BELGIAN MINERS ARE TERRORISING WHOLE DISTRICTS

Coal Strike Affects Whole Country—More Troops Ordered Out.

Special to The Montreal Star.

Brussels, February 13.—A reign of terror existed to-day in the Borinage district, where the striking coal-miners continue their looting and rioting in defiance of the troops sent to quell disorders.

Large quantities of stores were seized by the miners at Mons, and the situation there was regarded desperate. More troops were ordered to the affected regions to-day.

The kingdom is threatened with an alarming coal famine, as practically every mine is tied up and importers from Germany and France are charging prohibitive prices for fuel.

Toronto Takes Cook Seriously

Special to The Montreal Star.

Toronto, February 13.—About a thousand persons gathered in Massey Hall last night to hear Dr. Frederick A. Cook tell the story of his "dash for the pole," and either all were friends of the explorer or were convinced by his earnestness that his cause was just, for not a word of dissent or an unfavored incident throughout the evening betokened any hostility.

Dr. Cook devoted some time to the Peary controversy. He did not attempt to discredit Peary's claim to have reached the pole, but vigorously defended his own. He praised the work of Captain Bernier, the Canadian explorer, and said he would like to see Canada's sovereignty extended to the pole, speaking in this connection of an Empire beyond the continent.

ENGLISH WOMEN AMONG SPANISH FLOOD SUFFERERS

Cabinet Council at Madrid Devoting All Its Time to Relief Measures.

Madrid, February 13.—The Cabinet Council is now engaged exclusively with measures for the relief of the flood victims. One million pesetas already voted is not adequate to meet the situation.

At Seville the distress continues to be acute, and English women in the vicinity have formed themselves into a relief committee and are feeding 200 homeless people.

MUNICIPALIZATION OF LIQUOR TRADE NOT ALLOWED

Amendment to Three Rivers Charter Seeking This Power is Struck Out.

From a Special Staff Correspondent.

Quebec, February 13.—The bill to amend the charter of the town of Three Rivers passed the Private Bills Committee this morning, several important clauses being struck. These included those which asked for permission to borrow on promissory notes and to municipalize the liquor trade.

The bill to amend the charter of the town of Montreal West, and to confirm an agreement between the town and the Montreal Park and Island Railway Company and the Montreal Tramways Company, passed the Railway Committee without amendment this morning. The last-named company answers all the obligations of the former, under a lease renewable every five years for a period of fifty years.

BRITISH HOUSE OF COMMONS WILL OPEN TO-MORROW

Momentous Session Anticipated —King George Holds Council Meeting.

LONG CONFERENCE WITH MR. CHURCHILL

Viscount Haldane's Visit and the Probable Outcome—A Hopeful Opinion.

London, February 13.—King George presided this morning at a meeting of the Privy Council, the first which has occurred since his return from India. The meeting was held at Buckingham Palace and the King approved of the Speech from the Throne, which is to be read at the opening of Parliament to-morrow.

Prior to the assembling of the Council, the King had an unusually long audience, which lasted an hour and a half, with Winston Spencer Churchill, the First Lord of the Admiralty. It is understood that Mr. Churchill gave explanations to His Majesty of the notable changes which the Admiralty has effected during the absence of the King from England and of which His Majesty is reported not to have altogether approved.

After the Council, King George received Viscount Haldane, Secretary of State for War, in order to hear his personal report of his visit to Berlin.

The report is revived to-day that Viscount Haldane will shortly vacate the War Office, and be succeeded by Colonel John Edward Bernard Seely, member of Parliament for the Ilkeston division of Derbyshire, and Under-Secretary of State for War.

The changes made at the Admiralty under the administration of Winston Spencer Churchill will at an early date be the subject of questions in the House of Commons.

MOMENTOUS SESSION OPENS TO-MORROW.

The session which opens to-morrow promises to be a momentous one on account of the 2 three important measures — Home Rule, the Disestablishment of the Welsh Church, and Manhood Suffrage—all of which the Government is pledged to the hilt to carry through. Any one of these measures would a few years ago have been considered ample work for the whole session.

An autumn session is assured, and many sleepless all-night sittings will be necessary in order to complete the legislative task before December, unless something occurs in the meantime to bring about a general election which the Unionists are already forecasting.

OPTIMISTIC RE THE HALDANE VISIT.

Special to The Montreal Star.

New York, February 13.—A special cable to the "Journal of Commerce" from London says:

Viscount Haldane, Secretary of State for War, returned from Berlin early yesterday morning and had conversations during the day with all the leading Cabinet Ministers. It may be definitely stated that Lord Haldane's mission was informal. It was for that reason none the less important as to its real object, which was to secure first-hand information of the sentiment of the German authorities on a subject that England and Germany may come together on.

There can be no doubt that the Anglo-German rupture of last year, in the light of the bad faith of the late French Premier, has opened Britain's eyes to the value of German friendship.

The best of reasons exists for believing that highly satisfactory results will ultimately follow Lord Haldane's visit, but there is slight likelihood of any immediate announcement. The Cabinet is now considering the War Secretary's informal report, which gives the result of his conversations with the Kaiser and other high German officials.

The Cabinet is beginning to recognize that Germany must have new territory, and an important Anglo-German Portuguese colonial deal is undoubtedly being negotiated that will permit of German expansion in Africa.

If these negotiations are successful, it will necessarily take time to evolve a plan, and no announcement in the meantime need be expected.

Grand Trunk in Providence.

Grand Trunk officials state to-day that they expect to have trains running into Providence, R.I., by the end of the present year. Tenders have been invited for the construction of the extension from Palmer, Mass., to Providence, and the contracts call for the completion on or before December 12, 1912.

SIR EDWARD GREY MADE KNIGHT OF GARTER BY KING

Unique Honor Considered Mark of His Majesty's Confidence in Foreign Secretary.

POLITICAL WORLD IS BUSY WITH RUMORS

Daily Graphic Suggests That Foreign Secretary May Succeed Premier Asquith.

London, February 13.—The Foreign Secretary, Sir Edward Grey, who was made a Knight of the Garter yesterday, is the only Commoner to receive such an honor since Horace Walpole. The Order, excluding foreign Sovereigns and Princes of the Blood Royal, consists of the Sovereign and twenty-five Knights.

Sir Edward takes the place left vacant in the Order through the untimely death of the Duke of Fife. The only two other precedents of a Commoner receiving the Order are the cases of Edward Montague, who was made a Knight of the Garter before he was created Earl of Sandwich in 1660, and of Sir George Villiers, afterward Duke of Buckingham, who was created a Knight of the Garter in 1666.

WILL HE BE NEXT PREMIER? POLITICIANS ASK

Politicians of all shades of opinion are asking to-day what significance the King's act possesses from the standpoint of the future. The retirement of Herbert H. Asquith from the Premiership to the House of Lords has been rumored for some time. David Lloyd George, the Chancellor of the Exchequer, and Sir Edward Grey are supposed to be rivals for the possession of the Prime Minister's mantle. Mr. Lloyd George has figured conspicuously before the public as the author of a comprehensive programme of social reforms that he has been considered as the most promising candidate for the position.

Sir Edward Grey represents the Conservative wing of the Liberal party, while Mr. Lloyd George is the spokesman of the opposite extreme. The recent outburst of opposition to Sir Edward Grey's management of foreign affairs, which has been most marked in the Radical papers, has been attributed partly to the desire of Mr. Lloyd George's followers to promote the Welsh leader's interests.

PERSONAL AS WELL AS DIPLOMATIC TRIBUTE.

One question which awaits an answer is whether the conferment of the Garter on Sir Edward Grey has any relation to Viscount Haldane's recent mission to Berlin.

Everyone agrees that it is a tribute to Sir Edward Grey's rare personal character as much as to his diplomatic ability, and that he is fully worthy of the historic distinction, which implies that the King and his colleagues in the Cabinet rank him as one of the foremost Foreign Ministers in British history.

ENGLISH SOLUTION OF DIFFICULTY REJECTED.

Special to The Montreal Star.

Madrid, February 13. — The Government has rejected the proposal of the British Ambassador that the Customs taxes in the Spanish zone in Morocco be referred to a Joint Commission.

The proposal was made with the object of smoothing out the Franco-Spanish negotiations. To-day it was announced that Senor Prieto, the Foreign Minister, is again negotiating with Paris through the French Ambassador, M. Geoffroy.

More High Court Judges In Ontario

Two Appointments Expected Shortly —Position Created Several Years Ago.

Special to The Montreal Star.

Ottawa, February 13.—The appointment of two extra judges of the High Court of Ontario may be expected in the next few months. A year or so ago the Legislature created the Judgeships, but so far there has been some division of opinion among the Bar as to the desirability of filling them.

Sir William Meredith's acceptance of the position of investigator in the case of the Farmers' Bank is now cited as a reason for believing that the appointments will not long be delayed. Before any can be made, however, Parliament must vote the salaries, and provision for them will have to be made in a Supplemntary Estimate.

BAD FIRE AT EAU CLAIRE.

Pennsylvania Town Threatened With Destruction.

Butler, Pa., February 13.—The business section of Eau Claire, a village not far from here, was almost wiped out by fire early to-day. Almost every man, woman and child was called on for service in the bucket brigade. The loss is $25,000. Practically the entire town is suffering from exposure, due to below zero temperature, in which the people fought the flames.

GOVERNOR FOSS SAYS RICHESON WILL BE EXECUTED

Declines to Submit Any Petition for Commutation to Executive Council.

Special to The Montreal Star.

Boston, February 13.—Governor Foss will make no effort to commute the death sentence of Clarence V. T. Richeson, murderer of Avis Linnell, who has been sentenced to die in the electric chair in the week of May 19.

The Governor, in conversation with William A. Morse, junior counsel for the condemned man, said there was not the slightest chance to save the life of Richeson. He will not submit to the Executive Council any petition favoring a commutation of the death sentence. He is satisfied from the hundreds of letters he has received that the sentiment of the State is for the death of Richeson.

It is strongly intimated that the petition to be brought for the commutation of the death sentence will contend that Richeson is insane. With this in view the Governor has had several conferences with Sheriff Quinn to learn the real condition of the condemned man. Dudley M. Holman, private secretary to the Governor, has also been to the prison to see Richeson.

The information conveyed to the Governor is to the effect that Richeson is not at present insane, but that he is verging on a nervous breakdown.

There is reason to believe that he is likely at any time to suffer pressure. Richeson has promised Sheriff Quinn that he will not attempt to kill himself or commit any other act of violence while in the Charles Street jail.

Does Not Speak To Brother John

Cleveland, Ohio, February 13—"How much does your brother, John D., pay his chauffeurs?" an attorney asked Frank Rockefeller, in Municipal Court yesterday.

"I don't know," answered Mr. Rockefeller. "He and I have not spoken to each other for twelve years."

Mr. Rockefeller had appeared in Court to fight a suit for $63, brought by his chauffeur. The defendant was testifying that twenty automobile owners in his family paid their chauffeurs only $60 a month when the attorney interrupted with his question about John D. Rockefeller.

A judgment for $44.29 was given the chauffeur. Mr. Rockefeller announced that he would appeal.

THE CARELESS GROCER.
Blundered, and Great Good Came of It.

A careless grocer left the wrong package at a Michigan home one day and thereby brought a great blessing to the household.

"Two years ago I was a sufferer from stomach trouble, so acute that the effort to digest ordinary food gave me great pain, and brought on a condition of such extreme nervousness that I could not be left alone. I thought I should certainly become insane. I was so reduced in flesh that I was little better than a living skeleton. The doctors failed to give me relief and I despaired of recovery.

"One day our groceryman left a package of Grape-Nuts food by mistake, so I tried some for dinner. I was surprised to find that it satisfied my appetite and gave me no distress whatever. The next meal I ate of it again, and to be brief, I have lived for the past year almost exclusively on Grape-Nuts. It has proved to be a most healthful and appetizing food, perfectly adapted to the requirements of my system.

"Grape-Nuts is not only easily digested and assimilated, but I find that since I have been using it I am able to eat anything else my appetite fancies, without trouble from indigestion. The stomach trouble and nervousness have left me, I have regained my plumpness and my views of life are no longer despondent and gloomy.

"Other members of my family, especially my husband, (whose old enemy, the 'heart-burn,' has been vanquished), have also derived great benefit from the use of Grape-Nuts food and we think no morning meal complete without it." Name given by Canadian Postum Co., Windsor, Ont.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

THE MANCHESTER PLAYERS PROVED THEIR REPUTATION

Excellent Work on Opening Night Gives Anticipation of Many Good Things.

Miss Horniman's Company from the Gaiety Theatre, Manchester, more familiarly known as the Manchester players, last night opened a season of six weeks at his Majesty's Theatre. Having sailed through a period of expectation there is now a season of realization for those of the community who are lovers of the drama, and for those people who desire their literature visualized. At once it can be said quite truely that the brief period of realization offered by last night's performance completely reached to that standard which had been established in advance by expectation. The Manchester players as an organization are worthy of all the warm praise that has been lavished on their efforts, the individual members are each excellent, and the combination is admirable.

That the company made a favorable impression by the initial performances was quite evident, the fact that the audience remained to demand people at the close of the "Candida" being sufficient indication.

To exhibit the ability of the players a Shaw comedy, "Candida," and a new one act play, "Mary's Wedding," were given. The latter is by Gilbert Cannon, and opened the programme.

A Play of Temperance.

The introductory speeches of the play were quite lost. Spoken in the unfamiliar Westmorland — kin to Yorkshire and Lancashire — dialect to which unattuned ears were hard strained, there was an added handicap for those who wished to listen due to the mild confusion and muffled noises of the latecomers. However, an attentive listener was able to grasp the fact that somebody was about to be married to one "Bill," who appeared to have established a record for himself by liberal addiction to the wares dispensed in the local public houses. Having promised that if the man refrained from the Kentish vintage for six months she would marry him, the play begins on the day set for the marriage of Mary and "Bill."

The old mother arrives on the scene and being left with the bride-to-be there follows a remarkable dramatic situation. The mother warns the girl that her son is a drunkard, that he is "rotten" with the taint, a curse, descended from his father. The mother says that she knew but a day and a half of happiness and contentment, and that the rest of her life held willbitter pain. The girl declares that she will gallingly risk the rest for the one day and a half. So the mother pleads and the girl battles against her. The wedding party enters, the cottage becomes bright with laughter and life, and there only lacks the bridegroom. At last he comes to show himself. The teint was too strong. The curtain falls on this wreck of hopes.

It is a tragic story told in a very convincing way. It is particularly striking in the scene between the two women, wonderfully well given by Miss Muriel Pratt, the mother, and Miss Irene Rooke, Mary.

The performance of "Candida" that followed Mr. Cannan's play, proved a delightful one. The Shaw comedy was given an absolutely adequate presentation, each character being done with full value and mingling with a full sense of proportion.

Mr. Shaw is pleased to term his comedy a mystery, and without quarrelling over terms it is agreed that it is excellent entertainment. As presented by the Manchester players it puts one on good ground with George Bernard.

Mr. Lewis Casson proved to be a rare figure of "Parson James," living quite up to the standard set by the author: ". . . . A vigorous, genial, popular man of forty, robust and good-looking, full of energy, with pleasant, hearty, considerate manners, and a sound, unaffected voice, which he uses with the clean athletic articulation of the practised orator. . . ."

Having filled these requirements, Mr. Casson at once demonstrates his right to be included in the company of these rising players and gives promise of other good things to come.

What has been said of Mr. Casson can be said of all the other members who appeared last night in "Candida," each filled his, or her, role thoroughly.

Miss Edyth Goodall proved to be a most charming "Candida" in manner and voice. One pleads that for the benefit of those who sit far from the stage that more forceful tones would reach the rear seats.

Mr. Milton Rosmer was quite beyond criticism as Eugene. Mr Edward Lanoor was most thoroughly amusing in the role of "Mr Burgess."

Altogether the performance was worthy and particularly in view of the fact that the company reached Halifax only late Saturday and were subjected to many delays and diversions on the journey to Montreal which ended only at seven o'clock yesterday morning.

The performances of this week are being given in aid of the funds of the Western Hospital.

DOCTOR DIES A PAUPER.

After Giving Her Life to New York's Poor.

New York, February 13.—A life devoted to charity has ended with the death as a pauper in the city hospital on Blackwell's Island of Dr. Mary Baldwin. She was 78 years old and as a physician for years she devoted all her practice to the poorest of the poor without charge.

In later years she became of the class she had long aided and broken with age, and starving, she was found in a miserable little room in a Bowery lodging house a few weeks ago by a deaconess whom she once aided.

BELGIAN QUEEN IS SERIOUSLY ILL NOW.

Special to The Montreal Star.

Brussels, February 13.—Queen Elizabeth, who has been suffering for several days from influenza, was worse to-day, and grave anxiety is expressed by the Court physicians. It was feared pneumonia might develop.

REV. G. I. CAMPBELL GOES TO KINGSTON CHURCH.

Pastor of Fairmount Ave. Methodist Church Succeeded by Rev. G. W. McCall.

Rev. G. I. Campbell, B.D., pastor of Fairmount Avenue Methodist Church, has received a unanimous call from the congregation of Queen Street Methodist Church, Kingston, and has given his acceptance, subject to the action of the Stationary Committee. Rev. Mr. Campbell has served two terms as pastor of Fairmount Avenue Church, and the termination of the prescribed period of pastorate will be regretted by the large congregation. As a church organizer, Mr. Campbell has few superiors and his efforts in building up the congregation have met with a large measure of success. The membership has been doubled under his ministration and the Sunday School has developed into one of the largest in the province. He will be succeeded by Rev. George W. McCall, of

Funeral of Mr. R. Baronow.

The funeral of the late Richard Baronow will take place to-morrow at 1.15 on the arrival of the D. and H. New York train at the Bonaventure Station.

Mr. Baronow was part proprietor of the Engineering Equipment and Supply Co., which is in no way affected by his death. The business for some time has been under the active management of S. W. Smith, the other partner in the business, while Mr. Baronow was away for his health.

The Canadian Railway Club.

The monthly meeting of the Canadian Railway Club will be held in the Ladies' Ordinary of the Windsor Hotel to-night at 8.30 sharp, when a paper will be read by Mr. J. W. Harkom, Consulting Engineer, Melbourne, Que., entitled "Locomotive Boilers. Their Development and Troubles. Some Reflection and Suggestions."

MME. NORDICA IS REPORTED BETTER.

Special to The Montreal Star.

Boston, February 13.—Mme. Lillian Nordica was better to-day, but she may not be able to sing for a fortnight. This announcement was made to-day by her secretary at the Hotel Lenox, where she is ill with neuritis.

WESTMOUNT WOULD HAVE REDUCED LIGHT BILLS.

Five Year Contract Rate Cut One-half Cent Per Kilowatt Hour.

At last night's meeting of the Westmount City Council a reduction in the price of light was decided upon. The Lighting Committee recommended a cut in the rate on the five year contracts, incandescent lighting to be at the rate of seven cents per kilowatt hour, the reduction to go into effect forthwith. The present rate is seven and a half cents.

In regard to the sale of liquor in the Victoria Rifles Armory, on the recommendation of the Finance Committee, it was decided to stand by a former resolution of Council not to allow liquor to be sold in the Armory.

BLAZE AT SHERBROOKE.

Special to The Montreal Star.

Sherbrooke, Que., February 13.—Fire broke out about 7 o'clock this morning in the McManamy block on Wellington street, and owing to its having gained great headway did much damage before being got under control.

The lower part of the building was occupied by W. H. Griffith, druggist; L. A. Chamberlain, boot and shoes, and F. D. Authier, stationery and novelties. All of these stocks were badly damaged by fire and water.

The loss on property and stocks will exceed $30,000, partly covered by insurance.

New Bridge Across Canal.

Men were at work this morning beginning the re-construction of the Grand Trunk Railway Bridge over the Lachine Canal near the Wellington street bridge. The new bridge will cost $250,000 and will be completed by May 1. The present swing bridge is operated by hand but the new structure will be operated by electricity.

MUCH MERRIMENT IN "EXCUSE ME" AT THE PRINCESS

Rupert Hughes' Farce Strikes Limit in Causing Outburst of Hilarity.

To designate "Excuse Me" a farce is to strain the meaning of that word to almost the breaking point, for the piece, as presented at the Princess Theatre last evening, is rather a sustained outburst of hilarity that is difficult to categorize within the limited vocabulary of playdom.

However this may be, "Excuse Me" is exceuciatingly funny; from the very outset a terrific and side-splitting pace of merriment is set up and maintained throughout three entire acts and until the final gurgle of laughter comes from an audience sore with extraordinary exactions from their risibilities. The lachrymal wells of nearly everyone, who possessed any, were pretty well dried up after the final curtain was rung down and it was a relief to be able to resume dignity and sobriety of countenance once more.

That the possibilities were limited is just as well, for had there been anything more to laugh at last evening, there might have been fatal results.

Merriment Un-confined.

There is merriment, wild and unconfined, from the time the train—one of the Pullmans of which forms two of the three acts and the combination car the third—pulls out of the Chicago station until it reaches the end of its long four day trip across the continent. One by one,—seeing that Reno, Nevada, is on the line of railway and in Reno is situated the busiest divorce factory in the United States—the characters file into the range of view, each one with a different reason to compel laughter, until the car is filled with as varied an assortment of peculiar personalities as is possible to imagine. "Lilie" Jimmie Wellington, whose avoirdupois and chronic jag threaten the entire car, is the chief fun-maker. Unknown to his wife and scarcely realized by himself, he is going to Reno for a divorce from his wife, who also is aboard the car on the same mission. The subsequent embarrassment is funny in the extreme, as is also the predicament of Lieutenant Mallory and his eloping fiancee. The pair spend most of their time aboard the strained band between them and are unaware that at their very side throughout the long journey is the train looking for a clergyman to tie Rev. Witer Temple, effectively disguised as a doctor of medicine and enjoying a fling after ministerial work in Ypsilanti, Michigan.

As the bibulous "Lilie Jimmie," Mr. James Lackaye did an excellent piece of comedy work, while Mr. George W. Day as the porter was splendid in his characterization of the much-abused colored man. Mr. Harrison Ford and Miss Geraldine O'Brien, as the parson hunting lovers were also good.

"Excuse Me" should be seen by anyone in search of the bright things of life; those looking for the darker side had better stay away.

SMART PROGRAMME AT THE ORPHEUM

Frosini, Stuart Barnes and William Rock Furnish the Week's Features.

The accordeon playing of Frosini is an outstanding feature of a really good programme at the Orpheum theatre this week. It is really marvellous the manner in which Frosini manipulates his instrument and the really good music he gets out of it. His renderings last night left nothing to be desired and he was deservedly recalled three times.

Kit Carson, "The Scout on the Wire" performed some clever stunts. Russell and Church are two very entertaining young ladies, who indulge in singing, patter and dancing.

Mlle. Lorette, assisted by her highly trained dog, gives excellent hunting scenes in her "Old Gold Statues' number.

"Mrs. Murphy's second husband," as portrayed by Gracie Emmett and Company, is very funny.

The Protean singing and dancing offering of William Rock and Maude Fulton, assisted by a company of ten, furnishes fun of a varied nature.

They are assisted also by their own Hungarian orchestra.

Stuart Barnes creates much merriment with his songs. Dare Brothers give a very clever athletic exposition.

GAMBLER AT ROYAL.

But He is Reformed One and Tells Tricks of Trade.

There is little that is new or interesting in the performance given at the Theatre Royal this week by the Queens of the Folies Bergere. While the entire company works hard the vehicle provided is poor. In the olio Lilian Smalley sings several songs in a pleasant manner and Wood and Meadows do a good dancing turn. "Kid" Canfield, styled as the reformed gambler of the west, explains how he used to cheat the tender foot and incidentally shows what he says is the system by which all gamblers cheat. He sells a book so that others may learn how to cheat. The Melrose Comedy four received several encores. Caillenthe has a Spanish Whirlwind dance that is popular.

AT THE LYRIC HALL.

One of the best performances of the season is to be seen at the Lyric this week, and heading the novelties are the two Schrifters, who present a most artistic act. The youngest of the two is a very fine violinist and they play on a number of other instruments as well as comedy singing and dancing. Marie Hanely present a singing act. The picture programme is long and varied and includes an excellent scenic subject, a series of views in and around Niagara Falls.

CHANGING ITS TIME AGAIN.

United States Now Disclaims Any Thought of Mexican Intervention.

Washington, February 13.—Realizing the danger to Americans resident in Mexico, from the circulation of erroneous press dispatches telling of proposed intervention on the part of the United States, the State Department to-day issued another circular to its diplomatic and consular representatives in Mexico, denying "all foolish stories" about American intervention, and expressing the good-will and sincerest friendship of the United States Government for Mexico.

