## ROYAL PROGRESS THROUGH LONDON

### Rain Came to Spoil the Pleasure of the Masses Last Evening.

London, June 23.—A heavy rain which began at sunset and poured down constantly throughout the night brought bitter disappointment to hundreds of people who were bent upon fittingly celebrating after dark as a climax to the royal progress of King George and Queen Mary through the streets of London to-day.

Hundreds of thousands of people had planned to view the illuminations and all wheeled traffic was barred from the principal streets in order that the crowds might use the sidewalks as well as the sidewalks.

The illuminations everywhere were turned on at dusk and sparkled their brightest in the evening but the people who turned out to witness the effective display were only a fraction of those who would have come had the weather been propitious.

Those who braved the elements splashed about in the muddy streets beneath umbrellas and keenly enjoyed the fine show of electric emblems in Clubland and along Piccadilly, where the mansions of John Hays Hammond, American special ambassador to the coronation; Lord Rothschild, the Duke of Wellington and the Duke of Devonshire were a mass of glowing colors, and on the business houses down the Strand to the heart of the city where the Stock Exchange and the Bank of England were covered with patriotic designs.

The feature of the day was the royal progress through seven miles of London streets, which included a long route through the poor section of the city south of the Thames. With the gaudy Indian troops, colonials and detachments of Great Britain's finest soldiers in line the procession made a fine pageant.

A great and constantly changing throng remained in front of Buckingham Palace all the afternoon. The King and Queen and the Prince of Wales several times appeared on the balcony and waved their hands to the people below. The enthusiasm of the people at each show of recognition by the monarchs and the youthful heir apparent was given vent to in a great roar of cheering which could be heard for a mile.

Most of the places of amusement in London were closed to-night because it was anticipated that the crowds in the streets would make it impossible for those who wished to attend performances to get to them. The managers of these places afterwards deeply regretted the mistake they had made for large audiences doubtless would have sought shelter from the rain. A majority of the theatres will remain closed to-morrow.

There was a great dinner at the Foreign Office to-night, where Sir Edw. Grey, the Foreign Minister, entertained in state King George and also the visiting royal personages and the special representatives to the Coronation.

The Duke of Argyll, Princess Henry of Battenberg, Princess Louise of Battenberg and Miss Campbell, a niece of the Duke of Argyll, were conspicuous to-day in a distinguished group of 125 persons who witnessed the royal progress from Stratton House, the residence of John Hays Hammond. A large American flag floated over the house. The royal party with Mr. and Mrs. Hammond occupied a window in the ball room and as King George and Queen Mary passed the monarchs recognized them and exchanged salutations.

## BRIEF MEETING OF CITY COUNCIL

### Several Matters of Interest were Considered at Session Held Last Evening.

The weekly meeting of the City Council was held last evening and was devoid of any particular interest. It was almost 9 o'clock when Mayor Drouin opened the meeting, which was attended by Aldermen Lavigne, Campbell, Morin, Delisle, Shink, Bergevin, Guillot, Cote, Messervey, Fiset, Cummings, Madden, Verret, Paquet, Barbeau, Jobin, Goulet, Gosselin, Plamondon, Emond, Gauvin, Trudel and Levallee.

A letter was received from Chief Marsan, of Levis, thanking the city for the sum of \$50 forwarded them for their services at the recent fire in St. Roch's.

A letter was also received from the clerk of the Town of Levis, informing the Council that Aldermen Alf. Blouin, J.E. Dussault and A. Lamontagne had been appointed as representatives of the Levis Council on the Joint Ferry Committee.

A demand was made by A. Grenier for an exemption of taxes for twenty years, as he intended establishing a glove factory at Limoilou, where 20 to 25 people would be employed. Referred to the Finance Committee.

A letter was read from Mr. J. B. Delage, secretary of the County of Quebec Agricultural Society, protesting against the proposed civic market by-law, which imposed a tax of ten cents for each one-horse vehicle and 20 cents on a two-horse vehicle.

Mayor Drouin informed the Council that after consulting with the City Engineer, he had instructed the latter to notify all proprietors of factories and other buildings against whom complaints have been made respecting the smoke nuisance that they would have to carry out the law, otherwise the City Engineer would see that it was carried out.

A resolution was read from the secretary of the Board of Trade congratulating the city on the decision they had arrived at to lay a 40-inch pipe, and also on the appointment of Mr. Forrester as consulting engineer for the waterworks Department, and hoping that the city would soon attend to the reorganization of the Fire Brigade.

A petition to extend Massue street 260 feet was referred to the Road Committee.

Applications for the position of chief of the Fire Brigade were received from Capt. F. Blouin, Ninth Battalion, and E. Depeyre, both applications being referred to the Fire Committee.

Ald. Morin presented a petition from a number of electors of Montcalm Ward, asking that the city construct a band kiosk on the park near Berthelot Market. This petition was referred to the Road Committee.

A report was presented from the Waterworks Committee appointing Mr. Forrester consulting engineer, and the report was adopted.

Another report from the same committee, regarding trenching and laying of pipes in certain streets, was also adopted. According to that report, the trenching and laying of pipes in Limoilou will be done by the corporation laborers, who will also lay the pipes in the other city streets.

The contract for trenching McMahon, D'Auteil, Deligny, Scott, Notre Dame, Marie de l'Incarnation, St. Raphael, Marie Louise, Notre Dame des Anges, St. Francois and part of Ste. Marie was awarded to Mr. W. G. Peters. The contract for the other portion of Ste. Marie street and Dauphine street was awarded to Mr. M. Lonergan, and if he refuses to sign the contract it will be given to Mr. Peters.

The First Order of the Day, concerning markets and private stalls, was read a second time and adopted.

The Second Order of the Day was the consideration of the letter of Hon. S. N. Parent, dated 20th December, 1910, re Transcontinental Railway Station. This matter came up before Council in February last, when a mo-

tion was made by Ald. Fiset, which has practically been on the order paper ever since. The motion, which was seconded by Ald. Jobin, was again read last night and is as follows:

"That this Council cannot concur in the idea expressed by the president of the Transcontinental Commission, in his two letters of the 3rd and 20th of December last, to-wit: That the selection of the proposed site of the workshops of that railroad is made in conformity with the terms of the deed of sale of the Champlain Market; that, on the contrary, this Council reasserts the same protest, which was unanimously adopted on the 25th of November last, concerning the establishment of these workshops; that this Council, without proceeding any further, wishes to learn in writing the opinion of the three legal advisers of the city on the following two questions: (a) Is the proposed site of the said workshops, near the Quebec Bridge, situated within the limits of the 'Banlieue' of the city? (b) Is the selection made of that site in conformity with the terms of the deed of sale of the Champlain Market?"

Aldermen Fiset, Jobin, Morin, Langueur and Madden spoke on the motion, Mayor Drouin remarking that the first thing to do was to get the advice of the legal advisers and this should have been done before now. On Saturday last he met Hon. Mr. Parent and asked what caused the delay in awarding the contract for the workshops, and the latter replied that the delay was caused by the architect, who was ordered to hasten on with the plans. Yesterday, he—Mayor Drouin—met the architect, who told him that all the necessary documents were now in hand, and that contracts would soon be called for.

Regarding the dredging of the St. Charles, His Worship remarked that from present appearances, it looked as if work would not be commenced this year, as owing to the adjournment of Parliament the subsidies for that purpose had not been voted.

A vote was then taken on Ald. Fiset's motion, which was defeated on the following division:

For—Aldermen Fiset, Shink and Jobin—3.

Against—Aldermen Morin, Delisle, Bergevin, Guillot, Cote, Lavigne, Campbell, Messervey, Verret, Paquet, Barbeau, Gosselin, Emond, Trudel, Levallee, Gauvin, Goulet, Plamondon, Madden and Cummings—21.

The Council then adjourned until Friday next.

### LUNCHEON AT SPENCER WOOD

The following guests were invited to the luncheon given by His Honor the Lieutenant-Governor at Spencer Wood on Thursday afternoon in honor of Coronation Day:—Mgr. Begin, Archbishop of Quebec; Rt. Rev. A. H. Dunn, Bishop of Quebec; Mgr. P. E. Roy, Bishop of Eleutheropolis; Hon. Sir Louis Jette, K.C.M.G., Chief Justice of the Court of King's Bench; Hon. F. X. Lemieux, Chief Justice of the Supreme Court; Hon. Judge Sir A. B. Routhier, Senator P. Landry, Senator J. Shebyn, Senator Jules Tessier, Senator P. A. Choquette, Senator J. P. B. Casgrain, Justice E. Cimon, Justice H. C. Pelletier, Justice H. G. Carroll, Justice A. Malouin, Justice J. C. McCorkill, Justice L. J. Cannon, Justice L. R. Roy, Justice C. E. Dorion, Mr. Wm. Price, M.P., Mr. A. Lachance, M.P., Hon. Sir Lomer Gouin, Prime Minister; Hon. Jules Allard, Minister of Lands and Forests; Hon. J. C. Kaine, Hon. C. R. Devlin, Minister of Colonization, Mines and Fisheries; Hon. L. A. Taschereau, Minister of Public Works; Hon. L. J. Decarie, Provincial Secretary; Hon. J. E. Caron, Minister of Agriculture; Hon. P. S. G. Mackenzie, Provincial Treasurer; Hon. A. Turgeon, C.M.G., C.V.O., President of Legislative Council; Hon. P. Pelletier, President of Legislative Assembly; Hon. John Sharples, Hon. T. Chapais, Hon. R. Turner, Hon. N. Garneau, Hon. E. B. Garneau, Justice Charles Langelier, Recorder Dery, Mr. N. Drouin, Mayor of Quebec; Mr. A. Bernier, Mayor of Levis; Sir George Garneau, Sir James Lemoine, Mr. C. F. Deiaque, M.P.P., Mr. L. Letourneau, M. P.P.; Mr. E. Leclerc, M.P.P.; Mr. J. A. Langlois, M.P.P.; Col. O. C. Pelletier, Commandant No. 5 Division; Col. J. Bell Forsythe, Col. J. F. Turnbull, Lt.-Col. H. E. Burstall, Lt.-Col. W. M. Macpherson, Lt.-Col. G. E. Amyot, Lt.-Col. G. E. A. Jones, Lt.-Col. R. E. W. Turner, V.C., D.S.O.; Lt.-Col. F. M. Gaudet, Lt.-Col. J. A. Morin, Lt.-Col. W. H. Davidson, Lt.-Col. L. G. Chabot, Major J. D. Brousseau, Major Robertson, Major J. Houlston, Major G. F. Gibson, Major H. C. Atkinson, Major L. Leduc, Mgr. C. A. Marois, V.G.; Mgr. O. E. Mathieu, C.M.G.; Ven. Archdeacon Balfour, Mgr. F. X. Faguy, Rev. L. Williams, Abbe A. Gosselin, Rector of University; Rev. Canon F. G. Scott, Rev. A. Turgeon, S.J.; Rev. M. A. E. Maguire, curé of Sillery; Hon. L. P. Pelletier, Mr. G. S. Stuart, K.C.; Mr. J. T. Ross, President Quebec Bank; Mr. R. Audette, President Banque Nationale; Mr. Cyrille Tesier, President Caisse d'Economie; Mr. J. B. Laliberte, President of Harbor Commission; Mr. G. A. Vandry, President of Board of Trade; Mr. C. Pentland, K.C.; Mr. L. P. Sirois, N.P.; Dr. M. J. Ahern, Dr. S. Grondin, Mr. G. H. Balfour, General Manager of Union Bank; Mr. N. Lavoie, General Manager of Banque Nationale; Mr. P. B. Dumoulin, Manager of Molson's Bank; Mr. Roger Larue, Mr. G. Langelier, Director of Experimental Farm; Mr. T. Beland, Agent of Marine & Fisheries Dept.; Mr. Braun Langelier, Capt. Victor Pelletier, A.D.C.; Major A. de L. Panet, A.D.C.; Mr. A. Genereux, Private Secretary.

## FAREWELL DINNER AT GARRISON CLUB

### Mr. F. T. Cockburn, was Entertained by Friends Last Evening.

A farewell dinner was tendered to Mr. F. J. Cockburn, who for a number of years past has been local manager of the Bank of Montreal here, by a number of his friends last night at the Garrison Club on the occasion of his departure from Quebec to assume a more important position in the service of the bank. There was a large gathering, and the event was a very pleasant and enjoyable one. The menu was as follows:

- Caviar Romanoff Olives.
- Tomatoes Radishes
- Consomme Chiffonnette
- Saumon Poche a la Chambord
- Concombres
- Poulet en Casserole a la Banquerie
- Agneau Printanier, Sauce Menthe
- Pommes de Terre Gratin
- Chouxfleurs Hollandaise
- Asperges au Beurre Fondu
- Pouding Glace aux Fraises
- Gateaux
- Fruits
- Noix Raisins
- Cafe Noir

The best wishes of all present were expressed in fervent terms to Mr. Cockburn for his success and prosperity in the new and important duties to which he has been assigned in the service of the bank.

The dinner was presided over by the Hon. L. A. Taschereau, who after the toast of the King had been honored, proposed the health of the guest of the evening, Mr. Cockburn responding in feeling terms. The following toasts were also honored: "The Province of Quebec," proposed by Wm. Price, Esq., M. P., and responded to by Hon. Jules Allard, Esq., M. P. P.; "Bank of Montreal," proposed by Hon. P. S. G. Mackenzie, responded to by A. E. Nash, Esq., the successor of Mr. Cockburn as local manager of the bank; "City of Quebec," proposed by Hon. Judge Langelier, responded to by Sir George Garneau, G. A. Vandry, Esq., president of the Board of Trade, proposed the health of Mr. Nash, the new local general manager of the Bank of Montreal, which was seconded by Mr. W. M. Dobell, and brought from that gentleman an appropriate reply. Mr. Frank Carrel answered the toast to "The Press."

The subscribers to the dinner were: Hon. L. A. Taschereau, Hon. Jules Allard, Hon. P. S. G. Mackenzie, Hon. Chas. Langelier, Wm. Price, M. P.; Sir Georges Garneau, Mayor Drouin, C. F. Delage, M. P. P.; Wm. Power, W. M. Dobell, Sir Charles Fitzpatrick, H. M. Price, R. Larue, Jos. Picard, E. G. Joly, de Lotbiniere, M. P. Davis, L. A. Cannon, Ch. Lanctot, George Tanguay, G. H. Balfour, W. G. Hinds, A. E. Nash, Nap. Lavoie, H. Boire, O. R. Sharpe, G. E. Amyot, Adj. Amyot, G. A. Vandry, W. A. Marsh, Neuville Belleau, L. H. Gaudry, D. O. Lesperance, Gust. Simard, C. E. Porteous, F. Duggan, A. J. Auger, Lorenzo Evans, J. G. Scott, C. E. Taschereau, Alb. Demers, A. R. Decary, Septimus Barrow, Arthur Picard, P. G. Owens, Major G. Gibsons, John Laird, J. K. Boswell, Allan Boswell, G. H. Brunet, Major W. Petry, J. F. S. Robitaille, Frank Carrel, Ulric Barthe.

### SOCIAL EVENTS OF CORONATION WEEK.

London, June 23.—The state banquet at the Foreign Office tonight was one of the most important social events of Coronation week. Sir Edward Grey, the British Foreign Minister and host of the occasion, received King George and Queen Mary, the Duke and Duchess of Connaught, Prince Arthur of Connaught, Princess Patricia, Prince and Princess Christian, the Duke and Duchess of Teck, the Duke and Duchess of Argyll and all the foreign royal personages and the special representatives to the Coronation.

Altogether sixty royal personages attended the function. The entire company numbered 150; among those present being various members of the royal household, attaches of the Foreign Office, the Papal Delegate, Mgr. Di Belmonte; Premier and Mrs. Asquith, the Duchess of Devonshire and the Countess Minto.

The dinner was served in the banquetting hall at two oblong tables and six large tables. All were splendidly decorated with flowers and silver candelabars, and pictures loaned by the Indian Office and from other sources hung on the walls, enhancing the effect of the handsome mural decorations. The general effect of the decorations was extremely rich.

The Queen and Sir Edward Grey and a score of guests sat at the principal table, while King George and the Crown Princess of Germany with an equal number of persons were opposite them at the head of the other oblong table. The Duke of Connaught and Premier Asquith also presided at tables.

The Grenadier Guards Band furnished the music for the occasion. All the men were in black court dress of knickerbockers and wore swords. The toilettes of the ladies were magnificent and the display of jewels a gorgeous one.

### Children Cry FOR FLETCHER'S CASTORIA

## WANT STRAIGHT RECIPROCITY

### Conference of Democratic Senators and Declaration in Regard to Root Amendment.

Washington, June 23.—A declaration for straight reciprocity at an informal conference of a dozen Democratic Senators willing to vote down all amendments to the bill, an amendment by Senator Bailey adding to the reciprocity measure all the house free list provisions except meats and grain products, a unanimous decision of the Senate to vote Monday on the Root amendment to the wood pulp and paper schedule—these were features in the reciprocity fight to-day. But there were no speeches on the subject in the Senate and the activity was confined to the office rooms and cloak rooms, where reciprocity was the uppermost topic.

Senator Bailey announced his intention to press his amendment vigorously. While looking forward to the addition of some of the tariff provisions to the Canadian bill he admitted that such action probably would come only as the result of a prolonged struggle. Another tariff amendment—this one to the free list bill—was presented by Senator Clapp, to add to the free list alum, chloride of lime, aniline products, ultra marine, vermilion reds, soda ash, sulphur, china clay or kaolin, woolen felts or jackets, and brass or copper wire cloth.

