be paid at once.

ENCOURAGE THE GOOD WORK. Dunham, Nov. 18.—(Special)—Secretary Duboyce, of the School Board, is in receipt of a grant of \$242 from the Superior Education Fund as an encouragement to the Board to continue the good work in running a first-class Model School. This is the largest grant that has ever been received by this Board.

GRANT TO COWANSVILLE ACADEMY. Cowansville, Nov. 18.—(Special)—Secretary Duboyce, of the School Board, is in receipt of a grant of \$325 from the Superior Education Fund as an assistance in maintaining the present high standing of Cowansville Academy.

GOVERNMENT GRANT RECEIVED. Sutton, Nov. 18.—(Special)—The grant of \$1,600, allowed by the Government in aid of the bridge recently completed across the Alder brook near S. Tryhorn's, has been received. This bridge which is of iron, with heavy concrete abutments, is a credit to the town. The work was well done and will no doubt stand the ravages of time for generations.

BUILDING IN RICHMOND. Richmond, Nov. 18.—(Special)—Mr. J. D. Smith's new double tenement and Mr. Blackbird's are well advanced and will be finished this fall. About twenty new buildings have been erected in Richmond this year and all of them are of first-class construction.

RICHMOND SCOUTS TO CELEBRATE. Richmond, Nov. 18.—(Special)—St. Andrew's Day in Richmond will be observed in a Royal manner by the Scotch folks of the county.

ATTACKED BY A RAM. Tingwick, Nov. 18.—(Special)—Mr. Jas. Burns was attacked by a ram while at Mr. Jas. Ashmore's place. He was quite seriously injured.

SMALLPOX AT NORTON. Norton Mills, Vt., Nov. 18.—(Special)—A case of smallpox is reported here. Dr. Poulin, of Island Pond, Vt., Dr. Ker, of Canaan, Vt., and Dr. Guertin, Norton, Vt., went to the lumber camp at Lake, Vt., to see if there was any smallpox there.

NEW SCHOOL BUILDING AT SOUTH DURHAM. South Durham, Nov. 18.—(Special)—The School Commissioners of St. Fulgent de Durham, Messrs. Wilfred Proulx and Jos. Laliberte, with Dr. H. H. Prefontaine as president, during the past summer gave a contract to Messrs. H. Bastharon and Grisse, to erect a school building as their old one was too small to accommodate all the pupils. The contractors have completed their work and Mr. Z. Blais is now installing the furnace. The building is 40 ft. square, two stories high, well lighted, ventilated, and heated, making one of the best school buildings in the county at a cost of \$3,900. It stands on a fine elevated site opposite the R. C. Church at the front and on one side are several large shade trees and at the back a large play ground for the children. The teachers, Misses St. Laurent and M. A. Dunn, with their large number of pupils will soon take possession and will find their new school building all they could desire.

THERE SHOULD BE MORE OF THEM. Massawippi, November 18.—(Special)—The organization of "A Get together" Club was effected Thursday evening when friends met at Mrs. E. St. Dizier's house. The worst storm of the season prevented many from attending consequently the number to date is small.

The object of the Club is socialability and by the payment of a small fee each meeting to assist any old or young in the village in the way of improvement. The plans for the Club are simple. They will meet fortnightly at the members homes the leader will be the hostess, and a committee of three will arrange for and carry out a short programme each evening. Games and a guessing contest will take place of a different nature each time, and a simple treat may be provided.

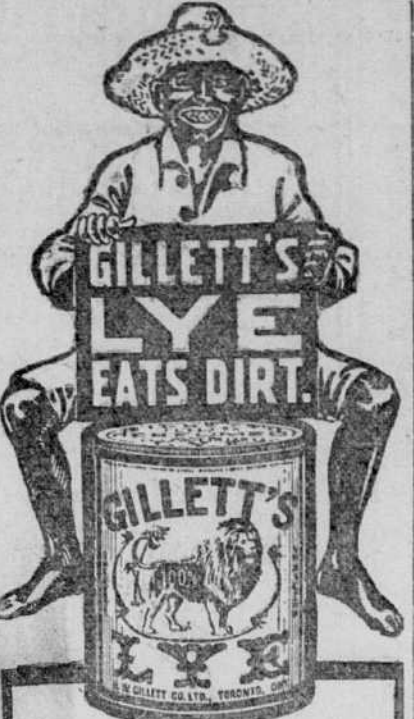

Upon this occasion Mrs. W. Hunting gave a piano selection. The Hostess, Mrs. E. St. Dizier, presided. Items from Massawippi over twenty years ago which brought to mind many incidents of a funny nature and otherwise of those days long ago. Phonograph records helped to while away the time.

The guessing was on the number of seeds in a certain pumpkin. Mrs. H. Hitchcock-Ron the prize, a shina cup and saucer, and Mrs. E. A. St. Dizier the least prize, a box of chocolates. All seemed to enjoy the evening. The next will be Thursday, evening November 30. Those wishing to join will be welcome.

MARRIAGES.

VALE - FRIZZLE. Brome, Nov. 18.—(Special)—A quiet and pretty wedding took place at the home of Mr. and Mrs. Howard Frizzle on the afternoon of the 15th inst., in the presence of a number of the marriage of their youngest daughter, Miss Gula Belle, to Mr. Alva Draper Vale, only son of Mr. and Mrs. Henry Vale, of Brome.

The nuptial knot was tied in the presence of a few of the immediate relatives and friends by the Rev. Rural Dean Judge, pastor of St. John's Church, Brome. The Wedding March was rendered by Miss Roxie Marsh, cousin of the bride. The groom was supported by Mr. Errol Marsh. The bride who was attired in blue taffeta with yoke of white pointe d'esprit, was attended by her sister, Miss Eva M. Frizzle, gowned in blue taffeta. The wedding gifts which were num-

FOR MAKING SOAP FOR WASHING DISHES FOR SOFTENING WATER FOR DISINFECTING SINKS CLOSETS, DRAINS ETC. MADE IN CANADA E.W. GILLETT CO. LTD. TORONTO-ONT. WINNIPEG MONTREAL

erous and costly included furniture, cut glass, silver, china ware and money.

The guests present were Mr. and Mrs. Henry Vale, Mr. and Mrs. B. Draper, Mr. and Mrs. C. H. Frizzle, Mr. and Mrs. E. Frizzle and family, Mr. and Mrs. Thos. Frizzle and family, Mr. and Mrs. F. Tibbits, Mr. and Mrs. C. S. Marsh, Mr. and Mrs. Jason Marsh, Mr. and Mrs. Sherman Frizzle, Mrs. C. Martin and son, Mr. Darwin Benham, Mr. and Mrs. Edwin Wilson, Mr. and Mrs. Chas. Beals and son, and Mrs. E. P. Judge.

The young couple will reside on their farm near Brome village.

Deaths Reported.

MRS. A. IVES, HATLEY. Hatley, Nov. 18.—(Special)—After a short but painful illness from pneumonia, Mrs. Amanda Ives, widow of the late Alfred Ives, passed away at her home here on Thursday, Nov. 16, at the age of 75 years and six months.

The late Mrs. Ives is survived by one daughter, Mrs. H. H. Brown; one grand-daughter, Miss D. Brown, and by three brothers and two sisters. Mrs. Ives was the second daughter of the late Joel D. Parker, of this place, and had passed the whole of her life here.

A. FRANCOEUR, THETFORD MINES. Thetford Mines, Nov. 18.—(Special)—Mr. Adrienne Francoeur, master plumber of Thetford, died Thursday night after a lingering illness.

He visited Quebec during the Exhibition last fall and met with an accident, which caused him to be in the hospital several weeks. He was brought back to Thetford as soon as he could be moved with the hope that he would recover, but consumption set in and he gradually sank.

He leaves a widow and family, and his loss is much regretted by a large circle of friends.

THE LATE DAVID MCCURDY, HASSELL HILL. (Contributed.) On Sunday, November 5, there passed away as already stated a well known and interesting figure in the person of Mr. David McCurdy of Hassell Hill, Ascot.

Born within the limits of the city of Sherbrooke, August 29, 1822, his whole life of nearly 90 years associated with the growth and development of this part of the Townships.

In common with most of his days Mr. McCurdy's educational advantages were limited, but his habit of thoughtful and painstaking consideration of every subject which engaged his attention developed in him that ability of sound judgment which deserved and won the confidence of all with whom he associated. For over 30 years Mr. McCurdy occupied a seat in the Municipal Council of Ascot, and it is noteworthy that he enjoyed the respect and esteem of all classes of the community.

A life member of the Methodist church in Lennoxville his services to that body will not soon be forgotten, while his sympathy and assistance were always available for every good work. Although unmarried Mr. McCurdy leaves behind man, relatives and friends, who sincerely mourn the passing of a good man. Of a large family, one brother only survives, Mr. John McCurdy of Pipestone, Minn.

The funeral was held on Tuesday, November 7th, and was largely attended. The flowers sent and many kindly words spoken bore witness to the affectionate regard of a very large circle of friends.

All men are invited to attend and there is but little doubt that a large audience will be present. Mayor Cate has kindly consented to act as Chairman at this meeting.

VIEWS AND REVIEWS RE CITY AFFAIRS.

(Edited by Civitas.)
GOVERNMENT BY COMMISSION.
Interest in municipal matters continues to increase, and wherever a group of business men congregate, Commission Government is the chief topic of conversation.
The general principle appears to meet the unanimous favor of the public in general. There may be those who oppose the introduction of a new system and prefer the present methods, but so far they have not publicly expressed themselves.
One of the advantages of Commission or Board of Control government, as explained by Mr. Harry Bragg at the Board of Trade luncheon, was that complaints or petitions from citizens, institutions or corporations were promptly dealt with. It is a regrettable fact that this is not the case under the present system. In fact, the first agitation for a change in certain departments grew out of the fact that the public received no replies to their demands. Over four weeks ago a petition for water was sent to the Council by the manager of a large concern in Sherbrooke. The Council referred it to the Board of Control. Although four weeks have passed and several meetings have been held, no report has been made to the Council.
Suppose the above-mentioned request had been made when the water-works were owned by the private company, would it have been ignored? Hardly likely. If the City is to make a success of the Water Department, or any other department, those in charge must employ business methods in dealing with the public.
With men in charge whose only business is that of managing the affairs of the City, as will be the case if Commission Government is adopted, such a condition of affairs would not exist. The Commissioners could not afford to run the risk of losing their positions by negligence of this nature.

