## World News In Brief

Springhill Junction, N.S., May 4.—(C.P.)—Traffic over the Canadian National Railways main line between Moncton and Halifax was tied up early today when 14 cars of a westbound freight train were derailed at Salt Springs, six miles east of here. Early reports from the scene of the derailment indicated no one was injured. Five freight cars were reported to have left the tracks completely and nine cars were derailed but still standing. Cause of the accident is not known.

Kingston, Ont., May 4.—(C.P.)—A calf with two heads, two spines, two tails and six legs was born on a farm near here but lived only five minutes. Four of the legs protruded from the shoulder at the front quarters of the animal.

Orillia, Ont., May 4.—(C.P.)—When Allan J. O'Brien fell asleep at the wheel of the new car he was driving from Windsor to his home here, the car rolled over several times and was damaged to the extent of \$500. O'Brien climbed out of the car, unharmed, thumbed a ride and went the 15 miles to his home and then to bed. Police say they are going to lay charges.

Lachute, Que., May 4.—(C.P.)—An invitation has been extended to Viscount and Lady Alexander to officially open the 12th annual Lachute Spring Fair, it was announced today by President John H. Black.

In inviting the Vice-Regent couple to the fair, Mr. Black said "Your presence will be a salute to all Canadian farmers who this year merit encouragement in their duties as they play such a tremendous role in the food production of the world."

Attendance for the four-day event is expected to reach 60,000 persons.

Paris, May 2.—(Reuters)—The national referendum on the new French constitution takes place Sunday and the latest straw vote indicates it will be a close battle to decide whether the republic will adopt the proposed one-chamber parliament.

The constitution is favored by the strong Communist and Socialist parties, who voted it through the French National Constituent Assembly, and is opposed by the Mouvement Republicain Populaire and other centre and rightist groups.

Twenty-one per cent of those interviewed in the straw poll said they would abstain from voting or had not yet made up their minds. Of the remaining 79 per cent, 54 per cent said they intended to vote "yes" to the constitution and 46 per cent said they would vote "no."

Last October's Assembly elections resulted in a combined left-wing vote of 9,509,499 and a combined vote for the M.R.P. and other centre and right-wing parties of 9,659,420. On the basis of these figures, only a slight increase in left-wing votes would be needed to carry the constitution through.

## Big Four Seek Solution Of Simpler Italian Problems

Paris, May 4.—(AP)—Still unable to agree on major questions, the four-power Foreign Ministers shed away from the tougher items on their agenda and turned today to the relatively uncomplicated issue of the demilitarization of Italy's frontier and the status of her pre-war treaties.

Conference source said the Ministers would decide whether Italy's boundaries with France and Yugoslavia should be demilitarized and the manner of effective such demilitarization.

Italy's old bilateral agreements, most of which are economic or trade pacts, are slated to be examined to ascertain whether any may be allowed to remain valid. Rome's tripartite alliance with Berlin and Tokyo, and the multi-lateral anti-Communist pact are considered abolished and will not be studied.

Edward Kandel, Yugoslav Deputy Premier, urged the Ministers yesterday to give Trieste and virtually all of the Italian peninsula to Yugoslavia. This request was identical with the Russian recommendation.

Premier Alcide de Gasperi of Italy asked that Italy be allowed to retain Trieste and that the Italo-Yugoslav border be along the old "Wilson Line."

## Federal Government Seeks Fresh Proposals For Solving Financial Relationships With Provinces

### No Reply Yet Received Re Mail Service

Federal Postal Authorities Have Failed to Date to Reply to Representations Urging Delivery on Joffre Street.

Representation made a week ago upon the federal postal authorities urging that mail delivery be instituted at once on Joffre Street have as yet gone unanswered and as a result thirty-two veterans in the newly-opened War Time Housing Centre in East Sherbrooke are still without the benefit of daily mail service, the Record learned today.

Last Saturday, J. A. Bourgeois, president of the Sherbrooke branch of the Canadian Legion, and E. J. Desruisseaux, local postmaster, wrote to Hon. Ernest Bertrand, postmaster-general, reviewing the local situation and asking that the mail delivery, which has been refused because of the muddy condition of the street, be started immediately. Mr. Desruisseaux asked that the post office reply to his letter by wire with authorization to go ahead with delivery at once.

Application for delivery of mail on Joffre Street was made by residents to Mr. Desruisseaux who informed Ottawa of the conditions prevailing on that particular street and was told that service would not be extended.

In the meantime, assurance has been given by City Clerk Antonin Deslauriers that a sidewalk will be laid on the thoroughfare as soon as the frost has left the ground. At present the veterans are picking up their mail at Sub Post Office No. 1 on King Street East.

During the course of the past two days, Mayor Guy Bryant paid a personal visit to the street in question accompanied by Mr. Desruisseaux. On reviewing the matter His Worship said, "I can see no reason why the mail is not delivered to these residents, particularly in view of the fact that each is a returned veteran."

## Await Report Soviet Army Out Of Iran

New York, May 4.—(AP)—Delegates to the United Nations Security Council yesterday watched Tehran and Moscow for any announcement that Soviet troops would be withdrawn from Iran had been completed or were nearing completion.

If the troops are all out by May 6, the council would be able to drop the controversial issues from the agenda. Otherwise, when the delegates meet next week, probably Tuesday, they will be forced to reopen the case.

This would create a delicate situation.

### All Indications Are That Several Months Will Elapse Before Dominion-Provincial Conference Resumes Deliberations.

Ottawa, May 4.—(C.P.)—The Federal Government, having seen the second Dominion-Provincial Conference in the last five years break up in disagreement, was expected today to study new ways of bringing about the type of financial relations among governments both conferences aimed at.

The latest conference, like the one in 1941, ended dramatically when it was evident that no agreement with all provinces was possible. As discussions made that fact more and more evident, Finance Minister Ilsey moved that the conference adjourn "sine die."

Earlier, he had stated that the Federal Government could not accept the Ontario proposals. Premier Drew of Ontario and Premier Duplessis of Quebec made it equally clear that they could not accept the federal proposals.

Premier Duplessis, after reiterating his stand at the morning session, did not return for the afternoon discussions. His departure for Quebec because of the "pressure of business" was announced by Prime Minister Mackenzie King.

An indication that it would be some time before the Federal Government would advance a new formula was contained in the fact that the government did not call on the conference to pass on a motion of Premier Macdonald of Nova Scotia which suggested an adjournment until next month.

Mr. Macdonald advanced his motion after Mr. Ilsey stated the Ontario proposals would cost the Federal Government about \$134,000,000 more than it was prepared to pay for the exclusive use of certain tax fields.

Mr. Drew said the figures used by Mr. Ilsey were "pure, unadulterated nonsense."

This was the position of the ten governments at the break-up: Dominion: It was prepared to pay the provinces \$15 per capita, based on 1941 or 1942 population and on the value of the average gross national income for the last three years, in return for exclusive use of the income, corporation and inheritance tax fields.

In addition, it would bear a major part of health and social welfare measures. It would give financial assistance in carrying out of projects aimed to provide employment, and it would pay the major cost of unemployed employables.

It was ready to share the succession duties field with the provinces providing they accepted reduced subsidies. It was ready to give up the gasoline, amusement and pari-mutuel tax fields if the move meant no financial loss.

Ontario: It suggested a \$12 per capita formula, but asked that the Dominion get out of succession duties and give up taxes on gasoline, amusements, pari-mutuels, electricity and security transfers. It wanted the Dominion to provide foreign exchange at par to the provinces and municipalities. It asked that the Dominion assume full cost of unemployed employables and pensions to the aged and the blind.

Quebec: It was ready to rent income and corporation taxes, but not succession duties. It was not prepared to rent them on the basis of the federal proposals as offered.

British Columbia: It was ready to give up income and corporation taxes, providing its compensation was no less than what it would receive if it moved back into those tax fields at pre-war rates.

Prairies—Manitoba, Alberta and Saskatchewan were prepared to accept the Federal proposals as the basis for an interim agreement, not because they met all the requirements of the Prairie provinces but because they appeared to be the soundest basis for agreement.

Maritimes—Nova Scotia, New Brunswick and Prince Edward Island, like the Prairies, stressed that subsidies should be based on fiscal need, but indicated to work toward agreement on the basis of Federal proposals.

## Many Hurt As Streetcar Is Hit By Truck

Crowded Toronto Intersection Scene of Mishap—Victims Fight Way Through Flames as Gas Tank Explodes.

Toronto, May 4.—(C.P.)—Two women and one man were seriously hurt, and 34 others were injured when a motor truck and trailer crashed into a crowded streetcar at the intersection of Bathurst and Bloor Streets in West-Central Toronto.

The gasoline tank of the truck exploded on impact, and within a few minutes the streetcar and the truck were in flames as passengers fought to get out of the burning streetcar.

Injured persons were all removed before the streetcar was totally destroyed. Passengers aboard the crowded streetcar fought frantically for the exits as flames enveloped the trolley. Injured persons were given first aid on the street.

Passengers had all been removed from the burning streetcar when fire trucks arrived on the scene. Firemen distributed first aid kits to police and citizens who tended the injured. Those hurt most were placed in stores along the street.

Acting District Fire Chief William Sproule said that the first 10 seats from the front of the streetcar were burned to a crisp. "The interior of the car, the roof and the roadway beneath the trolley were all in flames after the collision," he said.

Lloyd Winter, a university student who was one of the first passers-by at the scene, said "the front of the streetcar was enveloped in thick smoke and passengers were scrambling, screaming, from the windows. Flames were leaping from the truck and the air was filled with a pungent odor."

Crowds that flocked to the scene helped remove passengers from the burning streetcar. Many were pulled through the windows with their clothes on fire, and nearby storekeepers and residents supplied blankets and clothing to comfort the injured and help smother the flames.

A statement by the Toronto Transportation Commission said that westbound Bloor car operated by Henry Scheparo westbound on Bloor Street was crossing the Bathurst intersection with the green light when it was struck by a southbound tractor and trailer.

The T.T.C. statement said that air brakes on the transport were reported to have failed to function.

## 2nd Of Two Women Suspects In Spy Probe Is Sentenced

Ottawa, May 4.—(C.P.)—A second Canadian espionage suspect yesterday was sentenced to penitentiary. Pale, sombre Kathleen Mary Willsher, 46-year-old native of London, Eng., was sentenced to three years in prison by a judge who could not agree with either crown or defence lawyers that her offence and her background warranted less.

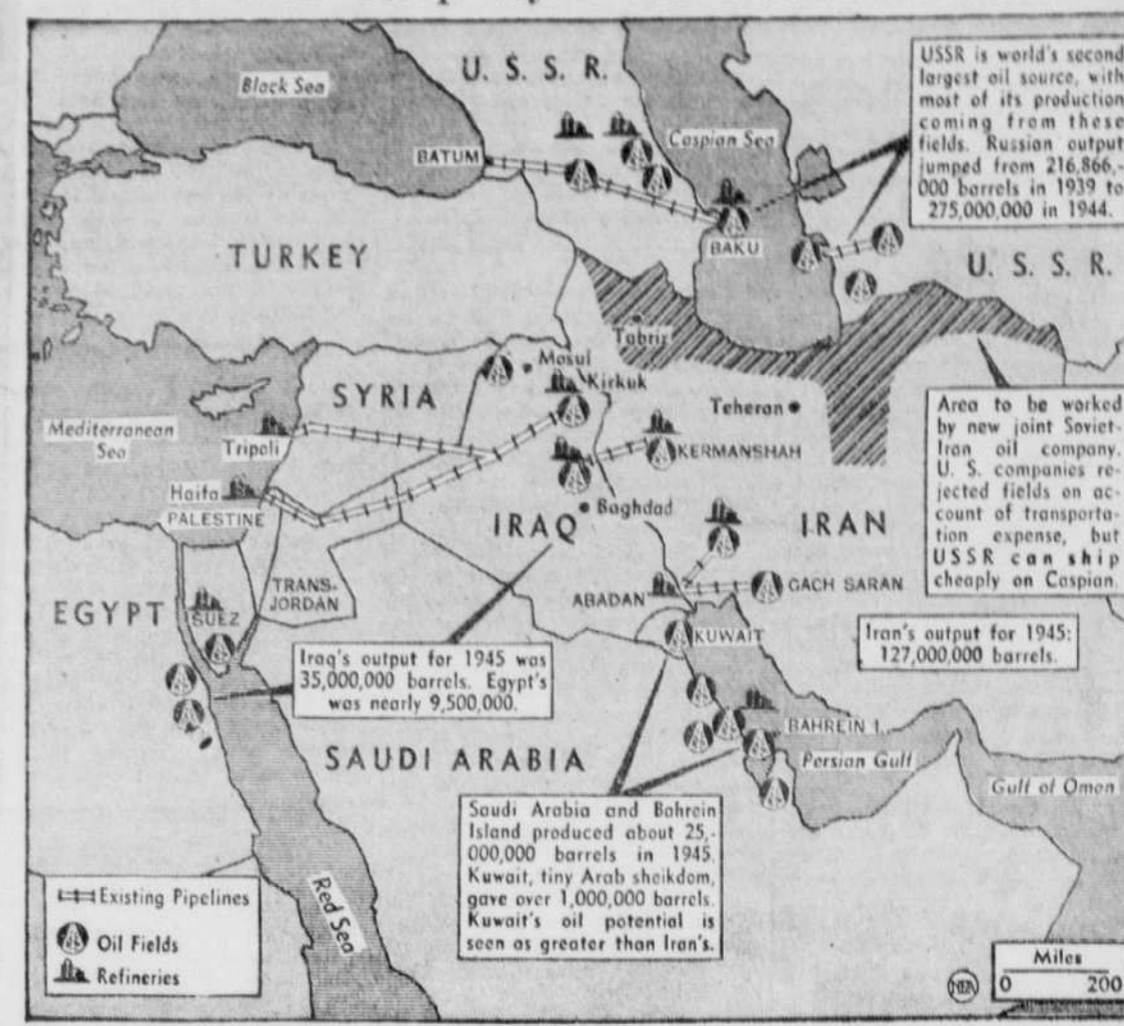

She pleaded guilty to one charge under the Official Secrets Act of giving to an unauthorized person confidential information that related chiefly to Canadian diplomatic reports from Moscow.