The informal conference was held in the office of Senator Smith of South Carolina. Mr. Smith was outspoken in opposition to amendments, and he and John Sharp Williams united with Senator Stone in declaring that it was unwise to risk reciprocity for something more which would render all uncertain.

In the capitol corridors there was discussion of a recess of congress until next fall, and at one time there was a well defined report that an agreement to that end had been reached. Senators scoffed at the rumor. They would be glad to get away, but they realize that such a course would be impossible with reciprocity pending.

There was no difficulty in getting a general consent to vote on the Root provision before adjournment Monday. The request for the agreement was made by Senator Penrose at a time when but few Senators were in the chamber. He based it on the desire of Senator Root to be absent from the city for a few days. If Senator Lafolette had been present he probably would have been slow to assent to a vote at so early a date, for it is understood that he desires to address the Senate regarding it before it is submitted to the final verdict of the Senate. In his absence no voice was raised against the proposition.

### LITTLE CHRISTIAN

SIX YEARS OF AGE NOW IN GOOD HEALTH, THANKS TO BOOTH'S KIDNEY PILLS

Mrs. Alex. Moore, of James St., Oxford, N.S., says: "Booth's Kidney Pills cured my little daughter, Christian, age six years, of many symptoms of kidney weakness. She complained of a sore back, the kidneys secretions were frequent and uncontrollable, especially at night. Her stomach was weak and her appetite poor. This caused her to have frequent headaches and her least exertion would tire her. We had tried many remedies, but she did not improve. Finally we learned of Booth's Kidney Pills and procured a box. In a short time she was well and does not now complain about her back, the kidney secretions have become normal and she plays around the house with no apparent fatigue. We always recommend Booth's Kidney Pills."

Sold everywhere at 50c a box and guaranteed. The R. T. Booth Co., Ltd., Fort Erie, Ont., will send free box on request. Sold and guaranteed in Quebec by Henry Willis.

### MR. BORDEN SPEAKS AT MEDICINE HAT.

Medicine Hat, Alb., June 23.—Medicine Hat gave Mr. Borden and his touring party a good reception on his arrival at 7 o'clock to-night. He was taken for an automobile ride through the city, there being 70 cars in line. An address of welcome was presented by the mayor in the public park. The meeting was attended by over 3,000 and the arguments of Mr. Borden, Dr. Roche and Mr. Perley against the reciprocity pact were loudly acclaimed.

### GREAT FLEET AT SPITHEAD.

Portsmouth, Eng., June 23.—Notwithstanding a dismal drizzling rain both the city of Portsmouth and the fleet in Spithead were brilliantly illuminated to-night. Vessels representing seventeen nations which had come to greet the newly crowned King vied with the gigantic gathering of British warships in making a beautiful spectacle. The long lines of vessels moored in Spithead blazed with light, hulls and masts outlined with electric lamps, glowing brilliantly against the dull skies and reflecting their images in the water upon which they rode at anchor. Despite the rain every kind of craft, crowded with sightseers, made trips among the warships. The display continued until midnight when upon signals flashed from the flagships the lights were suddenly extinguished. Meanwhile the town was full of animation.

## About Jewellery, Silverware and Watch Repairs

Now that the busy season is ended, we would request our customers to send in their repair work.

We re-model, repair and re-finish old jewellery and make it almost as good as new.

Antique Brooches and Antique Earrings may be remodelled and transformed into fashionable pendants to be worn with a light gold Necklet.

Old-fashioned Gypsy-set Rings, we can re-set in modern light low settings, with or without platinum points.

Should you have any old gold jewellery that you do not use, we will purchase it or accept the old jewellery as part payment for new goods.

If your Silver Plated Table Ware shows signs of wear, it is not necessary to buy new pieces, for we can silverplate, re-polish and re-finish the old pieces at a moderate cost, so that they will last for years to come.

Before our Customers leave for the Country or Seaside we would request them to telephone us to remove their Clocks. Our workmen will, during the Summer months, repair and regulate the clocks and replace them on the return of the owners to the city in September.

## The Quebec Chronicle

QUEBEC, JUNE 24, 1911.

### CORONATION HONORS

The fact that the names of Sir Charles Fitzpatrick and Sir Adolphe Routhier are included in the somewhat scanty list of Coronation honors for Canadians will be a source of special satisfaction to the city of Quebec with which they have been associated so long and on which they have so often brought distinction before.

Canada has a most eminent jurist in the person of the Chief Justice whose rapid progress has been followed with the keenest interest by his friends in Quebec.

There can be little doubt but that his services to Canada at the Hague formed one of his many claims to distinction.

In the case of Judge Routhier we may take the honor as a tribute to his literary abilities. Sir Adolphe is the author of many valuable and brilliant works which enjoy a very wide reputation. Among French-Canadians he will always be remembered for the fact that it was he who wrote the words of "O Canada."

### BRITAIN'S LEAD

#### IN DREADNOUGHTS

Great Britain still holds the record for quick naval shipbuilding, and she is also a long way ahead of the other nations in the number of Dreadnoughts. A list of the world's Dreadnoughts, compiled by Mr. Alan Burgoyne, Unionist M. P. for North Kensington, editor of the "Navy League Annual," shows the British Empire to have:

Twelve such vessels now in commission.

Four others to be commissioned next year.

Four more launched and to be commissioned next year.

Five more to be launched this year.

Four to be launched next year, and Three to be laid down next year.

Giving a total of 32 Dreadnoughts to be in commission in 1914.

Germany has five Dreadnoughts in commission, four more to be commissioned this year (three during this month), and four each to be commissioned in the three succeeding years, making a total of 21 Dreadnoughts to be in commission in 1914.

The United States now have Dreadnoughts in commission, and two coming into commission this year and in each of the three following years, making a total of 12 to be in commission in 1914.

Japan has two in commission, two coming into commission next year, one in the following year, and three in 1914, when she will have eight in all.

France has six Dreadnoughts of the 1906 programme coming into commission this year, and two each in 1913 and 1914, bringing her total up to eight in 1914.

For other Powers the returns are:—

Russia.—Four laid down in 1909.

Austria.—Two coming into commission in 1913, one in 1914, and one probably in 1915.

Italy.—One coming into commission next year, two in the following year, and one in 1914, all of which are likely to be delayed.

Brazil.—Two in commission, and one coming into commission next year.

Spain.—One coming into commission next year, one in the following year, and one in 1915.

Argentina.—Two laid down last year, which are likely to be delayed in coming into commission next year.

Chili and Turkey are each credited with the intention of laying down two this year.

In a note Mr. Burgoyne points out that speed in construction is still in favor of the British Empire. The period from laying down to launching is 9.64 months, against 13.93 months in the United States, 14 months in Germany, 20.6 months in France, and 22.5 months in Japan. The average from laying down to completion is in the case of Great Britain 26 months, against 31.2 months in Germany, 32.7 months in the United States, 42 months in France, and 65 months in Japan. Britannia still rules the waves.

### HOW TO KILL

#### THE HOUSE-FLY.

The campaign of education against the germ-bearing house-fly goes on apace but still there are a good many people who do not know how to rid a house of these persistent little nuisances. For their benefit we reproduce the following advice from the Ladies' Home Journal:—

Pyrethrum powder burnt in a house stupefies flies until they may be swept up and destroyed. A little of this burnt in the morning in the rooms, which are then aired, will make the house exempt from flies all day. Twenty drops of carbolic acid on a hot shovel or hot piece of iron creates a vapor that kills flies, making a simple and effective remedy. The common mignonette plant grown in

jars and placed in a room makes home life unpleasant to the housefly, while nature has given us another simple remedy in the common white clover, found in almost every yard.

Gather a handful in the morning and place it in a vase and watch the flies hunt the open; its odor is very offensive to them. The clover should be renewed every day or so, for when dry it irritates the nostrils. A cheap and effective poison not dangerous to human life is bichromate of potash in solution. One drachm dissolved in two ounces of sweetened water and placed in shallow dishes will dispose of many flies. Another remedy which for all purposes probably has no equal is a solution of formalin or formaldehyde in water. A spoonful of this liquid in a quarter of a pint of water left exposed in a room will kill all the flies in it. Flies are also exceedingly sensitive to light. By closing all the blinds of the room except one the flies will seek the open one, when they can be easily driven out.

### THE COST OF EXISTING.

Whatever may be said about the high cost of living, it does not cost much to exist evidently, and sociologists, according to their humor, will draw various lessons from the history of a Massachusetts woman who died last week.

This woman earned \$ a week for the last 17 years; that means a total earning of \$6,054, and yet, when she died she left \$5,200 in cash. It is said that she devised a system of economy so that her food cost her just 30 cents a week. She gave up religion "because it cost too much." She had no fuel bills to pay because she saved every scrap of paper and wood that she found in the streets. Existing thus, it did not take her long to have her first one thousand dollars, and that saved, she was able to live on the annual interest, and although she was not employed during the last five years of her life she was able to exist on the interest of her savings. With such an example before us, one might well quote Shylock: "This was the way to thrive."

And yet, we hardly think that the striking example of this Massachusetts woman helps us much toward a solution of the problem in regard to the high cost of living. For life means more than bread and meat and the garments that one wears. Even today a man might, if he chose, we suppose, live as our ancestors were reported to have done, in trees; and by painting his body, as the ancient Britons did, he might avoid tailors' bills altogether. But that is merely existing, not living; and when we talk of the higher cost of living in this age we mean, whether we analyze it or not, the cost of living up to higher ideals than the world has ever known before.

Thrift is a fine thing, undoubtedly, but it is not everything, and we owe other and larger duties than mere economy to the world.

### OUR CHEESE TRADE.

Cheese is about the most important article in the Canadian export trade with Britain. Since reciprocity with the United States has been advanced as a fiscal policy for this country, much fear has been expressed over the suggested imperilling of Canada's big export trade with the Mother Land.

Canada, in the year ending 1909, shipped 176,408,960 pounds of cheese, worth \$22,106,108, to Great Britain. The average value per pound was 12 53-100 cents. But, had Canada received for her cheese an average price equal to that received by the cheese-makers of the United States for their exports to Great Britain, she would have realized a total return of only \$21,753,118, or a loss of \$352,990.

How, then, can Canada benefit in the matter of prices by adopting the reciprocity agreement with the United States?

The following statement for cheese imports into Great Britain in 1909, is sufficient to show Canada's excellent position in the Motherland:

Belgium	981,129
France	790,152
Netherlands	3,265,426
United States	636,443
Other foreign countries	30,504
New Zealand	5,420,075
Canada	22,106,108
Other British possessions	8,828

What is still more important than prices, is Canada's reputation for quality in the cheese markets of Britain. The above statement is conclusive evidence of the reputable standing of Canadian cheese. Free trade with the United States in this article would undoubtedly tend to lower the standard of our cheese abroad. The retrogression would result in two ways:

First, cheese from the United States, and also from France and New Zealand, would mingle freely with the home-made article on the Canadian market, and dealers would be only too liable to ship foreign cheese

to Britain as Canadian cheese. Thus, Canada's reputation would be imperilled. Under the present protective tariff no such injury could be worked against the dairy industry.

Secondly, Canadian cheese would be imported largely by United States dealers, and exported by them to the Old Country as American cheese. Slowly but surely Canada's position would be stolen by her astute neighbor.

### PROGRESS OF RECOVERY OF THE MAINE.

Although the work of recovering the Maine has not yet been completed sufficiently to enable investigators to determine the cause of the explosion that sank it, such rapid progress is being made that unless an unexpected accident occurs it will be sufficiently advanced very soon to make it possible for them to do so.

The solution of this question was not altogether the motive that prompted the authorization of raising the ship. It appears to have been done in order that the bodies of a number of sailors who went down with it and were never recovered might be taken from the wreck and given burial, that the menace to navigation that the ship offers might be removed and that the neglect of so many years might be in a measure remedied. Incidental to all this is the answer to the question as to whether it was a mine or torpedo, or the explosion of the Maine's own magazines, that sunk it, and a deep interest attaches to the query.

The New York Times brings up a former theory concerning it that has apparently been somewhat overlooked in recent discussions of the matter,—that the affair may have been due to both, and that the explosion of a mine adjacent to the ship may have in turn been responsible for a second explosion of the magazines, through detonation. "The practically inevitable conclusion, originally drawn and confirmed by the new evidence," says the Times, "is that a mine, not necessarily of any great size, acted as a sort of detonator for the Maine's own magazines."

This is a reasonable explanation so far as what has as yet been brought to light indicates. It may be entirely refuted within the next few days, and it is quite possible that there will never be a satisfactory solution. The condition of the hull has been found to be worse than was expected, due to the fact that the ship was wrecked to a greater extent than was supposed and to the corrosion that has ensued since it was sunk.

And even if it should be definitely shown that the primary cause was a mine, there will be the other question as to whether the mine was exploded by Spaniards, not to say by the order of responsible Spanish officials, or by others who sought to embroil the United States and Spain.

Here are a few measuring rods between the Canada at the birth of Confederation, and to-day:

Population, from 3,371,594 to nearly 8,000,000.

Paid up Bank capital from 30 millions to nearly 100 millions.

Bank deposits from 37 millions to nearly 100 millions.

Savings bank deposits from four millions to 60 millions.

Letters included from 18 millions to 456 millions.

Trade from 130 millions to nearly 700 millions.

Manufacturers exports from two millions to 31 millions; forest exports from 18 millions to 47 millions; agricultural products from 12 millions to 90 millions; animal products from six millions to 53 millions.

Wheat exports from two million to 78 million bushels.

The Toronto News has just issued a special "National Issue" which is a veritable encyclopaedia of useful information and contains much that should be of interest to all Canadians who occupy themselves with the progress of their country and take a legitimate pride in its vast resources. This number describes the growth of Canada from Confederation onward whether in population, in commerce, in manufactures, finance, agriculture, and self-dependence and in many other ways.

The issue is of generous volume and shows traces of expert and careful compilation. There is no lack of solid "meat" in it and it seems to cover every branch of our national life. There are a large number of special articles written in attractive and convincing fashion and those who take the trouble to read it will be more than repaid for their pains. There is enough variety in it to suit all.

### Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, 1/2, 2, 10 degree stronger, 99¢; No. 2, 10 degree stronger, 99¢ per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. The Company is authorized to act as Trustee, Executor under Wills, Assignee, &c., and to give Bonds in connection with any Judicial Proceedings, and accept any Financial Agency.

The law of the Province of Quebec does not require Executors to give security for their administration, nor are they obliged to render accounts to the Courts. The nomination of

### THE ROYAL TRUST COMPANY

as Executor, affords the greatest possible security to Testators. The Corporation is perpetual. All its administration is public and open. It does not die. Its charges are reasonable, and it gives the best guarantee a Testator can have that his Estate will be honestly and economically managed.

The Company will act as Agent and Attorney for Executors already acting, or for the management of Estates, and will receive free of charge, for safe keeping, Sealed Wills, in which it is named Executor.

Solicitors and Notaries placing business with the Company may be retained to do the legal work in connection with such business.

A. E. NASH, (Manager of the Bank of Montreal.)  
MANAGER IN QUEBEC.

From whom all necessary information and advice may be obtained.

### It Is Your Kidneys

More than half the aches and pains from which humanity suffers are due to a disordered state of the kidneys.

### Warner's Safe Cure

is the remedy that you need to restore the kidneys to a healthy condition. Its special power of healing and strengthening the kidneys is the reason for its great success during the past 24 years.

Put in \$1.00 size and sold by druggists everywhere. Warner's Safe Pills for constipation and biliousness are 25c a package. We will send a sample bottle of the Safe Cure together with a sample of Warner's Safe Pills free, on request. Mention the Chronicle when writing. Warner's Safe Cure Co., Toronto, Ont.

## BISHOP'S COLLEGE SCHOOL CLOSING

The closing ceremonies opened on Monday, June 19th with the Annual Athletic Sports. This event was largely attended and there were some excellent performances. At 7:00 p.m. the Cadet Corps was inspected by the Headmaster, who formerly held a commission in the 1st V.B. The Buffs, East Kent Regiment. The boys were very smart and well set up, and the Company drill and physical exercises were gone through with commendable precision. The march past was very good. Immediately after the Inspection the Sports Prizes were distributed in the Gymnasium by Mrs. E. A. Whitehead, of Montreal, the mother of the head boy. The many handsome cups and other prizes were much admired, and the winners were loudly cheered by their friends, Mr. Irwin Sawdon's Orchestra played before and after the distribution, and the fine music was much enjoyed by all present. The closing event of the day was an informal dance in Bishop William's Hall, music being furnished by Turcotte's Orchestra. This was much enjoyed by the young people. The work of decorating the room was undertaken by Cockfield 1, and Whitehead 1, assisted by the boys, and called forth many impressions of admiration.

Among the people present during the day were, The Bishop of Quebec, The Dean of Ontario, Principal Parrock, Dr. R. Campbell, K.C.; Mr. E. Cochrane, Mr. C. M. Holt, K.C.; Major G. R. Hooper and a large number of the parents.

The following morning the Annual Services was held in the Chapel when the very Rev. E. J. Bidwell, D.D., D.C. L., Dean of Ontario, a former Headmaster, delivered a most impressive and eloquent address, taking for his text, St. Matthew IV., verse 8 and following verses.