COST OF LIVING INQUIRY.

New York State Commission Gathers for Hearing To-day.

New York, February 13.—To determine the high cost of food products, members of the State Commission appointed by Governor Dix gathered here for a hearing to-day, to make a systematic and complete investigation of existing food problems.

The Commission has been given a wide scope and the investigation, which proposes to start at the farm and trace food products through the various channels until they reach the consumer, will probably take some time.

New York, February 13.—Colonel Roosevelt has received a letter sent him from Chicago by eight governors, asking him if he would accept the presidential nomination. This statement was made to-day by his secretary.

TREASURES OF "ART" IN CORRIDORS

Majority of Portraits Well Meant, But Not Historically Accurate.

SENATE'S GALLERY OF HORRORS HALF-LIGHTED

Few Good Paintings Hung Where Nobody Can See Them Properly.

(Special Staff Correspondence.)

Ottawa, February 13.—There are some art treasures in the corridors of the Parliament Buildings. There are also a number of things which pass for art treasures. The latter greatly outnumber the former.

There is a long-standing custom that every Speaker of the House and of the Senate shall be embalmed in oil for the benefit of posterity. This is only just. Any man who can preside over the debates of the House of Commons and not yield to the temptation to tell some of the debaters what he thinks of them offers an example of self-restraint which the youth of Canada would do well to follow. Similarly, any elderly gentleman of sedentary habits who is able to sit through the sessions of the Senate and not fall asleep deserves to rank with those who have deserved well of their country. It probably would not make much difference if he did doze occasionally, provided he dozed quietly and without the gurglings and gaspings which the rank and file of the Senate are at liberty to indulge in, but there is a tradition that he ought not to do so.

In any case, a grateful country has lined the walls of its Capitol with rows of what are commonly referred to as portraits of these worthy and self-sacrificing servants. To call them portraits is, for the most part, a kindly euphemism and to refer to them as works of art is a bit of hyperbole which can only be justified by a familiarity with the prevailing Ottawa custom of looking on the bright side of things. For the sake of the well-earned reputations for probity and intelligence which many of the originals still bear, there ought to be a notice posted conspicuously on the entrance corridor to the effect that the majority of the paintings were well-meant, but must not be accepted as historical documents.

* * *

In this matter, the Senate has rather the better of the Commons. Its gallery of horrors is shadowy and only half-lighted. The flat, expressionless faces look down at you from a dim obscurity which robs them of much of their terror, and the visitor who wants to see for himself how bad they really are has to put himself to considerable pains to do so.

The corridors of the Commons are barer and better lighted; consequently they lack the adventitious aid to charitable judgment, and it is more difficult to condone the exhibition of what parliamentary ideas of Art can make out of the lineaments of distinguished Canadians.

There are so many bad portraits in the House that it is difficult, if not impossible, to decide positively which is the worst. Sir Allan Macnab is represented three times and no one of the paintings bears even a family resemblance to either of the other two. There is one in the restaurant which is conspicuous for the vagueness of Sir Allan's features and the exceeding brilliancy of his plaid waistcoat. Another is an impressionistic kind of a thing which suggests an amateur detective disguised with palpably false side-whiskers. The third looks like an immaculate butler. From all that history has to tell us about the doughty and choleric knight, he could not have looked in the least like any of them. And his portraits are only conspicuously bad because there are so many of them. You cannot caricature a distinguished man in oils three times in one building without having people notice it.

* * *

It is an extraordinary thing the way in which the few good portraits have been hung where they cannot be seen and the particularly bad ones where the casual visitor has no option but to be stared, but of countenance by them. There is one elevator on the House side which is patronized by nine out of ten visitors. It leads to the select and secluded apartments on the third floor, where the weary seek refreshment and the discouraged imbibe new zeal for the difficult task of getting profitable employment from a Government which is trying to live up to its principles of Civil Service reform. Just at the top landing there is a painting labelled "Hon. J. A. Ouimet" which, in its way, is a gem. After careful inspection one arrives at the conclusion that the architectural study in dead black and sickly grey was intended to be a portrait of the excellent Judge who at one time presided over the debates of the Commons. There are unquestionable evidences of this but they have to be searched out and, in any case, the label of the portrait says so in large, legible letters.

But it is not Judge Ouimet's face which holds attention, although it is as flat as a Mercator's projection; nor yet his hands, which are fearfully and wonderfully like some of the things De Quincy used to dream about and Dore sometimes sketched. It is the background which is the feature of the painting. Few artists have ever accomplished the like. It rushes out of the picture to meet the inquiring gaze with a rare vehemence. It engages and baffles the attempt to find out what the artist thought Judge Ouimet looked like. It crowds you into a corner and holds you there with gothic and uncompromising firmness.

As far as it can be described, there is a grofned arch or buttress in the left hand corner, on the side farthest from the refreshment room which is the symbol of rough rude primal force, hesitatingly affronting the Monarchial Speaker into obscurity. If it is supposed to represent the House of Commons, it is not without merit, although something of an unfair exaggeration. The House never treated any of its Speakers that way, and especially Judge Ouimet. It is a sort of purple arch with green trimmings and its color scheme reminds one of some of Mr. Maurice Cullen's snow scenes. It is, moreover, picked out in regimentals of gold which go to emphasize its militant qualities. It is, in fact, a regular hero of an arch. Judge Ouimet seems to be more or less of an afterthought.

There can be no legitimate objection to paintings of arches as the basis of complaint is the attempt to pass a painting of an arch as something worthy of place in the portrait gallery of the Speakers of the House of Commons by sketching in the face and figure of a distinguished member of that body.

"THE FORUM" LIBEL SUIT

Evidence for the Defence is Begun — Editor of the Star on the Witness Stand—Residents of Neighborhood of the Forum Testify to its Being a Menace to Peace and Safety — Chief Tremblay Tells of the Attitude of the Fire Department.

Evidence was given for the defence to-day in the action being heard before Mr. Justice Demers and a jury at the instance of the Stadium Amusement Company, against the Montreal Star for $50,000 damages alleged to have been suffered by plaintiffs through a series of articles published about the Forum building on St. Catherine street west.

Mr. B. A. Macnab, editor of the Star, gave evidence that the advertising and editorial departments of The Star were separately controlled, that the articles complained of were written in the interests of public safety, and from the point of view of public interest alone.

At the outset Mr. Elliott, on behalf of the plaintiff, objected to the acceptance of evidence of the separation of control of the editorial department of The Star from the advertisement department. The plaintiffs having sued The Star as a joint stock company, Mr. Elliott said The Star must stand as a whole unit before that court.

The Judge, in ruling, to admit the evidence, said that the separation of the control of the editorial department from the advertisement side of the newspaper would be material to the question of malice or good faith in the question alleged.

Defence Opens Its Case.

The evidence of plaintiff having concluded yesterday afternoon the defendants' counsel to-day called Francois Xavier Langelier, advertising agent, who said that from time to time he placed advertising for the Forum Skating Rink. He said several of the articles which were quoted in evidence yesterday as having been inserted in The Star as to the merits of the skating rink at the Forum were prepared by himself and submitted to The Star. Others were written by Mr. Spanjaardt, sporting editor of The Star, from notes supplied by witness. The notices regarding The Star's skating party at the Forum were not written by witness. The reports he did make were written on his own account as an advertising agent. He was not employed by The Star.

"What is Going On" Column.

Mr. J. B. Tressider, director, and senior advertising solicitor of The Star, said the editorial and business departments of The Star were separate and distinct.

The editorial department controlled exclusively the editorial matter.

Mr. Chipman—Now, this letter to the plaintiff stating, "In reference to the omission of the Forum from the "What is Going On" column, we have referred the matter again to the editorial department and would suggest a small advertisement appearing." What is the meaning of editorial department?

Witness—I suppose the letter would be referred to the managing editor, who would refer it to the director of the "What is Going On" column.

Reason for Forum Articles.

Mr. B. A. Macnab, editor of the Star, stated that there was no connection between the editorial and advertising departments. Witness had general oversight of the editorial department, including the editorials. He had nothing to do with the advertising departments.

Asked by Mr. Marechal what idea had prompted the campaign against the Forum, Mr. Macnab replied:

"It had to do with the situation existing at that time. I considered it would be in the best interests of the public to make an agitation against the Forum.

"The fact that buildings in the west end of a more substantial character had gone up in smoke was the basic idea of the articles against the Forum."

He approved the articles as they had been published, and at the time he had no idea that there was any difficulty existing between the directors of the Forum and the advertising managers of The Star.

Mr. Marechal— "Suppose you had known such a thing, would it have altered your attitude?"

Mr. Elliott objected to the question, and the judge maintained the objection remarking that nobody could say what he would have done under different conditions.

Mr. Marechal—"Possibly for the future, but it may be different as regards the past."

The Judge—Mr. Macnab swears he did not know of the differences. That is all that is concerned.

Mr. Elliott—The point is, what he did?

Mr. Marechal—And his motive also. The plaintiffs allege the Star was actuated in its campaign against the Forum by the fact that there was a dispute over a few dollars. I am sure the jury will not believe that.

The Judge—Witness says he did not know there was any dispute.

Mr. Marechal—And I want to prove that if he had known, these articles would have been published just the same.

The Judge—We will not discuss that.

Mr. Marechal, continuing his examination—Did the business relations of certain parties ever influence your direction of the paper on any public question?

Mr. Elliott again objected to the question. What witness is now asked, said counsel, is a matter of argument.

Mr. Marechal—It is a matter for witness to state as a fact.

The Judge—The objection is maintained. The question has nothing to do with this case.

Did Not Know Owners of Forum.

Continuing, witness said he did not know the parties who owned the Forum at the time these articles were published. This was a matter of indifference, as a matter of fact.

Mr. Marechal.—"Had you any reason to help or injure anybody in relation to this matter?"

The Judge—Mr. Macnab says he does not know the parties, but if you persist with the question I will allow it.

Mr. Marechal—I think it just as well to ask the question.

Witness—I had no reason to help or injure anybody.

Mr. Marechal then asked questions respecting the organization of the Star's skating parties. Mr. Macnab replying that he idea to hold the parties originated with him, but he had not any knowledge of the dangerous condition of the building at the time.

How "What is Going On" Was Run.

Mr. Marechal next asked how the "What is Going On" column was conducted, quoting the letter of the advertising department to the plaintiff company on this subject again.

"I am prepared to make a frank statement upon this subject. 'What is Going On' is compiled each evening by one of the reporters under the direction of the city editor. This column is published for the purpose of informing the public that events such as lectures, amusements and so forth which are taking place. Naturally the reporter goes to the easiest channel of information open to him, and to look over the advertisements in The Star usually gives exact information as to what he will put in the column headed, 'What is Going On.'"

The Judge—This means what takes place in the city each night.

Witness—Yes; and it is quite possible that in the compilation of this column—I do not know the details—but I presume the reporter, not seeing the Forum advertisement, and left mention of it out of the column.

Mr. Elliott objected that this was mere supposition.

Mr. Macnab—It is not supposition. I will make is definite. It is a fact that the Forum advertisement was missing from the columns, and consequently omitted from the colmun by a subordinate.

Mr. Marechal—As a matter of fact, was this particular question of the omission of the Forum ever referred to you?

Witness—No. It was a question of detail which was settled by a subordinate. If the reporter had included the Forum in the what is going on column, there would not have been any criticism or remark about it in the office even though the Forum advertisement did not appear.

Saw the Forum Daily.

Witness in cross examination admitted he had lived in the neighborhood of the Forum for a number of years, and saw the place every morning.

Mr. Elliott—The building was the same on December 21, 1909, when you emanated the idea of a children's party at the Forum, as it was when you conducted the campaign against the building?

Witness—Yes; but I would like to—

Mr. Elliott objected to take any explanation upon the affirmative answer to his last question.

Mr. Marechal, however, insisted that the reply should be completed, and the judge upheld Mr. Marechal.

Mr. Macnab—When the idea of holding children's skating parties was broached, there was no intention of confining them to the Forum or any one rink. It was intended to give parties in all the rinks of the city. I did not know that the Forum was engaged at the time. This was a detail left to the Sporting editor.

Mr. Elliott wanted to know if the skating parties had resulted in any increase in the circulation of the Star?

Mr. Macnab replied that the purpose of the parties was not so much to increase the circulation of the paper, but please the children.

The Judge—I suppose if you make friends this leads to an increase in

YOU PUSH THE BUTTON, THE ONION DOES THE REST

English Gardener Here to Grow Vegetables by Electricity on Ready-Made Farm.

MILES OF WIRE UNDER ROOTS OF VEGETABLES

Says France and England Do it Then Why Cannot Canada Do it Also?

Tender-hearted lettuces, hard-hearted cabbages, mild-mannered spring onions, persuasive strawberries, and all manner of garden truck of the best and juiciest kind are going to be raised for the Canadian market in future by means of electricity.

This, at any rate, is the scheme which one English market-gardener, who arrived at the Windsor station to-day, is going to put into effect on a ready-made farm which he is on his way to take up on the Thames, near Chatham, Ont.

A syndicate of Toronto gentlemen, he said, has bought a large tract of land in this district, and has sub-divided it into market-garden farms of ten acres each, with a house, buildings, and so on provided, and repayments to be made on the hire-purchase system. A campaign has been going on in England to get market-gardeners to come out and take these farms, and the campaign is meeting with much success.

The electrical system which this particular immigrant is going to put into operation is already producing splendid returns, he said, in the south of England, and in France.

Briefly, it is to heat the soil by means of underground wires. Wires carrying electricity and generating ing heat, are laid underground at a distance of five feet apart and one foot underground, twenty-five miles of wires being required for 20 acres of ground. The heat thus diffused is carefully regulated, and its effect is to force an astonishing growth of vegetables and fruit. It is far more effective for forcing, he declared, than the glass house system, and invariably enables garden truck to be produced ready for the market from one to three weeks earlier than by any other means, thereby ensuring good prices.

The cost of the electric power is small, and in Ontario, in the regions covered by the service of the Hydro-Electric Commission, it ought to be smaller than in most places.

SUNDAY SCHOOL UNION.

Annual Convention of Body Now Under Way in Montreal.

The annual convention of the Sunday School Union of the province of Quebec—the seventy-fifth anniversary—opened in the St. James' Methodist Church to-day, and will continue until Thursday evening.

Mrs. Mary Foster Bryner gave an illustrated black-board address, regarding the "Standard of Excellence and the beginners' Department," the subsequent discussion thereon being led by Dr. F. W. Kelley.

The afternoon session was held in the Fairmount Methodist Church, Rev. G. J. Campbell presiding. Rev. W. S. Lennon, of Cookshire, was in charge of the hour "With the Teen Age." Mrs. W. G. Taylor spoke upon "Sunday School Music," with demonstrations, while Mary F. Bryner, International Elementary Superintendent, Chicago, spoke upon "Seven Points of the Graded Sunday School." The session concluded with an address by Rev. Edward M. Fuller, General Secretary, New Hampshire Sunday School Association, upon "The Supreme Incentive to Faithfulness in Sunday School Work."

There will be a further session in the Fairmount Methodist Church at 8 o'clock this evening, at which Mr. Geo. M. Webster will preside, and Rev. Edward M. Fuller and Mrs. Mary F. Bryner will give addresses.

EDGAR DEY, THE OTTAWA HOCKEY PLAYER, IS DEAD

Capital Boy Had Bright Career as Hockey Player—Known in West.

Halifax, N.S., February 13.—Edgar Dey, the well-known Ottawa hockey player, died here to-day. He was injured during a game in the Maritime Province League some time ago and complication resulted, finally causing his death.

Edgar Dey first came into prominence in the hockey world when he played with the Old Aberdeen's of Ottawa. Dey is an Ottawa boy and started in the game in Ottawa playing with several of the city league teams and when he attended the public schools, playing with Elgin street school. On the Aberdeen team at the time were the two Gilmour brothers, Frank McGee and Alf. Smith known wherever hockey is played and even among this company Dey was hailed as one of the best stick handlers in the game.

In 1906 he went west and played with Brandon, later going to Pittsburgh where he was one of the stars in the pro. leagues, in 1909 he signed up with the Ottawas at the same time as did Bruce Stuart, Albert Kerr and Fred Lake and played the season, being used as utility man.

After leaving the Ottawas he joined the Ontario pro. league, playing last season with the Waterloo team where he again was one of the best in the league. His experience with the N. H. A. made him easily the best goal getter of his team and he had a couple of chances to jump back into the ranks of the bi gleagues, but preferred to remain with the Ontario pros. When the league broke up this winter Dey signed up with the Halifax Crescents and it was while playing with them that he received his injury.

As well as being known as a hockey player he is well known as a paddler of no mean merit, in fact, five years ago he was looked upon as being the best in the world. He won the single blade championship of Canada and the United States but, of course, had to give up the sport when he became a professional.

JUDGMENT FOR $12,000 FIND BANK ACCOUNT OF $60.

Defendant in Case Meanwhile is Prisoner in Penitentiary.

Judgment for $12,880.70 in favor of the Laing Provision, Packing and Provision Company, was rendered to-day by Mr. Justice Beaudin, of the Superior Court, against Adelard, alias Dollard Duval.

The amount awarded in the judgment was for shortages in the accounts of defendant, when he was a collector for plaintiff company. Duval was first arrested for theft, found guilty and sent to the penitentiary for three years, and the company entered action for recovery of the money.

All that could be found of Duval's belongings was a savings bank account for $60, which the bank was ordered to transfer to the plaintiff in the case.

THE LATE EDGAR DEY.

MYSTERY IN END OF WELL-KNOWN WOMAN WRITER

Shoots Herself With Revolver and Telephones for Assistance.

London, February 13. —Elements of mystery surround the death last evening of Mrs. Buttonshaw, a well-known journalist, who shot herself in her dressing-room while speaking over the telephone, and died almost immediately.

She lived alone and kept a revolver on her dressing table on which also stood the telephone apparatus. One suggestion is that while she was engaged in a telephonic conversation she was trying the weapon and unconsciously pressed the trigger. Mrs. Buttonshaw was heard to call out immediately after the report of the revolver, "For God's sake, come. Burst the door open."

When the room was entered she was found lying on the floor by the table. The telephone receiver was hanging down, the instrument was overturned and the revolver was on the table. Mrs. Buttonshaw was unconscious.

The coroner's office has requested any person who conversed over the telephone with Mrs. Buttonshaw to communicate with it.

SEEKING BASIS FOR FREIGHT RATE INVESTIGATION

Western Counsel Asks That Finances of All Railways Be Inquired Into.

Ottawa, February 13.—The plan of procedure in the investigation about to be conducted by the Government into the freight rates in Western Canada, with especial reference to their being discriminatory as compared with eastern rates, was arranged before the Railway Commission, this morning.

It is likely that the financial standing of the several railway companies involved will first be investigated and in this way some idea of the basis of the rates made, arrived at.

After objections had been entered by counsel for the railways, it was decided to have a sitting here next Tuesday, at which Mr. Whitla, K.C., of Winnipeg, Crown Counsel, will tell what he wants the railways to furnish him.

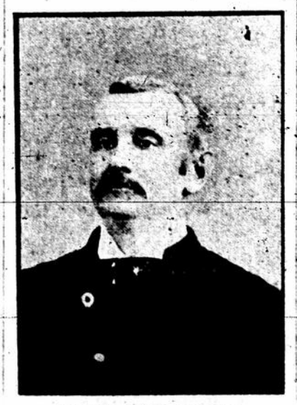
Wind Up Realty Company.

A winding up order in bankruptcy was given by the Superior Court to-day, against the Montreal and Suburban Realty Company. The order was granted at the request of J. H. McMichael, and decision was rendered by default, as the company did not make any appearance in answer to the summons.

Folke E. Brandt, former valet of Mortimer Schiff, was taken to New York to-day, to appear before Judge Gerard, in habeas corpus proceedings.

The names of F. G. McDiarmid, M. L. A., J. Lockie Wilson, and G. C. Creelman are mentioned as likely candidates to succeed Mr. C. C. James as Ontario Deputy Minister of Agriculture.

LOSES HIS LIFE IN THIS AFTERNOON'S FIRE.



MAJOR JOHN ROGERS

Who lost his life in to-day's fire.

Mr. John Rogers, manager of the Abbey Effervescent Salt Co., was born in Montreal, December 24, 1859, the son of Joseph Rogers. He started business as an apprentice with Lyman, Savage and Company, later joined Evans, Mercer and Company, as traveller, and was afterwards for 33 years with Evans, Sons and Masons. He became manager of The Abbey Effervescent Salt Co., in 1905.

He commanded No. 1 Service Co., Prince of Wales Rifles, at the time of the Fenian Raid, in 1866, at Durham, and also served with the same Company at Eccles Hill, in the Fenian Raid, of 1870.

He joined the Prince of Wales Regiment as an ensign and retired with rank of Major.

Major Rogers served as a member of Westmount Council for one term.

He married, first in 1868 (wife deseased); and agin in 1896, Clarence Nightingale, daughter of Richard M. Hawkins, of Chatham, N.B., and has two sons.

Major Rogers was a lover of the outdoors and his great recreation was cricket.

He was a firm Conservative. In religion an Anglican and had been rector's warden of the Church of the Advent.

His late residence was at 419 Metcalfe street, Westmount.

MAJ. ROGERS MEETS DEATH IN SWIFT FIRE

Manager of Abbey Salt Company Trapped in Office as Fire Surges Through Place.

OTHERS ARE INJURED AND NARROWLY ESCAPE

Explosion in Basement Starts Fire Which Sweeps Through Craig Street Plant.

KILLED.

MAJOR JOHN ROGERS, 410 Metcalfe street, Westmount.

INJURED.

MISS MARY HENEY, 1170 St. Dominique street, burned on neck and shoulders; at the Notre Dame Hospital.

GEORGE WOODBURN, Gordon avenue, Verdun, suffering from smoke; at the General Hospital.

HAROLD MORRANT, 13 years of age, 71 Fulford street, hands and arms burned; General Hospital.

Major John Rogers manager of The Abbey Effervescent Salt Company, was to-day burned to death in a fire which, soon after noon, raged through the building fronting in St. Antoine and Craig streets and occupied by that firm and the J. W. Hughes Co.

A number of employes were burned and had narrow escapes, but all will recover.

Fireman J. MacDonald, of No. 4 station, the left side of face serbously burned, and after Dr. Morrison, doctor of the Firemen's Benevolent Association, treated the injury, he was sent to the General Hospital.

The body of Major Rogers was found only when the fire was under control. It was lying on the third floor near a window facing in St. Antoine street. The discovery was made by District Chiefs Mann and Lussier, who went through the place when told that the manager of the Abbey Company had not been seen. Previously they had been across that floor twice.

Luckily many of the employes of the building were out at lunch at the time the fire occurred. About a dozen girls work on the top floor of the building, while on the second and ground floors, as well as the basement, 30 men are employed by the J. W. Hughes Co.

Though no one could definitely state the cause of the outbreak it was stated that it must have been some explosion that started the fire in the basement, but the steam was so dense that the investigation did not reveal the direct cause.

Lightning Spread of Flames.

Almost simultaneously with the sound of the explosion the entire building seemed to become a mass of flames, from basement to roof, and from street to street.

It was 12.20 o'clock when the first alarm was rung in, and the second was sent in within a few minutes.

District Chief Mann was the first on the scene with the men of No. 20 station, but Lieut. Ferron and Willie Moore, also of No. 20 station, happened to be near the scene and succeeded in saving the lives of two girls. With the flames roaring behind them, the two girls clung frantically to the windows on St. Antoine street. They were employed on the third floor in the Abbey's Effervescent Salt Co., and were rescued by Ferron and Moore with a carpenter's ladder that they secured from adjoining premises.

One of the rescued, Miss Mary Heney, aged 37 years, of 1170 St. Dominique street, was hurried to the Notre Dame Hospital in the ambulance that arrived with the second alarm.

Two Narrow Escapes.

While this rescue work was in progress, a young boy, an apprentice, who worked on the second floor of the J. W. Hughes Co., was seen to fight his way towards the windows on the Little St. Antoine's side of the building.

Smashing a pane of glass, the boy stepped out on a sign that was affixed to a projection of the building, and hugging the wall succeeded in making his way to a cornice that surrounds the flat-iron building occupied by E. W. Gillette, directly at the corner of the juncture of St. Antoine and Little St. Antoine streets. Here he clung to a window until he was rescued by firemen of the ladder truck.

Behind the boy was a man of 75 years, who was soon recognized as George Woodburn, an old employe of the Hughes Co., also tried to reach the window, but the blinding smoke overcame him, and he was seen to collapse as he reached the window. Firemen soon had a ladder raised to the window, and when the man was brought down, was hurried to the General Hospital, where his recovery is stated to be assured.