Judge A. Gordon McDougall of the Carleton County Court ordered the former deputy registrar in the office of the British High Commissioner to follow Mrs. Emma Wolkin to Kingston Penitentiary. He had sentenced Mrs. Wolkin, Blaine Lake, Sask., Doukhobor girl, some time ago to 2 1/2 years.

The only two women among the 14 Canadians charged with activities linking them with a Russian network of agents, their cases were repeatedly compared both by lawyers and by the judge in the less than an hour Miss Willsher's speedy trial lasted.

But the judge could not agree with either Crown Counsel Lee Kelley or Defence Lawyer Rowell Laishley that Miss Willsher's offence was less serious than that of Mrs. Wolkin, former cipher clerk in the External Affairs Department.

### Lottery Plan Used To Spur Russian Loan

Elaborate State Lottery Will Pay Prizes Ranging Up To \$9,435 For Eighteen-Dollar Bond.

London, May 4.—(AP)—The Soviet Government called on the Russian people today to invest a month's pay each in a reconstruction loan of 20,000,000,000 rubles (nominally \$3,774,000,000) offering them rich prizes in an elaborate state lottery system. The lottery will pay prizes ranging up to 50,000 rubles (\$9,435) for a 100-ruble (\$18.87) bond, and envisages prizes to 65,000,000 bond-holders totalling 17,811,200,000 rubles over the 20-year loan period, a Moscow broadcast said. No direct payment of interest is provided for under the loan, but the announcement said: "The sum total of the prizes is based on an average of four per cent per annum over the 20-year period of the loan. One-third of all bonds will win a prize. The remaining two-thirds are redeemable at their face value."

### New York, May 4.—(AP)—The United Nations Security Council had assurances from France and Britain that the bulk of their forces in the Levantine states would be withdrawn by June 30.

Separate announcements that British and French forces had already abandoned Syria and would shortly quit the Lebanon were laid before the Council as it faced a new crisis next week over the presence of Soviet troops in Iran beyond a March 2 treaty limit. Russia now has promised to have her troops out of Iran by May 6.

The British and French statements handed in last night to Chairman Hafez Afsh Pasha were expected to circumvent any mention here of the Levantine squabble.

Both France and Britain emphasized that their withdrawals were voluntary. They disclaimed any legal compulsion under the United States' motion presented in London expressing confidence that the foreign troops in Syria and the Lebanon would be withdrawn as soon as practicable, with the results to be reported to the Council.

Sir Alexander Cadogan, in the first report to the Council on the Levantine situation, said only a "small liquidation party" would be left in Lebanon by the British after June 30. French Delegate Henri Bonnet said most of the French troops also would be gone by then.

The week-end hiatus shut of most comment on the Iranian situation, but some delegations were represented as optimistic over prospects of an amicable solution of the problem on the basis of discussion.

### Officials Await Ultimatum Answer

San Francisco, May 4.—(AP)—Mutinuous convicts today held out in silence in their Alcatraz stronghold as guards waited for dawn and a reply to a surrender-or-die ultimatum.

Surrender would subject them to charges of murdering two guards and wounding 14 others in a blazing riot that has continued a day and a half but never once got any of them outside the concrete cell-block in which they made their stand.

The cell block was quiet early today after one of the doomed men telephoned Warden J. A. Johnston to bargain for surrender. "We'll make a deal when you throw out your guns and ammunition," Johnston snapped back. Only silence followed.

There was no certainty how many of the convicts remained alive. A Marine officer estimated 24 were involved, on the basis of wounded guards' reports. It was presumed some were killed and wounded in fierce battling with machine-guns, rifles, pistols, hand grenades and tear gas that raged for hours, then slackened into last night's calm.

### Nation-Wide Rail Strike Menaces U.S.

### Three Operating Brotherhoods, Submitting New Wage Increase Demands, Threaten Transportation Tieup.

Chicago, May 4.—(AP)—Threat of a country-wide railroad strike came from a new quarter today when three operating brotherhoods submitted new wage-increase demands and asserted a transportation tieup would "actually occur" unless satisfactory settlement is reached.

The new strike threat came 24 hours after the Brotherhoods of Railroad Trainmen and Locomotive Engineers broke off wage conferences here with railroad management seeking to avert a strike of 280,000 employees scheduled for 4 p.m. May 15.

The three operating brotherhoods and 15 non-operating brotherhoods, representing a combined membership of some 1,250,000, were awarded daily wage boosts of \$1.28 by separate arbitration boards April 3. The unions had sought \$2.50.

### Deportation Of Japanese Delays Citizenship Bill

By JACK WILLIAMS  
 Canadian Press Staff Writer  
 Ottawa, May 4.—(C.P.)—Canada's new Citizenship Act establishing Canadian Nationality will come into force as soon as possible after the bill now before the Commons has passed, State Secretary Martin said last night in the Commons.

Members of the Commons spent most of the day on a detailed study of the bill in committee. At adjournment last night, the committee had gone completely through the Citizenship Bill but some clauses left over for further consideration still were to be considered.

The position of Japanese-Canadians in relation to the bill, subject of earlier discussion, cropped up twice during the day. State Secretary Martin introduced an amendment which removed possibility of passage of the bill affecting previous orders and regulations. Thus the bill would not supersede Orders-in-Council for the deportation of Japanese or orders prohibiting their residence in Pacific coastal areas.

J. L. Gibson (Ind.—Coxox-Alb.) sponsored an amendment which would bar persons of Japanese descent from living in the coast security zone for the next 20 years. The amendment was ruled out of order.

Another amendment came from Mr. Martin relieving British subjects of the necessity of appearing before a naturalization court. The amendment was adopted. Members spent considerable time discussing sections of the bill which provided for education and preparation of new Canadians for citizenship. Some dissatisfaction was expressed with a general statement in which Mr. Martin said a program was to be provided with the co-operation of the provinces and the services of public-spirited organizations.

## Welcome For Quebec Chief Upon Return

Quebec Premier Declares Canada "Experiencing Extremely Serious Hours" on Return From Conference.

Quebec, May 4.—(C.P.)—Premier Maurice Duplessis of Quebec, who yesterday left Dominion-Provincial discussions at Ottawa because Dominion proposals were not acceptable to Quebec, was greeted upon his arrival here last night by a cheering crowd of 10,000 persons that overflowed the provincial capital's Palais Station and jammed the surrounding district.

Flanked by other members of his Provincial Cabinet, Mr. Duplessis addressed the meeting shortly after his arrival and said that Quebec province and the whole of Canada were "experiencing extremely serious hours."

"When Fathers of Confederation gave a political and fiscal system to the country, they created the Canadian constitution which today, as yesterday, recognizes equal rights to the constituting parties," he said. "We in Quebec always respected and shall always respect the constitution which guarantees our rights."

The Quebec brief, Mr. Duplessis told his audiences, was presented in French "because it is time that French be recognized as an official language and be respected as English is." He was roundly cheered.

Appealing to political opponents of the Province for solidarity, the Premier said the questions discussed at Ottawa were of such importance that they must be looked at above all political considerations.

The problems interested all Canadians without any racial, religious and political considerations, and should be looked at "with justice and realism as was done by the Fathers of Confederation. The past must not be forgotten, for we shall build our future on it."

Following Mr. Duplessis' address and one by Sir Thomas Chapais, Government leader in the upper Legislative Council, who said that the whole population of the Province was "proud" of the stand Mr. Duplessis had taken, the Premier was escorted to the Chateau Frontenac by a cavalcade of several hundred automobiles, gaily decorated, including one bearing a band that played military airs.

Mr. Duplessis travelled by air to his native "Three Rivers, Que., and then proceeded to Quebec by train. The route of the procession was lined by hundreds of spectators, including Union Nationale supporters who bore placards hailing him as "A Great Canadian," "Defender of Our Rights," and "Savior of the Province of Quebec."

### APPEAL IN ADAMS CASE

Toronto, May 4.—(C.P.)—Chief Justice J. C. McRuer of the Ontario Supreme Court reserved judgment on an appeal by Eric Adams, committed for trial at Ottawa April 24 in connection with Canada's espionage probe, for a change of trial venue from Ottawa to Toronto.

Defence Council Joseph Sedgwick of Toronto said the principal ground of the appeal was the wide publicity given the espionage cases in Ottawa newspapers.

# Rock Island And Derby Line

Mrs. C. C. Copp, of Derby Line, is spending a few days in Montreal.

There was a large attendance at the Ouderet concert in the Haskell Opera House, Friday evening, April 26, all expressing their delight with the performance of both the violinist and the pianist.

Members of the Women's Society of the Universalist Church, in Derby Line, entertained members of the U-Need-Us Club at "Friendly House" one evening. Miss Catherine MacKenzie, of Stanstead, was the guest speaker, who gave a very interesting and informative talk on "Women of yesterday, today and tomorrow." Her talk was interspersed with amusing incidents, among which were her own experiences as a young girl and a woman. At the conclusion of her talk Mrs. Catherine Johnston, president of the Women's Society, extended thanks to Miss MacKenzie, after which a social period of talk on matters of today was enjoyed. Delicious refreshments were served by the committee in charge, Mrs. Carl Robinson and Mrs. Hugh Bell, assisted by Mrs. John Greenwood.

The Couples Club of the Universalist Church, in Derby Line held a very enjoyable social evening in the vestry of the church. Delicious refreshments were served by the committee in charge, Mr. and Mrs. Howard Bishop, Mr. and Mrs. Fred Hyde and Mr. and Mrs. Gordon Johnston.

Miss Evelyn Valley and Mr. Raymond Petelle, who were united in marriage in St. Mary's Catholic Church in Newport, Vt., on Sunday afternoon, April 28, on their honeymoon attended a reception at the Astor Hotel in New York City, when Mr. Petelle, who was pilot of a plane before his discharge from the Air Force, joined his crew. The members of his crew had planned this reunion before their discharge.

Mrs. E. Beavis and daughter, Norma, of Hudson, Mass., were

# COTTON FABRIC IMPORTS BELOW REQUIREMENTS

Ottawa, May 4.—Imports of cotton fabrics increased towards the end of last year but they still were "very materially below requirements," with no early prospect of an adequate supply, the Prices Board said yesterday in its 1945 report, tabled in the Commons by Finance Minister Ilsley.

The report said there was little improvement in the shortage of world supplies of textiles in 1945, with the output of major producing countries being restricted by deterioration in the supply and efficiency of labor.

To meet the situation, Canada was making continuous efforts to "sustain and increase" domestic production of yarns and fabrics.

patches from Tehran declaring Red Army troops were pulling up stakes in Iran after a round of farewell parties.

There remained the possibility of another embarrassment, however, since Soviet delegate Andrei A. Gromyko has announced he will boycott any further reference in Council to the Iranian situation. The Council is committed to inquire into the status of Red Army withdrawals from Iran as of May 6, and presumably will ask both Tehran and Moscow for reports on Tuesday, May 7. In the face of Russia's adamant refusal to entertain the Iranian issue as worthy of Council consideration, there was some expressed doubt that Moscow would reply to any further inquiry.

ation if Soviet delegate Andrei A. Gromyko carried out his threat to boycott any further discussions of the Iranian question.

The council continued to watch the Palestine controversy with interest. There still was no specific move, however, to bring the situation before the council as a threat to international peace.