The distribution of prizes took place immediately after the Service, and the Headmaster, J. Tyson Williams, Esq., B.A., was supported on the platform by The Lord Bishop of Quebec, The Very Rev. Dean of Ontario, R. Campbell, Esq., K.C., D.C.L., Chairman of Directors, H. M. Price, Esq., Director; Rev. R. A. Parrock, D.D., LL.D., Principal of Bishop's University; F. W. Frith, Esq., M.A., Secretary; J. R. Montzambert, Esq., M. A. Housemaster of the Upper School; H. R. Cattarns, Esq., F.R.G.S., Housemaster of the Preparatory School; Rev. H. C. Hurt, acting Chaplain and the School Staff.

The Headmaster before asking the Dean of Ontario to distribute the prizes, extended a cordial welcome to all the parents and friends of the school, and said he was pleased to see such a large number present. He referred to the great traditions which the school had and he appealed to all who were connected with the school whether as parents, as boys, as Directors, or as Masters to do all that possibly could be done to enable the school to work out its destiny. This great Dominion was increasing in population and wealth year by year, it had vast resources, it was destined to play a very important part in the Empire, it was the keystone in the arch which unites the English speaking race. To worship material progress only is not the true way of national development, we must aim at the highest ideals in our national life, our public men, and our leaders in the various walks of life must be men of honor and integrity, our political and municipal administration must be clean and free from graft and in this school from which will be drawn many of our future leaders we must see to it, that our education is such that it will fit our boys to become real leaders, men who by their honor, their uprightness and their sense of fair play will realize the importance of a pure and clean national life.

There is a great future before this school, of that he was fully convinced, and let everybody connected with it wake up to a realization of the greatness of its destiny. The work of the School had greatly improved and the Examiners, Dr. C. E. Fyler and Professor J. A. Dale, of McGill University in their report said, "we have no hesitation in saying that under the new headmaster the school has quite recovered its tone. The improvement in the general atmosphere is very noticeable. For this the school, and, we may add, the board of trustees also, certainly owe a great debt to Mr. Williams. He assumed the duties of headmaster under most trying conditions. Assisted by an exceptionally well qualified staff, he is gradually bringing the school up to a high standard. There was good evidence of this in the thoroughness displayed in the examinations. We would point especially to the creditable showing

made in history, mathematics and in chemistry. With regard to the Preparatory Department, under the direction of Mr. Cattarns, with two very able masters, the teaching of the boys and their general well-being show all the excellence of previous years. The outlook for the next year is very promising. We shall continue to watch with interest the successful administration of the Headmaster. He might mention that at the last Entrance Examination for the Royal Military College, Kingston, all the candidates passed, taking high places.

The Athletics of the school were in a very flourishing condition, but they were in no way allowed to interfere with the work of the school.

With regard to the Cadet Corps, the Gymnastics, the Drill and the shooting, he would only say that under such a capable and conscientious Instructor as Sergeant-Major Harney, the work was bound to be excellent.

He wished to thank the staff, and especially the Housemasters, Mr. J. R. Montzambert and Mr. H. R. Cattarns for the very able and loyal support they had given him, it was a great pleasure to him to have such a fine staff associated with him in this work, and he wished particularly to mention the friendly feeling which existed between the masters and boys.

The conduct of the school had been excellent, and he had received great support from the prefects who had taken keen interest in the welfare of the School. It was not necessary for him to say anything more to the boys than he had in his address to them Sunday night.

He wished to thank Miss Jeffery and Mrs. Holt for the most loyal and willing help that they had given him. They had done excellent service to the school for many years.

There was a tinge of sadness about the closing, realizing as they did that the Secretary, Mr. Frith was leaving. Mr. Frith had been connected with the school as a master first, and afterwards as Secretary for about sixteen years, and he had done most conscientious work during the whole of that period. He felt sure that Mr. and Mrs. Frith would carry away with them the good wishes of their many friends and he hoped that their future might be bright and prosperous.

He desired to thank the Directors for the strong support they had given him, and for the kindness they had shown him, he could assure them that no effort on his part would be wanting to promote the best interests of the school.

The Dean of Ontario then addressed the boys, before distributing the prizes. He expressed the very great pleasure he felt in being present on this occasion, reminding him as it did most pleasantly of old times. He offered the Headmaster his sincerest congratulations on his success in overcoming the difficulties he had to face in bringing the school to its present high pitch of excellence. The Examiner's report was one of which any school might be justly proud, and showed that the standard of work aimed at and attained at was a high one. Lennoxville had always been justly celebrated for the excellent all round education both of mind and body which it offered.

It had turned out many noted scholars as well as athletes, but more important than all there was evidently a high moral tone existing in the School, as indeed was only natural under the influence of the Headmaster, when he had known a friend and colleague for many years and had the highest opinion of him. The Dean assured the boys that the future of the School was largely in their hands, neither excellence of buildings nor perfection of equipment, nor a highly competent staff, all of which Bishop's College School possesses, would be as strong a recommendation of the school as the character of the pupils it sent out to the world. Let them show that they learnt to become upright Christian gentlemen and good citizens within these walls, and they would be the best advertisement of the school they all loved so well. The Dean concluded by asking the Headmaster to grant an extra holiday to the boys as a memorial of the prizes having been distributed by one who had himself held that office.

The Bishop proposed a vote of thanks to the Dean for his excellent sermon and addressed some inspiring words to the boys, he also thanked Mrs. E. A. Whitehead for so kindly distributing the prizes.

The Chairman of the Directors, Dr. R. Campbell and Mr. H. M. Price supported the motion and after cheers had been given for the Headmaster and the staff, the school dispersed for the vacation.

### PRIZE LIST.

- Upper School.  
Governor-General's Medal, E. A. Whitehead.  
Lieut. Governor's Medal, E. A. Whitehead.  
Eastern Townships Bank Medal, H. F. G. Greenwood.

Housemaster's Prize for English Essay, W. S. Wigham.  
C. C. Kay, Esq., Prize for Drawing, R. T. Green.

## NEW HEALTH AND NEW STRENGTH FOR SUFFERING WOMEN

Aching Backs, Tired Limbs and Splitting Headaches Need Not be Endured.

In silent patience nearly every woman endures suffering that casts a shadow over half her existence. An aching back, tired limbs, attacks of faintness, and headaches and backaches, need not be part of a woman's life. Such trials indicate plainly that the system requires the new blood that is supplied through the use of Dr. Williams' Pink Pills. These Pills are valued by suffering women who have used them above all other medicines, because they give the rich, red blood that makes women well, bright and at their best. Mrs. Fred. Collard, Poplar Point, Man., says: "I can give you but a very small estimate of the suffering I endured before I began using Dr. Williams' Pink Pills. After the birth of my first child I suffered intensely from ailments that too often afflict my sex. This was complicated by an attack of bleeding piles, and the agony of the days and nights I endured is almost past comprehension. I tried many remedies, but they did not help me in my trouble, and from a healthy young woman weighing 140 pounds I fell away in weight to 95 pounds. I grew so weak I could hardly walk across the floor, and there were times I hardly knew what I was doing so great was my agony. I went to Brandon and consulted a doctor who said that nothing would help me but an operation for both my troubles, and that I would have to remain in the hospital for at least eight weeks. Being a farmer's wife I felt that this was impossible, and while in Brandon I met a friend who strongly urged me to try Dr. Williams' Pink Pills, telling me that they had cured her trouble similar to mine, after an operation had proved of no benefit. She had such strong faith in them that she gave me the first box, and I began using them. It was not long before I found much relief. I continued to use the Pills all the rest of that summer, and the result was they restored me to perfect health. I told the doctor what Dr. Williams' Pink Pills had done for me, and his reply was that he considered what they had done for me little less than a miracle. I have since recommended the Pills to many others who have suffered from woman's troubles, and they always produced beneficial results. I hope that this treatment will be of benefit to some other suffering person."

These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## KING'S HALL COMPTON, P.Q.

On Sunday afternoon the Annual Distribution of Prizes took place in the grounds of the school. A large number of visitors from a distance and nearer places were present at the luncheon and afterwards gathered on the lower lawn where a programme of excellent music and recitations was rendered and the Prizes were distributed by The Bishop of Quebec. The Chairman, Dr. R. A. D. King addressed the assembly and congratulated the school on the result of the year's work. Mr. Robert Campbell, of Quebec read the report of Dr. C. E. Fryer, of McGill University, who had this year examined the work of the school, a report which spoke very highly of both the teaching methods employed and the work submitted by the pupils.

The Lady Principal in her report referred to the great necessity for mind training instead of mere book learning with children before they reached the later stages, and in thanking all who had worked for the success of the school, Miss Joll said that the strong position which it holds today is undoubtedly the result of the spirit of unity which exists between the present staff and girls and all who have previously passed through the school.

The Bishop of Quebec in gracious terms complimented all who were connected with the school on the strong position which it had gained, and Dean Bidwell of Kingston spoke of the happy spirit which has always been allied to the education work done at King's Hall.

Tea was served in the School Hall where some very fine work in all branches of art had been arranged for inspection. This included not only paintings in oil and water color but some beautiful china paintings, wood carving and leather work.

### PRIZE LIST.

Form Prizes.—Highest Averages.  
Form III. Helen Martin, presented by the Board of Trustees.

### DIED.

**GARNEAU**—On the 23rd inst., at the age of 71 years and 9 months, Mr. Francois Alexandre Garneau.

Funeral will leave his late residence, No. 12 Bedard street, at 3 p.m. Saturday for Mount Hermon Cemetery.

Friends and acquaintances are respectfully invited to attend.

**WADDELL**—At her late residence, 113 St. Ann street, on the 22nd of June, 1911, Agnes Waddell, eldest daughter of the late Alexander Waddell, M.R.C.V.S.

Funeral from 113 St. Ann street on Saturday, the 24th inst., at 2:30 p.m., to St. Andrew's Church, thence to Mount Hermon Cemetery.

Friends and acquaintances are respectfully invited to attend without further notice.

## QUEBEC GOLF CLUB

The competition for the Chalonner Smith Cup will start this afternoon. Entries close at 2 p.m. sharp.

## FIREMEN TURNED OUT RAPIDLY

While the Water Supply was Strong and Chief Tremblay was Pleased.

An alarm from box 79 about five o'clock last evening brought the fire brigade on the jump to the Rock City Tobacco Co.'s factory. There was no fire, but the fire fighters were on the scene promptly.

As is known the Rock City Tobacco factory is one of the enterprises in which Mayor Drouin is one of the chief owners. An alarm from box 79 means a double alarm and after it was sounded the firemen arrived quickly on the spot, and found a splendid pressure of water ready. The alarm was sounded by Mayor Drouin in order to give Fire Chief Tremblay, of Montreal an opportunity to see how the Quebec Fire Department responded to alarms. The prompt work of the local brigade was much appreciated by the Montreal Chief.

Deputy Chief Marin, of the Montreal Brigade, is also in Quebec in connection with the reorganization of the Quebec Brigade.

### MAN CHARGED WITH ATTEMPTED SUICIDE.

Montreal, June 23.—Wm. Scaving, 18 years of age, presented a pitiful sight in the dock before Judge Leet on a charge of attempted suicide today. He has only been here a few weeks and tells a story of a search of work, which proved unavailing. He jumped off the Allan line dock to end it all, but the captain of a barge pulled him out. The boy said he had a sister in Footsbury, Ont. He has been remanded until the 26th and an attempt to secure him a position will be made.

### FARMERS' BANK CASE AGAIN.

Toronto, June 23.—W. J. Lindsay, charged with conspiracy in the Farmers' Bank case, was arraigned before Magistrate Kingsford in the Police Court this morning, and again remanded for a week. H. E. Rose appeared for the defendant. He told the court that Lindsay's bondsmen, T. R. Parker and Dr. Noble, were going away for a few weeks and asked they be allowed to give assurance of their bond covering a period of three weeks. The crown had asked for a remand of one week, and the crown attorney declined to accede to this request. The law calls for the appearance of each remand of both the bondsmen and the defendant, though in minor cases exceptions are some times made. However, in this case both the magistrate and crown attorney refused to take the responsibility and would accept nothing but a renewal of the \$8,000 bond for one week. "Will you accept Lindsay's own bail?" Mr. Rose asked. "No," was the emphatic response. "I am going to take no chances in the matter." Finally the bondsmen agreed to appear with the prisoner a week from to-day, and Lindsay was allowed his liberty again. Travers, who is still in Toronto gaol, was not in court.

**Children Cry FOR FLETCHER'S CASTORIA**

## IN AND ABOUT TOWN

### OLD BOYS MAY GATHER

To Do Honor to Rector of the Quebec Boys' High School.

The closing exercises of the Quebec Boys' High School, which took place yesterday was marked by special interest, Dr. T. Ainslie Young, the respected and highly esteemed Rector, of the school marking his twenty-fifth anniversary of connection with the school.

It is likely that an Old Boys' reunion to commemorate the twenty-fifth anniversary of the rectorship of Dr. Young will be held during the course of September, when it is probable that former pupils of the school will gather from different points to do honor to the distinguished educationist.

A Coronation service will be conducted in the Methodist Church tomorrow evening at 7 o'clock. The choir will furnish special patriotic music and Rev. Mr. Cobblehead will speak on "The Crowning of King George the Fifth."

### LECTURE.

The Rev. Dr. Amaron will give a lecture in French at Kirk Hall on Sunday evening at 8 o'clock. The subject will be "What is the Faith of a French Protestant?"

### A DOCTOR'S OPINION.

In another column of this paper you will see what a prominent doctor has to say about his experience of Claire Fontaine mineral water. What it did for him it can do for you. Read the ad. of M. Timmons & Son and it will interest you.

### ST. ANDREW'S, LEVIS.

To-morrow being appointed "Patriotic Sunday" by the General Assembly, appropriate services will be held in all Presbyterian churches. At St. Andrew's, Levis, in the evening, the minister will speak on "The Crosses of Our Flag." Mrs. Thos. B. O'Neill will sing.

### RECORDER'S COURT.

Twenty-two prisoners paraded before the Recorder yesterday. Nine of the number were charged with drunkenness, and were dealt with as under: Five were fined \$2 and costs or eight days' jail each; four, \$5 and costs or fifteen days each, two a similar amount or eight days each, and eight \$10, and costs or fifteen days each. A woman and two men, on a serious charge, went to jail for two months, in default of paying fines of \$40, and costs each.

### SUDDEN DEATH OF A QUEBECER

The death has occurred at Chatham, Ont., of Mr. Geo. West, a former citizen of Quebec. The deceased who was 46 years of age, was suddenly stricken with an attack of heart disease and died within a few minutes. He is survived by three brothers and five sisters, as follows:—John, William and James West, Mrs. D. Hodge, Mrs. H. King, Mrs. L. Bernier, Mrs. T. D. Holland, Montreal, and Mrs. Walter Houghton, Quebec.

If you are quick you can get a 97 piece "Regina" Dinner Set, very latest pattern, and very best quality of ware, usual price \$10.50, for a few days only \$7.50 See the sample set in our window and be convinced.

**THE THOMAS CO., LTD.,** 10 St. John St. th-fri-satx3.

### COURT OF SESSIONS.

Yesterday morning in the Court of Sessions, James Smith, a stoker of the steamer Manchester Spinner, was sent to jail for 15 days besides having to pay the costs of the case, for assaulting the commander of the vessel, Captain Payne. A charge brought by Rev. F. G. Scott against Percy Woods, a chauffeur, of driving an automobile at a faster rate than the law allows, was dismissed with costs against the complainant.

### PIC-NIC OF ST. PATRICK'S COURT.

The pic-nic of St. Patrick's Court, Catholic Order of Foresters, to St. Catherine's Grove on Dominion Day, Saturday, July 1st, promises to be a most successful one, and will undoubtedly be the chief event of the national holiday. No pains are being spared to make the pic-nic an enjoyable one in every respect, active and energetic committees having been entrusted with the details of the preparation. St. Patrick's Court has won a well-earned name for itself in the carrying out of its annual excursion, and the present one promises to eclipse all former events of the kind.

### HONOR FOR A QUEBEC MAN.

Niagara Falls, Ont., June 23.—At the meeting of the Canadian Electrical Association's Convention today Mr. C. E. A. Carr, of Quebec, was elected a member of the managing committee.

Mr. F. Meredith, K.C., of Montreal, was in town yesterday, a guest at the Chateau Frontenac. He is on his way to England on the Victorian tonight.

### CORONATION ISSUE OF CHRONICLE

Was Received with Many Marks of Admiration—Finest ever Published in Quebec

The Special Coronation Number of the Chronicle, which was published on Thursday, has met with many marks of admiration among the leading citizens of Quebec, all of whom are united in declaring it one of the best and most artistic issues which has ever been produced by a local newspaper. Among some of the opinions which have been expressed from bank managers, merchants, and other leading residents of the city, the following few will show the manner in which this splendid issue has been received: "One of the finest issues I have seen."

"Well satisfied with the issue."  
"A really magnificent edition."  
"Finest thing ever produced in city of Quebec."

### BOYS' SHIRTS.

If your boy is going to the country secure for him from "Mullen" some English-made Shirts of the latest and comfortable style with separate double collar and cuffs. Also the silk-mixed Cricket Form Shirts in youths' and boys' sizes at 90c.

### CATHEDRAL OF THE HOLY TRINITY.

The preacher at the Anglican Cathedral on Sunday morning will be the Very Rev. Dr. Van Allen, Dean of Boston.