SHERBROOKE RAILWAY AND POWER COMPANY.
The Sherbrooke Railway and Power Company has given notice that a request for additional powers will be made at the next session of the Quebec Legislature. Among the amendments asked for by the company are the following:
"To extend the limits of the territory within which the Company shall have the right to operate under its Charter, to comprise the districts of St. Francis, Arthabaska, Beauce, Bedford and St. Hyacinthe; to store, convey, distribute, sell and supply water, within the territory in which the Company has the right to operate under its Charter, and to carry on the business of a water company in all its branches; to store, convey, distribute, deliver, manufacture, sell and supply gas for lighting, heating and other purposes; and to carry on the business of a gas company in all its branches; to define the powers of appropriation of the Company; to confirm the contract between the Company and the Municipality of the Village of Stanstead Plain, dated the 15th of August, 1911, and also the contract between the Company and the Municipality of the Village of Rock Island, dated 1st of August, 1911."

CHURCH NOTICES.
Missionary services will be held in the Lennoxville Methodist church to-morrow at 10.30 a.m. and 7 p.m. The claims of missions from the Laymen's standpoint will be presented by Mr. J. Parkes of Sherbrooke at the morning service and by Dr. Shurtleff of Coaticook at the evening service.
Services will be held as usual in Plymouth church, tomorrow. The subject of the morning sermon will be "A Message From the Men's Missionary Congress." Evening address "The Influence of the Press". Sunday School at 12.15.

CONCERT AT BISHOP'S.
A successful concert was given on Wednesday evening last in the Library of Bishop's College, Lennoxville, for the purpose of raising funds to beautify the Divinity House. As the weather was not all that could be desired the attendance was not as large as had been expected, but the evening was greatly enjoyed by those present. A varied programme was carried out with much spirit, among the items being College songs and choruses by the students, a delightful vocal solo by Miss Dorothea Gwyn, of Sherbrooke, and songs given very effectively by Mr. J. C. Stewart and Mr. A. Grant. Mr. Valentine Molina's whistling was a feature of the evening and Mr. Johnston contributed a couple of piano solos, and also acted as the capable accompanist.
A little comedieta, entitled "The Automatic Servant," was capably acted by Miss Winifred Mundell, Mr. C. E. Hobart and Mr. Alward, and proved immensely entertaining. The National Anthem brought the evening to a close.

E. T. ARRIVALS IN TOWN
Among the Eastern Townships visitors in town yesterday were Messrs.—J. H. Robarge, Scotstown; Oscar Viel, Warwick; J. A. Allard, M. D., Bromptonville; J. Bergeron, J. A. Drolet, E. Michand, St. Camille; J. E. Blais, Danville; A. W. Wheeler, Bulwer; W. E. Garipey, H. Vincent, La Patrie; Jos. Dupuis, Victoriaville; D. Gervais, Lawrenceville; J. W. Nadeau, Black Lake; F. N. Dunn, Windsor Mills; F. R. Currie, Bedford; Dr. Gouin, St. Camille; E. L. Barter, Bury; W. E. LeBaron, North Hatley; A. H. Kezar, North Hatley; A. S. Crosby, Moe's River; F. J. Lafèche, M. D., Warwick; D. H. Kittredge, Granby; J. W. McGill, Knowlton; Henry Brown, South Stukely; C. A. Ring, East Angus; Mr. and Mrs. G. H. Wilder, Sawyerville; L. S. Colt, Massawippi; C. A. Burtor, Waterville; E. Levesque, Hull; W. L. Smith, Mystic; J. A. Berube, Lyster; F. I. Bedard, Richmond; Edward McGovern, Richmond; W. Lepine, Magog; D. L. Mullins, Magog; K. M. Brown, Rock Island; Mrs. J. M. Reid, East Angus; L. Gregoire, Thetford Mines; Mrs. Henry Bird, Waterloo; A. J. Sisco, Sawyerville; Mrs. P. L. Daigneau, Thetford Mines.

DOUBLE TRACKING WELLINGTON STREET.
Editor Record.
Dear Sir:—As nothing will likely be done this fall in connection with paving Wellington street, would it not be well to leave the matter as it is until the new Council has been appointed? In my opinion it would be far more desirable to have Wellington street double tracked along the entire length than to have a sideling. I think the whole matter should be carefully gone over again, and if necessary expert advice secured.
D. NYE.

CO-OPERATION.
One of the pleasing signs of the times is the fact that the City Council and Board of Trade are beginning to understand each other better. In years gone by the best of feeling did not exist between these organizations. In fact, certain members of the City Council would sit back in their chairs and grin when a request was being read from the Board of Trade.
Things have changed, however. The Council, while not always in accord with the requests made by the Board of Trade, has come to realize that in order to secure the best possible results for Sherbrooke there must be co-operation. During the past few months this co-operation has been apparent. The Aldermen and the Council of the Board of Trade get together and talk propositions over. One assists the other. The old friction has passed away, and the members of both are now working hand in hand for the betterment of Sherbrooke.
That they should agree on everything is not to be expected. It would be strange if they did. So long as one assists the other as far as possible in the building up of the city the campaign for a "Greater Sherbrooke" will bear fruit abundantly.

EXTENSION OF MEADOW STREET.
Editor Record.
Sir:—What has become of Ald. McManamy's request to have Meadow street extended? This improvement seemed to be favored by the Council when brought up, and if I remember rightly, the Council decided to have the matter brought before the Railway Commission.
The proposition should not be dropped.
Yours truly,
PROGRESS.

THE VOTERS' LISTS.
An opportunity may yet be given to all qualified voters of Sherbrooke to have their names added to the electoral lists this year. The petition recently filed asking that the names be considered before a Judge of the Superior Court is a reasonable one.
It would be most unfair to deprive four or five hundred citizens of Sherbrooke of their votes simply because those entrusted with the revision of the lists had not conformed with the election law. If they can produce proof that they are entitled to a vote under the laws of the land they should not be deprived of their franchise through circumstances over which they had absolutely no control.

Economic Electric Household Iron

January 14th—Albert Armstrong, illustrating Ralph Connor's "Sky Pilot." January 21st—Chas. H. Fitzwilliams. January 28th—Rev. R. J. Flood, S.T.B., M.S., originator Garden City Movement. February 4th—Dr. Edwin A. Blake. February 18th—Tahan, the Indian (Rev. Jos. K. Griffin).

Arrangements have been completed by the Young Men's Christian Association of Sherbrooke to bring the above mentioned speakers to Sherbrooke during the coming winter. The meetings will be held on Sun-

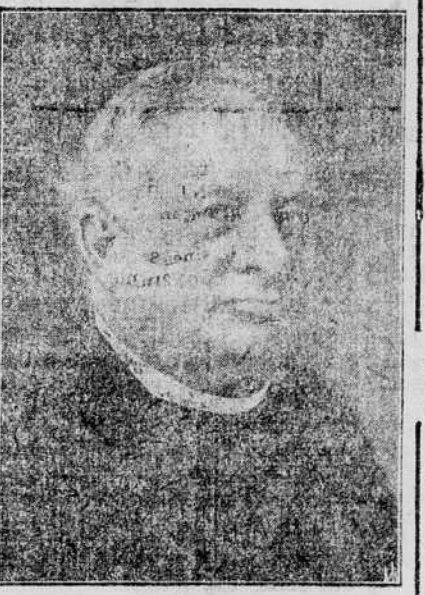

in oriental lands. A keen observer, extensive traveller, expert photographer, and fluent speaker, he is well qualified to deal authoritatively with the countries which form the subjects of his lectures. His experience covers a period of exciting events and marvellous changes, including the Japan-Russo-Japanese war of 1904-5; three China wars of 1894, the terrible "Boxer" uprising of 1900, and the Russo-Japanese war of 1904-5; three great historical episodes which mark

TAHAN, THE INDIAN. He will describe Indian life.

the awakening of China from her sleep of centuries, and the setting in, shaping and accelerating of the wonderful tide of progress which is now drawing the eyes of the world towards that ancient empire. From the deck of a gun-boat in 1894 Lieutenant Gammon witnessed the landing of Japanese troops in Korea, and was with the first on the scene when the sinking of the transport "Kowshing" with 1,200 Chinese troops, opened hostilities outside the harbor of Chemulpo on July 25th. Observing at close range the events of that famous but one-sided conflict, he was perhaps the first foreigner to visit Port Arthur after its capture by the Japanese in November 1894, while the bodies of the slain were still lying in the forts and streets.

J. EVERIST CATHELL, S.T.D. Dr. Cathell is scheduled to speak

J. EVERIST CATHELL, S.T.D.

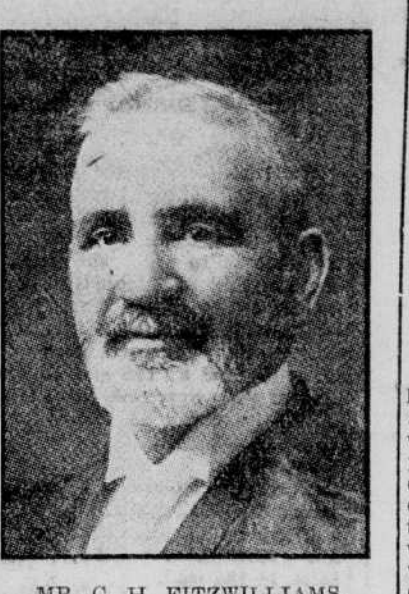

here on December 3rd. Hon. Leslie M. Shaw, former secretary of the United States, writes of Dr. Cathell as follows: "I have known Dr. J. Everist Cathell more than ten years, and after listening to him repeatedly, I believe he can conduct the Episcopal service with greater grace, more feeling and in every way more satisfactorily, than any other man living. He is a good thinker and his mind runs true. There is no yellow in his make-up and no guile in his bosom. In addition, he is a most interesting speaker, and an effective orator in the better sense of the term. Public speakers are not

MR. ALBERT ARMSTRONG.

always competent to instruct, and none can instruct if they fail to interest. Dr. Cathell will interest his hearers and instruct them also, and the instruction that he imparts will be wholesome." RABBI FLEISCHER. On December 10th Rabbi Fleischer of Boston, will be the speaker. The Springfield Republican says: "Rabbi Fleischer is a fascinating speaker, and his address last evening was one of peculiar interest, which held the close attention of his hearers. The rabbi has a pleasing personality, and his clear and sympathetic voice adds to the effectiveness of his delivery. His charm as a speaker lies in the beautiful phrasing of his language, the quiet force of his

earnestness, and the command of his subject. He has a fund of ready wit, which is made use of in illustrations, though never so as to detract from the solid elements that make his lecture worth hearing. His closing plea for a nobler human brotherhood was a fitting ending to a thoughtful and stimulating address." HON. GEO. D. ALDEN. One of the strongest speakers will

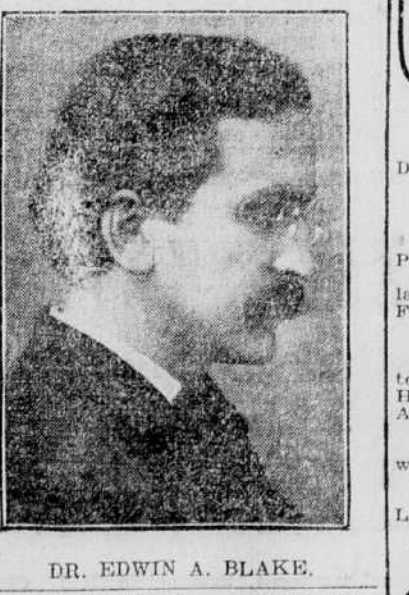

MR. C. H. FITZWILLIAMS.

be Hon. Geo. D. Alden, lawyer, lecturer and United States Judge. The Eau Claire Leader makes the following reference to this speaker: "Judge Alden is one of the most eloquent men connected with the legal profession in the Eastern States. He is a Massachusetts lawyer and an able jurist whose platform successes have put him in a class by himself, and which was demonstrated in his engagement here. He does not indulge in mere academic discussion.