All the delegates maintained that they had received no instructions from their governments. However, such a step might be taken by any state. There are five Arab states among the 51 members of the United Nations—Egypt, Syria, Iraq, Lebanon and Saudi Arabia. Egypt is a member of the Security Council.

The chief activity yesterday was the meeting of five commissions which are laying the groundwork for the organization of permanent agencies of the economic and social council. The commissions were working on problems of organization and procedure in preparation for the May 25 meeting of the economic and social council.

The Security Council's special sub-committee for the investigation of Franco Spain continued its work on the mass of documents which already had been filed before the committee tackled the problem last week.

# FORDYCE

A hot dish supper was served by the Ladies' Aid members at the Mason home on Friday evening. There was a very good attendance. The general routine of business was transacted. The sum of seventeen dollars was realized from the supper and sale of goods. The meeting adjourned to meet at the home of Mrs. Earle Dryden, in May, for afternoon tea.

Miss Pownman, of Dixville, is a guest of her niece, Mrs. Murray Mason, and Mr. Mason.

Mrs. Bromby, Sr., has been a guest at the Getty home, at Stanbridge Ridge.

Messrs. Macdonald, Leslie Harvey, Mr. and Mrs. Fred Harvey with the latter's father, of Montreal, were calling at the Hooper home.

Miss Daphney Gelz spent a pleasant holiday with relatives in Montreal.

Miss Kathleen Moore, was called to Montreal by the death of her uncle, Mr. Dryden Hearne.

Mrs. Earle Dryden and Mrs. George Hooper attended a committee meeting in Cowansville one evening, under the auspices of the United Church, in preparation for a reception for the returned men.

Mr. Hollis Vaughan, of Gilman Corner, has been assisting his father in cutting up his wood pile.

Mr. and Mrs. James Stevenson and Mr. and Mrs. Earle Dryden, attended the funeral service of Mr. John Stevenson, at Lachute, on April 22. Mr. J. Stevenson was a brother of Mrs. Dryden, and Mr. Stevenson.

Mr. and Mrs. Hooper were guests of Mr. and Mrs. Perkins and family, at Farnham's Corner.

Mr. and Mrs. Carl Jones, of St. Jerome, spent a week-end guests of his sister, Miss Gulla Jones.

Miss Mabel Bromby spent a few holidays at Stanbridge Ridge, with her aunt, Mrs. Robert Getty and Mr. Getty.

Miss Florence David underwent a tonsillectomy at the B.M.P. Hospital, Sweetsburg.

Mrs. A. T. Gelz and Miss Gulla Jones spent a day in Montreal.

A few from here attended the dance in Iron Hill Hall.

Mrs. Scullion and two children, of Montreal, were guests of Mr. John Jones.

Mrs. John Bowling and Mrs. Earle Dryden attended the district meeting of the O.E.S., which was held in Farnham.

Mrs. Murray Mason, Miss Helen and Master Wesley Mason, spent several days in Dixville with her parents, Mr. and Mrs. Cowhard.

# Record Business By Occidental Life Co.

Occidental Life Insurance Company enjoyed the largest new sales of Ordinary Insurances and the largest growth of assets and surplus in its history during 1945 according to the new financial statement released by General Manager, W. Lockwood Miller.

New 1945 Ordinary sales totalled \$1,305,940 and life insurance in force in this department mounted to a new all-time high.

Premiums collected on individual accident and sickness policies reached \$1,535,940 last year, a growth of 25.2% over 1944. Occidental Life's total assets increased more than \$25 millions in 1945 to the new high total of \$147,732,948. The growth was 25.5%. Unassigned surplus advanced \$2,000,618 to the new high of \$7,176,334, an increase of 38.6%.

Total life insurance in force at year end had increased to \$1,030,287,987 which places Occidental twenty-fourth largest among more than four hundred Life companies in North America.

# Tass Charges U.S. Shirking Obligations

Dispatch Claims Measures Approved in Surrender Terms for Disarmament of Germany Have Not Been Carried Out.

Moscow, May 4.—(AP)—Tass News Agency charged yesterday that State Secretary Byrnes, in proposing a 25-year treaty for supervising Germany, possibly was raising a "paper curtain" behind which the United States could retreat from carrying out its obligations in Germany.

A Paris correspondent of the agency, writing in the Communist party newspaper Pravda, said the Tehran and Moscow reports on proposing a 25-year treaty for supervising Germany, possibly was raising a "paper curtain" behind which the United States could retreat from carrying out its obligations in Germany.

A Paris correspondent of the agency, writing in the Communist party newspaper Pravda, said the Tehran and Moscow reports on proposing a 25-year treaty for supervising Germany, possibly was raising a "paper curtain" behind which the United States could retreat from carrying out its obligations in Germany.

(Mr. Byrnes proposed a four-power agreement for supervision of Germany for at least 25 years after the present occupation to ensure that German forces are completely disbanded, that such organizations as Storm Troopers and Gestapo are wiped out and that no military equipment is manufactured.)

The dispatch charged that measures approved in the German surrender terms for the disarmament of Germany have not been carried out, asserting that "numerous cases are known where Germans in the western zone retained a series of war enterprises in camouflaged form."

The correspondent said that "the experience of diplomatic relations of recent times shows that sometimes new agreements for a longer period are proposed just by those who at present at each step are violating already existing treaties."

# BOYS WHO TURN IN FALSE FIRE ALARMS SOUGHT

Definite clues to the identity of local youths who set grass fires, turn in an alarm and watch for the fire reels to show up, have been found and this sort of criminal activity which endangers the security of citizens will be stopped, Director of the Fire Department, Percy Donahue, stated to the Record this morning.

Due to dry weather, which caused a number of grass fires in April, the total of calls answered by the department amounted in that month to 158 as against 92 in the previous month.

The Director expressed appreciation of the recent visit of the Police and Fire Commission members, who introduced themselves under the chairmanship of Alderman C. Guy Bishop and promised full co-operation in the protection of Sherbrooke citizens.

# Deeper Slash In U.S. Rail Traffic Made

Fifty Per Cent Reduction in Passenger Service on Trains Powered by Coal-Burning Locomotives Ordered for May 15.

Washington, May 4.—(AP)—A new and deeper slash in the United States' railroad passenger service was decreed today as President Truman discussed the crippling effects of the soft coal strike in a meeting with his cabinet.

The Office of Defense Transportation ordered a 50-per-cent reduction in passenger service on trains powered by coal-burning locomotives, effective May 15th. About three-fourths of the country's rail system relies on coal.

With emergency brownouts already effective in Chicago and many other Illinois communities and 22 Indiana counties and threatened elsewhere and with such key industries as steel curtailing production further, there was no sign of a settlement of the 33-day coal strike.

In ordering the passenger travel curtailment, O. D. T. Director J. Monroe Johnson indicated that some carriers might want to cut services more than he had ordered—and sooner.

"Any railroad which finds it necessary has my permission to put these reductions into effect before May 15th or to go deeper," Mr. Johnson told a reporter.

Mr. Johnson advised the carriers that they might cancel train reservations and take such action as might "be necessary to carry out the terms and purposes of this order."

## Plans For Local Membership Drive To Be Made By Red Cross At Meeting Tuesday Evening

In a special message to all residents of the province, Paul Vaillancourt, newly-elected president of the Quebec Provincial Division of the Canadian Red Cross Society, appealed for support of the enrollment drive for membership in the Red Cross, which opens here on May 15 and will run through to the end of the month.

At a general meeting of the Sherbrooke Branch of the Red Cross at 8:15 p.m., Tuesday, May 7, at the Red Cross rooms at the back of the Bank of Commerce, Dufferin Avenue, detailed plans for the membership drive in Sherbrooke will be worked out. Forest T. Keene, chairman of the organizing committee, and other executive members will be present, and an invitation is extended to all citizens interested in helping in the drive to attend.

Membership subscriptions will be received at the Red Cross rooms during the day throughout this month.

In his message, Mr. Vaillancourt declared that the Canadian Red Cross faces a two-fold task of great magnitude: First, the relief of suffering among peoples in war-torn Europe and Asia, and second, the expansion of a great post-war program of humanitarian service to meet the needs of Canadians.

The Red Cross approaches its peace time work in the same spirit as it carried on its great war-time

## ACTIVITIES OF B'NAI B'RITH UNDER REVIEW

A most interesting meeting of the B'Nai B'Rith, Sherbrooke Lodge 1070 was held at the Community Hall and was well attended by many members who had been away for quite some time—Louis Chanin and Ben Cohen. Several prominent guests were present from Montreal, Harry Cohen, K.C., J. Gordon and L. Einbinder.

During the business part of the meeting, a satisfactory report was read by B. Math and Mr. Werner, describing the activities that the lodge had participated in during the past year. Highlight of the report was the very successful job which was accomplished in the City of Sherbrooke during the last U.N. R.R.A. drive. Special mention was made of the contributions totaling \$3,000, which were donated to various organizations. Mention was also made of the post-war program, which is now being planned for the coming year. This report will be read at the coming Canadian conference taking place at Niagara Falls on May 4 and 5. Sherbrooke delegates to this conference will be B. Math, A. D. Smith and S. A. Vineberg.

Presentation of the bowling trophy for the high average for the season was made to Lawrence Chanin and presented by Dr. Marcus. High triple was won by J. Sackstein and presented by A. J. Werner. The high single was won by Dr. Einbinder and presented by I. Stel man. The team winning most games in the season was the Atomics, captained by C. Rich, who received the trophy presented by L. Chanin. The players on this team were P. Bennett, A. Waldman, G. Smith, M. Kapusta, Dr. Marcus and J. Cooperman. In the playoff series, which aroused a lot of enthusiasm, the Tigers, captained by A. D. Smith, emerged victorious. The presentation to the champions was made by Moe Kapusta, judge president, and individual cups were presented to the players of this team, who were S. Gillman, J. Friedlander, I. Echenberg, A. Powell, H. Echenberg and L. Chanin. A personal gift was given by the lodge members by Lawrence Chanin, chairman of the Bowling Committee, for his fine work in making a wonderful success of the Canadian B'Nai B'Rith eastern bowling meet which was held in Sherbrooke during the month of February.

The installing of new officers for the coming year will take place on May 12. The installing officers are Mr. Greenwood and Lionel Coveny, who are coming from Montreal. All members are urged to be present during the installing of officers on that date.

## Short Term Lease Provides No Protection Against Eviction When Period Stipulated Is Up

An unusual situation arising from a W.P.T.B. ruling designed to facilitate occupants who desire to sub-let their apartments for the duration of the summer would indicate that it is more advantageous not to sign a lease, a local real estate agent pointed out to the Record today.

This apparently awkward situation is explained in the following manner. When the tenant has no lease, he automatically falls under the W.P.T.B. ruling which states that, when no lease exists, the provisions of the original lease continue to exist indefinitely and that the tenant cannot be evicted except for a special cause. Anyone occupying a house whose owner refuses to grant a long-term lease is thus protected against summary eviction.

On the other hand, any tenant signing a lease for one to five months at the request of the landlord is thus placing himself out of the jurisdiction of the above ruling and can be ordered to vacate at the end of the short-term lease.

Many landlords aware of this

## C. OF C. ASKED TO TAKE PART IN BEAUTY SHOW

A request from the Hamilton Chamber of Commerce is being sent to its brother society in Sherbrooke to ask the local body's cooperation in sending a representative to that city to participate in a nation-wide beauty contest as part of Hamilton's centennial celebrations, according to a report received by the Record today.

President Harry Allan, of the Hamilton Police A.A.A., announced that first prize winner will be given an all-expense trip to Hollywood, including visits with film stars and appearances on radio programs. Second prize will be \$200 cash and third prize \$100 cash, plus merchandise prizes donated by Hamilton businessmen for all prize winners.

Commenting on the proposal to be received by the local Chamber, J. A. Archambault, vice-president of the chamber, told a Record reporter today that he felt a beauty contest would be "more a matter for some sports committee or theatre to organize." He added that while a request to the local chamber would be in the form of a direct request from the Hamilton body, the matter would undoubtedly be given due consideration at the next Board of Directors' meeting, which will be held on the 14th of this month.

Hamilton will be celebrating the hundredth year of its founding week on July 1st to 7th. Boards of Trades and Chambers of Commerce throughout Canada have been invited by the Hamilton Chamber to co-operate in sending representative beauties from their communities to the national contest, which is under the sponsorship of the Hamilton Police and Amateur Athletic Association.

It is reported that already many queries have been received.

W. J. McCulloch, managing secretary of the Hamilton Chamber of Commerce, reported that the Hollywood California Chamber of Commerce has volunteered to assist in arranging visits with the movie stars and appearances on radio broadcasts, plus accommodation for the contest winner.

## Wet And Cool Weather Retard Crops In Eastern Townships

Farming operations throughout the Eastern Townships are little further advanced than in an average year in spite of the exceptionally warm weather experienced in March, the wet and cool conditions in April having spoiled chances for a successful early start, it is pointed out in a new crop report service released by the Public Relations Department of the Bank of Montreal.