TELEPHONE INQUIRY OPENS.

Manitoba Rates Now Under Investigation.

Winnipeg, February 13.—The first session of the Provincial Commission to examine into the government telephone system convened to-day.

Chairman Patterson, of the Provincial Government telephone system, was the first witness. The investigation is to determine the fairness of the new measured rates and the economy of operations.

Jack Marshall For Wanderers--Fabulous Salary Offered To Eddie Gerard

MILITARY SOCCER CLUB IS FORMED

Royal Highlanders Settled it Last Night—Latest Association Football Gossip.

The Royal Highlanders Soccer Club came into existence last night as a result of a meeting called at the armories, Bleury street. Every company of the regiment was represented and those present were very enthusiastic at the project and prospects. The meeting was called in the first instance to sound the feeling as to the advisability of a soccer club sailing under regimental colors. From the start there was no doubt as to the outcome, and with the preliminary talking disposed of, the club was formed with the following officers. President, Sergt T. T. Edwardson; vice-president, Staff Sergt R. F. Milroy; secretary, Pte E. W. Clark; committee, Sergt Hardy, Sergt Muirhead, Corp A. Lavery, Col Sergt Morrison and Pte. Adshead.

A meeting has been called for next Saturday evening at headquarters, when futher details will be discussed. In the meantime the project will according to official routine be placed before the sports committee of the regiment for their final action.

The Scots do not intend to do the thing by halves, and are determined to play on an enclosed ground and, while it could not be learned officially, it is thought an attempt will be made to secure the lately acquired ground of the Caledonia, playing on alternate Saturdays. Big hopes are built up in this club especially with the material they have behind. At the same time they realize that it is a long journey to senior ranks, but by joining the intermediates, they hope to reach the higher company in the quickest possible time.

It is expected that immediate application for affiliation will be made to the P.Q.F.A., this being the first necessary step, before they become an organization proper in local soccer.

With the Sons of Scotland, as announced in last night's Star, secure in their own quarters, the Sons of England are looking about for theirs. From Beaver Field they must go, and negotiations are now in progress for a pitch outside the city limits, but within easy reach by the Grand Trunk. More will be heard of this at the S. O. E. meeting.

Apropos of the Sons of England, they have, or did have last season, a much-wanted man in the person of Harry Bingham. Bingham represented Toronto in the inter-city game last Thanksgiving Day, but was induced to stay behind and sign for the S. O. E. to help in their remaining fixtures. Grand Trunk and C. P. R. are real hot after this clever half-back, but while it is a long way from signing on process, Sons of England claim Bingham is theirs.

RAACEVITCH GAVE SAME EXCUSE AS HACKENSCHMIDT

Pretended to Have a Sore Leg —Crowd Disappointed at Showing With Zbysco.

Special to The Montreal Star.

New York, February 12.—Claiming that he had injured his leg, but looking more as though he had all that he could stand for the evening, Giovanni Raccevich, of Pisa, Italy, refused to continue with Zbyszko last evening at Madison Square Garden. After nearly an hour of indifferent wrestling the huge Pole pinned his rival's shoulders to the mat and the latter left the ring. The crowd waited for him to come back, expecting he was merely going to take a rest between falls. There was no come back, and the crowd was so stunned at having been fooled twice in succession at matches between this pair that they filed out in silence.

The Pole's feet were here and now, and this Raccevich tried to walk him off the mat to the boards, where he would get splinters in his toes.

This waltz movement was about all the activity seen in the first ten minutes. Once or twice the Pole went to the mat and, Giovanni tried out some of his pet holds on him, but the bulky Polander was never in straits.

Zbyszko let the Italian work himself out and made no effort to get on top until about 7 minutes had slipped by. Then he took a chance and when the Italian touched the mat he hugged it like a feather bed. The pair gave a great exhibition of the "Turkey trot" and "Grizzly bear." It was a Half Nelson and Crotch hold that did the trick. The time was 54 minutes, 52 seconds.

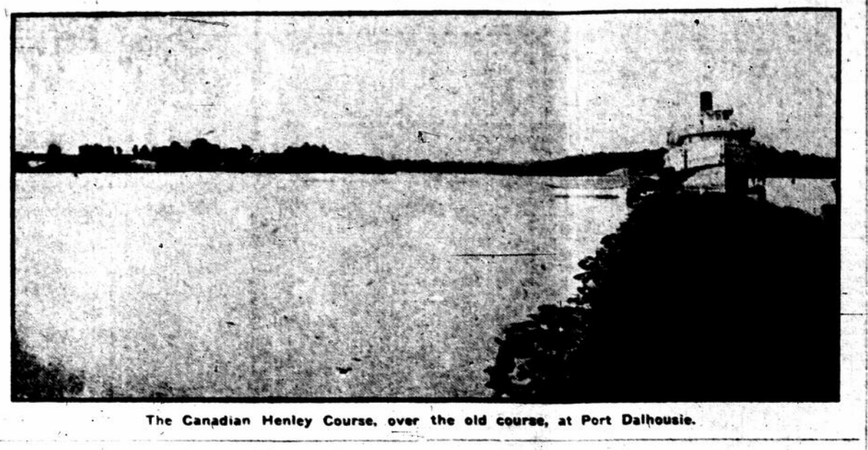
Changes in the Bowling Ranks

The resignation of Messrs. Darling and Hagar as Secretary and Treasurer respectively of the Montreal Bowling Association will necessitate the filling of their places by new men and it is understood that Messrs. R. Robsourn of the Beavers and R. J. Walker, of the Crescents are favored candidates for these jobs.

"PERPETUAL MOTION" VICTIM

London, February 12.—"Perpetual motion" has claimed another tragedy. At an inquest on the body of Hans Edgar Friese, who shot his wife and then himself on Saturday, the evidence showed that Friese had the "mania of invention" and had been trying to solve the problem of perpetual motion. Friese spent all his money in making a machine, which was a failure.

WHERE THE CANADIAN OLYMPIC ROW ERS' TRIAL WILL TAKE PLACE.



The Canadian Henley Course, over the old course, at Port Dalhousie.

MR. A. STEWART.

A former Tuque Bleue President, honored in the Laurentians.

REFEREE JACK MARSHALL TO PLAY AGAIN WITH HIS OLD TEAM TO-MORROW

It will be with a pleasant surprise that the news will be received that Referee Jack Marshall has decided to come to the aid of his old love, the Wanderers, and will play with them to-morrow night when they meet the Ottawas. It has taken considerable persuasion to make him do it, but as the period for changing men and buying them from other leagues closes to-morrow they had to do something, all the men they tried out having turned out lemons.

Therefore, Marshall will be seen out to-morrow, at least he has promised to play.

If he possibly can be got by that time, it is said Harry Holmes, who is considered one of the best goalkeepers in Ontario, having played for Parkdale and kept goals for the Toronto Lacrosse Club till he was hurt, will be also brought on so as to strengthen the reserve of the defence.

PARRY SOUND RINK WON.

Carried Off President's Cup in Northern Bonspiel.

Special to The Montreal Star.

Cobalt, Ont., February 12.—The final in the President's Cup competition of the Northern International Bonspiel was won after an interesting game by the rink from Parry Sound, skipped by W. J. Jones, who defeated H. S. Campbell's North Bay rink by 9 to 8. The points competition was also won by Parry Sound from New Liskeard. Parry Sound also won the Soo Falls Cup competition. Dr. Plaxton's rink carrying off this event from Kirkup's rink from Sturgeon Falls.

The Diamond Jubilee Cup was carried off by Wallace's rink from North Bay, Plaxton, of Parry Sound, being the runner-up.

CARL MORRIS SLAMMED JIM STEWART A LOT

Defeated Man the Cleverer Boxer, But Could Not Resist Bulldog Rushes.

Special to The Montreal Star.

New York, February 13.—Carl Morris, the giant western heavyweight, won over "Jim" Stewart, of Brooklyn, in ten rounds of the fatest fighting local "fans" have witnessed in a long time at the Carlyle Athletic Club, in Brooklyn, last night. The Western boxer showed wonderful improvement in form over his previous bouts in this vicinity and, while he failed to stop his opponent, it was only because of superior ring generalship of the local man.

Stewart was the cleverer boxer and speedier on his feet, but he could not evade the bull dog rushes of Morris. Several times Stewart landed punches that would have stopped an ordinary man, but Morris merely shook his head and bored in. Stewart was the lighter of the two, his weight being announced as 202 pounds, while Morris tipped the scale at 230.

Stewart took a terrific beating in the eighth. Morris was on top of him all the time and battered his man badly about the body. Stewart landed a hard right uppercut to the chin, but took a left and right on the body in return. The ninth was easily Morris'. "Jim" tried to stay away, but Carl never let him run. "Jim" sent over one good right, but it only made Morris fight the harder. They mixed it hard in the tenth. Stewart fought desperately and reached the head with the left and right but clinched when Morris put his right to body. Morris tried hard for a knockout, but Stewart hung on fast. They were fighting fast at the bell.

Philadelphia, February 13.—Manager Dooin, of the Philadelphia National League Baseball team, announces that he has traded Catcher Cotter and Pitcher Ward to Chicago for "Peaches" Graham. Graham is the catcher Chicago received from the Boston Nationals in the Kling deal.

AMERICANS WON THE BIG CURLING MATCH IN WINNIPEG

Battle Waged for Four Hours and Result Was Always in Doubt.

Special to The Montreal Star.

Winnipeg, February 13.—In one of the most exciting international matches ever played at the bonspiel the seven American skips last night won victory from the Canadian representatives by a margin of four points, the total score being 67 to 63. The battle waged for four hours and not until Pearson, of St. John, played his last rick against Oldham of Duluth, was the result decided. Four of the Canadian rinks won their matches as against three wins on the part of the Americans, but the big lead secured by McLeod, of Duluth, over Rennie, was too much for the Canadians to overcome. McLeod made a runaway victory of his game, winning out by 17 to 3.

On the Canadian side, Ross, of Regina, handed out a decisive defeat to Defil, of Duluth, but the rest of the games were al close and constantly in doubt as to their ultimate result.

Flavelle, of Lindsay, met his first defeat when he was beaten by Johnstone of the Strathcona, Winnipeg.

The Lucas rink, of Montreal, was defeated by Finlay, of the Winnipeg Strathconas, by 13 to 12. The Montreal curlers are still in two events.

In the Blue Ribbon event Winnipeg against the country, the city curlers won by four points, forty-one rinks a side competed.

ONE-ARMED SKATER WON CHIEF HONORS AT NEWBURGH

Edmonton Skater Won Quarter and Mile Championship from Miller.

Special to The Montreal Star.

Newburgh, N.Y., February 13.—O. B. Bush, the one armed skater from Edmonton, won the bulk of skating honors at the first meeting under the sanction of the International Skating Association and under the auspices of the Newburgh Wheelmen yesterday. Bush wrested the eastern championship from Joe Miller, the New York Athletic Club star, taking the quarter and mile championships and the five mile handicap. Miller was forced to be content with winning the half mile championship in which Bush was pocketed by the other skaters.

Bush won the mile event in 2.55 1-5, and this is said to be a new record for the open championship event.

NATIONAL LEAGUE MAGNATES GATHER

Are Hopeful of Patching Up All Existing Trouble Between Clubs.

New York, February 13.—Magnates of the National League are gathering here to-day for the annual spring meeting to adopt a playing schedule and arrange for certain necessary routine matters for the conduct of the league's business, expected that no friction would evelop during the meeting and that everything would be harmonious. The schedule has already been prepared and, while two members have, it is understood made some objection to certain playing dates, it will probably be adopted on its present form either to-day or to-morrow.

The first business of to-day's session was the meeting of the board of directors — following which the league itself was scheduled to go into session.

There may be a meeting of the joint rules committee to-day. The trouble between Manager Roger Bresnahan, of St. Louis, and Charles Murphy, of the Chicago Cubs, comes before the National League for adustment where it was referred by the National commission.

Some magnates think that the trouble may be patched up and further publicity avoided. Bresnahan asserts that he was insulted by Murphy at the lats meeting of the league and reported the matter to the National Commission.

There is little or no serious talk of trades of players. The magnates do not take the contemplated outlaw organisation, the United States League, very seriously. They say the outlaw league has a no financial backing.

Varsity Water Polo Team.

Special to The Montreal Star.

Toronto, February 13.—Varsity will be strongly represented in water polo against McGill in Montreal on Saturday, though Instructor Corsan is of opinion that the other part of the team is hardly up to the speed of the Monreaters. The competitors to represent Varsity are as follows: Water polo—Milne, Rutherford, Tilson, Vongunten, Whiteside, Brandt. Swimming—Jeffrey, Shives, Urquhart, Foote Diving—Kilpatrick, Elliott.

Sam McVey Matched.

Sydney, N.S.W., February 12.—Sam McVeay, the Californian pugilist and heavyweight champion of Australia, has signed articles for a match with James Barry, the Chicago heavyweight, to be fought on March 9, and also for a match with Sam Langford, the Nova Scotian pugilist and heavyweight champion of England, to be fought on Easter Monday, April 2.

CLUB TROPHY GAMES HELD SWAY IN RINKS LAST NIGHT

Caledonia Win the District Medal—M.A.A.A. Trophy Games To-night.

Last night was more or less of an off night at most of the curling clubs in the city. Quite a number of rinks were getting into trim for the M. A. A. A. Trophy competition, which commences to-night, and in addition to this a number of purely club matches were played.

The final scores in the St. Lawrence-Glebe match for the District Medal show that the Ottawa Club eventually won the medal by two points. The second half of the District Medal match, between Caledonia and Quebec was played in Quebec yesterday afternoon. In the first portion of the game which was played here Caledonia were six up, and as, according to advices received from Quebec yesterday evening, the two rinks which played in the Ancient Capital were four points to the good, this makes Caledonia winners of the medal by ten shots.

At Montreal.

Two games in the second round of the President's Prize were played last night and resulted as follows:—

H. Baby		T. E. Merritt	
P. C. Schaefer		T. Drummond	
C. T. Jordon		E. Darling	
J. W. Brown		J. B. Bell	
(Skip)	6	(Skip)	15

At Heather.

The new system of playing points at this club was continued last night, with the following results.

Douglas Wood	28	Thos Reid	20
D. H. McCallum	27	T. Blaikie	25
Roy Smith	23	A. E. Odell	25
R. Thomson	23	D. W. Ross, jr.	41
	121		111
W. H. D. Murray	31	A. D. Smith	25
E. H. Hodgson	29	John Morrison	14
Alex. Bremner	16	H. Roffey	37
W. B. Hutchison	35	A. R. Hutchison	25
	111		101
Dr. T. P. Shaw	29		
R. B. Common	28		
O. Mowatt	28		
C. A. Hutchison	32		
	118		

At the Thistle.

In the doubles competition at this club G. Milroy and W. D. Aird defeated Dr. C. A. Peters and Dr. J. B. Morison last night by 13—4.

In the single handed game for the Greenshields Prize W. W. Mowat beat D. Christie 13—12; J. W. Anderson got the better of Dr. M. C. Baker by 13—4, and Dr. Gordon Campbell won his game against Dr. Harvey with a score of 14—7.

At St. Lawrence.

There were four games played in the Vice-President's Prize competition at this club last night. Scores:

J. R. Dick		W. G. Kent	
J. R. McGregor		A. Laing	
	—8		— 7
P. Smith		G. A. Forbes	
G. W. Dow		S. Mendelsohn	
	—12		— 2
D. J. H. Murdoch		G. S. Decatur	
E. M. Marshall		Captain Bales	
	—12		— 4
W. G. Laing		W. Robertson	
T. M. Scott		O. E. Hoffman	
	— 9		— 7

The scores in the match for the District Medal for the two rinks which were played on Glebe ice in Ottawa were as follows:

Glebe		St. Lawrence.	
W. T. Lamb		T. E. Case	
J. D. Coleman		A. D. Taylor	
A. J. Meiklejohn		R. I. Griffin	
W. J. McKerracher		Ar. G. Kent	
(Skip)	12	(Skip)	12
E. A. Beach		W. W. Williamson	
F. Phelan		W. D. Robertson	
Dr. Gordon		G. A. Forbes	
S. Fraser		W. H. Griffid	
(Skip)	14	(Skip)	10
	26		22

As the scores which were made on St. Lawrence ice totalled 27 for St. Lawrence and 25 for Glebe, the latter won the whole match and the medal by 2 points, with totals of 51 to 49.

At Outremont.

In the competition for the President's Prize and John Black Trophy a very close game was played last night, resulting in a win for Dr. McKechnie on the last end by one shot. Scores:—

J. E. Weeks		J. R. Henderson	
L. E. Gauthier		E. Richardson	
W. Vass		Dr. Laidley	
Dr. McKechnie		A. W. Bremner	
(Skip)	7	(Skip	6

In the doubles for the Vice-President's Prize there was one game played:

R. V. Gamery		J. E. Weeks	
W. Bramley		J. H. Mahar	
	— 5		— 7

In the competition for the Green Curlers' Prize, A. E. Gallagher defeated Dr. Stackhouse by two shots, with scores of 10—8.

The M. A. A. A. Trophy.

In the competition for this trophy, which is to commence to-night, Montreal will play Lachine and Heather will be up against St. Andrews, the former game being one of 6 rinks a side and the latter of 8 rinks. These matches are in the Eastern section, the competition being again played in two sections.

In the Western section Caledonia are to play an 8-rink match with Thistle, and St. Lawrence meet Outremont with 6 rinks. If one may hasard a guess at the result of this evening's games, Montreal, Heather, Caledonia and St. Lawrence should reach the next round, but in curling, "The best laid schemes of mice and men gang aft agley."

Special Snowshoe Train to Quebec

President Ed. Gernaey, of the Montagnard Snowshoe Club has arranged with the Canadian Northern Railway for a special Snowshoers' Train to the Quebec Carnival, none of the other Railroad Companies being willing to send one.

This train will leave Montreal at 11.30 Friday night and arrive in Quebec early Saturday morning.

The Montreal Snowshoers will remain Saturday and Sunday and arrive back here early Monday morning.

Further information can be obtained by telephoning, E. 1878 or E. 3241.

Quebec, February 13.—Montreal Caledonia defeated Quebec in the second round for the district medal, yesterday. The scores were:—

J. G. Bruneau, 20; A. Veasey, 9; W. R. Hughes, 9; E. Pope, 16.

This gives a majority for Caledonia of 4 points.

There will be a big curling bonspiel here on Tuesday and Wednesday next, during the Mardi Gras. Sherbrooke, Three Rivers, and other clubs in the neighborhood will probably figure in it. The idea is to make a curling centre of Quebec for this district.

New York, February 13.—Members of the Rules Committee of the National Trotting Association are in New York to-day for a meeting, preliminary to the biennial congress which begins to-morrow. Major T. P. Johnson, president, of Lexington, Ky., and W. H. Gocher, of Hartford, the National secretary, have been in conference here for several days.

THE CADETS DEFEATED OLD M'GILL

Soldiers Outmanoeuvred Arts and Science Followers by 7 to 5.

The Kingston Cadets and McGill II met last night in the semi-finals for the intermediate college honors. The game was very fast and proved far more interesting and spectacular than the senior amateur games to date. The Cadets have the strongest team in years, and McGill II are usually fast with Scott, Davidson, Ryley and Forman on their line-up.

At the beginning of the game McGill looked an easy winner. Combination play and well-judged shooting by Forman scored the first in four minutes. The Cadets settled down to business and scored in two minutes. Then came some hockey of first-class calibre. Long combination rushes carried the puck back and forth, resulting in a see-saw string of goals.

As the game progressed it became evident that the McGill defence was more vulnerable than the R. M. C.'s, but that conditions were reversed with the forwards. The weight and condition of the Cadets were telling before the end of the first half. The half-time score, 3—3, left little to choose between the teams.

The second half opened with R. M. C. on the aggressive and McGill tiring. The Cadets scored three in succession and had the game on ice. McGill came back strong and scored twice. With a few minutes to go it looked like a "come-from-behind" for the red and white, but R. M. C. scored from a mix-up and time was called. The line-up:

R. M. C.		McGill.

ROUGH HOUSE HOCKEY IN COMMERCIAL LEAGUE AT THE VICTORIA RINK —PLAYERS CARRIED OFF FOR REPAIRS

There was rough house hockey and plenty of it served up in the Commercial League games at the Victoria Rink last night, when Canada Cement, Grand Trunk Audit and McComber & Cummings romped home the winners of the evening. A number of fistic encounters which the management had neglected to put on the bill were pulled off in centre ice between the opposing players, and four or five had to be carried to the dressing-rooms for repairs. No one was seriously hurt, however, and only on one occasion was blood spilt.

R. & O. presented an almost entirely new line-up for the opening encounter with the Canada Cement team, but the change proved of little value, for the Cement men had the best of the play all through the game, although they did not score until one minute before the gong sounded in the last period.

For flew in the second game between McComber & Cummings and Redmond Co., when the furriers met for the second time this season.

Grand Trunk Audit furnished the surprise of the evening, when they defeated the fleet-footed Sweet Caps 3 to 2 in the last game. The clash between these two teams has been looked forward to with a good deal of interest, and, judging from the number in with the Grand Trunk followers turned out last evening, the victory was not a surprise to them. Lahue and Goudie starred for the railway team.

TREMENDOUS SCORES IN THE TEST MATCH

England Looks Like An Easy Winner Unless Australia Bucks Up.

New York, February 13. — A London cable says the English cricketers increased their lead in the fourth test match yesterday, with Australia, at Melbourne, when they carried their score of 370 runs for one wicket to 589 before the first inning closed. When play ceased on Saturday Hobbs had scored 178 runs, and Rhodes 157 not out, giving England a lead of 178 runs, with one wicket down. With a minority of 383 runs, Australia began the second inning, and when play for the day ended the Antipodeans had scored 8 runs for no wickets. Unless Australia makes a phenomenal score, England looks like an easy winner of the "rubber" unless the home team have already won two out of the three matches played, with one more on the schedule.

Moran Will Fight Hogan.

Special to The Montreal Star.

New York, February 13.—A lightweight boxing bout of an international character has been arranged here. On March 5 Owen Moran, of England, will meet "One Round" Hogan, of California, at the Fairmont Athletic Club, in ten rounds. Moran and Hogan will make 143 pounds at ringside.

THREE EXCELLENT GAMES IN CITY LEAGUE, BAILLARGEON, STARS AND GARNETS WERE THE THREE WINNERS

Three of the best games so far played in the City League series was the result of last night's matches at the Jubilee Rink, and the hundreds of fans were treated to some excellent hockey right through the three games. Baillargeon captured the first game from the Astor-Can. by six goals to two, the latter scored first shortly after the start, and, while Baillargeon took the next two, the Astors evened up, after some very fast hockey, but before half-time arrived Baillargeon secured two more. Both teams went at it hard in the second half, and while both scores in this period went to Baillargeon, the Astor-Can worked very hard, and the play was very even throughout.

Baillargeon took the opening game in the City League last night from Astor-Can by 6 goals to 2. Teams and summary:

8—Baillargeon	Fyon		13.00

Penalties—First half—Harris, 2. Second half—Bethune, 2; Monshow, 2.

Stars doubled the score on St. Jacques in the second game, the final ending being four to two, and as in the case of their first meet the play was fast and exciting throughout, the two teams not letting up for a minute during the whole hour. It took sixteen minutes before the first goal was scored, Colligan the speedy little centre of the Stars, beating Archambault out and with St. Jacques came back with the next Colligan again got the credit before the half period was reached.

Both sides went at it hard in the second half, three goals being scored in this period, one going to the Stars and one to St. Jacques.

Both Captain Hetherington and several of the Stars were unable to play owing to accidents, but the game was splendidly, the star of the two teams being Norton, a point to the Stars. His stick-handling was easily the prettiest and at the same time, most effective ever witnessed on the Jubilee ice.

Ladies' goal matinee, 2nd game.

Although the Garnets landed the last game of the evening against the Nationals, by four goals to two, they got an awful fright, when the Nationals led at the half-way mark by two to one.

The latter team easily showed their best form of the year, and it is too bad they did not get going sooner, as on their form last night they would have won a large number of their games. Garnets won the game in the second half, when they scored all three goals, but the losers were not outplayed at all, and made many excellent attempts to score, and throughout the hockey was excellent.

AMERICAN LEAGUE OWNERS TO MEET

Chicago, February 13.—All of the American league owners and most of the managers are expected to arrive in Chicago to-day for the league schedule meeting which is to be held to-morrow.