### ST. ANDREW'S CHURCH.

On Sunday the services will be of a patriotic nature. At 11 a.m. the Rev. Dr. Love will preach on "Patriotism," and there will be special music by the choir. At 7 p.m. Dr. Love's subject will be "The 'Ne Temere' Decree," and there will again be special music, including a vocal solo by Mr. Stapells, of Toronto.

### KING'S REPLY TO ST. JEAN BAPTISTE SOCIETY.

Mr. C. F. Delage, M. P. P., general president Quebec St. Jean Baptiste Society, sent the following cable Wednesday, and the reply was received yesterday:

"Quebec, June 21, 1911.  
"To the King's Private Secretary, Windsor Castle, England.

"The members of the St. Jean Baptiste Society of Quebec, in the name of the French-Canadians of the City of Quebec, humbly pray His Majesty, on the occasion of his coronation, to accept the expressions of their loyalty and devotion.

"DELAGE, Gen. President."

"Delage, President de Societe St. Jean Baptiste, Quebec.

"I am commanded by the King and Queen to thank you and all who joined with you for the loyal sentiments to which your telegram gives expression.

"BIGGE."

### BAND ON THE TERRACE.

With the kind permission of Lt.-Col. Davidson and the officers of the 8th Royal Rifles the band will play the following programme on Dufferin Terrace on Sunday evening from 8 to 10, weather permitting:

Waltz—If I Were Loved.....

H. Englemann

Barn Dance—The Coster's Wooing... W. Rimmer

O Canada. God Save the King.

**JULES GINGRAS,** Bandmaster.

### COMES A TIME When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N.Y.

"Its lightest punishment being to make me 'loggy' and dizzy, and it seemed to thicken up my blood.

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit the coffee and try Postum.

"It went right to the spot. I found it not only a most palatable and refreshing beverage, but a food as well. "All my ailments, the 'loginess' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am rejoicing in sound health which I owe to the use of Postum."

Name Given by Canadian Postum Cereal Co., Ltd., Windsor, Ontario.

Read the little book, "The Road to Wellville," in pkgs. "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## MASQUE OF EMPIRE WAS GREAT SUCCESS

Performers Excelled Themselves Yesterday in Knights of Columbus Hall.

The players in the "Masque of Empire" gave an even better performance yesterday than they did on the previous day at Spencerwood, in spite of their good showing then, and the presentation of the piece lost nothing by being given indoors. The Knights of Columbus Hall was generously filled and the swing and verve with which the programme was carried out was the occasion of frequent and genuine applause.

The stage was decorated with splendid taste and the variety and excellence of the costumes, the grace and skill of the players, and the clever grouping, all combined to form a tout ensemble of exceptional merit and charm.

As on the day before Miss Glass as Britannia entered thoroughly on her part and was in splendid form. The dignity and error with which she spoke was admirable while she was never out of focus, always welcome and always reliable. Her recital of Kipling's Recessional was especially good.

Mrs. Davis as Chorus was always adequate as an elocutionist and did much to carry the piece along. Of the others the Misses I. Grenier, E. Parmelee, E. Meredith and R. Huestis gave an artistic exhibition, but the palm must be given to Miss Mary Huestis, whose acting was well-nigh perfect. She is a natural actress and knows how to use the stage. Special mention should also be made of Miss Rosetta Joseph, who could hardly have been improved upon in her realistic impersonation of India, her costume and coloring being perfect in detail.

The Army and Navy looked well and the former went through some soldierly drilling that soon took with the spectators. The Boy Scouts also made a good showing and the Masters Huestis and Home presented a smart appearance as Malta and Gibraltar. One of the best dances was that given by the Misses R. Johnston, B. Parmelee, M. Home, G. Elliot, S. Gowen and R. Green. Those representing South Africa also appeared to great advantage, Miss Marie Dunn being perhaps the best of a good lot.

Australia was responsible for a very pretty and well-carried out musical drill, in which Miss F. Sharples was conspicuous among another good selection.

The butterfly dance of the children representing America was also much admired and the little boys representing the coaling stations raised another good laugh.

Altogether, it may be said that the Daughters of the Empire have every reason to congratulate themselves upon the result of their venture and on having presented the public with good music and good acting in an attractive and patriotic presentation.

At the close of the performance yesterday cheers were given for Mrs. Huestis, who has done so much in the way of coaching the players, and for Mrs. Montherif Joseph, with whom the idea of the play had first originated. After this the players were all photographed.

### GENTLEMEN, DO YOU BATHE?

You should come and inspect our bathing costumes. This is the warm season and you can now get first choice.

**FAGUY, LEPINAY & FRERE.**

### BUILDING OPERATIONS IN QUEBEC.

The following building permits have been issued at the City Hall during the past week: Jobin & Paquet, contractors, M. Ruthman, proprietor, repairs, Cote d'Abraham, \$125; Champ-plain Brewery, Ltd., proprietors, E. Paquet, contractor, corner Crown and Prince Edward streets, \$22,000; E. Moisan, proprietor, M. Dugal, contractor, Des Prairies street, new building, \$3,000; O. Belanger, contractor, M. Noel, proprietor, Carillon and St. Luc streets, repairs, \$204; Lefebvre & Belanger, contractors, Mr. Plante, proprietor, St. Margaret street, repairs, \$60; C. Vezina, contractor, M. Martel, proprietor, building, St. Joseph street, \$800.

### LOCOMOTIVES.

In an industrial sense Canada is a young country. It is therefore somewhat of a surprise to learn that the Canada Locomotive Company, of Kingston, Ont., have been making locomotives since 1855. This is a record and places them in the front rank as being the oldest and best known locomotive makers in Canada. Recently the demand for their locomotives has been so brisk that they have decided to double the capacity of their plant, and in future will turn out at least 150 instead of the present 75 per year.

Even when operating under the old conditions with a very limited plant, the company earned nearly \$300,000 per annum. They confidently expect that in the future their earnings will be more than double that amount. To enable them to finance the project a bond issue of \$1,500,000 will be made, and \$1,500,000 preferred stock will be offered to the public, which carries a bonus of 25 per cent common.

In Canada there is an unlimited demand for locomotives owing to the enormous strides being made by the railroads in this country.

HOME RUN DRIVE WON THE GAME

Montreal Defeated Baltimore in a Close Game Yesterday Afternoon.

Baltimore, Md., June 23—A home run drive by Hanford, who batted for Demmitt in the ninth inning, won the game for Montreal to-day. It was a hotly contested game with Burke and Atkins, dividing honors:

Score table for Baltimore vs Montreal. Columns: A.B.R.H.P.O.A.E. Rows: Rath, Maishel, Corcoran, Schmidt, Seymour, Walsh, Heitmuller, Egan, Atkins. Totals: 30 3 8 27 14 1

CRICKET MATCH.

The Quebec Cricket Club will play a match this afternoon against the Empress of Ireland. The match will begin at 2 p.m. on the Plains of Abraham and the players are requested to be punctual.

OTTAWA HAS A SLIGHT ADVANTAGE.

Ottawa, June 23—Ottawa has a slight advantage over the university of Pennsylvania in the first innings of their two-day cricket match which opened this morning at the Rideau Hall Grounds. The Ottawa's went in and scored 98, Pennsylvania being retired for 85, which gives the Ottawa's a lead of 13 runs. The feature of the play to-day was the bowling of Bristow, of Ottawa, and Keenan, of Philadelphia. Bristow took eight wickets for 45 runs while Keenan took five for twenty. The weather was fine and the wicket fairly easy.

ST. PATRICK VS NATIONAL II. TO-DAY.

One of the best matches of Junior City Lacrosse League will be played to-day. The St. Patrick's have lost but one game and are out for the championship. The National II have intentions of the Lockwell Cup also, consequently there is much which depends on this game. All the sporting public should try to attend. It will be worth seeing. The national game should be encouraged, and as this is the only attraction to-day, a large number should be on hand to cheer the players on.

UNITED STATES COLLEGE ATHLETES FOR ENGLAND.

Cambridge, Mass., June 23—The Harvard athletes and some of those from Yale, who will compose the American team which is to compete against a combination from Oxford and Cambridge universities in an international track meet at London, next month, left to-night for New York whence they will depart to-morrow on the steamer Vaterland for London. Prior to their departure it was announced that the team had been completed by the selection of the entrants in the hammer throw. For this event it was decided to take Damon Howard, of Whitman, Mass., a freshman, and Theodore C. Cable, of Indianapolis, as the Harvard men, and C. C. Childs, of Fremont, Ohio, captain of next year's Yale track team.

SAILING YACHT RACE MONDAY

Contest for the Club Challenge Cup will Take Place on Monday.

The following yachts have entered for the Q. Y. C. Challenge Cup race on Monday next; Cygne J. F. Lavoie holder of the cup, Ariane, Dr. Arthur Lavoie, challenger for the cup, St. George, Napoleon Mercier; Etoile de Mere, J. G. Giroux; Alcyon, C. Fremont; St. Valier, Nap. Mercier. The first prize will be Q. Y. C. Challenge Cup, silver, valued at \$100.00, and gents travelling case, valued at \$15.00; second prize, Ormou, Gold Mantle, clock valued at \$15.00. The race will be over the harbor course, starting from red buoy off the mouth of the St. Charles River then rounding black buoy off St. Joseph, then down to Montmorency Falls, round red buoy and back to starting point, course to be covered twice to complete race. Delphis Mercier and Dr. Gale will judge the race on the fast motor boat Pauline, owned by Mr. De Vellieres.

WILL DETROIT LOSE ITS BASEBALL FRANCHISE.

Detroit, Mich., June 23.—The Detroit News to-day says: "Because of small attendance this season at the games played here by the Detroit team the franchise of the Detroit club may be transferred to another city and Detroit would be left out of organized baseball. Several recent conferences between President Johnson, of the American League, and other club owners are reported to have been held for the purpose of taking Detroit's franchise away." I have heard nothing definite, said President F. J. Navin, of the Detroit Club, to-day, "but I would not object to selling the club. We are not losing money in Detroit but neither are we making a dollar, and I have heard constant kicks from other club owners all this year." The Detroit Journal to-day prints a report that the rumored changes involve bringing the St. Louis Americans to this city in exchange for the Detroit Club.

# AFTER CORONATION EPIDEMIC OF AMERICAN SLANG IN LONDON DICKENS' WORKS POPULAR ON STAGE KING A BOY FOR AN HOUR

## VICEROY OF CANTON LEADS IN FIGHT ON SPREADING PLAGUE

Official Submits to Inoculation with Serum, Setting Example for People.  
150 CASES SO FAR ARE FOUND AT HONG KONG

French Physician Has Been Engaged to Treat Inhabitants of Chinese City.

[Special Despatch.]  
HONG KONG, Saturday.—The plague continues, the cases at Hong Kong so far this year totalling 150. The disease is spreading with rapidity at Canton, where the number of deaths exceeds that of last year.  
The Viceroy has ordered a large quantity of anti-plague serum from Hannal and has engaged Dr. Du Perron, of the Paul Doumer Hospital, to inoculate all who desire it. The Viceroy himself submitted to inoculation and set an example for thirty high officials who followed suit.

## CHINA WILL SEND ENVOY TO CONFERENCE

[Special Despatch.]  
PEKIN, Saturday.  
The Chinese government has accepted the invitation of the financiers of the quadrilateral group to send a representative of the Ministry of Finance to attend the conference regarding Chinese currency reform in Paris at a date which has not been set, but probably will be about the middle of July.

## CHINESE CRUISER TO VISIT NEW YORK

[Special Despatch.]  
PEKIN, Saturday.  
Orders have been issued to the cruiser Haichi, Admiral Ching commanding, which is now in English waters to participate in the naval review, to proceed to New York after the coronation.  
This will be the first visit of a Chinese cruiser to the eastern coast of America. The Haichi's tour will include friendly visits to Cuba and Mexico.

## VISIT TO THE ZOO ENJOYED BY KING

Details of the Royal Family's Interesting Hour with the Captive Monsters.

[Special Despatch.]  
LONDON, Saturday.  
KING GEORGE, with the Queen and royal children, recently paid a surprise visit to the Zoo to inspect the mammals, birds and reptiles in the King's new South African collection, which reached London a few weeks ago.

While the King and Queen were thoroughly interested in everything they saw, the royal children, from the Prince of Wales down to little Prince Henry, had a royal good time. Roosevelt, the Teddy bear, attracted attention to himself at once by performing acrobatic feats, but the royal children were more interested in the pranks of four lion cubs and shivered delightedly as they peered into the cages where cobras were basking in the sun and hundreds of South African snakes were hissing as they twisted and squirmed.  
Little Prince Henry was interested in a blue-black baboon called "the-Captain," and all the children laughed as they saw the rhinoceros Jimmy affectionately rubbing his nose against that of the zebra in the next cage. Jimmy drank a gallon of milk while the children were watching him, and, like Oliver Twist, apparently wanted "more."

The King fed the giant seal and took especial notice of the King penguin. "Hobbie Skirt," as it is named, waddled down the path to meet the King. Standing on one foot, it held the other in the air for the King to shake. King George readily acceded to the mute request, and the Queen, coming up at the moment, stooped and patted its soft, gray back. When the royal children arrived "Hobbie Skirt" came in for more rapturous attention.

Meanwhile the keepers had begun feeding the sea lions and penguins. As they did so the King pointed out that the king penguin was not getting its share of fish. Several herrings were promptly thrown in its direction, but "Hobbie Skirt," evidently feeling too hot to be hungry, declined, and waddled back to its enclosure. In reply to the King's inquiry it was stated that the penguin's daily ration was eighteen fresh herrings. His Majesty seemed very loath to part from the bird and remarked as he left that he would like to have taken it home with him to Buckingham Palace.

The King and Queen said they enjoyed their visit immensely. The royal children didn't need to say so. Little Prince Henry had to be coaxed to leave.

## Mrs. Whitelaw Reid a Busy Hostess; Dorchester House Is Kept Lively

COUNTESS BENCKENDORFF.

MRS. CHARLES P. TAFT.  
MRS. WHITELAW REID.

Well Known Americans Are Among the Recent Guests of Ambassador's Wife.

[Special Despatch.]  
LONDON, Saturday.  
MR. AND MRS. WHITELAW REID have been very busy receiving American visitors at Dorchester House, entertaining them as well as many of their English friends. One of the largest parties they have given up to the present was in the stately banquet hall, when the long table, heaped with pink and white flowers, was a beautiful sight.

The guests included the Russian Ambassador and Countess Benckendorff, who wore her high diamond tiara and diamond necklace and pearls with a rich brocade dress; the German Ambassador and the Duke and Duchess of Devonshire.  
Among the American guests were Mr. and Mrs. Charles P. Taft and their daughter, Mrs. Whitelaw Reid and Mrs. Taft were also guests at the recent royal dinner at Devonshire House, when Queen Mary singled them out for a chat. The Queen asked Mrs. Taft her plans for the summer and showed great interest in her proposed tour through England and possibly Scotland.

THE DUCHESS OF DEVONSHIRE.

Mr. and Mrs. Laurens Van Alen stayed in Europe for the coronation festivities. They may join Mr. Van Alen, Sr., in America, not returning to Europe till the autumn.  
Mrs. Mackay has returned to No. 6 Carlton House Terrace, after a long absence from London, and her daughter, Princess Colonna di Stigliano, is stopping with her this month, as well as her granddaughter

and her husband, Count and Countess Jules Bonvouloir. Mrs. Mackay had a large party of friends on Coronation Day to view the passing of the royal procession from the terrace, which commanded a finer view of the procession than any place along the route.  
Among others who came here for the coronation is Mrs. Edmund Bayles, who is a regular visitor to England every summer, and, having procured quarters in London, will stay on for some weeks before going north for her annual visit to Mr. and Mrs. Bradley Martin at Balmacran.

Mr. and Mrs. Chauncey Depew made a short stay in Paris before coming to London for the coronation, and purpose returning to America for the Newport season. Mr. and Mrs. George Jay Gould are expected to proceed to Scotland after the coronation festivities. Among other visitors are Mr. and Mrs. Charles Carter, of Philadelphia.

Lady Chylesmore, who is now at her house in Prince's Gate, is spending her time between town and her beautiful place at Cooper Hill, which, though making good progress, will not be quite ready for some time yet. Her sister, Mrs. French Vanderbilt joined her for the coronation.

## LONDON THEATRES ARE DOING LITTLE

Many Years Since Business Was so Dull, and Now the Weather Is Blamed.

[Special Despatch.]  
LONDON, Saturday.  
IT has been many years, so they tell me, since London theatres have been so scantily patronized as in the last week. Managers are aghast at their half-filled houses and are wondering if a coronation is a good thing or not. There is not a theatre in London that has been "sold out" in the last week, and most of them have been only half filled. Englishmen are thoroughly loyal, even theatrical managers, and so they blame the bad business to the hot weather. Weather is such a good and convenient thing to have on tap!

Miss Fanny Ward has arrived from America with her fascinating smile and rosebud lips. She has also taken an apartment in Hanover square for the summer.  
Mr. Walter Kelly, large, humorous and Irish, got off the ship from Capetown last Wednesday, and is now amusing the London public at the Palace Theatre. Somehow he doesn't seem to find it a difficult task.

Before Mr. Fred Whitney went to Berlin he told me he would produce "Der Rosenkavalier" in German to start with, and the following year give it in English. His next production at the Whitney Theatre will be "The Spring Maid."