Little ploughing has been done, except in certain districts where moisture is moderate owing to a light fall of snow, and seeding will not be general until the middle of this month. Pastures are in good condition, but would benefit greatly from a period of warm weather.

The report states that fruit trees in the Townships have wintered well, and, reviewing the maple sap run, pointed out that the yield was a good quality although below average in quantity.

Dealing with the over-all picture of conditions throughout Canada, the report reveals that in the Prairie Provinces the season is well advanced as a result of generally dry weather and above normal temperatures. Seeding is general in southern and most central districts and is commencing in northern areas.

Rainfall in April was below normal for that month, but moisture is considered adequate for the present, excepting in the south-central and south-western districts of Saskatchewan and southern Alberta. Some soil drifting has already occurred in these areas. Estimates indicate that a larger acreage than last year is being sown to wheat and flax, with a slightly decreased acreage in coarse grains.

In the Province of Quebec, present conditions in most districts approximate those of an average year. Ploughing has commenced in some districts, but seeding will not be general for another two or three weeks. Hay and pasture lands wintered well in general, with some frost damage owing to lack of snow in certain regions. Fruit trees appear to be in good condition, with little damage reported. The run of maple syrup was below average, but generally of good quality.

In Ontario, the season opened about two weeks earlier than usual. In many districts seeding of spring grains has been practically completed under favorable weather conditions, but lower temperatures

## LOYOLA'S OLD BOYS' REUNION NEXT SATURDAY

The chairman of the reunion committee of the Loyola College Alumni Association has announced that the Loyola Alumni Golden Jubilee reunion will take place on Saturday evening, May 11, in the gymnasium of the new Central Building of the College in Montreal.

The chairman is Norm Smith, class of '26, who recently was discharged from the United States Navy after serving in the European Theatre of Operations as a Lieutenant. He has a representative committee working on the plans for this reunion. The secretary of the committee is Major John Brayley, M.C., who recently returned from overseas after serving in the 51st Highland Division.

It has been announced that Frank Shaughnessy, president of the International Baseball League, will be the main speaker at the dinner. Shaughnessy had five sons who graduated from Loyola serving in this war, one in the American Marines, one in the U.S. Army, another in the U.S. Naval Fleet Air Arm and two others in the Canadian overseas army. Phillip was a P.O.W. and was liberated shortly before V-E Day.

The Alumni Associations will have as special guests the 1946 Graduates Class and the 1946 champion Hockey hockey team.

During the war Loyola had over 600 sons serving in the various forces of the United Nations. Of these sixty-three were killed.

For this 50th anniversary reunion, it is hoped to reunite Loyola graduates from all sections of Canada and the United States.

## CHILDREN IN EUROPE MUST HAVE CLOTHES

For want of a pair of shoes, or a warm coat, thousands of children in Europe and Asia could not attend school during the past winter.

From Czechoslovakia comes this heart-rending letter, written by the wife of a public-school principal:

"You know, I lost everything. I would somehow manage for myself, but Dasa goes to high school; she grew up so quickly, everything is too small for her, and I have nothing to clothe her in. She needs a coat badly, she wears just a sweater. I wanted to buy her a winter coat, but they asked 1600 crowns for it—that is almost half our wages and we cannot afford it, as we pay exorbitant prices for food. My husband needs socks and warm underwear badly. At school they do not heat much because there is little coal, and imagine that while working he is often all blue from cold."

In Canada, where schooling is taken as a matter of course, it is difficult to understand what it means in the formerly enemy-occupied countries of the world. For many children under twelve it may be their first chance to learn the principles of democracy.

Canadians can make it possible for citizens of the world to rise above the ruins by a practical demonstration of democracy—by giving a pair of shoes or a warm coat to the second National Clothing Campaign.

Reports on the National Clothing Collection last autumn show that Canadians donated close to thirteen million pounds of good, used clothing for use in destitute areas. Countless letters of gratitude and private individuals in Canada who had enclosed notes in clothes they donated. The collection provides an opportunity for Canadians to write their allies as an expression of goodwill and to further peace in the world on a basis of international friendship among individuals.

Need for clothing abroad is still great. All kinds of used, serviceable clothing is needed to see people through another bitter winter. The men, women, school children, youngsters and babies of the devastated European and Asiatic countries need the castoffs of the men, women, school children, youngsters and babies of Canada. Start now, and gather together all that can be spared for the National Clothing Collection.

Our men take pride in their work, and neatly finish every shoe repair job they undertake. We'll give you "while you wait" service when you need it—but we can do our best when we have more time.

## DEAF GIRL TO RECEIVE HELP AT EAST ANGUS

East Angus, May 4.—The April meeting of the Women's Institute was held at the home of Mrs. Claude Cooper with fifteen members present.

The minutes of the March meeting were read by the secretary, Mrs. Ratcliffe, and it was found necessary to change the slate of officers as Mrs. Main, who had been named for president, is unable to take over the duties this year. Mrs. J. R. C. Andrews was elected president with Mrs. Stewart Coates, publicity convener.

Ten dollars was donated toward obtaining a hearing aid for a deaf girl. It was decided to cater to a banquet for the Eastern Star Order to be held on May 9th. The program for 1946-1947 was drawn up. At the conclusion of the business meeting, refreshments were served and a pleasant social hour was enjoyed.

The May meeting will be held at the home of Mrs. Stewart Coates, with Mrs. Stanley Bishop as the joint hostess, when a full attendance is hoped for.

## OFFICIAL PARK OPENING TO BE HELD ON SUNDAY

Riding demonstrations, a show and jumping exhibition in which at least five local stables will participate will mark the official opening of municipal parks on Sunday evening at Dufresne Park, it was learned from Alderman Paul Hamel today.

Prior to the show, a parade will be held, assembling at the market place at 6:30 o'clock and proceeding along Wellington Street South, Aberdeen Street, Alexander Boulevard and Galt Street to the park.

A number of local citizens including Mayor Bryant and the City Alderman and Hon. J. S. Bourque, Minister of Lands and Forests and Maurice Gingués, M.P., will be specially invited guests.

The parade is scheduled to arrive at the park at 7:15 o'clock and following a short ceremony, the show will commence and is expected to last until 10:30 o'clock.

Ribbons and cups will later be presented to the winners of the various events.

## MANY MOURN DEATH OF MRS. R. AITKEN

Many in Sherbrooke, Megantic, and other Eastern Townships points are mourning the passing of Mrs. R. A. E. Aitken, who died suddenly on Tuesday, April 30 at her residence, 235 Metcalfe Avenue, Westmount.

Mrs. Aitken's husband, Roger Albert Edward Aitken, was manager of the Bank of Montreal in Megantic, and later in Sherbrooke, many years ago. In Sherbrooke, Mr. and Mrs. Aitken were members of St. Peter's Church. On his retirement, Mr. Aitken moved to Montreal with his wife.

Mrs. Aitken, who was the former Alice Maude Albro, a native of the Maritimes, is survived by her husband, two sons and three daughters.

DOMINION RETAINS UNCOMPROMISING ATTITUDE

In spite of statements during the last three days by Prime Minister Mackenzie King and Justice Minister St. Laurent that the Dominion-Provincial Conference might still achieve practical results, and that the Federal Government had not meant to adopt a "take it or leave it" attitude, as was believed after Mr. King's first speech last Monday, Finance Minister Isley yesterday settled any doubts as to the uncompromising stand of the Dominion.

Turning down yet another proposal by the Ontario Government, the Finance Minister said unequivocally that the Federal administration was holding to the plan presented by the Prime Minister on Monday, which in essence was that the Provinces give up succession duty, income and corporation tax fields completely, in return for a \$15 per head subsidy.

The Dominion Government have taken a stand, and seem determined that the nine Provincial Governments will accept it, or the conference break down. It appears that Mr. King and Mr. St. Laurent were prompted to make their conciliatory remarks by the desire to silence mounting criticism that the Federal Government were taking a dictatorial and unco-operative point of view, and were, in fact, wrecking the conference.

The issue is clear. The Dominion Government want the Provinces to give up their taxing rights—money is not the chief concern of the Federal administration—it is willing to pay \$15 a head for the sole right of taxation.

If this plan was accepted, and the Dominion then had the sole power to levy direct taxation, there would be a greatly increased government control centralized at Ottawa, which is exactly what the socialists want.

It is significant that all during this conference strong support for the Federal plan has come from the socialist groups. Only the night before last, speaking in Toronto, M. J. Caldwell, leader of the C. C. F. accused Premiers Duplessis, of Quebec, and Drew, of Ontario of fostering "national disunity and sectional selfishness."

The Socialists would like to see the rights of the Provinces hitched by a \$15 set subsidy to the Federal Government, and their right to govern gone with their right to tax. More centralized and ever increasing power is the dream of every socialist—more control for themselves, and less rights for others.

This paper does not impugn such motives to Mr. King and Mr. Isley for their present uncompromising stand, but surely such experienced politicians must realize they are playing the socialist game by trying to increase Federal power at the expense of the Provinces. Published elsewhere on this page is an editorial taken from the Ottawa Journal which also has something to say on the subject. Before the Provinces give up any rights permanently, great care must be taken and long, detailed study given to the question.

AVOID HOME FIRE HAZARDS

The current epidemic of home fires in which entire families have been wiped out brings a warning from the Province of Quebec Safety League on how to reduce this danger substantially.

After pointing out that these often result from children playing with matches and about open fires; from coming in contact with hot stoves, pressing irons and other highly-heated objects; from overturning or falling into containers of hot liquids, the letter continues that matches should never be left where children can get them. Indoor fireplaces should be guarded by screens and fenders to keep the children away from the flames. Outdoor fireplaces, bonfires, and portable grills and other cooking devices used for hot dog roasts and picnics are especially attractive to children who may be burned while playing about them. It is impracticable to guard these outdoor danger sources as a rule and therefore constant adult supervision is needed to prevent accidents. The adults, also, must not become too confident and must always be alert and careful to safeguard themselves as well as the children.

When the children become old enough to understand warnings they should be told about the various dangers and how to avoid them. Repeated warnings and strict discipline will be needed, however, because most children are inclined to "show off" and do "stunts," and an element of possible danger adds to their enjoyment.

Although it may be true that "a burnt child dreads the fire," every precaution should be taken to prevent the first burn because it may prove fatal.

Other members of the profession who were honored by their fellows were Arcadius Denis, syndic, Henri-Georges Lemay, secretary, Benoit Turmel, treasurer, and Edouard Boisvert, Armand Rousseau and Redmond Hayes, councillors.

THE NEW BATONNIER

In electing as batonnier of the Bar of the District of St. Francis, Roland Dugre, K.C., the advocates of this district have honored one of their younger conferees who has already forged ahead in his profession during the time he has practised in his native city. He succeeds Louis-Philippe Cliche, of Lake Megantic, a veteran member of legal circles.

When, on Monday last, Premier Drew held an open session of the Dominion-Provincial Conference that the Dominion proposed to finance health insurance, old age pensions and other social security measures by a special Dominion tax on all incomes, plus a provincial levy or "poll tax of perhaps \$10 to be paid by every one sixteen and over," no one at the Conference table challenged his statement.

The following day, however, Mr. Brocklebank, Minister of Health, told the Toronto Star that no such proposal had ever been made by the Dominion, whereupon the Star declared that Mr. Drew's statement "was the first time that any reference to such a proposal has been made."

On Tuesday, Mr. Drew brought Mr. Claxton's statement to the Star before the Conference. Observing first that if Mr. Claxton had any comments to offer on the proceedings of the Conference, they should be made at the Conference itself, he went on to quote from formal proposals made to the November meeting of the Premiers to show that the Dominion had proposed a "registration fee" added:

"The proposal was a registration fee or poll tax, a registration fee on an annual basis... I discussed the poll tax and Mr. Claxton discussed a poll tax last November and again in January."

So much for that. We deal with it here only to illustrate a type of propaganda that has come to us in recent years. We have seen use of a nationally-owned radio, of national films, of information services, and of journalistic dupes and sycophants to soften up the public in totalitarian ideas. Only a few weeks ago The Journal had occasion to expose a publication from the office of the Secretary of State—or at least attached to it—denouncing all who opposed the Government's proposals to the Premiers' conference as "enemies of national unity." Again and again Mr. Drew has been depicted as a sort of wrecker, as wanting "nine points at heart and in practice."

So be deprecated also is the practice of cabinet ministers and officials putting out statements and propaganda attributed to a "high official."

FARMERS' DEBTS REDUCED

In one important respect the Western Canada farmer faces the future in a much better position than he did after the First Great War. During the past few years, the surplus earnings of the prairie farmers have gone to the reduction of mortgage debts on their properties, rather than being used as down payments on additional acreage which only served to pyramid the burden on the producer when prices slumped. The extent of this debt reduction is indicated in a statement by the Dominion Mortgage and Investments Association which shows that farm debts in Manitoba, Saskatchewan and Alberta decreased 26.1 per cent in 1945 as a result of a reduction of \$23,300,000 in mortgages and agreement for sale debts.