The playing schedule which has already been drafted it is expected, will be adopted and the changes in the National agreement ratified. The meeting is not expected to last more than one day. A ruling in the agreement which is expected to meet the approval of all clubs makes it impossible for each owner to give new recruits a try-out before they are sent back to the minors.

SALARY EVER PAID, FROM CANADIENS, IF HE COMES.

Eddie Gerard, of the New Edinboro' Hockey Club, and a famous Rugby Football player as well as the most talked of hockey player in Ottawa to-day, has this afternoon received the biggest financial offer any hockey player has ever received. That is for the short time remaining of the N.H.A. season. Manager Kennedy has offered him a bigger price per game than any man is getting in the world.

Alf. Smith has been after Gerard for a long time, and at two o'clock a long distance telephone message came from Smith asking Mr. Kennedy what he would offer.

Mr. Kennedy named his figure, and he is now anxiously waiting to hear whether Gerard has accepted the big price.

JOSEPH MAYER WON.

Defeated European Champion in Billiard Match.

Special to The Montreal Star.

New York, February 13.—Favored by luck rather than by meritorious billiards, Joseph Mayer, the Philadelphia champion, defeated Edouard Roudil, champion of Europe, yesterday in the opening match of the international amateur 18.2 balk line championship tournament at the Liederkranz Club. The score at the end was 400 points to 221, and the winner's average was 94-14, with runs of 89, 49 and 43, while the Frenchman fell to 5 1-14, with runs of 45, 41 and 20.

COBALT DISTRICT HOCKEY.

O'Brien Has Winning Lead — May Try for Allan Cup.

Special to The Montreal Star.

Cobalt, Ont., February 13.—Great hockey has been played in the Cobalt District League this winter, and it is considered that the champion team will stand a good chance of winning the Allan Cup.

Following is the present standing of the various teams:

	Won.	Lost.
O'Brien	5	1
Nipissing	3	3
McKinley	2	4
Silver City	2	4

Another round of games remains to be played and Nipissing still has a chance to head off O'Brien for the cup.

EXCITING INDOOR BASEBALL BETWEEN WESTMOUNT LADIES AND GENTLEMEN

Fair Young Athletes Nearly Defeated the Boys in a Seven Innings Game at the Gym Last Evening.

Whoops, my dear! The Westmount sports are again to be heard from. After staying quietly in the shelter during the last few cold and frosty days, the populace of the fashionable suburb have again come to the front, and yesterday introduced a new novelty in the line of sport at the Westmount A. A. A. Gym. when teams representing the girls and boys' divisions met in combat to decide which was superior at the strenuous game of indoor baseball.

It was a unique novelty, and the audience that gathered (free of charge) certainly seemed to enjoy the entertainment from start to finish, although only seven innings were played.

The fair sex particularly displayed great skill in the manner of slugging and slamming the pill about the hall, and during the earlier part of the battle had much the better of their opponents. The latter, however, soon struck their gait, and near the finish of the game managed to stem the tide of defeat and change it to one of victory, much to the sorrow of the fair maidens. However, Manager Det. Cornell, who has been in charge of the girls' nine, seemed very much pleased with the result, as every one was aware by the deals he handed out in his decisions.

Probably the feature of the battle was the spectacular playing of Miss Mowatt, who not only twirled the ball to perfection, but also managed to slam out a couple of two-baggers as a good measure, incidentally earning the substitute name of Ty Cobb. Miss Russell, who held down the first bag, performed with all the grace and ability of a professional, while Miss Stewart's magnificent fielding was the cause of many an outbreak of applause on the part of the audience. The two teams are to be heard from again.

THE DEVIL'S DIP ON THE TUQUE BLEUE TRIP TO ST. JOVITE

Wonderful Excursion of Montreal Snowshowers—Former President Was Honored.

A good-sized book, interesting and comical, could be written about the classical trip that the M. A. A. A. boys had up to Gray Rocks Inn, at Lac Ouimet. "Believe me," it was some trip. About sixty took advantage of the old Tuque Bleue's invitation for a time in the mountains, and it was some time, and don't you forget it.

The large party left on Friday, and the next two days were given up to a variety of winter sports. The weather man and the gods were extremely kind, which enabled the boys to practically live outdoors.

Two excellent tramps were held, one being off in the neighborhood of the base of Mount Tremblant, and the other around Wheeler's Mountain.

The tramping was all that could be desired, being sufficiently cold to keep the boys on the move. Some interesting runs were indulged in between ski-ers and snowshoers, as to the superiority of the two forms of locomotion, and the latter had a little the better of the trip.

One of the best toboggan slides that ever had a toboggan on it, is to be found up at Lac Ouimet. It is a natural slide, down the side of the mountain, and of all the dare-devil Devil's Dips, it is the limit.

It was very amusing when Hammy Fisher and Charlie Virtue came back to the hotel after the first slide, to tell the boys what a fine slide it was, in the most innocent manner possible. Of course, everybody entered into the sport, and after every man had been down, from the first to the last, there was not one who was not suffering from bruises and bumps. To let go of the toboggan meant sure death; you simply held on to the side cords, and from the time it started on its mad rush, first jumping to one side and then bounding to the other, then shooting straight out at distances from 10 to 30 feet, the trip was so thrilling that you wondered whether you would ever reach the bottom safely. One could liken it only to an unbroken, bucking bronco, which when finally mastered lay quietly and innocently in the snow, awaiting, as it were, the next victim.

Those of the party who had been down the old slides, such as the Lansdowne, Tuque Bleue, Park, etc., said they were like a baby in arms compared to it.

Some very fine pictures were taken of the slide, as well as some of the other sports, dead ones not included, and it is save to say that never was there such a trip as the St. Jovite one. Nearly all the directors of the M.A.A.A. were present, as well as a lot of the prominent members. A special car conveyed the party from the city to St. Jovite and return. Some of those who were up were: Jas. Macdonald, president of the Old Tuque Bleue; Fred. Dalby, J. Brown, C. Beatty, W. H. Schmidt, W. W. King, Alex. Stewart, R. H. Bryson, Ald. L. H. Boyd, J. Elcome, F. J. Spearman, C. S. Virtue, J. Davidson, W. M. Doyle, J. W. Warmington, W. H. Fisher, W. H. Wadsworth, J. B. Giles, Alex. Wylie, J. Macfadden, Brian Henderson, A. J. Macpherson-Montgomery, and about 30 others.

A very pleasant little event occured, when, after dinner on Sunday, the chairman, in a neat little speech, proposed the health of Mr. Alex. Stewart, who that day was celebrating the turning of the half century of his life. The occasion was taken advantage of to drink Mr. Stewart's health with Highland honors.

Bishop's College School Wo...

Lennoxville, Que., February 13. — B. C. S. won from Stanstead by the score of 8—3 in one of the fastest and most exciting games ever witnessed in the School rink. The puck was faced at 8.30 p.m., and the B.C.S. boys started with good fast play, and after ten minutes of hard playing Anderson scored for the School, and in a few minutes he repeated his first play and scored again. At this point Stanstead seemed to wake up, and Parsons, making a long rush, scored for Stanstead. Mindser soon scored another for Stanstead, making the score two all. Then the play began to get somewhat rough and very exciting, and penalties were given to both teams. B.C.S. scored three more goals before the first half was over. B.C.S., 5; Stanstead, 2.

In the second half Stanstead seemed to lose ground, and, on the other hand, B. C. S. played their very best and ran right through their opponents. Captain Baker, after making several brilliant rushes, scored for B.C.S. This was followed by a long shot from Baker, who again scored. Hyndman and Parsons together made a fine combination rush and scored for Stanstead. The School forwards, light but fast, seemed to work harder, and Cross tallied for the School. Jaques did some fine stopping in goals, and Martin did some excellent checking. Webster and Palmer scored the last two goals, making the final score 8 to 3.

Mr Gerald Wiggett, an excellent referee, performed the task well.

The teams were:

B.C.S.		Stanstead.
Jaques	Goal	Norman
Martin	Point	Astle
Baker	Cover point	Hyndman
Cross	Rover	Parsons
Webster	Centre	Boright
Palmer	R. wing	Mindser

HOCKEY NOTES

The centre of interest in the Hardware games this evening at the Victoria Rink will be the game between Frothingham & Workman and the Canadian Fairbanks Co. The Larivière boys will battle for supremacy with Starke-Seybold Limited.

New York, February 13.—Toronto University's hockey team played tag with the West Wanderers, leaders of the local league. The Toronto boys presented an impenetrable defence, so that the locals were forced to lay aside their substitutes, with whom they started the match, and put on their best men. Even then Hanley and German generally disposed of opponents before they got into dangerous territory. Ellison, the Wanderer goalkeeper, was not able to take his position, but Kelly, his substitute, played a good game. He was unable, however, to keep out the rain of shots which the Toronto boys sent in. The final score was: Toronto, 8; Wanderers, 1.

A game was played yesterday between the Hollys and the Antlers' Club of the Central Y.M.C.A. on the old Montreal rink. The Antlers won by 4 to 1.

The Comfort and Economy of Tourist Sleeping Cars in Travelling to the Pacific Coast

I would like to explain to you just what a Tourist Sleeping car is, what conveniences and comforts they have, and how you can save money by joining one of our through parties, which go to the coast every week in one of these cars, escorted by a special conductor employed by the "Burlington Route" to look after your comfort. For many years the Burlington Route Personally Conducted Excursions to California have been widely known for the excellence of the service provided, and the character of the employees in charge. The whole idea of these parties is to provide a way for people of moderate means, to make the California trip comfortably and in thoroughly good hands, and at the same time at an expense that is not prohibitive. Please call at the office or write—a postal will do. J. A. YORICK, Canadian Passenger Agent, C., B. & Q. R. R. 56 King Street East, Toronto.

"THE FORUM" LIBEL SUIT

(Continued from Page)

eight years of age and young girls in the rink, do you believe there would be danger of death for those children in the case of fire?

Witness—If they jumped from the window some of them might be killed.

Mr. Marechal—Being shod with skates, if, in jumping they struck somebody else, they might seriously injure them?

Witness—There is no doubt about that.

Mr. Elliott objected to the line of Mr. Marechal's questions. "We have a matter here," he said, "upon which The Star has commented, and we cannot go outside that. It was this report that inspired The Star's articles, and we cannot go beyond that."

The Question of Panics.

Mr. Marechal asked witness if there was not always danger of panic at fires, whereupon Mr. Elliott objected again, arguing that the examination of witness must proceed upon the chief's report. They could not hold an investigation into all the fires of the city to ascertain at which there might be panic.

The judge allowed the question, and, in reply, Mr. Tremblay said there was liable to be panic at any fire. The possibility of this was all the greater when women and children were present. He did not think there was any danger at the Forum of fire arising through a spark catching a woman's clothes. It seemed to him almost impossible that anybody's clothes would catch fire. The place was open; there were many people around at the time; and a fire would almost certainly be observed in its incipient stage, and the people would have opportunity to escape before there was danger of the sparks or flames communicating with their clothing.

Mr. Marechal—I understand they would not all perish. That is not my pretension.

Witness—I do not even believe that anybody would perish.

Mr. Marechal—Is it your opinion that nobody could have perished in a fire at the Forum—is that your opinion now?

Witness—Well, it is difficult to say. There might be some nervous people who would be frightened and become unconscious, and if nobody were by to save them they might perish. I would say that our departmental stores offer greater dangers than the Forum.

Mr. Marechal—Did you say that in your report? Witness—No.

Mr. Marechal—Why? Well, we cannot think of everything.

The Forum and the Stadium.

In further reply to Mr. Marechal, witness admitted that in the event of fire breaking out on the floor underneath the skating rink of the Forum the smoke might become so dense as to prevent the people from escaping from the rink by the stairs, but it was hardly likely to cut off escape entirely as there were four staircases, and if, say, two were blocked the other two might remain open and the people could get out in a few minutes. The place would burn very quickly. The Stadium was completely burned down in, he believed, half an hour. The Stadium was burned at a time when nobody was in the building.

Mr. Marechal—The skating rink at the Stadium was on the ground floor, and so it was less dangerous than the Forum?

Witness—Well, yes in one way; and no in another way. The Stadium was completely closed in, whereas the Forum is open.

Mr. Marechal—In the winter time?

Witness—The windows are kept unbarred, and they slide open as easily in winter as in summer time. At the Stadium there was no window.

Mr. Marechal—As regards the rapidity with which the flames would spread, the Stadium and the Forum were about the same thing.

Witness—I could not say, exactly. All these wooden buildings, as I said in my report, are elements for fire.

Reverting to the question as to the possibility of people being cut off by smoke from below, Mr. Marechal asked witness—supposing there were only two staircases open as exits—how long he thought it would take fifteen hundred or two thousand persons to make their escape down the stairs from the Forum Skating rink?

Witness—I should say they could all get out in two or three minutes.

Mr. Marechal—What, two thousand people?

Witness—Yes; down two flights of stairs. In the schools we have got seven or eight hundred children out in one minute and a half.

Mr. Marechal—But they were drilled—were prepared for that?

Witness—Exactly.

Mr. Marechal—And the children knew that it was a mere exercise that you wanted them to practice?

Witness—There is no doubt about that.

A "Fire Trap" Explained.

In answer to Mr. Rinfret, for the plaintiff, Mr. Tremblay stated that he could not say that he had seen gasoline in the motor car establishment in the Forum building. "What led me to make the report as I did," he added, "was that when we have fires in these establishments it is caused by chauffeurs who use gasoline in the motors, and the fire spreads very rapidly in the building.

Mr. Rinfret—This building is open? Witness—Absolutely.

Mr. Marechal—The centre is open but the track is covered, is it not? Witness—Yes.

Mr. Marechal—So that it would burn still quicker? Witness—Certainly. I do not disguise the fact that I have said in my report that the Forum is a fire trap. That is the tenor of my report. I do not deny it.

Mr. Elliott—I object to this. Mr. Tremblay does not say "fire trap" in his report.

Mr. Rinfret—What do you mean by "fire trap?"

Mr. Marechal—The Chief says that it is a fire trap?

Mr. Rinfret urged his question as to the Chief's meaning of fire trap. Was the Court to understand that he meant a building that would burn easily and quickly, or did he mean by the expression "fire trap," a building where people's lives were in danger?

Chief Tremblay—The meaning I intended to give is—that kind of building should not exist. It is built of very inflammable material and constitutes a danger for any part of the city where it exists. That is what I mean by a fire trap.

Mr. Rinfret—But can you find in Montreal any building of that character where there are as many openings giving facilities of escape in the case of fire?

Witness—I do not discuss that at all.

Danger to Nearby Buildings.

Mr. Justice Demers then questioned Chief Tremblay: "If I understand you well," he said, "the building is not so much a danger for the persons in it as it is a danger because the building is inflammable, and it would be considered a danger to the surroundings?"

Witness—Absolutely. There are wooden buildings in the city and these buildings constitute a danger for the city.

The Judge—You do not think that the people who go into these buildings risk their lives?

Witness—Well, I am not ready to say "No."

The Judge—But not much, anyway?

Witness—No, not much.

The Judge—Do you think they risk their lives in the departmental stores?

Witness—Oh, yes, much more; because you have in these stores women carrying children in their arms or leading them by their hands. You have hundreds of people in the store, on floors up to the tenth storey, and only small staircases as a means of escape.

The Judge—Is there more danger than in a theatre, for instance?

Witness—In an old theatre, there is more danger; in a modern theatre there is less danger.

The Judge—The Forum building is a very inflammable building?

Witness—Yes, very inflammable.

The Judge—It may cause a fire that would spread in the neighborhood?

Witness—It is a danger for the west part of the city.

Mr. Marechal—But the departmental stores are not built of wood?

Witness — There are departmental stores where I would not go myself, and where I forbid my family to go.

Mr. Marechal—And you do not make reports to the authorities?

Witness—Well, I make reports; but I am not the authority.

Mr. Marechal—So it would appear that the Star's criticisms of the building inspection department of the city were perfectly legitimate.

Mr. Elliott—I object to that. My learned friend had no reason at all to make that remark.

Advertisements in 1909.

Mr. Lewis, associate editor of the Star, was further examined by Mr. Elliott, respecting news items appearing in the Star in relation to the Forum in 1909, at which date there also appeared a paid advertisement of the Forum, in the advertising columns of The Star.

Mr. Chipman (counsel for defendant)—Did you write these advertisements? Witness—No.

Mr. Chipman—I suppose we may take it for granted the advertisements were written by the plaintiff company?

Witness—I suppose so.

As to the news items, Mr. Lewis said he did not write them. He believed they came from the office of the management of the plaintiff company.

A Juror—Did they appear as emanating from the Star?

Judge Demers—The items appear in the news columns, it is the newspaper which speaks.

Mr. Chipman—When was the attention of the editorial department first called to the Forum?

Mr. Elliott objected to the question as having nothing to do with the point at issue.

Mr. Chipman argued in reply that the declaration as filed by plaintiffs that up to 1910 the Star had nothing but praise for the Forum made his question opportune. However, he would be able to show the exact state of affairs later on in evidence. (To witness): All the news items referred to were published before the fire at the Stadium?

Witness—I believe so.

Believed Statements re Forum.

Witness in further reply to Mr. Chipman, said he was prepared to-day to admit the truth of the declarations contained in certain of the news paragraphs in question, namely, that "the Forum was not an ordinary skating rink;" that "there is something about it that makes it different from all others;" that "it has original architecture;" that "it has cosy smoke-rooms and many other delightful features."

In re-examination, witness told Mr. Elliott that he had actually no personal knowledge that the news items referred to had been sent to the Star by the Forum Company. He had stated this belief.

Judge Demers—The editorial department of the Star had nothing to do with the carrying out of the arrangements for the children's skating party.

Witness—No, the promotion and circulation department had charge of that.

Mr. Chipman—When this was done, had the Star knowledge that the Forum was a dangerous place for children?

Mr. Elliott objected to the question.

Mr. Chipman—Well, never mind, we can establish this in evidence later on.

Mr. A. A. Christen was recalled for further examination in relation to his testimony yesterday morning to the effect that after publication of the articles complained of in The Star the Forum receipts fell off. The first article complained of, he said, was published in The Star, the day after the fire at the Stadium, November 2, 1910.

During the week November 1 to 7, 1909, the Forum receipts amounted to $742.40, during the corresponding week of 1910 the receipts were $742.40.

November 8 to 14, 1909, $735, corresponding week of 1910, $585.

November 15 to 21, 1909, $708.47, corresponding week of 1910, $581.81.

November 22 to 28, 1909, $516.58, corresponding week of 1910, $435.53.

November 29 to December 4, 1909, $528.81, corresponding week of 1910, $455.58.

December 6 to December 11, 1909, $428, corresponding week of 1910, $237.50.

Witness recalled that Chief Tremblay made a report to the Board of Control concerning the Forum in November, 1910. He saw reference to this report in the newspapers about this time. They did not print the report in their own way.

Witness said he blamed the reduced receipts at the Forum to the campaign of The Star. The news articles referred to in previous evidence concerning the Forum were not charged to the Forum and were not paid for by the company.

Mr. Marechal asked witness if he agreed with Chief Tremblay's report wherein it stated that he considered the Forum threatened a great danger from fire.

Mr. Christin replied that he considered Chief Tremblay's report, taken as a whole and not judging it by one paragraph such as counsel took out of it now was more favorable to the building than against it.

Says Board of Control Influenced.

Mr. Marechal—Do you know that the Board of Control also passed a resolution against your establishment, and asked for its demolition, as it constituted a great danger for Montreal?

Witness—I know the Board of Control was influenced by the Star to take the steps they have taken.

Mr. Marechal—Was the Board of Control, representing the city of Montreal, men who were honestly called upon to judge this case upon its merits influenced by The Star? Witness—Yes.

Mr. Christin further said he had seen in the newspapers that representations had been made to the city authorities by citizens relative to the Forum building. Asked if he had not himself written to the press on the subject of these representations he replied: "Show me the letter and I will tell you if I wrote it."

Mr. Marechal—Do you know that a delegation of important citizens went to the City Hall and protested against the maintenance of the Forum, as it constituted a danger to life and property?

Witness—I saw that in The Star.

Mr. Marechal—But don't you know it was true?

Witness—I do not know that the delegation was as important as you say.

Mr. Marechal—Don't you know that Mayor Guerin declared that the Forum was a danger for the population of Montreal?

Mr. Elliott objected to the question. Unless Mr. Marechal could show that Mr. Christin was present and knew personally what the Mayor said, Mr. Elliott argued, that witness could not be expected to answer the question.

The objection was maintained by the Judge, and this concluded Mr. Christin's evidence for the afternoon.

Mr. Senecal, secretary to the Board of Control, produced copies of the resolutions of the Controllers in relation to the Forum, passed on November 22 and 30, December 7, 9, 13, 1910, and January 12 and February 1, 1911.

The case was adjourned until to-day.

SENSATION AT REGINA.

Counsel Declares Witness a Perjurer in Open Court.

Western Associated Press Special.

Regina, Sask., February 13.—At the continuation of the enquiry yesterday afternoon into the McCarthy fire, a sensation was sprung upon the Court when J. F. Frame, counsel for the McCarthy Supply Company, charged that Constable Bunnett, one of the witnesses called to-day, was covertly trying to insinuate that John McCarthy, one of the members of the firm, had set fire to the building.

Amid loud protests from counsel for the fire underwriters and the Crown, Mr. Frame concluded by referring to Bunnett as a perjured witness. An enquiry will be continued to-day, when it is stated that sensational evidence may be forthcoming.

Mr. Letourneau Would Hit Back

Wants to Know Names of Those Convicted in Montreal Court.

From a Special Staff Correspondent.

Quebec, February 13.—Mr. Letourneau has given notice that he will ask for all documents connected with the conviction, under false names, of all persons in the Recorders' Court of Montreal during the year 1902. His object is to unearth something connected with one of his political opponents, and it is hinted that this step is a bit of retaliation against Mr. Preston because of the latter's attempt to bring out all the details of the Quebec East election case, in which Mr. Letourneau was one of the figures.

The appointment of the Rev. W. R. Smith, of Moncton, as Canon of Christ Church Cathedral, Fredericton, N.B., is announced.

RAILWAY RATES INQUIRY APRIL 16

Roads Must Show Cause Why Joint Rates Should Not Obtain.

Ottawa, February 13.—The reduction of local railway rates on joint traffic will be the important subject considered by the Railway Commission at a sitting here on April 16. The following circular has been sent out to the different companies:

Railway companies within the executive authority of Parliament of Canada will be required to show cause why an order should not issue calling for the publication and filing of joint tariffs between points in Canada where such have not been already published and filed, less than the combination of local rates of the several companies to and from the junction point or points, also to state their views as to the extent to which the said local rates might be reduced on joint traffic.

On March 5, the Board will consider the matter of requiring all electric railway companies subject to its jurisdiction to equip their cars with automatic fenders and with wheel guards.

Kimmel Case Still Continues.

St. Louis, Mo., February 13.—When the United States District Court convened to-day Attorney Brown for the plaintiff asked Judge Amidon for a court order requiring that the man who asserts he is George A. Kimmel, the central figure in the mystery insurance case, be produced in court.

The counsel hopes to get an expert statement to the jury as to whether the claimant is the man who disappeared from Arkansas City in 1888.

YUAN TRIUMPHS IN DOWNFALL OF CHINESE THRONE

Solution Held to Be Result of Skilful Statesmanship of the Former Premier.

SAVED THE COUNTRY FROM DISSOLUTION

Abdication Edict Quietly Received—Yuan Still Holds Absolute Power.

Special to The Montreal Star.

Peking, February 13.—The curtain has fallen on the Manchu dynasty. This culmination of the long-drawn negotiations between the throne and the revolutionary leaders is the most eloquent manifestation of Yuan Shih Kai's supremely skilful statesmanship. His master-hand shaped the developments of every crisis to the end, peacefully ousting the Manchus and saving the country from dissolution.

The downfall of the Manchus was certain after January 27, when Yuan confronted the throne with his trump card—that sensational joint demand of forty-six generals commanding the Imperial armies for abdication and the establishment of a republic. That this final straw would break the back of the Imperial opposition was admitted.

The Edict of abdication was quietly received. Yuan is equipped with absolute power and has the situation thoroughly in hand.

TERMS ON WHICH THRONE ABDICATED.

In consideration for abdication the Republicans make the following eight pledges to the Emperor:—First, the Emperor shall retain his title and shall be respected as a foreign monarch; second, the Emperor shall receive an annual grant of 4,000,000 taels until the currency is reformed, after which he shall receive $4,000,000 Mexican; third, a temporary residence shall be provided in the Forbidden City, and later the Imperial family shall reside in the summer palace, ten miles outside of Peking; fourth, the Emperor may observe the sacrifices at his ancestral tombs and temples, which will be protected by republican soldiers; fifth, the great tomb of the late Emperor Kwang Su will be completed and the funeral ceremony fittingly observed at the republic's expense; sixth, the palace attendants may be retained, but the number of eunuchs cannot be increased; seventh, the Emperor's property will be protected by the republic; eighth, the Imperial guards will be governed by the Army Board, the republic paying their salaries.