After Mr. Arnold Daly walked the length of the Strand the other day he said: "What a cinch Dickens had!"  
When Mr. Joseph Brooks and his family arrive here they will have the apartments formerly occupied by the Swedish Ambassador at Bushy Hall.

"Believe me," says Miss Marie Tempest to a reporter for the Express, "I think the music hall sketch is on its last legs. I don't think they are popular. What can you do in twenty minutes? Before you really interest your audience the whole thing is over. No, I see no future for the sketch."  
It is to be presumed that Miss Tempest means that short plays and not anatomy are unpopular. Otherwise why all these classical dances?

To the joy of London, Miss Tempest has got back to really acting again, and is appearing in "The Marriage of Kitty" at the Duke of York's Theatre. It's hard to tell which is the more enjoyable, the clever comedy or the cute comedienne.  
Mr. Joseph Coyne is endeavoring to learn the French language. He has an instructor for an hour every day to convince him that they don't speak the same kind of French in South Bend that they do in Paris. Mr. Coyne is going to all this trouble because he is soon to appear in Paris in "The Quaker Girl," and he is afraid Parisians might mistake him for a Quaker. Personally I think that should be the least of his troubles.

Mr. George Tyler is back from his automobile tour of Scotland. Mr. Tyler plumes himself on having beaten the record in that he is the first tourist to spend ten days in Scotland without being rained on. He seemed to feel a little offended about it, too. If Mr. Tyler tries it again he will probably be caught very much bending.  
Shifting from climate to compliments, everybody likes to be flattered. Imitation is the sincerest form, they say. Mr. "Harry" Pellissier, who has made his famous "Follies" a trade mark for fun, should feel very much complimented. A new company, headed by a university man, will soon appear in London, and they are styled "The Sorries." I wonder if they will be!

Search is being made among the papers left by the late Sir William Gilbert for the manuscript of an opera he was at work upon and had nearly finished at the time of his death. He was writing it under a contract with Mr. Fred Whitney.  
THERE is room enough for all. You heard this from the hotel manager, you read it in the newspapers and it was told to you by the man in the street. The London halfpenny press, which was responsible for creating the high price scare that kept many thousands away from here, took every opportunity, after the harm was done, to point out again and again that there was plenty of room here at moderate prices for all who wished to come.  
With characteristic disregard for the facts one of the worst offenders declared that "statements have appeared in American and Continental newspapers that fabulous prices were being charged for rooms in London hotels, and alleging that there was great difficulty in obtaining accommodations at anything like reasonable rates."  
Declaring that these statements were untrue and that there was not the slightest need for any anxiety for prospective visitors, this barney howler proceeded to prove that there were accommodations to suit all pockets by quoting reports from the outlying sections which showed that for about double the usual rates one could be taken care of in small hotels and private boarding houses.  
In another column this same newspaper published a story that grandstand seats along the route of the coronation parade could not be obtained for less than five guineas each, whereas the truth was that there were thousands of seats available at chances were that if the demand did not increase there would be many seats on these stands on coronation day that would be let at from five to ten shillings apiece. Of course, these low priced stands were not in choice locations, but from them one was able to obtain a view of the pageant. The proprietors of many leading London hotels decided early last winter to make visitors pay roundly for the privilege of coming to London during the coronation season, and when these prospective victims, taking fright, decided to remain at home, prices came down with a rush, so that it was possible for any one to obtain decent accommodation at fairly reasonable rates. Of course there were some hotels which did not enter into the grab-all game, but these were the exceptions that proved the rule.

## WORKS OF DICKENS TAKE THE STAGE

Many Years Since Business Was so Dull, and Now the Weather Is Blamed.

[Special Despatch.]  
LONDON, Saturday.  
WITH Mr. Martin Harvey playing "The Only Way" at the Lyceum, Mr. Bransby Williams impersonating Mr. Pickwick in the vaudeville houses, and a stock company giving a series of Dickens dramas and comedies at the Savoy Theatre, there is a distinct revival of interest in the novelist of the "plain people" of England. The Dickens dramatic festival at the Savoy, in which the actors are all devoted admirers of the novelist, has enlisted the friendly interest of the Dickens family.

Mr. H. F. Dickens, K. C., welcomed the idea of performing fresh plays from his father's works. He thought that in the past the dramatic versions of Dickens had not been satisfactory because they were padded with an excess of detail that interfered unduly with their action.  
Mrs. Perugini (Miss Kate Dickens), the author's eldest daughter, and Mr. Alfred Tennyson Dickens are deeply interested in the project, too. "Dombey and Son," the first of the plays at the Savoy, was warmly received by a houseful of Dickens admirers.

Early Victorian dresses helped to make a charming picture of the great reception scene, and the chintzes were of the same design as those that were supplied for the furnishing of Gadshill when the novelist moved out there.  
"David Copperfield," "Elsie's House," "Pickwick," "Great Expectations" and "The Old Curiosity Shop" will follow "Dombey and Son."

## HIP POCKETS ARE EASILY PICKED

London Alderman Warns Visitors Against Theft and a Tailor Backs His View.

[Special Despatch.]  
LONDON, Saturday.  
VISITORS to London at this season are warned against carrying their money in their hip pockets. The danger of the practice was commented upon by Alderman Sir Thomas Crossley at the Guildhall when trying a case of pocket picking. "It is the easiest thing in the world," he said, "for the light fingered gentry to steal your purse and money from a hip pocket without your feeling it. I wish people would learn the lesson and go back to the old fashioned breeches pocket."  
A West End tailor backed up Sir Thomas' opinion when asked what he thought.  
"I never recommend my customers to have hip pockets," he said. "Any one can get at them as easily as he likes—except the wearer of the suit. The place to keep your money is the side pocket of the trousers or a front fob pocket. You see, the hip pocket has the mouth out right at the pocket, and the thief can dip his long fingers right down. The side pockets have the mouths put on sideways, as it were, and the pickpocket has a more complicated job."  
"Then here's another thing that helps the pickpocket. When a man is standing up straight his hip pocket hangs loose and clear of the body, and he cannot feel the deft fingers that slip round his money. No; take it from me, the hip pocket is a bad place to carry money. I really don't know why men have hip pockets at all."

## Sneer at American Talk, but Not at the Dollars

Purists in the London Newspapers Dish Up What They Possibly Believe Are Samples of Yankee Conversations—Their Absurdities Are Easily Discovered.

[Special Despatch.]  
LONDON, Saturday.  
AMERICANS are here by the thousands following the coronation of King George V. Wherever you go you see and hear Americans. The Strand, Piccadilly, Oxford street, Regent street and other centres of London life and business are full of faces that are familiar in the United States, and wherever one turns one can hear the "I guess," "You bet," and other familiar catchwords that remind one of the land where they have real oysters, green corn that is fit to eat and the seductive water bottle.  
In the "near-American" bars of the leading hotels "whiskey and soda" has given way to the palatable Martini, Manhattan and Bronx cocktails the refreshing gin fizz and gin rickey and other alluring beverages that bespeak the advance of civilization.  
The presence of so many Americans in the city is a godsend to the so-called funny writers of the English press, who have worked Joe Miller and Josh Billings to death. One of these gentlemen, in telling of a conversation between "two pilgrims from the Great Divide," gives this as a specimen of their language:—  
"What do you think of it, Joe?" said the first gentleman, waving his hand to take in all the scene at the bank.  
"SUCH A LANGUAGE!"  
"Well, I'll tell you what's got me beat morn' anything else, it's all these dudes bugged up to kill," the second gentleman replied, pointing out a number of smart city men in very glossy hats, orthodox morning attire and immaculate spats. "Why, some of them got wais like caterpillars," he added, and presently he contributed the reflection that the majority of Londoners were not "well enough ribbed up" to do a good day's work. "Reminds me of beetles in those cutaway jackets," his friend contributed.  
St. Paul's, they agreed, "looked like it would do with a sponge down," and the first gentleman likened the hurrying crowds in Fleet street to a collection of eels in a bottle. The status of "Mr. Gladstone" on the summit of the Nelson column commanded their sincere admiration, but it was their comments on the timbered incongruities at Westminster that I applauded most.  
"Spoiled this show, anyway, haven't they?" remarked the first. "Well, I reckon," was the reply. "If it wasn't for the bits of old stones peeping out it looks more like an Oklahoma rush town in the moon time than any abbey." "More like

## 500 POUND CAKE FOR KING GEORGE

Ten Feet High, the Toothsome Confection Is Described as a Work of Art.

[Special Despatch.]  
LONDON, Saturday.  
The most gorgeous and delicious monument of confectionery ever built was accepted by the King from the royal confectioners, Messrs. Gunter & Co., as a coronation gift. This beautiful and toothsome work of art stands ten feet high. The actual cake, which weighs five hundred pounds, forms the base, and on it rest two temples of sugar, various statues and figures, and a full rigged ship—all in white sugar—the whole being surmounted by a crown on a cushion.  
Octagonal, the cake has four large and four smaller panels enclosed by sixteen Corinthian columns.  
Of the four large panels, the principal one, which is the front of the structure, has beautiful hand painted miniatures of the King and Queen, surrounded by the rose, shamrock and thistle, and surmounted by the royal coat of arms. The other three panels have medallions of the arms of various colonies.  
The four smaller panels have bas-reliefs of cupids holding a medallion inscribed "G. R."

At the top of the cake is a bordering of a maritime character, fish, seaweed and shells, representing the sea girl British Isles.  
Over the cake is an open temple of Gothic style supported by eight pillars, and at the four corners are seated beautiful statues representing Peace, Prosperity, Commerce and Agriculture.  
Inside the temple stands a figure of Britannia, while the arms of England, Scotland, Ireland and Wales are displayed upon four shields resting against the steps of the temple.  
A second temple contains a perfect model of a full rigged ship, and on the roof three lions rampant support a cushion bearing St. Edward's crown.

## TURKEY MAY BUY AMERICAN SHIPS

[Special Despatch.]  
PARIS, Saturday.  
Despatches from Vienna state that America has offered to sell four declassified armored cruisers to Turkey. The price is said to be \$50,000 each and that the Turkish Military Attaché has reported favorably, but as the Ministry of Marine does not possess the necessary funds, it will open a national subscription to find the money.

## THEIR HAIR KILLS PEERESSES' SLEEP

Amazing Inconveniences Suffered for the Coronation Coiffures.

[Special Despatch.]  
LONDON, Saturday.  
YOU probably will be astonished to learn that many peeresses were up and dressed on Coronation Day at the time when they usually are returning home from a dance. Some were called home by their maids at three o'clock and by six o'clock in the morning there was scarcely a peeress left in bed.  
This early rising was due to the fact that there were not enough artist hair dressers (on whom rested the responsibility of building up a becoming coronation coiffure). In consequence there was an unexampled demand among titled ladies for their services.  
Some peeresses, despairing of getting their hair dressed by the artists on the morning of the great day, had their coiffures created the night before. This necessitated their sitting up all night, for the touch of a pillow would have worked havoc to the delicate creations of the hair experts.  
Incidentally it may be mentioned that a fee of from one to five guineas was charged by these artists.

## PURSER PUZZLED, WIRELESS MIXED

[Special Despatch.]  
LONDON, Saturday.  
MR. ROBERT EDWARDS is a purser on board the White Star steamship Baltic and his wife, who went over on board the Minnewaska, of the Atlantic Transport Company, to join him in New York, was very near to him at sea.  
The purser sent to Mrs. Edwards this wireless message:—"Third epistle of John, verses 13 and 14." These verses read:—"I have many things to write, but I will not with pen and ink write unto thee, but I trust I shall shortly see thee and we shall speak together face to face. Peace be to thee."  
In transmission the numbers in the message got twisted. Mrs. Edwards, on board the Minnewaska, found a Bible and read:—"There is a serpent in my house." Of course, she was indignant, but she thought it over and decided that the purser might have been drinking—something he had never done before—so she wirelessed this:—"First Timothy, fifth chapter, twenty-third verse:—"Drink no longer water, but use a little wine for thy stomach's sake and thine often infirmities."  
There was a puzzled purser named Edwards until the Minnewaska got into port, when the message was straightened.

## SORRY IT STARTED HIGH PRICE SCARE

Half Penny Press of London, Now the Harm Is Done, Is Seeking to Undo It.

[Special Despatch.]  
LONDON, Saturday.  
THERE is room enough for all. You heard this from the hotel manager, you read it in the newspapers and it was told to you by the man in the street. The London halfpenny press, which was responsible for creating the high price scare that kept many thousands away from here, took every opportunity, after the harm was done, to point out again and again that there was plenty of room here at moderate prices for all who wished to come.

## Sultan's Tour Hailed by Press as Great Triumph

Constantinople Newspapers Exultantly Assert That Reception Given to the Sovereign Shows That Nationalization of Macedonia Is an Accomplished Fact.

## CAST RIDICULE ON "FOREIGN IMAGININGS"

[Special Despatch.]  
CONSTANTINOPLE, Saturday.—Both the people and the press of this city are exultant at the success of the Sultan's journey, which, they assert, has demonstrated that the nationalization of Macedonia is an accomplished fact.  
The Jeune Turquie, under the heading "Albanian Loyalty and Foreign Bluffs," says:—"While the foreign press is busy presenting the situation under false colors, nearly a quarter of a million Albanians, without distinction of class or cult, have been grouped around the Sultan."  
The Shin says "The Sultan has shown himself a hero and a victor by winning the hearts of the people," and wonders how the foreign press has been misled into "imaginings regarding the Sultan's clemency and amnesty proclamation, which was planned long ago and was not due to any recent foreign advice, imaginings which are merely founded on political and international jealousies."

## HOPE REBELS WILL ACCEPT THE OFFER

[Special Despatch.]  
CONSTANTINOPLE, Saturday.—Both the Austrian and Italian Ambassadors have given the most friendly assurance that their government will do their utmost and endeavor by their influence to bring about the acceptance of the amnesty offered to the Albanian insurgents. The thing to do with the offer of amnesty and asserts it was initiated weeks ago as the crowning act of the Sultan's pacific journey through Macedonia.  
If the Malisores had feared any imaginary danger they will now accept the paternal clemency and profit by the amnesty. If they do not accept it will be clearly established that the revolt is being maintained through outside influences and there will be nothing left for the government but to continue the campaign against

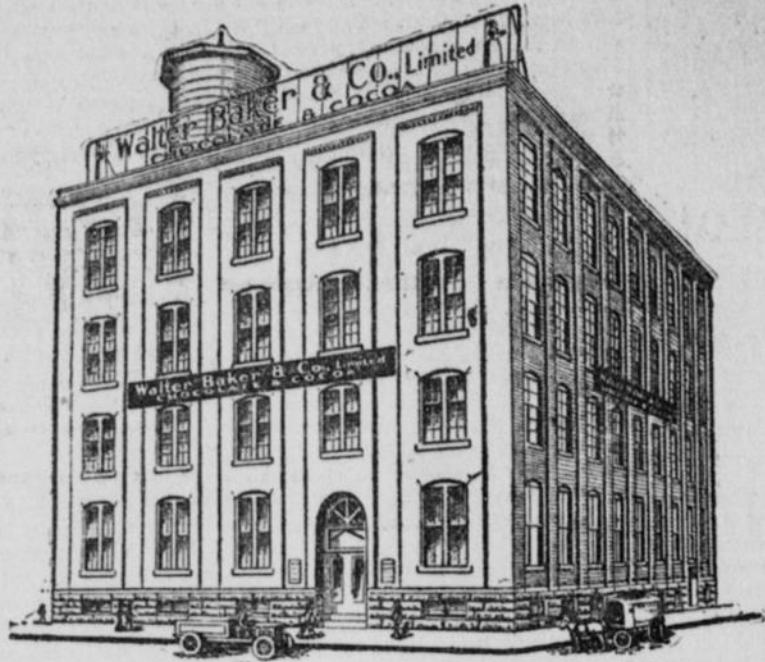

## LOUIS XVI. SUITE GOES FOR \$36,000

[Special Despatch.]  
PARIS, Saturday.  
The sale of the three pieces of Louis XVI furniture in carved wood, painted and gilded, consisting of a couch, a bergere and a screen, said to have belonged to Marie Antoinette, drew a large crowd to the Hotel Drouot, in the hope of seeing sensational bidding.  
Mons. Lion led off with a bid of 10,000 francs. Mons. Helff offered 26,000 francs. Then there were three bids to 30,000 francs. The rise continued until the set was knocked down for 36,000 francs. As the vendor at a previous sale had made an upset price of 230,000 francs the sale

# Baker's Cocoa and Chocolate

ARE THE STANDARDS OF THE WORLD

53 Highest Awards in Europe and America

THE NEW MILL AT 1000 ALBERT STREET, MONTREAL

For over 131 years these well-known preparations have been made only at the company's mills (the largest in the world) at Dorchester, Mass., U. S. A. In order to keep pace with the rapidly increasing demand for its goods in the Dominion of Canada and the British Provinces, a large mill has been put in operation in Montreal.

With the finest possible equipment of modern machinery, with the accumulated experience of more than a century and a quarter in the selection and blending of cocoa beans and by the employment of a perfect mechanical process of manufacture, consumers and dealers are assured that the *uniformity of quality and delicacy of flavor which have made these goods the standards of the world will be maintained.*

To facilitate the distribution of goods, selling offices are located at Montreal, Winnipeg and Vancouver.