Payments on mortgage principal and interest in these provinces were lower in 1945 than in 1944, because the amount owing was substantially lower, and the cash income of the farmers showed a decline. Cash income dropped in these areas from \$1,033,000,000 in 1944 to \$847,000,000 in 1945. Nevertheless, payments of principal and interest in 1945 represented a greater percentage of the total amount owing than in any other year except 1944.

The total amount owing mortgage and investment companies dropped from \$168,700,000 in 1937 to \$89,400,000 in 1944 and to \$66,000,000 in 1945. This represents a drop of sixty per cent since 1937. The number of farmers in debt to mortgage and investment companies totalled 26,751 in 1945, a reduction of 6,339 since 1944 and more than a fifty per cent decrease since 1937. These companies sold 2,552 parcels of farm real estate in 1945, reducing their holdings at present to the lowest point for many years.

This sweeping debt reduction removes one of the great bugbears from the minds of many farmers—the fear that in the event of crop failure or depressed prices he will be unable to meet the interest and other charges on his debts. In addition the improved financial position of the farmers in these provinces should bring about an increase in the purchase of farm machinery and other equipment in that area.

Press Comment

Following is an editorial taken from the Ottawa Journal referring to the Socialists' use of every possible propaganda means, including C.B.C., National Film Board and the Canadian Information Service, to vilify those who oppose the further centralization of bureaucracy and power in Ottawa. Elsewhere on this page is published an editorial on this matter presenting the Record's point of view.

THE SOCIALIST TECHNIQUE

Hand in hand with Socialist tendencies in high places in this country has come the Socialist technique of propaganda. That technique is well known. It consists of sponsoring and agents of Socialist ideas making use, often in a questionable way, of every channel of publicity to promote their aims. The radio, the press, the film, all become the objects of Socialist use, with every trick of propaganda brought into play to entice the unsuspecting into the collectivist web, and to damn with innuendo or crush with open calumny all who are opposed.

When, on Monday last, Premier Drew held an open session of the Dominion-Provincial Conference that the Dominion proposed to finance health insurance, old age pensions and other social security measures by a special Dominion tax on all incomes, plus a provincial levy or "poll tax of perhaps \$10 to be paid by every one sixteen and over," no one at the Conference table challenged his statement.

Look Back At Calvary

By REV. B. S. MURRAY, M.A.

Over my desk there is a picture of the empty tomb guarded by two angels. In the distance the artist has depicted that green hill far away outside the city wall—Calvary—with its three empty crosses. The central Cross on which the Prince of Glory died appears especially to loom for the Christian Saviour for no matter what may be our need, no matter what emergencies we may meet, He is able to meet them all.

Nearly two thousand years have passed since Christ was crucified on Calvary and yet to millions He has become the Lord of life. Where are those who participated in that grim drama? Gone and forgotten! But that Victim is the Strong, the Living Christ. Because He lives, the weak men have become strong and strong men have dared all because of Him. Today the same "good news" is true and man can know Him and love and serve Him. And those who do find in Him more than they anticipated—they find there is no demand He cannot meet.

The other day I was reading of the last journey made by Lincoln's body from Washington to Illinois. It was carried in state through the streets of Albany, and as it passed by a colored woman stood upon the curb and lifted her little son as far as she could reach above the heads of the crowd and said: "Take a long look, honey. He died for you." And I, too, wish that I could make you see the Cross on which the Saviour died. I wish I could lift your spirits to Calvary. If I could I would say: "Take a long look—He died for you!"

THE OLD RUGGED CROSS

Painters, poets, writers and dramatists delight to portray the romance of that old rugged Cross. Greater, however, is its significance in the portrayal of the love of God. It is not only the symbol of the Church of Christ but also an imperative ideal of life. The Cross typifies the Christian ideal of life. Jesus lived the Cross before He died on it. So it demands that all men

Ideal Mother

Proper And Effective Motherhood Hard To Practise In Moderation

A correspondent asks: "What, in your opinion, is the most important quality a mother can have?" Well, that is a \$64 question that no one can answer right off the bat, but I think it is a sense of proportion. Motherhood appears to be one of the things that is hard to practise in moderation, and so most women with children are either so much mother they are scarcely human, as George Bernard Shaw says in one of his plays, or else they are so little mother they lay completely down on their job.

And whether it is better for children to have a mother who keeps them tied to her apron strings, or one who lets them run wild, is another problem that would take Solomon himself to answer. For the doing mother wrecks the lives of her children just as often as the neglectful one does.

Generally speaking, a woman considers herself a good mother when she concentrates on her children and has no other interest in life after her first baby is born. Junior puts her husband's nose so completely out of joint that she never sees him as a man again. He is just a purveyor to the nursery. She quits dressing herself up, or even combing her hair. She has nothing on the table except what the children can eat. She never reads anything, or goes anywhere, and she has no conversation except about what little Johnny did or little Susie said.

These baby-worshippers are terribly smug about being ALL MOTHER. They boast about how they watch over the children's diet and see that they eat their spinach; that they hold them by the hand when they go out in the street; that they pick out the children they play with; that they select their clothes and never let them have a boy friend, and they don't realize that they are doing their youngsters a greater harm than make itself could invent.

For they are spilling them to death so that they will be self-centered egotists whom nobody can endure, and they are smothering their initiative and turning them into weaklings who will never be able to stand on their own feet.

Sisters to the ALL MOTHERS are the POSSESSIVE MOTHERS who enslave their children to them. They are tyrants who never let their children draw a breath of freedom. They keep their children from marrying. They talk their ambitions by appealing to them not to leave poor old Mother. Many and many a man's and woman's life has been ruined by Mother's tears.

On the other hand, there are the NEGLECTFUL MOTHERS who have no more sense of responsibility for their children than an alley cat has for its kittens. If they are rich, they turn them over to nursery governesses and tutors to rear. If they are poor, the street is their nursery and hoodlums their educators. And in both cases it gives us the juvenile delinquent problem. For it is inescapably true that the mother's hand fashions the child's character, and what we are, are what God and our mothers made us.

So it seems to me that the quality that mothers need most is a sense of proportion in dealing with their children. They need to see their youngsters clearly as they are, instead of through a rosy mist that makes every ugly duckling a swan. And, above all, they need to be good mothers, but not too good; to love their children wisely, but not too well, and to give them liberty, but not license. The mother's hand should always be the iron hand in the velvet glove.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

McKENNEY ON BRIDGE By Wm. E. McKenney, America's Card Authority

YOU PERCENTAGERS: WHO'S GOT QUEEN? Here is a percentage problem that has been discussed for weeks. I am showing you only 12 spades, because we are going to concentrate on that suit and the missing queen.

South is declarer and has plenty of entries into dummy. West opens the king of clubs and declarer wins in dummy with the ace, returning the three of spades. East puts on the four-spot, declarer goes up with the king and West plays the jack. Now South goes back over to dummy and leads five of spades. East plays the eight. Should South take the finesse? When East follows to the second spade lead, the only missing spade is the queen. Some players say that the chances are exactly 50-50 for East or West to hold the queen. However, Fred Kaplan of New York brings out the point that West still has 11 cards in his hand,

WOMEN'S CLUBS

A meeting of the King George V Chapter, I.O.D.E. was held at the New Sherbrooke Hotel on May 1, with Miss May Mitchell, regent, presiding.

Mrs. C. Hall, treasurer, gave a satisfactory report.

Educational Secretary Miss Ina Cobleigh, who attended an I.O.B.E. convention in Montreal, told members of the aid given educational work in Quebec by the I.O.D.E. She emphasized the need for "living memorials" to those killed in World War II.

In her report on child welfare, Mrs. F. H. Bradley, convener, asked the sympathy and co-operation of members in helping needy members of the community.

Mrs. S. MacLellan, post war services convener, and Mrs. W. Hopkins, sewing convener, reported that many articles of clothing had been made by the members and were ready for shipment overseas.

Plans were made for an apron sale to be held in September under the supervision of Mrs. D. Robertson.

The regent reported that the recent tag day had been successful in spite of the bad weather, and thanked all those who had helped in the tag day, convened by Mrs. F. H. Bradley.

Members were guests of Miss May Mitchell and Mrs. R. Smith for coffee and sandwiches following the meeting.

The next meeting will be held at the home of Mrs. C. F. Wallbridge.

MARRIAGES

Miss Muriel Marguerite Sadler, youngest daughter of Mrs. Margaret Sadler and the late Mr. Samuel M. Sadler, of Elgin, Manitoba, was united in marriage here to Mr. Douglas Rodda Peck, of Sherbrooke, son of Mr. and Mrs. F. J. Peck, of Sherbrooke, on Saturday, April 6th, at half past two o'clock in the afternoon. The ceremony, conducted by the Rev. E. A. Wright, and the reception following, took place at 133 Quebec Street. Miss M. Moir was at the piano throughout the ceremony, which took place before a fireplace background tall standards of call lilies, fern and palms.

The principals are both honorably discharged members of the Canadian Army.

Given in marriage by Mr. H. A. Cochrane, the bride was in a floor-length gown of white brocade organza. Her finger-tip veil was held in place by a headdress of natural flowers, and she carried a bouquet of red roses and white sweetpeas.

Miss Helen White, of Coaticook, cousin of the groom, as bridesmaid, was in a floor-length dress of blue tulle. She wore a shoulder length veil and carried a nosegay of carnations and sweetpeas.

Mr. Edgar Straachino, of Sherbrooke, acted as best man.

Mrs. Peck, mother of the groom, wore a dusty rose brocade sheer, with black accessories and a corsage of mauve sweetpeas and Tailsman roses.

The bride's mother was unable to attend the wedding.

At the reception, the lace-covered bride's table was centred by a three-tier wedding cake and red roses and white sweetpeas.

Later, Mr. and Mrs. D. R. Peck left on a motor trip to New York, Philadelphia, Washington and Shenandoah Valley, the bride wearing a travelling grey suit with black accessories under a three-quarter length blue topcoat. They will take up residence at 43 Belvidere Street South, Sherbrooke.

Out-of-town guests attending the wedding were Mrs. J. N. White, Mrs. Charles Wells and Master Kirke Wells, of Coaticook; Miss Margaret Masters, of Woodstock, Ont.; Mr. George Cochrane, of Burlington, and Mr. and Mrs. G. A. Parker and Mr. Yvon Sirois, of Montreal.

LARTER-PARISEAU

The marriage was solemnized in Trinity United Church at three o'clock in the afternoon, Saturday, April 20, of Rhena Ethel, only daughter of Mr. and Mrs. Raymond A. Pariseau, of Sherbrooke, and Percy Grey Larter, son of Mr. and Mrs. C. J. Larter, of Regina, Saskatchewan. The Rev. Fred Williams performed the ceremony before an altar decorated with Easter flowers and ferns.

The wedding music was played by Miss Thelma Dunbar and Mr. John Helgeson, of Montreal, sang "O, Promise Me" during the signing of the register.

Given in marriage by her father, the bride wore a long gown of white net over taffeta, having a fitted lace bodice and long tight sleeves. Her finger-tip veil was fastened with a bandeau of white sweetpeas, and she carried a bouquet of red roses and fern. Her only ornament was an antique pearl pendant.

The matron of honor, Mrs. George Satterlund, of Melbourne Ridge, wore a turquoise gown of net over taffeta, with a Dutch cap and matching veil. Her Colonial bouquet was of yellow carnations and sweetpeas.

The best man was Mr. William Reulston, of Montreal, and the ushers were Mr. Ernest Janelle, of Montreal, and Mr. George Pariseau, of Sherbrooke, brother of the bride.

Mrs. Pariseau, mother of the bride, wore a dress of navy blue crepe with a navy hat trimmed in white, and a corsage of red roses.

Following the ceremony, a reception was held at "Rockcliffe," where the dinner table was centred

"Everlasting Punishment," is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday, May 5th, 1946. The Golden Text is from James 4:8, "Draw nigh to God, and He will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded." Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." (1 John 1:8,9). The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts." (Page 467).

OBITUARIES

MR. O. E. SPINNEY, OF WATERLOO. Waterloo, May 4.—The death occurred on Sunday, April 21, of Mr. O. E. Spinney, of Waterloo, who had celebrated his eighty-first birthday, on April 3.

MR. WILLIAM D. BUCHANAN, OF GOULD. Gould, May 4.—Relatives, friends and acquaintances will learn with regret of the passing of Mr. William Donald Buchanan, at the Sherbrooke Hospital, on Monday, April 29.