INTERESTS OF ALIEN SECTIONS SAFEGUARDED

A contended point as to whether the Throne shall be perpetuated or will terminate with the present Emperor's death, is not mentioned. Four pledges for the treatment of the Imperial kinsmen follow:—First, the princes, dukes and others having hereditary titles, shall retain their ranks; second, the nobility shall have the rights and privileges of ordinary citizens; third, their private properties will be protected; fourth, the nobility shall be permitted exemption from military service.

Seven pledges are given in the interest of the Mongols, Manchus, Mohammedans and Thibetians:—First, they shall have rights and privileges similar to the Chinese; second, their private property will be respected; third, the nobility will retain their hereditary ranks; fourth, the state will find employment for such of the nobility as are in financial difficulties; fifth, the Manchus' pensions will continue until the state finds them occupations; sixth, restrictions of occupations and dwelling places will be abolished; seventh, they shall be accorded religious liberty.

Three Million Chinese Starving.

New York, February 13. "Three million persons in Central China are on the verge of starvation," reads a statement issued to-day by the China Famine Relief Committee of which Bishop David A. Greer is chairman. "Last summer the worst floods in forty years destroyed the crops in an area of 50,000 square miles. Many have already died of hunger, and unless prompt relief is given multitudes of men, women and children must perish. No harvest can be expected until May. Until then the famine will be growing daily more acute."

Want Recognition by Taft.

New York, February 13.—A committee of Chinese students representing 500 Chinese students in the United States announced to-day that a petition had been addressed to President Taft urging "Your Excellency's" immediate recognition of the first republic in Asia—the new Government of China."

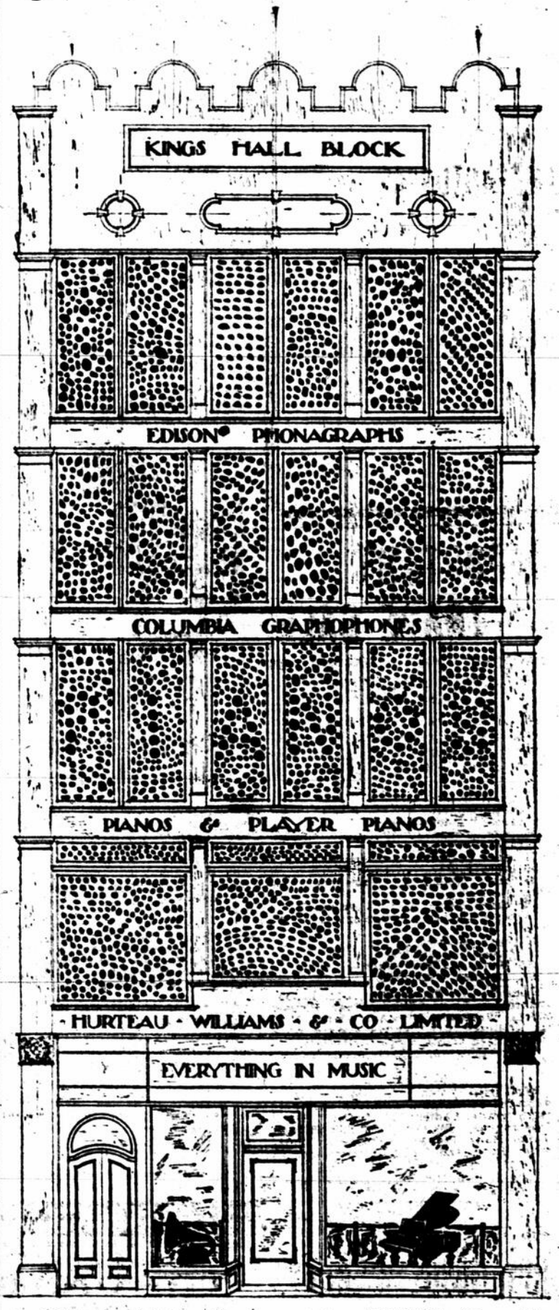
$12,255 Worth In Prizes Given Away Absolutely Free

COUNTING CONTEST



A Beautiful $350 Piano and Other Valuable Prizes Given Away, Absolutely

FREE

Count the Dots, in the Windows Only, of Our Building

A great Counting Contest in which many valuable prizes will be given to the successful contestants in Montreal and immediate vicinity.

THE REASON

We desire to have all the citizens of Montreal familiar with our store, which is one of the most complete Music Houses in Canada. We have adopted this novel way of acquainting the public with the structural lines of the building where our store is located, so that when the word "music" is mentioned, the name Hurteau, Williams & Co., will at once be brought to your mind.

Can You Count the Dots?

In the picture opposite is an exact reproduction of our building. We have arranged a certain number of dots in the **windows only, of the top storeys.** The correct answer has been placed under seal in our vault, and will be presented to the Judges when making the awards.

Directions for Competing

Count the dots in the windows only of the upper storeys in the illustration of the building opposite. Write the number and your name and address **plainly,** and mail or deliver to our store in a **sealed envelope** on or before **Tuesday, Feb. 20th, 1912,** at 6 p.m., addressed to:—

Contest Manager:
Hurteau, Williams & Co.
589 St. Catherine St. W.
Montreal

How the Answers Will Be Judged and the Prizes Awarded.

Replies will be placed in a large basket or receptacle in our store, and then the Judges will shake them up and will pick out an answer. The **first correct answer** selected will receive the first prize, and so on down until all the prizes have been awarded, thus putting each and every contestant on an even footing. The answer must be written very distinctly on this or a separate piece of paper. The Judges will not know the correct number until the Contest closes, after which the envelope will be opened in their presence, and the judging commenced. It costs you nothing to compete except a little time. The number and variety of prizes makes it worth your while to try. Don't hurry, take your time. It is not the first correct answer received which counts. The last letter posted has an equal chance to win the $350.00 piano as the first one.

LIST OF PRIZES

FIRST PRIZE—A beautiful $350.00 Upright Piano.
SECOND PRIZE — Cabinet Talking Machine, Mahogany case, valued at $165, and Credit Check $100.
THIRD PRIZE—Cabinet Talking Machine, valued at $75 and Credit Check $100.
FOURTH PRIZE—One Credit Check $100, and $10 in Gold.
FIFTH PRIZE—One Credit Check $100 and $5 in Gold.
FIFTY SPECIAL PRIZES of $85 Credit Checks.
FIFTY SPECIAL PRIZES of $75 Credit Checks.
FIFTY SPECIAL PRIZES of $65 Credit Checks, making a grand total of $12,255 worth in prizes.

CONTEST CLOSES AT 6 p.m. FEBRUARY 20th

ALL ANSWERS MUST BE RECEIVED AT OUR STORE PRIOR TO THAT TIME.

IMPORTANT NOTICE

If more than one member of a family tries to compete, or if any person sends in more than one answer, they will be disqualified, and their answers thrown out. No employee of our company will be allowed to compete. The contest is only open to residents of Montreal and the immediate vicinity. Credit Check prizes apply on new piano purchases only. Be sure your answer is addressed to Contest Manager.

A FEW FACTS

Remember the great success of our house is not alone due to the quality of goods we represent, but to our fair dealings with the public. Our aim is to sell thoroughly reliable instruments at prices as low as is consistent with good material and fine workmanship, and our prices are the same to everybody. Every instrument is marked in plain figures, and are guaranteed in every sense of the word.

NO INQUIRY INTO CONGESTION IN CIRCUIT COURTS

Announcement Made in Legislature to Raise Succession Duties Limit.

From a Special Staff Correspondent.

Quebec, February 13.—That there are well over seven thousand primary school teachers in the province and only about eleven hundred of them have normal school diplomas was the information given in answer to a query of Mr. Godfroy Langlois yesterday.

Another question from the same member drew the answer that no additional investigation would be held into the congestion of judicial cases in the Circuit Courts and the cause of same.

The Hon. Mr. Mackenzie presented his bill to amend the Quebec Succession Duties Act. The object is to raise the limit of exemption from $5,000 to $15,000 on direct successions.

The following items were passed in the estimates: $120,000 for Normal Schools, an increase of nearly $20,000; $700 towards salary of an inspector of Protestant superior schools; $3,000 to encourage the teaching of French by specialists in the Protestant academies, in conformity with the recommendations of the Protestant Committee of Public Instruction, and $200,000 for public schools.

Some Irish Land Statistics.

The Secretary of Agriculture's report states that of the 605,836 holdings in Ireland at present, 555,125 are in the hands of the occupiers, the number being in Leinster 124,102; in Munster, 126,891; in Ulster, 188,612, and in Connaught, 115,520.

Approaching the matters from a somewhat different standpoint the same result is apparent, namely, the steady wiping out of agricultural tillage, and allowing the land to run into pasture in recent years, because of the total area of 20,350,725 acres in 1910, of 17,249,059 under both crops and grass, there were 12,456,338 acres devoted to grazing purposes.

This furnishes additional proof that a large part of the cause of the decline in population has been the landlord system.

A Little Dictionary of Store Words.

Few people know how particular this store is in the use of words. It has certain terms that mean certain things—and whenever they appear in the advertisements they are always carefully used in their exact sense—which is often entirely different from their general "trade" use.

ALL WOOL: Our standard for our boys' and men's clothing. Clothing that will stand the test. Not "commercial all-wool"—which is cotton and wool mixed.

SPECIAL: An advantageous offer of something that, for the purpose of relieving our own stock or assisting small producers to dispose of over supplies, is to be sold for less than the market value.

CHEAP: A good, durable thing for the least money you can pay, and still get something worth buying.

Not trash at "next-to-nothing prices"——trash would not be cheap if it were given away.

LINEN: Pure flax—no threads of cotton mixed in.

SALE: An occasion where:

(1) Regular merchandise is sold at less than usual prices, or,

(2) Merchandise not here at other seasons of the year is bought at special rates and sold as bought.

"SECONDS": Merchandise not up to the standard of perfect goods of its class, and not to be sold at the same prices.

CHAPTER X X.—(Continued)

"You shall ascend, monsieur," he said. "I do not know who you are, but you are evidently a very wonderful person. We will ascend, and you shall wait while I place my head in cold water and Susanne mixes me some absinthe. Then I will listen."

The automobile came to a standstill about half-way down a shabby street in a somewhat shabby neighborhood. Herr Freudenberg noticed this fact without change of countenance, but with secret pleasure. He turned to Marguerite.

"Dear Marguerite," he whispered, "for an hour or so I must leave you. You will permit that my man takes you to your apartments and returns for me here."

"May I not wait for you here in the automobile," she asked timidly.

Herr Freudenberg shook his head kindly.

"Dear little one," he murmured, "not this morning. Indeed, I have important affairs on hand. As soon as I am free, I will telephone. Sleep well, little girl."

He stepped out on to the pavement. The pastern door in front of them was opened in response to Monsieur Jesen's vigorous knocking from some invisible place by a string. The three of them climbed four flights of rickety stairs. They reached at last a stone landing. Monsieur Jesen threw open a door and led the way into an untidy looking salon.

"Monsieur will forgive the fact," he begged, "that I am not better housed. If it were not for little Susanne here," he added, patting her upon the shoulder, "I doubt whether I should keep a roof above my head at all."

"It is not like this," Herr Freudenberg declared, "that genius should be treated."

"Indeed," Mademoiselle Susanne intervened, "it is what I tell him always, Monsieur, they pay him but a beggarly three hundred francs a month—he, who writes all the editorials; he, who is the spirit of the papers! It is not fair. I tell dear Paul that it is wicked, and, as he says, the money, if it were not for me, he would squander it in a minute. I have even to go with him to the office, for there are many who know when Paul draws a little cheque."

Herr Freudenberg set down his hat upon the table. He looked around at all the evidences of unclean and sordid life. Then he looked at the man. It was a queer housing, this, for genius! His face remained expressionless. Of the disgust he felt he showed no sign. In the building of houses one must use many tools!

Monsieur Jensen," he said, "and mademoiselle—I speak to you both, for I recognize that between you there is, indeed, a union of sympathy and souls. Mademoiselle, then, I address myself to you. On certain terms I have offered to purchase for Monsieur Paul here, a two-thirds share of the newspaper upon which he works—that two-thirds share which he and I both know is in the market at this moment. I am willing at mid-day to-morrow, or, rather, to-day, to place within his hands the sum required. I am willing to send my notary with him to the office, and the affair would be arranged at half-past twelve. From then he practically owns Le Jour Journal. Its politics are his to control. I make him this offer, mademoiselle, (and it is a bigger one than it sounds, for the money which I place in his hands to make this purchase—five hundred thousand francs — is his completely and absolutely. You move at once into apartments befitting your new position. Monsieur Paul Jensen is no longer a struggling and ill-paid journalist. He is the proprietor of a great journal through whose columns we shall help to guide the policy of your nation."

Monsieur Jensen sat down. His fingers were clutching one another. Mademoiselle stared at Herr Freudenberg. Her color was coming and going.

"Monsieur, I do not understand," she cried. "Are you a prince in disguise? Why do you do this?"

"Mademoiselle," Herr Freudenberg replied, "your question is the question of an intelligent woman. Why do I do this? Not for nothing, I assure you. It is my custom to make bargains, indeed, but I make them so that those with whom I deal shall never regret the day they met Herr Freudenberg. I offer you this splendid future, you and Monsieur Jensen there, on one condition, and it is a small one, for already the truth has found its way a little into his brain. Le Jour Journal has supported always, wholly and entirely, the entente between Great Britain and your country. I have tried to point out to Paul Jensen here what all far-seeing people must soon appreciate—that that entente is doomed."

The girl glanced at Jensen. Jensen was looking away out of the dusty window.

"Mademoiselle," Herr Freudenberg continued, "I will not weary you at this hour in the morning with politics. I have talked long with Monsieur Jensen, and I think that I have shown him something of the truth. You came to the rescue of Great Britain when she lay friendless and powerless. You saved her prestige, you saved her, without doubt, from invasion. What have you ever gain? Nothing! What can you than single corps from across the Elbe. Her fleet—you have no possessions to guard. It is for herself only that she maintains it. I ask you to think quietly for yourself, and ask yourself on whose side is the balance of advantage. You can reply to that question in one way, and one way only. France has been carried away on a wave of enthusiasm, a wave of sentiment—call it what you will. But France is a far-seeing people. The moment is ripe. I propose t Paul Jensen that he should be the hand and Le Jour Journal the vehicle which shall bring the French people to a proper understanding of the political situation."

"Who, then, are you?" Mademoiselle Susanné asked slowly.

Herr Freudenberg barely hesitated. "Mademoiselle," he said, "we speak of great things, we three, in this little chamber of yours. I, who have often talked of great things before, have learnt in life one lesson at least, and that is when one may trust. It is not my desire that many people should know who I am. It suits my purpose better to move in Paris as a private citizen; but to you two let me tell the truth. I am Prince Falkenberg."

There was a silence. The man looked at him sober enough now, in amazement. The girl's hands were clasped together. She was watching the man—her man. She crept to his side, her arm was around his neck.

"Dear Paul," she whispered, "think! Think how sweet life might be. There is so much truth in all this. I know little of politics, but think of the hard times we have lived through. Think how glorious to have you ride in your automobile to the offices of your newspaper; to see you pass into the editor's sanctum instead of waiting outside; to have me to call for you, perhaps, and take you out to lunch—no, never at Drevel's any more—at the Cafe de Paris, or Henry's, or Paillard's, or out in the Bois! And the little excursions, dear Paul. Think of them. The country—how we both love the country! You remember when we first went out together to the little town on the river, where no one ever seemed to have come from Paris before? How sleepy and quiet the long afternoon, when we lay in the grass and heard the birds sing, and the murmur of the river; and we had only a few francs for our dinner, and we had to leave the train and walk that last four miles because you had drunk one more bock. Dear Paul, think what life might be if one were really rich."

The man's eyes flashed.

"It is true," he muttered. "All my life I have been a struggler."

"You have done your genius an ill turn, my friend," Herr Freudenberg said slowly. "No man can be at his best who knows care. I, Prince Falkenberg, I promise you that it is the truth which I have spoken, the truth which I shall show you. You lose no shadow of honor or self-respect. There will come a day when the millions of readers whom you shall influence will say to themselves: 'Paul Jesen, he is the man who saw the truth. It is he who has saved France.' You accept?"

"Monsieur le Prince," Susanne cried. "he accepts!"

Jesen rose to his feet. He had become a little unsteady again. He struck the table with his fist.

"I accept," he declared.

Lady Northcliffe Operated Upon

Sir Frederick Treves Was Surgeon—Patient's Condition Reported Favorable.

London, February 13.—Lady Northcliffe was operated upon by Sir Frederick Treves last Friday. She is recovering, her condition being declared to be favorable.

Lady Northcliffe was Miss Mary Elizabeth Milner, and was married in 1888 to Alfred Harmsworth, now proprietor of the Times, the Daily Mail, and many other papers and magazines.

SILLY MAN NOW SILLIER.

Male Militant Suffragette Refuses Food in Jail—Now Crazy.

London, February 13—The militant suffragettes became very much agitated yesterday on learning that William Ball, one of their male adherents, who was sentenced to two months' imprisonment for window smashing during the suffragette riot in December, had gone insane while in prison and had been sent to an asylum. Ball followed the tactics of the suffragettes and refused to eat, and the prison authorities fed him forcibly. His wife ascribes his insanity to this treatment. The suffragettes demand an enquiry into the case.

Mme. Steinheil's Memoirs Ready

Piquant Revelations Promised in Book by Notorious Parisian Widow.

London, February 13.—Eveleigh Nash says Mme. Steinheil's memoirs are in type now and will probably be published at the end of next month. They are sure, he adds, to create a sensation, and the revelations made in connection with French politics and recent Parisian affairs are certain to set prominent men by the ears and give society something to talk about.

Mme. Steinheil lets light into several dim corners of Parisian life, and the results make piquant reading. She tells the whole story of the murder of her husband, making the whole truth known, probably for the first time.

New German Invention Makes Body Transparent After Death.

London, February 13—The London press is deeply interested in a discovery said to have been made by a German physician, Prof. Spalteholz, who, by the use of two complicated organic chemicals, makes the human body transparent after death.

The Daily Mirror says: "As a result of this discovery, dissection will be unnecessary, as the Spalteholz process makes not only the whole body, but the bones, transparent, so the full mechanism of human life is displayed."

UNDER SECRETARY SYSTEM PROPOSED FOR THE DOMINION

Reform Discussed in Correspondence With Imperial Govt. —Would Relieve Cabinet

JUNIOR MINISTERS WOULD BE MEMBERS

And Would Reside at Ottawa Permanently, Receiving Special Salaries.

Special to The Montreal Star.

Ottawa, February 13.—As a result of correspondence exchanged during the past month, between the government here and authorities on the subject in England, the establishment in the Canadian government of a system of Under-Secretary or Junior Ministers, seems to be a possible development of the not distant future. It is designed to relieve the Cabinet Ministers of much of the routine work now devolving upon them. The Under-Secretaries would be members of Parliament, but not of the Cabinet. Upon them much of the routine in the House and departments would devolve. The situation is now so pressing as to demand some change in certain departments, btu not in all. The Ministers not likely to have Juniors would be those of Labor, Inland Revenue, Customs, and State.

A memorandum containing suggestions is now in the hands of the Prime Minister, and shortly will be considered by the Cabinet and the House. The lines of reform proposed are (1) The chief Minister will be responsible for the general policy and administration of his department, while the Under-Secretary, will be charged with minor matters.

(2) The minor matters will be of a general nature, including the exposition of less important detailed points of policy, the defence of the Estimates in detail, and the conduct of the smaller debates as a whole.

(3) Bills of minor importance and motions of the same kind brought in by private members.

(4) Private Bills, i.e., bills regulating local or individual matters which concern matters under the cognizance of the department, and which are not of peculiar importance.

In the House the Junior Minister would answer questions in the absence of the senior, except on very important points of policy. The Under-Secretary would reside in Ottawa, and probably receive a salary greater than that of a Deputy Minister, which is $5,000.

A system may also be considered, under which Ministers may be empowered to speak in the Senate in explanation of their policy, while only voting in the Commons. The primary object of the scheme, however, is to re-apportion the work and relieve congestion.

Feathers On Boots Latest

Birds' Plumage Will Decorate Ladies' Shoes This Season, Says Paris Dictum.

New York, February 13.—The lady of fashion will shun plumage on her hat this year, but will be allowed to display a radiance of feathers on her shoes, acording to advices from Paris.

The very latest note of elegance in footwear is declared to be shoes covered with birds' plumage of the most elegant hues, gummed on to the leather. Buckles will be concealed by little pivots of aigrettes or feathers. The price of the new shoes will, of course, be enormous.

LEPROSY EXPERT DIES.

Death of Dr. G. A. Hansen is Announced.

Christiania, February 12 — Dr. G. Armeur Hansen, the biologist and discovery of the bacillus of leprosy, is dead. He was the head of the Leper Hospital at Bergen, Norway.

During the excitement in Washington and New York, in 1909, over the case of John Early, the supposed leper, Dr. Hansen, declared he had found the bacillus of leprosy in a piece of skin from Early. It was supposed at the time that Early had contracted the disease in the Philippines while serving in the American army there.

NEEDLE-NOSED BULLET.

Is to be Issued to the Canadian Militia.

Special to The Montreal Star.

Toronto, February 13.—The Globe to-day says it is understood intimation has been received that the issue of the new needle-pointed bullet for the Canadian militia is to be made very soon. This bullet has a velocity of 2,700 feet per second, and with it a marksman will be as effective at 800 yards as he is at 500 yards with the old bull-nosed bullet.

GIRL SAYS SHE WAS SERVED WITH DRUG.

Michael Interscia Accused of Illegal Liquor Selling.

Testifying that on January 29 she had been served with wine in the house of the accused, Rosa Roy, 18 years of age, was the chief witness examined yesterday afternoon in the case of Michael Interscia, charged with selling liquor and keeping drugs in his possession illegally.

The Boy girl also told the court that on another occasion a quantity of cocaine had been delivered to her for Rosanna Desjardins.

Mrs. Joseph Tremblay told of purchasing a bottle of absinthe from the accused on January 14, which she stated she had immediately turned over to the police. She told of again visiting the house on January 29, in company with Rosa Roy, when the accused had showed her a number of photographs.

Witness had sent the little girl in first to purchase powders which the accused had given her, but which he at first insisted should be used in the house.

The case will be continued this afternoon.

MAYOR DROUIN OF QUEBEC.

Changes on New Warship "Lion"

Moving Masts and One Funnel—Greater Speed the Apparent Object.

London, February 13. — Important structural alterations have been commenced at the Devonport dockyard to the new battleship-cruiser Lion, the longest warship afloat, which last month attained a record speed. The alterations will, it is estimated, cost $125,000, and will include reversing the positions of the two masts and altering the position of one funnel. The other vessels of the same class, the Princess Royal and the Queen Mary, are to be similarly treated.

It is believed that the alterations are necessitated by the fact that, although the designed horse-power was exceeded in the course of the Lion's trials, the speed attained did not come up to anticipations, having regard to the enormous horse-power developed. Day and night shifts are being employed in making the alterations.

Shakespearean Exhibit Plans

Three Thousand Society People to Participate in Elizabethan Revels at Earl's Court.

London, February 13.—Shakespeare's England at Earlscourt this summer in aid of the Shakespeare Memorial Fund will be totally unlike any exhibition ever held in any part of the world.

The Elizabethan relics promise to be magnificent, and it is expected three thousand well-known society people, all dressed in elaborate and gorgeous costumes of the Sixteenth Century, will take part in the revels.

Among those who have promised to participate in the revels are two Dukes.

SOCIALIST ON RAMPAGE.

Hawthornthwaite Makes Foolish Remarks About Union Jack.

Vancouver, B.C., February 13.—Proclaiming the constitutional right of the people to tear down the Union Jack if they liked, J. W. Hawthornthwaite, M.L.A., addressed a "Free-speech" meeting at the Grand Theatre last evening.

Hawthornthwaite in the course of his speech said:

"The moment the majority of the working people—the only useful people—decide that they don't want the old rag, they have the constitutional right to tear it down and make a mock of it — to wash some of the bloodstains out of it."

TAFT ASSAILS DEMOCRATS.

Attacks the "Little Navy and Army" Proposals.