We guarantee the absolute purity of these goods under the pure food laws of Canada

## RECIPROCITY WITH THE UNITED STATES

Senator Dandurand Speaks at Canadian Club in New York.

New York, June 22.—Senator Raoul Dandurand, of Montreal, in an address at the banquet of the Canadian Club of New York, to-night, declared that many well-informed people in the Dominion of Canada were of the opinion that the present reciprocity arrangement with the United States would be favored by 90 per cent of the Canadian electorate if it were not made a party question. Senator Dandurand said, in addressing the club, which was entertaining President Taft as its principal guest, spoke as follows:

"My first duty is to congratulate the Canadians of this city of New York upon their devotion to the land of their origin, their spirit of solidarity and their good record—collectively and individually—as citizens of the republic, which entitles them to the highest recognition that their adopted country can give them, the presence in their midst of the first magistrate of the United States.

"To Mr. President Taft I must express my deep appreciation of the high compliment he pays the Dominion of Canada by his visit this evening to the Canadian colony of New York.

"This compliment will be equally felt throughout the British Empire—of which we are proud to be an integral and indissoluble part—and specially by His Majesty, the King, who will, on this day of his coronation, be apprised of this very kind and amicable attention on the part of the chief representative of the American nation.

"This is but another evidence of the very cordial spirit which animates you, Mr. President, toward your British cousins. Your good will, no doubt, extends to the world at large, but it is towards London that you first extended the hand with the olive branch for the insurance of permanent peace between the two English-speaking peoples.

"In no country did your proposition for general arbitration meet with greater favor than in Canada. My country has been able to devote all its resources to its development during its period of adolescence and of comparative weakness. As it reaches into manhood, it must assume the responsibility for the defence of its sea coasts which are liable to attack whenever Great Britain is at war. Canada is naturally desirous of doing its full duty in that direction, but your action, Mr. President, has raised in the heart of every Canadian the ardent hope that arbitration may become the gospel word of all nations, and that slowly perhaps, but surely—as faith grows stronger in the fairness of the international judicial tribunal—the armaments of all nations will gradually diminish. Most Canadians see but folly in war when they do not discern in it criminality as well.

"If the offer for the arbitration of all disagreements between nations which recently went forth from the White House results eventually in the creation of the League of Peace, the name of Taft will be entitled to the first place in the Temple of Fame.

"I hail this evening his name as the first American whom Canada has, at last, discovered in official life to be its friend. Far be it from me to convey the idea that Washington ever was hostile or even indisposed toward us. It was worse—it was indifferent. One would rather be hated than ignored. Congress had put up such a high and thick wall between us that we could not be seen nor heard of. Perhaps this is not the sole reason for such apparent coldness. For the last fifty years Canadians have never seen the face of the American across the border. We saw his back only. Jonathan was constantly looking south. His Monroe Doctrine tended that way as well as his pan-Americanism. His sole preoccupation, his exclusive interest, outside his frontiers, seemed to centre in the Southern republics, up to the day when a troublesome little Filipino was born. I may be told that this seeming indifference bespoke a sincere homage as could be rendered a neighbor, that Canada was so wisely administered and was so orderly that it gave no concern to anyone.

"I readily admit that we were less petulant than some of our good friends of South America, but we were much better customers.

"We have been for some time the third best client of the United States—Great Britain and Germany alone being ahead of us. On that score we felt perhaps a little jealous at all our neighbor's attentions going southward.

"Happily, this is a closed chapter, a new one is now being written. We had been in the habit of enjoying the presence of an American citizen who rusticated on our shores. When he reached the White House, his mind wandered northwards, and for the first time a President of the United States was seen looking toward Canada.

"I would falsely represent the Canadian thought if I conveyed the impression that a sentiment of resentment lingers in our breasts because of the high protectionist policy pursued on this side of the line. We are rather thankful for the experiment we were forced to go through. With this market being gradually closed against us, we had to place our surplus product elsewhere and we did. The effort developed our energies and tempered our mettle. We may have had a grim look for a while, but we have successfully sailed the course and we are now smiling all over.

"This is why we gladly seize the hand which your worthy President extends to us and we welcome the offer of a fair exchange of natural products on even terms.

"It is the conviction of many well-informed men that the present reciprocity arrangement would be favored by 90 per cent of the electorate of Canada if it were not made a party question.

"We have travelled far and wide to extend our markets and it is childish to try to argue that it is an unwise policy to trade more largely with our next-door neighbor. Nature itself protests against such a pretension. In spite of tariff walls and of preferential favors to Great Britain our exchanges have kept on increasing.

"Among the very same people who seem convinced that this bargain will rather injure the Canadian producer, to be found some who express the fear that an increased exchange of products may bring about a political rapprochement.

"The one objection negatives the other. "Some opponents have shouted so loud their fear of annexation that it has been re-echoed on this side of the line by some public men. We, Canadians, are not adverse to Americans expressing such a wish, for it only tends to increase our pride in our own country.

"Prior to the signing of this agreement no one in Canada ever saw any danger in the fact that our purchases from the United States increased yearly, and if this free trade understanding were not on the tapis no one would object if our sales increased in the same ratio. I venture to affirm that the present objectors always viewed with delight any prospect of securing a nearer approach to an equilibrium in our exchange, through an increase in our sales.

"An annual trade of over three hundred millions has not in the mind of these gentlemen endangered the loyalty of the Canadian people. They have been aptly asked what is the figure which, in their estimation, will jeopardize the British flag. They can hardly be expected to answer this question with any degree of accuracy for they do not pretend to fear for themselves. It is for the man in the street or on the farm that they tremble. He may get such a price for his potatoes that he will feel like throwing in his heart over the bargain. But, is it not generally admitted, we ask, that contentment does not create desire for a change? To such a query the objector answers that the United States will some day recall the treaty for the very purpose of creating an annexation agitation among the Canadians who will have prospered under it. But what about the argument that this same treaty will be injurious to all Canadian interests?

"I pray you do not expect our anti-reciprocity men to be logical.

"In Canada they are mostly recruited from the ranks of the high protectionists and their real but unavowed fear is that the farmers may soon clamor for a reduction of duty on manufactured goods.

"They seem to put no reliance on the affirmation of the Canadian government that the advantage possessed by the highly specialized goods of the American industries will operate for a considerable time to come against an extension of the reciprocity principle in this direction.

"The Canadian protectionist is supported in his opposition to the treaty by the budding British protectionist who calls himself a fair trader. This ally hopes to convert Great Britain to his views in the near future and to be then in a position to organize a Zollverein within the Empire. Sir Wilfrid Laurier has just voiced the true sentiment of Canada on this question. The Dominion stands by its preferential policy to the Mother Country and is ready to go further in that direction, but Canada will always remain free to extend its trade upon what conditions it may choose, in whatever channels it deems best.

"It is hazardous to prophesy; nevertheless, I will venture to predict that this reciprocity agreement will be endorsed by the parliament and the people of Canada and that under it both countries will find profit and contentment.

"Canada aspires to become the link which will bind, more and more, the two great English-speaking nations in an intimate union for the maintenance of peace throughout the world. My country has shown its faith in the principle of arbitration. A closer commercial contract, developed on a fair and equitable basis, will bring about a better knowledge of each other and will make plain to Americans and Canadians alike that they can cultivate, under distinctive institutions, similar ideals for the progress of humanity, in order, justice and liberty."

Enduring fit, because all Pen Angle Underwear is unshrinkable. Exceptional value because it does wear amazingly. Real comfort, because so knit that the shape stays in it. These reasons should make you request the brand and look for the trademark. Have you tried Penman's No. 95? For the children as well as grown ups.

# This Man is Young at 55 Years

He is a "Health Belt Man," therefore has the vitality and hot, red blood of youth in his veins; he towers like a giant above the ordinary difficulties of life—be a "Health Belt Man" yourself—it gives strength; it makes you young and keeps you young all the days of your life; it takes all the coward out of your make-up—let me give you of this abundant vitality, then nothing can ever conquer you but death itself—thousands of men have taken my advice; why not you?

The secret of life-long youth may be summed up in one word—Vitality. If you have these great natural powers in abundance years count for nothing. I use no drugs. I recommend none. Just the Health Belt. No privations, no dieting and no restriction, excepting that all dissipation must cease. Put the Health Belt on nights when you go to bed; let it send its power into your nerves, organs or blood while you are sleeping. I give you a great flow of soft, gentle, galvanic-vital power during the entire night. One application and you are like a new being; it takes all the pain and weakness out of your back; it makes you answer the morning greeting with "I'm feeling fine." It is a great strength builder; it overcomes the results of overwork or earlier mistakes; it gives you a compelling power, so that you are attractive to all with whom you come in contact. Three months' use is sufficient. Ernest J. King, of Sherbrooke, Que., writes: "I am a man again, thanks to you. Nothing can discourage me now. This is one among tens of thousands."

Catskill Mountains; Elevation 3,000 Feet.

Opens for the Season of 1911 on Thursday, June 29.

THE REJUVENATION OF THIS FAMOUS RESORT.

For the first time in its history this resort has been leased to a New York hotel man, Mr. Louis Frenkel, fourteen years proprietor of the Hotel Albert.

The Hotel has been renovated and put in first-class condition. Climate and location unequalled either in Europe or America. Up-to-date garage, boating, fishing, golf links, tennis courts, bowling alleys.

Excellent accommodations for conventions. Assembly room seating 1,000 persons. Symphony Orchestra. A modern Rathskeller, with reasonable prices.

Special attractions and inducements for the younger set.

Special Rates for Families. Transient Rates, \$4 Per Day and Up, according to location of room.

HARRISON S. DOWNS, Manager, Booking Office, Berkeley Lyceum, 19 West 44th St. Opposite Sherry's. Telephone, 1860—Bryant.

### PAINS in the BACK and in the KIDNEYS

Pale, weak, suffering from anemia, Miss Eva Dumont, of Isle Verte, Temiscouata County, finds in ST. MICHEL'S WINE her health restorer.

### A COMPLETE CURE

There are many young girls who have suffered for years when they could easily have strengthened themselves by taking ST. MICHEL'S WINE and thus have renewed their blood impoverished by growth, losses, irregularities in the system and many other troubles peculiar to their sex.

ST. MICHEL'S WINE acts as a tonic: it is the oil which helps the normal functions of the human machine, it acts also as a restorer repairing as they occur the continual losses sustained by our bodies.

This is what Miss Eva Dumont writes us: MESSRS. BOIVIN, WILSON & CO., Montreal.

Gentlemen:—It was by reading your advertisements in the newspapers that I learned of the marvellous and beneficent effects of ST. MICHEL'S WINE. Two years ago, I was pale and weak, and I felt pains in the back and in the kidneys. I called upon a doctor but without result. One of my friends came to see me, and during our conversation we talked about ST. MICHEL'S WINE. She advised me to take some as she had found her own health improved by its use. I followed her advice and after the first bottle, I felt relieved. I am continuing to take it and I feel its good effects, so I advise all those who read this letter to give it a trial.

Yours very truly, EVA DUMONT, Isle Verte, P. Q.

The weakness from which so many persons suffer, women, young girls, children, proves conclusively that the blood is impoverished and that it requires certain reconstitutive elements, precisely those that are found in ST. MICHEL'S WINE and which are so much better assimilated because nature has made them in her marvellous laboratory, for the use of suffering humanity.

ST. MICHEL'S WINE contains all the qualities, that makes the blood rich and pure. Superior in every way to pills or other inert products which are not digested by a delicate stomach, it is in its liquid form, immediately digested, absorbed and assimilated, that lies the secret of its action in cases of weakness and anemia, which it has completely cured.

Why then should it not be efficient in your case, and effect another cure? Try it and you will not fail to be benefited by its use.

BOIVIN, WILSON & CO., AGENTS, 520 ST. PAUL STREET, MONTREAL.

### MILLINERY

WE are now showing a nice lot of Imported Children's and Misses' Millinery, to be sold at a reduction. Also Ladies' Beautifully Trimmed Hats, Veilings, Ribbons, etc., etc.

### CLOSING EXERCISES AT BERGERVILLE

The closing exercises at the Mountain School at Bergerville yesterday were most interesting, and the work of the school during the year showed splendid progress. The following programme was rendered by the pupils and was much enjoyed:

- Chorus, "The Lively Little Lads in Navy Blue." Welcome speech, Joe Warrington. Song, "Canst Thou Count the Stars." Recitation, "A Boy's Opinion," Harold Treggett. Song, "The Daisy." Recitation, "The Last Little Apples," Kenneth Treggett and Harold Sangster. Solo, "The Lost Doll," Ethel Ramsden. Recitation, "Five Little Daisies." March. Song, "Five Little Chickadees." Speeches and teacher's report. Distribution of prizes. "O! Canada." "God Save the King."

Prize List. Grade III.—Prize for class marks, Harold Treggett; general proficiency, Harry Langton. Grade II.—Prize for promotion, Oliver Kennedy; general progress, Allen Kennedy. Grade I.—Prize for promotion, Kenneth Treggett. Primary Class, First Division.—Prize for promotion, Allan Sangster; prize for general proficiency, Baden Sleeth. Primary Class, Second Division.—First prize, Ethel Ramsden; second, Harold Sangster; third, Matthew Sleeth. Prizes for General Progress.—Joseph Warrington, Stella Brecknoch, Nora Brecknoch, Willie Kennedy. Special Prize for History.—Harold Treggett. Special Prize for Attendance and Punctuality.—Kenneth Treggett. We wish to thank Mrs. J. Treggett and Mr. Brophy for the gift of a prize each, also Mr. Seifert for having given a Coronation medal for each pupil.

### DID YOU SEE THE RUBE IN TOWN?

A Man, Goat and Rooster. Reuben came to town today, as did part of his barn yard stock, which followed him in his meanderings around the streets on his way from San Francisco to Montmorency Falls, to see Morok, the bird man, creating a roar of laughter and amusement to our Quebec citizens.

Reuben was dressed in a suit of the \$2.98 style, of a very loud pattern. The ends of his trousers were not on good terms with the top of his rawhide boots and quite a space of his hosiery was left to the spring drafts. From his meerschaum pipe of the corn field he blew forth lusty clouds of smoke, as he gazed in awe on the Citadel of Quebec and surrounding walls of noble city.

Chanteclere (not Maud Adams, but the real article) and a goat accompanied him even to the refreshment parlor, following Reuben with a never faltering faith in his leadership. Butt-In Billy is a sociable being. He will also eat up any stray bits of paraphernalia which may be found around loose, waste paper and tin cans being favorite relishes.

Watch the papers for further adventures of the happy family, as you will have the pleasure of seeing them perform at the Rustic Theatre, Montmorency, week July 3rd, on moving pictures, keeping the audience in roars of laughter.

### MORE AUTOS THAN EVER.

Record Business This Year and a Bright Outlook for Next.

Heavy shipments of automobiles are being made by the Russell Motor Car company from their plant at West Toronto. One shipment within a few days is a carload to Australia, where the company's business is growing fast. "This is the season when everybody is anxious to get quick delivery of his car," said an official of the company, "and as our business this year is away ahead of any previous season we are very busy. The large addition to our plant made during the past year has been kept working at full capacity. It is, of course, a little early to talk about 1912 business, but even now every indication is that 1912 will beat 1911."

### GENTLEMEN, BE LOGICAL.

Do not purchase your goods without seeing our prices for the New Era clothing. Satisfaction guaranteed or money refunded. Special line for children. FAGUY, LEPINAY & FRERE.

An appraisal of the Company's property and plant has been made by the Canadian Appraisal Company, and is included in Messrs. Price, Waterhouse & Co's Audit of Accounts as set out herewith:

### The Canadian Locomotive Company, Limited.

STATEMENT SHOWING ASSETS PURCHASED AND LIABILITIES ASSUMED AS AT DECEMBER 31st, 1910, AND THE CAPITAL STOCK AND BONDS OF THE COMPANY TO BE ISSUED

Real Estate, Buildings, Plant and Goodwill.....	\$3,820,151.95	Securities to be issued:	
The appraisal of the Properties, Buildings, Plant and Equipment made by the Canadian Appraisal Company, Limited, under date of June 16, 1911, shows the following values:		Seven Per Cent. Cumulative Preferred Stock—Authorized and to be Issued.....	\$1,500,000.00
Reproductive value.....	\$2,027,327.76	Common Stock—Authorized and to be Issued.....	2,000,000.00
Depreciated value.....	1,501,028.68	First Mortgage 6% Gold Bonds—Authorized.....	\$2,000,000.00
Net Current Assets:		To be Issued.....	1,500,000.00
Inventories and Accounts Receivable.....	\$364,558.75		
Cash in banks and on hand.....	151,012.48		
Municipal and other Bonds.....	755,024.60		
	\$1,270,595.83		
Less—Current Liabilities.....	91,077.78		
	1,179,518.05		
			\$5,000,000.00

We have examined the books and accounts of The Canadian Locomotive Company, Limited, for a period of four years ending December 31st, 1910, and certify that the Current Assets and Liabilities included in the above statement are correct.

During the period covered by our examination, the profits of the Company, including interest on investments (which has aggregated about \$27,500.00 per annum), after providing for depreciation, have in no year amounted to less than \$300,000.00, excepting in the year 1910, when the profits amounted to only \$167,032.03. The profits for the three years, 1907, 1908 and 1909, on the basis mentioned, have averaged \$335,282.08 per annum, and the falling off in the business of the year 1910 is explained by the management as being largely due to the curtailment of operations resulting from the delivery of defective steel castings purchased by the Company under contract.