Prayers were held at the home of his brother, Mr. John R. Buchanan, on Wednesday, April 24, at 1:15 p.m., and the funeral service was held at Chalmers United Church, at 2 p.m., with Rev. J. C. Gustafson officiating.

The bearers, all Old Fellows, of which Order the deceased was an active member, were Messrs. Thomas Riglar, John M. Morrison, Alec Macdonald, Norman Morrison, John C. Morrison and Murdo Graham, all of Scottstown.

Interment was made in the new cemetery at Gould, at which the Old Fellows held their ritual service.

William Donald Buchanan was born in North Hill, Gould, on October 10, 1884, the fourth child of the late John Buchanan and his wife, the late Annie MacDonald.

He spent the early part of his life in Gould, going west in 1910, where he settled in Limerick, Sask., where he resided until his health failed about three years ago and

**RUSSIA PAYS FOR PROPERTY SEIZED!**  
**Will Quebec do likewise ... and when?**

**Reds Pay \$20,000,000 To International Nickel**  
Toronto, April 24.—The International Nickel Company of Canada is receiving for itself and its subsidiary, the Mond Nickel Company, a payment of \$20,000,000 in United States currency as full compensation for seizure of the Petsamo nickel mines in Finland.

A Finnish-Russian communique to Helsinki tonight to Russia said that while Finland is freed for further restitution of the Russians would obtain a concession for a power station on the Pasvik River near the station on the Pasvik border for exportation of the Petsamo nickel.

When hostilities in September 1944, an armistice agreement ceded the Petsamo district to the Soviet Government and installations passed to the Soviet Government.

The Canadian International Nickel Company, which is a subsidiary of the International Nickel Company, announced that by a protocol to pay \$20,000,000 in U.S. currency as full and final compensation to International Nickel and its subsidiary.

The payments are to be made in gold.

**R**USSIA, too, brings the spotlight sharply to bear on the scandalous treatment of citizens of this country by the Quebec Provincial Government.

More than two years ago, the Provincial Government then in office seized the gas and electric properties of Montreal Light Heat & Power Consolidated. By that action and later legislation, the owners were denied their rights under the civil code by which we live.

Those rights are that no man shall be deprived of his property until handed compensation to which he is entitled; and ownership in a thing gives the right to all it produces. These principles are to be found in both the Quebec and French Civil Codes and are a traditional part of British fair-play—including the right of appeal to the courts.

These rights have been over-ridden—denied.

What manner of precedent does this establish? What attitude remains to you as private citizens that other properties and the products of those properties may not be confiscated in like manner? Precedent like this threatens each man's work and future!

MONTREAL LIGHT HEAT & POWER CONSOLIDATED

General view of the C. C. Warner Transport Service at Lennoxville. The imposing array of trucks, stationed in front of the warehouse and garage, is only part of the fleet of 40 trucks and trailers assuring a complete efficient service,

# DAILY SERVICE

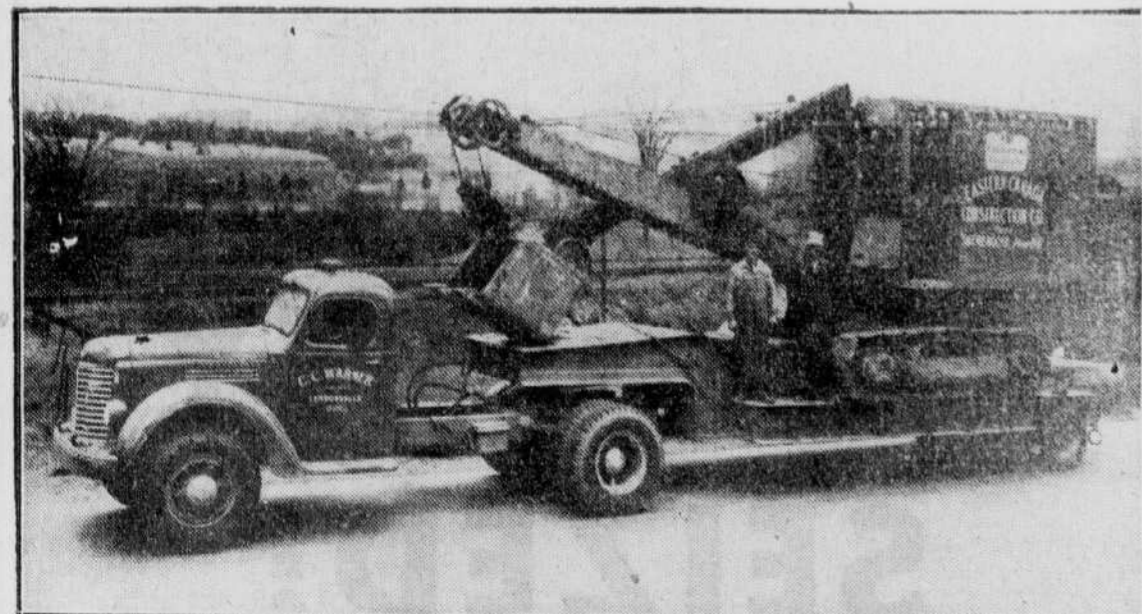

BETWEEN

- MONTREAL
- SHERBROOKE
- THETFORD MINES

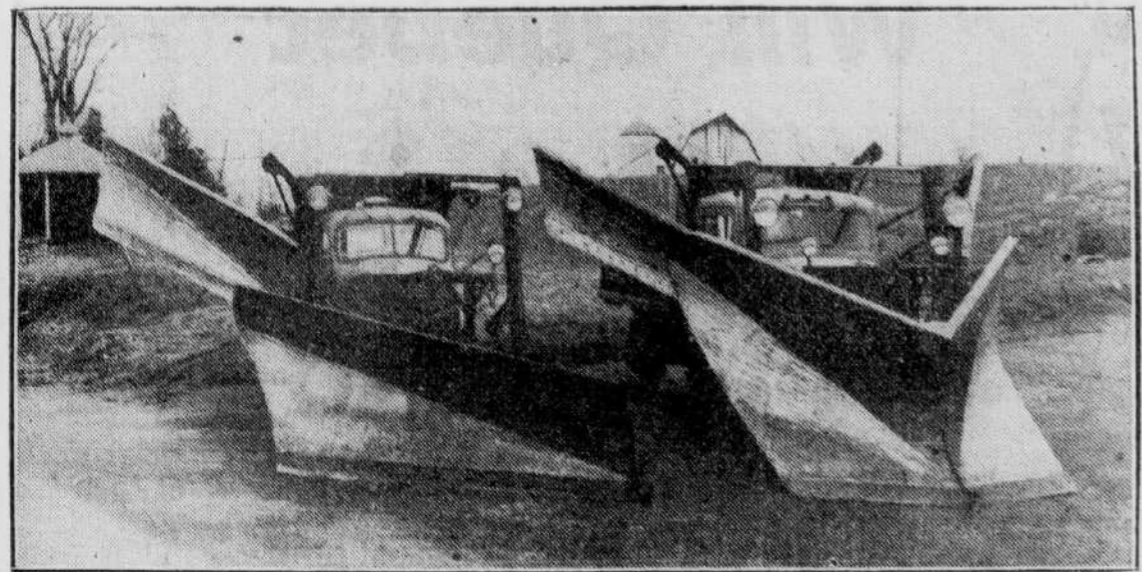

AND ALL INTERMEDIATE POINTS

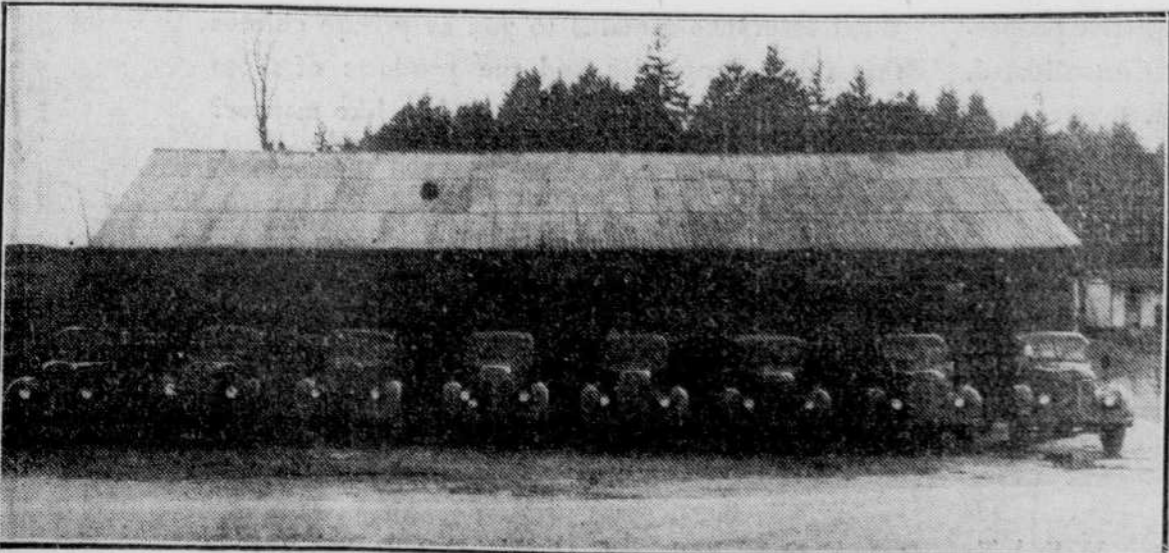

Only the most modern means of transport, like the giant trailer unit above, make up the C. C. Warner fleet. It is trucks like these that assure a regular daily service between Sherbrooke, Montreal and Thetford Mines and intermediate points.

Still another part of Warner Transportation service. This tractor unit, with its equipment float, serves industry and contractors with efficient service in transporting heavy machinery, often of incredible size, as shown above.

During the winter, C. C. Warner Transport Service specializes in clearing and maintenance of winter roads, and they have been highly complimented for the efficiency of their work. Above are two giant plows pushed by heavy trucks.

Still another group of C. C. Warner trucks, part of the fleet which maintains a daily service between Sherbrooke, Montreal and Thetford Mines.

"The Old Maxwell" — first truck purchased by C. C. Warner to inaugurate his transport service. Far cry from the ponderous giants in use today, this rickety old truck in which this flourishing enterprise began, steadily growing until today over 40 modern trucks and trailers comprise the Warner fleet.

Looking back 22 years, it was in 1924 that C. C. Warner first began what is today one of the most enterprising transport firms in the Eastern Townships, if not in the province. The original equipment consisted of one old, worn-out Maxwell truck, plus a strong back and the will and determination to succeed.

First hauling job for Warner's was the institution of a service between Sherbrooke and Cookshire. At that time highway transportation in this district was in its infancy. Winter roads as we know them today were not then even dreamed of, and many difficulties were encountered as the venture progressed.

Today, after 22 years in business, it gives us great pleasure to say that some of our first employees who made such a vital contribution towards the continued success and uninterrupted service that we have enjoyed, are still with the firm, backbone of the modern transport system that we have developed.

We wish to thank the many firms and individuals who have given us their valued support and thus assisted us in making possible the steady growth of our fleet and improvements in service.

We look to the future of highway transportation with the utmost confidence.

If you have a transportation problem, bring it to us, we'll be glad to discuss it and perhaps we can help you. "Service and Satisfaction" are our watchwords.

If you have a suggestion whereby we may be able to improve our service to you, please let us know. We're always anxious to follow out suggestions for the mutual interest of all concerned.

CITY OF SHERBROOKE

As in the past years, Sherbrooke will again have this year its "Clean-up Week" from the 6th to the 11th of May, 1946, inclusive.

This event coincides with the clean-up and embellishment week organized by the Habitant's Club of Quebec, whose motto is: "Let us beautify our Province."

I request all the citizens to co-operate with the Municipal Health and Parks Departments in the observance of this "Clean-up Week" by cleaning their premises, painting their buildings, planting shrubs and flowers and generally beautifying their premises to render same attractive to the many tourists who will visit us this year and maintain for Sherbrooke its reputation of being a clean and attractive City.

Given at Sherbrooke, this 4th day of May, 1946.

J. G. D. BRYANT, Mayor.

**PAINT - UP, CLEAN - UP WEEK!**  
**SPRING CLEANING IS FUN WHEN**  
**THE WHOLE FAMILY JOINS IN!**

Let's make a clean sweep of it this glorious new Spring of 1946 which finds us peering out from under wartime's tattle-tale grey curtain on a bright new world—a world where paint waits impatiently to be applied to your grimy, smudged walls, where wallpaper appears again in bright, new interesting patterns. Put the painters and paperhangers to work . . . get the whole family started on a bang-up clean-up job: we have everything you need: paints, papers, waxes, polishes, cleaners, etc.