New York, February 13.—In a speech here last night President Taft attacked the Democrats, especially for their proposition to reduce the army, eliminating one-third of its cavalry and by departing "from the time-honored policy of adding each year two new battleships to the navy."

"In considering our many responsibilities in all parts of the world," he said, "I think this a great mistake. Certainly the diminution in the additions to our fleet ought not to be considered until the Panama Canal is completed."

Hull Authorities Face Litigation Because of Negligence.

Hull, Que., February 13. — Action will be taken against the City of Hull or the Board of Health of that city for damages of an unstated amount, by Mr. William Payne, of 27 Laurier ave., Hull.

Mr. Payne claims that the death of his little 10-year-old son Leslie, who died of diphtheria last month, was due to the negligence of the Board of Health is not placarding the residence of a neighbor on Alma street, whose family was affected with the disease.

The Rev. S. S. Burns, of Toronto, will be inducted as pastor of St. John's Church, Brockville, on February 28.

QUEBEC RE-ELECTS MAYOR DROUIN AND ELEVEN ALDERMEN

Only One Protestant Candidate and His Ward is a French One.

LITTLE INTEREST IS DISPLAYED IN CONTEST

Mayor Drouin's Career Has Been One of Hard and Steady Work.

From a Special Staff Correspondent.

Quebec, February 13.—Mayor Drouin, who was re-elected Mayor of Quebec by acclamation yesterday, is emphatically a self-made man, hard-working, conscientious and a thorough business man. The fact that he has been returned by acclamation is the best evidence that the people of Quebec are satisfied with the results of his past administration.

As a boy, Mr. Drouin studied at the parish school of St. Roch and later at the Academy of the Christian Brothers. But he was only fourteen years old when he left school and began work in the store of his father who was a retail grocer.

When the son had reached the age of twenty-five, the father died and Napoleon Drouin continued the business in partnership with his brothers, Alexis and Edouard.

It was in another line, however, that the present Mayor laid the foundation of his fortune. That was in 1900 when he, his brothers and Alderman Jos. Picard formed the Rock City Tobacco Company. From the first Mr. Drouin took a most active part in the organization and conduct of this enterprise, and it progressed rapidly.

A Liberal in Politics.

In politics Mr. Drouin is a Liberal, but a broad-minded one. He realizes that politics has proved a serious obstacle to the advancement of the Ancient Capital in the past and holds there are many occasions when politics should give way to good citizenship.

It is only necessary to read the formidable list of electors who signed Mr. Drouin's nomination papers for a second term to realize that there was no question of politics in his election.

Champlain Market Question.

One of the things which has been criticized in the Mayor's past administration was the selling of the Champlain Market site to the Transcontinental as a terminus. Mr. Drouin admits the price—$100,000 was far below the value of the property, but he points out that conditions were imposed on the purchasers which far outweighed this consideration.

The River St. Charles is to be dredged, and this fact should develop and enhance the value of the populous wards of St. Sauveur, St. Roche and Limoilou.

Another condition was that the Grand Trunk Pacific should build a station of not less than $2,000,000 in value, and that it should erect large shops in the banlieue. Besides it was necessary to get work started on the terminals in good time if Quebec was to have her share of the traffic.

The question of taxes has also come in for much study, and as a result the assessment will in future be shifted from the real to the rental value.

One achievement during the Mayor's tenure of office was the negotiation of a contract with the Dorchester Electric Company, which will undertake to furnish lighting for the next ten years at practically half the rate which the citizens are now paying.

The Aldermanic Nominations.

The nominations of candidates for aldermanic honors took place here yesterday. Eleven aldermen were elected by acclamation. These are Messrs. P. Campbell, L. A. Cannon, J. Collier, H. Lavigneur, Dr. N. A. Dussault, J. A. Beaumont, P. Dinan, N. Gauvin, C. J. Lockwell, L. Emond and T. Trudel.

This leaves twelve seats to be contested. Interest in the municipal elections is practically nil, and the vote is likely to be very small. Only one English Protestant, ex-Alderman Messervey, is in the field and, as he is running in a French ward, the outlook is not very hopeful for him, so that the Protestants will probably be without representation, in spite of the large interests which they have in the city.

CROSSING SUPERIOR ICE.

Adventurous Pair Attempt Dangerous Automobile Trip.

Duluth, Minn., February 13.—Dr. Boures, who, accompanied by a newspaper correspondent, was reported last Saturday to have left Port Arthur, Ontario, in an endeavor to cross Lake Superior in an automobile on the ice, 196 miles, had not arrived here late to-day. Inquiries from up the lake failed to locate the automobile.

Much snow and many air-holes must be crossed if the trip is made, and it is believed here that the trip would be considered too risky.

LAST NIGHT'S CHARITY BALL EXCEEDED ALL PREDECESSORS IN GAIETY AND ANIMATION

NOTWITHSTANDING the regretted absence of Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia, which would naturally have shed the lustre of a Royal function over last night's Charity Ball, which took place at the Windsor, the universal verdict of the very large attendance was that there had never been a more successful one in point of view of gaiety and animation, nor had the dresses worn ever been more dainty or beautiful.

Fashions may come and fashions may go, but the beautiful ball dress is still the one in which the graceful charms of womanhood reach their highest perfection, and when united with the brilliant colors of the officers' mess uniforms, form a scene of beauty which is always a delight to the eye.

The ball last night, which was as usual in aid of the Maternity Hospital, though deprived of the presence of Their Royal Highnesses, was given under their patronage, and the success attained, both socially and financially, must be most gratifying to the members of the committees who worked so untiringly to secure it.

Owing to the large attendance this year it was found necessary to have two rooms, and so both the Windsor Hall and the Ladies' Ordinary were joined together by a passage draped with the Union Jack and other flags, the guests being required to enter by the Cypress street entrance.

Orchestras were furnished in both rooms, though naturally the larger one was stationed on the platform of Windsor Hall, which had been decorated with tall palms, flowering plants, and ferns. Baskets of yellow daffodils were arranged under the side lights on both sides of the ball room, and on the right side of the room there was a platform. Here the guests were received by Mrs. H. S. Holt and Mrs. W. R. Miller.

The floor was in splendid condition, and the long programme of music was played with delightful swing. Instead of the ordinary dance programmes, the full programme was hung on the wall, and by an arrangement of letters, placed in conspicuous places, partners were able to discover each other's whereabouts. The following was the programme:

PROGRAMME.

CLEANSES THE HAIR AND MAKES IT SOFT, FLUFFY, LUSTROUS AND ABUNDANT

Never Any Falling Hair, Itching Scalp or Dandruff if you Use a Little Danderine.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

The very first application cleanses the scalp, stops itchiness, destroys and dissolves every particle of dandruff and prevents the hair from falling out.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and is never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

THE CHINESE SITUATION.

THE capitulation of the Manchus has been announced so often from China that its formal accomplishment comes as stale news. The royal house is to be a pensioner on the Republic, but the right-hand man of the court remains the virtual ruler of China. In any other country, this would be a dangerous situation. In the early stages of the French Revolution, for example, it would have been decidedly menacing to the Revolutionists to have pensioned the King at Versailles and permitted his chief representative to control the Convention. The King would not have remained in retirement any longer, than he must; and there would have been constant plots to restore his power.

Nothing of the sort may occur in China, of course, for China is a law unto itself. The Manchus may keep faith; or it may be that the powers, which will now come into the ascendent, will desire nothing so little as their return to the throne. Yuan Shi Kai seems to have built up a personal influence which is quite independent of the magic of the royal name; and it is altogether likely that he will not want to be eclipsed once more by the Princes of the Blood if he can get along quite nicely without them. The men who plotted for the return of Louis XVI to absolute power, could not hope to gain so much personal influence by any other route.

If the new arrangement works smoothly and is worked in good faith, it will amount to a complete triumph for the reform party in time. The strength of Yuan Shi Kai is only personal, and cannot be passed on. All will eventually be merged in the Republican Government, and that will be a Government by oligarchy, leaning upon the military power. If a powerful army is built up in China—which there can hardly fail to be when it is so important—its chiefs will exert tremendous influence on the policy of the Government. Just what effect this will have upon the relations of China to the outside world, remains to be seen. But the fact that the Generals will be dominant, and that an ever-ready army will be their sole claim to power, may lead them to keep that army in good condition and possessed of great prestige by employment on the nation's business.

The first task before such an army will be to keep or restore the traditional boundaries of China. This is why we think that it is an extra-hazardous risk for any European nation to take advantage of the present confusion at Peking to carve away tempting sections of Chinese territory. It will be easy to-day; but terrible retribution may come to-morrow. This new Chinese army, which will be so necessary to a governing oligarchy, and which can be so easily created with foreign money and foreign instructors and native recruits, will assuredly try its temper by striving to restore the glories of Imperial China. That will mean war with these recent marauders; and war is seldom managed on a limited liability basis. Having driven out the usurpers, what will be more natural than to pursue the "pirates" to their home-nest, and annex a little territory as compensation for the late deprivation? By that gate comes in the Yellow Peril.

MUST DO SOMETHING REAL.

THE Toronto "News" recognizes in a thoughtful article the great gravity of the strained European situation which sent the British Minister of War on an emergency visit to Berlin and has surrounded every movement by any Government with an international network of "hair-trigger" suspicion. Even Viscount Haldane's week-end with the Kaiser depressed the Berlin Bourse; and the pointed curiosity of Paris startled St. Petersburg and did not reassure London. "The Toronto News" does not content itself, however, with limning the situation. It paints in quite as forceful colors the relation of Canada to this ever smoldering volcano, and points definitely to the new duties which these new conditions have brought us. After reminding us that, "for 150 years the British Navy has been our safeguard while we have developed our great natural resources," it declares with spirited emphasis that "we Canadians, cannot continue in this position much longer. We cannot do so with self respect. We cannot do so with common decency. We cannot do so with safety. As long as the British Empire has to face increasing armaments on the high seas, the obligation rests upon Canada as part of the Empire to assume its share of the world burden. If the Empire went down in some sudden cataclysm, it would be a sad day for civilization and a sadder for the Dominion."

Then the "News" takes up a practical side of the question, not sufficiently dwelt upon. We are a practical and money-making people, and we ought to be concerned in a contingency which may bring our dream of a prosperous Canada to a sudden end, and rob us at one stroke of a banker, a market, and a protector. The "News" says:

"Such a catastrophe would destroy the world's money centre that has furnished the cash and credit upon which the Dominion's remarkable commercial and industrial progress has been so largely based. It would cripple the market which takes the bulk of our exportable foodstuffs. It would leave our trade routes open to predatory powers and expose our coasts to any nation that chose to attack us. Far-seeing Americans recognize the absolutely vital importance of an all-powerful British navy even if some short-sighted Canadians do not."

Coming down to details, the "News" is in favor of naval action which will possess "hitting" power. It declares that "the Dominion, for its own sake, for the Empire's sake, for the world's sake, must do something real—something worth while. Our people will not be satisfied with any pretence at defence preparations." The policy of the present Government is, of course, to "consult the Admiralty." **"And it is to be hoped that the Admiralty will not hesitate to plainly express its views."** proceeds the "News." "We on this side of the water must finally decide how much money we shall spend and how we shall spend it, but the British Admiralty has worked at sea-defence for a thousand years, and we need its expert advice. With participation in Empire defence must come ultimately a voice in Empire affairs and Empire policy, but for the early future the need is for accurate knowledge of the naval problem and of how we can most effectively contribute to its solution."

This is the sort of talk which will find a response in the breast of our people. They have a strong and urgent desire to play a manly part on the world's stage, and they will consider themselves cheated if left in the attitude of "shirkers" when they are alive with the high spirit of soldiers. Now naval assistance is assistance which cannot be improvised. We cannot trust to our ability to collect battleships from a fleet of gun-boats in a sudden day of emergency, as we can assemble contingents from the bosom of our militia. We must plan our battleships well before hand, and begin for the war at least three or four years before it is to be fought.

That is the reason why it is necessary to ask our people to let loose their imagination, and attain in a time of peace the mental attitude which will be universal amidst the clamor of war. It is easy to-day to be lax and inattentive. We have so much to do in this growing country. But terrible will be the punishment upon any group of politicians who may be found responsible for our unpreparedness, if Armageddon comes and finds us unready. To be beaten to the earth will be bad enough; but to see our Canadian nationality slain, while we stand by, weaponless and impotent, will be a public shame which will rise for all time as a cruel monument over the grave of as brave a people as ever sought a permanent "place in the sun."

The Sacrifice of the Birds.

Baltimore Sun—The result lies with the women themselves. They cannot escape the responsibility. Milliners and wholesalers, importers and feather merchants say they furnish the feathers because the women demand them and will be satisfied with nothing else. The hunters who shoot and snare the birds, who rob the nestlings and leave the young birds to starve, carry on this slaughter of the innocents because the women demand it. If women themselves will take a firm stand against the use of feathers and aigrettes which can be obtained only through the killing of birds not used for food they will put an end to a cruel traffic which is dependent more on "woman's vanity" than on "man's greed."

Power From Water.

Cincinnati Enquirer—Among the many economies of our daily life one of the most important is that of the mechanical power with which to do things. And perhaps the greatest of these is running water. To produce steam we must use fuel. Coal must give out some time. We expect that there must be a limit to natural gas and gasoline. The great pockets of these, stored during the centuries, may never be replenished. But in the alchemy of nature water is being constantly renewed and is constantly running to its level. And, thanks to the turbine, whether that of the inward flow of the Francis or that of the outward flow of the Fourneyron, we may use its great power.

The Horse and the Automobile.

London Free Press—Mr. E. F. B. Johnston, K.C., predicts that in twenty-five years we shall have seen about the last of the horse. It is a hazardous prediction. What is clear, however, is that the day of the horseless carriage is already here. The automobile has passed beyond the novelty stage. It is not any longer merely for the pleasure of the wealthy. It has taken a definite place in commerce. What effect this may have upon the horse within twenty-five years it is difficult to say, although Mr. Johnston does not seem to experience hesitancy in making his prophetic utterance.

Ideals of the Boy Scouts.

Ottawa Evening Journal—The remarks of Sir Robert Baden-Powell on the objects and ideals of the Boy Scouts movements as conceived by himself, should put a final quietus on the often expressed objection as to the military character of the organization, creating a war-like spirit that may lead many of the boys to seek a military career. Like many fine practical soldiers, Baden-Powell has no love of war for war's sake, and his emphatic repudiation of warlike ideals for and on behalf of the scouts should remove the last apprehension in this respect.

Why Not Britannia?

Victoria Daily Colonist—Just by way of a suggestion—and it may be open to a good many objections, how would it do to call the whole Empire Britannia and all the inhabitants thereof Britons? Then the Englishman would be the inhabitant of England, the Scotsman the inhabitant of Scotland, the Irishman the inhabitant of Ireland, the Canadian and the Australian the inhabitant of their respective countries, and so on. And all of us "never, never, never will be slaves."

Want No More of the Kind.

Vancouver Daily News-Advertiser—We may suppose that the Doukhobors will continue to be a restless and eccentric people so long as they keep themselves isolated, retain their system of common property with individual effacement, remain illiterate, and refuse the duties and obligations of citizenship. Since they were encouraged and assisted to come to this country, they will be allowed to remain, but they should be the last of their kind to be invited to become Canadian settlers.

Fiscal Sovereignty.

When Canada wants freer importation of American products it will proceed to lower the Canadian imposts against such American products. Similarly, when the United States seek more of Canada's products they will promptly proceed to scale down the American duties. That is the reciprocity which involves no surrender of fiscal sovereignty. It is the only kind which Canada will agree to.

Continuous Progress.

Toronto Daily Star—During the last fifteen years the progress of Canada has been so rapid that some people feared it could not last. They said that there were always fat and lean years, cycles of prosperity and depression, hard times alternating with good times. Still the good times continued, the lean years did not come, the depression did not arrive. Each year was better than the last.

The Saving Habit.

Nashville Tennessean—The saving habit is one which grows with practice. It soon becomes almost as easy to save money as it is to spend it, if the depositor takes a pride in his account and regards it as something to be guarded against extravagance and passing whim. Money at interest is an anchor in the time of storm. It is a safeguard against disaster.

A Great German Seaport.

Boston Herald—Commercially speaking, nature has not been particularly kind to Hamburg. The city lies at the head of tidal water, on the estuary of the Elbe, a considerable distance from the open sea, and it was only by an unstinted outlay of money that the city authorities have been able to create what is admittedly the finest harbor and dock system in Europe.

Kaiser Must Walk Warily.

St. John Daily Telegraph—War may come. It is true, however, that there is nothing like a cause for war, and that Germany is not to-day in a position to risk a collision. William is neither mad nor a gambler, and in war to-day his country would have only a gambler's chance to avoid inconceivable disaster.

Nothing New Under the Sun.

Providence Journal—A French man of letters has written a book to prove that there will be a war if the sexes unless men yield to the demands of women. Has not that been raging from a time whereof the memory of man runneth not to the contrary?

The World's Best Seller.

London Free Press—The Bible still remains "the best seller." Nearly eleven million copies, in whole or part, were disposed of last year, more than the combined circulation of any other hundred books in the world.

RAILWAY MAIL PROPOSAL.

Minister Wants Temporary Appointments Authorized.

Special to The Montreal Star.

Ottawa, February 13.—The Hon. L. P. Pelletier has given notice of the following resolution:

"That it is expedient to amend the Post Office Act by providing, as for the temporary employment of railway mail clerks for a period of not more than one year, at a salary of $600 and mileage allowance, by, for the appointment of temporary railway mail clerks as permanent clerks with salaries not exceeding that which they received as such temporary clerks, but who shall not be eligible for an increase in salary until they have passed the necessary examination."

Letters to Editor

Ex-Ald. Carter and His Election.

To the Editor of the Montreal Star:

Sir.—In your editorial column recently you state that "politics sometimes make strange bed-fellows," etc.

I have not interested myself to ascertain the grounds upon which certain well-known aldermen denounce the actions of the Citizens' Association. In my particular case I was unreservedly endorsed by the Citizens' Association two years ago, and, further, they publicly declared that my standing as an alderman had not changed since that time.

I take my defeat like a good sport, and do not complain of the decision of the West Ward electors. At the same time, there are a large number of voters who do not follow closely civic affairs and are waiting to follow the lead, advice or recommendation of what they believe to come from an association of disinterested men. Whether the Citizens' Association acted wisely or not in refraining from endorsing a candidate because of the rebuff in case of defeat, is wholely a matter of opinion.

As to the statement that Ald. Fraser always voted right, it is not quite correct. At a very critical time in the manoeuvred of Ald. Grenier, Ald. Fraser voted with the "22." For verification see Municipal Gazette, vol. six, page 71.

You will permit me to make another slight correction. You state: "Previously I was elected by only a majority of four." To be strictly correct, my majority was eight.

The attitude of the Citizens' Association in remaining neutral is rather remarkable, considering that I was the choice made at a public meeting held in the Board of Trade four years ago, and considering the close attention given by me to public duties, especially in fighting all summer in 1909 the "22," during which time Ald. Fraser was in Europe.

Considering the important part I took in carrying out the expressed wishes of the business and manufacturing interests, in promoting the early closing of saloons, conforming to their petition of nearly one thousand signatures;

Considering the success of having placed before the Railway Commission the interests of the citizens for a reduction of telephone rates to that at the present time existing in Toronto;

Considering that my efforts with reference to the much-needed public lavatories which will be built this year;

Considering the number of meetings attended during my term of office, which all go to show that I was continually on the alert to further the interests of those by whom I was elected, taking active part in all matters coming before the Council. Although in justice to Ald. Fraser, it is only fair to say that I remember that during the two years of office he did propose two motions in the Council, one of which was to "change the standing of the committees," and the other was to "appoint Ald. Turner to the Protestant School Board".

Considering that Ald. Fraser had been endorsed by the Licensed Victuallers' Association, I am certainly at a loss to know what reasons the Citizens' Association can give in justification of their neutrality. The reasons why I was not endorsed by the Citizens' Association may be safely left to the citizens of Montreal to answer.

S. J. CARTER.

Montreal, Feb. 12, 1912.

Prof. Barlow Explains.

To the Editor of The Montreal Star:

Sir.—The notice of the presentation of a large block of gold-bearing quarts to the Museum of Applied Geology of McGill University, which appeared in your issue of the 7th inst., contains a number of inaccuracies which, in the interests of those concerned, should receive early correction. In the first place, the specimen in question, which is probably unique both by reason of its size and richness, was very generously donated by the Hollinger Mines, Limited. According to an estimate made by the manager, Mr. P. A. Robbins, it contains nearly $4,000 worth of gold. This large block of quartz, weighing about 1600 pounds, was selected by me in company with Mr. Robbins when on a professional visit to the Porcupine district. Its adequacy for demonstration purposes was an especial consideration, as it represented a complete cross-section from wall to wall of one of the smaller veins on the Hollinger property. At my suggestion, Dr. Adams wrote to Mr. Timmins, and the arrival of this specimen was an answer to a request contained in his letter.

In addition, I wish to make it very plain that I am not nor ever have been interested in the Hollinger mines; in fact, it is my conception of the ethics of mining that no consulting mining geologist or engineer should be interested financially in any mining proposition which appeals to the public for support. Agreeably with such a conviction, I am not nor ever have been in possession of any stock in any mining enterprise open to public subscription. My opinions regarding the mining possibility of the hinterland of both Ontario and Quebec have been clearly expressed in various public documents. My views with regard to Porcupine and certain mining properties in Porcupine have already been included in confidential reports to interested parties, and these are the only expressions of opinion which I have ventured.

Brick or Tiled Hearths.

To the Editor of the Montreal Star.

Sir.—It has always been a source of very great surprise to me to find the fire insurance companies of Montreal so easy to deal with in the matter of insuring the furniture and belongings of tenants in the flats hereabout. A great number are heated by stoves, as distinct from the furnaces supplying warmth through radiators, and as a rule no provision is made by the owners of the property by making hearths for stoves to stand upon, or any precaution taken to protect the lath and plaster walls. In place of this he usually sticks some highly inflammable canvas in a most convenient position to catch fire.

If, when the owner is "veneering" his front, he would purloin a few of the bricks and have the bricklayer put them on the floor where the stove is to stand, and carry a veneer of them behind the

MONTREAL GENERAL HOSPITAL

ESTABLISHED 1823

Supported Entirely by Voluntary Subscription

Through the generosity of the public, the Montreal General Hospital has been supported for the past eighty-seven years on a scale commensurate with the needs of the community.

The unprecedented growth of the city during the past five years has so enlarged the demands upon the institution by the suffering public as to necessitate the reconstruction of the Hospital buildings.

The modernized Montreal General Hospital will be fireproof, and will embrace the latest improvements in hospital architecture and equipment.

This important undertaking, necessitating increased expenditure for maintenance, has been assumed by the Committee of Management, in the full hope that the public will recognize the growing claims of this venerable institution.

FIERCE ATTACK ON NE TEMERE DECREE BY UNIONIST M.P.

"Amazing Act of Aggression and Insolence," Declares Mr. John Campbell, M.P.

Canadian Associated Press.

London, February 13.—A conference of the Unionist Nonconformists was held here yesterday, when the principal speakers were Sir Edward Carson and John Campbell, M.P. Resolutions were carried protesting against Home Rule and against the Ne Temere and Motu Proprio decrees.

Mr. Campbell characterized the Ne Temere decree as an insolent attempt on the part of a foreign power to overrule the law of the land. It was an amazing act of aggression and insolence, conceived with an incomprehensible motive. He said the Vatican had issued a second decree known as the Motu Proprio, which meant that a Roman Catholic Lord Chancellor, Roman Catholic Attorney-General, or a Roman Catholic Solicitor-General dared not put the law in motion where any priest was involved without incurring excommunication at the hands of the Pope.

Sees Good Cause for Alarm.

What a shame that such a far-reaching blow to civil freedom could be possible, especially in Ireland, where the majority of the population was so devoted to their clergy. Was it any wonder when these things were being done on the eve of the expected triumph of Home Rule, that Protestants in Ireland were getting thoroughly alarmed as to the future. No Irish Roman Catholic M.P. had given any assurance as to these decrees, except that it was said that the Pope could dispense with the application of these decrees in England and Ireland. But therein lay the danger; he might dispense with them, but when Ireland got Home Rule he could re-apply them. It depended on the Pope's own caprice, but they were not going to allow their civil and religious liberties to depend on the caprice of any man. (Cheers.)

Does Not Want Guarantee.

Sir Edward Carson declared that the administration by an executive accountable only to the Irish Parliament could do whatever it pleased. "Even if you were to fill their bill with volumes of so-called guarantees. We don't want guarantees; we know their illusion; we know they don't mean to keep them. We had the same statements when county councils were set up in Ireland. They then said there would be fair play but the councils were hardly set up when they said we will turn the county councils if necessary into political organizations to carry out our work. Our best guarantee is reliance upon ourselves."