HON. GEO. D. ALDEN, who will speak on "The Needs of the Hour."

but touches living, vital topics, in a manner that compels attention." MR. ALBERT ARMSTRONG. Mr. Armstrong will give an illustrated address on Ralph Connor's book, "The Sky Pilot." The Ashland (Ky.) Daily Independent says of Mr. Armstrong: "We are pleased to say the audience was delighted, and the committee expressed themselves as greatly pleased with the entire entertainment. The illustrations were among the finest ever shown here, and those who had or had not read "The Sky Pilot" greatly enjoyed the characters as portrayed by the speaker. Those who heard him expressed themselves as delighted, while those who missed this entertainment will always have something to regret." CHARLES H. FITZWILLIAMS. "The Battle of Life" is the subject on which Mr. Fitzwilliams will speak. The secretary of the Utica Y.M.C.A., says the following tribute to Mr. Fitzwilliams: "In the strongest series of men's meetings ever held in Utica, no speaker was more forceful, logical and convincing than Charles H. Fitzwilliams.

DR. EDWIN A. BLAKE.

His splendid idealism and his striking style proved most effective. The men frequently applauded and, again, in almost awed silence, listened as he forced home the truth. He is an orator. He has a message and always strikes twelve. We must have him again." REV. R. J. FLOODY. Mr. Flood is said to be a forceful and scholarly speaker. He has had a wide experience with boys and closely studied them. In the opinion of many he has made the greatest advance towards the solution of the "Boy Problem" yet presented to the public. The boy is presented in a new light and modern methods are employed to meet the needs of the case. Parents, teachers and all workers with boys cannot fail being

inspired and profited by his talk on Boys. He is also the originator of the Great Garden City Movement and has thrown new light on the problem of social betterment. DR. EDWIN A. BLAKE. Dr. Blake will appear on February 4th and will likely speak on "The Call of the 20th Century." He has travelled extensively, and is reported as being an interesting speaker. TAHAN, THE INDIAN. This gentleman will tell the thrilling story of his own life. The habits and life of the Indian will be described fully by Tahan, who is now a preacher.

CITY NEWS

Mrs. J. N. Matie and her sister, Miss Margaret Beebe, spent yesterday in Waterville, guests of the Rev. E. K. Wilson.

CHIMNEY BLAZE.

A chimney fire broke out yesterday afternoon at 111 Alexander Street, caused by the stove in the chimney being all burned out. The chemical from No. 1 Fire Station answered.

HOUSE PARTY AT Y.W.C.A.

The house party at the Y.W.C.A. last evening was a thoroughly enjoyable affair, the boarders and their invited guests spending an exceedingly pleasant evening. The superintendent, Miss Amy E. Armstrong, received, assisted by Miss Booth and the following entertaining programme was carried out: "Progressive conversation," which placed the company en rapport. Two minutes were allowed to converse when at the ringing of a bell, a general move was made. The next item was a "Musical Romance," partners being chosen by the "foot plan." Miss Davidson and Mr. Irving won the prize. An art gallery contest caused not only much merriment, but some deep thinking as well. Miss Booth and Mr. Armstrong were the lucky ones, carrying off the first prize, while Miss Wudd won the consolation prize. Miss B. Bishop and Mr. C.K. Bartlett won the prize in the "marriage proposal" contest for the most original proposal and refusal. Mr. Matthews sang a solo and Miss Alma Booth gave several piano selections.

Cake and coffee were served, donations by some kind friends of the Association. The company broke up after singing a few patriotic songs, the gentlemen giving three cheers and a tigger for the girls of the Y.W.C.A., and all joining hands and singing "Should aid acquaintance be forgot." Misses Jean Stewart and Bertha Jamieson were in charge of the entertainment committee.

Can't Trifle With Nature

Sleeplessness, shaky nerves, stomach trouble, weak heart, headaches, etc., are effects often caused by tea and coffee drinking.

There can be no relief until the cause—if it be tea or coffee—is removed.

Then Nature will repair the damage; and the return to health can be hastened by using well-boiled

POSTUM

—the pure liquid food drink containing the nourishing elements of wheat, including the phosphate of potash (grown in the grain) which Nature requires in rebuilding body and brain.

"There's a Reason"

And it is explained in the little book, "The Road to Wellville," in packages. Canadian Postum Cereal Co., Ltd., Windsor, Ontario.

A PLEASANT SURPRISE.

On Nov. 13th the people of St. John's Church, Gallup Hill, took their pastor, the Rev. P.R. Roy by surprise on the evening of his arrival from Quebec, when all congregated at the Parsonage with an abundant supply of grain, vegetables, fowl, butter, eggs, preserves and cakes. The evening was agreeably spent in various games and a few songs. Before parting at midnight Mr. Roy expressed in feeling terms how he had been cheered and upheld by the congregation during his first year's work among them, and also his high appreciation for the party they had organized and all the good things they had brought him.

"THIS DATE IN HISTORY" NOVEMBER, 18.

1540.—De Soto left the coast and began his inland march.

Y. M. C. A. 30; STANSTEAD 22.

Collegians Defeated on their Own Floor.

BISHOP'S COLLEGE SCHOOL DEFEATS BISHOP'S UNIVERSITY.

Stanstead, November 18.—(Special) Stanstead College lost a hard game to Sherbrooke Y. M. C. A. here last night, going down to defeat by a score of 30 to 22. The game was heartrending to supporters of both teams. At the start the college turned loose in great style and soon had a lead. The visitors kept on plugging however, and at the end on ten minutes of play overtook the Collegians. At half time the score was 13 to 9 in favor of the visitors. Soon after the second half began, the College "Rooters" were given occasion to break loose. Playing the Y. M. C. A. to a standstill they scored five points in succession, putting them in the lead.

The Y. M. C. A. boys kept on plugging and soon secured the lead which they kept until the game was over. "Jeff Holt" was in great shape and scored three field baskets and scored on six out of seven three throws. Gerald Wiggott, bagged four baskets, Edney three and the Tate brothers one each. Edney played a brilliant game and with Holt and Wiggott worked like a Trojan. Wiggott, the college centre man, showed up well and scored twelve points.

Messrs. W. S. Maguire and J. D. McFadyen gave entire satisfaction as officials.

B. C. S. DEFEATED COLLEGE

At Lennoxville last night, Bishop's College School defeated Bishop's University by a score of 20 to 18.

The teams lined up as follows:

Y.M.C.A.	S.W.C.
Wiggott forward	Harper
Edney "	Bayley
Holt, centre	Wigg.
R. Tate defense	Astle.
H. Tate,	Roy.

Summary.—Y. M. C. A.—Holt 12, Wiggott 8, Edney 6, R. Tate 2, H. Tate 2.

Stanstead—Wigg 12, Harper 6, Astle 4.

CURLING

EXECUTIVE COMMITTEE MET LAST NIGHT—LOOKING FOR CARETAKER.

The Executive Committee of the Sherbrooke Curling Club met at the E.T.A.A. Office last night. Mr. Jas. Mackinnon, president, occupied the chair. A committee was appointed to engage a caretaker for the coming season. The outlook for a successful year is bright, a number of new members having been secured. The president announced his intention of offering a pair of curling stones as a prize for the singles. It was also decided that the rink would be offered free of charge for the use of the ladies. An effort will be made to have a Ladies' Club formed.

ABOLITION OF THE SENATE!

MR. LANCASTER GIVES NOTICE OF SEVERAL BILLS IN COMMONS.

Ottawa, Nov. 18.—Mr. E. A. Lancaster, whose Cabinet aspirations were squelched by Mr. Borden, has given notice of several bills. He has placed on the order paper his resolution of last session providing for Senate reform by the abolition route. Mr. Lancaster will also introduce a bill to amend the marriage act. Premier Borden will consequently be asked by one of his own followers to choose between his Orange and Nationalist supporters in regard to the ne temere decree.

Mr. Lancaster is also out again with his hardy annual—the bill for the abolition of level crossings. He also has a resolution urging immediate action on the deepening of the Welland Canal to twenty-five feet.

FINANCIAL AND MARKET NEWS

PRICES AT THE SHERBROOKE MARKET

EGGS SOLD AT FIFTY CENTS PER DOZEN THIS MORNING.

Although eggs were quite plentiful on the Sherbrooke market this morning the price was away up, the average price being fifty cents per dozen. Even at that price farmers found no difficulty in disposing of them. Potatoes were also plentiful this morning and sold at eighty cents per bushel.

In the meat market prices were unchanged. Ham was slightly lower, and sold at sixteen cents per pound. The prices were as follows:
Eggs, per doz. 50c
Butter, per lb. 28-30c
Sugar 12-12c
Honey, in comb, per box 18-20c
Beef, hind quarter 10c-13c
Beef, cut, per lb. 12-13c

Squash, each 10c-20c
Citrons, each 10c-20c
Bacon, per lb. 18-20c
Onions, per bunch 5c.
Redishes, per bunch 5c.

COUNTRY PRODUCE.

EGGS ADVANCE IN PRICE.

Montreal, November 18.—The egg market during the past has remained firm at last week's advance in prices. The trade are still paying in the country 25c to 35c per dozen, f.o.b. for fresh gathered stock. There is quiet a sprinkling of new laid eggs coming in with the receipts. No. 1, stock is commanding 24c in round lots, and 25c in a jobbing way. There are very few sales of selects being made in round lots, but they are nominally worth 25c there is, however, a very good demand from the grocers for this grade which is commanding 30c in a jobbing way. New laid eggs are worth 40c per dozen. A few small lots of eggs were exported to the United Kingdom last week.

POTATO MARKET FIRM.

Montreal, November 18.—There was a firm feeling in the potato market this week, although the receipts were fair. Several car lots of Green Mountains were sold this week at \$1.05 track Montreal. While white Quebec stock sold at \$1.00. There are quite a lot of inferior grades coming in from the Lower Provinces which have sold as low as 90c track Montreal. The better grades are scarce and will bring top prices.