**ST. HYACINTHE AUDIENCE TOLD FABRICS' ROLE**  
Importance of Cotton and Rayon Fabrics in World War II Described at Anniversary Banquet.  
Cotton and rayon fabrics were more important than most Canadians realized in helping bring victory to the United Nations in World War II, according to R. C. Berkinshaw, Vice-President and General Manager of the Goodyear Tire and Rubber Company of Canada, Limited.  
Speaking last Saturday at a banquet celebrating the 20th anniversary of the Goodyear Cotton Company at St. Hyacinthe, Quebec, Mr. Berkinshaw pointed out that cotton fabric is a vital place among top war materials during the recent conflict.  
"Rubber is essential in the manufacture of pneumatic tires, as we all know," the speaker said. "But in every tire built, cotton or rayon fabric forms the 'backbone' that actually holds the compressed air and carries the load. Without a ready supply of cotton which is always available on this continent, our tremendous synthetic rubber program—designed to provide a substitute for the natural rubber which had been cut off early in the war—would have been of little or no value."  
Since April, 1926, when the Goodyear Cotton Company was established at St. Hyacinthe, millions of pounds of baled cotton have been imported from the United States and woven into fabric to form a base for the many rubber products made by Goodyear in Canada.  
At the Goodyear mill, cotton is carded and piled into threads and cords of various gauges and strengths. The cord is then woven into fabrics and ducks which are an integral part of nearly all rubber products. In recent years, the mill has also been weaving rayon fabric for use in airplane and heavy duty truck tires.  
During the war, fabric from the Goodyear Cotton mill went into the manufacture of tires, life rafts, bullet-proof fuel tanks for fighter aircraft, "Mae West" type life preservers, radiator and fuel hose, fan belts, and fire hose. On the industrial front, rubberized cotton duck turned the wheels of Canadian industry in the form of conveyor and drive belts in factories from coast to coast.

## Hollywood Highlights

By Bob Thomas

Hollywood, May 4.—(P)—Telling writers how to run their business is a national pastime. Now Frederic March takes it up.

In recent years March has been associated with stories of social significance such as "A Bell for Adano" and "Tomorrow the World." Thus writers have assumed that only socially significant roles are natural for him.

"That's where they're wrong," he said on the set of "The Best Years of Our Lives." "They should write a good story with no particular star in mind. A competent actor should be able to interpret any good role."

March has been away from Hollywood for a year and a half. One reason for his absence was his Broadway success. The other:

"I simply had no intention of making any more silly, milk-and-water pictures."

Through the efforts of Veronica Lake and designer Edith Head, the era of Harry Sherman's "Ramrod" will be the 1870's. The western takes place after the Civil War and the ladies pleaded for the most favorable decade for feminine fashions.

"In the '90's the necks were high and the hair too stiff," they said. "In the '80's the bustle was too uncomfortable and the ringlets and curls too difficult."

"But the '70's—Ah! The neckline was low and graceful, the hair was worn loosely. The front line of the gowns was flattering, while the billow in back and on the sides was delightful."

In the film palaces... "Bad Bascomb" (M.G.M.—112 minutes) has a final sequence which involves an Indian attack on a covered wagon train and a last minute rescue by the cavalry. It's pure, old-time hokum, done in first-class style. Wally Berry, Margaret O'Brien, Marjorie Main and the Wyoming scenery help raise the film above the level of the Saturday serial.

Busy Session Of St. George's Guild Swells Fund By Lenten Contribution

Ayer's Cliff, May 2.—A very large meeting of St. George's Guild was held at the home of Mrs. L. A. Despres, on Pleasant Street. Mrs. Hurd, president, was in the chair and conducted the busy session, which opened in the usual manner by repeating the "Lord's Prayer" in unison. The minutes were read and approved as read. Mrs. M. E. Leavitt and Mrs. Stafford reported the purchase of six dozen cups and saucers for the Church Hall, to replace breakages. Mrs. Atkinson gave the report of the repair committee, which was left for further discussion. Final plans were completed for the tea which was held in Confederation Hall, and the following members were in charge of the various committees: Cakes, Mrs. E. H. Chadsey; beans, Mrs. V. Davis; salads, Mrs. Hurd, Mrs. Atkinson, Mrs. Stafford, and Mrs. Despres; decorations, Mrs. H. Martin, Mrs. Sloggett and Miss Roberick; flowers, Mrs. I. Wood and Mrs. R. J. Stafford; poster and advertising, Mrs. E. H. Chadsey; tickets, Mrs. Leavitt. The members contributed their Lenten dollars at this meeting which helped greatly to increase the Guild funds. The business being concluded the meeting adjourned and members

Every FATHER

...should answer these questions:

"How much are my savings really WORTH?" The cash value of your savings is not what counts most. What is important is the amount of continuous income they would provide, if your wife and children were left without other means of support. In most cases ordinary savings can't provide enough! That is why you need life insurance... "Is it important WHICH life insurance company I choose?" It is! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. We invite you to compare The Mutual Life of Canada's record with that of any other company. \* Evidence of the satisfaction of Mutual Life policyholders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life, and each year approximately 35% of its new business comes from policyholders. Ask your Mutual Life representative to explain the special features of this Company. Low Cost Life Insurance Since 1869

Mr. Edward Mastine and family, of Kingsley, were guests of Mr. and Mrs. Harold Blake. Mrs. Jean Currie, Mrs. Edward Haggart and baby daughter, of Montreal, are visiting Mr. Robert Currie. Mr. Charles Sells, of East Hereford, is spending the holidays at his home here. The Women's Association met at the United Church Chapel on April 16, with a fair attendance. Mrs. Smith, the president, opened the meeting by singing "This Is My Father's World," followed by prayers. It being Mrs. W. Sells' birthday, the meeting closed by singing her favorite hymn, "I Do Not Ask, O Lord, That Life May Be Pleasant Road." She was presented with a birthday cake, which was enjoyed by all, along with other delicious refreshments furnished by the ladies present. The beautiful potted plants and cut flowers at the United Church Chapel on Easter Sunday were placed there by Mrs. J. Smith and family, in loving memory of Mr. J. Smith.

INVERNESS

The monthly meeting of the Ladies' Aid for April met in the Oddfellow's Hall, with the president, Mrs. Guy Lible, conducting the meeting, which was opened with a hymn and a Bible reading from the Gospel of St. John III:1-25. Mrs. Wheeler, led in prayer. Minutes of the last meeting were adopted. A good amount of business was discussed. Mrs. Wheeler invited the ladies to meet at the "Parsonage," for the May meeting, where a general reception will be given for the ladies of the United Church. Mrs. Lorne Kelso and Mrs. John Dempsey are the hostesses for the May meeting. The meeting closed with the singing of a hymn and prayer. Mrs. Dempsey presided at the piano. Mrs. D. D. Macmillan and Mrs. A. Mimmnaugh served luncheon. The following are members of the Ladies' Aid: Mrs. D. D. Macmillan, Mrs. Guy Little, Mrs. Lorne Kelso, Mrs. John McKenzie, Mrs. Neil McKenzie, Mrs. A. Mimmnaugh, Mrs. M. McMillan, Mrs. John Dempsey and Mrs. Wheeler. Mr. and Mrs. Harry Lipsey spent a few days in East Angus visiting Mr. John Lipsey, Mr. H. Lipsey's brother. They called to see Mr. and Mrs. Alex. McVetty, in Bircheon, and spent some time in Sherbrooke. Mr. and Mrs. John Learmouth entertained the Misses McCrae, of Montreal, during the Easter holiday. Mr. Learmouth's friends are congratulating him on his winning the silver spoon at the Rifle Match. Mrs. T. Learmouth has returned from the Montreal General Hospital. The following visitors called on her, Mrs. E. Johnson and Mrs. C. Ward, of Clapham; Mrs. McMillan, Mr. and Mrs. James Robinson, Mrs. John McKenzie, Mrs. Neil McKenzie, Mrs. Johnston, Rev. and guests were invited into the dining-room, where a delicious tea was served by Mrs. Despres, assisted by Mrs. Chadsey and Mrs. Wood.

THE JUNIOR W.A.

The Junior Women's Association held its regular monthly meeting at the home of Mrs. J. A. Lundborg with Mrs. B. V. Merrill, as joint hostess, when sixteen members and one visitor were present. The president, Mrs. R. McHarg, presided and opened the meeting by all repeating the "Lord's Prayer," after which the minutes were read by the secretary, Mrs. S. J. Astbury. Many items of business were under discussion and these matters were satisfactorily disposed of, and tentative plans were made for the production of an out-of-town play, which it is hoped to have presented here shortly. It seems advisable to discontinue the plans for the May Victory Tea at least for the present. A pleasant social hour was enjoyed and delicious refreshments were served by Mrs. Lundborg and Mrs. Merrill, assisted by Miss Lorna Lundborg and Miss Doreen Adam.

General Notes

Miss Irene Orcutt, who has been relieving at the Waterville Telephone Office during the absence of Mrs. Burnell, due to sickness, has returned to the home of Mr. and Mrs. Charles C. Cass, and resumed her work here for a short time, before leaving to make her transfer to the Rock Island office. Miss Orcutt's many friends regret very much that she is leaving here, where she will be very much missed, but rejoice with her that the Company appreciated her excellent service enough to promote her. # COMPLETING ARRANGEMENTS FOR Y'S MEN'S FIELD DAY

## Veterans Attending School To Compete In All Open Contests

Ironing out minor details and the naming of officials for the 4th annual Eastern Townships Inter-schools Track Meet to be held here Saturday, May 18, has been occupying the attention of the Track Meet Committee of the Y's Men's Club, who sponsor the meet.

Plans to operate the refreshment concession themselves at this year's meet have been made by the directors following hesitancy on the part of the Hi-Y Club to undertake the job.

It has been announced that the Sherbrooke General Sports Commission Inc. has approved a \$25 grant towards the operation of the Track Meet, and it is hoped that this may be used for some special purpose, possibly a Challenge Trophy for annual competition.

"Dissection of the age limit for the various classes prompted the setting of a regulation whereby ages will be determined as being the age of the contestant at the closing date of the entries, that is May 11."

Several new schools are already preparing teams for the 1946 meet and it is anticipated that this year's event will break all previous records. To emphasize the first post-war meet, it has been arranged to hold special veterans' events, with all the open events on the program being open to veterans now attending school as well as any contestant in any class of the meet. Special trophies will be awarded in these Veterans' special events this year.

Officials named to act at the May 18 event are as follows:

Honorary referees, V. Newton, F. Simms.

Referee, C. Sutton, assistant, F. Hobbs.

Supervision: Track, C. Kench, C. Bishop.

Supervision: Field, H. Evans, C. Bishop.

## BARTOLO SETS UP KNOCKOUT ON ARMSTRONG

By BILL KING

Boston, May 4.—(AP)—Apparently as strong and fast as ever at 126 pounds, Boston's Sal Bartolo today was convinced he would have no weight worries when he and Willie Pep battle for all of the pieces of the featherweight boxing crown in New York next month.

According to reports, Pep is having some difficulty getting down to the division limit. But Sal, showed 7,614 boxing critics last night that he is well primed by defending the N. B. A.'s version of the featherweight title with a six-round knockout against veteran Jack (Spider) Armstrong of Toronto.

The stylish Sal had his rapier-like left jabs and lightning-fast hooks in perfect tune during all of the Boston Garden's abruptly ended 15-round title bout.

Sparring easily on feet, Bartolo softened Armstrong in the first five rounds. Only once during that stretch was Armstrong capable of making a determined stand, in the third session when he lashed out with several stiff rights to the Bostonian's head.

Just when the crowd was settling down to a highly polished but monotonous exhibition of Bartolo's boxing skill, he suddenly surprised them with a savage two-fisted outburst. Bartolo had used up about two minutes of the sixth session working Armstrong into a neutral corner with smart boxing. Then he cut loose with a furious windmill attack to the head that beat the Canadian to the canvas for the full 10-count.

At least a half-decade Armstrong's junior, the 28-year-old Bartolo started as a 2-1 favorite.

The slim crowd, contributed gross gate receipts of \$22,903 and a net of \$17,892.

## Future Card?

Ray Whitey Kurovski, second baseman of Penn State baseball team, who bears striking resemblance to his more famous older brother, George Whitey Kurovski, of St. Louis Cardinals, hopes some day to inherit latter's baseball uniform.

## Record Trophy Given Canadians At Mixed Bowling Loop Banquet

Culminating a successful season, the Sherbrooke Mixed Bowling League last night held a banquet and dance at which prizes for the outstanding team and individual performances were awarded.

Canadians walked off with the lion's share of the prizes, with the Sherbrooke Record Trophy for the team ending the regular schedule in first place and the Percy Sinclair Trophy for the winners of the playoffs both going to the outfit captained by R. Martin, as well as the Maurice Echenberg Memorial Trophy for the highest pinfall for the season.

Edgar Martin, president of the League, was in the chair for the presentation of prizes, and was assisted in the giving of awards by the league secretary-treasurer, Miss Ruth McMillan.