FARMERS FIGHT FOR CARS.

Blain Lake, Sask., Scene of Sanguinary Scrimmage.

Rosthern, Sask., February 12.—A regular battle took place on the streets of Blain Lake, thirty miles north-west of Rosthern, on Saturday afternoon, about one hundred men taking part. The row was between a party of Galicians, assisted by some Frenchmen on one side, and a number of Doukhobors on the other. One Doukhobor had his skull broken. He was taken home, but it is not known whether he died or not. The row started over the securing of grain cars.

For 115 Boys To-morrow

We Will Sell $4.00 and $4.50 Fancy Overcoats, at *$1.98.*

A leading clothing manufacturer sold us his left over stock of Fancy Overcoats for Boys at a price that warrants this remarkable reduction for to-morrow. From this very manufacturer we have before secured many exceptional lots of Men's and Boys' Clothing that delighted many a mother with their styles and low prices. We are sorry we could get only 115 of these. Made from a heavy durable tweed, good selection of patterns, cut in the favorite double breasted style, warm check linings, sizes 3 to nine years. Just the coats that will fit the boy out to face the February and March storms. Good for two or three seasons. WHILE THEY LAST WE WILL SELL THE LOT AT **$1.98**

Packing Morgan Treasures Now

Special to The Montreal Star.

London, February 13. Michael Nathan, chief fine arts inspector for the United States Customs service is here superintending the packing and sealing of J. Pierpont Morgan's art treasures at the Kensington Museum.

It is said the purpose of Mr. Nathan's visit is to avoid opening or interfering with the cases in New York, thus reducing the chance of injury to the collections. It is understood that all of Mr. Morgan's treasures in Europe are to be sealed in the same manner and forwarded to America.

Puritan Museum At Scrooby, Eng.

London, February 12.—Scrooby, a little Nottinghamshire village, now possesses a museum in honor of one of its famous inhabitants, William Brewster, one of the leaders of the Pilgrim Fathers.

Brewster lived in the old parsonage near the Manor House, which was once Cardinal Wolsey's palace. Brewster's prayer meetings are said to have taken place in the Cardinal's banqueting hall, now a stable and shelter for calves.

Brewster's old home is now the property of Lord Galway, who, with the help of Lady Galway, has turned the house into a museum, furnished just as in the days of the old Puritan.

Ask Your Doctor

And why not? Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

FIVE MILLIONS FOR THE COLONIZATION OF NEW ONTARIO

Sir James Whitney Announces Great Plan for Development of Country.

Special to The Montreal Star.

Toronto, February 13.—Sir James Whitney astonished both sides of the House yesterday by announcing in the Legislature that the Government had decided to make an appropriation of five million dollars for the colonization and development of the whole northern part of the Province known as New Ontario.

The Premier also announced that a man of tried capacity and experience would be engaged to report upon and take charge of settlement, road building and all matters pertaining to this colonization. Authority would be asked at the present session, Sir James said, for authority to borrow the sum in question.

The new appointee, he stated later to a reporter, would be attached to one of the present departments of the Government, in all likelihood as a Deputy Minister.

To Control Vaccination.

Absolute control over the vaccination of children, whether in public or private schools, will be handed over to the medical health officers and local Boards of Health by legislation introduced in the House yesterday by the Hon. W. J. Hanna, Provincial Secretary. At present, boards of education have control of the vaccination of school children. The penalty for violation of the Act is extended to one year, instead of one month, as heretofore.

NO UNION STATION.

C.P.R. and G.T.R. Cannot Agree in Toronto.

There seems little prospect of the Grand Trunk and the Canadian Pacific Railway joining forces in the building of a Union Station for Toronto, to supply that city with the badly-needed station accommodation.

The Grand Trunk favors a station on Front street with all through tracks reached by a concourse and subways; the Canadian Pacific Railway plans to have but seven through lines, and the remainder stub tracks on the terminal system, with separate compartments for inbound and outbound passengers and freight.

The Railway Commissioners, who have been studying the rival plans, and hearing the arguments of Mr. Kelly, for the Grand Trunk and Mr. Leonard, for the C. P. R., have favored the Grand Trunk's idea.

As a result Mr. Leonard has now stated that the C. P. R. will have nothing to do with the Grand Trunk plans, but will build an independent station in North Toronto. "Fifteen years will be the life of the proposed new station on Front Street," he said. "The city and business are growing away from it every day."

BADEN-POWELL'S PLANS.

Will Visit Boys' Republic at Freeville, New York.

Auburn, N.Y., February 13.—General Sir Robert Baden-Powell, head of the Boy Scouts movement, has informed William R. George, founder of the George Junior Republic, that he will visit the institution at Freeville on Friday or Saturday of this week, with the intention of studying the juvenile republic so that he can adapt some of its ideas to the Scout movement.

Save Power and Money

Acknowledged authorities in the mechanical arts claim and demonstrate an advantage of 5 per cent. when leather belts are run over WOOD PULLEYS as against IRON or STEEL Pulleys.

This coupled with the fact that the wood pulley costs about 40 per cent. less than the iron or steel, should make the Dodge Pulley a very important factor in the economic power. Twenty-five years of success behind our quality and guarantee.

Great Britain at Instance of Washington, Prevails on Japan to Consent.

London, February 13.—The British Governmentprevailed on Japan to postpone loans to Chinese companies, the proceeds of which might reach either the Republicans or the Imperialists.

State Secretary Knox, through the United States Embassy in London, called the attention of Sir Edward Grey, the British Secretary of State for Foreign Affairs, to the proposed purchase by the Japan Mail Steamship Company of the China merchants Marine Company, as an indirect way of supplying the republicans with funds.

At that time Japan was able to reply that the Hong Kong and Shanghai bank had already made a loan to the China Merchant Marine Company, part of which, it was presumed, went to the Republicans.

This was a surprise to the British Government as well as to the London office of the Hong Kong and Shanghai bank, but a cable despatch from the Hong Kong headquarters of the bank confirmed the loan.

Agreement to Prevent Loans.

way that all switchmen must have. When the proposed loan to the Hankow Railway Company by the Okura Arms and Ammunition Company was reported, State Secretary Knox again called the attention of the British Government to the subject, and Sir Edward Grey once more approached the Japanese Government.

On this occasion the reply of Japan proposed that the Powers should prohibit their national banks from making loans to either side, but Great Britain had no power to do this and proposed instead that the Powers should use their influence with their national banks to prevent loans.

The Japanese Government has agreed to do this.

Lady Screamed As Aero Stopped

And Only Aviator's Coolness Prevented Double Aeroplane Tragedy at Long Island.

Special to The Montreal Star.

Garden City, L. I., February 13.—With a woman at his side screaming and apparently on the point of jumping from his aeroplane, and the gasoline in his tanks frozen, George Beatty, an aviator, saved his passenger and himself from destruction after a flight above Nassau Boulevard, Long Island, yesterday, only by his calmness in retaining control of his guiding plane.

Mrs. Wm. A. Dunlap, wife of the millionaire manufacturer, was the passenger, and her first experience aloft almost ended in her death. Although she and Beatty reached the ground safely in a long, thrilling glide from a height of 500 feet, it is unlikely she will essay a ride in the clouds again for a long time.

"Up to the time the gasoline gave out," Mrs. Dunlap said when she had recovered, "I enjoyed the flight very much. It was only when the gasoline supply became affected that I got frightened. I didn't know what had happened, but it was terrifying to hear the propeller behind us stop buzzing and to realize that the power had given out."

"THE FORUM" LIBEL SUIT

(Continued from Page 3.)

the circulation of your paper. (Laughter.)

Mr. Macnab—Well, yes, indirectly.

Complained of Noise.

Mr. Herbert E. Baines said in October, 1910, he lived at 276 St. Luke st., behind the Forum building, and in 1909 he wrote a complaint to the Forum of the noise. He did this twice. The first time he received no reply. When he wrote again, the management sent him a complimentary ticket, good for a year. (Laughter). He did not use it but threw it in the fire. Afterwards a petition against the Forum was sent round and witness signed it.

In reply to Mr. Elliott's objection to the line of witness's examination, Mr. Chipman said he wanted to establish that there was a public opinion against the Forum building.

Witness went on to read the petition to the Board of Control against the Forum showing the objections to be because it threatened danger through fire, that it was built contrary to the by-law and regulations, and was a public annoyance and nuisance.

In cross-examination witness admitted he did not read the petition in its entirety before signing, that was to say he did not go into the precise details of the allegations against the building. He considered the Forum from the point of fire danger was a danger to his house. He presumed the matters named in the petition were correct.

Objected to the Noise.

Dr. Field, 1023 St. Catherine street, west, also gave evidence of having signed the petition against the Forum and handed it round to his neighbors for their signatures. His landlord, Mr. Molson Crowford, brought the petition under his notice. He had found his place intolerable as rag time music was dragged out on Sunday afternoons.

In cross-examination he said he got out of reach of the nuisance in summer by leaving for the country.

Rev. Dr. Young also gave evidence of having signed the petition against the Forum.

Mr. Elliott (in cross-examination)—You have not seen inside the Forum. I take it and have not had the advantage of seeing the merry throng of skaters.

No, answered Dr. Young. "I have not. I have had the advantage of hearing them. (Laughter.)

Hospital Made Complaint.

Mr. Peter Lyall said he signed the petition, and he believed all the allegations contained therein were correct. He was president of the Western Hospital, and the patients in that institution suffered through the noise at the Forum. He was present when the petition was presented to the Mayor of the City, and the remarks attributed to him in the report of the proceedings published in the Star at the time represented exactly what he had said at the time, namely, that there was no proper inspection of buildings in the city, and this was not to be wondered at, as the inspectors had not time to properly look over all the plans of the buildings. The Forum, he had said, was a danger, an eyesore, and a menace in case of fire, and should be pulled down.

Colonel Carson, churchwarden of St. Stephen's Church and Dean Evans also gave evidence of signing the petition to the Board of Control against the Forum. The roar of the people skating could be heard in the church in summer time, said Dean Evans, also, what he supposed must in courtesy be called music.

Asked by Mr. Chipman if the noise from the rink could be heard in the Western Hospital, Dean Evans said that while administering to the sick and dying he had been frequently disturbed on Sunday afternoons by the noise from the Forum.

The latter answer was taken under reserve by the Judge to decide later whether it should be submitted to the jury.

While Col. Carson was on the witness stand, Mr. Chipman sought to obtain from him, as an insurance man, what his opinion was regarding the Forum as an insurable risk.

The Judge said this would not have any effect upon the case. They had the evidence that the Forum had been insured by five companies.

Mr. Elliott—And that they cancelled the insurance owing to the attacks of the Star.

The Judge—If you could prove that Mr. Carson has refused to insure the building, your questions would be proper. Otherwise they cannot be allowed.

There was some discussion between counsel as to the proof of the petition but the Judge said that it was not necessary for the Star to prove the truth of all that it contained. It was necessary to prove it had been presented to the city authorities.

Further hearing of the case was adjourned until to-morrow morning.

FIRE CHIEF TREMBLAY ON THE WITNESS STAND

Chief Tremblay, head of the city fire department, was the principal witness yesterday afternoon, in the Forum libel action against The Star. He stated that he was asked by resolution of the Board of Control on November 22, 1910, to make an examination of the Forum building. He did this, accompanied by Mr. A. Chausse, the city building inspector, and subsequently made a report upon his inspection to the Board of Control under date November 28, 1910.

In this report he said:—

After having made this inspection, I have come to the conclusion that this building offers very great fire dangers. Nevertheless, I must add that the management seems very anxious to assure every possible security to the public, and in case of fire I am of opinion that the people who are in the skating rink would not be seriously exposed to loss of life.

The existence of an exhibition room and a repairing workshop for automobiles in this wooden construction constitutes a most serious menace, despite all the precautions that may be taken to ameliorate it. In this case the gasoline tank is placed under the sidewalk of Atwater avenue, on the outside of the Forum, and the oil tanks are of the most perfect type, but as the repairs of automobiles are made on the interior of the building, I know by experience that it might easily happen that an explosion of gasoline might be produced during the course of the repairs by a spark, a lighted match, or the end of a cigar or cigarette coming in contact with the gasoline of the automobile under repair, or with cotton waste, or with the rags used for cleaning the automobiles. These rags are impregnated with oil, and catch fire with extraordinary facility.

"The disastrous fire in the garage on Guy street last month was apparently due to the carelessness of a smoker, who set fire to cotton waste. Even the least beginnings of a fire in the automobile repairing workshop of the Wilson Company would suffice to communicate the fire to all the western part of the Forum.

"By the side of the Wilson establishment is a joiner's workshop in very bad order. It is heaped up with wood, paint, paper rubbish, shavings, sawdust, etc. It constitutes another source of danger.

What Might Happen in Case of Fire.

"During the skating hours there is no one specially charged to exercise surveillance on the different parts of the building. What would happen, therefore, if a fire broke out during this time, whether in the automobile repair shop or the joiners' workshop, which are situated under the skating rink?

"The exits are sufficient, the windows open easily from the interior and the exterior, and the building is not very high. The skaters and spectators might, therefore, certainly escape easily enough, but if there should happen to be the least wind from the west, and as a matter of fact, most of the winds which visit us are from the west, and the least delay in giving the alarm, then the immense skating rink would in a few minutes be transformed into a fiery furnace, as the Stadium was, and the flames would be carried on to the residences on Closse street, to the east of the Forum, which would be seriously menaced.

"On the north side the dangers are not so great, for a large field separates the Forum and the neighboring houses, to the west and the south the danger is practically nil.

"Should not tolerate," says Chief.

"In conclusion, it is my duty to say that the city ought not to tolerate the existence of an exhibition hall and a workshop for repairing automobiles, and a joiner's shop, in a building of such an inflammable nature; and, further, I am of opinion that the Wilson Motor Car Company installed itself in the Forum building, last month without any authorization of the Council, and contrary to the municipal regulations governing establishments of this kind."

Mr. Marechal was questioning the witness respecting the distance of the skating rink of the Forum from the ground floor, when Mr. Elliott, plaintiff's counsel, demurred. He said that this report was the only one that had been made by Chief Tremblay to the Board of Control, and it must serve as any basis for The Star's comment upon the building. Did The Star properly interpret it?

Justice Demers—But Mr. Tremblay may be examined as to the height of the floor of the rink.

Mr. Marechal—I am not going to seek to contradict the chief's report at all.

In reply to the question, witness said he could not give the precise height from the windows of the rink to the roadway, but he estimated it would be about fifteen feet. In the case of fire, the skaters would have to jump that distance, providing they could not pass out of the building in any other way.

Mr. Marechal—If, in that rink, there was assembled twelve or fifteen hundred people, and a fire broke out like you referred to in your report, do you believe that the exits which are there would be sufficient to those people to leave on their skates and escape without jumping through the windows?

Witness—I believe so.

Mr. Marechal—If there were children

BILIOUS HEADACHE, BAD BREATH AND SOUR STOMACH MEAN LAZY LIVER AND BOWELS

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out to-night—and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then you will feel great.

A Cascaret to-night will straighten you out by morning—a 10-cent box means a clear head and cheerfulness for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

BANK HEADS DENY RUMOR OF A MERGER

Special to The Montreal Star.

Quebec, February 12.—All the officials of both the Quebec and Union Banks deny that there is any truth in the reports that an amalgamation is proposed.

Mr. J. T. Ross, president of the Quebec Bank, is most emphatic on this point and says it is merely an old story revived.

Hon. John Sharples of the Union Bank is equally emphatic in his denial.

Stock manipulation is said to be the cause of the sudden rise by some. It is more probable, however, that the changing of the Union Banks headquarter to Winnipeg may have a good deal to do with it, and the rumor will not down that the Quebec Bank will remove its head office to Montreal this year.

SIR WILLIAM MEREDITH TO PROBE BANK

Special to The Montreal Star.

Ottawa, February 12.—To enquire fully into the collapse of the Farmers Bank, the Government has appointed Chief Justice Sir William Meredith a special commissioner, vested with wide powers. The order-in-Council for his appointment was passed to-day.

After the disastrous collapse of the bank, the depositors and shareholders pressed for a total commission of enquiry, believing that it would reveal many facts of interest. The late Government, however, refused. The shareholders and depositors came down here early in the session and renewed their demand, which the Government carefully considered.

Some time ago it was announced that a commissioner would be appointed, but the commissioner is the person of Sir William Meredith has just been selected.

The enquiry will be complete, but as many of the essential facts immediately preceding the collapse of the bank have been brought out in the liquidator, it seems probable that particular attention will not be directed to the issue of the certificate by Mr. Fielding and the Treasury Board. On the strength of that the plucky bank started on its reckless career.

BERLIN WAS AGAIN WEAK.

Berlin, February 13.—Prices closed weaker on the Bourse to-day.

Paris, February 13.—Prices were firm on the Bourse to-day.

ANSWERS TO QUESTIONS

N. Y. Z.—Your enquiry on bonds will be answered if you forward your name and address.

Crescent Nfld.—N. S. Steel figures for 1911 not out yet. Annual meeting has not been set in March. A steel business is rather slow at present. Dividend is passed, but looks as though it will be paid. Looked on as a bear stock. It will surprise most people if a higher rate is announced at the annual meeting.

Investor.—The real estate company you refer to is not an investment but is a gamble. The same applies to the mining stock. The Locomotive did not pay dividend for July, 1906, and has not paid since.

A Subscriber.—The Wayagamack proposition you refer to is subject to the usual business risks, and one always taking a big chance investing [illegible] money. As to Calgary coal, it is at present very high and may be much higher before the new harvest comes on the market, and if a reliable party did want to buy it, we would say it would be a reliable deal that you are getting a bargain.

W. E.—Dominion Steel 1st mortgage bonds at 85 would be a little over 6 per cent, and the security is unquestioned.

WALL STREET WAS STRONG AT THE CLOSE

In Wall Street the weakness in the tobacco group was ignored by the active issues, although there was some liquidation of minor specialties.

American Tobacco gave way four points to 256, which compared with 287, its record figure of three weeks ago. Pressed Steel Car fell 1 1-2 and Nor. products, pfd. and Republic Steel pfd. 1.

Towards the close the tone was firm, Steel was 60 1-2, Reading 167 3-4 Copper 63 1-4, Smelters 70 1-4, C. P. R 228 7-8, Erie 31 3-4, Lehigh 158 3-8, N. Y. Central 110 3-8, Union 164 1-4.

Warm Talk On the Combine Act

Special to The Montreal Star.

Toronto, February 12. — "I think that this act must have been hewn out of a block of wood with a broad axe and placed upon the statute book when the members of Parliament were either absent or asleep."

This was Mr. E. F. B. Johnstone's opinion on that celebrated piece of legislation entitled "The Combines' Investigation Act," the father of which is the Hon. Mackenzie King, before the members of the Canadian Wholesale Guild, at the King Edward Hotel, to-day.

Mr. Johnstone denounced the Combines Investigation Act, denounced it as a disgraceful piece of legislation that might find fit company in the days five thousand years before the inquisition. He said it was a condition that allowed a man to be persecuted by a commission without legal representation, except through courtesy by an investigating board, condemned and fined $1,000 while he might be tried by a jury on the same charge and found to be innocent.

Many Drugs, Etc., On Free List

Washington, February 12.—The chemical tariff revision bill, prepared by the Democratic members of the Ways and Means Committee of the House was made public to-day. It puts the following articles on the free list: Acids, sulphate of copper, borax, charcoal and bone black, coal tar and some of its products, sulphate of iron, Paris Green, London purple, sulphate of soda, strychnine, sulphur in all forms, talcum, and practically all drugs, such as barks, beans, berries, fruits, dried fibres, roots, and the like.

According to the committee's report, the bill would increase the Government revenue from the chemical tariff to more than $16,000,000 in the next fiscal year, an increase of more than $4,000,000.

Little Nipissing's Lease Cancelled

The Little Nipissing Co.'s lease of the Peterson Lake property has been cancelled by the Petersoni Lake Co. This has been done on the strength of a clause in the lease which provided for its cancellation in case of no work being done on the property for a month.

The property leased by the Little Nip. consisted of a plot on the west shore of Peterson Lake, the lease being issued in 1906 for five years on a royalty basis. In 1910 this lease was renewed for five years on similar terms, and an additional tract of fifteen acres adjoining was also taken over for operations by the Little Nipissing.

TROUBLE LOOMS UP AT FIRST MEETING OF CITY COUNCIL

Ald. Giroux Begins Protests and Ald. Lariviere Proposes Abolition of Two-Thirds Majority.

Signs of trouble looming up on the municipal horizon were clearly manifest at the inaugural meeting of the city council yesterday afternoon when Mayor Lavallee and the aldermen took their seats for the first time, and retiring Mayor Guerin wore his robes of office for the last time.

First of all, Ald. Giroux showed his combative and threatening spirit by protesting against the meeting of the council because he had not received an invitation to attend. In view of this he challenged the right of the council to meet at all, and declared that he would attack the validity of any business transacted. Mayor Guerin overruled him, this being one of the last rulings of the retiring chief magistrate.

The Legislative Committee was appointed with only two English-speaking members, Ald. Boyd having withdrawn. The new committee will be composed as follows: The Mayor, Ald. L. A. Lapointe, Robinson, Tetreau, O'Connell, Emard, Prud'homme and Morin.

Next Ald. Mederic Martin launched his famous motion to abolish the Board of Control, and was immediately check-mated by Ald. L. A. Lapointe, who proposed that a referendum be held to decide whether the people wanted to abolish the aldermen or not.

Ald. Poissant gave notice of motion to abolish the special paving tax, and Ald. Blumenthal had a motion to increase the salaries of policemen and firemen. Ald. Tetreau called for all correspondence exchanged between Controller Wanklyn and the other members of the Board of Control. Ald. Garceau was appointed acting mayor.

Mayor Lavallee's Motto.

Apart from these signs of trouble to come, the proceedings were quite harmonious on the surface, Mayor Lavallee's speech being the feature of the meeting. The new mayor first thanked the public for having elected him by such a large majority—12,412. He announced that his motto in the future, as in the past, would be "Fais ce que dois," or: "Do your whole duty."

Warning About Debt.

The Mayor sounded a note of warning in regard to the consolidated debt of the city, which now totalled $47,932,500, and which led up to his proposal to reduce the borrowing power from 15 to 12 per cent. of the property valuation. He believed this proposal received the support of the people during the past campaign, and it had been approved of by Comptroller Pelletier and the retiring treasurer, Mr. Robb. He hoped the proposal would be sanctioned by the Legislature and that the citizens would see their debt gradually decreasing.

Ald. Giroux, on rising, declared that the public could count on him in any measure for the benefit of the city, and that he would support the controllers as long as he judged their proposals good.

Must Keep "Two-thirds" Rule.

Meanwhile, there is a great deal of agitation at the City Hall over the proposal of Ald. Lariviere to abolish the section of the charter providing that a two-thirds vote of the aldermen is necessary to overrule the controllers. "That will mean the end of the Board of Control," said the controllers to-day.

"There could be no business done by the Board of Control," said Mr. Wanklyn, "if the two-thirds safety clause is swept away. When the Board of Control was appointed by the Legislature, at the request of the citizens, it was seen at a glance that the Controllers would have no power of controlling unless two-thirds of the Council were required to amend their reports.

"I cannot beleive for a moment that Premier Gouin, who has taken such a warm interest in the administration of the city, will for a moment consent to any move that would make the controllers a mere figure head. The good administration of the city entirely depends upon this two-thirds law being maintained."

Controller Dupuis—"The motion of Ald. Lariviere is a blow at the Board of Control. In a word, he wants to cripple the Controllers by lessening their powers. This move is a serious one, but it cannot be carried out without the assent of the Legislature; I feel sure that it will not carry at Quebec."

Ald. Robinson—"This cunning move is simply the first wedge to get back to administration by committees. Once let it be ordained that a mere majority of Council can amend the reports of the Controllers and then the administration by the controllers is at an end. We must not go back to the old system of administration.

Ald. Lariviere, the mover of the motion, said: "I think it only right that a mere majority of Council should have power to amend the reports of the Controllers. I know of no other city where it is demanded that the aldermen must get a two thirds majority before they can amend reports from the controllers. I believe in majority rule. This principle is recognized all over the world. Why then should there be discrimination against the aldermen."

ONTARIO DOMINION ALLIANCE MEETS.

President Gibson Says Federal and Provincial Prohibition Coming Soon.

Toronto, February 13.—The annual convention of the Ontario branch of the Dominion Alliance opened this morning at Massey Hall, with about 400 delegates in attendance. The convention will last until Friday evening.