POULTRY IN DEMAND.

Montreal, November 18.—There has been quite a few lots of poultry come into the market, but the mild weather has curtailed the bulk of the supplies. Turkeys are in good demand at 17c to 19c per lb. Large chickens are wanted at 14c to 15c per pound, while the smaller sizes are worth 11c to 12c per pound. Fowls are commanding 7c to 8c per pound. Ducks are scarce at 16c to 17c per pound. Geese are in good demand at 12c to 13c per pound.

ADVANCE OF \$1.50 PER TON.

Montreal, November 18.—There has been a stronger tone in the hay market this week, which is no doubt due to the high prices that are being paid at some country points, owing to the keen competition between buyers. Prices here have advanced about \$1.00 to \$1.50 per ton on all grades. There is a very good demand in the local market. It is still difficult to get cars to move the hay. American buyers are operating rather liberally at country points.

W's quote prices purely nominal, as follows—
No. 1 hay \$16.00
No. 2 extra quality 15.00
No. 2 hay ordinary 13.50
No. 3 hay 11.00
Clomized 11.00

PROVISION MARKET.

GOOD DEMAND FOR DRESSED HOGS.

Montreal, November 18.—There is only a limited demand for smoked meats medium and small sized hams show no further change since last week's decline. The market for pure lard shows no further change. There is a firm feeling in salt pork, but prices show no change. Canadian plate beef remains unchanged.

The receipts of live hogs have been fair but there is a good demand from packers. Prices are unchanged. Packers are paying 36.50 per hundred pounds washed off cars. Dressed hogs are firm, selling this week at 89.25 to 89.50 per hundred pounds.

DAIRY PRODUCE.

BUTTER MARKET STRONG.

Montreal, Nov. 18.—The market is strong with an upward tendency in values which are 4c per lb higher than a year ago, sales of finest to fancy September and first half of October creamery hapsing trans pired in round lots at 25c to 28c and 29c. Current receipts have realized from 26c to 27c as to quality. Well

kept June creamery has brought 27c to 27c.
Advices from New York, state that the stocks of butter are a very small being estimated at 20,000,000 lbs. less than at this time last year.

SHEESE STOCKS LIGHT.

Montreal, November 18.—With light stocks and receipts compared with those of a year ago, holders of cheese are very firm in their ideals, and last week's prices are firmly maintained. Business is not active. Although a moderate amount of good is being turned over on the basis of our quotations in our regular market reports. The sale of 500 boxes of finest Western colored was reported at 14c at the beginning of the week and 350 boxes of finest eastern white at 14c and a lot of fine eastern at 14c. These are actual sales made since our last report. Holders however state they would not repeat them on those figures.

Regarding country markets this week, sales transpire at Campbellford, Ont. on Tuesday at 13c, and at Stirling at 13 1/2-16c. At Madoc the offering were disposed of at 13c. The above cheese were mostly November, and all very green.

THE GRAIN TRADE.

TRADE WAS FAIRLY ACTIVE.

Montreal, November 18.—The market is quiet, and, lower, sales of car lots of No. 2 yellow being reported in store at 82c and old mixed corn in car lots at 81c. No. 3 yellow new at 76c, on track.

Oats The market is steady No 1 extra feed 47c to 47 1/2c; No. 2 local 46c to 47c; No. 3 45c to 45 1/2c; No. 4 44c to 44 1/2c.

Peas—Boiling peas are very scarce, car lots being quoted as high as \$1.55 for choice and \$1.75 for fancy.

Barley—Malting barley is quite and lower sales of Malting barley being reported at 97c to 98c. Feed barley 62c.

Malt.—The market is firm at \$1.15 to \$1.20.

DANVILLE CHEESE AND BUTTER BOARD.

Last Meeting for Season Was Held On Friday.

CHAIRMAN REFERRED TO HIGH PRICE PRODUCTS HAD BROUGHT 43,000 LBS. OFFERED ON BOARD Danville, Nov. 18.—(Special)—The last meeting of the Danville Cheese and Butter Board was held in the Queens Hotel, yesterday. The President, Mr. Eugene Lemire, presided. In summing up the season he remarked on the high prices the products had brought on the local board, also to the efficient way in which the Eastern Townships Bank had handled the financial end of the board work.

Messrs. J. A. Alexander Ltd, Messrs. Olive, Dorion and Stroud, Montreal, were represented by their buyers. There was boarded 43,000 of cheese which sold at 13 3-16.

Mr. J. Wallace represented by the J. A. Pard, bought:
B 70.—20 boxes cheese @ 13 3-16.
Dale 6.—36 Boxes cheese @ 13 3-16.
Can. A. 10.—18 boxes cheese @ 13 3-16.

E. L. 7.—18 boxes cheese @ 13 3-16.
G. 38. 2.—8 boxes cheese @ 13 3-16.
H. B. R. 15.—9 boxes cheese @ 13 3-16.

H. A. 166.—34 boxes cheese @ 13 3-16.
R. 163.—27 boxes cheese @ 13 3-16.
A. 4.—23 boxes cheese @ 13 3-16.
Rose 21.—22 boxes cheese @ 13 3-16.
J. P. 5.—18 boxes cheese @ 13 3-16.
G. 136.—18 boxes cheese @ 13 3-16.
G. 922.—34 boxes cheese @ 13 3-16.
A. 474.—31 boxes cheese @ 13 3-16.
C. M. 25.—10 boxes cheese @ 13 3-16.
A. B. 1.—35 boxes cheese @ 13 3-16.
H. B. R. 16.—44 boxes cheese @ 13 3-16.

Dale 45.—25 boxes cheese @ 13 3-16.
Dale 4.—22 boxes cheese @ 13 3-16.
E. L. 2.—26 boxes cheese @ 13 3-16.

Messrs. A. A. Ayer & Co., Ltd, represented by Mr. H. Roux, bought:
A. 155.—40 boxes cheese @ 13 1/2.

SUFFRAGETTES WILL WAR ON GOVERNMENT

Attitude of Premier is of Direct Hostility to Women.

WILL INAUGURATE "WAR OF DEMONSTRATION" ON TUESDAY NEXT.

London, November 18.—Forty suffragettes interviewed Premier Asquith in Downing street yesterday and attempted by threats of a renewal of hostilities to obtain a pledge that the Government would undertake at the next session or Parliament to pass a bill giving equal suffrage to the sexes. They received scant satisfaction.

Mr. Asquith told the women that he stood as always against women suffrage because he thought it would not be for the good of the State.

He asked that the women nevertheless had a remedy in their own hands. The government would leave the House of Commons free to amend the proposed manhood franchise bill so as to extend the franchise to women if the latter was able to persuade a majority of Parliament to adopt their cause.

In the subsequent meeting the suffragettes declared war upon the Government. In an official announcement the suffragettes say the attitude of the Government as outlined by Premier Asquith is one of direct hostility to the claims of women. They purpose to inaugurate a "war of demonstration" in Parliament Square on November 21, and the militant members promise that women will be there in thousands to fight for their rights.

NOTES FROM THE LABOR WORLD.

North Carolina has 125,000 cotton mill operatives.

The cotton industry of England employs many more women than men. In 1898 the total number of railroad employees in the United States was \$74,558. Last year the total was 1,451,000.

The Milwaukee Merchants and Manufacturers' Association is to establish a permanent free employment bureau.

While the average time for organized labor, in Missouri, is 8.87 hours a day, there are ninety-four locals in St. Louis, the members which work only eight hours a day.

Kansas City's board of public welfare had \$125,000 to spend during its first year, 1910, and this year has over \$200,000. It has a free aid bureau, lodging house bureau and employment bureau.

One-third of the silk of the country is made in the Lackawanna region. It is stated that there are 18,000 girls and several hundred men and boys employed in the mills between Wilkesbarre and Scranton.

As a result of the widespread movement for reform in dealing with industrial injuries, ten States have this year passed laws providing accident compensation for injured employees, and six States, for the first time in America, now require the reporting of several well defined occupational diseases and industrial poisonings.

The percentage of deaths from tuberculosis among all workers exposed to breathing air containing metallic dust is 36.9 per cent; to mineral dust, 28.6 per cent; to vegetable fiber dust, 28.8 per cent to mixed animal and other germs of dust 32.1 per cent to street dust 25.5 per cent and to organic dust coming from the articles being manufactured by them, 23 per cent.

LIEUT WHITE FOUND GUILTY.

WAS NAVIGATING OFFICER ON THE NIOBE WHEN SHE STRANDED.

Halifax, Nov. 18.—The court martial yesterday found Navigating Lieutenant Charles White guilty of negligence in relation to the stranding of the Niobe, and the sentence passed, after deliberation, was that he be severely reprimanded and dismissed his ship.

FORETHOUGHT

is the real secret of success in real estate investments. It is the wise investor who has the forethought to place his money in Montreal real estate NOW instead of waiting till some future time in the hope of being able to get in on the "ground floor". Montreal's population is growing faster than the present existing accommodation can provide for and this is a safe guarantee that realty values must continue to advance for some time to come and that advance SHOULD BE YOUR PROFIT.

Let us give you two or three authenticated instances of this forethought:

In May, 1909, the northwest corner of Timothy and St. Catherine was bought at \$11.00 per square foot, and sold recently for \$18.00 per foot.

In February, 1909, the northeast corner of Guy and St. Catherine was sold at \$11.25 per square foot, just lately it was bought by the present owner, who paid \$26.00 per foot, and it is said that nothing less than \$50.00 per foot will now buy it.

In August last one of our clients bought a house on Park Avenue for \$16,000, paying \$6,000 cash on same and assuming mortgage. The other day he sold this house at \$20,000, thus making \$4,000 on his investment within three months.

Our space will not allow further examples, though there are hundreds of them—but we guess you see the point.

WASTED AWAY TO A SHADOW

"Fruit-a-lives" cured me after 12 years Suffering.

HULL, Que. Dec. 24th, 1910.

For the past twelve years, I had painful attacks of Dyspepsia. Finally, in March 1908, I suffered such tortures that I was compelled to stay in bed. I could not digest my food and everything I ate caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times I had no movement of the bowels for two weeks.

Three doctors attended me for two years and gave me all kinds of medicine, but did me no good. My weight came down to only 80 pounds and everyone thought I was going to die. Finally I had the good fortune to buy 'Fruit-a-lives' and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy and to the astonishment of my friends, I improved. Now I feel very well, weigh 115 pounds (and this is more than I ever weighed, even before my illness). I attribute my cure solely to 'Fruit-a-lives'.

Madame ANDREW STAFFORD.

CANADA'S WEST; ITS PROGRESS SINCE FRASER

By W. D. McBride.