With these officials at the head table were Mrs. Martin, Percy Sinclair, who presented his cup to the Canadians, Mrs. Sinclair, Mr. and Mrs. Fred Sinclair, Miss Vera MacLeod, and J. Morin, official scorer for the season. Fred Sinclair received a gift in appreciation of the work he had put in toward a successful season, as did Miss McMillan. Brief remarks were heard from Mr. Morin.

Complete list of awards:

League trophy for men's high average: Robert Morin, 223.59.

League trophy for ladies' high average: Mrs. Jessie Wilson, 220.4.

## Feller Calls Himself Luckiest Man Alive Despite Salary Loss

Bob Feller's no-hitter, first to be rammed down the Yankees' throats in 27 years, comes as the crowning point of his career. He says so himself.

"I'm the luckiest man alive, just because I got to pitch against the Yankees—right in the Yankees' backyard where they had never been no-hit before—displays all doubt about the 27-year-old speed baller. He is just as good as ever. And smarter."

"I guess strike-outs used to be a hobby with me, but not any more. If I get down seven or eight men in the first three innings I might be tempted to go after my record of 18. But otherwise I'm willing to let the rest of the club do a day's work, too."

Feller mildly resents the fact that he was long known as strictly a fast ball pitcher when actually he delivers the best curve in either major league.

"Most of my strike-outs are on curves," he says. "When I get two strikes on a man I feel he is set for a curve. Other ball players could tell you about my curve long before it got any mention in the papers."

He also throws a slider and change-of-pace, but pitches twice as many fast balls as the others combined. The crackling speed of his hard one naturally makes his other stuff more effective. Nothing is more confusing to a batsman than to expect Feller's fast ball and then look upon a bending curve.

Whenever he goes, Bob Feller is bagged by autograph-hunters, admiring fans and also the usual number of pests who hunt him out in restaurants, hotel lobbies and even follow him to his room. He has learned to handle these necessary evils by himself, and the Cleveland club gives him no special protection, as the Red Sox last summer.

His own concession is that he is allowed to room alone on the road, although even this has been lost to him during the current shortage of hotel space. Now Feller bunks with pitcher Steve Gromek. Steve answers the phone, always tells inquirers they "just missed Bob"—he stepped out to a minute ago.

Since his hitch in the Navy, Feller has become the idol of those who worked with him at sea. In every American League city goes flock to his hotel, eager for a few words with an old buddy who is baseball's No. 1 pitcher.

"And guys like that you just don't turn down," says Bob Feller.

His own concession is that he is allowed to room alone on the road, although even this has been lost to him during the current shortage of hotel space. Now Feller bunks with pitcher Steve Gromek. Steve answers the phone, always tells inquirers they "just missed Bob"—he stepped out to a minute ago.

Since his hitch in the Navy, Feller has become the idol of those who worked with him at sea. In every American League city goes flock to his hotel, eager for a few words with an old buddy who is baseball's No. 1 pitcher.

"And guys like that you just don't turn down," says Bob Feller.

## Lord Boswell Favored To Carry Off 72nd Running Of Kentucky Derby

By SID FEDER

Louisville, Ky., May 4.—(AP)—Climaxing a celebration that was like several New Year's Eves rolled into one, the richest Kentucky Derby of them all comes off today before what promises to be one of the greatest throngs ever to see a horse race in Canada or the United States.

There were 17 three-year-olds slated to go to the post for the \$96,400 winner's end of a \$100,000 post at 6:15 p.m. E.D.T. as the traditional "My Old Kentucky Home" throbbed over picturesque Churchill Downs. And it was still Lord Boswell as the horse to beat in a wide-open gallop through mud and slop after six days of rain.

The only doubt about any of the starters came last night when automobile magnate R. S. McLaughlin, of Oshawa, Ont., announced in Hamilton, Bermuda, that his high-speed Wee Admiral would be withdrawn before the deadline for scratches because of the goosy going. But Trainer Arthur Brent here said his direct word was to

make up his own mind, and he thought he'd run the son of War Admiral.

Mr. McLaughlin, in ill health for some months and unable to attend the Derby, recently was reported to have refused a \$100,000 offer for his chestnut colt. Wee Admiral has gained \$25,015 in winning six of his 19 starts at two and three.

As post-time approached, Derbytown buzzed at the seams.

Hotel lobbies resembled subways at rush hour. Bars might have been nylon linn. Bars might have been nylon linn.

Heading the three-horse entry of the Maine Chance Farm of Mrs. Elizabeth Graham, otherwise known as cosmetics queen Elizabeth Arden, Lord Boswell was the solid choice. He can run on fast or muddy footing, and with big, rangy knockdown, the Santa Anita Derby winner, and Perfect Bahram as his teammates, it was the big hand.

However, there was as tough front-running opposition as is possible to find on a race track. Charlie Fisher's Spy Song and Bill Helis' Rippey, who fought it out far in front in the Derby trial, and William du Pont, Jr.'s Hampden who scorched The Havre de Grace course in the Chesapeake a week ago, were going to be off winging.

Spy Song with the number six post in the gate and Hampden on the extreme outside, were in good spots to take off to long leads.

Those four years cost me around \$200,000, I guess," draws the former Iowa farm boy, "but I'm the luckiest man alive, just because I got to pitch against the Yankees—right in the Yankees' backyard where they had never been no-hit before—displays all doubt about the 27-year-old speed baller. He is just as good as ever. And smarter."

"I guess strike-outs used to be a hobby with me, but not any more. If I get down seven or eight men in the first three innings I might be tempted to go after my record of 18. But otherwise I'm willing to let the rest of the club do a day's work, too."

Feller mildly resents the fact that he was long known as strictly a fast ball pitcher when actually he delivers the best curve in either major league.

"Most of my strike-outs are on curves," he says. "When I get two strikes on a man I feel he is set for a curve. Other ball players could tell you about my curve long before it got any mention in the papers."

He also throws a slider and change-of-pace, but pitches twice as many fast balls as the others combined. The crackling speed of his hard one naturally makes his other stuff more effective. Nothing is more confusing to a batsman than to expect Feller's fast ball and then look upon a bending curve.

Whenever he goes, Bob Feller is bagged by autograph-hunters, admiring fans and also the usual number of pests who hunt him out in restaurants, hotel lobbies and even follow him to his room. He has learned to handle these necessary evils by himself, and the Cleveland club gives him no special protection, as the Red Sox last summer.

His own concession is that he is allowed to room alone on the road, although even this has been lost to him during the current shortage of hotel space. Now Feller bunks with pitcher Steve Gromek. Steve answers the phone, always tells inquirers they "just missed Bob"—he stepped out to a minute ago.

Since his hitch in the Navy, Feller has become the idol of those who worked with him at sea. In every American League city goes flock to his hotel, eager for a few words with an old buddy who is baseball's No. 1 pitcher.

"And guys like that you just don't turn down," says Bob Feller.

Harris, undefeated southpaw, notched his fourth victory of the season as Sox outslugged the Tribe with a total of 11 hits good for 22 bases, including homers by Ted Williams and Rudy York. Among the nine bingles Harris kept well scattered were a home run and double by Pat Seery and Manager Lou Boudreau's two-bagger.

Yanks gave Tigers their fifth straight setback at New York as they conquered their former jinx, Paul (Dizzy) Trout.

Bill Dickey's third inning single, Gettle's sacrifice and Phil Rizzuto's single brought in the first run, and Charley Keller provided the clincher in the eighth with his second four-bagger of the season.

Murrell Jones, aerial war hero of the Pacific, was the hero in the Philadelphia game as he hit his first home run of the season to break a 4-4 tie and let White Sox go on to victory. His hit put the finishing touches to a tilt in which the A's took a 4-0 lead in the first three innings off Bill Dietrich, only to see the Sox come slugging back.

A five-run spurge in the first inning and southpaw Sam Zoldak's pitching gave Browns a lift into third place in the league standings as they climbed over the vanquished of Tigers. The Browns pounded Roger Wolf from the mound, although but one of their five runs was earned.

The weatherman marred yesterday's National League program somewhat when he cancelled a scheduled tilt between the first and second-place Brooklyn and St. Louis squads, but the rest of the day's business provided plenty of action and close scores.

Chicago's surging Cubs climbed into undisturbed possession of fourth place as they eked out a 1-0 win over New York Giants, but they needed some brilliant relief hurling by Hi Bithorn in the ninth to do it.

At Cincinnati, the bottom-rung Philadelphia Phils surprised the customers by handing Reds their first shutout of the season, as Al Jurisich shackled the locals with four hits and a 1-0 score.

In the other part of the program, Ken Heintzelman southpaw-

## TORONTO CLUB WILL PRESENT NEW KID LINE

By PIERRE LE MOYNE

Canadian Press Staff Writer

Toronto, May 4.—Connie Smythe, general manager of Toronto Maple Leafs, believes he will "in just about two years" realize a long-time ambition—that of offering Toronto hockey fans and the rest of the National Hockey League circuit a "Kid Line" that will equal in popularity and effectiveness the Charlie Conacher-Joe Primeau-Harvey Jackson combination of yester-years.

Connie has two thirds of that modern Kid Line under contract and he hopes it will be completed before long. Tod Sloan of St. Michael's College and Harry Taylor of Winnipeg Monarchs have already signed their names on the dotted line while Don (Red) McRae, another member of the Memorial Cup-Winning Monarchs, has asked for time to consider Leafs' offer. Before he decided whether to turn professional or to pursue his engineering studies.

Sloan, who turned 18 in February, is considered the outstanding junior player in Canada. He set an all-time junior record by collecting 133 points, on 86 goals and 47 assists, in 51 games this season.

Taylor was the top scorer of Monarchs in the Cup finale and Smythe thinks the 20-year-old rugged centre man will fit in as a perfect buffer for the high-scoring Sloan. McRae is a fast-stepping forward who would work in well with the other two, according to Smythe.

Things we never knew until now. Many claim that Dave Castillon, Canadian lightweight and welterweight champ who defends the latter title against Gus McL in Montreal May 17, features such an elusive style because of a "glass jaw."

That's all wrong. Actually Dave has a silver jaw... or at least a silver plate in his jaw which he has been carrying for 10 years as a result of a compound fracture he sustained in a boxing bout in Quebec City. Incidentally Dave was hurt in the first lap of a 10-rounder but he went on to battle his opponent to a draw.

## Season Ticket As Prize In Record Baseball Contest

How would you like to win season's ticket for 52 home games of the Sherbrooke Canadians in the Border Baseball League?

All you have to do is win a guessing contest on the standing of the six teams—Sherbrooke, Granby, Kingston, Ogdensburg, Watertown and Auburn—on June 1st. The competition opens today and will be closed on Tuesday, May 14, when the clubs swing into action for the first time.

Bill Burns, Business Manager of the Sherbrooke nine, has agreed to furnish a ticket for the remaining home games after June 1st, to the winner of the competition.

In the event that more than one correct answer is received, the first one received will be considered the winner. Should no one guess the right standing, the first nearest correct answer received will win.

The fan who wins the competition will see fifty-two scheduled games in Sherbrooke free of charge, because only eight home games will have been played before June 1st. In all, fifty-two games will have been played by the six teams at home and on the road by that date.

Rules of the contest:

1—Entries must be forwarded, addressed to the Sports Editor, Sherbrooke Daily Record, on the official form shown below. They must be signed, with the contestant's address printed neatly.

2—Deadline for the receipt of entries will be Tuesday, May 14, opening day of league play. Entries received after that date will not be considered.

3—In the event of a tie, the first correct or nearest correct entry received will win.

4—Record employees and their families cannot compete.

## OPENING GAMES IN PROVINCIAL BASEBALL LOOP

Granby, May 4.—(AP)—The Independent Provincial Baseball League opens its schedule on Sunday and all eight teams, representing Ville Emard, Longueuil, St. Johns, St. Hyacinthe, Drummondville, Farnham, Acton Vale and Marieville, will see action.

At Farnham circuit president Leopold Durivage will toss out the first ball for the initial meeting of Alphonse Paquette's Farnham Club and Albert Pelland's Ville Emard team. Drummondville plays host to St. Johns and Longueuil, managed by Chick Bowden, will visit Acton Vale. In the fourth game Marieville goes against St. Hyacinthe on the latter's diamond. All games will start at 2 p.m.

The league will operate only on Sunday and the schedule calls for double-headers on each playing date, all teams playing away and at home every Sunday.

## VOLLEYBALL AT Y.W.C.A.

Seeking revenge for the defeat suffered in Montreal some weeks ago, the local Y.M.C.A. Business Men's volleyball team will engage a sextette representing Central Y.M.C.A., of Montreal, in a series here this afternoon.

Since their own floor will not be available, the local players will engage the visitors at the MacKinnon Memorial Y.W.C.A. gymnasium. Starting time has been set for four o'clock. Spectators will be welcomed.