The president, Mr. Jos. Gibson, of Ingersoll, declared that the question of Provincial and Dominion prohibition legislation was a matter of the immediate future.

The Rev. Dr. Carman, in a brief address, reviewed the work of the year, and the Rev. B. H. Spence declared that the work of the local inspectors was inefficient.

SIR WILLIAM TO ACT.

Toronto, February 12. — "I will act," assented Sir William Meredith, when seen this morning in connection with his appointment as commissioner to investigate the circumstances surrounding the granting of the Farmers Bank charter.

UTILITIES COMMISSION HEARS COMPLAINTS

The Quebec Central Protests Against Asbestos Companies.

At a session of the Public Utilities Commission, to-day, a complaint was received, from the Quebec Central Railway Co., against the Bell Asbestos Company, and the Amalgamated Asbestos Corporation, Ltd., of Thetford Mines. The complaint is that both mining companies have erected overhead railroad crossings over the line of the Q. C. R., near their mining plants, about one mile north of Thetford Mines, and that such crossings are not of the regular height. Those crossings are used for railroads for hauling raw material from the mines. The secretary of the board was instructed to request the Bell Asbestos Company and the Consolidated Asbestos Corporation to explain.

At the same session was also considered the complaint of Mr. A. C. Miquelon, of Chemin Gouin, dealer in lumber and timber, against the rates of the Danis Telephone Company.

Mr. Miquelon was not present, but Mr. J. Danis, head of the company, appeared before the commission and declared that his rates was based on those of the Bell Telephone Company. The decision was reserved.

SNOW REMOVAL PLAN.

Chief Engineer Vanin has sent a report to the Board of Control that may entirely change the system of removing snow from the streets, and which will make a very great reduction in the cost of snow removal. His plan is to dump the snow into some of the big sewers and have it carried into the river. For some time past he has been quietly taking tests in regard to the matter, and he declared in the report that the plan will be feasible in every way.

"By dumping the snow in the sewers the streets could be cleaned five times as quickly as at present, while the cost would be enormously reduced," said Mr. Janin.

Montreal City and District Savings Bank

SIXTY-FIFTH ANNUAL REPORT

The Annual Meeting of the Montreal City and District Savings Bank was held at noon yesterday, when the following report was presented:—

Montreal, February 12th, 1912.

To the Shareholders,
Gentlemen:

Your Directors have pleasure in presenting the Sixty-fifth Annual Report of the affairs of the Bank and the results of its operations for the year ending December 31st, 1911.

The net profits for the year were $223,655.68, and the balance brought forward from last year's Profit and Loss Account was $32,393.54, making a total of $256,049.22. From this amount have been paid one half-yearly and two quarterly dividends to our Shareholders, and $50,000.00 has been carried to Reserve Fund, making the latter $1,150,000.00, leaving a balance at credit of Profit and Loss of $51,049.22 to be carried forward to next year.

Your Directors have to record, with a sincere sense of regret, the death during the year of Mr. Albert Hebert, Director, whose intimate business knowledge was of much benefit to the Bank. Death has also removed from our midst another valued colleague in the person of the late Mr Michael Burke, who had been on the Board as a Director for sixteen years and Vice-President of the Bank for the past four years.

The vacancies on the Board have been filled by the election of Honorable Sir Lomer Gouin and Doctor Donald A. Hingston, and Mr. H. Markland Molson has been elected Vice-President.

As usual, a frequent and thorough inspection of the Books and Assets of the Bank has been made during the year.

The report of the Auditors and the Balance Sheet are herewith submitted.

J. ALDERIC OUIMET,
President.

CANADIAN INVESTORS LIMITED will receive subscriptions at par for $50,000 of the cumulative participating preference stock of Wentzells Limited to bear dividend at the rate of 7 per cent. from the date of purchase.

WENTZELLS LIMITED is the largest wholesale and retail grocery house in the Maritime Provinces. It is also one of the most successful and best managed businesses in Canada. The business was started in a small way in 1892 by H. W. Wentzell, president of the company. Audited yearly statements are on view showing steady growth from year to year and make a record seldom surpassed. The trade embraces New Brunswick, P. E. Island, Magdalen Islands, St. Pierre, and Newfoundland, and extends from end to end of Nova Scotia. The annual turnover is now about $900,000 and is expected to realize that figure for the year ending February 29th next.

The company has the exclusive and perpetual right to use the name "Wentzells," which has been very widely advertised, and which is now a household synonym for standard family groceries of unexcelled quality, and for reasonable prices and prompt delivery. The stock in trade is turned over several times yearly, thereby guaranteeing new stock at all times.

THE MANAGEMENT is in the hands of trained officials and employees. The founder of the business, Mr. H. W. Wentzell, has by its development abundantly demonstrated his knowledge of successful merchandising. Mr. J. J. Penny, who shares the general management, has been associated with the business for fifteen years. Besides a staff of experienced men, the firm's business premises, known as the "Big Store," corner Bell, Barrington and Water Streets, are equipped with all the latest facilities for handling trade.

PREFERRED SHARES are a first charge on the assets and earnings of the Company, as there are no bonds, and the real and personal property of the company are absolutely unencumbered.

THE PARTICIPATING FEATURE of the preferred shares merits the particular attention of investors. The articles of association provide that out of the net earnings after paying the preferential dividend the directors may then declare a dividend not to exceed 6 per cent. on common stock in any one year, but cannot declare a greater dividend than 6 per cent. on common stock unless the dividend of 7 per cent. on preferred is correspondingly increased. The net earnings remaining after paying the preferential dividend exceed 11 per cent. on common stock.

SINCE THE INCORPORATION of Wentzells Limited in 1907 the company has paid a regular dividend to shareholders. On the record and prospects of the business these shares constitute a first class investment. The opportunity to buy them at $100 is for a limited time only. Terms of payment can be arranged. Certificates for shares will be forwarded through any bank or express company, or by registered post upon receipt of cheque at the option of the purchasers. The bankers of Wentzells Limited, the Canadian Bank of Commerce at Halifax, will answer inquiries as to the position and prospects of the company.

With the exception of the year 1911-12, which is estimated, the following figures are extracts from the company's annual statement, as audited and certified correct by Mr. R. Carter, chartered accountant:—

	Net Earnings.	Total Sales.
1907-08	$27,681.23	$785,708.09
1908-09	30,000.00	788,708.09
1909-10	27,000.00	816,585.64
1910-11	26,000.00	824,194.58
*1911-12	30,500.00	900,682.61

*The year closes February 29. The figures for 1911-12 are estimated on ten months business to December 31st, when sales exceeded the corresponding ten months of the previous year by $55,216.22.

A BANK'S FAILURE

If some one told you that they knew of a Bank where you could get 7% instead of 3% for your money, and **in addition** to this they might also give you from 15% to 20% per annum on every two hundred dollars you had deposited, would you not take the trouble to look up that Bank and if you found these were facts, would you not quickly transfer your savings account.

Conditions in Montreal have changed of late years, and the sharp advance in Real Estate values has made a reliable, progressive up-to-date Real Estate Company a splendid bank to put some of your savings into It's safe because Real Estate cannot take wings and you always have something for your money and that something **must** always increase in value.

Look into the investment offered by the C. C. Cottrell Limited, whose stock is selling fast and secure some of it while you still have a chance. 50% of Common Free with all you purchase. The way this Company is coming to the front bids fair to return a handsome profit on these **Free** Shares.

Secure them while they last. It is one of your opportunities to make money on a sure thing.

INJURED FOOT CURED.

"I speak for Zam-Buk because it cured me of a terribly injured foot," says Mrs. Alice Berry, of 190 John St. North, Hamilton. She adds: "The injury was caused by a wagon wheel, and the sore was on my right foot. It became very inflamed and swollen and so painful that I fainted away. In spite of treatment, the wound got no better and the foot became more and more swollen until it was several times its usual size. The flesh was terribly bruised and blackened and it was quite impossible for me to walk. My husband's mother at last brought me a box of Zam-Buk. This was applied to the foot and it was surprising how soon I found relief from the severe pain. A further supply of Zam-Buk was obtained and I persevered in using this balm alone. In a couple of days the swelling had gone down considerably, the discoloration was less distinct, and the pain was banished. In four days I could go about as usual; the bruised and injured foot had been thoroughly cured by the timely use of Zam-Buk."

Did you ever ask yourself: "How is it that Zam-Buk is so popular?" It is because it is superior and different to other salves. Contrast them! Most salves are nine-tenths animal oil or fat. Zam-Buk hasn't a trace of animal fat in it. Most salves contain mineral coloring matter. Zam-Buk is absolutely without! Many salves contain poisonous astringents. Zam-Buk doesn't.

Zam-Buk is actually more powerfully antiseptic than crude carbolic acid. Yet it stops instead of causing pain and smarting when put on a wound.

It heals more quickly than any known substance, abscesses, ulcers, eczema, blood-poisoning, cuts, scalp sores, chaps and all skin injuries and diseases. All druggists and stores sell at 50c a box or Zam-Buk Co., Toronto, for price. Send 1c stamp for trial box.

POISONED FINGER HEALED.

Mrs. Frank St. Denis of 305 Thompson St., Winnipeg, speaks for Zam-Buk because it cured her of a poisoned finger, which had caused her days of agony. Hear her experience. She says:

"One morning, while washing, I felt a slight pain in the end of my finger. This gradually got more acute until by the evening of the next day the end of the finger had become swollen and hard and so blue I became alarmed.

"The pain from it was almost too much to bear. It made me turn quite sick! Poultices of first one kind and then another were applied, but seemed to give me no relief. My daughter-in-law, who had had some previous experience with Zam-Buk obtained a box for me. I anointed the sore place liberally with this balm, and in a few hours, the throbbing aching pains were subdued."

Further applications of Zam-Buk gave me more ease, at last I could get a little sleep. In a few days the nail came off, but after that the Zam-Buk continued to reduce the inflammation quickly, and in two days until in the end it had brought about a complete cure.

URGES SCHOOLS TO TEACH DUTIES OF GOOD CITIZENSHIP

Undergraduates Cheered Mr. G. W. Stephens' Address on the True Patriotism.

The McGill Science Undergraduate Society dinner was held last night in the Queen's Hotel. Over 200 students were present, under the chairmanship of Mr. H. S. Duggan. Mr. Percy McCrae acted as toast-master. At the head table was Mr. G. W. Stephens, chairmon of the Harbor Commission, Dean Goodwin, of the Queen's Mining School, Dean Adams, Dean Moyse, Professor McLeod and Mr. Lorne.

In replying to the toast of the guest, Mr. G. W. Stephens said in part:

"I have not come here to make a speech, but to make a confession—to express a conviction that our great educational institutions, while concentrating upon the special vocations to which men may dedicate their lives, are not laying stress enough upon the fundamental qualities of citizenship, upon which our country must rely to produce the vigorous and patriotic opinions that stand behind efficiency in public administration.

Duties of Citizenship.

Each one of us, before he becomes an engineer, lawyer, doctor or merchant is a citizen of Canada, and as such has a duty to perform, to his neighbor, his city, his province, his country.

Perhaps the most important individual public act we have to perform is the casting of our vote, yet this act is surrounded in our country with conditions which undignify and degrade it.

Contrast this with the Swiss methods of holding their elections on Sunday, when the very day signifies the act, when every man wears his best clothes, is clean and free and walks upright like a man to the poll uncoerced.

The attitude of mind toward public office is to take it for what can be gotten out of it, and this wrong attitude of mind is responsible for dirty streets, poor pavements, crowded slums, poor water supply, poor drainage, unsanitary conditions, and all the ills a poorly governed city is bound to suffer from.

The place where citizenship should be planted in the heart of every boy and girl is at school. We can never be masters of ourselves or of our country's destiny until we have ideals to work for and strength of character to follow them. Citizenship teaches this. What has made Great Britain an easy leader commercially and industrially among the nations? It is her mastery of herself. While other nations were pulling each other down, Great Britain was appropriating large tracts of land in Asia, Africa and America, and 100 years before anyone else realized its importance she made the unclaimed empire of the sea her own.

Get the Knack of Work.

One must get the knack of work into one's very bones. As with the individual so with the nation.

There must be an ideal, there must be an aim, a comprehensive imaginative goal to work for. The spirit that makes this possible is the love of one's country—patrotism. The science of citizenship if taught in our schools would turn out men and women with patriotic ideals of public duty, would make it impossible for unworthy men to reach high places. "What grips your heart and mine when the music of a patriotic song touches our soul"? It is the unconscious call of our ancestors who ploughed the pathway through hardship and sacrifice, in defence of the liberties we enjoy today, ringing in our hearts and stimulating the best instincts we possess to be worthy of those liberties, to defend our common independence, and to respect our sacred tradition.

Good citizenship, therefore, is the great common denomination of our progress, the back bone of the country's future.

Dean Goodwin, of Queen's, also replied to the toast.

Mr. John Dawes proposed the toast "The Faculty," which was responded to by Dean Adams.

Spoke on Sir G. Etienne Cartier.

In view of the proposed memorial to Sir George Etienne Cartier, an address on the career o fthat famous Canadian was given by Mr. S. Cote before a numerous audience in the Church of the Infant Jesus, Lahaie Park, last night.

PROPOSED TARIFF COMMISSION BILL UNDER DISCUSSION

Opposition Members Led by Sir Wilfrid Laurier Express Several Objections.

Special Staff Correspondence.

Press Gallery, House of Commons, Ottawa, February 13.—The leader of the Opposition stated his views on the tariff commission, yesterday afternoon. The first few formal sections of the bill were allowed to go through without criticism, but when the vital clauses regarding the duties of the commission were reached, the debate began.

"Sir Wilfrid did not agree with Mr. White as to the duties of the commissioners. In his view they were to be statisticians only, to collect information as to the range of trade. "Statisticians attached to the Department of Finance of Trade and Commerce would be the proper way to obtain this information," said he. "But now an effort is being made to prepare a brief in support of the views of the Minister of Finance on political economy. The Minister told us that he was a moderate protectionist. I do not know that anyone has ever told us what is moderate protection. It would be just as difficult as drawing the line between moderate and immoderate drinking. In that regard I am told that a little too much is just right."

"We do not," he concluded, "object to a commission to collect information. I have heard complaints that our statistics are not complete. We are ready to provide machinery to correct that deficiency, but we do not want to provide machinery to prepare a case for the support of the economic views of the Minister of Finance."

The Premier's Reply.

"The right hon. gentleman," said Mr. Borden, "is not following the principles, this afternoon, which he followed when in office. He objects to the appointment of partisans. No one would select a man because he was a partisan, but no one would object to a man who was otherwise suitable just because he had some opinions. It would be very difficult to find a man who was not associated with one party or the other.

Mr. Hugh Guthrie took issue with the Premier's statement that Sir Wilfrid Laurier had never appointed a Conservative on a commission. There was a Conservative on the Courtney Civil Service Commission, and Mr. Justice Cassels was a Conservative. He drew the fighting spirit of the Minister of Finance by suggesting that the bill should stand till some assurance had been given as to the personnel of the Commission.

"My hon. friends opposite," began Mr. White, belligerently, "are not honest and sincere in their opposition to this bill. Their's is a sham fight, not a real fight. They are fighting shadows. There is not one word in this bill about protection or about the Commissioners being partizans. The consumers of the country want facts, and it ill becomes Liberals to stand in the way of the light."

A Western View.

Arthur Meighen, voiced a Western Conservative view when he, declared that no schedule that cannot stand the light should remain in the tariff, and that the manufacturers should be no longer called upon to remain under suspicion. He would favor the appointment to the Commission of a free trader, if he were a student and a fearless investigator.

J. G. Turriff went after combines and mentioned the Ames-Holden-McCready merger. There was only $3,500,000 stock in the two original companies, he said, and yet they had capitalized the new concern at $11,000,000.

H. B. Ames issued a challenge. If it could be shown that the merger had raised the price of shoes, he said, he would be willing that the present 30 per cent. duty on shoes be reduced to 25 per cent.

Agricultural Grants.

The bill to provide for grants to the provinces in aid of agriculture was introduced by Hon. Martin Burrell, at the opening of the sitting. It provides for direct subsidies after agreement with the provinces. The grants would be based on population according to the census of 1911. In order to secure the greatest amount of co-operation with the least friction, he said, the Government had decided to appoint C. C. James, Deputy-Minister of Agriculture in Ontario, as special commissioner to study the work now being done by the provinces and to advise as to the form the aid should take. Another promise of the Premier implemented, he noted.

In reply to W. F. Knowles, the Premier stated that he had sent a telegram to Mr. F. W. G. Haultain, Conservative leader in Saskatchewan, stating that the Government would take over the terminal elevators.

Good Roads Idea For the Commons

Special to The Montreal Star.

Ottawa, February 13.—Mr. Andrew Broder, M.P. for Dundas, has some original ideas as to the form of Government assistance to good roads, and will express them when the measure comes up. He will propose, first of all, interprovincial trunk lines. Then he would have north and south roads at intervals of a score of miles connecting these trunk lines with the last northern settlement.

The Dundas member believes that a scheme of automobile taxation will help considerably in defraying the cost.

WARDEN GIVES HIS PRISONER BAD NAME

Twice Attacked Fellow Prisoner and on Third Time Threatened to Kill Him.

The case of Antonio Ranero, charged with attempting to murder James Lapas, a fellow-convict in the St. Vincent de Paul penitentiary on the 28th of January last, was commenced before Judge Lanctot this morning, and at the conclusion of the preliminary hearing the accused was remanded for voluntary statement on the 20th.

Deputy Warden Beauchamp told of the attack made upon Lapas by the accused on January 28th, when he slashed Lapas' face in three places with a knife. The warden was unable to say how the original trouble started, but as punishment for the offence a twenty-five pound shot was attached to Ranero's ankle. This punishment so enraged the accused that on the 31st he met Lapas in the bath room, and after accusing him of being responsible for his degradation, dealt him a blow in the face with his fist and pounded upon Lapas, attempting to cut his throat. For his second attack two additional twenty-five pound shots were placed at Ranero's other leg, and while trailing these through the corridor a few days later he met Lapas a third time and threatened to kill him just as soon as he got an opportunity.

Mr. Beauchamp says that Ranero is the hardest prisoner to handle in the penitentiary, that he is continually attacking the other prisoners and will fight at the slightest provocation.

FORTY-SIX MEN DROWN WHEN STEAMERS SINK

Two Japanese Passenger Boats Collide Off Nagasaki and Both Go to Bottom.

Nagasaki, Japan, February 13.—Forty-six members of the crews and passengers were drowned by the sinking, after a collision, of two Japanese steamers, the Ryoha Maru and the Mori Maru to-day.

The Ryoha Maru was a steamer of 81 tons net, built in 1878 at Hiogo, Japan, and owned by the Yoshida Keiturc, while the Mori Maru was a steamer of 1,109 tons net, built at West Hartlepool, Eng., in 1889, and owned by the Yoshida Seiko.

FIREMEN ARE KEPT BUSY.

Outbreaks East and West, But Not Much Damage Done.

Two fires, in opposite ends of the city, were fought at one time by the Fire Department last evening. One was in St. Paul ward, where, in the home of Mr. M. Monette, First avenue, an overheated furnace set the woodwork and flooring on fire. The firemen of the district soon extinguished the blaze, and not much damage resulted.

The other fire was at 536 Frontenac street, where plumbers in thawing water pipes accidentally caused an outbreak of fire between the flooring. The flames were extinguished by the firemen before they could spread and cause any serious damage.

MINIMUM WAGE SCALE ULTIMATUM OF MINERS

National Strike on the 29th Unless Mine Owners Accept Principle.

London, February 13.—A conference of the representatives of the whole of the 800,000 coal miners in the United Kingdom, which was held in London to-day, confirmed the decision reached during the recent ballot to bring about a national stoppage of work in the coal mines on February 29, unless in the meantime the mine owners accept the principle of a minimum wage for all men and boys employed under ground.

Upwards of 40,000 colliers employed in the mines in Derbyshire this morning handed in their notices to quit work and by February 15 all the men employed in the mines throughout the country will have followed suit.

There is still, however, a considerable body of opinion that a way out of the difficulty will be found before extreme measures are taken.

P. E. I. CLAIMS URGED.

Special to The Montreal Star.

Ottawa, February 13.—Urging the claims of Prince Edward Island for Federal assistance on the basis of old claims, an Island delegation, headed by Premier Matheson, is here to interview the government.

By the term of the old fishery award an amount of upwards of a million dollars went to the federal exchequer. This the province claims, should have gone to it instead. The delegation is renewing, therefore, its old standing claim to the money.

The New Spring Wall Papers.

Rare specimens of Persian, Turkish, German and English Tapestry Wall Papers, Silk Parlor Papers and most beautiful florals and floral stripe effects together with hundreds and hundreds of moderately priced designs combine to make our Wall Paper Exhibit a matter of keenest interest to every woman who has a home, be that home a palace or a modest little flat.

England, Germany, France, Japan and the United States have helped Canada to make this exhibit at Goodwins Limited, perhaps the most pretentious ever made in Montreal, featuring as it does two extremes of Wall Paper—rare exclusive masterpieces of designing, alongside of moderately priced patterns—marvels of value in both cases.

We have what Parisians call a Silk Flock Paper. It has a surface of pure silk floss, which is blown like a powder on to the paper and pressed into designs of rare beauty. Perhaps you will best realize the richness of this paper when we tell you that the silk floss Powder cost the manufacturers $6.00 a pound.

Another distinct novelty this year is a Black Wall Paper. The designs are foliage and "bird" tapestry in color tones of varied green, pink, old rose, brown, lavender and blue. Still another most pronounced departure this season is the decided examples of the early "Jacobean" and the "Adams" period designs, of which many select Wall Papers are to be found in our new stocks.

SPECIAL FOR WEDNESDAY.

2,250 ROLLS WALL PAPERS, for halls, dining rooms, bed rooms, and parlors at half price. Regular .20, .40 and .50. Wednesday, per roll .15, .20 and .25

1639 ROLLS Special English and American Hall and Dining Room Tapestry Papers. Floral, bed room, and silk parlor papers reduced to Half price for Wednesday. Regular .60, .80 and $1.00. Wednesday, per roll .30, .40 and .50.

"SLEEP IN DAYTIME; PROWL AT NIGHT"

The Advice Given Lawrence Strikers by Leader. Detective Testifies.

Lawrence, Mass., February 13.—"Sleep in the day time and at night prowl around like wild animals and look for blood. At night you can knock off the heads of the strike-breakers. In a few days we will be able to count the broken heads and they won't be on our side."

These and other similar statements were ascribed to Arturo Giovannitti, by Charles Benardo, an Italian detective, a witness at the trial of Giovannitti and strike-leader Joseph F. Ettor, who are charged with being accessories to the murder of Anna LoPizzo, killed in a riot during the textile strike here. Giovannitti, according to the witness, was addressing a crowd of strikers who had gathered on the common following a parade and demonstration on the morning of January 29.

TENEMENT HOUSES

Reveal Many Causes of Consumption.

Inspection of tenement houses in the large cities by the health authorities discloses many of the causes of consumption. Foul air, lack of sunlight and ventilation, poor plumbing, overcrowding and uncleanliness, together with a neglect of the minor ailments, are declared to be responsible for the alarming spread of tuberculosis.

Public sentiment is rapidly finding expression in progressive tenement laws, but the matters of personal hygiene are dependent upon the intelligence of the people themselves. If every person would take a dose of virgin oil of pine at the first symptom of a cold or cough, ninety per cent. of the cases of tuberculosis would be prevented. Virgin oil of pine is prepared by the Leach Chemical Company, of Cincinnati, Ohio, and is for sale by all druggists.

It is a well-known fact that virgin oil of pine will break up any cold inside of twenty-four hours. Mixed with glycerine and whiskey it makes an invaluable household remedy, one of the most reliable safeguards against tuberculosis and pneumonia.

ALLEGE MAN SET FIRE TO HOME WHEN DRUNK

Fire Commissioner Orders the Accused to Appear Before Him.

Some sensation was caused yesterday afternoon, at the session of the Fire Commissioner by the evidence of Mrs. Hickman and her sons, who alleged that the husband and father, C. Hickman, 125 Richardson street, Pointe St. Charles, on Saturday last, while under the influence of liquor, poured coal oil over the floor of the kitchen of the home and set fire to the oil-soaked flooring. Through the combined efforts of the mother and her sons they extinguished the flames before the arrival of the firemen. The damages were slight.

Commissioner Latulippe issued a summons against Y. Hickman to appear before the Fire Commissioner's Court this afternoon.

Hot cinders were shown to have caused the outbreak of fire that occurred in the carriage factory of Mr. Blain, St. Lawrence Boulevard.