THE HIGHWAYS OF COMMERCE

(Copyright by Publishers Press Ltd.)
Honourable Joseph Howe of Nova Scotia away back in the early fifties had a vision of the West and British Columbia united to the Eastern provinces by a railway through the Rockies. It was then the shadow of an unsubstantial dream, and before it could be realized even as a project the work of Confederation had to be brought about. Four years after this event, however, the three and a half million people who then composed Canada were under covenant to build this railway within a period of ten years, as part of the pact by which Confederation was extended to the Pacific Ocean. Yet we are told at times the people of Canada are slow and unprogressive. The undertaking was simply colossal, sublime in its fronting of destiny. These fathers of ours who united Canada dreamed nobly and made their dreams come true; and what Helots we shall be if we fail to complete the structure they so grandly planned! Has ever a people so few in numbers undertaken such vast projects as Canada. Canada had for many years taken a keen interest in the Red River country, and desired to add it to her territories. Captain Palliser had been sent out in 1857 by the Imperial Government

Canada had grown in its early stages because it had access to the sea by a river penetrating into the heart of the continent, and Lord Selkirk's colony in Red River failed almost solely for the reason that it was denied this access to the sea's highway to markets. Railways were a secondary stage in the West, but with the plains of the West a necessary preliminary step to any considerable development of their riches. The cost was great. The undertaking was one to stagger even a richer country, but imperative for commercial and larger national reasons. The people of Canada rose nobly to the occasion. The bitterness of the political struggles of that time is now a matter of history and it is apparent now that the people of Canada, who were not then overpop-

SIR WILLIAM MACKENZIE,
One of the great builders of the modern highways.

persons, approved of the undertaking as carried out from patriotic, national consideration almost solely. I talked not long since in a Western city, with an assessment value of over \$25,000,000, with an old gentleman from Kingston who described to me the

THE BUILDING OF A NEW RAILROAD

real with which he and many others opposed the contract not the project. He wrote to the Globe giving most startling statistics of what a subsidy of \$25,000,000 meant. He piled it up, laid it out flat, and I believe circled the equator with it in bills. No doubt such arguments appealed strongly to many voters, who concluded that even at the price there were national reasons of unbreakable force why the work must go on. Nations who have come to greatness have had to pour out money and blood like water in defence of their aspirations and it is a hopeful sign for our future that our people have not flinched so far as any cost deemed necessary to carry out national undertakings. Fortunately we have not been called upon to endure the scourge of war but it may be hoped that the same spirit that faced such tasks as we have had to perform would be equal even to this supreme sacrifice for national existence. Less than twenty five years after his opposition to the C. P. R. contract Sir Wilfrid Laurier as Premier of Canada submitted to Parliament as justified on almost identical grounds the contract for building the Grand Trunk Pacific, and it is announced that it will be completed from Moncton to the Rocky

Not To Be Disturbed
There was a fire discovered in a house in New York the other day, and a lady's maid telephoned for the brigade. The fireman at the end of the wire nearly burst a blood vessel when he heard, "There is a fire at our house, and please send us just one with her and doesn't wish them disturbed."

There is a clear distinction between eating and dining.

sick list for some time.
Mr. Robt. Mc Murray, accompanied by his little son, Dallas, is in town for a few days, assisting Mr. B. Coates in taking over the new stock he recently purchased.

Mountains by 1873 and to the Pacific by 1874. The Canadian Northern will have a third transcontinental railway completed. Every season these railways add about a thousand miles of branch lines to their trackage in the West and settlers are crying out for railway accommodation. Hon. Walter Scott, the Premier of Saskatchewan, in discussing the question in the Legislature, said the time was near at hand when this province would produce six hundred million bushels of wheat alone; so that it is evident the transportation problem of the West is one of some magnitude. Lord Grey conveyed to the imagination of the world some idea of the West's resources as a wheat field when he pointed out in public speeches that in 1909 with less than a tenth of its area under crop Saskatchewan alone produced more than one tenth of the largest wheat crop on record in all the United States. Saskatchewan and part of it is being prepared by irrigation for diversified agriculture, while Manitoba though smaller will always be in the reckoning of the productivity of the West. The future of this West which is so rapidly being brought under culture, is beyond cavil one of such grandness as to be difficult of realization. Access to the sea coast on Hudson's Bay can no longer be denied the West, and evidently the government realizes this by undertaking to build a railroad to a port on this sea. Hudson's Bay juts down into Canada in such a manner as almost to shut off the East from the West, and many have honestly feared that ultimately there would be commercial and social separation. Is it not more likely that it simply supplies a closer and more intimate connection with the Great Lakes? The great stretch of country intervening between East and West, now unpeopled virtually, cannot remain so always. In its water powers it possesses potential manufacturing wealth, while every year fresh mineral treasure is being uncovered, and even the rocky wastes may be made to produce valuable timber for all time if this great work is not left until too late. And forest wealth in this case means resources in future happiness for millions who may escape to these lacustrine wilds for a season. The fur traders in Canada blazed the high ways of commerce, and two that they marked out that have not been improved as they should and must be what is known as the Georgian Bay Canal and the Hudson's Bay route. People who consider it quite natural that happy settlements and towns should exist on the Saguenay and Lake St. John shy at the idea of cities on Hudson's Bay, and are appalled at the reported dangers of Davis Straits. Are the difficulties then unmountable? This is not the spirit that has made British

A HARMLESS WAY TO DARKEN THE HAIR

A Simple Remedy For Hair Troubles, With Sage and Sulphur.

GET A 50 CENT BOTTLE AND STOP FALLING HAIR, ITCHING SCALP AND DANDRUFF.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably there is no better remedy for hair and scalp troubles, especially premature graying, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is thin or turning gray, get a bottle of this remedy from your druggist to-day, and see what it will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, W. H. Griffith, Wellington Street.

MARBLE QUARRIES AT PHILLIPSBURG LARGEST IN THE DOMINION.

Phillipsburg, Missisquoi, Co.,—The quiet village of Phillipsburg, so pleasantly situated on the shores of Missisquoi Bay, is perhaps one of the most progressive villages in the Eastern Townships. Its prosperity can be credited to the discovery and development of the finest marble quarry in the Dominion. The Phillipsburg Railway and Quarry Co. have developed a business of enormous proportions employing about two hundred men, twenty-four hours per day and six days per week.

An idea of the business done in the marble line can be gathered from the fact that orders are already placed for one and a quarter millions dollars worth of marble to be delivered between now and the mid summer of 1912. In the new Mount Royal Hotel, Montreal, 60,000 cubic feet, or 140 car loads of marble will be used in the exterior work alone of this hostelry.

This company at Phillipsburg, can boast of having the only travelling crane that works outside successfully. It has a lifting capacity of thirty tons, and travels a length of five hundred feet and is one hundred feet from centre to centre of rail.

Perhaps the most interesting pieces of machinery in operation are the Sullair Channelers Steam Cutters, used in cutting the large blocks of marble in the pit. These are cut the desired size, then loosened by bar drilling a distance of about 16 inches. Owing to the natural formation of the stratified rock in layers from four to five feet deep, and sloping about 15 degrees eastwardly, the pit is one that can be worked to the best advantage.

When the blocks are cut out they are hoisted to the surface by a travelling crane. They in turn are then taken to the finishing room where they are cut to size, according to the order which this particular piece is wanted by different styled saws.

There are eighteen gang saws (drag system.) which carry from two to forty saws which are necessary to cut the blocks of marble into the required size. These are supplied continually with water and sand by means of steam pumps. There is one circular saw, (diamond) with two six foot blades equipped with diamond point teeth. An estimate of the cost of these blades can be made when one considers that each point costs four dollars and eighty cents.

For the purpose of cutting circular columns or splitting blocks, what is known as a wire saw has been recently installed.

As the marble is sawed and finished it is loaded by crane on cars, which are run in on a siding into the shop.

The power for running all the machinery is developed by steam, which generates 750 H.P. The company generate electricity also furnish, not only lights for their own plant, but also for the village of Phillipsburg, about half a mile distance.

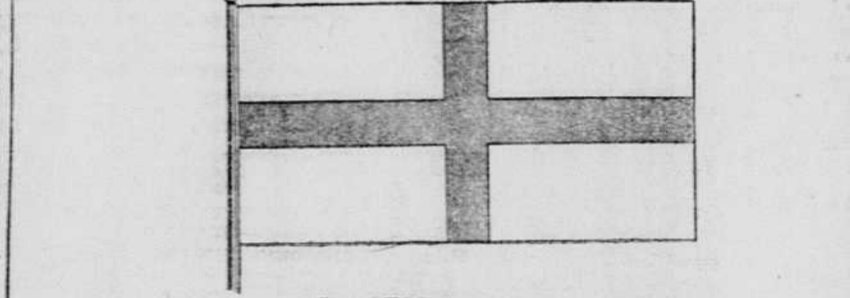

Recently a new water system has been installed by laying pipes from the lake to the Quarry, a distance of nearly one mile.

The pipes are of four and six inch diameter, and are continued for about 350 feet into the lake. An electric pump at the shore, with a capacity of ten thousand gallons per hour has just been installed, and is working to perfection. Connections have been made whereby the plant and the Company's houses are supplied with water, under the new system.

The artesian well was found to be insufficient to furnish the quantity of water required.

Already this season the company has erected eight up-to-date houses for their employees and have plans for fifteen more. They own and operate 65 miles of railway connecting at Stanbridge Station with the C.V. and C. P. Railways. Mr. C. W. Barclay, who was representative for the company for two years at Winnipeg, is now the resident Manager.

UNION JACK, OUR NATIONAL FLAG.

The story of the flag to be published in the Record is by Lieut. Col. E. T. Sturdee, of New Brunswick, and is recognized as authoritative.

The St. George's cross for England never ventured very far from land. From the earliest times banners and standards were used and carried by nearly every nation and tribe, not only as a distinguishing mark, or as a point to indicate where the men of the different parties were to assemble, but as a religious sign, and showing the cause of reason for the conflict; mention is made in the Bible of people carrying ensigns before their armies, and using them as a means to gather the different tribes or companies, each man knowing the particular device which represented his party, thus the Lion was known as the emblem of the tribe of Judah, each other tribe of the Jews having also their own type, while later on the Eagle was adopted by the Romans and emblazoned on their banners, and so every nation had a national emblem, such as the dragon for China, the fleur-de-lys for France, the Crescent for Turkey, the lion for England and Scotland, the harp for Ireland; these flags or standards were not only carried on land by the soldiers, but were also used at sea on ships and vessels, while in addition the sails of ships had the particular device thereon, and while the origin of flags may be traced to land usage not only for identifying the different nations but to show the rank or force of each knight or noble holding command in the army, it was really at sea that the development of flags and banners was thereafter most in evidence, the flag on the mast showing clearly the nation to which the vessel belonged. England was one of the first countries to have a navy and to display the national flag on her ships. Alfred the Great, from A.D. 871 to 901 encouraged the building of war ships and ever since has the navy of England and afterwards of Great Britain, been the ruling guide, the chief defence of our country and the envy of the world; the earliest English flags appear to have borne on them religious emblems and occasionally a lion or a leopard, while there are instances showing only distinctive colors, such as red and white, and later on armorial bearings or heraldic devices of a country or knight were emblazoned thereon, it is unnecessary to trace and describe all the flags used by England during the early centuries, but to relate only the origin of our present flag, the Union Jack, or Great Union, and as the basis of that flag is the red cross of St. George, the history of that will first be told.