Yours very truly, PRICE, WATERHOUSE & CO., Chartered Accountants.

FIELD OF OPERATION.	PLANT AND EQUIPMENT.	ESTIMATED EARNINGS.
Canada to-day has over 25,000 miles of railroad in operation and over 6,000 under construction or being surveyed. According to statistics furnished by the Department of Railways, one locomotive is required for every six miles of track. Last year there were 4,079 locomotives in use in Canada. The completion of the present 6,000 miles under construction will call for 1,000 new locomotives. In addition, 400 locomotives will be required each year to replace existing equipment. The railroad development which is taking place in Canada is really only at its beginning, and it is expected that within the next ten years the present railway mileage in Canada will be more than doubled. The field of operation is therefore almost unlimited.	The Canadian Locomotive Company, Limited, have been building locomotives since 1855 and have therefore a thorough knowledge of the business. At the present time they are turning out 75 locomotives per year, but have had to refuse many satisfactory orders owing to their limited capacity. The Company have the most up-to-date and modern plant in Canada, covering 335,000 sq. ft. In addition the Company have 180,000 sq. ft. of reclaimable land on which they can erect additional buildings and, as required, still further enlarge their plant at the minimum of cost. The Company are fortunate in having cheap power, unexcelled shipping facilities, and in being exempt from taxation, except School taxes, up to the year 1916. They have probably the best trained and most loyal staff of skilled workmen on the continent.	It is estimated that as a result of the contemplated increase to the plant, the earnings within the next few years should be at least \$600,000 per annum; or in the neighborhood of 18% on the Common Stock after providing for Bond Interest, Sinking Fund, and Preferred Stock Dividend. To enable them to make this expansion the company are issuing one million and a half of first mortgage 6 per cent gold bonds one million 7% cumulative preferred and two million common stock will remain in the treasury, half a million of bonds to be used for future extensions.

Applications will be made in due course to list the Preference and Common Shares on the Toronto and Montreal and London Stock Exchanges.

Shipping News

THE BISLEY TEAM SAIL BY VICTORIAN

For England—Arrival of the Corsican—Teuton Here this Morning.

The Allan R. M. S. Victorian, Capt. Outram, arrived from Montreal at 6 p.m. yesterday, mooring at the Breakwater. After embarking Quebec passengers and the mails, she left for Liverpool at 9.30 p.m. Among her passengers are the Canadian Bisley rifle team.

ALLAN LINE. Str. Corsican, Capt. Cook, from Liverpool, with passengers and general cargo, due in port last evening, was detained at Grosbe Island, owing to suspected cases among steerage passengers, a large number of whom will be landed there this morning.

Str. Ionian, Capt. Eastaway, from Glasgow, with passengers and general cargo, was 175 miles east of Cape Race at 8.30 a.m. yesterday. Due here about noon on Monday.

CUNARD LINE. Str. Albania, Capt. Jeffries, from London, via Southampton, with passengers and general cargo, was 50 miles east of Cape Race at 12.15 p.m. yesterday. Due in Quebec on Sunday afternoon.

DONALDSON LINE. Str. Cassandra, Capt. Mitchell from Glasgow, with passengers and general cargo, was 190 miles northeast of Cape Race at 8.30 a.m. yesterday. Due in port on Monday afternoon.

NORTH SHORE LINE. R. M. S. Aranmore, Capt. J. Hearn, from North Shore ports, with passengers, mails and general cargo, arrived in port yesterday morning and moored at the Pointe-a-Carrey wharf.

QUEBEC STEAMSHIP CO. Str. Korona sailed from St. Thomas, W. I., for New York at 4 p.m. last Thursday. Str. Cascadia arrived from Montreal at 4 a.m. yesterday, embarked Quebec passengers and cargo and proceeded for the Maritime Provinces at midday.

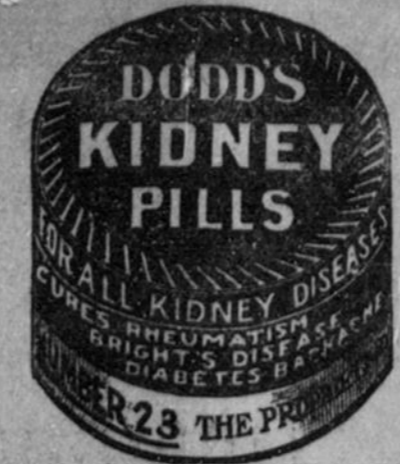

THOMSON LINE. Str. Jacona, Capt. Grund, arrived from Montreal yesterday morning and went into the Louise Basin to load.

WHITE STAR-DOMINION LINE. R. M. S. Laurent sailed from Montreal for Liverpool this morning with a large number of cabin passengers. This steamer is due to arrive here this evening and the passengers will embark from the Breakwater wharf. Str. Teutonic, Capt. James, from Liverpool, passed Fame Point at 5 p.m. yesterday, and is due here at noon today. She has 210 cabin and 450 steerage passengers, besides a general cargo.

REMINDER OF OLD TIMES. People passing in the vicinity of the Louise Basin yesterday morning were strongly reminded of the old days of the sailing vessels at this port. The Basin was almost filled with square timber, which was being taken on board by four large steamers, and by the afternoon nearly all of the timber had disappeared into the holds of the vessels. The steam winches of the four craft were working to their fullest capacities and the logs were taken out of the water as if by magic. In times past it would have taken many days to get such a large stock of timber on board four vessels. It was only the great quantity of timber alongside the ships in the morning that reminded one of the old days.

FREIGHTS AND CHARTERS. New York, June 23.—Steamer freights were offered sparingly and rates were steady and unchanged. Chartering was light. For sail tonnage a limited demand prevailed in the offshore trade, but coasting freights of all kinds were scarce. Rates were unchanged and nominal. Quotations to Liverpool, London and Antwerp, 1 1/4; Glasgow, 1 3/4; Rotterdam, 2 1/4; Hamburg, 30 pennings; Bremen, 25 pennings; Bristol, 2d; Cork for orders, 2s 1 1/2d; picked ports, large tonnage, 1s 9d; cotton to Liverpool, per 100 lbs., 15s.

Charter—British steamer, 2779 tons, general cargo, hence to La Plata and Port Madryn, private terms, July; Norwegian steamer, 2,448 tons, West India trade, 12 months, private terms, prompt; Danish steamer, 2,242 tons, general cargo, Baltimore to Colon, private terms, prompt; British steamer, 2,263 tons, coal, Baltimore to Port Limon, private terms, prompt; Norwegian steamer, 2,428 tons, coal, New York to New York, private terms, prompt; British steamer, 2,123 tons, coal, Philadelphia to Havana, private terms, prompt; schooner, 787 tons, general cargo, hence to Porto Rico, private terms; schooner, 790 tons, coal, Philadelphia to Fajardo, P. R., \$1.70; schooner, 621 tons, lumber, Jacksonville to Newark meadows, private terms; schooner, 378 tons, dry cypress, Brunswick to New York, private terms; schooner, 811 tons, coal, Philadelphia to Savannah, 90c; schooner, 579 tons, same, private terms; schooner, 1,268 tons, fertilizer, Baltimore to Wilmington, N. C., \$1.30.

# The How of Successful Advertising

**A**DVERTISING is a recognized profession out of which thousands are making a good living as specialists, and surely this fact is argument sufficient to prove that there is something in it for those who follow it up systematically.

By making a hobby of writing up novel and attractive ad matter, giving it the proper amount of space and a good position, you may eventually find it a source of pleasant satisfaction, to say nothing of the attendant results.

By advertising seasonable goods, and wording your ad in simple, clear-cut language and, if possible, giving some idea of how you would like to have it displayed so that the Ad-Man may become tempted to put it up to his grey matter to help along the good work, and at the same time boost his reputation as an artist in his line, you will have taken the first step toward commanding the attention of the purchasing public.

By taking this part of your business seriously, and considering it sufficiently important to require thoughtful supervision, regular and systematic change, and confident persistence, you will be well on your way to becoming a good advertiser.

By endeavoring to educate the advertiser to get the best results, we are reducing the amount of necessary labor for both the advertiser and the medium, and, since labor is the big factor in business, it would be well to keep in mind that system is the only means of avoiding unnecessary efforts or unproductive labor.

*The Quebec Chronicle* is an advertising medium by which you can prove all the foregoing arguments, and where all necessary information will be cheerfully given.

Tenders for Permanent Sidewalks and Stone Curb.

**CITY HALL,**  
 Quebec, June 23rd, 1911.

**PUBLIC NOTICE** is hereby given that sealed tenders, endorsed tenders for permanent sidewalks and stone curb, and addressed to the undersigned, will be received up to Wednesday, the 5th of July next, at 4 p.m., for supplying and laying of stone curb and permanent sidewalks in certain streets of the city.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's Office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

Each tenderer shall deposit in the hands of the City Treasurer the sum of \$100.00 to be confiscated by any one refusing to sign the contract.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof.

W. D. BAILLAIRGE, City Engineer.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof.

W. D. BAILLAIRGE, City Engineer.

**LANDSCAPE GARDENING.**

**The Fourth of a Series of Articles on Home Adornment.**

There are many species and varieties of trees and shrubs that may be used on the home grounds and in parks. Generally speaking, the best kinds are those that are native to the locality. A few others may be introduced for novelty. The selection depends upon individual preferences and local conditions, chief of which is the size of the area to be planted. I shall mention a few of the most common and most desirable ones.

Among deciduous trees, the common sugar maple is one of the best and most popular for purposes of shade. It grows well, is long-lived and usually is not difficult to transplant. Its beauty and thriftiness make it an general favorite.

The Norway maple is one of the most useful trees that we have for lawn planting but it is rather low-headed for streets. It will thrive on all kinds of soils and stand all exposures. It forms a dense and round head, attains noble size and affords excellent shade.

The sycamore maple is not so symmetrical as the sugar and Norway maples but its fine foliage and the nature of its winged nutlets make it attractive. It is hardy, healthy, easily transplanted and will thrive well even in exposed locations.

The soft maple grows quickly and is attractive for a number of years but its branches are brittle and easily broken by ice and snow storms. A variety of this, known as Weir's Cut-leaved Maple, is graceful. It is remarkable for its drooping branches and finely divided foliage. It is one of the best for lawn planting.

For street and park planting, the red or scarlet maple is a valuable tree. Among other maples that are desirable for special purposes are the Tartarian maple, the large-leaved maple, the English field maple, the English field maple (Acer campestre) and the dwarf Japanese maple.

The ash-leaved maple, known also as Manitoba maple and box elder, is one of the best for new places where results are wanted as quickly as possible. It grows rapidly and thrives best in moist and rich soil. It will stand hardships, however, as it evidenced by its popularity in the Western Provinces where it withstands cold and dryness. As it is short-lived, some of the more durable trees, such as maple or elm, should be planted with it to come in and last long after the ash-leaved maple has served its purpose.

One of the finest of all lawns, park and street trees is the majestic American elm. It lives to great age and always is attractive in outline. Although it will adapt itself to different soils and conditions, it readily responds to good treatment and likes plenty of richness and moisture at its roots. Other elms that are useful are the English elm, the cork-barked and Siberian kinds.

The cut-leaf weeping birch is a superior subject for lawn planting, but it should not be planted too promiscuously. It is highly ornamental and is useful in producing color contrasts when planted, for instance, in front of a group of evergreens. It may be used, also, to vary the sky line of any group of trees or shrubs. For the best results, plant this birch in early spring, not late spring nor in fall. This species of birch is one of the most precious elements of the landscape.

The foregoing list of deciduous trees comprises a few of the best known ones. There are scores of others that would be mentioned, among them, the firdens, oaks and poplars. The horse chestnut and the mountain ash are undesirable. While showy at certain seasons, they are too symmetrical in outline to be beautiful. The former in particular, becomes a nuisance by dropping in great abundance its flowers, seeds and burrs. In spite of these objections, this tree has been used extensively for lawn, park and street planting, this tree has been used extensively for lawn, park and street planting. It can be employed also for bowers and places where seats are required as the top stands heading-in and makes dense shade.

**Some Evergreens.**

In color and in size, the evergreens are heavy. They have an important place in producing effects and in planting for protection from winter winds. They can be planted for winter effect, with striking results.

The pines beauty and picturesqueness of trunk and foliage. Their young fresh growth is charming. The Austrian and the Scotch pines make handsome specimens and our native white pine, when young, is their superior. A small pine for planting in special positions is the dwarf mugho pine, which possesses dark foliage.

Among the spruces, we have the native white one and the Norway spruce, both of which are excellent for effect and for windbreaks; the latter is the more vigorous species. For a beautiful but novel specimen, the Colorado blue spruce may be chosen.

Much beauty and variety in form are to be found in the arbor-vitae, junipers and retinosporas. Among the best of these are the pyramidal and globose arbor-vitae, the Irish juniper and the plumose retinospora. In cold localities the two latter probably would require some protection for a few years.

**The Spruce Gall-Louse.**

In many parts of Canada, spruce trees are being injured by an insect called the spruce gall-louse which, as its name implies, forms galls on the twigs. In some districts it is causing much trouble and anxiety. Good results in treating it have been obtained by spraying the infested trees at the time that the young pests are exposed. This would be done in June so that the treatment may be made before they are enclosed in the galls. The spraying should be done with a tobacco and soap wash or with kerosene emulsion. Towards the end of August when the winged forms of the

**THERE IS NO USE TALKING**

The safest way to invest your savings is buying building lots in Montcalm Park. They will double in value within a few years. You know a good thing when you see it. Our sales of MONTCALM LOTS last year and this season, have surpassed all others in Quebec.

**They Are Record Breakers, Why?**

Because the public, the judges, paying their money and banking it upon this judgment, have said: We give the best real estate return for value received, and this you can prove for yourself. It is usually safe to trust to public judgment when this is backed with their money.

Montcalm Lots from \$250.00 per lot up. \$10.00 cash and the balance monthly payments without interest. Every convenience is extended for examining these properties.

Plans and all informations at our office. Houses to let.

**MONTCALM LAND CO.**

P. N. TESSIER, Manager.  
 Phone 3407. 328 St. John Street. QUEBEC

insect come out of the galls, the spraying should be repeated. The point is to spray when the pests are seen to be moving about. They are so small that a magnifying glass will be required to see them. For a complete job the spraying should be repeated two or three times at short intervals, as the insects do not all come out at the same time.

Ordinary kerosene emulsion is made by the use of the following ingredients: Soft water, one gallon; hard soap, one half pound; kerosene, two gallons. The soap is added and the two churned for five or ten minutes. The mixture should be diluted with ten times its measure of warm water before using. There are two essential conditions of success in making this emulsion. The liquids should be warm, and the water as soft as possible.

**Planting Trees and Shrubs.**

When buying trees and shrubs for planting on the lawn ask the nurseryman to supply specimens of good quality and of medium size for the variety. When the trees are received the nursery, plant them at once, or if that cannot be done, heel them in so that the roots will not be exposed to the air, and leave them there until it is convenient for planting. The practice is particularly necessary in the care of young evergreens. By heeling-in is meant the temporary covering of the roots of plants in order to preserve or protect them till in permanent quarters. Plant in spring. Very large trees should be moved only in winter.

When planting dig the hole large enough to take in the roots without cramping. Have the hole as large, if not larger, at the bottom than at the top. Do not plant too deeply. Set at about the same depth as the trees stood in the nursery. This may be determined by the markings of the earth at the bottom of the trunk. Allow about two feet setting. Work the fresh earth around the roots and under them. Shake the tree backwards and forwards to fill all the spaces, then tramp and pack the soil firmly layer by layer. Air spaces cause decay and eventually death. Plant in the evenings or on damp days. If the trees when set are exposed to strong winds or to injury by animals, it would be well to tie them to stakes and to protect them by means of tree guards.

The next article of this series will give a list of the most desirable ornamental shrubs and doses with suggestions on care, pruning and management.—A. B. Cutting.

**PROOF in the Morning!**

We tell you about how good you'll feel after taking a CASCARET—that millions of people—buy, use and recommend them—But that's talk—you buy a box now—take as directed to-night and get the proof in the morning—After you know CASCARET you'll never be without them.

**TENDERS REQUIRED**

**POLICE COMMITTEE**  
 Quebec, 19th June, 1911.

Sealed Tenders will be received by the undersigned until Tuesday, the eleventh day of July next, at four o'clock in the afternoon for the supplying of:  
 86 or more pairs of winter pants in blue cloth with first quality lining.  
 86 or more winter caps, Persian lamb.  
 86 or more pairs of winter gloves (buckskin).  
 172 or more pairs of winter rubbers of first quality lining, B. L.  
 Parties tendering for caps, gloves or rubbers are required to send with tenders a sample and those tendering for winter pants to accompany their tenders with a sample similar to the one to be seen at the office of the Chief of Police, from whom all information can be obtained.

The contractors for winter caps shall give a guarantee as to durability and wear for three years and for winter gloves two years, and a similar guarantee for one year shall also be given as to durability and wear of cloth pants. All the pants, caps, gloves and rubbers shall be delivered by the seventh day of November next and if the contractors have not fulfilled that condition, there shall be retained five dollars a day of each day's delay after said date, until the last pair of pants, cap, gloves and rubbers have been delivered.

If additional pants, caps, gloves and rubbers are required, the contractors shall be obliged to supply them at the prices and conditions required by the contracts.

The Police Committee does not bind itself to accept the lowest or any of the tenders.