ST. GEORGE'S CROSS.
St. George was born about 270 in Lydda, in Palestine, in the vale of Sharon, celebrated for its roses, and so the rose is the national flower of England, and always associated with St. George. He was a Christian and when the Emperor Diocletian persecuted the Christians St. George openly declared himself and did all he could to save his fellow-countrymen and oppose the Emperor, but was put to death as a martyr April 23rd, 303; this day is known as St. George's Day and has been so kept for hundreds of years; it is also related of him that he fought and killed a fierce dragon and thus saved a Princess from death, so St. George is always represented in his combat with the dragon, he being on horseback and carrying a banner with a red cross on a white ground; he was thus early looked upon as a saint and his name and symbol venerated. In 1190 when Richard I. of England joined in the crusades to the Holy Land his ships won a fierce fight with the Saracens near Beyrout, at a spot called St. George's Bay, so named for the fact that it was near this that St. George's famous fight with the dragon took place. It was reported that King Richard had seen a vision of St. George and his red cross banner the night before the battle; and on his return to England in 1194 he adopted the St. George's cross as the emblem and flag of England and placed his army and the nation under the protection of St. George. From that date this cross became the national flag of England, and was the ground work from which the present Union Flag has been built up, but not only was the red cross seen on the English flag, for on the invasion of Scotland in 1336 by Richard II. it was ordered that every person should bear the cross of the patron saint on his coat or jacque both before and behind, and in 1513 the sailors of the Cinque Ports are said to have worn as their uniform a coat of white cotton with a red cross and the arms of the port underneath; another instance recorded in 1583 on the fall of Calais, when the city of London raised a thousand men and made them white coats and red crosses, thus the red cross was established as the emblem of England, and noble deeds were performed under that banner, the crusaders carried it in the Holy Land, the ships of England won the great naval battle of Sluys and the soldiers were victorious under this flag at Cressy, Poitiers and Agincourt. Cabot, Drake and Frobenius sailed under it and the ships that defeated the Spanish Armada carried it at their mast heads; it is in compliment to the ancient victories of the English that to-day the St. George's Cross is the distinguishing flag of a British admiral and flies on flag ships, those having an admiral on board, as his badge of rank, and is also used on the command pennant, a long flag or whip, flown by every war ship in commission, while the white or St. George's ensign is the flag of the royal navy. The cross is also used as part of the arms of the city of London.

(To be continued.)

DANVILLE
The many friends of Mrs. Chas. Webb, will regret to hear she is again confined to bed through illness.

Mr. F. H. Bridgman's Printing office is now situated on Main Street in the Hannan store.

The Dorcas Society, of the Congregational church held their annual Harvest Supper on Thursday, night. The receipts were very satisfactory.

The second meeting of the dance and 500 Club, will be held in the town Hall on Wednesday evening next, November 22nd. The President, Mrs. H. R. Cleveland and Miss Lena Cleveland, being the hostesses.

OLD ANGLICAN CHURCH AT KIRKDALE.

Was Built in 1835 and Many Honoured Pastors Ministered Within Its Walls.

DURING TROUBLOUS TIMES OF 1837-38 IT WAS USED AS BARRACKS FOR VOLUNTEERS.

In 1835 was built the Anglican church, Kirkdale now known as the church Hall During the troublous times of 1837-38 the building was used as a barracks by the volunteers. The master rools, bore the following names of prominent families of Durham who took up arms to preserve the sovereignty of the King: Bothwell, Pickit, Brady, Dowd, Lyster, Stevens, Ramsay, Burrill, Matherson, McManus, Reed, Bullen, Mullen and others. The first Episcopal Clergyman was the Rev. Mr. Fleming who took up his duties, some time previous to the erection of the church. He was succeeded by the Rev. Mr. Butler, who came over from Kingsley to minister to the Parish, and after a few years was succeeded by the Rev.

Mr. Balfour, father of the Ven Archdeacon Balfour. The Rev. S.S. Wood, who is well remembered for his sterling qualities, and goodness of heart, then Minister in Melbourn succeeded Mr. Balfour in 1850. Several times previously he had taken charge of the congregation for a short time travelling from Three Rivers to minister to their spiritual needs, so it was as the beloved pastor he took charge, in that year. In 1860 he purchased the farm now owned by Mr. Wm. Rick, from the then owner, Captain Brady R.O. Here he resided until his death in 1867, when in the fullness of years, he departed to his reward. His grave is in Kirkdale cemetery, while his memory remains engrained in the hearts of his people. He was succeeded by Rev. Dr. Roe, afterwards Archdeacon. He in time was followed by Rev. S.S. Carr. These ministers all officiated in the old church.

The new brick church was erected 1871. The old church was used for several years as a public school. Afterwards it became the church Hall and the objective center of the social life of the parish. This sketch would not be complete without a passing reference to the late Rev. J. Curran former rector of the church, some twelve years ago. Mr. Curran was an Irishman educated at Trinity College, Dublin and whose pastorate at Kirkdale is still fresh in the minds of the people. This energetic, good hearted man was cut off in the prime of life. He leaves an honored name, hallowed by the love of an affectionate people.

Mr. Fred Smith, the well known contractor of Ulverton has the contract of moving the hall, which will be done in a careful expeditious manner. When the hall is fixed up in a modern manner, it would not be bad idea to add a nice library of well selected books. A little cottage could be erected at a small expense for a caretaker who could attend to the library and the new church, and hall.

OPERATIONS AT TRIPOLI SUSPENDED.

Heavy Rains Have Swamped the Trenches and Roads are Impassable.

TURKEY NOW SAID TO BE NEGOTIATING FOR PEACE WITH POWERS.

London Nov. 18.—Operations at Tripoli practically are held up by a prodigious seasonal rainfall which has swamped the trenches and converted the roads into impassable quagmires.

The troops are undergoing considerable hardships. Conditions became even worse yesterday, a northerly gale compelling the warships and transports to put to sea for safety.

The usual desultory artillery firing has continued all day with no important result.

Some of the newspapers in Rome have reproduced a statement from a Constantinople newspaper that eighteen warships are at the mouth of the Dardanelles. The report is not to be confirmed from any source that is at all reliable, and it is in every way to be doubted.

The Viennese newspapers, which for a long time were greatly agitated over the prospect of Italy sending her fleet to the Aegean Sea, now profess knowledge that the project has been abandoned, and are filled with rumors that Turkey has approached the powers with a view to negotiating for peace.

A NOVEL CATARRH REMEDY CURES WITHOUT DRUGS

THE HEALING VAPOR OF CATARRHOZONE LOOSENS THE COUGH, STOPS ALL DISCHARGES, PREVENTS SNEEZING.

The real danger of Catarrh lies in putting off treatment. You may have Catarrh yourself, but you may not know it. Before the disease spreads from your nose to the stomach, lungs, or bronchial tubes, root it out—cure it with "Catarrhozone." Look over the following symptoms—then examine yourself:

Bad Breath Stuffy Nostrils
Frequent Sneezing Ears Buzzing
Watery Eyes Hacking Cough
Bad Taste Droppings
Raising Phlegm Difficult Breathing
Difficult Breathing

Don't continue to burden your system for another day when the germs are of such a filthy, loathsome disease as Catarrh. Get Catarrhozone today—inhalé its soothing vapor fills your breathing organs with its balsamic essences, and all trace of Catarrh will forever depart. Read what Elwood S. Lee, of Sydenham, Ont., says of his cure with Catarrhozone:

"I was a chronic sufferer from continuous colds in the throat and nose, and for many years have constantly had Catarrh. I was recommended to try Catarrhozone, and find that by using the Inhaler on the first touch of a cold or la grippe I am able to stay it in a few hours. I have been able to breathe through my nose freely since using Catarrhozone; in fact, I am completely cured. (Signed) ELWOOD S. LEE."

Once you try Catarrhozone you will realize that it is indispensable it is—the large dollar size contains an indestructible hard rubber inhaler and sufficient medication to last two months. Beware of the substitute and imitations of Catarrhozone—use the genuine and you'll get cured. By mail from the Catarrhozone Company, Buffalo, N.Y., and Kingston, Ont.

FARNHAM.
Conductor John Black, has gone to the woods on a moose hunt.

The late Stephen H. Jones, of Sabrevois, was well known through this section of the Eastern Townships, having for many years in company with his son, been a large dealer in poultry produce.

The many friends of Mr. F. S. Cote representing the firm of Hudson and Orsali, Montreal, will be pleased to hear that he has been elected President of the Commercial Travellers Benefit Association. He has been long and favorably known as a frequent visitor in Farnham.

Only One "BROMO QUININE," that is **Laxative Bromo Quinine** Cures a Cold in One Day, Grip in 2 Days

Do not fail to hear THE AMBEROLA

THOMAS A. EDISON'S highest development of his own instrument

The EDISON PHONOGRAPH

Musically—the Amberola has the truest, surest, smoothest tone, the most lifelike reproduction. Exactly the right volume of sound for the home. It has the sapphire reproducing point, which is permanent—no changing needles. It renders all compositions completely, without cutting or hurrying, on Edison Amberol (four-and-one-half minute) Records—and all short selections on Edison (two-minute) Records, as well.

Artistically—a masterpiece of the cabinet maker's art, as beautiful to look at as it is wonderful to hear. You have your choice of four finishes, Circassian Walnut, Mahogany, Golden Oak and Mission Oak.

Mechanically—perfect. The silent motor will play five Amberol Records, each four-and-one-half minutes long without rewinding.

There are various other styles of Edison Phonographs at almost any price you wish to pay—and each offers definite Edison advantages. But the Amberola is the greatest of all. Hear it today.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us. Edison Phonographs, \$16.50 to \$240.00. Edison Standard Records 40c. Edison Amberol Records (play twice as long), 95c. Edison Grand Opera Records, 85c to \$2.50.

A complete line of Edison Phonographs and Records will be found at

H. C. WILSON & SONS, 144 Wellington St. Sherbrooke

Most Children Are Wheat-Hungry

Nearly all children have wheat-hunger—a craving for the body-building elements found in the whole wheat, the most perfect food given to man—his "staff of life" for four thousand years.

The whole wheat contains all the elements needed to build the perfect human body. This cannot be truthfully said of any other cereal. It is through the shredding process (patented and owned by The Shredded Wheat Company) that the whole wheat is prepared in its most digestible form.

By this process all the tissue-building elements in the whole wheat are retained, while the outer, or bran, coat is scattered along the shreds in infinitesimal particles in such a way as to stimulate peristalsis (bowel exercise) in a natural way.

Give a child two Shredded Wheat Biscuits every morning with hot milk and a little cream and he will be fully satisfied and will lose his taste for mushy porridges that are usually bolted down without chewing.

You can't build sturdy boys and girls out of books and sermons. Their bodies must be developed from the food they eat. Shredded Wheat is an ideal food for them to study on, to play on, to grow on.

Shredded Wheat Biscuit with hot milk or cream makes an ideal breakfast for school children and is quickly and easily prepared. The porous shreds of cooked wheat combine naturally with all kinds of fresh or stewed fruits, making a complete, wholesome meal. Your grocer sells them.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.

Build up a Healthy Appetite

Very often loss of appetite is caused by the system being run down, a condition which is aggravated by indigestion. Campbell's Quinine Wine, as a tonic at these times is unequalled.

CAMPBELL'S QUININE WINE. but be sure of the name.

K. CAMPBELL & CO., MONTREAL.

THE ONLOOKER COMMENTS.

A Generous Gift.

The Protestant Hospital is the recipient of a generous personal contribution to its exchequer in the gift of Ms. and Mrs. Harry Norton. Undoubtedly this gift will be appreciated by the institution benefitting.

Too often gifts of this nature are left for inclusion in a carefully worded will. Yet the memory of those who are generous in life is as pleasant as the memory of others who "leave" their money for charitable purposes.

Medical Examination.

Objections have been made to the medical examinations being held in our city schools by certain parents whose children attend classes in these institutions. Admitting the advisability of maintaining a good physical standard among the pupils, the contention of individual right to have such examination made at home by the family physician is quite justified.

Delicacy and good taste are not out of place even in public schools, and as many pupils come from homes where the parents are more interested in the child's welfare than any public officer could be, there is no reason why a family physician should not save the child the annoyance of public examination.

The Protestant Board of Commissioners represents the Protestant community, but the schools under the charge of the Board are not, strictly speaking, public schools. The payment of tuition fees gives individual independence to any pupil, and qualifies the authority of the Commissioners. Their meetings should be public, their proceedings reported in the public press, and their decisions be subject to the opinion of the parents whose children's interests are directly concerned by the action of the Board.

The Protestant Board of Commissioners should forestall any possible reason for complaint by taking the public into its confidence. A simple explanation, and the right of home examination for pupils so desiring, would have prevented any criticism regarding the medical examinations.

Unqualified Teachers.

The large number of unqualified teachers in our elementary schools awakens the old question as to whether the conditions for obtaining diplomas are not at fault. The students who have passed first or second Academy are qualified, from the point of view of academic knowledge, to instruct children in the rudiments of reading, writing, arithmetic and elementary geography.

RICHMOND.

Mr. John Parker, Inspector of Schools, visited St. Francis College on Monday last. Miss A. Dunton, to Sherbrooke, for a few days. Mrs. G. Campbell, is on an extended visit to her sister, Mrs. D. Fraser at Coaticook.

MARTINVILLE.

Recent visitors include: Mrs. Henry Merrill of North Hatley, at Mr. Goudie; Mr. Forbes, of Montreal, at Mr. J. A. Cass; Mr. Lane and Mr. G. Bostwick, of Cornwall, Ont., at Mr. Edwin Shannon's whom they accompanied on a hunting trip to Lindsay Pond; Messrs. Homer and Raymond Martin, of Lennoxville, at Mrs. Eliza McDonald's over Sunday.

IMPROVEMENTS AT DANVILLE STATION.

Danville, November 18.—(Special)—The improvements at the Grand Trunk station are all complete, the new heating system having been installed, this week by Messrs. Cloutier & Paradis.

The Female of the Species.

Since the appearance of Kipling's latest poem on "The Female of the Species," controversy has waged warm in the columns of nearly every other journal of the continent as to the poem and its meaning. Indeed, if interest continues, the subject of female deadliness to the male, as Kipling whether the female of the species is bates for the next year will likely be long contends.

Kipling as a poet has one fact mightily in his favor. When he writes poetry, he knows his rhymes will be read. Sometimes they are quarrelled over, but they never pass unheeded. He is the one poet of our time that the public appreciates, hates or loves, or even reveres. And, first and last, that public—loners or haters—reads what he may care to write.

This time he has been connecting women of the present, with the natural tendencies of their ancestral mothers, and drawing conclusions from the strength of the maternal instinct. In return, the women of to-day resolutely refuse to acknowledge relationship with crude femininity in savage foremother, or simple brute. There seems to be a warm time ahead for this dauntless writer of rhymes.

The Political Change.

The opening of Parliament this week was an event of unusual interest. A new Governor-General represented the King, and a new Premier represented the people.

Changed forces and personalities have entered on this period of Canada's political history, and an interested people await subsequent developments. The Duke of Connaught's position is, of course, national rather than political. Yet, in an undefinable way, the Governor-General's personality and opinion affect political situations. In the present instance the Duke of Connaught represents not only loyalty to King George, but so near to the King's person as to be the embodiment of attachment between Canada and the Mother Country.

Still in the Sidelight.

If persistence can help a man out of a predicament, Harry Thaw will yet be a free man. Balked on every side, he has at last decided to study law, for alienists contend that this he cannot do. Possibly this pampered son of a rich man will work out his own salvation if he can get the grey matter of his own brain to work, rather than be dependent on the brains of others.

'Tis a pity so much mental energy goes to waste in the world. If all people worked their brains to half their capacity there would be no need of continual explanatory talk in private and public. Most people waste breath asking questions their own common sense could answer. The man who has not taught himself to think to purpose is, like Harry Thaw, in a pitiful plight when he runs up against the sharpened wits of the active brain. —Onlooker.

The skins are bought in the raw, direct from the trappers of Canada, United States, Alaska, Russia and Australia. They are dressed, dyed and finished by our own experts, who employ the exclusive Paquet Process in every stage of manufacture.

INTERESTING EXPERIENCE OF A TORONTO LADY

I have seen OXO Cubes advertised a great deal and thought I would try them, so I bought a 25c. tin and found them so satisfactory that I am going to tell the women of this city how I used them.

MONDAY
Last night we were going to the theatre, so I filled my brass kettle and alcohol lamp and left them in the den with the box of OXO Cubes. We were tired and cold when we returned from the play. But in a moment, the water was boiling, the OXO Cubes were dissolved, and we were sipping the most delicious "beef tea" I ever tasted. And how we did sleep that night!

TUESDAY
Morning, my small daughter would not take her milk. I was at my wit's end when I thought of the OXO Cubes. I brought out the box, let her open one of the cartons, and showed her how to stir in the OXO with the milk. She said it was "gooddy" and every morning now she wants her "brown milk."

WEDNESDAY
There is a dear old lady who has been ill for a long time. I wanted to make something to tempt her appetite. So I dissolved an ounce of Gelatine and three OXO Cubes in a pint of boiling water—then added a wineglassful of sherry and poured into a mold, allowed it to cool and sent it to my poor friend. When I ran in to see her next morning, she actually cried as she tried to tell me how good it was.

THURSDAY
Two of the children do not come from school at lunchtime. I do not care to give them meat sandwiches—yet want them to have something more sustaining than bread and sweets. OXO Cubes solved the problem. I now spread OXO Cubes on bread and know that the children have a nourishing and appetizing luncheon.

FRIDAY
Just as we had finished dinner, my brother and his new wife while I was warming the rest of the dinner, I had the kettle boiling, dropped in a few OXO Cubes and brought in two big plates of steaming OXO soup in a hurry. After dinner my new sister asked, "how did you make that delicious soup?" When I told her it was OXO Cubes, she was so pleased to know that she could have soup like mine.

SATURDAY
I came in from doing my Sunday shopping all ragged and I could feel myself coming down with a dread cold. I made a cup of OXO and felt so rested that I added two OXO Cubes to another cup of boiling water and drank that. When I awoke Sunday morning, I had not a sign of a cold. I am drinking new uses for OXO Cubes every day.

SUNDAY
We were tired of the everlasting eggs or chops for breakfast so I tried to see what I could do with OXO Cubes. I fried a small onion cut in slices, with a little apple, in butter until brown—then poured in a teaspoonful of stock made with two OXO Cubes and boiling water—and added a tablespoonful of curry powder, a little chutney and finally minced cold beef. I stirred it for fifteen minutes over the fire and served in a hot dish, garnished with boiled rice. Everybody was delighted with my OXO creation.
OXO Cubes are the greatest advance in food invention since men began to eat and women learnt to cook.

SAVE THE HAIR

Newbro's Herculide Will Do It

No woman should have poor, thin, straggly hair, and no man should become bald. Poor hair and baldness are due to the dandruff germ.

Newbro's Herculide will destroy this little germ and stop the hair from falling. Further evidence of this is found in a letter from Mrs. F. Neilsen, of To-mah, Wis. She says: "I fought the worst kind of dandruff for nine years. I have been using Herculide now one week and my scalp is healthy, the dandruff has gone and the itching has stopped. It is the best remedy for scalp diseases I ever saw, and I have seen many."

Don't subject yourself to disappointment and expense by accepting something claimed to be "just as good" as Newbro's Herculide. These old brands may possibly be good, but why take chances? The genuine and original dandruff germ destroyer can always be obtained. If your own druggist has nothing but "just as good" articles, go to W. H. Griffith, Special Agent, who will furnish you with Newbro's Herculide and guarantee one dollar size bottles. It stops itching of the scalp almost instantly.

Send 10c in postage or silver for sample and booklet to The Herculide Co., Dept. B, Detroit, Mich.
Applications at good barber shops.

ERMALINE PAPER, BAG COOKERY.

Apparently Arousing Much Interest in Sherbrooke and Vicinity.

POPULARITY OF PAPER BAG COOKERY IN ENGLAND—TREATMENT OF A CHICKEN.

The demand for the Ermaline Paper Cookery Bag and receipt book continues. The Record was obliged to place an order for five hundred more this week and at the present rate of demand they will be soon exhausted. At the close of an Ermaline paper bag display in London recently a gentleman in the audience walked up to the demonstration table and for fully half a minute stood looking at the beautiful, golden-brown chicken that had emerged from the bag plump succulent and piping hot, with perky, scintillating, wonder and curiosity, written all over his face. At last he turned to the chef and cried: "Man alive, what coloring matter did you use to get such a lovely tint on this roast fowl? I have never seen a chicken look like this in all my life outside the pages of an illustrated cookery book; tell me frankly what you have done to it."

To this the chef, naturally somewhat indignant, replied: "There is no need to paint the lily, sir. Every chicken properly roasted should have the color you see now and every fowl roasted in an Ermaline bag should therefore certainly have it; no coloring matter of any description has been used."