The contractors before signing the contracts shall be obliged to furnish to the satisfaction of His Worship the Mayor two good and sufficient sureties.

The contractors shall pay the cost of drawing up the notarial contracts and supplying a certified copy thereof to the Police Committee.

EDWARD FOLEY, Secretary Police Committee.

Graduate of Dominion College of Optics, South Bend, Indiana, College of Optometry.

# Use the GILLETTE With the Angle Stroke

Jack-knife—draw-knife—plane—scythe—lawn-mower—all edge tools cut cleanest and easiest with the angle stroke.

The angle stroke was the only thing that made the old open-blade razor possible—except as an instrument of torture.

Yet many men use the GILLETTE like a hoe and expect it to cut clean and easy. The superb quality of its cutting edge is proved by the fact that even when used in this way the GILLETTE gives a good shave.

But to get the real satisfaction which the GILLETTE is capable of giving you, you naturally must use the angle stroke. Then you will know and appreciate the genuine luxury of the clean, cool, comfortable, easy three-minute GILLETTE shave.

Buy a GILLETTE and enjoy it—if you haven't one already. If you have one now, use it right and enjoy it to the full.

Standard Sets \$5.00 — Pocket Editions \$5.00 to \$6.00.

242

At last it was no secret that Sir John was drawing near the gates of death. The end came at nine in the evening. The correspondents who happened at the moment to be standing at the gate saw in the gloom a figure approaching from the house. Everyone instinctively knew his errand. Opening the closed gate he said:

"Gentlemen, Sir John Macdonald is dead."

The Sullen Bell.  
Without another word he turned and retraced his steps. No need now to shut the gate. Those precincts were guarded by gates of steel. Presently upon us was borne the sound of a bell. It was the bell of the city hall tolling out 71 strokes, one for each year of the life of Ottawa's most distinguished citizen, whose soul was even then being borne aloft on the wings of Azriel.

"Then you shall hear the surely sullen bell Give warning to the world that I am fled."

It was indeed a message to the world that a world statesman had crossed the bar. The sad intelligence was flashed abroad and Sovereign joined with people in condoling with widow and family. References to the nation's loss were made next day in practically every pulpit in Canada.

The state funeral given Sir John Macdonald was a memorable affair. The casket was borne from the Senate Chamber, where thousands viewed the familiar features for the last time. The Speakers of both Houses of parliament, preceded by the Mace of the House of Commons, carried by Col. Macdonald, sergeant-at-arms, senators, members, public bodies and representative men from all over the Dominion attended. The military lined the route of procession to St. Alban's Church, thence to the Union Station.

A Great Conqueror.  
One was reminded as they watched the cortege approach and heard the march played by the band of the Governor General's Foot Guards of a reference to another historic funeral:

"Who is he that cometh like an honored guest,  
With banner and with music, with soldier and with priest  
With a nation weeping and breaking on my rest?"

These words were written of the funeral of a great soldier, but we are told that peace hath war. Here was a man being taken to his grave who had subdued his stubborn foes on many a hard-fought field.

Special trains conveyed the body and representative men to Kingston, Sir John's first home in Canada, where he acquired fame as a lawyer and a seat in parliament. After lying in state in the city hall (where the old parliament of Canada once sat) the body was taken to Cataract cemetery, and here, on each succeeding anniversary the Conservatives of Kingston cover the grave with June roses.

There are men, says Ruskin, who, being dead, yet speak by majesty of memory and strength of example.

A. J. M. in Ottawa Citizen.

## Slender and Beautiful How Stout People Regain a Perfect Shape

When a person is too stout and contemplates a special treatment in order to regain slenderness and beauty of form, there is one vital recommendation to be borne in mind: do nothing that might possibly be detrimental to health and strength. That means, do not go in for fasting; avoid violent exercising; but take plenty of rest and enjoy rational meals.

With this exordium we will proceed to give the full recipe of the preparation, for reducing weight to normal and restoring slenderness and beauty, which is now in vogue everywhere: 1-2 oz. Marmola, 3-4 oz. Fluid Extract Cascara Aromatic and 4 3-4 oz. Peppermint Water.

Any druggist will make up this prescription or supply the ingredients to mix at home. Take one teaspoonful of this harmless mixture after each meal and at bedtime. This truly scientific remedy acts beneficially on the whole organism, restoring vigor, appetite, digestive power; renewing the blood and rebeautifying the complexion. The reduction leaves no wrinkles and there is a splendid redevelopment of muscular fibre.

## NOTICE

The SS. Natashquan, Captain Jos. Boucher, will sail from Quebec for Esquimaux Point and the North Shore ports of call to-day (Friday), 23rd June, at 7 p.m.

Freight received at Point-a-Carrey wharf Friday and Saturday.

For rates and other information apply to the National Navigation Co., Ltd., 116 Dalhousie street. Phone 399.

# HERE ARE FOUR PEOPLE WHO TESTIFY

## That GIN PILLS Positively Cure Rheumatism

Rheumatism is a dreadful disease. Only those, who have had it, can appreciate the agonizing pain—the excruciating torture—that racks the body when Rheumatism sets in. No wonder those, who have been cured of Rheumatism by GIN PILLS, are so grateful and so enthusiastic.

They gladly testify that GIN PILLS cured them and want all the world to try GIN PILLS.

HIS FATHER WAS TROUBLED

MANY KINDS OF MEDICINE

like a new woman. I want you to know how thankful I am for the relief they gave me and would advise all sufferers to take GIN PILLS."

In New Brunswick, GIN PILLS have cured hundreds of men and women of Rheumatism. Mr. Wilson of Hartfield, N.B., is one of many who owes his good health and strength to you, but to all sufferers from Back Ache and Rheumatism the great relief I have obtained from the use of GIN PILLS. I am sounding the praises of GIN PILLS to everyone suffering as I did." Robert M. Wilson.

COULD NOT WORK

Alex. Moore, Esq., is one of many hundreds who know that GIN PILLS will cure Rheumatism. He writes from Newburgh, Ont.

"My father had been troubled with Rheumatism for a number of years. He tried two doctors but got no relief, when my uncle insisted on him trying GIN PILLS. He purchased a box and after taking GIN PILLS for a week, found that they were giving him much relief. He then bought three more boxes, which were the means of curing him. He is now a strong man—in good health—and able to attend to his daily work—and all the credit is due to GIN PILLS."

They know about GIN PILLS down in Nova Scotia too. In fact, GIN PILLS are the old standby all over the Maritime Provinces because GIN PILLS really cure Rheumatism. An old gentleman in Yarmouth, N.S. says: "I have been bothered with Rheumatism for the past year and have taken a good many kinds of medicine, but found no relief. One day, a friend advised me to try GIN PILLS and after taking a few boxes, I felt how thankful I am for the relief they gave me and would advise all sufferers to take GIN PILLS."

These written words and signed statements from well-known people are the best possible guarantee of the value of GIN PILLS. They prove that GIN PILLS will give prompt relief—and will completely cure—every trace of Rheumatism, Sciatica, Lumbago, Pain In The Back, Kidney Trouble or any weakness of the kidneys or bladder. You may try GIN PILLS before you buy them. Write us for free sample box. If you can't get the regular boxes in your neighborhood, send to us enclosing the regular retail price of 50c. a box or 6 for \$2.50. National Drug and Chemical Co. of Canada, Limited, Dept. Q.C., Toronto.

## THE PASSING OF SIR JOHN MACDONALD

By One Who Was There—Scenes at Earncliffe Gates Twenty Years Ago When Old Prime Minister Passed Away.

It was just such a day in June as our gentle and gifted Ottawa poet, Archibald Lampman, loved to describe. Bathed in the sun of early summer, the air was soft and balmy, with a light breeze blowing from the river, on the bank of which, within the walls of Earncliffe, Sir John A. Macdonald lay dying.

Just Twenty Years Ago.

It was Saturday, the sixth of June, 1891, just 20 years ago. The aged Canadian statesman had been struck down about ten days before in his room in the House of Commons, the room now occupied by Hon. Geo. P. Graham, adjoining the library. He never recovered consciousness. He was taken to Earncliffe and Dr. Powell, his physician, hastily summoned. Upon his advice, Dr. Stewart, of Montreal, was telegraphed for, and subsequently Dr. Roddick, of the same city, and Dr. H. P. Wright, of Ottawa, were called in consultation. In vain! The great leader had been dealt a mortal blow. "That churl Death was to quench his indomitable spirit."

The Irony of Fate.

A blood vessel in the brain had been ruptured. What an irony of Fate to attack the brain that had plotted great things for his beloved country. On the very eve of the disaster he was planning for the future. So Mr. Joseph Pope, his private secretary informed the writer.

It was just after the strenuous general election of 1891, in which he had sounded the slogan: "A British subject I was born; a British subject I will die." Who the came back from the country victorious he said to Sir John Carling, then Minister of Agriculture: "Carling, all is well.

Conosternation Reigned.  
The House of Commons was sitting. The sudden illness of Sir John created consternation among his followers and great excitement throughout the country. All eyes were turned towards Earncliffe. The telegraph companies erected tents just outside the gates of the mansion and installed instruments. By relays operators were on duty day and night. The newspaper correspondents kept the public supplied with hourly bulletins, and every night drove down at intervals to learn the latest news. They were not allowed to enter grounds, but could read the latest bulletins posted on the gate, signed by the doctors. Their last visit was about sunrise, when the flame of the lamp in the telegraphers' tent took on a pale and sickly hue.

Vice Regal Concern.  
Lord Stanley was Governor General. He was, perhaps, the most anxious man in Canada. Government was at a standstill. Speculation was rife as to what would happen should the Premier die. It would be one of the rare occasions when the Governor General must act on his own judgment. Every night His Excellency walked the short distance from Rideau Hall to Earncliffe to enquire as to Sir John's condition. After that he used to pace up and down beneath the trees inside the grounds. He was alone and constantly smoked cigarettes, as, buried in thought, he paced to and fro.

BOYS' HIGH SCHOOL OF QUEBEC

Closing Exercises Yesterday were most Interesting—  
List of Prize-winners.

The closing exercises of the Boys' High School took place yesterday morning and were of a most interesting character. A large number of parents of the pupils and friends of the institution were present, at the proceedings, which were presided over by Mr. John T. Ross, who had seated with him on the platform Dr. T. Ainslie Young, the rector; Hon. R. Turner, Rev. Rural Dean King, Rev. I. M. Thompson, Rev. Canon Scott, Rev. Geo. H. Cobbleck, Rev. S. T. Martin and Rev. Dr. Patterson.

After the opening prayer, which was said by Rev. Mr. Thompson, the distribution of prizes was proceeded with. During the course of this function there were two intermissions, when a choir of boys of the school, under the direction of Mr. E. A. Bishop, sang the chorus "Let Us Gladly Sing," and the Coronation Song. On the conclusion of the prize giving interesting addresses were delivered by Hon. Mr. Turner and Rev. Messrs. King, Thompson and Cobbleck, each of whom expressed their gratification at the successful term just closed and congratulating the rector and his efficient staff of teachers upon the splendid results attained.

It is likely that an Old Boys' reunion to commemorate the twenty-fifth anniversary of the rectorship of Dr. Young will be held during the course of September, when it is probable that former pupils of the school will gather from different wards to do honor to the distinguished educationist.

The prize list is as follows:  
Dux of school, Edwin Minter Crawford.

**Fifth Form.**  
Governor-General's Medal (Latin and German)  
Not awarded.

Lieutenant Governor's Medal (French).

Charles Willis Craig.  
First Form.

1st Prize, General Proficiency,  
Charles Fred'k E. Fluhmann.

2d Prize, General Proficiency,  
Charles Harold McCord.

3d Prize, General Proficiency,  
Francis Reginald Scott.

4th Prize, General Proficiency,  
Wilson James Muir.

5th Prize, General Proficiency,  
Samuel Lerner.

1st Prize (French),  
Pierre Landrieu.  
Punctuality Prize,  
Henry Hellier Gibaut.

**Preparatory Class.**  
1st Prize, General Proficiency,  
George Coulson Laurie.

2d Prize, General Proficiency,  
Joseph Parkin O'Donnell.

3d Prize, General Proficiency,  
Maynard Patrick Hare.

4th Prize, General Proficiency,  
Wilfred Robb Stevenson.

5th Prize, General Proficiency,  
Donald Fleetwood Benson.

6th Prize, General Proficiency,  
Gordon James Treggett.

Essay Prizes Given by Mr. John T. Ross—First, Alfred St. George Jacques; second, John Gordon Carl Fraser; third, Edwin Minter Crawford.

**CANADIAN LOCOMOTIVE CO.**  
TO ENLARGE PLANT.

Company Will Issue Million and a Half Bonds and Three Millions and a Half Stock.

The remarkable railway development of Canadian railways has enormously increased the demand for locomotives of ever-increasing size, power and cost. The demand is one of the most certain in any line of manufacture.

There is a big field for a larger and up-to-date locomotive building plant in Canada—the present plant of the Canadian Locomotive Company of Kingston is entirely inadequate to handle its orders and just now there are contracts in sight which would keep an augmented plant busy until the end of 1913. The owners of the plant—a powerful syndicate of English and Canadian capitalists—intend to enlarge the works so as to cope with the increasing demands for locomotives in Canada. The present output is not much over 75 engines a year—depending on the type required—and many valuable contracts have to be declined owing to the company's inability to deliver. It is now intended to double the capacity of plant, and perhaps treble it.

To enable them to make this expansion the company is issuing \$3,500,000 of common and preferred stock, and \$2,000,000 of first mortgage 6 per cent gold bonds. The preferred stock, of which there will be \$1,500,000, will be 7 per cent cumulative. The \$2,000,000 common of par value will all be issued and fully paid up. Of the bond floatation \$500,000 will remain in the treasury for future extensions.

Being exempt from taxation and with little danger from labor troubles, as explained in President Harty's letter, it is in an exceptionally favorable position to manufacture most profitably. The company's premises occupy three blocks in the City of Kingston, having a street frontage of about 865 feet by a depth of about 555 feet—a frontage on Lake Ontario of about 1,175 feet—the area enclosed being 333,000 square feet. There are about a dozen buildings, including one of the finest power plants in the country, a magnificent erecting shop with huge travelling cranes, boiler shops, riveting shops, machine shops, tank shops, tender shops, blacksmith shops, foundry and pattern rooms, paint shops and carpenter shop. In all, the works occupy 7 acres. The company has its own branch railway line in Kingston and its own wharves and docking facilities on Lake Ontario.

The engines it turns out are most up-to-date possible, and that they are satisfactory in service is proved by repeat orders from all previous buyers. The C. P. R., the G. T. R., the I. C. R., the National Transcontinental, the Canadian Northern and the government-owned Temiskaming & Northern Ontario Railroad, are all patrons of the Canadian Locomotive Company of Kingston. Six engines

EVERY GENERAL STORE-KEEPER NEEDS "FRUIT-A-TIVES"

Inkerman, Ont. Sept. 23rd, 1910. "I am in the General Store business and have been a resident of Inkerman for thirty-seven years. Since I started this store four years ago, I have found your remedy "Fruit-a-tives" the most satisfactory one I have sold. Many of my customers have used "Fruit-a-tives" with the most beneficial results and I know of two cases that have been completely cured of Dyspepsia. I recommend "Fruit-a-tives" on every possible occasion and would say that if every general store keeper who stocks medicine, would keep "Fruit-a-tives" prominently displayed he would increase his business many fold."

"Fruit-a-tives" is the only remedy in the world made of fruit and the only remedy that will positively cure Constipation, Indigestion, Pain in the Back, Headaches, Rheumatism and all Kidney and Bladder Troubles. 50c a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

recently turned out for the T. & N. O. are said to be the largest ever built in Canada. Chairman Englehart, of the T. & N. O., speaking of these engines declared them to be the finest he had ever seen, and were giving the greatest satisfaction. At present the company has contracts for some 50 engines with the C. P. R., the C. N. R., the I. C. R. and the Algoma Central, and it is becoming increasingly difficult to keep up with the orders.

The working staff is about 800 strong and a big proportion of the employes have grown up with the works and own their own homes in the neighborhood. This fact is a pretty strong safeguard against labor troubles common in other centres. The men who are to control the new company are recognized powers in the financial world. The banking firm in charge of the company is Emilius Jarvis & Co., of Toronto, and associated with them are the well-known firm of Brown, Shipley & Co., bankers, of London, Eng.; Mr. Pryor, president of the Sun Life Assurance Co., of London; Lord Glenconner, better known as Sir Edward Tennant, a brother-in-law of Premier Asquith, and Mr. E. Balfour, first cousin of ex-Premier A. J. Balfour. Of the large amount for which firm subscriptions have been received, and which will be allotted in full, it is worthy of note that Paris (France) and London (England) have taken a substantial sum.

CORONATION SERVICE IN (CHALMERS).

The following is the order of the "Coronation" Service in Chalmers' Church, Sunday morning:—The arrangement of "God Save the King" for the Coronation by Dr. Elgar will be given in the form of an anthem by the choir of the Church. This magnificent setting has been given only twice previously in Canada, notably by the Sheffield Choir in Toronto, on their last tour.

Special Pilgrimage Tickets for Ste. Anne de Beaupre.

Commencing Sunday, June 4th, and all other Sundays during the summer, pilgrimage tickets at 60c return will be issued, good going on all trains Sunday morning up to 8 a.m., and returning on all trains the same day. June 2to30xfri&sat