After some detailed explanations had been given the sceptical gentleman was convinced and it was only fair to say that he did not leave the demonstration room before tendering a generous apology to the chef.

Every reader can obtain this appetizing golden-brown color by placing a good-sized pat of fresh butter on the chicken, or better still, buttering the fowl all over before placing it in a paper bag, the inside of which has previously been well greased on both sides with clarified fresh butter. To ensure that the chicken is well browned, however, it is always a good plan to take a sharp knife or a clean pair of scissors and slice off a section of the upper part of the bag five or ten minutes before taking it out of the oven. The same method will be found equally effective in the case of all roasts, fried fish, and similar dishes. No basting is, of course, required for any dish cooked in an Ermaline bag.

LETTERS TO THE EDITOR

KING'S HALL, COMPTON.
Editor of Record:
Dear Sir—
Through the columns of your valuable paper I would like to say a word about King's Hall School Compton, and to appeal to parents and all interested to do what is in their power to have it remain where it has been located for so many years and where it has enjoyed marked periods of advancement and prosperity.

Just now the trustees of the School are considering the advisability of removing from Compton and erecting new buildings in some larger place. This has become known and Richmond, Coatnick, Lennoxville and Sherbrooke realizing that it would mean much to procure the establishment of such an institution in their town have come forward and made liberal offers for free sites, free water, cheap lights etc. All these are very good, but to us, Compton, the name for so long associated with the Ladies College of this part of the Township, certainly possesses more advantages than any of their adjoining towns. Those who have been in Compton and visited the School will be forced to admit that there could not be a more desirable location for a girls' school. Physicians will agree that it would be difficult to find throughout the Dominion a more healthy spot, and this has been proven in years past by the almost entire absence of sickness of any kind. Here the pupils can live near to nature and enjoy all the advantages of a quiet home life.

It is thought that owing to the growth of the Institution in the past few years that larger quarters must be provided. If so why not make the necessary improvements on the old site? This could be done with much less expense than moving elsewhere, while the Corporation are willing to furnish better water accommodation than the School at present enjoys.

It is said one reason for leaving Compton is that the Institution may be situated nearer a Railway Station. Such a location may be procured but the higher rates charged by carters in other places would no doubt make transportation as expensive.

Sherbrooke and Lennoxville certainly hold out greater inducements as regards better stores, places of amusement and a larger society, but surely those are not the features that appeal to parents when selecting a home school for their daughters.

This letter will no doubt be read by many old pupils of Compton Ladies College and we feel sure that they are all one with us that the Eastern Townships does not possess a more ideal spot for a girls' school than the one at Compton.

Our appeal then is to all those who have known the school in the past as well as to those who are interested in its present work to do what they can to have the location of King's Hall remain unchanged.

Thanking you Mr. Editor for the space allowed me.

I Remain Your Truly
W. W. PAIGE.
Mayor Compton Village

BROME SCHOOL CLOSED.
Brome, Nov. 18.—(Special)—The village school has been temporarily closed owing to the illness of the teacher, Miss Lizzie Fibus.

EVIDENCE AS TO NIOBE STRANDING

LIEUT. CHARLES WHITE, NAVIGATING OFFICER, NOW ON TRIAL.

Halifax, N. S., Nov. 17.—Evidence in the trial by court-martial of Lieut. Charles White, navigating officer on H.M.C.S. Niobe, charged with negligently or by default stranding or suffering to be stranded, the Niobe on the ledges of Cape Sable on July 30 last, was much the same as that given on Wednesday at the trial of Lord

ROMANTIC HISTORY OF LUTTRELL ESTATE

The Many Changes Through Which the Manor House Has Passed Because of War

Few families possess a longer or more romantic history than the Luttrells, of Dunster Castle and the Manor of East Quantoxhead, Somerset. As stated in the annual report of the Commissioners of Inland Revenue, the East Quantoxhead estate—which has an area of 2,285 acres and is of the annual value of \$7,000, has remained in the hands of one family since the time of William the Conqueror, with the exception of one brief interval. Before the year 1085, when William ordered the survey of England, referred to by the present commissioners of Inland Revenue as the last occasion in which the feat of valuing the whole country was attempted, the estate had fallen into the hands of Ralph Pagnel, a follower of the Conqueror. One hundred and fifty years later, through failure in the direct line of issue, East Quantoxhead passed to Andrew Luttrell, who had married Frethesant, granddaughter or great-granddaughter of Alexander, youngest son of Ralph Pagnel, the Norman. The "fine" said on that occasion for the succession was 100 marks.

The manor remained in the possession of the Luttrells until 1463, one of the holders in that period—Sir Hugh Luttrell—being a privy councillor to Henry V. and one of the commanders under the martial monarch at the reduction of Harfleur, 1415, and at the siege of Rouen.

Evil days overtook the family for times in the Wars of the Roses. They took the Lancastrian side, and in 1463 Sir John Luttrell, then dead, was tried for treason by Edward IV, the treason consisting in his having supported Henry VI. The dead knight was found guilty, and his heirs were dispossessed of their land, which remained confiscated until after the battle of Bosworth (1485) and in possession of William Herbert, Earl of Pembroke.

Sir Hugh Luttrell was among the persons of note who joined the Earl of Richmond (afterwards Henry VII.) at his landing, and when the successful issue of Bosworth, where Richard III. fought and fell, placed the crown upon Richmond's head, the estates of the Luttrells were immediately restored to the family, in whose possession they have remained ever since. Among Luttrells of distinction since that time were Francis Luttrell, a colonel in the army of William III., and Alexander Luttrell, who served in all the wars in Flanders throughout the reign of King William and in Queen Anne's time was colonel of the Royal Regiment of Marines.

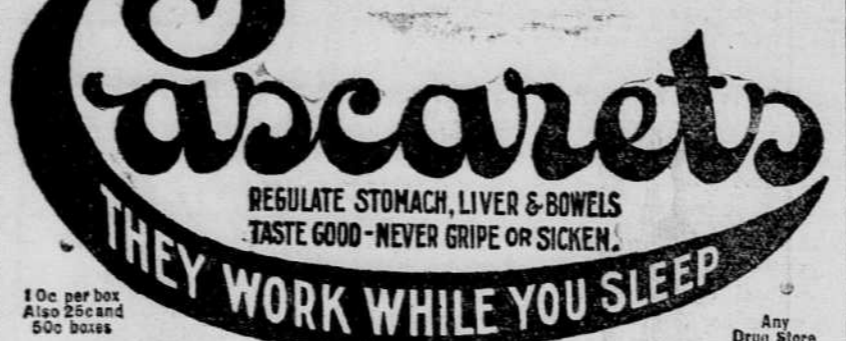

The old manor house of East Quantoxhead was put in a good state of repair between twenty-five and thirty years ago, and it stands grim and staunch overlooking the waters of the Bristol Channel. It is now occupied by Mr. A. Fowne Luttrell, the squire of Dunster.

SLUGGISH BOWELS CAUSE HEADACHE DIZZINESS AND SICK, SOUR STOMACH

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. Don't forget the children—their little insides need a good, gentle cleansing, too.

Girls, This Clock FREE!

Here is a beautiful mantel or desk clock, a number of which we will give away to girls and boys for setting our celebrated Overland Ointment. The clock is 5 1/2 inches high—strikingly made as you can see from the picture. It has a very handsome attractive bright gold finish. It keeps good time, because the movement is made by one of the reliable manufacturers. The great only gives you a slight idea of the real beauty of the clock and you have to see it to be fully appreciated. All you have to do to get one yourself is sell \$5.00 worth of our high-grade postcards at \$1 for 50. You can easily do this because the cards sell so fast. Many girls have them, even as they see them, and many people will take \$5 or 10 cents worth from you. One girl writes: "They were not at all hard to sell and I can tell you more—we have lots of letters like this. You write to us and we will send the clock—only all these and return the girls' cards and we will send you the clock. Girls who have this clock are delighted with it but we want girls and boys agents everywhere and have a catalogue of handsome prizes from which you let them take their own choice according to the amount of cards they sell. If you have a very nice clock already you could take something else that you want more. Write us today. THE OVERLAND MERCHANDISE CO., 20 TORONTO

DOCTOR'S PRESCRIPTION FOR ECZEMA

The most advanced physicians of this country and Europe are now prescribing a wash of Wintergreen, Thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D.D.D. Prescription.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for Eczema as is quinine for malaria. I have been prescribing the D.D.D. remedy for years."

It is quite a simple matter for you to find out for yourself whether or not D.D.D. will cure you. Simply send your name and address to the D.D.D. Laboratories, Dept. S.E., 49 Colborne St., Toronto, and get by return mail a free trial bottle of the remedy. It will give you instant relief at the very first application.

\$18, \$20 and \$22, are three exceptionally strong lines in Fit-Reform Overcoats.

You can get the most attractive styles, in the most attractive effects, that these prices have ever bought.

And you get the Fit-Reform tailoring—the standard of Canada—in every Overcoat, whether \$18, \$20 or \$22.

MCCORMICK'S BISCUITS

MAPLE LEAF LEMON CREAM

A delicacy revelation. A layer of soft, enticingly palatable Maple Cream, smothered with two wholesome Maple flavored Biscuits of Maple Design. About sixty to the pound.

Hidden between two crisp, beautifully browned biscuits of unique design, is a fairy-like cream, with a flavor of pure lemon juice. About sixty to the pound.

There's great satisfaction in making beds and bedding of such fine quality as to win compliments like this:

"I rested so comfortably the other night at the Hotel, Belleville, that I examined the bedding in the morning and found your label. ... Please let me know whether they are sold in Ottawa."

There's great satisfaction, too, in buying and using beds that are so much better than ordinary, especially when they cost no more. See that the IDEAL trade mark is on the bed you buy. Ask us for dealer's name nearest you.

MONTREAL — TORONTO — WINNIPEG

TEST THESE SOUPS FREE

(Offer closes on Dec. 11th)

For a few days more Mrs. Edwards (who is really a famous trade mark) is keeping open her FREE introductory offer of two full-sized 5c. packages of Edwards' desiccated Soup — one each of the Brown and Tomato varieties. Each package will make sufficient thick, nourishing soup for two people.

Edwards' desiccated Soup is prepared from specially selected beef and the finest vegetables that Irish soil can produce.

It comes to you in handy packets, all ready for the saucepan. It saves time and trouble; worry and expense. Send the coupon NOW together with 5c. to cover postage and packing, and the two packages will be forwarded by the earliest post.

EDWARDS' DESICCATED SOUP

Edwards' Soup is also an excellent addition to your own soups. It adds strength when they're weak, flavour when they're watery and colour when they're thin. It improves the skill of those who make and the appetites of those who eat.

5c. per packet.

W. H. DUNN
